Chapter 1461

This night was destined to be an uneventful one.

Lin Ran and Ling Sa's action was just a microcosm, the bigger action this was on the side of the three Leng Zhan and the two Yu Chang.

Throughout the night, more than a hundred and fifty people were attacked by five people one after another.

And these more than one hundred and fifty people were only from one place in Temperance City.

As for the rest of the more people, they were scattered all over the country, and all of these were also handed over by Lin Ran to Chao Tiange to deal with.

And this night, it wasn't just these people that the Third Elder had cultivated that were attacked, but also all the eyes sent by the Mysterious Alliance's Nanyang Dragon Family as well as the Yue Family.

The spies sent by these various powers had already been well understood by the Chao Heavenly Pavilion.

Just because the Chao Heavenly Pavilion had stayed put before did not mean they did not know.

This time, when Lin Ran decided to strike, he was bound to roll up the clouds and not give the enemy a chance to breathe.

The night passed in a hurry, and Lin Ran returned to Coiling Dragon Mountain to continue his meditation.

On the other hand, the Mysterious Alliance headquarters.

"Elder Fire! I've just received news that Temperance City has been completely purged by Lin Ran!"

One of his men knelt respectfully in front of Elder Fire, his body trembling.

"What did you say? Say it again!"

Fire Elder burst into a rage and stood up directly with a slap on the table.

"Yes!"

The henchman was terrified and hurriedly said.

"Just last night, the Yue Family and also the Nanyang Dragon Family, all of their eyes in Temperance City were touched, some were killed outright, while others all lost their memory, without a single exception!"

"In addition, there are also those of the Third Elder's men in Tamagawa City who have all lost their memory as well, some have been captured, while others have simply disappeared!"

"On top of that, all of the spies that our Mysterious Alliance sent to Tamagawa City also lost their memory last night, and those people are already on their way back!"

“Either they’ve lost their memory or they’ve disappeared, what does this Lin Neng want? Does he want to turn the sky upside down!”

Old Fire said angrily.

On the other hand, Li Lao, who was at the side, was busy waving his hand and telling his men to go down before he persuaded.

“It’s normal, he must have been uncomfortable after the way we treated him in the Skywolf Domain, so this is a way to vent his anger!”

“A little bit of anger? He dares to touch people from our Mysterious Alliance?”

Old Fire said angrily.

Li Lao smiled but sighed.

“Just accept the reality, the current Lin Ran is no longer the yellow-haired boy he was before, forget about that Yu Chang for now, just his own strength alone is not far from ours!”

“He has the capital to fight with our Mystic Alliance!”

“He dares!”

Elder Fire said angrily.

“Originally, he could very well be one of us!”

Elder Wind, who had been hesitant to speak at the side, suddenly spoke up.

Fire Elder looked at him, with anger and helplessness in his eyes.

Indeed, Elder Feng was right, originally Lin Ran would probably have been a very brave and valiant member of the Mysterious Alliance.

But everything had been ruined at their hands, and it was they who had personally pushed Lin Ran into opposition.

“This is indeed the case, but we have no choice, the stronger Lin Ran is, the more important it is whether he is a spy of the foreign devil or not!”

“Nowadays, although the foreign devils haven’t moved yet, in case a big war breaks out, it’s likely that Lin Ran’s stance will be the key factor affecting this war, so we have to be careful!”

Elder Li lamented.

However, Elder Feng smiled at his words.

“Haven’t you two ever thought of a question?”

“What problem?”

Elder Fire asked with a frown, while Elder Li at the side was also puzzled.

“So what if Lin Ran is really one of the Fey Demons? Do you guys really dare to fight him to the death?”

Elder Feng asked as he looked at the two of them, and at once both of them fell silent.

That was right, even if Lin Ran was really someone from the Other Demon, Old Man Fire wouldn't fucking dare to fight Lin Ran to the death.

With Lin Ran's current strength, the three of them were the only ones in the entire Mystic Alliance that could hold him down.

Although the three of them could join forces to kill Lin Ran, it was clear that Elder Feng would never do so.

Even if Elder Fire and Elder Li joined forces, I was afraid that even if they killed Lin Ran themselves, they would definitely have to pay an extremely heavy price.

They would have to divide their manpower to deal with the puppet Yu Chang alone.

Not to mention that Lin Ran himself was also at the middle stage of the God Creation Realm.

Before the three of them had crossed into the true Extreme Realm, they would have to weigh their options against Lin Ran in a fight to the death!

"And don't forget, you guys, Lin Ran was also born on our side of the world, he has relatives and friends here too!"

Elder Feng looked at the two men.

"So it's likely that from the start, we've wronged him!"

"Ai! If that's the case, then the three of us are really old and blind!"

Old Man Li sighed helplessly.

Fire Elder, however, had an ugly face and didn't say a word, he was the most aggressive of the three, and he was also the one who targeted Lin Ran the hardest.

So if it was true that he had wronged Lin Ran, then there was no doubt that he was the most responsible.

"Alright, things have come to this point, let's think of a countermeasure!"

Fire Elder had no choice but to change the subject.

"According to the previous agreement, we can't make a move against Lin Ran, so I'm afraid that Third Elder, the helper, will have to be given up!"

Elder Feng spoke up.

"I agree with Elder Feng, this help of the Third Elder, although it has had some achievements in these four years, there is no way to compare with the Chao Heavenly Pavilion, and what we were looking for when we first cooperated with the Long Family was also the strength of the Long Family, as for this Third Elder it would have been a gift!"

Elder Li spoke up.

“That’s all that can be done!”

Elder Fire sighed helplessly.

The strength of the Dragon Family had not even been fathomed by the Mysterious Alliance up to now, and at least so far, the strength shown by the Dragon Family was definitely not worthy of their reputation.

This was why the Mysterious Alliance was hesitant to relent, if they waited until the showdown the Dragon Family had completely exploded, they might be able to stamp out the Fey Demon Realm in one fell swoop by then.

And this is what the Mysterious Alliance wants, the Dragon Family is so deep hidden that even the Mysterious Alliance’s can’t see through the depths of the Dragon Family until there is a final showdown.

.....

Temperance City, inside the Panglong Mountain Villa.

“Pavilion Master, your guess was really good, the Mysterious Alliance has not reacted at all, it’s as if they are dumb!”

The Grand Elder said as he ran over with great excitement.

“Hmm!”

Lin Ran opened his eyes, and only then did he end his cultivation.

Looking at the colour of the sky beyond, he was unaware that it was actually night again.

And today’s night looked extraordinarily gloomy, as if it was about to rain.

“Where’s Song Nuan and the girls?”

“They’re asleep!”

Suddenly the voice of Ling Sa rang out next to him.

The Great Battle Elder saw this and withdrew sagely.

“The rest of the Third Elders, are we going to move again tonight?”

Ling Sa walked over with a roaring pile of list information.

“Continue!”

Lin Ran didn’t hesitate and took it over at once.

“This is from the Third Elder!”

Ling Sa then fished out another information sheet and handed it to Lin Ran.

Looking at the information of the Third Elder on it, the corners of Lin Ran’s mouth had an icy coldness.

“It’s about time, it’s time to go find him too!”

With a sharp look in his eyes, Lin Ran whirled a ball of fire flames up out of thin air and burnt the Third Elder's information sheet into ashes.

Chapter 1462

"Rumble."

The sky did change quickly and the rain came down in torrents.

The night was terribly deep.

But at that moment, in the Nanyang Long family, a courtyard was set up.

With a creaking sound, a crack opened in a rockery that was originally only for decoration.

If Lin Ran were here, he would have recognised at a glance that this person was the Third Elder he was looking for.

In fact, ever since the Third Elder had betrayed the Chao Heavenly Pavilion, he had been living within the Dragon Family.

It was only later when news of Lin Ran's death came through that he began to walk outside, and even accepted to work with the Mysterious Alliance.

During that time, he was incomparably dashing, and he didn't even put the Chao Heavenly Pavilion in his sights.

He thought that Lin Ran and his Chao Heavenly Pavilion were completely finished, but it all came too suddenly.

The news that Lin Ran was alive came back just four years later, followed by the news that Lin Ran was coming out of the Other Demon Realm.

He was scared out of his wits and fled straight from the Mystic Alliance headquarters all the way back to the Dragon Family, where he once again lived in seclusion.

However, he did not know that his whereabouts had already been watched by the Chao Heavenly Pavilion.

The Third Elder braved the heavy rain and quickly arrived at the living room of the Long Family.

At this moment, Long Yu was sitting on top of the main seat with an ugly expression on his face.

"What are you doing here!"

Seeing the Third Elder, Long Yu's face was obviously not too good.

"What do you think I'm doing here!"

The Third Elder's face was equally ugly.

"I just got the news that in the past two days, Lin Ran has already started making moves against those disciples I took in in the first place, and soon it will be my turn, when exactly will your Long family help me eradicate him!"

