

Doctor

Chapter 1521

Leaving the main city, Lin Ran then went straight back to the southern city.

Although Lin Ran did not support the Fire Elder's decision tonight, there was nothing he could do about it.

We were all in different positions, and Lin Ran knew in his heart that if he were put in Fire Elder's position, I was afraid that he would do the same thing.

All he had to think about was protecting the people who were important to him and keeping them alive, whereas what the three of them had to think about was how they could defeat the foreign devil.

Back in South City, Lin Ran went straight to the Small World.

He went there almost every day, and Wang Yifeng's injuries had basically all healed by now.

It was just that Ling Sa was still not awake, but her condition had improved a little.

"How is it?"

When he came to the small world, Qin Bing was changing Ling Sa's medicine.

"The superficial injuries are almost healed, but she just won't wake up!"

Qin Bing said worriedly.

Lin Ran nodded, his body hand clasped Ling Sa's pulse, and a strand of true qi entered Ling Sa's body along with it.

Soon Lin Ran noticed that the true qi in Ling Sa's body surged and her entire body popped up very tight.

He was busy concealing his true qi so as not to cause the true qi in Ling Sa's body to rebel even more furiously.

"How is it?"

Qin Bing was busy coming up and asking.

"She should be taming her heart demon right now, as long as she can get through this hurdle, she should be able to wake up soon!"

Lin Ran said.

Ling Sa's heart demon was bound to come this time, the Plum Blossom Sect had been wiped out by the Dragon Family, but at this moment, the Dragon Family was still at large.

Even though the Great Elder of the Long Family, who had struck in the first place, had been killed by Lin Ran, it was always a piece of heart disease, and this time Ling Sa's coma had indirectly triggered this piece of heart disease in her.

If she could carry through the test of her heart demon this time, it would also help her in her future achievements.

Afterwards, Lin Ran greeted Qin Bing and the two of them came to the side to sit down.

“What’s wrong?”

Seeing that Lin Ran seemed to have something on his mind, Qin Bing asked busily.

“What exactly do you think we are learning medicine to heal and save people for?”

Lin Ran suddenly looked at Qin Bing and asked.

“Of course it’s for the sake of healing and saving people! Didn’t you say it all?”

Qin Bing said in confusion.

Lin Ran sighed and said.

“The original purpose of studying medicine was to cure the sick and save people, but lately I’ve realized, is it really true that everyone is worth saving?”

“What do you mean?”

Qin Bing was stunned, not understanding what Lin Ran meant.

“The other day, I treated the captives on the side of the foreign devils, and the fire halberds led the discontent, you should have heard about this!”

Lin Ran looked at Qin Bing.

“Mm!”

Qin Bing nodded.

“What do you think?”

Lin Ran asked.

“I think you did the right thing!”

Qin Bing said.

“You’re having a hard time in your heart just because you feel sorry for those dead generals!”

“But have you thought about it, what if you hadn’t sided with the Mysterious Alliance?”

“If you were just a bystander watching the two sides of them fight, would you still have this mental burden?”

Lin Ran was stunned and pondered, while gesturing for Qin Bing to continue.

“There’s actually nothing to say about this, think about it yourself if you were a bystander and had no relationship entangled with either side, would you still feel this burden?”

Lin Ran shook his head.

“That’s it, you’re just a bystander, you’re only healing and saving people because of those who are implicated because of the war, your heart aches for them and out of your instinct as a doctor you step in to save them!”

“In other words, in ancient times there was Shennong who tasted a hundred herbs, why did he taste a hundred herbs, by definition as long as the people of his tribe were free from disease and disaster, but he did it anyway! This shows that his heart was for the world!”

“Closer to home, you’ve been working at the hospital for a short time after all, but think about it, those doctors who have been working at the hospital for decades, what kind of patients have they never seen?”

“Murderers! Rapists! Burglars, even perverts! Should they be left to fend for themselves when they are sick?”

Speaking here, Qin Bing looked at Lin Ran, reached out and grabbed his hand, comforting him.

“A healer’s benevolence is more important than a healer’s heart! Since you have studied medicine, you should take it as your duty to cure the sick and save the people, who is right and who is wrong is naturally under the control of the police and the people to judge, what we have to do is to live up to our conscience!”

“Let yourself live up to the meaning of the word doctor!”

“Mm!”

Lin Ran looked at Qin Bing and nodded, there was a brightness in his eyes, as if he had lifted the dark clouds to see a rainbow.

“A good phrase, a doctor’s heart is heavy on benevolence!”

Lin Ran said as he got up and gave Qin Bing a kiss on the head, laughing.

“Listening to a gentleman’s words is better than reading a book for ten years! As expected of a doctor from the imperial capital!”

“Don’t you dare!”

Qin Bing gave Lin Ran a blank look.

Lin Ran, however, suddenly had a surging aura permeating his entire body and was busy saying.

“I mean it, you’ve woken me up with a single word!”

“I have to go to seclusion!”

Lin Ran dropped the words, with anticipation in his eyes, and immediately prepared to leave the small world.

However, the space around him distorted for a moment, and instead of going out, Lin Ran actually appeared on top of a mountain only.

“Kid, you’re crazy! If you break through outside, those three old bastards would know about it! It’s better to hide some of your cards in the middle of a big battle!”

The pillow’s voice rang out.

Lin Ran smiled helplessly at his words and directly sat down on his knees in the same place and entered into cultivation.

Only then did the pillow-side book smile in satisfaction, and then with a wave of his golden palm, golden light sprinkled down and instantly enveloped Lin Ran.

In his mind, a golden little man sat on his knees, looking just like Lin Ran.

“A healer’s heart is benevolent, isn’t the essence of the path of healing also benevolent!”

The golden Lin Ran’s eyes snapped open, and at this moment there was a profundity in his eyes.

He suddenly found that his previous understanding of the medical path of benevolence seemed to be a little off, and it was only at this moment that he understood what it meant to be a healer’s benevolent heart.

“A benevolent heart is also a human heart, practising martial arts is first practising virtue, being a doctor is first being a human being!”

“If the human heart is unable to have great love in its heart, how can we talk about medicine practicing the world and medicine being good to people!”

“Weng.”

Two streams of refined light fiercely shot out from the golden Linran’s eyes.

The refined light carried a majestic ancient mood, and this moment put out the same old man who had experienced in the earthly world for a long time, with an old aura.

And at this moment, the Dao Seed of the Medical Dao, which was suspended to the side, suddenly glowed with golden light.

Then, the Dao seed medical book slowly opened and closed.

Each time it turned over, it was permeated with a surging winding aura that was gorgeous and colourful.

The golden Lin Ran sat on his knees, looking at the golden Dao Seed of Healing in front of him, and his mouth began to sound Lang Lang.

This voice was like the Sanskrit sound of the nine heavens, but it was full of the majesty of the Dao.

As the voice rang out, wisps of symbolic writing quickly emerged and then drifted towards the Dao of Healing Dao seeds.

Lin Ran clearly saw that after those symbolic words drifted past, words began to appear on the books of the Dao of Healing Dao.

Those words were precisely Lin Ran’s insights and perceptions of the Dao of Healing.

For three days in a row, Lin Ran looked closely at this book of the Dao of Healing Dao seeds.

Three days of recitation had caused the open and closed parts of this Dao Seed to be densely packed with all Sanskrit words.

“Weng!”

Suddenly, the golden Dao seed was fiercely abnormal, and suddenly the golden light rose so much that there were no more Sanskrit words appearing outside the book.

And the Dao seed books opened and closed at this time, and reached a position of nearly forty-five degrees.

This position represented the very half-step extreme realm.

Chapter 1522

“Whew!”

After exhaling a deep breath, Lin Ran then stood up from the ground.

“Is this the power of a half-step Extreme Realm?”

Lin Ran looked at the mountain peaks in the distance, at this moment he felt as if he had mastered the power to destroy the heavens and the earth.

“Bang.”

He blasted out with a single punch, and instantly the large mountain in front of him collapsed with a rumble.

“How strong!”

Lin Ran saw this scene and instantly had a glint in his eyes.

To blast a large mountain with one fist, this power made him yearn for it, and he never thought he would be able to do it one day.

“Kid! What’s wrong with you, Master Shu’s little world is just a few mountains, you can just blast them when you say so!”

Pillow Book bubbled out reluctantly, furious.

“Eh! I couldn’t hold back in the heat of the moment!”

Lin Ran scratched his head in embarrassment.

“Rumble!”

Suddenly, just at that moment, the sky was filled with strange images as thunder clouds rolled in with lightning rushing in.

They hovered above Lin Ran’s head and refused to disperse.

“Holy shit! What is this?”

Lin Ran looked a little speechless.

What for? He had only enlightened himself to the half-step Extreme Realm, so why was there a celestial image of a strange omen, making it look like he was about to ascend through a tribulation.

“What do you know, this little world of mine was birthed from the immortal world’s origin, and is fundamentally different from your Earth!”

“If you were outside, there would never be such thunder clouds appearing, but in my little world there are!”

Said the pillow book popping up, smugly.

“You still remember asking yourself the question earlier as to why there aren’t many mid-level powerhouses in the Mysterious Alliance!”

“Hmm!”

Lin Ran nodded, he had indeed pondered this question not long ago.

“That’s the reason! It’s not just the difference between the Fey Demon Realm and your Mystic Alliance!”

“There’s also a difference between the Immortal Realm and your Earth, the stronger the people in the Immortal Realm are the stronger the breakthrough is even this kind of calamity!”

“It’s like a test, get through it and you’ll feel reborn once more, while failing to get through it is death!”

