

Divorce 2051

Chapter 2051 was too beautiful to be a bride

The two make-up artists were speechless. They were high-level make-up artists, and their appearance fees were very high. They had wanted to use the opportunity to help young master Dongfang's wife put on makeup to show off their make-up skills. They wanted to use this opportunity to make their reputation even more famous.

They really wanted to dress Fang Xiao as one of the most beautiful brides in the world. After all, she was Dongfang Yunheng's wife. Helping her put on makeup was also an honor. Who wouldn't want to have this opportunity to show off their skills?

But who would have thought that Dongfang Yunheng's wife would be so stubborn. She actually had to wear glasses to put on makeup, and she even had to wear such strange glasses. Sunglasses didn't look like sunglasses, and short-sighted glasses didn't look like short-sighted glasses. They looked strange.

Because of Fang Xiao's insistence. The makeup artist had no choice but to let her wear glasses to put on makeup. The result was, of course, to make the entire makeup match her glasses as much as possible, to make her glasses match her entire face as much as possible. To match the wedding gown she was going to wear today.

After all, the makeup artist was still a high-level makeup artist. Even so, Fang Xiao was still a little surprised at herself in the mirror after putting on makeup. When did she become so beautiful? Wearing the glasses also looked very elegant. It was actually a combination of beauty and nobility.

She was very satisfied with the makeup artist's skills, but the makeup artist was not that satisfied with her. This was because her uncooperative attitude did not allow the makeup artist to fully display her skills.

Therefore, the two makeup artists with regrets put their attention on the bridesmaid, Gu Chenchen. Therefore, Gu Chenchen's makeup was even more exquisite than Fang Xiao's, so that Gu Chenchen looked even more dazzling than her.

"Wow, miss Gu is even more beautiful than the bride today," The stylist next to her could not help but exclaim. Then, he said regretfully, "it's a pity that even though she's so beautiful, she still can't be the bride."

His words made everyone at the scene look at Gu Chenchen. Their eyes were filled with regret and mockery at the same time. What was the use of being so beautiful? In the end, wasn't she still no match for a woman wearing weird glasses?

Gu Chenchen was stared at by these people's complicated gazes. Although there was no expression on her face, her heart immediately skipped a beat. Then, she looked at Fang Xiao, who was sitting in front of the mirror with her hair in a bun.

Looking at the world's only out-of-print wedding dress on her, looking at the veil that symbolized the bride, she gnashed her teeth in hatred. All of this should have been hers. Everything should have been hers.

It was all because of this woman, Fang Xiao. It was this shameless woman. It was she who was unscrupulous. It was she who was shameless. It was she who shamelessly climbed into Dongfang Yunheng's bed and snatched Dongfang Yunheng away from her.

The wedding was scheduled to be held at noon on time. During the few hours in the morning, Fang Xiao had been staying in the dressing room. Perhaps Dongfang Yunheng was busy entertaining the guests, but he actually did not come over.

Gu Chenchen stayed in the dressing room for more than two hours. After she finished her makeup and changed into her bridesmaid dress, she excused herself to go to the bathroom and never came back.

It was getting closer and closer to 12 o'clock in the afternoon. Gu Chenchen did not come back, and Dongfang Yunheng had not come over. Fang Xiao could not help but feel anxious. Today's wedding was not going to be held, or was it going to be canceled?

Just as Fang Xiao was feeling anxious, Dongfang Yunheng finally pushed the door open and entered. However, there were faint beads of sweat on his forehead. It was unknown if he had just done a long-distance run.

Chapter 2052: Bridesmaids Change

"Xiao Xiao, the wedding is about to start. Are you ready?" Dongfang Yunheng's voice was a little unsteady, but his expression seemed fine. Perhaps it was because of his excitement that his face was slightly red.

"I'm ready." Fang Xiao stood up from the SOFA. Perhaps it was because she had sat for too long and her legs were a little numb, or perhaps it was because she was not used to the high heels of her shoes. In short, she staggered and directly pounced toward Dongfang Yunheng.

"Xiao Xiao!" Dongfang Yunheng immediately took two steps forward and stretched out his hand to catch her. Then, he could not help but smile and said, "stand firm. Let them hold you later. Walk carefully. I'll go out first. I still have to change my clothes."

