Chapter 1591

As the words rang out, Lin Ran also instantly changed his position and rushed towards the side.

However, he had just turned around and dashed not far away when a “boom” sounded behind him.

The huge explosion instantly set off a series of air currents that sent him crashing heavily into a boulder, and a mouthful of blood spurted out.

“Lin Ran!”

“Boss!”

Song Nuan and Li Baba at the back of the group all shouted out at the sight of this.

However, Lin Ran didn't have the time to pay any attention to them at this moment, and was too busy adjusting his breathing to continue running.

The Chaos World Worm seemed to have seen through Lin Ran's thoughts and simply stopped chasing him, its mouth opening and closing with white light blasting Lin Ran into a frenzy.

At first it was fine, as Lin Ran was able to dodge with the cover of the rocks.

But as time went on, soon all the rocks around Lin Ran were blasted away, and as far as the eye could see, there was only one huge rock left in front of him.

“Let's fight!”

Lin Ran knew that there was nowhere to hide, so he immediately charged towards the mountain-like rock.

The worldworm seemed to be intent on driving Lin Ran towards it, and when it saw this, its mouth opened and closed, another white light rushed straight at Lin Ran.

“Kid!”

The pillow was in a hurry when he saw this.

“I can't do anything about it!”

Lin Ran turned his head and his heart went cold,? With no cover around him, he was completely exposed to the worldworm.

“Bastard!”

Seeing that there was still a long distance to the boulder, Lin Ran actually stopped and turned around with a grit of his teeth, blocking Song Nuan and the others behind him.

“Lin Ran what are you doing!”

“Don't! Lin Ran!”

“Boss!”

When the crowd saw that Lin Ran was actually blocking them alone, they all turned red-eyed.

However, Lin Ran didn't even care about this, his Frost Condensation Sword had already surfaced in his hand, and then he directly blocked it towards the incoming white light.

"Bang Bang Bang!"

As soon as the white light touched the Frost Condensation Sword, an explosion instantly rang out.

Lin Ran's entire body was also blasted back by more than ten metres.

But luckily, Lin Ran's strength was hard enough and he was able to stabilize after retreating a dozen meters.

However, the crazy consumption of true qi in his body made Lin Ran understand that he would not be able to stop himself for a few moments.

At any moment, he would be blown away by this white light.

"Kid, beware!"

The pillow's voice suddenly sounded again as the rain fell on the house.

Lin Ran smiled and turned his head to look, only to see that not far away, the Chaos World Worm had actually rushed over, a huge tentacle already slapping towards him.

"Bastard!"

Lin Ran gritted his teeth and hurriedly took a few steps back, narrowly avoiding the tentacle.

However, he had dodged it, but the Heavenly Stone Pillar beneath his feet had not.

With a loud bang, the whole stone pillar was broken.

Lin Ran had reached his limit, and his whole body was blown away and smashed heavily against the stone pillar at the back.

Following this, he felt a white light blast before his eyes, and the white light had landed on the stone pillar in the sky.

"No!"

Lin Ran's eyes were bloodshot at this moment, and his entire body looked like it was going crazy.

"Master!"

Qing Zi suddenly spoke, and at that moment, purple light filled the entire Heavenly Stone Pillar and wrapped it up.

However, Qing Zi's purple light was too fragile in front of this Chaos World Worm, and it lasted less than a breath before it shattered with a bang.

Qing Zi's entire body instantly returned to the Qiankun Violet Qi Vase, obviously seriously injured.

"Master, I'm sorry I did my best!"

Qing Zi said.

Lin Ran also had blood tears in his eyes at this moment, he did not speak, at this moment he was looking at his side with a deadly gaze.

Beside him was Song Nuan.

Only at this moment, Song Nuan's entire body was wrapped in white light, and his entire body had already passed out.

"No! No!"

Lin Ran hissed in anger.

Although he had only seen Song Nuan, at this moment, the entire Heavenly Stone Pillar was wrapped in the white light of the Chaos World Worm, and he could think that at this moment, Qin Bing and the others were afraid that this was also the case.

"Bang!"

Without giving Lin Ran too much time to think, suddenly the entire Heavenly Stone Pillar exploded with a loud bang and completely burst apart in an instant.

Lin Ran suddenly felt a tightening of the chain around his waist, followed by him being pulled backwards towards the back.

In despair, he saw that all the heads were now detached from the Heavenly Stone Pillar, all tied together by an iron chain.

The crowd was like a cloud of dust in a vast universe as they crashed towards the huge stone mountain peak behind them.

"Bang, bang, bang!"

With the constant thumping and crashing sound ringing in his ears, Lin Ran knew clearly in his heart that everyone was "safely landed!"

But was it really safe?

Lin Ran's red eyes were busy getting up from the ground and following the chains all the way to the top.

All of them were unconscious.

Reluctantly, Lin Ran checked everyone one by one, and the final conclusion was.

They were dead!

"Ranzi! Save your grief! You've done your best!"

Pillow Talk spoke up and warned.

"What do I have to mourn for? Can't you see that they're only asleep? What am I mourning!"

Lin Ran said angrily with bloodshot eyes.

“How long are you going to lie to yourself, they’re already dead! Even Lin Ran and Long Ya and their strength couldn’t carry the white light of the World Worm at all!”

“Is it useful for you to deceive yourself like that?”

The pillow chided.

“It’s useless! You go away! You want to go, you go! I’m going to stay! How!”

Lin Ran said angrily.

“I don’t want to argue with you! If you want to not even have a place to bury them when they die, you’re so depraved!”

The pillow was equally a little angry.

“They’re not dead!”

Lin Ran rushed at the pillow book angrily.

“Master!”

Qing Zi couldn’t help but speak up at this point.

She saw truly that the moment the Chaos World Worm’s white light had just landed on the crowd, they had actually lost their lives.

“I won’t listen!”

Lin Ran said angrily, whirling around and carrying Song Nuan and the others over one by one.

He looked at the crowd lying on the ground in front of him at that moment, his eyes flushed red and tears flowed silently down his face.

“Why! Why did you do this to me!”

Lin Ran couldn’t stop the tears from flowing as he hugged Song Nuan!

“Why did the thief God do this to me!”

Suddenly, Lin Ran looked up to the sky with anger and resentment in his eyes.

“You chose me to fight the alien demons, and I did it! And you told me to leave Earth! I did it too!”

“Why! Why are they like this! Why!”

Lin Ran’s eyes were bloodied with tears and his words were filled with resentment.

Pillow didn’t speak up either, just looked away in silence.

He was also trying his best to calm his emotions.

Only to see that not far away, the worldworm that had lost its target was searching anew for Lin Ran and the others, and was already slowly approaching towards the boulder they were on.

“Weng!”

Suddenly, Pillowbook saw that a purple glow suddenly lit up in the Worldworm’s abdomen.

But this light turned and passed away, as if it was fleeting.

But it was this purple light that made Pillow Book’s face look so happy that he slowly turned his head and prepared to speak to Lin Ran.

Only as soon as he turned his head he saw that Lin Ran’s entire body had sat down on the ground, holding Song Nuan with despair in his eyes.

That despair was like as well as the despair of having given up on the world.

Chapter 1592

“Boy! What the hell do you want!?”

Seeing this scene, Pillowbook couldn’t help but speak up.

Lin Ran, however, was like a puddle of mud and said indifferently.

“I don’t want to do anything! Waiting to die!”

“Waiting to die? Can you still have some fighting spirit!”

The pillow said angrily.

“What’s a fighting spirit? I don’t need it!”

Lin Ran said and tightened his arms around Song Nuan!

“You coward!”

Pillow Book was furious.

“They’re dead, but you’re still alive, don’t you want to sit down and do something?”

“Do what? Is there a resuscitation unit here or a medical facility? What are you asking me to do? All the tendons in their bodies are broken and their pulses are gone, what else can I do!”

Lin Ran said angrily.