“This is also why people in the Immortal World are generally stronger than other small worlds!”

The pillow said.

Lin Ran listened thoughtfully and was busy asking.

“This thunder cloud won’t really blast down, will it!”

He himself hadn’t experienced such a thing yet, so he couldn’t help but be a little nervous.

“You’re thinking good thoughts!”

The pillow said without good grace.

“You’re only half a step into the Extreme Realm, and you still want to cross the tribulation? Go to your sister! If you break through to the Extreme Realm in Master Shu’s little world you might even be able to try once!”

“You’re only half a step into the Extreme Realm, don’t even think about it!”

As expected, as Pillow Book’s voice fell, the thunderclouds soon tumbled and dissipated, as if they had only come to see which brat had broken through to the half-step Extreme Realm so that they could recognise someone and come back to strike next time when he broke through to the Extreme Realm.

Lin Ran was a little speechless and sighed before leaving.

He went back to check on Lin Lin, and found that she seemed to have gotten over her heart demon, her whole body wasn't as tightly wound, so I guess she should wake up in the next two days!

Only then did Lin Ran leave the small world.

He had been in seclusion for three days, and he didn't know how it was outside.

"Boss! You've finally come out!"

As soon as Lin Ran came out of the small world, Leng Zhan's voice came from outside the door.

"What's wrong?"

Lin Ran asked busily as he pushed the door out.

Three days at this juncture right now? It was indeed a bit too long.

"Just yesterday at noon, Fire Elder and the others also set off!"

Leng Zhan said busily, following up with the situation.

Only then did Lin Ran dawn on him.

As it turned out, on the while second day of his seclusion, Fire Halberd had sent word that the Fey Demon Realm was really in chaos, and that he had captured another large frontier along with the Dragon Family.

Seeing the good news coming back from the Fire Halberd, the Fire Elder was completely heartened, but the Wind Elder still insisted that they could not all go in.

In the end, after deliberating, Wind Elder actually went into the Blood Road with Li Elder, taking Qibao and Wu Lian with him as well.

Now only Elder Feng was left sitting in the entire Tiancheng, and the rest were Lin Ran and Feng Linglong, as well as Liu Feng!

"They couldn't contact you yesterday at noon, plus the opportunity was too good to miss, so they set off in a hurry! I've been keeping watch here, just waiting for you to come out!"

Leng Zhan said.

"I know!"

Lin Ran smiled and nodded there was worry in his eyes.

"I'll go find Elder Wind!"

Dropping a sentence, Lin Ran whirled and walked towards the main city.

.....

At this time, inside the main city, Feng Linglong was sitting with Elder Feng and Liu Feng, with anxiety on his face!

"Lin Ran?"

Seeing Lin Ran enter, Elder Feng immediately stood up, followed by Feng Linglong and Liu Feng on the side.

At this moment, when the three of them saw Lin Ran, they couldn't help but be stunned.

Feng Linglong and Liu Feng didn't feel it that strongly yet, but Elder Feng looked at Lin Ran with microns in his eyes and a hint of surprise in his eyes.

"Lin Ran you've broken through?"

Elder Feng suddenly asked.

Lin Ran smiled at his words and said.

"Just a small insight!"

His words were ambiguous, a small enlightenment was not a small enlightenment, if it was a large enlightenment then he would have directly crossed into the Extreme Realm.

If it was a big enlightenment then he would have directly entered the Extreme Realm. And to say that it was small, it was not a small enlightenment.

When Elder Feng saw that Lin Ran did not want to say more, he did not ask more questions and said with a smile.

"Good! Good! A breakthrough at this time is also good news for us!"

"Come and sit down and talk!"

Elder Feng greeted.

Lin Ran wasn't polite and sat down directly in the empty seat before asking.

"Just now I saw you all look grave, what happened?"

"Ai! It's old man Fire and old man Li, no news has come back so far, I'm afraid that something has happened to them!"

Elder Feng said.

It turned out that when Old Man Fire and Old Man Li set off yesterday at noon, they had agreed with Old Man Feng that they would definitely send back news when they entered it for a day.

However, no news had come back so far.

Seeing that a day and a few hours had passed, Elder Feng was a little worried.

"Elder Feng, perhaps Elder Fire and the others are busy seizing the frontier and have forgotten about this!"

Liu Feng, who was at the side, spoke up to comfort him.

"I hope that's the case, I'm also worried that they've met with misfortune in there!"

Elder Feng said.

The reason why Elder Fire and Elder Li had taken Qibao and Martial Refinement inside, leaving Elder Feng and Feng Linglong to sit in Heavenly City, was because they were afraid that they would meet with a change of heart inside and all their troops would be wiped out.

But at this moment, there was no news coming back from Elder Fire, but it made them inevitably worry a little more.

“Report!”

Suddenly, a general rushed in outside the door, and he looked nervous and busy shouting.

“Elder Feng, an emissary from the Dragon Family is here!”

“Quickly let him in!”

Elder Feng was overjoyed at his words, knowing that this must be a message from Elder Fire, but Lin Ran was puzzled by what he heard, how could a message from Elder Fire bring in an elder from the Dragon Family to report the news.

When his heart was puzzled, the elder of the Long Family had already walked in with quick steps and his face was flustered.

“Elder Feng is not good! There is a situation in the Other Demon Realm! Elder Fire and Elder Li have been ambushed, and our Long Family has even suffered heavy casualties, requesting support.

The elder said and sat down on his butt, covered in blood and looking very miserable.

“What?”

Elder Feng’s face suddenly changed at his words.

He, Elder Li and Elder Fire were the top pillars of the Mysterious Alliance combined, but now Elder Fire and Elder Li were actually deep in the middle of an enemy ambush.

If anything happened to the two of them, how could the Mysterious Alliance fight against the demons?

Thinking of this, Elder Feng immediately asked.

“Where are they people?”

Chapter 1523

“It’s not far from the frontier we’re occupying, just pass the Blood Road and you’ll see it!”

That Dragon Family elder busily said.

Hearing this, Elder Feng’s face turned ugly as he turned his head to glance at Lin Ran and Feng Linglong and spoke.

“Go back and prepare, we’ll leave in half an hour!”

“Yes!”

Feng Linglong nodded her head.

Lin Ran hesitated for a moment or nodded his head.

The situation at hand left them with no choice.

Although Lin Ran had long known that the Long family were traitors and that this incident was likely a trap set by Long Yu from the beginning.

But even so, he had no choice all the same.

What Elder Feng was thinking, he knew very well.

If something bad happened to Elder Li and Elder Fire, then the Mysterious Alliance would be completely finished, as no one would be able to stop the attack of the foreign devils at all in the end of the great war.

So, as things had developed to this point, for Lin Ran, it was no longer a conspiracy, but had become a yang conspiracy!

You knew full well that he was a trap, but you still had to go in!

It wasn't that Lin Ran hadn't hated why Elder Fire and Elder Li were so deceitful.

But if their positions were really switched, I'm afraid the result would still be the same.

Since they had never been to the Other Demon Realm, they could only rely on guesses as to whether Lin Ran's words were true or not!

When Elder Feng decided to enter the Blood Road to save the others, Lin Ran naturally had no choice but to go in too!

But the Other Demon Realm was incredibly dangerous, so he had to make good arrangements this time!

.....

South City.

After Lin Ran returned here, he teleported everyone out of the small world.

The moment he had left himself, Lin Ran had already woken up, only that his happy body was still a little weak.

Lin Ran swept his gaze over the people present and opened his mouth to tell them the situation, hearing the crowd frown.

"I have to enter the Fey Demon Realm with Elder Wind! You guys can't go!"

Lin Ran said as he looked at Song Nuan and the others.

"Why?"

Song Nuan asked busily.

"We're not afraid!"

Luo Qiqi also said.

“It’s not a matter of being scared or not, but it’s too dangerous!”

Lin Ran said.

“It’s not just you guys, Ling Sa and Long Ya can’t go in either!”

Lin Ran looked at the two.

“It’s naturally not suitable for Ling Sa to go when she’s recovering from a serious illness, but why can’t I go?”

Long Ya asked, puzzled.

Lin Ran looked at her and said.

“Ling Sa’s body is weak and needs to be taken care of!”

“That’s no reason! Qin Bing is perfectly capable of taking care of her!”

Long Ya retorted.

Lin Ran was silent for a full moment before speaking.

“Can you all just consider it a little bit of selfishness on my part?”

All the women were stunned at the words.

“The Great War has been going on so far, it’s nearing its end, and this time, entering the Fey Demon Realm, it’s likely that the showdown is what awaits!”

“Do you guys know what a showdown means? There will be tens of thousands and hundreds of thousands of people dying!”

“And you guys can’t influence the outcome of this great battle at all! To follow you in is to send you to your death!”

Said Lin Ran as he looked towards Song Nuan and spoke.

“Do as you’re told! Don’t make me worry, okay? Besides, think about it, if you guys go in too, what about Xiao Cui? Let her stay alone?”

On the side, Xiao Cui sniffed and looked at Wang Yifeng.

“Ah! Which big sister! You must listen to Ranzi this time!”

“Since ancient times going to war that’s what we men do, Hua Mulan that’s all just to coax children! Don’t you take it seriously!”

Wang Yifeng spoke up.

“I, Wang Yifeng, will leave Xiao Cui to you! For the sake of finding a daughter-in-law, you must take good care of her for me! Will you!”

“You!”

Song Nuan looked at Wang Yifeng, somewhat speechless.

