

## Divorce 1861

### Chapter 1861 parents who are worried about their son

“Ah Heng, the past is different from the present. How can the past be compared to the present  
“Moreover, mother has never lied to your father before, let alone harmed him. Moreover, how simple were our thoughts in the past? How can they compare to the modern thoughts of the girls now? “

When Dongfang Yunheng heard his mother say this, he simply crawled back into the blanket and pulled the blanket over his head to completely cover it. He turned his body inside and turned his back to his mother. “Mother, I’m going to sleep. I won’t talk anymore. “

Xi Muru sighed heavily. She looked at her son who was hiding under the blanket in the darkness. Finally, she stood up and walked helplessly towards the door. Then, she quietly went downstairs.

Dongfang Mo walked out of the study room next door. When he saw Xi Muru who was sitting on the Sofa in the room with a melancholic expression, he quickly sat down beside her. He reached out and pulled her into his embrace. He hugged her tightly and asked softly, “what’s wrong? Is it hard to do your ideological work? “

“Ah Heng, this child. Initially, I thought that he was more obedient and sensible than Yunyun, but who knew that he was also a stubborn person. If I spoke to him, he would refute you ten times. I think that woman surnamed Fang is most likely a vixen. She has hooked his soul away. “

“HAHAHA. ” Dongfang Mo could not help but laugh out loud. He held her hand and gently caressed the back of her hand He said softly, “Mu Ru, I already told you at dinner tonight. Don’t force AH Heng too much. Even if you call him back, don’t immediately pour cold water on her. This will have the opposite effect. Look, you don’t believe my words. Now, it has been verified, right “Moreover, he hasn’t brought that person home yet, has he? “

“Oh, we’ve been talking for a long time. Do you mean to wait for him to bring that person home “If that’s the case, it’ll be too late to stop him. Do you think that woman surnamed Fang is an ordinary person “It’s not like you don’t know that your son almost lost his life in New Jersey five years ago. Isn’t it bad enough that she caused your son to suffer “It’s great now. Not only has her family fallen from grace, but even she herself has been ruined in Hui city because of the pornographic photos. At this time, she actually wants to rely on our son. Do you think such a woman is innocent Is She not scheming and shrewd Do you think she really has her heart set on our son?”

“Alright, Mu Ru, our children and grandchildren will have their own blessings. If we can’t worry about it, then we won’t worry about it. ” Dongfang Mo pressed Mu Ru’s head against his chest He lowered his head slightly and said softly to her, “the feelings between people are not clear to begin with. If you like it and fall in love with it, then it’s the calamity of a person’s life. If our son’s calamity in this life is that woman surnamed Fang, then who can stop him? “

“Sigh, I don’t know what’s wrong with Ah Heng. He’s so deep and good. He has looks, qualifications, education, family education, character, and character. Why can’t Ah Heng See it? It’s not easy for him to get engaged with her, but now he’s still bent on breaking off the engagement. Tell me, what is he... “ . .

“Mu Ru, liking someone and loving someone has nothing to do with what you’re saying. You should understand as a person who has been through this.” Dongfang Mo advised his beloved wife patiently. His thin lips moved closer to her ear and whispered, “alright, don’t bother about your son’s matters. We haven’t seen each other for a few days... HMM...”

### **Chapter 1862 doesn’t want to be a mistress**

“Go away, I’m feeling annoyed.” Xi Muru pushed Dongfang Mo away with her hand. Then, she glared at him and said, “I saw that you spoiled the children. Back then, I told you not to punish him like that, but you didn’t listen and insisted on letting him experience the days when he really didn’t have money. This is great, he did experience the days when he didn’t have money, but he also got to know such a woman. Five years ago, she didn’t kill him, but five years later, she still pestered him. Tell Me... “. “...”

