### **Chapter 1961 Dongfang Yunheng came looking for him**

However, judging from the smell of alcohol coming from his mouth, it was probably not little, because at this moment, Dongfang Yunheng looked like he had gone crazy from drinking.

The duckling that had just been born was covered in a light yellow color and chirped all day long. It was very cute, but if it was really provoked, it would still bite people.

“looking for me?” Fang Xiao’s brows instinctively furrowed tightly as she glared at Dongfang Yunheng. Unfortunately, she was wearing glasses. Even if she used a glare, Dongfang Yunheng still did not know and only thought that she was looking at him.

“It seems that we have nothing more to do with each other, right?” Fang Xiao tried to calm herself down. Her voice was indifferent and distant.

“nothing more?” Dongfang Yunheng was very dissatisfied with her words. He could not help but take a step towards her. He lowered his eyes to look at her and asked in a deep voice, “what do you mean by nothing more?”

“My agreement has expired.” Fang Xiao pressed down on him, so she took two steps back to increase the distance between them. Then, she added patiently, “I only came after the agreement expired. This is not a breach of contract.”

“I didn’t say that you broke the contract,” Dongfang Yunheng said gloomily. Then, he took two steps closer to Fang Xiao and said, “I just said that you don’t keep your word. Since you promised me, you shouldn’t sneak away like this.”

“PROMISE ME?” Fang Xiao looked at Dongfang Yunheng with amusement. She couldn’t help but say sarcastically, “Mr. Dongfang, I think you must be confused. It seems that other than that agreement, I didn’t promise you anything, right?”

“You didn’t promise me anything?” Dongfang Yunheng frowned. He took another step closer to her and forced her into a corner. Then, he reminded her coldly, “Fang Xiao, I don’t think you have Alzheimer’s disease, right? No, young people have Alzheimer’s disease. How long has it been? How could you have forgotten everything?”

How long has it been? Fang Xiao was stunned instinctively. She frowned and looked at him suspiciously. “What do you mean by how long? What did I promise you? Alzheimer’s disease?”

“You promised to marry me,” Dongfang Yunheng finally reminded her angrily. “It hasn’t been that long, has it? That day at the golf course...”

Only then did Fang Xiao remember that there was indeed such a thing. But that day at the golf course, she actually didn’t agree to it. He directly shamelessly insisted that she had agreed.

“I was...” Fang Xiao wanted to explain, but unfortunately, she only said these three words when she opened her mouth, and then she didn’t have the chance to say anything else ...

Dongfang Yunheng's thin lips quickly covered Fang Xiao's pink lips when she said these three words. His thin lips pressed against Fang Xiao's without warning. He was cold and domineering, strong and unyielding, and he blocked Fang Xiao's mouth.

Pain It was the kind of heartache that came from being forced to humiliate and attack.

Fang Xiao was kissed by Dongfang Yunheng forcefully and coldly. Her lips were rubbed by him until they were burning with pain. The only feeling was that he was punishing her. He was trying his best to punish her. Therefore, she struggled with all her might, trying to break free from his shackles.

However, it was useless. Men and women were born with great disparity in strength. Not only did Fang Xiao's struggle not allow her to successfully break free from his control, but she was also tightly held by Dongfang Yunheng's hand. Meanwhile, Dongfang Yunheng's two feet were like two iron clamps on Fang Xiao's body. Even her hand was held tightly by one of his hands... ..

A strong smell of red wine came from his mouth. Only then did Fang Xiao know that he had drunk wine, but she did not know how much he had drunk.

### **Chapter 1962, did you miss me**

Dongfang Yunheng's thin lips quickly covered Fang Xiao's pink lips when she said these three words. Without warning, his thin lips pressed against Fang Xiao's pink lips. He was cold and domineering, forceful and unable to resist as he blocked Fang Xiao's mouth.

Pain It was the kind of heartache that came from being humiliated and attacked by someone.

Fang Xiao was kissed by Dongfang Yunheng forcefully and coldly. Her lips were rubbed by him until they were burning with pain. The only feeling was that he was punishing her. He was punishing her with all his might. Therefore, she struggled with all her might, trying to break free from his shackles.

