

Divorce 2021

Chapter 2021 isn't everything settled

The love between us is as light as air, and I still can't bear it, let the past pile up in my heart, I can only hug the air, pretend that it's you, happiness through the glass, looks beautiful, but it can't be touched, maybe the you that passed by me, only leaves a trace in my life. . .

Fang Xiao thought that the love between her and Dongfang Yunheng is as light as air, that's why she can't bear it. As for the past, the past has gone with the wind, so, what's left for her, she can only hug the air. ...

Dongfang Yunheng was a happiness that she couldn't touch. Whether it was in the past or now, he was standing high above the clouds. She was an ordinary woman after all. If she wanted to fly up to the clouds and stand side by side with him, it could only be wishful thinking.

Of course, she knew that she shouldn't be wishful thinking, but she still made her intentions clear in front of Mrs. Gu without backing down. This time, she wouldn't take the initiative to quit.

Of course, she also knew that whether she would take the initiative to quit or not wasn't important. What was important was that Dongfang Yunheng's own choice. If he chose Gu Chenchen, she wouldn't be able to shake his decision at all.

Binhai, one inch ink city

Dongfang Yunheng walked down the stairs as he looked at the watch on his wrist. It was already 5:20 in the afternoon. There were still forty minutes before Fang Xiao got off work, and it shouldn't take him half an hour to drive from here to her company So everything was still in time.

He hadn't seen Fang Xiao for ten days. He didn't know what she was thinking or doing during these ten days, or if she was planning to escape again?

Although he hadn't gone to her place for ten days, he had always known her whereabouts. Wu Jianping said that she went to work every day and didn't meet with other friends or anything like that. It was as if she had been kidnapped Her brother's kidnapping had never happened before.

He was relieved when he heard the news. He thought that as long as she was in Binhai, as long as she didn't run far away, as long as... ...

"Yun Heng, are you going out?" Xi Muru's voice interrupted Dongfang Yunheng's thoughts.

Only then did Dongfang Yunheng realize that there was someone in the living room. His Mother was sitting on the SOFA reading a book. She probably asked this because she saw him coming downstairs, and grandma Wang was coming over with a platter of fruits.

"MMM," he replied. He did not plan to go over and sit with his mother for a while. Instead, he wanted to walk straight to the entrance of the living room.

“Yun Heng, come here.” Xi Muru saw that her son was about to leave and could not help but frown. She said a little unhappily, “why? You’ve gotten yourself into a mess, and now you want your mother to clean up your mess for you?”

“mother, how could I have that intention?” Dongfang Yunheng walked over helplessly and sat down on the single-seater Sofa next to him. Then, he looked at Xi Muru and smiled apologetically. “mother, hasn’t everything been resolved?”

“What has been resolved?” Xi Muru was very dissatisfied with Dongfang Yunheng’s words. She threw the book in her hand under the coffee table. Then, she sighed heavily and said, “what do you think about Shen Chen’s matter? We have to give the Gu family a reason, right?”

“What do you mean by giving the Gu family a reason?” Dongfang Yunheng said unhappily. “Mother, I’ve already made things clear with Shen Chen. We can’t force matters of love. After so many years, I haven’t loved her. Even if it were another five years, I still wouldn’t have fallen in love with her.”

Chapter 2022: I will never marry her

“Now it’s not a question of whether you love her or not.” Xi Muru glared at her son, then said a little irritably, “now it’s a question of whether you marry her or not. The Gu family wants you to be responsible for Chenchen!”

“Why should I be responsible for her?” Dongfang Yunheng was a little angry when he heard that. He could not help but raise his voice by two decibels. “Mom, I’ve already told you the situation. Chenchen stabbed himself in the abdomen with a dagger. What does that have to do with me? If every woman who likes me commits suicide, will I be able to take full responsibility?”

“Chenchen stabbed herself in the abdomen with a dagger, that’s right.” Xi Muru nodded as she looked at her son. She sighed and continued, “but, Yun Heng, don’t forget that it’s your child that’s evil in Chenchen’s stomach. At that time, you didn’t want her anymore. As a woman, in a moment of anger, she wanted to return your things to you. That’s why she would behave in such extreme ways...”

