

Divorce 1951

Chapter 1951 was his child

“Yun Heng, why don't you bring Fang Xiao home that day?” Xi Muru saw that Dongfang Yunheng was about to leave the house without even having breakfast. She could not help but glare at him again. “Is it okay to be late by half an hour? She can't be that fierce, right?”

Dongfang Yunheng smiled a little embarrassedly. He grabbed a barbecued pork bun from his mother's breakfast tray and stuffed it into his mouth. Then, he gave a vague explanation. “I promised her that I would go back last night. It's already noon now. It's just right for me to go over and have lunch with her.”

Xi Muru nodded and did not say anything more. On the other hand, Dongfang Yunheng turned back after taking two steps and said, “mom, about that, I'll leave the matter of canceling the engagement with the Gu family to you. It's better for you to look for Mrs. Gu for these matters.”

Xi Muru glared at her son and could not help but mutter, “can't you just let me worry less?”

“No,” Dongfang Yunheng answered casually, then he smiled and said, “if we can let you worry less, then there's probably no point in being a mother anymore.”

After saying that, he stopped nagging his mother and immediately walked to his car. He did not forget that the so-called contract between him and Fang Xiao was due on the last day yesterday.

“Alright, from today onwards, she's my fair and aboveboard girlfriend,” he muttered to himself as he drove into the car. “She's no longer the so-called prostitute. This way, she doesn't have to feel inferior in front of herself anymore.”

However, when he rushed to the Heavenly Cloud pavilion and faced the environment that was as clean as a mirror that day, when he looked at the sparse wardrobe that only had his clothes hanging on it, when he looked at the agreement that she had signed on the coffee table in the living room... ..

She left quietly. She did not even call out to him. She left so decisively, so carefree, and so without leaving a trace.

Yes, without leaving a trace because she did not leave anything in the entire room. She took everything that belonged to her, but she did not take anything that did not belong to her.

The jewelry that he usually gave her, as well as the necklaces and bracelets that he took her to participate in the Leng Rong Children's full moon wine, were all placed on the bedside table in the bedroom, intact.

He clenched these things tightly in his hands, as if he wanted to crush them into pieces.

Fang Xiao, she was so smart, how could she not understand his thoughts? He had already brought her to meet his parents, how could she not understand the meaning of what he was doing?

When he thought of how she told his parents last night that she was pregnant with the child that she aborted because of the erotic photos, his heart ached so much that he could not breathe. He could not even breathe.

On the day that she aborted, he rushed over, but he did not dare to think of the Child on himself. After all, she and Qiu Yitang had already reached the stage of marriage, and Qiu Yitang was not the so-called modest gentleman.

Now, he finally knew that it was his child. She was pregnant with his child, and he still wanted to marry her, grow old together with her, and have another child with her.

Having another child, only then did he remember that the doctor said that it would be very difficult for her to get pregnant in the future. In other words, it would be very difficult for her to have another child.

Alright, if there was no child, there would be no child. He did not care about this. As long as he could be with her, having a child was actually not a big deal. Of course, having a child was good, but not having a child was also not a bad thing. Having her was enough.

Chapter 1952 she knew what to do

He thought so. He had originally planned to propose to her today, but who would have thought that she would leave without saying goodbye? He did not even know where she would go next, and where she would be at this moment.

He sat at home for a long time before he remembered that there was a surveillance video of him going up and down the cloud pavilion. As long as he played the surveillance video, he would immediately know when she left.

Therefore, he quickly got up and rushed to the elevator outside. Because of his anxiety, he actually forgot his VIP elevator and even squeezed into the public elevator.

When he was standing in the elevator with many people, he remembered that he was confused. He did not sit in the VIP elevator and actually squeezed into the public elevator. However, after thinking about it, it was okay. Although the public elevator was slower, it could still reach the bottom of Lou.

However, when he rushed to the monitoring room and found the person who managed the surveillance camera, he proposed to check the surveillance footage before 11 o'clock in the morning. After the person who managed the surveillance camera knew his identity, he naturally did not dare to neglect and immediately satisfied him.

