

Doctor

Chapter 1551

“Fey devil!”

Lin Ran’s eyes filled with blood as he looked at the mid-air that had regained its calmness, his fists clenched.

He was busy turning his head to look in the direction of the whirlpool, only to see that at this moment, inside the whirlpool, Blood Sea Demon Law had already stood up, his enormous body resembling a large mountain.

Standing in the crowd his size alone sent chills down one’s spine.

Originally, the Mysterious Alliance in Snake City had been attacked by the army of foreign devils, and at this moment, with the addition of the Blood Sea Demon Law, there was almost no one who could fight against it.

“Bang!”

There was a sudden loud bang, and Lin Ran’s eyes narrowed slightly as he watched.

Outside earlier, the Blood Sea Demon Law had actually slapped his palm directly into the crowd of the Mysterious Alliance’s generals, his palm was so large that it had almost instantly slapped nearly a hundred of them into mush.

Among them were some Southern City generals that Lin Ran knew.

“Bastard!”

Lin Ran was so anxious and angry that he wanted to rush out straight away.

But at this moment, Song Nuan and the others were still on the Heavenly Stone Pillar behind him.

Furthermore, even if he wanted to go out, how could he do so.

The introduction of him into this Blood Sea Space had obviously been prepared by the foreign devil a long time ago, and now that the foreign devil’s purpose had been achieved, how would he easily let Lin Ran leave this Blood Sea Space.

“Lin Ran!”

Suddenly, the voices of Song Nuan and the others came from behind him.

Lin Ran was stunned and turned his head to look, only to see that the purple ban that had originally enveloped the Heavenly Stone Pillar had actually dissipated at this moment.

Lin Ran gritted his teeth and immediately rushed towards Song Nuan, it was not that easy to leave this Sea of Blood space.

At this moment, it would be better to find a way to rescue Song Nuan and the others first.

“You go out and help!”

As soon as Lin Ran reached the Heavenly Stone Pillar, Song Nuan was busy speaking.

“I can’t get out for now either!”

Lin Ran explained, while thinking of how to save Song Nuan and the others.

The upper and lower ends of this Heavenly Stone Pillar were set above the Sea of Blood and the sky respectively.

Previously, when Lin Ran had used the Wind Dust Sword to attract the Blood Sea Demon Luo, he had looked at it, but the result was that he was unable to break the seal on this Heavenly Stone Pillar.

Even the Pillow Book could not do anything, and even Lin Ran had secretly tried to use his half-step Extreme Realm strength, but he still could not shake the seal on this Heavenly Stone Pillar.

Every time he prepared to save someone, a black light would emerge from the Heavenly Stone Pillar, shattering all attacks.

“Ah!”

Lin Ran slammed his fist heavily onto the Heavenly Stone Pillar.

He was angry, he was chagrined, and he rushed full of self-recrimination, all because he was not strong enough.

“Lin Ran!”

Song Nuan suddenly looked towards Lin Ran and spoke.

“Calm down, I know you want to save us, but the seal on this Heavenly Stone Pillar is too strong now, instead of wasting your time on us, why don’t you go and try to see if you can break out!”

“It’s too dangerous out there, if you don’t go to help, it’s a small matter if we die, but if the Mysterious Alliance loses too, then everything is over!”

If it was in the past, Song Nuan would definitely not care about any foreign demons.

Seeing that since they had been captured, they had truly understood how strong the enemies the Mysterious Alliance faced were.

If they really let the foreign devils rush out, then I was afraid that everyone outside would die.

“But!”

Lin Ran looked up at Song Nuan, with reluctance in her eyes.

Although he didn’t know if he would be able to leave, at this moment, if he squared up to Song Nuan and the others regardless of how they went to study how to get out, it made him feel very hard and even self-condemned in his heart.

“Weng!”

Suddenly, a tremor rang out, followed by Lin Ran seeing.

In the outside world, the Blood Sea Demon Law had actually shattered all of the defences outside of Snake City with a slap.

Following that he saw three figures, it was none other than the three Wind Elders, the Blood Sea Demon Law was simply as if it was a massacre, making the three Elders unable to look away.

But would the foreign devils still stand by and watch when they struck?

As expected, the next moment, the outside sky was filled with black air, and in an instant the three Wind Elders were swept into the darkness, clearly the foreign devils had struck.

“The great showdown has begun!”

Song Nuan looked outside with anxiety in his eyes.

“Lin Ran! You have to go!”

Song Nuan urged.

“!?”

Lin Ran didn't want to say yes, the victory or defeat of the Mysterious Alliance was really important, but Song Nuan and the women were equally important to him.

“Ranzi!”

Suddenly, the pillow's voice rang out in Lin Ran's mind.

“Speak!”

Lin Ran's heart was in turmoil and he had no idea what to choose at this point.

“You have to listen to Song Nuan!”

The pillow book said.

“This Heavenly Stone Pillar is likely a ban set by the foreign devil, with his Extreme Realm strength we can't break it at all, unless you can break through to the Extreme Realm right now!”

“But that is obviously impossible, just now I checked, this sea of blood space is somewhat similar to a boundary, if you explode your full strength there is still hope to rush out!”

“What about them!”

Lin Ran looked at Song Nuan.

“Calm down, you won't be able to break the ban on the Heavenly Stone Pillar at all even if you stay here, so you might as well go out and help the Mysterious Alliance fight the Blood Sea Demon Law first!”

“The three Wind Elders are being entangled by the foreign devil, if you go out a little later, a large number of generals will die, and only you can entangle the Blood Sea Demon Law!”

The pillow said.

Lin Ran turned his head to look, only to see that outside, the Blood Sea Demon Lo was already red with murder, and hundreds of generals would perish with a single slap and kick.

He hadn't brought his long stick out with him, and if he had even brought his weapons out, I'm afraid that the Mysterious Alliance would have been finished by now.

"And just think, if you can defeat the foreign devil, maybe these prohibitions will disappear on their own!"

Pillow Talk persuaded again.

"Right now the only way you can save them and the Mysterious Alliance is to hurry up and get out! Otherwise, when the Mysterious Alliance is finished, you won't be able to save them either!"

"I!"

Lin Ran closed his eyes, asking him to choose at this time was undoubtedly a painful thing to do.

However, Lin Ran had also experienced too much and quickly made his decision, if he didn't fight everyone would have to die, he might as well fight!

Lin Ran suddenly waved his hand and took out a purple gold bottle, it was Qing Zi's Qiankun Violet Qi Bottle.

"You take it!"

Lin Ran handed it to Long Ya at the side!

"If there's danger, it can save your lives!"

Lin Ran said.

At the same time, in his mind, Lin Ran said to Qing Zi.

"I'll leave them in your hands!"

"Don't worry, master!"

Qing Zi said seriously.

She knew clearly in her heart that by leaving her behind at this moment, Lin Ran was entrusting, entrusting her to be able to take care of Song Nuan and the others.

This was the last little thing Lin Ran could do.

"Wait for me to return!"

Lin Ran looked to the crowd, tears in his eyes, and turned to leave after he finished speaking.

"Be careful!"

Song Nuan and the others looked at Lin Ran, each with tears in their eyes.

Lin Ran seemed to be leaving, but who could say that what he was about to face would be easy?

To go out and fight the Blood Sea Demon Law, to fight the Fey Demons and the many Fey Demon generals!

Compared to that, this Sea of Blood space they were in seemed a lot safer.

Lin Ran rushed all the way towards the whirlpool, he didn't look back, he was afraid that if he turned back and saw Song Nuan and the others, he wouldn't be able to muster the courage to leave.

His eyes grew cold, and the Wind Dust Sword in his hand was tightly gripped in his hand.

Suddenly, his whole body's aura soared, the power that belonged to the Half-step Extreme Realm.

"Hm?"

Outside, in the midst of the black qi shrouded battlefield, all three of the foreign devils and Wind Elder were stunned.

They were busy looking outside to where the vortex was located.

At this moment, inside the vortex, a figure was exploding with the same aura as theirs and was rushing in.

"When did this kid also reach the Half-step Extreme Realm!"

The foreign devil was shocked in his heart, but his eyes were a few degrees colder.

Chapter 1552

"Lin Ran he!"

"He's actually reached the Half-step Extreme Realm!"

Elder Fire and Elder Li's eyes were also filled with shock at this point.

How could they not have expected that Lin Ran had actually reached the same realm as them?

Thinking about how he had actually doubted Lin Ran a moment ago, Elder Fire couldn't help but feel an incomparable amount of regret in his heart.

But fortunately, in the end, he had hung back and listened to Elder Li and Elder Feng's advice to find Lin Ran and ask for his apologies.

Otherwise, if they had really forced Lin Ran into a confrontation, then their Mysterious Alliance would really have no way to live at all.

"Humph! An additional half-step Extreme Realm is just one more, it's no different to the old man than an additional mole!"

The foreign devil had an icy coldness in his eyes as he swirled towards the three Wind Elders and killed them again.

He knew very well in his heart that although he was at the Extreme Realm, he was still under pressure when facing the three Wind Elders at the same time, and with the addition of Lin Ran, he was naturally even more worried.

“Let’s kill one first and see how you guys do!”

The foreign devil thought in his mind, ? His eyes were already locked on the Fire Elder.

Earlier, Liu Feng had attacked the Fire Elder, and he still had poison on his body, so among these three, the Fire Elder was naturally the best one to deal with.