They really didn't want to be separated from Lin Ran, but Lin Ran was right, even for the sake of Ling Sa, who was recovering from a serious illness, and Xiao Cui, they couldn't even take the risk.

"And this is the Skywolf Domain, which is only a bloody road away from the Fey Demon Realm."

"General Liu Feng will be sitting here, and when we've finished with the Fey Devils, we'll be meeting in soon!"

Lin Ran said.

"I know, don't worry! I'll take care of them!"

Song Nuan spoke.

She had calmly made such a decision, but Lin Ran knew that she must not feel well in her heart either.

The duel, who could guarantee that Lin Ran would really survive.

"Let the two elders, Long Da and Long Er, go in with you!"

Long Ya also stopped insisting and looked at Lin Ran.

Lin Ran knew what these two elders wanted, so he nodded.

A moment later, Lin Ran counted the number of people.

Wang Yifei, Wolf Ba, Yu Chang, Li Mu Di, Fire Yijian, and Fire Yan, Cold Chop Old Cat, and Ah Zhan all went in with him!

Li Ba was also left behind by Lin Ran because of his limited strength.

Lin Ran made another special trip to the small world and found Yue Bei Shan.

His condition had gotten a few degrees worse, his life force and time were running out together.

Lin Ran told him about the impending showdown and asked him if he wanted to stay in the Skywolf Domain or stay in the Small World and go into the Fey Demon Realm with him.

For this time, it was likely that he would no longer be able to resist the duel in the Fey Demon Realm.

"Take me back, if I die, I hope you can bury me in the Other Demon Realm, after all, it is the hometown where I grew up!"

Yue Bei Shan said.

Lin Ran nodded and didn't say much as he whirled and left the place.

Afterwards, Lin Ran called Wolf Ba and Fire Yan over.

"Boss!"

Wolf Ba had a respectful look on his face, but he was just a little embarrassed in his heart, this time when he went back he would completely have to fight the people of the Other Demon Realm with swords.

“Wolf Ba! I’ll give you a mission, you don’t have to participate in the battle!”

Lin Ran looked at Wolf Ba.

“Boss! No need, since I Wolf Ba decided to follow you, I don’t care about anything else, and to be honest, I don’t want to see the Fey Demon Realm being plagued by Fey Demons like this, I don’t feel like a traitor, instead I feel like I’m saving those living in deep water who are being controlled by Fey Demons!”

Wolf Ba said.

Lin Ran, however, shook his head.

“I said you don’t need to participate in the battle!”

Lin Ran said as he took out two stalks of pills and handed them to him and Huo Yan.

“There’s a Hidden Qi Pill in each of these bottles, and dozens of pills to replenish True Qi! You two take them with you!”

Lin Ran handed them to the two, before saying.

“Your mission this time, is to send Huo Yan back! Let him be reunited with the Fire Family of the Fey Demon Domain! After you finish, you’ll be free!”

Lin Ran looked at Wolf Ba.

“Boss!”

There was reluctance in Wolf Ba’s eyes.

“Don’t come back if you can, many people will die in this great battle!”

“I’ll definitely come back!”

There was determination in Wolf Ba’s eyes.

“Lin Ran! I will also return with the Fire Family! Our Fire Family of the Fey Demon Realm is not a traitor!”

Huo Yan looked at Lin Ran and said solemnly.

Lin Ran waved his hand and got up to leave, saying one last thing.

“You guys follow the army and leave quietly once you enter the Blood Road!”

After saying this, Lin Ran turned around and left the place.

Half an hour later, in front of the southern city gate of Heavenly City.

Feng Linglong, Elder Feng, and Liu Feng had all arrived.

Elder Feng and Feng Linglong had already finished gathering their men and were ready to go.

“Liu Feng, I’ll leave this place to you!”

Elder Feng turned his head to look at Liu Feng who had come to see him off.

“Don’t worry, Elder Feng, Liu Feng will make sure that Heavenly City is there even if he dies!”

Liu Feng said.

Lin Ran also turned his head to look at Liu Feng, he didn’t say anything just patted the latter’s shoulder.

Liu Feng nodded solemnly and didn’t say anything either, but he knew that Lin Ran was leaving all his most important people in the Skywolf Domain this time, the safety of all these people was entrusted to him!

Chapter 1524

“Let’s go!”

With a command from Elder Feng, the vast procession immediately set off towards the Blood Road.

Song Nuan and the others all had tears in their eyes as they watched Lin Ran leave the spare.

“Make sure you come back!”

Song Nuan said softly, her fists clenched.

.....

The one who walked in front and led the way was naturally that elder of the Long Family.

Long Da and Long Er followed beside Lin Ran, not saying a word as they looked at him, their eyes full of ice and cold.

There is an ancient saying that says, “They are born from the same root, but at this moment they have become two opposing sides.

All the way to the road, no one spoke! The atmosphere was very oppressive.

But fortunately, after only two hours, the crowd arrived under the Blood Road Vault.

With a wave of his sleeve and robe, the wind raged around him, and then a heavenly ladder was formed from the gathering of the wind.

The heavenly ladder led straight up to the Blood Road above.

“Let’s go!”

Elder Feng greeted, and immediately a group of generals began to ascend the heavenly ladder one by one, heading towards the Blood Road.

Lin Ran and the others who were strong flew straight up.

In just a quarter of an hour, the 100,000 strong army had all entered the Blood Road.

As he stepped onto the Blood Road once more, Lin Ran's heart was filled with emotion and he could not help but touch the triangular electric snake on his arm.

If not for it, Lin Ran would have died here last time.

However, it seemed that the triangular electric snake's help last time had also affected it greatly, and it had been in a dormant state for so long, not waking up.

Many of them were curious as they were stepping onto the Blood Road for the first time, looking back and forth from time to time!

Lin Ran, however, looked around warily.

If this was a conspiracy by the Dragon Family, then I'm afraid it wasn't far from the trap they had set!

The crowd didn't speak all the way, rushing along in silence, as if they were a mute army.

In just one hour, a bright light appeared in front of the crowd, the light of the sun.

Only this sun seemed to be covered with a layer of gauze, hazy looking and hazy.

"The Other Demon Realm!"

Lin Ran's heart trembled, this sunlight was too familiar to him, where else could it be if it wasn't the Other Demon Realm.

"Elder Feng! It's just ahead, you can see it once you exit the bloody road!"

Elder Long's family said busily.

Lin Ran, however, listened with a frown on his face.

Last time he had killed his way out of the Fey Demon Realm, the Blood Road was clearly hidden in the Sea of Blood space.

However, according to the words of the Elder of the Long Family, it seemed that this Blood Road was not in the Blood Sea Space.

Sure enough, the moment Lin Ran and the others walked out of the Blood Road, what appeared before him was a rolling mountain range, where was the Sea of Blood!

"Stop!"

Elder Feng was very alert, and just as the large group walked out of the blood path, he spoke and stopped.

Lin Ran's mind moved and disparated to two people leaving from the group, thinking that they should be Wolf Ba and Huo Yan.

He didn't move and looked at Elder Feng.

"What's wrong?"

"Let's observe first!"

Elder Feng spoke.

On the side, however, Elder Long's family looked a little anxious and was busy saying.

"Elder Feng, we can't wait any longer, this round trip has been delayed for almost five or six hours, we have to hurry to save Old Fire and the others, besides our Dragon Family can't resist any longer!"

"Where is your Dragon Family?"

Elder Wind asked as he turned his head over to him.

"Just behind the mountain range in front of us!"

The Dragon Family elder said.

Lin Ran and Elder Feng closed their eyes at the same time as they heard this, and their divine sense enveloped them right towards the front.

As expected, behind the rolling mountains ahead, there was a city.

Lin Ran was stunned, the aura and shape of the city was actually somewhat similar to that of the Snake King's Black Jin, they had actually come straight to the Snake King's domain in the southern border this time!

Both Elder Feng and Lin Ran felt at the same time that within that city, there were only a small number of Dragon Family members, while everyone else was actually not inside.

This was the Fey Demon Realm after all, and their divine sense was somewhat overwhelmed when they scouted farther away!

"Elder Feng!"

Elder Long's family looked at Elder Feng with a question in his eyes.

Elder Feng pondered for a moment and turned his head to look at the entrance to the Blood Road at the back was still there, before he gritted his teeth and spoke.

"Let's go!"

As the words fell, a group of people, led by Elder Long's family, quickly marched towards the mountain range in front of them.

"Bang!"

Suddenly, there was actually a loud bang from the back.

Elder Feng and the others all turned their heads to look, and actually found that the entrance to the Blood Road, which was originally open, had instantly been crushed by a large mountain.

"Elder Feng! Welcome to the Fey Demon Realm! Haha!"

A hoarse voice suddenly rang out, causing the crowd to be startled.

Who else was this voice if not the Other Demon!

“Fey Devil!”

Elder Feng looked at the sky with an icy coldness in his eyes.

“Haha! Don’t be anxious, the show has just begun, I will naturally treat you well when you arrive at my Alien Demon’s territory!”

The foreign devil laughed, and then his voice dissipated.

Feng Lao’s gaze was fixed on the sky without speaking, and when he saw that the Other Demon had also stopped speaking, he then waved his hand and led the crowd to continue towards the mountain range.

The mountain range had been carved out of the middle, seemingly by the Dragon Family.

Lin Ran and the others quickly crossed the mountain range with their troops.

At once the city of the snake king appeared in front of the crowd.

However, the next moment Lin Ran and Elder Feng and the others saw it clearly.

Not far in front of this city, there was a flame that was burning brightly.

