

Divorce 1891

Chapter 1891: Hard Work

Dongfang Yunheng saw that Fang Xiao was eating with relish and could not help but put the steamed bun in his hand into his mouth. Although it was not very delicious, it was not as bad as he had imagined. Moreover, this was a taste that he could accept.

Fortunately, the two of them had just finished eating the steamed bun when the car in front started. Dongfang Yunheng could not help but mutter gloomily, "If I had known that this car would start so early, I would not have bought the steamed bun to eat."

Fang Xiao could not help but roll her eyes at him. "Isn't it just a steamed Bun from a roadside stall? If you eat it today, will you die tonight? The more fastidious a person is, the easier it is for him to get sick."

Hearing her words, Yun Heng could not help but laugh. He did not argue with her. Fortunately, the traffic was not congested for a few minutes before they reached Yunxiao pavilion. After driving the car into the underground parking lot of Yunxiao pavilion, Dongfang Yunheng let out a long sigh of relief. At least he did not have to worry about the problem of traffic jams.

Dongfang Yunheng bought a lot of things. Fang Xiao used the rice cooker box to block the elevator. Then, she ran back and forth with him a few times before she moved all the things into the elevator.

After the elevator reached the 39th floor, it had no choice but to jam the elevator door again. Then, they moved the things back and forth. The two of them ran two times before they moved all the things into the room.

Some things needed to be installed. In fact, the installation was very simple and convenient. Usually, they would just open the packaging box and put it somewhere. After plugging in the power, they would be done with the installation.

After tidying up all the things, they began to prepare the meal. Fang Xiao brought the ingredients to the kitchen. First, she washed the dishes. Of course, she also washed the ribs and the Bacon and small Crucian Carp.

Fang Xiao let Dongfang Yunheng sit at the dining table in the dining room and peel the edamame. This job was the easiest to learn, and it was easy to learn. She did not spend much effort in teaching it, and he did not spend much effort in learning it.

On the other hand, she washed the vegetables herself, followed by the cured meat. This could not be washed with cold water because it was smoked cured meat, and cold water could not wash it clean, so she had to boil some hot water to wash it, and then boil it in hot water.

Fang Xiao filled the newly bought pot with some water, and then very naturally went to twist the stove. However, no matter how hard she tried, the stove did not catch fire, which made her frown instinctively. Then she shouted into the dining room, "Dongfang Yunheng, come in for a moment. What's wrong with your stove?"

Dongfang Yunheng had been sitting at the dining table for a hundred years, seriously peeling the edamame shells. To be honest, this job seemed easy, but it was actually not easy to do.

First of all, peeling edamame shells required fingernails, and he was someone who did not like to have long fingernails, so peeling it was not very easy. Secondly, it was his first time doing this kind of work, and he had not reached the point where he was at ease. Therefore, his movements were very clumsy.

He had only peeled less than twenty edamame shells when he heard Fang Xiao calling out to him in the kitchen. So, he immediately put down the EDAMAME and quickly walked into the kitchen. He saw that Fang Xiao had been turning on the gas stove, but there was no blue flame jumping up.

He frowned and walked forward. He personally turned on the switch of the gas stove. He had done it a few times, but there was still no blue flame. He could not help but be puzzled. He tried hard to think. Meng de seemed to have thought of something. He could not help but shout to himself, "Oh no, I really want to forget to inform the management department to help me open the gas pipe. Because I had never thought of cooking here before, I did not let the gas pipe open for safety reasons."

Chapter 1892: a Romantic and warm night

Fang Xiao was speechless after hearing Dongfang Yunheng's words. This man was most likely a muddle-headed fool. She didn't even know if her house had been opened, and he was still thinking about cooking and eating all day long?

"With so many ingredients, we should at least cook and eat them, right?" Fang Xiao looked at the ingredients and then looked at Dongfang Yunheng. She couldn't help but frown and say, "why don't you call him now and ask him to help US Open it?"

"Now?" Dongfang Yunheng looked at his watch. Then, he shook his head and said, "It's already seven o'clock at night. At this time, they have already left work. Even if they agree to come, it will probably take more than an hour for them to rush over and help us open it. Moreover, they might not be willing to work overtime?"