The curtain of the great battle within the black fog had already been drawn.

But outside the Snake City, the soldiers were living in a hell on earth.

Originally, they were about to face the attack of the army of foreign devils, and both sides were still able to fight back and forth.

However, the sudden appearance of the Blood Sea Demon Law had directly turned the tide of battle.

In particular, this fellow was simply unstoppable and swept through almost everywhere he passed.

Previously, they still had a chance of survival when the three Wind Elders struck, but now that the three Wind Elders were entangled in the foreign devil, they were lambs to the slaughter as far as these generals were concerned.

Many of them ran back to Snake City, holding on to it and hoping that Lin Ran would come out as soon as possible.

At this moment, in the Sea of Blood space, Lin Ran’s entire body was filled with a powerful aura, and the Wind Dust Sword in his hand was emitting a loud sword chant.

“Whoosh!”

The palm of his hand swung down, and at once the Wind Dust Sword charged straight into the vortex with a domineering and harsh cold wind.

The Pillow Book had said before that this Sea of Blood space was very similar to the Domain Seal, and as long as Lin Ran struck with all his might, there was a chance of breaking through.

Therefore, at this moment, Lin Ran’s strike was his full strength, without the slightest hesitation, he had to rush out as soon as possible, otherwise it would all be too late.

“Bang!”

The harsh cold wind instantly blasted on top of the vortex.

Lin Ran saw that the vortex trembled violently, yet soon it actually fell back into calm.

“Again!”

Without delay, Lin Ran swung his Wind Dust Sword in his hand once more, slashing towards the vortex with a single sword.

“Bang, bang, bang!”

Under Lin Ran’s frantic attack, the whirlpool also shook violently.

It was as if it was a flat boat in the ocean, struggling to hold on.

Lin Ran followed sword after sword as if in a very rhythmic rhythm, blasting out each time when the whirlpool was being pulled to its limit.

Soon, Lin Ran saw that cracks were beginning to appear on top of the vortex.

This made him feel happy and he couldn't help but speed up again.

Suddenly, at a certain moment, a bang was heard.

At that moment, the vortex was actually shattered by Lin Ran.

In an instant, the breath of the outside world drifted in along the crack.

Lin Ran did not hesitate to follow the crack and rushed out.

At this moment, Blood Sea Demon Law was in the midst of killing, and Lin Ran noticed that as long as this Blood Sea Demon Law killed more people, the darker the aura that enveloped his head would become.

Lin Ran knew in his heart that if he allowed it to continue killing like this, I was afraid that the mere trace of spiritual wisdom that it retained would eventually be consumed by the killing.

Lin Ran did not dare to delay as he quickly charged towards the Blood Sea Demon Lo.

At this moment, the Blood Sea Demon Law also noticed Lin Ran, but compared to him, the Blood Sea Demon Law seemed to enjoy killing more, so he just glanced at Lin Ran and then turned his head and continued to blast towards the Snake City.

By now, Snake City was already in tatters from his bombardment.

Countless generals were rushing out from the city gates, so if they stayed in the city, they would only die.

However, the great hand of the Blood Sea Demon Law had already arrived silently.

Lin Ran could see it clearly, if he was allowed to slap this hand down, hundreds more people would have to die.

"General Lin, help!"

"Lin Ran, help me! I don't want to die!"

"General Lin!"

The crowd running wildly under the city walls shouted at Lin Ran.

Lin Ran could feel their desire for life.

If it weren't for war, who would want to live with their heads on their trouser belts!

But at this moment, in the face of his own killing, Blood Sea Demon Law didn't even look at him, knowing full well that Lin Ran's sword couldn't hurt him at all.

This was also very clear in Lin Ran's mind.

"Bastard!"

Lin Ran saw this and gritted his teeth, then he actually thrust his sword back into his back, before his entire body lashed out and then slammed towards the Blood Sea Demon Law.

His palm slapped down, and almost as soon as it hit the city wall, Lin Ran had already reached the Blood Sea Demon Law.

At this moment, he was like a shooting star, his whole body burning with a blazing flame because of his speed.

The next moment, a loud bang was heard.

Lin Ran's entire body had crashed into the shoulder of the Blood Sea Demon Law.

In a moment, the Blood Sea Demon Law's footing was unstable and his whole body fell to the side.

Lin Ran was no better, even though he was using his half-step Extreme Realm strength, the huge counterattack against the Blood Sea Demon Law monster made his entire body feel like it was almost knocked apart.

Both he and the Blood Sea Demon Law fell towards the ground at almost the same time.

However, Lin Ran's body was the same size as a normal human after all, but Blood Sea Demon Law was different.

When he fell, it was as if the sky was collapsing and the ground was falling down towards his side.

On his flanks were all the foreign devil soldiers who were on their way to Snake City.

They heard a loud bang! Before those soldiers had time to react, they were crushed into mush.

"Rangzi is awesome!"

Wang Yifeng got up from the ground covered in blood and couldn't help but shout at the sight of this scene.

"Commander Lin is bullying!"

"Commander Lin!"

For a moment, the people of the Mysterious Alliance all stopped and shouted loudly at Lin Ran.

At this moment, Lin Ran returned, and their hearts were all set.

"Kill!"

One by one, they revived their banners, and under the leadership of Feng Linglong Qibao Wu Lian and the others, they actually fought with the army of the foreign devils again.

Everywhere was filled with great battles.

The three Wind Elders fought with the foreign devils, Lin Ran fought with the Blood Sea Demon Law, and the Mysterious Alliance also fought with the army of the foreign devils.

The final showdown had clearly been fought.

“Die!”

As Blood Sea Demon Luo and Lin Ran fell to the ground, the former’s enormous arm slapped towards Lin Ran.

The palm was only as big as a small mountain, and it came down towards Lin Ran.

In his haste, Lin Ran didn’t have to think too much and pulled out the Wind Dust Sword on his back, then his true qi exploded with full force towards the Blood Sea Demon Law’s huge hand.

“Pfft!”

The large hand came down, and suddenly a scene that shocked Lin Ran appeared.

He had originally only wanted to use the Wind Dust Sword to block the Blood Sea Demon Law’s palm.

But who knew that since the Wind Dust Sword had directly pierced through the Blood Sea Demon Luo’s palm, it had all but sunk into it.

“This sword actually managed to injure him!”

Lin Ran was shocked in his heart, and then laughed.

#### Chapter 1553

“I never thought that this Wind Dust Sword could actually injure him!”

Lin Ran’s heart was stirred.

Previously, when Lin Ran had used the Frost Condensation Sword, he could not hurt this Blood Sea Demon Law at all, and could not even break through his defenses.

I never thought that this Wind Dust Sword that Elder Feng had given himself would have such a function.

After all, the Wind Dust Sword was Elder Feng’s own sword, and the Blood Sea Demon Law was essentially a demon blood transformation of Wind Dust.

So having such a strange effect was no exception.

“Roar!”

As his palm was pierced by the Wind Dust Sword, the Blood Sea Demon Law immediately let out a miserable scream, followed by his huge body fiercely standing up and rushing at Lin Ran with a stomp.

He had learnt to be much smarter this time and had actually wrapped a thick coil of iron chains around his foot to protect it.

This Blood Sea Demon Luo had been gotten out of the Blood Sea space by the foreign devil, and the chain tied around his foot had broken, and at this moment, this broken chain had become his only weapon.

“Go!”

Without hesitation, Lin Ran grabbed his Wind Dust Sword and dashed straight out, avoiding this kick from Demon Law.

Hovering in mid-air, Lin Ran looked at this Blood Sea Demon Luo from afar, as long as his weapon could injure him, coupled with his half-step Extreme Realm power at this moment, Lin Ran was confident that he could finish him off.

However, it seemed that the Blood Sea Demon Luo also realized that he would fall into the wind, and once he turned around he actually ran towards the place where the Mysterious Alliance and the army of foreign devils were fighting.

“Where to go!”

A cold glint flashed in Lin Ran’s eyes as the Wind Dust Sword in his hand instantly chopped out, a harsh sword wind slashing towards the Blood Sea Demon Law.

Seeing this, the Blood Sea Demon Luo didn’t dare to be reckless, and was busy raising the chain in his hand and smashing it towards the sword wind.

“Bang!”

With a loud sound, the chain in Blood Sea Demon Law’s hand was knocked out of his hand and flew out.

At the same time, the remnants of the sword wind instantly slashed at his shoulder.

“Poof!”

Blood poured out, and a wound on Blood Sea Demon Lo’s shoulder was more than an inch deep.

“Roar!”

This sword had completely enraged the Blood Sea Demon Lo, whose spiritual intelligence had already been swallowed up by the fierce Qi in the Sea of Blood, plus he didn’t know what the foreign devil had done to make a black Qi linger around his skull.

At this moment, he was so enraged that he lunged towards Lin Ran regardless.

Seeing this, Lin Ran didn’t dare to slow down and quickly retreated while using his Wind Dust Sword to continuously blast at the Blood Sea Demon Law’s body.

Soon, wounds appeared on the Blood Sea Demon Lo’s body, and blood flew everywhere as flesh and beard blurred.

“Get lost!”

The Blood Sea Demon Luo was furious and slammed his fist towards Lin Ran.

This kind of attack had no effect on Lin Ran, who dodged the Blood Sea Demon Law's attack with a side-step.