“Alright, alright,” Dongfang Mo quickly interrupted his wife’s words. Then, he came over to hug her and gently comforted her, “Mu Ru, you’ve been saying this for a long time. In fact, isn’t it just that Yun Heng isn’t willing to marry Gu Chenchen and wants to break off the engagement? I know you think that Chen Chen is a good child, and I also think that he’s not bad. But the key point is that the one who wants to get married to Chen Chen is not you and me but Yun Heng. He might not necessarily think that Chen Chen is good. If he thinks Chen Chen is good, he would be willing to get married to Chen Chen. Now he wants to break off the engagement. To be honest, it’s just that he hasn’t fallen in love with Chen Chen. For the past five years, he hasn’t been able to fall in love with Gu Chenchen. This isn’t just Fang Xiao’s fault. It can only mean that Yun Heng and Gu Chenchen are not fated to be husband and wife.”

Fang Xiao hailed a taxi from the famous city of Jiangnan and returned to her dormitory. It was already 11:30 pm. She got off the taxi and took a deep breath before slowly walking towards her dormitory building in the neighborhood.

Just as she opened the dormitory door and walked in, she received a text message from her phone. She furrowed her brows. There were only a limited number of people who knew her phone number, and people usually did not send text messages.

She took out her phone and saw that it was an unfamiliar number. She did not even press the button to open the text message and chose to delete it. This was because the unfamiliar number was either advertising, selling buildings, or selling insurance.

It was too late. She hurriedly went to the bathroom to wash up, changed into her pajamas, and went to bed. She was so sleepy that she did not even bother to take a shower. She directly laid on the bed.

She wanted to fall asleep as soon as possible, but she could not fall asleep even if she closed her eyes. It was an accident that she met Gu Chenchen in Jiangnan’s famous city, and Gu Chenchen’s appearance clearly carried some suspicion.

She actually knew what kind of relationship Dongfang Yunheng and she had. However, perhaps Gu Chenchen had already misunderstood and even treated her as a mistress who could not be seen.

It seemed that she had to talk to Dongfang Yunheng. Although there were still two months before their agreement, it was not that she was unwilling to abide by the agreement. The key now was whether he should not come to her place too frequently, or at least not stay at her place all night?

Actually, she did not care about it. The key was that she was willing to affect Dongfang Yunheng's excitement because of her. After all, Gu Chenchen was his fair and aboveboard fiancée, and she was just a prostitute to Dongfang Yunheng.

She thought about it here and there. Just as she was about to sleep, the coffee table on her phone started to sing and dance again. In this silent night, it was particularly ear-piercing.

She yawned and got out of bed. In her daze, she reached out to grab the phone and put it beside her ear. Her eyelids were so heavy that she couldn't open them, so she pressed the answer button without looking at the number.

However, after pressing the answer button, there was no sound from the phone. It was silent all the time, so she couldn't help but yawn again. She could not help but say impatiently, "Yun Heng, it's almost midnight. Are you alright? If you're fine, I'll hang up. I have to hurry up and sleep. I still have to go to work tomorrow. "

### **Chapter 1863: ex-husband calls**

Fang Xiao instinctively thought that this was Dongfang Yunheng. He probably wanted to ask her if she would get used to being in Jiangnan's famous city, or if she had been seen by Gu Chenchen, or something like that.

The phone was still silent. There was no echo at all. Fang Xiao only felt a little irritated. This Dongfang Yunheng was going crazy in the middle of the night.. So she said a little impatiently, "alright, Yun Heng, I'm hanging up now. I still have to work tomorrow. I can't take it anymore. "

Fang Xiao even yawned when she said this on the phone. She was really too sleepy. Ever since she started working at this company, her routine was usually to go to bed at 10 o'clock at night. It was almost midnight tonight.

Not to mention that she was dragged by the general manager to attend a social event to accompany Qiu Yitang's client, she was also dragged by Dongfang Yunheng to Jiangnan famous city. Originally, it was not too late in Jiangnan famous city. Who knew that she would run into Gu Chenchen and then get a taxi back. This wasted time.

Fang Xiao instinctively removed her phone from her ear and prepared to hang up. At this moment, a slightly familiar low voice came from the phone, "Fang Xiao, don't hang up. I want to talk to you. "

This low voice was very soft and low, but when it reached Fang Xiao's ears, it completely woke her up. She sat up from the bed in an instant, her heart racing. Then, Meng reacted and immediately removed the phone from her ear. She cut it off as fast as she could, then threw the phone into the drawer of the bedside table.

