

Divorce 1991

Chapter 1991: Getting a marriage certificate in person

Of course, Du Caiwei definitely didn't mention that Qiu Yitang had brought Dongfang Yunheng because she and Gu Chenchen had agreed that Gu Chenchen would be there to delay Dongfang Yunheng while she would be here to settle Qiu Yitang. And both of them would be able to obtain their own happiness at the same time and remove the thorn in Fang Xiao's flesh.

However, both of them had overestimated their own abilities, so in the end, Gu Chenchen naturally didn't delay Dongfang Yunheng, and the person that Du Caiwei was about to face wouldn't be Qiu Yitang alone.

Of course, this did not mean that Gu Chenchen was incompetent and did not show much sincerity when working with Du Caiwei. In fact, Gu Chenchen was really sincere in working with Du Caiwei this time, but.. She did not expect that Dongfang Yunheng would beat her to the punch.

It had always been Qiu Yitang and Du Caiwei who had a one-way contact. Dongfang Yunheng did not participate in it, so Du Caiwei thought that Qiu Yitang came alone.

The next morning, Qiu Yitang contacted Du Caiwei again and claimed that he had brought the staff of the Civil Affairs Bureau over. Not only could he sign the marriage contract with her face to face, but he could also apply for a marriage certificate on the spot.

Du Caiwei might have been over the moon because she had been looking forward to marrying Qiu Yitang all this while. However, people nowadays were completely different from people in ancient times when they got married.

In ancient times, when people got married, it was as if a man and a woman were married when they lived together. However, people nowadays had to have a legally recognized marriage certificate, which was the marriage certificate.

She and Qiu Yitang had lived together a few years ago. She had helped Qiu Yitang get pregnant, but this still could not be used as evidence that she was Qiu Yitang's wife because there was no marriage certificate.

Therefore, Du Caiwei's desire for the marriage certificate was far greater than anything else. So much so that when Qiu Yitang told her that he had brought the staff of the Civil Affairs Bureau to help her apply for the marriage certificate on the spot, she did not even suspect anything.

In fact, anyone with a bit of brains would have thought that the civil affairs bureau was, after all, a state unit. Not just anyone could arrange for him to do things. For things like getting a marriage certificate, they had to go to the civil affairs bureau.

Of course, there were also staff of the civil affairs bureau who went down to the grass-roots level to do things, but that required the approval of the higher-ups. And she, Du Caiwei, was now kidnapping Fang Xiao. Would the higher-ups of the staff of the Civil Affairs Bureau approve such a thing?

Moreover, if it was really approved, then this matter would probably blow up. Because they knew that the other party was breaking the law, yet they still rushed over to handle matters. That would definitely be a call to the police. And only the police had the right to request certain departments to make some countermeasures in order to rescue the hostages.

If Du Caiwei's brain had calmed down a little, she might have thought of this. However, she had heard from Qiu Yitang that they could get their marriage certificates done today. As long as she did not hurt Fang Xiao, she would be too excited. So much so that she had forgotten that one should not get carried away when one was proud.

Du Caiwei had indeed gotten carried away, and she was too carried away. Therefore, after she hung up on Qiu Yitang, her first reaction was not to think about the authenticity of this matter, but to quickly run towards the small wooden house.

Of course, the small wooden house was locked from the outside, and the key was in the hands of the driver. She quickly waved at the driver, signaling him to hurry over and open the door. She wanted to enter the small wooden house.

Chapter 1992: I'm going to be young Madam Qiu

The driver walked over doubtfully and looked at Du Caiwei with a frown. "What are you going to do inside? Isn't this wooden house used to lock up that woman with the Surname Fang?"

"I have something to say to her." Du Caiwei was only concerned about her own excitement and did not look at the driver's expression at all. Her voice was filled with excitement and joy that could not be suppressed. "Qiu Yitang has agreed to marry me. From now on, I'm going to be young Madam Qiu."

The driver's face obviously darkened. He could not help but say coldly, "look at you. Are you that happy to be married to him? Isn't he just a man? Which part of him is better than me? Is that place bigger than mine? Or is it more comfortable than me?"

"..."

Du Caiwei did not expect that her excitement would hurt the man who had sex with her last night. So she quickly restrained her excitement and said with a smile.

"Where? How can he compare to you in that aspect?" The smile on Du Caiwei's face was full of flattery. "Brother Kun, you are the best. That thing of yours is also the biggest thing I have ever seen..."

"How many of those things have you seen?" The man called Brother Kun's face became darker and darker. He didn't get happy just because Du Caiwei said he was the biggest thing.

"..."

Du Caiwei immediately became speechless. She thought to herself, of course I've seen a lot. Don't women's looks depend on men's things. So, I have to take more essence, don't I?

Of course, she could only say such words in her heart. But what she said was, "Brother Kun, I've only seen you and Qiu Yitang. After all, he was my boyfriend, and he even said he wanted to marry me. Do you think that woman listened to her boyfriend's words and refused to give herself to him?"

After hearing Du Caiwei's explanation, the man called brother Kun's expression softened a little. Then, he said coldly, "don't forget, we're in a cooperative relationship. You can marry Qiu Yitang. After all, she can give you wealth and glory. However, your body has to be provided for me to enjoy at any time. Even if you become the young Madam of the Qiu family in the future, you have to be at my Beck and call. Otherwise, I'll make you suffer."

Du Caiwei quickly agreed, "of course. Brother Kun, since I asked you to help me, I naturally won't lack your benefits. Moreover, Brother Kun, you've made me so comfortable, don't you think so?"

Du Caiwei's heart was saying, go to hell, Kun, who do you think you are? If it weren't for those people a few years ago who couldn't find you, do you think I would look for you?

You are just a gangster in Hui city. When I become the young Madam of the Qiu family, of course, I will think of ways to get rid of you. You still want me to be at your Beck and call, dream on, I will sleep with you for free these two days.. Just to save some money.

Of course, brother Kun didn't know what Du Caiwei was thinking. Hearing her promise so straightforwardly, he thought that this woman lying under him was indeed like a water snake, and there were many kinds of bed, which could let him experience the feeling of dying. Therefore, he did not say anything more.

"Brother Kun, hurry up and open the door." Du Caiwei saw that brother Kun's complexion had recovered, so she took the initiative to pull his arm and kissed his pink lips on his cheek. "Brother Kun was so wonderful last night. I almost couldn't get up this morning."
