Chapter 1481

“My boyfriend asked me to go to Temagami City just to look for someone named Lin Ran! Is that you?”

Xiao Cui asked busily.

“Yes!”

Lin Ran nodded his head, and then looked at Feng Qianli.

“You go, I’ll take her back!”

Feng Qianli sniffed and looked at Lin Ran two more times, and didn’t say anything else, then he left with an arch of his hand.

“Where is Wang Yifeng?”

Lin Ran turned his head to look at Xiao Cui, he found that the elimination was quite pretty, no wonder he could charm that fatty to yell for Xiao Cui every time he came back.

This dead fatty usually big-hearted what do not care, but at least this aesthetic has not run off.

“I don’t know!”

Xiao Cui said, with a strong worry on her face.

“Don’t worry I’ll find him!”

Lin Ran said indifferently.

A moment later, Lin Ran turned his head to the side, and it didn’t take long for Ling Sa to come over.

“Killed them all?”

Lin Ran asked.

“Killed them all!”

Ling Sa said with an expressionless face.

“Ai!”

Lin Ran sighed helplessly and said.

“Injustice has its owner, kill too many you will go off the deep end!”

Lin Ran smiled and bit her lips, did not speak.

On the side of Xiao Cui but covered her mouth, killed so many people, for her is definitely enough shock.

“The address is asked out!”

Suddenly Ling Sa spoke up.

“Let’s go!”

Lin Ran did not say much, and immediately together with Ling Sa, took Xiao Cui and rushed towards the fishing village again.

.....

The fishing village was adjacent to the Refining Fire Domain, and because of the cooperation between the Dragon Family and the Mysterious Alliance, there were people from the Dragon Family stationed here as well.

And this Long Qian is the brother of one of the Dragon Family generals.

The reason why he is the brother of this general is that there is a great origin, so let’s not talk about it here.

At this time in the fishing village next to an ordinary home, inside is a different world.

The outside of the house looks very ordinary, but the inside is exceptionally luxuriously decorated.

And at this time in the basement of the house, a young man is holding a whip in his hand, constantly beating in front of a young man.

If Lin Ran was here, he would have recognized that this youth was none other than Wang Yifeng.

“Come on! You little turtle grandson continue to come and beat your fat master! What? What? You don’t have the strength? Your fat master my skin is not even broken!”

Wang Yifeng looked at the youth in front of him with disdain and coldness in his eyes.

“I pooh!”

Long Qian spat out a mouthful of spittle, with anger in his eyes.

“Someone! Switch to fight for me!”

“Yes!”

Someone immediately rushed up next to him and picked up the leather whip to continue the beating.

However, Wang Yifeng’s gaze was cold, staring deadly at Long Qian in front of him, not even shouting.

“What a fucking pig, this skin is really fucking hard!”

Long Qian lit up a cigarette by himself and smoked it.

“Young master, his strength is after all too much stronger than you, or we call the commander over?”

Next to a henchman out of attention to.

“Put your mother’s ass!”

Long Qian said in a bad mood.

“My cousin is the Commander of the Fire Refining Domain, damn it now the Fire Refining Domain war is so serious, if he is free to come, I still need you to ask?”

“Yes, yes, young master said yes!”

The henchman nodded his head to make amends.

“How’s the eight-letter beard? Did you catch up with him?”

Long Qian smoked a cigarette and asked casually.

“No news yet, but half an hour ago, Eight Character Hu said he had found Feng Qianli’s trail, so he should be able to catch up soon!”

The man next to him was busy saying.

“Hmm! That’s more or less the same!”

Long Qian nodded in satisfaction, ringing Xiao Cui his whole eyes couldn’t help but keep.

“This place can actually meet such a positive pussy, really God help me Long Qian!”

There is smugness in the eyes, Long Qian will cigarette butt thrown to, immediately took the leather whip in the hands of his men, towards Wang Yifeng body and greeted the past.

“You fat bastard, this skin is really hard, but later my men will bring your girlfriend, I do not know if your skin is still hard!”

Long Qian had a cold smile in his eyes.

Wang Yifeng, who was originally calm, heard these words and immediately said angrily.

“If you dare to touch a hair on her head, I won’t spare you even if I’m a fucking ghost!”

“Haha! Incompetent roar? Now who is being hung up and beaten by Laozi!”

Long Qian had a cold smile in his eyes and said.

“And move a hair, I tell you the truth, my men have found the wind Qianli trace, your little Cui sooner or later is Laozi’s man!”

“When the time comes, not to mention a sweat hair, Laozi brought her to you to bully, do you believe it or not!”

“You’re fucking looking for death!”

Wang Yifeng had anger in his eyes, and stood up from the ground.

Unfortunately, at this time, his entire body is tied by chains, the body’s true qi is blocked by poison, at this time he has no resistance at all.

“Yoyo, scare me?”

Long Qian had a cold smile in his eyes and said.

“You say if I blind your eyes, turn around when I and your girlfriend cool, you will not see more clearly ah!

Long Qian said a flip of the palm, then a cold light dagger appeared out of thin air.

This dagger has a curvature in the front section, which seems to be specially designed to dig the eyes.

“If you can, you can fucking kill me! Or you don’t want to fucking live either!”

Wang Yifeng had an icy coldness in his eyes.

“It’s fucking time, who are you scaring?”

Long Qian had disdain in his eyes.

“Don’t think I don’t know, you are what Temperance City Lin Ran’s brother, but you think it’s useful, the war when really he can survive on his own is a problem, and expect him to help you?”

“And don’t you forget, our Long family is not easy to mess with, that what bullshit Lin Ran if you dare to provoke Laozi, believe it or not Laozi get him dead in a minute!”

“Bang!”

Long Qian’s words just fell.

At once a huge muffled sound came, and the passage to the ground was instantly kicked open from the outside.

At the same time, a voice floated in blandly.

“I’m coming, let me see how you get me killed!”

“You?”

Long Qian frowned slightly, busy looking at the basement entrance.

After the smoke and dust cleared, only to see that at the entrance, there were actually three figures.

These three figures, two of which he was very familiar with.

It was Xiao Cui and Lin Ran, the only other woman he did not know.

Xiao Cui naturally needless to say, if it were not for Xiao Cui, he would not have been able to make a grudge with Wang Yifeng.

As for Lin Ran, that is almost every Long family members know the existence of Lin Ran and the Long family’s grudge has not been a day or two.

Long Qian, as a member of the Long family and with a very special identity, so he could be said to be very familiar with Lin Ran’s appearance.

“Lin Lin Ran!”

Recognizing Lin Ran, Long Qian’s face instantly changed and he was busy holding the cold dagger in his hand to use Wang Yi life as a hostage.

However, the moment he held the palm of the dagger just lifted.

In front of Lin Ran was a cold flash, and instantly a stream of light had cut through his arm.

“Ka-chow!”

Without any nonsense, the moment the cold light flashed, Long Qian’s arm broke in response to the sound, and blood even spurting out instantly.

“Ranzi! You daddy, didn’t come earlier!”

Seeing Lin Ran next to Xiao Cui, Wang Yi life at this time hanging heart finally let down.

Lin Ran smiled lightly and rushed to the side of the lingzhi said.

“Do it, injustice has a head, try to kill less!”

Ling Sa smiled did not answer, just a cold gaze towards Long Qian on step by step.

Chapter 1482

Subsequent to the whole of Long Qian is sitting on the ground, eyes full of panic, he looked at step by step Ling Sa, there is despair in his eyes.

“You You can not kill me, my father is Long Hai!”

“Do you hear me, you can not kill me!”

Long Qian said in a hurry.

“Long Hai? I do not know!”

Lingsha’s face was bland, and the fire-red longsword in her hand swung violently, scaring Long Qian’s face.

He was busy holding his head and shouted.

“My father is Long Hai, you dare to kill me you have to die too!”

At this point Long Qian was so scared that he peed, his pants wet a large part.

However, he imagined that the long sword is not chopped down, but rather a “bang” of metal crunching.

He turned his head to look, only to see that the sword Ling Sa was actually cleaved in the chains tied to Wang Yi life.

The chain instantly broke one.

“Go! Give me a go!”

Long Qian came back to his senses and was busy holding the wound and running backwards, while shouting.

“Kill!”

Those men around Long Qian one by one didn't know the sky was the limit and pounced towards Lin Ran and Ling Sa.

"Get lost!"

Lin Ran roared, and instantly a berserk aura spread out, shaking those who hadn't reached close directly backwards.

And Lindsay is even more fierce, the hand of the fire-red longsword instantly cut through the hamstrings of several people.

Lin Ran didn't let her kill people, but he didn't say he wouldn't let her waste them.

"Bang Bang!"

Lin Ran flicked his fingers and instantly the chains that bound Wang Yifeng broke off.

Then a ray of true qi was infused, and instantly the true qi in Wang Yifeng's body was freed from the poison's bondage.

The new feeling of the surge of true qi, Wang Yifei eyes cold awning big.

"Damn it, I'll fucking kill you!"

Wang Yifeng had a fierce look in his eyes, and with a flash of cold mane in his hand, he instantly slashed towards the dragon Qian.

