

Divorce 2041

Chapter 2041: Where Are we going now

“Are you dreaming?” Dongfang Yunheng retorted coldly. “If you’re too scared to go home, then just say it. Don’t put the blame on my Xiao Xiao. Let me tell you, your Miss Liang is determined to give birth to the child in her belly this time. I’ll see how you deal with it then. “

“Why should I deal with it?” Dongfang Yunzai said indifferently, “the child is in her belly. If she wants to give birth to it, then go ahead. As long as she has the courage to give birth and carry it in front of me, she’ll give it a try! “

Fang Xiao only felt sad when she heard this. When she was at Binhai, she had heard that the second young master of the Dongfang family was very sunny. However, the second young master she saw now was so vicious and heartless.

Not only did he not care that a woman was pregnant with his child, but he even said such heartless words. From this, it could be seen that Dongfang Yunzai was even more cold-blooded and heartless than Dongfang Yunheng.

“Alright, I was just asking casually.” Dongfang Yunheng quickly changed the topic. “I reckon that Miss Liang doesn’t have the guts either. She’s not Ni Xiangnan... “

“SCREECH!” The tires screeched against the cement floor as Dongfang Yunzai, who had been driving, suddenly stopped his car.

“brother, drive yourself to the airport. I’m not in the mood to drive for you!” Dongfang Yunzai pushed open the door and got out of the car. He even strode in the opposite direction.

He was stunned for a moment. He turned to look at Dongfang Yunheng beside him and could not help but ask nervously, “what’s wrong with your brother? “

“He went crazy,” Dongfang Yunheng replied indifferently. He took his hands away from her and said to her gently, “you sit in the back. I’m going to drive. If We delay any longer, I’m afraid we’ll miss the flight. “

“Miss the flight?” Fang Xiao was stunned again. She looked at Dongfang Yunheng, who was already in the driver’s seat, and asked nervously, “where are we going now? “

“The airport,” Dongfang Yunheng answered naturally.

“To the airport? To go back to China?” Fang Xiao finally reacted and said nervously, “I can’t go back with you. No, I can’t go back with you now because my luggage is still in the hotel and my job... “

“Your luggage is already in the trunk of the car. Yun went to the hotel in the morning to help you check out,” Dongfang Yunheng explained patiently as he drove, “as for your job, don’t worry. The HENGTIAN company you contacted is a branch of Yun’s company. The general manager of the branch is Zheng Zihao, so they will understand the work matters. “

Fang Xiao felt relieved after hearing Dongfang Yunheng's words, but then she said with some regret, "it's not easy for me to come to Singapore, but I haven't had the chance to take a look yet. Why are we rushing back in such a hurry? "

"Didn't you say it just now? Go back and make up the ticket." Dongfang Yunheng was driving in front. She looked at her in the rearview mirror and said, "I want to see the opportunities in Singapore in the future. The most urgent thing now is that we have to get the marriage certificate as soon as possible. Otherwise, the child will be born with an illegal household registration. By then, we will have to register it, right? "

"Don't you rich people go abroad to have babies?" Fang Xiao actually said very casually, "I remember that the newspapers often say that many rich people go to America to have babies. It seems that they are born American citizens or something like that. "

"..."

Chapter 2042: Dongfang Yunzai was indeed angry

Dongfang Yunheng was silent for a moment before he asked sullenly, "so you're saying that you want to go to America to give birth to our baby? "

"..."

This time, it was Fang Xiao's turn to be speechless. She actually did not mean that. She had only said it casually. As for the birth of the child, it seemed to be very far away. She had not even thought about it yet.

Fortunately, there were no traffic jams along the way and they finally arrived at the airport smoothly. Dongfang Yunzai was indeed very angry. Not only did he not help them drive, but he also did not chase them to the airport.

"What should we do with this car?" Fang Xiao got out of the car and looked at Dongfang Yunheng, who had taken her luggage out of the trunk. She pointed at the car. "Didn't Yunzai say when he would come to pick up the car? "

"Who cares? Just leave it here for him," Dongfang Yunheng said nonchalantly. "Anyway, he has a lot of cars. He doesn't need this car to drive. Let's go. Let's change the boarding pass. "

"..."Fang Xiao glanced at the car that was parked in the parking lot. She really had to hand it to the second young master of the Dongfang family. Rich people were different. Such a luxury car could actually be placed anywhere.