“You all go away, I don’t care about anything right now, I just want to be with them in peace! I owe them this!”

Lin Ran then said with desperation in his voice.

“You owe it to them by doing nothing!”

The pillow said.

“They got caught up here because of you, but now you’re actually giving up on them!”

“What else can I do if I don’t give up? If I could have saved them, I would have done so already!”

Lin Ran said indifferently.

“That’s because you can’t save them! It doesn’t mean that others can’t!”

The pillow said in a cold voice, and then turned away from Lin Ran.

Lin Ran’s entire body froze at the sound of his words, the dead silence in his eyes quickly dissipating and instantly being replaced by longing.

“You have a solution? Tell me! What solution!”

“For you to go and fight the worldworm, what are you doing?”

The pillow turned his head to look at Lin Ran.

Lin Ran didn’t say a word and turned around to rush out.

The pillow side book saw this and pulled Lin Ran back, raising his hand and slapping him.

“I’ll only give you ten seconds to calm down! The worldworm will find this place in one minute at the latest! I don’t even want to give you ten seconds to calm down!”

“Remember, I’m only going to say this once! If you can’t stay calm, you’ll be responsible for the death of Song Nuan and the girls!”

The pillow said pointing to the worldworm on one side.

Lin Ran was gritting his teeth and not saying a word at this point, his whole body was trembling, but he still listened carefully to the pillow side book’s words.

“In the abdomen of the worldworm, there is an object that emits a purple light, if you can get that object and give it to the crowd, you can save them!”

“I tell you, you may be able to see the purple light, but that thing is inside the worldworm, so the only way you can get it is to get inside the worldworm!”

“And as soon as you get that thing in your hands, the worldworm will explode! Everything around it will be devoured and you will most likely die!”

“Make your own decision!”

After saying that, Pillowbook stopped talking nonsense.

Lin Ran smiled as his eyes burned at the World Worm, pondered for a moment, and suddenly had determination in his eyes as he spoke.

“Thank you!”

After saying that, Lin Ran turned around and rushed towards the worldworm, while shouting.

“Qing Zi, protect their remains! If I don’t make it back, please find a place to bury them!”

“Master!”

Qing Zi couldn't help but shed tears even when she heard that, going to grab something with the Chaos World Worm, would this still be able to come back alive!

"Master, don't worry!"

Although Qing Zi was also desperate, she still spoke up and assured him.

"Ai!"

Seeing this, Pillowbook sighed helplessly, and immediately rushed towards Lin Ran.

"This brat really doesn't let people worry! Master Book I'll give up my life to accompany the gentleman, let's go inside the world worm!"

With those words, the pillow book instantly turned into a golden light and entered Lin Ran's body.

"Sorry, I got a little excited just now!"

Feeling the pillow side book return, Lin Ran apologized somewhat.

"No need, I was just deliberately provoking you!"

The pillow-side book said.

"Provoke me?"

Lin Ran was stunned at his words, followed by a bitter smile.

Yes, the two of them had been together for so many years, and I'm afraid that Song Nuan didn't even know himself as well as Pillow Book.

It was no wonder he would use this method to provoke himself.

First it was Wang Yifeng and the rest of his brothers, and now it was Song Nuan, so it could be said that the people who were most important to Lin Ran were all dead at this time.

I am afraid that no one else would have been better off than Lin Ran.

It is said that there is no greater despair than the death of one's heart, and at that time Lin Ran was probably not far from it.

If the pillow book had not reawakened Lin Ran's fighting spirit in such a violent way, even if it had told him that there was a way out, I am afraid he would not have made it to the end.

At this point, everything was useless to Lin Ran, the only thing he could do was to break his back and fight.

If he won, then Song Nuan and the others would still have the hope of resurrection, but if he lost, then there would be nothing left.

He would be buried with the others in the vast void of the starry sea.

"It's here!"

As the two of them spoke, they had already rushed to a short distance ahead of the Chaos World Worm.

And at this moment, the Chaos Worldworm had also noticed the two of them.

It wasn't until this moment that Lin Ran really went to use his gaze to survey this Chaos Worldworm that had been chasing him for half a day on all fronts.

To put it mildly, this Chaos Worldworm as a whole looked like an oversized catfish.

Its two long tentacles were constantly fluttering and it was built like a catfish, but what was different from a catfish? The difference between it and a catfish is that there are many points of light growing around the outside of its body.

There were also two claws on its abdomen that hadn't completely degenerated, but they were obviously no longer of much use, otherwise this creature wouldn't have attacked people with just two tentacles.

Lin Ran noticed that this Chaos Worldworm had a glow flowing on its body from time to time, and every time the glow appeared, it would cause those dots of light on its body to flicker continuously, looking very strange.

"That light is the power of Chaos, this Chaos Worldworm can give birth to inches in the vast void by relying on this power of Chaos, the way of life I'm talking about is that energy source within his body, the Chaos Stone!"

The pillow said.

"I see! Let's set off then!"

Lin Ran nodded, and without the slightest hesitation, he instantly charged towards the Chaos World Worm in front of him.

The Chaos Worldworm had already noticed Lin Ran and also sensed the aura of the Pillow Book on him, so when it saw the two of them rushing towards it, it couldn't help but open its huge mouth and swallow it directly towards them.

It seemed to be afraid of Lin Ran's escape, and the two thick tentacles even swung back and forth, winding towards Fang Tang.

"What a glutton for punishment!"

Lin Ran laughed helplessly, and immediately raised his speed to the extreme, and the next moment his entire body directly rushed into the Chaos World Worm, and was instantly enveloped in darkness before his eyes.

Almost at the same time, the Chaos Worldworm's huge mouth closed instantly, letting out a joyful roar in satisfaction.

It just didn't seem satisfied and turned its head and searched again, obviously the pillow book was in its stomach, but there was another clear purple that also interested him greatly.

At this moment on the surface of the huge stone block, Qing Zi watched from a distance as the worldworm came towards him, with bemusement in his eyes.

"The master has already gone in, it's time for me to fulfil my mission!"

There was a sudden frenzy in Qing Zi's eyes, and the next moment the Qiankun Violet Qi Vase instantly erupted with a ray of purple light, instantly sucking in all of Song Nuan and the others' remains.

"Seal it!"

Qing Zi roared, and immediately entered the Vial of Qiankun Violet Qi himself.

The next moment the bottle plunged into the huge stone block with a bang, and at the same time a ray of purple light flowed out to envelop the entire Vase, and its breath completely disappeared.

Chapter 1593

"I don't know how Qing Zi is doing!"

In the darkness, Lin Ran shrank in a corner without moving, communicating with the pillow book in his mind.

"Don't worry, she has a way to be able to protect the remains of Song Nuan and the others."

The Pillow Book spoke.

"You know that?"

Lin Ran asked, at this moment, there was darkness all around him and his eyes hadn't been able to adapt to the light here, so he stayed put and didn't move.

"Mmm!"

The pillow nodded.

"Back then she was badly injured she sealed herself away, it was an ability she was born with!"

"Every time she performs it unless she wants to, no one else will ever find her!"

The pillow said.

"Of course, this secret technique isn't good for everything, every time she casts it, it will affect her greatly, I'm afraid that this time when we return, she will also fall into a deep sleep!"

Lin Ran nodded at his words.

In his heart, he knew clearly that perhaps this time, Qing Zi was also putting all her hopes on herself.

But there was nothing that could be done about it, being in the vast void and with the pillow book in a state that had yet to fully recover, the small world could not be opened at all.

Otherwise it would naturally be safest to take Song Nuan and the others directly with you.

It was just that there was no way out at the moment,? If the Pillow Book was at its peak, it would be possible to open the small world here, but not now.

Lin Ran did not want to do that much, now that all the burdens were on him, he could only try to keep himself as calm as possible.

To be too tense would be counterproductive.

After staying in the darkness for a few moments, Lin Ran quickly adapted to the darkness of the place.

He found that this Chaos Worldworm's body did not feel like an interior at all, but rather like a labyrinthine cave.