The bed in the dormitory did not have a bedside table, but the furnishings in her room had been rearranged by Dongfang Yunheng, so there were some necessary things such as a bedside table.

Qiu Yitang must be out of his mind. Now, he came to look for her inexplicably. She had bought this phone number after entering this company. Other than the company's leaders, there were also Luo Qili, Liu Yijun, and Dongfang Yunheng. No one else knew. Where did he get her phone number from?

Also, what did Qiu Yitang mean? Did he think that there was something in her Fang family that was worth him pestering her about? Wasn't he going to marry Du Caiwei?

She did not forget that in Huicheng Baihe Wedding Celebration Company, Qiu Yitang and Du Caiwei had already found this company to prepare for their engagement. This meant that their marriage was already on the agenda.

Since he and Du Caiwei were going to get married, and their marriage had already ended when she was still in the detention center, Qiu Yitang's brain must have malfunctioned.

Forget it, forget it. It didn't matter if his brain malfunctioned or if he went crazy, he only hoped that he would leave Bincheng as soon as possible. He only hoped that Bodhisattva would bless him to marry his beloved woman, Du Caiwei, and that he would never come looking for her again.

He didn't know how he fell asleep in the end. In short, Fang Xiao turned off her phone and the alarm didn't ring. Therefore, she woke up late for the first time since she came to this company. In the end, in order not to be late, she took a taxi to work.

Fang Xiao thought that she would never have to see Qiu Yitang again because when she arrived at the company, she was informed by her boss that she had a successful negotiation with the Qiu Corporation. The Qiu Corporation wanted to import a piece of raw materials from abroad. And this piece of raw materials would be purchased by their company and sold to the Qiu Corporation.

Therefore, she was in a good mood throughout the day. Qiu Yitang did not call again, and Dongfang Yunheng did not call again. She only hoped that Du Caiwei would keep an eye on Qiu Yitang, and Gu Chenchen would keep an eye on Dongfang Yunheng. It was best that these two damn men did not appear in front of her.

### **Chapter 1864-five years ago**

This time, God seemed to have heard her prayers. It was very normal and quiet after work today. Qiu Yitang did not come to find her, and Dongfang Yunheng did not come to find her either, which made her feel relieved.

However, she only felt relieved for one day. The next afternoon, she took the bus back to her dormitory after work. Just as she got off the bus at the bus stop, she saw Qiu Yitang already waiting there.

She instinctively pretended not to see, no, even if she did see, she pretended not to know him. She thought Qiu Yitang was a passerby, so she walked straight towards Fang Xiao, where her dormitory building was located.

However, she had only taken a few steps when she was stopped by Qiu Yitang, who had caught up with her from behind. He reached out and grabbed Fang Xiao's wrist. With a little force, he pulled her to a remote corner.

"Hey, Qiu Yitang, what do you mean by this?" Fang Xiao shook her hand forcefully, trying to shake Qiu Yitang's hand off. However, that hand was very steady and she could not shake it off at all.

"Fang Xiao, I don't have any other intentions." Qiu Yitang saw that Fang Xiao was resisting fiercely, so he could not help but whisper again, "Fang Xiao, I came here to look for you. I just want to ask you something, something that happened five years ago."

"something that happened five years ago?" Fang Xiao's brows instinctively furrowed for a moment. Her hand, which was still struggling, stopped. She looked at the sincere Qiu Yitang and hesitated for a moment. Then, she said indifferently, "then ask. It seems that five years ago was the year we just met."

"Five years ago, three days after our engagement, what did you do to Cai Wei?" Qiu Yitang's throat was a little dry when he asked this question, and his voice, which drifted in the wind, was a little shaky.

"three days after our engagement?" Fang Xiao hesitated for a moment, then frowned and thought, "I don't think I did anything. I think she went upstairs to her room after dinner as usual."

"Did you meet Cai Wei that night?" Qiu Yitang reminded her, afraid that she couldn't remember, but he still insisted on his question.

"Meet? With Du Caiwei?" Fang Xiao thought carefully. After all, it was five years ago, so she couldn't remember it clearly. After a while, she shook her head and said, "I don't think so. I didn't meet her that night, but I met her at noon."

"Met at noon?" Qiu Yitang's eyebrows were obviously stunned. He couldn't help but ask, "then... What did you talk about?"

