

Doctor

Chapter 1491

This night is destined to be an extraordinary night.

Temagami City snowflakes, seems to be the best gift for the coming of the New Year.

But the people in the Coiling Dragon Mountain, the heart is as cold as the snowflakes.

Because they know that a big war is inevitably happening.

Intelligence was coming back every day, and the news that came back was as cold as snowflakes.

“Pavilion Master, the latest news!”

The Grand Elder in the living room had respect in his eyes.

“Speak!”

Lin Ran looked at the goose feather snow flying outside the window and said indifferently.

“Last night, the Mysterious Alliance and the foreign devils fought and killed the whole night, both sides lost a lot of money, the foreign devils lost a total of more than 50,000 people! And the Mysterious Alliance lost a total of 80,000!”

“This doesn’t include the people who defected last night!”

The Grand Elder said in a deep voice.

Lin Ran’s face was ugly as he listened with his brows furrowed.

“Pavilion Master, with all due respect, if this continues, I’m afraid the Mysterious Alliance won’t be a reality for a few days!”

The Grand Elder said.

Lin Ran did not answer when he heard that, but nodded his head.

He knew very well that the battle had developed to the bottom today, and the scales had actually tipped in favor of the foreign devils.

No one knew the current situation better than he did, not even the three Fire Elders.

Because they lacked one crucial judgment, that is, the Long and Yue families were also traitors.

This is the reason why they all still hold a glimmer of hope so far.

In their opinion if the situation continues to deteriorate, the Dragon Family will certainly also step in and take out their full strength, after all, we are all in a situation of prosperity and loss.

However, Lin Ran is clear, the dragon family and Yue family can not be relied on, it is very worth also have to mention put.

So the real situation, far worse than the Mysterious Alliance expected!

In the blink of an eye, another day had passed.

Although only a short day, but this day for the fire old man three, is undoubtedly very painful and difficult.

The battle in front of them was like a charm ringing out incessantly, stirring them up.

“Old man fire,? Can’t wait any longer, if we wait any longer we will definitely lose!”

On the side, Li Lao suddenly spoke.

“I know!”

Fire old man’s face was also very ugly, how could he not be aware of the situation at hand.

But let him go to Lin Ran to make amends, he just squirmed in his heart!

Old man Li naturally knew exactly what he was worried about and immediately said.

“Old man, I’ll go with you, can’t !! When a great calamity strikes, would Lin Ran not understand this?”

“Ai!”

Fire Elder sighed, there was a deep helplessness in his eyes, he knew that there was nothing he could do when things had reached the bottom of today’s development.

Originally, he was prepared to wait for three days, but now it seems that three days can no longer be waited for!

“Have you considered it?”

Wind Elder looked at the two, with an indescribable complexity in his eyes.

At the beginning, it was the two of you who left Chao Tiange and Lin Ran behind, and now it is still the two of you who are looking for him to come back, a big old man, and now you have to go and apologize to others.

It’s true what they say. If I knew it, why should I have done it in the first place!

“Let’s go!”

Fire Elder sighed helplessly.

“Ai!”

Old Li was also similar, and immediately the three of them left the Mysterious Alliance headquarters.

Just before leaving the money, Fire Elder gave another order.

Before the three of them came back, a group of generals of the Heavenly Domain could not respond to the battle and could only defend Heavenly City to the death!

And while this order was quickly conveyed, the three Fire Elder had already set foot on the road to Temperance City.

.....

Temperance City, Lin Ran sat alone on the balcony of the third floor.

At this time, his eyes were tightly closed and he was immersed in his perception of the Dao.

A period of time had passed since he left the hospital, but his perception of the Dao really had not been improving.

Lin Ran understood that if he wanted to improve his strength again, his perception of the Dao must break through.

His current strength has fallen into a bottleneck.

Relying on what can no longer be interfered with by external forces, only a further step forward in the Dao can allow his strength to refine.

“One step forward is a half-step extreme realm! But this step is never any clue!”

Lin Ran couldn't help but sigh.

“Be content with yourself, it's only been half a year since you determined the path! How much faster do you want to progress?”

The pillow book was not good-natured.

Lin Ran, however, shook his head and said.

“I said at the time of enlightenment, before I was pushed by strength, I was forgetting my heart!”

“But people ultimately live in the earthly world, not strong and how to breeze through this disaster!”

“This in itself is contradictory, both to cultivate and to adhere to the original heart, difficult!”

“The path of monasticism is like this, you understand now is not too late!”

The pillow book blandly said.

“Pavilion master! They're here!”

Suddenly a voice broke Lin Ran's sentiment.

His eyes snapped open, the helplessness in his eyes was instantly swept away, all there was now was sharpness!

“Open the seal and let them in!”

Lin Ran said.

“Yes!”

The Grand Elder immediately turned around and went to do it.

At this time to find himself, except for the Fire Elder three individuals, Lin Ran could not think of anyone else.

In fact, he was also waiting for such a day, but he just didn't expect the three Fire Elders to be so stubborn, and only when the Mysterious Alliance had lost so much money did they finally come to him.

He got up and walked towards the outside of the courtyard.

When Lin Ran arrived outside the courtyard, three figures were already standing at the courtyard entrance.

They watched Lin Ran come out, except for Old Man Feng, Old Man Fire and Old Man Li's faces were not too good.

At this time, Wang Yifeng and the others had also rushed over on the news.

One by one, they all looked at the three people in front of them, and their faces didn't look good either.

"Lin Ran!"

Feng Lao looked at Lin Ran and wanted to speak, however, Lin Ran directly waved his hand to stop him.

"I know the purpose of your coming, whoever suspected me in the first place is still making whoever speak up now!"

The three people were stunned at the words, and the faces of Fire Elder and Li Elder both changed, obviously a little angry.

"Lin Ran! It was Old Man who suspected you in the first place, but do you have to be so careful and calculating?"

Fire Elder couldn't help but speak up.

"I'm cautious? Calculating? If it were you, could you not be calculating?"

Lin Ran looked at Fire Elder, his voice icy cold.

"If that's your attitude, you three can go now! I, Lin Ran, am not a hero and I'm too lazy to save the world!"

"You!"

Fire Elder was so angry that his mouth was speechless.

"Fire Elder, you're done!"

On the side, Li Lao saw some dissatisfaction and spoke.

"Lin Ran you don't get angry, I was also at fault for what happened at the beginning, I am here to make amends to you first!"

"The great enemy is at hand, I still hope that you can ignore the past even if it is for yourself, you must still make a move!"

Li Lao said and bowed deeply at Lin Ran.

Only then did Lin Ran's face look a little better.

“Lin Ran! Fire Elder is this temper, his heart is good, at least it’s all for the Mysterious Alliance and everyone!”

Elder Feng spoke up and persuaded.

“Is that so? I want his attitude!”

Lin Ran’s expression was bland as he looked at Fire Elder.

Fire Elder’s face was very ugly, but in the end, he clenched his teeth and bowed at Lin Ran.

“I’m sorry! I was wrong before!”

Lin Ran saw this but laughed.

“Do you have sincerity?”

Chapter 1492

“You!”

Fire Elder was so angry that his face turned blue and he looked angry.

“Lin Ran you don’t go too far,? We are here to ask for your help today,? But don’t you forget that? If the Mysterious Alliance is finished, sooner or later, this Temperance City of yours will also be the land of the foreign devils!”

Fire Elder said angrily.

“So what? You think that’s enough to threaten me?”

Lin Ran laughed.

At the same time, he saw a wave of his palm, and a scroll of ten thousand miles of rivers appeared in front of him!

On top of this scroll, the mountains, rivers, grass and trees were as vivid as life, and more miraculously, there were actually insects, ants, birds and beasts inside, and these insects, ants, birds and beasts could actually move, Yan Ran was like a real world.

“This is ..... Small world!”

Wind elder saw this scene, immediately exclaimed out.

“How can you have a small world!”

Fire Elder and Li Elder were also not calm this time.

Small world, that is an absolute treasure, the cultivation world so far there is no legend who has a small world, even if there are some very powerful magic weapon contained within the.

But those magic artifacts contain what can only be called space, definitely not up to the standard of the world.

What is a world? That is a completely independent space, inside the Tao can not be complete, but enough to support the entire space, old, sick, mountains and rivers can be self-generated.

This is the world.

What about space? Just like a house, how you transform it is what it is, will not change on its own.

This is the essential difference between the two.

And have such a small space, Lin Ran simply do not need to worry about whether the foreign devil to kill, they hide in the small world, at most is trapped within the small world can not come out, but at least life perception lost worry-free.

“Do you think you can still coerce me?”

