

Divorce 1901

Chapter 1901: There was no need to explain

“But what is it?” Zheng Zihao had a proud smile on his face. He looked at Fang Xiao and said in a low voice, “Fang Xiao, now that you are wearing our Zheng family’s necklace around your neck, this already shows the relationship between us. So, you don’t have to make any further statements. They all understand.”

Fang Xiao was even more furious when she heard this. She was indeed confused because she had never thought that an ordinary crystal necklace could cause any trouble. She only treated it as an ordinary decorative necklace.

Therefore, Fang Xiao instinctively reached out to grab the necklace on her neck, but Zheng Zihao reached out and grabbed her wrist. Then, he lowered his head and whispered to her, “Fang Xiao, there are so many people here watching us. If you do this, people will think that we are at odds with each other at Gu Chenchen’s birthday party.”

Fang Xiao was stunned when she heard this. She could not help but raise her head. Only then did she realize that there was someone not far away looking in their direction. Obviously, they had already seen the argument between her and Zheng Zihao just now.

Zheng Zihao, on the other hand, reached out to grab her wrist and walked towards the door. Since Fang Xiao did not want to stay in this place, then he would just take her away. After all, he did not like this place.

Dongfang Yunheng originally wanted to leave without Gu Chenchen, but Gu Chenchen caught up with him just as he reached the door. Moreover, she quickly grabbed his arm from behind and pulled him.

“Yun Heng, do you have the heart to leave me alone on such an occasion?” Gu Chenchen’s voice was obviously sobbing. She was very disappointed and sad about his performance just now.

Dongfang Yunheng did not like her. This was not something that she had only felt recently. She had felt it when Fang Xiao came to be Dongfang Yunheng’s secretary last year. That was why she had requested Qiu Yitang and Fang Xiao to marry. That was why she had thought of cutting off Dongfang Yunheng’s escape route.

However, Qiu Yitang had not lived up to his expectations. He had insisted on continuing to interact with Du Caiwei after marrying Fang Xiao. That had caused Fang Xiao to fall into DU CAIWEI’s trap. In the end, Qiu Yitang had actually disregarded the interests of the Qiu family and divorced Fang Xiao.

Now, Fang Xiao had come to Binhai once again. She had even come to Dongfang Yunheng’s side. Furthermore, she was living with Dongfang Yunheng. It was not that she did not know all of this, but she could only pretend that she did not know.

Dongfang Yunheng wanted to break up with her. He had already told her this. However, because they were engaged fiancés, breaking up was not as simple as when they were still a couple.

Therefore, recently, her mother and Dongfang Yunheng's mother had been in constant contact. From her mother's mouth, she already knew that Dongfang Yunheng's mother, Xi Muru, did not like Fang Xiao. This made her more or less certain.

Her mother told her to think of a way to help Dongfang Yunheng get pregnant before Dongfang Mo and his wife accepted Dongfang Yunheng. A family like the Dongfang family had always placed a high value on children, so as long as she was pregnant with Dongfang Yunheng's child.. The Dongfang family would not go back on their word, and Dongfang Yunheng had to marry her, even if it was for the sake of the child.

After hearing her mother's words, she only felt uncomfortable. How could she not want to help Dongfang Yunheng get pregnant However, how could it be easy Because Dongfang Yunheng had always been polite and courteous to her. Even kissing her was extremely rare, and kissing was even less. As for the other layer of relationship, Dongfang Yunheng had never even mentioned it.

Chapter 1902, a man in a trench

When she told her cousin about this matter, her cousin had asked her if Dongfang Yunheng was sick She had suspected this before, but recently, she had stopped suspecting it because Dongfang Yunheng actually lived with Fang Xiao.

Originally, she was not in the mood to have a party on this birthday because Dongfang Yunheng had been particularly cold to her recently. However, in order to carry out her pregnancy plan, she had no choice but to prepare for such a party.

On such a night with so many people, it would be very easy for her to have a glass of wine with Dongfang Yunheng. However, in such an environment, getting him drunk and then having drunken sex with him was a logical thing to do.