"Nothing." Fang Xiao recalled the scene at noon that day. Then she said lightly, "actually, we were just catching up. After all, Du Caiwei used to live at my house. My parents also paid for her to go to school. We're like sisters, so we talked about the situation of the year we've been apart."

"Then, did you stay at home at night without going anywhere?" Qiu Yitang heard Fang Xiao's explanation, and there was obvious doubt on his face.

"Yeah, what are you not doing at home?" Fang Xiao only felt that Qiu Yitang was too baffling. She could not help but raise her voice a little and said, "besides, aren't you going abroad the next morning? I have to get up early to send you to the airport. Moreover, I have to report to university to send you off. Don't I have to go to bed early?"

"then... did you arrange for anyone to do anything to Cai Wei that night?" Qiu Yitang heard Fang Xiao's explanation and his heart became even more confused. His voice became a little dry. "That's right... what's the point of giving Cai Wei a little hardship?"

## **Chapter 1865, five years ago**

“What did I do to her?” Fang Xiao was furious. She could not help but raise her voice by two decibels. “Qiu Yitang, what’s wrong with you?” Du Caiwei and I are good sisters. Our relationship has always been good. At that time, I was engaged to you just a few days after I returned from America. Why did I give her a hard time? I . . .” . . . .

Fang Xiao paused when she said this. She seemed to have thought of something, so she quickly asked, “Did du Caiwei encounter something? And you suspect that I did it?”

“Yes,” Qiu Yitang answered with certainty. He looked at Fang Xiao and took a deep breath. After a long while, he said painfully, “that night, something big happened to Caiwei, and that thing almost ruined her life. I always thought that you did it, so...”

“What exactly happened to Du Caiwei?” Fang Xiao saw Qiu Yitang’s expression and immediately knew that he might not be lying, so he couldn’t help but ask again, “what makes you think that I did that so-called big thing?”

“At midnight that night, I was in a daze in bed when I received CAIWEI’s call.”

Because he was going abroad the next day, Qiu Yitang packed his luggage early and went to bed. In fact, he couldn’t fall asleep because he hadn’t fallen asleep in the past few days. He went to bed early just to close his eyes and have a good rest.

Regarding the marriage that his father insisted on marrying the Fang family, he was actually very unwilling because he already had his beloved woman, Du Caiwei.

However, his father said that as a man, he should focus on his career. The Qiu family was currently in a crisis of credibility, and the Fang family’s credibility in Huicheng had always been very good, especially in the construction industry.

Moreover, the marriage could bring a lot of benefits to the Qiu family. Moreover, Fang Anbang’s daughter, Fang Xiao, had good looks and could be said to be one of the best girls in Huicheng. Why did they not want such a marriage? Are you still the eldest son of the Qiu family? Should you take responsibility for the development of the Qiu family?

Under the persuasion of his father and grandmother, he met Fang Xiao, the daughter of the Fang family. Fang Xiao was indeed very beautiful as his father had said, although her skin was still a little tanned when she had just returned from the United States.

Based on the idea that this was a business marriage, he did not pay too much attention to Fang Xiao. Before the engagement, they had met a few times and were extremely polite. However, what he did not expect was that Fang Xiao was actually the daughter of Du Caiwei’s foster father.

At that time, he and Du Caiwei had already been dating for more than a year. Du Caiwei’s personality was gentle and he liked her very much. He even thought of marrying her in the future. However, because of Fang Xiao’s interference, it was obviously impossible for him and du Caiwei to be together.

Before the engagement with Fang Xiao, he had told du Caiwei about the powerful relationship between him and Fang Xiao’s marriage. He said that he was the eldest son of the Qiu family and had to think about the overall development of the Qiu family. Therefore, in this regard, it might be unfair for Cai Wei

to wait for a few more years. Perhaps a few years later.. If the Fang family could not survive, or if the Qiu family grew stronger, he could break off the engagement with Fang Xiao.

Initially, he had no ill intentions towards Fang Xiao. He thought that she might have gotten engaged for the sake of the family just like him. However, what happened that night changed his opinion of Fang Xiao greatly.