“Mother, it doesn’t matter whether her behavior is extreme or not. This has nothing to do with me. In short, I won’t marry her!”

Dongfang Yunheng quickly took over his mother’s words. Then, he hurriedly expressed his stance.

“Chenchen’s motive is nothing more than to make things bigger and let you all know more about it. His motive is to make her even more miserable. He wants everyone to sympathize with her and think that she is a woman with deep feelings. He thinks that she is doing this all because she loves me, so he pulled all the weight of family to her side and isolated me. He wants everyone to put pressure on me. It’s as if I don’t marry her under such circumstances, I would be a wolf-hearted man.”

“Hehehe, I didn’t expect my son to be so insightful.” Xi Muru could not help but laugh when she heard Dongfang Yunheng’s words. Then, she sighed and said, “that’s right, Chen Chen’s purpose is like this. She only has one purpose in doing this, and that is to save herself from death. Now...”

“mother, don’t do it now,” Dongfang Yunheng interrupted Xi Muru impatiently. Then, he said impatiently, “I don’t care whether she is in her past life or in her future life. In short, I can’t marry her. Not to mention her uterus is injured, even if her uterus is gone, I can’t marry her.”

“I’m not discussing this with you now.” Xi Muru’s tone immediately became stern. She looked at her frustrated son and said, “Your father asked me to inform you that in half a month, you will marry Chen Chen. The date has been set.”

“What?” Dongfang Yunheng widened his eyes and stared at his mother. He wondered if he had heard wrongly. “Mother, what did you say just now?”

“Your father asked me to inform you that in half a month, you will marry Chen Chen. The date has been set.” Xi Muru repeated what she had just said and then looked at her son seriously.

“Why?” Dongfang Yunheng was finally angry. He looked at his mother. He growled angrily, “why did you agree to the Gu family’s request? Can’t I make the decision for my own marriage? What right does father have to make the decision for me? If you want to marry him, marry him yourself. I won’t marry Gu Chenchen Anyway.”

Xi Muru did not laugh when she heard her son’s words. Instead, she sighed heavily. Then, she looked at her angry son and said, “Yun Heng, sometimes some things are fate, and you can’t escape fate. This is just like how your father and I were back then.”

Chapter 2023: How could be so coincidental

Xi Muru paused at this point, then she smiled bitterly and said, “back then, I wholeheartedly wanted to escape from your father. I didn’t know how many methods I used, but in the end, I still couldn’t escape. In the end, it was still with him.”

“The story between you and father is different from the story between me and Gu Chenchen,” Dongfang Yunheng interrupted his mother’s words impatiently. Then, he said angrily, “mother, father was indeed a little cruel to you back then, but father likes you. He wants you to be by his side. As for me and Chenchen, I don’t like her. I don’t like her at all because she’s too fake.”

“Now, it’s not a question of whether Chen Chen is fake or not.” Xi Muru quickly interrupted Dongfang Yunheng. Then, she took out a piece of paper from her bag and handed it to Dongfang Yunheng. “Take a look. This is Chen Chen’s latest medical report.”

“Medical Report?” Dongfang Yunheng could not help but be puzzled. When he took the piece of paper, he could not help but mutter, “didn’t her wound heal? Doesn’t that mean tomorrow can...”

Before Dongfang Yunheng could finish muttering, he was shocked by the contents of the piece of paper. Then, he looked at Xi Muru and said in a daze, “that’s impossible, right? How could it be so coincidental?”

“I thought it was impossible too. I even thought that this was a conspiracy by Mrs. Gu, so I got your uncle Liu Hao to personally go to Chen Chen’s ward to draw two tubes of blood and return to our

Sunshine Hospital for a check-up. However, the result was the same as the result from the hospital where Chen Chen was hospitalized. “

Xi Muru sighed heavily when she said this. Then, she shook her head with a wry smile and said, “Yun Heng, although Chen Chen is a little fake and Mrs. Gu pretended to be me to go to New Jersey to look for Fang Xiaobang to break up the couple, in the end, in the end, Chen Chen really loves you. You can’t deny this, and you can’t deny it either. “

“There are many women who love me. Do I have to marry all of them?” Dongfang Yunheng scoffed at his mother’s words and threw the piece of paper away in frustration.