Therefore, if Dongfang Yunheng wanted to leave at this moment, she naturally wouldn't let him go. This was because she had to seize this opportunity tonight. She had to take down Dongfang Yunheng in one fell swoop. The next two days were coincidentally when she was ovulating, so she would strive to win the lottery tonight.

Dongfang Yunheng looked at Gu Chenchen and then at many of the guests. To be honest, many of them were acquaintances. He had always been a heartless person. In fact, he never cared about what others thought of him.

In fact, he had originally wanted to break up with Gu Chenchen tonight, but who knew that the woman who was unwilling to be lonely, Fang Xiao, would actually come. Moreover, looking at the way she and Zheng Zihao looked, it was obvious that they were a couple. This made him very angry.

Unfortunately, he had just come back with Gu Chenchen arm in arm. Before he entered the hall, he saw Zheng Zihao leave with Fang Xiao. It was obvious that the two of them wanted to find a place where no one could disturb them to have a romantic relationship.

Fang Xiao and Zheng Zihao had left. He felt that it was meaningless for him to walk arm in arm with Gu Chenchen. Therefore, he took advantage of the time when Gu Chenchen was chatting with others to

send a message to his sister, Mu Yao, asking her to call him immediately. He said that there was an urgent matter at home and asked her to go back.

As expected, Mu Yao was from the same trench as him. She called him in less than five minutes, but he answered the call in front of Gu Chenchen. Then, Mu Yao said on the phone that grandma Wang's asthma was acting up and asked him to go back quickly.

After answering the call, he immediately said to Gu Chenchen, "Chenchen, I'll go back first. Grandma Wang's asthma is acting up. I went to Shanghai a few days ago to help her bring pear ointment. I have to rush to send it to her now."

Although Gu Chenchen was extremely unwilling to let Dongfang Yunheng leave because if he did, her plan would be ruined tonight, but grandma Wang's asthma was acting up, so she could not let Dongfang Yunheng rush back.

Grandma Wang was not Dongfang Yunheng's grandmother, and Dongfang Yunheng's grandmother had passed away before Dongfang Yunheng's father got married, so Dongfang Yunheng had never met his own grandmother.

In fact, the so-called grandmother Wang was the nanny of Dongfang Yunheng's mother, Xi Muru. It was said that Xi Muru was raised by this grandmother Wang, so Xi Muru had always treated this grandmother Wang as her own mother. Therefore, Dongfang Yunheng and his siblings called this mother Wang Grandmother Wang.

She could not force Dongfang Yunheng to stay, so she said to him considerately, "well, Yunheng, wait for me. I'll go change my clothes and then accompany you to see grandmother Wang."

"There's no need." Dongfang Yunheng immediately stopped her. Then he looked at the room full of guests and said, "look at so many of your guests. Everyone is here to help you celebrate your birthday, and you're the birthday star today. Do you have the nerve to leave so many guests behind at this time?"

Chapter 1903 was ruined

Gu Chenchen was stunned when she saw so many guests. This question had really stumped her. There were so many guests, and it would be rude of her to leave as the host.

Dongfang Yunheng turned around and left when Fang Xiao was stunned. He wasn't the one who invited the guests here, so he couldn't be bothered to greet them. Moreover, this birthday party was organized by Gu Chenchen herself, and he wasn't the one who organized it for her.

Dongfang Yunheng drove straight back to Yunxiao pavilion. However, due to bad luck, he encountered a traffic jam on the road, so he rushed back to Yunxiao pavilion an hour later.

He parked the car under Yunxiao pavilion and directly took the VIP elevator to the upper floor. When he used the key to open the door of his private suite on the 39th floor and found that it was pitch black inside, his heart instinctively sank.

Fang Xiao, this damn woman, no, this audacious woman, has she not returned yet, or did she not leave a light for him? He had been living with Fang Xiao for more than two months. Although the two of them did

not live together every day, he had a lot of things to do and had to travel occasionally. It was not particularly convenient for him to stay in her dormitory in the past.

