

## **Divorce 1931**

### **Chapter 1931 — they don't eat people**

Qiu Yitang waited for Ah Biao to leave before he picked up his phone to call his friends. To be honest, he didn't have many friends in Binhai. He was only close to the Gu family.

Gu Yiran, Gu Chenchen's cousin, was also Qiu Yitang's cousin. He had just returned from abroad a few days ago and happened to be in Binhai. At noon, Gu Yiran called him to invite him for dinner. At noon, he wondered if there would be any news about Fang Xiao in the afternoon. So he said that he would talk about it at night, in case he had some social engagements.

At this moment, he happened to be free, so he took the initiative to call Gu Yiran. Since Fang Xiao and Dongfang Yunheng were together, if he wanted to destroy Dongfang Yunheng and Fang Xiao, he reckoned that he would have to contact the Gu family and even meet Gu Chenchen.

In the blink of an eye, a week's time had passed, and the agreement between Fang Xiao and Dongfang Yunheng had reached its final day.

Fang Xiao had been secretly working with the Flower and Grass Company for the past two days, preparing to leave as soon as the contract was over.

A few days ago, Dongfang Yunheng had come to the Yunxiao pavilion. Ever since that day at the golf course, when he had plotted to say that she had agreed to marry him, his skin had become thicker these two days, and he had actually started calling her his wife.

Fang Xiao was somewhat helpless and did not know whether to laugh or cry at his way of addressing her. She corrected him a few times, but it did not work. The more she corrected him, the more he cheered. In the end, she simply did not correct him. She thought that she would just leave secretly.

In the past two days, Dongfang Yunheng had not come. She secretly heaved a sigh of relief. She thought that he had a lot of things to do. Of course, he was the president of such a big company. He would not abandon his work just because of her, right?

On the last day of the day, she went to Jiangnan's famous city to clean up in the morning. The last time she cleaned, she was still very serious about her work. It could be said that she had done a lot of cleaning.

In the afternoon, she went to his lakeside villa again. Not only did she clean up the upstairs and downstairs, but she also watered the flowers and trees there.

Of course, she would leave early tomorrow morning. The Yunxiao Pavilion's cleaning could be done tonight. And this evening, she wanted to go to the special school to visit her younger brother, Fang Chen. She wanted to bring her younger brother out for dinner tonight. It could be considered a farewell dinner.

However, at four o'clock in the afternoon, she had just returned to the Yunxiao pavilion when Dongfang Yunheng called. He told her that her parents wanted to see her tonight, so he told her to wait at home and not go there. He would immediately drive back to pick her up.

Hearing his words, Fang Xiao felt an inexplicable sense of fear, so she could not help but say to Dongfang Yunheng on the phone, “well, can I not go to see your parents? Can I escape at the last minute? “

“Of course not, ” Dongfang Yunheng’s voice sounded very determined from the phone, and then he asked, “why are you escaping? They don’t eat people. “

“They don’t eat people, but I’m still very afraid, ” Fang Xiao Thought of Mrs. Dongfang’s expression, and her heart immediately became so nervous that her voice trembled. She was really afraid, and she was sure that Mrs. Dongfang would not like her. In fact, if she went to see.. She was going to be humiliated.

“Xiao Xiao, what are you afraid of? ” Dongfang Yunheng also heard that Fang Xiao’s voice was a bit off So he quickly comforted her, “people say that ugly wives have to see their in-laws sooner or later. Moreover, you’re not so ugly that you can’t see people, right? Don’t worry, my mother is... “

“Your mother won’t like me, ” Fang Xiao quickly interrupted Dongfang Yunheng’s words, and then hurriedly explained, “Yun Heng, I’m not going. Your Mother didn’t like me five years ago, and now she won’t like me even more. I think... “

### **Chapter 1932: Meeting Mrs. Dongfang Five Years Ago**

“Wait, what did you just say? ” Dongfang Yunheng quickly stopped Fang Xiao on the other end of the phone and continued to ask, “how do you know that my mother didn’t like you five years ago? Could it be that you met my mother five years ago? “

Fang Xiao then remembered that she had let the cat out of the bag just now. Five years ago, that noblewoman had told her not to tell Xi Lingheng that she had met her.

