

Doctor

Chapter 1581

“It’s over?”

Lin Ran stood at his original position at the tip of the tower and looked up at the gradually shrinking vortex above the sky, with despair in his eyes.

However, just as he was about to turn his head to see how Song Nuan and the others were doing and instantly go to save them, suddenly Pillow’s alarming voice came over.

“Ranzi, look, he’s running!”

“Hmm?”

Lin Ran frowned slightly at his words and was busy turning his head to look.

At once, he only saw a pitch-black coloured bead above the sky rushing towards the vortex.

“Divine Sense?”

Seeing this black bead Lin Ran instantly understood what was going on.

This black bead was the Nine Winged Bat Dragon’s original body before, while at this moment this black bead was illusory and ethereal, clearly not a physical object.

Lin Ran only took a glance at it and understood that it was clearly the divine sense of the Nine Winged Bat Dragon.

Like many cultivators, this fellow wanted to pull off a golden cicada and use self-destruction to cover his ears so that his divine sense could successfully enter the vortex.

Although this would greatly diminish his chances of successfully returning to the Immortal World, it was better than actually dying here, and at least there was a silver lining to his divine sense escaping.

These thoughts were almost fleeting, and the next moment Lin Ran’s entire body had already rushed out, while his divine sense instantly radiated out, directly enveloping him towards the nine-winged bat dragon.

“Indigenous! How dare you!”

Noticing that its purpose was exposed, the Nine-Winged Bat Dragon instantly dodged, while shouting at Lin Ran.

“Aborigine! Leave a line on everything, we’ll meet later, you’ll regret killing them all like that!”

“Holy shit!”

Lin Ran couldn’t help but curse at his words.

“You’re an outsider, and you’re still fucking talking to me in dialect!”

“I said kill them all, why didn’t you think to leave a line in the sand when you slaughtered us!”

“You!”

The Nine-Winged Bat Dragon was speechless, indeed, they had done everything they could to get off the Earth and activate the Arrow Tower.

Indeed, they had done everything they could to get off Earth and activate the Arrow Tower, and now they deserved what they got.

“Native, I warn you! I’m an elder of Lord Kenglong of the Ten Thousand Life Mountain, you dare to kill me! If you dare to kill me, Lord Dragon will not spare you!”

The nine-winged bat dragon was busy saying.

Lin Ran smiled at his words, but? In an instant, his divine sense had already enveloped the Nine-Winged Bat Dragon, making it impossible for him to break out of the circle of his divine sense.

“Wanshou Mountain? Lord Prime Dragon? Who the hell! Your father! Sorry, I don’t know!”

Lin Ran sneered.

In his mind, however, he was still busy asking the Pillow Book.

The Pillow Book pondered for a moment and said.

“I’ve never heard of any Wanshou Mountain Prime Dragon or anything like that either, so I guess it should be an insignificant little sect!”

Lin Ran felt like laughing when he heard that.

Not even Pillowbook had heard of it was obviously not very strong, otherwise how would Pillowbook not have heard of it if it was really powerful at its level.

“Indigenous you!”

The nine-winged bat dragon was so furious at his words that his lungs were about to explode, and as he saw the vortex getting smaller and smaller, he was completely anxious.

“Aborigine! I’m warning you to death, the strength of Lord Prime Dragon of Wanshou Mountain crushes you just like an ant, you’d better think carefully!”

“Let me go and we can let bygones be bygones, otherwise when you reach the Immortal Realm, I, Wan Shou Mountain, will definitely not spare you!”

“You’re threatening me?”

Lin Ran frowned slightly at his words.

“That’s right! I am threatening you, if you want your future path into the Immortal Realm to be better, you better let me go, now! Immediately! Immediately!”

The nine-winged bat dragon urged.

Lin Ran smiled blandly at his words, not bothering to pay any attention to him.

The Pillow Book didn't even open its mouth at this point.

Lin Ran also did not open his mouth on this issue, in fact, both of them knew very well in their hearts.

Pillow Book definitely wanted to return to the Immortal Realm, including Qing Zi who was still in the Sea of Blood space at this time, and I was afraid that she also wanted to return to the Immortal Realm.

But what about Lin Ran? To be honest, Lin Ran did not want to go to the Immortal Realm.

Strictly speaking, it wasn't that he didn't want to go, but that he hadn't thought about it, and he was very conflicted in his mind regarding this issue.

First of all, Lin Ran's father's murderous enemy, Wang Kun, was a knot in Lin Ran's heart, and all along the way, Lin Ran's purpose was actually for this person.

It was only when he was deciding whether or not to go up to Qionghua Mountain to join the Mysterious Alliance that he was told in his pillow book that Wang Kun had probably gone to the Immortal World, that Lin Ran suddenly found himself seemingly without a backbone.

At the same time doing things somewhat began to be without purpose.

At first, he naturally wanted to enter the Immortal World, find Wang Kun and question him about why he had killed his parents back then.

But as he experienced more and more things, Song Nuan and the others had now become a bond that he could not let go of.

Especially when he later watched his grandmother grow older and older.

Whether to go to the Immortal World or not became a question that Lin Ran had always considered.

Sometimes people are like this, when they have no ties, they will not hesitate to die if you tell them to.

But if one day there was a bond, when faced with the question of whether to stay or go, people would fall into contemplation and even hesitate.

"How are you sure I'll just go to the Immortal World!"

Lin Ran looked at the Nine Winged Bat Dragon's divine sense, his voice bland.

"I'm not certain, I know that you will definitely go!"

The nine-winged bat dragon sneered.

"Why?"

For the first time, curiosity arose in Lin Ran's heart as he looked at him and asked.

At this moment, the pillow in Lin Ran's heart was also curious, even he wasn't sure if Lin Ran would go to the Immortal World or not, but this Nine Winged Bat Dragon was actually so sure.

"Why? It's simple! Just turn your head and see for yourself!"

The nine-winged bat dragon sneered.

Lin Ran frowned slightly at his words, but at this moment, his divine sense was locked onto this Nine Winged Bat Dragon, so he wasn't afraid of him playing any tricks, so Lin Ran immediately turned his head to look over.

However, the moment Lin Ran turned his head, the bead that the nine-winged bat dragon had transformed into instantly exploded into a ten-thousand-foot light.

A "bang" sound was heard, and a hole was instantly blown through Lin Ran's divine sense.

"Hmm?"

Lin Ran frowned slightly at this and turned his head to look at the Nine Winged Bat Dragon's divine sense bead, preparing to lock him in again.

But as soon as he turned his head he realised that the bead that the nine-winged bat dragon had manifested into had actually rushed towards the vortex with the force of the explosion.

"Ranzi, leave him alone, look at the Sea of Blood space!"

Lin Ran was just about to go after the nine-winged bat dragon, after all, if it ran away it would be a great disaster.

But at this moment, the pillow's voice was like thunder, the Sea of Blood space was where Song Nuan and the others were.

Lin Ran did not bother with the nine-winged bat dragon and turned his head to look at the place where Song Nuan and the others were in the Blood Sea Space.

But after just one look, Lin Ran's entire body froze, and the next moment he rushed towards the Blood Sea Space as if he were a cannonball.

The Wind Elder and the others below also looked puzzled, not knowing why Lin Ran had abandoned the Nine Winged Bat Dragon at this moment and charged towards the Blood Sea space.

Only when they turned their heads to look at the Blood Sea Space and discovered the situation there, they instantly understood.

They only saw that in the middle of the Blood Sea space, the Heavenly Stone Pillar had actually floated up at some point, and the top half of it had been sucked in by the vortex in the sky.

And Song Nuan and the others were, at this moment, on top of the and the Heavenly Stone Pillar.

Chapter 1582

The Heavenly Stone Pillar, originally standing in the middle of the Sea of Blood space, was originally not even close to the vortex above the sky.

But it was because of the fierce fight between Lin Ran and the Nine-Winged Bat Dragon earlier that caused the side of the arrow tower to be smashed, which then led to the collapse of the arrow tower.

The collapse of the tower also directly caused the vortex crack in the sky to move, sucking in the Heavenly Stone Pillar at its very edge.

Lin Ran and the nine-winged bat dragon had been fighting for half a day, but when they looked at it, nearly half of the Stone Pillar had already fallen into the vortex in the sky.

The few people in the middle of the pillar were the closest to the top, and her hair was even being blown back and forth by the vortex.

But Ling Sa didn't say anything, she just looked at Lin Ran quietly, as if she wanted to take a good look at Lin Ran in the last bit of time she was sucked in by the vortex.

"Go back! Go back!"

Song Nuan's eyes were filled with anxiety as she looked at Lin Ran, who was rushing towards her.

Things had come to this point, and they didn't know what the vortex represented.

Once they entered, I was afraid that it would be as difficult as heaven to get out.

They had to know that Qing Zi had been here to protect them before.

And now even the Heavenly Stone Pillar had been sucked in a large portion of the way, and Qing Zi hadn't even been able to stop it, clearly indicating that the process was irreversible!

"Master, get out of here! The power of this whirling rift is too strong, I can't stop it at all!"