She could not help but recall the conversation between Dongfang Yunheng and Dongfang Yunzai in the car. At first, the two of them seemed to be talking about Miss Liang. Later, Dongfang Yunheng said the three words "Ni Xiangnan. " Then, Dongfang Yunzai became angry.

Ni Xiangnan was probably a person's name, but why did it sound like a boy's name. Could it be that Dongfang Yunzai was GAY?

Fang Xiao pondered over this question along the way, so much so that when she got on the plane, she had yet to pull her thoughts out of this question. In the end, she could not help but ask the man beside her.

“Yun Heng, Um, is Ni Xiangnan a man or a woman?” She turned her head to look at the man who was flipping through the newspaper beside her.

“Ni Xiangnan?” Dongfang Yunheng was stunned for a moment before he reacted. He then said indifferently, “of course it’s a woman. However, don’t mention this name in front of Yun in the future. Otherwise, he will lose his temper with you. “

“Oh, I got it.” Fang Xiao nodded and immediately stopped GNAWING.

A Name was enough to make Dongfang Yunzai get off the car in anger with Dongfang Yunheng. From this, it could be seen how charming the woman with this name was. It was likely that Dongfang Yunzai loved her very much.

“He really wants to lose face and suffer. Since he loves her so deeply, why doesn’t he go and look for her?” It was unknown if Fang Xiao was talking to herself or asking Dongfang Yunheng.

After a long while, Dongfang Yunheng faintly replied, “Ni Xiangnan is dead. “

“...”

This time, Fang Xiao was completely silent. She had never thought that the woman whom Dongfang Yunzai, who looked like a Ruffian, loved so deeply was actually a dead person.

Fang Xiao thought that when Dongfang Yunheng brought her back to Binhai, the first thing he should do was return to her dormitory. After all, that was where she stayed in Binhai. Moreover, Dongfang Yunheng also had many things inside.

But who would have thought that Dongfang Yunheng’s car would be left at the airport in Binhai. When they got off the plane, it was already past six o’clock in the evening in Binhai. The lights on the streets of Binhai lit up, and the neon lights flickered. The entire Binhai seemed to have become a city of lights in an instant.

Dongfang Yunheng got in his car and sped along Binhai Avenue. He picked up a few phone calls. Because Fang Xiao was sitting in the back seat, and because she was staring at the scenery outside the window, she didn’t pay attention to what he said when he picked up the phone.

When Dongfang Yunheng’s car stopped, she felt that something was wrong because there was no dormitory building in front of her. Instead, there was a large garden with all kinds of flowers.

Chapter 2043, you dare not try

Beside the flower garden was a large four-story-tall villa. It occupied an area of four to five hundred square meters, and it was obvious that the building was made of high-grade stone. It looked magnificent.

Fang Xiao was puzzled when the car door was pulled open from the outside. Then, a clear voice came, "sister-in-law, what are you waiting for? Our whole family is waiting for you to eat. "

Fang Xiao's face turned slightly red. She looked out of the car door and realized that it was Dongfang Yunheng's sister, Dongfang Mu Yao. This girl had an unfathomable smile on her face.

Fang Xiao's face became more and more embarrassed. Recalling the past few times she had interacted with Mu Yao, she felt that this girl was very sly. Her words were both true and false. She couldn't believe it completely, but she couldn't not believe it either.

"Mu Yao, get out of the way. " Yun Heng stretched out his hand to pull his sister away. Then, he bent down and extended his hand to Fang Xiao. "come down. Can you walk? Do you want me to carry you inside? "

"..."

Fang Xiao's face was so embarrassed that it was as red as the roots of her neck. She quickly got out of the car. The moment she stood up and looked up, she happened to see Mu Yao's evil smile in her eyes. She immediately wished she could find a hole to hide in.

"Hurry up. Don't you see mom coming out to welcome you? " Dongfang Yunheng helped her close the car door. He reached out to hold her hand and whispered in her ear, "remember to call me mom later. "

Fang Xiao's face became even more embarrassed. She looked up at the magnificent villa. As expected, Mrs. Dongfang was already walking toward them. It was obvious that Dongfang Yunheng had already informed his family to bring her back.