The flames were attached to a green curtain of light, like a huge bowl fastened to the ground.

And at this moment, inside this green light curtain, Fire Elder and the others were clearly inside.

“Fire Elder!”

Elder Feng shouted when he saw this.

However, Elder Fire and the others did not seem to hear them, and only after a few moments did they turn their heads and spot the crowd when they saw Elder Feng and Lin Ran rushing over with the others.

Fire Elder and the others were busy standing up from the ground and waved their hands at Wind Elder, signalling him not to go over.

Old Li even kept pointing at the Snake King City on the side, as if to tell them to be careful of it.

“So what?”

Lin Ran’s heart was startled and he was busy pulling Elder Feng back.

Elder Feng also read what Elder Fire and Elder Li meant, and immediately stopped rushing over and turned his head to look warily at the nearby Snake King City.

“Where’s Elder Long’s family?”

Lin Ran suddenly noticed that the Elder of the Long Family, who had originally been on the road in front of him, had actually disappeared at this moment.

“Didn’t notice!”

Elder Feng was also busy saying.

Lin Ran’s face turned a few shades more ugly as he spoke.

“This is the end, it’s a trap!”

As expected, as soon as his words fell, there was a bang of light around Lin Ran and Elder Feng.

There was actually a formation that enveloped them all.

Following that, both Rin Ran and Elder Feng were surprised to see that a huge black snake head was actually poking out from behind the Snake King City.

The black snake’s head was incomparably huge, and the scales on its body were shining with black light, which was extremely shocking.

As the snake’s letters stuttered, the two pitch-black eyes abruptly turned red.

“Where is he!”

Suddenly, Elder Feng pointed far away, only to see a figure ahead of him running in the direction of Snake King City, if it wasn’t Elder Long Clan or someone else.

“Roar!”

The black snake fiercely opened its mouth wide, revealing a mouthful of fangs with a roar.

That Dragon Family Elder was instantly swallowed by him in one bite.

However, there was no blood flying everywhere, not to mention the slightest bit of pain, the Dragon Family Elder seemed to be ready to be swallowed by the huge black snake.

Chapter 1525

“The elder of the Dragon Family has been swallowed by a black snake!”

“It’s horrible, what is that thing!”

“A demon, that’s a demon!”

The crowd of generals watching this scene were immediately in a pinch, and even some of the timid ones were about to run at once!

“Don’t mess up the formation, that’s a formation!”

Windy Old Man was busy speaking up and scolding.

“A formation? How can that be a formation, those snake scales are so clear!”

“Yes! And such a big black snake, how big of a formation would that have to be!”

The crowd couldn’t believe it, and there was chaos all around.

However, just then, the black snake was already creeping around the Snake King City towards Lin Ran and the others.

A pair of blood-red eyes seemed to be able to see through a person’s mind, which was extremely appalling.

Lin Ran stared at the black snake, and then looked at the formation with the fire flames and green light curtain at the side, and seemed to have thought of something in his mind, and he was busy shouting at Elder Feng.

“Elder Feng! Let’s start the formation!”

Feng Lao was stunned and instantly understood Lin Ran’s meaning, and immediately the two of them struck out at the same time.

The wind howled as if it could cut through all blades, enveloping the crowd.

Seeing this, Elder Fire and Elder Li at the side breathed a sigh of relief, clearly Elder Wind and Lin Ran had done the right thing.

Almost as soon as the astral wind formation had been coalesced, the black snake had already raised its head high, rushing towards where Lin Ran and the others were and directly grew its mouth, spewing out a turquoise flame.

This flame was monstrous, as if it was tilting down a waterfall, and instantly reached outside the astral wind formation.

“Rumble!”

The flames and the astral wind formation instantly crossed to together and actually fought for a while.

The astral wind kept blowing the fire away, but the fire was trying to penetrate into the formation all the time.

In an instant, the two sides were at a standstill.

“Roar!”

When the black snake saw that its fire was unable to penetrate the astral wind formation, it then actually slapped over with its huge snake tail.

“Bang!”

There was a loud sound, and the entire formation trembled, but Elder Feng and Lin Ran were both half-step Extreme Realm, and for a while that black snake was unable to break through.

The black snake spat its snake’s letter and twisted around outside several times, seeing that it was unable to succeed at all, suddenly the snake’s head squirmed violently, followed by two balls of blood light shooting out from within its snake pupils.

The red light instantly entered the earth, and Lin Ran and the others could clearly feel that the whole ground began to tremble.

Immediately, cries of alarm came from behind them.

“It’s not good, the earth is splitting apart!”

“What’s this! There’s so much blood!”

“It’s devil’s blood! It’s devil’s blood!”

Lin Ran turned his head to look, only to see that a crack had unexpectedly opened up in the earth enveloped by the formation.

Countless amounts of devil’s blood gushed out right along the crack.

It split the crowd of generals who were still together directly.

“Not good! He’s going to split the battlefield!”

Elder Feng said busily.

Lin Ran turned his head to look and found that this situation had actually occurred where Elder Fire and the others were.

The ground had cracked open, and Elder Feng and Elder Fire had to compress the formation back to where they were in order to protect more of the generals.

Once this was the same, those continents that had been split apart by the demonic blood glanced out towards the back.

In an instant, they lost the envelope of the formation.

“Roar!”

When the black snake saw this scene, it was overjoyed and opened its bloody mouth, spewing a mouthful of fireflame directly towards those exposed generals.

“No!”

Elder Feng and Elder Fire’s faces instantly changed at the sight.

Lin Ran’s face even turned white as he watched.

In the next moment, that fireflame instantly enveloped all the exposed generals, and there were instant screams of misery.

“Bastards!”

Lin Ran’s eyes were bloodshot as he watched, in just this instant, tens of thousands of generals had perished, how could he not be anxious.

“Elder Feng! I’m going out!”

Lin Ran roared in anger and rushed out towards the outside of the needle.

Almost at the same time, the Fire Elder on the other side also rushed out from the formation, clearly ready to strike as well.

“Fire Elder!”

Suddenly, the voice of the Other Demon appeared out of thin air, followed by a black qi rushing down into the sky straight towards Fire Elder.

“Alien Demon!”

Fire Elder’s face changed as he raised his hand and threw a punch.

“Bang!”

The black Qi was blown away by Fire Elder’s fist, but he himself was shaken back into the formation afterwards.

“Do you want to set off a duel?”

The foreign devil’s voice was hoarse as he threatened.

Obviously, if Elder Wind and the three of them were to strike, the Other Demon would definitely do the same.

“I’ll do it myself!”

Lin Ran said as he rushed at Elder Fire, and then his palm flashed coldly as the Condensing Frost Sword directly surfaced, and immediately he brought his own sword towards the giant black snake in front of him and killed it.

“Ai!”

Old Fire was so angry that he only stomped his foot.

It wasn’t that they didn’t want to make a move, but as soon as they did the foreign devil came back to stop it.

No one wanted to set off the final showdown, because that would mean more people would have to die than there were now.

At this point, they could only pin their hopes on Lin Ran, hoping that he could kill the black snake!

Outside the formation, Lin Ran had ice coldness in his eyes as he fought with the Frost Condensation Sword in his hand, and instantly countless ice crystal lotus flowers bloomed, enveloping the black snake.

The black snake had a fierce look in its eyes, as if it had a great grudge against Lin Ran, it didn’t even dodge and opened its bloody mouth to bite Lin Ran.

Lin Ran did not dare to show his full strength, if he brought out his half-step Extreme Realm strength, he was afraid that the foreign devil would immediately start a duel, so he could only send out his own strength at the peak of the God Creation Realm.

“Ka ka ka ka!”

The ice crystals fell quickly, instantly freezing the blackness.

Almost at the same time, Lin Ran’s Frost Condensation Sword was already heading straight for the black head with a wisp of seven-coloured sword aura.

“Roar!”

The black snake was furious, and although the head could not move, it swung its huge snake tail right towards Lin Ran.

It was obvious that it wanted to kill both sides.

Lin Ran had a fierce look in his eyes and did not even dodge.

“Ka-chow!”

The next moment, the ice crystal layer on the snake’s head instantly broke.

But almost at the same time, the seven-coloured sword mane and the black snake’s snake tail both reached each other at the same time.

“Bang Bang!”

Two muffled sounds rang out simultaneously as Lin Ran was directly hit by the huge snake’s tail, and his entire body flew backwards towards the side, while a mouthful of fresh blood spurted out with a sweet throat.

On the other hand, the black head of the snake was no better.

Half of it had been smashed by Lin Ran’s seven-coloured sword aura.

However, what Lin Ran and the crowd didn’t expect was this.

In the midst of the smashed snake head, Long Yu was sitting on a silver throne, wearing snake scale battle armour and awe-inspiring.

Behind him, there was a group of Dragon Family members, Long Hai and the Dragon Family elder who had gone back to report the news earlier were among them.

“Long Yu!”

Seeing Long Yu within the snake’s head, Elder Fire and the rest of the group of generals were all enraged.

Especially Fire Elder, he had originally thought that Lin Ran was just too sensitive, but only now did he realise that the Long family was actually really traitors.

“Haha! Fire Elder, good day! Tricking the three of you into coming in was quite a hassle!”

Long Yu laughed coldly.

Fire Elder was furious and looked at Long Yu with his fists clenched and killing intent in his eyes.

“Don’t get excited! Lord Alien Demon has said that the good show has just begun! My Dragon Family has been hiding for too long!”

“So long that you Mystic Alliance have forgotten that my Long Family has fangs too! Today I will take Lin Ran first!”