As expected, when she saw Lin Ran rushing towards her, Qing Zi was busy speaking and shouting.

"Impossible!"

Lin Ran said angrily through clenched teeth.

Wang Yifang Leng Xuan Li Sheng and the others were already dead, and for him to be watching Song Nuan and the others being sucked into the vortex? How could he possibly accept that.

Lin Ran's silver teeth clenched and his eyes glowed blood red as he increased his speed to the extreme, bringing a sonic boom with him wherever he passed.

Soon he was in the middle of the sea of blood, and because of the vortex above him, the endless sea of blood in the sea of blood was being sucked and pulled up in waves.

It looked very terrifying, just like a tsunami.

"Iron chains!"

Soon, Lin Ran saw that there was a huge iron chain underneath the stone pillar in the sky.

Previously, he remembered clearly that this iron chain was tied to the Tongtian Stone Pillar, and it had plunged deep into the sea of blood below, and extended above it to who knows where.

At this moment, however, this chain had been completely torn off and was hanging below the Stone Pillar of Heaven, and was rising towards the vortex.

"Faster! Faster!"

Quickly approaching, soon Lin Ran was just a hundred metres away from the chain.

And as long as he could grab the chain, Lin Ran could move upwards to hug the Heavenly Stone Pillar. But this distance of a hundred metres was like a heavenly rift for Lin Ran!

Because at that moment, a voice suddenly came from the sky.

“Aborigines! Now you believe my words, I told you a long time ago that you would definitely go to the Immortal World! Haha!”

This voice was incredibly familiar, if it wasn't the Nine Winged Bat Dragon or who else.

As Lin Ran charged towards the chain, he looked up into the sky, only to see that the Nine Winged Bat Dragon's divine sense had already reached close to the vortex at that moment.

The illusory bead looked at Lin Ran with smugness in its eyes.

“What do you want!”

Lin Ran looked at the nine-winged bat dragon and a bad feeling suddenly rose in his heart.

“What for? To help you out, of course!”

The nine-winged bat dragon laughed wildly, and at the same time, a claw instantly appeared next to the black bead.

The claw instantly snapped with a “bang” onto the stone pillar on the side of the sky.

“Indigenous! If you dare to destroy my flesh, you will have to go to this Immortal World even if you don't want to, unless you can watch all these women of yours die!”

The nine-winged bat dragon looked at Lin Ran with a smug maniacal smile in his eyes, and the next moment he fiercely turned towards the vortex behind him and charged straight in.

“No!”

Lin Ran shouted in haste, but it was already too late.

The nine-winged bat dragon pulled the Heavenly Stone Pillar into the vortex in an instant.

At the same time, Lin Ran clearly saw that the Heavenly Stone Pillar, which was originally rising slowly, was now speeding up violently, and it was obvious that even after entering the vortex, the Nine Winged Bat Dragon was still pulling the Heavenly Stone Pillar continuously, wanting to drag Song Nuan and the others inside.

“No!”

Lin Ran's eyes turned red as he watched, and he increased his speed to the extreme, quickly rushing under the Heavenly Stone Pillar.

However, when he grabbed the chain with his palm, the topmost Ling Nuan was already submerged within the vortex.

“No!”

Lin Ran's eyes were bloodshot as he watched this scene, and his entire body froze.

At this time, the speed of the Heavenly Stone Pillar, however, had not decreased much.

Under the dual effect of the nine-winged bat dragon and the vortex, the speed at which the Tongtian Stone Pillar rose could not be described as fast.

"Give me down!"

Lin Ran's entire body's aura soared as he quickly rushed up to the stone pillar and wrapped his arms around it, pulling it towards the bottom.

However, the Heavenly Stone Pillar was as if it had fallen into a quagmire, it simply wouldn't budge at all.

Even after Lin Ran had exerted tremendous strength, the Heavenly Stone Pillar was still rising, not even stopping.

"Why! Why!"

Looking at the Tongtian Stone Pillar that was still slowly rising, Lin Ran's entire being fell into despair.

He held the Heavenly Stone Pillar firmly with both hands, and even at this moment, the nails of his hands were deeply embedded in the Heavenly Stone Pillar.

But even with this, the? The Heavenly Stone Pillar still did not have the slightest intention of stopping, and was still slowly rising.

Lin Ran knew in his heart that he had already torn the power of the Nine-Winged Bat Dragon, but the suction of the vortex itself was simply beyond his ability to counteract.

The Heavenly Stone Pillar slowly rose up, and Lin Ran almost watched with his own eyes as Qin Bing Luo Qiqi Xiao Cui and Su Rou and the others slowly disappeared into the vortex.

"Go! You go now! Leave us alone!"

Song Nuan shouted in anxiety from above.

But how could Lin Ran really leave them alone!

"I can't do it! I can't do it!"

Lin Ran's shout shocked the heavens and the east.

At this moment, Feng Lao and the others below were all red-eyed as they watched.

But what could they do, even someone like Lin Ran, who had already reached the Extreme Upper Realm, was unable to stop the stone pillar from rising, so what could they do.

"Lin Ran! Listen to me, live well, there are still many people who need your care!"

Song Nuan was busy persuading.

“If we’re going to take care of them, we should take care of them, I don’t want to be alone! I don’t want it!”

Lin Ran hissed, blood seeping out of his hands from the force, staining the stone pillar red with a trail of blood.

But the Stone Pillar of Heaven continued to do what it was supposed to do, without any intention of stopping.

“No! No!”

Lin Ran watched as the crowd was pulled into the vortex one by one, and only at this moment did he realize how small his power was in front of the Immortal Realm.

What was in front of him at this moment was merely a gate to the Immortal Realm, but it had already made him understand what despair meant.

“Stop, the power of the spatial vortex is something you can’t fight alone!”

The pillow suddenly spoke.

“You knew that! Why didn’t you say so!”

Lin Ran shouted angrily.

“Would it have been useful for me to tell you earlier? Would you have been able to do it without going crazy like this now?”

The pillow asked rhetorically.

Chapter 1583

“I know! Because I think things are sensitive in the fairy world, but I asked myself if I had done you any wrong!”

The pillow continues.

“I refused the invitation of the foreign devil, and I never said anything in the face of the vortex leading to the immortal world!”

“Even when you saw that the Stone Pillar of Heaven had been swept into the vortex, I didn’t even stop you!”

“I knew you had to vent, you wouldn’t die until you put up a fight, that’s why I waited until now!”

The pillow said word for word.

“I do want to go back to the Immortal World, but if you don’t want to, I won’t force you!”

“Even I didn’t expect this situation in front of me to arise!”

“You’ve finished venting, you need to face the truth after all!”

The pillow said and pointed to the sky and continued.

“The remaining pillars, if you continue to hold on to them, you simply won’t be able to enter them all before the vortex disappears, and by then the power of the spatial rift will have completely churned them up!”

“Including the parts that have already entered inside the vortex will also be churned up, and with nothing to hold the multitude in place in the spatial vortex, it will be impossible for you to retrieve them then!”

“So, now it’s time for you to make a decision, either go in! Or give up!”

After saying that, the pillow book said no more.

Lin Ran froze in place at the sound of his words as he looked at the stone pillar that was still rising upwards through the heavens, and there was despair in his entire eyes.

It was a despair that Lin Ran had never felt before.

Finally, Lin Ran slowly let go of his hand, knowing that if he grabbed on, he was afraid that Song Nuan and the others, who had already entered the vortex, would also be in danger.

Lin Ran lifted his head to look at the stone pillar that was still exposed, it was empty and there was no one there at the moment.

His heart was dripping with blood.

Lin Ran lowered his head in silence for a long time, just letting the chains in his hands keep rising upwards.

Every inch of chain that passed through Lin Ran’s hands seemed like a minute less time, urging him to make his own choice.

Lin Ran suddenly lifted his head to look into the distance, there was Elder Feng, there was Dang Duo from the generals who had followed him in his conquest in the Sky Wolf Domain.

Envy, Lin Ran had envy in his heart.

But what was the end of himself, for them, the Great War was over.

The full body life that belonged to them would start from the heart after this vortex closed completely.

Some of them might go on to fall in love and start a family.

Perhaps some will still be pursuing a path of cultivation.

Or perhaps some would have retired from it.

But for Lin Ran, everything was far from over.

Lin Ran closed his eyes and two lines of blood tears flowed down his cheeks.

Elder Feng and the others were incomparably distraught as they watched.

After the battle, the Mysterious Alliance had suffered heavy losses, Lin Ran’s brothers Wang Yifeng, Ah Zhan, Old Cat Leng Zhan and even Li Sheng Wolf Ba had all died!

Only Yu Chang was still alive, but he was also badly injured!

But even so, it's not over! Now Song Nuan and the others were also caught up in the spatial rift.

This battle, in the end, who else was hurting the most, besides Lin Ran?

"Lin Ran! You have to calm down! Calm down!"

Elder Feng suddenly spoke up and shouted.

"Commander Lin! Calm down!"

"Commander Lin!"

The crowd below all looked at Lin Ran and opened their mouths to shout.

