

Doctor

Chapter 1501

“Lin ..... How did you get here!”

Daoist Sanyuan immediately panicked, there were over 100,000 troops in front of him, how did Lin Ran get around.

How did he know that with Lin Ran’s current strength, it was simply not too easy to avoid those generals!

Lin Ran looked at Daoist Sanyuan and smiled blandly.

“I learned that you were here, old friend, so I came, come with me!”

Saying this, Lin Ran’s eyes chilled as he instantly grabbed his palm towards the Sanyuan Daoist.

Seeing this, the Sanyuan Daoist was greatly alarmed and hurriedly said.

“Lin Ran spare me! Spare me! I’m just a doppelganger, why do you have to!”

As he said this, the Sanyuan Daoist was busy retreating backwards.

But at this point he was already blocked in the corner of the tent, so how else could he run there!

“A diversion? Since it’s a diversion, why do you care, why don’t you come with me to Heavenly City as a guest!”

Lin Ran had a smile on his face.

“I’m not going!”

As if he had gone mad, Daoist Sanyuan turned around and tore the tent apart and immediately rushed out, running like his life depended on it.

But in front of Lin Ran’s current strength, how could he run away.

“Come back with me!”

Lin Ran laughed loudly, while his palm instantly waved out a shadow, the huge palm shadow rushed out of the tent in an instant, and the tent instantly shattered.

Only to see that in mid-air only, the palm void of Lin Ran’s hand already had Sanyuan Daoist firmly in its grasp.

“Lin Ran! Spare me, spare me!”

Daoist Sanyuan shouted in anxiety, a scene that caused those generals around him to panic as they watched.

“Daoist Sanyuan has been captured by Lin Ran, run!”

“The general has been captured, everyone run!”

At once, the entire large rear of the Sanyuan Daoists was in chaos.

Lin Ran smiled blandly at this, ? With a wave of his palm he had already taken the Sanyuan Daoist into the small world, turned around and left the area to return to Heavenly City.

.....

The news that the Sanyuan Daoist's rear was in chaos and that he himself had been captured alive by Lin Ran quickly spread to the entire army.

The people in front of him who were killing in the Heavenly City did not know the news and were still fighting hard to kill.

But the generals at the rear no longer dared to attack, and soon the attack broke off.

In the city's presiding over the battle of Ling Sa Feng Ling Long and others saw the situation and was overjoyed, leading the army all the way to kill the enemies inside the city.

And then pursued towards the frantically fleeing enemy, chasing them out for dozens of miles and killing a large number of enemy generals.

And those who had fallen back before were almost completely wiped out.

When Lin Ran rushed back from behind the enemy, he happened to meet up with Ling Sa and the others.

"Alright, there's no need to chase!"

Seeing the crowd, Lin Ran spoke.

"There's no need to chase? Why? You're not chasing after such a good situation?"

Hearing this, Fire Halberd stood out and questioned.

Such a great situation was his time to build his career, and he didn't want to miss it so easily.

He hadn't won a single battle in such a long time, to put it bluntly, and today he had caught it so easily that he was ready to kill it straight away.

"I said there's no need to chase, don't you understand?"

Lin Ran's voice went a few degrees colder at his words.

"You!"

The Fire Halberd's face sank, and he didn't dare to say any more as his silver teeth clenched.

"Inform this down, close the troops!"

Lin Ran said in a stern voice.

"Yes!"

Lin Ran and the others respectfully replied, but Fire Halberd's face was ugly and he arched his hand in a very dissatisfied manner.

Watching the crowd retreat, Lin Ran then nodded with satisfaction and pulled back along with the large group.

....

At this time, in Wolf City, Sanyuan Daoist's original daoist was sitting here with him, and after his doppelganger was captured by Lin Ran, he immediately called out to the Ghost King and Yue Beishan.

"What did you say? Lin Ran is here?"

In a hall, the Ghost King and Yue Beishan, who heard the news, were both stunned.

However, the Ghost King clearly had worry in his eyes, but what Yue Bei Shan had was sharpness.

"Lin Ran you've finally arrived!"

Yue Beishan murmured in his heart, it had been almost four years, he had cultivated hard in the Blood Sea space for three years and had been participating in the war in this Heavenly Wolf Domain for over half a year.

During these almost four years, he had been thinking about Lin Ran all the time, originally he thought that Lin Ran was dead, after all, it was in the Blood Sea Space of Lord Fey Demon.

But who knew that Lord Fey Demon had not wanted to kill Lin Ran and had released him.

Ever since he found out this news, Yue Bei Shan had been wondering every day when he would be able to meet Lin Ran.

One, to test how far he was from him after these three years of hard training and half a year of battle.

Secondly, Lin Ran had always been his heart's demon, and he wanted to kill him with his own hands, which was his goal in living.

"My doppelganger has been caught by him, and I can feel that he has become stronger again, before my doppelganger could still resist twice, but this time there is not even the slightest chance of resistance!"

Daoist Sanyuan said with a grave expression on his face.

"I think this matter must be reported to Lord Fey Demon!"

Daoist Sanyuan said.

The Ghost King smiled but shook his head.

"I don't think it's right, although your doppelganger has been caught, but after all, he's not dead, and your first line of defence has now completely collapsed, if you go back to report this at this time, I'm afraid that Lord Fey Demon will be angry!"

"Then when do you think we should go? Is it hard to wait until my second doppelganger is also caught?"

Daoist Sanyuan was a little angry.

Although it was a split body, each strand of split body was something he had managed to cultivate with great difficulty.

Each time he cultivated it himself, he had to consume a very large amount of his mind and finances, it was not like a cabbage that was gone in planting.

“I think we can wait, your divergent spirit is on his side and can also act as a bright sentry to see what he is up to!”

The Ghost King said.

“I don’t care, I won’t be there for tomorrow night’s attack, I think it’s safest to report this matter to Lord Fey Demon!”

Daoist Sanyuan insisted to.

On the side, Yue Bei Shan smiled blandly at his words and said.

“How about this, for tomorrow night’s attack we will mainly use sneak attacks, tomorrow night I will bring someone to try him out and at the same time see if there is any chance we can save your doppelganger!”

Hearing Yue Bei Shan’s fire, Daoist Sanyuan couldn’t help but be happy and said busily.

“That would be great, little friend Bei Shan, you are not very young, but this boldness is something that I admire!”

“Thank you!”

Yue Beishan laughed indifferently.

The ghost king at the side, however, listened with a slight frown, always feeling that this was not right.

.....

A few moments later, Heavenly City.

Lin Ran returned to Sungai with the large army, and at this moment, the generals of the city saw Lin Ran and the others return, and one by one, they shouted in excitement.

“Lin Ran! Lin Ran!”

The cheers and shouts resounded throughout the entire Heavenly City, it had been too long!

It had been too long since they had felt the joy of victory, and this battle was Lin Ran’s first stop since he had just arrived, and it was a straightforward flag victory, causing the fighting spirit in many people’s hearts to burn again.

Lin Ran smiled and waved to the crowd, while the fire halberd in the crowd had ice and disdain in its eyes when it saw this scene.

“Now you’re coming out to claim credit, why didn’t you see your figure during the battle just now, how fucking shady!”

The fire halberd looked at Lin Ran’s Fang Tang, there was coldness and dissatisfaction in his eyes.

Lin Ran naturally did not know this, at this moment he was preoccupied with how to deal with this doppelganger of the Sanyuan Daoist.

Suddenly, just at that moment, a voice rang out in Lin Ran and the others' ears.

"Lin Ran come to the main city!"

Chapter 1502

Those who heard this voice together were not only Lin Ran, but also Feng Linglong Qibao, as well as Wu Lian Lingxiang and Fire Halberd.

The owner of the voice was, naturally, Fire Elder.

After passing through the crowd, just a few moments later, Lin Ran and the five generals had already arrived within the main city.

Liu Feng was still standing on the sidelines, now his focus had shifted to the defence of the city, and external combat had been handed over to Lin Ran.

The three Fire Elders were sitting on the main seat only, with excitement in their eyes, obviously this great victory had made them all very excited.

"Congratulations!"

Seeing the arrival of Lin Ran's six people, Elder Fire rose and arched his hand, smiling.

Elder Feng and Elder Li also came with smiles on their faces.

Lin Ran looked at them, but his expression did not change much as he said blandly.

"Calling us over, is it just for a lifetime of congratulations?"

Old Fire smiled awkwardly at his words,? And then said.

"Naturally it's not for that, we three old guys want to ask one more question, why didn't we attack the great situation before?"

Fire Elder laughed, but there was doubt in his eyes, obviously he was also puzzled by the fact that Lin Ran had told his men not to pursue this matter before.

"Lin Ran, don't be angry!"

Old Li, who was on the other side, busily stepped forward and explained.

"Fire old man asked the meaning, just want to know the reason, there is no this blame you mean, besides before we also said, invited you back naturally will not interfere with the you such as decide the war!"

"Lin Ran you talk about it, we three old guys also just want to have some more understanding of your ideas so that we can prepare in advance to cooperate with your strategy!"

Elder Feng also said.

Lin Ran smiled but frowned slightly and spoke.

“When two armies are at war, how can the commander-in-chief’s intentions be easily revealed? Who can guarantee that there are no traitors within the people present?”

“This .....

Hearing Lin Ran’s words, all three of the Fire Elders were instantly stunned.

