

Doctor

Chapter 1561

“What did you say?”

Hearing Lin Ran’s words, Pillow Book was suddenly in a daze, followed by his entire being as if he was possessed.

“You said transmigration! There’s a way to transmigrate the tribulation!”

“What transmigration has a solution?”

Lin Ran was bewildered as he listened.

The Pillow Book had said before that there was no transmigration for breakthroughs on Earth, and the last time he had broken through to the half-step Extreme Realm in the Pillow Book’s small world, he had only seen the transmigration thundercloud.

If it was in the outside world, there would never be any thunder clouds!

“Transitioning is the way to go!”

Pillow Book said excitedly, and then he organized his language and busily said.

“As I said before, this Other Demon Realm is likely to have evolved from the broken little world left behind by the Demon Lord! That means it’s essentially no different from the small world!”

“So what?”

Lin Ran looked at the pillow-side book not understanding what he meant.

The pillow-side book was busy saying.

“You’re silly! If there’s no difference between this place and the small world, then if you can transmigrate here, you’ll draw down thunder clouds, and if you can transmigrate around a foreign devil, the thunder clouds will attack him too!”

“Impossible!”

Lin Ran smiled but shook his head.

“When we were in the Fey Demon Realm before, the Fey Demon had only broken through to the Extreme Realm, if there were really thunder clouds, why didn’t we see a vision descending from the sky at that time!”

“You’re silly, what if there are other places in this small world where the Heavenly Dao is incomplete?”

The pillow retorted.

“Besides, don’t you forget! At the beginning, you killed the king of the four realms of the foreign devil even? And even killed two of his generals! He didn’t even force his way out of seclusion!”

“This means that he must not be close to his retreat and has concerns that he doesn’t dare to come out of it!”

Lin Ran was stunned at his words and suddenly felt a sudden clarity before his eyes.

That’s right! If the place where the foreign devil was retreating to break through was the same as Earth where there was no transmigration, then he would definitely be able to succeed more easily.

So in the face of Lin Ran decimating his men in the Fey Devil Realm, he wouldn’t want to risk coming out!

This would also explain why the Other Demon had waited until he had completely broken through to the Extreme Realm before coming out, and even later spent three years to consolidate the level of the Extreme Realm, not even wanting to come out early!

Obviously, he was afraid that a thunder cloud would descend from this Fey Devil realm!

“What am I going to do?”

Lin Ran was busy turning his head to look at the pillow side book.

This side of the book gritted its teeth and said.

“I have an enlightenment pill here, as long as you eat it you will definitely be able to understand the Dao of Healing and thus begin to cross the tribulation!”

“Holy shit why didn’t you bring this out earlier!”

Lin Ran was a little speechless.

“You think it’s a cabbage!”

The Pillow Book said in no good humour.

“Furthermore, a person can only take one of this item in their lifetime, any more will be useless, and no matter what level you are, as long as you take this elixir, it will directly make you enlighten a level of the Dao, triggering the Tired Heavenly Tribulation!”

“So no one will use it until it’s the last resort! Except when you’re on the verge of death, or when you break through a lifelong bottleneck! Moreover, if you are not strong enough to eat this elixir to trigger the heavenly tribulation, you will be directly struck to death!?”

The pillow said.

“Alright, cut the crap and hurry up and give it to me, this situation right now is my bottleneck for Lin Ran and the time when I have no choice!”

Lin Ran was busy urging.

The pillow book nodded at his words, when he took out a small red bottle and handed it to Lin Ran.

Without hesitation, Lin Ran opened the bottle and immediately a red pill appeared in his hand.

Without hesitation, he swirled and directly stuffed the pill into his mouth and swallowed it.

As soon as the enlightenment pill entered his mouth, Lin Ran immediately felt a warmth come out from within his dantian and quickly spread out towards his entire body.

“It’s so comfortable!”

Feeling the change in his body, Lin Ran couldn’t help but exclaim.

“Hurry up! In a minute you’ll fall into the realm of enlightenment!”

Pillow Book urged.

“Alright!”

Lin Ran nodded, and immediately his entire body surged with true qi, the true qi of the healing dao quickly body repair, followed by a dash out of the sea of blood.

In the round of eruption, the Dao of Healing was inferior to the Dao of Sword and Blade, but in the round of healing, apart from the Dao of Regeneration, there was no other Dao that could compare to the Dao of Healing.

No matter how badly he was injured, as long as his soul did not disperse, Lin Ran could be reborn, and this was the greatness of the Way of Healing.

As soon as he burst out of the sea of blood, Lin Ran immediately saw the foreign devil facing the direction where Elder Feng and the others were.

The entire body’s aura surged wildly, and above his head, there was actually a large mass of black aura that was gusting together.

The shape of that black Qi coalescing looked as if it had been a dried up palm, extremely appalling.

“Go!”

Without the slightest hesitation, Lin Ran rushed straight towards the foreign devil.

“Hm?”

The foreign devil had also discovered Lin Ran at this moment.

Only at this moment, Lin Ran’s entire body’s aura was tumultuous, it looked as if he had been severely injured and even his aura was unstable.

“Hmph! What else can you do when you’re at the end of your strength!”

The foreign devil sneered and immediately waved out several streaks of black Qi straight at Lin Ran.

However, Lin Ran’s speed did not decrease at all, and he dodged these black qi attacks in the process.

The foreign devil had to control the dried up palm above his head, so he could not spare more of his mind to deal with Lin Ran at this moment.

Lin Ran then took this brief opportunity to instantly rush next to the foreign devil.

“Insubordinate!”

The foreign devil snorted coldly and immediately blasted out a fist straight at Lin Ran.

Lin Ran didn't dare to be reckless and hastily dodged to avoid it, while he could already feel an invisible force dragging his consciousness downwards.

He knew that this was the enlightenment pills starting to have an effect.

Not daring to delay, Lin Ran's hands quickly probed out to chase and firmly lock the foreign devil's shoulders from behind.

He pressed his entire body right up against the Other Demon.

"Hm?"

The foreign devil frowned slightly at this, not knowing what Lin Ran was up to.

At once, his entire body's aura skyrocketed and he blasted towards Lin Ran behind him.

"Bang!"

There was a muffled sound, and at once Lin Ran's entire back arched, and a mouthful of blood spurted out along the corner of his mouth.

However, his palm was holding onto the foreign devil with a deadly grip, without the slightest intention of letting go.

"Don't let go yet!"

The foreign devil's face sank, followed by several more breaths heading straight for Lin Ran.

But at this moment, Lin Ran was like a dog skin plaster, firmly holding onto the foreign devil, not letting go of his hand no matter how he attacked.

"Seek death!"

A cold aura flashed in the foreign devil's eyes, and at once, black Qi lingered, directly enveloping Lin Ran.

"Ka-chow!"

The next moment, a crisp sound of bones breaking rang out, followed by one of Lin Ran's arms dropping down.

At this moment, Lin Ran only felt a sharp pain in his arm, while the Medical Dao True Qi in his body was frantically repairing his arm.

"Ranzi let go! What are you doing!"

Wang Yifeng saw his fists clenched and his eyes were red.

"Commander Lin!"

The surrounding group of generals also looked red-eyed one by one.

But at this moment, they could not help at all except for being anxious.

“What the hell is Lin Ran doing!”

Feng Lao and the three men were also looking at each other with bewildered faces, not knowing what Lin Ran was doing.

“Another crunching sound soon appeared, and Lin Ran’s other arm, which was firmly gripping the foreign devil, was broken.

But just as the crowd was getting anxious, Lin Ran wrapped his legs around the demon again.

What no one knew at the same time was that Lin Ran’s consciousness had been completely dragged into enlightenment by that invisible force.

Chapter 1562

“Really not afraid of death!”

Seeing Lin Ran wrapping his feet around himself, the foreign devil couldn’t help but be a little enraged.

At once, the black Qi went straight for your feet.

“Stop it, foreign devil!”

“Alien Demon! How dare you!”

At this moment, Elder Feng and the others watched, their hearts seized.

Lin Ran’s hands were already broken...? If both feet were to be broken by the Other Demon, then he would truly become a ruined man!

“Hehe, what wouldn’t the old man dare!”

There was a cold smile in the foreign devil’s eyes, and the next moment a fist wind blasted out straight towards one of Lin Ran’s legs.

“Ka-chow!”

There was a crunching sound, and one of Lin Ran’s legs immediately drooped.

“No!”

“Bastard! Foreign devil I’ll fuck you up!”

Wang Yifeng was so angry that he directly cursed.

However, his ranting could not affect the foreign devil in the slightest.

The wind of his fist was rising, and the foreign devil instantly struck towards Lin Ran’s other leg.

However, just as Elder Feng and the others could no longer bear to look on.

Suddenly, a thunderbolt appeared out of nowhere in the sky.

With a loud “boom”, the sky exploded.

Countless thunder clouds with lightning quickly coalesced and the aura was monstrous.

“What’s going on?”

“What’s going on?”

“Is the world ending?”

Elder Feng and the others looked at the scene in front of them, each with panic in their eyes.

It wasn’t that they had never seen thunder clouds above the sky before, they were found in the sky of the Skywolf Domain.

But the thunder clouds there did not give people a sense of oppression, whereas the thunder clouds that suddenly appeared above the sky of the Fey Devil Realm at this moment were of a monstrous aura.

Not even the oppression given by the Fey Devils could be compared to it.

“Hm?”