However, what he didn't expect was that the Blood Sea Demon Law had chains in his hands, which then arrived in front of Lin Ran in an instant.

Lin Ran was caught off guard and hurriedly used his Wind Dust Sword to block.

With a loud bang, the Wind Dust Sword and Lin Ran were instantly sent flying backwards.

A mere contest of strength? Blood Sea Demon Law's strength was not even close to Lin Ran's.

"This guy's strength is really strong!"

Lin Ran rubbed his chest, which was still a little sore, before he stabilised himself.

However, the Blood Sea Demon Law was already coming towards Lin Ran again.

Lin Ran didn't dare to be reckless, so he hurriedly sidestepped and dodged, while the Wind Dust Sword in his hand was directed at the Blood Sea Demon Law's body.

After the dark loss he had just suffered, Lin Ran did not dare to get too close to this Blood Sea Demon Law, although this guy was not very fast, his strength was surprisingly strong.

The Wind Dust Sword in his hand brought up a wisp of sword wind and greeted the Blood Sea Demon Law.

After swinging out dozens of swords in a row, it was Blood Sea Demon Law's turn to be a bit overwhelmed.

His speed was already not as fast as Lin Ran's, and at this moment, he was being held back by the latter and unable to get closer, so he became a living target, allowing Lin Ran to blast away from afar.

"Roar!"

The Blood Sea Demon Law was furious, and immediately smashed his fist towards the ground.

At once, the entire ground cracked open.

But this Blood Sea Demon Law fiercely grabbed his palm into the ground, and in an instant, a stone block that was more than ten metres long was pulled out by him.

The Blood Sea Demon Law was furious, and raised the huge stone block in his hand and smashed it towards Lin Ran.

"It's useless!"

Lin Ran saw this and shook his Wind Dust Sword in his hand, instantly a sword wind slashed upwards diagonally, only to hear a series of "bang, bang, bang" blasts.

The huge stone block in Blood Sea Demon Lo's hand was instantly blown to pieces and scattered all over the ground.

"Roar!"

The Blood Sea Demon Lo became even angrier at the sight of this.

The trend of you Ran smiled blandly, knowing that his chance had come, and immediately the Wind Dust Sword in his hand quickly shot out his sword, a wisp of sword wind was like a silk thread, and soon dozens of sword winds seemed to form a sword net, enveloping towards the Blood Sea Demon Law.

Lin Ran's aim was not to kill him, but to find a way to awaken Blood Sea Demon Law's consciousness.

To awaken his consciousness, he had to disperse all the black Qi surrounding his skull.

At this moment, the sword winds intertwined and held Blood Sea Demon Law in place, and as soon as he tried to break out, the cold sword winds would instantly leave a gaping hole in his body.

Trapped in place, the Blood Sea Demon Law could only keep roaring at Lin Ran.

At this moment, Lin Ran quickly arrived next to the Blood Sea Demon Luo, and then with a wave of his palm a stream of true qi instantly filled out, sweeping towards the black qi that was lingering around the latter's head.

"Bang Bang Bang!"

The two true qi collided and a series of muffled sounds were soon emitted.

Afterwards, Lin Ran noticed that the Blood Sea Demon Lo's entire body was actually trembling, while the killing and anger in his eyes were clearly fading away.

"It's working!"

Lin Ran was not only delighted at the sight.

However, just when Lin Ran thought that he would soon be able to remove all the black Qi from around the Blood Sea Demon Law.

Suddenly, a loud bang was heard as the black mist that was wrapped in Lin Ran's true qi actually exploded out of thin air.

The huge explosion caused Lin Ran's true qi to disappear instantly, and Lin Ran himself even spurted out a mouthful of blood with a "poof".

"You want to awaken his consciousness, Lin Ran! You are too young!"

A voice rang out in the distant sky, and it was none other than the foreign devil.

The foreign devil had just sensed that the black Qi he had left behind was about to be dispersed by Lin Ran's true Qi, and had actually chosen to detonate that black mist in an instant.

And with this detonation, Lin Ran was also injured by him.

"Roar!"

Blood Sea Demon Luo was clearly the one most affected.

The self-detonation that lingered between his skulls instantly made him frenzied.

A pair of large hands slapped right towards Lin Ran, not caring in the slightest about those sword winds surrounding him at this moment.

“Bang, bang, bang!”

The moment Blood Sea Demon Law’s palm came into contact with the sword winds, it was instantly stirred up into a bloody mess, but he simply didn’t care, waving his blood-covered arm and slapping it towards Lin Ran in an instant.

Lin Ran was busy using his Wind Dust Sword to block it.

But that Blood Sea Demon Law was as desperate as he was, allowing the Wind Dust Sword to fall into his palm, but still slapping Lin Ran’s body.

“Poof!”

Lin Ran was vomited blood from the self-inflicted slap, and his entire body flew backwards towards the distance.

Chapter 1554

“Bang!”

Like a cannonball, Lin Ran’s entire body was instantly smashed heavily into the ground.

It even blew a huge crack out of the entire ground.

“Ranzi!”

Wang Yifeng kicked one of the enemies in front of him away before looking in the direction where Lin Ran was, his eyes filled with shock.

Some of the other people also looked in the direction where Lin Ran was, that slap from the Blood Sea Demon Law just now was incredibly powerful, and they were all worried about Lin Ran being slapped out of the way at this point.

Lin Ran lay on the ground for a long time before he coughed dryly and spat out a mouthful of dirty blood.

He rolled over and lay on the ground, gasping for breath, the slap from the Blood Sea Demon Law had just hit him so hard that he hadn’t come back to his senses until now.

Touching the Wind Dust Sword stuck aside on the ground, Lin Ran then sighed in relief and prepared to take the sword out to continue the fight.

He couldn’t stop, or else the Blood Sea Demon Lo would inevitably still be slaughtering the people of the Mysterious Alliance.

However, just as Lin Ran pulled the Wind Dust Sword out, he was ready to kill out again.

Suddenly, his gaze was stunned, only to see that the Wind Dust Sword had actually changed at that moment.

He didn't know if it was because it was too blood-stained or what, but he saw that the Wind Dust Sword actually had strands of blood flowing on it.

The blood was like wisps of silk, twisting around the Wind Dust Sword, some of which even went around the circular gap in the middle of the sword and kept wrapping around the sword.

Moreover, what surprised Lin Ran the most was that those threads made up of blood were in strands, and were wrapped around the sword like a lingering thread made up of blood.

"This thing!"

Lin Ran's heart shook beyond measure as he watched.

Especially when he saw that those conspicuous blood threads were then actually converging to form a blood-coloured lingering ball in the sword body of the Wind Dust Sword, his entire body felt as if he had fallen into an ice cave.

Lin Ran froze for a while before he snapped out of his shock. He hurriedly waved his hand and took out something, and it was indeed the Linglong Pearl that had saved his life back in the Sea of Blood space.

If Lin Ran's consciousness hadn't been sucked in by this Linglong pearl, and then avoided the probing of the foreign devil inside, thus recovering his consciousness and eventually being reborn in nirvana, I'm afraid his corpse would have been cold by now.

The blood-coloured Linglong pearl that suddenly appeared in the hole in the Wind Dust Sword's body was the same as the one in Lin Ran's hand.

"Wind Dust Sword, Wind Dust Pearl, Linglong Pearl, I should have thought of that!"

Lin Ran's heart was incomparably excited, when he had set off for the vortex, Elder Feng had talked about the origin of the Wind Dust Sword, and the Wind Dust Pearl was mentioned therein.

It was just a pity that at that time, Lin Ran did not put it to heart, and only then did it dawn on him that this Linglong Pearl that he had found in the Blood Sea Space was clearly a part of the Wind Dust Sword.

If he had guessed correctly, this Linglong Pearl was the Wind Dust Pearl, and the soul figure within this Linglong Pearl was most likely Wind Dust.

Thinking about this, Lin Ran couldn't help but feel as if he had found a way to awaken Wind Dust.

"Try it!"

Without waiting much longer, Lin Ran whirled around and shoved the Linglong Pearl in towards the gap in Wind Dust's sword.

As expected, the next moment the Linglong Pearl and the Wind Dust Sword fit together perfectly.

"Weng!"

The Wind Dust Sword let out a loud and clear sword chant, as if something had awakened.

Lin Ran nodded in satisfaction, and immediately picked up the Wind Dust Sword and instantly charged into the sky.

“Bang!”

Just as he rushed out, Lin Ran saw that the Blood Sea Demon Luo in the distance had also rushed out from the sword wind net.

At this moment, he was covered in blood and flesh, clearly devastated by the sword wind.

When he saw Lin Ran at this moment, his two pitch-black pupils were filled with anger, clearly very upset that Lin Ran had injured him like this.

“It’s about time, it’s time for you to wake up!”

A sharp aura danced in Lin Ran’s eyes, and in the next moment, his entire body directly charged out, stabbing his sword towards the Blood Sea Demon Luo in front of him.

“Roar!”

The Blood Sea Demon Luo was extremely angry and roared at Lin Ran, before his huge palm shook and chains instantly wrapped around it, smashing straight at Lin Ran.

He was also really scared, that Wind Dust Sword was able to break through his physical defence, which made him extremely scared.

However, Lin Ran clearly did not want to fight him hard, as the wind of the Demon Luo Fist ushered him in, Lin Ran’s body dodged straight away.