Now, even if she didn’t say it, she had already said it. Besides, they were going to meet soon, so she couldn’t care less about keeping the secret from five years ago.

Therefore, she took a deep breath and said, “yes, five years ago, in New Jersey, your mother came to look for me. She said... she said that I’m not good enough for you... “

Dongfang Yunheng never dreamed that his mother had actually gone to New Jersey to see Fang Xiao five years ago. What was even more unexpected was that his mother would actually say something like that.

Fang Xiao was not good enough for him Was this what his mother said His mother had been despised and abandoned by her parents since she was young. In the end, she grew up with the maid, mother Wang.

His mother and father had gone through so much. Their love and marriage had not come easily. In his heart, his mother had always been a great woman, and also a kind and understanding woman.

Although his mother had recently opposed his marriage to Fang Xiao, he believed that it was because his mother had almost frozen to death five years ago when she saw him. It was out of maternal instinct that she felt sorry for him, afraid that he would suffer the same fate as Fang Xiao again.

But who knew that his mother had despised Fang Xiao five years ago She actually said that Fang Xiao wasn't good enough for him. At that time, he and Fang Xiao hadn't broken up yet, and their relationship was very good. What right did mother have to say that Fang Xiao wasn't good enough for him?

It was rare to say that mother had secretly investigated Fang Xiao's background But even so, Fang Xiao's background back then wasn't shameful, was it The Fang family could be considered an ordinary family in Huicheng, right?

Mother herself had lived that kind of life since she was young. She couldn't have despised the poor and loved the rich. Back then, when her sister married her first brother-in-law, Jin Zhengnan, wasn't she also the child of a poor family? Mother didn't say anything either?

Then why did his mother treat Fang Xiao like that five years ago And five years ago, Fang Xiao broke up with him. ...

He couldn't help but think of the piercing words that Fang Xiao said to him on the day of the break-up. And those words, were they deliberately said by Fang Xiao after she promised her mother that she would break up with him?

His heart and his body trembled in an instant. He had always thought that the break-up five years ago was a fatal blow to him from Fang Xiao. She was as cruel as he loved her. And when she proposed the break-up at that time, perhaps it was indeed a manifestation of her momentary vanity.

Last year, when he met Fang Xiao Again, when he found out about the things between the Fang and Qiu families, he vaguely knew that when Fang Xiao came back from America to get engaged to Qiu Yitang, it was to save the Fang family.

Born into a wealthy family, he had seen many things like this since he was young. Even his parents' marriage back then, it was said that his mother's mother's family, his so-called grandfather.. It was also to save his Xi family that he got married to the Dongfang family.

Last year, he brought Fang Xiao to France and abandoned her the moment he returned. He wanted to avenge her for abandoning him that year, to make her feel the pain of being abandoned.

However, he soon realized that this woman was not in pain at all. After she returned to Hui city, she married her ex-fiancé, Qiu Yitang, and became the young madam of the Qiu family.

### **Chapter 1933 was the most important part**

Only then did he know that he was the one who was truly in pain. After she became the young Madam of the Qiu family, he had driven to Hui city several times. He had hidden himself in a hidden place to look at her and discovered that she was actually living a carefree life.

The one that he remembered most clearly was last year's winter solstice festival. He clearly didn't need to go to h city, but he still found an excuse for himself and drove to h city. In fact, he was driving to Hui city because h city would pass by Hui city.

That time, when he rushed to Hui city, he happened to see her driving out in a BMW. She even had an appointment with a friend. She was chatting and laughing with her friend, and they seemed to be living very happily.

That was because his heart was completely dead. He thought that he would never be able to be with her again in this life, so when he came back, he agreed to Gu Chenchen's request and agreed to be engaged to her.

However, later on, he met Fang Xiao again and found out that she had encountered such a thing in the Qiu family again. He even saw that she only had one eye when he was downstairs in her dormitory. At that time, his heart was so painful that it almost stopped beating.

He kept looking for her, thinking that he was going to humiliate her. He was going to make her regret how short-sighted she was back then when she saw him. She had lost him, the so-called poor boy, and now she was living such a life.