"Um... do we... do your parents agree? " Fang Xiao was a little nervous, so she began to speak incoherently.

"You're pregnant with the Dongfang family's children. How can they not agree? " Dongfang Yunheng deliberately teased her. "Aren't you holding the emperor's son in your hand to command the feudal vassals? "

"..."

"Then I can not have this child. " Fang Xiao thought for a moment and said, "if you accept it so reluctantly, I think... "

"Do you dare not have it? " Dongfang Yunheng's face immediately darkened. His thin lips moved to her ear and said, "Fang Xiao, if you dare not give me this child, I will sleep you to death. Do you want to try? "

"..."

She had seen shameless people before, but she had never seen such shameless people!

Fang Xiao did not expect her marriage with Dongfang Yunheng to come so quickly. She also thought that it might be difficult for the Dongfang couple to accept her. It was impossible for them to agree to her marriage with Dongfang Yunheng just because she was pregnant.

However, it was indeed the case. Not only did Dongfang Mo and Xi Muru not object to their marriage, they even urged the two of them to get married quickly and actively prepare for the wedding.

Xi Muru said that women needed to have a good figure to look good in a wedding dress. Only when they did not have children could they find the feeling of a bride. If they really waited until the child was older and their figure was out of shape, they would not look like a pregnant bride in a wedding dress. At that time, they would not be able to find the feeling of being a bride.

When Xi Muru said this, Dongfang Muyao laughed at the side and even joked with her mother, asking if she had the feeling of being a bride when she married her father back then?

Xi Muru's face was red as she chased after Mu Yao and beat her up. She scolded angrily, "little Mu Yao, don't be so rude anymore. I will definitely marry you into the village as the wife of the village in the future, so that you won't have to wander around in front of me all day. "

Chapter 2044, cruise ship wedding

Fang Xiao could not help but laugh when she saw the noisy mother and daughter. It was rumored that Mrs. Dongfang was dignified and virtuous. She was the representative figure among all the noblewomen. She was beautiful, noble, generous, and kind. She was the model of all the noblewomen.

However, she did not expect that Xi Muru at home was actually just an ordinary woman. She had the joys and sorrows of an ordinary person, and she had the same lifestyle as an ordinary person.

"Do you think my mother is especially interesting?" Dongfang Yunheng came down from upstairs. When he saw Fang Xiao staring at Xi Muru and Mu Yao, he could not help but whisper in her ear.

"MMM, I used to think that she was difficult to get along with, or that she couldn't get along with her up close," Fang Xiao said truthfully. "I really didn't expect her to be so approachable, just like my own mother. "

"My mother has experienced a lot of things herself, so she can understand young people very well. She won't force young people to do anything. She will only give you advice, and in the end, she will still respect your own choice. "

Dongfang Yunheng's words were extremely casual, but Fang Xiao could still hear it. Regarding their marriage, perhaps Xi Muru did not really accept her completely, but because she loved her son.. So she respected her son's choice.

"Our wedding date is set for the day after tomorrow. " Dongfang Yunheng sat down beside Fang Xiao and looked at her sideways. "But we're leaving tomorrow. "

"Why?" Fang Xiao was confused. She looked at him sideways and asked, "where are we going? Isn't the wedding here in one inch ink city? "

"The wedding will be held on the sea. " Dongfang Yunheng stroked her hair and said, "I remember you once said that your favorite thing is a cruise ship wedding, so we'll hold a cruise ship wedding the day after tomorrow to make your wish come true. "

“ ... ”

Did she say that Perhaps. It seemed that it was something she had said many years ago when she first met him. She had almost forgotten about it herself. She did not expect that he would still remember it.

“This... isn’t the time too short?” Fang Xiao could not help but frown. It had only been a week since she was brought back from Singapore by him. Moreover, she had not even told her younger brother Fang Chen that she was going to get married ...

The cruise wedding that Dongfang Yunheng mentioned was held at the coastal waters. This was also because of the short time. Dongfang Yunheng had originally planned to go to Venice to marry her.