The foreign devil was also startled by this thundercloud, and the fist wind did not stop.

Compared to these thunder clouds, the pressure brought by Lin Ran was not even worth mentioning.

“What’s going on?”

The foreign devil looked at the thunder clouds above the sky and couldn’t help but feel a little puzzled in his heart.

The Fey Demon Realm was a space under his Fey Demon’s control, so how could so many thunder clouds suddenly appear.

“This feeling?”

Suddenly the foreign devil’s brow furrowed, the thunder clouds above the sky actually gave him a feeling of déjà vu.

“Elder Wind, is this what’s going on?”

From afar, Wang Yifeng also looked very worried and was busy running over.

Lin Ran had one leg still wrapped around the foreign devil.

And the sky was only on top of the alien demon, which made his heart very worried.

“I don’t know!”

Elder Feng shook his head.

“No! This seems to be a heavenly tribulation!”

Suddenly, Elder Li, who was at the side, suddenly spoke up.

“A heavenly tribulation?”

Elder Wind and Elder Fire and the others were stunned at their words.

“That’s right! This is the Heavenly Tribulation, I once read about it in a classical literature back then!”

Old Man Li busily said.

“Many of those documents were left behind during the Breaking War, and as you all know, one of the points mentioned that one of the Daoist Daoists of Lightning had once sensed the Heavenly Tribulation and enlightened the Lightning Secret Technique!”

“And I’m afraid that this situation in front of me at this moment is the Heavenly Tribulation!”

“How could a heavenly tribulation appear now, could it be that the heavens can’t even look at it and want to strike the foreign devil to death?”

Wang Yifeng was busy asking.

Li Lao smiled but shook his head.

“No! When the heavenly tribulation appears, it must be because someone is about to cross the tribulation again!”

“A tribulation?”

Elder Feng and the others’ faces changed at his words, and they were busy turning their heads to look at the foreign devil in the distance.

Could it be that the foreign devil was about to cross the tribulation?

This thought couldn’t help but pop up in everyone’s mind at this moment, but it didn’t make sense, why would the foreign devil want to cross the tribulation at this moment for no reason?

“It’s Lin Ran!”

Suddenly, Elder Feng opened his mouth and exclaimed.

“Look, you guys!”

The crowd looked at his words and saw that Lin Ran, who was still entangled with the foreign devil, was now suspended in mid-air.

He was very close to the foreign devil, and at this moment, his entire body was filled with tiny lightning lights, as if his entire body was wrapped in lightning.

“Bastard, it really is you!”

The foreign devil quickly noticed Lin Ran’s situation as well, his eyes were icy cold as he raised his hand and threw a punch.

“Bang!”

The wind of his fist instantly struck Lin Ran’s body, but to his surprise, Lin Ran did not move at all under the blow.

Moreover, he only heard a “bang” sound, but the foreign devil himself was directly bounced out.

But before his body could bounce far away, he heard a loud thunderclap in the sky, and the rumble instantly exploded like a pot.

“Hmm?”

The foreign devil was busy looking up, and his face instantly changed.

Only to see the thunder clouds rolling in the sky around the square, a thunderbolt tilted down towards the bottom as if it was not wanted.

The thunderbolts were not thick, but they were so dense and numerous that it was as if the entire space had turned into an ocean of thunderbolts at this moment.

“Go!”

The pillow’s voice suddenly sounded in the ears of the Wind Elder’s crowd, followed by an instantaneous disappearance of the crowd on the hillside into the same place.

A few moments later they reappeared, exactly several kilometres back.

“You guys hide here and don’t go over there! The spatial blockade around you hasn’t completely ended yet, so I can only bring you so far!”

The pillow said, and with a whirl, his body was already rushing towards Lin Ran.

Elder Feng and the others wanted to say thank you, but before they could say anything, the Pillow’s Edge Book had already disappeared.

At the same time, the place where they had just been had all turned into a sea of lightning.

Countless thunderbolts tilted down, as if forming a field of lightning, making it impossible to see clearly what was going on inside.

However, Lin Ran, at this moment, his consciousness had finally returned to his body.

“The power of the enlightenment pellet is really powerful, it’s only been a short time since he actually became directly enlightened!”

Lin Ran was shocked in his heart.

Earlier, when the effects of the Dao Enlightenment Pill had started to kick in, he had only fallen into contemplation for a moment, and had quickly brought about an enlightenment that had led to the Heavenly Tribulation.

However, just as Lin Ran was about to see what was happening to the foreign devil at this moment, he suddenly realized that both of his arms and one of his legs were actually all broken!

“This foreign devil has really hit hard!”

Lin Ran laughed bitterly helplessly while the Healing Dao True Qi in his body quickly repaired his wounds.

Although he had not yet passed the Heavenly Tribulation, his enlightenment of the Dao of Healing had allowed him to repair the wounds within his body much faster!

The white light flowed on the surface of his body, and soon Lin Ran's hands and one of his legs were completely healed, before he dreamed of turning his head to look at the foreign devil on one side.

He only saw that the foreign devil's face was filled with panic at this moment, as he kept rampaging through the field of lightning, trying to find a place to get out.

"Weng!"

Suddenly, a ray of golden light came and instantly entered Lin Ran's body.

"They're all settled, it's up to you to come down!"

The pillow spoke.

Lin Ran nodded, now there were no worries after all!

"Fey Demon!"

Lin Ran looked towards the Other Demon and opened his mouth to shout, a cold smile on the corners of his mouth.

The Other Demon fiercely turned around to look at Lin Ran, with killing intent in his eyes.

"You're really ruthless, how dare you break through in the Fey Demon Realm!"

"One can't stand still unless one is ruthless! Since you have to drive me to extinction, then I can only kill you with a fish!"

Lin Ran said indifferently.

"Humph! Do you really think that I'm afraid of this heavenly calamity of yours? Don't forget that I am also in the Extreme Realm!"

The foreign devil said in a cold voice.

Lin Ran smiled at his words but said with a bland smile.

"I don't care if you're at the Extreme Realm or not, at least now you're still with me through the Heavenly Tribulation!"

Chapter 1563

"To cross the heavenly tribulation? I'm afraid you won't have the chance!"

The foreign devil's eyes were icy cold, and instantly his entire body's aura did a great job, countless black Qi filled the air instantly and actually enveloped him.

"Prepare to die!"

The foreign devil roared in anger and instantly rushed towards Lin Ran to kill him.

Just now, Lin Ran's entire body was wrapped in lightning, so the foreign devil was unable to hurt him.

But at this moment, it was different, as the lightning tribulation had already begun, and tiny thunderbolts were everywhere in the entire domain of lightning.

But these were the main things, the most important thing was that Lin Ran was not protected by lightning at this moment, if the foreign devil could kill him now, then this thunderbolt would not be able to be talked about.

“Want to kill me! Then you should try!”

Lin Ran’s eyes were cold as he instantly charged towards the foreign devil as well.

At this moment, Lin Ran was also at the Extreme Realm, and although he had not yet passed the Heavenly Tribulation and his strength was not as consolidated as the Other Demon’s, the two were at the same level at this moment.

“Humph! No self-respect! The Extreme Realm is not something you can understand the Extreme Realm!”

The Other Demon said disdainfully.

And at the same time, the two had met face to face and were instantly entangled.

The foreign devil’s entire body was shrouded in black light, while Lin Ran was holding the Frost Condensation Sword in his hand, his entire body emitting an alternating golden and white light.

The two hurriedly intertwined, constantly colliding and then separating, on a collision course.

There were countless tiny thunderbolts roaming throughout the entire Domain of Lightning.

Everywhere the two went, they would attract these thunderbolts to strike.

Although these thunderbolts were not very powerful, there were too many of them, and after only a few moments.

After just a few moments, tiny lightning bolts began to flicker in the black qi around the foreign devil’s original surroundings.

Likewise, Lin Ran was no exception, as there were also many tiny lightning bolts attached to the golden and white light.

“Bang!”

Lin Ran and the foreign devil clashed their fists, and then they quickly separated.

This time, the two did not choose to fight, but instead, they raised their heads in unison to look at the sky.

The thunder clouds were rolling in the sky at this moment, revealing two arm-thick lightning bolts.

These two thunderbolts were like two pythons twisting and wriggling around each other.

“Kid! Be careful, the first thunderbolt is about to come down!”

Pillow Book was busy speaking up to warn.

“The first one? How many thunder tribulations are there in total!”

Lin Ran was stunned at his words and was busy asking.

“It’s hard to say! There are three types of thunder tribulation, the Three Thunder Human Tribulation, the Six Thunder Earth Tribulation, and the Nine Thunder Heavenly Tribulation!”

“The later you get, the more powerful it is, but this Other Demon Realm is after all only a world left in ruins by the Demon Lord, so I don’t know if this Heavenly Tribulation is the same as the Immortal Realm or not!”

The pillow said.

“Shit!”

Lin Ran couldn’t help but curse and was just about to deal with this first lightning tribulation with all his might.

Who knew that the foreign devil in front of him was already ready to charge towards him.

“You’re crazy!”

Not only did Lin Ran’s heart tighten at the sight, this lightning tribulation was about to fall, but at this moment, the foreign devil had actually chosen to attack.

“Humph!”

Faced with Lin Ran’s words, the foreign devil but did not speak just coldly snorted and already charged towards him.

“Rumble!”

The next moment, the two thunder snakes above the sky had completely separated, instantly bursting out of the thunder cloud towards Lin Ran and the foreign devil below and slashing over at the same time.