Unfortunately, even when he was fast-forwarding the surveillance footage, it still took him two and a half hours. This was because Fang Xiao, this woman, had left too early. She actually left just after 10 o'clock in the morning.

She was really determined to leave. When she walked out of his room, she directly walked towards the elevator without even turning her head. She did not look at this place with any nostalgia on her face.

She really knew how to control herself, so she did not use his VIP elevator alone. Instead, she entered the public elevator.

Fang Xiao left the cloud sky pavilion in the early morning. Zheng Zihao originally wanted to take her to his apartment for a night, but Fang Xiao insisted on not going. She said that she would find a place to stay or go directly to the long-distance bus station. Anyway, the earliest bus would leave at around six o'clock. She could not stay at the long-distance bus station for more than a few hours.

Zheng Zihao said a little unhappily, "why are you going to the long-distance bus station?" "If it's really for a job, then it's not that simple. Although I'm not very good, it's still very easy to find a job for you. Why do you have to go to such a distant place?"

Fang Xiao said that it was actually not far, really not far. It was just a company dozens of kilometers away, and it was also in Binhai. How could it be considered far away.

But Zheng Zihao said that he was worried about her going to a place alone. He repeatedly said that he could help her find a job and help her find it tomorrow. If the job he found was not as good as the one she found herself, then it would not be too late for her to go.

In the end, Fang Xiao could not persuade Zheng Zihao. This did not mean that she did not have her own opinions, nor did she really want to rely on Zheng Zihao. It was just that Zheng Zihao had been driving non-stop, not giving her a chance to get out of the car.

Therefore, in the wee hours of the morning, under her insistence and Zheng Zihao's stubbornness, the two of them finally reached an agreement. Fang Xiao stayed at an express hotel near Zheng Zihao's apartment, and Zheng Zihao took her to look for a job the next day.

This hotel was called the express hotel. In fact, it was just a small hotel. It had just been renovated not long ago, and even the surveillance cameras had not been set up. It had not officially opened yet, and was only in the trial business phase.

Due to this situation, Fang Xiao did not insist on going to work at the flower and grass company. She thought that it would be okay to go a day or two later. She looked at the job that Zheng Zihao helped her find. If the job was suitable for her, and the salary was about the same.. Then she would be able to see her brother often even if she stayed close to him.

Chapter 1953 the truly stupid person

Originally, she had wanted to go to that flower company because she wanted to be a little further away from Yun Heng. However, when she thought back, it was only a few tens of kilometers away. For people like Dongfang Yunheng who owned sports cars, how far could it be?

Anyway, it had nothing to do with her anymore. She was free, and no matter how rich Dongfang Yunheng was, he couldn't force her to do anything, right?

Just like Qiu Yitang, she actually couldn't avoid him at all. Now, she wouldn't hide anymore. She had nothing to do with them, and she wouldn't be threatened anymore. She would just find a job and go to work. Why would she hide?

Zheng Zihao took Fang Xiao to look for a job the next morning. Fang Xiao had told him that she had worked in a foreign company, so Zheng Zihao said that his friend had opened a foreign trade company and was looking for a job, so he asked her to go for an interview.

This foreign trade company was called Fengze. It was a company specializing in Southeast Asia, and it had requirements for English and Hokkien. Fang Xiao could speak English and Cantonese, and her mother was from Fujian, so she could also speak Hokkien.

Fang Xiao's advantage was very obvious. She had worked in another foreign company before and was a person with work experience, so she was accepted by Fengze on the spot.

Fang Xiao did not expect the interview to go so smoothly. She could not help but sigh in her heart that there were indeed people in this society who were easy to handle. She believed that a large part of her being accepted by Fengze company was because of Zheng Zihao's connections.

However, she did not care about these things. Since Fengze company had accepted her, then she would just work in Fengze company. She believed that her ability could completely convince the people in the company.

Du Caiwei's recent days were not easy because Qiu Yitang, that man, had completely stopped coming to her this month. Moreover, he had changed his cell phone number, which meant that he did not want her to find him.

She was very sad, and very sad. She could contact Qiu Yitang's assistant, but his assistant would not tell her Qiu Yitang's cell phone number, and at the same time, he would not tell her Qiu Yitang's whereabouts.