Hearing these shouts, Lin Ran's heart was hurting even more.

"You have twenty seconds to think about it!"

The Pillow Book spoke.

Lin Ran looked down at the chain in his hand, the rest was already less than five metres.

When he looked up at the sky, the vortex above the sky had also shrunk by a large circle, and the stone pillar had even been submerged inside, leaving only one chain still hanging in Lin Ran's hand outside.

At this moment, the question of whether to go or not to go was finally forcing Lin Ran to make a decision.

In the past, he had never wanted to think about this issue, after all, it felt very far away from him.

But at this very moment, this question had silently arrived in front of Lin Ran.

It was blocking his breath, and there was no third option, either go in and save the people! Or give up and go home!

"Ah!"

Lin Ran felt a splitting headache as he looked up to the sky, but no one could give him an answer.

"Lin Ran the path of life needs to be taken by himself!"

Suddenly, the voice of Elder Feng came again from the devolution.

"Do you still remember the conversation we had last time on the city wall? It was that conversation where I asked you to save my son Feng Chen!"

Wind Elder shouted busily.

"You're right! I was a coward, for the sake of the Mysterious Alliance I didn't dare to enter the Fey Demon Realm and let Fengduan be trapped in the Fey Demon Realm for so many years!"

"I tell you, I will afterwards! I regret it all the time, I hate myself for not just killing my way into the Other Demon Realm back then!"

“Even if I had died, I would have done it willingly!”

“But then, even if I regretted it, it was no longer helpful!”

“My existence has become a habit of the Mystic Alliance, and I can’t get out of it!”

“I just want to tell you! Break off when you have to, or you will regret it!”

Elder Feng said in one word.

Lin Ran turned his head to look at Elder Feng, his mood incomparably complicated.

Elder Feng! When he had just obtained the Xuan Yang Pill Canon, it was as if he was his master who could always provide him with many unexpected things.

But when he later returned from entering the Otherworldly Demon Realm, he and Elder Feng only saw that there was a gap.

It was not until this moment that Elder Feng’s words completely opened the gap between the two.

Elder Feng was in a mysterious alliance and could not help himself.

However, his concern for himself had not changed at all, and it was still the same until this moment.

Lin Ran looked at Elder Feng, feeling the weight of the chains in his hands continue to lessen, and finally he spoke.

“Take care of my grandmother!”

As the words fell and the chain in his hand had reached its end, Lin Ran knew he had to make a decision.

His hand fiercely grabbed the chain and his entire body slowly rose up towards the sky, driven by the chain.

“Believe in yourself, you will definitely be able to come back!”

Feng Lao shouted at Lin Ran.

The crowd of generals beside him all stood in awe when they saw Lin Ran’s decision.

Standing at the front of the crowd, Qibao looked at Lin Ran, who was slowly rising, and suddenly spoke up and shouted.

“All brothers! Let’s give Commander Lin a ride!”

The voice was hoarse but unusually loud, reaching everyone’s ears.

“All of you!”

“Salute!”

As the words fell, everyone raised their hands in unison and rushed towards Lin Ran in a military salute.

This was the last thing they could do for Lin Ran.

Although they weren't really soldiers, but cultivators, they really couldn't think of any other way to express their admiration for Lin Ran at this point and time.

Lin Ran saw the redness in front of him and felt the strong wind gusting above his head, knowing in his heart that he was not much further from the entrance to the vortex.

"In this one, the ones I'm most worried about are Grandma and Song Nuan and the others!"

"Do you know why I don't want to go to the Immortal World?"

"Because I'm afraid that I'll never see them again!"

"But now that Song Nuan and the others are gone, all I have left is my grandmother!"

It seemed like he was talking to himself, and it also seemed like he was speaking to the pillow book.

Lin Ran suddenly looked ahead and murmured softly.

"Grandma, grandchildren are unfilial! This time grandchildren cannot stay with you!"

"If only I could return in my lifetime, if only There is no if!"

Lin Ran said leaving tears of pain.

Chapter 1584

How many more years can Grandma wait? For her own return from the Immortal World? Lin Ran still shed tears.

"Weng!"

A spatial tremor rang out in the Otherworldly Demon Realm.

At this moment, Elder Feng and countless others all raised their heads to look at the sky.

The vortex had completely closed, and there was no darkness or fluctuation in the endless sky, there was only peace.

The arrow tower had been completely damaged, and Elder Wind and Elder Li had struck to seal him away.

Although it was not as strong as the previous ancestors who sealed the blood path back then, no one could open it in the present-day Fey Demon Realm.

"All listen to the order!"

Elder Feng suddenly turned his head to look at the crowd behind him and spoke.

"Go home!"

The crowd cried out in joy at the words, each one's whole body trembling.

Each of them held a handful of the red earth of the Fey Demon Realm, a tribute to their comrades in arms.

All those present would never forget the hundred thousand or so brothers who had come in with them.

Their smiles were still fresh in their ears, but it was a pity that only a few tens of thousands of them were left to return this time.

They found a bloody way out of the Fey Demon Realm and set off on their journey to leave.

The Other Demon Realm was also closed again by Elder Feng and Elder Li.

Only this time the closure did not last long before it was reopened again, and the Mysterious Alliance took over the Other Demon Realm completely.

It was transformed into a separate space, just like the one where Fishwan and the others lived, only it was bigger!

Elder Feng and Elder Li made a rule in the Other Demon Realm, but anyone who wanted to get out had to make a blood oath not to kill, or else their bodies would die!

Of course, this is all an afterthought, so there is no need to elaborate too much on all this.

Let's say that after leaving the Fey Demon Realm.

Old man Li and old man Feng cleaned up the Mysterious Alliance and cleared out all those who had colluded with the Long family and Yue family and even had dealings with the demons.

Only then did the Mysterious Alliance gradually begin to take on a new life.

A month after the end of the Great War, Feng Lao embarked on a journey. He went to the city of Tanjiang to first visit Lin Ran's grandmother, and then to Song Nuan's father, Song Yujiang.

And then in this way, Qin Bing's family, Su Rou's family, Luo Qiqi's family, and Long Ya's father.

Elder Feng didn't tell them all about the crowd, after all they were just ordinary people, and if they knew the truth of the matter they were afraid they would not be able to bear the shock.

Elder Feng just said.

"They and Lin Ran have gone on a trip abroad, I'm afraid they will stay for a long time this time, when they return again, I'm afraid you will be able to hold your grandchildren!"

This was how the matter was put off.

Although Song Yujiang had vaguely guessed what was going on, he had known for so long how extraordinary Lin Ran was and how much he cared for his daughter, so he just accepted it as the truth.

As for Long Ya's father, Long Xu, it was obviously impossible to lie to him with such nonsense.

So Elder Feng told him the original story.

Long Xu, the only manager of the current branch of the Long Family, could not help but shed tears as well.

"It's her choice, I believe she won't regret it, and I also believe Lin Ran will take care of her!"

Long Xu wiped away his tears and eventually left behind only these words.

With the help of Old Man Feng and Old Man Li, the Dragon Family had regained their reputation and emerged from their new state of seclusion.

It was also considered that Lin Ran had finally helped them to complete the task of clearing their name of the traitor.

As for the other group of branches led by Long Yu and the remnants of the Yue family, they were still in the process of being liquidated.

The main cultivators of the Long and Yue families were dead, but that didn't mean that those who had just crossed over into cultivation, or those who hadn't, could escape this.

Because so many people had died in this great battle, even the ordinary people of the Dragon and Yue families had to be liquidated.

Of course, for these ordinary people, the Mystic Alliance would inevitably not kill them, but would instead liquidate them from all sides.

.....

After visiting these people, Feng Lao then arrived at the Chao Heavenly Pavilion.

Nowadays, the Chao Heavenly Pavilion had completely set up its headquarters in Temperance City, and although it hadn't completely moved over yet, it was on the agenda.

The fact that Lin Ran was the Lord of the Chao Heavenly Pavilion would never be erased.

"Elder Feng, let me introduce to you! These three are the disciples of our Chao Tian Pavilion Master Lin Ran!"

The Grand Elder smiled as he brought Master Yu and Lin Hong Lin Qiu over.

When Elder Feng saw the aura of the three, he couldn't help but think of Lin Ran.

"True to form, they are his disciples, this aura is just like his!"

Elder Feng exclaimed.

"What is the reason for you to come over this time?"

The Grand Elder suddenly asked.

"To discuss Lin Ran's wish before he left!"

Elder Feng said.

"About Grandma's matter?"

The Grand Elder asked.

"Mm!"

Elder Feng nodded his head.

The Grand Elder smiled at his words and said.

“Although the Pavilion Master is entrusted to you, our Chao Heavenly Pavilion can still take care of Grandma for the time being!”

“Moreover, Master Yu, these three are all disciples of the Pavilion Master, and I heard them say that the Pavilion Master used to create a sect of power called the Xuan Sect!”

“The three of them are from the Xuan Sect!”

The Grand Elder said as he looked towards Master Yu.

“Master Yu, talk to Elder Feng about your intentions!”

Master Yu nodded his head and did not dilly-dally, saying at once.