The Third Elder looked and questioned Long Yu.

“Bang!”

Long Yu was so angry that he slapped his palm on the table and stood up straight away.

“You still have the nerve to blame our Long Family?”

“Who was the one who said that sending Lin Ran into the Fey Demon Realm would definitely kill him in the first place! But now what!”

Long Yu’s face was icy cold with anger.

At first, their Dragon Family had also thought that this was a complete solution, but who knew that even the Fey Demon Realm had failed to trap Lin Ran, but they had forced him to break out again.

Moreover, it would have been fine if he had just broken out, but the worst part was that this guy had actually reached the middle stage of the God Creation Realm.

“I don’t care, we’ve been grasshoppers in the same boat since we first decided to start working together, and why didn’t your Dragon Family’s so powerful hidden power come out!”

The Third Elder said angrily.

If one only looked at these forces on the surface of the Dragon Family, it would be completely impossible to stop Lin Ran, and at this point, the Third Elder could only pin his hopes on those hidden forces of the Dragon Family.

“Shut up!”

Long Yu’s face was icy cold, looking at the Third Elder with even more killing intent erupting in his eyes.

“Our Long Family’s affairs are not for you to dictate, you can always get out if you don’t want to stay here!”

Long Yu said in a cold voice.

“You!”

Three Zhang Lao’s face turned blue with anger and immediately turned around and left the place.

In his heart, he knew very well that from the time he first proposed to cooperate with the Dragon Family, he was well aware of the outcome.

It was just that he didn’t expect this most unlikely outcome to actually happen when Lin Ran came out of the Fey Demon Domain alive.

Originally, he had thought that Lin Ran would die completely in the Fey Demon Realm, but who knew that it would end like this now.

Outside, the rain was still pouring down, and the Third Elder was walking towards his residence with an ugly face.

But at that moment, there was a sudden “bang”, and the whole Long family seemed to tremble at that moment.

“What are you doing?”

At the same time, several figures had already rushed up into the air, and it was the four elders of the Dragon Family.

Their faces were cold as they looked at the two figures standing outside in mid-air, with killing intent in their eyes.

“Who dares to trespass into our Nanyang Dragon Family!”

One of the elders spoke up and chided.

“Let Long Yu come out!”

Lin Ran looked at the four people in front of him indifferently, with disdain in his eyes.

“Unbridled, our Long Family”

“I said let Long Yu out!”

Before the elder could finish his words, Lin Ran let out an explosive shout and instantly a powerful aura swept out.

“Not good!”

The four elders’ faces changed greatly at the same time, but before the four of them could make a move, they were already flying backwards towards the back in unison, while all four of them spurted out a mouthful of blood in unison.

“Lin Ran, stop!”

A figure quickly rushed out, and it was none other than the head of the Long Family, Long Yu.

“Lin Ran, don’t go too far, the four elders of the Long Family have no grudge against you!”

Long Yu looked at Lin Ran and said in an angry voice.

“Are they dead?”

Lin Ran looked and Long Yu still had bemusement on his face.

“What do you mean!”

Long Yu looked at Lin Ran, not understanding what he meant.

“If they had a grudge against me, they would be dead by now!”

Lin Ran said in a cold voice.

“What exactly do you want!”

Long Yu looked at Lin Ran with anger in his eyes.

“What do I want? It’s simple! I came here today for two things!”

Lin Ran said in a cold voice.

“First thing, hand over the Third Elder!”

“Yes!”

Long Yu frowned at his words, but after a moment of thought he nodded his head.

Things had reached the bottom now, even the Mysterious Alliance was not meddling in this matter, and had tacitly agreed that Lin Ran could take revenge, but only if he could not kill Long Yu.

The implication was that the Third Elder and the others didn’t care.

So at this point Lin Ran barged into the Long family, even if he, Long Yu, sought help from the Mysterious Alliance, I’m afraid he wouldn’t get support.

So it would be better to just go along with Lin Ran’s wishes and hand the Third Elder over, and still relieve the Long Family of the siege.

“What about the second matter?”

Long Yu looked at Lin Ran and questioned.

“There’s no rush for the second matter, let’s wait until the first one is settled!”

There was a cold smile in Lin Ran’s eyes, but his gaze had already cast across the courtyard of the Long Family below and saw the Third Elder standing in the middle of the torrential rain.

“Long Yu!”

The Third Elder stood in the storm, looking at Long Yu above him with anger and despair in his eyes.

“Third Elder, don’t blame me! You can only blame yourself for how things have developed to this point!”

Long Yu said indifferently.

“Humph! You think that even if you hand me over, your Dragon Family will be fine? Don’t forget, you destroyed the Meihua Sect! That Ling Sa followed you over, don’t you guys still know that in your hearts!”

The Third Elder said in a cold voice.

“Shut up! You don’t need to spout blood there!”

Long Yu was busy chiding, the matter against the Mei Hua Sect they had done was very covert and was sure that Lin Ran should not know about it.

He turned his head to look at Lin Ran and saw that his expression had not changed much, so Long Yu’s hanging heart relaxed.

“Could it be that this Lin Ran still doesn’t know about his own division?”

Long Yu was thinking in his mind, but at this moment, Lin Ran suddenly made his move.

“You can go to hell!”

Lin Ran looked at the Third Elder.

The Third Elder’s face was very ugly as he stared at Lin Ran above the sky and suddenly river pooled.

“So what if you’re at the God Creation Realm! You think you can really kill!”

“Pfft!”

The third elder angrily chided, yet before he could finish his words, a cold ray of light had already flown out of thin air and instantly pierced through his torso.

“How is this possible!”

The third elder was in disbelief as his body fell to the ground with a thud.

Chapter 1463

The blood was soon washed away by the rain and scattered, the whole ground was stained with blood.

The Third Elder was lying on the ground, his body motionless, clearly fallen.

.....

At this time, on a distant isolated island only, the fourth elder, who was facing the wall and thinking, suddenly had a tremor in his body and his eyes snapped open.

At this moment, there was despair in his eyes.

“Third brother! You!”

“Why! Why do you all have to break away from the Chao Heavenly Pavilion!”

The Fourth Elder’s eyes were instantly red.

“Second brother is gone, and now you are gone too, leaving me alone to live in this world, what’s the use!”

There was despair in the Fourth Elder’s eyes.

The three of them had lived for too long, and it was only when the Second and Third Elders died one after another that he realised at that moment that it was not good for a person to live for too long.

“You are all gone, and I don’t want to live alone, there is no place for me in the Chao Heavenly Pavilion anymore, my younger brother has come to find you!”

There was a blandness in the Fourth Elder’s eyes, as if he had looked away from everything.

Soon a white light began to shine from his body, and gradually the white light wrapped around the Fourth Elder, and soon the dazzling white light engulfed everything.

When the white light dispersed, the figure of the Fourth Elder had disappeared, leaving only a lonely empty island behind.

Chao Heavenly Pavilion headquarters, in a shrine!

“Bang!”

A crunching sound came as a jade token that was originally placed on the elder’s position had shattered.

Although the three of them, the Fourth Elder, were three brothers, the Fourth Elder had not explicitly betrayed the Chao Heavenly Pavilion, so his fate token was still here.

It was just that it was cracked at this point.

“Quickly go and inform the Grand Elder that the Fourth Elder’s fate card has broken!”

“Yes!”

Someone quickly passed this news to the Grand Elder.

And at this moment, the Grand Elder was standing on the Coiling Dragon Mountain, looking at the landscape in the distance, with a lot of emotions in his heart.

“The eight elders of the Chao Heavenly Pavilion have completely become the five elders from today onwards!”

.....

And at this time, in the Nanyang Long Family, things were far from over.

“Tell me, what is your second matter!”

Long Yu looked at Lin Ran, with helplessness in his eyes.

It wasn’t that he didn’t want to make a move, but he knew very well that he was simply no match for Lin Ran.

True, their Long Family still had hidden strength.

But even if they called out their family’s hidden strength, would they be able to defeat Lin Ran?

Long Yu shook his head, he didn’t have the confidence.

Rather than exposing his family’s strength to fight to see if he could beat Lin Ran, it would be more real to come to a compromise at the moment.

Lin Ran smiled and looked at Long Yu before pointing his palm down at the Great Elder of the Long Family, who was holding his chest, and spoke.

“I want him to die!”

“What?”

Long Yu’s face instantly changed at his words.

“Lin Ran, don’t go too far, the Mysterious Alliance doesn’t interfere in your affairs and only allows you to take revenge, it doesn’t give you the right to kill innocent people indiscriminately!”

Long Yu's face looked ugly as he questioned.

"I, Lin Ran, don't need anyone's consent to kill anyone, besides! Do you think that if the Mysterious Alliance knew that your Dragon Family had destroyed the Plum Blossom Sect, they would still care?"

Lin Ran said in a cold voice.