However, it was useless. Men and women were born with great differences in strength. Fang Xiao's struggle did not allow her to successfully break free from his control. Instead, she was held tightly by Dongfang Yunheng's hand. Meanwhile, Dongfang Yunheng's two feet were like two iron pincers that clamped onto Fang Xiao's body. Even her hand was held tightly by one of his hands... ..

The strong smell of red wine came from her mouth. Only then did Fang Xiao know that he had drunk wine, but she did not know how much he had drunk... ..

Just when Fang Xiao thought that she would suffocate to death, Dongfang Yunheng's mouth suddenly pulled away. She did not expect that her hands, which were originally suffocating, were holding onto the car hood and only cared about breathing heavily. She greedily sucked in the fresh air.

Fang Xiao had never known that the smell of the air was so beautiful, so beautiful that it made people so greedy that they could not leave it for even a moment.

Dongfang Yunheng looked at the woman who was still leaning against the side, breathing in the fresh air. Looking at her flirtatious appearance, he reached out and gently patted her cheeks, which were still red. He could not help but ask in a low voice, "so many days, have you missed me? "

Fang Xiao glared at him fiercely and pushed his hand away. She quickly moved to the side and used her hand to quickly button up her clothes.

Unfortunately, Dongfang Yunheng did not give her much of a chance because he had already quickly approached her. He reached out and grabbed her arm, then used a bit of force. He directly threw her onto the one-and-a-half-meter single bed in the room.

It was a single bed, but after Dongfang Yunheng threw her onto the bed, he quickly fell down and pressed her onto the bed. One hand was controlling her hands, and the other hand took off the glasses on the bridge of her nose.

Her tears immediately rolled out from her perfectly undamaged eye. This was an insult to her, so she poured out all her sadness and grievances in tears.

Dongfang Yunheng looked at the crystal clear tears rolling down her cheeks, but he did not take any further action. He knew that she was not willing. Since she was not willing, he could not forcefully possess her, although.. At this moment, he wanted her to the point of almost exploding.

Her tears were so many and so bright, like diamonds in a jewelry store. Dongfang Yunheng finally could not stand it anymore. In the end, he lowered his head and used his mouth to suck away the tears that were as bright as diamonds.

“Xiao Xiao, don’t cry.” He coaxed her in a low voice. “Xiao Xiao, don’t cry, okay? I really... really want to marry you. I want to marry you as my wife.”

When Fang Xiao heard him say this, her tears became more and more like broken beads. Because what Dongfang Yunheng said was exactly the opposite of what she hoped.

She hoped that he was joking on the golf course that day. She hoped that he would take her to meet his parents just for a moment of interest. She even hoped that after she left, he would quickly forget about her and would never remember her as a person from now on.

### **Chapter 1963 the difference between consent and non-consent**

She knew that she was not worthy of Dongfang Yunheng. She knew that even if the Fang family did not go bankrupt, she was still the young lady of the Fang family. She was not worthy of Dongfang Yunheng.

First of all, she was no longer a girl. She was a second-hand woman who had been divorced. Moreover, she was a second-hand woman who carried the label of a ruined woman.

In fact, ordinary families would not want such a woman, not to mention the famous Dongfang family in Binhai, not to mention the CEO of the Dongfang Group, Dongfang Yunheng.

Dongfang Yunheng saw that Fang Xiao just cried and didn’t say anything, and his heart felt even more uncomfortable. He couldn’t help but apologize in a low voice, “Xiao Xiao, I’m sorry. That night, my uncle Liu Hao really had a surgery, and my parents didn’t have any objections to you. I didn’t mean to not rush back that night...”

Fang Xiao thought that the end of her agreement with Dongfang Yunheng would mean the end of all their interactions, so she had been looking forward to the day the agreement ended.

However, reality proved that Dongfang Yunheng was far more cunning than she was. Before the agreement between her and him ended, he had already schemed and insisted that she agreed to marry him, so now he used this reason to insist on continuing his relationship with her.

Fang Xiao had a headache. She did not want to have a relationship with Dongfang Yunheng because she knew that the ending of their relationship would not be good, and it was impossible for it to be good. She knew this very well.

Therefore, when Dongfang Yunheng explained these things to her, she quietly listened. After he finished explaining, she gently bit her lips and said, "this is not a question of whether you will come back or not. Even if you come back, but the agreement is over, I will still..."

