

Divorce 1881

Chapter 1881 you are a good person

“Okay.” Chen Chen was finally happy. Although he did not understand why his sister did not get along with her brother-in-law again, he knew that his sister was the person who treated him the best. What his sister said was right. If his sister said that her brother-in-law was dead, then he was definitely dead. Because his sister would not lie to him.

Fang Xiao originally planned to take Fang Chen to eat haagen-dazs ice cream and then take him to Sun Department Store. Although the things in Sun department store were very expensive, she planned to find Liu Yijun to help Fang Chen buy a piece of clothing in the discount area.

However, she did not expect to meet Qiu Yitang, so this plan was forcefully interrupted. It was impossible for her to help Fang Chen buy clothes today, so she could only take him back by bus.

They did not finish the haagen-dazs ice cream cake just now. In fact, they had only eaten less than half of it, so the siblings were not full. Therefore, Fang Xiao took Fang Chen to a more famous steamed vegetable restaurant to eat steamed vegetable rice.

By the time Fang Xiao sent Fang Chen back to the special school, it was already 3:30 in the afternoon. The siblings separated at the school gate. Fang Xiao gave Fang Chen the knee pads that she had prepared a few days ago. Fang Chen was immediately overjoyed. She hugged Fang Xiao and kissed her on the face like a child.

After Fang Xiao said goodbye to her brother, Fang Chen, she quickly turned around and walked towards the bus stop near the school. However, before she reached the bus stop, a car suddenly stopped beside her. Before she could react.. Qiu Yitang had already gotten out of the car and stopped her.

“Hey, Qiu Yitang, what do you mean?” Fang Xiao finally couldn’t bear it any longer and roared angrily. “Wasn’t this man too disgusting? Shee had already given him enough face at the sun department store. Shee didn’t expect him to actually follow her here.”

“Fang Xiao, I don’t have any other intentions.” Qiu Yitang’s deep and hoarse voice sounded. He lowered his eyes and looked at Fang Xiao. He said apologetically, “Fang Xiao, I just want to ask for your forgiveness. I just want to start over with you. I just want to send Fang Chen abroad. I just want...”

“enough, Qiu Yitang.” Fang Xiao quickly interrupted Qiu Yitang’s words. Then, she said coldly, “I’m sorry. I don’t want those things that you want. I have already told you more than once that there is no relationship between us. Why are you still so unwilling to let me go? Don’t tell me that you are only willing to kill me and my brother?”

“Fang Xiao, how can you say that about me?” Qiu Yitang immediately became unhappy when he heard Fang Xiao’s words. He couldn’t help but argue instinctively, “I admit that the death of your parents has something to do with me, but you can’t say that I killed them. How could I have such a vicious heart...”

“Yes, yes, yes. Your heart has always been very good. I’m the one with a vicious heart.” Fang Xiao was unwilling to continue arguing with Qiu Yitang. She couldn’t help but say coldly, “alright, great person, CEO Qiu, please, I beg you to let me go, okay?”

Qiu Yitang was stunned. Just as he was about to speak again, Fang Xiao’s phone rang. Fang Xiao quickly took out her phone and pressed the answer button without even looking at the number.

“Fang Xiao, where are you?” Dongfang Yunheng’s voice came from the phone. It was obvious that he was looking for her.

“I’m visiting my younger brother at a special school.” Fang Xiao seemed to have thought of something after she said this. Then, she quickly added, “I’ve finished today’s work. I’ll do the rest later when I get back...”

Chapter 1882. She doesn’t want your marriage

“Why didn’t I see you at the gate of the Special School?” Dongfang Yunheng quickly interrupted her. Without waiting for her answer, he continued to ask, “where are you exactly?”

“I...” Fang Xiao hesitated for a moment, then said truthfully, “I’m at the bus stop next to the special school...”

Before Fang Xiao could finish her words, Dongfang Yunheng had already hung up the phone. She couldn’t help but sigh. She was under a Kapok tree near the bus stop.

“Who called you?” Qiu Yitang saw that Fang Xiao had told him where he was, and he immediately had a bad premonition. Someone was looking for Fang Xiao, and it was a man.

He almost instinctively thought of Dongfang Yunheng. Although his brain clearly knew that with Fang Xiao’s current identity, the Dongfang family would not accept her, his brain still naturally thought of Dongfang Yunheng.

