Chapter 1541

Southern Border Snake City.

Originally the lair of Snake King Hei Jin, after Hei Jin was killed by Lin Ran, this place was once controlled by the Snake King's men.

But with the Sky Wolf King and Sky Crocodile King also falling in Lin Ran's hands one after another, this place was not completely secured in the end.

In particular, after the foreign devil came out of the gate later, he did not intervene in the affairs of this place.

For a time, this place was thrown into chaos.

It was not until three years later when the foreign devils started the war that the generals of Snake City were put on the battlefield from scratch.

Before the Dragon Family entered the Blood Road, this place was once occupied by cultivators from the Alien Demon Realm.

And to this day, it remained a ghost city that no one wanted, temporarily used as a stronghold by the crowd of the Mysterious Alliance.

On the walls of the city, Lin Ran appeared out of thin air. He looked at the busy people in the streets below, and the screams that were not coming from them, and he had mixed feelings in his heart.

The losses in this battle were so heavy that even Leng Xuan .....

Lin Ran did not know how many more people he would have to face leaving next, or even himself.

But he knew that this great battle could not be stopped, let alone surrendered, and if he surrendered only more people would die afterwards.

The night slowly fell, leaving the entire Snake City shrouded in darkness.

Only in front of the Snake City, a shocking rift still emitted a red light, in which the devil's blood tumbled as if forming a red river of lava, blocking the front of the Heavenly City.

And this red light was emanating from the red demon blood in the river.

Lin Ran sat alone on the city wall drinking sullen wine without saying a word.

Today's war had left his entire being in an unusually low mood.

"Kid, although it's a bit cruel to come out and disturb you now, you must adjust your mood as soon as possible, the great war isn't over yet!"

The pillow suddenly appeared and stood aside and said.

"I know the great war isn't over yet, but tell me, how should I adjust my emotions?"

Lin Ran poured a mouthful of wine and said blandly, his gaze still looking at the crack in the ground outside Snake City in the distance.

“Ai! You’re really similar in nature to the Immortal Emperor back then!”

The Pillow Book sighed helplessly and said.

“Back then, the Immortal Emperor had also faced the departure of his life and death brothers, but compared to you he was quite relaxed!”

“I remember the Immortal Emperor recorded that at that time his brother died to save him, and the then Immortal Emperor didn’t even have time to reminisce, the Immortal Emperor fled for two months before shaking off his enemies!”

“A year later, the Immortal Emperor made full progress in his cultivation and killed back, not only killing the enemy, but also finding the bones of that brother of his back then!”

“Unfortunately, by the time he found it, the corpse was already in tatters!”

Speaking of this, the pillow book also could not help but pour in a mouthful of wine, and then said.

“He may be luckier than you, at least he didn’t have time to feel bad when it was hardest!”

“But how can you not be, at least you can still collect your brother’s corpse with your own hands!”

Lin Ran smiled a bitter smile at his words and didn’t answer, he just silently looked at the earth ahead of him.

All night long, Lin Ran sat here for the entire night.

It was only when all the wine beside him had been drunk that he saw the white of a fish’s belly appear in the distant sky.

“The sky is dawning again!”

Looking at the fish-belly white in the distance, Lin Ran revealed a bitter smile, and then got up to prepare to go back.

It was dawn, and a new battle would begin again.

“Hmm?”

Suddenly, Lin Ran’s afterimage saw that against the rising sun, there was a figure on the distant horizon that was actually rushing towards Snake City quickly.

And that figure looked somewhat familiar.

Lin Ran shook his head off, thinking that he had been drinking too much and was hallucinating.

But when he looked at it again, he saw that it was indeed a familiar figure that was rushing towards Snake City.

As expected, in just under ten minutes, as the sky was completely bright, a figure had already rushed up under the city walls.

“Ranzi! Liu Feng is here!”

Wang Yifeng said as he quickly rushed over.

“Liu Feng?”

Lin Ran was stunned at the words, and his heart suddenly jumped.

“How did he come to the Fey Demon Realm!”

Lin Ran’s heart tightened up while carrying doubts.

Before they left, Elder Feng had clearly told Liu Feng to guard Heavenly City, and for safety’s sake, Lin Ran had even left Song Nuan and the others behind in Heavenly City.

But how did Liu Feng, who was now guarding the Heavenly City, come to the Fey Demon Realm.

“Go!”

Lin Ran was worried about the safety of Song Nuan and the others in his heart, and immediately led Wang Yifeng towards the place where Elder Feng and the three others were.

Just a few moments later, he arrived at this place.

As soon as he entered this temporarily repaired hall, he saw Liu Feng kneeling on the ground.

“General Liu Feng!”

Lin Ran was busy walking up, and immediately saw that Liu Feng was covered in blood, with some of his wounds even revealing gnarly white bones.

“What’s going on?”

Lin Ran looked at Liu Feng and was busy asking.

Liu Feng wiped the blood from his face and looked at Lin Ran with a hint of guilt in his eyes.

“Brother Lin Ran! I was just about to report to Elder Feng!”

Liu Feng said and looked at Elder Feng.

“Just last night, the foreign devils sent people to attack Heavenly City, and the defending generals ..... were all killed in action!”

Liu Feng said and couldn’t help but lower his head, his eyes filled with self-blame.

“What did you say?”

Lin Ran’s face instantly turned pale at his words!

He rushed forward with a single step and grabbed Liu Feng’s collar, and Wang Yifeng beside him listened with an even paler face as he rushed at Liu Feng and questioned him.

“Where is Xiao Cui!”

“Where are they!”

Lin Ran was equally pale as he grabbed Liu Feng and questioned.

“They ..... They ..... They’ve disappeared!”

Liu Feng bowed his head, with tears in his eyes.

“Last night I found out that something was wrong and that there was a sneak attack by troops of foreign devils, so I immediately arranged for someone to send them out!”

“Later, I led my generals to fight to the death, and I didn’t see them again!”

“But then, Heavenly City was lost, and I, Liu Feng, got out alive entirely because those brothers who lived and died gave their lives for me!”

“I originally wanted to commit suicide to thank you, but when I thought that you guys didn’t know the situation yet, I rushed over here in the night.”

Liu Feng spoke in agony.

Wang Yifeng had already turned around in a hurry and was about to go back, but fortunately he was stopped by Lin Ran.

“Wait!”

Lin Ran pulled Wang Yifeng back while looking at Liu Feng.

“After we came in, the blood path was already closed, how did you get in?”

Liu Feng was stunned at his words, and then said.

“The blood path wasn’t completely closed, I found a small path leading in after I entered the blood path, so I ran over!”

Lin Ran looked at Liu Feng as if he was thinking, his face was hard to read.

“That’s right!”

Liu Feng suddenly said again.

“I also escaped from behind Heavenly City, and on the way I saw ..... saw the guards who escorted Song Nuan and the girls out, only those guards were already dead!”

“So ..... What happened to Song Nuan and the others, I don’t know!”

“Ranzi! I want to go back! I want to go back!”

Wang Yifeng looked at Lin Ran with anxiety and worry in his eyes.

“I want to go back too! But what about the Mysterious Alliance if we leave!”

Lin Ran grabbed Wang Yifeng and said.

“I don’t care! If Xiao Cui dies, I won’t live!”

As soon as Wang Yifeng broke away from Lin Ran, he turned around and was about to leave.

Lin Ran saw this and shouted.

“Calm down, if it’s true that the Other Demons have captured her, then she’s in the Other Demon Realm now too! You won’t be able to find anything at all if you go back!”

Chapter 1542

Wang Yifeng was stunned at the sound of his words, and sat down on his butt.

Yes, Lin Ran was right, if it was really the Fey Devil’s doing, then there were only two possibilities for Song Nuan and the others at this point!

The first was that they had safely left the Skywolf Domain, and the second had been captured.

“Liu Feng!”

Wang Yifeng suddenly stood up from the ground and looked at Liu Feng, his eyes filled with anger.

“Flutter!”

In the face of Wang Yifeng’s anger, Liu Feng actually knelt down directly.

“If you want to do it, do it, I, Liu Feng, know that I am ashamed of the Mysterious Alliance, and even more so of you and Lin Ran, so I am at your disposal if you want to kill me or not!”

Liu Feng said indifferently, with tears in his eyes, clearly desperate.

“If I kill you! If my Xiao Cui can come back, I will kill you!”

Wang Yifeng said angrily.

Lin Ran stopped Wang Yifeng and turned his head to look at Liu Feng.

But after looking for a long time, Lin Ran did not say the words that were in his heart, and he knew that asking any more would no longer help.

“Liu Feng! You get up first!”

Elder Fire suddenly spoke.

“No! Fire Elder, just punish me, even if you give me a few slaps, I’ll feel better inside!”

Liu Feng looked up at Elder Fire with tears in his eyes, and his hands were clutching so hard that they had already scratched blood out of his palms.

“Ai!”

Fire Elder sighed helplessly and got up in front of Liu Feng, raising his hand in preparation to help him up.

Things were already like this, so instead of blaming Liu Feng here it was better to think about what to do next.

The foreign devil had sneaked up on the Skywolf Domain, how did he sneak up on it! After all, the Blood Road had been sealed, even if there was a passage left.

But the foreign devils had made such a big move, and they were right in Snake City not far from the entrance to the Blood Road, so it was reasonably impossible that they hadn't noticed.