"I have already annulled that agreement a long time ago," Dongfang Yunheng quickly interrupted her words and then pressed her down and said, "now, do you agree to marry me? If you don't agree, I will take you."

Fang Xiao immediately fell silent. At this moment, she was forcefully pressed down by him and was already at a disadvantage. If he really wanted to use force, then she simply didn't have the chance and ability to break free.

Therefore, in order not to be forced by him again, she decided to use a delaying tactic, which was to pretend to agree to him first and then find an opportunity to quietly leave. If she left again, she was afraid that she would really have to go to a place where he wouldn't find her.

Therefore, she pondered for a moment and nodded. "Yes, I agree to marry you."

Dongfang Yunheng immediately smiled. Although he knew that her promise was not the truth, at this moment, regardless of whether her heart was true or not, he had to first make sure that this woman did not think of escaping from him.

Fang Xiao saw that she had promised Dongfang Yunheng but was still lying on top of her body, so she could not help but push him. "Hey, what's wrong with you? Didn't I say that I agreed to marry you? Why are you still up there? Hurry up and move away."

The smile on Dongfang Yunheng's face grew brighter. Not only did he not move away, he even used a little more force to press her even tighter. He grabbed her hands that were pushing his body with one hand and held her shaking head with the other. His thin lips pressed down on her slightly dry pink lips.

"Hey, why don't you keep your word?" Fang Xiao turned her head to the side with force, letting Dongfang Yunheng's thin lips fall on her cheek. Her mouth was loudly protesting against his scoundrel.

"When did I not keep my word?" Dongfang Yunheng answered gloomily, looking at the woman beneath him who was protesting. He then explained softly, "I was just halfway through my words. If you don't agree, I'll take you now. If you agree, I'll love you now."

**Chapter 1964, I want to eat breakfast**

“...”

Fang Xiao was completely speechless. She had to admit that compared to Dongfang Yunheng, she had lost many times in terms of intelligence. Therefore, she would lose to him even for such a simple matter.

Fang Xiao had time to think about the issue of intelligence, but Dongfang Yunheng did not have time to think about it. He could not help but press himself on the soft and fragrant Fang Xiao, even if he did not have that desire when he came to look for her. At this moment, he had already been seduced by her.

So, while Fang Xiao was lost in thought, his thin lips immediately landed on her pink and tender lips. This time, it was no longer a forceful demand, but a gentle and tender kiss, as if he was treating his own treasure.

Fang Xiao remembered a song from many years ago that had this line in the lyrics. Life was like a chain, heavy but unable to break free!

She now felt that this line was very suitable for her. Life was really like a chain to her. With such a heavy burden, she had been trying hard to break free, but she could not break free.

Therefore, last night's Dongfang Yunheng was like a shackle hanging around her neck. Despite her efforts, even if she struggled with all her might, in the end, she still could not break free.

Therefore, the man, Dongfang Yunheng, ate her up in the apartment she rented. In the end, he even forcefully hugged her in his arms and fell into a deep sleep.

No, it should be said that this man was unwilling to leave after he had almost squeezed her dry last night. In the end, he forcefully occupied half of her bed and lay on it to sleep with her.

Therefore, when she woke up this morning, the man beside her was still sleeping soundly with his eyes closed. She could not help but wonder, the CEO of the Dongfang Group was so rich, and the bedding in his house was all world-class branded. How could he still sleep so soundly on this cheap bed of hers?

She wanted to get up, but a certain man's arm was still arrogantly lying on her body. ... It made her face turn red instantly.

She immediately used her hand to pry his hand away, but she did not expect that not only did she not pry it away, but her hand became tighter and tighter instead. She could not help but feel a little anxious and could not help but growl, “Dongfang Yunheng, do you want to let go?”

“No!” The man did not even open his eyes. He closed his eyes and answered shamelessly, “from now on, I will never let go. You are mine. Don't even think about escaping in this life.”

“...” what a bull's-eye!

“I'm asking you if you want to let go now?” Fang Xiao felt a pinch on her chest and her body instinctively trembled. She used her hand to pry his big hand away again.