“I am Lin Ran’s first disciple, but the sorting isn’t! But Master has given me the Xuan Sect, so naturally I have to carry it forward!”

Said Master Yu, pointing to the map hanging on one side of the wall.

“I’m also quite old, and after this incident, I’ve sort of seen through all the prosperity and falsehood!”

“I’ve decided to take the two of them to Lin Jia Wan, from now on the Xuan Sect will be established in the back of Lin Jia Wan’s mountain!”

“No problem!”

Elder Feng nodded at his words.

“I will issue an order in the Mystic Alliance that no one shall go to Lin Jia Wan to cause trouble, and those who disobey the order will be directly beheaded!”

Elder Feng said seriously.

“Many thanks!”

Master Yu nodded at his words.

In his heart, he knew clearly that if Lin Ran’s prestige was not still alive, they were afraid that it would be very difficult for them to set up a mountain.

The cultivation path was in a hundred pieces, and at this point in time, the mountain establishment people were afraid that it would be hard to survive without the Mysterious Alliance backing them up.

“Don’t worry, Master Yu, we, the Chao Heavenly Pavilion, will sit in Temperance City, and should there be any problems with your Xuan Sect, we will immediately rush to help!”

The Grand Elder also said.

As they were both close to Lin Ran, they would naturally hug each other.

Master Yu smiled and said.

“Actually, the most important thing about doing this is that it’s because of Lin Jiawan’s grandmother, and it’s convenient for us to take care of her where we live! After all, this is Master’s last wish!”

Lin Hong and Lin Qiu hadn’t spoken, but Elder Feng could tell that they didn’t have any opinions on the matter in their hearts.

“All right! Since you have decided, I won’t say anything more, and when the mountain gate is set up another day, I, the Mystic Alliance, will definitely be there to congratulate you personally!”

Elder Feng said.

“The same goes for me, Chao Tian Pavilion!”

The Grand Elder also arched his hand and said.

Elder Feng then left.

Master Yu soon left the place as well, taking Lin Hong Lin Qiu with him.

A month later, Lin Jiawan was bustling with activity.

There were so many people that it was practically impossible to squeeze in.

Not for any other reason, it was because today was the day that the Xuan Sect set up its mountain gate.

Chapter 1585

Today at Linjiawan, outsiders are not allowed to enter at all, and even tourist people are not allowed to go up the mountain today.

This is because today’s Linjiawan has been completely chartered by someone.

The people who have packed the venue are none other than the actual controller of Luo Ran Finance, Luo Cheng!

And the partner from the imperial capital, the Six Brothers Financial Group!

When it comes to this Six Brothers Financial Group, I am afraid that no one knows them, but if we talk about the six major shareholders, I am sure everyone knows them.

They were Liu Chen, Zhang Xu, Wang Yi, Liu Yusong, Song Jian! And Lin Ran!

That’s right, this Six Brothers Financial Group was the company that Lin Ran had helped Liu Yusong and his boss Liu Chen and Zhang Xu start.

But now they had changed their name to Six Brothers Financial Group.

When Luo Qiqi left, Luo Ran Financial was handed over to Luo Qiqi’s brother, Luo Cheng, to take care of.

Luo Cheng, Liu Chen and the others worked together and are now one of the top-ranked companies in the country.

As for Wang Yi and Song Jian, they were later approached by Liu Chen and the other six brothers, who were deeply attached to each other and would not forget their good friends now that business was in full swing.

Of course, these are all business and the sensation is only in the circle of ordinary people.

What shocked the whole cultivation world was that on this day, the remnants of the Dragon and Yue families were all caught and liquidated one by one.

At the same time there was also the Xuan Sect's Risan Gate.

At first, many people were disdainful when they heard that a Xuan Sect had appeared from nowhere to set up a mountain gate at this time.

"Where did this Xuan Sect appear!"

"Yes! I've never even heard of it!"

"Who is this Xuanmen Sect leader!"

"I don't know, what do I care, just wait until I have time to go and level them!"

But soon, each and every one of these disdainful people were dumbfounded.

It was the day of the Standing Mountain Sect.

"The Chao Heavenly Pavilion has arrived!"

"Mysterious Alliance Wind Elder has arrived!"

These two voices completely spread throughout the entire cultivation world.

The voices might not have been anything on a normal day, but on this day when the Xuan Sect set up its Mountain Gate, it was enough to convey to the outside world just how strong the power behind the Xuan Sect was.

Leaving aside the fact that the Mysterious Alliance was an alliance of the entire cultivation world, the strength of the Chao Heavenly Pavilion was beyond the reach of ordinary small sects.

The simultaneous appearance of these two powers was enough to illustrate, like the outside world, the special nature of the Xuan Sect as a sect.

And after the subsequent establishment of the mountain gate, the two words Lin Ran written on the head of the sect were like a thunderbolt from a clear sky.

All those who were clamouring were silenced.

Almost ninety percent of the entire cultivation world knew that the peace they enjoyed today was the result of hundreds of thousands of people fighting for their lives!

The most conspicuous and most credited person among them was naturally a man named Lin Ran.

The Xuan Sect has been established, and the cultivation world is soon at peace again, with everything still waiting to be revived.

At the Tamkang Hospital, Li Zheng has finally taken up his position as the head of the Chinese medicine department.

But what many people don't know is that, after just a few years, there is already someone at Tamkang Hospital who is on a par with Li Zheng.

He was the head of the Western Medicine Department, Simon!

The two had also turned their dryness into friendship, especially when Li Zheng knew that Ximen had been nudged by Lin Ran, and that relationship had naturally gotten better.

The hospital has flourished since, and the Xuan Sect is quietly making a name for itself.

Master Yu recruited a wide range of disciples and gradually expanded the prestige of the Xuan Sect, but as its reputation grew, the desire to join the Sect became more and more stringent.

However, from the day the sect was established, there was one rule that would never be changed.

That is, "Those who are not right-minded will never be accepted!"

The Xuan Sect's establishment of the Mountain Gate, coupled with the strong support of Liu Chen and Luo Ming.

Linjiawan became the number one village in the country, a village that was not only a top economic powerhouse.

It was even a place where everyone aspired to be.

Because no one dared to make trouble here.

Later on, many high-rise buildings were built outside Linjiawan, but the pattern of Linjiawan remained unchanged.

This is exactly what Master Yu wanted, and what the whole village wanted.

He did not want Lin Ran to come back years later and see a Linjiawan that he did not recognise at all.

Linjiawan also fulfilled Lin Ran's dream of waking up at the beginning, and went from a poverty-stricken group to the meat and potatoes.

So much so that a strange phenomenon appeared in Linjiawan afterwards.

As soon as a child was born in Linjiawan, a man would get married. A strand of men would marry their daughters-in-law and a strand of women would recruit their sons-in-law.

Even if a girl's parents wanted to marry their daughter, they couldn't do it, because the aunt cried out for a son-in-law.

Why?

Because of the good welfare benefits at Linjiawan!

From then on, no girls were seen at school courting the rich second generation, and all of them asked.

“Are you from Linjiawan? Or are you close to Linjiawan?”

Why? The former naturally needs no explanation, the latter is because they all want to be included in Linjiawan if it expands in a few years!

This is really.

Since then there has been no more money laughing, and the only questions asked are of the Lin family. One man rose to the sky, and the whole village became famous from then on. If you ask where the arrogance comes from, I am a proud member of the Lin family!

Outside Lin’s Bay, a group of travellers came to visit and one of them, a rich young man, was very dissatisfied and asked.

“Tour guide, why do we have to walk, isn’t this village connected to the road!”

The beautiful guide at the front turned her head and laughed at his words.

“Why? Because this road was built so early that it can’t withstand the crushing of a bus, not even a slightly more focused off-road vehicle, and this is about to enter the confines of the village, except for the people of Lin Jia Wan who are not allowed to drive!”

“On what grounds?”

This rich young man was very upset.

The guide saw this but laughed and said.

“No reason! Because this is Linjiawan, and Linjiawan is the cattle!”

“Me!”

The rich second generation was blocked from saying a word.

Indeed, the tour guide was right, no one forced you to come to Linjiawan for tourism, but you didn’t come anyway.

Linjiawan is no longer short of income from tourism, protecting the ecology is what they value most!

As the saying goes, if you come to the village, you follow the customs.

Three years later, a young man arrived in Linjiawan with a bag on his back, having successfully joined the Xuan Clan.

This man was none other than Ximen, who had been instructed by Lin Ran in the first place. Before he came to worship the Xuanmen, he walked through all the places where Lin Ran had lived and lived all his life. ,

Many years later, Ximen erected a stone tablet at the entrance of Linjiawan village, engraved with the following inscription.

Above.

“I was born from a mortal background, my parents died young and poor. My classmates laughed at me as a loser, and I was never visited by a goddess. I was born with no desires, but I am devoted to Chinese medicine. I was born with no desire, but I was attracted to Chinese medicine. I learned the art of healing and never forgot my original intention to save people. I had no choice but to leave my hometown behind, so I wanted to become rich and innovative. On the day I retired, my neighbourhood will be in love with me.”