It was filled with rocks and passages, as if a maze had been carved out of a mountain body.

Moreover, the rocks inside were all dark red, looking as if they had been stained with blood, and the strangest thing was that they were still warm,? It was as if there was a hot spring behind the rocks.

"Go this way, be careful there's something in here!"

Pillow Talk spoke up.

"Something? What stuff?"

Lin Ran was stunned at his words, but he still carefully walked in towards the passage on the left.

"Lava lizards!"

Pillowbook explained.

"Lava lizards? What's that thing?"

Lin Ran was startled at how this thing sounded a little unkind.

"Something between a creature and a magical beast, you can think of it as a variant of a worldworm!"

Pillowbook introduced.

"A variant of the worldworm? You're kidding, even if it's a variant then the two things are at least of the same origin, so still living inside a Chaos Worldworm!"

Lin Ran asked busily.

"I don't know about that, I only have some knowledge from the Immortal Emperor's records!"

The pillow book said.

It turned out that back then, the Immortal Emperor had once killed the Chaos World Worm as well, and the purpose was similar to Lin Ran's in order to save his friend.

"The Immortal Emperor broke into a Chaos World Worm back then and discovered the existence of this lava lizard, and later deduced!"

"This creature, most likely living within the Chaos Origin, was an adult worldworm returning to? Chaos Origin when devouring the Chaos Power and took the opportunity to enter the Chaos Worldworm's body!"

"Because there is no such thing inside a worldworm after it is an hour old!"

The pillow book described.

“According to the Immortal Emperor’s record, this lava lizard and the Chaos Worldworm belong to a symbiotic relationship, and the large number of planets the latter devours will be decomposed by the lava lizard to finally form this red rock!”

“And the lava lizard decomposing these planets would produce a lot of Chaos Qi, which would all eventually be absorbed by the Chaos Stone inside this fellow’s body, thus turning into the Chaos World Worm’s sustenance to live on!”

“Chaos Stone?”

Lin Ran was stunned at his words.

“Could it be that our goal this time is this Chaos Stone?”

“That’s right!”

The pillow nodded.

“This Chaos Stone can be said to be the lifeblood of the Chaos World Worm and the Lava Lizard, so there’s bound to be a large number of Lava Lizards gathering around, so you’ll have to be well prepared in your heart if you want to grab something with these guys!”

“Hm!”

Lin Ran nodded at his words, although it sounded difficult, but after all, he hadn’t seen what a lava lizard looked like yet, so Lin Ran didn’t take it too seriously.

After walking in the dark red passage for a few moments, Lin Ran gradually noticed that some white mist began to appear inside the passage.

These mists were very faint and could only be vaguely detected.

“These mists are the Qi of Chaos, you can try to absorb some of it!”

The pillow said.

Lin Ran nodded at his words and tried to refine and absorb some, and indeed, he found that the power contained in these chaos qi was far more condensed than true qi, and it was also very pure, just a wisp of it allowed Lin Ran’s entire being to recover to its peak.

“There’s no way for this stuff to be absorbed by the soul body, otherwise I would have recovered to my peak a long time ago!”

Looking at the Chaos Qi around him, the pillow said with some red eyes.

“It doesn’t matter, it will always be restored in the future!”

Lin Ran said.

“I just don’t know what that Lava Lizard looks like, chaos Qi has already started to appear where we are now, so obviously it shouldn’t be far from that Lava Lizard’s lair!”

“Hmm!”

Pillow Book nodded his head.

Just as the two of them were talking, suddenly there was a commotion coming from ahead.

Lin Ran and Pillow Book glanced at each other and immediately felt their way towards the rock wall.

The closer they got to the rock wall, the hotter it became, but at this point he couldn't care less and wiped his way towards the front.

The closer he got to the front, the thicker the white mist became, only this whole way over, Lin Ran had already discovered a problem.

Although this Chaos Qi was powerful, it couldn't be kept in the body at all, it was like a disposable item, you could absorb it, but you couldn't take it with you!

So at this point, Lin Ran didn't care about these things and focused all his attention on what was ahead.

He soon reached the end of the passage, and when he looked at the end, he realised that the passage he was in was actually suspended in the air!

For at this moment, in front of him, the passage no longer had a path, but a huge deep pit had appeared.

The deep pit was the size of a football field and was vast.

Lin Ran fixed his eyes towards the distance and was instantly stunned.

He saw that the walls around this deep pit were densely covered with other holes, each one similar to the hollow he was in.

After a quick glance around, Lin Ran realised that the walls around this deep pit were covered with such holes in all directions.

He was only in one of them!

"Look down there, it's a nine-winged bat dragon!"

The Pillow Book was busy speaking.

Lin Ran turned his head at his words and saw that at the bottom of the deep pit, the Nine-Winged Bat Dragon was being tied up, a fiery red object that he didn't know if it was a rope was tied to him.

There was no one in sight around him, not even the lava lizard Lin Ran saw.

He just saw that the fiery red rope led to one of the largest passages at the bottom of the deep pit, and something inside seemed to be pulling him in.

At this moment, the nine-winged bat dragon was lying on the ground like a dead dog, not even struggling, seemingly already dead!

Chapter 1594

"Should we get closer to check it out!"

Lin Ran asked as he opened his mouth.

“Not yet!”

The pillow shook his head.

“You’ll definitely be spotted if you go down there now, we’ll follow him after he’s been dragged in!”

“Good!”

Lin Ran nodded, ready to change his position and continue waiting.

The rocks here were all warm, and it was inevitable that one part would become uncomfortable after leaning on it for a long time, even though Lin Ran’s current strength was very strong.

However, in order to avoid being detected by the other party, Lin Ran did not use his power for the time being.

He quickly turned sideways to face the stone wall, ready to wait a little while for the nine-winged bat dragon to be completely dragged into that hole, and then go down himself.

However, ? He had just turned sideways when his whole body was suddenly confused.

He only saw that there was actually a face on the stone wall in front of him.

The face was very distorted in length, and it did not look like a human face in any way.

His entire five senses had drooped down and there were very obvious signs of dripping downwards, as if his entire face had been melted away.

“What is this thing!”

Lin Ran was so scared that he was busy taking several steps back, the strange face that had suddenly appeared in front of him had really scared him.

“This is a lava lizard!”

The pillow spoke.

“Why does this thing look like this!”

Lin Ran gasped, he too was personally frightened by the sight of this thing.

“It’s a dead lava lizard, and it looks as if he’s just been sealed up here!”

Pillow said and pointed to one side, where Lin Ran saw that the colour of the rock there was distinctly different from the surrounding ones and seemed to have just been created.

Lin Ran poked his hand out and wiped it, and sure enough, he found that the brightly coloured rocks were still soft, and had obviously just been formed.

“This lava lizard was most likely killed while hunting for the nine-winged bat dragon! This wall is most likely where they were buried!”

Pillow Book said.

“It’s so disgusting, can’t it be that this wall is full of lava lizard corpses?”

The more Lin Ran thought about it, the more disgusting he felt, it was good that these things were magical beasts, if they were human he really didn’t dare to think about going down.

“This lava lizard was born here and died here, there must be a specific pattern to it, if there was no special treatment, I’m afraid that this Chaos World Worm body would have been filled with the corpses of this lava lizard long ago.”

“Come on, don’t think about it, the nine-winged bat dragon has already been dragged in, so it’s time for us to go!”

Pillow Book urged.

“Hm!”

Lin Ran was busy adjusting his emotions, no longer bothering to look at that terrifying ghost face, and turned around to prepare to leave the passage.

The nine-winged bat dragon below had by now been dragged inside the passage as a whole.

The entire deep pit fell into silence again.

When Lin Ran saw that the time had come, he climbed the rock wall and quietly felt his way down.

However, as soon as he landed, Lin Ran felt his whole body go numb.

He was deep in the bottom of the pit, and the rock wall above him was full of holes, and it felt like millions of eyes were staring at him.