“I want to eat breakfast.” The man's eyes finally opened. His pair of Phoenix Eyes were inserted into his temples, and the smile on his face was filled with a strong sense of ambiguity.

“Get up and buy yourself breakfast. ” The woman who was slow did not react to the meaning of the breakfast in his mouth. She even explained in a serious manner, “I don’t cook here. The kitchen is just a decoration, so I don’t have any ready-made breakfast for you to eat. ”

“...”this time, it was Dongfang Yunheng’s turn to be speechless. Alright, this woman, Fang Xiao, was indeed slow and clumsy in this aspect.

However, it seemed that he liked his slowness and clumsiness. There were many women who were not slow in this aspect outside, but he did not like those women at all.

### **Chapter 1965 I made glutinous rice balls**

Fang Xiao saw that he had stopped chewing, so she used her hand to break his increasingly dishonest hand. She could not help but growl in a low voice, “Dongfang Yunheng, do you hear me? I’M GOING TO GET UP! ”

“I want breakfast! ” He muttered again, turned over, and directly pressed her under his body... ..

“breakfast? You... ” when Fang Xiao saw the annoying smile on a certain man’s face, she finally understood what he meant by breakfast ...

“I’m going to the toilet, ” she said quickly in a hurry.

“Wait until I have breakfast. I have to go to the toilet after all, ” he said with conviction.

“I’m taking a dump. ” She glared at him with red veins on her face. “Can this wait? ”

“...”

Ever since Dongfang Yunheng approached Fang Xiao again, Fang Xiao felt that her life was like a shackle. Moreover, this shackle was so heavy that she could not break free.

Therefore, in the small apartment that she rented, Dongfang Yunheng became a regular customer again. He was a great CEO, and it seemed that he had nowhere to go after work. He actually came to her apartment every now and then.

The most outrageous thing was that he actually cleaned up her unused kitchen. He even solemnly announced that eating too much food outside was not good, so he had to cook and eat in her apartment after work.

When Dongfang Yunheng announced this, it happened to be the third day that he had forcibly moved into Fang Xiao’s apartment.

That night, Fang Xiao did not work overtime, but it was one hour late. That was to say, she did not get off work, but went to work for another hour.

It was precisely because she had worked an extra hour that when she took the bus back to her apartment, which was three to four kilometers away from the company, Dongfang Yunheng was already busy in her apartment.

She remembered that she did not give Dongfang Yunheng the key, but for some reason, Dongfang Yunheng somehow had the key to her apartment. Moreover, he could openly move some of his daily necessities to her apartment.

Fang Xiao's bachelor apartment was very small. Even if he only moved the simplest luggage over, Fang Xiao still felt extremely crowded, so after she entered the door, she kicked the eye-catching luggage bag twice.

There was a sound coming from the kitchen. Thinking that a rat had entered, she hesitated for a moment before walking over. At the door, she found a certain handsome man busying himself in the narrow kitchen.

"I made Tangyuan." Dongfang Yunheng turned back to look at her and ordered seriously, "hurry and go to the bathroom to wash your hands. The TANGYUAN is about to be cooked. You can eat it later."

"..."

Fang Xiao was speechless. During the days when she had been Dongfang Yunheng's mistress, Dongfang Yunheng had always acted as if he was a master. She thought that he did not know how to use his hands and feet anymore.

She did not expect that after the agreement between her and him ended, he would be able to do it. Not only could he use his hands and feet, but he could also cook. It seemed that she had indeed underestimated him in the past.

Dongfang Yunheng made glutinous rice dumpling with fermented grains, and there were poached eggs buried in it. The fragrance of the glutinous rice dumpling came from the thick soup. The fragrance only rushed into one's nose, making one feel the urge to wander.

Such a good, fragrant, and sweet glutinous rice dumpling. Why could Fang Xiao not taste the sweetness? Instead, she missed the pot of glutinous rice dumpling that she and Xi Lingheng cooked together five years ago even more?

### **Chapter 1966, can't you care a little about gossip**

"My mother said that October is a good time to get married," Dongfang Yunheng said to her without even raising his head while eating the glutinous rice balls. "So, do you think you should quit your job or take two months of marriage leave?"

"Get married?" Fang Xiao finally raised her head and looked at the man in front of her. She asked in puzzlement, "did you just say that you want to get married to me?"