Below.

“The way of medicine is remembered in the heart, cultivation does not forget to cultivate the heart. The world is full of dust, but a healer does not only heal the heart. Good and evil have existed since the beginning of time, but God has chosen me to do my best. I have to kill the enemy and kill the heart. I will leave my grudges behind, but I will also kill the heart of a thief. No matter how noble you are, I have a constant heart. Sheathe the seven-coloured sword, one sword to show my determination!”

“Clear the small hearts of the ruler, the mountains will grow green when the other world returns. The gates of heaven are open and the vortex invites, once you enter the immortal world, your fate is sealed!”

“The past is due to this night’s journey, a step out of the heart without regret. I am a man of the past, a man of the future, a man of the future, a man of the future, a man of the future.”

“I am Lin Ran, a different kind of little divine doctor!”

(Journey to the Immortal World, about to begin!)

Chapter 1586

It was a space without greenery, with storms everywhere, endlessly.

As far as the eye could see the only thing in the whole space was the whirlpool formed by the storm spinning rapidly, this whirlpool seemed like an orb forming a very large passage inside, stretching forward to who knows where.

Time went back to that day when Lin Ran entered the vortex to say.

“This is the whirlpool passage?”

Looking at this stormy passage in front of him, Lin Ran couldn’t help but be stunned.

In front of him,? There was no longer a shadow of the Heavenly Stone Pillar, and he didn’t even know where the Nine-Winged Bat Dragon had gone.

All that was in front of him was a chain rushing rapidly towards the front, drifting continuously with the storm.

The pillow seemed to be subdued at this point, perhaps also because he was too excited, and was silent for a while.

Lin Ran couldn’t care less about him at this moment, and raised his speed to the extreme, heading straight for the chain in front of him.

However, the chain was drifting back and forth under the effect of the storm around it, and the wind was too strong in this whirlpool, so Lin Ran could not catch it for a while.

Suddenly, a whirlwind appeared, instantly blowing the chain in front of him towards the side of the storm wall.

“Good opportunity!”

Lin Ran was delighted to see this, thinking that once the chain hit the storm wall, it would inevitably bounce back, and he would then be able to catch the chain.

However, what appeared in the next moment was something that sent a chill down his entire heart.

The moment the chain hit the storm wall, it made a series of crunching sounds, and everywhere it touched the storm wall, it was turned into slag, and even the dust was ground into pieces.

“This!”

Lin Ran couldn't help but gag as he watched, he had even almost touched the storm wall out of curiosity when he had just entered.

If he had just touched it, I'm afraid his palm would have turned into ashes by now.

“Why are you still standing there, hurry up and catch up!”

The pillow's voice finally rang out.

“This storm wall can't be touched, even if a Da Luo Golden Immortal falls in, he will be torn apart!”

Pillow Book was busy reminding.

“Why didn't you say so earlier!”

Lin Ran said helplessly as he accelerated towards the chain and chased after it.

“I'm just too excited, the thought of returning to the Immortal Realm soon, so I can't be alone and ecstatic for a while!”

The pillow said without good humour.

“Right, you have to live in time, that Heavenly Stone Pillar is not like you, it's so big and a pillar, if you let it hit this stone wall, I'm afraid that instantly the people on it will be churned to pieces!”

The pillow book was busy reminding.

“Shit!”

Lin Ran couldn't help but curse at his words, and immediately increased his speed to the max.

Song Nuan and the others were all on the Heavenly Stone Pillar, and the Nine Winged Bat Dragon was bound to be not too far away, so if this thing had evil intentions, then Song Nuan and the others would be in danger.

Lin Ran dared not delay and quickly rushed towards the iron chain.

Luckily, the chain was not damaged and Lin Ran quickly grabbed it.

After climbing along the chain, he saw the butt of the Heavenly Stone Pillar in just a few moments' time.

At this moment, the Heavenly Stone Pillar was drifting continuously within the vortex, but it was undamaged!

Lin Ran did not dare to delay and quickly climbed up to the Tongtian Stone Pillar before chasing after it towards the front.

However, on this journey, Lin Ran did not hear a single sound from Song Nuan and the girls.

It was reasonable to say that he was downwind, so if someone was talking up there, he would definitely be able to hear them, but at this moment, there was no movement at all.

There was nothing left but the whimpering sound of the storm around them.

"I see it!"

Finally, after a few minutes of climbing, a figure finally appeared not far ahead of Lin Ran.

"It's Li Ba!"

Lin Ran couldn't help but rejoice, the first person to appear in front of him was really Li Ba.

This guy had been left behind with Lin Ran in the Skywolf Domain, and he was later captured along with Liu Feng's rebellion by the Fey Devils.

Lin Ran quickly stepped forward and soon reached Li Ba's body. Only when he got closer did he realise that Li Ba was actually unconscious and still breathing.

This made Lin Ran breathe a sigh of relief, so he stopped caring about him and felt his way in again.

Being in the middle of a swirling storm, it was not a bad thing that Li Baji had fainted, it was better than waking him up and pissing his trousers in fear.

Lin Ran quickly bypassed Li Ba and continued to feel his way ahead, when he looked at Xiao Cui, who had also passed out like Li Ba.

Lin Ran was relieved to see that both of them were okay, so at least Song Nuan and the others ahead were probably safe.

Lin Ran did not dare to delay and continued to wipe out the front.

Being in this whirling storm, the pillow book's small world could not be opened, so he could only find a way to find the people first and then seek a way out.

There was also the fact that the Nine Winged Bat Dragon's divine sense was still unknown at this time, so he was worried about the safety of Song Nuan and the others.

After just a few moments, Song Nuan, Qin Bing, Luo Qiqi and Su Rou appeared in front of him.

These four were closest together and seemed to be hugging each other in fear before they passed out, still hugging tightly at this point in their unconsciousness.

Lin Ran quickly went up to check and was relieved to find that all four were not in danger of losing their lives.

And by this point, only Long Ya and Ling Sa were left unseen.

Lin Ran dared not stop and tried to continue climbing forward, and finally after two minutes he saw Ling Sa and Long Ya.

They were both cultivators after all, and although they had also experienced this calamity, they were still in their right minds at this moment.

Upon seeing Lin Ran who suddenly appeared under the Heavenly Stone Pillar, both of them were stunned, and then both had a complicated look in their eyes, with excitement and worry.

“I’ll be right over!”

Seeing that the two were still awake, Lin Ran instantly rushed towards the front.

However, Long Ya and Ling Sa were hurriedly shaking their heads and shouting at Lin Ran, as if they were telling him to be careful of something.

However, the sound could not be heard from within this vortex, and Lin Ran fixed his eyes for a while to see clearly that they were talking about watching out for the enemy!

“Enemies? The nine-winged bat dragon?”

Lin Ran remembered this leaky fish.

As expected, just as Lin Ran’s mind was alert and searching around, a voice suddenly sounded out.

“Aborigine! I didn’t expect you to actually dare to follow me here!”

Lin Ran was busy looking up, only to see a black bead hovering at the very front of the Heavenly Stone Pillar, if it wasn’t the divine sense of the Nine Winged Bat Dragon or someone else.

This black bead had a ray of black light shooting out from it and was firmly attached to the stone pillar.

Obviously the stone pillar was in his grasp at the moment, no wonder the stone pillar had not been damaged by the storm wall all the way over here.

It turned out that this Nine Winged Bat Dragon had actually used the Heavenly Stone Pillar as a tool to carry people.

“You’re still alive! How could I not come over!”

Seeing the Nine-Winged Bat Dragon, Lin Ran’s eyes chilled as he whirled towards it and charged forward.

When the Nine-Winged Bat Dragon saw this, its face sank, and the black light on the bead only surged up and swept straight towards Lin Ran.

Chapter 1587

The Pillow Book once said that it was very dangerous to be in this vortex without a carrier.

The vortex is not a single path, it has turns and curves, so if you are alone, but if you are in a group and do not have a carrier, you will easily run into the vortex storm wall.

And it goes without saying how dangerous this wall is, as it is almost impossible to die if you run into it.

This was also the reason why the Nine Winged Bat Dragon controlled the entire Heavenly Stone Pillar and did not allow it to crash into the whirling storm wall.

“Bang Bang!”

Black light filled the air as Lin Ran instantly broke through the black light that swept through the Nine-Winged Bat Dragon.

“Hm?”

The nine-winged bat dragon couldn't help but frown slightly when it saw this scene.

“This is far away from that brat's home, so how come he's still so strong!”

The Nine-Winged Bat Dragon was puzzled, as it was logical to say that after leaving Lin Ran's homeland, this place was deep in the Three Regardless Zones and belonged to the vast void between the small worlds.

Lin Ran's strength shouldn't be this strong.

In fact, this was something that Lin Ran had noticed long ago, ever since he had entered the vortex away from the Earth, the Dao Seed of the Healing Dao within him had been rapidly becoming weaker.

Even the Dao pearl that was originally filled with golden light was rapidly becoming dim at this point.

Lin Ran was merely holding on for dear life the entire time.

“Die!”