“Chen Chen is suffering from uterine cancer. Liu Hao said that based on her current condition, the longest is one year, and the shortest is half a year.” Xi Muru avoided the topic of Dongfang Yunheng’s conversation and went straight to another matter.

“Mrs. Gu cried very sadly. She said that her daughter’s greatest wish in this life is to marry you as a wife. She said that she also knows that you like Fang Xiao in your heart and think about Fang Xiao, but...” “

Xi Muru paused for a moment before she sighed and said, “anyway, Mrs. Gu hopes that you can discuss with Fang Xiao and see if you can give Chenchen a year. Maybe not in a year. I hope that you can fulfill Chenchen’s last wish. “

“since father has agreed on my behalf, why are you still discussing with me now?” Dongfang Yunheng felt extremely frustrated. He really did not expect Gu Chenchen to have uterine cancer, even though he had gone to the hospital to see her over the past few days.

Actually, when Gu Chenchen was sent to the hospital, she had undergone surgery. The doctor said that the cut had been very deep. Not only had it injured her uterus, but it had also injured the pregnancy sac in her uterus. Therefore, before the suture operation, the doctor had even performed an abortion operation on her.

Five days after the operation, for some reason, the doctor said that she had always been evil and unclean, so he performed a second operation. Then, he seemed to want to take her blood for a test or something.

Chapter 2024: Do I really have to marry her

Although he went to the hospital to see her every day, he didn’t stay in the hospital all day. After all, there were many things to do in the company. Moreover, he had flown to Japan to attend a business cooperation meeting in the past ten days.

He had just flown back from Japan last night. Because the plane was late, it was already midnight when he arrived at Binhai. Therefore, he didn’t go to the hospital to see Gu Chenchen. Instead, he went straight back to one inch Mo city to sleep.

When he woke up in the afternoon, he was only concerned about asking Wu Jianping about Fang Xiao’s news. As for Gu Chenchen, he thought that she should have been discharged from the hospital. After all, it wasn’t a serious injury. Moreover, when he flew to Japan three days ago, he went to her ward. At that

time, she even said that the doctor said that she would be discharged after two or three days of observation.

But who would have thought that in just these three days, she actually investigated and dealt with such a matter?

“Your father is standing on the side of everyone’s consideration,” Xi Muru quickly explained to her husband. Then, she smiled bitterly and said, “actually, even if you marry Chenchen, it’s just to give her a status. This can be considered as her return for being by your side all these years. Of course... .. “If you really don’t want to, your father and I won’t force you. After all, this is your marriage. As parents, we will only give you advice, we won’t force you. “

“Then, you just said that my father wants me to marry Chen Chen in half a month?” Dongfang Yunheng was slightly dissatisfied with Xi Muru’s contradictory words.

“Hehehe, I said that on purpose just now. I just wanted to see your reaction,” Xi Muru laughed. Then, she stood up and patted her son on the shoulder. “alright, Yun Heng, your father and I mean that since Shen Shen is really in the advanced stage of uterine cancer, and there isn’t much time, then we might as well give her a title. You and Fang Xiao can wait another one or two years. “

“Of course, this is just what your father and I want. In the end, it’s still up to you to decide. Moreover, you should discuss this with Fang Xiao before making a decision. “

Xi Muru felt her mouth dry after she said this. She yawned as if she had just handed over an important task. She sat on the sofa and used a toothpick to fork the fruit that mother Wang had brought over to eat.

Dongfang Yunheng stood up from the sofa and glanced at his mother, who was leisurely eating the fruit. He wanted to say something, but in the end, he did not say anything. He just turned around and walked out of the door.

He originally wanted to go to Fang Xiao’s company to pick up Fang Xiao from work, but after the conversation with his mother, he was no longer in the mood. At this moment, he only wanted to confirm Gu Chenchen’s condition.

If Gu Chenchen really had uterine cancer, of course, his mother said that Uncle Liu Hao had already had a blood test. Logically speaking, he should not have suspected, because suspecting Gu Chenchen’s condition was the same as suspecting uncle Liu Hao.

But he had to suspect, because this was too much of a coincidence. Gu Chenchen had not been diagnosed with uterine cancer for a long time and had not been diagnosed with uterine cancer, but at this time, she had been diagnosed with uterine cancer.

