

Doctor

Chapter 1531

Long Yu and a group of other people stood on the city wall, quietly watching the clearing of the surrender below.

A moment later, Long Yu spoke.

“Activate the formation!”

“Yes!”

The elders beside him were busy nodding and responding, at this moment they all noticed that ? The people who had rebelled along with the Fire Halberd had all been finished being purged by the Mysterious Alliance.

At this moment, everyone was like a clear mirror in their hearts, after cleaning up these traitors, then it would be their Dragon Family’s turn next.

“Long Yu! Or else we’d better!”

Suddenly, Yue Rulong, the mass of people in the back of the crowd, suddenly popped up and said.

“Or what?”

Long Yu turned his head and gave him a bland look, his gaze icy cold.

“We .....

Yue Rulong stammered, but finally said with a grit of his teeth.

“Or else we’d better run, I’m afraid this Snake City won’t be able to stop Lin Ran and the others at all!”

“Run? Where to run? There’s a flat river behind us, where are you going to run?”

Long Yu said in a cold voice.

He also wanted to run, but where else could he run? The place where Snake City was located was a flat river, and the only way to leave Snake City was to go straight ahead in the direction of the Blood Road, and at this moment, Lin Ran and the Mysterious Alliance were in that direction.

Where else could they run?

“The foreign devil that way just doesn’t care about us!”

Yue Ru Long said angrily.

“Lord Iso-Devil naturally has his plans!”

Long Yu said icily.

“Bullshit! If we plan, we will really be finished!”

Yue Ru Long said angrily.

“If I had known it would be like this, our Yue family shouldn’t have ..... back then.”

“Say it again!”

Before Yue Rulong could finish his words, he was directly choked by Long Yu, and his entire body was directly hung up.

“You! Let go of me!”

Yue Rulong shouted busily.

“Roll!”

With a flip of his hand, Long Yu directly threw Yue Rulong to the side, with an eerie killing intent in his eyes.

“If you dare to disturb the people and question Lord Fey Demon again, I will be the first to kill you!”

“I dare not!”

Yue Rulong was terrified, and busily retreated to the crowd.

But at this moment, he was looking at Long Yu with an icy cold gaze, not knowing what he was thinking.

But below, Lin Ran had already brought a black press of generals to the Snake City.

The fall of the Fire Halberds had certainly chilled their hearts, but there was no time for empty grief before the war had subsided.

Under Lin Ran’s call, the army had already arrived at the Snake City.

The Fire Halberd was dead, so it was the turn of the Dragon Family to take the next turn.

“Long Yu! Don’t come down to die yet!”

Lin Ran looked up at Long Yu with an undisguised killing intent in his eyes.

“I pooh! Just by you?”

Long Yu’s eyes were filled with disdain.

With a flip of his palm, there was a black light around the entire Snake City.

Wisps of black light seemed to come from hell as they shot up from the four sides of Snake City and instantly enveloped it.

The crowd could clearly see it.

This black light spread rapidly, and there was actually a piece of something flickering on it.

After only a few moments, the entire Snake City was enveloped by this layer of black light.

Only then did the crowd see clearly that the formation that enveloped the Snake City was flickering with nothing else but scales.

The scales were shimmering under the surrounding light, looking gorgeous, and most importantly, the scales were the same as the scales on the giant black snake that Long Yu had controlled earlier.

“Lin Ran! Do you think I, Long Yu, didn’t have a little backhandedness just because I dared to lure you in? What a joke!”

There was smugness in Long Yu’s eyes.

“This Black Snake Formation and is a formation given by Lord Fey Demon, it’s a son and mother formation! You want to kill your way into Snake City? I’m afraid you don’t have the ability to do so!”

With that, Long Yu waved his palm once again, and a black snake actually emerged from the Snake City once again.

This black snake looked even more animated and was obviously not manipulated by man, but was automatically formed by the black formation that enveloped the Snake City!

When they saw this black colour, all the generals behind Lin Ran were shocked and fell backwards in fear.

They had experienced the terror of this blackness before, and if it wasn’t for the three Fire Elders who had set up the defensive formation, I was afraid that many of them would have died by now.

When they saw this formation again, they could not help but feel a little panic in their hearts, wondering if they should go back and hide again!

“Don’t worry!”

Lin Ran naturally saw through the crowd’s thoughts and was busy speaking.

“There’s no way this black snake can leave the range of the formation!”

With that said, Lin Ran actually walked straight under the Snake City, just a step away from that formation, and looked at the huge black snake from afar.

Feeling that its majesty had been provoked, the black snake’s entire body pounced downwards towards Lin Ran.

“Lin Ran!”

“Ranzi!”

Behind them, Wang Yifeng Leng Zhan and the others all looked startled and hurriedly opened their mouths to shout.

However, Lin Ran was standing still, as if he didn’t see the black snake.

The black snake rushed down quickly and was about to pounce on Lin Ran.

But at that moment, suddenly the black snake’s body suddenly stopped, and then it actually did not rush out with Lin Ran!

“Shit!”

Wang Yifeng couldn't help but curse at the sight of this, daring to say that this black snake really couldn't leave the range of the formation.

The others were relieved to see this and could not help but sweat for Lin Ran, if the black snake had come out just now, I was afraid that Lin Ran would have broken several bones with this blow, even if he did not die.

"Haha! As expected of Lin Ran! You're really brave!"

Long Yu, who was on top of the city wall, clapped his hands and laughed.

"But! Guts is quite good, guts you dare to break in?"

The smile on Long Yu's face suddenly withdrew and was replaced by a cold smile.

Breaking into this formation would inevitably mean facing this huge blackness alone.

And this time, the black looked much faster than the previous one, although it was also a snake, but I'm afraid it was not that easy to cut its seven inches!

"What are you afraid of!"

Lin Ran looked up at Long Yu, with blandness in his eyes.

"Good!"

Long Yu called out good, before looking at Lin Ran and smiling.

"? Then I'll see how you break in! You better be able to hold on for a little longer later, or you'll be letting me down too much!"

With that, Long Yu waved his palm, and at once the giant snake once again coiled and selected on the snake city only, its head raised high and bowed as if it was ready to pounce on the enemy at any moment, sending chills down one's spine just by looking at it.

"Ranzi! Why don't you let us take a long look? You're going to break through the formation alone!"

When he saw that Lin Ran was really going to break through, Wang Yifeng shouted.

"It's alright!"

Lin Ran smiled lightly, and then his body flashed and he charged in towards the Zimmer Black Snake Formation.

"Good timing!"

As soon as Lin Ran broke into the formation, at once Long Yu's voice rang out.

At the same time, he saw the huge black snake hovering over the snake city, its muscles tensed up and its head rushed towards Lin Ran as if it was a fast arrow off the string.

When they saw this scene, Wang Yifeng and the others outside the formation all broke out in a cold sweat.

But then their hearts grew even colder.

The huge snake head that was originally rushing towards Lin Ran suddenly flashed with light, and eight more snake heads of the same size appeared around it, opening their big black mouths and biting towards Lin Ran at the same time.

Chapter 1532

The crowd outside were all taken aback by this turn of events.

And at this time, Lin Ran who was inside the formation that was even more so,? Originally, he only needed to concentrate on dealing with one snake head.

But now the snake head has actually turned into a full nine, his pressure can be imagined.

It is a good thing that this black is coiled on the snake city, less the tail attack, if this is added to the tail, then Lin Ran will have to face the attack of like ten people at the same time.

And to know that this black only had one body, that fight was simply better than twins and heart to heart, and the level of cooperation was far more than ten people, I'm afraid.

“Roll!”

Lin Ran swung his sword out and sent the first snake head to lunge and bite flying backwards, and then he himself remembered the reaction force and catapulted his entire body out towards the back.

He turned around and stepped directly onto the formation barrier, before his feet lashed out once more towards the back.

After several dodges, Lin Ran jumped out from the circle of nine snake heads and was now suspended in mid-air, looking at the nine huge snake heads in front of him from afar.

“Kid, you've really been a bit overbearing this time!”

The pillow's voice suddenly sounded.

“What?”

Lin Ran asked, frowning.

“Do you know what this thing is?”

Pillow Book sold out.

“What time is it that you're still selling it,? Get lost!”

Before Lin Ran could say anything, Qing Zi's voice rang out.

“Master, this is the Nine-Headed Earth Dragon!”

“A nine-headed Earth Dragon?”

Lin Ran was stunned at his words, not understanding what this Nine-Headed Earth Dragon was.

“The Nine-Headed Earth Dragon is a magical beast of the Immortal Realm!”

Qing Zi busily explained.

It turned out that this Nine-Headed Earth Dragon was a magical beast of the Immortal Realm, its body was a snake, but its strength was monstrous.

It was born with only one head, but as its strength continued to improve, it would gradually grow other heads, and when its number of heads reached nine, even a true dragon could have a fight.

When the Immortal Emperor attained the Immortal position, he had a nine-headed Earth Dragon with him, but unfortunately it fell in the chaos.

For a long time afterwards, no nine-headed earth dragons appeared.

The feud between the human race and the magical beasts in the Immortal World is deep, especially as some great powers like powerful beast servants, so there are only two kinds of existence among the magical beasts that can grow up.

Either they are beasts of immense strength who do not fear humans.

And the other kind is the servants of humans.

“This Nine-Headed Earth Dragon was originally a type of snake, only because it could cultivate nine heads, it was considered the most powerful among snakes and was so strong that it could battle true dragons, hence the name Nine-Headed Earth Dragon!”