Fortunately, Lin Ran was not a dense phobic, otherwise he would have been scared to death before he could stand still.

“Go!”

Lin Ran diverted his attention away and immediately felt his way in towards the largest passage.

This passage was located at the bottom of the deep pit, and there were no holes for at least two metres around the entire bottom of the deep pit, the only place with the largest one.

Lin Ran deduced in his mind that this passage was probably where the lava lizard’s lair lived.

So he was very careful all the way in.

And at that moment, when he walked into this passage, he felt the temperature around him getting warmer and warmer.

Even the Chaos Qi became denser and denser.

Lin Ran had to mobilise his true qi, otherwise his visibility would not have exceeded three metres in the mist.

As he felt his way towards the front, Lin Ran kept a distance of five metres from the Nine-winged Bat Dragon, a distance that was just enough for him to see the Nine Winged Bat Dragon without being discovered by the Lava Lizard.

Lin Ran followed the Nine Winged Bat Dragon all the way, and he soon noticed that the Nine Winged Bat Dragon was not dead, but had only passed out.

Although it was a soul body, Lin Ran could still clearly feel the presence of his aura, if it were dead this aura would have disappeared completely.

Soon, the nine-winged bat dragon in front of him suddenly came to a halt.

Lin Ran also hurriedly stopped, while seeing towards the front.

Soon he saw two figures realm out of the mist, that's right out of the mist.

These two figures were actually walking upright like humans, except that they had lizard faces, and even their palms and feet were in the shape of lizards.

I'm afraid no one would believe it, these were simply lizards walking upright.

Lin Ran covered his mouth, not daring to make a single sound and hid in the white mist with his eyes wide open.

He saw that the two lizards had lifted the nine-winged bat dragon and were walking towards the front.

Then there was a "bang!" followed by a "roar roar roar", as if the lizards were celebrating.

Lin Ran waited in the mist for a moment, and when he saw no more lava lizards coming, he cautiously felt his way towards the front.

Soon he arrived to see that another huge space had actually appeared in front of this huge passage.

This space was the size of two football fields, and it was densely filled with lava lizards.

At this moment, all the lava lizards were surrounding the Nine-winged Bat Dragon.

The Nine-Winged Bat Dragon also woke up at this moment, but he was immediately confused when he looked at so many lava lizards around him.

"Who are you! Who is it!"

The Nine Winged Bat Dragon said angrily, obviously not knowing where the lava lizards came from.

"Roar!"

and that roar resounded throughout the space, Lin Ran was so shaken that he was busy covering his ears, this roar was far greater than the tremors of all the lava lizards roaring in anger before.

Soon after the sound fell Lin Ran saw the lava lizards around him parting a path and a large lava lizard, twice their size, with blackened scales and a horn on its head, came out.

This creature seemed to be their leader, and when it came out all the lizards did not dare to make a sound.

“Who are you? Let go of me now! I’m a subordinate of Lord Prime Dragon of Mount Wanshou!”

The nine-winged bat dragon also noticed the huge creature and scolded it, obviously not clear about the situation.

The lava lizard looked at him without speaking or making a sound, and after a full moment he suddenly turned his head towards the rock wall on this side.

“Bastard I’m talking to you! Let me go now!”

The nine-winged bat-dragon shouted angrily.

However, the lava lizard leader didn’t pay any attention to him and soon reached the rock wall.

He pressed his two claws against the rock wall, and all of the lizards fell to their knees in a flash.

They looked at the rock wall in front of them as if they were performing an important ritual.

“Food! It’s time for you to offer your power next!”

Suddenly, a fluctuation actually sounded throughout the space, and following that, Lin Ran saw that the horns on top of the lava lizard’s head flickered with a bright light.

In the next moment, the bright light suddenly burst out of the horns and shot up towards the rock wall right in front of it.

“Rumble!”

As soon as the bright light entered the rock wall, a crack opened up in the rock wall in front of him, followed by a purple light instantly shining out.

Chapter 1595

Lin Ran’s entire body was hiding in the white mist, and he could clearly see the purple light rushing up into the sky illuminating the entire space with a purple color.

Following that the lava lizard leader with long horns turned to look at the nine-winged bat dragon.

“Sacrifice it!”

The hollow voice rang out again.

“I sacrifice you Oi oi!”

Before the nine-winged bat dragon could finish a sentence, its entire body was directly wrapped up in purple light, and then it actually floated towards the place where the purple light was emitted.

Lin Ran could see clearly at this moment that the source of the purple light was no other than a purple stone.

The stone was only the size of a fist, but it was lingering with purple light all over, so it was clearly the Chaos Stone that the Pillow Book had mentioned.

“Kid, that’s the Chaos Stone!”

Sure enough, the next moment Pillow Book spoke directly.

Lin Ran's eyes were already red at this point, as long as he could grab this Chaos Stone then Song Nuan and the others would be saved.

He didn't dare to slow down and was about to rush out at once!

"You're crazy!"

The pillow was busy saying, jokingly rushing out at this moment would be like looking for death.

"If you don't go now, when else?"

Lin Ran rolled up his arms and sleeves and was about to rush out.

However, he was stopped by the pillow book.

"I know you're in a hurry, but now is not the time to go out, look at the Nine Winged Bat Dragon first!"

Pillow Book was busy reminding him.

Lin Ran heard this and forcibly suppressed the anxiety in his heart, patiently looking at it.

He only saw that the Nine-Winged Bat Dragon had already been drawn by the purple light to the Chaos Stone, and the Lava Lizard leader next to it had also lowered its head at this time, looking extremely pious.

"Weng!"

Suddenly, the purple light skyrocketed, and the encased Nine Winged Bat Dragon's entire body suddenly trembled, following which it actually began to become transparent.

"Bastards! What have you done to me! Ah! No!"

The nine-winged bat dragon roared in anger, but the lava lizards didn't move at all, as if they couldn't hear him.

Lin Ran couldn't help but clench his fists as he watched, and he could see clearly that as the Nine Winged Bat Dragon's entire body gradually became transparent.

Its body had actually gradually begun to split into two channels.

One was none other than its divine sense, and the other was a wisp of white mist.

That mist was familiar to Lin Ran, it was none other than the Qi of Chaos.

"It's over! This guy is going to return to its origin!"

The Pillow Book suddenly spoke.

"What do you mean!"

Lin Ran was busy asking, he didn't understand what the Pillow Book meant by saying this at this moment, what did it mean by returning to its origin!

“Kid! You’ve forgotten! The origin of the entire world was chaos! Using your Earth’s logic it is the six paths of reincarnation!”

The Pillow Book said.

Lin Ran’s head shook as he heard this, he already understood what the pillow book meant.

On Earth, the Six Paths of Reincarnation only said that after death, a person’s soul would be reincarnated and reborn as a human being.

The situation in front of him at this time was similar to the Six Paths of Reincarnation.

The logic of the Immortal World is different from that of the Earth.

They believe that everything in the world starts from chaos, whether it be mountains, rivers or human beings, they are all created from the origin of chaos.

The situation of the Nine-Winged Bat Dragon proves this point.

The wisp of Chaos Qi that had been stripped from him was the best proof of this.

Starting from Chaos, returning to Chaos.

At this moment, in Lin Ran’s eyes, this group of lava lizards were no longer any magical beasts, but the protectors and cleaners of Chaos.

Chaos breeds people, mountains, rivers and planets!

It had also given birth to the World Worms and these Lava Lizards.

And they came into being so that the chi of Chaos could return to its origins.

The world worms devoured everything they encountered, and the lava lizards broke them down, allowing the Chaos Qi to return to the Chaos Stone.

If Lin Ran had guessed correctly, the final destination of these Chaos Stones should be the Chaos Origin.

They were like the spokesmen of the Chaos Origin, transforming everything in heaven and earth into Chaos Qi and thus returning it to the Origin.

At this moment, the Nine-Winged Bat Dragon was going through this very process.