Therefore, he patiently stopped. He wanted to see how Fang Xiao and Zheng Zihao were going to show off their love in front of everyone.

Unfortunately, he had just returned with Gu Chenchen arm in arm. Before he entered the hall, he saw Zheng Zihao leave with Fang Xiao. It was obvious that the two of them wanted to find a place where no one was around to talk about love.

Fang Xiao and Zheng Zihao had left. He felt that it was meaningless for him to walk arm in arm with Gu Chenchen. Therefore, he took advantage of the time when Gu Chenchen was chatting with others to send a message to his sister, Mu Yao, asking her to call him immediately. Everyone is here to help you celebrate your birthday, and you're the birthday star today. Do you have the nerve to leave so many guests behind at this time?"

Chapter 1904: Fang Xiao, get the hell out here

Gu Chenchen was clearly stunned when she saw so many guests. This question had indeed stumped her. There were so many guests, and it would be rude of her to leave even though she was the host.

Meanwhile, Dongfang Yunheng turned around and left while Fang Xiao was stunned. He wasn't the one who invited the guests here, so he didn't bother to greet them. Moreover, this birthday party was organized by Gu Chenchen herself, and he wasn't the one who organized it for her.

Dongfang Yunheng drove straight back to Yunxiao pavilion. However, due to bad luck, he encountered a traffic jam on the road, so he rushed back to Yunxiao pavilion an hour later.

He parked the car under Yunxiao pavilion and directly took the VIP elevator to the upper floor. When he used the key to open the door of his private suite on the 39th floor and found that it was pitch black inside, his heart instinctively sank.

Fang Xiao, this damn woman, no, this audacious woman, has she not returned yet, or did she not leave a light for him?

They had been living together for more than two months. Although they did not live together every day, he had a lot of things to do and had to travel occasionally. It was not particularly convenient for him to stay in her dormitory.

However, ever since he had lived with her, she would leave a light for him regardless of whether he returned or not. Therefore, even if he came back in the early morning, he could see that the light in the living room was on when he opened the door.

There was no light in the room, and he was too impatient to turn it on. Hence, he walked forward in the dark, wanting to go into the bedroom. However, the light was always on. Today, Meng Di was walking in the dark, and it was really not smooth. His feet tripped on the dining chair He threw himself forward and fell to the ground.

Dongfang Yunheng was so angry that he almost vomited blood. He struggled to get up from the ground and kicked the dining chair that tripped him in the dark. He cursed fiercely, "go to hell, what rubbish is this? "

It was all that Damn woman, Fang Xiao, and she was his part-time worker. How did she clean the room, and even put the dining chair in the middle of the aisle Did she know what a housekeeper was?

Dongfang Yunheng fumbled his way to the wall and turned on the lights. Although it was his suite, he rarely stayed here in the past. He and Fang Xiao had moved here not long ago, and he usually left early and returned late Therefore, he was actually not familiar with this place as Fang Xiao was.

After a long time, he finally felt for the switch on the wall. He pressed it with a little force, and the lights in the room finally lit up. It was so bright that it looked like a speeding car to him in the darkness just now.

He covered his eyes with his hand and adjusted slightly. Only then did he realize that the dining chair had not moved at all and was still in its original position. It was just that he had not found the right direction when he walked in the darkness just now.

Well, it seemed that there was a woman in this house. He did not need to do anything every time he came. Gradually, he did not know where these things were placed.

He glared at the dining chair that had just tripped him. In the end, he resigned himself to fate and turned around. He walked in the direction of the bedroom. The bedroom door was tightly shut. The woman was probably already sleeping inside.

Well, this woman had clearly sold herself to him. This woman was now his part-time worker. She ate, lived, and slept with him all day. Occasionally, she slept with him. Now, her temper was even worse than his.

He was extremely frustrated. He opened the door with his hands and walked in. Before he reached the window, he shouted loudly, "Fang Xiao, get off the bed! "

Chapter 1905 went to eat

As he shouted loudly, he quickly rushed to the bedside. When he saw the clean bed, he was dumbfounded. Because the bed was empty, there was no one there. Moreover, it was obvious that there was no trace of anyone lying on it.