After hearing Dongfang Yunheng's words, Fang Xiao looked at the pile of ingredients that she had just prepared. She did not know whether to laugh or cry as she said, "alright, what should we do with these ingredients? Don't tell me we should just eat them raw? Anyway, primitive people eat raw food."

When Dongfang Yunheng heard what Fang Xiao said, he became even angrier. He had spent a lot of effort to buy the ingredients with her and wanted her to cook a meal for him. He had been hungry for an entire day, but now, such a situation had happened at the last moment. How could he feel comfortable?

Fang Xiao saw him kick the door frame with his foot. Meng di remembered that she had a small induction cooker, so she quickly said to him, "then use my induction cooker to cook the dishes. However, the dishes cooked by the induction cooker are not very delicious. You have to make do with a little."

Dongfang Yunheng obviously hesitated for a moment. What he meant was that he did not want these ingredients, but they did. The two of them went out to eat, but looking at so many ingredients, thinking of her careful selection in the supermarket, thinking that throwing away the ingredients was not only a

waste of food, but also a waste of her mood, they finally nodded. It could be considered as agreeing with her suggestion.

Fang Xiao's induction cooker was not big. In the past, when she was working at the beach, she bought a person to cook supper for her. Fortunately, the two of them did not have many ingredients, so they could barely be used to cook.

The induction cooker was actually not slow. The main reason was that the pot was not a pot for cooking. It was just that Fang Xiao used to cook noodles and rice noodles in the past, so the dishes could not be used to cook. They could only be boiled or stuffed.

Fortunately, Fang Xiao's cooking skills were not bad. An hour later, she still managed to cook three dishes and one soup. In fact, the braised pork ribs with edamame were not bad, but the color of the cured meat was not very good. However, the salad of dragon beard vegetables and Crucian Carp Soup was pretty good.

Dongfang Yunheng was very satisfied with Fang Xiao's three dishes and one soup. When he saw that she had served the dishes, he could not help but go to get a goblet and red wine. Moreover, he was so excited that he did not know where to find two candles.

The lights in the restaurant were all turned off. Dongfang Yunheng lit two candles, and the restaurant immediately became romantic. Dongfang Yunheng opened the window, pulled the curtains to both sides, and sat by the window on the 39th floor. He looked at the sky outside the window with red wine in his hands. It made Fang Xiao involuntarily think of the night when she had dinner with him on the Iron Tower in Paris last year.

There were still stars in the sky tonight. The crescent moon shone in from the window, and the candlelight in the restaurant reflected the light, making the entire restaurant seem extremely romantic. Only the dishes on the table seemed to be a little lacking in comparison.

Dongfang Yunheng was very satisfied with this night. He handed her a glass of red wine that was half full and said softly, "let's drink some red wine first. Do you want to hand over a glass?"

Chapter 1893: The curved moon looks more like your eyebrows

Fang Xiao glared at him fiercely and corrected him coldly, "President Dongfang, you have to drink with your bride to exchange a glass of wine. Don't drink recklessly. Your fiancée, Miss Gu Chenchen, is still waiting to exchange a glass of wine with you."

Yun Heng's face immediately darkened. He raised his glass and directly brought it to his mouth. He did not know whether it was because he was angry or because the red wine was indeed delicious, but he drank a glass of wine in one go.

Fang Xiao did not argue with him. She held the wine glass and took a sip. Then, as she ate, she looked at the moon outside the window and sighed. "When I was young, my teacher taught us that the curved moon is like a small boat. Actually, it doesn't look like it to me now."

Dongfang Yunheng put down the empty wine glass in his hand and looked out of the window. He looked at the crescent moon and then looked at Fang Xiao. Then, he smiled and said, "it doesn't look like it. I think the curved moon is more like your eyebrows. "

Fang Xiao was stunned when she heard this. Then, she glared at him and said, "nonsense. Are My eyebrows as curved as the moon? "

"Why aren't they? " Dongfang Yunheng poured himself another glass of wine as he spoke. He looked at the moon outside the window and said, "I think they are. Your eyebrows are even more beautiful than the moon. "

Fang Xiao simply ignored him and quietly scooped up some fish soup to drink. The crucian carp soup that she cooked was very good and thick. It was as white as milk and sprinkled with green scallions. It looked appetizing.