Before Fang Xiao could answer, Qiu Yitang’s car stopped behind him. The moment she turned her head, Dongfang Yunheng had already opened the car door and got out.

“Xiao Xiao, get in the car and leave.” Dongfang Yunheng completely ignored Qiu Yitang’s existence and directly shouted at Fang Xiao. He even shouted his nickname, clearly trying to distinguish his relationship with Fang Xiao.

“Oh,” Fang Xiao replied. She immediately turned around and was about to walk towards Dongfang Yunheng’s car. Unfortunately, just as she lifted her foot, she was stopped by Qiu Yitang’s hand.

“Fang Xiao, don’t go with him.” Qiu Yitang’s voice was pleading as he looked down at Fang Xiao. His eyes were filled with regret and worry. “Fang Xiao, his status and status are not something you can reach. He is my cousin, Gu Chenchen’s fiancé. If you follow him, you will have no future...”

“Boss Qiu, do you mean that Fang Xiao has a future if she follows you?” Dongfang Yunheng did not wait for Qiu Yitang to finish his sentence and immediately interrupted him. At the same time, he reached out and grabbed Fang Xiao’s other hand.

"I can give her a marriage," Qiu Yitang replied confidently. He raised his head and looked at Dongfang Yunheng with a picky look. Did he mean that he could give Fang Xiao a marriage?

Dongfang Yunheng only felt that Qiu Yitang was very childish. He did not answer Qiu Yitang's question. Instead, he lowered his head and stared at Fang Xiao. He smiled and asked, "Fang Xiao, do you want his marriage?"

"I don't want it," Fang Xiao answered without thinking. Then, she used a little strength and directly shook off Qiu Yitang's hand that was holding her.

"Did you hear that, Chief Qiu?" Dongfang Yunheng looked at Qiu Yitang and said indifferently and distantly, "although you can give Fang Xiao a marriage, in fact, you have already given her a marriage before this. But, I'm sorry, she doesn't want your marriage, so..."

Dongfang Yunheng paused at this point. The corner of his mouth pulled out a trace of a mocking smile. He looked at Qiu Yitang and said coldly, "you'd better give your marriage to the woman you love."

After saying this, he immediately pulled Fang Xiao's hand and walked to his car. He had never taken Qiu Yitang seriously, even though this man was also handsome, and was the son of the richest man in Huicheng, Qiu Shao.

If Qiu Yitang had not hurt Fang Xiao like that, if Qiu Yitang had always treated Fang Xiao very well and sincerely, then he would probably put Qiu Yitang in the position of a love rival. However, after Qiu Yitang and Fang Xiao had experienced such a period.. Qiu Yitang was not even his love rival.

Chapter 1883: Who is WHO's slave

Qiu Yitang saw Dongfang Yunheng pull Fang Xiao into the car. He was stunned for a moment before he quickly caught up. He could not help but shout at Dongfang Yunheng, "President Dongfang, what do you mean? Don't you know that my cousin, Gu Chenchen, is your fiancée? What are you..."

"It's not your place to tell me what to do." Dongfang Yunheng helped Fang Xiao close the car door. Then, he turned his head and looked at Qiu Yitang coldly. "Fiancée means that you're not married yet, not husband and wife. Ok, it's not against the marriage law for me to be with other women now. This is completely different from President Qiu fooling around with other women when he's married."

After saying this, Dongfang Yunheng immediately went around the front of the car, opened the door of the driver's seat, and got into the car. He did not look at Qiu Yitang who was still standing by the roadside.

He was a man, so he could naturally see Qiu Yitang's thoughts. He regretted it, that was for sure. That was why he kept looking for Fang Xiao, wanting to ask for Fang Xiao's forgiveness, wanting to marry Fang Xiao back to the Qiu family.

However, Qiu Yitang's sudden obsession with Fang Xiao was because he really fell in love with Fang Xiao, or because Fang Xiao was holding that priceless item in her hand. This was worth pondering.

“where are you going?” Fang Xiao saw Dongfang Yunheng driving all the way to the city center and could not help but frown slightly. Then, she added, “you’d better drop me off at the roadside. I still have to go to Jiangnan’s famous city to clean up today...”

“Don’t go to Jiangnan’s famous city today,” Dongfang Yunheng interrupted her indifferently, and then quickly added, “I happen to be free today. Let’s go back and cook dinner tonight.”