Qing Zi explained.

“The most powerful? Then who is powerful compared to the Triangular Electric Snake?”

Lin Ran suddenly asked curiously.

“This is not comparable!”

Qing Zi said helplessly.

The Triangular Electric Snake belonged to an existence favoured by the heavens, so even if it did meet up with the Nine-Headed Earth Dragon, it would only be unable to help anyone!

The Nine-Headed Earth Dragon couldn't touch the Triangular Electric Snake at all, but similarly, the Triangular Electric Snake couldn't break through the Nine-Headed Earth Dragon's defenses at all!

“So how exactly is this thing going to deal with it?”

Lin Ran asked, this was the first time he had seen this Nine-Headed Earth Dragon, so naturally he didn't know how to deal with it!

“This is easy to say, but also difficult to say!”

Qing Zi said.

“This Son and Mother Black Snake Formation is the foundation of the Nine-Headed Earth Dragon, and to put it bluntly, this Nine-Headed Earth Dragon is conjured up from this formation!”

“But to be able to manifest a nine-headed Earth Dragon is enough to show how powerful this formation is, and I’m afraid that the defense of this nine-headed Earth Dragon is also very impressive!”

“If you still want to cut seven inches I’m afraid it won’t work!”

“Kid! As long as you burst out with the power of a half-step Extreme Realm, you can completely cut off all of this snake’s head with one slash, and then it will naturally be finished!”

Pillowbook laughed.

“Nonsense!”

Lin Ran was speechless, if he could explode with the power of a half-step Extreme Realm, he would naturally not fear this nine-headed Earth Dragon.

“There is another way, and that is to grind hard, either cut off the nine snake heads, or just consume energy until the power of this formation is depleted!”

The Pillow Book said.

Lin Ran was speechless at his words, what difference does that make to not saying anything!

As he was talking, the nine head earth dragon below had already lunged at Lin Ran with its head held high again.

When Lin Ran saw the suit, he did not dare to delay, and with a shake of the Frost Condensation Sword in his hand, he instantly swung out three seven-coloured sword maces, heading straight for one of the snake heads.

At the same time, Lin Ran’s entire body also lashed out, attaching his medical dao aura to his sword and rushing towards this snake head.

“Bang, bang, bang!”

The three seven-coloured sword maces instantly blasted at the snake head.

Lin Ran then even more directly killed it, the Frost Condensing Sword in his hand changed from slashing to stabbing, Lin Ran even held the Frost Condensing Sword in his palm and slashed hard on top of the snake’s head.

“Bang Bang Bang!”

With Lin Ran’s own weight, plus the impact of speed.

The tip of the Frost Condensation Sword actually grazed the snake’s body with a series of sparks.

This scene was not only shocking for Lin Ran to see, but even the Fire Elder and the others outside were shocked beyond belief.

“This thing’s defence is really powerful!”

Fire Elder couldn’t help but say.

“Yes! I don’t know if Kid Lin Ran can break through its defence!”

Old Man Li was also busy echoing the words.

The two of them unconsciously looked at Elder Feng at the side.

However, Elder Feng's fists were clenched and he didn't say a word, obviously he wasn't sure if Lin Ran could deal with this thing or not.

"Lin Ran, run!"

Within the formation, the pillow's voice snapped out.

Almost simultaneously, Lin Ran felt the wind growing behind him, and it was clear that there were already other snake heads about to pounce and bite.

"Go!"

Lin Ran did not dare to delay, and immediately turned around and dashed towards the side.

It was only after this glance that he realised that eight other snake heads had surrounded him, and no matter which direction he went first, he would actually have to face one of them.

"Come on!"

Lin Ran gritted his teeth, a surging battle intent in his eyes as he copied his Frost Condensation Sword and lunged in one of the directions.

"Bang, bang, bang!"

The sword light flashed, each time the sword aura lit up it was accompanied by a series of metallic clashes.

"Bang!"

However, as the eight snake heads came around, Lin Ran was quickly overwhelmed and was hit hard in the back, his entire body spurting out a mouthful of blood while being sent flying backwards.

The other snake heads still wanted to continue to attack, but Lin Ran's Frost Condensation Sword in his hand shook, and instantly ice crystals filled the air, freezing several snake heads in place.

Taking advantage of this momentary hesitation, Lin Ran then flipped over and quickly left the circle of eight snake heads.

Steadying himself, Lin Ran quickly repaired the injuries in his body, and at the same time, he saw that the snake head that he had scratched earlier had actually lost its scales.

At the same time, he saw that the snake head he had cut had actually shed its scales, and a large bloodstain was flowing down the snake's body.

Seeing this scene, Lin Ran couldn't help but be moved.

This was a formation! It was actually bleeding, so it could be seen that this Nine-Headed Earth Dragon's anthropomorphism was already very high!

No wonder the skin was so tough.

But apart from that, Lin Ran also saw that on the badly injured snake head only, the two snake eyes had turned blood red, clearly furious.

“This is troublesome!”

Lin Ran’s heart hit a bump, knowing that this would not end well today.

### Chapter 1533

This nine-headed Earth Dragon, if it was really just a formation, it would be fine, after all, a formation was always a formation.

But what gave Lin Ran the most headache was that these nine earth dragons were clearly no longer considered to be a formation at all.

The art of formation was very profound, and the fact that the Empty Daoist was able to create a terrifying being like Yu Chang with the art of puppetry and even give birth to spiritual intelligence was enough to show that the art of puppetry in the cultivation world was only profound and sophisticated.

And why is the art of formation equally profound?

Throughout the cultivation path, apart from the cultivation itself, formations, pills and puppets are always the three main helpers.

The level of pills on Earth was limited, and Lin Ran had never heard of any master alchemists existing.

This was probably the result of the backward development of the alchemy path on Earth.

Puppets were almost similar, and Yu Chang had only appeared because of the arrival of the Empty Daoist.

So on Earth formations are considered to have developed as much as cultivation.

Lin Ran also had some understanding of such formations that had been somewhat anthropomorphised into physical objects.

Generally speaking, such formations that coalesced out of ferocious beasts were formations that were adapted by formation masters according to the characteristics of the beasts.

Usually, such formations could merely have the characteristics of the beast, as well as roughly broad over, but there was absolutely no way that this nine-headed earth dragon could appear to be scaled and bleeding right now.

And why would this nine-headed earth dragon have it?

Then one would have to talk about the development of this beastly great formation.

Previously, Lin Ran had talked to the Pillow Book about this issue.

The Pillow Book told Lin Ran.

“In the Immortal World there are many great clans that have many industries! But these industrial lands are without experts sitting in them! Do you know why?”

Lin Ran didn't understand, how could he know!

The pillow book then said.

That was because all of these great clans were guarded by great formations, and almost all of them had a terrifying great formation guarding their core industrial lands.

There was a terrifying magical beast tied up inside these formations, and people of average strength wouldn't dare to break in!

It was important to know that powerful magical beasts could not easily succumb, so almost all the magical beasts within this great formation were illusory.

If they find the remains of the beasts they want to disguise, even if it's just bones and inner pellets, they can do it!

Of course it would be even better if there was the soul of a magical beast!

It is with the help of these remains that the magical beasts that are conjured up are just like the real thing, some of them have flesh and are very powerful!

But even if it is powerful, it is still a formation, as long as it leaves the range of the formation, it will still be destroyed.

And at this moment, Lin Ran was facing this kind of situation.

"Didn't you guys say that you hadn't seen a nine-headed earth dragon for many years, but what's just going on here? Could it be that there are still the corpses of nine-headed Earth Dragons in this Fey Demon Realm?"

Lin Ran asked busily.

"I don't know! I'm afraid you'll have to ask it about this matter!"

The Pillow Book pointed at the Nine-Headed Earth Dragon and said.

"Holy shit!"

Lin Ran couldn't help but curse, asking it? It looked like it wanted to eat itself, and still asked it.

"I'd better wait until I'm in its stomach and talk to him before I die about how I came to be a guest on our Earth!"

Lin Ran laughed bitterly.

"I think it's done!"

Pillowbook also said helplessly.

"What nonsense!"

Qing Zi saw this and said in no good humour.

"What time is it, still joking! Master I have a way to be able to deal with it!"

Qing Zi suddenly spoke up.

“What solution? Tell me quickly!”

Lin Ran hurriedly asked.

This Nine-Headed Earth Dragon had proposed to transform into its true form, and its defence was simply like iron armour, Lin Ran was afraid that he would have to take half his own life if he wanted to deal with him, unless he cast out the Half-step Extreme Realm, but if he did so now even if he did deal with this thing.

But what about the foreign devil? If he sets off a duel wind old them .....

Lin Ran did not dare to think about going on, this rash entry into the foreign devil realm was originally a bad decision.

But at this time are already riding the tiger, he really also has no way.

“You forgot that? Little Nine!”

Qing Zi suddenly said.

“Little Nine?”

Lin Ran was stunned at his words.

“What can a little kid like her do!”

The Pillow Book laughed.

“Yeah! She’s still just a kid!”

Lin Ran was also busy saying.

“But she’s the same demon stone!”

Qing Zi suddenly said.

The moment these words came out, both Lin Ran and the pillow book froze.

“Right!”

Lin Ran almost forgot all about it when he slapped his thigh.

What was a fellow demon stone? That was a demonic beast’s favourite thing, Little Nine had metamorphosed into a spirit, but if it didn’t have a spirit, putting a Tongdemonic Stone into a mountain range where demonic beasts lived would definitely cause countless demonic beasts to go crazy and snatch it up.