As expected, the Nine-Winged Bat Dragon soon lost its movement, and his body began to become only transparent and disintegrated.

The wisp of Chaos Qi, however, quickly merged into the Chaos Stone and finally disappeared.

“This!”

Lin Ran saw it so clearly that he couldn’t help but feel so small at this moment.

In front of this world origin power, he was like a molehill.

Chaos had birthed him, but it was so easy to retrieve his Chaos Qi.

“Kid, why are you standing still? Go!”

Just as Lin Ran’s heart was horrified, suddenly the pillow was speaking up.

“Why?”

Lin Ran was puzzled, hadn’t he not been exposed!

“Are you stupid! This Chaos Stone is absorbing the Qi of Chaos!”

Pillowbook said speechlessly.

“What does it have to do with me!”

Lin Ran still didn’t understand what Pillow Book meant.

“You idiot! Where are you standing!”

The Pillow Book couldn’t help but curse.

Lin Ran was stunned.

Shit! He wasn’t standing in the chaos Qi himself!

He was able to remain undetected by his enemies because he was hiding in the Chaos Qi, those lava lizards seemed to have poor senses, as long as they were hiding in the Chaos Qi they couldn’t sense Lin Ran’s presence.

But at this moment, that Chaos Stone had already completely sucked up the Chaos Qi of the Nine-Winged Bat Dragon, so wouldn’t it be time to absorb the Chaos Qi around himself next.

“Run!”

Lin Ran thought this through and turned around to run.

Almost at the same time, a purple light shot up behind him, and instantly Lin Ran saw the Chaos Qi around him surging towards his rear.

Moreover, there were countless chaos qi surging in front of him.

Only then did Lin Ran understand in his heart.

This Chaos Stone had been feeding regularly, and the Chaos Qi in this channel had been stored for at least a few days.

Dare I say, today was the day to devour the Nine Winged Bat Dragon for a meal!

It was only poor Lin Ran who was still in the passage at the moment.

“Roar!”

Suddenly, a roar came from the space behind him.

Lin Ran’s heart went cold, knowing that he was definitely exposed.

As expected,? He turned his head to look, only to see countless lava lizards behind him already running wildly towards him.

“Damn it! Run!”

Lin Ran turned and ran as soon as he gritted his teeth.

However, he was running against the wind, and the chaotic Qi in front of him was constantly being swept over, slowing him down considerably.

However, the resting lava lizards behind him seemed to be unaffected, and one by one, they chased after Lin Ran.

“Run, kid! Even one bite from so many lava lizards will gnaw you to death!”

The pillow said.

“Bullshit! I need to fucking know, I’m not running right now!”

Lin Ran said speechlessly.

He wanted to run, but the wind ahead of him made it impossible for him to pick up speed.

Soon, he felt a tightness on his feet and turned his head to see that his ankle had actually been grabbed by a lava lizard at some point.

“Holy shit! Get out!”

Lin Ran immediately became furious and turned around and kicked the lizard away several times, while turning around and continuing to run.

But the wind was blowing endlessly, so when Lin Ran saw that he couldn’t run, he turned around and drew his Frost Condensation Sword and chopped it.

“Bang!”

The seven-coloured sword aura raged, instantly splitting the passage behind him and collapsing it, instantly sealing the way.

At the same time a lava lizard below didn’t have time to dodge and was directly smashed into mush.

However, Lin Ran could see clearly that the smashed lava lizard’s body had instantly turned dark red and had actually fused with the rock wall beneath him.

Chapter 1596

“Damn this situation is not right!”

Lin Ran’s face sank at the sight and he turned and ran.

“How does this thing feel like it can fuse with rocks!”

Lin Ran asked as he ran.

“I don’t know, but I’m sure they have something to do with this rock!”

Pillowbook said.

“How do you know!”

Lin Ran asked busily.

“Nonsense you look at the rock walls on either side!”

Pillow Book didn't have a good temper to, Lin Ran smiled and was busy turning his head to look.

Instantly his whole body froze.

He saw that the rock walls on both sides were starting to turn a bright red, and a figure inside was approaching towards him, and it was none other than the Lava Lizard.

“Holy crap! These things can walk inside!”

Lin Ran instantly became anxious, his feet speeding up to the limit, not daring to stop in the slightest.

However, while he was fast, those lava lizards were not slow either.

In the passage Lin Ran had just run through, there were soon dozens of lava lizards that had already burst out of the walls and followed Lin Ran.

These lava lizards were like an excavator, able to walk through these rocks with ease.

Lin Ran was in such a hurry that he did not dare to stop for a moment, and in just a few moments he had already rushed out of the largest passage and arrived at the deep pit before.

But when he arrived here, Lin Ran was completely frozen.

He saw that the small passageways that were originally densely packed were actually deformed.

And in some places where there were no passageways,? There were actually lava lizards that had burrowed out.

Only at this moment did he understand that the small passages were the paths made by the lava lizards.

At this moment these guys found himself and came after him actually opened up some more passages that he had not been to at all.

The passage he had originally entered by himself had long since been blocked there.

“Damn it! Just pick any one and run!”

Lin Ran saw that he had no choice but to grit his teeth and dash towards the nearest passage above him.

However, once inside he realised that there were actually all lava lizards inside.

Lin Ran was so frightened that he blasted the cave entrance with his sword, turned around and ran.

When he returned to the deep pit again, Lin Ran knew that he could not wait any longer, so he swung his Frost Condensation Sword in his hand several times, directly sealing the largest hole.

And then he sealed the small holes that had appeared as well.

In this way, the space in front of him was safe for the time being.

Only Lin Ran knew in his heart that it was useless to seal it himself, for the lava lizard, it was only a matter of time before a path opened up.

“What now!”

Lin Ran couldn't help but ask.

“How should I know, it's my first time here too!”

The pillow said anxiously.

“Holy shit! You hurry up and think of something!”

Lin Ran said anxiously, by now he could already see that shadows of lava lizards had started to appear at the entrance of the cave he had sealed off, and it was obviously not long before they came out.

“I say we find a place to go all the way to the dark, and find a way to rush in before these lava lizards come out!”

Pillow Book said.

“Damn it!”

Lin Ran gritted his teeth, there was no choice at that moment, being attacked by a group of lava lizards or being surrounded by one in a passage, it was obviously more cost effective to do the latter.

Lin Ran immediately stopped hesitating and split the entrance of an approaching passage with his sword, rushing inside.

There were a large number of lava lizards in the passage, so Lin Ran did not dare to be slow, and with a thrust of his longsword, he instantly shattered all the lava lizards in front of him.

There were many of them but they didn't seem to be able to fight, so Lin Ran stepped on the corpses of these lizards and ran ahead.

But just as he was halfway there, he noticed something shocking.

The lava lizards he had just shattered had all fused with the rocks on the ground, and another lava lizard body had emerged from the ground, looking like it was about to burst out.

“Holy shit! These things are one with the rocks, they'll come back to life if you kill them!”

Pillow Book exclaimed.

Where Lin Ran didn't understand, he turned around and ran, cursing at the same time.

“How else can you finish killing them if you're playing like this!”

“Kill them all? You're dreaming, look around you there's not even a bit of Chaos Qi left, save your strength or you'll be consumed by them sooner or later!”

The pillow said.

Only then did Lin Ran realise that with all the Chaos Qi being absorbed by the Chaos Stone, he had actually fallen into a situation where there was no true Qi he could absorb.

And as he would consume power whenever he made a move, sooner or later he would be consumed by the lava lizards at this rate!

“Damn it!”

Lin Ran was so angry that he put his heart into it.

“If we can’t, we’ll just go and grab the Chaos Stone, there’s still a chance of survival!”

“You say that lightly, can you still find that passage where the Chaos Stone is?”

The pillow said.

“What do you mean!”

Lin Ran asked as he ran.

“If I’m right, this lava is just like a big chunk of jelly.”