“How are you going to cook dinner in your kitchen?” Fang Xiao could not help but frown when she heard his words. Then, she added lightly, “I use the induction cooker that I brought from my dorm to cook noodles every day. It can’t cook any big dishes.”

Fang Xiao was telling the truth. She had bought this induction cooker when she was working at the Western beach of Huicheng at the beginning of the year. Because the food at the beach cafeteria was not particularly delicious, and most importantly, there was no midnight snack. This made the night shift employees very helpless at night. After all, they would be very hungry if they did not have anything to eat when they worked until the wee hours of the morning.

Therefore, the employees who worked there bought an induction cooker. This way, when they got off work at the wee hours of the morning, they could cook some noodles and noodles to satisfy their hunger. It was much better than not eating anything at all.

When she was working in a foreign company, she rarely used this induction cooker. Occasionally, she would take it out on Saturday and Sunday. Usually, she would put it away. However, after moving to Dongfang Yunheng’s Yunxiao Pavilion, she had been using her own induction cooker for the past week.. Because Dongfang Yunheng’s kitchen was as clean and tidy as a model room in a shopping mall. Other than the stove and the range hood, there was nothing else.

“You can’t buy anything if you have nothing?” Dongfang Yunheng was really convinced by her. This woman was so simple now. She wished that his kitchen had nothing at all. This way, she would not have to cook for him.

Fang Xiao frowned slightly, and then said indifferently, “you can go and buy some other day when you have time. Moreover, I think...”

“Why do you have so many reasons?” Dongfang Yunheng immediately became unhappy. He said a little angrily, “you still say that you’re my slave. You always push back when I ask you to go with me to buy something. I think I’m more like your slave. I have to beg you to go to buy something.”

Chapter 1884 I’m not a good woman

Hearing what Dongfang Yunheng said, Fang Xiao immediately fell silent. Well, it seemed that she was the one who sold her body to him, and he had the right to order her to do this and that, so he asked her to accompany him to buy things, so she could only obediently go.

So, she finally sighed and said, “alright, then I’ll accompany you to buy things. But I guess you have a lot of things to buy in the kitchen. There aren’t any pots and pans. If you want to cook, you’ll definitely have to make a big purchase today.”

“Hehehe, if you want to make a big purchase, then make a big purchase. In any case, you’ll have to make a big purchase sooner or later.” Dongfang Yunheng finally smiled. It happened to be at a red light junction He reached over and stroked her head. “That’s right. That’s the way to be obedient. Good women are very obedient. “

“Go.” Fang Xiao pushed his hand away and said indifferently, “I’m not a good woman. Why do I have to be so obedient?”

Dongfang Yunheng was stunned when he heard this. The green light just happened to be on, so he didn’t say anything else. He immediately stepped on the gas pedal and the car quickly drove off.

Fang Xiao did not know where Dongfang Yunheng was going to go to purchase large quantities of goods. Anyway, she was just a slave who followed beside him. Wherever he parked the car, she would get out of the car. Other things were not for her to worry about, so she could not worry about them.

Therefore, when Dongfang Yunheng drove towards the city, she simply closed her eyes to sleep. In fact, she was faking it because she was not sleepy at all. Ever since she worked as a part-time worker for Dongfang Yunheng, her schedule was very regular. Moreover, Dongfang Yunheng had not come to the Heavenly Cloud pavilion in the past two days, so she slept very soundly at night.

Fortunately, she did not sleep for long. After half an hour, Dongfang Yunheng’s car stopped. The moment she opened her eyes, she immediately saw the sign of the global supermarket chain.

She used her hand to hold the glasses on her nose. Before he came to help her open the car door, she pushed the door open and got out of the car. She closed the door behind her and followed him to the entrance of the mall.

The shopping cart in this global supermarket chain was very big. As soon as Dongfang Yunheng entered, he pushed the largest shopping cart. The two of them went straight to the kitchen supplies area on the third floor.

Although Dongfang Yunheng had lived as a poor boy in New Jersey for a year a few years ago and experienced the hardships of life, he was still not very proficient in cooking. The main reason was that he had been working all day at that time. He mainly ate fast food outside.