Only then did Fang Xiao notice that Dongfang Yunheng did not change his clothes, and there seemed to be a faint smell of sweat coming from his body. She could not help but be stunned again. Could it be that Dongfang Yunheng was running on the cruise ship today?

Of course, she did not have the opportunity to ask Dongfang Yunheng such a topic because Dongfang Yunheng immediately turned around and walked out. The makeup artist and stylist beside her quickly came up to support her.

"seriously, the wedding march is already playing in front. The bride should be in position soon. Why isn't the bridesmaid back yet?" The makeup artist grumbled at the side. At the same time, she arranged for five little girls who were supporting their skirts to stand in their respective positions.

As soon as the makeup artist finished speaking, she heard a voice from the door, "I'm here. It shouldn't be too late, right? "

Fang Xiao only felt that the voice was somewhat familiar. She quickly raised her head and realized that it was really familiar because the person who came in was actually Dongfang Mu Yao. However, at this moment, she was actually wearing the bridesmaid's clothes.

"sister-in-law, you don't mind me being your bridesmaid, do you?" Mu Yao asked with a slightly excited smile on her face.

Before Fang Xiao could nod her head, the voice of the emcee came from the front, "now, please get the bride into position. "

"sister-in-law, let's go. " Dongfang Mu Yao immediately came over and supported Fang Xiao. The two of them slowly walked towards the hall outside the Dressing Room. The five little girls behind them also supported the hem of Fang Xiao's wedding dress as they slowly walked together.

Fang Xiao really wanted to ask Gu Chenchen, wasn't she the bridesmaid However, thinking that the wedding was going to be held at this time, and moreover, Mu Yao might not know about it, in the end, she was puzzled and did not ask anything.

Although it was a cruise ship wedding, it was not really luxurious to the point of extravagance and waste. The entire hall appeared simple and generous without losing its elegance. However, there was not the slightest bit of luxury to be found.

With the help of Mu Yao, Fang Xiao walked step by step towards the red ceremonial stage, towards the hall that belonged to her marriage, and towards the place where she and Dongfang Yunheng wanted to make an oath.

After the bride was in position, the groom was in position.

Dongfang Yunheng was in a hurry to change his clothes, and he did not even put on any makeup. However, this made him look even more heroic, and his slightly messy hair made him look even more handsome.

The wedding had invited a well-known priest. The priest placed his hand on the Holy Bible and read a common blessing that Fang Xiao did not understand at all.

After the priest finished reading, he asked them, "Fang Xiao, are you willing to marry Dongfang Yunheng as your wife? Whether it's birth, old age, illness, death, or natural disasters, are you willing to accompany him forever? "

Fang Xiao looked at the man standing beside her and the sincerity on his face. Finally, she took a deep breath and replied in a clear voice, "I'm willing! "

Chapter 2053 finally became husband and wife

"Dongfang Yunheng, are you willing to take Fang Xiao as your wife? No matter if it's birth, old age, illness, death, or natural disasters, are you willing to accompany her forever? "

“I’m willing!” Dongfang Yunheng replied without hesitation.

“Now, in the name of the sacred Lord, I declare that Dongfang Yunheng and Fang Xiao are husband and wife. From now on...”

...

Fang Xiao only remembered that she didn’t prepare a ring for Dongfang Yunheng when she heard the host say that they were going to exchange rings, and Dongfang Yunheng didn’t seem to have prepared a ring for her either.

That was because, in the week that they were waiting to get married, Dongfang Yunheng had never mentioned that he was going to buy a ring.

However, what surprised her was that Dongfang Yunheng actually took out two rings. These two rings were obviously not new to him. They were silver rings that the two of them had bought many years ago in New Jersey.

At that time, they didn’t have any money. Dongfang Yunheng was working, and she didn’t have any extra money besides the living expenses from her family. In order to let Dongfang Yunheng live a better life, she also helped Dongfang Yunheng to work after class.

And this pair of silver rings was bought by the two of them on Valentine’s Day. At that time, Dongfang Yunheng said that Valentine’s Day had to have a set of Valentine’s items, and the set of Valentine’s items was usually based on rings.

Gold rings were very expensive, and diamond-encrusted rings were even more expensive. And the money that the two of them worked for was of course not enough. In the end, they bought a pair of silver rings. It wasn’t expensive at that time, but it was a couple’s ring. The dark flower on it was clover.