"How dare you!"

Long Qian was startled and took out his weapon to defend himself.

However, he was not a match for Wang Yifeng in his prime, and he also had a broken arm, plus Wang Yifeng was still in a state of rage.

This slash, instantly heard a "bang", the weapon in Long Qian's hand instantly flew backwards out, Long Qian's whole body was also split backwards out, hitting the wall behind heavily.

"Give me death!"

Wang Yifeng had a fierce aura in his eyes, and the big sword in his hand slashed down in the air, heading straight for Long Qian.

"Stop! Stop it! You can't kill me! My father is Long Hai!"

Long Qian shouted loudly.

However, at this moment, Wang Yifeng did not care about that much.

If Lin Ran had not arrived in time, he himself would have been tortured to death, but if Xiao Cui had been spoiled by this guy, that would have been the greatest despair for him.

At this moment, Wang Yifeng had already hated this Long Qian to the bone, so where would he stop.

"Bang!"

Long Qian's hastily assembled defense was instantly shattered by Wang Yifeng.

Then the large blade instantly fell from the top of Long Qian's head, drawing a huge wound on his face.

"You!"

Long Qian's entire body froze, followed by his vitality quickly dissipating, and his breath was even instantly annihilated.

"Bang!"

His whole fell backwards and leaned against the wall, his breath already broken.

Wang Yifeng's slash had directly killed him!

"The young master is dead! Quickly go back and report to the lord, the young master is dead!"

As soon as Long Qian died, those men next to him were scared to death and ran towards the basement entrance.

Lindsay looked at them quietly and did not make a move.

Wang Yifeng was excited to kill at this time, and was just about to turn around and go after them, but was stopped by Lin Ran.

"Ranzi! Why are you stopping me, these miscellaneous fish old man will chop them up!"

Wang Yifeng said angrily.

"Now is not the time to kill, first take Xiao Cui we leave here!"

Lin Ran said with a frown.

Wang Yifeng was stunned, then he remembered that Xiao Cui was also here, he had killed Long Qian before, even if he was seen by Xiao Cui, I am afraid that it would also damage his image in Xiao Cui's heart.

"Go!"

Lin Ran saw Wang Yi life not in the hands, then busy shouted, followed by the crowd and left the place.

On the way back, Lin Ran's brow kept frowning, always feeling that something was going to happen.

"That Long Qian said his father is Long Hai, do you know Long Hai?"

Lin Ran asked from the side.

"No, I don't know him!"

Lin Ran shook his head.

"No matter who he is, go back to Temperance City first!"

Lin Ran said firmly.

Without any more nonsense, the crowd quickly hurried along, and after two hours, they finally saw the outline of Temagami City.

And just as Lin Ran and the others were quickly rushing back to Tanjiang City.

Long Qian's men had already sent the news back to the Long family.

In a secluded courtyard of the Long family in Nanyang, an old man was sitting at the door, looking at the sky outside with a cold look in his eyes.

No one knows who this old man is, but the Long family is to know, nothing to bother him, because once he is angry, even if the other party is the Long family people have to die.

The most critical thing is that even if he killed the people of the Long family, the patriarch Long Yu did not dare to have the slightest discontent.

Therefore, although the crowd did not know his identity, they were very fearful of him and had always been respectful and distant.

"My Lord!"

Suddenly, a guard of the Long Family rushed in, with panic on his face.

"News has just come from the Refining Fire Domain!"

That henchman was busy uttering these words before his figure could stand still.

He knew very well that he was so reckless, and if he didn't tell the most important thing, he was afraid that he would draw the fury of this old man in front of him.

"Refining Fire Domain? Is that the battlefield where Qian'er is?"

As expected, the anger on the old man's face suppressed and he asked with a frown.

"That's right!"

The henchman busily said.

"What news has come in? Is it related to Qian'er?"

The old man was busy asking.

The henchman was so nervous, his face was full of sweat, and immediately said.

"My lord, I'm just a messenger, don't get on my bad side! Just came from the Refining Fire Domain, your son Long Qian Long Qian he He is dead!"

The words fell, the man was so scared that he instantly turned his head and ran!

He knew very well that if he was a little slower, I'm afraid the next moment the old man's anger would just kill him.

"Roll back!"

As expected, just as he rushed out of the courtyard, an angry roar rang out behind him, and at the same time his body actually flew backwards without feeling it.

“My lord, I’m just an order-bearer!”

The man shouted.

“Say! What the hell is going on!”

The old man had anger in his eyes!

The man was so frightened that he swallowed his spit and told the story.

The anger in the old man’s eyes grew even stronger after hearing this.

“Lin Ran! It’s this Lin Ran again! Wang Yifeng is one of his men, bastard! What’s wrong with the Commander of the Fire Refining Domain? Why didn’t they protect Qian’er!”

The old man said angrily.

That henchman was also frightened at this point and was busy saying.

“My lord, the Mysterious Alliance and the foreign devils are at war right now, so the Lord Commander can’t spare himself.

“Fire Elder? He really came at the right time!”

The old man had a cold aura in his eyes, and then his body directly flew up and went straight to where Long Yu was.

Chapter 1483

Long Family, within the courtyard where Long Yu was.

At this moment, Fire Elder was looking at him with a stony face.

“Fire Elder, is your condition a little too much, when our two families cooperated, you didn’t say that you had to let our Long family take out all the strength ah!”

Long Yu looked at Fire Elder and said with a frown.

Fire Elder said helplessly.

“Before indeed did not say, but you also know the situation, now is different from then, the attack of the foreign devil more and more fierce, if this time your Long family still hide, I’m afraid that the battle will not drag on until the end will have to lose!”

“But after all, this is a matter of life and death of our entire Long family, and you also know that before Long Xu also took away a large part of the Long family!”

Long Yu frowned and said.

Fire old man smiled at the words face is indeed more ugly a few points.

“The country no longer talk about He family, if the Mysterious Alliance can not resist the attack of the foreign devil, you think your Long family can still be alone?”

“I”

Long Yu smiled at once dumbfounded, but there was a cold awning flashing in his eyes.

“This matter”

Just when Long Yu was about to open his mouth to delay, suddenly, a voice was coming in from the doorway.

“Want our Long family out, the Mysterious Alliance must promise the old man one thing!”

As the words fell, a figure had rushed in, and it was clearly the old man just now.

“You are?”

Fire Elder looked at the old man in front of him and frowned slightly.

He could feel that the other party’s strength was at the God Creation Realm.

He had guessed before that the Dragon Family had a hidden power, but he didn’t expect to actually meet a God Creation Realm today.

“You, Hai Lao?”

Long Yu looked to the side of the old man face has some doubts.

“You do not need to care, this is the old man I mean!”

Long Hai opened his mouth and said.

“What is it that you want us to promise?”

Fire old man looked at Long Hai and asked.

A hint of killing intent swept through Long Hai’s eyes and he said in a cold voice.

“I want Lin Ran’s life!”

.....

But Lin Ran, at this time, he had already brought Wang Yifeng’s crowd back to Tanjiang City.

The people reunited naturally very happy, especially Song Nuan and others have seen Wang Yifei mentioned countless times before Xiao Cui, is very happy.

And in the crowd happy, Lin Ran is alone to find Long Ya, he always felt that Long Qian before the mouth chanting my father is Long Hai, this thing some problems.

“What’s wrong?”

Seeing Lin Ran frowning to find himself, Long Ya is also a little surprised.

“Do you know a person named Long Hai!”

Lin Ran asked with a frown.

“Long Hai?”

Long Ya smiled and shook her head.

“I don’t know him, but I can ask Long Da and the others!”

Long Ya said, while greeting the two people to come in.

“Miss!”

Seeing Long Ya the two shouted at the same time.

“Do you guys know a person named Long Hai?”

Long Ya didn’t delay and asked directly.

“Long Hai?”

Long Da and Long Er heard the words and were stunned, followed by a change of face.

“Why is Miss suddenly asking about him?”

Long Da was busy speaking.

“You guys know each other? Tell me quickly!”

Long Ya was busy asking.

Lin Ran at the side also listened with a slight frown, even Long Da and Long Er knew this Long Hai, obviously this Long Hai should not be an ordinary person.

“Miss has no idea, this Long Hai you have actually seen before, and seen many times!”

“I’ve seen it too?”

Long Ya sniffed even more bewildered, they have seen how do not even know.

“Do you remember, when in Nanyang Long family, there is a courtyard is not allowed to go, once the people who go, even the Long family are likely to die in it!”

Long Da said busily.

“I remember, there is not an old man living there?”

Long Ya was busy saying.

Together when she was in the Nanyang Dragon Family, she knew about this place, and when she was a child and didn’t know any better, she went to break into it once, and ended up being taught a lesson by Long Xu when she returned.

So this thing makes her remember very deeply.

“That old man is Long Hai!”

Long Da said busily.

“He is Long Hai?”

Long Ya was obviously stunned and a bit surprised when she heard that.

“That’s right, he is Long Hai!”

Long Er also spoke up.

“What’s so special about this Long Hai?”

Lin Ran was busy asking from the side.