However, he soon discovered that his purpose of doing this was not to humiliate Fang Xiao at all. Instead, it was to make himself sink deeper and deeper. In the end, he realized that he simply could not leave her. He simply wanted to be with her, except for her.. He actually did not want any other woman.

Leng Rong had previously said that he would be in the hands of a woman for the rest of his life. He was utterly useless. He even stubbornly refuted, saying that he was not in the hands of a woman. He just wanted to make that woman feel guilty.. He wanted her to fall in love with him again and regret her guts.

In fact, he knew in his heart that he was indeed in the hands of a woman for the rest of his life. And the person who truly regretted his guts was not Fang Xiao, but himself.

He had always thought that if he had not abandoned her after returning from France with her last year, then she would definitely not be like this today, and their marriage would not have gone through such hardships.

Most importantly, her eyes. Every time he slept beside her, every time he looked sideways at her eyes that were like dead fish beads, he wished that he could dig out his own eyes and fix them on her.

He knew the process of her losing her eyes, and he also knew the price of her losing her corneas. That was the freedom that she was willing to use her corneas to exchange for. Therefore, he could not forcefully push this responsibility onto Qiu Yitang or Qiu Yitang's mistress.

The root of the matter was that he had abandoned Fang Xiao last year. If he had not abandoned Fang Xiao, then Fang Xiao would definitely not have married Qiu Yitang. And if Fang Xiao did not marry Qiu Yitang, then the incident of losing her corneas would not have happened.

Of course, he would not let go of those who framed Fang Xiao. Those who dared to touch his woman and lay their hands on his woman would not have an easy life.

He did not touch those people for the time being because he wanted to settle down with Fang Xiao by his side. He was deeply afraid that if he touched those people, and this woman was not by his side, if he was not careful, those people would lay their hands on her again.

Therefore, he had to make peace with his family. What he had to do now was to take Fang Xiao to his parents so that they would accept Fang Xiao and then agree to his marriage with Fang Xiao.

### **Chapter 1934-don't run around**

As long as he and Fang Xiao were married, Qiu Yitang and the woman surnamed Du would not dare to touch Fang Xiao, because if they touched Fang Xiao, they would be touching him, Dongfang Yunheng.

He thought things were going well. Recently, his mother did not oppose him and Fang Xiao Anymore under his father's persuasion. A few days ago, she even took the initiative to say that she wanted to meet Fang Xiao and ask him to bring his ugly wife to them.

He thought about this matter and felt that it was about right. He believed that his parents were not the kind of people who deliberately made things difficult for others, and Fang Xiao was not worse than Gu Chenchen. His parents would definitely like Fang Xiao when they saw her.

However, who knew that Fang Xiao would actually say that her mother had seen her five years ago and that she was not worthy of his words? This made the matter that he was very confident in immediately become uncertain.

Fang Xiao could not hear Dongfang Yunheng's voice over the phone for a long time, so she said indifferently, "So, Yun Heng, I don't need to go with you to see your parents. "

After saying this, Fang Xiao was about to hang up the phone, but she was quickly stopped by Dongfang Yunheng on the other side of the phone.

"Why aren't you going?" Yun Heng's deep and hoarse voice came from the phone. Then he quickly explained, "Xiao Xiao, people change. You said that it was five years ago. Maybe my mother's mind has changed again after five years? "

"She can't change," Fang Xiao hurriedly said. She took a deep breath and quickly added, "I met her in the mall some time ago. She looked cold when she saw me... "

"You met her at the mall?" Dongfang Yunheng's slightly shocked voice came from the phone. He couldn't help but ask, "when did this happen? Which Mall did you meet my mother at? "

"It was the time when we bought pots and pans at the global chain store. " Fang Xiao couldn't care less now, so she said truthfully, "I went to the second floor to buy cleaning products and met her at the cosmetics counter. "

"Xiao Xiao, I have something to take care of first, so I won't come to pick you up. I'll get mu Yao to pick you up later. " After hearing Fang Xiao's words, Dongfang Yunheng's heart was in a mess At this moment, he felt that he had to go back and ask his mother some things.

His mother could disagree with his marriage to Fang Xiao. After all, his mother had her own considerations and standpoint. However, that should be discussed openly with him and not played tricks behind his back. This was something that he simply couldn't accept.