If it was true, if it was true... ..

Dongfang Yunheng leaned on his steering wheel and did not step on the accelerator for a long time. His mind was constantly thinking about Gu Chenchen’s uterine cancer. If it was true, what should he do?

Should he really marry her? Even if it was just to give her a title?

According to his parents, he should do this. Even if it was just to appease Gu Chenchen, he should marry Gu Chenchen and then wait for Gu Chenchen to die before marrying Fang Xiao.

Chapter 2025 unless she did not have a terminal illness

However, Heaven knew that he did not want to marry Gu Chenchen. He did not want to marry Gu Chenchen at all. Therefore, even if it was just an empty marriage, he was unwilling to give it to her.

When Mu Yao came back from school, she saw Dongfang Yunheng's car parked there, but it was starting. She walked over and saw him lying on the steering wheel. She knocked on his car window outside the window. "Brother, why are you lying on the steering wheel in a daze? "

"Oh, I'm thinking about it." Dongfang Yunheng rolled down the car window and looked at his sister outside. "Mu Yao, you're out of school so early? "

"It's still early? It's almost six o'clock." Mu Yao rolled her eyes at him and then said in a bad mood, "Oh right, what's wrong with you? You look unhappy. Did my future sister-in-law, Fang Xiao, ignore you again? "

"It's not Fang Xiao." Dongfang Yunheng shook his head and looked at Mu Yao with a bitter smile. "It's Shen Shen. She... actually has uterine cancer, and it's in the middle and late stage. "

"What?" This time, even Mu Yao felt a little strange. She couldn't help but ask in surprise, "who told you this? I think she's fine. Why did she accidentally stab herself and even cause uterine cancer? Isn't this too weird? "

"Mom just told me. She even said that Uncle Liu Hao has been diagnosed." Dongfang Yunheng shook his head helplessly and said, "I don't know what to do now. Dad and mom wanted me to marry Chenchen and fulfill the wish of a person who is about to die. They wanted to give her a title and let her leave without any regrets. "

"okay." Mu Yao nodded and looked at Dongfang Yunheng. "from the perspective of human nature, you should indeed do this. After all, Gu Chenchen has been your girlfriend for a few years. Now, there are only a few days left... "

"But I'm not willing to do this." Dongfang Yunheng glared at Mu Yao. "Don't be reasonable with me. Mom has been talking to me for a long time. My ears are getting calluses. "

Mu Yao could not help but laugh when she heard this. Then, she looked at him with a sympathetic gaze and said, "brother, what kind of name do you think you have? Look at Yun Sheng, how carefree his life is. Two days ago, he got involved with the newest model in Singapore. He even said that he wanted to promote that model... "

"Aiya, I have a big headache with my matters. How can I have the mood to pay attention to him? " Dongfang Yunheng interrupted Mu Yao's words with slight annoyance. Then, he quickly asked, "Oh right, Mu Yao, don't you usually have a lot of evil ideas? Quickly help me think of a way to not get married to Gu Chenchen. "

“Tch, what can I do?” Mu Yao glared at him and said in a bad mood, “since he only has that much time left, why don’t you satisfy him...”

“I’ll satisfy your dead head and satisfy you. I’ll let you help me think of a way.” Dongfang Yunheng quickly interrupted Mu Yao’s words. Then, he glared at her and raised his voice to shout, “quickly think of a way.”

“F * Ck, what kind of person are you? You can think of a solution for your own matters.” Mu Yao was also a little unhappy She could not help but say coldly, “what other solution can I think of? Since my parents think that you must marry that Gu Chenchen, then you can only marry her. who asked her to be so unlucky to have uterine cancer? Unless she doesn’t have a terminal illness.”

After saying this, Mu Yao turned around and walked towards the door of the hall. She no longer paid attention to this unreasonable Dongfang Yunheng. Seriously, how could she not help him with his matters?

Chapter 2026 I won’t take the blame for you

Dongfang Yunheng was even angrier when he heard Mu Yao’s words. He also hoped that Gu Chenchen did not have a terminal illness, but she had already gotten a terminal illness. If it had been another doctor who had diagnosed it, he could have doubted it, but uncle Liu Hao had also diagnosed it So he did not even need to doubt it.