“Pavilion Master Lin, you asked us before how strong the Dragon Family is! I remember saying that the Dragon Family has two strong people of the God Creation Realm, you still remember that right!”

Long Da looked at Lin Ran.

“Hmm! What? This Long Hai is one of them?”

Lin Ran frowned and asked.

“That’s right!”

Long Da nodded.

“And this is not the most crucial, the most crucial thing is that this Long Hai has an extremely high status in the Long family, besides him the other God Creation Realm almost never appears in the Long family on weekdays, only he lives in the Long family all the time, so it can be said that Long Yu dares to do things so blatantly, to a large extent because of this Long Hai’s authorization!”

“Long Qian do you know?”

Lin Ran smiled and said with a bland face.

“Long Qian? That’s Long Hai’s son! How could you!”

Long Da also vaguely guessed something.

Lin Ran said with an ugly face.

“Wang Yifeng killed Long Qian!”

“What?”

Hearing these words, Long Da and Long Er’s face obviously changed instantly.

“This is trouble!”

“And it’s big trouble!”

“What big trouble?”

Long Ya couldn't help but be a little worried even after hearing that.

"Ai!"

Long Da sighed and said busily.

"Miss Lin Court Master, you do not know ah! This Long Qian that is Long Hai's lifeblood! But you guys actually killed his lifeblood! This Long Hai will never give up!"

"Lifeblood?"

Lin Ran frowned slightly at his words as he thought of a problem.

Both Long Da and Long Er had decided to come out to walk because they were nearing their life expectancy.

But this Long Hai was even stronger than the two of them, so how many years must he have lived, but how come his son Long Qian only looked younger than himself, just in his early twenties!

"You guys don't know anything!"

Long Da explained busily.

"This Long Hai has never had a son in his life, until a few decades ago, he suddenly had a son Long Qian, and it was from then on that he settled down in the Long family!"

"Everyone knows that Long Hai is simply spoiling this Long Qian too much, but people are strong, the Long family people can not do anything!"

"You killed Long Qian, is this not the same as breaking his life!"

Long Da said.

Lin Ran also could not help but frown slightly at his words, so this Long Qian still has some origins.

Before Wang Yifeng angrily cut him with a knife, but now is really trouble.

"That Long Hai is only at the God Creation Realm after all, so he shouldn't be as powerful as you!"

Long Ya looked at Lin Ran, with worry in her eyes.

"I'm not worried about this Long Hai, what I'm worried about is that the Long family will use this as blackmail to get the Mysterious Alliance to strike at me!"

Lin Ran said with a frown.

And as soon as his words fell, immediately outside came the voice of the Grand Elder.

"Your Highness is not good, the people from the Dragon Family and the Mysterious Alliance have rushed towards Temperance City!"

Sure enough, it was really fearful of what comes, Lin Ran's side had just felt that the situation was not right, and he didn't expect that the Dragon Family and Mysterious Alliance had already killed them.

"You guys stay here, don't be seen by the people of the Long family!"

Lin Ran turned his head and rushed at Long Ya's three people.

"Mm! You take care of yourself!"

Long Ya was busy reminding.

"Don't worry!"

Lin Ran said back, while his figure had already left the room.

Chapter 1484

Coming to the courtyard,? At this moment, everyone on Coiling Dragon Mountain had already gathered.

Just now they also heard the voice of the Grand Elder and knew that the Dragon Family and the Mysterious Alliance had already killed over.

It was just that they didn't know exactly what they were willing to do at this point.

"Ranzi! Is it because of Long Qian?"

Wang Yifeng stood in the crowd with an ugly face.

"It has nothing to do with him!"

Lin Ran said indifferently.

"You can't fool me! It must be because of him, he keeps saying that his father is Long Hai, and the Long family is killing so quickly, so obviously it has nothing to do with him!"

"I'll do it alone, let me go by myself!"

Wang Yifeng said.

Xiao Cui on the side was busy looking at his hand, her face was full of worry.

Lin Ran, however, suddenly laughed.

"Damn fatty, in front of me you pretend what righteousness, you think that even if you go by yourself, things can be set right!"

"Ranzi, your grandfather, I don't want to drag you into trouble!"

Wang Yifeng said without good grace.

"I Lin Ran has never been on shore! You don't have to care about this, in my territory, it's not his turn to run wild!"

Lin Ran said indifferently, and then turned his head to look at the Grand Elder.

"Open the seal!"

"Yes!"

The Grand Elder was busy nodding his head, and then with a flip of his palm he had already taken out a jade talisman and instantly crushed it to go.

“Weng!”

The jade talisman shattered, and instantly everyone clearly felt that in the mountain peaks around Tamagawa City, there was a wisp of aura fluctuation appeared, and instantly formed a sealing formation to envelop Tamagawa City.

“Rumble!”

The formation came together, and instantly the sky dark clouds rolled over, as if it was going to rain heavily.

At the time of designing the forbidden formation, Lin Ran had already taken this into consideration, so as long as the formation came together, it would rain throughout Temagami City, using thunder clouds and the sound of rain to shield everything from the outside world.

After all, the residents of the city have never seen this scene before, and some things are better not to let them see.

Soon, Lin Ran felt the presence of the formation, his mind moved the entire Coiling Dragon Mountain over the dark clouds faded away, revealing a bright starry sky outside.

Only at this time, in the sky outside the Coiling Dragon Mountain, several to figures had arrived to kill.

“Lin Ran’s son! Get out of here!”

The first to bear the brunt was naturally Long Hai.

As soon as he showed his face without ceremony, ? The huge palm of his hand slapped towards Coiling Dragon Mountain.

“Where did the old bastard come from, in front of your grandfather reckless!”

An angry roar rang out from the Coiling Dragon Mountain, and at once a large sword shadow swung out of thin air, instantly splitting Long Hai’s palm to pieces.

The huge impact even made Long Hai couldn’t help but take two steps backwards.

“Who? Come out!”

Long Hai’s face changed and he was busy taking a few steps backwards before he could stabilize his body.

At the same time, on Lin Ran’s side, several figures had rushed out.

The leader of the group was Lin Ran, Yu Chang, Wolf Ba and Li Sheng.

“Your grandfather me! What is not convinced? Do you want to take two moves?”

The wolf bully on the side sneered.

His strength was extraordinary when he was in the Other Demon Realm, not to mention that he was only facing Long Hai at the early stage of the God Creation Realm at this time!

Wolf Ba belonged to the kind of person who had survived on the tip of the sword, so it was simply impossible to see his strength by virtue of his superficial strength; only when he really fought could he discover his terror.

“Lin Ran! That’s enough! We didn’t come here to fight, we just want to solve the problem!”

The Fire Elder on the side opened his mouth and said blandly.

“Solve the problem? You guys look like you’re here to solve problems? What kind of problem solving is there? Do you really think that I, Lin Ran, am easy to bully?”

Lin Ran looked at Feng Lao, his voice bland.

“I don’t want to argue with you, I repeat, I’m here today to solve problems, not fight!”

Fire Elder spoke.

Lin Ran smiled at his words but laughed.

“Problem solving, huh? Fine! Say what problem!”

“Lin Ran, you don’t have to pretend, did you kill Hai Lao’s son, Long Qian!”

Long Yu pointed at Lin Ran and questioned.

“No!”

Lin Ran’s expression was bland, without any change.

“You still say it’s not, we’ve got accurate information, it was that Wang Yifeng under you who killed him! You still don’t admit it!”

Long Yu chided.

Lin Ran smiled at that but laughed.

“Are you brain-damaged? You yourself said it was Wang Yifeng who killed him, why should I, Lin Ran, admit it? I, Lin Ran, killed him?”

“You!”

Long Yu was instantly furious and his face turned ugly.

“Is it interesting to bite words at this time?”

“No fun? Why did you come to me? A scum is just a scum, just kill it, is it interesting for you to come to me?”

Lin Ran retorted indifferently.

“You!”

Long Yu was so angry that his face turned blue, and he was busy turning his head to look at the Fire Elder on the side.

“Fire Elder, your Mysterious Alliance must make the decision in this matter, at the critical moment of the Great War, but Lin Ran suddenly made a move against our Long Family disciples, we suspect that he just did it on purpose, he is probably a spy sent by the foreign devil!”

Fire Elder frowned slightly at his words and did not speak.

“Hehe, killing your Long family is a spy of the foreign devil, then isn’t it more suspicious that your Long family destroyed the Plum Blossom Sect?”

Lin Ran asked rhetorically.

“And, killing a scum you guys can’t do it anymore? It seems like the right thing to kill! Otherwise if we let him scourge some people, that would be the real sadness!”

“Lin Ran you seek death! You dare to call my son a scum!”

Long Hai was instantly furious.

“Did I call him wrong? Isn’t he scum?”

“To use despicable means to snatch someone’s girlfriend when you fancy her, how did you hand over such a person? Is it hard to learn from you?”

Lin Ran looked at Long Hai and sneered.

“Lin Ran, you want to die!”

Long Hai was furious, and immediately lunged towards Lin Ran.

“Get lost!”

