Chapter 1511

That night, the sky of the Skywolf Domain all seemed to have become a few shades heavier!

Lin Ran stood alone atop the city walls of the Southern City, his eyes calmly looking ahead.

“Why is there such a serious disconnect between the middle tier strength of the Mysterious Alliance?”

Lin Ran suddenly asked in his mind, he had been pondering this question for the last one.

He hadn't noticed it before, but ever since this great war had broken out, this question had been bothering him.

At the beginning, he was only at the peak of the Creation Realm and had only stepped into the peak of the Dan Creation Sutra after taking the Immortal Emperor Pill, and the people he faced in the Fey Demon Realm afterwards, whether it was the Wolf King or the Snake King and the like, they were all at the peak of the Dan Creation Sutra as well.

Even the Ghost King, for example, had even half stepped into the God Creation realm.

But on the contrary, there were only a handful of people in the Mysterious Alliance who were at the God Creation Realm.

The Dragon Family has only had a few God Creation Realm powerhouses for so long.

This was not enough to compare with the Other Demon Region.

The otherworldly devil domain is limited in area, and since the last battle was a defeat, it is normal that their strength is lower than that of the Mysterious Alliance.

However, they were at least at the peak of the Dan Creation Sutra, but on the contrary, the Mysterious Alliance had even fewer people at the peak of the Dan Creation Realm and the God Creation Realm than the Long Family.

This made Lin Ran extremely incomprehensible.

“Kid, there's nothing bad to understand, this is all a result of necessity!”

The Pillow Book suddenly spoke.

“How so?”

Lin Ran opened his mouth and asked.

“Think about it! The Mysterious Alliance says it's an alliance, but in reality it's still an organisation, just a big number to stop!”

“Just think about the opponents that the Mysterious Alliance faces all day long and you'll actually understand!”

“The opponents it faces?”

Lin Ran was stunned at his words, and then he remembered that when he had dared to come to the Sky Wolf Domain, the enemy Long Mo had faced was none other than the Wolf King of Wolf City.

This Wolf King seemed to be about as strong as Long Mo!

“Right, think about it, is there any place within the Mystic Alliance where you can have an adventure other than Qiong Hua Mountain where you trained back then? The training I’m talking about is training between life and death, not some petty fight like yours!”

The pillow said and laughed.

“That can only be called a competition, it’s not even considered an adventure!”

“In the Immortal Realm, which one who goes out to train is not experiencing great adventures, great life and death, cultivation methods like the Mystic Alliance can only train basic cultivators, and are almost useless for upper level cultivators!”

Said the pillow book with a smug smile,? said.

“You brat can be where you are today, in the end, you still have to thank Master Book for me, if I hadn’t given you an Immortal Emperor’s Pill and let you go to the Other Demon Realm for three or four years of training, I’m afraid that the current you would be at most a middle Dan-making realm!”

“And the Other Demons never send powerful opponents like the King of the Realm and the Four Generals over, so it leads to the fact that even in the War Realm, the Mystic Alliance side of the world doesn’t get a good sharpening!”

“Over time it was overtaken by the Hidden Dragon Family turning the middle tier against them!”

Lin Ran smiled and instantly understood.

Indeed, Pillow Book was right, the Mystic Alliance did lack this kind of honing, it seemed that under the cage of the three Wind Elders, the following when these people never considered the foreign devils as a threat.

It was said that there was a tall man to hold on to when the sky fell, and to them the foreign devils, even if they attacked in full force, were ultimately looking at the Wind Elder Three, so they probably didn’t take it that seriously mentally.

“Ai!”

Thinking about this, Lin Ran couldn’t help but sigh, if he hadn’t coincidentally gone to the Fey Demon Realm, I’m afraid he would be similar to them now.

As he thought in his mind, suddenly Leng Zhan was running over to the side.

“Boss!”

Leng Zhan said as he handed something over, Lin Ran turned his head and looked, it was actually a letter.

“The Ghost King sent it over, a letter of war!”

Leng Chop said.

Lin Ran frowned slightly and took the letter over, on it, there were clearly a few words written on this.

“A letter of war! Lin Ran himself!”

Lin Ran opened the letter, there were only two simple sentences on it.

“Three days later! Under the vault of the Blood Road, a duel to the death! If you don’t come, the blood road will open!”

“Under the Vault of Blood?”

Lin Ran frowned slightly as he read it.

No one knew the terrors of the Blood Road better than he did, back then he had almost failed to break out from inside the Blood Road.

Seeing this letter, Lin Ran’s heart couldn’t help but lift as he immediately turned around and hurried towards the main city.

A few moments later, in the main city’s council chamber, Lin Ran met with the three Wind Elders.

“It’s just a war letter sent by the Ghost King!”

Lin Ran did not hide it and directly handed the envelope to the three Wind Elders.

The three of them went over the contents of the letter and their faces all turned ugly.

“What do you two think?”

Elder Fire turned his head to look at Elder Li and Elder Feng and asked.

The two of them were silent for a moment before Elder Li spoke.

“This is something I feel is likely still a conspiracy, but we still have to take it!”

“Hm!”

Elder Feng nodded.

“The other side is proposing a duel at this time, obviously Lin Ran’s recent few battles have caused them to panic a little!”

“But if we don’t go!”

The wind elder didn’t say anything further, but everyone understood in their hearts that under the Blood Road Vault, if it wasn’t for the other party’s later words “Blood Road open” it was probably not just a joke, to deliberately scare them!

“Lin Ran, what do you think?”

Elder Feng suddenly turned his head to look at Lin Ran, who as the commander of the three armies, Elder Feng also wanted to see what he thought.

Lin Ran smiled and was silent for a moment before speaking.

“I think we can ignore it!”

“The initiative in the last few battles has been entirely in our hands, and now that the Ghost King has sent a battle cry for a duel, it is obviously them who are anxious, so we can completely ignore it, so that we can also see clearly what they are up to!”

Lin Ran’s words made the three old men nod their heads uncontrollably.

However, they all understood this truth, it was just that the point of the Blood Road was too prickly.

“The Blood Road is a matter of great importance, and you know clearly how harmful the skeletons and grievances within the Blood Road would be if they were released!”

“I’m afraid we’ll have to answer for this battle!”

Elder Feng said.

Elder Fire and Elder Li also nodded.

“What Lin Ran said is good, but what Old Man Feng said is also good!”

Elder Fire said.

“Although we don’t know if the Ghost King and the others have a way to break through the blood path or not, we can’t take this risk!”

“If they do have one, when the time comes, once the Blood Road is broken, I’m afraid that the skeletons and grievous spirits inside will bring about a great disaster!”

Lin Ran looked at the three without saying anything.

This was indeed a tricky matter, the other party knew very well the situation at hand, and the initiative was on Lin Ran’s side.

If they couldn’t come up with a sufficient threat, this duel could be closed and Lin Ran would not fight.

But now, the point of the blood road had become a fatal one.

Even though they knew very well in their hearts that this great battle should not be the best, the truth was that there was no choice, they could not take the risk, and the Blood Road absolutely could not be opened.

“This battle cry must be taken!”

Elder Fire suddenly got up and said.

“Lin Ran! I’m counting on you this time, in three days we’ll be on guard at Heavenly City, once the enemy really has a way to break open the Blood Road, you incomparably greet the generals participating in the battle!”

“At that time, once the Blood Road opens, the three of us will step in to take care of those skeletons and grievances!”

Lin Ran nodded at his words, he knew in his heart that this duel was unavoidable.

Chapter 1512

Three days passed in a hurry.

In these three days, the news of the duel spread throughout the entire Heavenly City, and countless generals were fist pumping and ready for the duel.

On the southern city only, Lin Ran stood with his hands folded looking at the wilderness outside the city.

“Ready to go, ready to go!”

Lin Ran walked over, an icy coldness in his eyes.

“Hm!”

Lin Ran nodded, and then turned to look at the group of generals in the city behind him.

“Go to war!”

Lin Ran let out a roar, and the sound of rumbling open city gates immediately came to mind.

Over a hundred thousand generals all marched towards the outside of the city.

In this great battle, the Ghost King’s side would only have at most a hundred thousand men, Lin Ran did not let all the generals participate, after all, there was still a need for someone to stay behind in Heavenly City.

In the end, after discussing with the three Wind Elders, Lin Ran decided to let Qibao and Feng Linglong lead the troops to stay behind, while he himself took Lingza and Wu Lian and Fire Halberd with him.

On the walls within the main city, watching Lin Ran and the others leave the Heavenly City, the hearts of the three Wind Elders couldn’t help but tense up.

“I hope that he will return triumphantly from this great battle!”

Old Man Li spoke.

“Ai! How many people have returned since the ancient conquests, and I don’t know what the foreign devil wants!”

Old Fire spoke up.

Elder Feng, however, looked ahead for a few moments before speaking.

“What exactly does the foreign devil want, perhaps after this duel, it will be clear!”

.....

The difference between the Sky Wolf Domain, and other war domains is that the Blood Road is located here!

Six months ago Lin Ran came out of the Blood Road.

Ever since then this place where the Blood Road appeared had been known as under the Blood Road Vault.

Because at this location overhead, the break in the thunder clouds caused by the appearance of the Blood Road had never been repaired, and the thunder clouds and lightning simply did not dare to cross the thunder pool by half a step.