Breaking through the black fog, Lin Ran instantly killed the Nine-Winged Bat Dragon.

Seeing this, the Nine-Winged Bat Dragon was greatly alarmed, and was busy speaking.

“Aborigine, stop!”

However, at this moment, Lin Ran would not listen to him, as he threw a punch straight at the Nine-Winged Bat-Dragon.

“Stop that idiot!”

The nine-winged bat dragon shouted, but it was already too late.

He saw that Lin Ran's fist had already blasted towards him.

At this moment, the Nine Winged Bat Dragon was only a soul, and was no match for Lin Ran when he was in his body, let alone at this moment.

In front of Lin Ran's punch, his face changed drastically and he instantly took on the form of a nine-winged bat dragon, while a mouthful of black gas directly spurted out.

At this moment, even if he had manifested his original body, he was still in his soul state and was no match for Lin Ran.

The black Qi was instantly blown away by the fist wind, and the Nine Winged Bat Dragon's body almost fell off the Heavenly Stone Pillar.

Lin Ran was just about to strike while the iron was hot and kill him outright.

But at that moment, the entire vortex storm shook, the Heavenly Stone Pillar didn't react, but the surrounding vortex storm was like an explosion, fluctuating back and forth and almost hitting the Heavenly Stone Pillar several times.

Lin Ran was so frightened that he could only crouch on the Stone Pillar of Heaven and did not dare to move.

"You idiot! How dare you make a move in the middle of this vortex!"

The nine-winged bat dragon cursed.

Lin Ran didn't say anything when he heard that, he just looked at him quietly with icy cold eyes.

"Indigenous I tell you, if you want them to die you'll do it!"

"Within this vortex, as long as there are power fluctuations it will inevitably cause instability in the surrounding storm, when that happens everyone will die together!"

The Nine-Winged Bat Dragon's eyes were icy cold as he threatened.

Lin Ran remained silent, only pleading in his mind like a pillow book.

"He's right, but I think you still have to do it! Is it hard to say that you still want to be in the same boat as him?"

Pillow Book said.

Lin Ran nodded at his words, he knew in his heart that this Nine-Winged Bat Dragon must also hate himself to the bone, after all, he had destroyed its physical body.

And this vast void was so difficult to return to the Immortal World, and it would be even more difficult for him, a soul, to successfully return to the Immortal World.

And most importantly, Lin Ran had calculated that if he launched a divine sense attack, the storm would definitely cause much less disturbance, but it would get rid of the Nine Winged Bat Dragon, which was a big trouble.

After weighing his options, Lin Ran decided to make his move.

The Nine Winged Bat Dragon looked at Lin Ran and saw that he did not know what he was thinking as he did not say a word, and his face gradually turned ugly.

It was not stupid and knew that Lin Ran had no good intentions.

As the saying goes, the first to strike is the strongest. Seeing Lin Ran's frown gradually relax, it knew that if it didn't do something, it would be the end of itself.

Suddenly, he saw his entire body glow with a black light, and in the next moment, his entire body directly fell down towards the stone pillar in the sky.

At the same time a cold laugh came over.

"Humph! If you want to kill me, you're still too young!"

As soon as the words left his mouth, Lin Ran's face changed.

A loud "bang" was heard, and instantly the originally smooth stone pillar shifted rapidly, with the foremost section crashing towards the side of the passage.

Lin Ran could see clearly that the Nine Winged Bat Dragon had just fallen and slapped its claws on the stone pillar.

"Bastard!"

Lin Ran's face turned blue with anger as he didn't bother with the Nine Winged Bat Dragon, his first priority was to stabilise the Heavenly Stone Pillar, otherwise he would have hit the storm barrier on one side.

It was a small matter that he would be injured, but what he feared was the safety of Song Nuan and the others.

"Get up!"

Lin Ran didn't dare to be slow, and quickly diffused his divine sense out, enveloping the entire Heavenly Stone Pillar and desperately trying to adjust its direction.

The storm barriers around him were constantly swaying back and forth, and Lin Ran did not dare to be the least bit careless.

At this moment, he was like a flat boat on the ocean, in danger of being capsized if he wasn't careful.

"Hm?"

The nine-winged bat dragon floated in front of the Heavenly Stone Pillar, and when he saw that Lin Ran had actually slowly stabilised it, his face could not help but look ugly.

"You still want to get out alive with me here? Dream on!"

The nine-winged bat dragon's eyes were icy cold as he steeply stretched out his two huge wings, and then a cloud of black Qi actually rushed towards the storm walls on both sides as his wings stirred.

"Have fun! Baby!"

The Nine Winged Bat Dragon had a cold smile in his eyes, and then his body quickly retreated, hiding far away to watch the good show.

The storm wall that he had stirred up was like a bomb thrown into the ocean at this moment, and it instantly rippled violently.

The look on Lin Ran's face instantly changed.

"Bastard! Despicable villain!"

Lin Ran's teeth clicked together as he regretted that he was still too merciful, he should have just killed this Nine Winged Bat Dragon in a split second earlier and there wouldn't be so much trouble now.

But at this point it was already too late to say anything, Lin Ran knew that at this point he had even less time to take care of the Nine-Winged Bat Dragon.

He used his divine sense to envelop the entire stone pillar, constantly darting around the shifting storm walls in search of a way out.

But there was no way he could walk by the river without getting his shoes wet, and he lasted only two minutes.

Suddenly the storm wall in front of us was completely distorted, almost at a 70 to 80 degree angle, making it impossible for the pillar to pass through.

Seeing that he was about to crash into the storm wall in front of him, Lin Ran's eyes instantly turned red.

"Bastard!"

"There's no way to get through safely!"

Lin Ran busily asked in his mind.

"There is! Break the storm wall and punch out a gap to rush out!"

The pillow book didn't dare to be slow.

Without saying a word, Lin Ran raised his hand and took out his Frost Condensation Sword and blasted it towards the front.

However, just as the sword blast was struck, Pillow's Book's voice rang out again.

"Kid! You are for real, this storm wall is not something that can be broken by ordinary people! And it will bounce back at you as much as you attack!"

Chapter 1588

"You didn't tell me earlier!"

Lin Ran's face instantly turned green at his words.

But at that moment, it was already too late to say anything, as the seven-coloured essence aura cut directly into the storm wall with a bang, and almost instantly rebounded back.

"Roll!"

Lin Ran roared, and another sword mane cut out, and instantly the two sword manes collided in front of him with an explosion of “bang”.

In an instant, not only did the distant storm wall shake more violently, but even the Heavenly Stone Pillar shifted abnormally violently.

“Haha! You’re really good at this! What’s the matter? Fighting with yourself?”

The Nine-Winged Bat Dragon from afar couldn’t help but laugh at the situation.

Lin Ran gave him an icy glance without saying anything and turned his head to continue looking ahead.

At this moment, the Heavenly Stone Pillar was no more than a hundred meters away from this storm wall, if he didn’t hurry, not only would the Heavenly Stone Pillar be finished, but the Song Nuan and the others on it wouldn’t be able to escape either!

“Let’s fight!”

Lin Ran suddenly gritted his teeth and immediately held his sword in both hands, stabbing it towards the front.

“Weng!”

As the sword stabbed out, light instantly flowed over the tip of the sword, followed by a thin white sword aura that actually stabbed out directly.

This white sword mane stabbed straight towards the storm wall in front of him.

However, the moment it touched the storm wall, it was bounced back.

Lin Ran did not dare to delay, his hands kept moving, and soon the sword mane bouncing back in front of him collided with Lin Ran’s own in a hurry.

A series of “thump, thump, thump, thump explosions!” were emitted.

“That’s quite a fight!”

The nine-winged bat dragon couldn’t help but sneer at the sight.

At the same time, his body moved backwards quite a bit, as Lin Ran might be able to break through the storm barrier to sow a ray of hope by doing so.

But there was also a hidden danger.

That is, the storm wall will become extremely unstable when attacked, and it is likely that before the storm wall is breached, he will crash into it first and die.

Even if Lin Ran did break the storm wall, it would be difficult for them to come back after they got out.

You have to know that inside this storm wall vortex, your position and the position of the storm flow do not deviate much, but outside the storm wall flow speed is very fast.

Unless you are extremely strong, it is impossible to split it with a single sword.

Therefore, in the Nine Winged Bat Dragon's eyes, Lin Ran's move was undoubtedly digging his own grave.

But at this moment, Lin Ran had no choice, behind him was the Heavenly Stone Pillar, if he escaped on his own, then the people on the Stone Pillar would be completely finished.

Naturally, such an outcome was not something Lin Ran could accept.

So, he had no choice! He could only walk down one path until it was black.

"Open up for me!"

Lin Ran's old face turned red as he fought against his own attack he really knew how difficult it was.

Each reflected strand of sword aura forced him to deal with it carefully.

On the tip of the Frost Condensation Sword in his hand, white sword arrows kept stabbing out, and he didn't dare to stop in the slightest.

Lin Ran knew clearly in his heart that right now this was a race against time, but also a race against his own endurance.

If he could break the storm wall before the Heavenly Stone Pillar hit it, then he would win.