Fang Xiao was not very proficient in the kitchen in the past. After all, she was the eldest daughter of the Fang family. Later, she married Qiu Yitang and lived alone in the West Mountain villa every day. She had nothing to do, so she learned some cooking skills.

Dongfang Yunheng was a rich man, and he was not very proficient in the kitchen appliances. Therefore, when he bought things, it was like buying a complete set. He did not care whether these things would really work when he bought them back.

Fang Xiao originally did not want to care how he bought them. Anyway, he spent his own money, and Dongfang Yunheng’s money would definitely not be spent in his lifetime, so he could waste them however he wanted.

It could be seen that after he took a few sets in a row, a large shopping cart was almost unable to hold them. Moreover, there were still many things that he had not bought. He did not know where to put them later.

She finally could not stand it anymore. She took out the whole set of things that he had put in the shopping cart, and then went to the side to get individual ones, such as knives and spatulas.

Chapter 1885: Do they have a future together

“Xiaoxiao, it’s not enough for us to buy a knife, right?” Dongfang Yunheng saw that she had thrown out the entire set of knives and could not help but call out to her. He pointed at the entire set of chopping boards that she was throwing out and shouted, “a single chopping board isn’t enough. We’re chopping meat, vegetables, and fruits. “

“We’ll just buy two.” Fang Xiao placed the two chopping boards, one big and one small, in the shopping cart. She calmly explained, “we’re not running a restaurant. We’re cooking at home. We can just chop meat, vegetables, and one chopping board. The other small one will be used to cut fruits. “

“Alright.” Dongfang Yunheng felt a little helpless. He was indeed not very proficient in the kitchen. Since she knew more, he might as well give her full authority to purchase things.

Of course, he did not know how to identify the quality of these things, but he could buy them on the principle of authenticity. In any case, the expensive ones were better than the cheaper ones. Therefore, he bought everything from the expensive ones.

There was an event in the cabinet area today. There was a special salesperson who saw the two of them buying knives and cutting boards, and then choosing pots and pans. So he said to them, “the two of you are newlyweds preparing to get married, right? Usually, the bride-to-be will make a big purchase. If you buy more than 2,000 yuan for the kitchen utensils in our counter today, you can buy a love pillow. “

Hearing the salesperson’s words, Fang Xiao looked at the shopping cart that Dongfang Yunheng was pushing. In fact, the pots and pans alone were estimated to be 2,000 yuan, and there were knives, fine porcelain plates, and so on. All of them were expensive. She thought that it should be 3,000 to 4,000 yuan at the very least?

Dongfang Yunheng looked at the things in this special counter. To be honest, the quality of the things in his shopping cart was probably about the same, but the price was obviously more expensive.

However, he looked at the gift. It was a red LOVE pillow with LOVE embroidered on it with golden thread. It looked very comfortable.

Therefore, Dongfang Yunheng had a smile on his face, but he asked the salesperson in a serious tone, “if it’s more than four thousand yuan, what will it be? “

“4,000 yuan?” The Salesperson was obviously stunned. Because very few people bought kitchenware that cost more than 2,000 yuan, she didn’t see anyone who bought more than 4,000 yuan. Therefore, she didn’t have any other gifts except for throw pillows.

“then... I’ll give you two throw pillows.” The salesperson scratched her head with her hand. This was the method that she had just thought of.

“Okay, then we’ll change the kitchenware to yours.” As Dongfang Yunheng spoke, he took out the kitchenware that he had just picked out from the shopping cart and then took out the products from this special counter.

“Hey, is it necessary?” Fang Xiao felt that Dongfang Yunheng’s current behavior was extremely childish. She had never thought that Dongfang Yunheng would actually be willing to buy the same quality but more expensive items for two throw pillows.

“It’s necessary, it’s necessary.” Dongfang Yunheng nodded as he loaded the kitchen utensils into the shopping cart. Then, he looked at the throw pillows and said, “haven’t you seen how good the freebies are? Buy them and put them on our sofa. In the future, when we watch movies, how good would it be to hold one in each of our arms?”

In the future Fang Xiao could not help but calculate the days. Her contract with Dongfang Yunheng was only a little over a month, which was only fifty to sixty days. What future was there?

Fortunately, she was not in the mood to talk about these things with Dongfang Yunheng. Moreover, they were in the supermarket, so it did not seem like the time to discuss these things.