That white seal was also exposed all day long.

Everyone knew that the Blood Road was dangerous, but no one bothered to fight it, because it was almost impossible to open it, and unless the top powerhouses of the Otherworldly Demon Realm or the Mysterious Alliance stepped in, no one could shake it.

Beneath the vault of the Blood Road, the armies of both sides had all assembled, looking past the black mass.

Lin Ran was standing at the very front of the crowd, their gazes cold, their eyes bland, unable to see any fluctuation in expression at all.

“Lin Ran! It’s been a long time!”

The Ghost King and the Sanyuan Daoist as well as Yue Beishan were similarly standing at the front of the opposing crowd, except that at this moment, the three of them had bland smiles on their faces, as if they had everything under control.

“It’s been a long time! How else could you all have survived for so long!”

Lin Ran said indifferently.

When the three Ghost Kings heard this, their faces instantly sank.

Especially the Sanyuan Daoist and the Ghost King, the two of them had previously been said to have been killed by Lin Ran in the Fey Demon Domain and almost had their souls scattered, so it was natural for the pokes to see each other at this point.

“I haven’t seen you in such a long world, but your mouth skills have become even more powerful!”

Daoist Sanyuan said in a cold voice.

Lin Ran smiled at his words but said.

“Is that so? It seems that the loss of two doppelgangers still hasn’t made you see the gap between yourself clearly!”

“Don’t be rampant!”

Daoist Sanyuan’s face turned blue with anger, and he immediately said angrily.

“I was afraid you wouldn’t come today, but now that you’re here! Then prepare to die!”

With that, Daoist Sanyuan crushed the white bead in his hand with a bang.

A crunching sound immediately shot up into the sky, and in an instant, all the people from the Ghost King's group moved, as if a black torrent was rushing towards Lin Ran's direction.

"Answer the battle!"

Lin Ran saw this and without any nonsense, he roared out in anger and headed straight for the Sanyuan Daoist in the first place.

"Kill!"

The Sanyuan Daoist was not ambivalent either, and with a furious roar, he led his men and charged forward.

The battle instantly began, and at this moment, the entire Blood Road was in a mess.

The two sides had rushed together in the blink of an eye.

The two torrents seemed like a raging tide, merging quickly with each other as the sound of killing and destruction rose.

"Little Lin Ran, today is the day of your death!"

The Sanyuan Daoist ran straight at Lin Ran, while at the side, the Ghost King and Yue Beishan had also surrounded him from the previous later.

Lin Ran's strength was too strong, and it was impossible for the three of them to win against Lin Ran no matter who fought alone.

So right from the start, they had made up their minds that they had to surround Lin Ran.

"The boundary-breaking pearl must be used unexpectedly, otherwise if Lin Ran is on guard, it is likely that it will not have the desired effect!"

Before the great battle, the three deliberately discussed the matter.

The foreign devil's aim was simple: to hit these people from the Mysterious Alliance hard.

And if they wanted to use the Blood Road to surprise Lin Ran's people to inflict heavy damage, then they could only break out into a great battle first.

"Die!"

Lin Ran was unambiguous, his palms merging into sword fingers as he directed a command straight at the Sanyuan Daoist's original daoist.

"Eh?"

Seeing this, the Sanyuan Daoist's face changed greatly and he hurriedly put up a light curtain in front of him to resist.

However, Lin Ran's current strength was only one step away from Elder Feng and the others, so this seemingly ordinary sword finger was simply not something that the Sanyuan Daoist could resist.

"Bang!"

In an instant, there was a loud bang, and the light curtain in front of Daoist Sanyuan collapsed in an instant, and his entire body even flew out in an instant, a mouthful of blood spurting out directly.

“Bastard! How can he be so strong!”

Daoist Sanyuan was completely dumbfounded.

Earlier, his two doppelgangers had been captured by Lin Ran without much effort.

He had known that Lin Ran was strong by then, but who knew that at this moment, when his own dao was facing him, he had actually lost before he had even finished a single move.

“Be careful this kid is too strong, let’s go together!”

The Ghost King was busy shouting, while his gaze flashed continuously looking for the right opportunity to prepare to detonate the boundary pearl.

“Good!”

Yue Bei Shan responded and immediately joined up with the Ghost King to jointly deal with Lin Ran.

At this moment, Daoist Sanyuan also hurried back, having just been shaken back by Lin Ran’s sword finger, this would simply be a disgrace to him, and at this moment, his eyes were also filled with anger.

“Three against one? Interesting!”

Lin Ran laughed outright when he saw this.

Afterwards, he only saw his palm fiercely gripped, and the Condensing Frost Sword instantly surfaced.

“Weng!”

A loud and clear sword chant only sounded out violently, as if it was responding to Lin Ran, an old friend.

It had been half a year, a full half a year since it had fought alongside Lin Ran, and this moment was as exciting as if an old friend had reunited.

“Kill!”

A cold aura flashed in Lin Ran’s eyes, and in an instant, his entire body directly charged out towards the Sanyuan Daoist directly opposite him and killed him.

“Eh?”

The Sanyuan Daoist’s face instantly changed at the sight of this.

But at this moment, he still had the Ghost King and Yue Bei Shan beside him, so he quickly calmed down and busily shouted.

“Strike together to kill him!”

As the words fell, the three of them struck out almost simultaneously, and at once, three streams of light were like three shooting stars heading straight for Lin Ran.

However, what Sanyuan Daoist didn't expect was that Lin Ran actually didn't care about their attacks at all, and his body still charged towards himself.

"Bastard! Why did you recognize your grandfather!"

The Sanyuan Daoist cursed angrily, and immediately retreated backwards.

The trio's attack had reached Lin Ran's close proximity almost at the same time.

However, in the face of the three men's attacks, Lin Ran had a bashful smile on the corner of his mouth, and in the next moment, his body flashed and he had actually disappeared from his spot.

Chapter 1513

"Be careful!"

The moment they saw Lin Ran's figure disappear, the Ghost King and Yue Beishan shouted almost simultaneously.

Following this, they were shocked to see.

The three men's attacks had actually passed through Lin Ran's place at the same time and then collided with a "bang".

A huge explosion resounded in the sky, scattering Lin Ran's form.

The hearts of the three men sank, knowing that it was only Lin Ran's shadow, and that the moment his body flashed before, he was no longer in the same place.

"Bastard!"

The three Ghost Kings began to defend themselves against Lin Ran's sneak attack almost simultaneously.

However, Sanyuan Daoist's face was the ugliest of all, for by now he had sensed the threat approaching.

He was busy turning around and instantly forming a curtain of light in front of him.

But the moment the curtain of light appeared, a ray of cold light slashed past, and with a bang, the curtain of light exploded and a ray of cold light slashed right against his chest.

"Poof!"

With a muffled sound, Sanyuan Daoist felt a pain in his chest, and when he looked down, he found that his armour had actually been cut and blood was pouring out.

The difference in strength was too great, and Lin Ran's simple sword had already injured him.

But the three of them couldn't even touch Lin Ran's shadow with their attacks.

"Bastard! Come and save me!"

Daoist Sanyuan shouted busily.

The Ghost King on the side had already killed by now.

The black strong wind carried a gust of injustice's lamentation straight towards Lin Ran.

"Roll!"

Lin Ran let out a roar, and a strand of sword aura was instantly waved out from the Condensing Frost Sword in his hand.

It was not coloured, but it was white, as white as a white light, and instantly shattered the black wind that was coming at him.

Lin Ran himself, however, was already charging towards the Sanyuan Daoist once again.

When the Sanyuan Daoist saw this scene, he was instantly enraged.

"What the fuck is wrong with you, why do you have to find trouble with me!"

Daoist Sanyuan said in anger.

It was obvious that three people were attacking you alone, how come in the end you fucking recognized Laozi himself.

This made Sanyuan Daoist's heart feel very stifled.

Lin Ran smiled blandly at his words and continued to kill Sanyuan Daoist without explanation.

"You're fucking sick!"

Daoist Sanyuan was furious, his entire body instantly glowed with light, and in an instant there were two figures rushing out towards the sides, one on the left and one on the right.

Lin Ran then targeted him, making him unavoidable, and at this point he could only use the splitting technique to try and get out.

Although the situation was urgent and using the splitting technique would have an impact on his strength, it was better than dying at Lin Ran's hands.

Lin Ran smiled indifferently when he saw this and instantly an aura erupted in all directions with him as the centre.

All that could be heard was a "bang bang"

The two doppelgangers who hadn't gotten very far instantly crumbled into pieces, leaving no residue behind.

"Pfft?!"

The Daoist's original body was also severely injured and flew backwards towards the back, while a mouthful of blood spurted out.

"Damn you! You're sick!"

Daoist Sanyuan couldn't help but curse.

Luckily, at that moment, he had already reached the Ghost King's side.

Seeing Lin Ran kill him again, the Ghost King on the side was busy stepping forward to fend him off.

Who knew that Lin Ran was the one who let out a roar and instantly slashed his sword towards the Ghost King.

“Roll!”

The Ghost King didn't dare to dodge, behind him was the Sanyuan Daoist, if he were to dodge past, then the Sanyuan Daoist behind him would have to play out in an instant.

“Go!”

The Ghost King shouted angrily, while his own fist was already rushing to block Lin Ran's sword mane.

“Bang, bang, bang!”