Lin Ran palm wave, immediately put away the painting scroll, this small world is naturally the pillow book inside.

Fire old man looked at Lin Ran, there was a deep helplessness in his eyes, he even felt a sense of powerlessness throughout his body, he had previously thought that Lin Ran would not be too much difficult to convince, after all, this matter is related to the survival of everyone.

Now it seems that this matter is only related to the survival of the Mysterious Alliance, and Lin Ran does not have half a relationship.

Because people have small worlds!

“Your opportunity is indeed enviable!”

Fire Elder said helplessly.

“Tell me, how exactly will you be willing to help!”

Fire Elder looked at Lin Ran with determination in his eyes, as if he would agree to whatever Lin Ran asked for.

“It’s easy to get me to do something! Take a slap from me and promise me one condition! I, Lin Ran, will make a move!”

Lin Ran looked at Fire Elder and said blandly.

“No problem!”

Fire Elder was immediately happy when he heard that, receiving a slap from Lin Ran was not at all painful for him.

There was only one condition that worried him a bit, but with Elder Feng and Elder Li around, it was obvious that he wouldn’t let Lin Ran bring up conditions indiscriminately!

“Yes!”

Lin Ran smiled.

“Then first take a slap from me!”

The face eyes suddenly ice-cold, followed without warning raised his hand is a palm towards the fire old slapped over.

This slap out, instantly the world is quiet, as if the surrounding sounds are swallowed up by this slap.

The crowd only see, palm waving over, in mid-air is actually left a shallow white shadow.

The palm shadow quickly enlarged,? And then slapped towards the fire old man.

“Hmm?”

The surrounding crowd only felt that this slap was very extraordinary.

But the fire old man who was in it was a face change.

“This slap! It actually .....

The fire old man dare not be arrogant, raised his hand and waved a ray of flame fiercely flew out, actually formed a palm of the shadow, towards Lin Ran’s attack on the face.

“Fire old man you are crazy!”

Seeing this scene, both Old Man Li and Old Man Feng’s faces changed.

They had come to seek Lin Ran’s help, but it turned out that Fire Elder had actually used the Dao Fire attack Yu Chang’s puppet body was able to resist it.

But how could Lin Ran carry it!

For two people’s rebuke, fire old deaf ears, he knows better than anyone the terrifying Lin Ran this slap.

Manipulating the Dao fire slap shadow, he instantly collided with Lin Ran’s attack.

“Bang Bang Bang!”

The two slaps collided together and a series of roars erupted in an instant.

The crowd then saw that the two palms collided with each other and then actually annihilated at the same time.

“Bang!”

With a loud sound, the two palms disappeared in mid-air without leaving a trace.

“This!”

Seeing this scene, Fire Elder and Li Elder’s faces immediately changed.

The fire old man was using dao fire, no matter how strong Lin Ran? It was impossible to resist in the face of dao fire!

But the situation in front of them was that neither of the two men’s attacks were able to help anyone.

“Lin Ran? You broke through?”

Feng Lao was the first to react and looked at Lin Ran and asked.

“This is not a second!”

Li Lao, who was on the side, was also busy speaking.

“If Lin Ran has also broken through to the Half-step Extreme Realm, then he can’t make a move!”

Elder Fire and Elder Wind could not help but frown at their words as well.

Indeed, although the Mysterious Alliance and the foreign devil had been fighting for so long, yet the real leaders of both sides had not moved.

Because everyone understood that once they made a move, it would be the final showdown, so none of them dared to make a move easily.

Originally they were counting on Lin Ran to fill the gap in the middle tier strength, but now the strength Lin Ran showed was a surprise and helplessness to them.

If Lin Ran broke through to the half-step extreme realm, it would certainly be beneficial to the final duel, but the current situation was somewhat uncontrollable.

“Come on, don’t think too much! I haven’t crossed into your level yet!”

Lin Ran saw the three people’s faces gloomy and uncertain openly said.

“Did not reach down to our level?”

The three of them were happy when they heard this, and only then did they breathe a sigh of relief.

The Fire Elder was the most relieved, Lin Ran’s strength did not reach his own level, then the threat to him was still small.

If he really reached the half-step extreme realm, I’m afraid that with Lin Ran’s character, he was bound not to give up so easily with himself.

“Okay, Lin Ran! I’ve already taken this slap, let’s talk about your conditions next!”

Fire Elder sighed in relief and looked at Lin Ran and asked.

Lin Ran smiled lightly, through the slap just now, the resentment in his heart has been eliminated quite a lot, but also can see how big the gap between himself and the fire old three people in the end, the following also do have to talk about the conditions of cooperation.

“My conditions are very simple, let the people of the Dragon and Yue families can not touch the position, even just a squad leader can not! Also let them leave the Skywolf domain not to participate in the war!”

Lin Ran spoke.

“This .....

Hearing Lin Ran’s request the three were silent.

Lin Ran would be in the situation he was in today, and the Dragon Family and the Yue Family could not be unrelated.

Now Lin Ran backhandedly sanctioned them and was in the process of cleaning up, but now the Mysterious Alliance already had a small number of people, and if they were to throw away the Dragon and Yue families, the number would only get smaller.

Fire Elder frowned and hesitated for a moment, then suddenly a glint of brightness flashed in his eyes and spoke.

“No problem! This condition, I agree!”

#### Chapter 1493

Lin Ran’s conditions may seem painless, but in the Fire Elder’s opinion is a bit petty.

And now that the enemy is at hand, it is the time to use people, he naturally does not want to really push the Long family away, this is also in order not to make the same mistake as the previous phase pass.

At the beginning, for the sake of the Dragon Family, he fell out with Chao Tiange and Lin Ran.

Now to come to beg Lin Ran, if because Lin Ran in offended the Dragon family and Yue family, once Lin Ran also do not contribute, then he Mysterious Alliance will then be in the same situation.

And fire old smart on smart in that he can fold a middle.

In the team led by Lin Ran, do not appear in the dragon family and Yue family, but others led by the team is to appear.

This can make Lin Ran surface can not see the clues, but at the same time can not offend the dragon family and Yue family, can be said to be two birds with one stone.

“Little friend Lin Ran, since your two conditions, one of which we have already done, and the other is fine, I wonder when you can leave with us!”

Li Lao asked busily.

“Yes Lin Ran, the situation in the Skywolf Domain is tense now, we can’t leave for a long time either!”

Elder Feng was also busy saying.

Lin Ran glanced at the two indifferently, and then said.

“We’ll leave in an hour!”

“Good!”

The three people were instantly happy when they heard that.

Lin Ran, on the other hand, ignored the three and turned around to return within the villa.

A few moments later, within the villa.

“Are you really going?”

Song Nuan four women came over and looked at Lin Ran with reluctance in her eyes.

“You guys know, I am duty-bound!”

Lin Ran said, and there was a trace of guilt in his eyes.

He knew that he owed the four women too much, but at this time he was unable to make up for it.

“We all understand!”

Song Nuan spoke.

“We won’t stop you, but we hope you can grant us a request!”

“What request?”

Lin Ran asked with a start.

“Take us with you!”

There was determination in Song Nuan’s eyes.

“This .....

Lin Ran was just about to say no back, but Song Nuan spoke again.

“Please don’t refuse! If you really care about us!”

“Ling Sa and Long Ya are both cultivators, can always be by your side, more able to fight side by side with you, some wielding we are envious of both of them!”

Qin Bing suddenly spoke.

“We waited for a full four years in Wuzhen before! We don’t want to wait!”

Luo Qiqi also said.

Su Rou finally stood out and said.

“So we have thought about it long ago, we don’t want to be a lookout, we want to go with you, even if it means dying we are willing to do it!”

“You guys!”

Lin Ran looked at the four women, for a moment, could not find the words to refute them.

He is going to the battlefield, taking them with him is indeed a bit inappropriate.

But .....

Lin Ran was silent, he thought a lot, and finally compromised.

He knew in his heart that it was very unfair to them to leave again and again, he had been unable to split up because of Wang Kun and the Mysterious Alliance.

But is this fair to them?

They were now so aggrieved that they only wanted to follow themselves, what reason did they have to refuse?

“Pack up, we’re leaving in an hour!”

Lin Ran squeezed out a smile, not dwelling on it, want to go, just go! At least there is the protection of the pillow book small world, he can also feel a lot of peace of mind.

Wang Yi life Ling Sa and others knew that Lin Ran was ready to leave.

At that moment, they each packed up their things and waited in the courtyard early.

An hour later, Lin Ran walked out of the villa alone, and at this time, the four women of Song Nuan had already entered the small world.