Dongfang Yunheng glared at her. "There's only you and me in this room. Could it be that there's a third person?"

Fang Xiao was stunned. She looked at him and frowned. After a while, she said, "President Dongfang, if I remember correctly, your fiancée should be Miss Gu Chenchen, right?"

Fang Xiao had never liked to read gossip. When she was still studying in city G, she didn't like it. Later, the Fang Corporation had an accident, and the Fang family was in a dire situation. As a result, she and her younger brother, Fang Chen, were homeless. She was even less in the mood and leisure to pay attention to gossip.

However, Lin Yile had always liked gossip, so whenever there was news or gossip about a celebrity in the newspapers or online, she would always be the first to know.

Of course, Lin Yile and Fang Xiao worked in the same company. Although they did not work in the same position, the two of them went to the fast food restaurant downstairs for fast food after work in the afternoon.

"There's explosive news today," Lin Yile stuffed a potato chip into her mouth and said to Fang Xiao, "did you know that the fashion industry model, Miss Gu Chenchen, has officially announced her entry into the film and Television Industry? She is now going to act as the third female lead in a historical costume drama, Princess Momo."

"Oh, is that so?" Fang Xiao looked up and frowned slightly. She asked Lin Yile doubtfully, "is your news reliable?" As far as I know, the Dongfang family doesn't seem to like people in the entertainment industry, right? Didn't they say that Miss Gu Chenchen even wanted to quit the fashion industry and was determined to be young Madam Dongfang? How did it become that she wanted to enter the film and Television Industry again?"

"The Dongfang family doesn't like people in the entertainment industry." Lin Yile rolled her eyes at Fang Xiao. Then she said nonchalantly, "but Miss Gu Chenchen has already broken off her engagement with the CEO of the Dongfang Group, Dongfang Yunheng, so it doesn't matter what industry she enters now."

"What? Dongfang Yunheng and Gu Chenchen broke off the engagement?" Fang Xiao was really shocked. No, she was shocked. She stared at Lin Yile with her eyes wide open. "where did you get all this gossip? How did Dongfang Yunheng and Gu Chenchen break off the engagement? When did this happen?"

"It was yesterday?" Lin Yile really admired this woman, Fang Xiao. She couldn't help but roll her eyes at her again. "Can't you care a little about the gossip? People say that it's entertainment news. Isn't the so-called entertainment news just to entertain us, the public?"

"..."

Dongfang Yunheng and Gu Chenchen broke off their engagement yesterday. No wonder he inexplicably went to his apartment's small kitchen to make glutinous rice balls last night. He even told her that October was not a bad day and was suitable for marriage.

It seemed that he really wanted to marry her, so he did not even want Gu Chenchen. However, why was he so stupid to give up such a beautiful and good Gu Chenchen and want her, an ugly, poor, second-hand woman who only had one eye?

"Hey, what are you thinking about?" Seeing that Fang Xiao did not answer for a long time, Lin Yile could not help but ask, "could it be that you heard that Dongfang Yunheng did not want Miss Gu Chenchen, so you began to dream of being a rich family?"

## Chapter 1967: A person is in high spirits at happy events

Lin Yile's words were purely a joke, but Fang Xiao could not help but blush when she heard it. She had never dreamed of being from a wealthy family, but last night, Dongfang Yunheng had indeed told her about marriage.

"seeing that your face is red, could it be that I was right?" Lin Yile continued to tease, "of course, you used to work in the Dongfang Group, so it is not unusual for you to have such a dream. It is said that there are no married women in the Dongfang Group, and almost everyone has dreamed of being the First Lady of the Dongfang family. "

"However, dreams are still dreams, right?" Lin Yile did not wait for Fang Xiao's reply before sighing. "yesterday, after Dongfang Yunheng and Gu Chenchen released the news of breaking off their engagement and breaking up peacefully, many young female celebrities released some of their so-called secrets about their past relationship with Dongfang Yunheng. It seems like everyone has a special relationship with Dongfang Yunheng. It seems like every female celebrity has a chance to marry Dongfang Yunheng. "

On Saturday, Dongfang Yunheng slept until noon at his home in one inch ink city. The reason why he woke up so late was because he came home late last night.