As Long Yu said this, the black snake’s entire body burst with black Qi, actually repairing the breakage instantly.

And then with a swing of the snake's body, it actually lunged towards Lin Ran again to kill him.

Chapter 1526

"Long Yu!"

Inside the formation, Fire Elder looked with a blue face, he so did not expect this situation to end up like this.

The countless generals behind him were even looking at it with their teeth bared.

They were all extremely regretful in their hearts at this moment, why did they refuse to trust Lin Ran in the first place, why?

Just because Lin Ran had walked out of the Fey Demon Realm alive, just because he hadn't died at the hands of the Fey Demons, so they doubted Lin Ran.

Even when Lin Ran told them that the Long Family and Yue Family were traitors, they still didn't believe him.

But what about now?

"That's jealousy!"

Elder Fire couldn't help but sigh.

The reality in front of them had slapped them hard.

They had decided that Lin Ran was a traitor just because they didn't believe that he could come out of the Fey Demon Realm alive.

It was also because of this that when Lin Ran told them that the Long and Yue families were the traitors, they didn't even believe him.

It was no longer meaningful to say any more, and they were the ones who had created the situation that existed today.

"Alright! Things are like this, it's useless to regret, the most important thing right now is to make sure to protect everyone's safety!"

Elder Li said from the side.

Fire Elder nodded and didn't say anything more.

Indeed, the most important thing at the moment was to protect the safety of the army, if they let this traitor of the Long Family wipe out the entire army, then the three of them could just bang their heads against the wall and commit suicide as well.

Outside the Needle Law, Lin Ran naturally did not know what they were thinking at this moment, he was just bent on saving the crowd.

Hundreds of thousands of troops, if they all died here, even Lin Ran would have to be moved.

The path of blood was closed and they had no way back.

But this was good, at least Song Nuan and the girls were safe, and Lin Ran could fight here without fear.

“Lin Ran! Take your life!”

The giant black snake swung its huge tail and flung itself towards Lin Ran.

With its identity revealed at this point, the black snake was even more brutal under Long Yu’s control.

“Traitor!”

Lin Ran held the Condensing Frost Sword in his hand and looked at the huge black snake in front of him with icy coldness in his eyes.

Immediately, he saw his palm shake violently, and at once, “whoosh, whoosh, whoosh” several seven-coloured sword rays instantly flew out, heading straight for the incoming snake’s tail.

The huge snake’s tail twisted wildly, carrying an earth-shattering aura straight towards Lin Ran.

“Bang! Bang Bang!”

The seven-coloured sword mane instantly collided with the snake’s tail.

The terrifying sword mane cut several to huge wounds into the snake’s tail in an instant.

However, the wounds on the snake’s tail were filled with black Qi, and in the blink of an eye, it actually repaired itself.

“Eh?”

Seeing this scene, Fang Tang could not help but frown slightly, his heart sinking.

“Kid! Why are you so stupid?”

Suddenly, the pillow’s voice rang out.

“How?”

Lin Ran’s face was heavy as he blocked towards the charging snake tail while asking rhetorically.

“Bang!”

There was a collision, and Lin Ran was instantly jerked backwards by the snake’s tail.

But fortunately, he was strong enough that he wasn’t injured even though he was jerked backwards.

“Are you stupid! This big snake is a formation, it’s useless even if you break it apart, you have to destroy his hub!”

The pillow said.

“You’ve said it’s a formation, how do you know where his hub is without going inside it!”

Lin Ran said helplessly.

In the past, there were only two ways for him to break the formation.

One, was to go deep inside the formation, find out the core of the formation according to the flow pattern of the formation, and break it open.

The second way was to use his strength to break the formation, which could be done both inside and outside the formation.

The key was that Lin Ran's attack could not break through the formation, which was a peace formation formed by Long Yu and the rest of the Dragon family.

If he wanted to break this kind of formation, he could not do so unless Lin Ran exerted his full strength, which was half a step to the Extreme Realm.

Otherwise, it was simply impossible to do so by using force to break the spell.

But half-step Extreme Realm would directly trigger the foreign demons to strike, causing the duel to come early.

So he did not dare to reveal his full strength.

"Are you kid stupid, this guy Long Yu is already stupid enough, getting a snake like this out, how are you better than him Hai Chun, I ask you what is this thing?"

Pillow Book asked, pointing at the giant black snake in front of him.

"A snake!"

Lin Ran said awkwardly, isn't that something that everyone knows!

"Nonsense, you know it's a snake and you don't know how to fight it?"

The pillow said breathlessly.

Lin Ran smiled and was stunned, snake that is not hitting the seven inches?

At this moment, the feeling of clarity and enlightenment dawned in Lin Ran's fishing gull!

"I know!"

A trace of surprise flashed in his eyes, and immediately Lin Ran rushed towards that big black snake.

That's right, hitting a snake was precisely hitting the seventh inch, and Long Yu was indeed stupid enough.

Although this big black snake was very powerful and could even fight with himself, but making it a snake wasn't that clearly telling others that the weakness of my formation was in the seven inches?

"Stupid!"

Looking at the huge snake tail that came slapping again, Lin Ran couldn't help but laugh, and then his body flashed to narrowly dodge the snake tail,? rushed towards the spot right under the snake's head.

"Hm?"

The Fire Elder and the others within the formation were all stunned at the sight of this, and when they saw that Lin Ran did not fight the black hard, but chose to attack the upper part instead, their hearts all trembled and whirled.

The three of them were incredibly strong, but they had forgotten about this before because of the discovery that the Long family was a traitor and the appalling nature of this black snake.

At this moment, when they saw Lin Ran's actions, they couldn't help but feel joy in their hearts.

"This kid is not in a state of turmoil in the face of danger and can still remember that the snake hit the seventh inch, this heart is frank in the end!"

Fire Elder couldn't help but praise.

"Yo! That's really rare, you're actually praising Lin Ran!"

Old Li at the side couldn't help but laugh at the situation.

Old Fire was a little embarrassed and said busily.

"Alright, don't be sarcastic, I know I was a little biased against Lin Ran before, but Long Yu's mutiny has made me see things clearly!"

"It's not too late to see clearly!"

Old Li laughed.

But at this moment, Lin Ran, holding the Condensing Frost Sword, had already killed the snake's head.

And within the black snake's formation.

Long Hai was sitting in his position with a smug look on his face.

This great black formation of theirs had been bestowed by Lord Fey Demon, and the great formation required a total of ten experts and several hundred members of the Dragon Family to perform it together.

The entire formation was incomparably powerful, which was why they were able to fight with Lin Ran.

The position where Long Yu was located was the core hub of the entire formation, as he was the strongest in the entire Long family.

It was also because Long Yu had purposely arranged for him to be in this position.

"Bang!"

Suddenly, there was a violent trembling where Long Hai was, which immediately scared Long Hai.

"What's going on?"

Long Hai was busy asking when he saw this.

The seven-inch spot he was at was not the place to attack, so it should not have been such a big movement according to reason.

“It’s not good! That kid Lin Ran seems to have discovered the pivot of the formation, and instead of fighting hard against the snake’s tail, he’s focusing on the slight wrinkle in the seven inches!”

Long Yu said busily.

“Huh?”

Long Hai was stunned at his words and immediately slapped his head.

“Stupid! We’re in a snake formation, the big snake strikes the seventh inch, how did we forget about this!”

“Me!”

Long Yu was also shocked at his words.

They had only been happy before because this great formation was bestowed by the foreign devil, and only then did they notice this problem.

“Don’t worry, Elder Long, I will try to protect this position of yours!”

Long Yu said busily.

“Mm!”

Long Hai nodded at his words, this was all he could do at this moment.

Chapter 1527

“Bang!”

Then just as Long Yu’s words fell, there was another earth-shattering bang from outside.

Frightened, Long Yu’s face changed greatly, not daring to stay any longer and hurried back to continue manipulating the snake head.

“Lin Ran! You seek death!”

Seeing Lin Ran continuously blasting the seven inches of the formation’s snake formation, Long Yu’s face turned blue with anger and immediately manipulated the snake head to lunge at Lin Ran and kill him.

“What? Getting anxious?”

Lin Ran smiled when he saw this, and immediately evaded the snake head’s attack with a flash of his body.

“Seeking death!”

Long Yu was furious, and with a swing of his snake head, he smashed at Lin Ran.

“You’re shouting quite a loud slogan, so why don’t you kill me!”

Lin Ran laughed disdainfully, and immediately dodged the snake head’s attack with a flash of his body.

Although this black snake was uncommonly powerful, it was after all a great formation controlled by the crowd, and although Long Yu occupied the control position, a great formation was after all a great formation, and in front of Lin Ran's speed, it appeared somewhat inadequate.

"Lin Ran! Is that all you can do, is hide?"

Long Yu looked with a blue face and said angrily.

"Dodge? What? I can't even dodge? Do you blame me for your slow speed?"

Lin Ran said with a cold look in his eyes, and then with a shake of the Frost Condensation Sword in his hand, the heavenly ice crystal lotus bloomed and lunged towards the snake head.

"Bastard!"

Seeing this, Long Yu's heart chilled, and he was busy manipulating the snake's head to spit out a flaming flame in an attempt to melt the ice crystal lotus.

But while he was tired of dealing with the ice crystal lotus, Lin Ran was already wielding his Frost Condensation Sword to kill the black snake again at the seventh inch.

"Bang, bang, bang, bang!"

Three swords were opened up in a row, hitting the entire black and shaking, and Long Hai, who was located in the hub, was so desolate that he almost didn't vomit.