“As long as the lava lizards don’t mine out the space, you won’t see the chaos stones at all!”

“They will only mine out the space around the Chaos Stone if enough Chaos Qi is stored inside this lava so that the Chaos Stone can absorb the Chaos Qi.”

“Other times, the Chaos Stone is next to absolutely all rocks, you won’t be able to find where it is!”

The pillow book explained.

Lin Ran was instantly confused at his words.

According to the pillow-side book, wouldn’t that mean he was already finished.

“Fight it out! There’s no other way out now, at least there isn’t a very different rock wall in front of that Chaos Stone, that rock wall should be something that the Lava Lizard can’t corrode, they can only use that horn of the leader to open it!”

Lin Ran willed his heart out and backhanded his Condensed Frost Sword across his body while taking out Wang a’s Divine Dragon Blade.

Holding the sword in one hand and the blade in the other, he instantly plunged it into the rock walls on both sides, before his whole body powered up and charged forward.

“Rumble!”

One blade and one sword were like two reapers and the lava instantly crumbled wherever they passed.

What Lin Ran had in mind was that since he couldn’t find the previous passage, he could just feel his way through it.

If he came across a wall of lava that could not be broken, it would be the place where the Chaos Stone was.

With this in mind, Lin Ran ran wildly, changing direction when he encountered more lava lizards.

However, it was obvious that this idea was of little use to him, as he had been running wildly for three hours, with less than half of his true qi left in his body.

He hadn't even found the Chaos Stone.

"It's over!"

Lin Ran stopped his wild run and sat down on his butt, at this point, he was also a little desperate.

"Ai! I should have known that I should have done something just now!"

The pillow also blamed himself with some regret.

"I don't blame you for this, after all, it's your first time here too!"

"I'm just sorry that I didn't continue to have luck this time, it seems that I won't be able to save Song Nuan and the girls!"

Lin Ran shook his head somewhat helplessly.

He could feel that there were countless lava lizards around him that were approaching him at this moment.

I'm afraid that in two minutes at most, those lava lizards that were approaching him in the rock wall would have to rush out.

"Hey! I never thought I would end up dying in such a hellish place!"

Lin Ran looked up at his surroundings and was somewhat speechless.

Chapter 1597

But that sigh didn't last long before there was a thud in the passage not far away.

Apparently a lava lizard had started to come out of the wall.

"Hey!"

Lin Ran was helpless and was just about to get up and continue running wildly in the attempt.

Suddenly, his eyes were struck by the sight of a familiar face on the wall not far away.

It was the recently dead lizard that Lin Ran had found when he had first seen the lava lizard while hiding in the small passage.

Seeing this lava lizard again, Lin Ran couldn't help but smile helplessly.

"Brother! We're still quite fated, you were the first one I saw when I came in, and now that I'm desperate I'm actually seeing you again!"

Lin Ran shook his head helplessly, however, just as he was about to leave.

However, just as he was about to leave, the lava lizard suddenly fell out of the wall with a thud.

“Brother! No way! You’re dead, you don’t have to be upset with me! And you’re the first lava lizard I’ve seen, so show some respect!”

Lin Ran said breathlessly.

“What the fuck are you talking about, look behind him!”

The pillow said breathlessly.

Lin Ran smiled and turned his head to look.

Only to see that where the lava lizard had fallen, a crack had actually appeared, a small crack but one that snaked its way inside.

“Is this?”

Lin Ran looked closer and found that the sides of the crack were coated with a grey substance, I didn’t know what it was!

But it was this grey substance that prevented the rocks from healing and had actually formed a natural cave!

“Boy! This lava lizard must have been unable to fuse with the walls because of this substance, so take him inside and seal the entrance and we’ll be safe!”

Pillow Book was busy reminding.

Lin Ran knew that there was no way out at this point, so he immediately rushed at the lava lizard and said.

“Brother, you are the living thunderbolt of the lava lizards, sorry!”

As soon as he finished speaking, Lin Ran lifted the lizard’s back and dived into the crack, then blocked the lizard’s corpse at the entrance of the hole.

The crack was wide on the outside and narrow on the inside, so Lin Ran didn’t dare to let go of his hand once he entered, for fear that the lizard would fall down.

He could only tug on the “waistband” of the lizard’s trousers and keep carrying it.

Soon there was a cacophony of lava lizards outside.

They seemed to be wondering how a large living person could suddenly disappear.

Lin Ran hid inside and did not dare to squeal, but in his heart he was relieved.

He didn’t know how long had passed, but Lin Ran also gradually felt the movement of the lava lizards outside gradually diminish?

During this process, he could clearly see that there were lava lizards walking through the rock wall just one layer of skin away from the crevice he was hiding in.

But they just couldn’t find the crack and didn’t rush in.

If they had poked through the barrier, they would have spotted Lin Ran in an instant, but they didn't.

Lin Ran tried to loosen his grip, and only when he saw that this lava lizard corpse and the rock wall blocking the entrance of the cave had finally grown solid did he completely relax.

"Thanks bro! If my buddy can get out alive in the future, I will definitely help you prove that there are living thunderbolts in lava lizards!"

Lin Ran rushed at the lava lizard.

"It's fucking time for you to talk poor, hurry up and think of a way to get out!"

Pillow said.

"How can I think? This place doesn't even have true Qi, so I think we can only wait until the next time the Qi of Chaos appears and we recover our strength before we find a way to rush out!"

Lin Ran said.

"Ai!"

The pillow sighed, and then said.

"That's all we can do, take a look ahead, this rift seems to be long, maybe there's an exit ahead!"

"Hm!"

Lin Ran nodded, not bothering to rest, he climbed along the crack and headed forward.

The crack was wide on the outside and narrow on the inside, and also the space got smaller as they got closer to the inside.

Lin Ran was slim, but at first he was fine, but the further he got, the more difficult it became to move forward.

In the end, he had to walk almost sideways, and his chest and back were almost on the rock walls on both sides.

If it wasn't for his strength and the strength of his body, I'm afraid that his chest and back would have been worn out with blood.

"Kid, have you noticed a problem!"

Lin Ran was struggling to move forward, when suddenly the pillow spoke up.

"What problem!"

Lin Ran asked rhetorically.

At this moment, he was completely relying on the true qi in his body and his willpower to hold on, or else he would have already been exhausted.

He wasn't afraid of rushing, and he wasn't afraid of climbing mountains,? What he was most afraid of was crawling in such a small place.

You know, the reason why many people cannot stay alone in confined spaces is that this will cause a person's spirit to gradually break down.

That oppressive feeling would completely collapse a person's spirit, and before anything else could be done, the person's heart would already be completely broken.

Lin Ran was fine, having gone through more trials and tribulations than he could eat along the way, so he was able to carry on for a while.

"Look at these rock walls!"

Pillow Book warned.

Lin Ran stopped for a short rest at his words, while looking towards the rock walls.

Only to see that on the rock wall in front of him? There was actually a trail of marks, which looked like they were formed by the cracking of paint on the kind of dangerous houses.

Moreover, Lin Ran also saw that in those cracked crevices, there was a dark red colour, as if rocks were trying to squeeze in through those cracks.

"Do you ever find it strange why these rock walls appear like this!"

The Pillow Book asked.

"What do you mean!"

Something had already occurred to Lin Ran in his mind, but he didn't say it directly, instead he asked Pillow Book.

"Let's assume that the stuff on these rock walls is a substance that can block the lava lizard rocks from spreading towards here, then this substance is a natural material that can isolate the rocks from the lava lizards!"

"So the question is, how did these substances appear here? Naturally formed? Or was it later"

The pillow didn't go on, but Lin Ran had understood what he meant.

Lin Ran was busy raising his hand to touch the raised rock wall, the top of which was fairly flat in places, as soon as the mold went up Lin Ran's brow was a frown.

"This must have been painted on by someone at a later stage!"

Rinran said what was on the pillow's mind.

He turned around and continued climbing towards the inside, and this time, after only ten minutes, Lin Ran stopped.