Qiu Yitang's assistant was helping her with the immigration procedures. His assistant, Ah Biao, said that Qiu Yitang wanted her to emigrate abroad, so he would give her enough money to live abroad. Of course, he would never visit her again.

She was not reconciled, really not reconciled. For Qiu Yitang, she had spent so much effort and effort. In order to firmly grasp him in her palm, in order to not let him be attracted to Fang Xiao, she had once planned such an incident on the kidnapping wheel.

Originally, all her plans were perfect. Originally, she was already on the verge of victory. However, who would have thought that Qiu Yitang would eventually marry Fang Xiao? What was even more unexpected was that he actually gradually fell in love with Fang Xiao.

In order to completely drive Fang Xiao away, she had planned and designed again. In the end, it had indeed succeeded. However, she did not expect that that damned younger brother of Fang Xiao would actually use lime to burn her eyes.

At that time, she was indeed a little too anxious. The main reason was that damned doctor. He said that her corneas were badly burned. If she did not find a corneas replacement as soon as possible, it would probably be very difficult for her to recover in the future.

Therefore, she made a bold decision to let Fang Xiao donate her corneas in exchange for her and her brother's freedom from criminal and life. She did not expect that stupid woman, Fang Xiao, would agree to it.

At that time, when her eyes regained their light, she thought that Fang Xiao was stupid. But now, when Qiu Yitang completely ignored her, she suddenly realized that the person who was really stupid was not Fang Xiao, but herself.

Chapter 1954

How could she forget that Qiu Yitang was a man full of sympathy? When he met Fang Xiao at Baihe Company, when he found out that Fang Xiao only had one eye, his sympathy chip immediately leaned towards Fang Xiao.

Now, she wanted to snatch Qiu Yitang back again, but she had no other way. She spent all day in the online love forums, wanting to see what other people used to snatch back the man that belonged to her. But the methods those people said were very ordinary. It was impossible for them to use on Qiu Yitang.

Just when Du Caiwei was at a loss of what to do, a woman she had never thought would come looking for her came looking for her. And this woman was Qiu Yitang's cousin, Gu Chenchen.

Gu Chenchen's arrival made du Caiwei feel flattered. Because she still remembered that when she went to the Gu family banquet with Qiu Yitang last year, Gu Chenchen looked at her with obvious disdain. In fact, he still looked down on her.

But she never thought that Gu Chenchen would actually come to find her at this time, after she was abandoned by Qiu Yitang, and when Qiu Yitang no longer paid attention to her. Moreover, he came all the way from Binhai.

"I came here to cooperate with you," Gu Chenchen looked at du Caiwei and said faintly, but he didn't look directly into her eyes, because she always felt that there seemed to be a shadow of Fang Xiao in those eyes.

"cooperate with me?" Du Caiwei was really surprised this time. She couldn't help but look at Gu Chenchen and ask, "what do you want to cooperate with me for? What can we cooperate for?"

Gu Chenchen could not help but laugh when he heard du Caiwei's words. Then, he glanced at her and said, "of course we have a place to cooperate. It's rare that you don't want to marry my cousin, Qiu Yitang."

"Yes, of course I want to," Du Caiwei answered without hiding anything. Then, she said, "but what's the use of thinking about it? Qiu Yitang doesn't even care about me now, let alone want to marry me. So, it's useless to think about it."

"Hehe, look at you giving up on yourself." Gu Chenchen could not help but laugh when he heard her words. She looked at her and said, "there are many things that you can do as long as you want, as long as you persevere, as long as you think of a suitable method, you will naturally be able to achieve what you want."

"achieve what you want?" Du Caiwei looked at Gu Chenchen and pondered for a moment before she reacted. She probed, "you mean... You have a way? Or can you help me think of a good way?"