He and Gu Chenchen had broken off their engagement a week ago. Of course, this was all thanks to his mother, Xi Muru. After all, it was his mother who personally dealt with Gu Chenchen's mother, Mrs. Gu.

Of course, he was not too sure what his mother had told Mrs. Gu, and Xi Muru did not tell him either. She only told him a week ago that the Gu family had agreed to break off the engagement and had him and Gu Chenchen issue separate statements.

This week, he did not spend much time at Fang Xiao's small apartment. He only went there for two nights. However, that woman was not very interested in him and Gu Chenchen breaking off the engagement. Even if she knew, it would be the same as not knowing.

This week, when he returned to one inch Mo city, he had quite a lot of time. The main reason was that he had to do ideological work with his parents because he planned to get engaged to Fang Xiao. After getting engaged, it would definitely be marriage.

His father's ideological work was easier to do, but his mother's ideological work was not so easy. He did not know how much effort he had put in before he finally got his mother to agree to let him bring Fang Xiao home.

His father was indeed on his side. He even told him that when Fang Xiaodao's family came, the family would have a meal together. Then, they would set the date of the engagement and marriage so that he would not have to worry about it all day long. After the wedding, he would be able to put his mind on the company.

As the saying goes, when a person is in a good mood, he would be in a good mood. Of course, everything would be delicious. His parents asked him to bring Fang Xiaodao home today and even said that her sister, little feather, would be coming over today.

Dongfang Yunheng slept until noon. When he got up and went downstairs, his sister, Dongfang Yu, had already arrived. At this time, she was sitting on the Sofa with his little devil sister, Dongfang Muyao, and eating beetroot fruits.

This beetroot fruit was different from the ones sold in the market because the ones sold in the market were usually grown in China. The ones they were eating were brought back from the United States, and they were produced in the mountains of the United States. It was sent to Dongfang Yunheng by the owner of a farm in the mountains of America. It was not sold in the market at all.

The footsteps of Dongfang Yunheng coming down the stairs were a little heavy, so he arrived before he arrived, alerting the two sisters who were eating the green root fruit.

Mu Yao looked up and saw Dongfang Yunheng coming down the stairs. Hence, the corner of her mouth tugged into a smile as she said, "big brother, you look much more energetic than usual today, as if you are a few years younger. It seems that the power of love is indeed endless."

### **Chapter 1968, what do you mean I agree**

"Hehehe, do you still need to say that?" Little feather continued on the side. He looked at Dongfang Yunheng and said, "Yun Heng, I specially flew over from Korea early in the morning just to see who Fang Xiao is. She actually charmed my little brother."

"PFFT." Mu Yao could not help but laugh at the side. She pushed little feather with her hand and said, "come on, SIS, haven't you seen it before? It's at Leng Rong's child's full moon wine."

"Damn, how could I have seen it before?" Little feather rolled her eyes at Mu Yao, then smiled at Dongfang Yunheng and said, "that was actually just a glance from afar. You haven't even formally introduced it to me."

Dongfang Yunheng did not say anything. He thought to himself, didn't I not break off the engagement with Gu Chenchen back then. Moreover, at that time, Fang Xiao and he were still so-called contracted lovers.

"Yun Heng, Mu Yao and I have eaten quite a lot of your thin-skinned American walnuts. There's not much left on the coffee table. Have you kept any for your Fang Xiao?" Seeing that Yun Heng did not say anything, little feather pointed at the beetroot fruit on the coffee table and asked.

"How can I miss her?" Dongfang Yunheng walked over as he spoke and sat down on the single-seater Sofa next to him. Then, he looked at feather and said, "SIS, why are you so free today? Didn't you say that my nephew is going to kindergarten?"

"Yes, he is going to kindergarten. Didn't I give your brother-in-law the task of picking him up and dropping him off? It's rare for him to be a male nanny for a day. He's so happy," feather laughed when he said this. He could not help but move his body closer to Dongfang Yunheng. He looked at him and asked, "well, Mu Yao was just saying that Fang Xiao will call her sister-in-law when she comes tonight. I said I'll ask for your opinion first. What do you think?"

Dongfang Yunheng's face could not help but blush. Then, he looked up at his little sister Mu Yao who was smiling smugly beside him. He thought for a moment and said, "actually, I don't have any objections if you call me that. I'm just afraid that she won't like it. Isn't she not married yet?"