He lay on the bed and tossed and turned, unable to fall asleep. When it was almost midnight, his phone rang. He took it out and saw that it was du Caiwei calling. He hesitated for a moment, then gritted his teeth and hung up.

### **Chapter 1866 five years ago**

Du Caiwei was quarreling with him because of his engagement with Fang Xiao. She was still crying when the two of them had dinner that night, saying that he didn't want her anymore and lying to her. It made him very upset.

After dinner, Du Caiwei asked him to send her back. In fact, she just wanted to stay with him for a while. However, he thought that his grandmother had been keeping a close eye on him for the past few days. In the end, he ruthlessly refused and drove home alone.

However, he didn't expect her to call him at midnight. He didn't want to pick up because he knew that she must have been crying on the phone and wanted to go abroad with him or something. He couldn't take her away now because his father and grandmother were keeping an eye on him.

However, the phone call came again after two minutes. He hung up again, but the other side still called again. He had no choice but to accept his fate and press the answer button.

Just as he pressed the answer button, the phone had not reached his ear when Du Caiwei's voice came with fear, "Yitang, save me... Yitang, hurry up and save me... "

He was immediately scared because Du Caiwei on the phone was obviously in a dangerous situation, so he quickly asked her where she was. However, just as she said the word "fire," the phone was snatched and cut off.

Although there was only the word 'fire', Qiu Yitang immediately guessed where it was. It was the fire bar at Windsor Hotel. It was the most famous bar in Huicheng, and it was also the bar that he and Du Caiwei used to love to go to.

When he separated from Du Caiwei at night, he knew that she was in a bad mood. She liked to drink two glasses of wine when she was in a bad mood, so it was not surprising that she went to the bar to get drunk. However, he did not expect that she would be in danger.

However, when he rushed to the fire bar and asked, he found out that Du Caiwei had been taken away by three men. The bartender in the Bar said that Du Caiwei had been drunk a lot by the three men, but the three men had just taken du Caiwei away not long ago He asked him to look for some nearby.

He immediately ran out of the flame bar and quickly dialed du Caiwei's cell phone. This time, the cell phone rang, but no one picked up after a long time. He could not help but panic.

Outside the flame bar was a busy street. At this time, because it was early in the morning, it was particularly quiet. He got in the car and wandered around the street. Of course, he also kept dialing du Caiwei's cell phone.

Finally, he did not know how many times he had dialed the phone. After a long time, someone finally picked up. Du Caiwei's voice came with panic, "Yitang... Save Me... Yitang... Save Me... "

"Caiwei, where are you?" Qiu Yitang asked anxiously. Hearing CAIWEI's voice, his heart was about to break.

"I'm here... Huangge tree... Rhubarb Ge Tree..." before Du Caiwei could finish her words, the phone was forcefully cut off again, but Qiu Yitang already knew where it was ...

Because there was only one largest huangge tree in Hui city. It was in an ancient alley not far from this street. It was also the oldest street in Hui city. Because of the demolition, that street was now practically uninhabited.

He quickly drove the car to the entrance of the alley. Because the alley was very old and narrow, the car could not drive in, so he could only walk in on his own. Of course, he ran in.

Unfortunately, he ran to the middle of the alley. There was still some distance between him and the Big Yellow Ge tree, but he was held hostage by someone who jumped out from the side. The two people immediately turned his arm behind his back and pushed him down the Yellow Ge tree.

### **Chapter 1867, five years ago**

"What do you want to do?" Qiu Yitang growled loudly. He was very dissatisfied with being controlled by someone. As for Du Caiwei, who was under the big yellow tree, she was also controlled by two men. The clothes on her body had already been pulled aside.

"What do you mean? What did we do to you?" Qiu Yitang could not help but growl again. Seeing Cai Wei like this, his heart felt like it was being twisted by a knife. This was the woman he loved.

"What are you doing?" One of the men laughed out loud. With a crack, a shiny dagger swayed up and down in front of Qiu Yitang. Then, he smiled sinisterly and said, "young master Qiu is a flower that grew up in a greenhouse after all. Don't you know that there are still people like us in the world? We take money from people to help them deal with disasters. "

"whose money did you take?" Qiu Yitang immediately became vigilant. His brows instantly locked together. He could not help but ask in a low voice, "who do you want to help to deal with disasters?"