Lin Ran could clearly see that the thunder serpent that was rushing towards the foreign devil was clearly more powerful than his own.

Clearly, this thunderbolt was descending with different strengths depending on the strength of each person within the Domain of Lightning.

This was why the pillow had chosen the thunder tribulation to take a gamble on.

The foreign devil had crossed into the Extreme Realm earlier than Lin Ran, but similarly the pressure he faced in crossing the tribulation was also much greater than Lin Ran.

The stronger the strength, the more powerful the thunder tribulation would be!

“Boom!”

As they spoke, the two thunder tribulations above the sky had already struck down towards the two.

The foreign devil was madly rushing towards himself at this moment, causing Lin Ran to be extremely puzzled.

But at this moment, the situation was critical and he couldn't even be bothered to think much about it, after all, this was his first time crossing the tribulation, so he took it very seriously.

"Die!"

While Lin Ran was carefully dealing with it, the foreign devil in front of him had already killed him, and he raised his hand and blasted towards Lin Ran with a fist.

"Eh?"

Lin Ran didn't dare to slow down when he saw this, and immediately dodged.

But almost at the same time, the two thunder snakes in the sky were already running down.

Lin Ran was wondering why the foreign devil was coming to attack now, after all, he was also facing an attack from the thunder snakes.

But the next moment, he understood.

Because the foreign devil was coming towards Lin Ran to kill him, said the thunder snake in the sky that was originally chasing the foreign devil also approached to attack the thunder snake Lin Ran was in.

The two thunder snakes came from the same source and instantly became entwined as soon as they got close.

And then these two thunder serpents struck down towards where Lin Ran and the foreign devil were.

"Kid! Have a good taste of it!"

When the foreign devil saw this, he laughed out loud and then his entire body sank downwards violently.

As soon as he sank, the two thunder snakes reached Lin Ran's head.

"Bastard!"

Only then did Lin Ran understand the foreign devil's intentions, this guy was simply trying to get him to ward off the two lightning tribulations.

But at this moment, the thunderbolts were already less than ten metres away from Lin Ran, and they were extremely fast, so Lin Ran had no time to think about it.

He could only raise his Frost Condensation Sword and slash directly towards the sky with several swords.

Several seven-coloured sword rays instantly cut out and headed straight for the thunderbolt in the sky.

The next moment the two collided, and instantly an explosion was heard, "Bang Bang Bang".

Lin Ran then saw the thunder snake shatter into countless lightning arcs that filled the surroundings.

But just when Lin Ran thought that he had already passed this lightning tribulation, suddenly another lightning snake rushed towards him from the lightning arcs above.

“Bastard!”

Lin Ran could see it clearly, this thunder snake was the thunder snake that originally belonged to the foreign devil.

The thunder snake was already above Lin Ran’s head, so he didn’t have time to think too much about it and directly threw his Frost Condensation Sword across his face to meet the thunder snake.

“Rumble!”

Lightning instantly swept through Lin Ran’s entire body, the feeling of being swept through by the thunder snake silenced Lin Ran’s entire ears.

He watched as countless lightning rays impacted past his body above his head, and his entire being seemed to stand still at this moment.

“Bang!”

A sudden loud bang shattered the silence in Lin Ran’s ears.

At the same time, Lin Ran felt a huge force blast him backwards straight away, and a mouthful of blood spurted out straight away.

As he was flying, the lightning around Lin Ran had completely dissipated, but at the same time he also saw the foreign devil standing in the distance with a cold smile in his eyes.

“That was you just now!”

Lin Ran instantly seemed to have thought of something.

Although the second thunder snake had made him tired of dealing with it, it was after all the first thunderbolt, so he could still resist it.

But how did the thunder snake suddenly explode, it was obvious that someone was messing with him, and at this moment, the appearance of the foreign devil confirmed the suspicions in Lin Ran’s mind even more.

“That’s right! It’s me!”

The Other Demon sneered.

“I have spent more heavenly tribulations in the Immortal World than you have eaten rice, playing dirty tricks with me, you are not qualified!”

The foreign devil said with a chilling look in his eyes and came towards Lin Ran to kill him again.

Chapter 1564

“Bastard!”

Seeing that the foreign devil had actually admitted it outright, Lin Ran couldn't help but be furious as well, quickly bringing his form to a halt as he whirled towards the foreign devil and killed him as well.

"Bang Bang!"

The two instantly exchanged blows.

The foreign devil was trying to kill Lin Ran in a hurry so that he could end this lightning tribulation, while Lin Ran was furious because he had been set upon by the foreign devil at the first lightning tribulation.

At this time, he was also at the Extreme Realm, so Lin Ran was naturally not afraid of him and went straight towards him to kill him.

As the two fought, Wang Yifeng and the others ran to the Sea of Blood space where Song Nuan and the others were outside the formation.

He was also worried about Xiao Cui,? But when he reached this Heavenly Stone Pillar, he realized that there was a prohibition on it.

In the end, he was able to say a few words to Xiao Cui before leaving.

Below him was the endless sea of blood, and he could not possibly stay here for long.

At this time, Wind Elder and the others in the distance were all looking nervously at the field of thunder and lightning ahead.

They could not see the situation inside clearly at all, but the two thunder snakes that had suddenly rushed down just now were clearly visible to them.

"Found it!"

Suddenly Elder Li, who was on the side, spoke up.

"Speak up!"

Elder Feng was busy urging.

"This is the lightning tribulation!"

Elder Li said busily, an ancient book had appeared in his hand at some point and he was holding it up and flipping through it.

"It's written here that there are three kinds of thunder tribulations, the Three Thunder Human Tribulation, the Six Thunder Earth Tribulation and the Nine Tired Heavenly Tribulation! That should just be the first thunder tribulation!"

"The first one?"

The crowd was still worried, the first lightning tribulation was so terrifying, if there were nine tribulations, would Lin Ran be able to withstand it?

When they thought of this, the crowd couldn't help but feel a little nervous in their hearts.

"Look, the second thunderbolt is coming down!"

Suddenly, no one in the crowd shouted, and everyone was busy looking.

As expected, the thunder clouds were rolling in the sky and two more intertwining thunder snakes had appeared.

But this time the thunder snakes were much stronger than last time, both in terms of oppressiveness and thickness.

Just a visual glance could reveal the power of this second thunderbolt.

“The thunderbolt descending means that Lin Ran is not in trouble, and if something really happened to him, this thunderbolt would be gone!”

Elder Li spoke up and said with relief.

As the crowd looked at the thunder snakes tumbling in the field of lightning at this moment, they couldn't help but sweat for Lin Ran.

At that moment, in the field of thunder and lightning, Lin Ran and the foreign devil were fighting hard.

Although the foreign devil was stronger than Lin Ran, both of them were at the Extreme Realm after all, so if they really wanted to kill the other side, they would never be able to do so unless they really put their lives on the line.

This was something the Other Demon knew very well, and seeing that he could use the arrow tower to go home, the Other Demon naturally did not want to risk his life so easily to fight Lin Ran.

“Rumble!”

Soon the second thunderbolt had poked its head out from the middle of the thundercloud.

Seeing the shape of this second thunderbolt too, Lin Ran couldn't help but frown slightly.

“I'm afraid that this power has risen by more than double!”

“Twice? That's just how far, enjoy it!”

This side of the book laughed.

Lin Ran was speechless for a moment.

But with his first experience, Lin Ran wasn't in a hurry.

He watched the foreign devil in the distance while keeping an eye on the sky for the thunder falling from the sky.

The foreign devil seemed to know that Lin Ran would be wary of himself, so this time he simply stopped using underhanded tricks and just stood quietly by himself, looking at Lin Ran with a cold gaze.

“Rumble!”

Soon the second thunderstorm above the sky instantly fell.

Two even thicker thunder snakes blasted towards Lin Ran and the foreign devil at the same time.

“Go!”

Lin Ran didn't dare to be slow, and with a shake of the Frost Condensation Sword in his hand, he instantly swung out several seven-coloured sword maces at the same time, and met the thunderstorm.

In the distance, the foreign devil was standing still, allowing the thunderstorm to blast towards his head.

“What's he doing?”

Lin Ran had puzzlement in his eyes.

But at this moment, the thunderbolt above his own head had already arrived, so he no longer bothered about the foreign devil.

“Bang bang bang!”

The seven-coloured sword mane instantly collided with the thunderbolt, directly blasting the front section of the thunderbolt into pieces.

However, this thunderbolt was so powerful that Lin Ran's sword mane was quickly consumed.

The remaining thunderbolts from behind came at Lin Ran.

Lin Ran didn't dare to be slow, so he raised the Frost Condensation Sword in his hand and blocked it with a direct cross.

“Rumble!”

In an instant, the remaining lightning wrapped around Lin Ran.

However, Lin Ran had learnt to be wise, at this moment, being wrapped in lightning, he still did not forget to be on guard against the foreign devil.

After all, this fellow, the Other Devil, had come from the Immortal World, and had definitely seen and even experienced lightning tribulations in the Immortal World, so his familiarity with lightning tribulations was originally higher than Lin Ran's.

He was more familiar with lightning tribulations than Lin Ran, and since he had been attacked by this guy for the first time, Lin Ran was more alert.

Suddenly, Lin Ran saw through the lightning around him.

When the thunderbolt from the foreign devil was about to fall on him, suddenly he punched the sky.

This punch was so powerful that it actually shattered the thunderbolt above him in an instant!