After they separated, Fang Xiao didn’t take the ring with her when she left. And in the past two years, she didn’t ask Dongfang Yunheng, and Dongfang Yunheng never mentioned it. She thought that he had thrown it away long ago.

However, she had not expected that he had kept it all along. She had not expected that he would actually take it out on their wedding day, and even use it to make their wedding rings.

“Brother, why are you making wedding rings out of Silver Rings?” Mu Yao’s eyes widened when she saw Dongfang Yunheng take out two rings from his trouser pocket. She could not help but shout in a low voice, “how can you treat sister-in-law like this? Isn’t this too cheap?”

Dongfang Yunheng smiled and did not answer Mu Yao’s question. Instead, he directly took Fang Xiao’s hand and put the lady’s ring on her ring finger.

The ring was bought a few years ago. At that time, Fang Xiao was still wearing it a little loose and might even drop it if she was not careful. But now, it was just right. It was a little tight, but no matter how hard she tried, it could not fall off.

After Dongfang Yunheng put it on her, Fang Xiao took the man’s silver ring and put it on Dongfang Yunheng’s ring finger. She did not think that the silver ring was cheap. In fact, she even felt that it was incomparably precious. It was much more precious than any expensive ring in the world!

The wedding was grand and the guests were enthusiastic. However, as the bride, Fang Xiao was indeed exhausted.

Especially at the banquet, she wore high heels and went with Dongfang Yunheng to toast the guests. There were more than forty tables, and even at the end, she could barely stand up, let alone drink.

Indeed, she did not drink, but she drank a lot of fruit juice. Because she was pregnant, in the end, she used grape juice to pretend to be wine and muddled through with Dongfang Yunheng.

She was the bride, so of course she could muddle through, but Dongfang Yunheng was the groom, so there were many times when he could not muddle through, so he could not help but have a few drinks with the guests.

On the wedding night, Fang Xiao was so tired that she almost collapsed. Therefore, after she was helped into her new room, she did not even bother to take a shower. She did not even bother to change out of her gown and just collapsed on the bed and fell asleep.

Chapter 2054: Why aren't you sleeping

The so-called wedding candles did not appear at all because the wedding made her so tired that she could not straighten her back. Moreover, she was a pregnant woman, so she was even more exhausted.

She did not know how long she slept. In her daze, she felt as if someone had come in and called her. However, her eyelids were too heavy and she could not open them. In the end, she ignored that person.

She slept like this for several hours. When she woke up, she found that the room was lit with red candles. The entire room was indeed like the legendary bridal chamber.

Beside her, her groom, Dongfang Yunheng, was sleeping. At this moment, he was wearing pajamas and had a faint smile on his face. His big hand was actually still holding onto her waist in an overbearing manner.

She could not help but use her hand to move his hand. She wanted to take it away because she felt that his big hand was very heavy. However, no matter how hard she tried, she could not move it away. Instead, the more she moved, the tighter the grip became.

"Hey, let go of me," Fang Xiao could not help but shout in a low voice. "I need to go to the toilet. I drank too much juice last night. If I don't let go, I will wet the bed. "

"..."

Dongfang Yunheng finally let go of her waist. She let out a long sigh of relief and crawled out from under the blanket. Only then did she realize that she was not wearing a formal dress, but a sexy nightdress, the kind that was almost transparent.

"Disgusting Pervert," she could not help but curse in her heart. She got down from the bed and used the dim candlelight to walk to the bathroom.

She had originally planned to go to the toilet and return to sleep, but she did not expect that when she returned, the lion who had just been sleeping had already been woken up by her. It was now lying on the bed, smiling and waiting for her.

“You... why aren’t you sleeping?” Fang Xiao asked carefully. After she got on the bed, she tried to lie down on the side of the bed, not daring to go near him ...

“It’s already past four o’clock in the morning. If we don’t hurry, our wedding night will be ruined.” As he spoke, he squeezed over with an obviously ambiguous smile on his face.

“...”

Fang Xiao was speechless. This man, she did not want any wedding night at all, okay?

“Hey, I’m pregnant.” Fang Xiao could not help but remind him as his big hand crawled into her nightdress. At the same time, she used her hand to pull his unruly hand out. She said in an annoyed tone, “didn’t the doctor say that we can’t sleep together for the first three months? It’s easy to miscarry.”