Because the two of them were leaning against the window and watching the moon eat dinner, Dongfang Yunheng also drank two glasses of red wine. Moreover, he said that the food that Fang Xiao made with the induction cooker was very delicious, so he had to taste it slowly.

As they tasted it slowly, it was naturally too late. By the time the two of them finished their dinner, it was already past 11 o'clock in the evening.

Fang Xiao leaned against the window and held the window frame with her hand. Looking at the crescent moon in the sky, she could not help but sigh, "how extravagant. This is the first time in my life that I have eaten dinner under the moonlight. "

Dongfang Yunheng stood beside her. Following her gaze, he looked at the crescent moon and sighed deeply, "it is indeed too extravagant! "

Extravagant. It was rare to have such a person to stay together quietly on such a night. It was rare to have such a person to eat the delicious food she cooked with an induction cooker while facing the moon. It was rare to have such a person. It was rare to have such a rare moment... ..

Fang Xiao saw that Dongfang Yunheng had finished eating, so she took the initiative to clean up the dishes and went to the kitchen to wash the dishes. Dongfang Yunheng's rare kindness was actually willing to come over and help. He had really let go of his status as a young master.

"when the anger in this place is cleared up that day, the two of US bought glutinous rice flour to wrap Tangyuan, " Dongfang Yunheng said as he handed the last bowl to Fang Xiao after washing it.

Fang Xiao took the bowl and was stunned for a moment before she stopped chewing because she did not expect to make glutinous rice balls with him. In fact, she was not very willing to cook dinner with him like this.

She felt a little reluctant. Her past experience reminded her that the man in front of her was far more complicated than what she saw. Therefore, a simple woman like her was only suitable to deal with Xi Lingheng six years ago It was not suitable to deal with the current Dongfang Yunheng.

It was getting late. Fang Xiao washed the dishes and quickly walked to the cloakroom. She took her pajamas and walked to the bathroom. Since he was here, some things could not be avoided.

Anyway, it was not the first time. Anyway, he was already familiar with her. In his eyes, she was just a prostitute. Her previous modesty and shyness had long been destroyed by his wolf nature. Now, she could only endure.

Chapter 1894 why are you here

It was getting late. Due to the delay today, she still had to go to his villa and Jiangnan's famous city to clean up tomorrow. Therefore, she did not waste her time on taking a shower. Instead, she quickly took a shower and walked back to her bedroom.

Just as she walked back to her bedroom, she saw Dongfang Yunheng walking out of the closet. His face was gloomy, but he had already changed into a suit and leather shoes. It looked like he was going out.

She could not help but secretly sigh in relief. It would be better if he could leave. Otherwise, she would not be able to sleep so peacefully tonight. This man was usually well-dressed, but if he really went to bed, he would be dressed like a beast.

Dongfang Yunheng glanced at her and tugged at his tie in annoyance. He looked at the time on his watch and finally said helplessly, "well, I'll be leaving first. Remember to rest early. "

"okay," she replied like a meek little sheep. She thought to herself, it was already midnight. If he went to bed early, where else could he go?

And if he could rush to a place at midnight, who else but his beloved fiancée, Miss Gu Chenchen, could be so charming?

After sending him to the door, she waited for him to go out and close the door. She could not help but look at the clock on the wall. The hour hand was pointing at 12. The minute hand had already passed five minutes. The day had turned another page. The days she spent by Dongfang Yunheng's side were naturally one day less.

Fang Xiao did not expect to meet Zheng Zihao again because Zheng Zihao was also considered a rich Man's son. Although he had been her high school classmate, high school was already very far away from her. After experiencing a series of events.. She gradually forgot about those things in high school.

The day she met Zheng Zihao was the day she went to Jiangnan's famous city to clean up. It was in the afternoon, or more accurately, in the evening. Because in the morning, she was cleaning Dongfang Yunheng's lakeside villa, and there were many flowers and plants in the lakeside villa that needed pruning. So on a whim, she was pruning there, and in the end, she delayed the time to go to Jiangnan's famous city.

She had just walked into Jiangnan's famous city and was walking past the Fountain Towards Building D. Just as she walked to the Fountain, Ye Lai Xiang Fat bumped into Zheng Zihao who was walking towards her.