He saw that a wall had appeared in front of him.

The wall was also covered with a thick layer of dust and there was no bulge, it was a flat stone wall.

Lin Ran looked at the wall, but there was a light in his eyes,? Because he saw it.

There was a groove in the wall, and Lin Ran put his hand on it, just enough to snap his five fingers in.

“Someone has really come here!”

Lin Ran’s heart was overjoyed, while he was busy looking back the way he had come and clasped his hands in excitement.

“Thanks a lot brother, you’re the living lightning bolt in the lava lizard!”

After saying that, Lin Ran calmed down his excitement of being alive from the dead, and then clasped his hand on the groove again, and then poured in a ray of true qi, and instantly heard a “rumbling” sound.

The stone wall had actually been opened.

Chapter 1598

The stone wall opened up, and Lin Ran had to step back a metre before he could get this stone wall to lift up completely.

Looking at this design, Lin Ran couldn’t help but frown slightly.

“This opens and closes outwards, so I’m afraid the people inside are trying to get out more easily!”

“Hmm!”

The pillow nodded, not refuting.

Lin Ran, however, had by now turned his head to look into the space behind the stone wall.

What was presented in front of Lin Ran was a space that was almost two meters square, there was nothing inside the space but a layer of white jade walls, and on the floor of this space was a deep pit that extended downwards.

Lin Ran saw that the walls inside the entire space were made of a white jade material, and a layer of grey could be seen deep within the material.

Apparently behind these walls was also a protective layer of grey, just like the outside passage, to prevent the penetration of the lava lizards outside.

And the protection inside this space was obviously much better, the walls were very smooth with no signs of being jackknifed.

“What is this?”

Suddenly, Lin Ran saw that there were actually very hollow holes in the surrounding walls.

These hollows were only the thickness of chopsticks, and they were very evenly distributed, and at first glance, they were purposely flowing out.

I just didn’t know what these hollows were for!

“These are air-permeable holes, to let in the Qi of Chaos!”

The pillow book, however, suddenly said.

“Breath-through holes?”

Lin Ran was stunned at his words and instantly understood.

Having come all the way here, Lin Ran was basically able to determine that this mysterious stone room must have been deliberately created by someone before.

If one thought about it according to this setup, then the person living here was obviously a cultivator. After all, there was no way that an ordinary person could have stirred up such a thing in the lava lizard encirclement.

Since they were cultivators, they would need to replenish their strength, and this was the body of a Chaos World Worm, and although there was no True Qi, Chaos Qi was plentiful.

So this hole was probably the passage used to let Chaos Qi in, as the pillow book said.

“Go! Go down and take a look!”

Thinking of this point, Lin Ran immediately didn’t delay and backhanded the stone wall he had come in through and snapped it shut again, before feeling his way in towards the passage below.

The white jade rock wall was very bright, reflecting the entire passage very brightly, so sight was not a problem.

Lin Ran crawled downwards for a short time and soon reached the bottom.

Standing inside the passage, which was only two metres wide, Lin Ran couldn’t help but feel a sense of being in a different world.

“I don’t know who it was that had such leisure to actually create such a thing within the Chaos World Rush!”

Lin Ran said with a helpless sigh.

“What do you know, the Immortal World is very different from your Earth, there is no peaceful life in the Immortal World, if you want to be comfortable you have to have strength, to use your Earth’s words, the weak eat the strong!”

“Without strength, you don’t even have the right to live a peaceful life!”

The pillow said.

“Fine!”

Lin Ran shook his head helplessly, he didn’t want to talk much to Pillow Book on this issue, after all, whether or not he could reach the Immortal World was a question.

After discerning the direction, Lin Ran walked towards the entrance on one side.

The passage seemed to have reached the bottom, with only a forward passage extending in at this point.

Lin Ran didn’t hesitate to swirl in and dive in.

As expected, not long after entering this last passage, a chamber the size of a basketball court suddenly appeared in front of him.

Seeing such a large chamber, even Lin Ran's mind could not help but feel shocked.

If he hadn't seen it with his own eyes, I'm afraid he wouldn't have believed that there was such a large hidden space in here.

"Who on earth made this up, it's too idle!"

Lin Ran couldn't help but say.

"Cut the crap, hurry up and see if there's anything left behind, there might be a way to leave!"

The pillow book was busy urging.

Without any more nonsense, Lin Ran whirled around and scanned through the space.

The entire space was also made of white jade objects, which were snow-white and very bright all over.

As soon as Lin Ran entered the place, he saw that there was a huge stone pillar raised in the middle of the entire space.

The pillar was not very tall, only half the height of an adult, and on it was a futon.

The walls of the entire chamber were covered with a large number of small and large cavities.

Seeing this situation, Lin Ran understood that this place was obviously someone's place of cultivation.

"There's really someone cultivating in a place like this!"

Lin Ran was dumbfounded as he watched.

This was inside the Chaos World Worm, how unthinkable did the other party have to be to cultivate in such a hellish place.

"Cut the crap, first find out if we can find this person's corpse!"

Pillowbook busily said.

Lin Ran nodded at his words.

If the other person's corpse could be found here, it would mean that this person hadn't gone out until he died, and this news would undoubtedly be very hard for Lin Ran to bear.

But if there were no corpses here, then that meant that the other person had managed to get out alive, and that news was obviously better for Lin Ran.

Without further ado, Lin Ran quickly searched the entire stone room.

However, in the end, Lin Ran did not find anything.

"Did the other party get out alive?"

Lin Ran couldn't help but feel happy in his heart.

However, this surprise did not last for a moment before he suddenly froze.

He was standing in front of the stone platform at this moment, and he actually saw that there were a few strands of hair dangling from the other side of the stone platform.

“Shit!”

Lin Ran couldn't help but curse, and then he flipped over and jumped directly onto the opposite side of the stone platform.

The next moment, his entire body froze.

Only to see a withered bone leaning against the stone wall, with strands of hair fluttering along with the breath if nothing else.

“It's over!”

Seeing this corpse, a bad thought bubbled up in Lin Ran's mind at once.

The person who could pull off such a huge project within the Chaos World Worm was clearly no ordinary person.

But even he had died here, so he himself!

Thinking of this, Lin Ran dared not think any further.

At this moment, he appeared to be all by himself, but he was carrying the names of everyone.

Wang Yifeng and the others were dead, and Song Nuan and the others were also dead.

Only he could save these people at this moment.

“Senior has been offended!”

Lin Ran arched his hand at the corpse, and then he was no longer polite, reaching out to feel around the other party's body.

Even if he couldn't leave alive, he still had to find out who this person was and why he had died here.

The robes on the corpse were rotten to the core, and Lin Ran quickly sorted out the bones and set them aside.

At the same time almost all the items were also presented.

There was a parchment scroll with no idea what was written on it, a letter talisman with something drawn on it, and a jade slip.

The jade slip was not badly preserved, but there was no writing on it, and Lin Ran could not read it.

Just as Lin Ran was examining the three items in front of him, the pillow book inside him suddenly appeared.

Lin Ran then saw that it was holding the jade-like talisman in its hand, with shock in its eyes.

“This is something from the Chaos Immortal! It's really him, he really existed!”

Chapter 1599

“A Chaos Immortal? Who’s a Chaos Immortal?”

Lin Ran asked, frowning.

“The Chaos Immortal is a legend, very few people have even heard of him, let alone know him!”

The Pillow Book said.

“I’ve only heard of this Chaos Immortal, I’ve never seen him at all, but the Immortal Emperor has met him.”

“A long time ago when the Immortal Emperor was about to ascend to the Immortal throne, he once visited this Chaos Immortal!”

“Could this person also be on the same level as the Immortal Emperor?”

Lin Ran asked busily.

The pillow book, however, shook its head.

“According to what the Immortal Emperor said later, this Chaos Immortal was only at the level of an Immortal, but his wisdom was unmatched by anyone!”