“...” only then did Dongfang Yunheng remember this matter ...

“But, I’m in a lot of pain!” He grabbed her hand with a backhand.

Fang Xiao was shocked. Her hand kept pulling back forcefully. The current situation was definitely not good for her. Dongfang Yunheng looked harmless, but he was actually very black-bellied. Tonight was the wedding night, so he definitely would not let her off easily.

Sure enough, Dongfang Yunheng’s style had always been to do whatever he wanted. Moreover, if he did not do it tonight, wouldn’t he leave behind a lifetime of regret? Although he was only in his twenties, it seemed that he already had a lot of regrets.

Therefore, his large hand grabbed Fang Xiao’s head and did not allow her to move. He lowered his head slightly, pressed down his thin lips, and gently licked her slightly dry lips. The tip of his tongue forcefully pried open her teeth... ..

When it came to love, Fang Xiao had always had many opponents. Moreover, she was pregnant at this time, so she was always careful. Therefore, she was even more unable to use her strength.

In this situation, Dongfang Yunheng barely moved, and Fang Xiao fell into his arms weakly and numbly, melting his spring water and allowing him to do whatever he wanted!

Chapter 2055: Why not

Regardless of whether it was tacit consent, whether it was voluntary or forced, Dongfang Yunheng did not intend to give up on their wedding night at four o’clock in the morning on their new marriage.

Perhaps it was because he had taken into account that she had not touched her during the early stages of pregnancy when she returned from Singapore, so the man who had been holding back for ten days moved very quickly, and the kiss was not over yet... ..

Fang Xiao was really anxious and did not know what to do. After she fell in Singapore, there were signs of miscarriage. Although she managed to save the pregnancy, the doctor said that it was best not to have any signs of miscarriage again, otherwise it would be very difficult to save it.

However, the current Dongfang Yunheng was like a beast in heat. It was obviously impossible to tell him to stop using words. Moreover, it was impossible for him to listen to her objections.

Therefore, in a moment of desperation, Fang Xiao looked at his beautiful ears and those big round earlobes. Without thinking much, she directly opened her mouth and bit him.

Fang Xiao's main goal was to bite Dongfang Yunheng until he was in pain. Her idea was very simple. When he was in pain, he naturally stopped.

However, when the result of her bite reached Dongfang Yunheng, he felt a numbness all over his body. His waist and eyes flashed, and he almost couldn't hold it in anymore.

Damn it, he couldn't help but let out a low growl. This woman had been trained by him for so long, yet she was still so clumsy. It was rare that she didn't know that a man's earlobe was the most sensitive part. Wasn't she adding fuel to the fire?

Dongfang Yunheng's body became even more excited after Fang Xiao took a bite, separated by the thin and transparent cloth. The hot breath of his rough breathing sprayed onto her neck ...

Fang Xiao's entire body was limp beyond recognition under his tall flirtation. Her lips were also covered by his mouth. The back of her head was held by his large hand and could not move at all.

Fang Xiao's body instinctively stiffened. Her entire body shivered and she immediately closed her legs. Her brain twisted forcefully to the side and finally freed her mouth from Dongfang Yunheng's mouth. Her hands quickly grabbed Dongfang Yunheng's hand that was about to do something bad. She panted and said, "No... "

"Why not?" Dongfang Yunheng growled in anger. His dark and deep eyes were now dark red.

Damn it. Tonight was the wedding night?

"I'm only eight weeks pregnant. It's the most dangerous time. The doctor didn't tell you that three months ago was the most dangerous time... "

Fang Xiao was incoherent as she tried to reason with him. Naturally, this was what the obstetrician and gynecologist had told him.

Her body was also very uncomfortable when she was being flirted with by him. In fact, she wanted to, but she didn't forget her own situation, let alone the child in her stomach.

"Did your sperm worm enter your brain... "

Dongfang Yunheng stopped forcefully and his hand was pulled to her lower abdomen by her hand. Only then did he wake up a little. It seemed that her stomach was currently carrying his baby.

He could not help but take a deep breath. Looking at the woman under him, he panted slightly and said, "Xiaoxiao, you should feel very honored. The only woman who can let my sperm worm enter my brain is only you. "

He could not help but take a deep breath. Looking at the woman under him, he panted slightly and said, "Xiaoxiao, you should feel very honored. The only woman who can let my sperm worm enter my brain is only you. "

... ..