"Fang Xiao. "

"Fang Xiao! "

He shouted twice and then quickly went to the cloakroom and bathroom. In the end, it was still empty. There was no sign of any woman at all.

Fang Xiao was not in the room Then where was she now?

Dongfang Yunheng looked at the time almost instinctively. It was already past 11 pm. It was so late at night, and this woman was still not home What did she mean by this?

Was she demonstrating to him Or did she meet with some mishap?

She only had one eye, and her defense was not good. Moreover, her stomach did not seem to be very good, and her body was very weak. If she met with any mishap on the road... ..

As Dongfang Yunheng thought of this, he could not help but feel nervous. He used his trembling hand to take out his phone and quickly dialed Fang Xiao's phone, wanting to know where she was at the moment.

However, after he dialed Fang Xiao's phone number, a notification sounded from his phone. It was obvious that Fang Xiao was no longer within his control.

"Damn it! " He punched the dressing table, but because the dressing table was too good, it didn't shake at all. Instead, his hand was numb from the pain.

At this moment, Fang Xiao and Zheng Zihao were on the highway in the outskirts of Binhai. Because Zheng Zihao had drunk some wine, she was currently driving Zheng Zihao's car.

It was past 11 o'clock at night, and there were actually quite a lot of cars on the road. However, there were a lot fewer cars. Usually, it was big trucks that were waiting for long-distance freight cars.

Fang Xiao had always known how to drive. However, after she was blind in one eye, she had never driven again. Now, she was driving again, and it was night time, so she couldn't drive fast.

In fact, after Fang Xiao left the villa community near Lake Villa, she wanted to go back to the Cloud Sky Pavilion. However, Zheng Zihao said that he hadn't eaten yet, and he was hungry at this time, so he wanted to eat something.

Coincidentally, Fang Xiao was also hungry. To be honest, she had cooked some noodles for lunch. In the afternoon, Zheng Zihao had brought her to buy a dress or something. She had originally thought that she could eat something at the banquet.

But who knew that she would run into Dongfang Yunheng at the banquet, so in the end, the two of them left without eating anything. They even had a bellyful of unhappiness.

When Zheng Zihao said that he wanted to eat something, Fang Xiao did not take it to heart. She thought that anyway, it was just to find a restaurant to eat. How long could it take Therefore, she did not object and followed his wishes.

However, when he drove to the suburbs and was getting further and further away from the city, Fang Xiao finally reacted. It turned out that when he said that he wanted to eat, he was not just randomly looking for a restaurant. It seemed that he wanted to eat something new.

Zheng Zihao actually did not want to eat anything new, but he wanted to eat kiln chicken. Kiln chicken was not available in the city, so he had to go to the mountains by the East Coast.

Fang Xiao had eaten kiln chicken before, when she was in middle school. That time was du Caiwei's birthday. At that time, her father took her to help du Caiwei celebrate her birthday. Du Caiwei said that she wanted to eat kiln chicken Therefore, her father drove them to a kiln chicken restaurant on Mount Qiniang in the east.

At that time, she was still very curious about kiln chicken. On Mount Qiniang, there was also cabbage grown by the boss of the kiln chicken restaurant. It was said that the cabbage was non-medicated and was an all-natural green food. Therefore, it was not strange to see bug eyes on the leaves of the vegetables.

Chapter 1906 taking her to eat kiln chicken

To be honest, she had always been brave. To be precise, she was quite brave. She was not afraid of many large animals, such as cats and dogs.

However, she was very afraid of some small animals, such as cockroaches, ants, and insects. So when she saw a green insect on the cabbage leaf, she was so scared that she took a few steps back. She did not even dare to pluck the cabbage.

Du Caiwei, who was standing beside her at that time, could not help but laugh when she saw her like that. She ran to the side and picked a small branch to pick a green insect and threw it at her. She was so scared that she did not even have time to run.

After so many years, she had come to Mount Qiniang to eat kiln chicken again. Although the people around her were no longer her father and Du Caiwei, she was still very afraid of insects. Therefore, when Zheng Zihao asked her to pick cabbages, she still did not dare to go over.