"Fang Xiao, why are you here?" Zheng Zihao was obviously shocked when he saw Fang Xiao. Even his voice was filled with surprise when he asked her.

Although Jiangnan's famous city was a luxury apartment that mainly consisted of high-rise buildings, in the midtown area of Bincheng, where every inch of land was valuable, this kind of luxury apartment that had a greenery area of 70% was usually bought here by very rich people.

Of course, the Fang Xiao of the past was also considered the child of a rich family, but that was in the past. The Fang Xiao of now was, of course, still a little far from being a rich person.

Fang Xiao was also shocked when she saw Zheng Zihao. In fact, she had met Gu Chenchen that night and had come to this famous Jiangnan city to clean up in the past few weeks. Perhaps it was because she had come during the day, but she had never met Gu Chenchen again.

However, she had never dreamed that she would actually meet Zheng Zihao here. Now that Zheng Zihao had asked her this, she was obviously stunned for a moment before she reacted. She thought for a moment and said, "I'm here to visit a friend. "

"A friend?" Zheng Zihao's heart immediately skipped a beat. He could not help but recall seeing Fang Xiao at Leng Rong's full moon banquet. And that time, Fang Xiao seemed to have left with Dongfang Yunheng.

Chapter 1895: I must wear glasses

He knew that Dongfang Yunheng had a mansion in this famous Jiangnan City. Now that Fang Xiao said that she was visiting a friend, he wondered if the friend she was talking about was Dongfang Yunheng?

"Yes, a friend of mine lives in a famous Jiangnan city." Fang Xiao was relaxed now. Anyway, it was not illegal to tell such a harmless little lie, so she simply lied.

"Then, have you finished visiting your friend?" Zheng Zihao glanced at the 19th floor of Building d almost instinctively. If he remembered correctly, Dongfang Yunheng should live on the 19th floor of Building D.

"I have already finished visiting." Fang Xiao deliberately glanced at a building because she had just passed through a building. This made it seem like her friend lived in a building.

Zheng Zihao did not dwell on her friend's matter with her. Instead, he went along with her words and said, "since you have finished visiting your friend, then accompany me to a banquet. This banquet requires a female companion. I am having a headache tonight. Where can I find a female companion? "

"Ah?" Fang Xiao clearly let out an AH, and then quickly rejected, "that won't do. I still have other things to do. You'd better... "

"Fang Xiao, what is the meaning of this?" Zheng Zihao was obviously unhappy. He could not help but complain, "We are classmates. When you fainted, I was the one who sent you to the hospital. Now that I need your help, you actually disregard the friendship between classmates? "

When Fang Xiao heard Zheng Zihao say this, she immediately could not say anything more. She did not forget that last year, at Gu Chenchen's uncle's birthday party, she was knocked out by Qiu Yitang with a single slap. It was Zheng Zihao who carried her to the hospital.

There was a saying that one should repay the kindness of others with a drop of water. However, Zheng Zihao did not repay her with a drop of water. Instead, it was equivalent to saving her life. That was because the doctor said that if the delivery was late, the bleeding would take a long time. She did not know if the consequences would be more serious.

Hence, she sighed and said helplessly, "alright then. As long as you do not think that I am ugly and that I am standing by your side and making you feel embarrassed, then I do not care. Isn't it just being your female companion for once?"

Zheng Zihao immediately became happy when he heard Fang Xiao's words. He came over and pulled her hand as he walked towards the gate of Jiangnan's famous city. He said excitedly, "don't worry, you're not ugly at all. Of course, if you don't wear glasses and expose your big eyes, you'll be even more beautiful."

"I have to wear glasses," Fang Xiao immediately said righteously. Then, he quickly added, "I was in a miscarriage last year and didn't sit properly during the pregnancy. I got wind and now my eyes are Sandy. If I don't wear glasses, when the wind blows, my eyes will shed tears."

"Is that so?" Zheng Zihao couldn't help but look at her eyes twice. Because Fang Xiao was wearing tea-colored glasses, he couldn't see Fang Xiao's eyes clearly.

"Yes," Fang Xiao answered seriously, because she couldn't let Zheng Zihao know that she only had one eye. Although, now Qiu Yitang and Dongfang Yunheng already knew.