“Haha, of course.” Gu Chenchen laughed again. She walked over and sat down on the Sofa at Du Caiwei’s house Then she crossed her legs and said, “I’m here to help you. As long as you cooperate with me, I believe that you will be able to marry Qiu Yitang soon, and we will be a legal couple. “

Du Caiwei was not stupid. She was not overjoyed by Gu Chenchen’s words Instead, she asked carefully, “what good will this do you? You won’t help me for nothing, right? It seems that we are not familiar with each other. Moreover, you don’t seem to be a person who is willing to help others. You won’t do things that don’t benefit you, right? “

“Hahaha, it seems that you really understand me?” Gu Chenchen couldn’t help but laugh out loud Looking at Du Caiwei, she said sarcastically, “I didn’t expect you to be able to read minds. No wonder you were able to charm Qiu Yitang until he was dizzy. You must be very clever in bed, right? “

Chapter 1955 don’t bite people with your mouth open all day long

“There are a lot of women who are good in bed,” Du Caiwei scoffed at Gu Chenchen’s words. “I think you should be better than me. Since you’re here to work with me, it means that the two of US have the same bad taste. “

When she said this, Du Caiwei completely ignored Gu Chenchen’s face, which had instantly darkened because of embarrassment She could not help but snort coldly and said, “tell me, what benefits can you get from helping me marry Qiu Yitang as soon as possible? Don’t tell me that you don’t want anything and just want to help me achieve my wish. If that’s the case, you can leave. Because people who don’t want anything and just want to help you must have bad intentions. “

Gu Chenchen did not expect du Caiwei to be so powerful. Moreover, her words hit the nail on the head. It seemed that she had indeed underestimated her in the past.

However, since her partner was so powerful, it meant that she did not need to worry too much. Moreover, she would only be able to hit the nail on the head if she worked with such a ruthless person. Therefore, she was willing to work with such a person.

Therefore.. She looked at Du Caiwei and said, “of course, I don’t have any friendship with you, and I can’t just help you. The purpose of our cooperation is that you can marry Qiu Yitang, and I can marry Dongfang Yunheng. This is a win-win cooperation between us. After the cooperation ends, we will each marry the person we want to marry. Neither of US will owe the other a favor. “

When du Caiwei heard Gu Chenchen’s words, she could not help but laugh out loud. “Hehe, aren’t you Dongfang Yunheng’s fianc◆◆e? Why, is Dongfang Yunheng not willing to marry you now? “

Gu Chenchen was not angry when he heard du Caiwei’s sarcastic words. He only said angrily, “speaking of which, there’s a reason why I can’t marry Dongfang Yunheng. If I really want to get to the bottom of it, the reason why I can’t marry Dongfang Yunheng is because of you... “

“Wait, ” Du Caiwei immediately stopped Gu Chenchen Then, she snorted coldly and said, “I don’t have the slightest relationship with your Dongfang Yunheng. If you can’t marry Dongfang Yunheng, why are you looking for me again “I’m an open person and don’t do dark things. All my life, I only hope to marry Qiu Yitang. I have never thought of climbing higher to become a phoenix. “

"I know you have nothing to do with Dongfang Yunheng," Gu Chenchen said indifferently. Then, she looked at Du Caiwei with contempt and said, "Yun Heng won't even look at you. "

"Isn't that enough?" Du Caiwei immediately became angry. She couldn't help but raise her voice and said, "if that's the case, what right do you have to push the responsibility of not marrying Dongfang Yunheng onto my head? There's a debt and there's an owner. Am I the owner of your debt? Don't open your mouth and bite people all day long. "

Gu Chenchen did not expect Du Caiwei to be so powerful. She did not even fear or give in when she saw her. She could actually scold her even when she was talking about her. Don't bite people randomly. In fact, she was scolding her as a dog.

If it were any other time, Gu Chenchen would definitely not be able to tolerate such insults. She would immediately scold back or simply give the other party two slaps. Someone who dared to scold her, Gu Chenchen, was asking for trouble.

However, things were different now. The situation was also different. She could not be impulsive because she came to find Du Caiwei not to quarrel but to cooperate with her.

Therefore, after Du Caiwei insulted her as a dog, she still did not fly into a rage. She just patiently explained, "Miss Du, don't be so angry. I said that Dongfang Yunheng and I can not get married because of you. This is also based on evidence, not without evidence. "

Chapter 1956, what would it take for them to cooperate

"Hehehe, then tell me your proof." Du Caiwei scoffed at Gu Chenchen's words. She was certain that Gu Chenchen would not give her any proof that would convince her.