Lin Ran stood quietly, ? The wolf bully on the side had already slashed out, instantly only heard a “bang” sound, wolf bully and dragon sea at the same time back several steps, a matter of time did not have the upper hand!

“Bastard!”

Long Hai looked at the Wolf Fighter in front of him, there was anger in his eyes, he wanted to kill Lin Ran, kill Wang Yi life, but at this time he was clear, with his own strength and the power of the Long family, I’m afraid that simply can not do.

Thinking of this, he could not help but turn his head and looked at the fire old man on the side.

“Fire old man you have seen! Old man I still have the same condition, if you want our Dragon Family to send out its full strength, you have to kill Wang Yifeng!”

Long Hai spoke.

The condition he had mentioned before was that he had to let Lin Ran die, but at that time in the Dragon Family, this condition had not even taken shape before it was rejected by Fire Elder.

Let Lin Ran die? He fire old still have to weigh up, let alone for you a dragon family.

The next best thing, Long Hai's target became Wang Yi life.

"Lin Ran! Killing people to pay for their lives is natural and righteous, do you want to block this matter?"

Fire Elder looked at Lin Ran and questioned.

As soon as his words were out, Wang Yifeng at the bottom of Coiling Dragon Mountain wanted to rush up and carry himself, and Xiao Cui at the side simply grabbed him, with reluctance in his eyes.

And at this time, Lin Ran is laughing.

"A good murder to pay for life! So you mean, his son robbed someone else's daughter-in-law by force, so he doesn't have to pay for his life, right?"

"Your Mysterious Alliance doesn't care, but I, Lin Ran, have to care, if you mess with my brother Lin Ran's head, you kill him! Not to mention a human scum!"

"Is it wrong to kill?"

Chapter 1485

"Well said!"

Wolf Ba and Yu Chang on the side immediately cheered to when they heard the words, and even clapped their hands.

Fire Elder gave the two a fierce glare and spoke.

"Is it useful to say this? Scum or not scum people have already been killed by you, even if Long Qian is scum, it's not your turn to kill him!"

"Heh!"

Lin Ran smiled even wider at his words.

"Then how about this? You tell Long Hai to bring his wife here, and I'll have Wang Yifeng go molest him for a while,? And then have Long Hai kill him again?"

"Ranzi your grandfather! Fat master I'm not interested in old ladies!"

Wang Yifeng below shouted at once when he heard the words.

And the distant Long Hai's face suddenly became a few shades more ugly when he heard that.

"Lin Ran! Killing someone and insulting the old man, do you really think the old man is a paper mache?"

Long Hai said angrily.

"Insult? Talking about what? Your son molested someone and I'm not even happy to call him scum, how come you call it an insult when you switch over? Why don't you think about what your son did, is it an insult to my friend?"

Lin Ran said indifferently, not backing down.

“Fire Elder! It’s useless to talk more, I’ve already made the conditions! What to do is up to you!”

Long Hai didn’t want to deal with Lin Ran, he found that he couldn’t compete at all with his words, so at this point he could only turn to Fire Elder to make a move.

“Lin Ran, for a king a life”

“Stop!”

Fire Elder was just about to speak when Lin Ran impatiently interrupted going.

“Less talk to me what is worth, I Lin Ran do things all depends on the heart, do not see worth!”

Said, Lin Ran palm of the thought of the Coiling Dragon Mountain below, cold voice.

“Today in my Coiling Dragon Mountain people, you do not want to move a single one! Otherwise come one I kill one!”

“Including you! Fire Elder!”

“So what if you’re at the half-step Extreme Realm? If you are not afraid of death, I, Lin Ran, will play with you to the end! Don’t talk to me about alliances when you’ve lost your home! That’s your alliance, not my Lin Ran’s!”

“You!”

Fire Elder’s face was blocked, and he couldn’t find the words to refute Lin Ran for a while.

Lin Ran swept his gaze over Long Hai and the others, his voice bland.

“Your son was killed by Wang Yifeng, but in my opinion, he asked for it! Raising a father’s fault, you should ask yourself if you are wrong!”

“Lin Ran! You simply bully people too much!”

Long Hai had anger in his eyes, but he didn’t dare to fight, he knew it was useless even if he did, he couldn’t guarantee that he would be able to defeat that Wolf Ba alone, let alone the more powerful Yu Chang next to him, that was a big mountain for him.

The early stage of the God Creation Realm, and half-step God Creation Realm gap is big? Big!

But in Yu Chang, there is no gap!

Puppet body, he can simply ignore Long Hai’s attacks, really fight, the wretched is still him Long Hai.

“Lin Ran, how exactly will you be willing to hand over Wang Yi’s life?”

Fire Elder looked at Lin Ran, with icy coldness in his eyes.

“There is no possibility! If you want to fight, fight, or else get lost!”

Lin Ran was nonchalant.

He knew very well that at this time, the foreign devils had already started a great war, so for Fire Elder to fight for his life at this time, he definitely wouldn’t dare.

As long as the good himself fought for his life, the Mysterious Alliance would almost certainly lose.

So Lin Ran is not worried about the fire old man, and without the fire old man, a small dragon family he really did not put in mind.

Even if the dragon family has so many hidden experts, but in front of Lin Ran is not enough to see.

Their dragon family hidden experts, can affect the victory or defeat of a battle, but can not reverse the direction of the final showdown!

Because the final duel, in the end or spell the fire old man three and the duel of the foreign devil, other people have the power is also just a false, the duel between the chiefs is the key to ultimately affect the battle.

This is also the reason Lin Ran expected the fire old man did not dare to fight with his own life.

And he Lin Ran's own strength, can completely sweep the entire Long family, and will not care about a district of the Long Hai.

"Fire Elder!"

Long Hai looked at Fire Elder.

Fire Elder's face was ugly, he didn't send a look, in fact, he was also thinking of countermeasures, he didn't expect before coming, Lin Ran's attitude would be so resolute!

"Lin Ran! How about we each take a step back, you hand over Wang Yifeng's life, I'll stay out of this, and let Long Hai settle the score with Wang Yifeng himself?"

"Dream on!"

Lin Ran refused without even thinking about it!

"What is Wang Yifeng's strength, what is Long Hai's strength, why don't you let him fight me!"

"You! Then what exactly do you want!"

Fire Elder asked in a cold voice with an ugly face.

"I said, who I will not cross!"

Lin Ran snorted coldly, then turned his head to look at Long Hai and said in a cold voice.

"Single fight or group fight, your choice, I Lin Ran take them all!"

"You!"

Long Hai was so angry that his face turned blue, and with a grit of his teeth, he turned his head to look at Fire Elder.

"Fire Elder, if this is the result, this time the Dragon Family can only say that there is nothing we can do to help! You Mysterious Alliance find your own way to solve it!"

Fire Elder's face became even more icy cold when he heard that, Long Hi had no way to take Lin Ran, and in turn, he used the Long Family to blackmail himself.

And Lin Ran simply did not give an inch,? This made it very difficult for him to be caught in the middle.

"That's enough!"

Suddenly, the fire elder spoke up and chided.

"Lin Ran you are just worried about Wang Yifeng being killed by Long Hai!"

"In that case, you stand up for him, suppress your strength to the same level as Long Hai, and you two fight alone, whoever wins Wang Yifeng's life will be his!"

The fire old man finished before the two spoke, and then spoke again.

"Do not oppose my opinion! Now the army of the foreign devil has attacked the road, the dragon family if not out of hidden strength, this great battle will certainly lose!"

"By then the Mysterious Alliance will also have to be finished, if at this time you still only care about yourselves, then don't blame me for being ruthless!"

"I will first exterminate your disobedient one put, even if the Mysterious Alliance is going to be finished, you will die before the Mysterious Alliance!"

Lin Ran and Long Hai were silent at the same time.

Indeed, Fire Elder was right, the reason why he didn't want to make a move with Lin Ran right now was because he was afraid of affecting the foundation of the Mysterious Alliance.

But if because of this matter, the Long family also does not produce people, then the Mysterious Alliance will almost certainly lose!

As the saying goes, the dog jumped to the wall, this situation forced the fire old man anxious, he may really make the first extermination of a release!

At least this way, can also get the other side of the support, to go and the army of foreign devils confrontation!

"Good! This bet I Lin Ran accept!"

Lin Ran had a bland smile in his eyes as he spoke.

Long Hai turned his head to look at Lin Ran, with an icy coldness in his eyes.

"I, Long Hai, also accept it, I just hope that some people won't be unable to tense up later and use their full strength!"

"Heh!"

Lin Ran laughed and turned his head to look at Long Hai.

"Kill you with just one move! To use your full strength, that would be to exterminate the clan!"

“Arrogant little boy! Suffer death!”

Long Hai couldn't hold back any longer, and his feet lashed out and lunged at Lin Ran.

“I said one move, one move!”

There was madness in Lin Ran's eyes.

From the time he returned to Tanjiang City until now, he had been in meditation for half a year.

Never had he ever fought someone at the same level.

Although this time it was his own suppression of strength to the pre-God Creation Realm, he also wanted to see the results of his cultivation in the past half year.