“This is indeed a bit reckless on our part,? If it’s inconvenient .....

Old Li was busy rounding up the situation.

However, Lin Ran spoke up and interrupted him.

“But since you guys are asking, there is nothing you can’t say, so what if my Lin Ran’s intentions are known to the enemy!”

“Heh! It’s even bumped into!”

The Fire Halberd at the side sneered in his heart at this.

Lin Ran glanced at him blandly, scaring his entire body into a shudder and putting away his sneer.

In a whirl Lin Ran said.

“Not chasing before is not possible, each layer of the enemy’s defences is not far away, what if this is a deliberate lure to go deeper? Wouldn’t we fall into the enemy’s trap!”

“Secondly, we don’t know exactly what the foreign devil wants yet, blindly following his intentions will only lead to passivity, so for the time being, I have only one policy, to defend instead of attack!”

“As long as we dead hand Heavenly City, the foreign devil’s purpose will not be achieved, and as time goes on, it will be him who will be anxious!”

The three Fire Elders nodded at their words, with appreciation in their eyes.

Lin Ran looked at the three indifferently and finally asked.

“Any more questions? No I’ll leave first!”

“No! No!”

Li Lao said with a busy smile.

However, just at that moment, the fire halberd on the side spoke up.

“Commander Lin! The three elders have no problem, I, as a general, have a question, I wonder if Commander Lin can answer it!”

Lin Ran smiled at the words and looked at Fire Halberd with a slight frown, this guy was discontented with himself, he had known that for a long time, he just didn’t expect to stand out and find trouble at this time.

“What do you want Fire Halberd!”

Lin Ran's face turned ugly when he saw this.

"What? I am still a general and a member of the Fire Elder's clan, can't I ask a question?"

Fire Halberd said in a cold voice, while also emphasizing his identity.

"You!"

Ling Sa was just about to retort, but Lin Ran at the side waved his hand to stop her.

Lin Ran knew in his heart that among these five generals, Ling Sa naturally needed no further explanation, and since Feng Ling Long and himself were old acquaintances and belonged to Elder Feng, there was no need to worry.

The rest of them were Qibao and the Fire Halberd.

He was a decent person, and he was hostile to himself because of the relationship between the two tigers on one mountain, while the fire halberd was the one who really disobeyed him.

Lin Ran also had the intention of knocking around a bit, and at this point, he also wanted to see what he really wanted.

"Speak!"

Lin Ran looked at the fire halberd, his face bland.

"Fine! Since Commander Lin is so generous, then I, Fire Halberd, can ask!"

A stern look flashed in Fire Halberd's eyes as he said in a cold voice.

"I just want to ask one thing, where did you go during the great battle before, Commander Lin?"

"You were still inside the city when the great battle began, but you soon disappeared, and when the battle ended, you were running back from outside, and looking at the direction you came from the rear of the enemy!"

"Commander Lin, I just don't understand, where exactly did you go? And what did you go to do? How come you didn't appear during the battle, and when it was time to claim credit after the battle, you appeared!"

"Could it be that I am mistaken? Or did you simply hide as soon as the battle started?"

There was disdain and coldness in the Fire Halberd's eyes.

The three Fire Elders at the side also frowned slightly at his words, looking at Lin Ran without speaking.

"Done asking?"

Lin Ran looked at the fire halberd, his voice bland.

"I've finished asking, I just don't know if Commander Lin has thought about how to answer!"

A hint of smugness flashed in Fire Halberd's eyes.

At this moment, several other people also looked at Lin Ran, this kind of question was obviously asked by Fire Halberd to deliberately make Lin Ran embarrassed.

When the great war started, as the commander-in-chief, he would naturally go wherever he needed to go, and usually no one dared to care where the commander-in-chief went.

But at this moment, when the firebreather asked this question, it was obvious that he was not prepared to give Lin Ran any face.

All the people looked at Lin Ran to see how he would respond.

There was even a smile in the Fire Halberd's eyes. A bad answer to this question would probably affect Lin Ran's prestige among the people.

"You asked this question particularly well!"

Lin Ran looked at the Fire Halberd, but there was a smile in his eyes.

Then he flipped his palm, followed by a wave of his arm, and a black shadow instantly appeared and lunged at the Fire Halberd.

"Who!"

The fire halberd was taken aback and hurriedly dodged.

However, the black shadow suddenly fell to the ground with a muffled "bang", and looked at the crowd with terror in his eyes.

The Fire Elder and the three of them were also taken aback, and when they looked at him, they found that he was the Sanyuan Daoist!

"Daoist Sanyuan!"

"How could it be him! How could he be here!"

"Lin Ran, you!"

The crowd looked at the Sanyuan Daoist on the ground and then at Lin Ran, and the confusion in their eyes grew even greater.

The fire halberd also looked bewildered, wondering why this Sanyuan Daoist was in Lin Ran's hands.

"Commander Lin! It's hard to believe that you are also a traitor!"

Fire Halberd looked towards Lin Ran and questioned.

The others were all stunned at the words, and looked at Lin Ran with some suspicion as well.

Lin Ran swept his gaze across the crowd and finally landed on Fire Halberd, smiling blandly.

"If I were a traitor, you would have been dead long ago!"

"You!"

Fire Halberd's face turned blue at his words.

Lin Ran, however, continued.

“Didn’t you ask where I went before, now that you know?”

The crowd all froze at his words, followed by a sudden reaction.

“Commander Lin, you ..... You didn’t go to catch this Sanyuan Daoist, did you!”

Feng Linglong was busy speaking.

Wu Lian and Qibao were both in a state of shock at their words, with disbelief in their eyes.

Chapter 1503

“How is this possible! This feels impossible!”

Fire Halberd said busily.

“The Sanyuan Daoist must be in the enemy’s main camp, there are more than 100,000 troops in between, how could he possibly get through the blockade of so many people and capture the Sanyuan Daoist back!”

“And how strong is Sanyuan Daoist, do you need me to say more?”

“Then how do you have an explanation for the situation at hand!”

Ling Sa opened her mouth and said in a cold voice.

At that moment, Sanyuan Daoist, who was sitting paralyzed on the ground with a wary face, was laughing.

“Lin Ran! I didn’t expect you to be in a bad position in this Mysterious Alliance! Haha! How about considering defecting to Lord Bizarro Demon? I believe that if you defect to Lord Other Demon, you will definitely be treated much better than in this Mysterious Alliance!”

“Shut up!”

Lin Ran gave Sanyuan Daoist a bland look, scaring him into shutting up immediately and not daring to say any more.

“Lin Ran! What the hell is going on here?”

Elder Fire asked with a slight frown as he looked on.

Lin Ran’s gaze looked at the people present and finally landed on Fire Halberd.

“You think it’s all because of you that this war was won, right?”

“That’s not true, but at least it’s also our five generals’, unlike some people who didn’t even disappear once the great battle started!”

The fire halberd said in a cold voice.

Lin Ran smiled at his words but laughed.

“Indeed, I won’t deny that you have the credit, but I would like to ask, who defended the city walls? No one enemy breached the walls?”

“Who was it again! The one who went and captured the leader of the other side, causing the enemy’s rear to be disrupted! There was no follow up force to attack?”

“Was it you, Fire Halberd?”

“You!”

Fire Halberd’s face instantly turned ugly at his words.

Lin Ran, however, had a smile in his eyes.

“Obviously, it wasn’t you Fire Halberd!”

“It was Yu Chang and Wolf Ba who were guarding the city walls, and it was me who captured the opposing general! What are you doing at this time?”

“Were you killing the enemy, or were you just strutting about, commanding your men to kill the enemy and hiding in the crowd yourself?”

Lin Ran’s voice was icy cold and his words were clear.

“Lin Ran you don’t have to spout blood, I was charging up with them!”

The fire halberd was instantly anxious.

“O? Then I’m baffled!”

Lin Ran laughed.

“The same Grand General Wu who led the troops into battle, how come all four of them have blood on them!”

Lin Ran said as he pointed at Wu Lian and Qibao, and then had pointed at Feng Linglong and Ling Sa.

“Even the two female generals have blood on their bodies, why is there no blood at all on your entire body, Fire Halberd? What kind of enemy did you go to kill?”

Faced with Lin Ran’s questioning, Fire Halberd’s old face turned red, and for a moment, he didn’t know how to answer.

It was true that he had rushed out earlier when he saw that the situation was great, but he had never trusted Lin Ran in his heart.

Fearing that this was just a diversionary tactic by the enemy, he only followed behind the generals and did not go up to kill the enemy himself.

It was only when he saw the enemy start to retreat that he rushed out.

Only at that moment, before a single man could be killed, Lin Ran rushed back.

“I’ll say it one last time, as a general you can’t even do your duty by example anymore, what kind of general are you?”

Lin Ran looked at the fire halberd, there was ice in his eyes.

“This is my second warning to you! If you do it again, you will take off this armour! You can go wherever you like! I don’t need a punk like you under Lin Ran!”

“You!”

The Fire Halberd’s face turned blue with anger.

Lin Ran, however, no longer bothered to pay him any mind, turned his head to look at the three elders, waved his hand and put the Sanyuan Daoist away.

And then he turned around and left.

Only before he left, he opened his mouth and shouted.

“Martial Refinement Qibao! Come out with me!”