“If it wasn’t because you were pregnant, our wedding would have been held in Venice. That’s a famous water city in the world,” Dongfang Yunheng said to Fang Xiao. “Now it seems that we can only go to Venice for our honeymoon. ”

“It’s the same no matter where we get married. In fact, the wedding isn’t that important, ” Fang Xiao said the truth. She looked at Dongfang Yunheng She forced a smile and said, “the most important thing is the mood of the person who gets married. The most important thing is whether the two of them really want to be together. What does it matter whether there’s a wedding or not? ”

Dongfang Yunheng was slightly stunned Then, he smiled and said to her, “could it be that you don’t really want to be together with me “We are going to collect the marriage certificate today. You must not say that you don’t want to be together with me when you apply for the marriage certificate. On the other hand, I might really force your hand to sign it. ”

Fang Xiao smiled slightly and did not say anything. She thought that perhaps she had not really made up her mind. Even if she had already moved into one inch ink city of the Dongfang family with Dongfang Yunheng, even if she was pregnant with Dongfang Yunheng’s child, even if.. She was about to marry Dongfang Yunheng.

Chapter 2045, what are you thinking about

However, she always felt that there were some things that made her feel unreal, such as last night.

Last night, she went to bed with Dongfang Yunheng. Because she was pregnant and lethargic, she went straight to her room after dinner. She did not even sit down with Xi Muru and Little Mu Yao to chat or anything.

Fortunately, Xi Muru was a very considerate mother-in-law. She even said that it was like this in the early stages of pregnancy and that it was easy for her to fall asleep. She was told to stay in bed as much as possible. After all, she had wrestled in Singapore to protect her pregnancy.

Dongfang Yunheng was also considerate of her. Not long after she went to bed, he came upstairs. After showering, he came to the bed and hugged her to sleep. Of course, he did not fall asleep so much, so he leaned on the bed and flipped through a baby-rearing book.

The phone rang at this time. Of course, it was Dongfang Yunheng's phone. He hesitated for a moment and pressed the answer button. His phone did not leak, so Fang Xiao could not hear the other party's voice clearly.

However, Dongfang Yunheng nodded a few times and then said, "then I'll come over now. Okay, I'll come over right away. "

Dongfang Yunheng said that he would be right there. He immediately got up and changed his clothes. Then, he came over and kissed her forehead on the side of the bed. He said, "I have something to take care of. I might be back later. You go to sleep first. "

She nodded sensibly and only told him to drive carefully on the road. She also told him to come back as soon as he could. If he couldn't come back, he could just stay at a hotel outside.

Of course, Dongfang Yunheng still came back at night. However, he came back at dawn. She didn't suspect anything because Dongfang Yunheng had a lot of things to do. After all, he was the CEO of the Dongfang Group.

But when she went downstairs in the morning, she had just reached the corner of the first floor when she heard Mu Yao's voice coming from the restaurant, "sister Chenchen is too. My brother is getting married, and she even called my brother last night. I wonder what she is thinking? "

Fang Xiao's heart immediately skipped a beat. Last night, Dongfang Yunheng didn't go out because of work, but because Gu Chenchen called him to go over. Then why did he go over?

"Xiao Xiao, Xiao Xiao: What are you thinking about?" Dongfang Yunheng turned to look at Fang Xiao in the passenger seat. Ever since she got in the car, she had been restless. He called her twice before she came back to her senses ...

"Oh, nothing?" Fang Xiao turned to look at Dongfang Yunheng, then looked out of the window. Then, she forced a smile and said, "so you're here. "

Dongfang Yunheng was really impressed by her. She had been absent-minded since breakfast. It was not easy for her to come to the civil affairs bureau with her, but she was still absent-minded.

"Let's go. It's already 10 o'clock in the morning. We have to hurry up and get a marriage certificate. We have to go to the cruise ship in the afternoon to take a look. If there's nothing else at night, we might stay on the cruise ship first because some relatives and friends from far away will arrive this afternoon. My father and my mother will be there this afternoon. "

"about that... my younger brother... I want my younger brother to attend my wedding, " Fang Xiao hesitated for a moment and finally said her wish.

She only had one family. She couldn't get married without any family, right?

Although her younger brother was a retard and might be laughed at, he was still her younger brother after all?

"I've already arranged for Wu Jianping to pick up Fang Chen tomorrow morning, " Dongfang Yunheng came over and held her hand. He said gently to her, "don't worry. From now on, your younger brother is my younger brother. He's family with us. "

Chapter 2046: We're a mistress

"Oh, that's good." Fang Xiao relaxed a little after hearing what Dongfang Yunheng said, so she walked with him to the marriage registration office of the Civil Affairs Bureau.