A series of ear-piercing metal clashes rang out as the Ghost King's fist wind instantly shattered, and his entire person even to flew out.

However, compared to the Sanyuan Daoist, his injuries were already considered good.

By now, the Sanyuan Daoist had already retreated outside the battle area, leaving only the Ghost King and Yue Beishan still holding Lin Ran back.

However, to the surprise of both the Ghost King and Yue Beishan, Lin Ran simply ignored them both and charged towards the Sanyuan Daoist on one side again.

“Holy shit!”

Seeing this scene, Daoist Sanyuan couldn't remain calm any longer.

At this moment, he wondered how ruthless he had to be to attack Lin Ran.

Even a rabbit would have to be anxious at this point.

“You guys stop him, I'll detonate! We can't delay any longer, if we delay any longer I'll die!”

San Yuan Daoist couldn't help but shout.

“Good!”

The Ghost King and Yue Beishan responded and blocked towards Lin Ran.

However, the gap between the two of them and Lin Ran's strength was too great, and they couldn't catch up at all if they followed behind!

“Bastard!”

When Daoist Sanyuan saw this, he gritted his teeth and instantly the light on his body was rising, and the two distractions surfaced once more.

Almost simultaneously,? The three Sanyuan Daoists rushed in different directions right away.

In order to prevent Lin Ran's mighty pressure from crushing the doppelgangers once again, two of the Sanyuan Daoist's doppelgangers went up and down this time, actually fleeing vertically.

Only one ran towards the crowd in the back.

“Hm?”

Lin Ran frowned slightly when he saw this.

But in an instant he still came towards the Sanyuan Daoist below with a sword strike.

The sword was like lightning instantly cutting down the Sanyuan Daoist doppelganger right below him.

He then turned his direction and headed straight for the Sanyuan Daoist in the sky.

But just as he made his move, he saw it.

The Ghost King and Yue Bei Shan in the distance had actually stopped their attacks and were not striking at him.

And the Ternary Daoist that had originally reached the two of them instantly dissipated into smoke, and was actually a wisp of a doppelganger.

“Overhead?”

Lin Ran was busy looking up, and sure enough! Only the Sanyuan Daoist above his head was the original, and at that moment he had already flown above the heads of the crowd, and was not far away from the blood path space above the sky.

Lin Ran suddenly felt a sinking feeling in his heart, as if something big was about to happen.

“Lin Ran! You’re fucking sick! Ghost King and Yue Bei Shan your family’s relatives are still looking for it like this? Just fucking looking for trouble with Laozi!”

Daoist Sanyuan stood beneath the Blood Road Vault, looking at Lin Ran with anger in his eyes.

“You’re angry at this too?”

Lin Ran couldn’t help but laugh as he looked at Daoist Sanyuan.

“Bullshit, you’re too fucking faceless!”

“Persimmons pick on the soft ones! First you killed my doppelganger, and now the duel you’re fucking turning to find trouble with me, you’re too shameless!”

Daoist Sanyuan was furious, and his words were even tinged with a hint of aggression.

The Demon King and Yue Bei Shan on the side both felt a bit sorry for him as they listened.

But Lin Ran was looking for them, so there was nothing they could do!

Lin Ran smiled blandly at this, not bothering to explain, and drew his longsword and charged at the Sanyuan Daoist above him again.

“My Cao! You’re still coming! You fucking forced me to do this!”

Daoist Sanyuan cursed angrily as he swept his gaze across the battlefield below.

Seeing that at this moment, the two sides had all mixed together and it was difficult to distinguish between them at all, at once his eyes flashed a cold aura, and immediately a bead emerged with a flip of his palm.

Seeing this bead, Yue Bei Shan and the Ghost King's faces changed almost simultaneously, and they both hurriedly flipped their palms, and immediately two jade talismans appeared in their hands.

Lin Ran then saw that in the Sanyuan Daoist's other hand, a jade talisman had actually appeared as well.

Seeing this scene, Lin Ran's heart immediately sank, he always felt as if something big was about to happen.

#### Chapter 1514

"Lin Ran! You're crazy! I'll see how much longer you can be wild!"

Daoist Sanyuan floated above with a frenzy in his eyes.

"You've lost this battle from the moment you took it on! Today is your time!"

Daoist Sanyuan said already raising the bead in his hand.

"Kid! The situation is not right, that bead in his hand contains a very terrifying power, they might really be about to make a move on Blood Road!"

Pillow's voice was busy warning.

Lin Ran's heart was shocked at his words, even the Pillow Book had said this, I'm afraid that this was already nine times out of ten true.

"Retreat quickly! The path of blood is about to open!"

Lin Ran shouted busily.

His voice boomed through the entire crowd.

The people engaged in battle below all froze, and Lin Ran was the first to react, saying angrily.

"Retreat!"

Wu Lian was also convinced of Lin Ran and immediately greeted his men as they were about to pull.

Wang Yifeng, Yu Chang, Wolf Ba and Li Sheng were not ambivalent either, they had never been ambivalent about Lin Ran's orders!

However, the fire halberd was standing still and did not move.

"Boss! Don't go yet!"

A man next to him came over and asked.

"Damn it! What are you doing? This is the right time for me to build my career. The people on the other side of the foreign devil will definitely start retreating, let's take this opportunity to kill them!"

There was a cold aura in Fire Halberd's eyes.

“But boss, didn’t you hear Lin Ran say that the Blood Road is about to break!”

The man next to him said busily.

A glint of disdain flashed in Fire Halberd’s eyes!

“You don’t give a fuck! What kind of existence is the Blood Road, that even the Sanyuan Daoist and his men can break through? I think it’s more like the foreign devils are here! Don’t listen to that kid Lin Ran’s bullshit!”

“But boss!”

The underling wanted to say something else, but the fire halberd grabbed him by the collar and said angrily.

“I’m the general, if you keep talking shit I’ll kill you!”

“Boss, boss you ....”

The man was terrified, but at this point he was actually pointing behind the fire halberd with a face full of panic.

“Hmm?”

The fire halberd was stunned and was busy turning his head to look.

At once, his entire body froze.

In fact just as he was talking to his men, everyone’s eyes beside him were drawn to the situation in the sky.

In the sky, the Sanyuan Daoist was in a frenzy, and the bead in his hand had been crushed at some point.

In the crushed bead, there were wisps of black gas coming out like a smoke bomb.

The black gas was not much at first, but soon it filled up next to Sanyuan Daoist, causing him to rush to the side.

With the jade talisman given by the foreign devil in his hand, he was not nervous at the moment, and wanted to see how this black mist could break through the blood path.

At this time, when the three Wind Elders who were far away from the Heavenly City saw this wisp of black fog, their faces suddenly changed.

“Not good! The foreign devil is coming!”

The three of them exclaimed in alarm and stood up from their chairs at the same time, rushing out towards the Heavenly City without saying a word.

Seemingly sensing that Elder Feng was rushing towards them, the black fog that was not in a hurry instantly surged in speed, and in just a few breaths it had taken up half of the sky!

“Ah! The air outside is really good!”

A hoarse voice rang out, hearing the hearts of the crowd below tremble.

However, Lin Ran could hear it clearly, this voice could clearly be that of a foreign devil.

“The Other Devil! It really is him!”

Lin Ran was so shocked that he didn’t even care about the Sanyuan Daoist at this moment and shouted at the bottom.

“Run!”

Lin Ran and the others heard the words so without any nonsense led the generals to turn around and run.

However, it was already too late.

The black mist in the sky instantly coalesced into a black shadow, as if he was cloaked in black robes so that one could not see his face clearly.

But the pair of pupils beneath the black robe were chilling to the human heart.

“My Lord!”

This was their king, their lord, and they did not believe that their lord would harm them.

However, the Other Demon didn’t pay any attention to them, as his gaze burned in the direction of Heavenly City.

“Is it coming? It’s still very fast, not even giving a chance to breathe more of this outside air!”

A stern aura flashed in the eyes of the foreign devil, and instantly blasted a fist towards the crack of thunder clouds on the sky.

Just one punch.

“Bang!”

A sound of the sky breaking apart was heard in the sky, and countless frontal thunder clouds tumbled back towards the sides.

And the figure of the foreign devil was also rapidly dissipating, this punch seemed to have used up all his strength.

“Alien Demon! Stop!”

Three voices had rushed in from afar, but it was too late after all.

There was a rumble in the sky above and the next moment everyone heard it clearly.

“Ka-ching.”

There was a crunching sound, and the next moment the seal blocking the path of blood instantly shattered.

Then two waves, one white and one green, swept over like waves of the sea right below.

“Run!”

Elder Feng and the three of them had already arrived at this point, but in the face of such a huge torrent of skeletons and iniquitous souls, the three of them appeared to be stretched to the limit in terms of power!

The two torrents could not be blocked at all, and instantly tilted into the crowd of people engaged in battle below.

Some of those standing in the middle of the engagement could not even react before they were directly smashed into mush.

“Run! Quickly run!”

Only then did the people below react, and one by one they ran towards the side.

He wanted to slap himself twice, if he had just pulled out first, he wouldn't have been chased by the skeletons behind him!

Lin Ran just wanted to go down and save the others, but suddenly he saw.

The Sanyuan Daoist, who was on the upper side, also had many skeletons appearing beside him, and was lunging towards Fang.