"Well, you can wear glasses if you wear glasses." Zheng Zihao was a little helpless, and then added, "but you look very good with glasses."

"..."

Fang Xiao was speechless. She knew that Zheng Zihao had deliberately said this so that she could be his female companion. When a man said that a woman was good-looking or beautiful, the general credibility was not high, not to mention that she was wearing glasses. Therefore, she took Zheng Zihao's words as a compliment.

Chapter 1896: Does she look good

Zheng Zihao wanted to bring Fang Xiao to a banquet, so he naturally had to bring her to buy a gown. Fang Xiao only felt that buying a gown was too expensive. She could not help but suggest to him, "I think we should just rent a gown. Anyway, there are many places where gowns are rented. Moreover, it's only for one night. It's not worth it to buy a gown."

"How can that be?" Zheng Zihao immediately glared at her. He said unhappily, "isn't it just a gown? Even if it's only for half an hour, I'll buy it for you. Otherwise, if other people find out that I, Zheng Zihao's female companion, accompanied me to attend the banquet or rented a gown, where will I put my face?"

“Oh my God, this matter is something that you and I both know. If you don’t tell me, who would know?” Fang Xiao couldn’t help but roll her eyes at Zheng Zihao. Rich men only knew about corruption and waste.

“Then does the person in the dress rental shop know?” Zheng Zihao couldn’t help but remind Fang Xiao, “if I take you to rent a dress, then I have to sign it, right? Do you think I can sign that name?”

Alright, Fang Xiao immediately didn’t say anything. In this world, what people lived for was their face, especially rich men like Zheng Zihao. That was a huge amount of face. They would never do anything shameful.

Therefore, Fang Xiao let Zheng Zihao take her to the Milan spring gown store in Binhai. This was also one of the most famous gown stores in Binhai. It was said that many socialites and ladies came here to buy gowns.

Fang Xiao wore glasses. The designer of Milan spring had told her at that time that she should take off her glasses. If she was really short-sighted, she could totally wear contact lenses. That way, she would look even more beautiful in gowns.

“She is not short-sighted. She just has trachoma,” Zheng Zihao explained to the designer. “If she doesn’t wear glasses, her eyes will cry when they meet the wind or sand. So she has to wear glasses.”

After hearing Zheng Zihao’s explanation, the designer did not say anything more. He immediately chose a light purple gown for Fang Xiao based on the color of her skin and the tone of her glasses, saying that this gown should match her bespectacled face very well.

Indeed, it matched well. When Fang Xiao changed into this gown, she could not help but admire the designer’s vision when she looked at herself in the mirror. She looked very harmonious in this gown with these glasses.

“Very beautiful!” Zheng Zihao praised sincerely. He stood behind Fang Xiao and looked at her in the mirror. He could not help but exclaim, “I didn’t expect you to look so good in glasses!”

Fang Xiao looked at Zheng Zihao behind the mirror and gently bit the corner of her lips. Was she good-looking? If Zheng Zihao knew that she only had one eye and that she was a one-eyed person, would he still think that she was good-looking?

Of course, Zheng Zihao did not know, and she would not stupidly take off her glasses for him to see. So, after being slightly stunned for a moment, she asked indifferently, “then do you want this one?”

“Yes, I want this one.” Zheng Zihao nodded and then said to the designer, “help her design a hairstyle and then help her put on a simple light make-up. Her skin is so good, there’s no need for heavy make-up.”

“I don’t want makeup.” Fang Xiao almost instinctively rejected Zheng Zihao’s suggestion. Seeing that he was stunned. Then she quickly explained, “that, no, what I mean is that I don’t like makeup, and my skin is a little allergic. If the makeup is not suitable for my skin, after more than an hour, my face will be red and pimply. That would be worse than not putting on makeup.”

Chapter 1897, can I not go

“alright then, no makeup then,” Zheng Zihao saw Fang Xiao’s insistence and looked at her bespectacled face. It was fresh and natural. Even without makeup, it was still radiant, much better looking than many women who had put on makeup.

The designer saw that Fang Xiao refused to put on makeup and Zheng Zihao did not ask for more, so he followed Fang Xiao’s advice and helped her get a simple hairstyle. Then, he applied some lipstick on her lips to increase the brightness of the color.