Fang Xiao frowned slightly when she heard Dongfang Yunheng's words. She was about to reject him when Dongfang Yunheng's voice sounded again. "Alright, Xiao Xiao, just wait at home. Don't run around. That girl Mu Yao is very fast. She'll probably arrive in less than half an hour. "

Fang Xiao smiled wryly when she heard Dongfang Yunheng's words. Why was she running around After tonight, she would no longer have anything to do with Dongfang Yunheng tomorrow. If Mu Yao wanted to come, then so be it. That little girl wouldn't be able to do anything to her.

Moreover, she was certain that Dongfang Yunheng's parents wouldn't like her and wouldn't agree to the marriage between Dongfang Yunheng and herself. Therefore, whether or not she would meet Dongfang Yunheng's parents tonight had already been decided in advance.

Dongfang Yunheng wasn't lying. Mu Yao, this little girl, was really coming very soon. Of course, this would only take about half an hour as he said on the phone.

### **Chapter 1935, of course you're not nervous**

Fang Xiao had never thought of running away. Although she had said that she wanted to hide, now that things had developed to this point, and she was about to spill the beans about what happened five years ago, running away would make her look guilty It was as if she was making up a lie.

When Mu Yao came, she was packing her luggage because she was leaving early the next morning. If she was really going to meet Dongfang Yunheng's parents tonight, she reckoned that she would not be back too early. Therefore, she took the opportunity to pack her luggage first.

Mu Yao looked at Fang Xiao who was packing her luggage and teased, "Aiyo, what are you doing? Are you preparing to pack up and run away? And then have my brother chase you back from the ends of the Earth? "

Fang Xiao smiled when she heard this and said plainly, "why would I run away? It's just that I won't be staying here tomorrow. I'm going to work somewhere else and I'm just preparing to move. "

Dongfang Mo and Xi Muru were preparing to leave at 5:30 in the afternoon. As Yun Heng and Junyue Xuan were not far from one inch mo city, it would only take less than twenty minutes to drive there.

Xi Muru was actually a little nervous. She picked out a few clothes and changed into them, but she was still not satisfied. Dongfang Mo even scolded her from the side. "Look at you. You're going to have dinner with your future daughter-in-law. You've met her before, so why don't you wear something different? "

Xi Muru could not help but laugh when she heard Dongfang Mo's words. She said a little embarrassedly, "I think it's strange too. This ugly daughter-in-law is obviously nervous when she meets her in-laws, but I, as her mother-in-law, am actually so nervous. "

"It's the first time for a young lady to be on a sedan chair, so it's normal for her to be nervous. " Dongfang Mo immediately enlightened her. "Isn't this your first time being a mother-in-law? It's the same as your first time being a bride. "

Xi Muru could not help but roll her eyes at Dongfang Mo when she heard this. She could not help but say coldly, “you mean, you’re not nervous when you’re being a groom for the first time? “

“...”Dongfang Mo was immediately speechless.

Being a groom was something that happened more than thirty years ago. He could not even remember if he was nervous at that time. Moreover, he did not think that the bride would be her when they got married?

Since ancient times, their marriage was destined, so they had been entangled with each other for their entire lives. Thinking about the years when they had just married and how she had almost become Zheng Yifan’s wife, he still felt a lingering fear.

When Xi Muru saw that Dongfang Mo was silent, she could not help but say, “of course you’re not nervous. Before you got married, you had countless women and had been a real groom many times. It would be weird if you were nervous. “

This time, Dongfang Mo was sweating. He was about to turn 60 years old. He still felt extremely guilty when he told his wife about what had happened back then.

Hence, he quickly went forward and pulled his wife into his arms from behind. He looked at her still charming in the mirror He apologized softly, “I’m sorry, Mu Ru. I didn’t leave my virginity to you in this life. In the next life, I’ll definitely meet you at the earliest time. I’ll definitely not touch another woman before I marry you. I’ll definitely...”