Thinking of this, he only felt an even greater headache, so he simply started the car and slowly drove out of one inch Mo city. Then, he slowly wandered on the streets.

When his phone rang, he was parking the car by the river in a daze. Therefore, he did not even look at the number and pressed the answer button. In the end, it was Yun Zai who had not called him for a few months.

“What’s the matter?” Yun Heng asked indifferently. Without waiting for Yun Heng to answer, he continued to ask, “just now, Mu Yao said that you got together with another young model. This time, you must not say that the media got it wrong again. That person is me. I won’t take the blame for you.”

“Hehehe,” Yun Zai could not help but laugh Then, he yawned on the other end of the phone and said, “why would I call you? Didn’t I hear that you’re getting married? I asked what kind of gift you want. As your younger brother, I have to help you prepare it, right?”

“marriage, dizziness is more like it.” Dongfang Yunheng was slightly annoyed as he shouted at Yun on the other end of the phone, “you’re not even married yet. Why would I get married?”

“...” there was a short period of silence on the other end of the phone. Then, he said slowly, “It seems that you’re the elder brother.”

“elder brother, you big head ghost. I only carried you out two minutes earlier,” Dongfang Yunheng said angrily. “I really hate the doctors of that year now. Why didn’t I carry you out first? If that was the case, I wouldn’t have to stay at home to guard Dongfang Corporation, and I wouldn’t have to...” “...”

“Alright, alright, alright. Don’t complain about the doctors of that year,” Yun Zai quickly interrupted him. Then, he sighed and said, “it was Mu Yao who told me that you were getting married. Mu Yao said that you didn’t want to marry that woman, and that you couldn’t think of any other way. She asked me to help you think of a way.”

“right, right, right. I really can’t think of a way,” Yun Heng heard Yun Heng say this. Immediately, he said in line with his words, “you always have many ideas, especially when it comes to dealing with women. Quickly think of a way for me to solve this matter.”

“What do you need to think of?” Yun Heng said impatiently on the phone. A slightly angry voice came over, “Dongfang Yunheng, you’re a pig. There’s no need to think too much about this kind of thing. Just tell the Gu family directly that you’re not willing to marry a woman with a terminal illness. Isn’t that enough?” “Moreover, many women will voluntarily withdraw when they know they have a terminal illness. They’re deeply afraid that they’ll drag down the man they love. Yet, the Gu family is using this reason to ask you to marry Miss Gu. This shows that Miss Gu doesn’t really love you. She just really wants to marry you. “...”

As the saying goes, a single sentence wakes up the person in the dream. Dongfang Yunheng had to admit that Yun’s words had indeed woken up the person in the dream. It had also completely pulled him out of the mystery that he was still stuck in.

That’s right, why was he so conflicted? Why didn’t he just tell the Gu family that he wasn’t willing to marry Gu Chenchen?

Besides, he wasn’t the one who made Gu Chenchen suffer from uterine cancer. Why should he be responsible for Gu Chenchen?

After hanging up the call with Yun Zai, he immediately drove to Gu Chenchen’s hospital. It seemed that he still had to visit her and make things clear to her.

Chapter 2027 I heard that you have uterine cancer

When Dongfang Yunheng rushed to the hospital, Gu Chenchen was about to have dinner when Mrs. Gu stewed chicken soup with Ginseng for her. When she saw Dongfang Yunheng coming over, she immediately closed the lid of the insulated lunch box in her hand.

“Yun Heng, have you eaten?” Gu Chenchen’s voice was soft and soft. It was said that it sounded very soft. In fact, if she was in a good mood, her voice would still be heard.

However, Dongfang Yunheng was not in a good mood, so Gu Chenchen’s voice was very uncomfortable in Dongfang Yunheng’s ears. His face was cold, and the way he looked at her was different from before.

Gu Chenchen’s heart could not help but sink. The Dongfang Yunheng today was different from the past few days. The last few times he came, he would always bring a bouquet of flowers. But today, his hands were empty, and there was nothing in them.

“I’m not in the mood to eat.” As expected, when Dongfang Yunheng opened his mouth, his voice was obviously cold.