In the end, Fang Xiao wore this light purple dress with a sling, and a pair of white high-heeled sandals on her feet. In order to save her delicate neck, Zheng Zihao took a necklace and put it on her.

Zheng Zihao only said that he was going to take her to a dinner party, but he didn’t say who he was going to attend, nor did he say what kind of dinner party he was going to attend. Fang Xiao instinctively thought that the place Zheng Zihao was going to take her to was probably a business party or something.

However, when Zheng Zihao’s car drove toward the most famous villa community in Binhai, the one near the lake, and when she saw Zheng Zihao’s car drive into the other gate near the lake, she couldn’t help but feel nervous. An ominous premonition quickly rose in her heart.

Human premonitions were sometimes very effective, and although Fang Xiao’s premonition this time was not 100% effective, it was still 50% effective.

When Zheng Zihao’s car drove into the lakeside villa, she was thinking whether it would go to the villa in the center of the lake, or whether it would go to the top-class Villa that she had to clean the next day.

However, when Zheng Zihao’s car drove past the villa in the center of the lake and headed up the mountain, her heart, which was at the edge of her throat, gradually returned to her heart. Finally, she was sure that it was not going to Dongfang Yunheng’s villa.

However, her heart that had returned to her heart was in vain because when Zheng Zihao’s car stopped in front of a villa at the highest point of the pure villa community, when she got out of the car, she saw the low-profile luxury Huiteng car and saw the familiar license plate number. She immediately knew that he was inside, and this was not a business banquet.

She did not know exactly how many cars Dongfang Yunheng had, but she knew of two. One was a maybach worth tens of millions, and the other was a Huiteng car worth more than two million.

Zheng Zihao saw her standing there in a daze and quickly walked over. He couldn’t help but ask with concern, “what’s wrong?”

“I... Feel a little uncomfortable.” Fang Xiao instinctively found an excuse, and then quickly asked, “about that... can I not go in?”

Zheng Zihao instinctively glared at her and said in a bad mood, “what do you think? I’m already at the door. If I don’t go in, what will people say about me?”

“...”

Fang Xiao was immediately speechless. She thought for a moment and then said in a low voice, "I only said I won't go in, I didn't say..."

"You came with me. If you don't go in, of course I can't go in," Zheng Zihao immediately interrupted her. Then, he thought for a moment and said, "then how about this? Let's go in for a while. It's just to say hello to the owner and show that I've been here before. Then, the two of us will leave, okay?"

Fang Xiao nodded. It seemed that this was the only way. Zheng Zihao had bought her a dress that cost over a thousand yuan. If he didn't go in with her in this dress to show his face, then wouldn't his money go down the drain?

Thus, she held Zheng Zihao's arm and walked with her to this noble single-family villa. Just as they entered the courtyard door, they heard laughter coming from inside. Through the spacious glass door, they could vaguely see the fragrance of the clothes inside. There were many people, so there must be quite a number of people.

Chapter 1898

Fang Xiao's heart was in her throat again. She could imagine that there must be Dongfang Yunheng and Gu Chenchen in this building. As Dongfang Yunheng's invisible mistress, she should not have appeared in front of them.

"What's wrong?" Zheng Zihao could clearly feel that Fang Xiao's footsteps had slowed down, and the hand that was holding his arm seemed to have become stiff. He could not help but ask with concern.

"Nothing." Fang Xiao shook her head. She took a deep breath and calmed herself down. There were so many people here, and in such an occasion, Dongfang Yunheng's glasses probably only had Gu Chenchen. How could he notice her in the crowd?

As she thought about this, her heart sank again. Then, she followed Zheng Zihao and steadily walked toward the bustling banquet hall.

The banquet hall was indeed crowded with people, and the lights were a little dim. Perhaps because they had arrived relatively late, many people were already holding wine glasses and talking loudly.

To put it bluntly, this kind of private banquet could only be attended by family and friends. With her status, if she did not follow Zheng Zihao, she definitely would not be able to enter.

Fang Xiao did not want to see Dongfang Yunheng, so when she entered the banquet hall, she lowered her head and thought, I don't want to see him. Of course, I don't want him to see me in the crowd.