Lin Ran hovered in mid-air and looked at the charging Long Hai indifferently, with frenzy in his eyes.

“Catch it! I can only have this one move!”

The words fell, at once Lin Ran's arm raised, one hand twisted into a sword finger, rushing towards Long Hai with a distant finger, and instantly the sword finger slashed down.

Chapter 1486

“Weng!”

The moment the sword finger fell, a wisp of seven-colored sword mane instantly emerged, heading straight for Long Hai.

This wisp of sword mane seems like a rainbow, looking up very stare, the moment it appeared sharp breath actually brought up a burst of sonic boom sound.

And as it slashed toward Long Hai, everywhere it passed, the space around it began to collapse!

“This sword finger! How can it be so strong!”

The Fire Elder on the side looked on with a pale face.

The last time he fought with Lin Ran, the latter's strength wasn't this strong, but how did it suddenly become this strong this time.

“How in the world did this kid cultivate!”

Seeing this scene, Fire Elder had jealousy in his heart.

To know that this move was issued by Lin Ran suppressing his own strength, if he went all out, then I'm afraid that the power of this sword finger even Fire Elder himself would have to temporarily avoid it.

“He”

On the side of the dragon Yu even see the heart scared.

If this move is when in the sky wolf domain Lin Ran on his own hand that move, I'm afraid that at this time his bones are cold.

“Is this kid still human!”

Long Yu heart has horror, even looking at the aura emanating from Rin Ran’s body at this time, all let him feel a trace of fear.

“Really worthy of the boss, this strength has refined a lot!”

Wolf Ba looked at this strike heart is very excited.

“Nonsense, don’t even look at whose master it is!”

Yu Chang at the side was also full of excitement.

As Lin Ran’s strength increased, Yu Chang’s attitude towards Lin Ran was also quietly changing.

At this moment, seeing Lin Ran’s strike, Yu Chang even directly shouted Lin Ran as his master.

He could feel that if Lin Ran exploded with his full strength, the power of this strike was not in the least as powerful as the slap of the Fire Elder who fought with himself before!

“Empty Daoist vision is still the same as always, I’m afraid that following him may really return to the immortal world!”

Yu Chang heart has expectations.

And at this time in the coiled dragon mountain, Wang Yi life is a double fist clenched, there is worry in his eyes.

“Ranzi, you can’t be fucking okay, or how can I face so many sisters-in-law, fat master!”

Wang Yifeng murmured.

The four women of Song Nuan on the side could not help but have their pretty faces red, and beautifully white glanced at him.

“What time is it, still joking!”

“Damn fatty is talking nonsense, believe it or not I will sell you at the price of pork!”

Luo Qiqi on the side also did not have a good temper said.

“That Long Hai is no match for Lin Ran!”

On the side, Ling Sa’s voice was bland, with absolute confidence in her eyes.

Hearing these words, Wang Yifeng couldn’t help but sigh with relief.

“With this word from sister Ling Sa, then I’m relieved, hey! Who just said, to sell the fat master at the price of pork, come on hurry up! As long as Ranzi is okay, you sell the fat master to the green house, the fat master are fine with it!”

“What time is it, you can’t be serious!”

A side of Xiao Cui did not good-naturedly said.

Wang Yifei a face of embarrassment, next to the Ling Sa is a serious said.

“The more nervous he is, the more he is like this, it’s called using jokes to cover up the worry in his heart, if he didn’t do this, he wouldn’t be Wang Yifeng!”

“I Don’t say you know me well okay, fat friend I have a girlfriend!”

Wang Yi life wonderfully angry said.

“Well! Not bad! At least do not have to be eating dog food given by Lin Ran!”

Ling Sa blandly said.

“I A few of you are mean enough, for the sake of you all being my sister-in-law, I won’t bother with you!”

Wang Yifeng saw that he could not get the upper hand, simply also did not say!

“All right, stop arguing! Look, they’re about to fight!”

Xiao Cui on the side was busy reminding.

Xiao Cui, a person like Wang Yifeng, was big-hearted.

Otherwise, she wouldn’t have been able to adapt to this kind of scene that she had never seen before from the time she was saved by Lin Ran last night until now.

If it had been anyone else, at this time to see someone fighting in mid-air, and even flying around, I’m afraid that would have fainted from fear.

.....

But say above.

At this time Lin Ran sword finger has run towards the dragon sea splitting the past.

Faced with Lin Ran’s seven-colored sword finger, Long Hai’s face changed greatly when he stopped his forward steps.

He knew in his heart that Lin Ran’s strength of this move was extraordinary, and if he fought according to his previous understanding of Lin Ran, I’m afraid he would definitely lose.

Although at this time Lin Ran’s strength is also suppressed to the early stage of the God Creation Realm, but some people never fight beyond the level, he Long Hai broke through most of his life, naturally do not want to let the gutter overturned things happened to him.

“You really surprised me, but at this time you are also in the early stage of the God Creation Realm, one move to defeat me! Dream on!”

There was madness in Long Hai’s eyes, only to see his hands fiercely open and close, instantly a stream of true qi diffused out, actually formed a layer of waves like a sea surge!

This sea surge layer after layer, as if the waves of the sea suspended in mid-air, just waiting for the moment to slap out.

“What kind of move is this?”

Below, Long Ya saw a slight frown, she was sure that there was no such move in the Long Family.

“This is Sea Wave Surge!”

Long Da on the side spoke with a frown.

“Sea wave surge?”

Long Ya Wenya frowned slightly.

“This Sea Wave Surge is a move that only Long Hai himself knows, even in the Long family they don’t know it!”

Long Er also said.

“This is troublesome, the sea wave surge belongs to the stacked power moves, one wave is stronger than the other, if Pavilion Master Lin can’t carry the few attacks ahead, the back is almost even more impossible!”

Long Da sighed.

“Impossible, I believe Lin Ran he can definitely resist!”

Long Ya suddenly said firmly, her eyes filled with confidence in Lin Ran.

The Other Demon Realm was so dangerous, Lin Ran had carried it off, let alone just a Long Hai of the Long Family, she did not believe that Lin Ran would lose in the hands of Long Hai.

At this time, other people around have also become nervous, they can see, Lin Ran this sword finger and Long Hai’s strike will be directly divided into victory and defeat.

Lin Ran has his pride, said a move to solve Long Hai, the same Long Hai also has his pride.

This move was the only move that the two exchanged, but it was also the move that would decide the winner.

“Rumble!”

Above the sky, the seven-colored sword fingers had already killed, and Long Hai’s face was indifferent, his hands waved fiercely, and at once the layers of waves beside him went straight to Lin Ran’s sword fingers.

At this moment, a rigid and a soft two attacks collided with each other.

In an instant, the tidal wave was split in two by the sword finger, but the wave behind it was heading straight for Lin Ran with even greater might.

“Draw the sword and break the water, the water flows even more! Haven’t you ever learned this truth?”

Long Hai had smugness in his eyes.

“This move of mine, Sea Wave Surge, was born to overcome this sword finger of yours, and it defeated me in one move! That’s a joke!”

Long Hai laughed.

Even if Lin Ran’s seven-colored sword maneuver was more powerful, with his strength at the early stage of the God Creation Realm, how much stronger could it be.

In Long Hai’s opinion, his own Sea Wave Surge could completely consume Lin Ran’s Seven Color Sword Finger’s power, and that’s when his own move would explode.

Chapter 1487

“The boss’s situation is a bit unpleasant!”

Looking at this scene above, Wolf Ba couldn’t help but speak up.

“Although this sword finger of the boss is incomparably violent, but in the face of this sea wave surge of Long Hai does have a bit of nowhere to power ah!”

“Humph! You know nothing!”

On the other side, Yu Chang had his arms wrapped around his chest in a leisurely manner.

“This sea wave surge does have the effect of dissolving other people’s attacks, but that is only when this Long Hai’s strength is similar to the other party or completely crush the other party, can this sea wave have the potential to maximize!”

“And in the face of the boss, this sea wave surge of his simply can not play the maximum advantage!”

“Why?”

Wolf Ba smiled very puzzled, busy asked.

“I said are you pig-brained!”

Yu Chang did not have the good grace to give Wolf Ba a white glance, causing the latter some embarrassment.

“Think about it, can throwing a cannonball in a water tank be the same as throwing a cannonball in the ocean?”

“His Dragon Sea’s sea wave surge is no different from a water tank, and if he wants to condense his true qi into this wave-like form, there must be an extremely strong binding force around it!”

“In this case, just throw a cultivator into the self-destruction, as long as the strength gap is not too big, are able to this dragon sea to drink a pot!”

“Self-detonation? Are you crazy? How can the boss explode himself!”

Wolf Ba said speechlessly.

“Really rotten wood can not be carved!”

Yu Chang shook his head helplessly, not bothering to pay attention to Wolf Ba.

And at this time in mid-air, Lin Ran's sword fingers still continued to slash away the rushing waves surging.

But with the passage of time, simply the power is also decaying, it seems that everything is going according to Long Hai's idea.

"The tolerance limit of this sea wave surge is a bit low!"

Lin Ran looked at this scene indifferently, the corners of his mouth suddenly revealed a cold smile.