"Don't spout blood, the Plum Blossom Sect was destroyed, what evidence do you have to say that it was our Dragon Family that did it!"

Long Yu said in a cold voice, he was confident that Lin Ran definitely did not know there was evidence.

However, the next moment Lin Ran poked out his palm was already making Long Yu look dumbfounded.

A piece of cloth was fluttering in the wind, and on it was embroidered the word "Dragon".

"Do you have anything else to say?"

Lin Ran looked at Long Yu, his face indifferent.

At this moment, Long Yu's face became very ugly, and after a moment he spoke.

"I'm afraid it's hard to convince people with just a piece of cloth, and it's not hard to get this kind of cloth, are you going to convict our Long family on the basis of this?"

As he said that, the corner of Long Yu's eyes but glanced at the Grand Elder below, he clearly saw that the Grand Elder was looking tense at this moment, obviously this piece of cloth really belonged to him.

"Oh, is it interesting to show off your words? You want proof? I, Lin Ran, will give you just that!"

Lin Ran said as he fished out a book from his arms and threw it directly towards Long Yu.

However, what was surprising was that Long Yu did not pick it up.

"Pah!"

The book seemed to be some kind of information and fell to the ground, and was quickly wetted by the rain.

"This is a DNA test report, I'm afraid you don't even know that there are still such advanced things in this world!"

Lin Ran looked at Long Yu and laughed blandly.

"I don't care to talk nonsense to you, today you have to hand it over even if you don't, Grand Elder! I will kill anyone who dares to stop me! You can count the number of people in your Long family!"

"You!"

Long Yu's face was ugly and his fists were even clenched.

He was tempted to directly mobilise the hidden forces of his family.

But he knew that if he did that, then their Long Family would be completely out of cards.

Even if they could kill Lin Ran, they were afraid that they would have to suffer the extermination of another person in the future.

“Grand Elder!”

Finally, Long Yu spoke up.

When he heard him call out to him, the Grand Elder’s entire body was stunned, his heart already half cold.

He knew that he was truly done for today.

“I admit that? I destroyed the Plum Blossom Sect, I can kill myself! But please don’t wreak havoc on others!”

The Grand Elder spoke.

Almost at the same time, this white light began to emerge from his body, clearly preparing to explode himself.

Seeing this, Lin Ran’s eyes were suddenly icy cold, and his palm instantly waved across the air, and the white light that had just risen from the Grand Elder’s body actually dissipated instantly!

“You!”

Feeling his strength being blocked, the Grand Elder’s face instantly turned pale.

“What exactly do you want!”

The Grand Elder looked at Lin Ran.

“What do you want? You destroyed the Plum Blossom Sect, do you think that once you die things will be over? Besides don’t you think it’s too cheap to just die?”

Lin Ran said as he raised his palm, and instantly, the entire Grand Elder flew up.

Almost at the same time, Lin Ran behind him had already rushed over.

At this moment, her eyes were bloodshot and her face was filled with rage.

“Scuff.”

The red longsword fiercely sheathed itself and instantly slashed towards the Grand Elder’s body.

“Stab!”

There was a muffled sound, and instantly a bright red gash came out of the Grand Elder’s body, and blood instantly bubbled out.

“Bastard!”

“Beast!”

“Why do you want to deal with the Plum Blossom Sect!”

“Why do you want to exterminate the sect!”

“Why!”

Ling Sa had tears on her face, and with every word she spoke, she slashed out a sword.

Soon the Grand Elder’s body was already stained red with blood, as if he had just been fished out of a pool of blood.

“Haha! Haha!”

Suddenly, the Grand Elder was laughing.

“The camps are different, if it were you, you would have done the same!”

“I’m not you! But I won’t spare anyone who is involved in the extermination of my Plum Blossom Sect!”

There was an icy coldness in Ling Sa’s eyes as she waved her red longsword in her hand.

In an instant the sharp longsword directly pierced through the Grand Elder’s chest.

“Bang!”

In the end, the Grand Elder’s entire body fell towards the ground and died.

Chapter 1464

Eventually Lin Ran and Ling Sa left.

Only the two corpses of the Long Family were left behind, along with a large trail of blood.

Looking at the two people who died in the Long Family, there was an icy coldness in Long Yu’s eyes.

After waiting for more than ten minutes, he waited until Lin Ran and Ling Sa were completely gone.

Only then did Long Yu open his mouth and said.

“Take them down! Transform!”

“Yes!”

Immediately, two men in black rushed out from the side and pulled the bodies of the Third and Eldest Elders down.

And with that, the Third Elder of the Chao Heavenly Pavilion, as well as the main murderer of the Mei Hua Sect, the Great Elder of the Long Family, were completely dead.

However, they were both dead, but the real revenge was far from over.

Lin Ran and Ling Sa rushed back to Tanjiang City overnight.

And a new round of revenge was already underway.

Under the leadership of Yu Chang and Wolf Ba, two powerful men, Cold Cut Old Cat and Ah Zhan were responsible for gathering intelligence.

In just half a month, all those who were involved in the entire design to trap Lin Ran into the Fey Demon Realm in the first place were killed.

More than half of them were from the Dragon Family.

Some other members of the Long family who were involved in the extermination of the Mei Hua Sect were also all found out, and all of them eventually had Lin Ran personally kill each other by hand.

And the stir caused by these two incidents was naturally not small.

But from the beginning to the end, it was as if the Long family had gone mute, and not a single person had come forward.

As for the Yue family, that was just not to mention, the entire Yue family's doors were closed all day long, as if they were afraid that Lin Ran would come to their door.

Those disciples that the Third Elder had taken in were also completely cleared out after a month, and they all took the pills, eventually forgetting all about the Chao Heavenly Pavilion.

.....

And at this time at the Mysterious Alliance headquarters.

Elder Fire was looking at a report in front of him with an ugly face.

These reports were all from the Mysterious Alliance's prying back in the recent month.

Ninety percent of them were about Lin Ran's revenge.

"This Lin Ran is just too rampant!"

Elder Fire was furious.

However, on the side, Elder Li couldn't help but sigh.

"His methods are indeed too strong, even the Long Family has gone out of their way to hand over the lives of so many people to quell his anger!"

"That's weakness on Long Yu's part!"

Elder Fire said angrily.

"I just don't believe that a hidden family as big as the Long Family doesn't have a way that can deal with Lin Ran?"

"There must be, but obviously they have concerns just like us,? Otherwise, they would have used it when Lin Ran killed the Dragon Family in the first place, where else would they have waited so long!"

Elder Li said.

"Humph! Useless thing!"

Elder Fire's face was ugly.

“Alright, after Lin Ran’s fuss, I think it should be quiet now, the heart in the matter of the hour is how to arrange the troops, the foreign devils have been moving a lot lately!”

Li Lao said.

That’s right, this recent month, among the major stations, although no large-scale war had broken out, but the situation of sneaking war, calling for war was happening from time to time, it seemed that the foreign devils were ready to cut open another round of offensive.

Lin Ran naturally did not know about this, and in fact he did not care much about it.

For at this moment, he had already begun to study his own Dao.

With his revenge over, Lin Ran also finally began to quiet down.

But whether it was the Dragon Family, or the Yue Family, or the Mysterious Alliance, no one was sending their spies to Temperance City.

Because they knew very well that no matter how many people they sent, the end result would be the same – they would be purged by Lin Ran.

So no one sent any more spies over.

The city has become a city of iron walls under Lin Ran’s control.

.....

The time passed day by day, in the second month of Lin Ran’s return to Tanjiang City, he sat in the flower garden of Panglong Mountain one night.

He was looking at the stars in the sky, and at a certain moment he actually had a touch in his heart.

At the beginning, when he left from the Fey Demon Realm, he was only half a step into the God Creation Realm.

However, the one time he had fought with the Fire Elder in the Sky Wolf Domain had benefited him greatly.

That was when he truly fought someone at a half-step Extreme Realm in the true sense of the word.

Even when he had faced the Fey Devil in the Fey Devil Realm, he had never truly fought the Fey Devil.

It wasn’t because he didn’t dare, but because there was simply no chance, and in addition there was no need.

The Extreme Realm was like a heavenly rift for the God Creation Realm, and it was too difficult to climb over.

Therefore, it was difficult for Lin Ran to understand the Extreme Realm tactics used by the foreign devil.

However, Fire Elder was different, as he was only half a step into the Extreme Realm, which was much closer to Lin Ran than the Other Demon.

So that time when he fought with Elder Fire, it seemed that Lin Ran was being suppressed the whole time, but in reality it was Lin Ran who gained the most.

After that time he had a few more points of understanding of the Extreme Realm in his mind.

After the subsequent revenge, and the strike against the Long family, plus the two months of meditation.

Finally, Lin Ren's strength began to make a breakthrough on this night.

The true qi of heaven and earth around him gathered rapidly, and the small golden man inside Lin Ran's body even began to emit wisps of golden light throughout his body.