Chapter 1886: How could it be about you

Dongfang Yunheng bought more than 4,000 kitchen utensils. The salesperson was indeed a man of his word. He really gave them a pair of love pillows. At the same time, he smiled at the two of them and said, “I wish the two of you will grow old together and be united forever. I hope that these kitchen utensils and this pair of love pillows will accompany you through every day.”

“Aren’t the two of us...” just as Fang Xiao opened her mouth, Dongfang Yunheng reached out and covered her mouth. It was obvious that he did not want her to continue ...

Dongfang Yunheng looked at the salesperson and smiled, “thank you for your blessing. We will definitely grow old together.”

Fang Xiao was dragged out of the kitchen area by Dongfang Yunheng. She growled unhappily, “Dongfang Yunheng, can you be a little more serious? Don’t you know that talking nonsense will kill people?”

Fang Xiao could imagine how furious Gu Chenchen would be if he knew what had happened today. As a prostitute, she had unknowingly become a mistress who destroyed other people’s marriage and family.

She hated mistresses the most in her life, so she was unwilling to be a mistress. There was nothing she could do with Dongfang Yunheng now, because last year she signed a contract to sell herself to him for a year.

“Who’s not serious?” Dongfang Yunheng didn’t want to discuss this with her. He immediately let go of her hand and whispered, “alright, we’ve bought enough kitchenware. Let’s go buy some ingredients now. We can’t eat this pile of scrap metal tonight, right?”

After hearing his words, Fang Xiao did not want to argue with him anymore. She just thought that Dongfang Yunheng had been acting crazy recently, and she did not have to take it to heart. Fortunately,

no one who was familiar with him heard what he said She would just treat it as if he had just said nonsense.

The raw vegetables section was on the first floor, and the second floor was the daily necessities and cosmetics section. Because they had to cook, they had to buy some kitchen cleaning supplies, so the two of them stopped on the second floor again.

“Yun Heng, the cleaning supplies section is over there. It’s not convenient for you to push a shopping cart full of groceries. Wait for me by the elevator. I’ll go get the detergent and oil fume washers,” Fang Xiao said to Dongfang Yunheng She immediately walked towards the cleaning supplies area at the end.

The cleaning supplies area was at the end, and in the middle, there was a regular cosmetics counter. Fang Xiao’s footsteps were a little hurried, and her eyes were looking at the sign hanging in the air, so she did not notice that there was someone sitting at the cosmetics counter.

She only reacted after tripping over her foot, so she immediately steadied herself. Then, she turned sideways and apologized, “I’m sorry, I’m sorry, I didn’t mean to...”

Fang Xiao stopped before she could finish her sentence. The woman sitting in front of the cosmetics counter was none other than the woman who had come to look for her in New Jersey five years ago It was Mrs. Dongfang, whom she had met at Uncle Gu Chenchen’s family banquet last year.

“How could it be you?” The Noble Lady’s face darkened. She did not expect to meet Fang Xiao here.

“I’m sorry, Mrs. Dongfang, I...” Fang Xiao pointed at the laundry area not far away as she spoke, and said incoherently, “I’m going to get something.”

“Let me ask you, why are you here?” The lady was obviously dissatisfied with meeting Fang Xiao in this place. This was a large supermarket chain in the world, and one had to have a membership card to shop in this place Otherwise, they wouldn’t pay the bill.

Chapter 1887 meeting Mrs. Dongfang by chance

“I’m here to buy things.” Fang Xiao frowned slightly when she heard the noblewoman’s words. She was not someone who belonged to her, so why did she have to ask so many questions.

“Buy Things?” The noblewoman’s eyes obviously looked at Fang Xiao from left to right. She frowned and asked, “who did you come to this supermarket with?”

Fang Xiao instinctively felt disgusted when she heard the noblewoman’s words. What did this noblewoman mean? Did she treat her as a criminal and interrogate her Moreover, why did she tell her who she came with?

Moreover, so what if she was Dongfang Yunheng’s mother Dongfang Yunheng was an adult, not a baby. Her Mother did not have the right to care who he went to the supermarket with, right?

Thus, Fang Xiao said indifferently, “Mrs. Dongfang, I don’t think I need to report who I came with to you, right?”

The lady was obviously stunned. Just as she was about to speak again, she heard footsteps behind her. She immediately turned her head to the side, pretending that she had not spoken to Fang Xiao.