“How did he do that!”

Lin Ran couldn't help but be taken aback at the sight, he himself couldn't even manage to kill the thunderbolt with a single sword, but this foreign devil had carried off the second thunderbolt so easily.

“Kid, be careful he's coming over!”

Pillow Book suddenly warned.

“This guy has survived the thunder tribulation after all, these first few layers are not dangerous to him, it’s the last three that are really posing a threat!”

“But I just don’t know how many lightning tribulations you’ll be falling this time!”

“The last three?”

Lin Ran was stunned at his words, the lightning tribulation could be divided into three, six and nine, the last three would be the nine lightning tribulations, this was only the second one and it was so terrifying. If he made it to the ninth, Lin Ran really dared not think what kind of lightning tribulation he would face.

At that moment, the foreign devil was already rushing towards Lin Ran.

Lin Ran did not dare to slow down, and quickly shattered the lightning tribulation around him, and immediately charged towards the foreign devil.

Once again, the two of them struggled together.

Time passed, with the foreign devil quickly resolving each time after the thunderstorm appeared, and then running to trouble Lin Ran.

Lin Ran was experiencing his first thunderstorm and did not have as much experience as himself, and most importantly, he was still strong and could solve it faster.

This was his advantage, but Lin Ran soon discovered a problem as well.

That was that with each layer of lightning tribulation that he passed, Lin Ran’s own physique seemed to have a layer of sublimation, and that kind of improvement to his strength was simply unspeakable.

“If I wait until I’ve finished surviving the thunder tribulation, I’m afraid that the boost this thunder tribulation will bring to myself will be enough to allow me to fight the Fey Demon on par!”

Lin Ran calculated as he vigilantly watched the foreign devil in front of him.

Soon the third, fourth, and fifth The thunderstorms fell again and again, as if they didn’t want money.

And under Lin Ran’s vigilance, the foreign devil never succeeded in another sneak attack.

But gradually, Lin Ran also found that the foreign devil had actually stopped sneaking in.

It could not be helped that from the fourth lightning tribulation onwards, the power had become much stronger, so even the devils had to be careful, not to mention sneak attacks!

Chapter 1565

“Rumble!”

Above the sky, thunder clouds rolled over as if it was the end of the world.

And right now, in the midst of the thunder and lightning, a behemoth as thick as a bucket of water was converging!

“This is already the sixth lightning tribulation, Elder Li! It should be the last one!”

Elder Feng and the others all looked at Elder Li nervously.

From the third one, they had a vague feeling that Lin Ran’s Heavenly Tribulation wouldn’t be just three.

After all, he was so highly gifted, so many people felt that Lin Ran’s lightning tribulation would be six lightning tribulations.

One must know that the thunder tribulation recorded in this tome was recorded according to the situation in the Immortal World.

It said that the three lightning human tribulations were the most pervasive and there was little future for cultivators.

The Six Thunder Earth Tribulation is the most common, and most of the entire Immortal World is filled with Six Thunder numbers.

And yet, all those who passed the Nine Lightning Earth Tribulation, their achievements were invariably those of the powerful and mighty in the Immortal World.

This was not to say that Elder Feng and the others did not believe in Lin Ran, but because of the circumstances; after all, they were not in the Immortal World, but on Earth where there were not even a few Great Dao.

With this kind of gap, even the most ordinary person in the Immortal World’s cultivation could be an existence of unparalleled strength by the time they arrived here.

Therefore, the Six Thunder Earth Tribulation was already their conclusion after looking high at Lin Ran, as for the Nine Thunder Heavenly Tribulation, they didn’t dare to think about it at all.

“It should be the last one!”

Elder Li spoke.

“I hope he can resist it!”

Elder Feng looked at the distant field of thunder and lightning and murmured softly.

However, at this moment, Lin Ran’s clothes all over his body were torn in several places, looking as if he was wearing beggar’s clothes.

If he had been careless in the previous lightning strikes, I’m afraid it wouldn’t have been as simple as torn holes in his clothes.

In comparison, the foreign devil looked much more relaxed, his clothes were only a little wrinkled at the moment, and did not appear to be torn in any way.

“Kid! You’re really something, actually a Six Thunder Earth Tribulation, this kind of heavenly tribulation would be considered a good qualification even if it was placed in the Immortal Realm!”

The foreign devil looked at Lin Ran and said in a bland voice.

“But it’s a pity, who let you be born in such a backward little world!”

“Once this last lightning tribulation is over, that’s when you’ll die!”

The foreign devil looked at Lin Ran from afar, with killing intent in his eyes.

Lin Ran did not say a word as he quietly looked at the foreign devil.

In his heart, he knew very well that if his heavenly tribulation was really the Six Thunder Earth Tribulation, then after the sixth one fell, he would not be able to restrain the foreign devil.

The two of them were similar in strength at this point, so as long as he dealt with it carefully he should be able to protect the crowd.

“Alien Demon!”

Suddenly, Lin Ran looked towards the foreign devil and spoke.

“I’m also at the Extreme Realm, it’s not that easy for you to kill me, you know that very well yourself!”

“Hm?”

The Other Demon looked at Lin Ran, his eyes slightly narrowed.

“What are you trying to say?”

The foreign devil looked at Lin Ran and said in a cold voice.

“I want to say that I can let you go! But you’re not prepared to be killing people!”

Lin Ran said.

Instead of continuing to fight with the Other Demon, it would be better to reconcile.

Moreover, Lin Ran actually had no bottom in his heart, after all, the foreign devil had lived a thousand years longer than himself, if he really didn’t want to die and had to kill Wind Elder and the others.

Lin Ran was afraid that he wouldn’t be able to stop him.

And in order to protect everyone’s safety, he could only choose to be resigned at this moment.

“You’re dreaming!”

However, the foreign devil was simply not agreeing!

“As I said before, if you want to completely activate the arrow tower, you must still kill them! You call this reconciliation?”

“Otherwise, if you personally capture enough people for me to kill to activate the Arrow Tower, I can consider reconciling with you!”

“You’re dreaming!”

Lin Ran didn’t think twice about rejecting it outright.

Letting himself go and capture people for the fey demon, he would rather fight the fey demon to the end in blood.

“That won’t do, reconciliation! There’s no way this matter can be reconciled!”

The foreign devil had ferocity in his eyes.

“Rumble!”

As the two were talking, two huge thunderstorms had quietly poked their heads out above the sky.

They were not in thunder snakes, but two thunder jiao with hands and feet.

A snake becomes a jiao for a thousand years, and a dragon for ten thousand years, three thunder tribulations are snakes, six thunder tribulations rise to become jiao, and nine thunder tribulations are already dragons!

And this thunder jiao was the sixth heavenly tribulation, already close to the level of a dragon, and its power was simply intimidating.

“Kid! Wash your neck and wait to die!”

The foreign devil snorted coldly, and then turned his head away from Lin Ran.

Lin Ran didn’t have the time to ignore him at this moment, for this sixth heavenly tribulation was so powerful that even he had to deal with it carefully.

“Is there any way to kill him?”

Lin Ran asked as he vigilantly dealt with the heavenly thunder.

“There’s only one! And it might not even work!”

The pillow said.

“What way?”

Lin Ran asked.

“Unless this lightning tribulation of yours isn’t the Six Thunder Earth Tribulation, but the Nine Thunder Heavenly Tribulation!”

The Pillow Book said.

“Nine Thunder Heavenly Tribulation?”

Lin Ran was stunned at his words.

“That’s right! Only the final ninth of the Nine Thunder Heavenly Tribulations can hope to kill him!”

The pillow-side book said.

“And, there’s only hope! The foreign devil is so powerful that if he goes through the ninth thunder tribulation, it’s bound to be even more powerful!”

“If you can’t say that, you’ll just be struck dead, this is the only chance you have to kill him!”

Lin Ran smiled but was silent.

He himself didn’t even know exactly what kind of heavenly tribulation he was having, how could there be any guarantee that it would definitely be the Nine Thunder Heavenly Tribulation!

“Forget it, life and death are destiny and wealth is in heaven!”

Instead of placing his hopes on the heavenly tribulation, Lin Ran believed in his own strength after he had passed the tribulation.

At least he would be in the extreme realm after the tribulation, and he could still fight with the foreign devils, but what if the heavenly tribulation was really the Six Thunder Earth Tribulation?

Thinking of this, Lin Ran stopped thinking about it and turned to seriously deal with the thunder tribulation above the sky.

“Boom, boom, boom!”

As he spoke, the thunder jiao had already burst out of the dark clouds and blasted down towards Lin Ran and the foreign devil at the same time.

Lin Ran did not dare to be slow as countless sword maces had already blasted out, while wisps of ice crystal lotus flowers also began to bloom.

“Bang!”

Too late, the Thunder Jaguar instantly opened its large mouth and directly tore apart the countless sword mists before blasting down directly towards the ice crystal lotus.

“Come on!”

Lin Ran gritted his teeth as he saw this and sat down directly on his knees, his entire body rising and soaring, and in an instant the thunder jaguar, carrying a huge force of lightning, had blasted down on him.

Lin Ran did not dare to slow down and mobilized his entire body’s true qi to the extreme, fighting against the thunder jiao.

However, he was then surprised to see that the alien demon in the distance had actually blasted another fist towards the thunder jiao.

“Bang!”

A large cloud of black Qi carried an endless sharpness straight towards the Thunder Jiao.