He looked at Lin Ran blandly for a moment, and then he crushed the jade talisman in his hand.

“Younger Lin Ran, I'll see you in the Otherworldly Demon Realm!”

After saying that, Daoist Sanyuan closed his eyes, clearly waiting for something to happen.

However, after waiting for a full ten seconds, it was that nothing unusual appeared at all.

If anything, there were even more skeletons in front of Daoist Sanyuan!

“What's going on? How could this happen! How come the jade talisman doesn't work!”

Daoist Sanyuan was instantly shocked and turned around to run, yet at this moment he was already blocked by the skeletons and the grievous spirits in the middle.

How could he run? Where else could he go?

“The demon is harming me! No!”

The Sanyuan Daoist cried out in alarm, and before he could finish his sentence, the skeletons and grievous spirits instantly overwhelmed him.

Lin Ran clearly felt that the Sanyuan Daoist's breath only lasted for a moment before it completely died out the next moment.

On the side, Yue Bei Shan and the Ghost King were shocked at the sight of this scene, and they too were busy crushing the jade talisman.

But again, nothing appeared!

Both of them looked at each other with despair in their eyes.

The foreign devil had tricked them!

“Run!”

The Ghost King turned and ran as soon as he saw through this.

Yue Bei Shan glanced below, the skeletons and grievances below had almost taken up most of the ground, running? Where else could he run at this point?

The jade talisman given by the foreign devil was a fake, obviously he didn't want them to return alive, the teleportation array must have been destroyed, where else could they go if they couldn't leave the Sky Wolf Domain?

In the end, they would either be killed by Lin Ran, or by the skeletons and grievous spirits.

Thinking of this, Yue Bei Shan gritted his teeth and actually rushed towards Lin Ran at the side.

Chapter 1515

“Hmm? This kid is crazy!”

Seeing this scene, the Ghost King's heart was instantly shocked, how could he have expected Yue Bei Shan to charge towards Lin Ran at this moment?

“No more shutting down!”

The Ghost King put his heart in his mouth and didn't bother to bother with Yue Beishan anymore, running headlong towards the distance.

“Ghost King! General!”

When the soldiers below saw this scene, their hearts were completely cold.

Skeletons and spirits don't care who you are, as long as they are below, they will find you!

But now the Sanyuan Daoist was dead and the Ghost King had run away! The Lord of the Other Demons had dissipated, leaving only one Yue Bei Shan who they could still count on.

At that moment, many people ran in all directions, but very few ended up running out, most of them were killed by the grievous spirits and skeletons.

When Lin Ran saw the crisis, he was ready to go down and save the people.

But at that moment, a voice came over.

“Lin Ran!”

Turning his head to look, Lin Ran instantly saw Yue Bei Shan, who had already reached him by now.

“You are no match for me, don't seek your own death!”

Lin Ran said in a cold voice, at this moment he only wanted to go down and save the others, he had no desire to tangle with Yue Bei Shan here.

“I’m not here to fight with you!”

Yue Beishan’s face was flustered as he looked at Lin Ran and said busily.

“I do hate you, but putting aside the Yue family component, I admire you all the same! That’s why I came to find you to bet my life on!”

Yue Bei Shan spoke.

“What do you mean?”

Lin Ran looked at Yue Beishan with doubt in his eyes.

“You all saw it just now, that jade talisman is a fake! It was given to us by the foreign devil! He wants to kill even us!”

Yue Beishan spoke.

Lin Ran was stunned at his words and looked down to see that the people brought by the Ghost King below had suffered even more casualties by now!

“What’s going on?”

Lin Ran asked busily.

“The foreign devil’s aim isn’t to exterminate your Mystic Alliance, he wants to kill even us! I suspect that his aim may require many deaths to achieve it! That’s why we’re also the ones he’s sacrificing this time!”

Yue Bei Shan said, while pointing to the blood path above.

At this moment, there were still skeletons and grievances pouring out from inside the blood path, only there were far fewer.

“I have nowhere to go, you take me away! I know you have a small world, send me in, otherwise the foreign devils will definitely kill me!”

Lin Ran frowned slightly at his words.

Sending Yue Bei Shan into his own little world? How was that possible!

“What makes you think I’ll save you!”

Lin Ran looked at Yue Beishan.

Yue Beishan, however, suddenly had a frankness on his face.

“I’m not sure, so I’m gambling! You let me go twice, in my opinion revenge is revenge is revenge, my revenge with you is between the two of us, and I was born from the first release of the foreign devil!”

“So an enemy with you because you killed my family, and an enemy with them because of the camp!”

“But putting those two aside, you’re a pretty open and honest person, I have nowhere else to go, there’s no going back to the Other Demon realm, and staying here is a death sentence, so I’ve come to you!”

“If you win the bet, we’ll continue the fight! If you lose the bet, it’s all over!”

Yue Bei Shan said.

Lin Ran looked at him as his eyes flashed with a hint of thought.

This Yue Beishan was truly different from the others.

“This time, I count that I, Yue Beishan, owe you a favour, and you can find me to return it in the future, but if I have the strength to do so, I will kill you just the same!”

“Things are counted one by one, complementary implication!”

Yue Bei Shan said with determination in his eyes.

Lin Ran pondered for a moment and spoke.

“Make a vow not to harm anyone in the small world, including not even a single tree!”

Lin Ran spoke.

This kind of nature of Yue Beishan surprised him and at the same time, he also somewhat appreciated it, one size does not fit all, to be a human being like this was considered an extreme.

Originally, Lin Ran was curious about his future achievements, but when he saw his style of handling things, he couldn't help but appreciate it a little more!

Lin Ran is different from him, he doesn't have much grudge against him, just because of his different camp, and his parents are traitors to the Yue family, that's all!

However, Yue Bei Shan had a grudge against Lin Ran, after all, Lin Ran had killed his parents.

And for Yue Bei Shan to find Lin Ran and say these words at this time was enough to see the strength of his heart.

For many people, it would be almost impossible to seek help from the man who killed his father.

But Yue Beishan dared to do it. In his opinion, if I ask you for help, I will sign a favour for you, and I can return it to you in the future if necessary.

But the revenge of killing his father, we still have to settle it in the future!

It was thanks to him that he ran into Lin Ran, if it was anyone else, I'm afraid he would have killed him long ago.

“Yes!”

Yue Bei Shan didn't hesitate and was about to make a vow right away.

But at that moment, suddenly his face changed, and an invisible fluctuation had exploded in his mind.

Lin Ran also sensed the fluctuation,? He busily waved his hand and brought Yue Bei Shan into the small world.

But with this second of hesitation, Yue Beishan had already spurted out a mouthful of fresh blood.

“A foreign devil!”

Lin Ran looked up at the sky, the only one who could unknowingly do something to Yue Bei Shan was the foreign devil who had planted a mark in his mind.

“Dare to betray me! All must die!”

The voice of the Fey Devil boomed, resonating throughout the Skywolf Domain.

“Lin Ran! Three old things, I, the Fey Devil, am waiting for you in the Fey Devil Realm! Come in if you want a duel!”

The Other Demon’s voice rang out again, followed by a complete silence.

“Bastard!”

There was anger in Lin Ran’s eyes, just now he had probed Yue Bei Shan within the small world and was already breathing less in and more out.

The foreign devil’s sudden strike had almost killed Yue Beishan, although he wasn’t completely dead, he was almost as good as dead at this point.

According to Lin Ran’s speculation, I was afraid that Yue Bei Shan would not live for more than a month.

The foreign devil had almost dealt him a fatal blow.

“Ai! It’s all fate!”

Lin Ran sighed, and without thinking more, he turned around and rushed towards the bottom.

He had already done his best to be merciful to Yue Bei Shan, as for how long Yue Bei Shan could actually last, everything would have to depend on him.

Lin Ran had already reached the battlefield below, and with a wave of his palm, he overturned a large area of skeletons and grievous spirits.

Due to the arrival of the three Wind Elders, the losses on their side were much smaller than those of the foreign devils.

But even so, less than half of them had survived.

Looking at the corpses all over the ground, Lin Ran’s heart was dripping with blood.

He had brought out over 100,000 people, but now less than 80,000 were still alive.

“Ranzi! Come on, you fucker!”

Suddenly, a voice came from the side.

Lin Ran turned his head and saw that Wang Yifeng was lying on the ground, with seven or eight skeletons crawling on his back, one of which had even bitten into his buttocks.

However, Wang Yifeng was still lying on the ground motionless, as if he had something important to protect underneath him.

“What’s going on!”

Lin Ran was busy rushing forward and slapped all the skeletons on his back to pieces with one hand. Wang Yifeng's face was ugly as he didn't say anything and turned around to lie on the ground to the side.

Lin Ran saw at once.

Ling Sa was actually lying on the rest of him, at this moment covered in blood was actually fainted.

"Ling Sa!"

Lin Ran's eyes instantly turned red.

"Ranzi, Fat Master I ..... have ..... already done my best!"

After saying that, Wang Yifeng actually fainted as well.

Chapter 1516

It was only three hours later that Lin Ran, with a large number of generals, returned to Heavenly City.

The entire army of over 100,000 when they set off had returned with less than 80,000.

The entire Heavenly City was silent at this point.

The three Feng Lao had not returned and were said to still be clearing the Skywolf Domain of skeletons and grievous spirits.

Until these things were removed, the entire Skywolf Domain would not be at peace.