“Did someone make you angry?” Gu Chenchen asked carefully. Looking at Dongfang Yunheng, she guessed, “is it Wu Jianping? Or your secretaries?”

“I heard that you have uterine cancer?” Dongfang Yunheng avoided her question and did not answer. Instead, he asked her another question. His cold gaze was like a sharp blade that landed on Gu Chenchen’s face.

Gu Chenchen’s heart instinctively stopped. Her thoughts immediately started to spin. It seemed that Dongfang Yunheng came here today to talk about marriage. It seemed that her mother had indeed looked for Mrs. Dongfang. Otherwise, Dongfang Yunheng would not know that she had uterine cancer.

However, she did not know what kind of attitude he had. From his expression, it was obvious that he was very angry. Of course, any man who knew that he was going to marry a woman with a terminal disease would probably be very angry.

Dongfang Yunheng’s anger was within Gu Chenchen’s expectations, so she wasn’t surprised by his anger. She was only concerned about the result, and of course, it was the result she wanted.

Thus, she bit the corner of her lips and said with tears in her eyes after a while, “the doctor said so, but I don’t believe it. I don’t believe that I will get uterine cancer...”

Gu Chenchen’s tears rolled down when she said this. She covered her eyes with both hands, and tears flowed out from between her fingers. From this, it could be seen how sad and sad she was.

However, Dongfang Yunheng was indifferent to Gu Chenchen’s pain and sadness. He waited for her to calm down a little before he spoke again.

“Chenchen, I came here today to tell you clearly.” Dongfang Yunheng looked at Gu Chenchen coldly. His cold voice seeped out from his thin lips. “actually, I told you clearly when you told me that you were pregnant. I just didn’t expect that you would be so unfortunate. You had a miscarriage in your lower abdomen, and you actually had a uterine cancer.”

Gu Chenchen, who was originally crying, immediately stopped sobbing when she heard Dongfang Yunheng say this. She raised her head and looked at Dongfang Yunheng with tears all over her face. Biting her lips, she asked, “what do you... mean by this? Could it be that my uterine cancer is fake?”

“I have no interest in knowing whether your uterine cancer is real or fake, nor do I want to know,” Dongfang Yunheng continued coldly. “I came here to tell you that whether you have uterine cancer or not, and regardless of how long you can live, even if you only have a few days left, it has nothing to do with me, Dongfang Yunheng, so — “

Chapter 2028: Are you feeling unwell

Dongfang Yunheng paused for a moment. He looked at Gu Chenchen, whose face was as pale as a sheet of paper, and said, “So, don’t let your mother look for my mother, and don’t let your uncle look for my father, because it’s useless. I, Dongfang Yunheng, am a normal man. I have my own thoughts and opinions. I don’t need my parents to make decisions for my marriage. “...”

“Alright, that’s all I have to say. If you still don’t understand, then I’ll say it clearly. I won’t marry you. No matter what your situation is, I won’t marry you! “

After Dongfang Yunheng said this, he immediately turned around and walked towards the door of the ward. He did not take another look at the woman who was standing there with a face as Pale as a sheet and her body swaying on the verge of collapse.

He pulled open the door and saw that Mrs. Gu was standing at the door with a pale face. When she saw him, she was slightly stunned. Then, she stared at Dongfang Yunheng with an extremely hateful gaze. She said angrily, “Dongfang Yunheng, you have no conscience. You will definitely not be rewarded well in the future. You will never be able to have a child after marrying that woman because that woman is no longer able to give birth. “

Dongfang Yunheng scoffed at Mrs. Gu’s words. After she finished scolding him, he said coldly, “your daughter, Miss Gu Chenchen, pierced her uterus with a knife. Moreover, she has uterine cancer. Do you think she is still able to give birth? “

Fang Xiao went to bed after eating dinner. Because she had eaten a lot of spicy food in the afternoon, her stomach felt a faint pain. Therefore, she packed her luggage, took a shower, and went to bed.

In fact, she could not fall asleep. Perhaps it was because she was excited about going abroad, or perhaps it was because Mrs. Gu had looked for her in the afternoon, or perhaps it was because she had received a text message from Qiu Yitang during dinner.