Moreover, there were so many people in Heavenly City, and when Lin Ran had left, he had even asked everyone in the Chao Heavenly Pavilion to stay behind, and the strength of all the elders of the Chao Heavenly Pavilion would not be inferior to Liu Feng if any one of them was chosen at random.

Could they all have died?

Lin Ran felt in his heart that it was unlikely, the only five Chao Heavenly Pavilion elders left in Tiancheng were the Grand Elder and the Eight Elders, and there were three others who were doing manoeuvres in Wu Zhen.

If they had received news that something had happened in Tiancheng, they would definitely be the first to enter the Skywolf Domain to fetch Song Nuan and the others out.

But now, the only news Liu Feng had given them was that one of the guards escorting them out had been killed!

Up to now, they didn't even know if Song Nuan and the others had left safely or if they had already met with misfortune.

"Don't blame yourself either, war is like that, no one can think of what will happen next!"

Fire Elder persuaded Liu Feng as he helped him up from the ground.

Liu Feng listened but blamed himself more than tears, even his body was a bit trembling and unstable.

"All right! Big man crying and crying!"

Li Lao saw the situation and said with some displeasure.

Liu Feng wiped his tears, however, his feet were weak and he was about to fall down.

"Be careful!"

Seeing this, Elder Huo quickly reached out and pulled Liu Feng's hand.

At this moment, Lin Ran and the others also looked over, with some doubts in their hearts.

Could it be that Liu Feng was still seriously injured?

A cultivator, even if he hadn't defended the Heavenly City, he wouldn't be so excited that he couldn't even stand up!

But if he had been seriously injured, Lin Ran should have noticed it before, but from the time he came in until now, Liu Feng didn't look like he had been seriously injured.

There were only many superficial injuries.

Just when Lin Ran was wondering in his heart that Liu Feng's behaviour today was a bit abnormal.

Suddenly, he saw a cold glint in Liu Feng's eyes, and the next moment he was grabbed by Fire Elder's hand, he violently broke free and actually held Fire Elder's hand back.

The other hand instantly slapped towards Fire Elder's abdomen.

"Be careful!"

Lin Ran saw this and spoke up to warn.

But it was already too late, the distance between the two was too tight.

As soon as Liu Feng's hand shot out, the Fire Elder sensed the danger and broke free from Liu Feng's restraint and retreated at the same time.

But who knew that the Fire Elder had dodged Liu Feng's palm, but he hadn't even expected it.

In Liu Feng's sleeve robe, a dagger with a cold aura suddenly emerged.

The dagger was silvery white in colour, and only the tip was blood red.

The moment it appeared, there was a "poof" sound, and the tip of the dagger had already penetrated into the abdomen of Fire Elder.

"Get lost!"

Fire Elder was furious and raised his hand to send Liu Feng flying out of the room.

"Fatty!"

Lin Ran shouted and whirled around, already rushing towards Liu Feng.

On the other hand, Wang Yifeng closed the door of the hall with a bang, and then guarded the door to prevent Liu Feng from breaking the door and escaping.

"Liu Feng, you!"

At this moment, Elder Li and Elder Feng also stood up and quickly rushed to the side of Elder Fire to help him check his injuries.

"Haha! The bitter meat trick, it really works!"

Liu Feng was forced to stand in the corner by Lin Ran, with madness in his eyes.

"Why did you have to do that!"

Lin Ran's fists clenched as his gaze stared deadly at Liu Feng.

Although the dagger Liu Feng had just stabbed at was Fire Elder, the trend seemed to have stabbed at Lin Ran's chest as well.

That was a desperate stab.

If Liu Feng wasn't a traitor and what he said was true, at least Lin Ran would still have something to think about, praying that Song Nuan and the others had all left the Skywolf Domain safely!

But with this dagger thrust, he had already understood that Song Nuan and the others had already met an untimely end.

And the culprit was himself, who had left them in the Skywolf Domain, in the place governed by this traitor Liu Feng!

“Traitor! Why do you have to be a traitor!”

Lin Ran looked at Liu Feng, his whole body trembling with rage.

“Why do you want to be a traitor? Those who know the times are wise, with just three of them old bastards, they still want to fight with Lord Fey Demon!”

Liu Feng had disdain in his eyes.

Lin Ran didn’t say a word when he heard this and rushed in front of Liu Feng with a single arrow step.

“Get lost!”

Liu Feng raised his hand to block, however, he was slapped by Lin Ran and slammed his arm directly against a wall.

Lin Ran raised his hand and grabbed Liu Feng’s neck, his eyes filled with an unconcealed killing intent and anger.

“Speak! Why did you mutiny! Why!”

Lin Ran looked at Liu Feng with an incomparably angry voice.

“Huh! Is there any point in talking about this now?”

Liu Feng laughed coldly.

“I dared to come, I was already prepared for certain death, I know you are worried about those Song Nuan people!”

“I can tell you, you’ll be able to meet them soon! Hahaha!”

Liu Feng laughed wildly.

Lin Ran had a cold aura in his eyes and was just about to make his move when Liu Feng in front of him suddenly burst into light and was actually about to explode himself!

“Ranzi told me to kill him!”

Wang Yifeng was furious at hearing this and was just about to rush up when he saw Lin Ran turn around and pounce him to the ground while shouting.

“Get down! He’s going to explode himself!”

Fire Elder and the others hurriedly retreated one by one at the sound of his words, as Wind Elder took an arrow step to block in front of Fire Elder, before a layer of white light instantly blocked the crowd with a wave of his palm.

“Boom!”

In the next moment, a terrifying force instantly swept away with Liu Feng at its centre, blasting the entire temporarily repaired hall into pieces.

The dust quickly settled, and as the crowd looked at the ruins in front of them, Elder Fire could not help but say.

“I didn’t expect that even Liu Feng had defected!”

Lin Ran helped Wang Yifeng stand up and looked at the place where Liu Feng had stood before and said icily.

“He’s not Liu Feng anymore!”

#### Chapter 1543

Liu Feng’s mutiny was something that many people did not expect, including Lin Ran.

It could be said that Liu Feng was only able to get to where he was today because of Lin Ran, but no one had expected the outcome to be like this.

At the beginning, because of Long Mo’s suppression and frame-up, it caused Liu Feng to be trapped in the dungeons of the northern city of Tiancheng for so many years.

It was even questionable whether he would come out alive at that time.

That was until Lin Ran appeared and saved him and those of his brothers.

However, who knew that Liu Feng, who came out when Lin Ran did, would now choose to be a traitor as well.

But when he thought about it, he was relieved, Liu Feng’s mutiny was probably a predetermined outcome many years ago.

Imagine being held in a dark dungeon for years, facing occasional attacks from the enemy, and not being able to eat the next meal.

At that time, Liu Feng and his brothers did not even know if they would be able to get out of the North City dungeon alive, let alone face the temptation of the foreign devils.

I’m afraid that no one else would have been able to carry the weight of that time of rebellion.

It’s just that even Lin Ran didn’t expect that Liu Feng would be so able to hold back, perhaps because the foreign devil was so good at hiding.

It was only until now that Liu Feng, a pawn that had been hidden for so long, was activated.

But all the same, if Liu Feng defected, then Song Nuan and the girls would only be in more danger.

“Ranzi!”

Wang Yifeng turned his head to look at Lin Ran.

Lin Ran patted him on the shoulder.

Wang Yifei knew that Lin Ran was in a lot more pain than himself at this moment, he could still cry to Lin Ran, but who else could Lin Ran turn to?

“Lin Ran!”

Elder Feng suddenly spoke up and looked at Lin Ran, with worry in his eyes.

“I know what’s important!”

Lin Ran said indifferently, and then turned his head to look at Elder Fire.

“How are the injuries?”

Lin Ran forced down the worry in his heart for Song Nuan and the others and asked.

“This dagger is so poisonous that I couldn’t even suppress it with my Dao Fire just now!”

Fire Elder said, while also coughing dryly twice.

“Let me take a look!”

Lin Ran spoke, while stepping forward to take Fire Elder’s pulse.

Although the Fire Spice trio was powerful, there was no one more powerful than him in the crowd when it came to curing a hundred diseases and saving people.

After taking his pulse for just a moment, Lin Ran’s brow furrowed.

“What’s wrong?”

Elder Fire asked busily.

“This is Red Cold Poison!”

Lin Ran said in a cold voice.

“Red Cold Poison!”

The three Fire Elders were stunned at the words, they hadn’t heard of this poison at all before.

“Is this poison good enough to save?”

Elder Feng asked busily.

In the final duel with the foreign devil, the three of them would need to fight with all their might, but now Elder Feng was injured and poisoned, which would definitely affect the final duel.

“The normal red cold poison is easy to uncover, but there’s no way to cure this one planted by Fire Elder!”

Lin Ran frowned and said.

“Why is there a way to cure it?”

The three Wind Elders all loved Lin Ran, with anxiety in their eyes.

If the poison in Fire Elder's body could not be solved, it would definitely affect the final duel, and it was possible that the Mysterious Alliance would be destroyed if they were not careful.

"This Red Cold Poison used Liu Feng's life as the trigger! It can only be cured unless he is used, but now ....."

Lin Ran sighed helplessly.

This Red Cold Poison, Lin Ran had seen it several times before, but those who were poisoned were all poisoned themselves.