But if he couldn't break it, then all that awaited him was his death and the death of the Stone Pillar and the people on it.

"Pfft."

Suddenly, Lin Ran couldn't help but spurt out a mouthful of fresh blood, clashing hard with the storm barrier and holding on for so long had already made him still a bit overwhelmed.

But he knew in his heart that he couldn't stop, he absolutely couldn't stop!

Lin Ran still gritted his teeth and held on, not even bothering to wipe the blood from the corners of his mouth.

"Poof!"

Suddenly, Lin Ran couldn't help but spurt out a mouthful of fresh blood, and at this moment his entire face turned a little white.

However, he was still holding on, and Lin Ran saw that at this moment, the Heavenly Stone Pillar was only thirty metres away from the storm wall.

The storm wall in front of him had already been stabbed by his sword mane as if it was a balloon that had been stabbed, with a deep dent in the centre, but this damned storm wall just wouldn't break.

"Native, you have ten seconds left!"

"Nine seconds!"

"Eight seconds!"

“.....”

The nine-winged bat dragon on the side was actually laughing at this point as it started counting down for Lin Ran.

The sound of the seconds being read was as if the Nine Winged Bat Dragon was laughing at Lin Ran, which was exceptionally harsh.

“Ah! Bastard open up for me!”

Lin Ran was completely desperate at this point, seeing as the Heavenly Stone Pillar was about to hit the storm wall, his eyes couldn't help but turn red at this point.

“Open! Open up!”

Lin Ran couldn't help but grit his teeth, and at this moment, he could only see that a trail of blood was seeping out of his teeth from the force he was exerting.

“That's really desperate!”

The Nine Winged Bat Dragon next to him not only laughed at the situation.

Lin Ran didn't have the time to care about him, he gritted his teeth and held on, watching as the Heavenly Stone Pillar continued to crash towards the storm wall.

Finally, the next moment, he heard a series of “bang, bang, bang” sounds.

Lin Ran looked down and saw that the front of the Heavenly Stone Pillar beneath his feet had already started to collapse, and any area that came into contact with the storm wall was directly crushed into pieces.

At this moment, the entire Heavenly Stone Pillar was rapidly crashing towards the storm wall, and Lin Ran could clearly see that the Heavenly Stone Pillar beneath his feet was getting shorter and shorter, and it was already approaching the place where he was standing.

“Bang!”

Suddenly, a crunching sound rang out violently, and the next moment Lin Ran was surprised to see that the through stone pillar beneath his feet was actually not shattering anymore, while his entire hand was also lighter.

Lin Ran was busy looking up, and at once he saw that a huge hole had actually appeared in the storm wall in front of him, and it was pitch black outside.

Rather, the front-most Tongtian stone pillar had already rushed out towards the hole.

“Hm?”

The nine-winged bat dragon in the distance saw this and frowned slightly.

“It's really been done by this kid! But so what, you'll have to die sooner or later!”

The Nine-Winged Bat Dragon sneered, and then turned around and raised its wings to run.

In his heart, he knew that if he didn't run at this moment, he wouldn't be able to leave if he wanted to if the storm hit him later.

"Weng!"

Suddenly, the next moment, the storm barrier that broke open was like a whirlpool in the ocean, instantly pulling the entire passage in towards the outside.

The speed of Lin Ran's forward rush, as well as that of the Heavenly Stone Pillar beneath his feet, steeply increased.

"What about him?"

The Pillow Book was busy asking at this.

Lin Ran sniffed and turned his head in the gale to look at the nine-winged bat dragon and said in a cold voice.

"You won't be able to leave either!"

As soon as the words left his mouth, instant divine sense fluctuations instantly diffused out, directly enveloping the nine-winged bat dragon.

In the next moment, Lin Ran had already been ripped out by the huge suction force of the storm barrier.

And under the implication of his divine sense, the nine-winged bat dragon was actually pulled over as well, instantly entering the area where it was being sucked in.

"Bastard! Indigenous! How dare you!"

The Nine-Winged Bat Dragon was instantly enraged, but at this moment he was already wrapped up in the suction of the storm wall, and just as his words fell, together with the Heavenly Stone Pillar, he flew backwards towards the gap in the storm wall.

"No! No! Bastard!"

The Nine-Winged Bat Dragon was furious, but at this point it was already too late to say anything, as he too instantly rushed out of the hole in the chaotic storm wall.

Chapter 1589

Not long after the Nine-Winged Bat Dragon had fallen out of the storm wall, the entire Heavenly Stone Pillar had also basically rushed out.

Lin Ran turned his head to see that the storm wall had closed up again, and the half of the pillar that had not yet broken out had been directly crushed into pieces.

Lin Ran was busy taking a head count and was often relieved to find that the last one released, Li Ba, was also safe and sound.

However, when he turned his head to look for the Nine-Winged Bat Dragon, he found that this fellow had actually disappeared.

When the Nine Winged Bat Dragon was dragged out of the storm passage, his divine sense had lost sight of the other party, and when he looked at it now, he found that the Nine Winged Bat Dragon had simply disappeared.

It was as if it had not been dragged out just now.

“Where did he go? I clearly saw him being pulled out just now!”

Lin Ran was puzzled, but he quickly stopped paying attention to this guy.

This was not the time to care about it, although the group had escaped from the storm vortex with their lives, Lin Ran had to figure out what to do next as soon as possible.

We couldn't keep drifting in this vast void!

The surroundings were dim, and only a white storm vortex could be seen from afar stretching not far ahead, all the way into the darkness, with no end in sight.

“I don't know how far away this storm vortex is!”

Lin Ran felt a pang of frustration in his heart, and only when he really came out from inside this storm vortex at this moment did he realise how spectacular it really was.

“Where is this?”

Suddenly just as Lin Ran was thinking in his mind, a voice actually sounded out.

“Little Nuan are you alright!”

“I'm fine, how about you Xiao Cui?”

“I'm fine, is everyone alright!”

The voices of the crowd suddenly all rang out.

“Lin Ran?”

Suddenly Song Nuan's voice was startled, and only then did the crowd see that Lin Ran was actually standing to the side, looking right at them.

“Why are you too?”

Seeing Lin Ran appear here, Song Nuan and the others all felt a little uncomfortable in their hearts.

Although Lin Ran's arrival made them feel warm and fuzzy in their hearts, they all honestly did not want Lin Ran to come along.

After all, if they couldn't get out, then I was afraid that everyone would end up dying here.

“Forget it, there's no point in talking about this at this point, where the hell is this place!”

Qin Bing asked, busy digressing from the topic.

Lin Ran gazed at the crowd before pointing at the storm vortex passage in the distance and said.

“This is beyond the storm vortex, something just happened and we were forced to rush out of the storm vortex!”

“Beyond the storm vortex?”

The crowd was stunned at the words and looked a little confused.

As soon as they had entered the vortex earlier, they had all passed out except for Ling Sa and Long Ya, and at this moment, they were all a little bewildered when they suddenly appeared here.

“You guys grab the chains and tie them to yourselves, once you get separated in this vast emptiness, you really won’t be able to find them!”

Lin Ran busily reminded, while also tying himself to the chains.

“Good!”

The crowd didn’t dare ask too many questions at his words, and one by one, they all tied the chains to their bodies.

The chains were tied to the Heavenly Stone Pillars at regular intervals, and at this moment, they were tied to the crowd, so they were very safe.

“Lin Ran, where is that Nine-Winged Bat Dragon?”

At this time, both Lin Ran and Long Ya had also tied their chains and opened their mouths to ask.

“I don’t know suddenly it disappeared!”

Lin Ran said, he was also puzzled by this matter.

How could a good divine sense just disappear when he said it was gone, and he had to know that the moment he had just rushed out, the Nine Winged Bat Dragon was in its original form.

It was so big, and Lin Ran was so strong now, how could it just disappear?

“Ranzi!”

Just as Lin Ran was wondering in his mind, suddenly the pillow was speaking.

“What?”

Lin Ran asked busily.

“I don’t know what’s going on, but I feel a terrifying aura that makes me feel scared, as if I’ll be swallowed up at any moment!”

The pillow book was busy saying.

“Master, I also have this feeling!”

Suddenly Qing Zi also spoke up.

“You have it too?”

Lin Ran smiled and became even more puzzled.

He was supposedly stronger than both Pillow Book and Qing Zi, but why was he the only one who didn't feel it?

Lin Ran was puzzled and sensed it carefully again, but he still didn't feel anything.

"Do you think it's possible that this kind of thing only targets the body of the soul!"

Suddenly the pillow spoke up.

"What do you mean?"

Lin Ran's heart was shocked at his words, the Nine Winged Bat Dragon had suddenly disappeared, and Pillowside Book and Qing Zi had felt threatened again, one of them was an artifact spirit divine artifact, while the other was the spirit of an immortal artifact.

Strictly speaking, they also belonged to the category of divine sense, so could it be that there was really something around here that was a great threat to them?

Lin Ran was a little worried in his heart and couldn't help but scan around towards the surroundings.