“Yes!”

The two nodded respectfully and whirled to follow them out.

Feng Linglong and Ling Sa then followed them out as well, but Lin Ran didn’t call for the two of them, so they each went back to their own barracks.

The fire halberd’s face was ugly and he was given a vicious glare by the fire elder, before he hurriedly ran out and returned to his own barracks in disgrace.

Seeing the crowd leave, Fire Elder then opened his mouth and asked.

“Lin Ran left with the Sanyuan Daoist’s doppelganger, and called out to Qibao and Wu Lian, what exactly is he up to?”

“Why I don’t know, but I know we’d better leave it alone, he has his own ideas, maybe he can really catch the foreign devil off guard this time!”

Li Lao said from the side.

“Hmm! I think so!”

Elder Fire nodded.

On the other hand, Elder Feng picked up his glass of wine and drank it by himself, he was a hundred percent at ease with Lin Ran.

But Lin Ran, after leaving the main city with Wu Lian and Qibao, went straight to the Martial Hall!

This was the most lively place during the week, and when there was no war, both generals and soldiers liked to come here to spend some time.

But nowadays, the war was so tense that this place had become a place where no one came.

Lin Ran led the two of them straight to this place, and then waved his hand and locked the door of the room behind him.

Seeing this scene, Qibao's face was obviously a little unattractive, but there was fire in Wu Lian's eyes.

"Commander Lin, are you ready to teach me?"

Wu Lian opened his mouth and asked.

"Yes! But it's not me! It's him!"

Lin Ran said with a wave of his palm, and instantly the Sanyuan Daoist's doppelganger appeared to the side.

"What does that mean?"

Qibla asked, seeing a slight frown on his face.

"From today onwards, he will be your companion! I have suppressed his strength to the same level as yours, all you have to do is to defeat him as soon as possible and finally kill him!"

"Lin Ran you!"

Daoist Sanyuan's face instantly turned pale at his words.

"I'm the general of the foreign devil sitting down, how dare you do this to me!"

"Snap!"

As soon as the Sanyuan Daoist's words fell, Lin Ran backhanded him with a slap, directly sending him toppling to the ground.

"If you want to die right now, you'll say one more word!"

Lin Ran looked at him, his voice bland.

"You!"

Daoist Sanyuan was furious, but at this moment, he didn't dare to say any more.

He didn't want to die right now, he was still waiting for Yue Bei Shan to come and save him tonight.

"Commander Lin, I don't understand the meaning of what you're doing!"

Qibao looked at Lin Ran and asked with a slight frown.

Lin Ran gave him a bland look before saying.

"Although you are generals, you know too little about the generals under the foreign devils! Take this Sanyuan Daoist in front of you, for example, this is just a wisp of his doppelganger!"

"He is stronger than you guys, if you don't even understand his methods, what if you run into him in the future?"

Both Qibao and Wu Lian fell silent when they heard that.

“Of course, if we do run into each other in the future, naturally, there is no need for you guys to fight... I am only doing this so that you guys can learn more about the enemy! Only then can you increase the probability of surviving on the battlefield!”

Lin Ran said.

“Then why didn’t you call out for Feng Linglong and Ling Sa to come along?”

Qibao asked again.

Lin Ran smiled lightly at this, however? said.

“Because they don’t need to think much about surviving!”

“What do you mean!”

Kibak asked, frowning.

Lin Ran glanced at him blandly and did not speak, but Wu Lian, who was at the side, spoke.

“Because Feng Linglong is Elder Feng’s person, and Ling Sa is Lin Ran’s person! The two of them wouldn’t watch someone important to them in danger! But we didn’t!”

“What about the Fire Halberd!”

Qibla asked again at his words.

Wu Lian smiled at his words but laughed.

“Qibao, you’re usually quite smart, why are you so confused today! The fire halberd is there because Lin Ran doesn’t like him! Got it?”

“This .....

Chipbert was a bit speechless, was it really because he didn’t like him when he helped himself so much and didn’t care about the fire halberd?

That’s not like Lin Ran to be so generous!

Chapter 1504

Lin Ran looked at the two and shook his head helplessly before saying.

“The cultivation path is inherently against the heavens, plus the current great war has made it necessary for many people to face life and death!”

“I know that there has been a rumour circulating in the military camp that if I, Lin Ran, had not returned, this Commander of the Three Armies would most likely be you, Qibat!”

Lin Ran turned his head to look at Qibat.

Qibat’s face changed slightly at his words, but he didn’t answer.

“And what I want to tell you is that even I, Lin Ran, am only one person! All I can sway is only the lower-middle tier of power in this battle, and I have no power to resist in front of the Fey Demons! ”

“So do you think it matters who is the commander-in-chief?”

Lin Ran said with a sigh and continued.

“And I’m doing this for no other reason than to keep you all alive!”

“You may say I have selfishness, everyone does, and I, Lin Ran, am no exception!”

Lin Ran said.

“In the face of this great war, I only want those I see as agreeable to me to live as long as possible, as for the fire halberd I can only say that everything is self-inflicted!”

“Wu Lian’s dedication to martial arts makes me appreciate it, and your Qibao’s heart likewise makes me appreciate it, that’s why I’m taking you!”

“But I’m sorry, Fire Halberd I just can’t find anything to admire about him!”

“I’ve said my piece, it’s up to you whether you want to take your chance or not, I’ve placed a seal on this tournament arena, the Sanyuan Daoist cannot leave!”

“If you want to fight him, seize the opportunity, I won’t stop you if you don’t want to, it’s all up to you!”

After saying that, Lin Ran turned his head and left the place.

“What the hell is he up to?”

Qibao looked at Lin Ran’s back as he left, his heart puzzled.

On the side, however, Wu Lian laughed and said.

“He’s giving you another chance!”

“Chance?”

Qibao still looked confused and didn’t quite understand.

But Wu Lian laughed and said.

“He’s right, it’s just that it’s hard for you to understand from your own standpoint, you’ll understand when you’re in his position!”

“It’s questionable whether we’ll survive this great battle, but he likes our habits and personalities, so he’s willing to help us!”

“It’s just our chance, the chance he, Lin Ran, has given us!”

“There are so many chances in the cultivation path, some times given by God, and other times given by man! It’s up to you whether you can grasp it or not!”

Said Wu Lian, already overtaking the Sanyuan Daoist in front of him.

“I, Wu Lian, don’t want to be a commander-in-chief, I just know that what makes me stronger, I’m going to do!”

“You Qibao want to come or not, think about it yourself!”

After saying that, Wu Lian had already rushed towards the Sanyuan Daoist, and the two of them instantly wrestled together.

Qibao looked at Wu Lian and turned his head to look at the direction Lin Ran had left, he still had some confusion in his heart, but at this moment, he had vaguely caught something.

Why did this Commander of the Three Armies end up being Lin Ran’s, and not his!

He had always believed that existence was both inevitable and that there must be a reason for this, a reason that decided that this Lin Ran was stronger than him, Qibao.

And at this moment, he seemed to see what that reason was.

.....

When Lin Ran returned to the southern city, things gradually returned to calm again.

After a victorious battle, the soldiers of the three armies were also in high morale, all waiting with fists in the air for the evening battle to come again.

And at this time, outside the Heavenly City, Yue Bei Shan had already gone from his own third stage defence position to the second level of defence.

“Little friend Bei Shan, it’s all up to you tonight!”

The Sanyuan Daoist doppelganger, who was in charge of the second layer of defence, said with an arching smile.

“There is no need to be polite, we are all just working for Lord Fey Demon!”

Yue Beishan laughed.

“Right, Little Friend Beishan, when are you planning to leave tonight?”

Daoist Sanyuan asked.

He was undoubtedly the most concerned about this at this time.

One original daoist was staying in Wolf City, two split bodies had already been captured by Lin Ran for one, and the other was in this second defensive position.

The last engagement on the first layer had resulted in the first layer of the position being almost useless due to the capture of his own doppelganger and the heavy losses of his men.

If Yue Bei Shan did not go for himself tonight, then he would have to send this second doppelganger of his own over, so at this moment Yue Bei Shan stepped up to the plate, making his heart very happy.

“Let’s move now, as for when to do it, let’s see what happens then!”

Yue Bei Shan said.

“Good! I wish little friend triumph!”

Daoist Sanyuan said with a smile.

Yue Bei Shan arched his hand and then swirled and left with his people.

.....

Time soon arrived at night.

Only this time Lin Ran did not have all the generals assemble, but only called out for the fire halberds to come.

The company's main business is to provide a wide range of products and services to the public.

When he arrived on top of the city walls, Fire Halberd greeted him straight away.

"Commander Lin, what do you mean by that! Why is it that only my troops have come and where are the others?"

Fire Halberd questioned.

"You're questioning me?"

Lin Ran looked at the Fire Halberd, his face icy cold.

"No .... I dare not!"

Fire Halberd gritted his teeth and said, Lin Ran was stronger than him, as the saying goes, a good man doesn't? He could only hold back the anger and dissatisfaction in his heart.

"I received intelligence that the enemy is very small tonight, so there is no need to send out a large army, besides! You want to prove yourself by building up your career, fine! I'll give you a chance tonight!"

Lin Ran said indifferently.

"Commander Lin, are you sure your information is correct at this time? According to previous practice, every night at twelve o'clock the enemy would attack in force!"