The next moment, only to see him slowly raised the palm of his hand, followed by a soft "bang" a crisp sound, instant seven-colored sword finger out of thin air is actually a burst of light.

This light confirmed the seven-colored flood light, in the moment of appearance, in all directions directly swept over.

"Hmm?"

Opposite your dragon look at this scene not only face changed greatly, hastily mobilized the sea wave surge towards Lin Ran sword finger eruption direction on swept over.

However, when his sea wave surge swept to the time, those rushing seven-colored sword awning is actually instantly stopped.

Followed by the seven-colored sword mans only on the breath surged, the next class only heard "bang bang bang"

A series of popcorn like popping sound after popping sound, in the blink of an eye has spread to the entire wave surge within.

"Not good!"

Long Hai's face instantly changed, hurriedly want to collect their own sea wave surge.

But at this point, everything was over by saying anything.

"Explosion!"

With Lin Ran's soft drink, the countless seven-colored sword mists that instantly filled the sea wave surge actually burst instantly.

The "bang bang bang" sound is like fireworks, in the sea wave surging up and down.

And at this time the crowd below, including Long Yu and fire old man almost simultaneously see.

Each out of the seven-colored sword explosion at the same time, will set off a wave surge.

And in an instant so many seven-colored sword mangles exploded at the same time, instantly it actually set off the waves inside the entire sea wave surge.

"Bastard!"

Long Hai's face changed greatly.

But at this time he could not care less, the waves had completely collapsed, even he could not control it.

This sea wave surge was like a water, which was previously controlled in Long Hai's hands, and swept towards Lin Ran in a special way with constant stacking.

But at this time by Lin Ran in a messy stirring, the entire power of the sea wave surge has gone out of control, even the dragon sea are a little out of control.

This situation has only one result, that is, the sea wave surge completely exploded.

But obviously this is not the result Long Hai wants, the sea wave surge is his true qi as the source of the cast out, if this explosion.

He as the controller will certainly bear the brunt of serious injuries.

So he is struggling to hold on.

However, with the waves of the sea surging waves superimposed more and more ferocious, suddenly a moment only to hear "bang" a sound.

Long Hai's face suddenly changed.

"Go!"

Long Hai's face pale, no longer dare to resist, directly will be in the hands of the entire wave surge towards the bottom and threw.

If the sea wave surge in his hands exploded.

That the consequences simply do not dare to imagine, he Long Hai serious injuries are light, it is likely to be blown up directly to death.

This sea wave surge is full of true qi, a momentary explosion is no less than the self-explosion of a strong person in the Dan-making realm.

"Bastard!"

Long Hai's face was icy cold.

However, at this moment, Lin Ran's face was no better than his.

Long Hai was relieved and threw the sea waves downward, but below was the Coiling Dragon Mountain.

If you let the waves explode over the mountain, not to mention the people on the mountain, I'm afraid the whole mountain will be instantly razed to the ground.

When he saw this scene, Lin Ran's face changed.

"Seeking death!"

There was a cold aura in Lin Ran's eyes, his entire body's strength burst out, and his palm waved out in the air.

In an instant, majestic true qi poured out along his palm, forming a huge arm in mid-air.

This arm is white as jade, with Lin Ran's palm a slap "bang" on the sea waves only.

The waves were instantly tumbled straight to the Dragon Sea.

"Fire old man save me!"

Long Hai immediately panicked.

If the sea wave surge exploded in front of him, then he would not have a chance to live.

"Lin Ran must not kill!"

Fire Elder was busy speaking and at the same time, his body rushed towards Long Hai.

"May not kill? He just dumped the dashing, have you considered my Coiling Dragon Mountain people? If you want to kill my people, be prepared to die!"

Lin Ran let out a roar, followed by fingers in pinching a sword mane, instantly stabbed at the sea waves Chung.

"Poof!"

The sword mane shot out and instantly didn't enter it.

The original sea wave surge, which was already like a balloon, instantly collapsed.

The feared true qi in it was instantly ignited.

"Bang."

A loud sound resounded in the sky above Temperance City, while almost simultaneously within Temperance City, thunder clouds rolled over and thunder roared, covering up the outburst of this sea wave surge.

"Lin Ran!"

Fire old man saw the situation face changed, hurriedly raised his hand to block his chest.

At this time, where can he still care about the Long Hai on the side.

Long Hai was facing the wave surge, instantly swept in by the explosion, his figure immediately disappeared in place.

The crowd only saw that the sky clothes debris with the terrorist explosion into pieces.

On the side of the dragon Yu even see can not help but gulp.

What is this? Long Hai's own tricks, then actually used in his own body? Self-fulfilling?

A few moments later, the aftermath of the explosion went where not scattered, the crowd then saw, located not far above, Long Hai is full of fatigue flying back.

But at this time his whole body clothes have been blown out of shape, even the hair are counted down a large, the whole face black has been as if the bottom of the pot generally ugly.

“Poof!”

Suddenly, Long Hai did not hold back, a mouthful of blood directly spurted out, staining the clothes on his body.

“You’ve lost!”

Lin Ran looked at Long Hai with a bland voice.

“Not dead! Count your life, get out of Temperance City immediately, or I will kill you!”

Chapter 1488

“You!”

Long Hai looked at Lin Ran, with resentment in his eyes, but he knew that he could not kill Lin Ran today!

Moreover, at this time, the fire old man on the side is obviously not going to speak for him, and even Lin Ran’s final outbreak of full strength, the fire old man did not speak, let alone help himself at this time.

Just now, the dragon sea in order to let himself avoid the power of the wave surge explosion, by hand, it will be thrown towards the bottom.

From this point on, the scales have actually tipped in Lin Ran’s favor.

No matter how it was before, at least Lin Ran’s seven-colored sword finger did not target other Dragon family members such as Long Yu.

However, Long Hai’s action just now was not taking the people of Coiling Dragon Mountain into consideration at all.

If not for Lin Ran’s sudden outburst, the waves were drawn back, and I’m afraid the whole Coiling Dragon Mountain would have been razed to the ground.

Later Lin Ran just detonated the sea wave surge, did not directly kill Long Hai, this is already considered benevolent to the end.

Even if the Long family in the future how to blackmail the Fire Elder, have been useless, the Fire Elder as one of the leaders of the Mysterious Alliance, naturally clear just now things who is right and who is wrong.

“Long Hai! You still have something to say!”

Fire Elder looked at Long Hai voice bland.

“No! My Long family will just send troops!”

Long Hai’s face was ugly, then he turned around and left Tanjiang City!

“Ai!”

Long Yu sighed helplessly, then turned and also followed.

“Thank you little friend Lin Ran for not killing me, this kindness I, the Mysterious Alliance, will keep in mind!”

“No need!”

Lin Ran blandly glanced at the later, where he did not understand what Fire Elder meant.

Himself if just out to kill Long Hai, the Long family will certainly be furious, at that time, not to mention the fire old man, even if the entire Mysterious Alliance went, they also have the reason that they can not send troops.

But Lin Ran does not have so much, and Fire Elder, as a middleman who seems to be quite public, naturally wants to see this result the most.

Wang Yifeng killed Long Hai’s son, in the end the old man just wanted a place to vent.

And now that the venting was done, then all that was left was to choose to cooperate with the Mysterious Alliance.

“Farewell!”

Fire Elder rushed at Lin Ran with an arch of his hand, and then turned around and left.

“No see you off!”

Lin Ran said indifferently, then his gaze burned as he watched the direction that Fire Elder and the others left, until the crowd had completely left his sight.

Only then did he let out a sigh of relief.

.....

Today’s matter was intricate and complicated, but in reality, it was just Long Hai’s personal grudge bumping into the Mysterious Alliance’s claim.

But things have developed to this point, the fire old man is naturally clear.

Long Hai’s evil move turned what was reasonable for himself into something that was not reasonable even for him.

Even if just now, Lin Ran killed him with a sword, the Long family has no problem to say.

After all, before, Long Hai had intentionally or unintentionally tried to destroy the Coiling Dragon Mountain and the people on it.

“Why didn’t you kill him?”

Lin Ran had just come down from above when Wang Yifeng came up enough to ask.

Several other people also looked at Lin Ran.

Yu Chang and Wolf Ba and Lin Ran were also puzzled, the Lin Ran just now had the opportunity to directly kill Long Hai, only he did not choose to do that.

“There is a big war going on, killing him won’t do me any good!”

“On the contrary, it will look like I’m narrow-minded, let him go to the battlefield to kill the enemy is the most valuable!”

Lin Ran said indifferently.

“Kill the enemy? How is that possible, the Mysterious Alliance doesn’t believe in it, could it be that Fat Master I still don’t know that their Long Family is the lapdog of the foreign devils?”

Wang Yifeng said.

Lin Ran smiled at this but smiled blandly and said.

“Don’t you forget, even to gain the Mysterious Alliance’s trust, they still have to act for a few days!”

“Moreover, the people from the Dragon Family would have to go to the battlefield, otherwise how could they make the Mysterious Alliance find out about them and thus completely trust me, Lin Ran?”