“If you call out Little Nine, this Nine-Headed Earth Dragon will definitely immediately wimp out!”

Qing Zi laughed.

Lin Ran smiled and didn’t delay, immediately transmitting his voice to Little Nine and saying.

“Good sister! Brother is looking for a favour from you!”

Whirling around, he teleported Xiao Jiu out.

“Brother!”

Seeing Lin Ran, Xiao Jiu was still happy and immediately asked.

“Looking for my help with what?”

Lin Ran pointed awkwardly to the back, feeling a little humiliated that he, being the older brother, was actually looking for his sister’s help.

Xiao Jiu turned her head to look and was also startled, but quickly laughed.

Outside, Elder Feng and the others were stunned when they saw Xiao Jiu suddenly appear.

While Fire Elder and Li Elder were unaware of Xiao Jiu’s existence, Wind Elder was aware of it and smiled at the sight.

“Now there’s a way out!”

“What’s going on?”

Fire Elder asked busily.

“You’ll know when you watch!”

Wind Elder, however, did not say anything, laughing and stroking his beard in a relaxed manner.

The next moment, the crowd outside saw that Little Nine was actually pointing at the nine-headed dragon from afar and said in a childish voice.

“You come here!”

That nine-headed earth dragon was first stunned when it saw Little Nine, and then surprisingly, it really poked all nine heads over.

When they reached Xiao Jiu, they nodded slightly as if they were puppies.

“Holy shit!”

When Wang Yifei saw this scene, he also froze.

“What’s going on?”

On the city wall, Long Yu’s entire body was confused when he saw this scene.

The incredibly brutal nine-headed Earth Dragon was actually nodding its head at a little girl at this moment?

If he hadn’t seen it with his own eyes, it simply killed him he wouldn’t have believed it.

“Brother, this guy is not a real Nine-Headed Earth Dragon!”

Little Nine quickly noticed the problem as well and turned his head to look at Lin Ran.

“That’s right! He indeed isn’t, ask it how it came to the Earth?”

Lin Ran was busy saying, at this point Little Nine was able to make this nine-headed Earth Dragon bow down, he was no longer worried about how to break the formation, instead he was very concerned about where this thing had come from.

“Yes!”

Little nine nodded, whirled to look at the nine-headed earth dragon, the two also did not speak just have a breath fluctuation seems to be in communication.

Soon, Little Nine turned his head and smiled.

“Brother, it said that he was following Lord Black Devil over back then, it’s just a pity that it only had six heads at that time and died in battle! The soul was retained to be controlled by the foreign devil, and it was only with the help of the formation that it was able to manifest itself with nine heads!”

Said Little Nine with a disgusted look on his face.

“It actually wanted me to take it!”

“You don’t want it?”

Lin Ran asked busily.

This was the soul of a nine-headed Earth Dragon, even though it was only six-headed in strength, it would still be incredibly powerful once it cultivated to nine heads in the future!

“I don’t want it! It’s ugly as hell! I like fluffy ones, like finding a big bear in the future!”

Xiao Jiu laughed, Yan looking like a little girl.

Lin Ran was helpless, smiled awkwardly and said.

“Good sister, then can you let him leave on his own!”

Lin Ran said with a busy laugh.

Chapter 1534

“Great!”

Little Nine said with a small smile, and then turned to look at the nine-headed Earth Dragon again.

The two exchanged words for a moment, and Little Nine seemed to be thinking, before looking at Lin Ran and then at Long Yu on the city wall to the side.

A moment later, Little Nine actually used his little finger to gesture like Long Yu, not knowing what he was gesturing.

Outside, Wang Yifeng and the others were looking at the waiting.

“Fatty, when did Lin Ran’s sister have this kind of ability?”

Next to him, Fire One Sword and the others were curiously asking, they knew Lin Jiu and were not only a little curious at this point when they saw this.

“Then don’t understand! Who is that Rangzi, his kid doesn’t even follow the usual rules, his sister can be an ordinary person!”

Wang Yifeng laughed.

Fire One Sword and the others were all a bit speechless when they heard this, but at this moment the situation up there was changing rapidly and they didn’t want to miss it, so they stopped talking and watched the situation up there seriously.

The first thing I saw was that Xiao Jiu was pointing at Long Yu and gesturing for a long time, and when he got excited, he would clench his fist as if he wanted to hit someone.

Long Yu looked puzzled, his hands clenched, wondering what in the world was this hair saving.

But soon, his face changed.

Only to see the nine Earth Dragons in mid-air, they actually turned their nine snake heads in unison, their gazes kind of looked at Long Yu with hesitation, and then turned their heads to look at Little Nine.

The two communicated for another half a day before Little Nine turned his head to look at Lin Ran and said.

“Brother, he said he could help you break the city, but he wanted me to take it!”

Little Nine looked a little unhappy.

Lin Ran smiled at this but instantly smiled and said.

“You promise him, but you can’t take it until after you break the city!”

“Huh? But brother, I don’t like it!”

Little Nine said with some unhappiness.

Lin Ran smiled at this but laughed.

“Good sister, you forget that it’s a formation, once this city is broken, the formation will be destroyed, and it’s following that whatever Lord Black Devil to Earth, it’s obviously on the side of the foreign devil, how could I let it follow you, it wouldn’t even be happy if it wanted to follow me!”

Indeed, this Lord Black Devil, which neither Pillow Book nor Qing Zi had ever heard of, was obviously not on the side of one’s ancestors and the Immortal Emperor, then it must be on the side of the Other Demon.

Why else would the foreign devil have saved its soul.

For such an existence whose stance was inherently different, Lin Ran naturally couldn’t let Xiao Jiu take it in.

Moreover, there was another point that Lin Ran hadn't mentioned, and that was that this Earth Dragon's soul had been saved by the Other Demon, so it was obvious that there must be a brand planted by the Other Demon in its soul mark!

Even if Xiao Jiu wanted to collect it, it would be impossible to do so.

I'm afraid that the foreign devil killing him was just a matter of a thought, so this couldn't be voiced out.

"Good!"

Little Nine was very happy at his words and was busy turning his head to gesture at the Nine-Headed Earth Dragon for a while.

Following this, the Nine-Headed Earth Dragon's eyes showed delight, and then turned his head to look at Long Yu.

"Hm?"

Long Yu's face changed when he saw this, and his heart was a little unsure, so he quickly opened his mouth and shouted.

"What are you looking at, you stupid snake hurry up and kill them!"

The nine-headed Earth Dragon looked bewildered, obviously not understanding what the hell Long Yu was shouting!

Little Nine laughed at this and gestured at the Nine-Headed Earth Dragon twice, and at once the Nine-Headed Earth Dragon was outright angry.

Without saying a word, the nine huge snake heads lunged at Long Yu.

"You're fucking crazy! Stupid snake, you are sent by Lord Alien Demon!"

Long Yu scolded, but at this moment, the nine-headed earth dragon did not listen at all, and there was anger in his eyes as he rushed towards the city wall and mounted directly.

"Bastard! What did you say to it!"

Long Yu asked Little Nine as he led his clan to retreat backwards.

Xiao Jiu stretched out his hands and said.

"Didn't say anything, just that you called it a stupid snake!"

"O! By the way,? It just told me to convey to you that you're the stupid one!"

"You!"

Long Yu was so angry that his face turned blue.

But at this moment, all nine heads of the nine-headed Earth Dragon had already killed over.

"Bang, bang, bang, bang."

The nine Earth Dragons' bodies were so big that these nine giant heads crashed down, and immediately a large portion of the Snake City was knocked down by the tower.

At the same time, the formation light shield that originally enveloped the snake city instantly dissipated, and the nine-headed earth dragon felt bad and turned its head to look at Little Nine with a plea in its eyes.

Obviously, it wanted Xiao Jiu to take it away quickly.

When she saw this scene, Xiao Jiu was a little bit upset, but after all, she was just a child, so she put her thoughts behind her and was ready to take the nine-headed dragon.

But just as she was about to raise her hand, a red light suddenly emerged from the nine heads of the nine-headed dragon.

The next moment, she heard a "bang, bang, bang!" A series of explosions rang out.

At once, the nine heads of the nine Earth Dragons shattered at the same time.

"It's a foreign devil! Go back quickly!"

Lin Ran's face sank, and he quickly waved his hand to send Little Nine into the small world.

At this moment, the Nine-Headed Earth Dragon was the one whose entire snake body slammed towards the ground in one fell swoop.

"Good tactics! Even the demon stones, boy! I really regret a little now that I didn't kill you in the first place!"

The foreign demon's voice boomed, resonating throughout the entire foreign demon realm.

"Speaking of which I still have to thank you when you didn't kill me, otherwise I wouldn't have the chance to return to your Fey Demon Realm again!"

Lin Ran looked up at the sky and sneered.

"Humph! It's fine if you don't come back, prepare to be buried with the three of them if you come back this time!"

The foreign devil said in a cold voice, and whirled around without speaking.

Lin Ran smiled faintly and didn't bother to pay him any mind as he turned his head and shouted behind him.

"Attack the city!"

"Kill!"

The generals behind them all watched with fervour, originally even they were somewhat unimpressed with Lin Ran.

But who knew that this guy had shouted out his sister, the what's-his-name Demon Stone.

Following that, that nine-headed earth dragon actually turned against him!