Fire Elder, on the other hand, was different from them.

This was because this poison had been planted on Liu Feng, and Liu Feng had sent the poison into Fire Elder with the help of his own life.

When Lin Ran used to give Ling Sa an antidote to this poison, he used the living wood stealing method.

It was tantamount to letting the living wood bear this toxin instead of Ling Sa.

Liu Feng's move, on the other hand, was to directly treat the Fire Elder as a living human wood, grafting his own toxin onto the Fire Elder.

In turn, he himself chose to explode himself, and this toxin remained completely within the Fire Elder, and it was simply impossible to dispatch it. ,

"No wonder he chose to commit suicide, so it was calculated from the start!"

After hearing Lin Ran's explanation, Elder Li couldn't help but sigh.

"No matter, I've sealed this poison inside my body, I think it shouldn't affect the duel, and we don't know exactly when the foreign devil will launch the duel, for the time being there's still time to slowly research a way to break this toxin!"

Fire Elder reassured the crowd.

Lin Ran, however, felt that things wouldn't be so easy, the foreign devil had used Liu Feng at this time, and had to injure Fire Elder even at the expense of exposure, so perhaps he was already prepared for the duel.

"Report!"

Just when everyone's heart was a little heavy, suddenly outside was the sound of a general's announcement.

"The three elders are in trouble! A rift has appeared in the Demon Blood Rift outside the city."

"A rift?"

The crowd was stunned at the words, and then one by one, they quickly rushed towards the city walls.

As soon as they reached the city wall, the crowd saw that on the ground in front of them, a vortex had actually appeared on the crack with the devil's blood filling it.

The vortex was three to four metres high and looked extremely bizarre.

"When did it appear?"

Elder Fire was busy turning his head to look at the generals at the side.

"Just a few minutes ago!"

The general said busily.

The Fire Elder and the three men looked at the vortex at his words, with doubts in their eyes.

They didn't know why such a vortex had appeared outside Snake City at this time.

What the hell was the foreign devil up to.

"Lin Ran!"

Suddenly, a voice exploded in the sky, causing the crowd to be startled.

Who else could this voice be if it wasn't the Other Demon's.

"Alien Demon! What the hell do you want!"

Lin Ran looked up at the sky while questioning.

A shocking scene soon appeared.

There was a lot of black air appearing in the sky, and the black air quickly coalesced to form a figure, if it wasn't a foreign devil or someone else.

The demon in the sky was covered in a black robe, so no one could see his true face clearly.

The foreign devil looked down below and his voice was tinged with a cold laugh as he said.

"It's been a long time! Lin Ran you've really surprised me, it's only been so long! How dare you even manage to kill my Black and White Swordsman!"

"Evil cannot overcome good! Sooner or later, you'll have to die too!"

Lin Ran looked at the foreign devil in mid-air, his voice icy cold.

"Alien Demon! Where's Xiao Cui! If you dare to hurt her Fat Master, I'm not finished with you!"

Wang Yifeng, however, didn't care about that much, and pointed at the half-air foreign devil and cursed!

"Haha!"

The foreign devil laughed at his words, and turned his head to look at Lin Ran.

"What? Aren't you worried about Song Nuan and the girls?"

Lin Ran's heart went cold when he heard this, the foreign devil had obviously already known about Song Nuan's relationship with himself when he said this.

"What exactly do you want!"

Lin Ran looked at the foreign devil and said in a cold voice.

"I don't want anything, I came to find you this time! It's to reunite you!"

The foreign devil laughed coldly, and immediately saw him wave his palm, and a strand of black Qi filled out and shot out onto the vortex below.

A ripple emerged from the vortex and quickly swallowed up the black Qi.

However, the next scene that appeared made Lin Ran's whole body fall into an ice cave.

Wang Yifeng, who was at the side, was so angry that he wanted to jump off the city wall.

In the middle of the vortex, there was an endless sea of blood.

At this moment, a huge figure was standing in the middle of the sea of blood, his whole body was shrouded in black Qi, and a huge monster face was devoid of life, it was exactly what Lin Ran had seen in the sea of blood, the Blood Sea Demon Law.

Beside him, a stone pillar was standing in the sky, which was as thick as a needle in the sea of blood.

On the stone pillar, there were figures tied up, and they were Song Nuan, Qin Bing, Xiao Cui and others.

They were tied to the stone pillar as if they were a bunch of grapes, each with panic and fear in their eyes.

Chapter 1544

"Fey devil!"

Seeing this scene, Lin Ran's entire being instantly became enraged, and with a flip of his palm the Condensing Frost Sword had surfaced.

At this moment, the entire Frost Condensing Sword was trembling, emitting a series of sad cries.

"Lin Ran calm down!"

Elder Feng, who was at the side, busily raised his hand to hold Lin Ran down.

"Calm down! How can I be calm!"

Lin Ran said angrily, he could not wait to rush straight into the whirlpool at this moment.

"You have to calm down even if you can't, am I not heartbroken and anxious? But the fate of the entire Earth is at stake now, we can't be impulsive!"

Elder Feng said in an angry voice.

Lin Ran sniffed and looked at him, a hint of something different flashing in his eyes.

“You know him!”

Lin Ran suddenly spoke.

He said that “He!” Naturally, he was referring to the Blood Sea Demon Law.

A trace of desolation flashed across Elder Feng’s eyes as he patted Lin Ran’s shoulder and said.

“He’s my son! Can I not know him! Blood is thicker than water, even if he turns out to be what he is now, I can still recognise him!”

Lin Ran fell silent, the anger in his eyes gradually being replaced by reason.

Yes! Was Elder Feng really in a more relaxed mood than himself when he looked at the demon lord in the sea of blood? But then he was able to keep his sanity.

In fact, if he thought about it carefully, if Elder Feng really went as mad as he did, would he really be able to save his son?

It turned out to be inevitably impossible, and he alone was no match for the foreign devil.

That was why he had held back for so long, waiting for the day when he could save his son!

“Alien Demon! What the hell do you want!”

The fire elder looked up at the foreign devil with an angry voice.

Seeing that Lin Ran had actually regained his senses again, the foreign devil was clearly a little upset and said in a cold voice.

“What else can I do, naturally I want to reunite little friend Lin Ran with his girlfriend!”

The foreign devil said with a wave of his palm.

Instantly an incense stick flew out of his hand and was then stuck straight in front of that vortex!

“This pillar of incense can burn for twenty-four hours! After twenty-four hours, if you still don’t enter the vortex, I will kill them!”

The foreign devil looked at Lin Ran and sneered.

“How dare you!”

Lin Ran’s eyes tightened in pressure and his entire body’s aura unconsciously exploded out, he strongly suppressed it, which prevented his half-step Extreme Realm strength from showing through.

“Why wouldn’t I dare? If you don’t believe me, you can try!”

The foreign devil sneered.

“You!”

Lin Ran was so angry that he gritted his teeth, and immediately prepared to jump off the city wall and rush into the vortex to save the others.

On the other hand, Wang Yifeng at the side had already pressed on and wanted to rush down.

“Lin Ran! Calm down, this is clearly a plot by the foreign devil!”

Old Li was busy speaking up to persuade.

“That’s right!”

Not only did the foreign devil not retort at his words, but he laughed instead.

“But you’re wrong about one thing, this isn’t a conspiracy on my part! It’s a Yang conspiracy!”

Said the foreign devil, turning his head to look at Lin Ran and laughing.

“It’s up to you whether you enter or not! You only have twenty-four hours, think about it yourself!”

After saying that, the Other Demon’s body shook violently and instantly dissipated into a wisp of black smoke in its place.

“Alien Demon!”

Lin Ran watched the foreign devil slowly dissipate, and his fists involuntarily clenched together.

He really wanted to rush in.

But he also knew that this must be a trap that the foreign devil had set for himself, a trap that he had to go in.

The foreign devil had eventually left, just as he had appeared, without the slightest hesitation.

“Ranzi!”

Wang Yifeng suddenly looked at Lin Ran, his eyes bloodshot.

Lin Ran knew that he really liked Xiao Cui, but how could he not really like Song Nuan himself.

“Don’t worry, I’ve already saved them!”

Lin Ran said through clenched teeth, and then turned his head to look at Elder Feng and the others.

“First thing tomorrow morning, I’ll set off! I’ll give you all one night to prepare!”

After saying that, Lin Ran went straight back to where he was resting.

“You!”

Fire Elder saw this and wanted to say something, but he was stopped by Wind Elder.

“Why are you stopping me!”

Fire Elder said a little angrily at this.

“This is clearly a trap set by the foreign devil, it’s not time for a duel yet, if he enters that vortex, what else can the foreign devil do when he sends someone to attack us apart from directly initiating a duel?”

“So what?”

Feng Lao actually retorted in an uncharacteristic manner.

“Lin Ran is a human being too! And don’t you forget that it’s already the last line for him to rejoin the Mystic Alliance, what right do we have to demand that he must put the greater good first!”

“Yes!”

Li Lao on the side couldn’t help but sigh as well.

“If Lin Ran hadn’t returned, it’s questionable whether our Mysterious Alliance would have lasted until now, he’s already given enough!”

“Now in the face of his most important person being captured, he still managed to give us a night to prepare, that’s already considered benevolent!”

“But!”