Fire Halberd said.

"I naturally have sufficient care with my intelligence! It's not for you to worry about that!"

Lin Ran said indifferently.

Fire Halberd's face hardened as he snorted coldly.

"Good! Since Commander Lin is confident, then I won't say any more, I hope your intelligence is correct, otherwise if you end up responding unfavourably, I believe Commander Lin knows this responsibility better than anyone!"

After saying that, the fire halberd turned around and went back to his position.

Lin Ran glanced at him indifferently without saying much, and then turned his head to look outside the city walls.

The sky was quickly darkening and the time had reached eleven o'clock.

As Lin Ran had not mobilised his army, at this time, Elder Feng and the others within the main city were all looking nervously at the city gates.

In the end, it wasn't just the Fire Halberd that was worried about this matter, the three of them, Elder Feng, were also worried.

The information Lin Ran used was not their Mysterious Alliance's, but Chao Tian Pavilion's and his own.

This kind of information Lin Ran would inevitably not share with them, so as for Lin Ran's intended arrangement, none of them quite understood why at this point.

.....

At night, less than ten miles outside of Heavenly City, Yue Bei Shan was the one who had already arrived with a group of people.

When he looked at his watch, it was just after eleven o'clock, and there was a cold aura in Yue Bei Shan's eyes.

"Pass down the order! Do it in ten minutes!"

"Yes, my lord!"

The men next to him immediately went to make arrangements.

Yue Bei Shan then looked at the Heavenly City in front of him, with a cold aura in his eyes, and shouted to the men beside him.

"Remember! Your target is the Sanyuan Daoist's doppelganger, don't get attached to the enemy!"

"Yes!"

The group of men nodded respectfully at his words, with determination in their eyes.

## Chapter 1505

As the time got closer and closer to twelve o'clock, the atmosphere within the entire Heavenly City became tense.

Feng Linglong and the other generals who had not been placed in a position to do so had also spontaneously gathered their men together in case something unexpected happened.

Lin Ran stood on top of the city walls, looking out at the blanket of night outside of Celestial City.

"Boss!"

Suddenly, Leng Zhan ran over with worry on his face.

"What's wrong?"

Lin Ran asked when he saw this.

"There's bad news!"

Leng Chop said.

“The intelligence we checked was correct, only a very small number of people did come tonight, but they don’t know where they went! Also the most important thing is that we never found out who the other side’s general is!”

Lin Ran frowned slightly at his words and pondered for a moment before whispering a few words to Ling Sa who was at his side.

Lin Ran nodded, and immediately led his men away from the city walls.

Time passed by minute by minute, seeing that it was getting closer and closer to twelve o’clock.

Suddenly, outside the Heavenly City, a buzzing sound rang out.

In an instant, a fire light shot up into the sky, and then it actually came towards the Heavenly City.

“Lin Ran! Dare to come out and fight!”

At the same time, a voice rang out from outside the city walls.

“Where did that little brat come from? How dare he spill his guts here!”

Seeing this, Yu Chang took a step across and blasted his fist at the firelight, instantly shattering it into pieces.

Almost at the same time, the crowd on the city wall had already seen the figure standing not far away outside.

Lin Ran was visibly stunned when he saw the other party, because this person was too familiar to him, who else was it if not Yue Beishan.

“Yue Beishan! You’re here to find me? How come you’re not here to find your Yue family?”

Lin Ran couldn’t help but laugh at this.

The crowd within Tian Cheng were all stunned at the words, Yue Bei Shan? Wasn’t this someone from the Yue family?

“Lin Ran! Cut the crap, dare to come out and fight!”

Yue Bei Shan said angrily, he didn’t even answer Lin Ran’s question.

“Why wouldn’t I dare!”

Lin Ran smiled lightly, at this moment, Yue Bei Shan was the only one around him, if he didn’t dare to go out himself, then it would really be as the Fire Halberd wanted.

“Fire Halberd guard the gates, if the gates are broken, I will take you to task!”

Lin Ran dropped a sentence and leapt off the city wall in a single bound.

At this moment, a group of soldiers inside the city were all looking out nervously, this was considered a battle called by the generals only, and the victory or defeat would have a great impact on the morale of these generals.

“Long time no see!”

When he reached the bottom and looked at Yue Bei Shan in front of him, Lin Ran revealed a smile.

Back in the Fey Demon Realm, when Lin Ran was on the verge of successfully escaping from the Fey Demon Realm, it was Yue Beishan who stood out and blocked himself.

It was unexpected that after so many years, meeting again would be in the Skywolf Domain.

“Yes! It’s been a long time since we met! I’m afraid you don’t even know, back when you were suppressed in the Sea of Blood, I was with you for a full three years!”

Yue Bei Shan laughed coldly.

“Is that so? Then I still have you to thank for that!”

Lin Ran laughed indifferently.

This was something he really didn’t know.

“Three years, I spent three years in seclusion at the Sea of Blood, I thought you would die at the hands of a foreign devil, but I didn’t expect you to have a hard life, but that’s good, the heavens are taking pity on me, Yue Beishan, and giving me the chance to kill you personally!”

Yue Bei Shan said with a cold aura in his eyes.

“Kill me personally? Do you think you can do that?”

Lin Ran looked at Yue Beishan with a smile escaping from the corner of his mouth.

To Yue Beishan Lin Ran was in fact somewhat complicated, it was true that the Yue family of the Other Demon Realm was a traitor, and it was reasonable to say that Yue Beishan was also the descendant of a traitor.

But from the first time Lin Ran met Yue Beishan, he almost went off the deep end over whether to kill the teenager or not.

Later, however, Lin Ran chose to let him go.

And the second time he met him, Yue Beishan had spoiled his own plans and prevented him from escaping the Fey Demon Realm.

To say the least, this Yue Beishan was a man of great opportunity and high qualifications.

It was as if Lin Ran saw in him a person who was the opposite of himself, someone who should have been very different.

Yue Beishan came from the Yue family in the Otherworldly Demon Realm, and his status was much higher than his own, and he had been gifted since he was a child, while on the other hand, he had been

a poor man since he was a child, and had only started to rise to the top when he was about to graduate from university.

These were simply representatives of the two extremes.

Therefore, Lin Ran gradually felt that he did not seem to have so much hatred towards Yue Beishan, and sometimes he even wanted to see what kind of person he would grow into in the future for someone with such a superb talent.

However, Yue Bei Shan's hatred for him was not becoming less with time, but rather more and more.

"Lin Ran! You're too arrogant, I have my own backbone if I dare to come to you today!"

There was a cold aura in Yue Bei Shan's eyes, and with a swirl of his palm, the bone sword appeared out of thin air, and the next moment his entire body was already lunging towards Lin Ran.

Lin Ran gave him a bland look, followed by a wave of his palm, and a large formation appeared out of thin air to envelop the two of them.

"You seem to want to kill me! You've even used a big formation!"

There was a cold aura in Yue Bei Shan's eyes.

Lin Ran, however, smiled blandly and said.

"You're wrong, I'm using a great formation precisely to let you leave alive!"

With that, Lin Ran's entire body's aura soared, while a fist blasted out straight at Yue Bei Shan!

"Your strength has indeed grown quickly, it's just that right now you're not my opponent yet!"

"How arrogant!"

There was anger in Yue Bei Shan's eyes as he charged straight at Lin Ran's fist wind.

However, the next moment, all that could be heard was a "bang".

At once, Yue Bei Shan only felt his entire body being pulled up and unconsciously flew backwards, while a mouthful of fresh blood spurted out.

"You!"

Being blown back by Lin Ran's punch, there was shock in Yue Bei Shan's eyes, he had trained hard for three years and fought for almost a year, but he still couldn't even resist Lin Ran's punch.

"I told you, you're no match for me! You can go! You might feel unfair in your heart, after all, you are still young, so I will give you the chance to let you go!"

Lin Ran said indifferently.

"You!"

Yue Beishan's face turned even uglier when he heard that.

"I don't need your alms!"

“This isn’t a handout!”

Lin Ran laughed blandly.

“You can take it as I’m curious as to what kind of path you can actually grow into!”

“Are you sure? If you still let me go this time, it’ll be the second time, and I, Yue Beishan, will definitely kill you in the future!”

Yue Bei Shan did not hide the anger in his heart.

“Haha!”

Lin Ran, however, laughed.

“If I dare to let you go, I’m not afraid that you’ll come looking for me to take revenge!”

“You!”

There was a cold and tangled look in Yue Beishan’s eyes.

Lin Ran saw this and said blandly.

“No need to wait, those people you sent into the city are already dead, I can let you go, but I won’t let those men go!”

“You .... How did you know that!”

Yue Bei Shan felt a chill in his heart, he was here to make a date with Lin Ran just to create an opportunity for his men to save him.

But now he realized that it turned out that Lin Ran had already seen through everything.

Lin Ran looked at Yue Bei Shan, his voice bland.

“This is war, do you think you can hide your moves from the world?”

“All right! Let’s go! If you want to take revenge, then live well! I, Lin Ran, am waiting for you anytime!”

After saying that, Lin Ran waved his palm, and immediately Yue Bei Shan’s entire body disappeared into the formation out of thin air.

Chapter 1506

The great formation was quickly withdrawn, and the generals on the city walls all cheered when they saw that Lin Ran was the only one there.