The Thunder Jiao likewise opened its bloody mouth and bit towards the foreign devil.

“Roll!”

The foreign devil roared, and in an instant the wind of his fist had blasted at the head of the Thunder Jiao only.

“Bang Bang!”

The Thunder Jiao’s head instantly shattered, then the force of lightning on the face but also instantly blasted on the foreign devil’s arm.

Blood flew everywhere, severed limbs were scattered, and one of the foreign devil’s arms was actually blown to pieces directly.

“Self-defeating!”

Lin Ran snorted coldly at this.

The foreign devil had been too arrogant, actually relying on just one arm to resist the thunder jiao, it was only right that he should have this fate.

However, what Lin Ran didn’t expect was this.

After the thunder auger dissipated, the foreign devil actually laughed wildly up at the sky while cursing angrily.

“Rubbish heavenly tribulation! The Six Thunder Earth Tribulation still dares to run wild in front of old me!”

With that, the foreign devil’s arm, which was broken, actually flew back on its own, and then the wound actually healed itself!

Chapter 1566

“How can he have such a strong life force!”

Seeing the foreign devil’s body recovering quickly, Lin Ran couldn’t help but be taken aback as well.

The Pillow Book had once told himself that the only thing that possessed strong life force apart from the Medical Path was the Life Path, could it be that the foreign devil in front of him was cultivating the Life Path.

It was impossible, the Life Path is usually perceived by extremely good people, how could a murderous devil like the devil perceive the Life Path?

“Could it be that he was also of the healing path?”

This thought suddenly popped up in Lin Ran’s mind and he was busy asking the pillow book for confirmation, however, the pillow book said.

“There’s no way to speculate on such matters, and there’s no way for us to know if he doesn’t tell us, unless he tells you himself!”

Indeed, the Way of Healing was not like the Way of the Sword and the Dao of the Blade, which could be seen at a glance; the Way of Healing and the Way of Life were invisible and untouchable, and their cultivation was inherently difficult, so it was only natural that outsiders could not see them.

“Don’t worry about that for now, he’s ready to do it!”

The pillow book suddenly reminded.

Lin Ran looked over and realised that the foreign devil had already turned around and was ready to kill towards himself.

However, at this moment, Lin Ran's Lei Jiao had not yet fully fallen!

"If we can't, we'll force our way out!"

Lin Ran calculated in his mind.

But just as he was watching the foreign devil warily.

Suddenly, a loud "rumbling" sound was heard in the sky.

The next moment, two tiny thunderbolts rushed out, their bodies were filled with green light, but they were small in size, like two small snakes.

But Lin Ran clearly saw that after these two small snake thunderbolts came out, the face of the foreign devil changed.

"That's a green dragon, a thunder snake green dragon! You brat are the Nine Lightning Heavenly Tribulation!"

The pillow shouted out in shock almost simultaneously.

"Bastard!"

The foreign devil was instantly enraged at the sight of the little thunder snake, and immediately charged towards it.

And it was only then that Lin Ran saw for real that it wasn't a small snake at all, the little lightning snake clearly had dragon horns on its head, and it had dragon whiskers and claws all over it!

"Watch out, kid! Defend with all your might!"

Pillow Book was busy exclaiming.

Lin Ran didn't know what was happening, but he still defended with all his might as Pillow's Book had said.

The next moment, he saw that one of those two little lightning snakes had actually turned into a stream of light and blasted towards the foreign devil.

Before the foreign devil could even react, his entire body was instantly blasted backwards, and a mouthful of blood immediately spurted out from his entire body.

"Bang!"

The next moment, before Lin Ran could cheer for this, the place where he was also exploded instantly!

The green dragon thunderbolt instantly blasted onto the butt of the thunder jiao that hadn't been completely consumed.

The explosion of the two thunderbolts directly blasted Lin Ran to the point where he flew out, his entire body's clothes torn to the point where he would be on the verge of going bare-assed.

At the same time, Lin Ran's shoulder was also blasted into a huge gash, with blood only playing out.

Luckily, he practiced the Dao of Healing and could repair it quickly, otherwise he would have been blasted to death by this lightning strike.

A moment later, Lin Ran climbed up from the ground and looked at the foreign devil who was also scared in the distance, and immediately laughed.

"Nine thunder tribulations, this ninth one I'll ask if you're afraid!"

"Humph!"

The foreign devil snorted angrily, no longer paying any attention to Lin Ran and then sat down on his knees to quickly repair his injuries.

After knowing that it was the Nine Lightning Heavenly Tribulation, the entire aura of the foreign devil changed.

He became incomparably serious, and it was obvious that he Ah was terrified that he wouldn't be able to resist these last two thunder tribulations.

"You too, hold on tight, the little green dragon snake is the seventh thunder tribulation, you still have two left! Make sure you carry it through!"

Pillow Book, reminded.

Lin Ran nodded at his words, and immediately sat on his knees to recover his strength without any nonsense.

Time passed by minute by minute as both Lin Ran and the Other Demon sat cross-legged on the ground each recovering their strength.

The nine thunder tribulations had already struck seven, and these last two were the most terrifying. Both of them knew very well in their hearts that if they couldn't pass them, they would die.

Even the foreign devil had to be careful at this point, after all, if he died under the lightning tribulation, there would be no way to return to the immortal world.

And at this time, Elder Feng and the others who were outside were all holding their breath.

Especially after Old Man Li confirmed that this was the Nine Thunder Tribulation.

The hearts of the crowd were both shocked and worried, naturally the shock was that Lin Ran would induce the Nine Lightning Heavenly Tribulation, while the worry was also for him.

"Rumble!"

Suddenly, thunder clouds rolled above the sky and the sound of thunder was loud.

The crowd all looked up and saw that in the dark clouds above the sky, two rays of light kept rolling around, appearing and disappearing in the middle of the thunder clouds.

The crowd could clearly see that on top of the white light, there was a clearly visible scale, but no one could see clearly what the owner of the scale was.

The inadvertent reveal of the scales was not at all visible.

“It’s coming!”

Lin Ran suddenly opened his eyes from his closed state and looked up to the sky above.

He only saw countless white lights tumbling out of the thunder clouds at this time, like a writhing snake body, but he couldn’t see where the head was.

“Kid! I hope you’d better resist!”

The foreign devil suddenly spoke and laughed.

“Humph! You might as well mind your own business first!”

Lin Ran let out a cold voice and whirled around, standing up from the ground.

The moment Lin Ran stood up, two roars of dragons suddenly sounded in the sky.

At the same time, two huge dragon heads instantly poked out from within the thunderclouds.

These two dragon heads, one large and one small, with the larger one having a faint purple aura around its body.

“Here it comes!”

Lin Ran gritted his teeth as the Frost Condensation Sword in his hand was already taken out.

Almost at the same time, two dragons of lightning instantly rushed out from the sky and crashed towards each of them.

“Kid, it’s up to you! Be sure to resist, if you can resist this, he will die in the ninth thunder tribulation!”

Pillowbook said busily.

Lin Ran smiled and didn’t understand why, and was busy turning his head to look at the foreign devil.

Instantly, he froze.

He only saw the distant Fey Devil’s entire body trembling with rage, and when he looked up Lin Ran understood.

It was the same two thunder dragons, but his own was not even half as bad as the foreign devil’s.

The other devil’s thunder dragon had a faint purple aura lingering all over its body, and its aura was monstrous, while his own thunder dragon was inferior in comparison!

“Let’s fight!”

Lin Ran gritted his teeth, already understanding the meaning of the pillow book in his heart.

This was the eighth lightning tribulation, if he could resist this one, then the ninth one would only be stronger.

Seeing how nervous the foreign devil was, he was afraid that he had already guessed that the ninth lightning tribulation would not be able to carry it at all.

“As long as we survive this one, the foreign devil will surely die!”

Lin Ran thought to himself.

And almost at the same time, two thunder dragons had silently fallen from the sky above.

The next moment, the sky was filled with thunder and lightning that instantly engulfed both Lin Ran and the foreign devil.

“Go!”

Lin Ran didn't dare to be slow, and immediately copied his Condensing Frost Sword to meet them.

In the next moment, Lin Ran's Frost Condensation Sword had just waved out a ray of sword light when he heard a “bang” and the sword light exploded instantly.

The surroundings instantly fell silent.

He could only watch as his entire body was lifted into mid-air by the huge force of lightning.

Chapter 1567

Silence, silence all around.

But at this moment, outside the Domain of Lightning, it was not silence, but a deafening rumble.

Two thunder dragons blasted down and instantly the eardrums of the crowd felt as if they were about to be blown apart.

Everyone lay on the ground with their hands over their ears, not daring to move.

But they knew in their hearts that the sonic boom they were facing was a light one, and that what Lin Ran and his team, who were in the realm of thunder and lightning, were facing was a true horror.

“Bang!”

Suddenly, there was a loud bang.

There was a silence in everyone's ears, followed by the sound of “Weng”.

The next moment, the weaker ones instantly spurted out a mouthful of blood with a poof.

Wang Yifeng slumped to the ground, his face turned red, and his mouth grew too big to spit out a single word.

It was only after a long time that the sonic booms around him gradually diminished.

“The eighth lightning tribulation has passed!”

Elder Feng also stood up at this moment and looked at the distant field of thunder and lightning, with worry in his heart.

“How is Ranzi!”

Wang Yifeng also recovered at this time, and was busy climbing up from the ground to ask.

Li Lao smiled and turned his head to look at the sky, and was relieved.