Lin Ran's entire body was dumbfounded, and when he returned to the Southern City, he spent half a day doing so on the city walls.

In this great battle, Wang Yifeng and Lin Ran were seriously injured and unconscious, Li Mu Di and Fire Yijian were also injured to varying degrees.

Leng Zhan a few people are okay, they are responsible for intelligence did not go, Yu Chang saved the wolf bully Li Sheng and Li Ba at the last moment, these people of their own are considered to have returned alive.

But once he thought of the 70,000 to 80,000 people who had died in this duel, Lin Ran's whole heart felt as if a big mountain was pressing down on it.

For a long time, he could not calm down.

.....

I don't know how long it took, but suddenly the voice of the pillow book rang in his ears.

"Wang Yifeng has woken up, Lin Ran is still in a coma!"

Only gradually did a trace of life appear in Lin Ran's dull gaze as he heard this, and a wave rippled around him before he disappeared from his spot.

In the small world of the Pillow Book.

When Lin Ran appeared here, Song Nuan and the others had already arrived.

“Ranzi!”

Wang Yifeng stood by the side covering his chest, his face haggard, and Xiao Cui was also standing next to him with a face full of worry.

“I’ve already checked, she had an old illness before, plus the last time the clan was destroyed there was always a grievance in her heart, this injury made both explode, I’m afraid she’ll be in a coma for a while!”

Qin Bing said as she stepped forward.

“Hmm!”

Lin Ran nodded, his eyes a little red.

“It’s alright, I’ll go check on Yue Bei Shan!”

Lin Ran said as he turned around and walked over towards this side.

Yue Beishan had a special status, so Lin Ran naturally didn’t let him stay with the crowd.

Especially since Wang Yifeng had just gone through a big battle, and this guy had a violent temper, he might just kill Yue Beishan.

Lin Ran soon arrived at a thatched hut, where Yue Beishan was lying inside, breathless.

The foreign devil’s attack was acting directly on his soul, and there was nothing Lin Ran could do about that.

If one wanted to become a subordinate of the Other Demon, this kind of soul imprint was indispensable for anyone, whether it was the Ghost King or the Sanyuan Daoist.

Back then, in order to make Lin Ran follow him, the Other Demon had also tried to plant a seal in Lin Ran’s soul, only to fail.

Lin Ran’s strong self decapitation of his soul made him understand that he wanted to plant his own mark in Lin Ran’s soul unless he killed him.

“Lin ....”

Seeing Lin Ran arrive, Yue Bei Shan struggled to make it up.

But his entire body seemed to be drained of strength at this point, and he had problems speaking, let alone being said to do get up.

“Don’t move around! You’re in a bad way!”

Lin Ran spoke.

“I .... know!”

Yue Beishan said breathlessly.

“My soul has been severely damaged, and I usually have a short life ahead of me!”

Lin Ran nodded at his words, no one knew his own situation better than Yue Beishan.

“Is there anything else you want to say?”

Lin Ran asked.

Yue Bei Shan’s soul had suffered heavy damage and his life force was gradually draining away, according to Lin Ran’s estimation, I was afraid that he would only be able to last for another half a month at most, by then his consciousness would gradually dissipate, followed by the death of his body.

There was nothing even Lin Ran could do about the heavy damage to his soul, unless he had a pill bestowed by a great power at the level of Immortal Emperor, there was absolutely no hope.

“I regret that? Not being able to kill you with my own hands!”

Yue Bei Shan looked at Lin Ran, his face bland.

“But all the same, I’m glad that I got to know you! If it wasn’t a grudge, maybe we could have become friends!”

Yue Beishan said.

Lin Ran nodded and didn’t answer, he knew that when a person is about to die his words are good, this might be what Yue Beishan had in mind.

“There’s something I need to remind you of, I’m afraid that the place where the Fey Devils are really going to start a great war is not the Skywolf Domain, but the Fey Devil Realm!”

Yue Beishan spoke, before telling what he and the Ghost King and the Sanyuan Daoist had speculated back then.

Lin Ran frowned slightly as he listened and asked.

“The Other Demons didn’t bother losing so many people and didn’t even want you guys, what exactly is it for?”

“I don’t know!”

Yue Beishan shook his head.

“If we knew what it was for, perhaps the three of us wouldn’t have to die!”

Yue Bei Shan laughed bitterly.

Then he seemed to think of something and busily opened his mouth to say again.

“Right, it might be for that arrow tower?!”

“The arrow tower?”

Lin Ran was stunned at his words, not understanding what Yue Beishan was saying again.

“You haven’t seen it, back then after you were suppressed, an arrow tower appeared in the Extreme Realm space of the foreign demons.”

“There were nine lattices on top of that arrow tower, and he seemed to be for those nine lattices!”

Speaking of this, Yue Bei Shan suddenly coughed violently in excitement.

“I know! I thought of it, that’s it! That must be it!”

“Don’t get excited, speak slowly!”

Lin Ran busily persuaded.

Yue Beishan calmed down a bit before he said.

“There are nine grids on that arrow tower, and ever since the March War began, that grid has been gradually lit up!”

“Now, it seems that in order for the grids on that arrow tower to be lit, it requires a dead person to do so!”

“What?”

Lin Ran’s face instantly sank when he heard that.

An arrow tower that required a dead person to light up, what exactly did the foreign devil want, and what exactly was that arrow tower.

“I don’t know exactly what that arrow tower is for, but the foreign devil’s purpose is definitely related to that arrow tower!”

Yue Bei Shan said.

“Why are you telling me this!”

Lin Ran asked as he looked at Yue Beishan, he could have no need to tell himself this at all, after all, it was also considered some of the secrets of the foreign devils.

Yue Beishan looked at Lin Ran and smiled blandly.

“I don’t owe you anything now, you saved me and I’m telling you this information! We’re even!”

“But you’re still injured!”

Lin Ran said helplessly.

“But I didn’t tell you what the foreign devil really wants!”

But Yue Beishan laughed.

Lin Ran sighed helplessly, Yue Beishan’s character left him helpless, but equally admiring.

If he had to use a phrase to describe it, it would be that love and hate were clear and one size fits all when it came to matters!

“Alright, get some rest, you might be able to last a few more days!”

Lin Ran said, and then left.

A night passed, and Ling Sa still hadn't woken up.

Lin Ran was uneasy and personally went to check and found that there was nothing abnormal before he left the little world of the pillow book.

This duel had wiped out almost all of the people from the Wolf City Fey Demons, only a few escaped, but it was worth it but early in the morning Qibao took the people to start clearing out.

Lin Ran learnt that the three Wind Elders had returned early in the morning, and after a full night of clearing last night, all those skeletons and grievous spirits had been exterminated by the three of them.

Hearing this news, Lin Ran was helpless, it had taken three half-step Extreme Realm powerhouses a full night to eradicate all the skeletons and grievance spirits, which was enough to see the sheer number of these two things.

Since the matter had already passed, Lin Ran didn't bother to think about it. After a night without rest, he had a splitting headache and went straight back to the City Lord's residence and fell asleep.

Chapter 1517

In a haze, Lin Ran did not know how long he had slept.

It was only when a sharp shout woke him up from his sleep.

When he got up and walked out of the commander's residence, Lin Ran saw that Leng Zhan and Yu Chang and Wolf Ba were guarding the entrance, their faces ugly.

Lin Ran looked at the time and found that it was already seven o'clock in the evening, he had slept all day without realising it.

“Boss, a bad news!”

Leng Zhan said with a frown.

“Speak!”

Lin Ran said.

“Long Yu is here!”

Leng Chop said.

“What's he doing here?”

Lin Ran frowned slightly.

When Fire Elder had invited himself back earlier, he had mentioned the condition that he would not allow the Dragon and Yue Clans to participate, and even some of the originally important positions that the Dragon and Yue Clans were not allowed to occupy.

How come they are here now?

"I don't know, but Long Yu has already gone to the main city, and I'm afraid he has already met the three elders!"

Leng Zhan said.

"Hm!"

Lin Ran nodded, and then asked.

"How's it going over at Qibao!"

In the morning, he had heard that Qibla had led his men to capture the remaining remnants of the Fey Devils, and he didn't know how it was going now.

"There is already news coming back, General Qibat has captured those remaining devils and has taken them all prisoner after the big battle, and is on his way back again!"

Leng Chop said.

"Hm!"

Lin Ran nodded.

"Boss, should we go to the main city as well? After all, this old boy Long Yu!"

Leng Zhan was a little uneasy.

Lin Ran, however, waved his hand and said blandly.

"Don't bother with him!"

"Hm!"

Seeing Lin Ran say this, Leng Zhan didn't say anything else.

In Lin Ran's heart, he knew that even if Long Yu came, so what, the last time the Mysterious Alliance had worked with their Dragon Family they had ended up getting screwed over so badly.

I'm afraid that even if they came with good news this time, the three Fire Elders would have to weigh it up.

"How are the injured?"

Lin Ran suddenly turned his head and asked.

Rather than thinking about what Long Yu was doing here, Lin Ran was more concerned about the injured after this great battle.

"The wounded are all in the Martial Hall, and the Seventh and Eighth Elders have personally brought them here!"

Leng Zhan said.

“Hm!”

Lin Ran nodded, after his return, the Chao Heavenly Pavilion had naturally taken over the issue of treating the wounded.