"I don't know what's so good about that Fang Xiao that she can actually charm you to death?" Xi Muru walked out of the kitchen with a plate of freshly cut fruits in her hand. She glanced at her son Then, she shook her head helplessly.

"Mom, you've already met someone." Dongfang Yunheng quickly stood up and took the plate of fruits. Then, he said carefully, "didn't you already agree to my marriage with her? Why are you saying this now?"

"F \* Ck, what do you mean I agreed?" Xi Muru glared at him. Then, she could not help but laugh out loud. "Wasn't I forced to agree by you? who asked you to form a group of people and all of them agreed. Instead, I've isolated a person. Do you think I can not agree?"

"Mom, you can force yourself to do whatever you want here, but Fang Xiao will come tonight. You can't force yourself anymore," Dongfang Yunheng quickly said to his mother. He knew Fang Xiao's character. His mother had to show a little reluctance. She would definitely not agree.

"Alright, I got it. Do I still need you to teach me these things on the table?" Xi Muru rolled her eyes at her son. Then, she sighed and said, "now I finally know what it means to be a son and help someone raise him. Look, now that I have a wife, I've forgotten about being a mother."

### **Chapter 1969, don't tell me I'm a cannibal**

"PFFT." Both Little Feather and Mu Yao burst out laughing. Mu Yao took the opportunity to say to Xi Muru, "look, mom, it's better to raise a daughter, okay? Otherwise, people will say that daughters are mother's caring little padded jackets, so don't be angry. Besides your two sons, you still have two little padded jackets."

"Fine, you two are still caring little padded jackets?" Xi Muru glared at her two daughters and then said snappily, "I think the two of you are more like two cabbages. It's an endless worry."

Little Feather and Mu Yao looked at each other and did not dare to praise themselves anymore. Meanwhile, Dongfang Yunheng stood up and took the initiative to massage his mother's shoulders. Then, he whispered in her ear, "mom, don't be angry. When Fang Xiao and I get married, the two of us will live in one inch Mo city. When that time comes, I'll let Fang Xiao wait on you every day. That way, you won't lose a son, but you'll have a daughter."

Xi Muru glared at him again when she heard that. Then, she used her hand to pull down the hand that was massaging her shoulder and said, "alright, stop sucking up. Be careful not to smack the horse's leg. You'd better leave quickly. This person is at home and her heart probably flew to her place a long time ago. Remember to bring her over early in the afternoon. Don't make us wait for her all the time. In addition, I'll personally go to the kitchen to cook two dishes as a welcome gift for her. I haven't prepared any other gifts."

“thank you, mother.” Dongfang Yunheng immediately bent down and kissed Xi Muru’s cheek a little more heavily. Then, he continued to suck up to her. “My mother is the best mother in the world. Why don’t people say that Mrs. Dongfang is the most open-minded?”

“Go, go, go. Hurry up and leave.” Xi Muru pushed her son with her hand. She watched him walk out of the hall before sighing again. She could not help but turn around to look at her two daughters.

“Mother, I remember now. I haven’t prepared a welcome gift for sister-in-law yet. I’ll go out and buy a gift for sister-in-law now.” Mu Yao immediately jumped down from the SOFA. She did not want to become a cannon fire. Her mother’s fire was obviously still very big.

“Didn’t you say last night that you’ve already prepared a welcome gift?” Xi Muru exposed her little daughter’s trick right in front of her face. She could not help but snort coldly. “You want to run away when you see me. Don’t tell me I’m going to eat people?”

“PFFT...” little feather laughed at the side She came over to massage Xi Muru’s arm and said, “mom, you don’t eat people. Mu Yao and I both know that, but you have to scold people. I don’t know what’s going on with Mu Yao lately, but she’s always had bad luck. She’s been scolded too much by the teacher at school, so she doesn’t want to be scolded anymore.”

“Mu Yao, you’ve been scolded by the teacher again?” Xi Muru was immediately successful in changing the topic by little feather and quickly started to care about her little daughter. “Tell me, what’s going on? Why did the teacher scold you? Did you do something wrong again?”