“It should be fine, look at the thunder clouds rolling ahead, coalescing and not dispersing! Apparently there’s still a ninth thunderstorm! Lin Ran should be fine!”

Elder Li said busily.

Only then did Wang Yifeng sighed in relief at his words and sat down on his butt.

It was only the eighth one, and it was already so strong! Then the ninth

Thinking about this, Wang Yifeng really didn’t dare to think any further.

“Life and death are destiny and wealth is in heaven! Since Lin Ran was able to induce the nine lightning tribulations to descend, I’m sure he’ll be able to resist it!”

Elder Feng said.

Wang Yifeng nodded at his words, he also believed that Ranzi had the strength.

After all, the surprises this fellow had brought to him since he had met him were no longer something that could be measured in terms of quantity.

No matter what situation he encountered, this fellow had always managed to get through it unscathed in the end.

However, at this moment, within the Domain of Lightning, it was a quiet moment, and Lin Ran and the foreign devil had actually disappeared at the same time.

“Bang!”

Suddenly, a muffled sound came, followed by a palm poking out from a rocky mound of earth.

Followed by a dusty face which poked out.

“Shit!”

Lin Ran struggled to crawl out of the mound of dirt before falling on his back onto the ground.

At this moment, his entire body was covered in a mixture of dirty blood and mud.

It was simply as dirty as it could be.

“Weng!”

Suddenly, Lin Ran's entire body's breath trembled, which shook off all the dirt and blood that had clung to his body.

However, before he could take a breath, he heard a "bang" in the distance and a black shadow instantly burst out of the ground.

The black shadow was also drenched in blood, and the black robe he was wearing was already shattered beyond recognition, except for where his head was, which was intact.

"The foreign devil doesn't look like he's taking it well either!"

Lin Ran laughed.

"Hm?"

The foreign devil turned his head to look at Lin Ran at his words.

"What? Are you anxious? Don't be anxious, there's still one last one left!"

Lin Ran laughed.

Just now, the eighth lightning strike was so powerful that Lin Ran's bones all over his body could be said to have been broken the moment he was struck by the multitude. If it wasn't for the quick repair of his Medical Dao True Qi in the end, he would have been blasted into dross by the eighth lightning strike.

"Hmph!"

The foreign devil glanced at Lin Ran indifferently without speaking, and immediately sat down on his knees to quickly recover from his injuries.

The thunder tribulation he had faced before was even more powerful than Lin Ran's.

The injuries he sustained at this moment were naturally heavier than Lin Ran's.

Lin Ran was busy sitting up and started to recover as well.

Both of them knew that after the eighth lightning tribulation, all that was left was this last and most crucial one.

"Ranzi!"

Suddenly, the pillow's voice rang out in Lin Ran's mind.

"Do you feel that there's something wrong with this foreign devil!"

The Pillow Book said.

"How so?"

Lin Ran wondered, how could there be something wrong with a foreign demon when it was a foreign demon?

"Think about it, this eighth lightning tribulation is so terrifying, your entire body's tendons and bones were broken before, and you only recovered quickly with the help of your Medical Dao True Qi!"

“But this foreign devil is clearly facing a more powerful thunder tribulation, his condition can’t be much better than yours, but does he look like he has broken bones to you?”

Lin Ran was stunned at his words.

“Right, it’s hard for this foreign devil to also have some life-preserving means to quickly recover his body?”

Lin Ran asked busily.

“Impossible!”

The pillow shook his head.

“The only ones with such a strong life force are the Way of Life and One Way.”

“This foreign devil, who can do no worse than you, is most likely also practicing the Way of Healing!”

Pillow Book said.

“No way!”

Lin Ran was shocked at his words.

The foreign devil was also practicing the path of medicine?

As the saying went, a healer’s heart is benevolent and medicine is practiced in the world, so how could a devil like the foreign devil be a healer’s heart and medicine is practiced in the world, this was obviously illogical.

“I don’t know! But I feel that it is likely that you must be careful with the ninth lightning tribulation later, if the foreign devil really finds that he cannot resist this ninth tribulation, he will inevitably find a way out then!”

Pillow Book reminded.

“Mhmm!”

Lin Ran nodded and didn’t say much.

Although he didn’t know exactly what kind of dao the foreign devil was cultivating, the eighth thunder tribulation just now was so powerful that even he had almost been struck to death.

The ninth lightning tribulation would only be stronger, and he really didn’t believe that the foreign devil would still be able to think of a way to trap himself during the ninth thunder tribulation?

He was not a fool. The first thunder tribulation was a dark trick, and Lin Ran would not let it happen a second time.

With his mind made up, Lin Ran stopped thinking and concentrated on his cultivation.

“Rumble!”

In the sky, the thunder clouds were still tumbling.

Only at this time, what appeared in the thunderclouds was not a white light, but a wisp of purple light.

This purple light was exceptionally gorgeous, as if it was the purple qi that was born at the beginning of heaven and earth.

The purple qi drifted out from the depths of the thunderclouds, and as soon as it entered the thunderclouds the white light instantly rose up and converged towards the purple qi.

The white light converged, the purple light lingered, and in a flash two lightning bolts as thick as a truck tumbled.

The two purple lightning tumbled over each other and instantly surged out of the thunder cloud.

“Rumble!”

As soon as the purple lightning bolts emerged from the thunderclouds, two huge dragonheads instantly surfaced.

These two dragon heads were one large and one small, slightly different, but the purple light on them was the same, and they were incredibly powerful.

“It’s coming!”

Lin Ran and the foreign devil under the Domain of Thunder and Lightning raised their heads to look over almost simultaneously.

When they saw the two huge purple dragonheads poking out of the thunderclouds, their hearts both shuddered.

“What terrifying power!”

Lin Ran couldn’t help but gulp.

The excitement that he had felt earlier because he was a Ninth Lightning Heavenly Tribulation and could make the Fey Demon perish was gone at once.

This terrifying purple dragon head was shocking even at this moment when Lin Ran saw it.

“As expected of a Nine Thunder Heavenly Tribulation, I’m afraid I’ve played it big this time!”

Lin Ran muttered.

At the same time, he also saw that the foreign devil not far away next to him had slowly stood up, obviously knowing the seriousness of the matter this time.

Chapter 1568

“Don’t be in a hurry! But every heavenly calamity must have a living door! Remember!”

The pillow’s voice rang out in Lin Ran’s ears.

However, Lin Ran didn’t even care to listen at this moment, because at this moment, the two purple thunder dragons above the sky had already blasted out of the thunder clouds and swooped down towards the two of them.

“Rumble!”

The two purple thunder dragons had a monstrous aura, and as soon as they burst out of the thunder cloud, everything around them was instantly illuminated in purple.

When Elder Feng and the others outside the Domain of Lightning saw this scene, they were all even more frightened and pale.

“What should we do, Elder Feng!”

Wang Yifeng asked in a busy voice.

“There’s nothing we can do! This ninth thunder tribulation is too terrifying, they can only rely on themselves!”

Elder Feng said.

“That’s right, this ninth thunder tribulation is both a death and a life tribulation, if they pass it, they live! If you can’t resist it, you’ll die!”

Elder Li was also busy saying.

“What you are saying is not nonsense!”

Wang Yifeng said angrily.

If you resist it, it’s life, isn’t it? What he was worried about now was that Lin Ran might not be able to resist it.

“You don’t understand what I mean!”

Li Lao was busy explaining.

“It is written on the ancient texts, but for anyone who has crossed the heavenly tribulation, the extreme realm is incomplete, and only after they have passed the tribulation will the power of the extreme realm be completely highlighted!”

“It is written on that in the Immortal Realm there are those who avoid the Heavenly Tribulation, but there are those who specifically seek it out, and in some cases to make it more violent, they will kill the innocent indiscriminately!”

“Let the sins haunt you, but the harder the same heavenly tribulation is, the stronger the strength once you get through it!”

Elder Li said as he looked towards the purple lightning dragon in the distance.

“If Lin Ran can get through this heavenly tribulation, by then he’ll definitely be stronger than the foreign devil! It’s not just him that will be born, all of us can be born!”

Wang Yifeng also looked over at his words, but what he had in his eyes was a strong worry.

Within the Domain of Lightning, Lin Ran looked up at the purple lightning dragon in mid-air, his heart was instead at peace at this moment.

The nine lightning tribulations had been resisted one by one, and now this was the last one.

Although he had not heard Elder Li's words, what Elder Li said was correct.

This last one of the Nine Lightning Heavenly Tribulations, if you could resist it, you would live, if you could not resist it, you would die.

"The Nine Lightning Heavenly Tribulation is nothing more than that!"

Just as Lin Ran's mind was unusually calm, he was thinking about how to deal with this Nine Thunder Tribulation.

Suddenly, there was a voice of a foreign devil next to him.

Following this, Lin Ran saw that the Other Demon was actually rushing towards the purple thunder dragon in the sky with a fierce force.

"What is he doing!"

Seeing this scene, Lin Ran was instantly baffled.

Although this purple thunder dragon was fast, it still had to be at least a few seconds away from landing on them.

However, instead of thinking of a proper response, this foreign devil actually took the initiative to meet the thunder dragon towards the sky.

"He probably saw that this thunder dragon was too powerful for him and knew that he wouldn't survive!"

Pillow Book laughed.

"Impossible, what a foreign devil! He could play a game for thousands of years in order to return to the Immortal World! How could he possibly lose his temper in front of this purple lightning dragon!"