“Let’s .... also.”

Lin Ran was just about to say that he was going to take a look.

As a result, the words were only halfway through when a voice rang out in his ears.

“Lin Ran, come to the main city, there is an important matter to discuss!”

The voice was none other than Feng Lao’s.

Lin Ran frowned slightly at his words, thinking that it should be because of Long Yu.

“I’ll go there!”

Lin Ran greeted Leng Zhan and the others, and immediately rushed towards the main city.

At the same time, Wind Linglong Fire Halberd and Martial Refinement had also received the news at the same time.

A few moments later, within the main city of Heavenly City, Lin Ran, Wind Linglong, Fire Halberd and Martial Refinement all arrived here.

As expected, in the previous meeting hall, Long Yu was doing it in a heap.

On the side were doing the three Fire Elders, as well as Liu Feng.

Seeing Long Yu, Lin Ran’s face was bland, not even much of an expression fluctuated.

In fact, Lin Ran didn’t even bother to pay him any mind!

“Lin Ran, you all sit down!”

Seeing Lin Ran and the others arrive, Elder Li greeted them with a smile.

Lin Ran wasn’t polite either and directly sat down on the chair next to him, Feng Linglong and Wu Lian also didn’t delay and directly sat down next to him.

On the contrary, it was Fire Halberd who ran a long way around to one side next to Long Yu, and the two appeared to be very close.

Seeing Lin Ran and the others looking at themselves, Fire Halberd’s face sank and he said grimly.

“What? Commander Lin, the Long family was in my realm before and participated in the war, you’re not going to take care of this even if we have a good relationship!”

Long Yu had a cold smile on his face, but he didn’t say a word.

Lin Ran glanced at the two indifferently, not bothering to answer.

“Alright, I’ve asked you guys to come here today to discuss something big!”

Elder Fire opened his mouth to round up the situation, before looking at Long Yu.

“Long Yu, speak!”

“Yes!”

Long Yu smiled blandly whirled and stood up, saying.

“First of all, I have heard about this great battle, and I would like to express my heavy condolences to the warriors who died in a heroic manner!”

“Secondly, I would like to say that the war still hasn’t stopped, the foreign devils are still alive our battle is not over yet!”

“This time, I come with sincerity!”

Said Long Yu, pointing to the map of the engagement behind him and smiling.

“Please look, gentlemen, now that the several great battle domains have closed, and the remnants of the Fey Devils in the Sky Wolf Domain are no longer enough to fear, just as the Blood Road is wide open, it is the best opportunity for us to attack the Fey Devil Realm!”

“I think that we should ride on our victory and follow the Blood Road to kill the Fey Devil Domain directly, and eradicate the Fey Devil and its remnants once and for all!”

“To show the sincerity of our Dragon Family, this time our Dragon Family is willing to take the lead! I wonder which general is willing to go with me!”

Long Yu said as he swept his gaze across the crowd, ? The only one who didn’t look at Lin Ran.

“I .....

The fire halberd on the side was just about to raise his hand, but Lin Ran spoke up and interrupted him.

“We have suffered heavy losses in this battle,? I don’t recommend attacking into the Other Demon Realm at this time, and since no one knows the situation in the Other Demon Realm, rushing in is tantamount to asking for death!”

“This is astonishing!”

Long Yu followed and spoke up.

“Indeed, we have suffered heavy losses in this great battle, but the losses of the foreign devils are not small either, as the saying goes, strike iron while it is hot, when it is cold before striking iron, by then the foreign devils will already be well prepared, we can still achieve a miraculous effect there?”

“You’re mistaken!”

Lin Ran looked up blandly at Long Yu and said in a cold voice.

“It’s us who have suffered heavy losses, and your Long family who have lost a single soldier?”

“You!”

Long Yu was dumbfounded by Lin Ran's block, and then looked at Elder Fire and laughed.

"Elder Fire! I have no way to communicate with this Lin Ran, you know clearly what I mean by coming here this time, whether we should attack in together, your word!"

Fire Elder fell into contemplation at his words, while Lin Ran spoke up.

"Don't you think it's too obvious that you're a traitor!"

"Who are you calling a traitor!"

Long Yu turned his head to look at Lin Ran with icy cold eyes.

"I'm talking about you!"

Lin Ran's expression was bland.

"I didn't see you during the Great War, I didn't see you during the Little War, and now that the Great War is over, you've jumped out and want us to go to the Other Demon Realm with you, what do you want? Don't you think enough people have died?"

If Yue Bei Shan hadn't told him yesterday that the true purpose of the Other Demons was to start a duel in the Other Demon Realm, Lin Ran would have really thought that Long Yu had found his conscience.

But now, it seemed that this guy couldn't wait to bring the Mysterious Alliance's people to their deaths.

"Lin Ran! You don't have to spout blood there!"

Long Yu chided.

"The Heavenly Wolf Domain's Fey Devil army of over 100,000 is all wiped out, the Sanyuan Daoist is even dead, the whereabouts of the Ghost King and Yue Beishan are unknown, this is the time when the Fey Devil is at its weakest, if we don't seize the opportunity at this time, are we going to wait for the Fey Devil to catch its breath before attacking?"

"You are claiming that I am a traitor, who exactly are the two of us buying precious breathing time for the foreign devils?"

Long Yu's words were reasonable and justified, and for a while, he actually said that the three elders, as well as Feng Linglong and the others were silent.

Seeing this, Long Yu continued to add.

"Moreover, I have collected before, in order to show our sincerity, our Long Family is willing to take the lead, and we have come over this time just to seek your help, and we will all go in together!"

"Moreover, I, Long Yu, put my words out there today, even if you Mysterious Alliance doesn't go, our Dragon Family will go too! I, Long Yu, don't want to be poked and prodded by some people calling me a traitor!"

Chapter 1518

"All right!"

Elder Fire suddenly spoke up, interrupting the argument between the two.

“Elder Fire, I, Long Yu, have said this much, you wouldn’t still doubt me, right!”

Long Yu said helplessly.

Fire Elder sighed, and then said.

“Your sincerity this time is indeed sufficient, but!”

“But what?”

Long Yu was busy saying helplessly.

“But, it was too disappointing before.”

Fire Elder said.

But he did not immediately make a decision, instead he looked at Lin Ran who was at the side and said.

“Lin Ran, I understand what you mean, you don’t advocate attacking the Fey Devil Domain now, but Long Yu is also right, now is the time when the Fey Devil is at its weakest, if we wait for him to set up a battle in the Fey Devil Domain and then go in, we will really be finished by then!”

“How about this, Linglong Qibao, you guys tell us what you think, let’s brainstorm!”

Lin Ran didn’t say anything when he heard that.

Feng Linglong, who was at the side, saw this and spoke up.

“Fire Elder, I agree with Lin Ran’s idea, this is war not a game, I also don’t recommend attacking the foreign demon realm before I’m completely put, after all, once something goes wrong, the cost will be the lives of the generals!”

“Their strength is not strong, but those are human lives!”

“Hm!”

Elder Fire nodded, his brow furrowed.

“Wu Lian, what do you think?”

Fire Elder looked at Wu Lian again.

Wu Lian was stunned at his words, and then laughed.

“I, Wu Lian, am all about martial arts, battle or no battle you decide! But compared to the Dragon Family? I trust Lin Ran’s character more!”

Long Yu frowned slightly at his words.

On the side, however, the fire halberd suddenly spoke.

“Fire Elder, I am also considered a commander, I am different from the two of them, I definitely Long Yu is right!”

“As the saying goes, fast and furious, the great war has dragged on for so long, so the casualties of the generals will be small if the road continues to drag on?”

“This great war is like a disease, the tone slowly nurture, such as a cut, even if it hurts at the time, but at least it can remove the root, later we can still flourish again!”

“But if it drags on, the foreign devil is not a fool, and his strength is bound to gradually recover!”

Fire Elder sniffed at him and gave him a look without speaking.

The entire council chamber then fell into calm.

Elder Fire, Elder Li and Elder Wind exchanged opinions with each other through voice transmission.

After a full ten minutes or so, Elder Fire then spoke.

“Alright, the three of us have come to a decision after discussing.

Saying that, Fire Elder looked at Long Yu and spoke.

“What you said is fine, but at the same time Lin Ran’s opinion we also have to consider!”

“Coupled with your Long family’s previous performance of not putting in any effort, we have decided not to send troops in this time for the time being!”

“Fire Elder! Such a good opportunity .....

Long Yu smiled and was busy speaking to dissuade.

Fire Elder, however, waved his hand and continued.

“Don’t be in a hurry first, listen to me finish my words!”

“Our Mystic Alliance will not send anyone in for now, we need to recuperate while taking stock of our troops!”

“Your Dragon Family will go in first, but don’t go deeper, if the Fey Demon Realm has really been disrupted as you say, then we will then bring our men in afterwards!”

“How?”

Long Yu frowned slightly at his words.

Lin Ran, however, secretly shook his head, this solution was simply useless.

Imagine, if the Long family were really traitors, then the situation in the Otherworldly Demon Realm would still be his own decision, and then the Fire Elder would have no place to seek proof if he wanted to, unless he followed him, Long Yu, into the Otherworldly Demon Realm.

As expected, while Lin Ran was thinking in his mind, Long Yu on one side was already nodding his head in agreement.