That was precisely the sign that a breakthrough had begun.

This sudden movement naturally alerted the other people on Coiling Dragon Mountain, and Yu Chang was the first to notice it, immediately cordoning off Lin Ran's surroundings to avoid being disturbed by others.

"Boss is too powerful, how long has it been since his strength actually started to break through again!"

Wolf Ba also had this shock on his face when he arrived.

He was considered one of the latest to follow Lin Ran, but at this time, the speed of Lin Ran's strength progress in the Fey Demon Realm up to now was something that staggered him.

With Lin Ran's talent and qualifications, he was afraid that his future achievements would not be lower than those of the foreign devils, and at that time, his status would not also rise.

Thinking of this, Wolf Ba couldn't help but snicker.

"Why are you laughing? Go stand guard! If someone comes over and disturbs his breakthrough, see how I'll get you killed!"

Yu Chang rushed at Wolf Ba and said without good humour.

"I'm going! I'll go now!"

Wolf Ba said with a busy smile, and then went to the other side to stand guard.

At this moment, Lin Ran, on the other hand, clearly saw that the golden little person inside him was undergoing a change.

The original golden little man's entire body actually began to appear a wisp of white light, which then quickly converged into the golden little man's palm.

The white light then actually separated directly and finally formed a small white ball suspended in mid-air.

This small ball hovered quietly next to the little golden man, motionless, not knowing what purpose it served.

"What is this thing?"

Lin Ran wondered in his heart.

“This is your dao seed!”

Suddenly, the pillow’s voice rang out in Lin Ran’s mind.

“Dao Seed?”

Lin Ran was stunned, this was the first time he knew that there was such a thing as a dao seed for cultivation.

“The birth of the Dao Seed signifies that you have entered the peak of the God Creation Realm, and if you want to cross over to the Extreme Realm next, it is your cultivation of this Dao Seed in the end!”

The pillow said.

“You can now try your divine sense!”

Chapter 1465

Lin Ran smiled and busily spread his divine sense out, and immediately he saw Yu Chang and Wolf Ba who were helping to protect him on one side.

He then saw a building under the Panglong Mountain.

He then even saw Zhao Yu and the little girl further away, inside a flat.

Lin Ran was completely frozen as he realised that his divine sense was now unknowingly enveloping the entire Temperance City, and every person and even every plant and tree within was so clear that it was as if Lin Ran was personally standing in front of him.

Soon, however, he withdrew his divine sense, while his old face still turned a little red.

“You brat, just one word I didn’t warn against looking around, you’ve peeked at something again haven’t you!”

The pillow said in a good mood.

“Did you forget to remind me? You just don’t want to remind me, rogue book!”

Qing Zi’s voice also sounded off to the side.

Hearing the two of them bickering, Lin Ran couldn’t help but be a little embarrassed as well.

It was true that he had just really seen something that he shouldn’t have seen, but he hadn’t done it on purpose, after all, his divine sense had radiated out before and was too powerful, so even though he didn’t want to see it, the image had popped up.

“Alright, stop messing around and hurry up and tell me what’s going on with this dao seed?”

Lin Ran was busy asking, what kind of dao seed he had never heard of at all, at this point he still had a blank face.

“Master, the so-called dao seed is the root of a dao!”

Qing Zi said busily.

“You can understand it like this, this dao seed is the seed of your comprehension of a dao, if you comprehend the dao of the sword! Then this seed will turn into a sword!”

“All that is carried inside is your understanding and attainment of the Dao of the Sword!”

“In the Immortal World, there are also such dao seeds, which should reasonably be similar to this one you have, so you have to be careful!”

“Careful? Cautious?”

Lin Ran was even more confused, why should he be more careful? Could it be that this Dao seed would explode?

“Be careful, because once you choose a path, you can’t change it!”

Qing Zi was busy saying.

“For example, the sword dao, swords are real, it is naturally faster to cultivate them in the early stages, but at the later stages it is very difficult to understand the whole sword dao!”

“Another example is the wind dao, wind is something that can only be felt but not touched, so it is slower to cultivate in the early stages than the sword dao, but it will be relatively faster in the later stages!”

“If it is a more ethereal dao, such as the Dao of Destruction, the Dao of Killing, these are even more ethereal, then it will be difficult to cultivate in the early stages, but the later you get, the faster it will be!”

“In the Immortal World, there are many people who choose to cultivate the Sword Dao in the early stages in order to pursue speed, but at a later stage, they find that they are simply not suitable for it, and want to change their Dao cultivation, that is almost impossible, unless they can find a heaven and earth miraculous treasure that can be used to reverse their Dao seed, otherwise this cultivation path will be considered to be at an end!”

“That terrible?”

Lin Ran frowned as he listened.

Dare I say that picking a dao was so important, if one picked a random dao and found out halfway through cultivation that it wasn’t suitable for them, it would be too late to backtrack.

Thinking about this, Lin Ran finally understood somewhat why the three Wind Elders had not crossed into the Extreme Realm for so many years.

It was too difficult to achieve complete enlightenment of a dao.

“Master, you definitely have to choose this dao seed carefully, but I’ve also discovered that even if a person in your world reaches the Extreme Realm, like a foreign devil! But his understanding of the Dao isn’t actually enough!”

“In other words, it’s like just reaching the limit of your world, but it’s imperfect when placed in the Immortal World!”

Qing Zi added.

Lin Ran nodded at his words.

“It doesn’t matter so much now, the foreign devil has already crossed into the extreme realm so powerfully just by enlightening the Earth’s Dao, I’m afraid that no one in this world will be able to enlighten the Immortal World’s Dao, I’m afraid that if you want to enlighten it, you can only go to the Immortal Realm!”

Lin Ran shook his head, going to the Immortal Realm was not something he had ever thought about, as long as he could defeat the Other Demon, he would be thanking the heavens.

“Kid! Don’t think about it so much, what you need to do now is to find your own Dao, first identify the Dao seed before you can continue to cultivate, otherwise you’ll have no direction for your cultivation down the line!”

Pillow Book reminded.

“Mm!”

Lin Ran nodded.

Finding one’s own dao was easy to say, but it was very difficult to do.

After all, there were millions of paths in the world, and it was rumoured that Nuwa had even enlightened a hundred thousand dao, so of all the dao’s, which one would suit him? I am afraid Lin Ran himself did not even know.

“Searching for one’s own Dao, the Dao is one’s origin, it seems I have to go out for a walk!”

Lin Ran said as he stood up, his eyes looking down at the Coiling Dragon Mountain, his strength had broken through, he would have to search for his own Dao next.

“The peak of the God Creation realm, it’s really something to love and hate at the same time!”

Lin Ran sighed, breaking through to the God Creation Realm naturally made him rejoice, but how he could determine his Dao as soon as possible was something that made him frown again.

“How are you?”

Lin Ran had just stepped out of the seal set by Yu Chang when he saw the four Song Nuan women looking and themselves nervously, while Ling Sa was not here.

“Fine, it went quite well! Where’s Ling Sa?”

Lin Ran asked.

“She went to the back of the mountain!”

Song Nuan said.

Lin Ran nodded at his words.

Ling Sa had set up a clothes grave for her master and other siblings in the back mountain going there almost every day.

Lin Ran, too, understood her feelings and told people not to bother her.

The Stone Gate was broken, it was a big blow to her and I'm afraid it would take a long time to settle down.

"Come on, let's go out for a spin!"

Lin Ran suddenly laughed.

"Go out for a spin to where?"

Song Nuan and the others were all stunned at his words.

"To the place where we used to live, the place where we lived, to reminisce about the old days!"

Lin Ran laughed.

"Good!"

The four of them all nodded at Song Nuan's words, and then left Panglong Mountain with Lin Ran.

Yu Chang and Wolf Ba also followed, for them everything in this outside world was new and curious! They didn't want to miss this opportunity to go on a learning tour either.

As for Leng Zhan and the others, they stayed at Panglong Mountain.

Wang Yifeng set off to find Xiao Cui the day after he returned, which left Leng Zhan and the others with one less little drinking and chatting partner.

.....

The car soon left Panglong Mountain and drove towards Temperance City.

Because it was a break, it was Lin Ran himself who drove.

He didn't actually know where he wanted to go, he just felt that if he wanted to find his Dao, he had to get out and turn around, and it was impossible to find his Dao by staying at Panglong Mountain.

Just like that, Lin Ran drove aimlessly through the streets of Temperance City.

From time to time, he looked out of the window and pondered over his Dao.

Suddenly, a crossroads appeared ahead.

Fang Tang looked at this intersection, but a very strong feeling suddenly appeared in his heart.

That feeling told Lin Ran that he had to turn right!

"Then turn right!"

Lin Ran smiled lightly and followed his heart, turning the car towards the right.

And just as the car turned down the street, he saw two very conspicuous buildings.