At this moment, seeing that Snake City had been half destroyed and the Dragon Family had run away without a trace? One by one, their hearts were boiling with fervour.

Lin Ran took the lead and led the crowd to quickly rush into the Snake City.

As expected, there was no longer a trace of the Dragon family inside the Snake City.

Lin Ran's divine sense spread out and he quickly noticed that behind Snake City, Long Yu was leading Yue Rulong and a group of people from the Long and Yue families to flee frantically.

"Feng Linglong, Qibao Wu Lian quickly occupy Snake City, Wu Lian is responsible for the vigilance, Fire One Sword and the South City Generals follow me to chase down the remaining members of the Dragon Family!"

Lin Ran greeted.

"Yes!"

The crowd didn't dare to talk nonsense at this point and quickly began to move according to Lin Ran's division of labour.

Previously, Qibao's troops had suffered considerable losses due to the Fire Halberds falling back, and there were also many people who needed to recuperate, so Lin Ran had arranged for them to be the three troops to stay behind.

As for the remaining members of the Dragon Family and the Yue Family, they had also suffered heavy losses due to the sudden reversal of the Nine-Headed Earth Dragon just now, and all those who had escaped at this point were the core of the Dragon Family, and only a dozen people from the Yue Family, including Yue Rulong, remained!

Lin Ran took the Fire One Sword and the South City generals to chase after them, which was more than enough.

.....

Fey Demon Realm, in the Extreme Realm space.

The foreign devil was sitting on a black throne only, with an icy coldness in his eyes.

"Bastard! The nine-headed earth dragon is a bastard!"

The foreign devil was incomparably angry, if the nine-headed earth dragon had not suddenly turned against him, he was confident that Long Yu could definitely still consume a wave of enemies, but now

.....

"Black and white!"

Suddenly, the foreign devil opened his mouth and shouted.

At once, the space in front of him rippled,? In a whirlwind, two figures emerged out of thin air, one wearing a black robe and the other wearing a white robe, holding a slender sword in their hands.

“After so many years of hiding, it is time for you to strike! I will give you 100,000 troops to directly go to kill Snake City!”

The foreign devil said in a cold voice.

Chapter 1535

“Yes! Master!”

The two black and white people bowed respectfully at the foreign devil, and immediately their forms disappeared into this space.

As he watched the two leave, the anger in the foreign devil’s eyes was only slightly calmed down.

“The two Black and Whites are people I have trained for many years, and their strength is unmatched below the Half-step Extreme Realm! Three old things, I’ll see how you can fight me!”

The foreign devil said as he got up and looked into the void in front of him, which was holding the situation of Snake City.

“There’s quite a crowd! If it weren’t for the fact that the time is not yet right, I would have taken action myself!”

The foreign devil whispered to himself, with greed in his eyes.

.....

But Lin Ran, with Fire One Sword and the others in wild pursuit, Lin Ran was alone in the lead and soon saw Long Yu and the others.

The fire one sword, on the other hand, led the crowd in pursuit.

“What about the clan leader? Lin Ran is killing us!”

The crowd of Long family members all panicked when they saw this scene.

“What do we do! Run!”

Long Yu said in no good humour.

“Where’s the foreign devil, doesn’t he care about us!”

Several elders of the Dragon Family said angrily.

“How should I know!”

Long Yu was also holding his anger in his heart, if he knew at this point he wouldn’t have run after these people!

“You’re the clan chief! Our Dragon Family has been holding back for so many years, is this what it’s come to in the end?”

“Yes! Patriarch!”

“Patriarch, do something!”

A crowd of people who had followed Long Yu all shouted.

“Think of a way to think of a way! I’m not a fucking foreign devil!”

Long Yu couldn’t help but curse.

“Fey demon! Fae devils! It’s all foreign devils!”

Suddenly, one of the elders went crazy and actually stood still and stopped running.

“My Long family has been famous for generations, and I wanted to follow this war to rise to the top, but what happened?”

“Long Yu! You bastard, my Long family will not only be exterminated this time, but will also be spat upon by the world!”

“You think I want to!”

Long Yu stopped and looked at this elder, with anger in his eyes.

“I can’t help it if the foreign devil doesn’t take action, but things have come to this point, we all have no leg to stand on!”

“You can’t run away, stand here and wait for your own death!”

After saying that, Long Yu turned around and continued to run without bothering him.

“You!”

That elder saw despair in his eyes, there was a time when the Dragon Family’s mighty name was not respected by anyone who heard it.

But what about now?

He turned his head to look at the army led by Lin Ran behind him, with despair in his eyes.

Now it was as if they were rats in the street! The foreign devils were ignoring their lives, and the Mysterious Alliance would not let them go!

At this moment, he was truly desperate.

Suddenly he lifted his head and spoke angrily to the sky.

“Fey devil! I’ll grass you up .....

“Rumble!”

No sooner had he uttered a curse than only a shocking thunderstorm struck down from the sky, instantly splitting him into pieces, leaving not even a single corpse behind!

The crowd of people from the Dragon Family in front of them all had shock in their eyes when they saw this scene.

“A bunch of trash, you want to expect the old man to do something too! Are you worthy!”

The voice of the foreign devil resounded through the sky.

“Other Demon! Save me! I, Long Yu, am a true follower of you!”

Long Yu saw this and shouted.

“Follow me? You are worthy of that?”

The foreign devil’s voice was filled with disdain.

“Lord Alien Demon, you don’t have to look at the Buddha’s face, for the sake of our Dragon Family’s loyalty to you for so many years, save me!”

Long Yu shouted busily.

“Loyalty? What’s the use? If you can kill Lin Ran, I will step in to save you!”

The foreign devil sneered.

Long Yu was completely frozen at his words.

Almost at the same time, a cold ray of light from the rear had already killed him.

Long Yu was startled and rolled backwards twice before he dodged the cold mane.

When he turned his head to look, he saw that Lin Ran was already standing not far from him, his Frost Condensation Sword in his hand glowing with a cold aura.

“Kill Lin Ran and I will save you!”

With these words of the foreign devil echoing in his mind, Long Yu was completely desperate!

Kill Lin Ran, if he could have killed Lin Ran, he wouldn’t be in the situation he was in today.

“Don’t surrender yet!”

Lin Ran looked at the Long family members in front of him, his voice icy cold.

The group of Dragon Family members all fell silent, and by now, Fire One Sword had arrived with a large army.

A full tens of thousands of people surrounded them every day, it was practically impossible to escape.

“If you don’t surrender, kill them all!”

Lin Ran turned his head and shouted at Fire One Sword.

“Understood!”

Fire One Sword responded, his longsword already drawn in his hand, and the other generals saw this and drew their weapons.

“Don’t do anything! I surrender!”

Under the heavy pressure, one of the elders soon raised his hands.

Long Yu saw this but he was busy jumping up and said angrily.

“How dare you! Do you think they will let you go if you surrender?”

“They will let go even less if you don’t surrender!”

That elder said angrily.

“Originally, when you wanted to defect to the Mystic Alliance, I disagreed, but now well the foreign devils have abandoned you too! The Dragon Family is completely buried in your hands!”

“You!”

Long Yu’s face turned red with anger, and then he actually stabbed his sword through that elder’s chest.

“Those who dare to betray me, Long Yu, will be killed without amnesty!”

Long Yu’s face was icy cold and he looked like a madman.

The other elders were actually stunned for a moment.

“Hehe!”

Suddenly, Lin Ran laughed.

“This is your master, are each and every one of you blind?”

“It’s fine if you don’t surrender! Then prepare to die!”

Lin Ran laughed blandly.

“No! I surrender!”

Suddenly, a figure from the human crowd ran out, and it was none other than Yue Rulong.

“Yue Rulong!”

Long Yu’s face was icy cold at the sight.

“You think that if you surrender, the Mysterious Alliance will let you go?”

“It’s better than being killed by you!”

Yue Rulong said angrily.

“We surrender too!”

The group of people who were following Yue Rulong all ran over.

Long Yu’s face turned a few shades more ugly when he saw this scene.

And the Long family members who were still somewhat hesitant saw this and all turned away from Long Yu, before raising their hands one by one to surrender.

“Bam!”

Finally, Long Yu could not hold on any longer and the longsword in his hand fell to the ground at once.

“Lin Ran! Lin Ran! I surrender too, don’t kill me!”

Long Yu was busy looking at Lin Ran with a plea in his eyes, he knew he was completely done for.

“I won’t kill you, someone will naturally kill you!”

There was coldness in Lin Ran’s eyes, others could surrender, but Long Yu! He would definitely die!

“Long Da Long Er!”

Lin Ran spoke.

He hadn’t forgotten that Long Da and Long Er had to prove for the Long Family and wash away the traitor!

“Commander Lin!”

Long Da and Long Er whirled around and arrived next to Lin Ran.

“Kill him!”

Lin Ran said indifferently.

“Many thanks!”

Long Da and Long Er arched their hands at Lin Ran, then with a cold aura in their eyes, they rushed over to Long Yu.

Lin Ran didn’t bother to look at what happened next as he turned his head and rushed towards Fire One Sword.

“Escort everyone back to Snake City!”

“Yes!”

Fire One Sword respectfully replied.

However, just as Fire One Sword was about to arrange for people to take the captives from the Long Family and also the Yue Family away, while Long Da and Long Er were about to kill Long Yu only.

“Rumble!”

Above the sky, thunder clouds suddenly rolled over, followed by a thick thunderbolt that actually blasted right towards below.