Lin Ran gaze swept through the crowd and found that Long Ya and Long Da Long Er were also listed, they wore clothes engraved with the words of the Long family, looking very different from the good Long Yu and others.

It seems to prove that there is also a good faction of the Dragon family.

Look at the crowd in front of you, Lin Ran suddenly feel their shoulders so heavy so heavy, this time and their departure together with these people, also not this are a few can return safely.

The face of the great war, even Lin Ran heart is not absolutely sure.

But there is no certainty to go, although he has the pillow book of the small world, but after all, the Earth is his home.

“Let’s go!”

Lin Ran gave an order and instantly took all the people in front of him into the small world.

And then, together with the three Wind Elders, they headed straight for the Sky Wolf Domain.

.....

Skywolf Domain! The battle was still going on!

The snow in the outside world has nothing to do with here at all, not to mention the snow here, even rain is a luxury, almost all day long.

And at this time in the Sky Wolf Domain’s Heavenly City, originally built on the mountain, the Heavenly City has been expanded by as much as five times, but also the entire mountain peak behind the circle.

No way, now the entire warring places moved to the sky wolf domain, where the stationed soldiers have reached hundreds of thousands, if not expand the scale, naturally can not live.

And at this time in the back of the sky city only on the mountain, four figures appeared out of thin air, it is Lin Ran and wind old four people.

Looking at the familiar Sky Wolf Domain in front of him, Lin Ran's heart suddenly rose with a burst of emotion, after half a year's time, he finally came back.

"Let's go!"

Feng Lao greeted, ? Immediately, he led Lin Ran and the others straight to the Heavenly City.

A few moments later, inside the City Lord's Mansion.

Liu Feng stood by the side respectfully, while in front of him at this moment, the three Feng Lao were sitting on top of the main seat.

"Brother Lin Ran! Welcome back, if the generals in the city knew you were back, they would be very excited!"

General Liu Feng said excitedly.

"Thank you!"

Lin Ran smiled lightly, with calmness in his eyes.

"Liu Feng, Lin Ran has returned, next you are responsible for guarding the Heavenly City, leave all the offensive matters to Lin Ran!"

Fire Elder spoke.

"Understood!"

Liu Feng respectfully saluted.

"Tell us about the situation!"

The Wind Elder on the side spoke.

Liu Feng didn't dare to talk nonsense, and immediately introduced.

"Now there is an army stationed fifty miles outside of Heavenly City! It's the enemy's first layer of defense, and the general is a wisp of the Sanyuan Daoist's doppelganger!"

"And at a hundred miles, there is another army, the second layer of defense, and the general is still a diversion of the Sanyuan Daoist!"

"But at while a hundred miles, there is a third defense, and the general is his original spirit!"

This is the situation we have scouted so far, further back there are no enemies we do not know!

Wind Elder nodded at his words, and then looked at Lin Ran.

Fire Elder and Li Elder also did not speak all have looked at Lin Ran.

Lin Ran palm tapping on the table, his eyes cold do not know what is thinking!

After a moment, he suddenly opened his mouth and said.

"How is the enemy's calling pattern?"

“Once every six hours, never brief! And every night at twelve o’clock, it will attack the city on time! We have resisted twice!”

Liu Feng said.

Lin Ran nodded at his words, and then spoke.

“Since the military power has been handed over to me! Then I hope that when I do something, no one will be telling me what to do!”

As he spoke, Lin Ran turned his head to look at the Fire Elder at the side.

“Don’t worry, since I invited you back, I naturally trust you!”

Fire Elder said in a cold voice, but there was absolute trust in his words.

Chapter 1494

“That’s good!”

Lin Ran had blandness in his eyes, and then he got up and said.

“I’m going back to South City, have the commanders of the armies come see me later!”

Lin Ran said and turned around and left the place.

Feng Lao and the three people just looked at Lin Ran’s back as he left all without speaking.

.....

South City, or as good as before, after Lin Ran chose to leave, the South City’s commander became Fire One Sword’s.

And since Fire One Sword broke an arm, the whole person became more cold and stern as well.

“Lin Ran!”

Seeing Lin Ran return, a smile also appeared on Fire One Sword’s normally cold cheeks.

In the absence of Lin Lin and Lin Ran, he truly experienced what is called a heavy burden, especially the recent outbreak of waves of attacks from the foreign devils, this burden has almost taken his breath away!

“Good job!”

Lin Ran patted Fire Sword’s shoulder, with admiration in his eyes.

Fire One Sword was his friend and did not retreat in front of the great battle, worthy of his admiration.

“This is for you!”

Fire One Sword fished out the Southern City Commander Order from his waist and handed it to Lin Ran.

“From today, I can finally take off this heavy burden!”

Fire One Sword laughed, it was a smile from the heart, Lin Ran could feel it.

“How is the situation in Heavenly City nowadays?”

Lin Ran pulled Fire One Sword to do down, soon Li Mu Di also came, and the people began to chat about the current situation.

“Lin Ran, you don’t know! The current Heavenly City can be said to be a five-legged triumph!”

Li Mu Di, who was at the side, busily said, while taking out a map of Heavenly City.

“Look!”

Li Mu Di pointed at the map and said.

“The original range of Heavenly City is still under the command of General Liu Feng, except that all the generals under him have been placed under the command of South City, which is Fire .... Not is your people!”

“It is also our beloved!”

Subsequently, Li Mu Di pointed to the other four directions and spoke.

“These other four directions, is the four generals who later arrived later to build the city, each of them have heavy troops in hand, and their strength should not be underestimated!”

“That’s right!”

Fire a sword nodded, and then added.

“Although now on the surface, is Liu Feng is responsible for the command, but really fight, Liu Feng can only manage their own troops, the other four do not listen to him at all! Together with the traitorous clump, otherwise this great war will not be so heavy losses!”

“Well!”

Lin Ran nodded his head, and then asked.

“Who are these four people!”

Li Mu Di smiled and immediately returned.

“The new general of the Fire Dragon Domain, Feng Linglong, respectively! This person is a strange woman, very beautiful-looking! And very good at the scheme of attacking the heart!”

“This person is a martial artist, very good at fighting and very domineering! Is a tough fight!”

“Then is the blood soul domain qibao, this person is the mysterious alliance within the highest reputation of a person, if not for your sudden return, I am afraid that can sit in this three army commander is him, this person is strong, good at leading the war is a talent!”

“The last is the heavenly fire domain’s guard general, fire halberd! Although this person is a fire family, but there is no blood relationship with the fire family, is when the fire old take in an orphan, given the fire surname!”

Li Mu Di told the identities of all the people one by one, and finally reminded.

“You should pay special attention to this fire halberd, he and the dragon family go very close, before the mysterious alliance and the dragon family cooperation, it is his heavenly fire domain as a trial place, and the dragon family to start the cooperation!”

“Hmm!”

Lin Ran nodded his head, with thought in his eyes.

“Feng Linglong, Wu Lian, Qibao and the fire halberd!”

These four people, each special belt you, but the two that impressed Lin Ran the most were Feng Linglong and Qibao.

The latter Qibao, when Lin Ran was still in the Wolf domain as commander, heard the name, indeed a legend, worthy of admiration!

And this wind Linglong, Lin Ran always felt that he had seen it somewhere,? But a time is a little can not recall, just a name to know is the wind old this lineage of people.

Wind old man’s heart Rin Ran clear, natural can also be assured.

The only thing left is this martial-arts-obsessed Wu Lian, and that fire halberd that has a relationship with the Dragon Family.

“No hurry! Now go do the first thing first!”

Lin Ran suddenly spoke.

Fire Sword and the others stood up at that moment, each with a respectful look on their faces.

“Mm!”

Lin Ran nodded, and then said.

“From today onwards! South City Commander is still Ling Sa! Does anyone have an opinion?”

Lin Ran’s gaze swept over the crowd.

Not a single person shook their head, obviously the crowd was expecting the same.

“Good! Ling Sa takes orders!”

Lin Ran opened his mouth and said.

“Present!”

Ling Sa arched her hand and said.

Lin Ran flipped his palm and a packet instantly appeared, with no idea what was wrapped inside!

Then, only to see his palm waving again, Qin Bing had appeared in front of the crowd.

He had just arrived at the Skywolf Domain, and the situation had not yet been mapped out, so he did not let Song Nuan and the others out for the time being, right now he only needed Qin Bing's help before letting her out for the time being.

"You take Qin Bing, this medicine will be boiled enough for hundreds of thousands of people to drink out of the potion, time tonight before 10 o'clock! If you don't know anything, ask Qin Bing! This matter except for a few of you, no one else must know!"

Lin Ran said in a loud voice.

"Understood!"