Zheng Zihao smiled and said, “what are you afraid of? The cabbages here are so beautiful. Take a look and choose yourself. If you like that one, then pick that one. The boss here is very familiar with me. He won’t charge US FOR IT. “

Fang Xiao looked at the cabbages. These cabbages indeed did not have as many bug eyes as they did a few years ago. It was likely that they were no longer pure natural. The boss must have used insecticides secretly.

In the end, Fang Xiao went to pluck two cabbages. The boss caught a walking chicken on the mountain and killed it. In the end, it was made into a kiln chicken. As for how the kiln chicken was made, Fang Xiao did not know.

Zheng Zihao originally wanted to eat the cabbages dry, but Fang Xiao stopped him. She said that this kind of pure natural cabbages should be stir-fried better, so it retained the original fragrance of the cabbages.

The kiln chicken and the cabbages were quickly served. They were indeed better than the food in the restaurants in the city, especially the stir-fried cabbages. The fragrance was something that the cabbages bought in the market usually did not have.

The kiln chicken was also very delicious. The chicken was freshly killed, and it was also a ground chicken. Therefore, the texture of the meat was particularly delicate, and the chicken meat in ordinary restaurants could not be compared to it.

The two of them ate for nearly two hours before they finished the dinner. During the course of the meal, there happened to be a full moon in the sky. Zheng Zihao was happy and could not help but ask the boss to bring the HAKKA yellow rice wine.

The northern region of Guangdong produced a lot of yellow rice wine, and Zheng Zihao was a local who liked to drink such wine. In fact, such wine was good for women, so he let Fang Xiao drink some.

Fang Xiao declined. She said that she could not hold her liquor, and most importantly, she was easily drunk. And the yellow wine here was also not known whether it was real or fake. What if she drank fake wine?

In the end, Zheng Zihao did not force her. He drank alone, while Fang Xiao drank cold tea to accompany him. The two of them drank and ate, so they used up a lot of time.

When they walked out of Mount Qiniang, it was already past 11 o’clock at night. hakka yellow wine was not supposed to be intoxicating, but Zheng Zihao drank too much alone, and actually drank one Jin. So when he walked down the mountain, he said that he was a little drunk.

Zheng Zihao was drunk and did not want to drive. He said that they could just stay at Mount Qiniang’s farmhouse for a night. Anyway, farmhouse was very cheap. Two rooms a night were only two to three hundred yuan, and the air on the mountain was fresh.

Fang Xiao did not dare to stay at Mount Qiniang, so she said to Zheng Zihao, “since you are drunk, then I will drive. You can sit in the passenger seat. “

Thus, Zheng Zihao’s car was finally handed over to Fang Xiao, and Zheng Zihao really sat in the passenger seat and acted like a GRANDPA.

Chapter 1907 asked her to drive

Fang Xiao’s speed was naturally not fast. Although she was driving on the highway, she had always maintained a speed of 60 because if she drove any faster, she was afraid that if her vision was not good, she would be in trouble if she got into a traffic accident later.

Fortunately, Zheng Zihao did not rush her and allowed her to drive at a moderate speed. The moon outside the window was almost round. Zheng Zihao felt that on such a night, driving at such a speed was just right.

Because it was night and because she was running on the highway in the mountains, Fang Xiao did not turn on the air conditioner. Zheng Zihao pressed down the window, and Fang Xiao’s long shoulder-length hair danced in the wind.

Perhaps it was because she had not driven for a long time, the current Fang Xiao still felt very comfortable driving on this night even though she only had one eye. The evening wind whistled past the window, and her long hair fluttered in the wind Her originally depressed mood also became better, so she gradually adapted to the discomfort of one eye.

Zheng Zihao sat in the passenger seat for a while, and then reached out to press the car CD. Thus, a song by Fang Xiao, who didn’t know who the singer was, rang in the car:

It turns out that my world with you / is separated by the ambiguous night / your love is not the kind of cordial I want / wait for time to let me understand. . .