The Golden Autumn and October were the harvest season, so there were a lot of people who applied for marriage certificates. The two of them didn't come early, so they couldn't help but wait in line.

In fact, people like Dongfang Yunheng didn't need to wait in line to get half a marriage certificate. They directly entrusted it to a lawyer. Neither of them needed to come to the marriage registration office of the Civil Affairs Bureau.

Or, even if he came to the Civil Affairs Bureau's marriage registration office, if he didn't want to queue, he could find the director of the Civil Affairs Bureau and directly get the marriage certificate from the director's office.

However, he didn't take any of these paths. He was just like an ordinary person, bringing her to the Civil Affairs Bureau to get married. He would line up with her to fill out the form, take photos with her, and then wait together for the moment when he handed in the documents and signed the marriage certificate.

Dongfang Yunheng was a big shot after all. He was famous for being a diamond bachelor in Binhai. Therefore, his appearance immediately caused the entire marriage registration office to become lively. Everyone couldn't believe that this was Dongfang Yunheng. He actually came to get married in such a low-key manner.

"Wow, it really is Dongfang Yunheng." A woman who was more infatuated with him said to her husband who was about to get married, "I thought I was mistaken. I didn't expect that Dongfang Yunheng would also get married."

Her husband was so angry that his face turned green. He couldn't help but say with a cold face, "what's so strange about Dongfang Yunheng getting married? Isn't he also a man? When a man finds a woman he likes, he will definitely get married."

"But this woman doesn't seem to be his former fiancée, Miss Gu Chenchen, right?" The woman didn't care about the jealousy in her husband's mouth, but used her eyes to size up Fang Xiao.

Indeed, it wasn't Miss Gu Chenchen. This woman finally recognized it, and the woman beside her also recognized it. The two of them almost shouted at the same time, "Oh my God, what's going on? Why isn't Dongfang Yunheng marrying Miss Gu Chenchen? The two of them are a match made in heaven!"

Dongfang Yunheng just wanted to keep a low profile and apply for a marriage certificate with Fang Xiao, but his low wish couldn't be fulfilled. When a few women found out that the person he was going to marry wasn't Gu Chenchen but an unfamiliar woman, the Hall of the Marriage Registration Office immediately exploded.

"No wonder Dongfang Yunheng wanted to break up with Miss Gu. So it was all this shameless mistress's doing?" For some unknown reason, a few seventeen or eighteen-year-old women ran in from the main

entrance As they shouted these words, they immediately rushed towards Fang Xiaomeng. They were about to push Fang Xiao to the ground.

“What are you doing?” Dongfang Yunheng immediately stretched out his hand and pulled Fang Xiao, who was standing beside him, behind him. He looked at the few young women who suddenly ran out and asked with a cold face.

“WE BEAT UP THE MISTRESS!” The girls looked as if they had been injected with stimulants, their faces flushed red They looked at Dongfang Yunheng and shouted with infatuation, “Young Master Dongfang, you must not fall for this mistress’s trick. Don’t look at her innocent face and pretend to be innocent, but she’s actually an extremely despicable woman deep down. “

“Yes, not only is she despicable, she’s also a ruined woman. The night before she was going to marry young master Qiu in Huicheng, she was still fooling around with another man at Windsor Hotel. This matter has already been reported,” another girl continued.

Chapter 2047 a farce at the marriage registry office

“Yes, yes, yes. This woman is shameless to the extreme and a jinx,” another girl added She spouted white spittle. “Not only did she cheat on her husband before marriage, but she also killed her own mother on the day of the marriage and later angered her father to death. “

“That’s right, that’s right. This woman is naturally not a good person.” Another person continued, “this woman’s methods are very clever. She was clearly abandoned by young master Qiu, and then she actually thought of a way to marry young master Qiu. However, this woman doesn’t know how to be content. I heard that after marrying young master Qiu, she was also indecent and messed around with other men. Moreover, she was jealous and even blinded young master Qiu’s secretary’s eyes. “