He brought his speed to the limit and instantly reached the Blood Sea Demon Luo’s side, ? And then without saying a word, he raised his Wind Dust Sword and plunged it in towards the Blood Sea Demon Luo’s neck.

“Poof!”

There was a muffled sound, and in an instant, the entire Wind Dust Sword sunk into the Demon Luo’s neck.

To be on the safe side, Lin Ran also threw two punches towards the hilt of the sword until he had completely inserted the Wind Dust Sword into the Blood Sea Demon Luo’s neck, and only then did he dodge the Blood Sea Demon Luo’s smashing arm.

The sword thrust into his neck made the Blood Sea Demon Luo furious, his whole body trembled and his breath was in disarray as he ran towards Lin Ran as if he was desperate.

Lin Ran did not fight him hard and kept dodging, leading him towards the place where the army of devils was.

In just a few moments, the army of foreign devils was swarmed by the Blood Sea Demon Luo.

But soon, Blood Sea Demon Luo’s form stopped, he stood motionless in the midst of the army of foreign devils, his whole body was like a statue.

But Lin Ran could clearly feel that the hostile aura on Blood Sea Demon Luo’s body was rapidly fading.

Inside the black mist, Feng Lao and the three of them were fighting with the foreign devils in a fierce battle, all three of them seeing blood, while the foreign devils were coping with it with ease.

From time to time, Elder Feng kept an eye on the situation outside. He was especially shocked when he saw Lin Ran thrust the Wind Dust Sword into the neck of the demon.

However, he knew in his heart that Lin Ran was not a reckless person, and he was indeed distracted at this moment, so he could only suppress the shock in his heart and wanted to see what Lin Ran was actually doing.

“Hm?”

Suddenly the foreign devil’s face changed as well, following a fist that blasted the three Feng Lao back, and he couldn’t help but look at the Blood Sea Demon Law outside.

Only to see that at this moment, the Blood Sea Demon Luo was still standing in the same place, but the aura on his body had already started to change.

At the same time, everyone was astonished to see that where the Wind Dust Sword had been inserted, there was a white light. A wisp of white light began to emerge.

The white light was exceptionally blinding and soon began to spread outwards from the neck, enveloping the entire Blood Sea Demon Law in just a few moments.

“This!”

Lin Ran couldn’t help but be stunned at the sight of this scene, and at this moment even the surrounding armies from both sides stopped fighting, each looking towards the position of the Blood Sea Demon Law, wondering what was happening.

The black fog quickly dispersed, and the three Wind Elders and the foreign devils also appeared at the same time, they also stopped fighting at this time and looked at the Blood Sea Demon Law below.

The white light was becoming increasingly blinding, stinging the crowd a little.

However, Lin Ran, Elder Feng and the others were able to see clearly without being affected.

In the midst of the endless white light, a figure suddenly appeared, that figure had fair skin and was covered in white light, except for one pair of eyes that were blood red.

The moment they saw this figure, both Lin Ran and Elder Feng were stunned.

Especially Feng Lao, the moment he saw this figure, he soon couldn’t stop his body from trembling, and there were even tears in his eyes.

“Feng Chen! Son!”

Chapter 1555

This soundless cry of Wind Elder was like the last brick to knock open the door.

As the voice fell, Feng Chen’s eyes in the white light suddenly turned black.

His entire body was enveloped in the white light, looking at Feng Lao from afar, and tears actually flowed out of his eyes.

“Ah!”

Feng Chen suddenly let out a roar, following which the crowd was surprised to see.

His hands fiercely closed together, and at that moment, on the wrists of both hands, something was wrapped around them.

His entire body was quickly lifted up, and something was clearly tied to his feet as well.

“Feng Chen!”

Seeing this scene, Elder Feng could not help but have tears flowing out of his eyes.

But he knew that he could not go over, everything had to depend on Feng Chen himself, if he left without permission, in the face of the attack of the foreign devil, Fire Elder and Li Elder would not last for a moment at all.

“Ah!”

Feng Chen’s angry voice was still ringing out, and he heard Lin Ran couldn’t help but sweat at this point.

The foreign devil stood to the side watching this scene without saying a word, but two black bottles suddenly emerged from his hands!

The bottles were extremely oddly shaped, just like two small gourds, except that they only had the belly of a gourd, not the mouth of a gourd.

He squeezed these two objects and watched quietly.

Soon, there were two crunching sounds, and the crowd saw that blood was coming out of the white light.

The place where the blood was coming out was exactly where Feng Chen’s arm was.

“Pop!”

Two more crunching sounds followed, and this time it was exactly where Feng Chen’s feet were.

“Dad!”

As soon as both hands and feet were free, Feng Chen shouted out, and tears flowed out at the same time.

“Hey! I’m here!”

Feng Lao was busy answering, his eyes were like a waterfall of tears, he didn’t really know how many years he had waited for this cry of father, and today he finally waited.

“It’s okay!”

Lin Ran couldn't help but tear up as he watched from afar, thankfully the ending was still a happy one, he hadn't let down Elder Feng and was more than worthy of Feng Chen's saving grace within the Linglong Pearl in the first place.

At this moment, the burden on his shoulders was much lighter.

Feng Chen quickly rushed out of the white light.

However, when he was about to break out of the white light, he hesitated for a moment, then turned around and pointed his finger behind him, and instantly a white light shot back.

Only then did he quickly dash out of the white light and towards Elder Feng's position.

At this moment, everyone's eyes were on Feng Chen, a person who suddenly walked out of the white light, making them all curious as to who this person really was.

"Rumble!"

But at that moment, a sudden violent tremor rang out violently, and the crowd turned their heads to look at this to find that the giant his body of Blood Sea Demon Law had somehow fallen to the ground.

The surrounding generals of the foreign devils were all a little confused when they saw this scene, not knowing what was going on.

But the next moment, the faces of the foreign devils changed.

Lin Ran's face also changed, and he hurriedly shouted.

"Everyone down!"

Hearing this familiar voice, all the generals who had previously experienced the Black and White Swordsman's self-destruct all fell to the ground.

In an instant, there was a loud "Bang!" There was a loud bang, and white light swept through the sky in an instant.

Lin Ran also forged a defence in front of him as quickly as he could, as did Elder Feng and the others.

Although Blood Sea Demon Luo's strength was not half-step Extreme Realm, his body strength was too high, and his self-destruction was enough to force a half-step Extreme Realm powerhouse to self-destruct.

The tremendous power instantly swept away.

Those Fey Demon generals closest to where he was were instantly crushed into pieces.

A crack in the ground spread out in all directions like a spider's web.

Devil's blood appeared instantly as if it didn't want money, engulfing a large portion of the earth.

Luckily, Blood Sea Demon Law's self-explosion was so powerful that it went away quickly, and soon all the power around it dispersed, leaving only the ground full of wreckage and endless devil blood that was rapidly infesting the earth.

“Everyone will Snake City!”

Lin Ran spoke.

The demon blood in the distance was rapidly flooding the earth, and in just the blink of an eye, only the area around Snake City where the ground was still fairly high was left untouched.

“Go! Back to Snake City!”

The crowd did not dare to delay, and one by one they rushed towards Snake City.

But Snake City had been almost completely destroyed by the Demon Law before.

Seeing this, the crowd ran directly towards the hillside behind Snake City.

Lin Ran was suspended in mid-air,? didn't follow him over as he turned his head to look at the foreign devil.

But under this, his face instantly changed.

“Fire Elder Li Elder be careful!”

Lin Ran busily opened his mouth and shouted.

Hearing this, Fire Elder and Li Elder instantly reacted and were busy turning their heads to look at the foreign devil.

Only to see that at this moment, the foreign devil's palm flung out two black streams of light towards Elder Fire and Elder Li and flew over.

“Be careful!”

The two men's faces changed, and they were busy putting up a defence in front of them.

The next moment, they heard two crunching sounds, and the two black streams exploded into thin air.

However, before they could breathe a sigh of relief, they suddenly heard a “bang bang bang!” A series of booming sounds rang out violently.

The next moment, both Elder Feng and Elder Li's faces changed.

They saw that countless black needles had appeared in front of them at some point.

The number of these black needles was extremely large, and the instant they appeared, they blasted the defence in front of the two of them into pieces.

The countless black needles instantly entered the two men's bodies and then penetrated straight through.

A mist of blood was brought up in the sky.

At the same time, Elder Fire and Elder Li's figures instantly fell down towards the sea of blood below.

“Alien Demon!”

Elder Feng's eyes were instantly bloodshot when he saw this, they had merely lost concentration for a moment? As a result, the foreign devil had directly sneaked in and severely injured both Old Man Li and Old Man Fire.

How could they still fight in this duel later on!

"Don't get excited,? You won't get any less!"

A stern aura flashed in the eyes of the foreign devil, and then he saw his palm clench, and a crisp "pop" sounded behind Feng Chen.

Without knowing when, the foreign devil had actually placed a small gourd not far behind Feng Chen.

At that moment, the gourd burst open and countless black needles ran straight towards Feng Chen.

"Be careful!"

Feng Lao saw this without the slightest hesitation and instantly blocked behind Feng Chen.

"Poof poof poof!"

Without the slightest surprise, the countless black needles instantly penetrated Feng Lao's body, filling the sky with blood mist.

"Father!"

Feng Chen's eyes instantly turned red at the sight.