If the gaze could be a little firmer / I wouldn’t care about all that / if it’s not worth loving, I would reject it and ignore it. . .

Silent Acceleration / is my footsteps / running in the line of sight / I don’t want blessings / I don’t care about loneliness / running to the furthest place. ...

The night, the song, and the environment were actually more suitable for driving fast. Zheng Zihao couldn’t help but suggest to Fang Xiao, “Fang Xiao, drive faster. There aren’t many cars on the road at the moment, so you can definitely race. “

Fang Xiao shook her head, looked at him from the side and said indifferently, “No, I personally don’t like driving fast. Moreover, my driving skills aren’t very good, so safety should be the priority, right? “

Actually, Fang Xiao thought to herself, I didn’t mean to drive so slowly on purpose. It’s just that I can’t see with one eye, so my vision will definitely be limited. If I drive fast and suddenly a car overtakes me from behind, I’m afraid I won’t be able to make it in time.

Zheng Zihao saw that Fang Xiao wasn't willing to drive fast, so he didn't say anything more. Moreover, it was such a night, and they were sitting in such a car. It was rare to have such a quiet moment, and the songs on the CD were so moving. And the sound of each other's breathing was so clear that it was close to their ears. ...

It was rare to have such a moment, and it was rare to have such an almost. Being together with her like this was a kind of enjoyment. It could be said to be a luxury enjoyment. ...

Because Fang Xiao's driving speed was slow, it had been two hours since they returned to the city from Mount Qiniang. She parked her car at the side of a certain street, then very naturally pushed open the car door and got out.

"Hey, Fang Xiao, do you live here?" Zheng Zihao saw Fang Xiao get out of the car and followed her out. When he saw Fang Xiao walking towards the roadside, he could not help but call out to her.

"I live near here," Fang Xiao explained indifferently, and then said, "thank you, tonight's chicken dinner was very delicious. "

"Why are you being so polite with me?" Zheng Zihao replied indifferently, and then walked over to ask, "where exactly do you live? Can't I just drive you back? "

"No need. I'm nearby. I can walk for a few minutes," Fang Xiao refused again. She would never let Zheng Zihao drive her back to cloud sky pavilion.

Chapter 1908 we are just ordinary friends

"Are you... so afraid that I know where you live?" Zheng Zihao was not stupid. Fang Xiao's expression clearly showed her distrust of him, which hurt him very much ...

"I'm moving out in a few days," Fang Xiao quickly explained to him. "So it's useless for you to know about my place. I've already resigned. I'll tell you when I find a new job. "

Zheng Zihao saw that Fang Xiao was determined not to let him send her off, so he did not force her. He knew Fang Xiao's personality more or less. If she did not want to tell him, he would not tell her no matter how much he asked her.

Therefore, he saw Fang Xiao walking in an extremely small alley, and that alley was obviously not accessible by car, so he could only give up and drive away a little unwillingly.

Fang Xiao hid in the alley until she saw Zheng Zihao's car drive away, then she slowly walked out of the alley and hailed a taxi on the side of the road. Only then did she rush toward Yunxiao Pavilion, which was about two kilometers away.

Fang Xiao got out of the taxi and naturally walked toward Yunxiao pavilion. It was late at night and the elevator had been waiting for her, so she quickly entered the elevator and directly went up to the door of Dongfang Yunheng's private suite on the 39th floor.

She took out her keys to open the door. The moment she pushed it open, she found that all the lights in the living room were turned on. It was as bright as day and very dazzling. She almost instinctively covered her glasses with her hand.

Fang Xiao covered her glasses with one hand and quickly went to the wall to press a few switches. She turned off a few lights, leaving only a few dim yellow lights. Only then did she feel slightly better.

She put down her hand that was covering her glasses. Before she could let out a sigh of relief, she found Dongfang Yunheng sitting on the Sofa. Looking at his gloomy face, it seemed that he was waiting for her.

Fang Xiao frowned instinctively. She was about to explain, but before she could say anything, Dongfang Yunheng had already taken the initiative.