"Long Yu!"

Long Hai was so angry that he was busy shouting.

Long Yu saw the situation and knew that the seven inches were lost again,? Whirling around, he manipulated the snake's tail and flung it at Lin Ran.

"Hm?"

Lin Ran saw his body flash and directly dodged the snake's tail.

However, Long Yu was controlling the head and tail of the snake all by himself and was a little overwhelmed at this point.

Seeing that Lin Ran had dodged his compliments, he turned the snake's head and bit towards him.

But before the snake's head could touch Lin Ran, the snake's tail came crashing down.

In an instant, a "bang" was heard, and the snake's tail and head instantly collided with each other.

"Rumble!"

The huge black colour flipped and smashed directly into the ground, sending up a cloud of smoke and dust.

"Bastard!"

Long Yu was so angry that his eyes slanted outside of his mouth and manipulated the huge black to lash out violently, bouncing off the ground again.

Lin Ran repeated the same trick, directly scattering the roiling ice crystal lotus flowers and drifting them towards the snake head.

“Abominable abominable!”

Seeing this, Long Yu did not dare to tangle with these ice crystal lotus flowers, and did not care about the snake head, manipulating the snake’s tail to just fling Lin Ran.

However, a smug smile appeared at the corner of Lin Ran’s mouth when he saw this.

He then dodged the snake’s tail and went for the seven inches below the snake’s head.

When Long Yu saw this, he just wanted to manipulate the snake’s head to dodge away, but at this moment he realised that the entire snake’s head had been frozen by the ice crystal lotus.

“Cao!”

Seeing this scene, Long Yu couldn’t help but directly explode into foul language.

The next moment even he himself closed his eyes.

As expected, the next moment, he only heard “Bang Bang Bang Bang!”

A series of muffled sounds appeared, followed by the entire body of the snake trembling and hitting the ground with a heavy thud.

Seven inches below the snake’s head, the originally shimmering black scales had become a bloody blur, and in some places, they were even pierced by Lin Ran, revealing the Dragon family member inside.

“Long Yu!”

Inside the hole, Long Hai poked his head out with a face full of blood and a furious voice.

“Elder!”

Long Yu saw this and knew that Long Hai was injured, but it was too late to say anything at this point, and he, Long Yu, had done his best.

“Long Hai? Die!”

Seeing Long Hai at the core, a cold aura flashed in Lin Ran’s eyes, and his palm instantly thrust the Condensing Frost Sword right towards Long Hai.

“Bastard!”

When Long Hai saw this, he didn’t dare to be slow, and with a wave of his palm, the air around him filled the air, actually forming a series of waves towards Lin Ran.

This was exactly his masterpiece, the Plunging Wave, except that it had been broken by Lin Ran last time.

“This move again, you’re still very unmotivated!”

There was a cold smile in Lin Ran’s eyes, and with a shake of his Frost Condensation Sword, countless ice crystal lotus flowers immediately filled the air, freezing the wave directly.

The next moment, the Frost Condensation Sword in his hand pierced through the ice crystal sea wave with a thud.

“Poof!”

With a muffled sound, the Frost Condensation Sword that broke through the waves gave a lurch, and as the waves completely dissipated Lin Ran then saw that his Frost Condensation Sword had actually stabbed at a member of the Dragon Family.

That man was also an old man, but his strength was not as high as Long Hai’s, and he had just been caught by Long Hai to become his shield.

“Long Hai you!”

The other Long family members around them were all startled at the sight, and their faces were even more surprisingly ugly.

“Killing all your own people,? You’re still quite vicious enough!”

Lin Ran pulled out his Frost Condensation Sword and swung it towards Long Hai once more.

Long Hai was busy reaching out to grab someone to defend himself, but only when he turned his head did he realise that the Long family members around him were already far away.

“Bastard!”

Long Hai’s face turned red with anger and he could only raise his own hand to block towards Lin Ran.

It was a pity that his strength was no match for Lin Ran.

The two only faced each other once, and in an instant the Frost Condensation Sword slashed directly across Long Hai’s neck, blood flew across Long Hai’s body and he perished instantly.

“Good kill!”

Wang Yifeng in the distant formation clapped his hands and shouted when he saw this scene.

The other generals also clapped their hands and shouted at the sight.

As for the three Fire Elders, they naturally had joy in their eyes at this moment.

But Lin Ran, after killing Long Hai, did not stop, and with a shake of the Frost Condensation Sword in his hand, he slashed towards the place where Long Hai had been before.

He wasn’t in the habit of whipping corpses, what he wanted to do was to destroy the entire Black War.

“Lin Ran stop!”

Long Yu was so anxious that he even turned blue when he saw this, but he didn't dare to go forward easily, Lin Ran's monstrous strength had killed Long Hai in one shot.

Previously, with the help of the black formation, he had dared to shout at Lin Ran, but at this moment, once Long Hai, who was at the centre of the formation, had died, the entire formation was useless and had no use at all.

Unless they could find someone to replace Long Hai, but even if they did, what would they be able to do, as Lin Ran was guarding the seven inches, they would not be able to get through.

"Bang Bang Bang!"

Three swords were swung out in quick succession, and instantly the entire hub of the Black Snake Grand Formation was instantly split into a tan of ruins by Lin Ran.

All sorts of formation flags hubs and other things were all destroyed.

Seeing this scene, Long Yu's heart completely went cold.

"Here's your chance!"

Seeing this, Elder Fire directly ripped off the grand formation together with Elder Li, while giving an order.

"Kill the traitor of the Long Family for me!"

The group of generals had already held their stomachs full of anger, and at this moment, they all copied their weapons and pounced towards the Long family.

"What about the clan chief!"

Without the Great Formation, how could they be a match for the entire Mysterious Alliance with such a small number of people?

Long Yu turned his head and looked at the large group of people from the Mysterious Alliance behind him, his heart was also completely cold.

He fiercely took out a jade slip and followed it with an angry voice.

"Go back to Snake City!"

The words fell, and in an instant he crushed the jade slip to go.

Chapter 1528

"Go!"

As the jade slip broke, Long Yu directly greeted the crowd and ran towards Snake City.

"They're running! Quickly chase!"

The army that was killing behind them shouted out one by one when they saw this.

Lin Ran, who was already very close to them, saw this and with a shake of his longsword in his hand, he went towards the Long family and killed them.

At this point, they had already torn their faces apart, and everyone had seen that the Long family were traitors, so Lin Ran naturally would not show any mercy.

However, the seven-coloured sword manoeuvre slashed across, and just as it was about to strike the Long family, the gate of the Serpent City not far away was opened.

Not far away, the gates of Snake City burst open with a loud bang, and hundreds of soldiers in black armour rushed out.

They were followed by a large group of soldiers.

Only the dress code of these soldiers was obviously more normal.

“Bang bang bang!”

The hundreds of black-armored generals in the lead were extremely fast and instantly rushed to the sword mane, one by one raising the large swords in their hands and blocking towards the sword mane.

Although many of the black armored generals were tipped over to the ground, none of them died, only leaving a deep mark on their armour.

“Hm?”

Lin Ran frowned slightly when he saw this.

It was only at this moment that he realised that the people following those armoured generals were, in fact, from the Dragon and Yue Clans!

“Sure enough, they’re traitors! The Yue Family are traitors too!”

“That’s right! I was really wrong about them before!”

“It’s not just a misjudgement, it’s simply blindness... General Fire Halberd trusted Long Yu so much before!”

“Isn’t that so!”

The crowd was chattering.

And at this time, Fire Halberd, who was hiding in the crowd, also had a hard look on his face.

Only he didn’t say a word as he looked coldly at the situation in front of him.

“Lin Ran! Do you really think that by breaking the Great Black Formation, you have won? I’m telling you that the great battle has just begun!”

Long Yu had by now returned to Snake City and was standing on the city walls with frenzy in his eyes.

“I can destroy the Great Black Formation, and I can kill these men and horses of yours just as well!”

Lin Ran said in a cold voice.

“O? Is that so?”

Long Yu smiled at his words but laughed.

“My Long Family has been hiding for so many years for today, so you can have a good taste of the power of this Demon Blood Death Servant of mine!”

“Go!”

Long Yu said in a cold voice, ? As he gave the order, immediately several hundred black-armored warriors in front of him lunged towards Lin Ran’s side.

Lin Ran saw that only about ten of the several hundred black-armored warriors charged towards himself, while the rest were actually all heading towards Elder Fire and Elder Wind’s group.

The three Wind Elders could not fight, so they could only stand far back at this point, their eyes burning as they watched the situation of the battle ahead.

Seeing this, Lin Ran didn’t hesitate and pounced towards the ten black-armored warriors.

“Bang, bang, bang!”

The Frost Condensation Sword in his hand waved, immediately toppling those black-armored generals to the ground wherever it passed.

However, it was as if these men were specially prepared for Lin Ran, their armour was exceptionally strong and Lin Ran’s sword technique was so good that only a deep mark could be left on the armour with each strike.

It was impossible to kill them at all.

These men, even their faces were protected by the armour, and Lin Ran could only see their bare eyes without the slightest expression.

It was as if they were walking corpses that didn’t know pain.

“There’s something wrong with these people!”

Lin Ran’s face was grim as he saw this, and immediately a strand of flowing light only on the Dao Seed of the Medical Dao within his body quickly surged out and attached itself to the Frost Condensation Sword.

He couldn’t directly exert his half-step Extreme Realm strength, but that didn’t mean that he didn’t need to at all.

The Frost Condensation Sword was already a thousand times more versatile, and at this point, a hint of the Medical Dao was secretly added, and no one could dictate.