Lin Ran shook his head and said.

"Just leave him alone, or think about what to do with yourself!"

The pillow said.

Lin Ran turned his head to look, only then did he notice that the purple lightning dragon above his head had actually fallen.

The foreign devil in the distance had even been swallowed by the purple thunder dragon in one gulp at this time.

The entire person was directly engulfed by the purple thunderbolt.

"Get up for me!"

Lin Ran didn't dare to be slow, and his entire person instantly swung the Frost Condensation Sword in his hand out towards the sky.

But the next moment, the huge purple lightning dragon blasted Lin Ran's entire body.

With a loud bang, the Frost Condensation Sword in Lin Ran's hand instantly fell out of his hand and plunged straight into the ground, emitting a loud sword chant.

Lin Ran, who was originally standing, was also blown to the ground by the huge attack of the purple thunder dragon.

"How strong!"

Lin Ran didn't dare to talk nonsense at this moment he was surrounded by purple lightning all around him, the huge impact had caused his whole body to stick to the ground in a deadly manner.

Without daring to delay, Lin Ran was busy mobilizing his entire body's aura to resist the purple lightning, while his entire body directly sat on his knees holding the ground, his entire body's aura soaring to deal with the purple lightning.

At this moment, Lin Ran had no time to worry about the situation of the foreign devil.

He only knew that the pressure outside his body at this moment was terrifying.

The huge purple thunder dragon seemed like a huge hammer constantly blasting at Lin Ran's body.

It caused his entire endurance to reach its limit.

"Ka-ching!"

Suddenly, Lin Ran only felt a pain in his shoulder, and it was instantly clear in his mind that his body word this immense pressure and was actually somewhat unable to carry it, and his shoulder bone had directly broken.

Lin Ran did not dare to talk nonsense, and immediately mobilised the true qi in his body to surge towards his shoulder, quickly repairing the injury.

However, just as the injury was repaired, a "bang" sound came from the other side.

At once, Lin Ran saw that his other shoulder had been blown through by a purple lightning bolt.

"Bastard!"

Lin Ran gritted his teeth and fought back, the immense pressure around him made it impossible for him to fight back.

At this moment, he was able to hold on thanks to the Medical Dao True Qi in his body, which was rapidly repairing itself.

"Bang!"

Suddenly, just as Lin Ran was gritting his teeth and holding on, a loud muffled sound came from the side.

Lin Ran was busy looking up, only to see that a terrifying explosion had actually occurred where the foreign devil was.

The purple thunder dragon, which had originally had a compelling aura, had actually been blown off in a large section.

And the foreign devil's entire body was floating in mid-air at this moment, half of his body had actually been blown away and blood was dripping down in an unusually tragic manner.

"Crazy man!"

Seeing the foreign devil, Lin Ran couldn't help but curse.

This fellow had charged towards the Violet Lightning Dragon from the very beginning.

At this moment, he had even directly exploded half of his body, and although he had blown a large portion of the Purple Lightning Dragon away, there was still a large portion of the Purple Lightning Dragon above the sky.

Then it fell, and what could the foreign devil do to resist it.

However, just when Lin Ran thought that the foreign devil was already dead, suddenly the foreign devil actually moved.

He charged out quickly in one direction, not caring in the slightest about the purple lightning dragon that was closing in behind him.

"Don't care about him!"

Lin Ran withdrew his heart's life, this was no longer the time to be able to care about him, Lin Ran's own side was at its limit.

All with the true Qi of the healing dao in his body struggling to hold on.

"Rumble!"

Suddenly, Lin Ran only heard a rumbling sound above his head.

At the same time, the original pressure on himself was actually less.

He was busy looking up, and his entire body was instantly confused.

He saw that above his head at that moment, the foreign devil had actually barged into his purple lightning dragon for no apparent reason.

For no reason at all, he had blocked many of the lightning attacks for himself.

"He's gone mad!"

Lin Ran looked puzzled.

Even though the foreign devil had exploded himself and half of his body was badly injured, it wasn't to the extent of affecting his mind, right?

How come he couldn't think for himself to actually help himself against the ninth thunderbolt?

"Ranzi! Be careful! He is hurting you!"

Suddenly the pillow's voice rang out in Lin Ran's mind.

"Huh?"

Lin Ran was stunned, and before he could react, a "rumbling" explosion sounded in the sky again.

At the same time, a black shadow rushed out from Lin Ran's purple thunder dragon.

If it wasn't a foreign devil, who else was it!

Chapter 1569

"What the hell is he doing!"

Lin Ran frowned slightly as he watched, wondering what the hell the foreign devil was doing.

From the moment the Purple Lightning Dragon appeared, he had been acting very wrong, first taking the initiative to rush up to the Purple Lightning Dragon.

The most puzzling thing is that he ran to his side to help carry the lightning tribulation for a while.

The most important thing is that you can't be sure of what you're doing.

Just when Lin Ran's heart was very puzzled, wondering why he was doing this.

Suddenly, the purple thunder dragon that was rushing down towards Lin Ran above the sky trembled violently.

Then Lin Ran saw it.

The remaining half of the purple lightning dragon that was originally charging towards the foreign devil actually crashed into his own purple lightning dragon with a "bang".

"Weng!"

Seeing this scene, Lin Ran instantly felt his head spin and his entire body froze.

"Bastard! This bastard!"

Lin Ran instantly understood the foreign devil's intentions, he was carefully on guard, but he didn't expect that this last step would still be calculated by the foreign devil.

As far as he could see at this moment, the half of the purple thunder dragon that was chasing after the foreign devil had been knocked out of its direction by Lin Ran's own purple thunder dragon, which had also smashed towards Lin Ran's your direction.

This is like two streams of water, one of which flat out crashes into the other, that will inevitably cause the stream that has been going vertically downward to wash away.

At this moment, Lin Ran was facing such a situation.

The foreign devil had actually thought of a plan from the moment he went mad and took the initiative to meet the purple thunder dragon.

He took the initiative to seek out the purple thunder dragon so that it could not blast the ground, while Lin Ran's entire body sat on the ground in defence.

He then blew up half of his body to get out of the purple thunder dragon.

Following this, he charged towards Lin Ran's side in order to lure the remaining half of his own purple thunder dragon over.

Originally, his thunder dragon was only half as powerful as the one Lin Ran was facing at the moment.

In addition, the half of his thunder dragon was rushing at him horizontally.

At this moment, when it was charged by Lin Ran's thunderbolt, it instantly smashed towards Lin Ran.

"It's over!"

Feeling the tremendous power sweeping down from the sky, Lin Ran's entire body was immediately dumbfounded.

He had defended himself against a thousand things, but in the end, he hadn't been able to prevent the foreign devil from having such a trick up his sleeve.

"Lin Ran, be careful!"

The pillow was busy reminding him.

But at this moment, Lin Ran's tendency was completely inaudible, as all around him were the sounds of lightning, countless lightning sounds carrying a huge pressure instantly blasted down towards him.

"Lin Ran!"

Lin Ran heard the pillow's angry roar for the last time.

The pressure on his entire body had reached several points.

With an audible "bang", Lin Ran's entire body was directly blown away.

"Condensation!"

The moment the explosion occurred, Lin Ran roared with a sharp edge in his eyes.

The body that had already exploded actually coalesced once more.

"Bang!"

However, the next moment there was a muffled sound, and Lin Ran's entire body had exploded again.

"Condensing!"

Lin Ran didn't dare to slow down, forcing himself to protect this flesh from disintegrating.

At this moment, in mid-air only, the foreign devil's body was rapidly recovering, and although his strength was also decreasing, at least his body had gradually become whole.

"Fight with the old man! Let you die without even knowing how!"

The foreign devil sneered.

He just looked at Lin Ran silently, with a cold smile in his eyes.

If Lin Ran hadn't been hanging on for dear life, I'm afraid that his flesh would have been completely destroyed by now.

"Bang!"

"Condense!"

"Bang!"

"Condensing!"

Lin Ran didn't know exactly how many times he had held on.

All he knew was that it seemed that as he kept on holding on, the intervals between his body being blasted were getting longer and longer.

It was as if his tolerance for his body had become a few points stronger.

"Hm?"

The foreign devil in mid-air soon noticed this scene as well, and a cold glint could not help but flash in his eyes.

"Good boy! Together with my heavenly tribulation, you actually managed to carry it all until now,? No wonder even on Earth he was actually able to induce the Nine Thunder Heavenly Tribulation!"

The foreign devil said as his dried palm under his black robe slowly poked out.

"So what if you are highly qualified! You're still just an ant in front of the old me!"

"Genius is not scary,? What's scary is becoming a standing genius, and you don't have the chance to grow up now!"

The foreign devil said, instantly waving his palm out straight at the purple thunder dragon above Lin Ran.

"Whoosh!"

The black Qi was extremely fast, and in almost the blink of an eye, it had already reached the purple thunder dragon above Lin Ran's head.

The next moment, a "bang" was heard.

The purple thunder dragon was like a string of explosive barrels, while the black Qi was like a fuse.

As soon as the two collided, a huge explosion was instantly emitted.

"It's over!"

Lin Ran's heart went completely cold when he saw the purple thunderbolt above his head being instantly detonated.

“Rumble!”

The detonated purple thunderbolt swept towards Lin Ranshun instantly.

“Remember this, Ranzi! But every heavenly tribulation must have a life-giving door! Be sure to hold on!”