“Have you guys said enough?” Dongfang Yunheng’s face was cold and dark He looked at the few women in front of him and said coldly, “go back and tell your master not to play such low-tech tricks. How can he stir up trouble just by looking for a few extras “Be careful, I’ll get my lawyer to come over and sue you for defamation. “

The few young girls who were foaming at the mouth just now could not help but look at each other when Dongfang Yunheng shouted Then, as they retreated out of the hall, they said stubbornly, “what master, what extras? We just don’t like how the mistress in this society is so rampant. “

“That’s right. We used to like Dongfang Yunheng so much, but who knew that he was just a man who was attracted to the mistress and abandoned the woman he loved. He really disappointed us! “

“since you’re disappointed, why did you come here?” Dongfang Yunheng’s voice was as cold as ice He said disdainfully to the girls, “I didn’t ask you to like me. Besides, it’s not a glorious thing to have people like you who have no brains or qualities like me. It’s just a shame. You should go and like someone else, don’t come and like me. “

“PFFT...” The man who had just gotten angry with his girlfriend could not help but laugh He gave Dongfang Yunheng a thumbs up and said, “as expected of young Master Dongfang. You can tell at a

glance that someone is deliberately causing trouble. In the past, I thought that you only got that position because of the protection of your family background. Now, you have convinced me. “

Dongfang Yunheng glanced at the man and did not say anything else. As for the other girls who had come to register their marriage, after witnessing the scene just now, they looked at Fang Xiao in a different way.

Fang Xiao also did not expect to encounter such a farce when she came to register her marriage with Dongfang Yunheng. It was obvious that the girls just now were targeting her, and from the looks of it, they wanted to directly push her down.

They probably knew that she was pregnant, so they wanted to take the opportunity to push her down and cause her to miscarry, so as to ruin her marriage with Dongfang Yunheng.

WHO found the person And who wanted to ruin her marriage with Dongfang Yunheng And who wanted to cause the child in her belly to miscarry?

Actually, there was no need to ponder over this question. After all, there was a woman who was unwilling to give up. She must have hoped that the person who married Dongfang Yunheng today would be her and not Fang Xiao, right?

Unfortunately, the farce was always a farce. Moreover, it was so obvious. Not to mention the wise Dongfang Yunheng, even the Clumsy Dongfang Yunheng could see through it.

Chapter 2048 would be husband and wife from now on

Fortunately, the farce ended, and the marriage registration office returned to its usual calm. The two of them continued to line up in the same order, holding their documents, the forms they had just filled out, and the photos they had taken. They slowly moved towards the window.

Everything went very smoothly, and no one caused any more trouble. By the time they reached the window, it was already past eleven o'clock, and there were only three couples left in the marriage registration office.

“The man is getting married for the first time, and the woman is getting divorced once. Does the man know?” The staff asked Dongfang Yunheng in a formal manner.

“Yes,” Dongfang Yunheng answered naturally, and then added, “I don't care how many times she has been married. I just want to marry her. “

The staff member nodded, and then asked Fang Xiao, “Fang Xiao, are you willing to apply for a marriage certificate with Mr. Dongfang Yunheng? Are you willing to marry Mr. Dongfang Yunheng? “

Fang Xiao hesitated for a moment, and then raised her head slightly to look at Dongfang Yunheng beside her. Then she gritted her teeth and nodded, “yes, I am willing to apply for a marriage certificate with him, and I am also willing to marry him. “

“Okay, then I'll have to trouble you to sign here and press your fingerprint. “ The staff took out the marriage certificate and pointed at the positions of the man and the woman.

Dongfang Yunheng took the pen and signed his name in a lively manner. Then, he pressed his index finger without hesitation. Then, he handed the marriage certificate to Fang Xiao.

Fang Xiao was actually a little conflicted, but things had already come to this point. She couldn't possibly back out, right In the end, she gritted her teeth and used her trembling hands to sign her name and press her fingerprint.

After the marriage contract was signed, there was a marriage certificate, a bright red marriage certificate. Each person had a copy of the marriage certificate. They clearly signed each other's names and stamped each other's fingerprints, as if they were handing over their own hearts.

"From now on, the two of you are husband and wife." The staff member handed the two marriage certificates stamped with a steel seal to them and reminded them with a smile, "remember to be humble and tolerant between husband and wife. You must know how to get along with each other in harmony. You must know that you have walked hand in hand for a hundred years. We only want to see you here once. In the future, don't come to this place."