“Quickly dodge!”

Lin Ran’s face changed greatly at the sight of this, and with a wave of his palm, he directly brought Long Da and Long Er, who were at the centre of the lightning blast, into the small world, and immediately pulled Fire One Sword back a few dozen metres.

The other generals also crawled on the ground at the sight of this, not daring to move a muscle.

“Bang!”

Lightning blasted down, instantly blasting all the traitors, including Long Yu Yue Ru Long, into pieces directly, not a single one of them survived.

“Alien devil!”

Lin Ran looked up at the sky in unbridled rage at the sight.

“They’re still your people anyways!”

“Oh my people? What’s the point of dividing your’s and mine when it’s useless! Wasn’t Yue Bei Shan also one of mine, and now what? He should be dead already!”

The foreign devil’s voice laughed icily.

“To me, useless people! They all have to die!”

Chapter 1536

There was anger in Lin Ran’s eyes as his gaze stared deadly at the sky, but he didn’t say anything.

At this moment, he remembered what Yue Bei Shan had once told him.

It was likely that the foreign devil’s aim was to start a great war in the foreign devil realm, while the dead were his aim.

Whether it was the Mysterious Alliance, or his own people, it seemed that he was happy as long as someone died!

“I will stop you! Although I don’t know what your purpose is!”

Lin Ran said firmly in his heart.

Whirling around, he released Long Da and Long Er and said in an angry voice.

“Go back to Snake City!”

The crowd rushed back towards Snake City in great numbers.

Along the way, Lin Ran’s heart was always tense.

The more the foreign devil displayed such desperate tactics, the more it made him feel uneasy in his heart.

Killing even those who had defected to him showed that the foreign devil’s purpose was purely to kill.

But why did he go on such a killing spree, not even sparing his own men.

First it was the Sanyuan Daoist and the Ghost King and Yue Beishan, and then this time the Dragon and Yue families.

The foreign devil was afraid that there was no one left under him nowadays that he could use, but he still chose to do this, which was something that made Lin Ran’s heart very uneasy.

“The more the foreign devil is like this, the more it means that his purpose is about to be achieved, so some of his men are not that caring if they are dispensable!”

Pillowbook analyzed.

Lin Ran nodded at his words.

“I wonder what his purpose really is!”

“Don’t worry, we’ll find out soon enough!”

The Pillow Book said blandly.

Under Lin Ran’s leadership, the group of people soon arrived near Snake City.

However, just at that moment.

“Ranzi! It’s not good! Damn it look who that is!”

Wang Yifeng suddenly ran back from the front with a nervous look on his face.

Lin Ran looked up and immediately couldn’t help but blush as well.

He saw that the direction of Snake City ahead was in chaos at the moment, and Qibao and Wu Lian were leading their men to fight with enemies that had appeared from nowhere.

“That’s the foreign devil’s people, let’s quickly go back to support them!”

Lin Ran said busily.

Those generals were wearing robes and armour that would only be worn by the minions of the Other Demons, yet that wasn’t the most important thing.

The most important thing was that Lin Ran saw two figures, one black and one white, charging ahead and beating Qibao and Wu Lian back from the front.

“Who are these two people again!”

Lin Ran was a little worried in his heart.

There were other people under the Other Demon that he didn’t know about, but these two people appearing in front of him at this moment clearly indicated that they were the Other Demon’s people.

“These two people are incredibly strong, you need to be careful!”

Pillow Talk spoke.

“Mhmm!”

Lin Ran nodded and without delay whirled towards the battlefield where the battle was taking place and rushed over.

Qibao and Wu Lian were naturally quite strong to be generals in the Mysterious Alliance.

However, at this moment, the two of them were each leading a formation squad of ten people, but they were beaten back by these two figures, one black and one white, and could only barely defend themselves.

“Yu Chang!”

Lin Ran shouted at once.

“Yes!”

Yu Chang busily ran over.

“You go and entangle the black one, I’ll go and clean up the white one!”

Lin Ran said busily.

“Good!”

Yu Chang didn’t dare to delay, and immediately rushed towards the black figure.

Lin Ran, on the other hand, turned around and rushed towards the white figure that was closest to me.

“Death!”

The thin sword in the white figure’s hand stabbed out straight towards Wu Lian.

“Bang!”

With a muffled sound, the small formation of ten people led by Wu Lian was instantly broken by that guy.

At the same time, Wu Lian’s entire body spurted out a mouthful of fresh blood.

As the core of the small formation, the formation was forcibly torn apart, and he suffered the greatest backlash.

“Die!”

The white figure’s sword light flashed like an iron thorn, and the thin sword rushed towards Wu Lian’s chest.

There was anger in Wu Lian’s eyes as he looked deadly at the white figure in front of him with resignation in his eyes.

But the sword was already stabbing at his chest, and there was still despair in Wu Lian’s eyes.

He turned his head and saw that the Mysterious Alliance, which had just taken over Snake City, had suffered heavy losses.

Almost immediately after Lin Ran had left with his men, this black and white duo had arrived, the two of them were powerful and the army of foreign devils they had brought with them were equally desperate.

It had only been less than half an hour since Lin Ran had left, but tens of thousands of soldiers had already died under their charge.

The most crucial thing was that there was no one in the Mysterious Alliance who could restrain them.

Just as Wu Lian was about to close his eyes in despair, he suddenly heard a “bang”, and the thin sword that had been thrust at him was deflected by someone.

It hit the wall behind Wu Lian with a heavy thud.

Then he felt a force pushing him out.

“Go! Leave him to me!”

Wu Lian was busy turning his head to look, and he suddenly found that Lin Ran had already killed back at some point.

“Good!”

Wu Lian didn’t dare to delay, and immediately led his men to kill the army of foreign devils.

With Lin Ran back, there was naturally no need for him to take care of this place, charging into the army of foreign devils, he was still strong enough to kill as many enemies as possible.

“Lin Ran?”

The white-clothed swordsman stood far away in mid-air, his expression bland as he looked at Lin Ran.

Lin Ran turned his head to look at him and realised that he did not recognise this person, but the other person’s white clothes looked very neat and tidy, there was not even a trace of dust, and most importantly this person’s aura was very powerful, at least at the peak of the God Creation Realm.

“Who are you?”

Lin Ran looked at the white-clothed swordsman with an icy coldness in his eyes.

“I am the White Clothed Swordsman of the Sitting of the Other Demons!”

The white-clothed swordsman said indifferently.

“Another lapdog of the Other Demon!”

Lin Ran snorted coldly.

“Sort of!”

Unexpectedly, the white-clothed swordsman was actually not angry, instead he graciously admitted it, as if he didn’t care at all about and appellation.

“Lord Alien Demon gave us brothers a second life, so we will not disobey his orders, prepare to die!”

The white swordsman’s voice was bland, as if he was telling a lamb that was only in, wash your neck and wait for me to kill it!

Such a tone was either foolish or absolutely confident in his own strength.

And this hundred-clothed swordsman in front of him was clearly the latter.

“Very handsome words, but I’m afraid you don’t have the strength!”

A cold ray of light suddenly flashed in Lin Ran’s eyes, and with a shake of his long sword in his hand, he killed towards the white-clothed swordsman.

The white-clothed swordsman’s face remained without the slightest change of expression when he saw this,? Only his eyes narrowed fiercely, and a thin sword in his hand stabbed straight towards Lin Ran.

The swordsman in white’s eyes narrowed slightly, and a thin sword in his hand came straight towards Lin Ran.

The swordsman in white’s seemingly unimaginative stab contained a palpitating power.

Lin Ran felt it as if his sword was surrounded by a dense shadow of swords, and he could not avoid it no matter how he dodged.

“Go!”

Lin Ran’s heart sank as he lifted the Frost Condensation Sword in his hand and went straight towards his opponent’s thin sword.

This white-clothed swordsman’s swordsmanship was very good, and Lin Ran could not help but be aroused by the desire to compete with his opponent in a sword fight.

#### Chapter 1537

On the Snake City only, the three Fire Elders stood with unusually ugly faces.

Unlike Lin Ran, what they were watching at this moment was the overall picture of the entire engagement.

“This time the losses are not small!”

Elder Fire suddenly spoke.

“Yes! If Lin Ran hadn’t rushed back with his men, I’m afraid the damage would have been even greater!”

Elder Li also nodded and said.

For his part, Elder Feng sighed at his words and said.

“This time, the foreign devils have obviously put in their blood too, so I’m afraid that we won’t feel better in the end of the battle!”

Indeed, at this moment, in the battlefield engaged below, although Lin Ran had already blocked the two swordsmen who had suddenly appeared in black and white with Yu Chang.

But the army of other foreign devils was very frantic, even with Qibao Wu Lian as well as Feng Linglong Fire One Sword and the others galloping inside.

But the gap between the two sides was not widened as a result.

“This time, the foreign devil’s men are simply as desperate as they are, I’m afraid that this showdown is not far away!”

Elder Feng sighed.

Fire Elder and Li Elder did not say anything when they heard this, the three understood in their hearts that the more the enemy killed regardless, it meant that this duel was getting closer and closer to a decisive battle.

.....

“Bang!”

In the middle of the downwardly released battlefield, the long swords of Lin Ran and the white-clothed swordsman finally clashed together.

At this moment, the tips of their swords collided with each other and did not separate for a while, as if the two swords were opposing each other neither of them was obeying the other.

At this moment, Lin Ran and the white-clothed swordsman were also facing each other, both with a stern sword aura in their eyes.