One of them was more than twenty storeys long and had a big sign saying “Tamkang Hospital” on it.

On the other side, there was a relatively low building with the same four large signs on it.

“Tamkang University!”

Chapter 1466

“Why are you here?”

Seeing the four words of Temperance University, the four women were all stunned.

Su Rou, in particular, had her pretty face instantly flushed.

Ever since Lin Ran had entered the Fey Demon Realm back then, she had quit her job at school and stayed in Wuzhen with Song Nuan and the others.

After not returning for so many years, and seeing Tamkang University at this time, Su Rou couldn’t help but think about it a little.

She was a teacher before, after all, and this time she was following Lin Ran, so if her classmates knew that she and Lin Ran were together, it would inevitably be a little embarrassing.

“Don’t think about it, it’s not okay for classmates to visit their teachers!”

Song Nuan saw what Su Rou was thinking and said with a smile.

“Mmm!”

Su Rou nodded and stopped thinking about it, she had already thought about this issue since the time she decided to be with Lin Ran.

Although Lin Ran was a student and she was a teacher, but after all, Lin Ran was not her student, besides in teacher-student relationship was not something uncommon, she quickly let it go.

“I want to go around the school!”

Lin Ran suddenly said.

“We’ll go with you!”

Song Nuan laughed.

Immediately, the four women got out of the car and accompanied Lin Ran towards the school.

Soon the group arrived at the entrance of the school.

Looking at the incomparably familiar school entrance in front of him, Lin Ran couldn’t help but feel a flood of memories in his heart.

Back in the beginning, there were many times when he came back at night, the doors of the school had to be locked.

You know, the university locked its doors late every night, almost always after 12pm.

But it was then that Lin Ran almost got locked out every time he came back.

Even later on, because of this, he got to know the gatekeeper, who also knew that it wasn't easy for Lin Ran and would make a point of leaving the door open for him every time.

"At first, it seemed like there was an inexhaustible amount of strength in my body for love!"

Lin Ran laughed helplessly.

Back then, it was for Zhao Yu's sake that he not only helped Zhao Yu with his homework during the weekdays, but he even had to go out part-time at night to earn money; he was so poor at that time that it was very difficult to afford a girlfriend's expenses.

But he didn't complain once when he was having such a hard time, because every time he saw Zhao Yu's smiling face, he felt that it was all worth it.

It was just a pity that in the end, Zhao Yu had left, and in a way that hurt him very much.

"Let's go! Go in and take a look!"

Lin Ran laughed bitterly, things had passed for so many years, and he didn't want to bring it up again.

"Mm!"

Song Nuan knew best what Lin Ran was thinking at this time, she just smiled and gently took Lin Ran's arm without saying anything more.

When they arrived at the campus, Lin Ran unconsciously walked towards the dormitory where he had lived at first.

The dormitory had all been freshly painted and looked beautiful, completely different from when Lin Ran used to live here.

"I think this is where we spent the night on the first day we met!"

Lin Ran said, pointing to the dormitory window.

"Mmm!"

Song Nuan nodded.

"At that time, I don't know where I got the courage to help you out even at the opening ceremony!"

Song Nuan laughed.

Lin Ran was stunned at his words, followed by a laugh.

"Stand out? I seem to remember that at that time, someone posted that it was the school girl who stole the marriage!"

“You still say that! Because of this, my grandfather didn’t say much about me!”

Song Nuan pouted.

The wolf bully at the side smiled but muttered in a small voice.

“The boss is the boss, he’s only known her girl for a day, and he’s brought her back to live with him!”

“Shut up! I’ve heard Fatty Wang say that the boss and the girl are innocent!”

Yu Chang, who was at the side, said.

Lin Ran smiled helplessly at his words and immediately led the crowd to continue walking forward.

Along the way, there were many couples out and about, looking at Lin Ran with a bitter smile on his face as he made his way around the entire university without stopping.

He realised at this point that his memories of Temperance University were all about Zhao Yu.

“It’s also true that I studied at Tamkang University for four years and knew Zhao Yu for three years, except for studying, it was all about her!”

“When I was about to graduate, she dumped me, it’s really sad to think that all my university memories were actually given to me by her!”

Lin Ran said to himself with a bitter smile.

“That’s not bad at all! At least there’s a memory, to say miserable I’m the most miserable, okay, classmates for three years, I can’t believe I didn’t meet you until the last day!”

Song Nuan laughed bitterly.

Lin Ran couldn’t help but be all smiles too.

Lin Ran’s teacher during college was none other than Song Nuan’s grandfather, and they had both heard of each other, but had never met.

Finding Zhao Yu opening up and dumping Lin Ran, they began their reunion at the hospital.

“I want to go to the city village!”

Standing in front of the school, Lin Ran suddenly spoke.

“The place where you used to live?”

Song Nuan asked with a smile.

“Mmm!”

Lin Ran nodded his head.

“Then you must hurry up, yesterday I heard father say that the renovation of that urban village was already going to start, and construction should already be underway in the next few days!”

Song Nuan said busily.

“Yeah!”

Lin Ran nodded, and immediately drove over with the crowd.

When they arrived at the entrance of the urban village, the construction had really started and the cars couldn't get in at all.

However, Lin Ran saw that the building he had lived in at the beginning had not yet been demolished, and the electronic screen on it still looked very conspicuous.

“You guys wait for me here, I'll be back as soon as I go!”

Lin Ran laughed, and with a flash of his figure, he had already disappeared in the next moment.

The four women of Song Nuan laughed without saying anything.

On the contrary, Wolf Ba at the side had shock in his eyes as he watched.

“How strong must this be!”

“How strong? I'm afraid I can't even beat him now!”

Yu Chang said to himself, but there was a light in his eyes.

“No wonder Daoist Khongkong asked me to follow him, this kid really has extraordinary natural talent!”

.....

But Lin Ran, at this moment, he had already appeared at the entrance of the self-built house where he was living.

Lin Ran made his way up the stairs and soon reached the floor where he lived at that time.

The whole building had not changed at all, and was still cluttered enough to make it difficult for people to get down.

But this was the place that had been his home since he had left the campus.

Although I had only lived here for a few days in total combined, this was the place where I had started after leaving school.

“Hey hey, hurry up guys, we won't be able to finish moving the stuff if we don't!”

Just as Lin Ran was lost in thought, a familiar and unfamiliar voice suddenly came over.

Following this, Lin Ran saw a youthful figure walking over.

“You are?”

Looking at Lin Ran, the youth frowned for a moment and surprisingly did not remember who Lin Ran was.

“The original tenant, I didn't expect you to be there!”

Chase was stunned and instantly became present.

“Ooooooh, I remember, Lin Ran! What are you doing here? This house isn’t rented anymore, it’s going to be demolished tomorrow!”

Chase laughed.

He was the very same tenant who had rented the house to Lin Ran in the first place.

Lin Ran remembered him clearly, because back then he had said that he didn’t have a job, lived off the rent and played games at home when he had nothing better to do, a life that Lin Ran had really envied for a long time.

“I remember now, you’re not here to rent an apartment, you’re here to find someone!”

Chase laughed, and whirled around and shouted behind him.

“Liu Wenlong! Liu Wenjuan, look who’s here!”

Chapter 1467

The words fell, at once two figures came out of the rental house, if not Liu Wenjuan and Liu Wenlong or who.

“Lin Lin Ran!”

Seeing Lin Ran, Liu Wenjuan immediately froze.

On the side, Liu Wenlong also looked stunned.

“Brother Lin Ran?”

“Why are you still living here?”

Lin Ran was also stunned, he had been away for four or five years, so how come the two siblings were still living here.

One should know that Liu Wenjuan had been working at Lin Ran and Qin Bing’s clinic after she had left Temperance Hospital back then.

Lin Ran had not been stingy back then, paying them a salary that was definitely way higher than at the hospital.

Even later, at the plea of President Yang, Lin Ran co-operated the clinic with the hospital and Qin Bing returned to Tamkang Hospital with his people.

When Liu Wenjuan and others who followed him at the beginning went back, their salaries also went up a lot, and they should have no problem buying a house after all these years.

But they are

“My brother said that this place has changed the trajectory of his life, so he can’t leave!”

Liu Wenjuan laughed.

“That’s right! If it wasn’t for brother Lin Ran who cured me at the beginning, I’m afraid that by now I would have”

Liu Wenlong said, choking a little at one point.

At this moment, he looked handsome and handsome, no longer the gangster he was back then, clearly reformed.

“Lin Ran, are you free tonight? I’ll treat you to dinner!”

Liu Wenjuan suddenly said.

“Yes, yes this meal must be invited!”

Liu Wenlong also said.

Lin Ran smiled and said.

“I’ve been free lately, but I’m going to go to the hospital later! After all, it’s been a long time since I’ve been back!”

“Good! We’ll go as well as soon as we’ve packed up our things!”