"thank you!" Dongfang Yunheng took the marriage certificate Then, he looked at the aunty inside and said, "thank you for your kind words, Aunty. We will only come to this place once in our lives, and we will never come again. Since we are holding hands, we will naturally walk until our hair turns white."

Fang Xiao and Dongfang Yunheng were on a cruise in the evening. Although the wedding was to be held at noon tomorrow, many relatives and friends had already come today, so the two of them had to come up to invite guests.

Fang Xiao did not know any relatives or friends of the Dongfang family, so all she could do was stand by Dongfang Yunheng's side. When Dongfang Yunheng introduced her to him, she nodded her head, looking like a little bird that was cuddly with others.

There were many guests, including Leng Rong and his wife whom she had met before. There were also Dongfang Yunheng's sister and brother-in-law, Zheng Zihao, Zheng Zihao's brother, Zheng Pianran, and so on.

Of course, most of them were people she had never met before. Some of them were people she had never even heard of. They came from all over the world and spoke a variety of languages.

"Is our wedding going to be so grand?" When Fang Xiao's legs were numb from standing, she could not help but ask Dongfang Yunheng, who was beside her, "aren't we supposed to get married quietly?"

Chapter 2049 cruise ship wedding

"This is already very low-key," Dongfang Yunheng explained to her with a smile. "We only sent out a total of 99 invitations. If we really want to have an unprecedented wedding, it would probably require 500 to 600 invitations."

Fang Xiao immediately fell silent. 99 invitations were still a small number At least two people came with one invitation, and some even came as a family. In such a situation, there were already several hundred people.

She had once married Qiu Yitang, and that time, of course, there was almost no so-called wedding. It was just that the Qiu family had invited her relatives, so they only sat at a few tables.

Fang Xiao had just thought of her wedding with Qiu Yitang when Gu Chenchen's uncle and aunt arrived. When she was Dongfang Yunheng's secretary, she had gone to Gu Chenchen's uncle's birthday party with Dongfang Yunheng, so she had met them.

Gu Chenchen's uncle was obviously very good at socializing. Dongfang Yunheng and his niece were clearly separated, so he should have had a problem with Dongfang Yunheng, but he was very sincere, and even his words of blessing them were extremely sincere.

"Miss Fang is indeed very outstanding." Gu Chenchen's aunt looked at Fang Xiao and said, "I've seen Miss Fang at the Qiu family before. Miss Fang is really beautiful. Of course, if you don't wear glasses, you'll be even more beautiful!"

Fang Xiao's face immediately froze, and then she slightly lowered her head. She didn't expect that Gu Chenchen's aunt would actually mention the Qiu family in front of her and Dongfang Yunheng. In fact, it meant that she had once married Qiu Yitang.

Dongfang Yunheng's face immediately darkened. Then he said coldly, "I've also seen Fang Xiao's appearance when she doesn't wear glasses, but I think that she looks more elegant when she wears glasses. Of course, I hope that she can take off her glasses one day earlier."

Gu Chenchen's uncle was a diplomat after all. Hearing Dongfang Yunheng say this, he immediately knew that he was angry. He glared fiercely at his wife, and then tried to smooth things over by saying some polite words. Only then did he bring his wife to the cruise ship.

Because the wedding would be held on international waters, it would be very far from Binhai. Therefore, the guests who came from afar all stayed in the rooms on the cruise ship tonight, while the guests from Binhai would arrive on the cruise ship early the next morning.

Because Dongfang Yunheng and Fang Xiao were the bride and groom, the two of them did not stay overnight on the cruise ship, and the task of recruiting guests naturally fell to Dongfang Yunheng's sister and brother-in-law.

"Yunzai also didn't know to come over earlier to help," Little Feather complained about his second brother "seriously, he hasn't done anything in Singapore yet. He just opened a company and opened a large hospital. Now, he's actually getting more and more arrogant."

The wedding was held at noon the next day. Fang Xiao and Dongfang Yunheng boarded the cruise ship early the next morning because the cruise ship would start at 8 am and head to international waters. It would take about four hours to get to international waters from the coast of the Binhai Sea.