“Hehehe, our agreement seems to have not expired yet. Are you so eager to find the next one? ” Dongfang Yunheng’s tone was filled with mockery, but it also carried a strong sourness. It was just that he did not feel it himself.

Fang Xiao instinctively did not want to listen to Dongfang Yunheng’s words Therefore, she could not help but say indifferently, “Zheng Zihao and I were classmates in middle school. We had dinner together tonight. It seems that our agreement does not stipulate that I can not have dinner with my former classmates, right? ”

Dongfang Yunheng became more and more unhappy when he heard this He couldn’t help but say coldly, “yes, the agreement doesn’t stipulate that you can’t have dinner with your friends, but the agreement clearly stipulates that you can’t have an affair with another man when you’re my mistress. I have... ”

“Zheng Zihao and I are just ordinary friends. We only had a meal together, ” Fang Xiao argued instinctively. Perhaps it was because she was angry.. She couldn’t help but raise her voice by two decibels. “I don’t know which aspect you mean by ‘having an affair’ . I think no matter what, having a meal together isn’t considered having an affair, right? ”

“It doesn’t seem like an affair for a normal friend to eat a meal. ” Dongfang Yunheng nodded seriously Then, he stared at her gown and the necklace on her neck and said, “however, if you didn’t have any other relationship with him, if you didn’t promise him anything, why would he bring you to such a banquet Why would he put the Zheng Family’s necklace on your neck?”

Chapter 1909, your thoughts are not filthy

Only then did Fang Xiao remember this necklace. Damn it, she had clearly wanted to take it off and return it to Zheng Zihao before she left the villa, but who knew that Zheng Zihao would block it.

Later, she went to eat brothel chicken with him, and then she forgot about this matter. Now that Dongfang Yunheng mentioned it, she found the necklace on her neck again.

“I don’t know what this necklace means to the Zheng family, ” Fang Xiao said truthfully Then, she sighed softly and said, “Dongfang Yunheng, our agreement is only going to expire in a few weeks. To be honest, you don’t have the right to interfere in my private affairs. As for me and Zheng Zihao? ”

“What do you want with Zheng Zihao?” Yun Heng’s heart was suddenly on the edge of his throat. The appearance of Fang Xiao and Zheng Zihao tonight made him instinctively nervous.

Originally, he thought that the only person beside Fang Xiao was Qiu Yitang, who was so regretful that his intestines were turning green. He had never taken Qiu Yitang to heart, so he only had 120% confidence in her. He thought that other than him, it was impossible for her to have any other relationships with other men.

However, who knew that he had only flashed a glance, and she had immediately walked together with Zheng Zihao. Moreover, looking at Zheng Zihao’s actions tonight, it was obvious that Zheng Zihao had listed Fang Xiao as his girlfriend, and even considered the marriage industry.

“Mr. Dongfang, what Zheng Zihao and I want to do seems to be something that will happen in the future. Therefore, there’s no need for me to report to you, don’t you think so?” Fang Xiao did not want to continue to be entangled in this matter with Dongfang Yunheng. After saying this, she turned around and walked towards the bedroom.

Dongfang Yunheng saw that she actually had such an attitude, and her face was completely innocent. She had been with Zheng Zihao at night, and she had come back so late, but she actually didn’t feel the slightest bit of guilt and unease. Thus, before he could calm down his previous anger, he was provoked by Fang Xiao’s call, and his anger grew even more intense.

Thus, he dashed forward and directly stopped Fang Xiao at the bedroom door. His voice was angry as he said, “Fang Xiao, what exactly do you mean by this? Could it be that you’ve been with another man all night, and I can’t even ask?”

“Who would ask that?” Fang Xiao was also very angry when she heard his words. She couldn’t help but say coldly, “Mr. Dongfang, I think not everyone has the same dirty thoughts as you. A man and a woman having a meal, can you also think of...”

“Your thoughts are not dirty?” Yun Heng quickly interrupted Fang Xiao’s words. She couldn’t help but snort coldly and said, “fine, you are not dirty, I am dirty. Then, did you and Zheng Zihao hold hands? You are still wearing his necklace and the gown he bought for you. Don’t tell me that you bought the Gown Yourself?”