It was obvious to them that Lin Ran had captured Yue Bei Shan alive.

Lin Ran leapt onto the city wall, but there was dissatisfaction in his eyes as the fire halberd looked at him.

Because just now, Lin Ran had sent word that he had captured dozens of the enemy alive!

“Commander Lin, what a plan! You captured Yue Bei Shan on the front side, and Ling Sa captured dozens of enemies on the side, and I, Fire Halberd, have been standing guard here for half a day!”

There was anger in Fire Halberd’s eyes.

Lin Ran blandly glanced at him, and then said.

“Firstly, this is a battlefield, the form is ever-changing, and I didn’t expect the enemy to come up with a sound bite!”

“Secondly, I didn’t capture Yue Bei Shan, he ran away!”

“What?”

Hearing these words, the Fire Halberd was stunned.

“Yue Bei Shan ran away? He’s not even as strong as Sanyuan Daoist!”

“Commander Lin! You wouldn’t have done that on purpose!”

“That’s right! I did it on purpose!”

Lin Ran’s eyes narrowed slightly as he looked at the Fire Halberd.

“What do you mean by that, Commander Lin, you actually let the other side’s commander go in the middle of a great battle!”

Fire Halberd questioned.

Lin Ran laughed disdainfully at his words.

“I can capture Yue Bei Shan anytime I want, can you?”

“You!”

Fire Halberd’s face turned blue at the words.

“If you can’t, don’t ask so many nonsense questions! Take your men back!”

Lin Ran said in a cold voice, and with a whirl, he turned around and left the city walls.

Looking at the direction Lin Ran left, there was anger in the Fire Halberd’s eyes.

“You wait for me! One day sooner or later, I will make you lose your reputation! When that time comes, even if you kneel and kowtow before me, I won’t spare you!”

.....

It was late at night, in the southern city.

“How did you know that there would be someone to sneak into the tournament arena?”

Ling Sa asked Lin Ran with great curiosity.

Earlier, Lin Ran had asked her to bring someone to the martial arts arena, and sure enough, she saw the person who had sneaked into the city not long after, which made her heart curious.

“It’s simple!”

Lin Ran said blandly.

“Leng Zhan’s previous intelligence said that dozens of people had come over, and there was only one Yue Bei Shan on the front, everyone else was missing, so they were obviously coming for the Sanyuan Daoist!”

“And the Sanyuan Daoist is in the Martial Hall!”

Lin Ran said, suddenly he remembered Wu Lian and Qibao, he hadn’t even seen them both tonight.

“Where are Wu Lian and Qibao?”

Lin Ran asked as he looked to the side.

“My lord, it seems that the two of them haven’t come out of the tournament hall yet!”

A henchman next to him said.

Lin Ran nodded at his words, pondering.

.....

The night was wordless, due to those words of Lin Ran after the first victory, this time Yue Bei Shan escaped Wind Elder and the others didn’t say anything else.

Since they had found Lin Ran back, they still believed in him from the bottom of their hearts, because there was nothing they could do if they didn’t, they couldn’t still put their last hope on the Long family.

However, early the next morning, a general came running over in a hurry.

“Lord Lin, it’s not good! Daoist Sanyuan, Daoist Sanyuan’s doppelganger has been killed alive by Martial Refinement!”

The subordinate hurriedly said.

Lin Ran smiled at his words, however.

“What’s so bad about that! Tell us the specifics!”

“Yes!”

When that hand saw that Lin Ran was not angry, he immediately said with a sigh of relief.

“It’s said that last night, last night the two generals, Wu Lian and Qibao, took turns fighting the Sanyuan Daoist, and in the end, the Sanyuan Daoist was ground to death alive by the two!”

“Pfft!”

Lin Ran almost didn't let a mouthful of blood spurt out when he heard that, being ground to death alive, originally he thought that Wu Lian was the only one who was a martial arts fool, but now it seemed that this Qibao wasn't worse than Wu Lian at all.

"These two madmen!"

Lin Ran couldn't help but laugh.

He thought that two people would have to play with the Sanyuan Daoist for a while at any rate, but who knew that the two of them would kill them alive in one night.

But this was good, at least it showed that the two people still had a desire for strength, and with desire came motivation.

"Go and give this to them, boil water to soak their bodies!"

Lin Ran took out a packet of medicinal powder and handed it to his men, instructing.

"Yes!"

The henchman respectfully led the order and left immediately.

....

However, in Wolf City, the news of the death of the Sanyuan Daoist's doppelganger soon reached the ears of the Ghost King and Yue Bei Shan.

"Don't either of you two stop me this time, I must go and find Lord Fey Demon!"

Daoist Sanyuan's face was ugly, he had waited all night last night, but Yue Bei Shan ended up with a miserable defeat, and even before dawn, his own doppelganger was tortured to death by Hou Hou, which made him very worried in his heart.

"We won't stop you, in fact we can't deal with this problem!"

The Ghost King stood to the side and said.

Before, when Lin Ran hadn't come and the three Elders of the Mysterious Alliance couldn't fight, the three of them were almost out of sight, no one could even give the three of them a fight.

But now the situation was different, once Lin Ran came the strength of the middle and senior ranks of the Mysterious Alliance immediately soared.

At the beginning in the Fey Demon Realm, he alone was able to beat the Ghost King and four others and eventually killed two of them, and even the Ghost King was able to keep his spirit intact only by using the spirit transfer method.

Now that Lin Ran had appeared in the Skywolf Domain, there was no way for this battle to go on.

"I don't have a problem with it either!"

Yue Bei Shan also said, having fought Lin Ran last night he realised that the gap between himself and the latter was still very large, and at this point he could only see if Lord Fey Demon would send someone else.

“Good!”

Seeing that both of them had no opinion, Daoist Sanyuan did not bother to stay any longer, and immediately crushed the talisman, and at once three rays of light appeared, and the three of them instantly disappeared from the spot.

In the Other Demon Realm, in the Extreme Realm space.

The foreign devil was still doing his black throne only, when suddenly he opened his eyes and looked ahead with an icy gaze.

The Sanyuan Daoist Ghost King as well as Yue Bei Shan soon appeared, all with tension on their faces.

“Lord Alien Demon!”

The three bowed respectfully.

“What is it!”

The Other Demon’s face was ugly, although he hadn’t gone to the Sky Wolf Domain, the recent reaction of the nine lattices on top of the arrow tower was a great disappointment to him.

“My lord! Lin Ran is here! He has arrived at the Skywolf Domain, and the Mysterious Alliance has teamed up with him again!”

Daoist Sanyuan was busy saying.

“Just this morning, one of my doppelgangers has died!”

“My lord, this Lin Ran is too strong? Do you think you can .....”

“Rice bucket!”

Before the words of Daoist Sanyuan could fall, the foreign devil interrupted him with a cold snort.

“If you can’t even deal with a little Lin Ran, you’re worthy of being a general below me!”

“My lord!”

Daoist Sanyuan was so frightened that he hurriedly knelt on the ground, his face having a cold sweat.

“But my lord, it’s true that you can’t fight!”

Daoist Sanyuan said stiffly.

However, who knew that the foreign devil was coldly saying.

“You won’t stop fighting if you can’t fight! Stupid!”

“What I want is for you to kill the Mysterious Alliance, can’t you beat Lin Ran and you won’t hold him back!”

“My lord, please be explicit!”

Daoist Sanyuan said busily, he really didn't quite understand Lord Other Demon's intentions.

However, Lord Other Demon sneered and said.

“I said, I want you to kill people! If you can kill them, kill them, but if you can't, run away! What were you all doing last night? Why didn't you kill a single person?”

Chapter 1507

“My lord we .....”

Daoist Sanyuan just wanted to explain.

Instead, the foreign devil directly waved his hand and interrupted him, saying in a cold voice.

“I don't care what means you use, the war cannot stop! Remember! Go and kill people for me! Kill people do you understand! If you don't go and kill someone, I'll kill you today!”

“Yes ..... Yes my lord!”

San Yuan Daoist was as scared as death and did not dare to speak any more nonsense.

The other side of Yue Bei Shan saw but frowned slightly, the foreign devil lord's words stopped in his ears some strange meaning, just for the time being he did not know this foreign devil lord, in the end what is calculating!

“Don't go back yet!”

The three people in front of him were frightened as they turned around and left.

Looking at the backs of the three leaving, there was an icy coldness in the eyes of the foreign devil.

“If I didn't still have some use for keeping you guys, I would have killed you long ago!”

.....

However, after the three Sanyuan Daoists left the Fey Devil Realm, they soon returned to the Sky Wolf Domain.

All three of them had unsightly faces, they had originally gone to seek help from Lord Fey Demon, but instead they were reprimanded.

“Ai! What should we do now!”

Daoist Sanyuan looked at the two men and asked.

“Lord Iso-Devil's mind is not for us to guess, so since he emphasized killing, we might as well do it!”

The Ghost King said.

“That's easy for you to say, how are we going to kill Lin Ran when all those people are in Heavenly City? Before they didn't have a powerful general, we were still able to attack the city!”

“But now attacking the city that would be tantamount to suicide!”

Daoist Sanyuan said without good grace.

The Ghost King smiled but shook his head helplessly.

“What else can you do but to attack the city? Besides, you still have a doppelganger, although this doppelganger is also very valuable, but it’s better than losing your own life!”