"Dongfang Yunheng and I can not get married because of that woman, Fang Xiao." Gu Chenchen looked at Du Caiwei. Then he snorted coldly and said, "that woman, Fang Xiao, was originally Qiu Yitang's wife. If it wasn't for you, Qiu Yitang would not have divorced Fang Xiao. As long as Qiu Yitang does not divorce Fang Xiao, Dongfang Yunheng would not have gone to find Fang Xiao. He would naturally marry me, so... " "..."

"Oh, I understand." Du Caiwei quickly cut off Gu Chenchen's words. Then, she looked at Gu Chenchen with a look of sudden realization and said, "I was wondering why Qiu Yitang suddenly married that woman, Fang Xiao, last year. So it was you who played tricks in the middle. He said that because he wanted to cooperate with the Dongfang Group, and the only condition that the other party proposed was for him to marry Fang Xiao, the other party must not be Dongfang Yunheng, but you, Gu Chenchen, right? "

Gu Chenchen immediately didn't say anything because it was indeed her. At that time, she was still very soft-hearted and didn't want to do anything bloody, so she didn't touch Fang Xiao and think of a way to achieve the best of both worlds.

However, she never thought that things would develop to such a state. Fang Xiao and Qiu Yitang were married, but they could still get a divorce, and now they were still living in this world with a one-eyed man.

And it was this kind of Fang Xiao that once again attracted Dongfang Yunheng. He even forgot the hurt Fang Xiao suffered five years ago. He forgot that he almost died in the world of ice and snow. He forgot... ..

Of course, he also forgot that it was she, Gu Chenchen, who guarded his side day and night. It was she, Gu Chenchen, who helped him serve tea and water. It was she, Gu Chenchen, who took care of him in the world of ice and snow in New Jersey for half a month.

As the saying goes, true love is revealed in times of adversity. It is also said that the relationship that happens in times of adversity is stronger. And for the sake of her and Dongfang Yunheng's strong relationship, she had used so many thoughts and methods. But in the end?

In the end, when she was about to marry Dongfang Yunheng, the woman who had once hurt Dongfang Yunheng appeared. In such a way, in such a way that required sympathy, she had successfully snatched Dongfang Yunheng away from her hands.

Of course, she was unwilling. Dongfang Yunheng was hers. This was something that she had determined since she was young. Therefore, she could not just hand over her fianc💎💎 like this.

"Miss Gu, how exactly are you going to cooperate with me now?" Du Caiwei saw that Gu Chenchen remained silent for a long time. She already knew in her heart that it was this woman who had ruined Fang Xiao's happiness by marrying Qiu Yitang last year.

Of course, cooperation was possible, but the premise was that it had to be beneficial to her. As for Gu Chenchen, she had to deal with him carefully. Of course, she could not completely believe her words, but at the same time, she could not not believe it at all.

Who was she, Du Caiwei Five years ago, she was able to successfully design such a gang rape scene and push the blame onto Fang Xiao. Today, she still had a way to defeat that woman, Fang Xiao.

Of course, it was very easy to defeat that woman, Fang Xiao. The prerequisite was that it would be very difficult for Qiu Yitang to marry her. Therefore, these days, she had not gone to look for Fang Xiao. In fact, she had not thought of a way to achieve the best of both worlds.

Gu Chenchen recovered from Du Caiwei's question. He frowned at Du Caiwei and said, "if I want to cooperate with you, first, we have to start from two aspects. And this time, we have to go all out..." "

Chapter 1957 working in a new company

With the help of Zheng Zihao, Fang Xiao went to work at Fengze company. Because she could speak Hokkien, she was assigned to be in charge of Singapore's customers after only three days.

Fengze company had three or four Singapore customers. Two of them were large companies, one was Hengtian company, and the other was Wanda Company. However, the two companies operated different products.

Fengze company was the Chinese agent for these two companies. The products they produced were marketed by Fengze company in China for them, and the marketing plan was finalized by the two companies through joint discussion.

Fang Xiao was very satisfied with her work because the Chinese representatives of these two companies were both Singaporeans who liked to speak Hokkien. Sometimes, as they spoke, they would speak Hokkien, which was English, with a Hokkien accent.