Lin Lin respectfully received the order, and immediately took Qin Bing and Fire One Sword and the others and left.

"Leng Xuan!"

Lin Ran then continued.

"Present!"

Leng Xie arched his hand.

"You three are responsible for scouting for information as before, the Chao Heavenly Pavilion has sent people over to help you, I don't care about others, I must get the latest and most accurate information!"

"Understood!"

Leng Zhan three people immediately led the order to leave.

"Ranzi what about us?"

Wang Yifeng and Li Sheng asked, busy coming up.

"You guys go help Ling Sa, make sure the herbs are ready by ten o'clock tonight!"

Lin Ran said.

"Good!"

Wang Yifei and Li Sheng did not talk nonsense, immediately retreated, Long Ya and Li Ba saw this also followed.

In fact, Lin Ran didn't even tell anyone that Wang Yifei's girlfriend, Xiao Cui, was also in his own small world at this time, a decision made after Wang Yifei and Xiao Cui had discussed it.

They didn't want to be separated either.

"Wolf Fighter Yu Chang! You two go wait at the entrance of the commander's residence, when the four generals arrive, have them wait at the entrance!"

Lin Ran spoke.

"Yes!"

The two of them immediately came to the door, as if they were two Luohans, not moving a muscle.

After arranging the people, Lin Ran then waved his palm, and a figure appeared beside him again, and it was none other than Huo Yan.

“Something?”

Lin Ran looked at Huo Yan asked, this half year Huo Yan has been staying in the small world, obviously for coming to the outside world, to see the fire family head Huo Lao is like this, he was very disappointed.

“I want to participate in the war!”

Fire Yan opened his mouth and said.

“You’ve thought about it?”

Lin Ran asked.

There was determination in Huo Yan’s eyes.

“I’ve thought about it! Fire Elder I don’t trust him, so to save the Fire Family of the Fey Demon Domain, I can only rely on myself!”

“If one day in the future I can kill the Fey Demon Realm, I hope you can help me!”

Fire Yan looked at Lin Ran with a plea in his eyes.

Lin Ran nodded his head, and then said.

“Go! Find Ling Sa! From today onwards you are also a member of South City!”

“Mm!”

There was a light in Fire Yan’s eyes, and then he turned around and left the place.

Chapter 1495

Heavenly City soon shook because of Lin Ran’s arrival.

The four generals located around the Heavenly City also all quickly learned of the news and received the news to go to the South City to meet Lin Ran at the same time.

“Bang!”

Inside one of the generals’ mansions, Fire Halberd crushed the teacup in his hand with a handful of anger and disdain on his face.

“Lin Ran! He’s nothing, and he dares to ask me to pay him a visit!”

Fire Halberd coldly snorted.

“My lord! It is said that this time Lin Ran came with the three elders, so I’m afraid they know about this too, if we don’t go, isn’t it a bit .....

A man next to him mentioned.

“Humph! Three elders? Don’t take three elders also to pressure me, the real battlefield to fight the war is not the three of them!”

Fire halberd eyes have anger.

“Then what should we do?”

The man had some difficulties.

The fire halberd thought for a moment, and then said.

“Let’s stay put and see what that loser Wu Lian says!”

“Yes!”

His men heard this and went to make arrangements.

At the same time, in another place, Wu Lian was sweating all over and walked down the martial arts field.

He spent his days practicing martial arts, even when there was no war, he spent all his time in practicing martial arts, in his life only practicing martial arts, “martial arts” has become a part of his life.

“Lord, this is the latest news from the city!”

Just walk down the martial arts field, next to a guard came over with a letter.

Wu Lian did not say anything, directly opened the letter and read it, then the whole person’s eyes fiercely changed, there were actually two bright lights shot out.

“Lin Ran is here! Good to come!”

Wu Lian was so excited that there was an undisguised battle intent in his eyes.

“Come on people! Get ready, leave for South City in ten minutes to meet Lin Ran!”

Wu Lian shouted.

“Yes!”

The handlers respectfully led the order and left.

And almost at the same time, Feng Linglong and Qibao also received the news to go to see Lin Ran.

The two of them didn’t have any special reaction, they packed up and set off right away!

A few moments later, the general’s residence where the fire halberd was located!

“Bastard!”

Seeing the information sent by his men, there was anger in Fire Halberd’s eyes.

“This Wu Lian is really a waste, before and old me a hundred pestering tough tough, did not expect Lin Ran came to actually immediately goose!”

“Then, my lord, we go? They all three went!”

A henchman next to him asked busily.

“Nonsense!”

The fire halberd glared at him without good grace and said in a cold voice.

“All three of them are going, if I don’t go and that kid catches a hold of me, won’t I have to wear small shoes!”

“Yes, yes!”

The man was scared in a cold sweat, busy to compensate for the smile.

The fire halberd is looking at a slight frown, chided.

“Yes still do not go to prepare, what are you waiting for! Want to go to see the king of hell ah!”

A roar, immediately scared that the men were busy running out.

Ten minutes later, the South City of Heavenly City.

Fire Halberd, Wu Lian, Feng Linglong and Qibao all arrived here.

However, when they prepared to pay their respects to Lin Ran together, they were met with a closed door.

“Boss said to tell you guys to wait here, no one is allowed to go in and disturb without his order!”

Wolf Ba looked at the four people in front of him and said blandly.

Yu Chang, on the other hand, simply did not even bother to look at the four people in front of him.

The four people were all stunned at the words, and the fire halberd among them could not hold down his temper a bit.

“Let us wait here? What do you mean? Won’t you guys go in and inform!”

“Sorry, the boss didn’t say inform, obviously he just doesn’t want to be disturbed, so you guys should just wait here!”

Wolf Ba laughed blandly.

“You!”

Firebolt was furious, and immediately said in a cold voice.

“I think Lin Ran is just taking a chicken feather as an arrow, you dog’s leg also fucking do not know the sky is high, let Laozi the four of us come to pay respect to him, is already considered to give him face, and still posing with Laozi, I think you do not know the power!”

The fire halberd said the whole body trembled, suddenly the whole person fierce power straight to the wolf bully and rushed forward.

“Well! How dare you be reckless in South City!”

Wolf Ba saw the situation eyes fierce cold, Ming hand a big sword swinging out in the air, instantly a force towards the fire halberd on the chopping over.

“Hm?”

Seeing Wolf Ba’s strike, Fire Halberd’s face immediately sank, busy a dodge to dodge over, however, this knife mane almost stick to his back chopped over, instantly split his back clothes to a large slit, appear extremely wretched.

“Good knife skill!”

The side has not spoken Wu Lian saw wolf Ba this slash, immediately eyes revealed surging battle intent, the whole body fierce force actually also towards wolf Ba rushed over.

The time is late, Wu Lian is extremely fast, in the blink of an eye has almost arrived in front of Wolf Ba, his bare hand and fist towards Wolf Ba’s face smashed over.

Wolf Ba’s face changed greatly and he hurriedly raised his sword to block.

“Bang!”

In the next moment, a huge force blasted directly down the blade’s body and hit Wolf Ba’s chest.

Even with the slowing down of the blade, the huge force still threw Wolf Ba’s whole body directly up.

And just when Wolf Ba was about to be lifted off by the huge force, suddenly Yu Chang opened his eyes, he took an arrow step to press Wolf Ba down alive, which did not hit the back of the commander-in-chief.

Then he took an arrow step to meet Wu Lian and rushed up.

The same is also a punch, but Yu Chang this punch is the power within, simply can not see the reality.

“Good timing!”

Wu Lian is definitely a martial arts nerd, he has long heard of Yu Chang’s reputation, at this time can fight with the latter, naturally let him excited.

The palm of his hand once again clenched his fist, following which Wu Lian met Yu Chang with a fist.

“Bang!”

A huge force instantly burst.

However, this time, Wu Lian’s absolutely confident power was a disappointment to him.

This fist blast out, as if blasted on a ten thousand feet big mountain only, Yu Chang actually did not move at all.

On the contrary, his Wu Lian, the whole person is actually instantly backward fly out.

Fortunately, the Qibao on the side saw the situation and stopped Wu Lian, so that he did not fall from the city wall.

“Come again!”

Wu Lian fighting spirit, just want to continue to make a move, Yu Chang is the eyes of ice cold said.

“If you dare to strike, I will kill you!”

“You!”

Wu Lian immediately eyes cold, he just warlike but who thought that Yu Chang actually opened his mouth to kill him, which makes him also can not help but some anger up.

Yu Chang but blandly looked at him, his voice cold.

“Put away your anger, I want to kill you as easy as a hand!”

The four generals in front of him had a change of expression.