The medical dao was already a restraint on demon blood, and since Long Yu had said earlier that these were demon-blooded death squads, nine out of ten of them were probably cultivated with demon blood, Lin Ran wanted to try out his medical dao dao qi to see if it would be of any use.

Healing Dao True Qi quickly covered the Frost Condensation Sword, and Lin Ran raised his hand and struck it horizontally.

“Bang Bang!”

The sword blade collided with the enemy’s body, and there was indeed another series of metal clashing sounds.

Only this time, the power of the Condensing Frost Sword had clearly increased, and the sword slashed out and actually split the chests of those black-armored generals straight through.

“Eh?”

Long Yu on the distant city wall was always paying attention to Lin Ran’s side, and his face instantly changed when he saw this scene.

“That bastard!”

Long Yu shouted as he gritted his teeth and rushed below.

“Don’t delay, go and kill as many people as you can!”

“Yes!”

Hundreds of other black-armored generals busily responded, and then they went towards the crowd of the Mysterious Alliance and killed them.

The armour of these black-armored generals was so hard that even Lin Ran was only able to break through their defences after mobilising the Qi of the Healing Dao Seed, not to mention the other generals at this point.

Although there were many people on the Mysterious Alliance’s side, in the moment of the exchange of blows, apart from Lin Ran, there was no one who could help these black-armored generals.

“Die!”

Lin Ran’s eyes flashed with a cold aura, and in an instant, the Frost Condensation Sword slashed directly across the head of one of the black-armored generals, and the man’s head was instantly thrown out.

The entire man fell to the ground and twisted madly, and even Lin Ran saw that at the wound on his neck, there were clearly still traces of this seemingly burned wound, and wisps of blue smoke were rising.

“It really is demon blood!”

Seeing this scene, Lin frowned slightly.

These black-armored generals were very similar to the Heavenly City Guards that Long Mo had cultivated before, both of them had been transformed with devil blood.

Only those Heavenly City Guards cultivated by Long Mo were obviously not as deep as these Black Armored Generals of the Long Family, the Heavenly City Guards at least had the consciousness to think on their own, but this Black Armored General had obviously become a machine that only knew how to kill.

“Roll!”

Lin Ran pondered as he slashed a black-armored general charging in front of him to the ground.

This black-armored general's armour was so hard that Lin Ran would need at least three or four swords to kill them, not to mention the others around him at this point.

"Poof!"

Lin Ran thrust his longsword downwards in his hand, directly killing the black-armored general who had previously slashed to the ground, while turning his head to look.

As expected, as soon as the hundreds of other black-armored generals rushed into the crowd, they were like wolves entering a flock of sheep, cutting down unbeatable people everywhere.

Although Fire Halberd Qibao and Feng Linglong and Wu Lian had already met them, they could only hold two black-armored generals each, while the rest were killing like mad.

"Those dealing with the black-armored generals quickly form up! Just entangle!"

Lin Ran saw this and his divine sense fiercely dispersed as he shouted aloud.

"Form a formation! Form a formation!"

"Quickly form a formation!"

The generals didn't dare to be slow, and one by one, they quickly formed a small formation to ward off these black-armored generals.

While facing the Yue Family and the Dragon Family, they continued to kill.

Lin Ran knew very well in his heart that although the black-armored generals were fierce, there were only a few hundred of them after all, and the Mysterious Alliance still had hundreds of thousands of troops so far, so as long as they formed a formation to deal with them carefully they could definitely hold them back, and when the time came, as long as they quickly took care of these people themselves, the rest of the people from the Dragon and Yue Clans would not be enough to fear at all.

"Roll!"

From afar came Yu Chang's angry roar.

Lin Ran turned his head to look, only to see Yu Chang blocking a full dozen black-armored generals by himself, he was a puppet body and was not afraid of these black-armored generals' attacks at all.

He saw him grab one of the black-armored generals in his hand, and then lashed out.

With a sudden "click", the black-armored general was ripped in half by him.

Chapter 1529

"Bastard!"

When Long Yu on the city wall saw this scene, he was so angry that his face turned blue.

One Lin Ran was not enough, but now there was another Yu Chang, and this guy's speed of solving the black-armored generals was not even much slower than Lin Ran, which was something Long Yu had never thought of before.

"Patriarch, what should we do? We'll lose sooner or later if we continue like this!"

One of the elders from the Dragon Family next to him was busy coming forward and said.

"I have fucking eyes, I don't need you to remind me!"

Long Yu was so angry that he said angrily.

It had only been a mere ten minutes since the great battle had begun.

However, his own army of black-armored generals had been effectively held back by the Mysterious Alliance so far.

At first, the black-armored generals had caught the Mysterious Alliance off guard with their powerful defences, but as Lin Ran and Yu Chang broke out and the other generals began to form up, the black-armored generals were unable to break through the other side's defences for a while.

"Good! Good!"

The three Fire Elders at the back had joy in their eyes when they saw this.

"Back then, when Lin Ran was in the Heavenly Wolf Domain, he used formations to deal with the Dao soldier armour deployed by the Wolf King, I never thought that after so many years, the formations that our generals had practiced so hard would finally have a use!"

Elder Fire said excitedly.

"Yes!"

Elder Li, who was on the side, also nodded his head.

Before the Mysterious Alliance, before Lin Ran, although there were formations used in the battle between the two armies, they were all large formations that were used.

It was only after Lin Ran's arrival that he began to have his generals cultivate combined attack formations, allowing the large formations to turn into smaller formations, enhancing the ability to fight alone.

All these years had passed, and the Mystic Alliance had been pushing for some kind of combined attack formation, and it was unexpected that it would now be surprisingly effective against the Dragon Family's Demon Blooded Death Servants.

"But we can't be careless, even though the Dragon Family and Yue Family are united, they are only two families after all, they dare to call the shots with our Mysterious Alliance, I'm afraid they have other cards!"

Elder Feng said from the side.

"Hm!"

Old Man Fire and Old Man Li both nodded their heads.

But at this moment, Lin Ran, the ten black-armored generals who had originally trapped him had all been resolved after another sword swing from Lin Ran.

Next to him, Yu Chang was not slow at all.

Of the twenty or so black-armored generals surrounding him, only about ten were left dead by now.

Lin Ran smiled lightly and immediately copied the Condensing Frost Sword and ran straight for the Fire One Sword.

The battlefield where the battle was taking place could be divided into four pieces.

They were the South City generals led by Fire Sword, like Wang Yifeng Yu Chang and others.

The other three in turn were where Fire Halberd Qibao and Feng Linglong and Martial Fool were.

The only thing is that Wind Linglong and Fire Sword were very close to each other, so they were merged together in the battle.

All that was left was the Fire Halberd, Qibao and Wuzi, each leading their own team to fight the enemy.

Fire One Sword was the closest to Lin Ran and thought that his and Feng Linglong's group were being mixed up in the battle, so at this moment suffered the greatest impact from the black-armored generals, and Lin Ran ran straight for it as soon as he got out of the way.

“Bang Bang Bang!”

Ice crystals blossomed in his hand from the Frost Condensation Sword, quickly freezing a besieged black-armored general in front of him, followed by three seven-coloured sword maces that instantly fell.

Blood flew across the ground as the black-armored general's figure fell to the ground with a loud bang.

Lin Ran didn't stop and headed straight for the next besieged black-armored general.

In just a few minutes' time, the black-armored generals on the ground where Fire One Sword and Feng Linglong were fighting were cleared out.

As Lin Ran rushed towards one of the black-armored generals, he turned his head to look at Yu Chang.

He found that Yu Chang had already finished off his previous enemies and had now rushed into the battlefield where Wu Lian was, helping him to clear the black-armored generals.

Under the power of the two of them, the battle that was still searing changed instantly, and the balance of victory tipped towards the Mysterious Alliance.

It was clear that for every black-armored general that was eliminated, dozens more would be freed to fight the Dragon and Yue Clans.

This put the Dragon and Yue Clans, who were already outnumbered, under increasing pressure.

The two sides went back and forth, and signs of victory and defeat soon sprang up.

“Clan Chief can’t wait any longer! If we wait any longer we’ll really lose!”

On the walls of Snake City, the Dragon Clan Elder urged anxiously.

Long Yu clenched his fists and smashed them heavily on the city wall in front of him, with madness in his eyes.

“All right! I got it!”

With that, Long Yu flipped his palm, and a red light instantly shot up into the sky, while at the same time he chided aloud.

“Don’t do anything yet!”

This rebuke came inexplicably.

Lin Ran had finished off the last of the black-armored generals at the place where the Fire One Sword was engaged, and at the same time he heard Long Yu’s angry roar.

His heart sank, knowing that something was about to happen, and he turned his head to look.

As expected, as soon as he turned his head, he saw that the area that had been holding off the black-armored generals had instantly turned upside down.

Countless generals, together with the black-armored generals, were actually heading towards the battlefield where Qibla was.

“What are you doing!”

“Hey! We are comrades in arms!”

“You!”

“You bastard! You’re a traitor too!”

There were shrill cries of anger and misery from all over Gilbert’s troops.

The men turned their heads to see that their troops were surrounded.

When he looked again, he saw that it was the Fire Halberd’s group that had surrounded him.

“Death!”

With a roar of rage, a cold mane stabbed towards Gilbert’s back in a panic.

“Be careful, Qibla!”

Lin Ran saw this and rushed over.

However, he was too far away and could only speak up to warn.

Feeling the wind at his back, Qibat dodged sideways, but the cold mane slashed against his back.