Chapter 2056: Why did It not count

But she couldn't say that to Dongfang Yunheng. Otherwise, that stubborn man would definitely say that she despised him. So she looked back at his face and gently patted his cheek. She said softly, "be good, be obedient. Hubby, go to the bathroom and take a cold shower. "

Dongfang Yunheng's body stopped stiffly beside her. He used all his willpower to not let himself be suppressed. But he didn't really leave to take a cold shower in the bathroom.

"honey, ever since I found out that you're pregnant, I've been very obedient. I haven't touched you. I miss you very much at night. I miss you so much that my hands have gone soft. "

This time, Fang Xiao was confused by Dongfang Yunheng's words. She did not understand what was the direct relationship between him wanting her and his softness.

However, after being stunned for a few seconds, she finally reacted. Her face turned red and she became angry from embarrassment. She grabbed the pillow beside him and threw it at Dongfang Yunheng, who was still hovering above her. "YOU HOOLIGAN! "

To Dongfang Yunheng, the pillow was like a cotton bomb. It did not pose any threat at all. He reached out to catch the pillow and then looked at the woman beneath him and asked righteously, "do you still want me to continue to be soft-hearted? "

Fang Xiao looked at Dongfang Yunheng's confident face and could not help but feel a trace of sympathy in her heart. She thought that when he missed her, he could only use his hands. ...

However, just as she thought of this, she was completely broken by the scene of Gu Chenchen's self-mutilation when he kidnapped her younger brother twenty days ago.

"Haha, if you think I can think of a way to be soft-hearted, then the child in Miss Gu's stomach was made by your hands? It seems that Mr. Dongfang's hands can indeed replace certain functions, right? "

"that time... Doesn't count..." Dongfang Yunheng hesitated for a moment, and then answered very calmly, as if he had really made it with his hands that time.

Doesn't count Fang Xiao didn't understand what he meant at once, and couldn't help but ask, "why doesn't it count? "

It wasn't that she didn't feel sorry for him, nor did she despise him. After all, he was her lifetime's sexual happiness. She was married to him, and in this lifetime, she would inevitably have to deal with him.

However, this kind of thing had to be done at the right time, place, and person, okay?

In her current situation, she couldn't possibly disregard the baby in her belly for the sake of his baby, right Which baby was more important? ? ? ? ? ?

...

A bunch of ellipses made the fans furious They couldn't help but ask loudly, "Dongfang Yunheng, what do you mean? We've been chasing this story for a long time. Why did you close the curtains at the critical moment and not let us see the most critical and exciting part? "

Dongfang Yunheng said with a bitter face, "dear friends, please calm down. I was not the one who closed the curtains. I was wholeheartedly doing that thing with Fang Xiao. I really don't know anything about closing the curtains. You have to ask my mother what happened. She will be responsible for whether the curtains are closed or not. "

The fans turned their angry gazes to their stepmother and ganged up to attack her. "Stepmother Qiao, what is the meaning of this? Ah? You are not going to let us see the most exciting part? "

Xiao Qiao put on a sad face and apologized, "I'm sorry, everyone. This is a critical moment. It's said that the h scan is very bad. Although Xiao Qiao personally doesn't think this is an h because it's just a hand scan, Ahem, but China said that this h is an h, so that, that, we can only close the curtains. When China passes the h scan, Xiao Qiao will definitely help them open the curtains. No, tear down the wall and let them perform in public. "

Chapter 2057: Gu Chenchen can't take it anymore

Fang Xiao didn't think much about the sudden change of maid of honor at the wedding and the inexplicable disappearance of the original maid of honor, Gu Chenchen. What she thought was that Dongfang Yunheng probably didn't want to let Gu Chenchen be the maid of honor in the end She was probably afraid that Gu Chenchen would steal her limelight.

Therefore, she didn't think about asking anyone about this matter because she wasn't a person who liked to gossip and talk too much. Moreover, Dongfang Yunheng and Gu Chenchen had already broken up, and she was already married to Dongfang Yunheng. It seemed like she would pursue the matter further It was not very interesting.

Therefore, on the second day of their wedding, he and Dongfang Yunheng went on a cruise back to one inch Mo city on Binhai. Originally, Dongfang Yunheng had said that he would go to Venice for a honeymoon, but Fang Xiao said that she was pregnant. There was no point in going on a honeymoon now Therefore, he firmly opposed the plan of going to Venice for a honeymoon.