At this point, everyone was gradually getting used to the darkness here, and looking towards the distance, they could clearly see the spatial tunnel not far away.

It was like a white dragon in the darkness winding forward and spreading.

Around this spatial rift, there were countless white dots, some bright, some dark, as if they were stars in the sky.

And at this moment, the crowd was in the middle of this endless sea of stars.

"Lin Ran, have you noticed a wrong place!"

Suddenly Song Nuan, who was at the side, spoke up.

"What's wrong?"

Lin Ran asked, at this moment he was standing at the very front of the Heavenly Stone Pillar, some distance away from the crowd, not quite understanding what Song Nuan meant by this.

"Look around!"

Song Nuan pointed at the surroundings and said.

"There are lots of stars all around here, both front and back! There are also underneath our feet!"

Lin Ran nodded at his words, the crowd seemed to be in the middle of a sea of stars at the moment, and indeed there were stars all around.

"But look overhead, why is this the only area without stars!"

Song Nuan said.

Lin Ran frowned slightly at his words and was busy looking up.

Sure enough, only to see that above the sky, there was this large area that was black, not to mention the stars, and not even the slightest bit of light.

It was as if that area was a forgotten corner.

And outside this area, there were stars.

Lin Ran stared at that area, always feeling that something was wrong, but for a moment, he couldn't tell.

“Weng!”

Suddenly, just as the crowd was wondering, a buzzing sound erupted from the entire sea of stars.

Following this, two round lanterns as big as a truck lit up in the pitch-black area.

The two lanterns were emitting an eerie white light, as if they were two small planets.

“Weng!”

Suddenly, there was another tremor throughout space, and this time the crowd could see clearly.

They saw that around the two lantern-like bright lights, there were even smaller bright lights.

The light quickly diffused and instantly lit up an area that had been dark.

When they saw this sudden appearance, Lin Ran and the others all froze.

Only the Pillow Book's face changed dramatically as he looked on and shouted urgently.

“Run! It's a worldworm! A Chaos Worldworm!”

Chapter 1590

Worldworms, Lin Ran had seen them before.

The several elders of the Chao Heavenly Pavilion had them on their bodies, only those world worms were very small, even similar to an ant.

It was by using these world worms that the Nine Spectral Maidens had enabled the several elders to live forever.

It was only later that the Second Elder, Third Elder and Fourth Elder had all rebelled respectively, so Lin Ran had seen these worms before.

But how could he have ever imagined that the second time he saw this kind of worm, it was so huge, as big as if it was an ant meeting a whale.

Facing this huge worldworm at this moment, Lin Ran understood in his heart what it meant to be small, and what it meant to say that a mouthful would probably not be enough to stuff one's teeth.

“Indigenous people save me! Help me! I don't want to die!”

Suddenly a cry for help rang out, and Lin Ran saw it in a flash.

On the giant worldworm's head were two incomparably long tentacles, and on one of them was a figure tied up, if not a nine-winged bat dragon or something.

"Save me, native! If you save me, I will give you everything I have when I get to the immortal world! All to you!"

The nine-winged bat dragon shouted eagerly, scared out of his wits by now.

"But don't listen to him, this is a Chaos World Worm, it likes divine knowledge the most, hurry up and run before we all die!"

The pillow book was busy reminding.

Lin Ran was not stupid, facing such a behemoth, how could he dare to go up to save others, not to mention this Nine Winged Bat Dragon was supposed to die.

"Love can't help live! Seek your own luck!"

Lin Ran smiled blandly at the nine-winged bat dragon, then turned around and wrapped his divine sense around the Heavenly Stone Pillar!

"Run!"

With a roar, Lin Ran whirled around and ran with the Tongtian Stone Pillar.

Just kidding, this and the Tongtian Stone Pillar were not small in size, so if they were caught by this World Worm later, it would really be the end.

Moreover, Lin Ran could clearly see that the tentacles tied to the Nine-Winged Bat Dragon had already started to stuff its mouth.

When it found out that the Nine Winged Bat Dragon was not enough to stuff its teeth, it would definitely come after Lin Ran and the others again.

Lin Ran ran wildly with the Heavenly Stone Pillar, not even caring about the direction, as long as he could get away from this worldworm.

However, he had only just rushed out no more than a hundred metres when the World Worm behind him was already spoken for by Lin Ran.

After swallowing the Nine-Winged Bat Dragon, it simply wasn't satisfied and its huge body only lit up with white light as it chased towards Lin Ran.

"Kid! Hurry up, Master Shu doesn't want to die in this thing's hands! It'll be a shame if word gets out!"

Pillow Book was on the verge of tears.

He knew that this Chaos World Worm must have sensed his and Qing Zi's scent and that was why it was chasing after them.

"Shut up, didn't you say that all this worldworm was small, why is this one so big!"

Lin Ran said without good humour.

“Nonsense, I’ve said this is a Chaos Worldworm! It’s not a worldworm!”

The pillow said speechlessly.

As it turned out, World Worms referred to the ones that had just hatched in Chaos; at that time, World Worms were indeed small and were limited in what they could devour, so they were not much of a threat.

However, once these worldworms had reached a certain height, they would return to Chaos.

And then, in the chaos, they would frantically devour the power of chaos, allowing their bodies to reach an unbelievable size, just like this one in front of them, if it were placed on Earth, it would probably be able to match the height of Mount Everest!

“Once they devour the power of chaos, the bodies of these world worms will change and eat whatever they see, this one must have been drawn here by the spatial vortex that appeared, who knew there were a few more of us for dessert!”

The pillow said helplessly.

“Isn’t there any way we can get rid of him?”

Lin Ran asked busily.

“Unless you re-enter the vortex, there’s absolutely no way! Comparing speed with a worldworm in the vast void, no one can beat it but the air!”

The pillow said.

“Then you’re still making me run! It’s so damn suffocating, how come I’m being chased by a stink bug just after leaving Earth!”

Lin Ran was speechless.

“Bullshit! You can still live for a while if you run, but if you don’t you want to be eaten alive in place like that nine-winged bat dragon!”

The pillow retorted.

“Cut the crap and run!”

Seeing that Lin Ran was about to speak, Pillow Book disliked him back with a word.

Lin Ran was helpless and knew that this was not the time to fight with him, so he had to run through the vast emptiness with all his strength.

However, he did not dare to run too far, after all, he still had to think about how to get back.

If he lost his position in one breath, it would not be an easy task to find the vortex passage back in this vast emptiness.

As Lin Ran ran wildly, he paid attention to the position of the white vortex passage behind him, trying not to let it leave his sight.

In order to avoid completely losing this reference point.

In the vast sea of stars, once you lost your frame of reference, it would really be no different from being blind.

Although Lin Ran had good intentions, the Chaos World Worm behind him was somewhat ungrateful.

As the wind howled, it had actually caught up with Lin Ran.

“How fast!”

Lin Ran had some helplessness in his eyes, and seeing that if he ran any further, he would really lose the location of the vortex passage, he could only turn around and run towards the side.

The Chaos Worldworm’s body was huge, but its turn was not affected at all, and its huge body twisted to follow Lin Ran’s direction.

“Holy shit!”

Lin Ran was so angry at this that he almost spat out a mouthful of blood.

At that moment, he had to turn around and run towards the location of the whirlpool passage again.

“Kid! Run that way, there are rocks there!”

Suddenly the Pillow Book spoke up.

Lin Ran smiled and looked, and as expected, there were many huge rocks not far ahead from where the worldworm had first been found.

These rocks were scattered all over the place, some as small as basketballs, while others were as big as huge mountains, and they looked like a mess.

“That’s what’s left of the world worms, they usually feed on such things, this thing should have been a small planet before, and it was eaten alive like this!”

Pillowbook said.

Lin Ran didn’t care about so much at this time, he spread out and ran towards the inside of the chaotic rocks with the Tongtian stone pillar.

At this time, with Qing Zi behind him, Lin Ran was not afraid that the pillar would hit these rocks.

On the contrary, the Chaos World Worm was so large that as soon as it drilled itself into the rock formation, I was afraid that its speed would be greatly reduced.

Without hesitation, Lin Ran quickly reached the vicinity of the rock formation and drilled straight in head first.

“Roar!”

The Chaos Worldworm couldn’t help but let out a low roar at this, as if to express its displeasure.

Following this, the two whiskers on its head slapped towards the front with a strong wind.

“Bang Bang Bang!”

The rock formation instantly resounded with a series of explosions, but all the rocks that were slapped by the whiskers were directly turned into pieces, which showed how powerful this guy was.

But there were too many rocks in the area, and even though the Chaos Worldworm had two steel-like tentacles, it was unable to remove all the rocks.

Soon the chaotic rocks crashed into it, slowing it down.

“It’s really working!”

Lin Ran couldn’t help but rejoice at the sight.

However, the joy didn’t last long as the Worldworm behind him seemed to see that it couldn’t catch up to Lin Ran and actually let out a roar.

Immediately, the whale-like mouth opened, and instantly a handful of white light shot directly towards Lin Ran’s direction.

“Kid, dodge!”

Seeing this, the Pillow Book was busy speaking and shouting.