Elder Fire wanted to say something else, but the words never came out of his mouth.

“That’s all! Let the duel be a duel!”

Fire Elder gritted his teeth and said.

In his heart, he was only worried that since he was now poisoned by the Red Cold Poison, if he really started a duel, the Mysterious Alliance’s hope of winning was too slim.

“Let’s hurry up and prepare! I’ll go and talk to Lin Ran again in the evening!”

Elder Feng spoke, and then also walked down the city wall.

Elder Feng and Elder Li sighed helplessly and had no choice but to follow.

Lin Ran’s last words before he left were obviously his last line, this time he had to go in!

But Lin Ran, having returned to his place, went straight up to the city wall, his gaze motionless as he looked at the incense in front of the vortex outside the city.

He knew that when the incense really burned out, if he hadn’t entered the vortex, the foreign devil would really kill Song Nuan and the others.

Lin Ran was looking at the incense while drinking a sultry wine.

Wang Yifeng was not even close to him, standing alone in his resting place at the moment,? likewise looking at that incense with a deadly gaze.

Behind that incense was carried not only the people Lin Ran cared about, but also the people he cared about.

Lin Ran just drank the wine, from day to day and into the night.

Even though the wine could not make him drunk at all, he still drank it, because at this time it was the only thing that could make the torment he was enduring in his heart lessen a little.

The sun was setting and soon it was evening.

Lin Ran was still sitting alone on the city wall, he had not slept all night last night and tonight was destined to be another lonely night.

“Lin Ran!”

Suddenly, a voice rang out from beside him.

Lin Ran didn't turn his head to look, he knew that the person coming must be Elder Feng.

Seeing this, Feng Lao didn't say much and sat down next to Lin Ran, sighing and saying.

“We have already set up a great formation within Snake City, allowing Qibla to take over your position as Commander of the Three Armies for the time being!”

“But you should also be aware that once you go inside that vortex, I'm afraid that the foreign devils will launch an offensive against Snake City!”

“I don't want to discuss this!”

Lin Ran took a sip of wine and spoke.

“I, Lin Ran, ask myself if I can afford the Mysterious Alliance, and now that Song Nuan and the others have been captured, I can only go and save them!”

“I understand!”

Elder Feng nodded his head before saying.

“I'm not here to stop you this time, but there's something I want to ask you!”

With that, Elder Feng flipped his palm, and a long sword with a cold glow actually surfaced in his hand.

Chapter 1545

Lin Ran turned his head to look at the long sword in Elder Feng's hand.

He saw that it was a sword with a silver light all over, and it looked no different from an ordinary longsword.

If there was a difference, it would be that there was a thin line in the middle of the fitness of the longsword.

The thin line was also silver, and Lin Ran took a closer look and discovered that it was actually a pit, divided into two parts, the top and bottom.

Each part was in the very middle of the sword, except that in the middle part, it was broken by a circular gap.

The gap was so large that it looked like a circle had been forcibly dug out in the middle part of the sword.

“This is the Wind Dust Sword! My own sword, which has been with me for most of my life!”

Elder Feng stroked the Wind Dust Sword as if he was stroking his own child.

“This Wind Dust Sword, which originally had a Wind Dust Pearl on it, was only later given to my son as a gift when he was born!”

“Speaking of which, my son’s name is Wind Dust! It was also named after this sword!”

Elder Feng said as he handed the Wind Dust Sword to Lin Ran.

Lin Ran was thoughtful as he took the Wind Dust Sword and placed it in his hand and stroked it twice, and an old, ancient aura greeted him.

“It’s a good sword!”

Lin Ran spoke.

“Back then, when my son was only six years old, he clamoured that he wanted this sword in the future, and I promised him that I would give it to him when his strength reached the Realm of Creation at the age of twenty!”

“It’s just a pity that when he was nineteen years old, he mistakenly entered the Fey Demon Realm!”

Elder Feng said with memories clearly in his eyes.

“Elder Feng!”

Lin Ran looked at Elder Feng somewhat helplessly.

“I’m sorry! I originally wanted to come and comfort you, but instead it turned out to be for you to comfort me!”

Elder Feng said as he wiped his eyes that were a little red.

Lin Ran smiled and prepared to return the Wind Dust Sword to Elder Feng.

Instead, Elder Feng hurriedly waved his hand and said.

“You’re going to enter the vortex first thing tomorrow morning, so take it with you!”

“Why?”

Lin Ran asked, puzzled.

“This sword should have been given to him a long time ago! Unfortunately, this is the situation now!”

Elder Feng said, a hint of helplessness flashing in his eyes.

“If he tries to stop you tomorrow, you can use this sword to fight him! Even though he is my son, if he really loses his mind completely and is used by the foreign devil, I will not let him go!”

“Then why did you .....”

Lin Ran had just reached the middle of his sentence when he stopped.

He understood Elder Feng’s meaning, and his helplessness.

As a father, who could really lay hands on his own son and decapitate him.

Even though Elder Feng was one of the three elders of the Mysterious Alliance, he was still just an ordinary father when it came to this issue.

If he was really put up against the Blood Sea Demon Law, he might not be soft, but without going that far, who could really be ruthless enough to strike out at his own son!

This was too cruel for a father!

“I understand!”

Lin Ran nodded and gently stroked the Wind Dust Sword for a moment before putting it away.

“Alright! I’ve said all that needs to be said, take care of yourself in your line tomorrow!”

Elder Feng got up and said.

Lin Ran nodded, a complex emotion in his eyes.

“By the way!”

Elder Feng suddenly remembered something and spoke.

“But where he still has a trace of spiritual wisdom, I hope you can help him!”

After saying this, Elder Feng rushed towards Lin Ran and gave a respectful salute.

Lin Ran looked at Elder Feng without speaking, he knew that this was Elder Feng’s last hope.

But as long as that Blood Sea Demon Luo still had a bit of Feng Chen’s spiritual intelligence, Elder Feng did not want to give up, that was his son after all.

Elder Feng then left.

Lin Ran looked at the incense outside the city walls and drank sullen wine alone.

Not knowing how long had passed, the noise around him soon quietened down.

The entire Snake City seemed to be Lin Ran’s only one at this time.

He quietly looked at the incense in front of him, slowly burning and shortening in length a little.

At this moment, Lin Ran actually suddenly felt that the Dao Seed of the Healing Dao within him suddenly trembled.

Lin Ran hurriedly put the wine jug aside and meditated on his inner vision.

He saw the little golden man inside him sitting on his knees, and the book on the Dao of Healing suspended next to him trembling vaguely.

There was actually a golden light flowing through it.

Lin Ran’s heart was quiet at this moment, a feeling he hadn’t encountered for a long time, a feeling of epiphany.

Countless inspirations seemed to spring up in Lin Ran’s mind and spread out.

The trembling medical books, opening and closing, which had only been opened and closed at an angle of forty-five degrees, were slowly opening.

It seemed to want to strike that final barrier and break through to the extreme realm.

Lin Ran quietly listened to his heartbeat as his eyes looked deadly at the book of medical dao in front of him.

The book only had golden light flowing on it, and at this moment Lin Ran seemed to have become a speck of dust in the ocean.

Suddenly, an incense stick appeared in his mind.

The incense was clearly the same one that was on the ground before the vortex.

The incense was burning quietly, with an intentional wisp of smoke rising continuously.

Seeing this scene, Lin Ran couldn't help but think of a saying in his heart.

"The spring silkworm does not end until it dies, and the wax torch becomes ashes before it dries up!"

How was this pillar of incense not like a teacher, a healer, burning himself to illuminate others!

Lin Ran felt that what appeared in his mind at this moment was not just an incense stick, but also a dao.

One sand, one world, one leaf, one Bodhi!

The Dao not only exists in the human heart, but also in thousands of things.

If Lin Ran hadn't suffered the most important change in his life today, when Liu Feng rebelled and the girls were captured!

Perhaps he would never have experienced this microcosm.

It's only an incense stick, who hasn't seen it before! Who has not known it before!

But at this moment it was a single incense stick that allowed Lin Ran to spy a path, a path of dedication to himself and illumination for others.

"Weng!"

Suddenly, the golden medical dao book inside his body suddenly opened up violently, and a golden light pervaded out.

In this one, Lin Ran felt as if he had become one with the world.

It was as if he was a drop of water in an ocean, the ocean was me, and I was the ocean!

"The Dao is me! I am the Dao!"

Lin Ran's heart felt a pang of frustration, and at this moment he felt as if he was the medical dao of this world.

However, this feeling was only momentary, and it was fleeting.

Lin Ran looked up and saw that a layer of grey mist had appeared outside the golden book at some point.

The mist was hazy and wrapped around the golden book, leaving the book, which was already meant to be opened, in a half-open state.

Lin Ran sighed helplessly as he looked at the scene before him.

“Ai! It was only an epiphany after all! No breakthrough!”

“Giving of myself to illuminate others! My realm is still not enough!”

Lin Ran sighed and retreated from his state of cultivation, picking up the jug of wine next to him and taking another large sip.

Tonight’s sudden epiphany had taken him by surprise, and it was true that he was a little disappointed that he hadn’t been able to break through to the Extreme Realm, but who has a smooth path in cultivation.

Looking at the distant sky with only the white of a fish’s belly rising, Lin Ran drained the last sip of wine, knowing it was time for him to go!