Seeing the noblewoman like this, Fang Xiao immediately turned around and walked away. The moment she turned around, she realized that a woman around the same age as the noblewoman was walking towards her, but she looked more elegant than the noblewoman.

Presumably, they were all friends of the noblewoman. She was not interested in this Mrs. Dongfang, so she was even less interested in her friends. Therefore, she immediately walked quickly towards the laundry area, thinking that she would not use this tunnel when she returned to the elevator.

However, when she walked towards the laundry area, she felt as if there was a pair of eyes staring at her from behind. She did not turn around, but in fact, she did not dare to turn around either. After all, she and Dongfang Yunheng had an unspeakable relationship.

In order not to bump into Dongfang Yunheng's mother when she went back, she lingered for a while in the laundry area. After about 15 minutes, she took two bottles of laundry supplies and walked towards the escalator entrance. This time, she chose a passageway that leaned against the wall. However, she did not meet that noblewoman again.

Dongfang Yunheng was still waiting for her at the escalator entrance. When he saw that she had only returned after a long time, he could not help but mutter, "you too. You took so long to buy laundry supplies. I thought you were going to choose a flower? "

Fang Xiao rolled her eyes at him and said Snappily, "I'm a poor person. I have to carefully choose everything I buy. I want the quality to be good and the price to be reasonable. Do you think that everyone is as rich as you and only buys the expensive ones? Not The right ones? "

Dongfang Yunheng immediately fell silent. Well, he knew that this woman could live a good life. It seemed that a man was lucky to find a woman who could live a good life. Therefore, he could not say anything about his woman's meticulous planning.

The two of them went to the first floor again. It was evening now, and there were gradually more people in the vegetable section because some housewives who had just gotten off work had already come to the supermarket to buy ingredients for tonight.

At this time, a large piece of fresh vegetables was served. Fang Xiao stood in the middle of the aisle and pushed Dongfang Yunheng who was beside her with her hand. "Hey, are you done looking? What exactly are you going to buy to eat tonight? "

"well... I don't know what to buy either. " Dongfang Yunheng scratched his hair with his hand and looked at Fang Xiao as if he was a little embarrassed ...

To be honest, his cooking experience was only six years ago when he got to know Fang Xiao in New Jersey. However, at that time, it was almost impossible to buy Chinese ingredients abroad. Moreover, at that time, the two of them were students who took classes during the day and worked at night. They usually ate American fast food to satisfy their hunger, and almost never cooked a proper meal.

Chapter 1888: No beef

The only thing he knew how to cook was dumplings, which he learned after Fang Xiao returned to China. However, when he learned how to cook, Fang Xiao went to New Jersey to look for him and broke up with him.

It was because of that breakup that he completely gave up on the kitchen. In all these years, he had never even done something like making dumplings.

After hearing what Dongfang Yunheng said, Fang Xiao simply stopped asking him. It made sense. What kind of family was the Dongfang family? How would someone like Dongfang Yunheng, who grew up with a golden spoon in his mouth, know what kind of dishes were delicious?

“Ribs are something you eat, right?” Fang Xiao looked at the delicately packaged inch-long ribs in the freezer. She said lightly, “anyway, it’s just for the two of us to eat. Just stir-fry a few dishes. How about braised pork ribs with green edamame? I saw green edamame being sold over there. I’ll buy some later.”

“okay,” Dongfang Yunheng replied immediately. He saw her bending down to pick out the delicately packaged ribs, and her soft and long hair fell down because of her bending down, covering half of her face.

Her nose was still wearing sunglasses that did not look like sunglasses, and her flat glasses did not look like flat glasses. Her Pink Lips were smeared with colorless transparent lipstick due to the dry weather in winter. Under the lights of the shopping mall.. From his point of view, it looked like the transparency of crystal Jelly, making people want to rush up and take a bite.

Her face was oval-shaped, but her chin was not pointy, as if it was about to drip water. Instead, it was slightly round, like a pointy egg. She lowered her head, her pink lips slightly pursed, and her expression was focused on picking out food. Her appearance was similar to those young wives who just got married and came to the supermarket to buy ingredients.

Dongfang Yunheng pushed the cart and looked at Fang Xiao like this. He was momentarily stunned. He and Fang Xiao had known each other for so many years, and now they were often together, but he could never get tired of looking at her.