“He gave it to me, why can’t I wear it?” Fang Xiao was about to vomit blood from being pestered by Dongfang Yunheng. It was already so late, and she clearly wanted to hurry to her room to take a shower and rest, but this man kept stopping her.

“You wear the clothes he gave you? You wear the necklace he gave you? Then, when he gives himself to you, will you also want it? Ah?” Dongfang Yunheng was angry. His usually cold face was now flushed red from excitement, and his tone was clearly filled with anger.

Fang Xiao only felt that Dongfang Yunheng was too inexplicable tonight. She was not in his way. He was just her financier, and she did not stop him from enjoying his rights, nor did she say that he was unwilling. What kind of crazy was he? Why did he have to interfere in her private life?

Chapter 1910, are you mute

Therefore, she simply did not make a sound. A faint pain came from her stomach, and a warm current flowed out from the place that was called privacy. She immediately knew what was going on. It was likely that her period had come in advance to report.

“Why, are you not speaking?” Dongfang Yunheng saw that she was silent, and his heart became more and more displeased. Thinking that she had left him and was about to throw herself into Zheng Zihao’s arms, the burning anger in his heart almost burned him to the point of fainting.

He absolutely would not allow such a thing to happen. Therefore, he had to think of a way to tie this woman to his side. No matter what method he used, how could other men touch his woman?

At this moment, Fang Xiao could not be bothered to answer Dongfang Yunheng’s question because her stomach was getting more and more painful, and the warm current was clearly flowing out quite a bit. She could already feel that her underwear was wet. Moreover, there was a warm current flowing down her thigh, and the flesh-colored silk stockings were probably a little wet.

She remembered that her period was not due for another two days, and she had not lived here for long. She had originally planned to go to the mall to buy a pack when she left the House the next day, but she had not expected that she would be angered by Dongfang Yunheng to the point that she had moved it forward.

“Fang Xiao, are you using silence to express your thoughts?” Dongfang Yunheng saw that Fang Xiao was still silent, so he was certain that his guess was correct. He moved closer to Fang Xiao. It was unknown whether he wanted to force her to admit it or force her to deny it.

At this moment, Fang Xiao could not be bothered to listen to what Dongfang Yunheng was saying, because her stomach hurt as if there was a sharp knife constantly stirring in her stomach, and the sweat on her forehead became more and more. Dongfang Yunheng’s grip on her shoulder also became stronger and stronger, as if he wanted to crush her shoulder and her whole body together.

Dongfang Yunheng saw that Fang Xiao had been biting her lips tightly, and her face was also ferocious because of the clenching of her teeth. It was as if she was going to fight him to the death.

He was finally completely furious. He could not help but raise his voice and growl, “Fang Xiao, don’t pretend to be deaf and dumb with me. Let me tell you, you are now under me, Dongfang Yunheng. No matter whether our agreement ends or not, I will never let you be another man’s woman. You have to accept your fate for the rest of your life. I will never let you go. “. “...”

Fang Xiao’s stomach was in unbearable pain, so she did not hear clearly what Dongfang Yunheng was yelling at her because all her attention was focused on resisting the pain in her stomach. Therefore, Dongfang Yunheng’s voice was buzzing in her ears, but she did not hear a single word clearly.

“Fang Xiao, do you want to open your mouth and speak?” Dongfang Yunheng was almost out of temper because of her silent resistance, so he grabbed her shoulder and shook it slightly. “Fang Xiao, are you mute...”

Before Dongfang Yunheng could finish his sentence, Fang Xiao’s stomach was in so much pain that she could not stand anymore. She could not control her body and squatted down on the ground. Her hands

were tightly placed on her lower abdomen, and her originally colorless face was as Pale as paper A layer of fine sweat appeared on her forehead.

“Fang Xiao... Fang Xiao... Fang Xiao, what’s wrong with you?” Dongfang Yunheng finally realized that something was wrong with Fang Xiao. At this moment, his voice trembled slightly when he asked her again.