“Get lost, get lost.” Xi Muru pushed him away with her hand and then said with a red face, “you’re already so old, yet you still say such things. Don’t you find it too mushy? “

“What’s there to be mushy about?” Dongfang Mo could not help but laugh He looked at his wife and said, “anyway, we’ve already agreed that we’ll watch the next meteor shower together, and we’ll watch the next meteor shower together. In this life, in the next life, we’ll all be together. “

### **Chapter 1936: Fang Xiao doesn’t know how to lie**

Xi Muru was about to say something when she heard the sound of someone running up the stairs outside the door. She was stunned. The moment she turned around, there was a knock on the door.

“Mom, are you in there?” Dongfang Yunheng’s voice came from outside the door. It was obviously heavy breathing, so it could be seen how fast he was running.

“Yes,” Mu ru answered and immediately motioned for Dongfang Mo to open the door while she hurriedly tidied up her clothes that had been messed up by Dongfang Mo..

Dongfang Mo pulled open the door and saw that Dongfang Yunheng had quickly walked in. There were faint beads of sweat on his forehead and his hair was a little messy. From this, one could see that he was very anxious.

“Yun Heng, why are you back?” Dongfang Mo looked at his son who had walked in and frowned slightly. “Didn’t you say that you would bring Fang Xiao directly to Jun Yue Xuan to wait for us? “

"I originally planned to bring Fang Xiao directly to Jun Yue Xuan to wait for you." Dongfang Yunheng calmed his breathing. Then, he looked at his mother and said, "but, I just received a piece of news, and this news is very shocking to me, so I have to come back and verify it with mom. "

Xi Muru quickly walked over and looked at her son. She frowned slightly and asked with a puzzled face, "this news is about me? "

"Yes," Dongfang Yunheng answered truthfully. He looked at his mother who was a lot shorter than him. Then, he said with great pain, "mom, five years ago, why did you go behind my back to New Jersey to see Fang Xiao? Why did you say such things to Fang Xiao? Why did you force her to break up with me? "

"Wait a minute," Xi Muru stopped Dongfang Yunheng immediately. Her puzzled face was instantly shocked as she looked at her son. Her slightly furrowed brows were now tightly knitted. "You said that I went to New Jersey to see Fang Xiao five years ago and forced Fang Xiao to break up with you? Is that so? "

"Yes," Dongfang Yunheng answered firmly.

"Who said that to you?" Dongfang Mo's face was also gloomy. Without waiting for Dongfang Yunheng to answer, he continued to ask, "is it that Fang Xiao? "

"Yes," Dongfang Yunheng answered truthfully. Then he added, "today, I asked Fang Xiao to come with me to see you. Fang Xiao refused. She said that mom wouldn't like her and wouldn't agree to our marriage. After my repeated questioning, she finally told me what happened five years ago. "

"Five years ago, I went to New Jersey once. That was after you were abandoned by Fang Xiao and died in the snow." Xi Muru looked at her son. She snorted and said, "Fang Xiao is indeed a vain woman. She was afraid to come to see us and was afraid that I would ask her why she treated my son like that five years ago, so she made up such a lie. "

"Fang Xiao doesn't know how to make up lies," Yun Heng interrupted his mother immediately, then quickly added, "Fang Xiao also said that she met you not long ago, and you even talked to her then. "

"What?" Xi Muru was even more shocked this time. She stared at her son with wide eyes and could not help but ask, "when did she meet me? Where did she meet me? "

"She said that she met me at that global chain store..." Dongfang Yunheng briefly told her what Fang Xiao had told her.

Xi Muru tried her best to recall, then nodded and said, "I remember now. I did go to that store that day, but I didn't meet her. At that time..."

### **Chapter 1937, what kind of person is behind this**

Xi Muru stopped there, causing Dongfang Mo to be dissatisfied. He could not help but ask, "what exactly happened back then? Did you say anything to Fang Xiao? "

“Alright, let’s not talk about what happened back then. Let’s go to Junyue Xuan now.” Xi Muru looked at her husband and son and said, “don’t worry, I have to get to the bottom of this tonight. If Fang Xiao isn’t lying, then someone must be behind this.”

“Who’s behind this?” Dongfang Mo was confused by Xi Muru’s words. He could not help but look at his wife and ask, “are you getting more and more unpredictable now?”

Fang Xiao had originally wanted to avoid meeting Dongfang Yunheng’s parents, but who would have thought that Mu Yao would come and insist on bringing her to Junyue Xuan? She even said that if she did not bring her along, her brother would definitely kill her.