Fortunately, she could speak Hokkien, so she could adapt to their way of doing things. Therefore, there were no obstacles in communicating with them, and the other party was very satisfied with her.

In the blink of an eye, she had worked in this company for a week. This week, her life was very peaceful. Because she changed her cell phone number, not only Qiu Yitang did not look for her, but Dongfang Yunheng also did not look for her.

She could not help but think that if her life was so peaceful and stable from now on, then she would be relieved. However, her small wish was broken three days later.

Fang Xiao worked in Fengze company. However, this company did not provide dormitories for the employees. They only provided rental subsidies. The monthly rent was two thousand dollars, and the employees had to find their own accommodation.

In fact, some of the employees in Fengze company were Binhai people. Their families already had a place to live. For them, two thousand dollars' worth of rent was equivalent to two thousand dollars' worth of salary.

Fang Xiao was someone who didn't have a place to live, so a 2,000-yuan rent was still a rent for her because she had to rent an apartment herself.

Fengze company was located in a prime location in Binhai. The surrounding rent was frighteningly high, so it was not easy for Fang Xiao to rent an apartment with this 2,000-yuan rent. It was even very difficult.

The monthly rent for a room and a living room was more than 2,000 yuan, less than 20 square meters. Fang Xiao could accept this price, but the key was that there was no apartment to rent because the number of renters was increasing while the number of people who checked out was pitifully small.

Therefore, she gave up the idea of renting a house within 500 meters of the company. First, the rent was too high, so expensive that she gave up when she saw it. Second, the house was too narrow, and this price could rent two rooms and a living room in a slightly further place.

Of course, she would not rent two rooms and a living room. She went to the place that was four bus stops away from Fengze company to rent a bachelor apartment. The one with a kitchen and bathroom was about 20 square meters, but it only cost 900 yuan.

Of course, because it was far from the company, she had to take the bus to work, so she had to wake up early. Fortunately, she could swipe her bus card to get to and from work, and it only cost more than three yuan a day to get to and from work. Therefore, it cost less than 100 yuan a month to take the bus. The bus fare was less than 100 yuan.

In this way, she was left with a thousand yuan a month. At the same time, she ridiculed her for being calculative. However, she told her that she rented a place so far away and had to walk out to take the bus every day. Sometimes, she had to wait for the bus, or even squeeze into the bus. This cost her two hours more every day than people who lived near the company. In the morning, she would have to get

up an hour earlier. It was said that she had earned money and worked hard for her body. It was not really earned.

Chapter 1958 was so fated

Fang Xiao only smiled when she heard this. She knew that many companies rented apartments in Songquan at the same time. The rent in that place was very high. A room and a living room cost more than 2,000 yuan, and a single room cost more than 2,000 yuan. It was said that some colleagues rented apartments every month. In addition to the 2,000 yuan the company gave them, they also had to rent apartments for a few hundred yuan each month.

Her situation was different from other colleagues because she was not alone, but she was with her brother. Although her brother had income now, it was very little. Moreover, her brother's money had to be saved for her brother. She could not spend it casually.

Her brother was now in the reserve team to play basketball. Of course, if he was lucky, he might join the official team, but even then, how many years could he play basketball for?

Her brother had other skills every month. Although he was young, his IQ was there. It was almost difficult for him to learn any skills, so he could only use his own body.

If he retired after his basketball career ended, then he would have nothing to do all day. At that time, he would have to spend money to eat, drink, and defecate, and now she had to save the money for her brother.

For someone like her brother, she thought that no woman would be willing to marry him in this lifetime. Even if there were, they would either be idiots or crazy people. If it was these two types of people, she would have to stop her brother from getting married.

Because her brother wanted her to take care of him, if she married someone like that and had another child, she would have to take care of them all by herself, and she would definitely not be able to take care of them all.

Therefore, she decided that she and her brother would have to rely on each other for their lives. Neither of them would get married, and that would be it. The two siblings would have to rely on each other for the rest of their lives.