“Hm! I think Senior Ghost King has a point!”

Yue Bei Shan also spoke up.

“How about this, you still go and attack the city tonight, but don’t get your doppelganger too close, this will also prevent Lin Ran from sneaking up on you again!”

“Hm!”

Daoist Sanyuan nodded, that was all that was left at the moment.

At that moment, the Sanyuan Daoist doppelganger located at the second line of defense began to go and make arrangements.

....

And almost at the same time, within the Heavenly City, Lin Ran was leading his soldiers in a drill.

The actual fact is that you can find a lot of people who are not able to get the best out of your own home.

In the end, he had only been in contact with the Skywolf Domain for a short period of time, so it was not suitable to fight the enemy on a large scale just yet.

Inside the Commander’s residence at night.

“Boss, the enemy seems to have made a big move this time, I’m afraid they’re going to attack the city again tonight!”

Leng Zhan rushed back with the latest news.

Lin Ran nodded at his words, his eyes pondering with these words.

“Boss, I always feel that there is something wrong with this, now it is clear that we are defending the city, but they are very much attacking the city, at this rate they are afraid that their losses will be greater than ours!”

Leng Chop spoke up.

Lin Ran pondered and spoke.

“That’s right, but what’s wrong with things isn’t here, but in the fact that they’re doing it anyway!”

In fact, Lin Ran had been wondering for the past few days what the foreign devils were up to!

He was willing to do something like attacking the city, which would hurt 800 enemies and hurt himself a thousand, so it was obvious that he was in a hurry!

But what exactly was the foreign devil planning in such a hurry? He didn't know at all.

"Lin Ran!"

Suddenly, Ling Ran also walked in from outside.

"There have been many rumours within the city recently, saying that you're afraid of the foreign devil because you're guarding Heavenly City and not attacking out!"

Ling Sa said with a frown.

Lin Ran, however, shook his head.

"Now is not the time to attack out, this rumour should have been circulated by Fire Halberd!"

"Hmm! It was indeed his minions who had the most rumours!"

Lindsay nodded.

"By the way, what exactly do you think?"

Ling Sa also asked, somewhat puzzled.

Lin Ran, however, was full of helplessness.

"To be honest, I don't have a clue myself! I just don't want to be led by the foreign devil by the nose, he's very much like to start a big war, so I'll just have to defend Heavenly City and wait two days to see!"

"Let's see what the foreign devil is really planning!"

Lin Ran said.

Lin Ran saw this and said no more.

The situation had indeed reached a stalemate by now.

The double-release forces were already stretched to the limit, and if one side continued to fight, a defeat would probably affect the entire war.

Lin Ran did not dare to take any risks, so he could only wait and wait for the purpose of the foreign devil to be revealed.

The good thing is that blindness is still good for the Mystic Alliance.

.....

That night, Lin Ran assembled his army early to defend.

According to the information provided by Leng Zhan, tonight's side of the foreign devils, I'm afraid, will also attack the city.

As expected, the time had just reached twelve o'clock when the army of the foreign devils killed over.

Only this time, there were no traitors inside Tiancheng to open the door for them, so they could only scream outside Tiancheng.

Lin Ran and a group of other generals stood on the city wall, looking at the crowd of people outside Tiancheng, each with a grim expression on their faces.

“Commander Lin, why haven’t you answered the battle!”

Fire Halberd questioned as he stood behind him.

The enemy couldn’t attack this time, and they were screaming outside the city, so it was only logical that Lin Ran shouldn’t have so many worries about fighting at his own city gate.

Yet Lin Ran was hesitant to give the order to leave the city.

“This Lin Ran is really disappointing!”

Fire Halberd couldn’t help but curse.

“Come on, he’s the commander of the three armies now, where do you get off complaining so much!”

Feng Linglong looked at him with some impatience.

“Right! It’s normal for you not to have complaints, you’re from the Feng family, it’s not like you need to build a career, a third of the entire Mysterious Alliance is owned by your family!”

The fire halberd said without good humour.

“What are you talking about!”

Feng Linglong’s face instantly turned ugly when she heard that.

“All right! If you have any grievances go talk to Lin Ran, is it useful to whine behind his back here?”

Qibao turned his head and looked over, his face bland.

“You!”

When Fire Halberd saw that Qibao had also started to target himself, his face became even more ugly.

On the other hand, Martial Refin at the side was not even paying attention to him, and he couldn’t help but feel a sinking feeling in his heart, Lin Ran had only come today, and already two of their four generals seemed to be on Lin Ran’s side.

He was left with himself and Wu Lian, and this Wu Lian was a martial arts fool.

Time passed by minute by minute, and the enemy had been screaming outside the city for a full half hour.

But Lin Ran never gave the order to leave the city.

Until a certain moment, Leng Zhan rushed out from the crowd and whispered a few words in Lin Ran’s ear.

Only then did Lin Ran’s face look relieved, and then he said aloud.

“Go out of the city to answer the battle! All men must not pursue for more than fifty miles, those who disobey orders will be executed!”

“Rumble!”

At the same time as the voice rang out, the gates of the Heavenly City had been opened.

At once, Ling Sa rushed ahead and led the generals of South City and rushed out to kill them.

“Go!”

A cold glint flashed in the Fire Halberd’s eyes at this, and he immediately followed suit.

It seemed that he was afraid of falling behind Ling Sa.

“Let’s go too!”

Feng Linglong Qibao and Wu Lian glanced at each other, and then they also followed and charged out with the army.

Chapter 1508

Outside of Heavenly City, suspended high in the sky, his gaze swept over the crowd below like an arrow.

“Leng Zhan said that he didn’t see the enemy leader, it seems that this Sanyuan Daoist is afraid!”

A cold smile flashed across Lin Ran’s eyes.

At this moment, down below, Lin Ran and the other five generals had already led their men to fight with the enemy.

A cold glint flashed in Lin Ran’s eyes, and he immediately shouted behind him.

“You two still guard here! The city gates cannot be broken!”

“Yes!”

Yu Chang and Wolf Ba nodded their heads respectfully.

Lin Ran, on the other hand, had already disappeared in a flash of his body.

Daoist Sanyuan’s doppelganger did not dare to come over, but Lin Ran was not prepared to let him go.

In his heart, he knew exactly where the strengths and weaknesses of the Other Demon and the Mysterious Alliance lay.

The Other Demon had already crossed into the Extreme Realm, and his strength alone naturally far exceeded that of the three Wind Elders.

But likewise, because of the three or four years he had spent in the Fey Demon Realm before, the middle and upper echelons of the Fey Demon Realm’s strength had also been pretty much squandered by himself.

If he hadn't entered the Other Demon Realm back then, and the Four Domain Kings and Four Generals had joined forces, I'm afraid that the Mysterious Alliance wouldn't have been able to hold out for so long.

This was the cycle of karma!

Before Lin Ran didn't come, a Ghost King, a Sanyuan Daoist plus a Yue Bei Shan had defeated the Mysterious Alliance to the point of collapse.

And since he himself had come at this time, the three of them wouldn't be able to have an easy time either.

In the enemy's large rear, in a military camp.

This doppelganger of the Sanyuan Daoist was leisurely leaning back in his chair and sipping his drink, in a very good mood.

For this attack, he had not gone with the army at all, but had stayed within the defensive line.

"I still have at least 50,000 generals within this defence line, and it's so far away from Heavenly City, I still don't believe that that brat Lin Ran can still find his way over!"

Daoist Sanyuan was at his leisure, and his men beside him were full of smiles.

"Your Excellency is wise, for such a distance, even a large army would have to rush for half an hour, not to mention him Lin Ran coming here single-handedly to kill him, that would simply be an act of seeking death."

"Haha! Not bad! Pour the wine!"

Daoist Sanyuan laughed.

The foreign devil had told him to attack, he wasn't that stupid to actually run off to attack Heavenly City again.

Since the foreign devil cared so little about the lives and deaths of his men, he naturally didn't bother to care much about it and just let those men go and fight to the death.

But just as he was sipping his tea, his heart was so pleased with himself.

Suddenly, a figure appeared outside the tent in front of him.

"Who?"

Daoist Sanyuan was stunned to see the figure standing motionless outside the tent, his shadow hitting the tent and he could not see his face clearly.

But Daoist Sanyuan could be sure that the person was not from his own side.

For the outline of the armour on the other side was simply different from that of their side.

"Don't worry, my lord, it might be a prisoner, I'll go and take a look!"

The man next to him laughed blandly.

Being in his own camp at the moment, he naturally wasn't worried.

With that, he turned around and prepared to go out.

However, he lifted the tent, and before he could go out, a cold manoeuvre was suddenly placed against his neck.

Then a figure walked in and forced this man back alive.

"You ....."

Seeing the visitor, Sanyuan Daoist's face suddenly turned green, who was the one who appeared in front of him if not Lin Ran.

"You really don't have a long memory, do you! The army was sent out, leaving tens of thousands of people behind, and you thought I'd come in?"

Lin Ran looked at the Sanyuan Daoist with a cold smile on his face.

"Someone! Someone come quickly! There are enemies!"

Daoist Sanyuan shouted busily.

"There's no need to shout, this place is already enveloped by a formation, they can't get in at all!"

Lin Ran laughed indifferently.

"You! How on earth did you manage to do that, how could you possibly get here so quickly!"