She had prepared noodles for herself at night. She had just eaten half of the noodles when a text message reminded her. She was not in a hurry to read the text message on her phone because she was worried that the bad content would affect her appetite.

After eating the noodles, she opened the text message. As expected, it was not good news. The text message came from a group of numbers that she was not unfamiliar with. Although she had never deliberately memorized this group of numbers, after reading it many times, she was naturally somewhat familiar with it.

It was a text message from Qiu Yitang. The content was very simple. It was to tell her that Gu Chenchen had unfortunately suffered from uterine cancer, and that the Gu family and the Dongfang family were already discussing the marriage between Dongfang Yunheng and Gu Chenchen. Dongfang Yunheng and Gu Chenchen.. It was estimated that they would get married in half a month.

She looked at the message and sat there in a daze for a long time. She had thought of giving Dongfang Yunheng a call. She wanted to ask him if he was really going to marry Gu Chenchen. She wanted to ask him... ..

But in the end, she did not call. She thought about her identity and her current self. Even if she really loved him, how could he really marry a second-hand woman?

Fang Xiao lay on the bed, tossing and turning, unable to fall asleep. She did not know how much time had passed. Just as she was in a daze, the sound of a key being turned came from outside the door. She was instinctively shocked.

This was the dormitory that she had rented. Logically speaking, only she had a key. No, there was another person who had a key. That person was Dongfang Yunheng, who had arrogantly entered her room.

She immediately turned over and sat up. The person who had walked in was indeed Dongfang Yunheng. When he saw that she was already sitting on the bed, he frowned slightly. He asked in a low voice, "what's wrong? Are you feeling unwell somewhere? It's only eight o'clock now. Don't you usually go to bed so early?"

Chapter 2029 where are you going on a business trip

"I'm not feeling unwell anywhere," she answered truthfully. She got down from the bed and looked at him as she asked, "Um, why are you here?"

She originally wanted to ask, weren't you in Gu Chenchen's ward discussing the marriage with her? Why did you come here now?

But when she thought back, it was normal for Dongfang Yunheng to come here. After all, he still had a lot of daily necessities here. Moreover, he was really going to marry Gu Chenchen. No matter what, he had to inform her, right?

"Can't you come if you have nothing to do?" He sat down on the SOFA with a smile. He put his arms behind his head and yawned. "I haven't had dinner yet. Is there anything to eat here?"

"..."she was speechless. Didn't he go to Gu Chenchen's place? Could it be that he didn't have a couple's meal or something with the woman he loved?

"There's nothing left," she said truthfully. "there was still some noodles left. It just so happened that I cooked them myself for dinner. You should go out and find a place to eat."

"then go out and buy some noodles." He sat on the sofa and did not move. He yawned and ordered, "while you're at it, buy a few eggs and see if there are tomatoes. I want to eat the eggs and tomatoes you made to cover the noodles."

"I'm not going to buy anything." Fang Xiao stood there and did not move. When he saw the surprised look in his eyes, he explained calmly, "I'm going abroad on business tomorrow. I don't know how many days I'll be back. I'll buy some things and leave them here. When I come back, won't the smell become musty?"

"What? You're going abroad on business?" Dongfang Yunheng finally put down his hand on the pillow and asked nervously, "where are you going on business?"

The next morning, Fang Xiao almost missed her flight. When she arrived at the airport, the loudspeaker was already urging her, causing her manager to be furious at her. He said that she didn't have any sense of time and didn't know the importance of going to Singapore?

Of course, Fang Xiao didn't dare to say anything. Fortunately, there were still five minutes left. She took the boarding pass from the manager's hand and quickly went to the security check. Then, she jogged with the manager to board the plane.

Actually, she could not be blamed for being late. The only one to blame was that disgusting man, Dongfang Yunheng. Last night, he shamelessly stayed in her dormitory and once again ate her to the point that not even her bones were left.

Last night, when that man had arrived at her dormitory, he had said that he was hungry and wanted to eat. Of course, she was not so kind to help him buy things, so she told him about her business trip to Singapore today.

Who knew that the man would not let her help him buy things in the end. Instead, he directly pulled her out of the door and asked her to accompany him to dinner. He even said that with her accompanying him, his appetite would be better and he could eat more.