Gathering himself and strapping his Wind Dust Sword behind him, Lin Ran stood up from the ground.

Suddenly he saw a figure that had appeared in front of him at some point.

The figure was standing not far away, not saying a word, just quietly looking at him.

Lin Ran opened his mouth and said.

“You go back! I’ll go alone on this trip!”

Chapter 1546

“No!”

The other party said firmly.

Lin Ran looked up at him without saying more and turned to leave.

“Xiao Cui is in there too, I must go!”

Wang Yifeng looked at Lin Ran.

“You’re too weak!”

Lin Ran didn’t turn around and spoke.

“If you treat me like a brother, wait here for me to return and don’t distract me for you again!”

After saying that, Lin Ran took a step and left.

“Lin Ran, you master!”

Wang Yifeng was so angry that he heaved the weapon in his hand onto the ground.

He knew that Lin Ran was doing it for his own good, but he really wanted to go.

Only in the end, he didn't follow.

There were times when people were so conflicted.

Wang Yifeng obviously wanted to go, but he knew he couldn't. Although Lin Ran's words were not pleasant, every word was true!

Going would only distract Lin Ran, and there were so many crises inside. Whether it was for Lin Ran's sake or for Xiao Cui's, he finally held back and did not follow.

"Be sure to come back! Definitely!"

Wang Yifeng looked at the direction Lin Ran was leaving, and his palms tightened into fists.

At this time, at another part of the city wall, the three Wind Elders were also standing on the city wall, watching Lin Ran leave.

Many, many generals watched Lin Ran leave, their eyes red at this moment.

They all knew very well that this entry was dangerous, one step was a life or death, and even Lin Ran would probably not come out alive.

.....

Within the sea of blood, there was still an endless expanse of red demon blood.

And at this time, the devil's robe was standing in the sea of blood, as if a statue stood quietly, motionless.

And next to him, on that huge stone pillar only, Song Nuan and the others all looked pale.

"Weng!"

Suddenly, Lin Ran appeared out of thin air.

He turned his head to look, only to see that the vortex behind him had disappeared, but of course it was only this place where he was that the vortex had disappeared, whereas at this moment outside in the Snake City, it was the vortex that could still be seen.

One could even see Lin Ran inside, walking step by step towards the place where the Blood Sea Demon Lo was.

In the Extreme Realm space, the foreign devil was sitting on top of a black throne,? He wasn't in a hurry to make a move, he was just quietly watching Lin Ran.

No one knew what he was thinking!

He was like a poisonous snake, quietly hiding in the shadows, looking for the final opportunity to strike.

"Rumble!"

Within the Sea of Blood, sensing Lin Ran's arrival, the Sea of Blood Demon Law suddenly turned his head to look at Lin Ran.

At the same time, the women on the huge stone pillars also looked over, and immediately there was excitement in their eyes, but there was also worry.

"Lin Ran you have to go!"

Song Nuan was the first to speak up and shout.

"You should go!"

Qin Bing and the others echoed the words.

Lin Ran looked at the women who were hanging from the stone pillars at this moment, and there was guilt, and self-blame in his heart.

If he hadn't been careless, why would he have let them end up in this situation.

Lin Ran didn't say a word, his gaze was hot as he looked at the women on the stone pillar, his fists clenched tightly.

He even saw Xiao Cui, only Xiao Cui pursed her lips and did not speak.

Naturally, she also wanted Wang Yifeng to come to her rescue, but equally she knew that Wang Yifeng must also be feeling badly in her heart for not coming.

In such a situation, no man would choose to retreat, but Wang Yifeng did so anyway, and Xiao Cui could understand his reasons for not coming.

"Rumble!"

While Lin Ran was looking at the women in a daze, the distant Blood Sea Demon Law had slowly raised his arm up.

Only to see that in his hand, a stick that was more than ten meters long was clutched in his hand.

The stick was incomparably huge, and there were rows of sharp barbs on it, which made people feel frightened and scared just by looking at it.

"Suffer death!"

The Blood Sea Demon Law pointed distantly at Lin Ran, and the next moment rushed towards him and directly lunged.

At this moment, not only in the Extreme Realm Space, but even in Snake City, Elder Feng and a host of other generals had their eyes fixed on this place.

Lin Ran naturally didn't know about this, and even if he did he wouldn't care, because at this moment, all of his attention was on this Blood Sea Demon Law in front of him.

"Whoosh!"

The Blood Sea Demon Luo's thick arm waved the long stick in his hand and slashed straight down at Lin Ran.

This Blood Sea Demon Luo's stature was like a small mountain in the sea of demons, and Lin Ran was really like an ant compared to him.

When the people of Snake City saw this scene, they couldn't help but sweat, for from the size of his men, this Blood Sea Demon Law had completely crushed Lin Ran.

So much so, he was already in an undefeated position from the momentum of this stick slash.

Lin Ran frowned slightly as he hurriedly dodged sideways, his opponent's attack was so severe that for a moment Lin Ran hadn't really thought of how to deal with it.

"Bang!"

The huge long stick struck directly into the air, instantly hitting the sea of blood below, splashing up a series of bloodshed.

As Lin Ran looked at the blood and water that lifted up in the sky, his heart suddenly moved and he couldn't help but think of Long Hai.

"Falling waves!"

Suddenly, Lin Ran remembered this guy's move.

When Lin Ran first fought with Long Hai, his opponent's move of falling waves had stuck in his mind, and at this moment, seeing the demonic blood being lifted by the demon Luo, he couldn't help but think of this move.

"A falling wave is stronger than a wave, I'll try it today too!"

Lin Ran's mind moved, and he immediately slapped his hands towards the sea of blood below.

"Bang, bang, bang!"

Several slaps were made in a row, and instantly the sea of blood below was completely triggered.

Countless amounts of demonic blood swept towards the Sea of Blood Demon Law with Lin Ran's slaps.

In order to make the impact of the sea of blood even stronger, Lin Ran even attached his true qi to the demon blood and blasted it together towards the demon Luo.

Seeing this, Demon Law was not afraid at all, standing in place without dodging.

Suddenly, he saw his huge palm fiercely clench his fist and raised it.

And then, as the crowd stared in astonishment, he actually blasted directly towards the wave of blood that Lin Ran had set off.

"Bang, bang, bang!"

Countless waves of blood were instantly blasted through by Demon Law, while on the contrary, he himself stood unmoving.

Not to mention being injured, he didn't even move his feet back a bit.

Lin Ran couldn't help but frown slightly at this.

In the face of the wave of blood he had raised, Blood Sea Demon Law had completely resisted it.

Clearly his own attack hadn't affected him at all!

"That's really strong!"

A surging battle intent emerged in Lin Ran's eyes as he slowly raised his palm, and a long sword with a cold glow appeared in his hand in an instant, and it was the Frost Condensation Sword.

Mo Luo looked at Lin Ran from afar without saying a word, but the next moment, he had already raised his huge long stick and slashed straight at Lin Ran.

"Go!"

Lin Ran's heart surged with battle intent and he didn't even dodge, as the Frost Condensation Sword in his hand instantly slashed out several seven-coloured sword maces, heading straight for Devil Lo.

At the same time, he himself fiercely powered up and turned into a stream of light, heading straight for Demon Law.

The last time they met, his strength was no match for the Blood Sea Demon Tower, but this time Lin Ran's strength had already improved considerably.

At this moment, he was really up against the Blood Sea Demon Tower, and he wanted to see how strong this terrifying behemoth really was.

Chapter 1547

The seven-coloured sword auras streaked through the air as if they were meteors, heading straight for the Blood Sea Demon Law.

The Blood Sea Demon Law, however, did not evade, and the long stick in his hand slapped horizontally, instantly colliding with the seven-coloured sword mane.

"Bang Bang Bang!"

A series of explosions instantly rang out, and Lin Ran instantly saw that several of his own seven-coloured sword maces were actually instantly broken.

On the contrary, there was not even a single trace left on top of the Blood Sea Demon Lo's long stick.

"What a strong weapon!"

Lin Ran was shocked in his heart, even though he hadn't used the power of the Half-step Extreme Realm, these several sword mangles were already incredibly powerful.

Even when he had faced the Black and White Swordsman sent by the foreign devil, he had been able to overpower his opponent.

However, when he faced the Blood Sea Demon Law, not even a single scratch was left.

Although his heart was shocked, Lin Ran's feet didn't stop as a layer of frost appeared in his hand, rushing to meet the long stick slashing down from the Blood Sea Demon Law.

"Bang!"

The Frost Condensation Sword quickly collided with the long stick.

At this moment, Lin Ran couldn't help but feel a pang all over his body, and his throat immediately felt a sweetness.

This Blood Sea Demon Law was extremely large, and the force of this stick was also very great.

Nowadays, Lin Ran's strength was definitely below Elder Feng's level, and he had no rival.

But at this moment, when he faced the Blood Sea Demon Luo, he had actually suffered a loss in strength in the hard encounter just now.

"Bang!"

The original ice crystals on the Frost Condensation Sword quickly broke apart, and instantly a terrifying power fluctuation erupted between the Frost Condensation Sword and the long stick, causing Lin Ran to be shaken backwards by several steps.

The Blood Sea Demon Luo seemed to have absolutely no intention of coming to kill, and seeing this just stood silently in place without moving a muscle.