“Since you have said so, Elder Fire, then I, Long Yu, have nothing to say. I only hope that in the future, when our Long Family brings back good news, you will not disbelieve it again!”

Speaking here, Long Yu talked and said.

“In the end it’s true that our Long family has contributed to the work before, but we were all born in this land, and our Long family is no exception!”

After saying that, Long Yu said no more and turned his side to walk away, looking very righteous.

“Hey! People from the Dragon Family have said so and are willing to fight at the head, so why are you guys so unconvinced of them!”

The fire halberd said somewhat speechlessly.

“All right! This matter is decided, go back!”

Fire Elder said in a cold voice.

In his heart, he was cursing Fire Halberd half to death, this bastard didn’t know anything, it was as if he didn’t have a brain, he didn’t even bother to pay attention to Fire Halberd.

Lin Ran didn’t stay and directly got up and left the main city.

Feng Linglong and the others also left soon after.

Firebolt was a bit frustrated, so he took a group of guards alone and wandered around the Heavenly City.

Lin Ran had just walked to the city gate when he ran into Qibao, who had returned from outside the city.

“Commander Lin!”

Seeing Lin Ran, Qibao was busy saluting respectfully.

“How was it?”

Lin Ran asked.

“They’ve all been captured, but some of them were injured during the struggle!”

Said Qibao, pointing to the back, and sure enough, there were many people who had been injured.

Soon, however, Lin Ran saw that after these wounded men from Qiblath, those captives were in even worse condition.

Some of them were even showing their white bones and wailing.

Seeing this, Qibao was busy explaining.

“Commander Lin, these captives were already like this when we found them, they were probably left behind from fighting those skeletons and grievous spirits last night!”

“Hm!”

Lin Ran nodded, and then said.

“Send all the wounded to South City, I’ll arrange for someone to treat them!”

“Yes!”

Commander Lin said, and then greeted the others to press the captives back first.

Lin Ran saw this but said.

“Bring the wounded captives with you!”

“Huh?”

Qibla was stunned, not knowing what Lin Ran meant.

Lin Ran gave him a bland look before saying.

“Captives are people too, the culprit is the Fey Devil after all, and to put it mildly they were given up a release this time! It’s all human lives that can be saved!”

Said Lin Ran as he patted Qibat’s shoulder and took the lead in walking back towards the southern city.

Qi Bei gave Lin Ran a glance and couldn’t help but feel some admiration in his heart. I’m afraid that Lin Ran was the only one who had such a big heart when it came to treating his enemies.

Without giving it a second thought, Qibla quickly arranged for his men to take his own wounded and the wounded among the prisoners and send them together towards the southern city.

It did not take long for the news to reach the ears of the Firebolt.

Firebolt was so dismayed and angry to hear it that he led his men straight towards South City.

.....

Ten minutes later, at the South City Martial Arts Stadium, Lin Ran had already arrived with some Chao Tian Pavilion people.

Soon after, Qibao also arrived with two groups of injured people.

Lin Ran knew in his heart that he was the master of the Chao Heavenly Pavilion, but if he asked them to treat these prisoners, they would be a little squirmy in their hearts.

So he simply did it himself.

He was different from these people, who had a deep notion of their position camp.

But Lin Ran had experienced the suspicions of the Mystic Alliance, and although he was now also standing with the former, he was pursuing his own beliefs in his heart.

Especially after choosing the path of medicine, he was convinced that the words of his ancestor were not wrong.

A healer’s heart is benevolent, and medicine is practised in the world!

Healing the sick and saving others, regardless of their status, even if the other party is a captive, they still have the right to be saved and treated.

However, just as he started to treat the captives, outside the fire halberd had already arrived with his men.

“You .... What are you doing!”

One of the captives looked at Lin Ran as he approached, his eyes filled with panic.

One of his legs had been completely broken, and the gnarled white bones were exposed and could become infected at any moment.

Lin Ran looked at him indifferently without speaking and raised his hand to press on his leg.

A sharp pain immediately caused the captive to scream in agony.

“Ah! Stop it, stop it! Kill me if you have the guts to kill me!”

The captive’s eyes were full of resentment as he looked at Lin Ran.

Even if he had captured himself, he had no humanity to abuse himself like this!

“Don’t move, I’ll treat you again!”

Lin Ran gave him a bland look and spoke oh.

“Healing? Who are you kidding! You’d be kind enough to heal me!”

The captive said angrily.

Lin Ran didn’t pay any attention to him, but his palm lashed out, and he heard a “click”, which caused a sharp pain that caused veins to appear on the captive’s face.

“You! You’ve killed me!”

The captive hissed.

But then the pain gradually eased and he froze in his tracks.

Only to see that Lin Ran had actually found two planks of wood and clamped them onto his legs, before bandaging him with bandages!

“You!”

Seeing Lin Ran’s actions, the captive was completely frozen.

“Why do you want to fight?”

Lin Ran asked as he lowered his head and bandaged the other man while asking.

The captive was stunned for a moment before he spoke.

“What else can you do if you don’t fight!”

“To live!”

Lin Ran said.

The captive smiled bitterly at his words, however, and said.

“Live? You occupy such a large continent, forcing us into a playground in the alien demon realm where there are no vegetables and the sunlight is fake! You have invaded our homeland, but you are keeping us captive like animals, and you tell us to live!”

Lin Ran was stunned at his words and looked up at the other man.

“Is this what the foreign devil told you?”

“No!”

The captive said in a cold voice.

“It’s what everyone says!”

Lin Ran sighed helplessly at his words and lowered his head to continue bandaging, while saying.

“Your ancestors must have lived in the Fey Demon Domain for a long time!”

“What are you trying to say?”

The captive looked at Lin Ran and questioned.

Lin Ran wrapped the last of the bandages and looked up at him as he said.

“I want to tell you that we have not invaded your homeland!”

“There are only two origins for the people of the Otherworld, one, those who stayed in the Otherworld during the Great War back then, these are the heroes who went to the Otherworld to participate in the war back then!”

“The second, those who were caught in it later, you have such a strong belief in yourself, no matter what type of person you are, it means that your family has been living in the Other Demon Realm for several generations!”

“You’re talking nonsense!”

The captive said angrily.

Lin Ran sniffed and shook his head.

“I’m not talking nonsense, you’ll see! The real invaders aren’t us, they’re the Fey Devils!”

“No! You’re lying to me! You must be lying to me!”

The captive looked at Lin Ran and said angrily, while raising his hand to grab the bandage.

Lin Ran smacked his hand away while saying.

“Many ordinary people in the Skywolf Domain knew about this back then, they live elsewhere, I’ll send you there, you’ll see for yourself if it’s true or not! But for their safety’s sake, I will nullify your strength!”

Lin Ran said as he raised his hand and slapped it on top of the other's dantian.

Instantly, the captive's dantian shattered.

"You! You dare to nullify me!"

The captive felt the power in his body dissipate rapidly, and his entire body looked like it was going crazy.

Lin Ran, however, didn't say anything more and got up to prepare to go see the next captive.

He didn't want to kill these captives, but that didn't mean he could ignore them.

The realm where Fishwan lived was full of ordinary people, and Lin Ran would not let cultivators in, this was not only irresponsible to the people who lived there, but also irresponsible to life.

However, just as Lin Ran was about to go and treat the next person.

Suddenly, there was a cold flash in the distance, and in an instant a dagger stabbed towards the captive's head.

"You!"

The captive was shocked, his heart had already gone cold, his strength had just been nullified by Lin Ran, and then someone wanted to kill him on the turn of the head.

Now he couldn't even dodge even if he wanted to.

The captive's eyes widened and his face was filled with panic.

However, ? Just when he was already desperate and ready to accept death, suddenly a figure actually stepped in front of him.

With a palm, the cold dagger that had burst forth flew backwards.

"Who! Come out!"

Lin Ran stood at his spot, his eyes cold as he looked ahead.

"Me!"

The other party didn't seem to be trying to hide, and as soon as Lin Ran's words fell, a voice rang out, followed by the fire halberd appearing with someone.

"Do you want to die?"

Lin Ran looked at the Fire Halberd, there was an icy coldness in his eyes.

"I don't want to die! But do you want to die by doing this, Commander Lin!"

The Fire Halberd looked at Lin Ran with the same icy coldness in his eyes.

"These people are enemies, and you're actually treating them!"

"So! Do you want to heal them and continue to come and kill our generals!"

The fire halberd looked at Lin Ran and questioned.

“I have already nullified their strength, who else can he kill!”

Lin Ran looked at the fire halberd and said in a cold voice.

“Besides, whose life is not a life! Just because they’re enemies and captives do they have to die? I’m a doctor, in my eyes there are only patients, not enemies!”

“Huh! Doctor!”

The fire halberd laughed at his words.

“Commander Lin, you’re really a Bodhisattva! How come I didn’t see that they had such a heart when the great battle first took place!”

“I don’t care if you are a doctor to treat them, but ask the generals here, are they willing?”

“Which one of them has not survived from the hands of the others, but good for you! To be our commander-in-chief and at the same time to treat the enemy!”

“How can I find them? You wouldn’t really be a traitor like Long Yu said, would you!”

Lin Ran’s face instantly turned icy cold at his words, and with a flash of his body, he directly reached the Fire Halberd.