“Why are you so nervous?” Mu Yao could not help but laugh when she saw her expression. She teased, “don’t worry. It’s just going to meet your future in-laws. It’s not like you’re going to meet any ghosts or gods. What’s there to be afraid of? Just relax and think of it as going to have a meal with my brother.”

“I’m also afraid of having a meal with your brother,” Fang Xiao muttered in a low voice.

“...” Mu Yao was unable to answer this time.

Fang Xiao’s mood was indeed unable to relax. In her heart, she always had the illusion that a storm had come. She felt that this time when she went to meet Dongfang Yunheng’s parents, it would definitely not be as simple as Mu Yao’s ugly daughter-in-law meeting her future in-laws.

Fang Xiao had always disliked bright red and green colors, so her clothes had always been light and elegant. Ever since the Fang family was down and out, she had almost never bought any clothes to wear. She used to wear work clothes to work.

Of course, she still had some clothes left over when she was at the Fang family. Although they had been a little old for more than a year, they were more or less brand-name goods, but the style was outdated.

She did not care much about these things because she did not have any hope of marrying Dongfang Yunheng. That man was becoming more and more unfathomable. Ever since she came back from France last year and was suddenly abandoned by him, she could no longer understand him. Therefore, she did not dare to have any hopes or fantasies about any of his gentleness and friendliness.

She was wearing the clothes that she used to wear at the Fang family. In fact, she had only worn them once or twice before. She said that they were old clothes, but the colors did not look old. It was just that the style was outdated.

Mu Yao said that her clothes were very good-looking and had a retro style. Her mother loved Retro Styles the most and would definitely like her at a glance.

Fang Xiao smiled bitterly when she heard this. Mrs. Dongfang Liked Retro Styles. This seemed to be the case because whether it was when she met Mrs. Dongfang five years ago or not long ago.. The clothes she wore seemed to be retro style.

Fang Xiao’s hair still hung down gently on her shoulders. The top of her head was the simplest middle section. She wore glasses and lowered her head slightly. Her hair hung down, covering a lot of her face.

Mu Yao was a child, so she obviously didn’t know how to drive. It was probably the Dongfang family’s chauffeur who drove Mu Yao here. When Fang Xiao got into the car, she heard Mu Yao say to the

chauffeur, “Uncle Ah Hao, go to Jun Yue Xuan. Drive faster. It won’t be good if my parents get there first.  
“

Thus, the Uncle Ah Hao that Mu Yao called drove a little faster. Fang Xiao sat in the back seat, her heart nervous as if something was wrong. Her tightly clenched palms were faintly sweating. At this moment, there seemed to be some kind of hope in her heart, but what exactly was she looking forward to.. She couldn’t tell.

### **Chapter 1938 lost the happy pig**

It was a bit far from the Heavenly Cloud Pavilion to the Grand Hyatt Regency. Mu Yao said that even if the car drove faster, it would probably take more than half an hour. In order to conveniently understand the traffic situation, uncle a Hao turned on the car radio and directly adjusted the traffic station.

The host in the traffic station was constantly reporting on the traffic situation on all the main roads. At a certain intersection, a certain Mother did not catch a naughty child. In the end, the child ran to the Zebra crossing at a red light and was knocked away by a car Four consecutive cars crashed into each other on the eastern suburbs main road, blocking the entire main road. The traffic jam on the main road had already reached two kilometers, and it was still increasing. At the intersection of the north-south Expressway, a large truck directly knocked over a small car. ...

The host of the traffic channel was rambling on about the latest traffic conditions on all the main roads in the city. All kinds of horrible scenes made people feel sour listening to it The host was constantly reminding and urging drivers to go around these main roads. At the same time, he reminded everyone to pay attention to safety and drive carefully.

The traffic channel was endless. Mu Yao was a child, so she was tired of listening to it, so she couldn’t help but press the car radio and quickly switched to the music channel.