Seeing that Fang Xiao opposed it so much, Dongfang Yunheng could not help but say gloomily, "then, after we get married, we won't even go on our honeymoon? Isn't that very regretful? "

“If it’s regretful, then it’s regretful.” Fang Xiao stared at him with conviction and could not help but shake her hand. “I’d rather be regretful than... going soft again. “

Dongfang Yunheng was slightly stunned. When he saw her rubbing her hand, he could not help but laugh again. He whispered in her ear, “about that... did you experience the feeling of going soft last night? “

Fang Xiao glared at him fiercely. This man was married, so he did not have the face to be shameless. If he had known earlier, she would not have agreed to marry him. If that was the case, he would have more or less had the face.

Seeing her glare at him, Dongfang Yunheng didn’t get angry. He just said listlessly, “alright then, since you don’t agree to go on a honeymoon, then we can only go back to our own villa. It’s the lakeside villa that you used to clean. From now on, the two of us will live there. “

Fang Xiao saw the ambiguous expression on his face and thought about the lakeside villa that the two of them would live in in the future. She couldn’t help but panic in her heart. She couldn’t help but shout in a low voice, “I think it’s more lively with more people. Let’s just... live in one inch of Mo city. I think it’s better to live with your mother. “

Dongfang Yunheng’s face immediately darkened. Did he make this little woman too soft last night? Now she was actually so afraid of living alone in a villa with him.

Therefore, he said sullenly, “staying in one inch Mo city is also fine, but since we’re married, we don’t have to live in the same building as my parents. Our building is in the southeast. It’s called Heng Yuan. Do you think anyone will come to our building tonight? “

“...”

Fang Xiao was immediately speechless. After all, whether they went on a honeymoon or not was the same. In short, this man would never let her go, and her hands... They were so sore and soft!!!!!!

“Why don’t you go abroad on business?” Fang Xiao finally thought of a way. Then she said excitedly, “Oh right, don’t you have a branch overseas? I think you should come back after spending three to five months abroad... “

“Why don’t you let me go abroad for a year? How about this? When I come back, your child will be born and your period will be over,” Dongfang Yunheng said coldly, as if he wanted to throw her into the sea.

Fang Xiao was stunned. She thought that it was possible, but before she could speak, she heard Mu Yao’s voice from outside the door. “Big Brother, something bad has happened. Just now, second brother called and said that sister Chenchen can’t take it anymore. He wants you to go to the hospital immediately. He can’t take it anymore. “

Gu Chenchen can’t take it anymore. What’s going on?

Chapter 2058 I don’t love you

Fang Xiao was completely stunned. Wasn't Gu Chenchen fine yesterday She had even come to her dressing room to have her makeup artist do her makeup. At that time, she had the momentum of wanting to overpower her as a bride. How could Gu Chenchen not be able to do it in the blink of an eye in just a day?

Dongfang Yunheng obviously did not have that much time to explain to her. He just quickly ran out of the room. He did not even bother to explain the reason to Fang Xiao as he quickly got off the cruise ship and drove away.

"Mu Yao, what's going on?" Fang Xiao chased after Mu Yao from the room. Seeing that she was about to leave, she couldn't help but go up to her and ask, "what's wrong with Gu Chenchen? Is Her uterine cancer acting up?"

"Didn't my brother tell you?" Mu Yao looked at Fang Xiao and couldn't help but frown. "Gu Chenchen committed suicide on the deck of the cruise ship yesterday, forcing my brother to change his bride at the last minute."

Yesterday morning, Dongfang Yunheng was very busy. Because there were too many guests, and some of them had rushed over from the United States. They were his former classmates, so he was very busy recruiting guests.

Just as he was busy, a staff member from a wedding company came to look for him. He said that his bride was waiting for him on the deck of the cruise ship, as if she had something to say to him.

Dongfang Yunheng did not doubt it. He thought that Fang Xiao must have seen Gu Chenchen in the dressing room, so he came to ask why he had asked Gu Chenchen to be her maid of honor. He should have explained it to him.