Daoist Sanyuan's eyes were filled with panic as he looked at Lin Ran.

At such a distance, if Lin Ran had rushed over directly from Heavenly City, then his eye tips would definitely have been able to spot it.

This process, however, was one that he hadn't received the slightest bit of notification of at all.

"You want to know?"

Lin Ran laughed, and the next moment his body flickered violently, a cold ray of light sliced through, and a stream of blood directly spilled out from that henchman's neck.

But Lin Ran also disappeared from his spot almost at the same time.

Daoist Sanyuan was surprised to see that Lin Ran had already appeared in front of him at the same time as his men's blood was spurting out.

It was only after a few moments that the blood from his men fell to the ground.

This speed displayed by Lin Ran simply made the three Daoists' hearts pound with cold.

"You ..... How can you be so fast!"

The entirety of the Three Elemental Daoist sat paralyzed on the ground, not even having the courage to resist.

Previously in the Fey Demon Realm, Lin Ran's speed had been faster than his though, seeing as he had at least been able to tangle with it for a moment or two back then.

But what about now? Lin Ran's speed had reached a point where even he couldn't react.

"Your strength, your strength!"

There was panic in the eyes of Daoist Sanyuan.

"That's right, I've had a breakthrough! There's no need to guess blindly!"

Lin Ran laughed indifferently.

"Lin Ran! Let me go, let me go, I'll give you anything you want!"

Daoist Sanyuan said busily.

Lin Ran, however, smiled and said.

"I just want this wisp of your distraction, come with me!"

"You!"

Daoist Sanyuan was instantly anxious.

Come with you? Are you kidding about continuing to be captured back and beaten alive by those two bastards? This was simply not treating himself like a human being.

"Lin Ran don't force me, as long as you spare me, I promise not to participate in the war!"

Daoist Sanyuan said busily.

Lin Ran, however, gave him a bland look, followed by grabbing him up with one hand.

"You're not going to participate in the war? What a lie! If you don't join the battle the foreign devil will let you go?"

Lin Ran shook his head, not bothering to listen to Sanyuan Daoist's nonsense as he waved his hand and locked him up before taking him into the small world.

"Lin Ran you ....."

Far away in Wolf City, Sanyuan Daoist's original daoist was so angry that he spurted out a mouthful of blood.

The first time he attacked the city, he was caught by Lin Ran with a doppelganger, this time he was so scared that he didn't even dare to go out of the camp, only to be caught again.

If this was told, he would be depressed to death, if not ashamed.

Lin Ran, with this doppelganger of the Sanyuan Daoist, soon returned to the Heavenly City.

The war outside the Heavenly City had almost ended at that moment.

Only to Lin Ran's surprise, there were actually many dead Heavenly City soldiers in the trenches below.

“What’s going on?”

Lin Ran asked in a cold voice as he swept his gaze below.

“Commander Lin, the enemy has attacked and killed very resolutely tonight, and we have some damage!”

Feng Linglong busily said.

“Right! The enemy tonight seems to be the same as the Dead Servants, killing with great determination!”

Qi Ba, who was at the side, also spoke up.

Lin Ran frowned slightly at his words and spoke after a moment of thought.

“Collect your troops!”

The enemy’s attitude had suddenly become so tough, something Lin Ran hadn’t expected.

But this great battle was already over, so there was no point in talking more about it.

It was better to go back and study the countermeasures properly, that was the key.

That night, Lin Ran left this distant spirit of the Sanyuan Daoist to Qibao and Wu Lian.

As a result, without the slightest surprise, early the next morning, the news came that the Sanyuan Daoist had been ground to death alive.

Naturally, Lin Ran was not too surprised by this.

However, the Sanyuan Daoist’s original deity and the Ghost King and Yue Bei Shan in Wolf City had exploded into a frenzy.

Chapter 1509

“What should we do?”

Within Wolf City, the Ghost King Sanyuan Daoist as well as Yue Bei Shan all gathered together.

“How do I know what to do!”

Daoist Sanyuan’s face was ugly as he glanced at the two men and said in a low voice.

“With all due respect, I feel that Lord Iso-Devil he .....

Said the Sanyuan Daoist who didn’t dare to go on.

“Are you trying to say that you simply don’t care if we live or die?”

The Ghost King frowned and said.

“Mm!”

The Sanyuan Daoist nodded.

“I feel it too!”

Yue Bei Shan, who was at the side, also nodded his head.

“It’s better not to guess in this matter!”

The Ghost King said with a frown.

“Don’t make wild guesses? Easy for you to say, my two doppelgangers have both died in battle! It is simply impossible to coalesce in the near future!”

“The next third line of defence is for the Beishan brothers, you Ghost King are hiding in Wolf City with impunity!”

Daoist Sanyuan didn’t have a good mood and said.

“That’s not what I meant!”

The Ghost King was busy saying.

“Then what do you mean!”

Daoist Sanyuan asked.

Although they were all from the Other Demons, who could care about that much when life and death were at stake.

The first two lines of defence had both been broken by Lin Ran’s direct decapitation operation, and the next was Yue Bei Shan!

Although Yue Bei Shan knew that Lin Ran would not kill him, if things went on like this, the Ghost King and Sanyuan Daoist would definitely be finished.

Moreover, if Lin Ran spared himself too many times, I’m afraid that the Other Demon Lord’s side would also become suspicious.

The Ghost King glanced at the two, and with a wave of his palm a ball of light enveloped the three of them as he whispered.

“This formation can only last for ten minutes, even Lord Fey Demon can’t hear this place!”

“I only have one of these things too, let’s hurry up and analyse it!”

The Ghost King said as he took out a map, on which was none other than the distribution of the forces of the Fey Demon Domain.

“Look for yourselves!”

The Ghost King pointed at the map and said.

“From the start of the Great War until now, we have lost not much of our many troops in the Other Demon Domain!”

“But have you guys noticed? From the start of the battle until now, the two forces of the Tiger Head and the Demon Ape that Lord Fey Demon has neither given us nor sent over have remained in the Fey Demon Domain so far!”

“What are you trying to say?”

Daoist Sanyuan asked with a frown.

“Could it be that you’re trying to say that the real main battlefield, Lord Fey Devil, didn’t even want to place it in this Heavenly Wolf Domain?”

Yue Bei Shan, who was at the side, suddenly said.

“You are very clever!”

The Ghost King gave him a look.

“Tiger Head and Demon Ape are already dead, so by rights their troops should be divided among us, but Lord Fey Demon didn’t do that, he’s obviously guarding against his enemies co-entering the Fey Demon Domain!”

“So I guess that Lord Iso-Devil should only be trying to weaken the enemy by letting us keep attacking without taking over the city!”

“Bullshit!”

Daoist Sanyuan smiled and immediately said in a cold voice.

“Even if it’s to weaken the enemy’s strength, why do you even care if we live or die, both of my old doppelgangers have died in battle!”

“That’s the root of the problem!”

The Ghost King said.

“The fact that Lord Alien Demon doesn’t care whether we live or die means that even if all three of us die, he doesn’t care at all!”

“So there is only one explanation for this matter!”

The Ghost King said as he looked at the two.

However, before he could open his mouth, Yue Bei Shan on the side spoke with slightly narrowed eyes.

“Fish death! He doesn’t care if we’re still alive in the final showdown!”

“Right!”

The Ghost King nodded his head.

“That can’t be right, if we die, he won’t have anyone under him who can be of use, does he expect those men from Tiger Head and Demon Ape?”

Daoist Sanyuan said.

“No! He still has someone he can use!”

Yue Bei Shan suddenly spoke up.

“Who?”

Daoist Sanyuan asked busily.

“Blood Sea Demon Law!”

“Blood Sea Demon Law!”

Yue Bei Shan and the Ghost King said almost simultaneously.

“Blood Sea Devil Lo?”

Daoist Sanyuan’s face instantly changed at the words.

He had actually forgotten about this person, indeed the Blood Sea Demon Luo had been forgotten for too long.

The Blood Sea Demon Luo was the very same gigantic figure that Lin Ran had seen in the Blood Sea space back then.

“This Blood Sea Demon Law is a killing machine that Lord Fey Demon started cultivating a long time ago and has never been used!”

“If we guessed not much, Lord Fey Demon is probably trying to set off the final showdown in the Fey Demon Realm, and when that time comes, the biggest helper in the Fey Demon Realm besides him will be the Blood Sea Demon Law!”

The Ghost King said.

“Then let’s do this!”

Daoist Sanyuan frowned and said.

“We can’t really be used as a gun and end up taking our lives!”

Both the Ghost King and Yue Bei Shan were silent for a moment at their words, and then the Ghost King said.

“You’re right,? So the three of us can only think of ways to save ourselves!”

“Save ourselves? Such a self-help method?”

Yue Beishan asked.

“It’s simple, find a way to skip right past this current stage of depletion! At the same time find another way to return to the Fey Demon Realm, as long as we stay alive in the Fey Demon Realm before the final showdown begins, the Fey Demon Lord will still give us support at that time!”

The Ghost King said.

Yue Bei Shan and the Sanyuan Dao haunts were both stunned at their words, and then they understood what the Ghost King meant.

At this stage, they and the group of soldiers from the Skywolf Domain were like death squads, the Other Demon had them here just to wear down the enemy, even if they all died here, the Other Demon wouldn't even be heartbroken!