It looked like, I'll just guard them, come over if you want to save someone.

Lin Ran's face turned blue as he watched, shaking off his arm that was a little numb.

If he hadn't quietly covered his hands with the power of his Dao at the last moment.

I'm afraid that both of his arms would have been completely shattered by this point.

"Kid, you simply can't beat this thing without using your full strength!"

Suddenly, the pillow's voice rang out in Lin Ran's mind.

"Why?"

Lin Ran asked busily.

Although this Blood Sea Demon Luo in front of him was large and powerful, he was clearly only a peak God Creation Realm existence by looking at his aura fluctuations.

However, this power of the other party was really a little too strong.

"Haven't you noticed that his strength realm is not as high as yours, but his power is even stronger than yours?"

"Do you know why that is?"

The pillow said.

"Why?"

Lin Ran asked busily.

“It’s simple, his physical quality is not something you can compare to! If I’m not mistaken, this Blood Sea Demon Law’s body is a Demon Blood Body that has been completely hammered with Demon Blood!”

“Demon Blood Body? What’s that?”

Lin Ran asked hastily at a loss.

“Demon Blood Body, it’s just a name for a system!”

The pillow book explained.

It turned out that in the Immortal World cultivators who initially wanted to start cultivating had to go through a baptism.

This was also commonly known as bone cleansing!

The most important thing about bone cleansing was to change the physique, so that one could easily sense the spiritual energy of heaven and earth, and at the same time had a strong physique.

There are only two kinds of roots for cultivation.

Some people are born with a very keen sense of the spiritual energy of heaven and earth.

Some people are born with a very keen sense of the spiritual energy of heaven and earth, while others are very slow to sense it.

The important disciples of some large families, if they encounter someone who is not gifted, naturally they have to find a way to improve.

So the immortal world has evolved the process of bone cleansing.

The so-called bone cleansing is to use the wondrous treasures of heaven and earth to change the children who are just ready to cultivate.

It removes the filth from their bodies and improves the strength of their tendons and bones, in order to achieve the effect of sensing the spiritual weapon at the top and strengthening their bodies at the bottom.

“There are three longest used bone cleansing methods in the Immortal World, the poor use herbs, ordinary people use true fire, while the children of truly great families are the ones who invariably use the blood of demonic beasts, also known as demonic blood!”

Pillow Book said.

“Herbs are the most common, so the poor generally use this, but the effect is also the worst, the real immortal herbs will be mastered by the great families whenever they are found, so what the world can use are the general herbs!”

“And true fire, which can be bred after reaching a certain level of strength, is more effective than herbs, and is considered the most common way to cleanse the bones in the entire Immortal World!”

“But only this Devil’s Blood Cleansing is something that only the great families can afford to use!”

“Because, one particularly good thing about the Devil’s Blood Cleansing is that it is likely to produce a mutation, thus giving birth to an extremely special physique!”

Said Pillow Book, pointing to this Blood Sea Demon Law in front of him.

“Look at his whole body, his muscles are toned as if he is armored, but his aura is violent and full of killing, if I’m not wrong he must have produced a physique similar to that of the Devil’s Blood’s master when he was cleansed of his bones by the Devil’s Blood!”

“The owner of this devil’s blood might be a devil ape or a devil bear, a type of devil beast with extreme brutality and amazing defense!”

“Shit! No way!”

Lin Ran smiled at the speechlessness that he had.

“Then according to you, it’s hard to say that this Devil’s Blood Bone Washing will eventually change a person into a demonic beast?”

“No way!”

The pillow shook his head.

“This Blood Sea Demon Law has only been in the Blood Sea for a long time, and I can see that his spiritual wisdom is unclear, and he simply doesn’t know if the effect of the Devil’s Blood Bone Washing is put to good use, which is why he has become what he is now!”

“A normal cultivator who could have his kind of physique would definitely be far stronger than him!”

The pillow book explained.

“This is the difference between you and him, his body is a devil blood body, while you are just an ordinary person’s body, although I have helped you transform it before, but now when you compare it to this devil blood body of others, it is simply a bit inadequate!”

“Fine!”

Lin Ran was speechless, he originally thought that his body strength was very impressive, but he didn’t expect that it was simply not enough in front of the Blood Sea Demon Law.

“But even if his body strength is better than mine, I still have to go see just how strong it is!”

Lin Ran suddenly said in a cold voice.

If he wanted to save Song Nuan and the others today, he would have to defeat this Blood Sea Demon Luo.

Therefore, even if this Blood Sea Demon Luo was stronger than himself, Lin Ran could only go strong with his head, as he had no choice.

And in the end, it was still uncertain who would lose and who would win, after all, Lin Ran was not without his cards, he had half-step Extreme Realm strength, he had just never revealed it.

“Kid, don’t be silly and fight hard, find a way to get close to the stone pillar, if you can take them directly into the small world, naturally you don’t need to fight hard with this Blood Sea Demon Law!”

The Pillow Book spoke up and reminded.

Lin Ran nodded at his words, and then a cold aura flashed in his eyes.

And then, he fiercely launched himself towards that Blood Sea Demon Luo and charged forward again.

“Roar!”

Seeing this, the Blood Sea Demon Luo roared in anger, and immediately raised his long stick again, smashing it in the direction Lin Ran was charging.

Chapter 1548

“Damn it!”

Lin Ran couldn’t help but curse when he saw this, and then his body flashed and he dodged towards the side.

This Blood Sea Demon Luo was too big, and with just the right amount of long sticks in his hands, at this moment, Lin Ran was facing it like facing a large pillar through the sky.

When he struck him vertically, Lin Ran would need to make a long detour to avoid it completely.

Luckily, although this Blood Sea Demon Law was strong and his body was tall, he was less agile and faster.

With his stance, Lin Ran was able to deal with the dodge easily.

“Bang Bang Bang!”

After dodging three sticks in quick succession, Lin Ran was now less than a hundred metres away from the Tongtian stone pillar.

He could even see the women on the stone pillar looking at him nervously, not daring to breathe a single breath.

They were definitely? They were very worried about themselves, but didn’t want to make a sound to distract themselves.

So they could only look on worriedly not daring to say a word.

Lin Ran could not care about this for the time being, that Blood Sea Demon Law seemed to have discovered Lin Ran’s intentions.

Seeing that the long stick had failed to hit Lin Ran, he actually turned around and copied the long stick and struck it towards the distant stone pillar in the sky.

“Bastard!”

Lin Ran was instantly enraged at the sight of this.

This move by this Blood Sea Demon Law had really hit Lin Ran's lifeblood.

Seeing this Lin Ran didn't dare to dodge and hurriedly rushed towards where the long stick had struck down.

Are you kidding me? The main thing was that if the Blood Sea Demon Law's long stick hit the stone pillar, I'm afraid it could kill one or two people in an instant.

How could Lin Ran dare to stand by with his arms folded.

As expected, seeing Lin Ran lunge towards his long stick, Blood Sea Demon Law's heart was overjoyed, and the speed of the long stick in his palm actually sped up a few more points.

"Damn it!"

Lin Ran was anxious when he saw how cunning this Blood Sea Demon Luo was.

Luckily, his speed was much faster than Blood Sea Demon Law's, and he had already rushed under the long stick in just a few breaths.

Lin Ran didn't dare to delay, he picked up his Frost Condensation Sword and threw out a number of seven-coloured sword arrows at the long stick, while an ice crystal lotus quickly floated out, instantly forming a thick layer of ice crystals in front of him.

At the same time, Lin Ran did not forget to urge.

"You hurry up!"

At this point, he had already reached the stone pillar and was not far from where the women were, so the pillow could completely take it into the small world.

"Okay!"

Pillowside Book replied not daring to slow down, and in accordance with the price a wisp of golden light quickly floated out, instantly enveloping the crowd of women.

However, just as the Pillow Book was about to put it away, suddenly a black bolt of lightning sprang up from that heavenly stone pillar only, instantly shattering the Pillow Book's golden light.

"Lin Ran can't! There is a ban on that Heavenly Stone Pillar I can't take them in!"

The Pillow Book said busily.

Lin Ran's heart could not help but feel cold at the sound of his words.

The next moment, before he could even think about it, he heard a "bang" as the ice crystal layer in mid-air instantly broke and crashed down on Lin Ran.

Lin Ran couldn't dodge it, and if he did, the women on the stone pillars would be the first to suffer.

"Damn it! Let's fight!"

Lin Ran gritted his teeth and instantly put his Frost Condensation Sword away, followed by his hands and actually went straight towards the huge long stick to meet it.

“Bang!”

The long stick instantly smashed into Lin Ran’s hands.

His feet were stepping on the stone pillar in the sky, but at this moment, he almost fell to his knees as the long stick smashed him.

The crowd of women were shocked at the sight, followed by tears streaming down their faces.

“Ka-cha!”

Suddenly, a crunching sound rang out violently as one of Lin Ran’s arms actually hung down out of thin air, apparently having been smashed off by the huge long stick.

“Lin Ran!”

Song Nuan’s tears instantly flowed down her cheeks at the sight of this scene.

Qin Bing and the others each had tears in their eyes as they bit their lips tightly.

Even Xiao Cui, who was watching from the side, had red eyes.

“Ranzi!”

Pillow Book was also a little anxious at the sight, this was the first time he had seen Lin Ran’s arm being broken!