Fire Halberd was startled, his face instantly turned iron and he wanted to resist, but Lin Ran had already instantly grabbed his neck, the tremendous force caused Fire Halberd’s face to instantly turn pale.

“What! Are you annoyed and angry!”

The Fire Halberd gritted his teeth and said forcefully.

However, a cold glint flashed in Lin Ran’s eyes and instantly kicked him, sending Fire Halberd’s entire body flying straight backwards and landing heavily on the ground.

Those captives at the back were dumbfounded, this was the first time they had seen that Lin Ran, as the enemy’s general, had actually fought on their behalf.

Lin Ran’s gaze was cold as he looked at the fire halberd in front of him and said in a cold voice.

“War is war, and human life is human life!”

“Ancient Shang has a policy of pending captives, what’s wrong with me treating them? Whose life is not a life! Is only your Fire Halberd’s life a life?”

Lin Ran said as he swept his gaze across the crowd of generals in this place and said in a cold voice.

“Those of you present feel your conscience and ask, do you want to fight?”

The crowd fell silent.

Lin Ran then pointed to the captives and said.

“You all don’t want to fight then do they? The Fey Demon Realm is a bullet point, they have enough to come out to get you all killed!”

“Without the foreign devils, would they be compelled?”

“And I have to ask, even if I heal them are you guys afraid?”

“Truly strong people are those who have the world at heart and have the confidence to defeat their enemies again even after curing them, not like some people who only know how to make underhanded moves!”

Said Lin Ran as he looked at the Fire Halberd at the side.

“Are you afraid that if I heal them, they will kill you? Or is it to show how small-minded you are?”

## Chapter 1520

“Lin Ran you don’t have to be so righteous there!”

Firebolt got up from the ground, annoyed.

“You’re saying that Broken Sky and the others are also enemies, and I just don’t agree with you giving them medical treatment!”

“You disagree? Do I have my hands on you? Who are you!”

Lin Ran had disdain in his eyes.

“You! If you don’t stop, I’ll go tell Fire Elder!”

Fire Halberd said angrily.

“Heh, can’t fight and shout at your parents? You go ahead!”

Lin Ran said disdainfully.

“Even if Elder Fire comes today, I’ll see to this illness!”

Lin Ran said and turned towards the second captive, while saying in a cold voice.

“Yu Chang!”

“Yes!”

Yu Chang, who was at one side, was busy saying respectfully.

“Keep an eye on me, anyone who dares to make a move against these captives will be killed!”

“Yes!”

Yu Chang answered, and at once his entire body’s aura filled the air, scaring the fire halberd into taking several steps back.

Lin Ran glanced at the surrounding generals one last time, not saying a word as he continued to attend to the captives.

Those captives all fell silent when they heard Lin Ran’s words, and did not resist when Lin Ran was treating them.

They didn’t even say anything when Lin Ran even ended up annulling their dantian.

The fire halberd was so furious that it turned around and walked towards the main city, obviously going to sue.

It was just that until, after Lin Ran had seen to all the captives’ illnesses, Firelord didn’t even come.

“Yu Chang! You personally go and send them to Fishwan!”

Lin Ran said as he rushed to Yu Chang who was at the side.

“Mm!”

Yu Chang nodded, and immediately put a kind of captive into a spatial magic weapon, before leaving the Skywolf Domain.

Lin Ran’s character was clear in the hearts of all the generals after these several great battles, and none of them were saying anything.

As for the fire halberd going to the fire elder to sue, naturally, he ran into dust all over his nose.

The fact that Lin Ran is now the mainstay of the Mysterious Alliance, and that he has a heart of gold, is something that Fire Elder and the others admire.

When their strength had reached this level, what they really cared about was not this, but the state of mind of a cultivator.

A person’s state of mind often determined how much that person could perceive of the Dao.

And a person’s perception of the Dao is often an important factor in determining how far that person can go in the cultivation path.

After the firebreath had been disgraced, he gradually quieted down over the next two days and did not make a fool of himself.

The story of Lin Ran treating his captive soon spread throughout the entire Skywolf Domain.

Of course, this was Lin Ran's intention.

Sure enough, many of the remnants of the Fey Devils who were in hiding gradually began to surrender, and even found their way to Heavenly City on their own initiative, hoping to defuse the war!

Lin Ran treated them one by one, then nullified their dantian and sent them to where Fishwan was.

The generals were gradually relieved to see that these people did not want to participate in the war at all.

At the same time, they were also deeply convinced by Lin Ran's move of giving up without fighting.

And Lin Ran's treatment of these captives over the past few days had also touched him deeply.

In particular, his sense of the Dao had deepened a few points.

Previously, when he was sitting in the Tamkang Hospital, he was facing ordinary people from his own side, and no one would come to stop him from treating people.

But at this time, he was facing enemy prisoners.

He had to be concerned about the feelings of many people, and at first he did not feel anything.

But gradually, the medical path had begun to react.

Ever since he had been treating the prisoners, Lin Ran had always been able to catch that ray of induction in a way that seemed to be there.

Although Lin Ran did not yet know what that wisp of inspiration was, he knew clearly that it was perhaps a sense of the Dao.

Lin Ran knew in his heart that he was only one step away from the Half-step Extreme Realm, but when he would be able to take this step, even he did not know.

For three days in a row, Lin Ran spent his days doing nothing but seeing patients and saving others, and he was enlightened.

He gradually discovered that the Dao seed of the medical dao in his mind was showing a hint of opening and closing.

It just seemed that he hadn't fully mastered the Dao yet, so he couldn't really open it every time.

It was late this evening.

Lin Ran was about to continue his Dao enlightenment when suddenly Elder Fire's voice was the one that rang out in his ears.

"Lin Ran! Come to the main city quickly!"

Lin Ran had already guessed what it was about in his mind when he heard the words.

As expected, when he arrived at the main city, Liu Feng was still there, as were the three elders, Feng Linglong Wu Refinement Qibao and Fire Halberd.

At the same time, Lin Ran also saw a familiar figure, the other party was none other than the hidden elder of the Long Family!

Lin Ran had seen this person when he had gone to the Dragon Family to clear out the three elders of the Chao Heavenly Pavilion.

“Lin Ran! You’ve seen it all, the Dragon Family has sent someone here!”

Elder Fire looked at Lin Ran and said, while gesturing for that Dragon Family Elder to present the situation.

The Dragon Family elder gulped, seemingly fearful of Lin Ran, but not enough to still say stiffly.

“The thing is like this! After our Dragon Family’s army entered the Blood Road, we found that the seal of the Fey Demon Realm had also broken!”

“We then sent our scouts in, but to our surprise, no one from the other side was in charge of the Blood Road at all.”

“According to the news reported back by the scouts, the entire Fey Devil Realm has been in chaos, with countless cultivators killing each other and fighting for territory!”

“The Fey Devils are also guarding the Fey Devil City and don’t dare to come out!”

“We tried sending people in for two fights, and the Fey Devils didn’t react much, our Dragon Family has now occupied a full ten kilometres over the Blood Road exit!”

The Dragon Family elder said.

Lin Ran’s face didn’t change in the slightest when he heard this, he didn’t trust the Long family from the bottom of his heart.

However, he couldn’t help that what this Long family elder said was too tempting, and Lin Ran noticed that the Fire Elder and the others on one side were obviously already a bit moved.

“Elder Fire, you’ve heard that the Fey Demon Realm is in chaos, this is a good time for us to attack! What are you waiting for, if we miss this opportunity, we’ll be sinners for the ages!”

Fire Halberd said busily.

Fire Elder, however, frowned slightly without saying a word, obviously thinking about the pros and cons!

“I think this is still not a good idea!”

Feng Linglong suddenly spoke up.

“What do you know, you stinking bitch!”

The fire halberd was instantly enraged.

“Who are you scolding!”

Feng Linglong was also furious at his words and stood up with a scuffle.

“Stop it!”

Seeing this, Fire Elder spoke up and scolded.

He scorched his gaze across the crowd present before looking at Lin Ran.

“Lin Ran, what do you think?”

After these few great battles, he was clearly more interested in hearing Lin Ran’s meaning.

“Conspiracy! This is a conspiracy!”

Lin Ran said straightforwardly without any nonsense.

“Conspiracy? Why don’t you bring someone to the Fey Demon Realm to conspire against me!”

The fire halberd laughed.

“Elder Fire, this Lin Ran is clearly greedy for life and death, he doesn’t dare to go and I’ll bring someone!”

Fire Halberd said.

“Don’t you mouth off yet!”

Fire Elder chided, turning his head and continuing to look at Lin Ran.

Lin Ran, however, stretched his hands and got up, saying.

“I’ve made it very clear that this is a conspiracy! But looking at Elder Fire, he means that he has already made up his mind, so why ask me again!”

Lin Ran said and turned to leave.

Seeing this, Fire Elder spoke up.

“Lin Ran! I’m also worried that this is a conspiracy, but the fire halberd is also right, if this opportunity is real and we miss it, then we will really be sinners for the ages!”

Said the Fire Elder in a cold voice as he slapped the table.

“I’ve decided, tonight the fire halberd will lead the men to set off first and be the vanguard to scout out the situation!”

“The others will stay put and wait for news from Fire Halberd!”

“Fire Elder is wise!”

Firebolt was overjoyed at his words and rose to his feet, smiling.

Lin Ran listened but sighed helplessly and turned to leave the place.