“Okay, other than ribs, what else do you want to eat?” Fang Xiao put an inch into the shopping cart that Dongfang Yunheng was pushing and asked at the same time, “How’s the beef? Hangzhou pepper beef tenderloin is not bad.”

“I don’t want to eat beef,” Dongfang Yunheng almost instinctively refused. Seeing that Fang Xiao was stunned, he quickly explained, “usually, when I eat western food, it’s either steak or steak. I’m tired of eating beef.”

Alright, since that was the case, then beef could not be bought. Therefore, Fang Xiao looked at the dry goods area not far away. There was cured meat for sale, so she asked again, “how about cured meat? Later, can you fry some cured meat with garlic sprouts?”

The corner of Dongfang Yunheng’s mouth twitched. He originally wanted to say that the cured meat would be best if it was fried with white pepper. However, when he thought of the spicy taste of the

white pepper, even he could not stand it. This woman probably could not eat it, so he did not say anything.

Fang Xiao took his silence as tacit approval. She walked over to pick a piece of slightly thinner cured meat, then returned to put it in the shopping cart and followed him to the raw vegetable section.

She had just said that she wanted to buy edamame, but fortunately, there were still a lot of them. Fang Xiao began to pick seriously. Dongfang Yunheng stood at the side and waited for her for two minutes. When he saw that she had not picked much, he could not help but frown.

“Xiao Xiao, don’t pick anymore. Just casually pack some. Anyway, we still have to peel the shell when we go back. It’s a waste of time to pick like this,” Dongfang Yunheng said to Fang Xiao, who was picking edamame.

Chapter 1889 had the same thing

Fang Xiao glanced at him and immediately stopped picking edamame. She immediately used her hands to fill the bag. Well, anyway, Dongfang Yunheng was a rich man. He didn’t care that she had spent a lot of money to buy a lot of edamame that couldn’t be peeled out.

After buying edamame, she went to buy green leafy vegetables. There were a lot of green leafy vegetables. Fang Xiao looked at it and took a handful of the emperor’s dish. She asked Dongfang Yunheng, “how about buying the emperor’s dish tonight?”

“No,” Dongfang Yunheng refused without even thinking. “I don’t like the taste of the emperor’s dish. I want to eat the vegetable heart. The vegetable heart is delicious.”

Fang Xiao immediately put down the emperor’s dish and turned around to look at the vegetable heart. However, the vegetable heart today was really not worthy of praise. It had been picked so badly that only a rotten one was left.

“I don’t think I can pick out the vegetable heart.” Fang Xiao looked at Dongfang Yunheng and said somewhat helplessly, “why don’t you buy some dragon beard vegetables? I’ll give you some cold dragon beard vegetables later.”

Dongfang Yunheng did not say anything more. Fang Xiao only took it as his agreement, so she took some dragon beard vegetables and put them in the shopping cart. This way, there would be two meat dishes and one vegetable dish. The rest would be soup.

Fang Xiao originally wanted to be simple. She wanted to buy a tomato and two or three eggs. When she went back, she could boil a tomato egg flower soup. However, Dongfang Yunheng said he didn’t want to drink the tomato egg flower soup.

In the end, she went to the place that sold fish. She bought two small crucian carps and a white radish. Fang Xiao said she was going back to boil silver thread crucian carps soup, so he didn’t say anything.

They didn’t buy a lot of ingredients, but the pots and pans were connected. The shopping cart was filled to the brim. The two pushed the shopping cart and went to the cashier to line up to pay the bill.

When they were in line, Fang Xiao looked around to see if Dongfang Yunheng's mother was still in the mall. Unfortunately, she didn't see Mrs. Dongfang again until Dongfang Yunheng paid the bill and left.

She bought a lot of pots and pans, including firewood, rice, oil, salt, soy sauce, vinegar, and tea. After paying the bill, she used the shopping cart to push it directly to the underground parking lot. The trunk couldn't fit it, and there were even some piled up in the back seat.

When Dongfang Yunheng started the car, he looked at these things and sighed. "I used to only know how to sit at the dining table and eat, but I never thought that a kitchen would need so many things. "

Fang Xiao took the opportunity to mock him for being a rich Man's son who did not know how to live a normal life. Presumably, he would usually be the one who opened his mouth to eat at home, right Did he know whether to pour the dishes or put the oil in first?