Of course, it was playing songs. Fang Xiao used to like some songs, but in the past two years, she didn’t like listening to them. At this time, Zhang Xinzhe’s “white moonlight” was playing on the radio

White Moonlight / somewhere in my heart / so bright / but so cold

Everyone / has a sadness / want to hide / but want to cover it up

White Moonlight / The ends of the world / In my heart / but not by my side

Can’t dry / your tears at that time / The road is too long / can’t catch up to forgive

You are my / unspeakable hurt / want to forget / but can’t help but recall

Like exile / Stumbling all the way / Your Bondage / can’t be released

::

White Moonlight passed by is Jiang Yuyang’s “lost the happy pig” : can’t give you the happiness you want / So choose to quit / because I love you so let you / choose a better home. . .

“lost the happy pig” passed by milk tea’s “later” , song after Song of emotion, love to break up the hurt, it made her heart clench for a while, she only felt frightened.

She had been avoiding the traffic-clogged roads at the traffic stop, but in the end, she encountered a small traffic jam. It was not so small that it did not move at all. However, the traffic was very slow, similar to the pedestrians walking on the side of the road.

The Sky gradually darkened, and the neon lights in the city gradually lit up. The forest made of steel and cement seemed much gentler under the neon lights.

The street lights on both sides of the road were like Pearl shells that had been accidentally scattered. Then, they were linked together by artisans who excelled in craftsmanship. They were so bright and lifelike that they made the entire city’s night scene look even more mysterious and beautiful.

Fortunately, Xiao Sai had been here for a long time. Jun Yuexuan had finally arrived. Fang Xiao looked at the time. It was ten minutes later than the original time, but she shouldn’t be late because Dongfang Yunheng had said that his parents would only arrive at seven o’clock.

Mu Yao did not follow her out of the car. She only got out of the car to talk to her a little. It was nothing more than necessary to be nervous. My parents were not scary. They were actually very kind and amiable?

Finally, Mu Yao said to her, “you can go up by yourself. It’s in the northern country’s scenic private room on the second floor. You can be considered to have arrived five minutes earlier. My parents probably won’t arrive until five minutes later. “

### **Chapter 1939: Meeting Mrs. Dongfang Again**

“thank you, ” Fang Xiao thanked Mu Yao, who had already gotten into the car. Then, she calmed down a little and slowly walked toward the entrance of the restaurant.

Mu Yao told her not to be afraid, so how could she not be afraid But she did not know what she was afraid of. Was it that she was afraid that Dongfang Yunheng’s parents would take a fancy to her, or that Dongfang Yunheng’s parents would not take a fancy to her?

She felt very conflicted. She felt that she had been too muddle-headed. Fortunately, there was a hostess at the entrance of the restaurant. When she walked in, someone immediately greeted her.

She told the hostess the room number she wanted to go to. The hostess immediately led her up with great enthusiasm. She directly led her to the best sightseeing spot at the end of the corridor on the second floor, the scenery of the northern kingdom, and pushed the door open for her.

As expected, she was not late. There was no one in the private room. She raised her head to look at the clock on the wall. It was 6:57 now. There were still three minutes until seven.

She let out a long sigh of relief and secretly rejoiced that she was not late. If she arrived later than Dongfang Yunheng’s parents, it would be impolite. If that was the case, Dongfang Yunheng’s parents’ prejudice against her would be even deeper.

As Fang Xiao thought about this, she felt that her thoughts were somewhat inexplicable. Why was she so worried about Dongfang Yunheng's parents' prejudice against her? Could it be that she really hoped that she could marry into the Dongfang family?

She could not help but shake her head. She felt that she was too conflicted. In order to ease the conflict, she took out her phone and turned it on. Then, she called Dongfang Yunheng, wanting to ask him where he was. When would he be able to rush over.

She did not want to face Dongfang Yunheng's parents alone. She was originally an ordinary person. Now that she wanted to meet the Dongfang Group's chairman and wife, she probably did not know how to sit or speak.

However, her phone had just turned on. Before she had the time to look for Dongfang Yunheng's number, she heard the sound of the door being pushed open again. Then, someone walked in.

Fang Xiao instinctively raised her head. Only then did she realize that it was the noblewoman who had come in. However, what made her feel a little strange was why only Mrs. Dongfang was here, and Dongfang Yunheng's father did not come?