Although they did not make any moves, there were already sword moves exchanged between their eyebrows, you and I!

“Bang!”

Suddenly, both of them actually closed their hands at the same time, and then took several steps back at the same time.

“This person’s swordplay is almost in the dao!”

These words resounded in Lin Ran’s mind as soon as he stopped.

Similar to him, at this moment, the white-clothed swordsman looked at Lin Ran with astonishment in his eyes.

There was just one more doubt in his mind.

Lin Ran clearly didn’t look this strong in terms of swordplay, but yet he was able to spar with himself.

“Could it be that he is close to entering the Dao somewhere else as well?”

The white-clothed swordsman thought to himself.

Both of them just pondered for a moment, and the next moment almost simultaneously had charged towards each other.

“Bang Bang Bang!”

The two men’s swords kept swinging you back and forth in mid-air,? For a while, no one was able to suppress anyone!

“This kid’s sword technique is really good, it’s just a pity that he hasn’t entered the Dao, if you show your full power, you can easily defeat him!”

Pillow Talk spoke up.

“Indeed!”

Lin Ran nodded his head.

This white-clothed swordsman’s sword technique was very impressive, but it was a pity that he hadn’t entered the Dao, whereas Lin Ran’s medical dao had already entered the Dao.

As the saying went, “Touching the class is the way to go”, although Lin Ran didn’t put a lot of effort into his sword dao, but nay, his medical dao was excellent, so he would also have his own insights in his sword dao.

This was precisely the reason why he was so strong today.

And if Lin Ran completely comprehended the Dao of Healing and crossed over to the Extreme Realm, then his sword skills would also improve accordingly.

At that time, when facing this white-clothed sword art, his sword moves would definitely be able to easily suppress the other party.

This was the benefit that came with enlightening a dao.

“Boss! I can’t carry it anymore! You’d better hurry up!”

Suddenly, Yu Chang’s voice came from beside him.

Lin Ran turned his head to look and couldn’t help but be stunned.

He saw that at this moment, Yu Chang was like a sandbag, being constantly blasted back by that black-clothed swordsman before rushing up.

Yu Chang’s strength was only at the half-step God Creation realm, and the gap between his strength and that of the black-clothed swordsman in front of him was really quite large.

However, he was being beaten like a ball by this black-clothed swordsman all the time, and he was also a little stifled in his heart.

“Go now!”

Lin Ran saw this and knew that he could not wait any longer, Yu Chang could still carry on, but the other generals around him could not resist for that long at all, and the more time he delayed, the more heavy the casualties would be on his side.

At that moment, Lin Ran’s breath exploded, not simply competing with the white-clothed swordsman in swordplay.

“Hm?”

Seeing this scene, the white-clothed swordsman’s face visibly sank.

When he had fought with Lin Ran earlier, he had used other strengths.

But Lin Ran had actually not been using any other strength.

“It’s time to end this!”

There was coldness in Lin Ran's eyes, and with a shake of the long sword in his hand, a wisp of seven-coloured sword aura immediately headed straight for the white-clothed swordsman.

Seeing this, the white-clothed swordsman's expression was grave, and he quickly raised his sword to block it.

However, the next moment, he heard a "bang" and was blown away by Lin Ran's seven-coloured sword mane.

"You!"

The white-clothed swordsman's face was ice-cold as he stared at Lin Ran angrily.

"I'm sorry, but my strongest skill is not swordplay!"

Lin Ran smiled lightly as the Frost Condensation Sword in his hand shook once again, this time three seven-coloured sword maces directly chopped at his opponent.

That's right, Lin Ran's strongest point was indeed not his swordplay, but his Dao! The half-step Extreme Realm's Dao of healing only needed to be slightly applied to the sword art.

The power it exploded with was not something that a purely swordsmanship practitioner like the white-clothed swordsman could resist.

This was because Lin Ran and him were the two extremes of the cultivation world.

In the cultivation world, apart from cultivation, as mentioned before there were also pills and formations as well as puppets, and if in breakdown there were actually weapons.

There were people who didn't like cultivation, but fanatically liked certain weapons, like the white-clothed swordsman in front of him.

And for someone like Wu Lian, it doesn't matter what kind of weapon it is, as long as it makes him stronger, he likes it! In the end, it was cultivation that he liked.

And Lin Ran was similar to Wu Lian in a way.

This was also the direction of many people who cultivated.

They focused on cultivation, sword and sabre techniques and so on to had strengthened themselves and made their cultivation more effective.

But the white-clothed swordsman was different, he really liked swords, and liked them even more than cultivation.

So he was even less devoted to his own cultivation than he was to his sword practice.

Of course, this is not to say that there is something wrong with single-minded sword training, but until he becomes a great success in his sword dao, he will have an embarrassing problem.

That was, when he came across someone weaker than himself, he could easily use his sword technique to completely suppress his opponent.

But if he ran into someone like Lin Ran who was stronger than him, then the sword technique's sword moves became somewhat inadequate.

"Roll!"

The white-clothed swordsman clearly understood this, and the thin sword in his hand hurriedly went to block not daring to be the slightest bit lax.

However, he could not really block all three of the seven-coloured sword strokes.

After barely blocking the first two, he finally failed to block the third one, and his whole body was blown backwards, along with the seven-coloured sword mane.

When the white-clothed swordsman steadied himself again, his white clothes were already torn in many places, and his whole body looked in an abnormal state of disarray.

This seemed to have offended him, only to see him touching the cracks in his white clothes, and a harsh sharpness actually flashed in his eyes.

"You ruined my clothes!"

The white-clothed swordsman turned his head to look at Lin Ran, with an icy coldness in his eyes.

"How?"

Lin Ran looked at him and said blandly.

"I will kill you!"

The white-clothed swordsman snorted coldly, and then he even slowly released the thin sword in his hand, and then the thin sword actually levitated itself in mid-air, with the blade pointing at Lin Ran from afar.

"I haven't used it for so many years, it's enough for you to die under it today, it's also enough for self Ao!"

"Sword into the Dao!"

The swordsman in white suddenly shouted in a cold voice, and almost at the same time, the entire thin sword in front of him stabbed towards Lin Ran.

And then in mid-air it actually disappeared straight away.

Chapter 1538

"Sword into the Dao?"

Lin Ran's heart was shocked at his words, could it be that this white-clothed swordsman in front of him had already reached the level of Sword Entering the Dao.

That couldn't be!

Lin Ran quickly dismissed this thought of his.

If the white-clothed swordsman had reached Sword Entering Dao, then his strength would definitely not be at the peak of the God Creation Realm, it would be to cross into the Half Step Extreme Realm.

But before, when he had faced his own seven-coloured sword mane, he hadn't been able to take it hard at all indicating that he definitely hadn't reached the level of Sword Entry Dao.

"Could it be that this Sword Entering Dao is just the name of a stance?"

Lin Ran thought in his mind, while at that moment the thin sword that had originally disappeared had actually reappeared.

And as soon as it appeared, Lin Ran was instantly frozen.

He saw that in front of him, where the thin sword had originally disappeared, a very large number of thin swords had actually appeared.

These thin swords were emitting a white glow, as if an arrow had been strung up and would burst towards him at any moment.

"Have a good taste of the power of the sword into the dao!"

There was pride in the white-clothed swordsman's eyes, and then he pointed his palm at Lin Ran from afar.

At that moment, the thousands of thin swords in the sky were actually one by one towards Lin Ran. The thin swords did not rush up to Lin Ran at the same time.

The thin swords did not rush up at the same time, but one after another as if they were bullets, stabbing towards Lin Ran.

"Condense!"

Sensing the extraordinary power of the arrows, Lin Ran did not dare to be reckless. Immediately, the Frost Condensation Sword shook, and instantly the sky was filled with ice crystal lotus flowers in full bloom.

The ice crystal lotus flowers quickly filled the air and soon formed a wall of ice at the very front.

The ice wall was very thick nearly one meter.

"Bang Bang Bang!"

As expected, the next moment, the thin sword that burst forth was instantly blocked by the ice wall.

However,? Soon Lin Ran realized that something was wrong.

Those thin swords were stacked one on top of the other, and were actually pierced by the thin swords behind them.

The scene was as if the bullets were hitting towards a crater.

It soon shot a hole in the top of the ice crystal wall.

"Whoosh!"

Once the ice crystal wall was shot through, the thin sword immediately came straight at Lin Ran.

Lin Ran saw a wave of his long palm and kicked the entire ice crystal wall directly towards the white-clothed swordsman.

At the same time, with a shake of the Frost Condensation Sword in his hand, several seven-coloured sword rays went straight for the thin sword.

“Bang Bang Bang!”

Everywhere the seven-coloured sword mangles passed by with terrifying power, they invariably overturned those thin swords.

At that moment, the ice crystal wall in front of the white-clothed swordsman should also shatter with a bang, and more thin swords immediately stabbed towards Lin Ran.

“Clang, clang!”

Lin Ran held the Frost Condensation Sword and kept parrying, and soon he noticed a problem.

These thin swords were powerful, but the level of cohesion was average, and they didn't seem to bring out the power of this move.

It was just an empty intention, but without the strength to back it up.

“Sword into the Dao? This is your Sword into the Dao?”

Lin Ran couldn't help but laugh as he looked at the white-clothed swordsman.

“What are you laughing at!”

The white-clothed swordsman was already suppressing a mouthful of fire in his heart when he saw that his attack strands were blocked by Lin Ran.