“Shit! You don’t still want to cooperate with the Mysterious Alliance, do you!”

Wang Yifeng smelled a bit dissatisfied.

Yu Chang was also dissatisfied.

“Yes! Just that old bastard Fire Elder, he was so suspicious of you before, and even made a move with me! You still want to cooperate with them?”

“Boss! What do you really think?”

Wolf Ba also asked.

Lin Ran didn’t say anything, but swept his gaze over the crowd and saw the doubts in their eyes.

“Do you guys think that I, Lin Ran, shouldn’t cooperate with the Mysterious Alliance again?”

“Definitely not! We should just leave them alone and let them see for themselves if the Dragon Family and Yue Family are traitors or not!”

Wang Yifeng said.

“Right! These people are simply blind, what’s the point of cooperating with them!”

Yu Chang also said.

While Song Nuan and the others were not talking, Long Ya also meaningful ang.

Only Li Sheng, who was standing in the crowd, suddenly spoke up.

“The great enemy, no one can stay out of the way, brother Lin Ran! I understand your idea, but will this be a little too big a loss for the Mysterious Alliance!”

Lin Ran looked at Li Sheng and nodded, and then laughed.

“Big! It’s inevitable and necessary! If we can’t make the Mysterious Alliance clearly understand their mistakes, even if I, Lin Ran, really cooperate with them, it won’t help! There’s no way for meekness to last!”

“What do you mean?”

Wang Yifeng asked, not understanding.

The others also felt half-understood and didn’t quite understand.

Lin Ran helplessly shook his head and said.

“The enemy is now, we can not stay away from it, if the Mysterious Alliance really can not carry the attack of the foreign devil, the fall of Temagami City is only a matter of time!”

“So even if I have conflicts with the Dragon Family, we must take the big picture into account to put the Great War first!”

“And now, the mysterious alliance does not trust me, so I can only wait and see, first let the mysterious alliance and the dragon family cooperate to resist the foreign devil!”

“I know very well that the Dragon Family is a spy of the foreign devil, so at some point in time the Mysterious Alliance will definitely suffer a loss at the hands of the Dragon Family!”

“And when the time comes, the loss of the dragon family this point, they can only come to me! Help, at that point my innocence will naturally be cleared!”

“But this will take time, and the earlier this time comes, the less the Mysterious Alliance will lose, and vice versa!”

The crowd smiled for a moment.

“Ranzi, I understand what you mean Fat Master, I’m not opposed to fighting against the foreign devils together with the Mysterious Alliance, there is no distinction between you and me in front of resisting invasion!”

“But, as long as I think of that old bastard Fire Elder treating you that way before, Master Fatty I’m not happy!”

Wang Yifeng said.

Others also nodded their heads.

Indeed, first by the Mysterious Alliance suspicion, and then have to be forced to cooperate with them, this matter on who I am afraid will not be too good.

Lin Ran smiled bitterly at his words.

“In this world, there are always things that go smoothly, the gods still make mistakes, let alone just the Mysterious Alliance!”

“All right, all will go to rest! The free time left for us is not much, we must be ready to go to war at any time!”

Lin Ran said.

“Mm!”

The crowd nodded at his words, and then they each left.

Lin Ran looked up at the sky where the thunder clouds had gradually dispersed, but his face was not the slightest bit calm.

He knew that the curtain of the real battle had already quietly opened.

Chapter 1489

The thunder clouds dispersed, and it soon stopped raining in Temagami City.

But let Lin Ran did not expect when, just a few minutes apart, the sky is floating snowflakes.

The first time I counted, it was almost time for the New Year.

But this Spring Festival, Lin Ran is destined to be unable to go home.

Not only him, Wang Yi life and other people are afraid that they can not go home.

Because the news of the great battle ahead has been passed back in the hands of the Grand Elder and Leng Zhan and other people one by one.

In a living room on Coiling Dragon Mountain, Lin Ran and the others were gathered here.

In the last few days, they had come here every day on time to get the latest information about the great war.

“Pavilion Master, yesterday alone, the Refining Fire Domain has missed three times! The 30,000 generals sent there were all killed in battle!”

The Eldest Elder handed over the information in his hand while saying.

“What about the side of the foreign devils?”

Lin Ran asked with a frown.

“It’s almost the same value!”

The Grand Elder said.

Lin Ran nodded at his words, but there was a deepness in his eyes.

“What does this foreign devil want in the end? Ranzi, didn’t you say before that this foreign devil doesn’t have many people in his hands either?”

Wang Yifeng got up and asked.

“Indeed there aren’t many people!”

Lin Ran affirmed.

At the beginning in the foreign demon world, Lin Ran had roughly counted the number of people in the foreign demon's hands.

Four satellite cities, even if the garrison inside had ten thousand, and there were barracks nearby counted up to one million people!

These people are definitely not much in front of the Mysterious Alliance.

But why did the foreign devil still fight so hard? What exactly does he have on his own?

"Pavilion master, we also noticed a situation!"

Suddenly, ? Grand Elder opened his mouth and said.

"Speak!"

Lin Ran frowned and said.

"In the last few days, in the great battle domains, people have already started to mutiny!"

The Grand Elder said.

"Many of these mutineers are in important positions, originally the Mysterious Alliance was still prepared to consume the foreign devils, after all, the numbers are superior!"

"But at the critical moment these people turned against us, causing the Mysterious Alliance to be very passive, both offensively and defensively! That's why the losses were so heavy!"

"Didn't the Mysterious Alliance respond?"

Lin Ran asked rhetorically.

"Coped, they ripped off a large number of people and sent people from the headquarters to take up important positions, but it didn't work at all, the people from the Mysterious Alliance headquarters were not familiar with the situation of each battlefield at all, and only people someone defected, bringing about the inevitable siege of many, many people!"

The Grand Elder said.

Lin Ran's face turned a few shades more ugly as he listened.

"What about the Dragon Family?"

Lin Ran suddenly asked.

"The Dragon Family did send many more people to help the Mysterious Alliance, but I had previously combined with the two Elders of the Great Dragon, and I'm afraid that these people are only one-fifth of the hidden strength in the hands of Long Yu!"

"At least another four-fifths of them are not even out!"

“This is not the most critical, the most critical is that the Mysterious Alliance also has no evidence, although they constantly urge the Long family to send people, but the Long family simply do not care!”

The Grand Elder said.

“This Long Family is originally a traitor, if they are willing to give the Mysterious Alliance blood money will be a ghost!”

Wang Yifeng sneered.

“Pavilion Master, should we go and remind the Mysterious Alliance?”

The Grand Elder suddenly spoke up and asked.

“No need!”

Lin Ran shook his head.

In order to make a person clearly know his mistake, then he had to feel regret, and now Lin Ran was trying to make the Mysterious Alliance understand this.

This point Lin Ran has never changed, only now, Lin Ran more and more suspicious, foreign devils in the end want!

The number of people is obviously not as many as the Mysterious Alliance, but instead, they want to fight and kill so much, what is the conspiracy in this?

.....

Three days later, in the space of the Extreme Realm of the Alien Demon Realm.

“Good! Good!”

The foreign devil face has a frenzy, at this time in front of him on the arrow tower only, originally nine grids, at this time has lit up a full six, only the most put on the three grids a in a gray state.

“Six frames,? Just the last three frames! Finally almost achieved!”

There is a frenzy in the eyes of the foreign devil.

“Lord!”

Suddenly, several voices rang out, followed by the Sanyuan Daoist Ghost King and Yue Bei Shan appeared in the Extreme Realm space out of thin air.

“Well! How is the great battle outside?”

The foreign devil turned his head to look at the three people and asked.

“Lord, not too good! Although we have been able to mobilize some pawns to counter and also temporarily suppress the Mysterious Alliance’s people on all fronts, but the damage on our own side is also very great! If we go on like this, I’m afraid we won’t last a month before we run out of people!”

The Ghost King was busy speaking.

“Yes! My lord, the remaining strength of the several domains I am in charge of is already less than thirty percent!”

Daoist Sanyuan was also busy saying.

Yue Beishan, however, did not say a word and quietly looked at the foreign devils.

In fact, the situation in his domain, the Heavenly Wolf Domain, was not good either!

Liu Feng was a talent, although Yue Beishan’s strength had improved a lot in the past few years, but his ability to lead troops in battle in the face of Liu Feng did seem somewhat inadequate.

“Well! I know! You guys did a good job!”

The foreign devil looked at the three and smiled.

“Now that things have come to a head, it’s time to showdown with the Mysterious Alliance!”

“Pass down the order to break out the strongest battle in all battle domains, and summon back all the soldiers we have turned, and those whose positions are not very important!”

“Conduct a final battle in each battle domain, incomparably wiping out as many enemies as possible!”

“My Lord,? This way our hidden eyes in the place will probably be exposed ah!”

The Ghost King said busily.

“What I want is to be exposed!”

The foreign devil had a cold aura in his eyes.

“The great war has reached the moment of the final showdown!”

“Do as I say! After the duel erupts in each war domain, quickly evacuate, and three days later concentrate your troops to all kill the Sky Wolf Domain!”

The foreign devil said in a furious voice.