Although she was puzzled, she quickly stood up and looked at the noblewoman politely. "Mrs. Dongfang, you're here? "

The noblewoman's face was obviously shocked when she saw Fang Xiao. She was surprised at first, then her face darkened. She couldn't help but berate Fang Xiao, "Fang Xiao, why are you here? "

Fang Xiao felt that Mrs. Dongfang's question was a little strange. Wasn't it because Dongfang Yunheng said that his parents wanted to meet her, so they arranged to meet here? Could it be that Dongfang Yunheng's mother still didn't know about this?

With this thought in mind, she wasn't angry. She still patiently explained to her, "Mrs. Dongfang, it's rare that you don't know that you're meeting me tonight. Or did CEO Dongfang not call you in advance? "

"What nonsense is this? Who wants to meet you? " The noblewoman looked nervous and angry. She then used her hands to chase Fang Xiao away. "Hurry up and leave. I'm meeting my friends here tonight. Is it your turn to meet me? "

Fang Xiao was confused by Mrs. Dongfang's sudden turn of events. However, since Mrs. Dongfang did not want to see her, she did not want to stay here shamelessly and be scolded.

#### **Chapter 1940: Who Exactly is Madam Dongfang**

Thus, she picked up her bag and looked at the noblewoman. "Madam Dongfang, I don't quite understand what you mean. You were the one who wanted to see me, but now it seems like it's me... "

"Who wants to see you? When did I say that I wanted to see you? " The noblewoman was very dissatisfied with Fang Xiao's dilly-dallying. She couldn't help but say coldly, "I've told you long ago that you're not worthy of Yun Heng... "

Before the noblewoman could finish her words, Fang Xiao had already turned around and walked towards the door of the private room. However, before she could pull the door open, the door was pushed open from the outside.

After the door was pushed open, two people walked in. One was a man and one was a woman. The man looked to be in his early fifties while the woman looked to be in her forties. The man was handsome and the woman was beautiful and generous. Although they were both middle-aged, their charm was not inferior to that of young people nowadays.

Fang Xiao instinctively moved to the side and looked at the two people in front of her in a daze. To be honest, she had never seen these two people before. However, the man and Dongfang Yunheng clearly had the same face. They were just young and old.

She was clearly stunned when she saw the two people who walked in. This was because, regardless of whether it was their attire or their demeanor, they looked like a couple.

But what was up with Madam Dongfang? Could it be that Dongfang Yunheng's father had two wives?

Fang Xiao was puzzled. When the noblewoman who was shouting at her saw the two people who walked in, she was obviously dumbfounded. She glanced at Fang Xiao, but quickly returned to her normal state. Then, she greeted the middle-aged man and woman who had just entered with a smile.

"Aiya, Chairman Dongfang, you're so free today. You actually came out to have tea with the Madam," The noblewoman said to the middle-aged man as she gracefully extended her fair and delicate hand.

"Hehehe, if I hadn't come, I wouldn't have known that there was someone pretending to be my wife outside," although Dongfang Mo's voice was flat, his tone was obviously sharp.

The noblewoman was stunned for a moment, then she smiled again and quickly teased, "look at what Chairman Dongfang said. Mu Ru has such an elegant temperament. Who can pretend to be her just because they want to?"

"Is that so?" Xi Muru answered coldly, then she turned her head and waved at Fang Xiao. "Fang Xiao, what did you call her just now?"

"Mrs. Dongfang." Fang Xiao hesitated for a moment, but she still answered truthfully. Then she looked at the lady and said, "I always thought you were Mrs. Dongfang."

"Hehehe, look, I told you. This girl made a mistake herself," The lady continued. Then she introduced Fang Xiao seriously, "Miss Fang, this is Chairman Dongfang and Mrs. Dongfang. Don't make a mistake next time."

"Then, who are you?" Fang Xiao looked at the noblewoman with a puzzled expression. Since this woman was not Mrs. Dongfang, then what right did she have to interfere in the marriage between her and Dongfang Yunheng? Why did she say five years ago that she was not worthy of Dongfang Yunheng?

"This is Mrs. Gu, the heavy mother," Xi Muru continued. Then, she said to the Noblewoman, "Mrs. Gu, I was supposed to invite you to dinner tonight, but Yun Heng suddenly called and said that he wanted to bring Fang Xiao to see us. Because of the sudden incident, I didn't have time to call you, so..."