In front of the strength of Yu Chang, they are really once the opportunity is not.

“You should be Yu Chang, right?”

Qibao looked at Yu Chang and suddenly spoke.

“That’s right!”

Yu Chang also did not conceal directly admitted.

Qibao nodded and opened his mouth and said.

“Since we were told to come and pay respects to Lin Ran, when exactly will he summon us!”

“That’s right! When will he see us, what kind of big head is he pretending to leave us hanging here!”

The fire halberd was furious.

However, in the face of their inquiries, Yu Chang smiled blandly and said with icy cold eyes.

“I don’t know! You guys just wait here for the boss to take the initiative to summon you! Otherwise, I will kill whoever dares to barge in today!”

Chapter 1496

“You!”

The fire halberd smelled so angry that he turned around and was about to leave.

Thinking that he was also the great general of the hall guard, to put it in a bigger way, he was an existence equal to Liu Feng.

Above them, only the three elders of the Mysterious Alliance could press one head.

But now?

The other side actually did not show up at this time, which made his heart very upset.

“What is he, he dares to make us thick at the door here, are you guys not angry at all?”

The fire halberd said angrily, while looking at the other three.

However, Feng Linglong and Qibao ignored him and stood by themselves at the door without moving, as if they were really waiting for Lin Ran to summon them.

The fire halberd looked at the next Wu Lian, at this time, only Wu Lian face with anger, but he also did not say a word do not know what is thinking.

“Wu Lian, don’t you martial arts idiots get angry?”

Fire halberd heart some reluctance, he would like to fling his sleeves and leave, but at this time the wind Linglong three people have no intention to go, let him leave alone, his heart is really some bottom.

At this time can’t help but want to pull on Wu Lian.

“Angry!”

Wu Lian said in a cold voice.

“Then why don’t we just go, he Lin Ran really thinks he is something!”

The fire halberd sniffed a happy busy said.

However, Wu Lian smiled blandly and said.

“I’m not leaving, I still have to wait for him to come out and fight with him!”

“You!”

Fire Halberd almost did not gasp when he heard that, the feelings of this martial arts fool is really not covered, actually want to wait for Lin Ran to come out, and fight him!

“Ai!”

Fire halberd angry, only he himself where he dared to really go, four generals then if only he left, the mysterious alliance blamed down that can be he alone bear, he did not want to do this out of the bird.

Thinking about it, he could only swallow his heart’s discontent and wait up.

When the four arrived here, but a little more than four o’clock in the afternoon, and this wait is a full six hours.

During the fire halberd angry pacing back and forth, several times are ready to directly shoot the buttocks to leave.

But finally endured.

But his face is very ugly at this time, as if eating flies.

And in these six hours.

Liu Feng is located in the main city when the crowd, fire old three people are also aware of the situation.

Just the three of them did not say anything, since before Lin Ran have said, looking for him to come back don't care how he wants.

The three of them naturally would not say anything more, and this clear-eyed people can also see that Lin Ran is just establishing his prestige.

“LOL!”

Finally, when the time reached ten o'clock at night, the door of the commander's residence, which had not been moving, was finally pushed open from the inside.

At the same time, a figure stepped out from inside, if not Lin Ran or who else.

Seeing the four people at the door, Lin Ran's expression did not change, he came straight to the door, standing in the middle of Yu Chang and Wolf Ba, looking at the four people in front of him indifferently.

Lin Ran was suddenly stunned, his gaze fell on one of the women, and at the same time, Lin Ran's mind quickly recalled the scene when he first met with Feng Linglong.

That was the first time Lin Ran met with Feng Linglong when he went to the Ten Thousand Treasures Spell Formation, but Lin Ran only knew that she was a member of the Feng family.

But I didn't expect that now she actually appeared here as well.

“Seeing that this war is already about to be fought the three elders are pulling out their family's money!”

Lin Ran said in his heart, Feng Linglong would never appear here on a normal day, and the fact that she appeared here at this time was enough to show that the Mysterious Alliance no longer had anyone capable of holding the position of general, and could only choose someone from the three elder families.

“Commander Lin, you're so powerful!”

Seeing Lin Ran come out, Fire Halberd took the lead, he had been holding his anger for a long time, and naturally, he spoke very nonchalantly.

“What are you shouting at me for? Give you one more chance to correct!”

Lin Ran looked at the fire halberd, and a stern look flashed in his eyes.

“What? Did I shout wrong? If I remember correctly, back then you Lin Ran was a commander of the Sky Wolf Domain, right? And I have four commanders sitting down in the fire halberd, do you want to see .....”

The fire halberd sneered, these words are obviously mocking Lin Ran, is only on the same level as the commander of his own men, what qualifications to pose with himself.

Just before he finished his words, at once Lin Ran's arm waved, a strong qi has directly lunged towards the fire halberd.

"Still make a move? You really think I'm afraid of you!"

The fire halberd saw the madness in his eyes, and his fists swung violently to meet the strong qi.

"Bang!"

A muffled sound, but the next moment the fire halberd is actually directly backwards fly out, not even a little wave up the whole person has fallen to the ground.

The fire halberd's heart was shocked to find that he was not injured, it is this fall down the posture is very ugly, obviously Lin Ran did not intend to hurt himself, just to make a fool of himself.

"Lin Ran you!"

The fire halberd got up and looked at Lin Ran, his old face reddened.

"You were told to come and pay your respects to me today! Do you think I'm still just a commander?"

Lin Ran said indifferently, while sweeping his gaze over the four people present, and said in a cold voice.

"Listen to me clearly, from today onwards, the four of you are at my disposal, the lord of these three armies is me, Lin Ran!"

"Who has an opinion! Bring it up now!"

Lin Ran's voice boomed, resounding throughout the South City.

"You!"

The fire halberd was so angry that his face was ugly, gritting his teeth, ? Letting him follow orders with Lin Ran was undoubtedly as unpleasant as eating a fly.

But at this time, wind Linglong and others are not talking, for a time he did not know what to do.

"Do not speak! I'll take it as your default! In the future, if you talk nonsense with me, military justice will be dealt with!"

Lin Ran said in a cold voice.

Suddenly at this point, Feng Linglong spoke up.

"I have no opinion!"

"You!"

The fire halberd looked at Feng Linglong, there was anger in his eyes, this stinking bitch only where to actually already surrendered.

But think about it, this wind Linglong is the wind family, and the entire Mysterious Alliance to say and Lin Ran the nearest elders that can only be the wind elder.

So wind Linglong does not oppose Lin Ran is also cleaned up in.

"I also have no opinion, but I would like to ask a question, is this your own intention, or the three elders' intention!"

On the side of Qibao also opened his mouth to ask, his eyes bland, but through an invisible majesty!

"It's both my intention and the three elders' intention!"

Lin Ran looked at Qibatsu and said indifferently.

Qibatsu was a legend in the Mysterious Alliance, and he had heard of it, and at this time, seeing the real person could not help but be a little curious, but this was not the time to talk about this.

"I have no problem with that either! But I have a condition!"

Suddenly, Wu Lian on the side spoke up.

"Say!"

Lin Ran's expression was bland.

"If you want me, Martial Refinement, to follow your orders, then you have to fight me and beat me!"

Wu Lian said fervently, back when he was still in the Refining Fire Domain, he had heard of Lin Ran's name, only that at that time, Lin Ran was still just a commander.

However, it had only been four or five years, but Lin Ran's fame had already surpassed him, which made him hold an energy in his heart, wanting to spar with Lin Ran.

Lin Ran blandly looked at Wu Lian, did not speak! Instead, he turned his head to look at the fire halberd.

"What about you? What's your opinion directly!"

Chapter 1497

"I ..... Me!"

The fire halberd was a little overwhelmed by Lin Ran's question, and he didn't expect Lin Ran to ask himself that.

Saying that he was also unconvinced? To fight Lin Ran? That would definitely not work.

Just now Lin Ran's wave of energy, he did not resist, so it is clear that the other party's strength is much stronger than his own, and at this time there is Wu Lian this stupid head, he naturally do not want to participate in it.

In case Lin Ran is really strong, and will hold a grudge to scrap himself, then it will be really late for everything.

Thinking of this, the fire halberd had a bright idea and spoke.

"I also think it's not right, I do not oppose the third elder and you want to command the three armies! After all, doing war still needs a presidential order!"

"But I don't think this person should be you!"

The fire halberd said looked at Lin Ran, afraid that this guy suddenly shot out to beat himself up.

However, Lin Ran just looked at him without saying a word, apparently to let him continue to say.

The fire halberd bravely continued.