However, sometimes, there are some things that you can not hide from. For example, Dongfang Yunheng. This person was like the bottom of a well that was as deep as a pool of water. Suddenly, someone threw a small stone into it "Dong!" A splash of water was heard, and the sound echoed in the well.

When Fang Xiao heard someone calling out to Dongfang Yunheng, her body froze instinctively. She even trembled slightly. Even Zheng Zihao, who was beside her, could clearly feel it.

Zheng Zihao turned his head and glanced at her. Then, he raised his head slightly. Only then did he realize that Dongfang Yunheng was standing on the stage not far away. The indifference on his body gave people the impression that he was indifferent to fame and fortune.

Of course, he still gave people the feeling that he was high and mighty. His face was so clean that it gave people the feeling that he was untainted by the mortal world. And it was this temperament that gave him an additional layer of unattainable mystery in an instant.

When he wore that pure handmade white suit, it did not seem out of place at all. It was as if this kind of clothes were a natural match for people like him. That kind of elegant and peerless temperament was imperceptibly imbued with the nobility of a medieval prince. It made people look especially pleasing to the eye, but at the same time, it was also particularly eye-piercing.

The woman standing next to him was wearing a rose-red classic evening gown. The low-cut v-neck naturally revealed the woman's proud career line. The graceful and luxurious look on her face was because she was standing next to Dongfang Yunheng. There was an additional aura of an empress, and this was the female lead of the night, Gu Chenchen.

Fang Xiao did not want to be discovered by Dongfang Yunheng, but the moment she looked at Dongfang Yunheng, Dongfang Yunheng had already seen her. His gaze naturally fell on Fang Xiao, and that gaze directly shot over through the crowd. There were questions and questions in the middle. When he saw Zheng Zihao beside her, he instantly revealed an unfathomable and profound feeling. ...

Chapter 1899 we haven't seen each other for a long time

Fang Xiao instinctively avoided Dongfang Yunheng's gaze and turned to look at Zheng Zihao beside her. She secretly took a deep breath to calm herself down. Then, she calmly said, "well, go over and say hello to master. There are many people here, and I feel a little dizzy."

"Oh, that's good." Zheng Zihao also saw that Dongfang Yunheng's gaze was a little strange, but he did not think of anything else. Moreover, Dongfang Yunheng and Gu Chenchen were fiancés, weren't they?

Fang Xiao originally thought that Zheng Zihao's words were good. He was the only one who went to greet Gu Chenchen. However, she did not expect that Zheng Zihao did not let go of her hand. Instead, he took her with him.

When she was about to walk in front of Dongfang Yunheng and Gu Chenchen, she struggled a little. In fact, she did not want to go with Zheng Zihao. However, Zheng Zihao held her hand very tightly. He did not give her any chance to break free.

"It's just your former boss. What are you afraid of?" Zheng Zihao could clearly sense her fear. He could not help but cheer her up. "Don't worry. Yun Heng may look cold on the surface and is different from his younger brother's sunshine type, but he won't eat people."

Fang Xiao's heart skipped a beat when she heard this. Dongfang Yunheng had a twin brother, Dongfang Yun. She had heard of this before, but Dongfang Yunheng had never mentioned it in front of her. She did not expect Zheng Zihao to mention it.

Therefore, Fang Xiao first knew that Dongfang Yunzai was a sunshine type. Of course, this was what Zheng Zihao told her. Later, when she saw the man who looked exactly like Dongfang Yunheng in the distant past, when she saw him.. Only then did she know what kind of 'sunshine' he was.

Zheng Zihao brought Fang Xiao to Dongfang Yunheng very quickly. Tonight was Gu Chenchen's birthday, and as Gu Chenchen's fiancée, Dongfang Yunheng should be by Gu Chenchen's side as a matter of course.

"Chenchen, Happy Birthday!" Zheng Zihao took out the gift that he had long prepared and handed it over. At the same time, he handed over a polite sentence. "Chenchen is getting younger and prettier. This is all thanks to Yun Heng. "

Dongfang Yunheng's face was indifferent before this, but now because Fang Xiao was already gloomy in front of him, Gu Chenchen's face had a blissful smile. That smile was as brilliant as her rose-red gown.