Liu Wenjuan laughed, in fact, she was still working at the Temperance Hospital now, she had just been promoted to sit as the head nurse.

“Good!”

Lin Ran laughed, and then left after exchanging a few more pleasantries with the group.

This urban village carried not only Lin Ran’s memories, but also the memories of both Liu Wenjuan’s siblings at the same time.

And it was all because of the medical heritage they had received in the first place.

“A wonderful destiny!”

Lin Ran smiled, his figure already leaving the place.

A few moments later, outside the city village.

“Let’s go, let’s go to Temperance Hospital! I haven’t been back for so many years, and I don’t know if I, the honorary expert, am still in the establishment!”

Lin Ran laughed.

“Naturally it’s there, the contributions you’ve made to Temperance Hospital have even been written into the hospital’s history books!”

Qin Bing, who was on the side, laughed.

“And what about you?”

Lin Ran suddenly asked rhetorically.

“I definitely can’t compare to you, you are an honorary expert of the hospital, while I am just a small technical consultant!”

Qin Bing laughed.

“You!”

Lin Ran laughed and didn’t know what to say instead.

Qin Bing had studied the entire Xuan Yin Pill Canon, and her level of medical skill was no worse than her own, to really say that there was a gap, it was only that Qin Bing did not cultivate, that was all.

An honorary expert was simply a matter of words for her, it was just that Lin Ran knew her nature and was not the kind of person who liked false names.

As the crowd spoke, the car had already started and was driving towards the Temperance Hospital.

What Lin Ran didn’t expect was that he had just arrived at the entrance of the hospital, but Liu Wenjuan was already waiting at the entrance.

“Why are you so fast?”

Lin Ran asked in wonder.

Liu Wenjuan gave a heated smile and said.

“Because there’s a path, I came on an electric bike, so I’m sure it’s faster than you guys!”

“Director Qin, long time no see!”

Liu Wenjuan greeted Qin Bing with a smile.

“I’ve already left my job, and I’m still Director Qin!”

Qin Bing laughed.

“Leaving is also Director Qin, people in your Western Medicine Department have always treated you as if you hadn’t left, and even several directors who came later were very curious about you!”

Liu Wenjuan laughed.

“Then I’ll have to be careful later, in case they find out, won’t they have to surround me!”

Qin Bing laughed.

“Alright, go in and take a look!”

Lin Ran laughed, while taking the lead and walking in.

Having not returned for four or five years, after asking once about the smell of the disinfectant water at Temperance Hospital, Lin Ran and Qin Bing and the others actually felt a surge of affection.

Inside the hospital, it was still busy.

Patients and busy doctors walked through the hospital.

Lin Ran slowly walked upstairs towards the Chinese medicine department.

From a long distance, he saw the office of the head of the Chinese medicine department.

Only when he saw the sign hanging above it, he couldn't help but be stunned.

"Head of Chinese Medicine Department: Li Zheng"

"Li Zheng, look who's here!"

Liu Wenjuan laughed.

Followed by the voice of a young man from inside.

"Who is it, I'm getting busy, wait for Yang"

The youth said and walked out, but when he saw Lin Ran standing in the doorway, he froze.

"Boss! You're finally back! I'm saved there's help!"

Li Zheng was so excited that he actually jumped into Lin Ran's arms.

"Come on! If people see us, they'll think we have that kind of relationship!"

Lin Ran said without good humour.

"Hey, I'm too excited, too excited!"

Li Zheng laughed awkwardly.

"Sister Qin! You're back too!"

When he saw Qin Bing, Li Zheng became even more excited.

"Stop, don't hug me, or you'll be a hooligan!"

Qin Bing said busily.

Li Zheng heatedly smiled and said.

"How dare I, I'm afraid the boss will hit me!"

"Alright, look at how hard you looked just now, what did you run into?"

Lin Ran asked with a smile.

"Boss, you came back just in time, just now I received a call from Dean Yang, saying that the hospital had sent a patient, a difficult and complicated disease, I had understood it before, I couldn't find out the cause of the disease at all!"

Li Zheng said busily.

"O?"

Lin Ran smiled and Qin Bing looked at each other with a smile in their eyes.

It was true that they hadn't seen anyone else for a long time either.

"Didn't Dean Yang retire?"

Qin Bing suddenly asked at the side.

"Yes, he has retired, but there are times when he can't come back, he has to sit in on such difficult cases, otherwise we alone won't have enough!"

Li Zheng said.

"Let's go and have a look!"

Lin Ran laughed.

"Good!"

Li Zheng smiled and immediately led the way.

The group of people soon arrived at the entrance of the consultation room, but at that moment, a voice came from afar.

"Li Zheng, what are you doing? Why are you bringing so many unrelated people here? Do you know that this is a consultation room!"

The crowd looked at him and found that the speaker was a young man, quite handsome, but with an untamed look between his eyebrows.

I guess this person should be from an extraordinary background, so he was born with an arrogance.

"Yo! Isn't this the celebrity from the Western Medicine Section of the Imperial Capital, the current master of the Western Medicine Section, Ximen Qing!"

Li Zheng yin and yang to, but is amused the crowd can not help but all laugh.

"Li Zheng you give me serious, shout who Simon Qing it, my name is Simon no Qing!"

The youth said with an ugly face.

"Yes, yes! You don't have a Qing!"

Li Zheng laughed.

"Cut the crap with me, hurry up and get these people to leave, Dean Yang is holding a consultation inside, if he sees you, you will not be able to get away with it!"

Ximen said in a cold voice.

Li Zheng smiled at his words but laughed.

"Director Xi, you've been here for a while, don't you know who the most famous director of your Western Medicine Department is? Ah?"

"You mean that Qin Bing? Sorry I don't know!"

Simon had disdain on his face.

Chapter 1468

“Don’t know each other! That’s okay, I can introduce you to each other, how about that? Would you like to meet this senior of yours!”

Li Zheng laughed.

Senior?

Qin Bing almost didn’t give Li Zheng a kick when she heard that, senior shouted as if she was very old.

“Not interested! The wave after the Yangtze River pushes the wave before it, coming early does not necessarily prove high medical skills, wait for two years, my reputation in the Western Medicine Department will definitely be bigger than hers! By then, everyone will only know me, Ximen, and no one will know her, Qin Bing!”

Simon said disdainfully.

“Young man, it’s good to have drive, but you also have to learn well with your feet on the ground! Do your job well!”

Lin Ran looked at him and said blandly.

“And who are you? Talking to me with that tone! Are you worthy?”

Simon glanced at Lin Ran with disdain in his eyes.

“You know him”

Li Zheng was just about to explain.

Instead, Lin Ran raised his hand and patted his shoulder, laughing.

“Much ado about everything is too much, let’s go in!”

“Good!”

Li Zheng nodded, and immediately led Lin Ran and the others into the consultation room.

“Who told you guys to go in! Li Zheng you’re making trouble! They aren’t even from the hospital, what qualifications do they have to enter the consultation room!”

Simon shouted busily, while also chasing them in.

As soon as the people entered the consultation room, the entire consultation room was instantly silent.

At the same time Simon saw that Dean Yang, who was sitting in the main seat, was looking in the direction of himself and the others, his face stiff.

“Dean Yang, I can’t stop them! Li Zheng had to bring them in, I’ll get the security guards to blast them out of this group of irrelevant people!”

Simon said busily.

“Get out!”

Dean Yang, however, suddenly spoke up.

Simon was delighted when he heard that, with Dean Yang backing him up, he was instantly emboldened.

“Did you hear that, Dean Yang told you to go out, don’t blame me for not being polite if you don’t go out again!”

Simon said as he took out his mobile phone and was about to shout at the security guards.

However, in the face of Simon’s threat, Lin Ran was always tackling a faint smile on his face.

“I am telling you to get out!”

Suddenly, Dean Yang spoke up and chided, while looking at Simon.

Simon was stunned and was instantly baffled.

“Dean Yang you’re mistaken, I’m the director of the Western Medicine Department, I’m here for this consultation too, you should bombard these irrelevant people!”

“Irrelevant people? If they’re irrelevant people, then you’re the one who doesn’t want to keep doing it!”

Dean Yang said angrily.

“Huh? What did you say? I’m all dumbfounded!”

Simon said blankly.

“Shut up, what Dean Yang means is that you can leave anytime if you don’t want to do it anymore!”

Li Zheng, who was at the side, spoke up.

“You!”

Simon was instantly furious.

“Simon! Listen to me carefully, a doctor from the imperial capital and a highly talented graduate from the imperial capital university, I understand that you have arrogance, but you are not qualified to erase the merits left behind by the hospital’s predecessors, at least not the one you have now!”

Dean Yang stood up and scolded Simon.

“Don’t think I don’t know that you told the crowd in the Western Medicine Department not to mention the word Qin Bing anymore, medical ethics rely on your level of conquest, not your right!”

“Dean me!”