He had to know that he was a practitioner of the healing dao and had an amazing body recovery ability, but he had actually let this Blood Sea Demon Law break his arm with a single stick.

“I’m fine! You hurry and think of something!”

Lin Ran bent one hand and used his shoulder to carry the long stick with a deadly grip, which prevented it from falling.

At the same time, the True Qi of the Healing Dao in his body was quickly repairing his arm.

It was just that his arm was so badly injured that even though the Healing Dao True Qi was powerful in repairing it, it still took time.

“This is bad!”

On the Snake City only, Elder Feng and the others watched this scene and their hearts seized up.

Wang Yifeng’s teeth were even clenched as he watched, wishing he could just rush in, but he knew that even Lin Ran was injured, so he would just be giving away his head for nothing if he rushed in.

“Ranzi, you must resist!”

Wang Yifeng said anxiously in his heart.

At that moment, Lin Ran, who was on the stone pillar, was already a bit overwhelmed, the power of the Blood Sea Demon Law was too great!

Suddenly, Lin Ran had an inspiration and fiercely raised his hand and slapped it on the side of the stone pillar.

He then threw his shoulder to the side and the long stick immediately slid down Lin Ran's shoulder.

Lin Ran was originally standing sideways on the stone pillar, so when he suddenly removed the force, the long stick lost its stress point and smashed towards the sea of blood on the side of the stone pillar.

This gave Lin Ran a moment to catch his breath, and he was busy mobilising his true qi to repair his arm.

But before he could make his next move, the Sea of Blood Demon Law lifted the long stick once again.

He smashed it again towards the other side of the Heavenly Stone Pillar.

He seemed to have discovered that this move worked very well against Lin Ran, he didn't even need to actively seek Lin Ran out, as long as he smashed his long stick towards the Heavenly Stone Pillar, Lin Ran would come and receive the move himself.

As expected, Lin Ran's face sank as he saw this and he had to run towards the spot where the long stick had fallen.

"Lin Ran don't! You go!"

Song Nuan hurriedly shouted when she saw this, her eyes were already starting to get red and swollen because she had shed too many tears.

"Lin Ran you go!"

"Go Lin Ran!"

Qin Bing and Luo Qiqi and the others also spoke up.

"Lin Ran go!"

Long Ya was no exception.

Only Ling Sa looked at Lin Ran quietly and did not speak.

But she had more than tears in her eyes, she knew that Lin Ran would not leave her behind, even if she spoke up, it would be useless.

"Ranzi, you'll get shot to death!"

The pillow book was busy saying.

"If you don't want to see me get slapped to death, then hurry up and think of something, even if it's getting a formation to protect the Tongtian Stone Pillar!"

Lin Ran shouted as he charged towards the long stick below.

"Master I have a way! You dodge!"

Suddenly, Qing Zi's voice rang out in Lin Ran's mind.

"I have a formation in my hands that will guarantee that this Blood Sea Demon Law cannot be broken within half an hour!"

With that, Qing Zi waved her palm, and a wisp of posture light instantly appeared, before flying towards the Heavenly Stone Pillar.

In just a few moments, a purple barrier was formed outside the through stone pillar.

Lin Ran saw this but was a little uneasy afraid that this stick of Blood Sea Demon Law would shatter the purple barrier.

However, Qing Zi spoke up and said.

"Master, don't worry, this barrier is impossible for Blood Sea Demon Law to break, this is a life-preserving formation left behind by my last director back then, it's just a pity that he didn't have the chance to open it before he died, this formation is absolutely impossible to break even if a foreign demon strikes!"

Chapter 1549

As Qing Zi's words fell, Lin Ran's heart settled a few degrees.

At the same time, he saw that this time, Blood Sea Demon Law was in too much of a hurry to swing his stick, and the angle was actually a little off, ? There was no one at all in the place where it was going to smash down.

So he stopped, wanting to see if this purple barrier was that strong or not.

Qing Zi had a confident smile on her face, obviously very confident in this formation of hers.

Soon, the long stick landed on the purple barrier outside the stone pillar in the sky, and Lin Ran's heart seized up.

Suddenly, a "bang" sound was heard as the Blood Sea Demon Law's long stick was actually blocked by the purple barrier.

The purple barrier flashed with light, but not even a single scratch appeared.

On the contrary, Blood Sea Demon Law was actually backed up a few steps by the rebounding force of the purple barrier, and at the same time hurriedly shook off his arm, as if the shock really made his tiger mouth hurt a little.

"Finally, it's safe!"

Seeing this scene, Lin Ran then breathed a sigh of relief.

However, just as he was relieved, a black shadow appeared out of nowhere in the sea of blood, and it swept towards Lin Ran with great speed.

Only when Lin Ran looked at it did he realise that the black shadow was actually a thick iron chain.

One end of the chain was buried deep beneath the sea of blood, and it was the middle part that was waved.

Lin Ran couldn't help but remember that this Blood Sea Demon Law lived within the Sea of Blood all day long, and now it seemed that it wasn't that he wanted to live here, but that he had been trapped here.

"Go!"

Lin Ran didn't dare to stop, his feet fiercely shot up to dodge the winding chains, and he immediately dashed towards one side.

Only at that moment, Blood Sea Demon Law had already raised his long stick once more and slashed over.

He seemed to know that the purple barrier could not be broken by himself, so he turned his spearhead towards Lin Ran again.

Having just dodged the chain, and then having to face the attack of the Blood Sea Demon Law's long stick, even Lin Ran was a little frazzled at this moment.

Lin Ran turned his body in mid-air in an almost impossible position and instantly slapped his hands on the long stick, his whole body instantly flew backwards with the push of the long stick.

However, it seemed that the Blood Sea Demon Law had long since discovered Lin Ran's intentions, and at that moment his other hand shook violently, and instantly the iron chain under the sea of blood actually slapped towards Lin Ran again.

When Lin Ran saw this, he did not bother to retrieve the Frost Condensation Sword, and with his opposite hand, he took out the Wind Dust Sword that was stuck behind his blanket.

The Wind Dust Sword had been given to him by Elder Feng to kill Wind Dust when he did not have a trace of spiritual intelligence.

But at this moment, I am afraid that Lin Ran could not do it, because he might be the one to be killed today.

As the saying goes, dogs jump to the wall in a hurry, so at this moment, Lin Ran couldn't care less and drew his Wind Dust Sword and blocked it towards the chain.

"Bang Bang!"

The two collided and a crisp sound instantly rang out, and the iron chain was also blocked by Lin Ran and flew backwards.

Seeing this, Lin Ran did not dare to delay and immediately pulled back the distance between him and the Blood Sea Demon Law.

However, the next moment Lin Ran was stunned.

He saw that the distant Blood Sea Demon Law had not lunged towards him.

Instead, he was standing still, his gaze fixed on the Wind Dust Sword in his hand.

“Does he know this sword?”

Fang Tang couldn't help but be stunned at the sight, could it be that Wind Dust still had a trace of spiritual intelligence?

Lin Ran was shocked in his heart and raised the Wind Dust Sword in his hand.

He sent down his own sword to the left, and the eyes of the Blood Sea Demon Lo looked to the left, and vice versa.

It was obvious that his attention was on this sword.

Seeing this, Lin Ran pushed his palm and directly threw the Wind Dust Sword in mid-air, before sneaking over towards the Heavenly Stone Pillar himself.

As expected, Blood Sea Demon Law's attention was drawn to that sword, completely ignoring Lin Ran.

Lin Ran quickly arrived next to the Heavenly Stone Pillar and said.

“Don't be afraid, I'll definitely find a way to save you!”

At this moment he was separated from the Tongtian Stone Pillar by a purple ban sound could not get through at all, but the crowd did understand what he was saying and all nodded with red eyes.

Lin Ran was busy working with Qing Zi on how to break the prohibition on the Heavenly Stone Pillar and save the crowd.

At this time, in the Extreme Realm space, the foreign devil looked at the situation within the Sea of Blood and a chill flashed across his eyes.

After pondering for a moment, he suddenly rushed towards the distant void with a roar.

“Everyone! Attack Snake City!”

As soon as the words fell, an army of over 100,000 foreign devils appeared out of nowhere in the distant void.

They were quickly enveloped in light, and then disappeared into thin air.

And at this time on the walls of Snake City, the crowd watched without cheering, especially Wang Yifeng saw that Lin Ran had temporarily separated the attention of the Blood Sea Demon Lo's heart could not help but sigh with relief.

On the other side of the city wall, Elder Feng also had a feeling of excitement in his heart when he saw the situation within the Blood Sea space.

The reaction of the Blood Sea Demon Law clearly showed that he had not completely lost his mind, at least he still recognised his Wind Dust Sword.

However, just as this excitement appeared, there was a sudden “weng” tremor in front of him, and then an army of more than 100,000 people appeared out of nowhere outside Snake City!

“The enemy is attacking!”

“The enemy is coming!”

Seeing this scene, Elder Feng and the others turned their heads to look outside the city, only to see that an army of foreign devils had already come towards Snake City.

“Answer the battle!”

In the crowd, Qibao suddenly shouted, and at once all the generals moved into action.

Elder Feng took one last glance at the situation within the vortex, and then turned his attention to the battle at Snake City.