At Fengze company, she unexpectedly met Lin Yile, whom she had met when she was looking for a job last year. At that time, when Lin Yile was looking for a job at the Oriental Group, she seemed to be applying for a position as a secretary. At that time, she did not get the job.

In this Fengze Company, Lin Yile was the secretary. However, she was not the chief secretary, but the assistant of the secretary. The chief secretary was Allen, a woman who had returned from studying in the United States.

When Lin Yile saw Fang Xiao, she was very happy. She said that she had always been thinking of her. She did not expect that they would be so fated to actually work in the same company.

“Fang Xiao, didn’t you join the Dongfang Group’s Development Department?” Lin Yile asked vaguely with a piece of Lotus root that she had just stuffed into her mouth.

“I resigned from the Dongfang Group A long time ago,” Fang Xiao answered faintly. She looked at Lin Yile and explained, “the Dongfang Group is a big company. There are many talents in it, and I’m a newcomer after all. I don’t understand many of the rules, so...”

“Of course,” Lin Yile expressed her agreement and understanding towards Fang Xiao’s words. Then she sighed and said, “perhaps this is the fate of people. I went to Dongfang Group for several interviews, but I didn’t get an interview. Now, I don’t go anymore. It’s said that people and people in big companies often form cliques. You’re a newcomer. You might offend someone just by saying something wrong. In the end, you don’t even know how you got fired.”

Fang Xiao nodded and didn’t continue discussing this issue with Lin Yile. This was because when it came to Dongfang Group, the word “Dongfang” would inevitably be mentioned. And right now, she really didn’t like to mention the word “Dongfang”.

Perhaps it was because they had met once when they were looking for a job last year, so Lin Yile was very warm to her. When Fang Xiao rented a house, she would also be busy when they moved, so the relationship between the two of them became closer.

Chapter 1959 what are you doing here

Although fengze company was a foreign trade company, it was different from the foreign company she used to work for. The employees here did not need to use English names, and they did not need to speak English to talk to the employees at work. Therefore, a certain degree of affection could still be established between colleagues and colleagues.

Fang Xiao did not like to mention the word “Dongfang.” However, after working for ten days at the new company, she had to face the word “Dongfang” and even Dongfang Yunheng.

It was a Sunday morning, and she did not go to work. It was rare for her to sleep late, so she turned off the alarm the night before. She covered herself with the blanket and made up her mind to sleep until ten in the morning the next day. Then, she would take the bus to the special school. She had lunch with her younger brother, Fang Chen.

However, her thoughts were full, and reality was hard-core. It was past eight in the morning, and she was still dreaming. There was a knock on the door, and the knock was not light.

She yawned and crawled out from under the blanket. Hearing the knock on the door made her feel unhappy. In fact, she did not need to ask to know that it was definitely that woman, Lin Yile. She was energetic, and she did not even sleep during the holidays.

She sighed and felt a little helpless. She got up from the bed and the first thing she did was to touch the glasses in the drawer of the bedside table. This was her homework because no one in the company knew that she only had one eye. And Lin Yile had a big mouth, so she could not let her know.

Fang Xiao wore glasses and wore pajamas. His hair was messy as he dragged his plastic slippers towards the door. As he walked, he even shouted towards the door, "Lin Yile, aren't you annoyed? Why did you wake her up so early in the morning? "

There was no sound outside the door. It was probably Lin Yile's doing on purpose. She loved pranks the most. Not long after Fang Xiao's company started, Lin Yile was the only friend of Fang Xiao's, so she couldn't do anything about it even if she wanted to.

Fang Xiao shouted, but there was no reply from outside. Lin yile occasionally pretended to be deep, but in fact, she didn't know what deep was. Sometimes, she was so shallow that it was laughable.

Fang Xiao shook her head, feeling a little helpless. She grabbed the door and pulled it open. She thought that if Lin Yile was leaning against her door, she could make her fall.

However, when her door was pulled open and she saw the man walking in with a cold face, she was completely stunned. She never dreamed that Dongfang Yunheng would actually find her here.

She only reacted when he walked in. At this moment, it was too late to close the door and shut the man outside. Because he had already taken two steps in, and he even took the initiative to help her close the door after he entered.