The flesh split open and blood flew everywhere, and a long gash was opened on Qibla’s back.

“Holy shit!”

Yu Chang, who was helping Wu Lian deal with the black-armored general from afar, saw this and became furious, and was about to rush over.

“Don’t come over! Quickly deal with the dark generals!”

Lin Ran said angrily, and by now he had already rushed to where Qibao was.

“Good!”

Yu Chang gritted his teeth without further ado and continued to help Wu Lian deal with the dark-armored generals in his war zone.

“You guys go over and help!”

Seeing this, Fire One Sword spoke up and shouted.

“You guys go too!”

Feng Linglong also spoke up.

At once there were these two men and horses rushing towards where Qibao was.

The sudden sneak attack by the Fire Halberd had taken a huge toll on Qibatsu, and in just a few moments, Qibatsu had lost a full 30% of his men, and the losses were still continuing.

“You’re so quick! But you’re still going to die!”

With a fierce aura in his eyes, the spear in his hand shook with a cold aura and went straight for Qibat.

He was just about to raise his hand to strike back when he suddenly found that his true qi had been blocked!

As soon as he mobilised his true qi, his whole body became unbearably painful, causing him to fall to the ground and roll over in pain.

Seeing that Fire Halberd’s lance was about to kill him, suddenly a furious voice rang out at that moment, followed by a long sword that instantly picked Fire Halberd’s lance out of the air.

“Roll!”

Lin Ran instantly appeared next to Qibatsu and raised his hand to slap Qibatsu on the back, a strand of Medical Dao True Qi was quickly sent into Qibatsu’s body.

“Hold your breath and concentrate, it will only take ten minutes to recover!”

Lin Ran said busily, while copying his long sword and heading straight for the fire halberd.

Chapter 1530

“Lin Ran! It’s you again!”

The Fire Halberd steadied itself at this moment and saw Lin Ran with anger in his eyes.

“I should have thought that you were a traitor just like Long Yu!”

Lin Ran looked at Fire Halberd, his eyes cold.

“Traitor? What is a traitor? You are willing to follow the Mysterious Alliance at your own peril, but I, Fire Halberd, do not want to die!”

Fire Halberd said angrily!

“Fire Halberd!”

When the Fire Elder saw this scene from afar, his face was so angry that it was about to explode, Fire Halberd was a member of his Fire Family, although he did not have the bloodline of the Fire Family, but he was raised by the Fire Family. Who knew that now he had actually rebelled against the Mysterious Alliance as well.

“What the hell are you screaming about! Old man Fire, I’ve had enough of you and your Fire Family for a long fucking time!”

The fire halberd looked at the fire old man with anger in his eyes.

“It was the Fire Family that gave you a life, you eaten-up piece of shit!”

Fire Elder was furious.

“Eating inside out? Haha!”

The fire halberd laughed.

“You’re really saying it quite like that? Your Fire Family is really nice!”

Fire Halberd laughed coldly, and then pointed a distant finger at Fire Yijian to the side.

“He and I are both from the Fire family, but is it the same?”

“Growing up, he was the young master! He never lacked cultivation resources and never did the heavy work around the house! What about me, Fire Halberd?”

“From the time I was a servant in your Fire Family, I suffered all the hardships from your Fire Family!”

“You bullshit!”

Fire Elder said angrily.

“Even if some people in the Fire Family treated you badly at first, it was the Fire Family that gave you life after all! If not for the old man saving you, you would have died long ago!”

“Dead? Oh! It’s good to be dead! Did I, the Fire Halberd, let you save me? Do I have to be a slave to your Fire Family forever just because I have been given the Fire Surname by you?”

“If I had known that this was the day, I, Fire Halberd, would have preferred to die back then!”

There was ice in Fire Halberd’s eyes.

“We’re not interested in knowing about your feud with the Fire Family, but you betrayed the entire alliance!”

Lin Ran looked at Fire Halberd and said in a cold voice.

“Alliance? That’s his Fire Family’s alliance, not mine! All I know, Fire Halberd, is that whoever can give me glory and wealth, whoever can give me endless power and majesty! I will work with whoever I can!”

When he said that, the Fire Halberd’s palm flipped over and several black beads actually appeared out of thin air.

“There is no point in talking more, suffer death!”

After saying that, Fire Halberd directly flung the beads in his hand towards the surroundings.

“Get down!”

Lin Ran shouted when he saw this.

When the soldiers heard this, they tried to get down, but it was too late.

“Bang, bang, bang!”

A series of explosions rang out violently, sending a large number of soldiers tumbling out, wailing and screaming.

“Trying to get away!”

Lin Ran waved his hand to disperse the smoke and dust that filled the surroundings, and immediately saw that the Fire Halberd was rushing towards the direction of Snake City.

At once, he shook his Condensing Frost Sword in his hand and killed it towards the Fire Halberd.

“Don’t open the city gates yet!”

Fire Halberd said angrily as he rushed towards Snake City.

Long Yu on the city wall looked at Fire Halberd with slightly narrowed eyes hesitated to give the order.

“Clan Chief?”

The Dragon Clan elders next to him were puzzled at the sight.

“He will die if we don’t open the gates!”

Looking behind them, they did not think that Fire Halberd was a match for Lin Ran.

Long Yu’s face was ugly as he spoke.

“Don’t open the gates! He dies!”

“Open the gates! We’ll all die together!”

“Do you still want to open it?”

Long Yu said and turned his head to look at this elder.

The elder's whole body trembled and he was busy turning his head to look.

Sure enough, only to see that those generals who had defected along with Fire Halberd had died and been captured, and at this moment, Fire Halberd was actually the only one who had rushed out.

"This guy has just noticed that his own men are no longer able to make it!"

"That's why he's rushing towards us!"

"If we open the city gates at this point, once Lin Ran kills his way in, we will all die!"

Long Yu said in a cold voice.

"But!"

The elders still wanted to say something, but Long Yu said in a cold voice.

"There's nothing but! I originally thought that activating the fire halberd would enable the black-armored death-servant to kill a lot, but who knew that he would be so useless!"

The elder did not dare to say more at that, and could only retreat to the side.

"Long Yu! You open the door!"

The fire halberd had already reached the city gate by now, but looking at Long Yu on the city wall, he didn't even have the slightest intention to open the door.

"You're on your own! Even the family dares to betray, my Long family can't tolerate you!"

Long Yu said blandly.

"Long Yu you!"

Fire Halberd was so angry that his face turned blue and his heart had already gone half cold.

"Die!"

At the back, Lin Ran had already killed by now.

Three sword maces with unmatched power instantly reached him.

"Lin Ran has something to say!"

The fire halberd hurriedly dodged, yet the sharp sword mane trended to instantly chop off one of his arms flush.

"Lin Ran! Spare me! I'm wrong! I won't rebel!"

Fire Halberd covered his wound and shouted busily, at this moment he truly felt what death meant, he felt like he was so close to death for the first time.

"No more mutiny? What do you take us for?"

Lin Ran's eyes were icy cold, the condensed frost sword in his hand had been raised again.

"Lin Ran I really know I'm wrong, a great enemy is at hand you might as well let me redeem myself by killing me!"

The fire halberd was busy shouting, however, Lin Ran was simply ignoring him.

"Lin Ran! Think about it, I'm already like this, I'm no longer a threat to you!"

When he saw that Lin Ran was not paying any attention to him, he panicked and turned his head to the side of the Fire Elder and knelt down with a thud.

"Fire Elder! I was raised by you, please save me!"

"There is no child who does not make mistakes, please forgive me!"

Firebolt's eyes were filled with pleading!

Fire Elder heard this but said in a cold voice.

"All children make mistakes, but even if you were my own son, you would still have to die if you defected at this time!"

"You!"

When Fire Halberd saw that Fire Elder wasn't even helping himself at this point, he was completely flustered!

"You guys! All of you must die!"

There was anger in Fire Halberd's eyes, and then his entire body actually glowed brightly as he charged towards the Mysterious Alliance.

"Self-destruct?"

The crowd's faces sank as they saw this, although Fire Halberd was not as strong as Lin Ran, he was probably one of the best in this area to sit in the general's position.

If he was allowed to blow himself up in the crowd, the consequences would be no less than the tragic loss he had brought about when he had just fallen back.

"Unrepentant! Irredeemable! Lin Ran killed him!"

There was fury in Elder Fire's eyes, if he hadn't been afraid of setting off the final showdown, he would have personally killed this traitor by now!

Lin Ran did not say anything, but there was a sharpness in his eyes.

In the next moment, the sky was filled with ice crystal lotus flowers, instantly encasing the fire halberd and freezing it in three layers.

Lin Ran then slashed out with his sword, sending the entire Fire Halberd straight up into mid-air only.

"Bang!"

An explosion sounded, the ice crystals were instantly blown to pieces, and a terrifying force exploded in mid-air, shaking the very space.

Fire halberd! Dead!

“This is what happens to traitors!”

The Fire Elder swept his gaze over the crowd and finally landed on those men who had defected along with the Fire Halberd.

After staring at them for a long time, Elder Fire finally spoke up.

“Traitors, kill without pardon!”

“Yes!”

The surrounding generals had already held their anger for a long time, how could they endure the poisoning of their comrades?

At this moment, when they heard Fire Elder’s order, they immediately took action.

Lin Ran looked at the scene and wanted to say something, but seeing the anger on the faces of those generals, he still didn’t say anything.

He knew that these people needed to vent their anger, and not all faults could be forgiven!

At this moment, choosing to be a traitor would end in death! There is only one way to die!