“After all, you have not participated in the war for half a year, from the three months of bitter battles to the subsequent sudden army of foreign devils, you have not participated in these wars, so I think it is a bit inappropriate to let you command the three armies!”

“I think even if we want to recommend the commander of the three armies, we have to be elected from us in public, whether it is me or Wu Lian Feng Linglong or Qibao or even Liu Feng, are more suitable than you!”

Fire halberd finished no more words, gaze firmly looking at Lin Ran, their own only mouth to say dissatisfaction can not be to do, think Lin Ran will not do.

“Finished?”

Lin Ran looked at the fire halberd voice bland.

“Finished!”

The fire halberd said forcefully.

“Good!”

Lin Ran nodded, and then swept his gaze over the crowd, and then he spoke.

“When I was still in the Fey Demon Realm, a three-month war broke out, the first month! The Long Family crowd entered the war domain where your fire halberd is located, and a total of seventy-three battles, large and small, were fought in this month!”

“The foreign devil side lost 50,000 men! And the troops led by your Fire Halberd lost a full 80,000 men!”

“You!”

Fire Halberd’s face sank when he heard that, these figures had not even been counted by himself, but Lin Ran was actually opening his mouth.

“The second month, the dragon family took over one of your commander-in-chief position, the whole month down in addition to the commander-in-chief and a few hundred close to the forbidden guards, all others died in battle!”

Fire halberd smiled a few more ugly face, when this matter he in order to conceal, from other commander-in-chief under dropped people in the past, which was not discovered by the mysterious alliance, but Lin Ran actually so clear.

At this time, the fire halberd also could not help but to change his face when he heard the words.

“The last month, you fire halberd and the fierce battle down with the foreign devil, a total loss of 30,000 people, but the number of people who defected alone is as many as five thousand!”

Lin Ran continued.

“Then came half a year of restoration, and the Mysterious Alliance gave you additional troops!”

“But what was the result? A full 300,000 dueling troops, how many people did you end up bringing out with you? If I counted correctly less than 100,000 right! I’m afraid that’s all the people you have in your account now!”

“Have you counted how many more people defected before you came out?”

“You!”

Fire halberd angry pass mouth speechless.

“You have not counted! Let me tell you, just from your fire halberd ministry defected no less than 40,000 people!”

“You tell me that I do not understand, do you understand yourself? I’m afraid you don’t know as much as I do!”

Lin Ran’s gaze burning look at the fire halberd, for a time is actually looking at the fire halberd dare not look at it.

“Guard general to do you this, also really enough failure! I Lin Ran is only the commander of the three armies, if I were in charge of the Mysterious Alliance, you would have been sentenced to death! So many soldiers’ lives were buried in your hands, and you still lick your face to tell me here that I don’t understand! Do you fire halberd understand?”

“Me! You!”

The fire halberd was so angry that he couldn’t catch a word, he wanted to refute Lin Ran loudly, but he found that he didn’t know as much as Lin Ran, so how could he refute.

“Changing command in the midst of a great enemy is a big no-no, that’s why you can stand here and talk to me! Next time think about whether your words are a joke before you open your mouth!”

Lin Ran’s eyes flashed a trace of ice cold, scaring the fire halberd did not dare to open his mouth.

Then Lin Ran fell his gaze on Wu Lian.

Wu Lian saw a hot in his eyes and opened his mouth.

“I know my situation very well, as long as I can beat me, I Wu Lian absolutely follow your orders!”

Wu Lian said fervently.

“One move! How much you can learn is up to you!”

Lin Ran said indifferently.

“Good!”

Wu Lian became even more excited when he heard that.

“Let’s make a move!”

Wu Lian said impatiently, while already setting up a position ready to receive a move.

Lin Ran looked at him indifferently, and then his palm came out from under his robe, and instantly his palm fiercely clenched his fist and blasted out a punch towards Wu Lian very straightforwardly.

But this seems to be an ordinary fist, but in the moment of blasting out, let Wu Lian frown, face instantly ugly down.

He found that he actually could not lock the direction of Lin Ran’s punch’s strong wind.

It just came straight over, but it seemed to change again every second and every moment, making it impossible for Wu Lian to determine exactly which angle this punch would come from.

“So strong! This punch is so strong!”

Wu Lian eyes have hot and crazy, he would like to be able to reach this realm with one punch, but he knows he can’t do it nowadays.

Suddenly, the surrounding crowd saw that he was fiercely closing his eyes, and then opened his arms, without the posture of resisting, he actually wanted to embrace this punch from Lin Ran.

“Hmm?”

Lin Ran looked with a slight frown, but he instantly understood Wu Lian’s intention.

His own punch was the strongest punch that contained his understanding of the Dao, and Wu Lian was a martial arts enthusiast, so since Lin Ran wanted him to sincerely submit to him, he naturally used his strongest punch.

But I didn’t expect this Wu Lian to be so obsessed with cultivation, seeing that he had no way to do it, he actually instead of resisting, but felt it with his heart, and was ready to resist it hard with his body to deepen his understanding of this punch.

“Ai!”

Lin Ran helplessly sighed, and immediately waved his palm, this fist dissipated out of thin air.

“It’s gone like that?”

Wu Lian was instantly shocked, looking at Lin Ran with longing in his eyes.

“You don’t low gear, you will be seriously injured!”

Lin Ran spoke.

“I clang! I clang still can’t! You hurry, in a punch out!”

Wu Lian sizzled to.

Lin Ran, however, shook his head.

“The enemy is at hand, time is short! If you want to learn wait for the war to calm down, I will personally teach you!”

“Really?”

Wu Lian smiled and was immediately happy, he could no longer hu what identity, he cared only whether he had learned more powerful moves!

“Bastard!”

Seeing this scene, a side of the fire halberd’s heart sank, four generals in addition to himself, at this time actually the other three people nodded to Lin Ran.

At this point, even if he was unwilling, he was already powerless to return to heaven!

Chapter 1498

Lin Ran swept his gaze over the four people present and said in an icy voice.

“No more opinions, right! From now on, I am the commander-in-chief of the three armies! All of your actions must follow my orders!”

“Those who disobey the order! Military justice!”

“Listen up! Now! You have twenty minutes to gather your generals and wait for my orders in the martial arts arena!”

“Remember, only twenty minutes, one more minute! Give me your commanding orders!”

Lin Ran’s voice was icy cold, not to be refuted.

The fire halberd was so angry that his face was ugly, yet the other three had already respectfully risen to respond.

“My subordinates take orders!”

Seeing this, Fire Halberd sighed helplessly and also followed in agreement.

“Subordinates receive orders!”

.....

A few moments later, after all four of the Fire Halberds had left, Lin Ran returned to his commanding residence.

And almost at the same time, Lin Ran and the others had already rushed back.

“Things are all done!”

Qin Bing smiled.

“Mm! You go back first!”

Lin Ran said, while sending Qin Bing into the small world.

“What the hell are you doing with so many potions?”

Lin Ran asked with a frown, what exactly was the use of the potions they had spent so long getting?

“You’ll find out later!”

Lin Ran laughed indifferently.

“? You will bring all the generals from the South City to the martial arts arena, and then divide them into five batches and send the potion to the martial arts arena where the four generals are located, plus the South City’s for a total of five copies.”

Lin Ran said.

“Good!”

Lin Lin nodded, although she didn’t know what Lin Ran wanted! But she could feel that Lin Ran was not joking.

Lin Ran moved quickly, and ten minutes later, the potion was delivered to the martial arts arena where the four generals were, and at that moment, on the martial arts arena, they had already gathered all of their generals.

“Boss! Just received information, the enemy has begun to assemble, I’m afraid that tonight at 12 o’clock will come to attack the city!”

Leng Zhan suddenly ran back and said, with the intelligence system secretly sent by Chao Tian Pavilion, his pressure was also much less.

“Hmm!”

Lin Ran nodded his head, and Leng Zhan whirled and left the place again to continue scouting for information.

Lin Ran, on the other hand, returned to his commanding residence and sat cross-legged on a futon only.

Just the moment he sat down, a powerful divine sense instantly diffused out, enveloping the entire Heavenly City.

“Hm?”

In the middle of the main city, the three Fire Elders couldn’t help but change their faces when they felt this powerful divine sense, and after sensing that it was Lin Ran’s divine sense, all three of them had shock on their faces.

“This kid’s divine sense is actually already not much worse than even ours!”

Fire Elder couldn’t help but say.

“This Lin Ran’s future achievements are limitless!”

Old Li also couldn’t help but say.

"It's a pity! He was born at the wrong time, if he was placed in the peaceful era, he might have been able to grow to our level, or even stronger!"

Fire Elder said.