"Aiya, this is Miss Fang, right?" Gu Chenchen seemed to have just seen Fang Xiao at this moment. Regardless of whether it was on her face or in her eyes, there was a cordial smile. Her tone was gentle as she said, "Miss Fang, we haven't seen each other for a long time. How have you been recently? "

"thank you for your concern. Everything is fine." Fang Xiao's voice was indifferent. She was very unaccustomed to Gu Chenchen's pretentious expression and voice. She could not help but look at the man beside Gu Chenchen. Presumably.. Only a man like Dongfang Yunheng would like a woman like Gu Chenchen, right?

"That's good." Gu Chenchen's voice was still very warm. The moment she retracted her gaze, she looked at Fang Xiao's chest as if she had discovered a new continent She could not help but exclaim in shock, "Aiya, isn't this the family heirloom of the Zheng Family? Zihao, is there a deeper meaning behind putting this on Miss Fang? "

Dongfang Yunheng followed Gu Chenchen's voice and saw that Fang Xiao was wearing a necklace around her neck. That necklace was indeed somewhat familiar. He seemed to have seen it somewhere before, but he could not remember it for a while.

Chapter 1900 where did the kiss and marriage come from

"What family heirloom?" Zheng Zihao looked at the necklace on Fang Xiao's neck and said indifferently, "it's just an ancestral necklace of the Zheng family. What's there to make a fuss about? "

Dongfang Yunheng then remembered that the necklace looked familiar because he had seen it at Zheng Pianran's engagement party. At that time, Zheng Pianran's fiancée wore the same necklace on Fang Xiao's neck.

The Zheng family had two identical necklaces. In fact, this necklace was not very valuable because it was not diamond or Pearl. It was just crystal. In terms of market value, it was only a few thousand dollars.

However, in terms of the significance of these necklaces in the Zheng family, they were no small matter. This was because they were passed down from generation to generation. Usually, the men of the Zheng

family would give them to the woman they loved. They would even make sure that the woman they wanted to marry would wear them. Normally, they would not take them out.

When he saw the necklace, a crack finally appeared on his gloomy face. His tightly pursed lips could not help but twitch. He said in an indifferent voice, "Miss Fang, have you found a good horse? "

Dongfang Yunheng did not ask Zheng Zihao. Instead, he asked Fang Xiao directly. Because of the indifference in his voice, no one could tell the emotions contained in it.

Fang Xiao was slightly stunned. Before she could speak, Zheng Zihao had already answered before she could, "Hehe, Yun Heng, look at what you said. Fang Xiao and I are good friends. "

Zheng Zihao paused for a moment, then added meaningfully, "of course, if that day comes, I will have to invite you and your wife to witness it. "

Zheng Zihao's words immediately stunned the three people present, because no one had expected him to say this. Moreover, his words clearly had the meaning of announcing something to everyone.

Gu Chenchen was the first to react. The smile on her face became brighter and brighter. She looked at Fang Xiao and said warmly, "in that case, from now on, we will be closer than ever. "

Fang Xiao was stunned instinctively, and before she could react.. The dark-faced Dongfang Yunheng spoke before her, "Chenchen, what are you saying? Are you related to Zihao? Fang Xiao doesn't seem to be related to you either. Where did you get this closer than ever? "

Gu Chenchen was obviously stunned, but then her face turned awkward. She had never dreamed that Dongfang Yunheng would be so disrespectful to her. She had originally been speaking from the perspective of the Dongfang family when she told Zheng Zihao and Fang Xiao that they were related.

The Dongfang family was related to the Zheng family, and she was Dongfang Yunheng's fiancée. If she married Dongfang Yunheng in the future, she would naturally be related to Zheng Zihao. If Fang Xiao married Zheng Zihao, she would naturally be related to her.

Just as Gu Chenchen was stunned, Dongfang Yunheng had already avoided her and turned to leave. Gu Chenchen quickly reacted. She did not have the time to discuss the matter of being related to Zheng Zihao and Fang Xiao and immediately followed Dongfang Yunheng.

"Let's go too. " Zheng Zihao turned to look at Fang Xiao. With a smile, he looked at Dongfang Yunheng and Gu Chenchen who had already gone far away, but the smile on his face grew deeper.

"Hey, why did you say such nonsense just now? " Fang Xiao and Zheng Zihao walked to a remote place and immediately shouted at Zheng Zihao, "we are just... "