"You... what are you doing here? " Fang Xiao spoke incoherently. Because of her nervousness and anger, her hands had gradually clenched into fists under her sleeves, trying her best to control her body that was about to explode.

"Of course I'm looking for you. " Dongfang Yunheng looked at her with a frown. He was wearing light yellow pajamas and looked like he had just woken up. His hair was messy, and his sparkling white feet were wearing a pair of simple black and white flip-flops He had a pair of sunglasses on his face that did not look like sunglasses. The flat glasses did not look like sunglasses. Because of his anger, his pink lips were tightly pursed as he looked at him.

He kept feeling that she was some kind of small animal, but he could not remember for a moment that it was that kind of small animal. Then, a few years later, when he provoked her, she chased after him and beat him.. She was also wearing this light yellow floral pajamas. Only then did he remember that it was actually a duckling.

Chapter 1960: a promise is a promise

The duckling that was just born was covered in yellow and chirped all day long. It was very cute, but if it was really provoked, it would still bite people.

"looking for me? " Fang Xiao frowned instinctively and stared at Dongfang Yunheng. Unfortunately, she was wearing glasses. Even if she used a glare, Dongfang Yunheng still did not know and only thought that she was looking at him.

"It seems that we have nothing to do with each other anymore, right? " Fang Xiao tried to stabilize her emotions, and her voice was indifferent and distant.

“nothing to do with each other?” Dongfang Yunheng was very displeased with her words. He could not help but take a step towards her and looked down at her. He asked in a deep voice, “what do you mean by nothing to do with each other?”

“My agreement has expired.” Fang Xiao pressed him down, so she took two more steps back to increase the distance between them. Then, she patiently added, “I only came after the agreement had expired. This is not a breach of contract.”

“I didn’t say that you broke the contract,” Dongfang Yunheng said gloomily. Then, he took two steps closer to Fang Xiao and said, “I just said that you don’t keep your word. Since you promised me, you shouldn’t sneak away like this.”

“promised me?” Fang Xiao looked at Dongfang Yunheng with amusement. She couldn’t help but say sarcastically, “Mr. Dongfang, I think you must be confused. It seems that I didn’t promise you anything other than that agreement, right?”

“You didn’t promise me anything?” Dongfang Yunheng frowned. He took another step closer to her and forced her into a corner. Then, he reminded her coldly, “Fang Xiao, I don’t think you have Alzheimer’s disease, right? No, young people have Alzheimer’s disease. How long has it been? How could you forget everything?”

How long has it been? Fang Xiao was stunned instinctively. She frowned and looked at him suspiciously. “What do you mean, how long has it been? What did I promise you? Is it Alzheimer’s?”

“You promised to marry me,” Dongfang Yunheng finally reminded her angrily. “It hasn’t been that long, has it? That day at the golf course...”

Only then did Fang Xiao remember that there was indeed such a thing. But that day at the golf course, she actually didn’t promise him. He was the one who shamelessly insisted that she had agreed.

“At that time...” Fang Xiao wanted to explain, but unfortunately, she only said these three words when she opened her mouth. After that, she did not have the chance to say anything else ...

Dongfang Yunheng’s thin lips quickly covered Fang Xiao’s pink lips when she said these three words. Without warning, his thin lips pressed against Fang Xiao’s pink lips. He was cold and domineering, forceful and did not allow her to resist as he blocked Fang Xiao’s mouth.

Pain It was the kind of heartache that came from being forced to humiliate and attack.

Fang Xiao was kissed by Dongfang Yunheng forcefully and coldly. Her lips were rubbed by him until they were burning with pain. The only feeling was that he was punishing her. He was punishing her with all his might. Therefore, she struggled with all her might, trying to break free from his imprisonment.

However, it was useless. Men and women were born with great differences in strength. Fang Xiao’s struggle did not allow her to successfully break free from his control. Instead, she was held tightly by Dongfang Yunheng’s hand. Meanwhile, Dongfang Yunheng’s two feet were like two iron pincers that clamped onto Fang Xiao’s body. Even her hand was held tightly by one of his hands... ..

A strong smell of red wine came from her mouth. Only then did Fang Xiao know that he had drunk wine, but she did not know how much he had drunk.