Actually, he had not agreed to let Gu Chenchen be Fang Xiao's maid of honor. It was his mother, Xi Muru, who had agreed. Because his mother said that Gu Chenchen had uterine cancer after all, and only had half a year left to live. Let's not look at the monk's face and look at the Buddha's face "For the sake of Uncle Gu Chenchen, let's let her be the bridesmaid for a while. She can only stand on the stage for two minutes. I believe that Fang Xiao is magnanimous and will not fuss about it. As long as we do our job well, we will be fine."

Since his mother had said so, he could not object openly, so he reluctantly agreed. However, he thought that it was very likely that Gu Chenchen would attack Fang Xiao on the way to send Fang Xiao to the stage Therefore, he had done his job well in advance and did not let her have any chance to attack Fang Xiao.

Dongfang Yunheng thought that Fang Xiao was looking for him on the deck, so he quickly walked towards the deck. In his heart, he was still thinking about how to explain to Fang Xiao later. No matter what, he had to convince her and endure it. Today's bride would definitely be her.. He couldn't possibly marry someone as scheming as Gu Chenchen.

However, he didn't expect that the person waiting for him on the deck wasn't Fang Xiao, but Gu Chenchen. Moreover, she was standing at the edge of the deck. She was wearing a pure white wedding dress and a wedding veil on her head.

“Miss Gu, why are you looking for me?” Dongfang Yunheng’s face immediately darkened, and his voice clearly turned cold.

“Yun Heng, I really love you.” Gu Chenchen’s tears welled up in her eyes as she spoke. Her voice was choked with sobs as she said, “I really want to marry you. Today... can you let me be your bride? Let me marry you on behalf of Fang Xiao?”

“impossible.” Dongfang Yunheng denied Gu Chenchen’s words without even thinking. Then, he said coldly, “Miss Gu, I’ve already said what I should have said. I don’t want to say it again. In short, I don’t love you, and it’s impossible for me to marry you. So, it’s useless for you to wear a wedding dress.”

Chapter 2059: so that’s how it is

Dongfang Yunheng turned around and was about to leave when Gu Chenchen’s voice came from behind him. “Dongfang Yunheng, if you don’t agree to marry me today, I’ll jump into the sea!”

Dongfang Yunheng’s footsteps stopped. He turned around and looked at Gu Chenchen who was standing at the edge of the deck. He couldn’t help but say coldly, “Miss Gu, no one will believe you if you say that the wolf has come too many times. So, please don’t keep putting on such a show. I’m tired of your tricks. You’d better change your method.”

After saying this, Dongfang Yunheng turned around and walked away again. However, he had only taken three steps when he heard a thump behind him. He was slightly stunned and turned around. Gu Chenchen, who had been on the edge of the deck, had actually disappeared.

He quickly ran to the edge of the deck and saw Gu Chenchen flailing in the sea. One of her high heels was hanging on the edge of the deck.

“someone... someone, quickly! Someone fell into the sea!” After Dongfang Yunheng shouted these few times, he took the lead and jumped into the sea. He quickly chased after Gu Chenchen, who was slowly sinking into the sea ...

Dongfang Yunheng’s voice quickly alerted the rescue team on the cruise ship, so everyone jumped into the sea. Originally, Gu Chenchen could swim, but when she jumped into the sea, she tripped on the rope on the edge of the deck. Therefore, her ankle twisted and caused a cramp in her calf, so she could not swim in the water.

It was this result that made Gu Chenchen drink a lot of seawater. When Dongfang Yunheng caught her sinking body in the sea, she was already unconscious.

The standby doctor on the cruise ship quickly came to the deck and gave Gu Chenchen first-aid measures. Artificial breathing and other methods were ineffective. In the end, he had no choice but to put an oxygen mask on Gu Chenchen and send her to the nearest hospital on the shore.

Of course, Dongfang Yunheng followed her because Gu Chenchen’s uncle and aunt were also scared out of their wits. Gu Chenchen’s mother did not come, so he could not leave Gu Chenchen alone at this time. After all, Gu Chenchen jumped into the water for him.

However, it was still a long distance to the hospital on shore. It would take a few hours. The doctor said that Gu Chenchen might not be able to last that long. In the end, she chose a nearby, larger island with a simple clinic.

Dongfang Yunheng naturally accompanied her to the clinic. However, the doctors in the clinic could not do anything about it. They only said that the current situation would not allow her to die, but they could not wake her up.