Feng Lao, however, smiled blandly.

"That's not necessarily true, the times make the heroes, he was born in this era, maybe he is the one who rises against the wind!"

Fire Elder and Li Elder were silent, indeed everything has two sides, this era is incomparable turmoil, but who can say that it is not the era of the rise of the group of heroes.

"For the time being, let's see what he wants!"

Fire old sigh are, the three of them are not talking.

And at this time Lin Ran's divine sense has completely enveloped the entire Heavenly City.

"All troops listen to the order!"

Suddenly, a surging voice sounded in everyone's ears.

The crowd was stunned, not knowing who was speaking, but the voice came clearly into their ears.

"I am the commander of the three armies! Lin Ran!"

The voice rang out again.

And when the crowd heard the name Lin Ran, all of them were excited, of course some were puzzled, just more people were excited because Lin Ran's solo foray into the foreign demon world was too shocking for them.

"From today onwards, I am your supreme commander! All actions must follow my orders, those who disobey! Beheaded!"

The voice boomed, shocking, and for a while the five major martial arts arenas, including South City, were all quiet at the same time.

"Every night at twelve o'clock, the enemy will attack the city on time! I think you guys know this better than I do!"

"So, before we face the enemy tonight, I have prepared a big gift for each of you!"

As soon as Lin Ran's words fell, the lids of those herbal barrels piled up on every martial arts field lifted up.

"I, Lin Ran, am a doctor by birth, these medicinal waters are specially arranged by me, one bowl for each of you, it can enhance your strength and make you stronger! But likewise, there are disadvantages with the advantages, this potion contains severe poison, you must take the antidote within twenty-four hours!"

"I have the antidote ready, once the battle is over tonight, everyone will have it!"

Lin Ran's words rumbled in everyone's ears and heard the crowd talking, especially since this potion contains severe poison, making the crowd's hearts a little hairy.

"A great war will start, I believe many people want to live!"

"I Lin Ran in the sky wolf domain, I believe that many people have heard, if you you want to defend their homes, the people they care about and love, I believe you will not hesitate!"

"The one who meets in a narrow way is the brave one! Whether you win in style or lose in a wretched way, you should all be very clear in your hearts!"

"Without further ado, those who are willing to kill the enemy with me, take the herbal medicine!"

Lin Ran's voice boomed, resonating throughout the entire Heavenly City.

"Drink!"

"Bottoms up!"

"Damn kill that son of a bitch of a foreign devil!"

The crowd of generals in the South City had the loudest cry, after all, where was Lin Ran's battle record in the South City before.

Where very Feng Linglong and Qibao were, the generals also began to drink the herbal medicine one after another.

The next was Wu Lian, who admired Lin Ran's strength and wanted Lin Ran to teach himself, so naturally he would not refuse this arrangement of Lin Ran.

Then came the troops of the fire halberd, as a general fire halberd himself are a little hesitant to drink, let alone those of his men.

"As a general, those who do not listen to orders should know the consequences!"

Lin Ran's voice boomed and actually rang out again.

"Bastard!"

Seeing this, Fire Halberd knew that it was speaking for his own ears, so he gritted his teeth and drank the potion directly.

Those under him saw the fire halberd have drunk, then also no longer hesitate to drink up.

Soon the four generals, including the general of the South City, all of them will be herbal medicine drink down.

However, what makes them strange is that their own strength does not seem to have Lin Ran said that there is a significant had strong, and it seems that the herb is not much use ah!

But just when the crowd was puzzled, Lin Ran was speaking again.

"Since the herb everyone has finished drinking, then next, I will tell you a story! After listening to this story! We will dare to do it!"

“The name of this story is called, who is lying!”

“I believe that many people have heard this story, but why do I tell it today? Because I am going to tell it to the traitors who are hiding among us!”

“Okay, I’m going to start telling it now! Everyone listen carefully!”

Chapter 1499

Originally, it was said that once upon a time there was a group of children playing together, and a few of them liked to lie.

There was a wise man who came up with a way to make these children realize that lying was wrong.

So he called all the children to the front, prepared a stone statue, the stone statue was carved into a fierce beast, large mouth open is very frightening.

The wise man said, “This beast’s mouth can detect who has lied to you, as long as you put your hand inside, no one who has lied, the beast’s mouth will not fall, and those who have lied, their arms will be bitten off!”

The children are not very old, a few of them like to lie naturally afraid.

And those children who did not lie, but each one is very excited, children! They all like to play and take risks by nature, so they started testing one after another!

As a result, everyone tested down, actually no one’s arm was bitten off, we are very happy.

But some people are suspicious, a few of these children like to lie everyone knows, how they are fine?

The wise man saw the situation and told everyone.

“You will turn your palms upside down and see!”

The children all turned over at the word, and that’s when the difference appeared.

Many of the children actually had black carbon dust on the back of their hands! But a few children’s hands are nothing!

Seeing this scene, the children were very puzzled, they asked the wise man what was going on.

The wise man stroked his beard and laughed.

“The mouth of the beast is not going to fall, because it is a stone! But the heart is detectable!”

“You children who have carbon dust are sincere and brave, you did not lie and dare to put your palms in! So it is tainted with this carbon dust!”

“But the other ones, you were too weak to stick your palms in! That’s why there is no carbon dust on your hands!”

The children who lied were so guilty that they admitted their mistake and did not dare to put their palms in.

There are many versions of this story, but the general meaning is this.

After Lin Ran finished, he opened his mouth and laughed.

“I’m telling you this story to tell you that around you or even around everyone, there may be people of the foreign devil!”

“Your previous commanders don’t care, that’s their business, but the troops I lead, Lin Ran, definitely don’t want traitors! Even if there are traitors hiding very deep, I will catch the ones that can be caught, one by one!”

“Those who muddle through, as long as they are discovered by me, they will only end up in one way! That is death!”

As soon as Lin Ran’s words fell, there was a wisp of white light shining down on the entire Heavenly City.

That was the white light formed by Lin Ran’s divine sense.

At this moment, the white light enveloped, there were actually tens of thousands of them.

And the place where the white light was most concentrated, was clearly the martial arts arena where the fire halberd was located.

“This ....”

Seeing this scene, not only the Fire Halberd and others even the three Fire Elders within the main city looked dumbfounded.

“These people! Are they all traitors?”

There was shock in each of their eyes.

However, Lin Ran was already speaking again.

“You people, I won’t say that you are traitors either, there are undeniably people who purely don’t want to drink herbs with severe poison!”

“But now I can tell you, that herb is not poisonous at all, I am just testing you!”

“Weng!”

When Lin Ran said this, it caused an uproar, and countless generals were talking about it.

But those who were enveloped in white light were gradually separated from them.

Under Lin Ran’s divine sense envelope, some of these people had panic on their faces, some had helplessness, and some were simply terrified and did not know what to do.

“All right! The person in charge of each martial arts arena, send out all the people with white light envelopes! Form them into a separate team! Tonight’s big battle! Let them be at the front!”

“Yes!”

The four generals and Ling Sa all respectfully answered.

Among these five, except for the fire halberd the other four couldn't help but be impressed with Lin Ran at this time.

This is a really good way of identification, although not completely sure that these people are traitors.

But there are definitely a lot of traitors inside, and this is a full tens of thousands!

Lin Ran did not directly order to kill them, but let them top tonight at the forefront.

For one thing, when the big battle begins, it can also fight to identify who the traitors really are.

Secondly, it can also give others to leave sufficient time to react, can not be not high!

"This kid's scheming is really a lot of ah!"

At this time sitting in the main city fire old man can not help but put up a thumbs up!

"Ai! What a shame, in vain the three of us have lived for so long, so we did not think of this solution!"

Old man Li was also lamenting.

Feng Lao was stroking his beard, with satisfaction and appreciation in his eyes.

Everything is in order.

Those who were enveloped in white light were quickly brought to the city gate to act as the first wave of defense.

Lin Ran was naturally not afraid that they would fall back and open the city gates, because in an easily defended and hard to attack place like Heavenly City.

As long as the other side's foreign devils do not come, he personally sat here, that is to come one to kill one.

After these generals, only in turn is the fire halberd Qibao Wu Lian and wind Linglong's people.

Everyone entered the battle state at this time, because the time at this time is less than ten minutes from twelve o'clock.

"It's been a long time, I didn't expect that the brat at the beginning has grown so big"

Feng Linglong stood next to Lin Ran, with emotion in his eyes.

"Yes! So many years have passed, the brat has grown up, but you, the beauty, still hasn't aged!"

Lin Ran laughed.

"How dare you! How come I didn't see you being slick back then!"

Feng Linglong laughed.