Pillow’s voice snapped out.

“I want to too.”

Lin Ran just wanted to say something back to him, but the next moment, the explosion of the purple thunder dragon had instantly enveloped Lin Ran.

Only a “bang” was heard, and instantly Lin Ran’s surroundings were swept away by an endless explosion of purple thunder and lightning.

“Bang!”

Lin Ran clearly heard an explosion, and immediately his entire flesh was blown to pieces.

It had become impossible to even try to re-consolidate!

The flesh was instantly destroyed, and Lin Ran’s consciousness was instantly exposed to the purple lightning from the outside world of Ahler.

The lightning was so terrifyingly strong that it instantly shattered Lin Ran’s divine consciousness as well.

Lin Ran’s consciousness was instantly lost, without even the slightest cushion of time. He only knew that the moment his physical body exploded, his divine consciousness seemed to be grabbed by something and rushed out in an unknown direction.

The thunder rumbled and finally gradually dispersed.

The foreign devil hovered in mid-air, looking down at Lin Ran, who by now was not even a crumb left, and couldn’t help but laugh.

“So what if it’s the Nine Thundering Heavenly Tribulation! So what if the Extreme Realm! You’ll be the one to die in the end!”

The foreign devil let out a loud laugh.

At the same time, countless tiny thunderbolts in the Thunderbolt Domain seemed to swim like snakes, swimming rapidly towards the thunderclouds in the sky, gradually retreating.

Lin Ran, on the other hand, was already dead!

“It’s time for everything to end!”

Through the lightning that was gradually dissipating around him, the foreign devil saw the arrow tower overhead in the distance, and his heart was filled with hope.

“Just kill enough of the last people to completely light up the ground nine grids of the arrow tower! Then I can go home!”

“Haha!”

There was madness in the eyes of the foreign devil as he slowly landed on the ground before turning around and walking step by step towards where Elder Feng and the others were.

Chapter 1570

“How was it?”

“Yeah how’s it going! The Nine Thunder Heavenly Tribulation seems to have passed!”

“Yes! Has Lin Ran survived or not!”

“Bullshit, Ranzi will definitely survive!”

Hearing the crowd’s chatter, Wang Yifeng couldn’t help but retort.

“Stop arguing, the Domain of Lightning is about to dissipate, someone is coming out!”

Elder Feng suddenly pointed to the distance and shouted.

The crowd turned their heads to look, and indeed they saw a figure slowly walking out of the dissipating field of thunder and lightning in the distance.

However, when the thunder and lightning completely dissipated to reveal the figure, they were in despair!

“It’s a foreign devil! It’s the foreign devil!”

“Where’s Lin Ran? How come I can’t see Lin Ran!”

“It’s over! It’s over!”

The crowd murmured, and soon some people who were not strong-willed simply sat down on the ground.

Followed by more people who were desperate.

The Nine Lightning Heavenly Tribulation had ended, but the person who finally walked out was not Lin Ran, but the foreign devil.

“Ranzi!”

Wang Yifei’s eyes were bloodshot, and what came out at this moment were no longer tears, but blood tears.

“Why!”

Wang Yifei looked to the sky with despair in his eyes.

“Master!”

In the sea of blood space, Qing Zi also shed tears as she watched.

“Lin Ran!”

Song Nuan and the others had red eyes one by one.

Whether it was Wang Yifeng or Old Cat Ah Zhan, or even Li Sheng and Song Nuan.

They and their hearts only had endless remorse at this point!

Why!

Why was it Lin Ran who died in the end!

Why couldn't they help at all?

It was Lin Ran who went to save Song Nuan and the others and set out alone!

He was the one who saved Feng Chen and took care of the Blood Sea Demon Law!

In the end, it was Lin Ran who went to save the last remnants of the Mysterious Alliance!

He was the one who went alone to save the people of the Sea of Blood, who fought the Demon Law alone to save Feng Chen, and who finally fought the demon alone, even at the risk of triggering the Nine Thunder Tribulation.

But this time, he hadn't been able to carry it off either.

For this he even gave his life!

“Why!”

The Song Nuan women couldn't help but have regret in their eyes at this point.

Why hadn't they insisted on accompanying Lin Ran on the path of cultivation, so that they wouldn't end up being nothing but a drag in the end?

Why did they always want to live under Lin Ran's protection?

If they had been a little more determined back then, perhaps in this final showdown, Lin Ran wouldn't have been fighting all by himself!

But now it was too late to say anything!

The foreign devil walked unhurriedly towards Elder Feng and the others.

At this point, Lin Ran was dead and no one could pose a threat to him, so he was instead not as anxious as before.

Looking up at the arrow tower above the sky, there was anticipation in the foreign devil's eyes at this moment.

Anticipation of returning to the Immortal Realm.

“It's over!”

Elder Feng and the three others also sat on their asses at this moment after all, their faces ashen.

They knew that with Lin Ran dead, the Other Demon was completely invincible, and at this moment they didn't even bother to resist!

In front of the foreign devil, any resistance had become futile.

.....

"Rumble!"

The sky was still tumbling with thunder clouds, but not enough areas were already much smaller, apparently ready to dissipate.

But at this time, in the depths of the thunder clouds, a purple space, suddenly a wisp of consciousness trend appeared out of thin air.

He was firmly attached to a strand of purple light, and kept swimming with this purple light.

"Where am I?"

Lin Ran shook his dizzy head to gradually become conscious, but at this moment, where was his head.

The knowledge left behind was a wisp of consciousness.

"Kid! How are you!"

Suddenly, the pillow's voice also sounded in his ears.

"I'm alright are you?"

Lin Ran asked busily.

"Nonsense, Master Book is originally a soul body, if I hadn't caught a wisp of your spirit before your soul was blasted by the purple thunder dragon, it would be questionable whether I could find you at this point!"

Pillow Book said in no good humour.

"You too, what's wrong with grabbing, you actually grabbed a wisp of purple Qi before your consciousness dissipated, now well we both got swept up in this thunder cloud!"

"Thundercloud? It's not going to dissipate in a moment!"

Lin Ran said busily.

"Right! When it dissipates, you'll be completely exposed, and then the foreign devil will kill you like a chicken!"

This side of the book said.

"Then I have to go back too, otherwise what about Song Nuanfeng Lao and the others!"

Lin Ran said busily.

“Go back? What will you take to go back? This purple space is deep in the thunder clouds, outside there are all thunder arcs, if you dare to go out believe it or not your consciousness will be blown to pieces in an instant!”

“Then we can’t just stay here and wait for death!”

Lin Ran said.

The pillow book smiled and gave him a white look.

“Kid, there’s only one path in front of you now!”

“What path!”

Lin Ran asked busily.

The book over here seemed to be unsure, and after thinking about it, he said.

“This purple space is the depths of the thunderclouds, but it’s not the deepest! Legend has it that there is a type of thunder tribulation that only appears once in millions!”

“This kind of lightning tribulation is even more terrifying than the Nine Tribulation Heavenly Thunder, and is known as the Chaos Lightning Tribulation!”

“Chaos Lightning Tribulation?”

Lin Ran frowned as he listened.

“Right! It’s the Chaos Lightning Tribulation!”

“This kind of Chaos Lightning Tribulation is the most mysterious lightning tribulation, even in the Immortal Realm it has only appeared three times since the beginning of time, and everyone who has taken this kind of Chaos Lightning Tribulation has eventually died!”

“Even the Immortal Emperor, back then, was only crossing the Ninth Heavenly Tribulation Thunder! He didn’t cross the Chaos Lightning Tribulation either!”

“But as long as you can survive this Chaos Lightning Tribulation, the Chaos Qi will be at your disposal, and you will definitely be able to achieve nirvana and rebirth by then!”

The pillow said.

“I don’t have this kind of thunder tribulation either!”

Lin Ran said speechlessly.

The Pillow Book was silent for a moment at his words, and then said.

“To be exact, it’s not certain that there is one, because Chaos Lightning Tribulations, if there are any, all appear after the Nine Heavens Lightning Tribulation!”

“And now your body has been blasted to pieces and your divine sense is only this residual wisp, so even if there is one, it won’t blow up now!”

“Then where am I going to find it!”

Lin Ran said speechlessly.

The Pillow Book smiled but turned its head to the side before saying.

“Deeper into the thunderclouds!”

“Deeper?”

Lin Ran smiled and looked in the direction that the pillow-side book was looking in, with determination in his eyes.

“Go!”

With that said Lin Ran rushed over towards that side.

“Hey kid, I can say this upfront, I can’t guarantee that this Chaos Thunderbolt will be there!”

Pillow Book was busy reminding that he had only talked about it to give Lin Ran a ray of hope, but he hadn’t expected him to be so resolute, saying he would just go!

Lin Ran smiled bitterly at his words.

“You’ve said that this is the only way, what choice do I have?”

Said Lin Ran as he looked behind him and laughed bitterly.

“This is just a remnant of my soul, I’m afraid I won’t be able to carry it myself before the thunderclouds dissipate!”

“Instead of letting me go out and watch the foreign devils kill them, I should go and fight for this last chance!”

“If I can find the Chaos Thundercloud and get through it, everything still has a chance!”

“But if not, or if you don’t get through it, then you’ll have to find another master!”

Lin Ran said without further ado, and rushed towards the depths of the thunderclouds.

“Ai! That’s all that can be done!”

The pillow sighed and was also worthy of following Lin Ran as he rushed towards the depths of the thunderclouds.