At this moment, when he saw that Lin Ran was actually laughing at him, he couldn't help but become even angrier.

“Your See has not even entered the Dao!”

Lin Ran said as he raised his Frost Condensation Sword high in his hand and then blasted down directly towards the thin sword in the sky.

“Bang!”

A huge seven-coloured sword aura emerged out of thin air, this wisp of sword aura was so huge that it seemed like a rainbow hanging in the sky.

Lin Ran looked at the white-clothed swordsman, his voice bland.

“Your sword technique is indeed very good, it's just a pity that you haven't entered the Dao!”

As Lin Ran's words fell, the gigantic seven-coloured sword mane had already reached the white-clothed swordsman.

Feeling the terrifying power of this huge seven-coloured sword mane, the white-clothed swordsman was also startled as his heart lifted at this point.

“Rumble!”

Suddenly, the majesty of the seven-coloured sword mane fiercely radiated out.

The next moment the thin swords that were still bursting towards Lin Ran instantly stopped.

Then, as if they were under some kind of heavy pressure, each of the thin sword arrows blew themselves up with a “bang, bang, bang”.

In the blink of an eye, three-fifths of the arrows were crushed in mid-air.

When the swords were crushed, the swordsman in white was shocked, but before he could react, a mouthful of blood spurted out, and his whole body flew out with a heavy blow.

“This is impossible, how can my sword into the dao not be able to stop you!”

The white-clothed swordsman was actually busy getting up from the ground, his eyes full of disbelief.

“There’s nothing impossible, I said your sword didn’t enter the dao!”

Lin Ran you looked at him with a bland voice.

“Impossible, absolutely impossible!”

The swordsman in white retorted.

Lin Ran saw this and smiled blandly, and did not want to say more, his hand longsword suddenly shook, actually emitted a loud and clear sword chanting sound, the next moment, a ray of seven-coloured sword aura suddenly swung out straight towards the white-clothed swordsman.

The white-clothed swordsman was about to block with his sword, but at the next moment, the seven-coloured sword aura made a strange flash and then flashed past the thin sword in the white-clothed swordsman’s hand.

In the next moment, there was a “poof” sound, and Lin Ran’s seven-coloured sword mane instantly passed through the white-clothed swordsman’s body.

Almost at the same time, Lin Ran had already arrived in front of him.

“How is this ..... possible!”

There was disbelief in Baiyun Swordsman’s eyes.

Lin Ran trend slowly raised his hand over his face, and then said in a voice that as many as two people could hear.

“Your sword is not in the dao!”

After saying this, Lin Ran gently slashed his palm, covering the white-clothed swordsman’s eyes that were filled with shock.

In the next moment, the white-clothed swordsman's entire body fell down towards the back with a thud.

The white-clothed swordsman's sword had indeed not entered the Dao.

That move of the sword entering the Dao could only be considered as some achievement in sword art, but it was not a sword dao at all, it could only be considered as a sword move.

"Big brother!"

Suddenly, an angry roar rang out violently in the distance.

Following that, Lin Ran saw that the black-clothed swordsman violently kicked Yu Chang away, followed by his entire body lunging towards Lin Ran to kill him.

"Die! Give me death!"

There was madness in the black-clothed swordsman's eyes, and the thin sword in his hand shook as it came straight at Lin Ran.

"Your brother is even my opponent, do you think you are?"

Lin Ran turned his head to look at the black-clothed swordsman, and with a swirl of his palm, another wisp of seven-coloured sword aura instantly slashed out straight at the black-clothed swordsman.

"Die! Give me yes!"

The black-clothed swordsman acted like a madman, ignoring Lin Ran's seven-coloured sword mane as he lunged towards Lin Ran.

"Bang!"

With a loud sound, the seven-coloured sword mane blasted heavily at the black-clothed swordsman.

It instantly sent him flying backwards, while a mouthful of blood directly spurted out.

"I'll kill you!"

There was anger in the black-clothed swordsman's heart, and he knew very well that he was no match for Lin Ran.

However, his anger and hatred, as well as the death of the white-clothed swordsman, had caused him to completely lose his mind, and he rushed towards Lin Ran regardless.

"Get lost!"

There was ice coldness in Lin Ran's eyes as he waved his hand and directly sent the black-clothed swordsman flying backwards with another sword swipe.

"Poof!"

Another mouthful of blood spurted out, and the swordsman in black was already seriously injured before he even got close to Lin Ran's side!

## Chapter 1539

“You!”

The swordsman in black looked at Lin Ran with anger and resentment in his eyes.

He wanted to rush up, but at this moment, he found that he couldn't actually move his body.

Meanwhile, in the Extreme Realm space.

The foreign devil was sitting on top of his black throne.

His face was as cold as water, and one of his dry palms was firmly gripped on the armrest of the throne, not saying a word but clearly in a fury.

“Fools! What two fools!”

Suddenly, the foreign devil roared and with a wave of his palm a token appeared in front of him.

There were tens of thousands of these tokens, each one marked with a person's name.

The token at the front was black in colour and was the token of a black-clad swordsman.

“A bunch of trash! Go to hell!”

With a sudden wave of his palm, all the tokens in the sky exploded with a “bang, bang, bang”.

In just a few moments, tens of thousands of tokens all exploded and smoke filled the air, but only the black token did not explode and remained suspended in mid-air.

At the same time, in front of the Snake City in the Fey Demon Realm.

The crowd of people from the Mysterious Alliance who were fighting with the enemy suddenly all changed their faces drastically.

“Get down quickly!”

The three Fire Elders on top of the city walls also noticed the change below them and busily opened their mouths to shout.

They clearly saw that there were actually tens of thousands of rays of light surfacing at the same time in the place where the battle was taking place below, and that was not self-destruction or something.

“Bang, bang, bang!”

Explosions rang out one after another in the battlefield, as if the whole earth was about to be blown apart.

One by one, the soldiers fell to the ground, but before they could react, many more were swamped by the explosions that rang out around them, leaving no corpses behind.

“What's going on?”

“What the hell is going on here?”

“My leg! Where’s my leg!”

“My arm, ah!”

The battlefield below was wailing.

“Bastard!”

Fire Elder was so angry that he slapped his hand on top of the city wall.

The three of them were located at the top to see clearly that it was the army of the foreign devils that had just exploded themselves.

There was not a single other one, all of them had exploded themselves.

At this moment, only the black-clothed swordsman was left standing not far from Lin Ran.

Lin Ran was also taken aback by this sudden turn of events.

As he looked at the wailing battlefield in the distance, his heart crumbled.

These were all his comrades in front of him, even Wang Yifeng and the others were in it.

Seeing how powerful the explosion had just been, were they alright now?

Lin Ran didn’t know, he only knew that a fire was blocking his chest at the moment, with nowhere to vent it.

“Alien Demon!”

Lin Ran looked up to the sky with bloodshot eyes.

He had seen foreign devils do whatever they could before, not even sparing their own men.

But how could he have ever imagined that the foreign devil would be so mad by now, tens of thousands of troops blowing themselves up when they said they would, not caring about the lives of these people.

And all of this was actually done so that they could kill as many of the Mysterious Alliance’s people as possible.

Lin Ran looked at the sky, but at this moment, no one was responding to him at all.

“Lin Ran be careful!”

Suddenly, the voice of Fire Elder rang out from the city walls.

At the same time, Lin Ran felt the wind howling on his side, and turned his head to see the black-clad swordsman lunging towards him at some point.

But Lin Ran clearly saw with confusion that the black-clothed swordsman’s face was filled with fear.

He looked at Lin Ran with terror in his eyes, but he didn’t say a word, as if he had been strangled and couldn’t say a word.

He quickly reached Lin Ran and opened his arms a hand to actually bear hug him.

“Lin Ran be careful, he’s going to explode himself too!”

Elder Feng had already seen what the swordsman in black was up to and immediately shouted.

However, it was already too late, as the black-shaded swordsman picked up Lin Ran and rushed towards the crowd.

At the same time, the light on his body rose greatly, and he was really going to choose to explode himself.

“Get lost!”

There was an icy coldness in Lin Ran’s eyes as he flipped his palm and his dagger-breaking tip had already appeared in his hand, rushing towards the black-clothed swordsman’s body with a flurry of stabs.

He didn’t know how long he had been stabbing, but Lin Ran only felt a sticky mess on his hand, obviously the blood from his opponent.

When he looked at the swordsman in black, he was already lying on Lin Ran’s shoulder, lifeless.

Lin Ran lifted his foot and kicked the black-clothed swordsman backwards, while at the same time, he waved his palm and a curtain of light instantly blocked his face.

But almost at the same time, a loud “bang” was heard.

The black-clothed swordsman’s entire body exploded with a terrifying wave of power, instantly sweeping Lin Ran backwards.

Some of the nearest generals also flew backwards.

They were covered in blood, like kites with broken strings.

But they weren’t the ones who were the worst off, but those who were even weaker, who were torn into pieces directly by the terrifying force almost the instant the black-clothed swordsman exploded himself, without even leaving their bones behind.

“Fey devil!”

Seeing this scene, all three of the Fire Elder were furious beyond measure, looking and the sky one could not help but want to strike.

“What? Can’t resist this anymore?”

Finally, the foreign devil spoke, his voice still hoarse and unpleasant.

But what came out at that moment was actually with some satisfaction.

It seemed as if he was very satisfied that he had lost tens of thousands of troops and black and white swordsmen, and had heavily damaged the Mysterious Alliance into such a state.