"In our line of work, we always have to keep our clients' secrets," the man holding the competition answered with a changed voice. "We are just following our clients' orders and completing the task. "

"Then what did your clients order you to do?" Qiu Yitang's face was full of anger. He never thought that there would be someone who would actually go against Du Caiwei. She was a fatherless, motherless, and unarmed woman.

“Do what?” One of the men laughed out loud. He reached out his hand to grab du Caiwei, whose clothes were disheveled, and hugged her. His pair of hands continuously massaged du Caiwei’s chest. He even laughed evilly, “it’s very simple. We Rob Women and money. As long as it’s useful to us, WE’LL ROB THEM!”

“How much do you want? Tell me clearly. I’ll get someone to send it over to you.” Qiu Yitang’s eyes glared angrily at the person who was touching du Caiwei’s body. He could not help but berate, “stop with me!”

“Hehehe, you’ll get someone to send it over?” The kidnapper could not help but laugh when he heard Qiu Yitang’s words. He snorted coldly and said, “Do you think we’re fools? Waiting for you to get someone to arrest us?”

“then... I still have two thousand dollars in cash on me. Can I give all of this to you?” Qiu Yitang’s hand was controlled by someone, so he could only use his mouth to talk to the Group of kidnappers.

“Two thousand dollars? Do you think we are so easy to get rid of?” The man’s dagger slashed in front of Qiu Yitang, almost leaving a red mark on his face.

“You... YOU BUNCH OF ANIMALS!” Qiu Yitang was finally angry. He struggled hard, but he actually managed to struggle free for him. Therefore, he tried to beat these people to the ground and Save du Caiwei.

Unfortunately, he was ambitious, but he did not have the ability. Although he had trained his body before, he did not learn martial arts. It was purely a fluke that he managed to break free just now.

Thus, after a round of competition, Qiu Yitang was quickly controlled by the kidnappers. This time, because of his resistance, the kidnappers were very fierce to him. They stepped on him directly on the ground, and the dagger swayed around his face.

“brother, now tell me, do you want to keep your eyes or your nose?” The kidnappers’ dagger swayed back and forth on Qiu Yitang’s eyes and nose. “Tell me, where do you want to keep it?”

Qiu Yitang had been beaten so badly by these people that he didn’t even have the strength to resist. At this time, the three kidnappers stepped on his body with three feet, and his phone had been thrown into the Huicheng river not far away by the kidnappers.

### **: Chapter 1868, five years ago**

Qiu Yitang was quickly controlled by the kidnappers after a fight. This time, because he resisted, the kidnappers were very fierce to him. They stepped on him directly on the ground, and the dagger swayed on his face.

“brother, now tell me, do you want to keep your eyes or your nose?” The kidnappers’ Dagger Swayed back and forth on Qiu Yitang’s eyes and nose. “Tell me, where do you want to keep it?”

Qiu Yitang had been beaten so badly by these people that he didn’t even have the strength to resist. At this time, the three kidnappers stepped on his body with three feet, and his phone had been thrown into the Huicheng river not far away by the kidnappers.

Of course, he wanted to keep it everywhere. Who would want to lose the organs on his face Therefore, he gritted his teeth and didn't say anything.

The kidnapper asked a few questions consecutively, but seeing that Qiu Yitang didn't say anything, he put the dagger directly next to his eyes and snorted coldly. "I think it's better to dig out his eyes. His eyes haven't grown back yet. "

Du Caiwei, who was originally controlled by a kidnapper, was frightened at this moment, so she immediately knelt down and kowtowed to the kidnappers, "I beg you, don't dig out his eyes. I beg you, don't dig out his eyes... "

"Don't dig out his eyes, then you mean you want us to dig out his nose? " The kidnapper became interested in du Caiwei's kneeling begging, and couldn't help but squint his eyes and ask with interest.