Simon was stunned, indeed he had said something like that, he was from the imperial capital and a graduate from a prestigious university, he wanted to do something.

But what he heard most every day in the Western Medicine Department was about Director Qin Bing, making him feel that this Qin Bing was like a big mountain standing in his way, unable to cross.

That was why he asked the crowd not to mention Qin Bing anymore.

“I know what you have in mind, but look at Li Zheng in front of you, the mountain he faced when he first took over the Chinese medicine department was even bigger than yours, if you had to be called a mountain, then what he faced was a cliff! But didn’t he still pull through!”

“It’s not just the art of medicine you have to learn, it’s also the ethics of medicine! The truth of being a human being!”

Dean Yang said at length.

“Stand at the door and watch me! This lesson will make you understand! Why people in the Western Medicine Department respect Qin Bing, and why Temperance Hospital will always have an honorary expert called Lin Ran!”

“Yes!”

Simon gritted his teeth and finally conceded.

He stood in the doorway, not saying a word as he watched quietly.

He would like to see what connection he had between being taught and these few people in front of him who had no connection to even the hospital.

The thought really crossed his mind when suddenly Lin Ran in front of him spoke up.

“Dean Yang really is as powerful as ever!”

“This kid is a fool, right, daring to talk to Dean Yang like that? Even if they know each other, this is too much of a death wish!”

Simon sneered in his heart, and he even moved to the side, in his opinion, soon this young man would have to come and stand by himself too.

However, who knew that the next sentence from Dean Yang would cause him to freeze in his ears.

“You kid, you haven’t come back for four or five years, you want to scare old me to death!”

“Who is this kid, Dean Yang is actually chatting with him like this!”

Looking at Dean Yang’s very different attitude from his usual seriousness, Simon’s heart became even more puzzled as to who this youth in front of him really was.

“I’m not back yet, I hope it’s not too late!”

Lin Ran laughed.

“Not too late, not too late! I’m just angry that even if you brat left on your own, you still abducted my right-hand man Qin Bing too!”

Dean Yang laughed.

“What are you talking about, Dean Yang, what do you mean abducted! I volunteered!”

Qin Bing, who was beside her, blushed and said in shame.

“Huh?”

Simon at the door froze at the sight.

“She She’s actually Qin Bing?”

Simon looked shocked in his heart because this Qin Bing in front of him was too beautiful looking.

“Humph! What’s the use of just being pretty, you still have to bring out your medical skills!”

“All right, I’m relieved to see you guys back!”

Dean Yang laughed.

“Lin Ran, you’ve come back at the right time, there’s a patient in the hospital, he’s been in a coma for three days, and we haven’t found out his condition yet! Will you go and take a look?”

“Lin Ran? That kid is actually Lin Ran?”

Ximenka was even more shocked at the sight.

When he first came to Tamagawa Hospital, he knew that there was a young honorary specialist named Lin Ran, and he was an arrogant person who once thought that this Lin Ran was probably a connected person at the hospital.

One day he would have to replace Lin Ran and become a veritable expert at Tamkang Hospital, but now that he had actually met him in person, he felt the difference between himself and the other side.

Although the other party did not show his medical skills, just standing there was like a big mountain, suffocating people and making them feel difficult to cross.

“What kind of skills does he have?”

Simon had doubts in his heart, and at this moment he found himself actually curious about Lin Ran and Qin Bing in front of him.

But Lin Ran, with a bland smile, said.

“Let’s go! Go and have a look, I haven’t seen a doctor for so many years, so I hope this skill of seeing a doctor hasn’t diminished!”

“You’re kidding, if you’re not even good at medicine, then wouldn’t all of us be quacks!”

Dean Yang laughed, while leading Lin Ran and the others then towards the guardianship room on the side.

Seeing this scene, Ximen gritted his teeth and instantly followed suit.

Chapter 1469

A few moments later, in the custody room.

A group of expert directors from Tamagawa City were gathered together.

At this moment, they were all frowning at the patient on the hospital bed, as if they were frostbitten aubergines.

“Lin Ran, I’m not going to hide it from you, this patient has been here for three days and there is nothing we can do!”

Dean Yang said.

Lin Ran nodded at his words and had curiosity in his heart.

At the beginning, he had given Dean Yang a copy of the Xuan Yang Pharmacopoeia, although many of the means on it that could only be performed after cultivation had been erased by him.

However, the remaining parts were enough to treat the vast majority of illnesses, but this patient in front of him was one that had left Dean Yang helpless, and Lin Ran couldn’t help but be curious as to what was going on with this patient.

“You’ll try?”

Lin Ran suddenly turned his head to look at Qin Bing.

“Mm!”

Qin Bing nodded and without any pretense whirled around and walked up to check it out.

At this time, Simon also arrived at the door and saw that Qin Bing was examining a patient and had curiosity in his heart.

“We have consulted many times on this disease, but we don’t even know what the cause is, so it’s almost impossible to get the patient to attribute it! I’m afraid you are the only ones who can cure this disease!”

Dean Yang sighed.

While she was talking, Qin Bing had already walked back from the hospital bed, her brow furrowed as she didn’t know what she was thinking.

“How is it?”

Dean Yang asked busily.

“His illness is indeed very strange, in my opinion it should be poisoning!”

Qin Bing said.

“Poisoned?”

Dean Yang frowned slightly at his words.

On one side, Simon, however, was busy speaking.

“Bullshit, poisoning? If the patient was poisoned, why wasn’t there any poison on his body at all, even I purposely tested the patient’s blood in the first place, and no signs of poisoning were detected at all!”

“The legendary director of the Western Medicine Department, is this the only medical skill Qin Bing has?”

“Shut up!”

Dean Yang’s face was ugly as he opened his mouth to scold.

“Qin Bing could at least tell that it was poisoning, can you tell?”

“Me!”

Ximen was speechless at once.

But he was so unconvinced in his heart that he thought for a moment and spoke.

“She said it was poisoning is poisoning ah, I also said the patient is fine, no evidence of the heart mouth who will not!”

“You say it’s poisoning, who can prove it!”

Simon said disdainfully.

“Let me try!”

On one side, Lin Ran, who had not spoken, suddenly spoke up.

“You?”

Simon looked at Fang Tang, his eyes slightly narrowed.

“Just you too”

“You shut up!”

Simon just wanted to speak, but he was disliked by Dean Yang’s words.

“Me! Humph, I’d like to see how he can prove it!”

Simon snorted coldly.

Even the blood test he had done himself couldn’t check it out, how could he, a Lin Ran, be able to do so.

With that in mind, Ximen returned to his position, not saying a word as he watched how Lin Ran went about his tests.

From the moment he entered the ward, Lin Ran had never given him a single glance, which made him feel very unhappy.

Lin Ran naturally did not know what he was thinking, and in fact Lin Ran did not give him much thought at all.

Lin Ran had come out this time to find his own path, so naturally he would not take such a passing person in his life too seriously.

When he arrived at the hospital bed, Lin Ran found that the person lying on the bed was an old man who was nearly eighty years old.

The old man's hair was white and his eyebrows had a heroic aura, so he thought he should be someone with some stories.

"The patient's information speaks!"

Lin Ran did not make a move, instead, he opened his mouth and asked.

"I'll tell you, the patient's name is Zhu Gui, he's a farming man from the countryside, he's been childless all his life and had an old partner who passed away many years ago! There are no other genetic cases, that's all!"

Ximen looked at Lin Ran and said.

Lin Ran turned his head to look at him for the first time at his words, with a smile in his eyes.

"Very good! It seems you've done your homework well!"

"That's natural!"

Ximen said smugly.

Lin Ran smiled lightly as he turned his head to look at the old man, and a doubt soon emerged.

According to what Simon had said, this old man should be an authentic farmer's man.

However, Lin Ran saw something else between his eyebrows.

This old man said he was a peasant man,? But his skin was not dark, and his palms did not have the calluses worn out by crop farmers.

Moreover, the most crucial thing was that he had a heroic aura between his eyebrows.

This was not an ordinary person, and Lin Ran had seen this kind of person more often.

That was a cultivator!

Raising his hand, Lin Ran instantly poured his true qi into the other party's body.

Immediately, he felt a faint wisp of true qi swimming around in the other party's body.

"Sure enough!"

Lin Ran verified his thoughts.

"This old man should have met something that made him choose to go to the countryside to live in seclusion, and he had never married or had children in his life!"

Lin Ran probably had a judgement on the old man's origin.

Lin Ran's true qi continued to travel along the weak true qi in the old man's body, and he soon discovered that something was not right.

When the flow of true qi reached the old man's waist, it suddenly came to a halt.

Then there was actually a portion of the True Qi attached to a white light ball in front of him.

This white light ball was not conspicuous, and since it was true qi infusion, it would not be discovered at all during the physical examination.

"What's wrapped up inside this?"