However, at this time in the Endless Sea of Blood, Lin Ran, Pillowside Book and Qing Zi had studied for half a day and still hadn't discovered exactly how to break the prohibition on this Heavenly Stone Pillar.

The Pillow Book said.

“This prohibition could really have been laid by the Other Demon himself, and he obviously didn't want you to continue participating in the battle down here by luring you here! Otherwise he wouldn't have been able to successfully deplete the Mystic Gift Alliance!”

“I know, but what should I do now?”

Lin Ran asked anxiously.

One more minute of delay would mean one more minute of danger outside, and at the same time, it was unclear whether that Blood Sea Demon Law would lose his mind again or not Lin Ran, so time was very precious to him at this point.

“There's no good way!”

The pillow said.

“Just now I tried taking the entire Tongtian Stone Pillar into the small world, but I simply couldn't do it either!”

“The top of this Heavenly Stone Pillar seems to have fused with the entire Fey Demon Realm, so it's simply impossible to take it away!”

Lin Ran could not help but feel his heart sink at his words, and the current situation made him somewhat unsure of how to deal with it.

However, Lin Ran quickly forced himself to calm down.

He turned his head to look at the Heavenly Stone Pillar to the side, and then looked at the Blood Sea Demon Law that already had the Wind Dust Sword in his hand to one side.

A thought suddenly popped up in his mind.

Since he hadn't figured out a way to save the women from the Heavenly Stone Pillar at this point, he could consider taking a look at the Blood Sea Demon Luo, also known as Wind Dust, Elder Feng's son, first.

Perhaps he still had spiritual wisdom and might be able to save it.

Thinking of this, Lin Ran did not delay and rushed towards the Blood Sea Demon Luo.

Chapter 1550

At this moment, all of Blood Sea Demon Law's attention was on the Wind Dust Sword in his hand. He was so absorbed in holding the Wind Dust Sword, as if he was caught up in memories, that he didn't even notice when Fang Tang had arrived next to him.

"Rub!"

Suddenly, Fang Tang took advantage of Blood Sea Demon Law's inattention and directly pulled out the Wind Dust Sword from his hand.

This completely enraged the Blood Sea Demon Luo, and he lunged towards Lin Ran with his huge body, with a furious roar coming out of his mouth.

It seemed to be denouncing Lin Ran for stealing his favourite object.

Lin Ran quickly backed up while shouting at the Blood Sea Demon Lo.

"Wind Dust! Stop chasing me if you can hear what I have to say!"

The Blood Sea Demon Luo didn't react at first, but then a hint of doubt appeared in his two black eyes, and gradually he actually stopped chasing Lin Ran.

It was just that he stood still, looking at Lin Ran with doubt and longing in his eyes, as if he wanted the Wind Dust Sword very much.

"I can give you the Wind Dust Sword! But you can't make a move on it!"

Lin Ran said as he looked at Blood Sea Demon Luo, while gesturing twice for fear that he wouldn't understand.

Blood Sea Demon Luo looked at Lin Ran blankly, and after a few moments, he actually nodded slowly.

Seeing this, Lin Ran was delighted and gently placed the Wind Dust Sword in front of him and let go.

Seeing this, the Blood Sea Demon Lo was actually busy running over.

At this moment Lin Ran went around to the side and gently pressed his palm on Blood Sea Demon Lo's arm.

In an instant, a wisp of consciousness, wrapped in true qi, surged in towards the Blood Sea Demon Law's body.

As soon as he entered the Blood Sea Demon Luo's body, Lin Ran level felt a strong fierce aura and a dense demonic aura.

It was the result of too much demonic blood in his body.

Lin Ran quickly mobilised his true qi to travel through the Blood Sea Demon Law's body.

Gradually, he actually found something wrong.

The muscle tissues in this Blood Sea Demon Luo's body were extremely developed, but they appeared disorganised.

It was not at all like the well-organized tissues in a human body.

For example, the arm muscles in a human body are arm muscles, but in the Blood Sea Demon Law's body, his muscles are completely disorganised.

If from the outside he looked like a brawny man, then from the inside he was a man built up with countless demon blood and muscles.

It was only human-like in appearance, but the muscle tissues and blood vessels inside were no longer the structure of a human body at all.

"This is too strange!"

Looking at the situation in front of him, Lin Ran was puzzled in his heart, as it was reasonable to say that the devil's blood and bone washing couldn't change the structure of the human body.

With this in mind, Lin Ran quickly mobilised this strand of true qi and drifted towards the source of these muscle tissues.

In just a few moments, a blood-red mass like a sarcoma appeared in front of Lin Ran.

According to Lin Ran's deduction, this location should be inside the Blood Sea Demon Law's skull.

But how could there be such a large tumour in his skull?

The flesh tumour appeared to be four to five metres in diameter, and the light on it was flowing, the red thing was not meat, but rather looked somewhat like a red glow.

It was as if the red glow was interspersed with demonic blood to form a barrier.

Fang Tang hesitated for a moment, but decided to go in and take a look, so he mobilised his true qi to penetrate towards the red barrier.

But just as he started to penetrate, the Blood Sea Demon Law suddenly clutched his head and kept slapping his head as if he had gone mad.

Lin Ran didn't notice anything at this point, as he continued to penetrate the red barrier inside the Blood Sea Demon Law's head on his own.

He soon felt the barrier, and it was clear that if he passed through it, he would be able to reach the inside.

At this moment, the Blood Sea Demon Lo was even more frantic, as he kept banging his head against the Heavenly Stone Pillar on one side, but the outside was protected by a purple barrier, so he could not touch the Heavenly Stone Pillar inside at all.

But at this moment in the Extreme Space, the foreign devil turned his attention away from the snake city and the snake city.

The foreign devil returned his attention from the battle with Snake City back to the Sea of Blood space.

When he saw the scene in front of him, his entire body instantly tensed up.

Followed by an instant rise of anger, although he was still sitting motionless in his chair, that aura of anger instantly permeated.

“Good for you Lin Ran! How dare you try to move my killing machine!”

The foreign devil turned his head to look at the purple’s barrier outside the stone pillar in the sky and couldn’t help but frown slightly as well.

“A formation left over from the past!”

The foreign devil tapped his palm against the seat and pondered for a moment before suddenly waving his palm, and instantly a wisp of black Qi instantly appeared through the silent space within the Sea of Blood.

This mass of black Qi kept tumbling, and then it actually shot towards the body of the Blood Sea Demon Law.

As the black qi entered the Blood Sea Demon Law’s body, the latter instantly fell silent and stood motionless, with only a black mist surrounding his head.

At this moment, Lin Ran finally penetrated the last barrier and a blood-red space appeared before his eyes.

This space was exactly the space within that barrier on the head of the Blood Sea Demon Law.

Lin Ran saw that ? There were countless arm-thick blood vessels intertwined here.

Lin Ran gently plucked these blood vessels apart, and the scene that appeared before him completely froze him.

In front of him, amidst a dense mass of blood vessels,? There was a man lying there!

His skin was white, unnaturally white because he had not seen the sun for too long.

He lay quietly on the veins, motionless.

Something was wrapped around each of his arms and legs.

The whole man’s eyes were closed as if he was asleep.

Lin Ran clearly saw that this person’s appearance was practically identical to Elder Feng’s.

“Feng Chen!”

This name popped into Lin Ran’s mind after just one look!

Who else was this youth in front of him if not Feng Chen!

However, just as Lin Ran was excited and ready to think of a way to save Feng Chen from himself.

Suddenly, a terrifying aura instantly blasted this wisp of Lin Ran’s consciousness into oblivion.

Lin Ran's entire body, who was in the Sea of Blood space, trembled and his eyes directly opened.

He looked at the Sea of Blood Demon Law, who was standing quietly in place not far away and whose head was lingering with black Qi, and had understood everything.

"A foreign devil!"

Lin Ran raised his head and looked up into the sky.

This time the Other Demon wasn't being silent as he spoke.

"You've really surprised me, I was only distracted for a moment, but I actually almost destroyed my war machine by you!"

"He's not a machine! He's Wind Dust!"

Lin Ran said angrily, his fists clenched.

"It's all the same to me, see for yourself if you don't believe me!"

As soon as the foreign devil's voice fell, a vortex appeared directly sucking the Blood Sea Demon Lo in.

This inverted vortex did not disappear, it just spun straight in front of Lin Ran.

At this moment, Lin Ran could clearly see that inside the vortex, it was the Snake City.

But at this moment, outside of Snake City, wolves and smoke were everywhere, and the Mysterious Alliance and the army of the foreign devils were already fighting hard.

"Bang!"

Suddenly there was a loud bang as a combined shadow descended from the sky, smashing a group of Mystic Alliance generals directly into mush.

Lin Ran's eyes instantly turned red as the huge black shadow that had descended from the sky was no other than the Blood Sea Demon Law.

At this moment, his eyes were bloodshot, obviously without the Wind Dust Sword to awaken his spiritual wisdom, coupled with the devilishness of the foreign devil, he had lost his mind once again.

"See? He'll become a killing machine!"

"You're still too young to fight me in the Fey Demon world! You're still a bit young, just stay here in the Blood Sea space with your little girlfriend and watch how the Mysterious Alliance is destroyed by the Blood Sea Demon Law!"

"When he kills all the generals of the Mysterious Alliance, then it will be time for me, the Other Demon, to strike! Haha!"