She was still a little surprised by his arrival. She remembered that Mrs. Gu had come to look for her in the afternoon, so she could not help but ask, "well, how is Miss Gu? "

"Not good, " Dongfang Yunheng answered without raising his head. He was only focused on eating the bowl of beef and Vermicelli soup that had just been served.

"What do you mean by not good? " Fang Xiao was a little dissatisfied with his words. "Is the aftereffects of the abortion bad or something? She seemed to be in a very serious condition at that time. "

"I don't know about the aftereffects of the abortion. " Dongfang Yunheng still did not raise his head. He had eaten on the plane last night and slept until the afternoon in the early morning, so he was really hungry now.

Chapter 2030 must have said that she had become stupid

Well, Fang Xiao was convinced by this man. He had been guarding the patient's ward all day, but in the end, he didn't know anything. What was this?

Did he really not know, or was he unwilling to tell her?

"Mrs. Gu came to look for me in the afternoon, " she said faintly.

"Huh? " Dongfang Yunheng finally raised his head. His chopsticks stopped in the air. He looked at Fang Xiao and frowned slightly. "What did she tell you? "

"She wanted me to leave Binhai for the sake of your and Miss Gu Chenchen's happiness. She wanted me to hide far away and never appear in front of you again, " Fang Xiao said.

"then... You promised her? "DongfangYunhengg couldn't help but feel nervous.Hee wasn't surprised thatMrs..Guu was looking forFanggXiaoo, because if that woman could find his parents, she would definitely be able to findFanggXiaoo, or even threatenFanggXiaoo ...

He was very nervous about Fang Xiao. He really wanted to know what Fang Xiao had said to Mrs. Gu. He really wanted to know if Fang Xiao still had a trace of attachment to him?

“Why should I promise her?” Fang Xiao glared at Dongfang Yunheng. She said angrily, “who is she to me? And who is she to you? Besides, why should I fulfill her daughter’s and your happiness? I don’t owe you anything. Your happiness should be in your own hands, shouldn’t it?”

Dongfang Yunheng immediately laughed when he heard Fang Xiao’s words. Looking at her angry look, he suddenly saw the scene of the two of them in New Jersey five years ago.

He put down the chopsticks in his hand and reached out to hold Fang Xiao’s hand. Then, he clenched it tightly in his palm and stared at her with his deep black eyes. After a long while, he said gently, “thank you, Xiao Xiao. Thank you for not agreeing to her request. Thank you for being so selfish. Thank you for finally knowing that you are not the Almighty. Thank you for not being a good person anymore.”

Fang Xiao almost fainted from his thanks. She struggled free of his hand and stood up. Then, she turned around and left. He quickly took out a Hundred-yuan bill and threw it on the dining table. Then, he followed her back.

Fang Xiao felt that the biggest mistake she made last night was not to accompany Dongfang Yunheng to dinner. In fact, it was so late that it could be said to be supper.

The biggest mistake she made was to let Dongfang Yunheng stay in her dormitory. Dongfang Yunheng was completely shameless. He said that he would never disturb her rest, and he promised that he would make sure that she got up on time. He even promised that he would arrive at the airport early.

She did not know whether she had lost her mind or not, but she actually believed him. When he got into her bed, and when he started to make a move on her, she remembered that he was a wolf in human skin.

She must have been kidnapped by Du Caiwei, and then witnessed Gu Chenchen’s self-harm with her own eyes. She must have been so scared that she had forgotten the fact that Dongfang Yunheng was a wolf.

It was because she had made such a big mistake last night that she could not get out of bed this morning. When she finally woke up, it was already seven o’clock in the morning. She was so scared that she almost rolled out of bed.

Fortunately, Dongfang Yunheng said that he would drive her and that his driving skills were top-notch. He said that he would definitely be able to catch the plane. He told her not to be in such a hurry and to quickly change her clothes and leave.

She had already changed her clothes as fast as she could. Dongfang Yunheng was faster than her. The two of them did not even need to brush their teeth, wash their faces, or wash their faces. They took their luggage and left.

Fortunately, Dongfang Yunheng’s car was fast, so they had to hurry. In the end, they managed to catch the flight. However, Fang Xiao’s manager had a dark expression on his face. It was obvious that he was dissatisfied with her tardiness.