However, Feng Lao was using all his strength and rushed down towards the sea of blood below as soon as he hugged Feng Chen.

"Feng Lao!"

Lin Ran's eyes couldn't help but turn red as well when he saw this.

But soon, these several figures rushed out from the sea of blood.

The two of them, Elder Fire and Elder Li, who had fallen in earlier, rushed out of the sea of blood with Elder Wind and also Wind Dust on their shoulders.

They didn't dare to stop in the slightest and rushed towards the slope where the crowd was.

Lin Ran saw this and gave the foreign devil an icy glance before he also rushed over.

He had just arrived on the hillside when? He saw the three Wind Elders spitting out a mouthful of blood at the same time.

Elder Fire's entire body even collapsed directly onto the ground, with a black aura lingering on his old face

"Lin Ran! Take everyone away! I'm dying! The Red Cold Poison has already penetrated deep into the marrow!"

Fire Elder gritted his teeth and said to Lin Ran.

“Lin Ran, quickly take everyone away!”

Old Man Li, who was at the side, was also busy saying.

“It’s over! It’s all over!”

There was a deep despair in Elder Feng’s eyes, saving his son Feng Chen certainly made him happy.

However, in the face of the Fey Demon, whose strength had far surpassed theirs, the three of them knew that they had lost this battle!

Feng Lao looked at Lin Ran and spoke.

“The foreign devil has already crossed into the Extreme Realm, even the three of us are no match for him, I’ll go and pester him later, you take the others away!”

Chapter 1556

“No!”

As soon as Elder Feng’s words fell? was rejected by Lin Ran.

“I’m also half-step Extreme Realm, and I’m the only one who isn’t injured right now, so even if I stay to block it, it has to be me!”

Lin Ran said seriously.

Elder Feng and the three of them had all just been hit by a sneak attack from a foreign demon, and although only Elder Fire was more seriously injured, Elder Li and Elder Feng were both injured to an inordinate degree as well.

The three of them were only able to fight against the foreign devil before, not to mention that all three of them were injured at this moment.

“This is what time, you should not try to be strong!”

Feng Lao was busy urging.

Lin Ran smiled at this but said with a helpless smile.

“I’m not trying to be brave, I can’t leave!”

Said Lin Ran as he looked to the side of the Sea of Blood space.

Song Nuan and the others were still in the Blood Sea Space, so he couldn’t leave.

Seeing this, Elder Feng understood Lin Ran’s concerns and was just about to speak.

Suddenly, the space in the distance was a ripple, followed by the figure of the foreign devil appearing not far away.

“Want to leave? None of you can leave today!”

There was disdain in the foreign devil’s eyes, and then he raised his hand and blasted a wave of black air towards the mountainside.

“Be careful!”

Seeing this, Elder Feng shouted, and at the same time, he himself was already facing the black Qi.

Elder Fire and Elder Li also did not hesitate and immediately followed.

Lin Ran gritted his teeth and followed closely behind.

As the saying goes, when the sky falls, those who are taller will resist, and now the four of them were the tallest among the remnants of the Mysterious Alliance.

The black air was so powerful, but the three Feng Lao people had no choice.

If they didn't stand out at this moment, all the people on that hill would die at the hands of the foreign devil.

“Bang!”

Elder Feng took the brunt of the attack and was the first to collide with the black Qi.

However, Elder Feng only supported himself for a moment, and in an instant, his entire body was blown away by the black Qi.

They were followed by Elder Fire and Elder Li, both of whom lasted even longer than Elder Feng.

In almost no time at all, they were blown backwards by the black gas.

The three of them were already injured, and this was even worse, as they flew backwards all three could not help but spurt out a mouthful of fresh blood.

“Father!”

Feng Chen's heart seized as he looked on.

He rushed forward to catch Elder Wind and Elder Fire and Elder Li, so that the three of them did not fall down.

And at this moment, above the sky, only Fang Tang was left alone.

The black Qi had been blocked by the three Wind Elders one after another, and by now it was much less powerful.

Lin Ran didn't dare to delay, his long sword in his hand fought, and instantly the Condensing Frost Sword carried a terrifying might, instantly opening up three seven-coloured sword maces towards the black Qi and chopping it over.

“Bang, bang, bang!”

Three explosions sounded violently, and the next moment the black Qi was instantly shattered and dissipated.

When the crowd below saw this scene, they couldn't help but breathe a sigh of relief.

However, Lin Ran knew clearly in his heart that if it wasn't for the help of Elder Feng and the three others to fend them off earlier, it would have been impossible for him to dissolve the attack of the foreign devil with this sword.

"Lin Ran!"

Looking at his attack being dissolved, the foreign devil was not annoyed or angry, instead he looked at Lin Ran and laughed.

"It's only been a short while, I didn't expect you to have already crossed into the Half-step Extreme Realm, still this is a surprise to me!"

"What are you trying to say!"

Lin Ran's gaze was cold as he looked at the foreign devil, honestly he didn't have a clue in his heart.

In terms of strength, he had only just crossed into the Half-step Extreme Realm for a short while, and he hadn't even crossed into the Half-step Extreme Realm for as long as Elder Feng and the others had.

In terms of strength, Lin Ran was inferior to the Other Demon.

In terms of strength, Lin Ran was inferior to the Other Demon. As for the rest, although the Other Demon was now a bare-bones commander, as the saying goes, it was hard to find a good general when a thousand troops were easy to find!

Although there were many people left on his side, even if he had a few million more people, it would be useless.

The strength of the foreign devil could completely destroy the Mysterious Alliance with its own power.

"I would say that you have surprised me, if I had started the war two years later, perhaps you would have really reached the Extreme Realm, and by then you would have become my greatest hidden danger!"

The foreign devil looked at Lin Ran with an icy coldness in his eyes.

"I didn't expect that the cricket I couldn't even look at back then to have grown to such a level today!"

Said the foreign devil, and with a wave of his palm, a talisman instantly surfaced in front of him.

"This is the Blood Curse Talisman, I am asking you one last time today, are you willing to follow me!"

The foreign devil looked at Lin Ran.

"No way!"

Lin Ran didn't even think about it and refused straight away!

Seeing this, the foreign devil was not angry and laughed.

"Think about it, the Mysterious Alliance is not worth mentioning in front of me, sooner or later the world will be mine, as long as you follow me, the world will be yours!"

“By then, no one will dare to stop you from creating your own empire, not to mention the Mystic Alliance!”

“I said, no way!”

Lin Ran’s eyes were icy cold, and he didn’t budge even half a step.

“Don’t eat your wine with respect, the old man was able to beat the three of them like this, let alone just a measly you now!”

The foreign devil’s face turned a few shades colder.

Lin Ran’s rate of progress made him feel threatened, and now that the battle had come to this point, the winner was actually quite clear.

What he wanted was simply to have Lin Ran follow him, Lin Ran was extremely talented and as long as he was paid, he would be of great benefit to himself in the future.

Otherwise the foreign devil wouldn’t even be wasting his breath here.

“I said it was impossible, are your ears deaf?”

Lin Ran looked at the foreign devil with an icy coldness in his eyes.

“Haha!”

The foreign devil suddenly laughed instead.

“Fine! Since you’ve decided, then don’t blame me for being ungracious!”

The foreign devil’s face suddenly turned icy cold, and then the entire instantly turned into a black Qi that ran straight towards Lin Ran.

Lin Ran did not dare to be slow, and his Condensing Frost Sword instantly unleashed a roiling ice crystal lotus that drifted towards the black Qi.

However, the previously unbeatable ice crystal lotus was like a bubble against the foreign devil this time.

Before the ice crystal lotus got close to the foreign devil, it was instantly melted, as if a snowflake had met a hot flame, without making waves at all.

“Hm?”

Lin Ran not only frowned when he saw this, but immediately the Frost Condensation Sword in his hand slashed out, a huge wisp of seven-coloured sword mane heading straight for the foreign devil.

The black Qi painted by the foreign devil was extremely fast, yet it didn’t dodge or evade, and went straight towards this wisp of seven-coloured sword mane to meet it.

“Bang!”

There was a muffled sound, as everyone watched nervously.

The black qi that the foreign devil had turned into had instantly shattered the seven-coloured sword mane.

The foreign devil itself actually only hesitated for a moment before it continued to charge towards Lin Ran.

He was so fast that he had already reached Lin Ran in just the blink of an eye.

“Not good!”

Lin Ran’s face changed as he lifted the Frost Condensation Sword in his hand and blocked it.

At that moment, a “bang” was heard, and instantly the Frost Condensation Sword was bent and hit Lin Ran’s chest.

At this moment, Lin Ran was like a cannonball, and was instantly knocked down by the foreign devil towards the sea of blood on this side.

“Swoosh!”

Soon, the sound of Lin Ran falling into the sea of blood rang out.

And at this moment, those who were still on the hillside only, each and every one of them looked as if their bodies were sieve chaff, as strong as Lin Ran was not a match for the foreign devil, let alone those of them who were not even as good as Lin Ran.

#### Chapter 1557

The foreign devil turned around at this point, his gaze cold as he looked at the crowd on the hillside, without the slightest warmth in his eyes.

“Everything, it’s time to end!”

The foreign devil’s voice boomed, resounding throughout the entire foreign devil realm.

“Fey Devil to what exactly do you want, we have already lost!”

Wind Elder saw this and covered his chest in anger.