They bought more than 4,000 dollars worth of kitchen equipment, and the sales lady gave them two love pillows as promised. Fang Xiao looked at the two pillows in the car and then said to Dongfang Yunheng, "one for each of us, how about it? "

"If you like it, then take it. Anyway, it's all in the Yunxiao pavilion. We both live there, so what's the point of separating us?" Yun Heng felt that Fang Xiao's words were a little funny, and he even turned his head to look at her meaningfully while driving.

"Of course, it has to be divided between you and me. " Fang Xiao insisted on her own opinion. She hugged one pillow in her arms and threw the other pillow onto the back seat. Then, she said indifferently, "it's settled then. One pillow for each person. "

Dongfang Yunheng saw that she insisted, so he did not say anything more. Moreover, he still liked her distribution method very much. Although it was said that each person had a pillow, at least he had the same thing as her.

Chapter 1890 the two who were stuck on the road

This large global shopping mall was not very far from Dongfang Yunheng's Yunxiao Pavilion. Usually, it was only a ten-minute drive. However, today, they encountered the rush hour when they left the shopping mall, so they were stuck on the road.

"there seems to be a collision up ahead. " Dongfang Yunheng was a little annoyed as he tapped the steering wheel with his hand. "seriously, I haven't even eaten lunch today. "

Dongfang Yunheng indeed did not eat lunch because he was on a business trip in Shanghai. In fact, he went to the branch office to do some work. In the morning, he drank a cup of soy milk and ate two sticks of King's order. In the morning, he was busy holding a meeting for the executives of the branch office In the afternoon, he rushed to the airport to catch the plane.

Of course, lunch was delivered on the plane, but he had never liked the food on the plane, so he did not eat it directly, saving the airline a lunch.

He picked up Fang Xiao in the afternoon and brought her to the mall, thinking that she would go back and personally cook a delicious meal for him to eat. However, who knew that after buying a bunch of things, he would be stuck on the road in the end. In front of him was a motionless traffic line.

Fang Xiao looked at the motionless traffic line in front and could only sigh. She could not help but mutter to herself, "I haven't eaten anything today. If I keep this up until night, won't I starve people to death?"

"Ah, you haven't eaten anything today?" Dongfang Yunheng was shocked when he heard Fang Xiao's words. He could not help but ask, "then what have you been doing all day? Why haven't you eaten anything?"

"I woke up in the morning. "I woke up a little late," Fang Xiao explained calmly. "I took my brother to haagen-dazs ice cream shop at noon to eat cake. Unfortunately, I met Qiu Yitang, and then I took my brother back to school. After that, you went outside the school to find me. "

Dongfang Yunheng was convinced by her. Well, the two people who hadn't eaten were stuck in the road, but the ingredients in the car were all raw. Even if they wanted to eat, they couldn't.

Therefore, Fang Xiao got out of the car window and looked outside. She found the Tianjin Goubuli steamed bun shop not far away, so she opened the door and got out of the car. She ran to the steamed bun shop naturally.

Fortunately, it was not very far, less than 50 meters away. She went to buy two steamed buns. Fortunately, the price was not expensive, only one yuan per steamed bun. She had a lot of change on her, which was saved by the bus.

She bought two buns and put them in a white plastic bag. After getting on the bus, she handed them to Dongfang Yunheng. "Do you want to eat them to fill your stomach? If you don't, I'll eat them alone. "

Dongfang Yunheng hesitated for a moment, but in the end, he took the Bun. In fact, he had never eaten anything from roadside stalls. It was very unhygienic, so even in New Jersey six years ago, he was so poor But he still ate fast food in a regular fast food restaurant.

He took the Bun and didn't immediately put it in his mouth. He just held it in his hand. Fang Xiao was really hungry, so she took the Bun and stuffed it into her mouth, eating it in big mouthfuls.

Actually, this bun was not bad. It was just that there was a lot of fat in the Bun. Of course, a bun that cost only one yuan per bun. If there was a lot of lean meat, the owner would probably lose money, and the fat meat was always cheaper.

As for the buns with more fat and less lean meat, if you ate too much of it, it might be greasy. However, if you ate it once in a while, you would feel that it was more fragrant than a bun with pure lean meat, and it would be softer in your mouth.