"No! " Du Caiwei cried and begged, but continued to Kowtow and beg for mercy, "I beg you, let him go. Tonight, I'm drinking with you. You can do whatever you want to me. "

"Do whatever you want? " One of the kidnappers became very interested after hearing du Caiwei's words. He approached Du Caiwei and reached out to grab du Caiwei's two snow-capped peaks, which were now only small cuties, and pinched them hard Then, he teased, "then it shouldn't be a problem for US brothers to go up against you, right? "

Du Caiwei's face clearly showed a panicked expression. Her body almost instinctively retreated, but the kidnappers's strength was very strong. They did not give her a chance to retreat at all, and pushed her forward again.

"But... okay... " Du Caiwei's voice was almost trembling as she replied. She looked at Qiu Yitang, who was stepped on by the three men, and then cried out, "but... you have to let him go... He was originally here to save me... "

"Hehe, as long as you make us brothers comfortable, we will naturally let him go. " One of the kidnappers, who was not sure if he was the leader, snorted coldly. He let go of Qiu Yitang's foot and walked over in two steps He directly pushed du Caiwei to the ground and pulled off her clothes in a few seconds.

"Don't... CAIWEI... don't... " Qiu Yitang was so angry that he spat out a mouthful of blood. He wanted to save the woman he loved, but at this moment, he could not even protect himself, so how could he save others?

... ..

In the end, they were all having fun. Before they left, they even waved the camera in their hands at Qiu Yitang and threatened him, "if you dare to call the police, these images will be spread on the Internet. At that time, we probably won't be the ones at a disadvantage. "

These few people threatened Qiu Yitang, and before they left, they even kicked du Caiwei, who was lying on the ground, not knowing whether she was unconscious or not. Then, they coldly said,

“This is the end of being a mistress. She was clearly engaged, yet you still went to destroy her marriage. Remember, don’t be a mistress in the future. If you want to be a mistress, then be a wife. The end of destroying her marriage is very tragic. “

### **Chapter 1869 five years ago**

The four kidnapers, who were wearing human skin masks, disappeared very quickly. Du Caiwei was lying on the ground. Qiu Yitang was tied to a tree trunk and could not move or cry for help.

Qiu Yitang thought that if Du Caiwei was played to death by the four men, then he would probably starve to death under the Yellow Pueraria tree. Because this old alley had been abandoned for several years, there might not even be a ghost in this place, let alone a person.

He just stayed here with Du Caiwei. After God knows how long, Du Caiwei finally woke up leisurely from the ground. Then, she crawled in front of him, grabbed the tree trunk and climbed up with difficulty. Then, she used her teeth to untie the knot that tied his rope.

“Just because the kidnapper said that Du Caiwei was a mistress, you think that I did this thing?” Fang Xiao heard Qiu Yitang’s words and felt inexplicable. She looked at Qiu Yitang and said coldly, “Qiu Yitang, you are the president of the Qiu Corporation. No, even if you were not the president five years ago, you are still a university graduate who even wanted to go abroad to further his studies. Don’t tell me that you don’t have this bit of discernment ability?”

“At that time, I didn’t completely believe the kidnapper’s words.” Qiu Yitang looked at Fang Xiao and said truthfully, “I was just in a very good mood. When Cai Wei helped me untie the rope, it was already past five in the morning. The sky was almost bright, and both of us were injured. So I drove her to the hospital first. “

Qiu Yitang paused when he said this. Then he looked at Fang Xiao and said, “after I settled her in the hospital, I drove straight to your house. I wanted to ask if you had done this before. “Why did you do this?” “although we were engaged, Cai Wei and I fell in love before this. Even if you wanted to clean up the so-called mistress, it should have been after we got married. Why did you do this so early?”

“You drove to my house?” Fang Xiao frowned instinctively and thought carefully. “I really didn’t want to be at home that day, did I?”

“Yes, you weren’t at home,” Qiu Yitang answered with certainty. After thinking for a while, he said, “when I drove to your house, it was eight o’clock in the morning. Your father happened to be going to work, so he saw me and thought I was looking for you. He even took the initiative to tell me that you weren’t at home last night. I think you went to a friend’s house. “

“I went to Luo Qili’s place.” Fang Xiao finally remembered what happened five years ago, so she nodded and said, “at that time, Luo Qili encountered something and was very upset, so I went to accompany her. “

“But, when I called you to ask you, you didn’t answer like this.” Qiu Yitang couldn’t help but remind her, “when I called you that day, what did you say?”