Fang Xiao's biggest concern was whether her brother, Fang Chen, would be able to make it. Fortunately, everything went smoothly. When she boarded the cruise ship, Fang Chen was already waiting for her at the door.

"Sister, you are married to brother-in-law today," Fang Chen shouted excitedly like a child. Then, he looked at Dongfang Yunheng and laughed. "Brother-in-law, you really became my brother-in-law."

“Yes, I said that we are a family.” Dongfang Yunheng went over and pulled Fang Chen’s arm. Dongfang Yunheng, who was originally 180 centimeters tall, stood beside Fang Chen and was actually a little shorter.

Chapter 2050 I’m honored to be your maid of honor

Because of playing basketball, Fang Chen had grown quite a bit recently. He was now 182 years old, and his basketball skills were becoming more and more exquisite. The coach said that he would not be distracted when playing basketball and could concentrate fully.

Fang Xiao was very pleased with her brother’s progress. She had been worried about how her brother would live his life. Seeing that he was doing well now, she secretly breathed a sigh of relief. At least, her brother was no longer a burden to her.

Fang Xiao was the bride. After boarding the cruise, she was immediately invited into the dressing room to change her makeup and clothes. Fang Chen was brought to Zheng Pianran’s side by Dongfang Yunheng and asked Zheng Pianran to look after her for a while.

Fang Xiao was stunned when she entered the dressing room and saw Gu Chenchen. This was because Dongfang Yunheng had not told her that Gu Chenchen would attend their wedding, much less told her that Gu Chenchen wanted to be her bridesmaid.

This was something that she had never dreamed of. However, the truth was right in front of her eyes. If she wanted to reject it, she did not even need a bridesmaid, or even a stranger as her bridesmaid.

However, before she could speak, Gu Chenchen spoke first. With an incomparably sincere smile on her face, she said softly, “Miss Fang, I feel very honored to be your bridesmaid. To be able to see Yun Heng and the woman he loves walk into the hall of marriage hand in hand, I feel very gratified. In this life, seeing his happiness is my only wish.”

Hearing Gu Chenchen’s words, Fang Xiao only then remembered that Gu Chenchen was a patient with uterine cancer. It was said that she only had half a year to a year’s time. And for such a person to ask to be a bridesmaid, it was likely that Dongfang Yunheng wouldn’t be able to refuse, and she —

She couldn’t possibly refuse in front of so many people, right? There were two make-up artists, two stylists, and two costume artists. No matter what, she had to leave a little face for Gu Chenchen, right?

When she thought of this, she did not flare up in the end. Instead, she nodded lightly. In an extremely calm voice, she said, “thank you. I’m naturally very happy that you can think things through and become my bridesmaid. I’ve accepted your blessing and Yun Heng. I also hope that you can find your own happiness as soon as possible.”

Fang Xiao’s words were extremely calm. The makeup artist, stylist, and costume artist naturally knew Gu Chenchen, so they naturally did not say much. They just looked at the two of them, thinking that there would not be a good show to watch today, right?

First was makeup. Fang Xiao actually did not want to put on makeup, but the makeup artist said that the bride would not be able to show the effect of the wedding dress if she did not put on makeup. One had

to know that her wedding dress was specially tailored for her by Dongfang Yunheng, a famous French designer. There was only one in the world, and only she had the opportunity to show it.

Fang Xiao lowered her head. She really did not want to wear makeup because she did not want to take off her glasses in front of these people. She also did not want these people to see the blind eyes of her dead fish bead.

“Can I wear glasses to put on makeup?” Fang Xiao hesitated for a moment before asking the makeup artist beside her.

The two makeup artists looked at each other. They had obviously not thought of this question.. One of the makeup artists hesitated for a moment before explaining to Fang Xiao, “young Madam Dong Fang, we were just about to suggest to you that if you wear a wedding dress, it is best not to wear glasses. If you are really short-sighted, we suggest that you wear contact lenses so that you can better display your beauty. “

“There’s no need. I like wearing these glasses.” Fang Xiao directly rejected the makeup artist’s suggestion. Then, she said indifferently, “I’ve also seen many brides wearing glasses, so I don’t need to wear makeup when my glasses cover Dongfang. I don’t need to use any eye shadow, eyeliner, eyelashes. Because these are covered by the glasses, you can’t see anything. You can only draw where you can see.”