“Exactly! Different Devil, we admit that we have lost, don’t be killing people!”

The always arrogant Fire Elder on the side could not help but shout at this moment.

They were all puzzled in their hearts, clearly this war, the foreign devil had already won why! Why did he still want to kill people.

On the hillside, apart from the three of them and Lin Ran who had fallen into the sea of blood at this moment, the rest were all unbearable to him.

Why did he still want to kill!

The foreign devil’s palm slowly lifted up, his skirt robe being blown by the wind as a cloud of black Qi continued to roll above his palm.

He looked blandly at Elder Wind and the others and sneered.

“Want to know what I’m up to? You will never know!”

After saying that, the foreign devil’s eyes chilled and the black Qi in his hand was flung straight out at the mountainside.

The black Qi instantly enlarged to form a huge black orb with a diameter of a hundred to ten meters, and smashed directly towards the mountainside.

“Alien Demon!”

Elder Feng said angrily, almost at the same time he had already rushed out.

“Father!”

There were tears in Feng Chen’s eyes when he saw this, only to see them fiercely powering up and actually catching up with Feng Lao.

“Go back!”

Feng Lao said angrily.

However, Feng Chen shook his head.

“Father, I can’t watch you die, I can’t!”

Feng Chen said and pointed a finger at Feng Lao’s chest, the next moment he actually pushed Feng Lao straight down.

“What are you doing!”

Feng Lao’s eyes instantly turned red.

There were tears in Feng Chen’s eyes.

“I can’t watch you die in front of me, it’s my son’s fault for being too impetuous back then, let me carry this blow, it’s my atonement!”

With these words, Wind Dust actually turned around and rushed towards the big black ball.

“Come back!”

Elder Feng’s eyes instantly turned red.

Wang Yifeng and the others on the hillside also had red eyes as they watched, but at this point in time, there was nothing they could do.

Even Elder Feng and the others were unable to stop it, let alone them.

The huge black ball arrived in front of Feng Chen almost instantly.

But Feng Chen was not afraid in the slightest, his whole being was like a falling leaf in a violent storm, ready to be sacrificed at any moment.

The huge black ball quickly drowned Wind Dust, and the whole person watching Wind Elder almost fainted.

“No!”

Wind Elder hissed, a shout filled with resentment and resentment.

How many years, so many years he had finally met with his son, but was it only this one side of the story?

Watching his son being engulfed by the huge black ball at that moment, Elder Feng’s entire body froze in despair.

Suddenly!

“Hm?”

The foreign devil’s face sank violently as he felt that Feng Chen within the black ball had disappeared out of thin air.

“Don’t resist!”

Suddenly, a voice rang out violently, followed by a diffuse golden light spilling down, which actually wrapped up all the people on the hillside.

“Come out for me!”

The foreign devil’s eyes were icy cold, his palm grabbed the air, and instantly the black ball above the sky instantly shattered, and countless black Qi pressed towards the golden light.

“Bang Bang Bang!”

A black and a golden ball of breath collided, instantly detonating the surrounding air.

“Poof!”

A blood spurted out at the place of collision, followed by a figure flying backwards towards the back.

This figure was no other than Lin Ran.

It turned out that Lin Ran had rushed out of the sea of blood at some point, saving Feng Chen and the crowd on the hill at the most critical moment.

But he knew in his heart that these people were not safe on their own, so he let the Pillow Book take this man without following him.

Pillow Book’s small world of foreign devils could not possibly find out, but if everyone hid in, what about Song Nuan and the others?

So knowing that anyone could hide but him.

“Where are the people?”

The foreign devil looked at Lin Ran angrily, with an icy coldness in his eyes.

“You don’t want to hurt them!”

Lin Ran wiped the blood from the corner of his mouth, with the same anger in his eyes.

“You’re on the verge of death yourself, and you still want to help them! This is my Fey Demon Realm!”

He didn’t bother with Lin Ran, and waved his hands violently, instantly causing the wind to gust around him.

The gale was so strong that it blew Lin Ran a little unsteadily on his feet.

Moreover, Lin Ran soon discovered that there were strands of knife-like threads wandering in the gale, cutting off even mountains, not to mention people, wherever they passed.

Lin Ran did not dare to be reckless, and his entire body instantly raised his aura to the extreme.

Although the wind was sharp, it was able to hold out for a while under Lin Ran’s true qi.

However, the pillow was not so good.

Countless blades of wind hung over him like knives, and soon his originally solid golden figure became illusory.

“Ran-ja, it won’t work! This guy knows the Wind Blade Technique!”

Pillow’s voice suddenly rang out, followed by a burst of golden light erupting around him, and in a swirl, Wind Elder and the others were actually forcibly moved out from within the small world.

“What’s going on?”

Lin Ran’s face instantly changed when he saw this.

In his opinion, it was absolutely safe to hide in the Pillow Book’s small world, but now the foreign devil actually had a way to force the people out of the small world!

The golden light quickly returned to Lin Ran, while a familiar voice sounded out.

“This Fey Devil Jedi is from the Immortal World, and he actually knows the Wind Blade Technique!”

“What wind blade technique!”

Lin Ran asked busily.

“The Wind Blade Technique is a secret technique, and there are very many of them in the Immortal Realm, whether it’s spatial storage or inner hidden worlds!”

“That’s why a strong man invented a wind blade technique, using the wind as a guide and the thread as a blade, it can shred all the space around it for a short time, leaving small worlds and storage spaces with nowhere to hide!”

“The fierce wind just now was the wind blade technique!”

The Pillow Book said.

“So now what then?”

Lin Ran's face was ashen.

The Pillow Book shook its head.

"There's no way, at least for an hour, this space won't be able to use the small world at all, my small world can't be released outwards, and so many people can't be taken in at all!"

The Pillow Book said.

Lin Ran couldn't help but slam his fist into the ground at his words, there was despair in his eyes.

The three Feng Lao and a group of generals were back on the slope of the mountain, looking at the alien demon hovering in the distance and Lin Ran not far away, each with the same despair in their eyes.

Although they did not see what had just happened, they could hear it clearly and knew that even Lin Ran would not be able to save them now.

It was a good thing that Feng Chen was not dead, and Lin Ran finally got him down just before he was about to be swallowed up by the black gas.

At this moment, he was staying with Feng Lao.

Although everyone didn't say anything at this point, anyone knew that death was only a matter of time, and without being able to hold off the foreign devil, all that awaited them was death.

"Alien Demon!"

Lin Ran suddenly stood up and looked at the foreign devil angrily.

"Alien Demon, what do you want, Elder Feng has said that we can admit defeat, you won this duel! Why do you still want to kill people!"

Chapter 1558

The foreign devil smiled at his words but laughed.

"Admit defeat? Do you think I care about winning or losing?"

Said the foreign devil as he swept his gaze over the crowd and sneered.

"I, the King of the Four Realms of the Other Demon, the Four Generals, countless generals as well as those I have turned against, are all dead! Do you think what I, the Other Demon, care about is winning or losing?"

"I am playing a game of chess that has been laid out for thousands of years, and now it is time for the outcome of this game to be played!"

There was madness in the eyes of the foreign devil, and his voice was hoarse with contentment as he said.

"This chess game that I have planned for thousands of years, no one can win except myself! Whether it's my people or your Mysterious Alliance, they are all just pawns in my hands!"

"What exactly do you want!"

Lin Ran looked at the foreign devil with anger in his eyes.

The same was true for Elder Feng and the others, who hadn't been clear about the Other Demon's intentions until now.

If they had previously thought that the foreign devil only wanted to take over their homeland, the foreign devil had already done that.

If they really had to kill, it would have been enough to just kill Lin Ran and the three topmost powerhouses among them, so why did they have to sacrifice so many people?

This point had nothing at all to do with the foreign devil taking over the homeland.

"You all remember wanting to know what the old man is up to so badly?"

The foreign devil looked at the crowd and smiled.

"We have already said we can throw ourselves at it, what more do you want!"

Wind Elder looked at the Other Demon and said in an angry voice.

"Haha! I don't care if you guys surrender or not, but I haven't achieved my purpose yet!"

The foreign devil laughed coldly.

"Fine, after fighting for so many years, since you have this kind of obsession before you die, I'll show you my real purpose!"

The foreign devil said with a sudden wave of his palm.

A rumbling sound was heard instantly.

At this moment, everyone could clearly see that a huge crack had appeared above their heads.

The crack seemed to tear the sky apart and receded towards the sides.

At once, the darkness within the crack pressed down, causing the originally bright sky around the area to darken.

The entire Fey Demon World seemed to be in a grey and dull space.

Lin Ran could see clearly that in the black space above the sky, a huge black throne was very clear.

Upon seeing this throne, Lin Ran was instantly awakened.

"That's the Extreme Realm space!"

That's right! That was none other than the Extreme Realm Space of the Fey Demons!

What was the Extreme Realm Space, that was a space that could only be opened up after a cultivator reached the Extreme Realm.

This spatial realm is the same as the spatial storage treasure and the small world.

It was weaker than a small world, but it was far more powerful than a spatial storage magic treasure.

The last time Lin Ran was captured by a foreign devil, the latter tried to pull him in was in this Extreme Realm space, so Lin Ran remembered this place.

“Did you just show us a broken chair just for the sake of it!”

Elder Feng said angrily.

The black throne in the sky was conspicuous, but they didn't believe that the foreign devil's purpose would be because of a chair.