“This!”

Sanyuan Daoist and Ghost King were both dumbfounded, what kind of tactic is this?

Even if a final battle breaks out, there is no need to do that!

“Are you questioning me?”

The foreign devil looked at the two, with ice cold in his eyes.

“I don’t dare!”

Ghost King and Sanyuan hurriedly bent down and saluted.

“Then do it!”

The foreign devil said in a cold voice.

“Yes!”

Ghost King and Sanyuan and Yue Beishan respectfully led the order and then left the Extreme Realm space.

.....

And that very night, all the war domains of the Mysterious Alliance were attacked by the enemy on a large scale at the same time.

It was also at this moment that Fire Elder and the others finally understood just how many people within their own Mysterious Alliance had been turned by the foreign devils.

“Report! Fire Elder, the Refining Fire Domain has missed for the seventh time, and all of them have been killed in action! The Refining Fire Domain has missed!”

“Report! More than one tenth of the personnel of the Fire Dragon Domain have defected, and the great general of the guard, Fire Dragon, was killed in battle, and no more than ten thousand people survived! The Fire Dragon Domain is lost!”

“Report! Blood Soul Domain has 30,000 people rebelled, the great general of the guard, Qibao, rushed out with 50,000 people, and all the others were killed in battle!”

“.....”

Listening to the news of a battle report reported by his men, Fire Elder’s entire body froze in his seat.

How could he have expected that the final result would be like this.

“How many troops do we have left?”

Fire Elder suddenly turned his head to look towards Li Lao.

“Less than 600,000! Not including the Dragon Family!”

Li Lao frowned and said.

There was despair in Fire Elder’s eyes.

“The Dragon Family! What a dragon family! I’m really blind!”

There was anger and resignation in Fire Elder’s eyes.

“Pass down the order, except for the Sky Wolf Domain, all the war domains retreat, open the forbidden formation, since the foreign devil wants to play! Then let’s fight to the death in the Sky Wolf Domain!” ‘

Chapter 1490

“Ai!”

On the side, Old Man Li and Old Man Wind sighed almost simultaneously.

They knew clearly in their hearts that things had developed to the bottom today, and I was afraid that the foreign devils were already about to start a showdown.

Otherwise, they wouldn't have let the various other war domain traitors, all of them, show up.

"You all see, the current situation is no longer we can decide, the foreign devil has to set off a showdown!"

Fire old man sitting in the chair, with helplessness in his eyes.

After such a long war, he gave a lot of trust to the Dragon Family, which wrapped some important positions to the people of the Dragon Family to take over.

Even gave the dragon family with a lot of troops.

But the result is that there is no difference between having and not having, the loss is still a loss, the can not win, as usual, can not win.

"All the fight to this point, the foreign devil in the end want to do?"

Suddenly wind old man spoke.

"What do you mean?"

Fire Elder and Li Elder looked at him at the same time.

"Don't you guys think it's strange?"

Elder Feng looked at the two.

"Let's settle a score!"

Said Elder Feng, taking out a paper and pen.

"We started with at least two million troops, but now there are less than 600,000 left, and even if we add the people who came back from the great battle domains, there are only barely 700,000 warriors!"

"But what about the foreign devils? The foreign devil domain has only a total of more than one million down, and according to the losses over such a long period of time, the most people he has left will not exceed 200,000!"

"Even if 300,000 of our side defected, he would only have 500,000 people!"

"Have you guys thought about it, if he shoots out all of them and fights us, in the end the win will still be on our side!"

Feng Lao said.

Fire Elder and Li Elder also frowned as they listened.

Indeed Fire Elder's right, although the Mysterious Alliance has people defected, but the population base is there, the foreign devil constantly set off a big war, this is definitely more than worth the loss for him!

"So what do you mean?"

Fire Elder and Li Elder both looked at Wind Elder, with inquiries in their eyes.

Elder Feng sighed and spoke.

“As I see it, attacking the Mysterious Alliance is not the purpose of the foreign devil, he is going to start this war even though he has exhausted all of his people, his real purpose is probably not the war itself, but for something else!”

“Only this purpose, we don’t know yet!”

“Something else?”

Fire Elder and Li Elder listened with a slight frown.

“So that’s what you think?”

Fire Elder opened his mouth and asked.

Elder Feng pondered for a moment, and then said.

“I think we’ve fallen for it, I don’t suggest continuing to spar with the foreign devil, if we really wait until all our people are consumed, by then, even if we know the purpose of the foreign devil, I’m afraid it’s already too late!”

“Do not fight and kill? The enemy is killing over, are we not going to answer the battle?”

Fire Elder said.

“Yes, the situation now, is no longer we can decide the direction! Even if we answer the battle, we are still forced to accept it!”

Elder Li also sighed.

Feng Lao, however, suddenly got up and looked at the two people.

“What if Lin Ran is there?”

Elder Fire and Elder Li were stunned.

Wind Elder, on the other hand, continued.

“The so-called great war is just the middle and bottom tier fighting, the foreign devil and the three of us did not fight, before you sought the cooperation of the Dragon Family, also because the Dragon Family has power in the middle tier experts!”

“But what about the results? The Dragon family is simply out of the people not to contribute!”

“If Lin Ran was around, our losses would have been reduced by half at least!”

“I insist that if you hadn’t abandoned the Chao Heavenly Pavilion and turned to cooperate with the Long Family, the situation wouldn’t be so passive now!”

“I admit it!”

Fire Elder suddenly stood up from his position.

“I am mainly responsible for this matter, I didn’t expect the Dragon Family to be so cunning!”

“Now is not the time to talk about whose responsibility it is, but to find a way to change the passive situation!”

Wind Elder said.

“If we can press the foreign devil on all fronts, by then before his numbers are depleted, he will inevitably reveal his purpose, and we will have the manpower to be able to deal with it then! That’s what’s important!”

“I agree with the wind old man’s meaning!”

Li Lao nodded.

“Then what do you say!”

Fire Elder spoke up.

Wind Elder pondered for a moment and said.

“Take the blame!”

“Plead guilty? You’re asking me to ask Lin Ran for a guilty plea?”

Fire Elder was obviously a little angry.

“Do you have a choice? Put away your pride, we need him now! If we wait for the foreign devil’s purpose to be achieved, the Fire Family will cease to exist by then!”

Elder Feng scolded.

Fire Elder was silent.

Indeed, he had done so much whether it was to find the cooperation of the Dragon Family, or to resist the foreign devil for isn’t it victory!

Moreover, the situation has today’s situation, in the end, is also the result of his own initial decision-making mistakes.

But the thought of letting himself go to Lin Ran to plead guilty, his heart is a twinge!

“Let’s see, let’s wait and see, compress the engagement site all the way to the Sky Wolf domain and see the attitude of the foreign devil before we say anything!”

“If he’s still this crazy, then we can only find Lin Ran to ask for his guilt!”

Old Li opened his mouth to ease the situation.

Fire Elder’s face obviously looked better when he heard that.

“Fine! For the sake of the Mysterious Alliance, I can find Lin Ran to take the blame!”

“After three days, if the situation doesn’t get better, I will personally find Lin Ran to take the blame!”

“I’ll join you!”

Li Lao was also busy saying.

If there was any fault in what happened at the beginning, he, Li Lao, was also one of them.

.....

The great war domains, one after another, were closed off, leaving only the Heavenly Wolf Domain.

This is also the year from the beginning of the division of the war domain has been prepared.

The Blood Road to the Fey Devil Realm is located in the Sky Wolf Domain, so the other war domains are not as important as the Sky Wolf Domain.

When the war domain was designed back then, the Mystic Alliance had considered the problem in case of a miss.

So outside of the other battle domains, there were sealing formations, which once opened, it was impossible for the people inside to rush out.

Fire Elder closed all the great battle domains, and now the battlefield fighting with the foreign devil was completely moved to the Sky Wolf domain.

The general was quickly transferred, the same for the foreign devil, both sides seem to be unannounced, in tight preparation for the arrival of the final showdown!

.....

And at this time in Tamagawa City.

“Pavilion master, all the great battle domains are closed, whether it’s the mysterious alliance or the foreign devil, people from both sides have assembled to the foreign devil domain!”

The Grand Elder’s recent intelligence told Lin Ran.

Lin Ran heard a slight frown.

“It seems like a showdown is about to begin!”

“It should be, before getting the news that many people from the great war domains have defected, I’m afraid that a great war is coming!”

The Grand Elder also lamented.

“What about the Dragon Family?”

Lin Ran turned to ask.

“Still no movement, and no mutiny!”

The Grand Elder said.

“Hmm!”

Lin Ran nodded and got up and went to the window.

At this moment, it was snowing heavily outside, and the entire Coiling Dragon Mountain was white with snow.

Lin Ran looked at the heavy snow outside the window and didn't know what he was thinking in his mind, only his face was gloomy and terrifying.

I don't know how long it took, Lin Ran looked at the snow scene outside the window and suddenly spoke.

"The great war has begun!"

As his words fell, at the same time.

Far away in the Skywolf Domain, a strand of blood once again stained the earth, and the two sides' men and horses once again killed each other!