“called me?” Fang Xiao was stunned again. She looked at Qiu Yitang and tried to recall what happened five years ago.

She remembered that she was at the hospital with Luo Qili at around nine o’clock that morning. Because Luo Qili had an accident and was pregnant, she had to undergo surgery. Because her pregnancy was a little too big, it was already ten weeks, so she had to stay in the hospital for three days. She had to use the flow of medicine first before purging the palace.

When her phone rang, the medicine that Luo Qili had taken just happened to be acting up, so her stomach was hurting terribly. She was standing to the side and holding her hands to comfort her.

She had originally not planned to answer the phone, but her phone kept ringing, so she could only free one hand to answer the phone. When she found out that it was Qiu Yitang’s, she did not think much of it and directly pressed the answer button.

### **Chapter 1870, five years ago**

“Fang Xiao, where are you?” Qiu Yitang’s cold voice was clearly questioning.

Although Fang Xiao and Qiu Yitang had been engaged for four days, they were not very familiar with each other before this. They had only met a few times, so she did not think too much about Qiu Yitang’s cold voice. She only replied indifferently, “at a friend’s house. “

“were you with your friends last night?” Qiu Yitang’s voice was still very cold.

“Yes,” Fang Xiao answered truthfully, and then added, “I was with three or four friends last night. Why?”

“three or four friends?” Qiu Yitang’s heart skipped a beat, and then he asked without a trace, “what are you doing with so many people?”

“I was discussing some issues with my friends,” Fang Xiao answered truthfully. Then he joked, “my friend said that you used to have a lot of female confidants outside, and asked me to keep a close eye on you. He said that the mistress nowadays is very arrogant, and that the main wife should have the prestige and appearance of the main wife.”

Fang Xiao stopped recalling this and looked at Qiu Yitang. She could not help but glare at him. “You mean... you’re sure that the encounter between you and Du Caiwei was instigated by me just because of this phone call with me?”

Qiu Yitang bit his lips lightly. He did think so at that time because the kidnappers also said that they were helping the main wife to clean up the mistress, and he and Fang Xiao just happened to be engaged a few days ago. It just so happened that Du Caiwei and he had a very good relationship, so.. He thought that Fang Xiao must have seen Du Caiwei as a mistress, so he had to clean her up.

When Fang Xiao saw Qiu Yitang’s expression, she immediately understood. Therefore, she said indifferently, “alright, Mr. Qiu, last year, Du Caiwei and I drank at the flame bar before our wedding. I don’t think she was the only one who arranged it, right. And then there was the so-called pornographic photos incident. It was also the two of you who conspired to set it up, right?”

Fang Xiao paused when she said this. Then, she smiled bitterly and said, "enough, Qiu Yitang. The so-called revenge you took on me, the so-called standing up for the woman you love, you've achieved your goal. Now, I've already experienced what happened to the woman you love, and I've also experienced things that the woman you love has never experienced. For example, losing her eyes. "..."

"Fang Xiao, I didn't think that you were the mastermind that night just because I spoke to you on the phone," Qiu Yitang argued almost instinctively. Then, he said in a low voice, "because of this incident, my flight was rescheduled and I left the next day. At that time, you even came to the airport to see me off. At that time, the two of us were also talking. "

Fang Xiao frowned slightly. In fact, she didn't have a deep impression of the things that happened a few days after her engagement with Qiu Yitang five years ago. However, after Qiu Yitang reminded her, she remembered it again.

Yes, she did not plan to see Qiu Yitang off that day, because she knew that Qiu Yitang's departure date was the first day, and the first day Luo Qili was in the hospital, so she chose to accompany Luo Qili between sending Qiu Yitang off and accompanying Luo Qili.

But unexpectedly, Qiu Yitang's departure date was inexplicably changed to the next day. Her father said that Qiu Yitang hoped that she could see him off at the airport, and at that time, she and Qiu Yitang had just gotten engaged, so it seemed bad not to go.

So, early the next morning, she took a taxi to the airport because of the traffic jam. By the time she arrived at the airport, Qiu Yitang had already changed his boarding pass and was ready to go through security.