“Haha! Naturally not!”

The foreign devil laughed triumphantly, and then he saw his palm wave, and at once the darkness behind the black throne dissipated out of thin air, followed by a huge thing appearing in front of the crowd.

“That is?”

Lin Ran looked stunned, that thing he had clearly not seen the last time he was captured by a foreign devil in the Extreme Realm space.

But at this moment, there was actually such a large thing extra.

The thing was all wooden, as if it was a small tower standing still towards the sky.

And on it there were nine wooden grids, only at this moment eight of the grids were already lit up, leaving only the last one grey.

“What is this thing?”

Lin Ran frowned as he looked at it, completely unaware of what it was.

On the side, Elder Feng and the others were also full of confusion, having no idea what this was.

But very soon, Lin Ran noticed that the entire body of the pillow inside him was trembling.

At the same time what Lin Ran did not know was that in the Sea of Blood space, Qing Zi had also emerged from the Qiankun Violet Qi Vase.

Her entire body trembled as she shook to look at the tower of arrows in the outside sky.

“That's an arrow tower! An arrow tower! A teleportation arrow tower!”

Pillow Book exclaimed.

“What's a teleportation arrow tower?”

Lin Ran asked, puzzled and busy.

“The Teleportation Arrow Tower is a teleportation array to leave Earth, catching it opens a passage to the Immortal World!”

“I finally understand, this is the purpose of the foreign devil, his purpose is not to occupy, but he wants to go home just like me! Back to the Immortal World!”

Pillow Book said excitedly.

“What?”

Lin Ran was stunned at his words.

Opening the passage to the Immortal Realm? Returning to the Immortal Realm?

This was something Lin Ran didn't even dare to think about before, but he didn't think that someone actually got it out now, and it was a foreign devil.

“Fey devil! What the hell is this thing! Are you going to drive it to extinction just for the sake of it!”

Elder Feng looked at the foreign devil and questioned.

The Other Demon, however, smiled blandly and did not explain, turning his head to look at Lin Ran.

“Kid! That hidden fellow inside you should have seen it already, why isn't he excited?”

Lin Ran's face turned ugly at his words and he didn't say anything.

The three Feng Lao's faces likewise changed, they hadn't expected the foreign devil to know that there was a person hidden inside Lin Ran as well!

“Ranzi!”

Wang Yifei and the others had surprise in their hearts, however.

This was the first time they had ever heard of a person hidden inside Lin Ran's body.

Lin Ran looked at the line of people, and finally his gaze fell on the foreign devil.

“He is aware of it, but I believe he will definitely not be the same as you, and will not be in the same boat as you!”

Lin Ran said in a cold voice.

“Haha! That's not necessarily true!”

The foreign devil smiled at his words but laughed.

“Lin Ran! What is going on?”

The three Feng Lao listened with worry in their hearts, although they knew that Lin Ran had something hidden inside him, they didn't know exactly what the arrow tower was for!

Lin Neng turned his head to look at the Feng Lao crowd and spoke.

“That's an arrow tower! An object that can open a passage to the Immortal World!”

Saying this, Lin Ran turned his head to look at the Other Demon.

“Other Demon! You should just want to return to the Immortal Realm, right!”

“That's right!”

The Other Demon laughed.

“My dream for thousands of years has been to return to the Immortal Realm, and now I’m one step closer to succeeding!”

“Return to the Immortal Realm?”

Elder Feng and the others were dumbfounded at his words.

Although many of them knew about the Ancient Breaking War and knew that many of the great powers in it had come from the Immortal Realm.

But so far they had never dared to think that they could open a passage to the Immortal Realm.

It was too far away for them, but now an arrow tower that could open a passage to the Immortal World had actually appeared in front of them.

“What does he mean by being in cahoots again!”

Elder Feng was the first to react and asked busily.

Lin Ran looked at him and spoke after half a day.

“The one inside me is also from the Immortal World!”

“Weng!”

As soon as those words left their mouths, everyone froze.

The person inside Lin Ran was actually from the Immortal Realm as well!

Wouldn’t that be the same as the Other Demon, and if he also wanted to go back, there was no guarantee that he would join forces with the Other Demon.

After all, they had a common purpose, to return home!

Chapter 1559

“What’s the matter? Not coming out to meet the old folks?”

The foreign devil looked at Lin Ran and laughed, clearly speaking at the pillow inside him.

“Who they are your hometown, just you deserve it!”

Sure enough, a business rang out violently, followed by a golden figure appearing out of thin air from Lin Ran’s shoulder.

He was only the size of a man’s head, and his entire body was glowing gold.

“Ranzi!”

Wang Yifeng saw what was really happening and couldn’t help but sweat for Lin Ran.

“O? So it’s just a wisp of a soul! No wonder it’s hiding in someone else’s body!”

The foreign devil looked at the pillow book and laughed blandly.

“A soul? What’s wrong with a soul? Believe it or not, I can just slap you to death!”

This side of the book said disdainfully.

The foreign devil was not angry at his words, but laughed instead.

“Believe! Naturally I believe, if I’m not wrong, you should be the pillow book of the Immortal Emperor back then! What a pity! The Immortal Emperor’s immortal weapon has actually been reduced to the point of giving it to an Earth brat, as a servant!”

“Bullshit!”

The Pillow Book turned blue as he listened, and said in a cold voice.

“Lin Ran and I are brothers then!”

“Brothers?”

The foreign devil smiled at his words but laughed.

“Being brothers with a piece of trash, if the Immortal Emperor knew about it wouldn’t he have to crawl out from under the ground!”

“Shut up! The Immortal Emperor’s name is also something you call straight!”

The pillow said in a cold voice.

But the foreign devil didn’t care at all.

“Pillowside Book, listen to me clearly, this isn’t the Immortal Realm yet, and if you were really as strong as you used to be, why would you have watched Lin Ran get injured by me like this?”

“Don’t think I can’t see that, the current ones are just ants to me, crushing you won’t be much harder than crushing Lin Ran!”

The foreign devil said disdainfully.

“Besides, don’t you forget! You also came from the Immortal Realm, don’t you want to go back?”

“I want to! Of course I want to! But definitely not with you!”

The pillow said in a cold voice.

“Haha! If not with me, do you have a choice?”

The Other Demon laughed.

“As long as you make a vow not to make a move against me when you return to the Immortal Realm, I can pull you along and the two of us can join forces to return to the Immortal Realm absolutely without fail!”

“You dream on!”

Without the slightest hesitation, the Pillow Book refused outright.

“Why would he want to work with you?”

Lin Ran asked busily, puzzled.

The Pillow Book didn't answer Lin Ran directly when he heard this, instead he looked at the Other Demon and laughed!

“Different Devil! Don't think I don't know that back then, many of you were brought here by the Demon Lord after being placed in the small world, and this Other Demon Realm is also very likely to have evolved from the Demon Lord's small world after it broke!”

“And most importantly, you don't even know if the way back is right!”

The pillow laughed.

“You!”

The foreign devil's face turned ugly at his words, but he was soon relieved!

“That's right! I do not know the way back, but I know that staying here will only lead to death, leaving here is the only way out!”

“And don't you forget, the arrow tower that Heart is using to open the passage to the Immortal World is in my hands!”

“I have the arrow tower, you have the way back, it's best for us to work together!”

“Bullshit!”

The pillow laughed.

“Let's not talk about why I should cooperate with you, even if I do, don't forget that I have the way back, is this your attitude of cooperation?”

“Moreover, you should know very well in your heart that you can build the arrow tower yourself, can't I, Pillow Book, do? As long as you die, this arrow tower may not even need to be built!”

“You say so, don't you!”

The foreign devil's face instantly went icy cold at his words.

“With just him, Lin Ran? Do you think that's possible?”

With that said the foreign devil waved his palm, and at once countless black Qi filled the air and swept towards Lin Ran.

“Eh?”

Lin Ran's face changed at the sight of this, and with a shake of his Frost Condensation Sword in his hand, he hurriedly resisted.

However, there were too many black Qi from the foreign demons, coming from all directions, leaving Lin Ran overwhelmed.

With a muffled bang, Lin Ran's entire body flew out of the room, and a mouthful of blood spurted out directly.

"Ranzi!"

Seeing this, Pillow Book hurriedly stabilised Lin Ran's body with a wisp of golden breath.

"See?"

The foreign devil looked at Pillow Book and smiled.

"This is the master you chose, unbearable! And you expect him to kill me? It's a fool's dream!"

"You!"

Lin Ran was furious, suddenly striking out just to prove that he was inferior to him!

"Pillow Book, you've thought this through! There's only one chance, if you don't cooperate with me, not to mention Lin Ran and the others you'll have to die too!"

The foreign devil's face was icy cold.

The Pillow Book was an immortal weapon beside the Immortal Emperor at any rate, if it wasn't for him to take himself back, he was afraid he wouldn't even be here to talk so much nonsense with the Pillow Book.

"Just because you want to kill Master Shu? Even your ancestor wasn't able to kill me back then! You still come to threaten me!"

Pillow Book was somewhat enraged!

"I'm just threatening you, what can you do to me?"

The foreign devil laughed.

"Threatening me?"

Pillow Book jumped like a thunderstorm, and then his body flashed instantly and actually disappeared in the same place.

Then the crowd was surprised to see.

The foreign devil who was originally standing in the same place laughing with glee did suddenly stumble backwards.