Moreover, the most important person she valued the most could stay by her side and watch over her. He could say something that she liked to hear, or say something that could fulfill her wish. He wanted to see if he could awaken her wish to live. Could it wake her up earlier.

This made Dongfang Yunheng in a difficult position. The only thing Gu Chenchen wanted to hear was that he told her that he was willing to marry her, but he really wasn't willing to marry her. Of course, if it was to save someone's life, there was nothing wrong with lying.

The key now was that he had to rush back to the cruise ship to marry Fang Xiao. That woman was the one he should treat with sincerity. Gu Chenchen was too fake, and he didn't have the mood to sit here and accompany her. Even if he was lying to him.

In the end, after weighing the pros and cons, he called his younger brother Yun Zai and asked him to rush to the island to pretend to be him. He had to rush back to marry Fang Xiao, and he didn't want to delay the wedding.

Chapter 2060: Donating Corneas

Fang Xiao never dreamed that such a thing would happen on the cruise ship where her wedding ceremony was held yesterday. No wonder Dongfang Yunheng had beads of sweat on his forehead when he rushed back later to hold the wedding ceremony with her. Moreover, his expression was somewhat unnatural.

It turned out that he had experienced being forced by Gu Chenchen with his life, but he did not choose Gu Chenchen and still chose her. This made her incomparably moved, and her eyes unconsciously became moist.

"sister-in-law, let's go to the hospital to see Miss Gu too." Mu Yao saw Fang Xiao's expression change, so she cautiously said, "just now, my second brother called and asked me to bring you over. I reckon that the situation there has changed."

Fang Xiao nodded. Since Dongfang Yunheng had already rushed over, and Dongfang Yunzai had asked Mu Yao to bring her over, then it was better for her to go over and take a look. No matter what, Gu Chenchen was still a woman who loved Dongfang Yunheng.

Of course, Gu Chenchen did not have a clinic on that island. Yesterday, he had been transferred by Dongfang Yunzai and Gu Chenchen's uncle to the best hospital in Binhai.

However, because of the long journey, because Gu Chenchen had drunk too much seawater, and because Gu Chenchen's body was not very good to begin with, no matter how good the hospital was, it was unable to save her from the consequences of her willful behavior.

When Fang Xiao and Mu Yao rushed to the hospital, Gu Chenchen's mother was crying her heart out. She cried at the door of the ward, "Chenchen, why didn't you listen to your mother? You didn't listen to her when she told you not to go to his wedding, and you didn't listen to her when she told you not to be a bridesmaid. Now, you're risking your life for this man. ". ..."

Mrs. Gu cried her heart out. It was really touching and sad to hear it. Perhaps Fang Xiao was someone who had experienced great sorrow, but she did not feel anything. She just looked at the woman who was crying her heart out from afar.

Mu Yao stood beside Fang Xiao and looked at the woman who was sitting on the ground crying. She could not help but say in annoyance, "Sigh, I was wondering why sister Chen Chen is so fake. Her mother is such a fake person. Like mother, like daughter. "

"..."

Fang Xiao was a little speechless. She had thought that if Mrs. Gu was crying like this, it would be fine if she was not touched. However, the Dongfang family would still be touched no matter what, right?

Who knew that the teenage Mu Yao would say this. It seemed that Mrs. Gu's performance had not reached the point of perfection?

Just as Fang Xiao was thinking about Mrs. Gu's performance, Dongfang Yunzai walked out of the ward. He looked at Mrs. Gu, who was sitting on the ground and crying. Then, he shook his head and walked over to Fang Xiao.

"SISTER-IN-LAW, quickly go and have your body checked. If you haven't caught a cold in the past two days and are hospitalized today, I reckon that you'll be able to receive surgery tomorrow and the day after. "

"What Surgery?" Fang Xiao was shocked. She instinctively took a step back and stared at Dongfang Yunzai with a vigilant gaze. "I'm fine. I'm not sick. I don't need any surgery. "

Dongfang Yunzai could not help but smile when he saw her expression. He quickly said to her, "it's not any other surgery. It's a surgery to replace the cornea. Miss Gu has already signed the donation form. She has agreed to donate the cornea. "

Fang Xiao was stunned. She wondered if she had heard wrongly. Gu Chenchen had actually agreed to donate the cornea to her. How was this possible? Did Gu Chenchen hate her that much?