“This has only just begun, don’t be in a hurry!”

The foreign devil sneered.

“You!”

Fire Elder’s face turned red with anger at his words, and he wanted to go straight up and start a direct war with the Other Demon.

But he knew that he absolutely could not do that, and once he did, none of the generals outside the Snake City would return alive.

“Haha! The show has just begun, I have prepared a great gift for you, take your time to enjoy it!”

The foreign devil laughed wildly.

At the same time, he saw only the heavens cracking open, and in an instant a huge palm came down with a bang.

“Bang!”

This palm did not land in the crowd, instead it landed near the crowd.

“Rumble!”

Suddenly the crowd saw that where the palm had been blasted down, the earth had actually split into a huge crack.

Countless red was devil blood emerged out of thin air from the crack.

The devil’s blood kept rolling over and over, as if it was boiling water, and soon filled up the entire crack.

Many of the generals around were instantly evaporated into pieces by the hot devil’s blood, and not even dregs were left when the wind blew.

“Go back to the city!”

Lin Ran crawled up from the ground and shouted at the crowd.

At this moment, those generals who were watching with shocked faces, then one by one, they came back to their senses and ran towards Snake City.

There were hundreds of thousands of troops, but by now there were less than 150,000!

Back inside the city, looking at the generals sitting casually on the street, Lin Ran’s heart was dripping with blood.

Elder Fire and Elder Li and Elder Feng also came down from the city walls and personally bandaged the wounds of the injured generals.

It took two hours for the detailed report of casualties to be tallied up.

Looking at the statistical report, even Lin Ran couldn’t help but feel red-eyed.

From the time they entered the Fey Demon Realm until now, they had lost 200,000 soldiers!

Two hundred thousand!

“Ranzi!”

Suddenly, Wang Yifeng burst out from the side, covered in blood, his eyes flushed red and his fists clenched, as if he was suppressing the anger in his heart.

“Speak!”

Lin Ran looked at him and said in an angry voice.

“Leng Xuan he ..... him!”

Wang Yifeng gritted his teeth and finally did not say anything, but tears were already flowing down his cheeks.

Chapter 1540

“What’s wrong with him, Leng Xuan!”

Lin Ran had anger in his eyes as he grabbed Wang Yifeng’s arm.

“You ..... go and see for yourself!”

Wang Yifeng gritted his teeth and spoke, then side-stepped and moved aside.

As soon as he stepped aside, immediately Lin Ran saw Leng Zhan lying on the ground behind him, his entire body covered in bloody wounds, and his entire body was lifeless with his eyes closed.

“Puff!”

“It’s me! It’s all my fault!”

Ah Zhan fell to his knees in a flash, his head lowered as he kept sobbing, not daring to look at Lin Ran at all!

Ignoring him, Lin Ran turned and rushed to Leng Zhan’s side, raising his hand and placing it on his pulse.

Even though he had known that Leng Xuan was dead from the first moment he saw him.

But he still sent a surge of true qi into Leng Xuan’s body, hoping to see Leng Xuan come back to life.

Even if it was just a return to life?

However, there were no surprises!

There was no reaction from Leng Zhan.

Lin Ran’s tears flowed down his cheeks then.

He remembered the first time he had met Leng Zhan, when his leg was broken and he had helped him to fix it.

But now .....

“Why! Why!”

Lin Ran was like a madman, he had self-blame in his heart.

If it wasn't for himself, if he hadn't taken him down this path, perhaps he would even have a child now!

But now it was too late to say anything!

"What's going on?"

Lin Ran looked at Battle with red eyes!

"Leng Zhan is ..... It was to save me!"

Battle cried out in pain.

"I was lying on the ground and the shockwave from the black-clad swordsmen's self-detonation was so big that the sky was filled with scattered weapons and they were all washed to the point where they flew away by the shockwave!"

"I was located just on the line where they impacted, Leng Chop ..... Leng Chop to save me, he ....."

Ah Battle could no longer speak.

Lin Ran turned his head to look at Leng Zhan and finally understood why he had wounds all over his body.

He looked at Leng Xuan for a long time without saying anything, and just heaved a few taps on Leng Xuan's shoulder!

"Is there anyone else!"

Lin Ran asked with his head bowed.

"Ranzi, only Leng Xuan had an accident, everyone else is fine!"

Wang Yifeng was busy comforting him, he knew that Lin Ran was having a hard time saying anything in his heart at this time, he wanted to comfort but didn't know what to say.

"I know!"

Lin Ran nodded his head, and then said.

"You will all go and rest!"

After saying that, Lin Ran picked up Leng Zhan on the ground and then walked towards the city walls.

Wang Yifeng and the others looked at Lin Ran's back as he left, with loss in their eyes.

They knew that the pain in Lin Ran's heart was definitely no less than theirs, Lin Ran was the commander of the three armies, and the pressure he was under was the greatest among all of them.

Turning around and going up to the city wall, Lin Ran's figure gradually became illusory and eventually disappeared in place.

Inside the entire small world, apart from Xiao Jiu only Yue Bei Shan was left.

When Xiao Jiu learnt that Lin Ran had entered, she hurriedly ran over, but when she saw the corpse Lin Ran was holding in his hands, she instantly understood everything.

She had seen Leng Zhan several times and knew that this was her brother's good brother.

But now.

"Brother, why don't we bury it next to sister Xu Yuan!"

Xiao Jiu spoke with red eyes, Lin Ran's appearance made her heart ache.

"No need!"

Lin Ran shook his head and walked straight ahead, as if he was a walking corpse.

Xiao Jiu quietly followed behind him, not daring to say more.

The two of them walked in one direction.

Soon a cliff appeared ahead, with a waterfall falling from above.

And on the bank of the river, there was this thatched hut, and at that moment Yue Bei Shan was lying on a deck chair, not moving a muscle as he looked at the waterfall in front of him.

"I saw that he was bored in the thatched hut all day, so I sent him here, it was better to see the waterfall before he died than to die of boredom!"

The Pillow Book suddenly appeared next to him and whispered.

"Let's give him one too!"

Lin Ran looked at the waterfall in front of him and spoke.

The pillow side book did not speak, and with a wave of his palm another lounge appeared next to Yue Bei Shan.

Lin Ran placed Leng Zhan on the recliner, and then patiently helped him fix his clothes and bandage his wounds, as if Leng Zhan had just fallen asleep and would wake up later.

"He ..... is already dead, you ..... again. .... Why bother!"

Yue Bei Shan's weak voice came from next to him, he had to pause for a long time for every word he said, obviously his consciousness was already fading and he had to think for a long time before he could speak.

"He's my brother!"

Lin Ran didn't look at Yue Bei Shan as he blandly returned a sentence.

And then from his arms, he fished out a roll of silver needles.

"Ranzi!"

Seeing this, Pillow Book spoke up and shouted, with doubt in his eyes.

Leng Zhan was already dead, so what was Lin Ran doing here? Give him acupuncture?

Lin Ran didn't say anything and quietly took out seven silver needles before dropping seven needles on top of Leng Zhan's forehead.

"What is brother doing?"

Xiao Jiu looked equally puzzled and was busy asking the pillow beside him.

"Ai!"

Pillow Book shook his head helplessly and said.

"He's sealing Leng Xuan's seven orifices!"

"Why are you sealing his seven orifices?"

Xiao Jiu asked in confusion.

"The seven orifices are the entrances and exits between a person and the outside world together, and a person's corpse will quickly decompose after death, so he probably wants Leng Xuan to survive for a few more days!"

Pillow Book said helplessly.

As he spoke, Lin Ran had already pulled out the silver needle before retracting it into his chest.

"You're going to let me stay with a dead man?"

Yue Bei Shan looked at the waterfall in front of him and said somewhat speechlessly.

He didn't expect that the person who would accompany him before he died would actually be a dead person that he didn't even know.

Lin Ran smiled and looked at him, and then he actually took out the silver needle that he had retrieved from his chest again and placed it on the table between the two of them.

"You don't have much time left either, give yourself a few needles before you die, you can still stay for a few more days with your seven orifices sealed!"

Lin Ran said.

"People are already dead, is it useful to stop the corpse?"

Yue Beishan laughed bitterly.

Lin Ran shook his head at his words, looked at the waterfall in front of him, and spoke.

"He's my brother! I want him to watch with his own eyes and see the day when I take revenge for him!"

"Haha! What if you can't get your revenge? Are you going to let me lie here with him for a few hundred years?"

Yue Bei Shan laughed with difficulty.

Lin Ran also revealed a bitter smile and said.

“It won’t be soon, the duel will be coming soon, either I take revenge for him or I’ll come and accompany him too!”

Lin Ran said and took one last look at Yue Bei Shan, turning around and leaving the place.

Yue Beishan didn’t say anything either, he just quietly looked at the waterfall in front of him, and it was only after half a day that he trembled and picked up the silver needle next to him.

And then carefully dropped seven needles on his forehead!

As the silver needles fell, Yue Bei Shan also slowly closed his eyes, and before he closed them he opened his mouth and said to himself.

“I hope you won’t let me down! I can see you kill the foreign devil with my own eyes!”

After saying this, Yue Bei Shan’s palm also dropped down.

The whole small world soon fell into silence again, and Xiao Jiu went back to his castle.

And in front of the waterfall, Yue Bei Shan and Leng Zhan were lying side by side on the cushioned chairs, facing the waterfall, seemingly waiting to see the scene where Lin Ran killed the foreign devil to avenge them.