"I was too young at first, but now I've grown up!"

Lin Ran couldn't help but laugh as well.

When he saw Feng Linglong, he remembered the years when he traveled with Wang Yifeng and Lingya.

At that time, although he had a lot of doubts in his mind, but every day was very full, and the burden on his shoulders was not so middle.

Perhaps this is the saying “the greater the power, the greater the responsibility! The real meaning of the phrase “the greater the power, the greater the responsibility!

“What do you think of this person, Gilbert?”

Lin Ran suddenly asked.

Feng Linglong was stunned, and then laughed and said.

“Has not been ambitious!”

Lin Ran smiled with a thought in his heart.

“This person has a very good heart and high talent, but it’s a pity that he was born at the wrong time! To sum it up in an ancient phrase, do you know what it is?”

Feng Linglong asked.

“What?”

Lin Ran asked curiously.

Feng Linglong smiled, and then said.

“Both the yu and the light are born!”

“Are you talking about me?”

Lin Ran was a little embarrassed.

“Or else what?”

Feng Linglong laughed.

“If this era didn’t have your sudden rise, the one standing in your position now would probably be him! It’s just a pity that the heavens still chose you!”

“Who the heavens choose is his own business, but whether you work hard or not is your own business!”

Lin Ran laughed lightly.

He never felt that he had taken away the glory and status that should have belonged to Qibatsu, thinking that it was not easy for him to come all this way.

No one’s success comes by hand, everyone is paying, there is no such thing as who stole the credit from whom!

And, want to achieve more in the cultivation of a, sharpening the heart is also must experience, now the qibao is perhaps still sharpening the heart.

Who can say that in the future, his achievements will be lower than Lin Ran?

Chapter 1500

Time passed by minute by minute, and soon it was twelve o'clock at night.

"Boss! It's coming!"

Leng Xie suddenly ran back from the crowd and said respectfully.

"Mm!"

Lin Ran nodded, and then said aloud.

"Everyone, prepare for the battle!"

"Battle!"

"Battle!"

The crowd of generals shouted loudly, and at this moment the crowd's battle spirit was high.

"Weng!"

Suddenly, the horn on the gate of the city wall only blew, and at once everyone drew their weapons, they knew the great battle had come!

"Bastards!"

Just at this moment before the great battle was about to start, among those soldiers who were blocked at the forefront, there were really some people who began to fade away.

They began to madly rush towards the city gate, trying to open it.

"It's really traitors!"

Seeing this scene, the faces of the people at the back all changed.

They found that a full 60% or 70% of these tens of thousands of people had all defected at once, and they instantly opened the city gates, allowing the army of foreign devils outside the gates to attack directly.

"Bastards! So many of these people are actually traitors!"

Fire Elder was standing on the main city wall at this moment, with anger in his eyes.

Although they had seen Lin Ran take these people away before, but at this moment, seeing that these people had really defected from the Mysterious Alliance, his heart was also a bit hard to bear.

These were generals that the Mysterious Alliance had cultivated, but at this moment, they had chosen to betray.

"Kill!"

Lin Ran suddenly let out a roar, and at once the group of generals in front of him all rushed over.

At this entrance to the Heavenly City, and within the Heavenly City, both the timing and the location and the people were all on Lin Ran's side.

He was not worried in the slightest that the battle would be lost.

And the immediate priority was the city gate!

The reason why Lin Ran was able to kill Wolf City in the first place was precisely because he had broken the city gate.

And if Celestial City wanted to hold this attack, the city gates had to be held.

The army of the foreign devil attacked the city to kill and not to occupy it, in the end it was to kill.

But every place where the city gate is necessary to break, so that it is also convenient for them to attack next time.

So at the same time as this great battle began, Lin Ran's body leaped already on the city wall.

"You two guard the walls, absolutely can not let the enemy break the gates!"

Lin Ran rushed to Yu Chang and Wolf Ba who followed him up beside him and said.

"Leave it to us!"

There was a cold aura in Yu Chang's eyes.

With him sitting here and Wolf Ba's assistance, unless the other side's foreign devils personally attacked, absolutely no one could break through the gates of Heavenly City.

Arranged the two, Lin Ran is directly disappeared in place, Shunan on killing the local crowd.

As the saying goes, capture the thief first capture the king, from ancient times to the present there are still rumors of Zhao Yun Zhao Zilong thousand miles to take the enemy general's head, where Lin Ran does not understand the importance of the local generals.

Even if he is strong, but in the face of hundreds of thousands of troops, he did not dare to kill all of them, which is a devastating blow to the cultivator.

Creating too many sins is going to break the path of cultivation.

Therefore, Lin Ran's target from the beginning was the local chief.

"Sanyuan Daoist! Interesting!"

A cold aura flashed in Lin Ran's eyes, following which his entire person had already disappeared in place, heading straight for the enemy's large rear.

.....

At this time, behind the enemy army, in the middle tent, the Sanyuan Daoist was sitting on top of the main seat, with smugness on his face.

“Hey! The foreign devil Lord also do not know what to do, attack the sand but not let occupy the city, really your old man move your mouth, old man I have to run broken legs ah!”

San Yuan Daoist helplessly said, good thing this is only a wisp of his doppelganger, this old thing’s original is at leisure in Wolf City!

Compared to him, Yue Beishan was not so comfortable, Yue Beishan sat in the third layer of defense, after the two doppelgangers of Daoist Sanyuan was him.

Although Yue Beishan’s status is now much higher, and can even go with the Ghost King and Sanyuan Daoist to see the foreign devil lord.

But in the end, he, Yue Beishan, was just promoted, so in some ways his status was naturally inferior to that of the Sanyuan Daoist and the Ghost King.

“My Lord! We have already entered the city, but the other side seems to be prepared in advance, our secret sentries are not working!”

Soon, a man came to report the situation.

“It didn’t work?”

Daoist Sanyuan frowned slightly.

“Our secret sentry they are almost out at all, how could they be discovered?”

Sanyuan Dao hostage asked.

“I don’t know, just the city gate is opened by our secret sentry, we just attacked in to meet the secret sentry, and when we avoid the secret sentry to go in, inside are mysterious alliance had already prepared an ambush!”

“Ambush?”

Sanyuan Daoist face became more that difficult a few points, so long war, have never heard of the Mysterious Alliance can find traitors in advance.

This is also the key for them to be able to one win, but how did this time there was a mistake?

“Lord, I have arranged for someone to bring back a group of secret sentries, I think we will have news in a while!”

The man was busy saying.

“Well! Hurry up and go investigate, this is an important matter that must be investigated clearly!”

San Yuan Daoist said.

“Yes!”

The henchman turned around and went out.

Daoist Sanyuan then leaned back in his chair, his face ugly.

In the battle between the foreign devil and the Mysterious Gift Alliance, the fact that they were able to hold on and gain the upper hand until now was due to the outbreak of these secret sentinels at critical moments.

But this time, the secret sentry was actually discovered in advance, which made the Sanyuan Daoist did not expect.

“This is how it happened? How come those fools from the Mysterious Alliance have suddenly become enlightened? They were actually able to find out our secret sentry?”

Daoist Sanyuan was puzzled.

“My Lord!”

Suddenly, the henchman who had just left came running back, only now his face was filled with panic.

“What’s wrong? Speak!”

Daoist Sanyuan’s face was ugly as he urged in a loud voice.

“My lord, news has just come in, over in Heavenly City! Lin ..... Lin Ran has entered the war!”

“What?”

Hearing this news, Daoist Sanyuan’s face instantly turned green.

The name Lin Ran was an absolute nightmare for him, this was the man who killed countless of his doppelgangers half a year ago in the Fey Devil Domain, and in the end even almost killed his original daddy!

“No! I have to go first!”

Thinking of this Sanyuan Daoist was ready to leave at once.

Lin Ran was here, but he was really a bit panicked.

“Pass down the order! Retreat after one hour of attacking the city!”

Daoist Sanyuan said, while he himself had already gotten up and was ready to run first.

However, just at this moment, the man who was kneeling on the ground was trembling all over and busy saying.

“Great ..... My Lord! He ..... He he is coming!”

“Who has come!”

Sanyuan Daoist saw very puzzled, but followed his face also changed, he saw his men pointing to the very location behind himself.

Busy a dodge, followed by Sanyuan Daoist on the back is a cold, a stabbing pain instantly came.

In a hurry to land, Sanyuan Daoist turned his head to look, and at once a face he was incomparably familiar with appeared behind him, and it was Lin Ran.

“Daoist Sanyuan, goodbye! Are you running away?”

Lin Ran looked at Daoist Sanyuan with a bashful smile on his face.