“I...” Mu Yao looked at her sister, little feather, and could not help but complain in her heart. SIS, you’re not helping. How could I have been scolded by the teacher? I was even given a big award certificate by the teacher yesterday, wasn’t it??

“Fine, you don’t have to be mine anymore.” Xi Muru saw the way Mu Yao was acting She sighed, resigned to her fate. “Anyway, it’s fine if you don’t study hard, but you can be a vagrant in the future. Oh right, vagrants can also enjoy the kind of freedom that you can’t enjoy in one inch ink city.”

“...”

Mu Yao was completely speechless. Alright, it was better for her not to speak at all. Anyway, her mother had been very angry recently because of Dongfang Yunheng’s matter. It was better for her to speak less. Otherwise, it would be troublesome if that fire burned her body.

## **Chapter 1970. The more you’re afraid of something, the more it’s going to happen**

Dongfang Yu could not help but laugh when he heard his mother say this, so he quickly changed the topic. “Oh right, didn’t Yun Zai say that he was coming back to see sister-in-law? Why haven’t I seen him yet?”

“Don’t mention him.” Xi Muru felt a headache when she mentioned her youngest son, Yun Zai She said unhappily, “He called last night to say that he was coming back, but who knew that this morning, he called again and said that he wouldn’t be coming back. It seems that there’s something urgent that

needs him to deal with over there, and he even said that he would only come back after Yun Heng gets married. “

“maybe second brother is also attracted to a certain woman,” Mu Yao quickly took over the conversation, then secretly gave Dongfang Yu a thumbs up, agreeing with her good change of topic.

“If that’s really the case, I’ll be burning incense and thanking the heavens.” Xi Muru sighed heavily when she heard this. “The key now is that no woman can charm him, and he has a lot of women outside. I get a headache whenever I mention him. “. “...”

Fang Xiao did not go out during the day because Dongfang Yunheng told her last night that he was going to take her back to his house today, so it could be considered as acknowledging the door.

To be honest, Fang Xiao didn’t really want to go. Although Dongfang Yunheng and Gu Chenchen had broken off their engagement, she still felt that she wasn’t qualified to be the young madam of the Dongfang family.

The Dongfang family was a famous family in the entire Binhai. Such a family shouldn’t be able to accept any girl with a blemish. However, she had a lot of blemishes, which was far away from the Dongfang family’s request to choose a daughter-in-law.

However, Dongfang Yunheng insisted on taking her. He even said that he had wronged her five years ago. At that time, he didn’t know that someone had pretended to be his mother and said those words to her. He also didn’t know that someone had sabotaged the two of them.

When Fang Xiao heard this, she felt very uncomfortable. She admitted that a large part of the reason why she broke up with Dongfang Yunheng back then was because of that noblewoman. However, she had to admit that her parents had also put pressure on her back then.

Now that those things were over, Dongfang Yunheng wanted to pick up their love again. However, she always felt that the current situation was completely different from Dongfang Yunheng and Xi Lingheng five years ago.

She could not remember who had said that Love was a luxury. Once that kind of thing was gone, it was actually very difficult to pick it up again. Moreover, it was very difficult.

Therefore, between her and Dongfang Yunheng, Dongfang Yunheng was indeed much more active than her in picking up the past love. However, she was always in fear and trepidation, afraid that the incident from Paris last year would happen again.

Sometimes it was very strange. The more you were afraid of something, the more it would happen.

The current Fang Xiao was very afraid that the incident of Dongfang Yunheng abandoning her last year would happen again. However, she did not expect that this afternoon, the incident would really happen again.

At noon, Dongfang Yunheng called her and asked her to go to the French restaurant on the second floor of the cloud pavilion. He said that he wanted to give her a surprise.

In fact, she was not interested in surprises. However, since Dongfang Yunheng asked her to go, she might as well go. At least French Western restaurants could provide food, right?

She did not forget that it was at the French Western restaurant of the Heavenly Cloud pavilion that Dongfang Yunheng had ruthlessly ripped her off. He had eaten more than five thousand yuan in one meal. Now that she thought about it, her heart ached.

Her dormitory was some distance away from the Heavenly Cloud pavilion. There was originally a bus that could directly take her there. However, for some reason, the bus had not arrived even after waiting for more than ten minutes.