It felt as if someone had punched him hard in the stomach.

"Threaten me!"

"Bang!"

Suddenly, the entire foreign devil couldn't help but run forward two steps, while the crowd could clearly see what seemed to have smashed into his back.

"Keep threatening me!"

"Bang, bang, bang!"

A series of muffled sounds rang out, hitting the entire black robe on the foreign devil's body and nearly falling off.

"Bastard!"

The foreign devil was instantly furious, and his entire body quickly filled with aura, followed by a wisp of black Qi that actually enveloped him.

"True Qi outwardly? It's useless to you, Master Shu!"

Pillow Book jumped up and down, followed by a "bang, bang, bang".

The crowd was dumbfounded.

Was this still a foreign devil? The key was that the demon seemed to be completely helpless.

"Bastard! You seek death!"

The foreign devil was furious and raised his hand towards the mid-air with a punch, however, the wind of his fist quickly disappeared into the sky, and nothing moved at all.

"You Master Book, I have a small world inside me, just you want to hit me too?"

Pillow Book said disdainfully.

"You!"

The foreign devil was furious at his words.

Pillow Book was right, he had a small world inside him, why was the small world strong? This was one of the reasons.

Before there was absolute strength and means, no one could break through someone's small world at all.

Although Pillow Book had not recovered his strength and could not pose a substantial threat to the foreign devil.

But as long as he wanted to hide, no one could find him, unless the Immortal Emperor himself made a move.

"Bastard, you forced me to do this!"

Seeing this, the foreign devil became furious and raised his hand towards Lin Ran on one side and blasted him.

Lin Ran had been prepared for this, knowing that this foreign devil would definitely lash out at himself if he couldn't do anything with the pillow.

Therefore, at the same time as the demon struck, his entire body quickly dodged towards this side.

"Hm?"

The foreign devil's face became even more ugly when he saw this, and immediately raised his hand and struck towards the wind elder and the others on the side.

"Can't you guys run! I'd like to see how they can run!"

The foreign devil looked like a madman.

Chapter 1560

Lin Ran had just avoided the foreign devil's attack when he saw him turn his spearhead towards preparing Elder Feng and the others, and his face suddenly turned pale.

"Don't play save the people!"

Lin Ran shouted busily, and immediately rushed towards Fang Tang, where Elder Feng's people were.

Seeing this, the pillow book gave the foreign devil another hard blow to the stomach before quickly returning to Lin Ran's body.

"Bastards! Die, all of you!"

The foreign devil was incomparably furious and threw a fist out, and the black Qi that filled the surroundings instantly condensed into dozens of black skeletons heading straight for the Wind Elder crowd.

"Ranzi! Go!"

Wang Yifeng shouted as he saw this.

Lin Ran was obviously no match for the foreign devil either, and at this moment he was still rushing to save himself and the others, saying that he was saving them but actually coming to them to be beaten.

"Lin Ran!"

Elder Feng and the others also felt a little guilty, originally the final showdown of this great battle should have been them and the foreign devil fighting.

But now it had turned out to be like this.

Lin Ran wasn't even needed to take the risk, with the pillow book around, he could completely hide in the small world.

But they were also clear that even if Lin Ran could hide he wouldn't, after all Song Nuan and the others were still on top of the Heavenly Stone Pillar.

The black skeleton was closing in fast towards Elder Feng and the others, and Lin Ran had reached the crowd by now.

Without the slightest hesitation, he instantly slashed at the black skeleton several times.

However, there were simply too many black skeletons, and almost instantly his sword aura was completely consumed.

And the black skeletons behind him had already arrived silently, instantly blasting at his body.

“Bang Bang Bang!”

A series of explosions rang out violently, and instantly Lin Ran’s entire body was blasted to the point of flying out.

Blood flowed down the corners of his mouth.

“Ranzi!”

Wang Yifeng saw this and immediately became anxious.

The other generals at the side were all red-eyed as they watched, Lin Ran had done this for them.

“Lin Ran, you go!”

Feng Lao suddenly spoke, despair in his eyes.

Originally, before Lin Ran had taken them away, after all, there was the little world of the pillow book.

But now that the space around them had been destroyed by the foreign devil, the pillowside book would not be able to take them in for a while.

But the more they consumed this, the fastest to die in the end would be Lin Ran, after all, Lin Ran could watch Wang Yifeng A Zhan Old Cat and the others just get killed by the foreign demons.

“Cut the crap! Let’s go together!”

Lin Ran said through clenched teeth.

“You’re really like brothers! But so what, none of you will be able to leave today!”

The Other Demon floated up, a cold smile in his eyes.

“Fey Devil!”

Suddenly, the Fire Elder stood up on the ground, anger in his eyes as he looked at the Other Demon.

“Even if! Your aim is to leave here and return to the Immortal World!”

“We’ve already conceded defeat, you can leave, we won’t stop you! Why do you have to kill people?”

“That’s right! Why do we have to kill people?”

“For what reason?”

The crowd around them questioned one by one.

“We don’t want to care who was at fault for the previous war of destruction!”

“And it’s already been a thousand years, so why do you have to be nostalgic!”

Elder Fire said.

“Before we didn’t know what you were up to, but now we do, forgetting for the moment the old grudge, you’re a guest from afar and we admit we’re no match for you, you could have just left! Why do you have to drive us to extinction!”

“Huh! Why do you want to kill them all cleanly?”

The foreign devil smiled at his words but laughed.

“I dare say that even now, you people still don’t know why you have to die, do you!”

Said the foreign devil with a distant finger, and at once the nine grids on the arrow tower only appeared clearly in front of the crowd.

“See the nine grids?”

“It’s still missing one, know what it takes to light it up?”

The foreign devil said looking to the crowd on the hillside and making a wiping motion of his neck.

“You need to be killed, only human life can activate these nine grids!”

“Why do you think I, the Other Devil, started the Great War! Why do I, the Other Devil, not even care if my own men die or live? That’s because, as long as someone dies, this arrow tower will be able to draw energy!”

“And now, I am just one square away from leaving, so now you understand why you must die!”

“Haha!”

There was madness in the eyes of the foreign devil.

“You’re a devil! Don’t bully people too much!”

Fire Elder said angrily.

According to the foreign devil saying wrongly, at this moment, they were simply shocked to look at the nine grids on that arrow tower.

After all, each grid could represent the lives of a group of people!

“Alien Demon!”

Lin Ran suddenly stood up as he wiped the blood off his body and said.

“Even if you have to die in order to light up the grid, you’ve only lit up eight of them since the battle began.

The foreign devil did not panic at all when he heard this, and laughed blandly.

“I know this better than you, so don’t worry about that!”

“Now, you’d better think about how to save them!”

The foreign devil said as he raised his palm, and actually killed towards Elder Wind and the others again.

“How dare you!”

Lin Ran didn’t hesitate in the slightest when he saw this, and he headed towards the foreign devil.

“Scram!”

The foreign devil didn’t bother with any nonsense, as he blasted out a fist that directly sent Lin Ran flying backwards.

“Die!”

The foreign devil turned towards Wind Elder and the others and killed them again.

“Don’t even think about it while I’m here!”

However, his attack had just been struck when Lin Ran still charged over from afar again.

“Seek death!”

The foreign devil’s eyes were icy cold, his hands instantly grabbed Lin Ran, and then he only saw black Qi filling the surroundings.

A “click” was heard, and Lin Ran’s arm was broken once again.

“Get lost!”

The foreign devil’s fist struck Lin Ran’s body, and all that could be heard was the sound of bones breaking.

At the same time, Lin Ran’s entire body was covered in blood and he flew backwards.

“You are rubbish yourself, and you still want to save others!”

The foreign devil glanced at Lin Ran disdainfully before setting his gaze on Elder Feng and the others again.

“As long as I kill you all, the old man can go home!”

The foreign devil had madness in his eyes.

At this moment, Lin Ran was like a kite with a broken string, his entire body falling straight down into the endless sea of blood below.

A series of attacks from the foreign devil just now had directly killed half of him.

“Lin Ran!”

Song Nuan and the others in the space of the blood sea saw this scene and their eyes turned red.

They lowered their heads and didn’t dare to look, but tears were running down their cheeks.

At this moment, the foreign devil didn't even bother with Lin Ran anymore, as he looked towards Elder Feng and the others, with anticipation in his eyes.

"It's time for everything to end!"

He said as he slowly raised his palm, the black Qi around him instantly filled the air, a terrifying attack was brewing.

.....

However, at this time, in the middle of the sea of blood, Lin Ran's entire body was floating with the waves, and there was a deep despair in his eyes.

"Is there no way out?"

Lin Ran suddenly said to himself, he had done everything he could, but in the end, he still couldn't resist the foreign devil.

"Ranzi, don't be sad, or else I'll take you away!"

The pillow said suddenly.

"No need! You go away! I'll stay here with Song Nuan and the girls!"

Lin Ran cried and laughed.

"Stay in the green hills for fear of not having wood to burn!"

Pillow Book was busy advising, but Lin Ran smiled bitterly at his words.

"Even if there is no place for her to stay in the green hills, what if I want the green shirt? You go away!"

"I'm sorry to have wasted so many years of your time!"

Lin Ran laughed blandly.

"Honestly, I'm already content to have a dream-like journey like this, the only pity is that I didn't get to see what a transmigration is really like!"