Lin Ran had a feeling in his heart that the cause of this old man's illness was likely to be within this white light mass.

With a thought, an instant stream of Lin Ran's true qi squeezed in towards the light mass.

The light mass quickly reacted, pushing Lin Ran's true qi outwards.

However, his power was too weak and very feeble, and he was no match for Lin Ran.

Soon Lin Ran's divine sense followed the true qi and entered within that light mass.

"Hm?"

Suddenly, Lin Ran froze in his tracks.

In front of his eyes, there was actually a red and white liquid constantly mingling within that light mass.

"Red Cold Poison!"

This name instantly popped up in Lin Ran's mind.

The first time Lin Ran had seen this poison was when it was on Ling Sa.

He had managed to get a living wood at first, and transferred the poison in Ling Sa's body, which completely cured it.

Later, he found another case in someone else's body, and counting this old man's, the total number of cases added up to three.

The pillow book had said that this Red Cold Poison was so strange that the person who administered it could easily control its outbreak and take a person's head from a distance of ten thousand miles.

Originally, Lin Ran thought that the other party only had some kind of grudge against Ling Sa, but now it seemed that the other party did not only have a grudge against one person or even probably planted this poison on many people.

"Who exactly is the other party and why did they plant the Red Cold Poison on so many people?"

Lin Ran was puzzled in his heart.

Moreover, he had also discovered a problem, and that was whether this Red Cold Poison was only for cultivators or even for ordinary people?

The three cases he had found were all cultivators, but he could not rule out the possibility that there were no ordinary people who had also grown this poison.

Thinking of this, Lin Ran's heart felt chilled, if the other party had planted this poison on tens of thousands of people, wouldn't tens of thousands of people die instantly with a single thought from him?

Chapter 1470

Just thinking about it made Lin Ran feel shuddering.

Fortunately! Fortunately, it had been five or six years since he had seen this poison, but it had never broken out.

The current Lin Ran could only hope that the people who planted this poison had all died.

Moreover, based on the age of the old man in front of him and the time of the light mass in his body, it was deduced that the poisoning had been there for more than fifty years at least, which meant that he had been poisoned at least fifty years ago.

And Lin Ran was only twenty-six years old this year, which meant that the earliest, and twenty-six years ago, the person who had been poisoned was still alive, but it hadn't broken out for twenty-six years, so maybe the other party hadn't achieved what they wanted.

The more Lin Ran thought about it, the harder his face looked, this problem was not big, but not small either, it all depended on what the person who had poisoned her was up to.

"What's the matter? You look as ugly as a fly, is there nothing you can do about it! Honorary expert!"

Ximen looked at Lin Ran with disdain in his eyes.

"I told you to shut up, don't you understand?"

Dean Yang looked at Simon, and immediately scared him into shrinking his neck and not speaking.

However, the gaze that looked at Lin Ran was with provocation.

"You guys should go out first!"

Lin Ran suddenly spoke.

The other doctors didn't hesitate at his words and immediately turned their heads and left.

Dean Yang also knew that I was afraid that what was to come was not something they could watch.

Instead, it was Simon who was chattering on the side towards non-stop.

Dean Yang was just about to twist him out, but Lin Ran suddenly spoke.

"Let him stay!"

"Ah?"

Dean Yang was stunned, and seeing that Fang Tang wasn't joking, he only nodded his head.

"What? Leaving me behind is an attempt to kill and silence me?"

Ximen looked at Lin Ran with disdain in his eyes.

“I’m not that idle! Wolf Ba hold him down, don’t let him move around!”

Lin Ran said indifferently.

“Alright!”

Wolf Ba greeted him, and immediately went forward to trap Simon with his arms.

How sturdy Wolf Ba was, with this trapping, Simon couldn’t even move.

“Lin Ran I’m telling you, this is a hospital, what do you want! If you dare to do anything to the patients, I, Simon, will not let you go!”

Simon said angrily.

“What are you doing?”

Qin Bing also came over at this point, a little puzzled.

“He has good qualifications, he can become something great in the future, but unfortunately his character is too arrogant and unruly, I want to teach him a lesson!”

Lin Ran said with a smile.

“I’m unruly and untamed? And you’re giving me a lesson? Who are you?”

Simon sniffed disdainfully.

However, the next moment, when a ray of white light appeared out of thin air on Lin Ran’s palm, Simon’s entire body froze.

“What’s that?”

There was shock in Simon’s eyes, only to see that the wisp of white light was as if it was Lin Ran’s arm, instantly wrapping up the old man on the hospital bed.

“You!”

Simon’s mouth grew as he looked, unable to say a single word.

And at that moment, the old man lying on the hospital bed was already enveloped in white light all over.

“Arise!”

With Lin Ran’s shout, at once the old man’s body actually floated up out of thin air, and then actually did a flip in mid-air, suddenly face down and back up.

“Do you know why you can’t see this illness of his?”

Lin Ran suddenly turned his head to look at Qin Bing.

“Why?”

Qin Bing asked suspiciously, she was actually curious to know.

“It was thought that what he was suffering from was a strange poison, you didn’t cultivate it, so you couldn’t detect it!”

Lin Ran said.

“Ao!”

Qin Bing smiled at that, but she didn’t mind, she wasn’t really interested in such things as cultivation anyway, and with Fang Tang around, she really wasn’t in a hurry to cultivate either.

“Cultivation?”

Ximen listened with a dumbfounded expression, completely unaware of what was going on.

Lin Ran didn’t deliberately say anything either, turning his head to continue treating the old man.

With a flip of his palm, a living wood appeared in his hand, during his time in the Sky Wolf Domain as well as the Fey Demon Domain, Lin Ran had searched for an unknown number of such exotic treasures, and naturally, he was not short of this one.

“Out!”

With, a shout, at once, a white glow actually floated out from the back of the old man’s waist.

Lin Ran was quick with his eyes and directly threw the living wood over.

Instantly that ball of white light wrapped the living wood in as well.

However, the living wood was very long and the part that was exposed to the outside soon changed.

Simon clearly saw that half of the living wood had actually appeared frozen and half of it was burned to ashes.

“This This!”

Simon’s entire worldview was about to collapse!

Lin Ran waved his hand, and soon the living wood landed on the old man’s chest, and then the old man slowly landed on the hospital bed.

“Where is this still!”

As soon as the old man landed, he came to his senses, except that he was a little weak, and with his age his face was obviously a little unpleasant.

“It was you who helped me?”

The old man suddenly looked at Lin Ran next to him, although he was unconscious, his divine sense was not, and he clearly sensed that it was the aura from Lin Ran that had just helped him.

“What you have in your hand is living wood, go back and find a place to bury it, from now on that poison will have nothing to do with you!”

Lin Ran looked at the old man and said indifferently.

“Thank you! Thank you!”

There were tears of excitement in the old man’s eyes as he rushed to salute Lin Ran, who took a step forward to stop him.

“There is no need to do so, go back and rest well!”

Lin Ran said, and then turned around and left the place.

Just as he passed by Ximen, he said.

“Follow Dean Yang well, and when he approves of you in the future, you go to a man called Master Yu in a shop on the outskirts of the city!”

After saying that, Lin Ran left the guardianship room.

This Ximen’s character was indeed unruly, but through his investigation and understanding of the old man’s situation, Lin Ran could tell that this Ximen really liked medicine.

And worked hard, which was something he valued.

His ancestor had once explained that he wanted Lin Ran to practise medicine in the world, and this was a good fate to leave behind. As to whether he could achieve a legend in the future, that would only depend on Ximen himself.

The road had been paved, it was up to him to decide how he would go and how far he could go.

Leaving the guardianship room, the old man soon left.

And as they watched the old man leave, the eyes of the other group of doctors and nurses were tinged with shock.

The old man had been brought in for three days and they hadn’t been able to keep an eye on him.

But Lin Ran only used a few minutes, and the old man was discharged from the hospital. This tactic was really something that no ordinary person could do.

“Simon what happened to him?”

Looking at Simon, who had a dull expression as he was being racked by Wolf Bastard at the side, Dean Yang asked with a smile after all.

“Stimulated!”

Qin Bing laughed from the side.

“Send him back to rest, Lin Ran go! I’ll walk you around!”

Dean Yang laughed.

Lin Ran nodded and smiled as he and Dean Yang wandered around the hospital.

Temperance Hospital was still pretty much the same as it was together, and with Dean Yang accompanying him, Lin Ran saw the busy scene of the hospital.

Soon they were transferred to the emergency department.

Upon arriving at the emergency department, Lin Ran froze in his tracks.

Only to see that within the emergency department, numerous patients were actually lined up, each with anxious and tired faces.

This scene made his heart stir as he watched, and he could not help but recall the scene when he had just arrived at the Temperance Hospital to sit in the clinic.

And it was at this moment that a quote from his ancestor once rang out in Lin Ran's mind.

"Do not forget the heart of a healer! Do not disgrace my name!"