But all the same, they would also make the Mysterious Alliance lose a lot of money as a result.

According to their guess, even one for one, the Mystic Alliance would be badly damaged!

And by that time, the Fey Demons' wish would be fulfilled, and a showdown would be set off in the Fey Demon Realm.

But this consuming process was something that would have to be accompanied by the lives of the three of them as well!

But if they could jump over this stage and find a way to return to the Fey Demon Realm, then there was still a chance.

"All three of us know very well that with the mark of the Fey Devil inside us, we simply can't defect, and even if we did the Mystic Alliance wouldn't believe us!"

"So, all we can do is save ourselves!"

The Ghost King said with an icy coldness in his eyes.

"I dare to speculate that even if all three of our men die, as long as the Mysterious Alliance is not badly damaged, Lord Fey Demon will definitely be furious!"

"Nonsense! If the mission isn't completed, he won't be furious, and then the three of us will have to die too!"

Daoist Sanyuan said.

"Nope! We won't die!"

The Ghost King, however, said.

"Just imagine, all our men are dead, but the enemy has not been seriously injured, the headache at this time is the foreign devil, the mysterious alliance has not been seriously injured, he must not dare to kill the three of us, because he still needs the three of us to have strengthened the foreign devil realm!"

"You mean! We deliberately went to deliver Lin Ran's head?"

Yue Beishan frowned.

The Ghost King, however, shook his head.

"Not to deliver heads, but to go and start a great war!"

"We'll directly start a big war with the Mysterious Alliance in the Sky Wolf Domain, the three of us are no match for Lin Ran, so we're bound to lose, but we can prepare to bolt in advance, so that the big war

is fought and people die! The foreign devils can't find fault with us and will only choose to bring us along for the duel, rather than kill us now!"

"That's too risky!"

Yue Bei Shan said.

The Sanyuan Daoist at the side smiled but shook his head.

"It's risky, but rich and dangerous?! I don't want to die in the Skywolf Domain just like that without knowing!"

Chapter 1510

"Me too!"

The Ghost King looked at the Sanyuan Daoist, both of them with determination in their eyes.

"What about you?"

Both of them turned their heads to look at Yue Beishan at the same time.

Yue Beishan frowned and pondered for a moment before speaking.

"I always feel that this is not a good idea, in case we have guessed wrongly what Lord Fey Demon means, when the time comes, it is likely to cause Lord Fey Demon's anger because of the unfavourable engagement!"

"I've thought about this issue long ago!"

The Ghost King laughed.

"I have an idea that will allow you to see clearly what Lord Fey Demon really cares about! "

"What solution?"

Daoist Sanyuan asked busily.

The Ghost King smiled blandly and said.

"We all stay out of the battle and only send our men to engage, and without our men we will be defeated, three times at the most! The foreign devil will surely find out that something is wrong!"

"By then he will inevitably summon us!"

"And when that happens, his reaction will say it all!"

"How does it look?"

Yue Bei Shan asked.

"It's simple! If we don't participate in the battle, we will definitely be the ones to lose, and the three of us are no match for Lin Ran, something he knows very well, and when the time comes, if he ever orders us to fight, it will mean that I guessed right! He doesn't care if we live or die!"

“If he asks us to find a way to turn the tide of battle, or even take out one or two treasures to bestow on us to deal with Lin Ran, it means that he still cares whether we live or die, and just wants us to wear down the enemy’s fighting strength as much as possible!”

“There’s another one, which is that he would just kill the three of us, but that possibility is almost non-existent, as there’s no one left under him apart from the Blood Sea Demon Law and the three of us, and it was for this reason that he tried so hard to draw Lin Ran in the first place!”

The Ghost King said.

“That’s too much of a gamble!”

Yue Bei Shan frowned and said.

“Indeed it’s too much of a gamble!”

Daoist Sanyuan also said.

“But I think we can try!”

“After all, we are caught in the middle very that there is a hope of survival, but if we delay until the showdown, there is a chance of survival!”

“I agree with your idea!”

The Ghost King said.

Yue Bei Shan, however, frowned and thought for a moment before speaking.

“Let’s try it first and see the Ghost King’s reaction before we say anything.”

“Good!”

Seeing that Yue Bei Shan was considered a compromise, the Ghost King then ripped off the formation.

The three of them looked at each other, all with a cold aura in their eyes.

As expected, the entire week that they borrowed down was arranged by the Ghost King and Yue Beishan as well as the Sanyuan Daoist.

Only three battles had been fought in total.

And as there were no generals involved in the battles, these three battles could be said to be worse than one at a time.

The first time, Lin Ran was still dealing with it carefully, defending the Heavenly City and only fighting outside of the Seng Seng!

This time, the Ghost King and his men’s losses were quite acceptable!

But the second time, when Lin Ran saw that the other side still didn’t have a leader, he had Yu Chang personally lead his team to chase them out for a hundred miles, killing almost half of the people sent by the Ghost King!

This battle could be said to have completely raised the curtain on the counter-attack.

By the time the third time came, the enemy had not yet reached the Heavenly City when they were ambushed by Lin Ran's pre-arranged ambush, and almost all of their troops were wiped out.

And after these three battles, the morale of the entire Heavenly City was completely stirred up.

Lin Ran's reputation in Tiancheng was also growing.

Although the Fire Halberd was depressed in his heart, there was no denying that he had also made a lot of battle achievements, so he didn't say anything more.

On the contrary, the three Ghost Kings stopped sending troops after three major battles and waited patiently.

As luck would have it, just a day later, the voice of the foreign devil rang in the trio's ears.

"You three come and see me!"

The voice boomed, and as it rang out a spatial vortex had appeared, swallowing the three of them up out of thin air.

"My Lord!"

In space, the three Ghost Kings appeared out of thin air, rushing to salute the foreign devil in front of them respectfully.

"What's going on? You three have let me down a little lately!"

Upon seeing the three, the foreign devil's face was icy cold and his voice was icy cold.

"My lord, that Lin Ran is too strong and there's nothing we can do about it!"

The Ghost King was busy speaking.

"Yes! My lord, my two doppelgangers were both killed by him!"

Daoist Sanyuan was also busy saying.

On the other hand, Yue Bei Shan, who was on the side, asked tentatively.

"My lord, if we don't get rid of this Lin Ran, we are indeed very passive, I don't know what to do next, so I would like to ask your lordship to give us an indication!"

The foreign devil swept his gaze across the three people with an icy coldness in his eyes.

"Rubbish!"

"One Lin Ran and you're all scared like this! I told you a long time ago that if you can't beat him, you shouldn't fight him, you guys are really letting me down!"

The foreign devil said in a cold voice.

The three Ghost Kings didn't dare to speak, but their hearts were already relieved, the Other Demon was talking nonsense with them here, obviously not prepared to kill them outright, they had already won this first bet.

The rest would depend on how the Other Devil would arrange things next.

The foreign devil tapped his palm on the black throne for a long time before he spoke.

"Alright, knowing that the three of you are no match for Lin Ran, it's time for this great battle to end now!"

With that, the foreign devil flipped his palm and a black bead actually flew out of thin air, before hovering in front of the three.

"This is a cracking bead, take it back with you! Three days later, we will have a duel in the Sky Wolf Domain!"

The foreign devil said.

"My lord, what is this boundary breaking pearl for?"

The Ghost King was busy asking, this turned out to be something none of them had expected before, the Ghost King had given them something and told them to go to the duel.

The two were put together, making them somewhat confused as to whether they really cared about their safety or not.

The foreign devil smiled blandly at his words and said.

"This boundary-breaking bead was carefully developed by old me, and once crushed, its power is no less than a blow from old me personally!"

"Huh?"

The three Ghost Kings all froze when they heard that, if such a powerful thing was used directly on Lin Ran, it would not kill him in an instant!

"Listen to me carefully, you three! I only have one of these boundary-breaking pearls, so make sure you detonate it right below the Blood Road during the battle! Otherwise, I will kill you all!"

The foreign devil suddenly said in an angry voice.

"Below the Blood Road?"

The three Ghost Kings were all stunned.

"That's right!"

The Other Demon's face was icy cold.

"This way the boundary-breaking pearl can break the seal of the Blood Road! When the skeletons and grievances inside the Blood Road come out, you won't even need to do anything, you will be able to hit the Mysterious Alliance hard!"

With that, the foreign devil swirled his palm again and took out three talisman seals.

“These three talismans are spatial talismans that I made with my own hands! When crushed, they can instantly appear in my Extreme Realm space!”

“Once you break the Blood Road seal immediately crush it!”

The foreign devil said.

“But my lord, that would make those men! Wouldn’t ....”

The Ghost King was busy saying.

The foreign devil smiled but sighed.

“The duel is near and we don’t care about that much, you three just come back safely! The subsequent duel will still need you!”

“Yes, my lord!”

The three Ghost Kings nodded respectfully, and then left the place.

The foreign devil watched the three leave, but a trace of coldness flashed in his eyes.

“Playing trial and error with me, you are also worthy of it!”

After saying that, the foreign devil waved his palm, and three jade slips appeared in front of him, each with a name engraved on it, and it was the Ghost King, Sanyuan Daoist, and Yue Bei Shan’s!

“Three fools, still trying to betray me, the day you perish when the Blood Road opens!”

“Anyone who delays and obstructs my plans must die!”