“Of course, that was also the only time I heard of the existence of a Chaos Immortal!”

“Then the Immortal Emperor ascended to the immortal throne and there was no more news of this man!”

“But in a later great battle, the Immortal Emperor once said!”

“Back then, the words of the Chaos Immortal were true, when he ascended to the Immortal Throne, the day of the Tribulation will come!”

“What does that mean?”

Lin Ran was puzzled as he listened.

The pillow book emotionally told the story.

It turned out that back then, when the Immortal Emperor was preparing to attain the immortal throne, he had approached this Chaos Immortal.

The latter seemed to tell the Immortal Emperor that if you achieved the Immortal Throne and became the master of the Immortal Realm, the Tribulation would descend, as if there was a force in the underworld that was destroying the great unification of the Immortal Realm.

Sure enough, it wasn’t long afterwards that the great tribulation broke out, so much so that in the end the Immortal Emperor didn’t even know where exactly he was in his pillow book.

“Hey this was all many years ago, I didn’t expect the years to flow, but now it is here that I have met the Chaos Immortal!”

Pillow Book lamented.

“What exactly does this Chaos Immortal do?”

Lin Ran couldn't help but ask.

From what the pillow side book said, this Chaos Immortal was very powerful, but how could he die in a foreign land, inside this Chaos World Worm.

“I don't know! But this parchment scroll should have recorded it!”

The Pillow Book said as he held up the parchment scroll, but it didn't look like there was anything written on it.

“What is written on this thing seems to be a gong method, very subtle I can't understand it either!”

The pillow said.

“Then why don't we take a look at this jade slip first!”

Lin Ran said as he picked up the jade slip to the side.

There were just three things in total, the jade pendant was obviously proof of this deceased's identity, and if that parchment scroll was a gong method.

Then this jade slip would definitely have left a message.

After all, with the skill of a Chaos Immortal, since he had left a scroll of gong methods behind, he would surely want someone to find it and take it out, so he would naturally leave something behind.

“Seeing this Chaos Immortal reminds me of that Wind Prowler!”

Lin Ran suddenly said.

“Who's Wind Prowler?”

The Pillow Book asked in wonder.

Lin Ran immediately told his side of the story about Wind Prowler, and listened as Pillow Book froze.

“Kid! You've taken the wrong pills, someone's talking to you in the middle of a chaotic thunderstorm! That's absolutely impossible!”

Pillow Book said

“Why is it impossible, I really heard it, he said his name was Feng Yi Yao, and there was a female in the image he showed me!”

Lin Ran said.

“That's absolutely impossible, the Chaos Lightning Tribulation is a type of Chaos Origin, there's no way anyone else can survive there except the person crossing the tribulation!”

“Even if a foreign devil and that nine-winged bat dragon went in, they would be immediately struck to death, that is already considered a place of the world's origin!”

The pillow said righteously.

“But I really heard that!”

Lin Ran scratched his head.

It was the Pillow Book’s turn to be silent.

“By definition this situation would never occur, except in one circumstance it might!”

“What situation?”

Lin Ran asked busily.

“Unless that Wind Prowler has fused in the Heavenly Dao! ”

“Fused in the Heavenly Dao!”

Lin Ran froze as he listened.

“How is that possible!”

“Right! You even know it’s impossible, so that voice of yours was probably an illusion!”

The Pillow Book said.

“Absolutely not!”

Lin Ran said firmly.

“Forget it, there’s no point in dwelling on this now, you should hurry up and see what’s on this jade slip!”

The pillow-side book said.

Lin Ran nodded and whirled around, picking up the jade slip.

The entire jade slip was snow white, seemingly made of white jade, and there wasn’t a single gap or groove on it, as if it couldn’t be opened at all!

“This!”

Lin Ran looked helpless as he whirled and injected his true qi into it, which seemed to be how it should open in his senses.

However, ? After true qi was poured in, the entire jade slip didn’t react at all.

“This thing shouldn’t just be a brick!”

Lin Ran said helplessly.

“Impossible, how could something from a Chaos Immortal be a brick, try using the power of divine sense!”

The pillow said.

Lin Ran nodded and immediately a wave of divine sense fluctuated out and instantly wrapped around the jade slip.

“Weng!”

Sure enough, as soon as the divine sense wrapped around the jade slip, instantly the entire jade slip trembled violently.

Following this, a virtual shadow actually appeared in front of Lin Ran out of thin air.

The shadow was an old man, with white hair flowing and even stroking his beard, with the appearance of a man of the world.

“Kid!”

The old man looked at Lin Ran without any politeness, and directly lifted his hand and lifted him up.

“Hey hey senior! I didn’t mean to offend you, don’t do anything rash!”

Lin Ran said busily, his heart filled with shock at this moment.

This old man had lifted him up with a wave of his hand, and even at this moment he felt as if his entire body’s strength had been drained, unable to mobilise a single bit of it.

“What are you thinking, if the old man wanted to kill you, you wouldn’t be able to live here at all!”

The old man laughed, and then raised his hand and touched the back of Lin Ran’s neck and other places, while showing his surprise.

“You brat, why are you so unenlightened! Even your body is so fragile, how can you inherit my mantle!”

The old man looked a little displeased.

“That senior, why don’t you wait a little longer, you can just tell me how to get out, I’ll leave you alone!”

Lin Ran said with a busy smile.

Just kidding, this old man was so powerful, he didn’t want to die in his hands.

Moreover, the other party was obviously waiting for the inheritor with this statement, if he was killed because he wasn’t talented enough, then I’m afraid word would have to get out for people to disappear.

I had heard of those who died risking their lives and were killed by their enemies, but I had never heard of those who were killed by an old man because their qualifications were too poor.

“Nonsense, I’ve been staring at this place for thousands of years, and I’ve waited for you. As the saying goes, meeting is destiny, although your little doll has average qualifications, a poor physique and is too girlish looking! But since you are the one who came here, it means that God chose you!”

The old man slapped Lin Ran’s head and he fell to his knees with an “ordinary” sound.

“Me! Senior, I really don’t want to inherit any of your mantle, just let me out!”

Lin Ran said busily.

At this moment, he wanted to die. At the beginning, he thought he was too rookie and wanted to kill himself, but in the blink of an eye, he wanted to accept him.

This old man had changed his nature too quickly.

“Cut the crap! I’ve met you today, and you still want to run away! Inherit the old man’s mantle first!”

With that said, the old man’s body glowed brightly, and immediately a ray of white light rushed straight into Lin Ran’s mind.

Lin Ran instantly felt a pain in his head and couldn’t help but say.

“Is there any sense in heaven, buying by force! I have a master!”

Chapter 1600

“Forced to buy and sell? I’ll buy and sell by force today!”

The old man blew his beard and glared.

“The old man is turning into a fossil here, finally someone is here, you are a pig old man will have to pass on the mantle to you today!”

“Immortal Chaos, you are

The pillow book really can’t look at it anymore, busy appearing and saying.

“Hmm? What is your relationship with the Immortal Emperor!”

The old man could not help but frown slightly when he saw Pillow Book.

The aura of the Immortal Emperor on the latter’s body was very familiar to him.

“I am a magic weapon next to the Immortal Emperor, buried in the Earth during the Great War back then, I have just come out and am preparing to return to the Immortal World!”

The pillow was busy saying.

“Earth?”

The old man sniffed for a moment then asked.

“You say this boy is the Earth come?”

“Yes!”

Pillow Book nodded his head.

The old man couldn’t help but frown a little tighter at his words, and then carefully looked at Lin Ran for a moment before he actually smiled.

“Found a treasure found a treasure! I thought you were a pig, but I didn’t expect you to be a golden pig!”

“Me!”

Lin Ran was furious at his words.

“Don’t say anything, what’s the matter with you, hurry up and give the old man a good experience!”

With that said the white light burst up, Lin Ran only felt a pain in his head and instantly passed out.

“You, Immortal!”

The pillow looked speechless, this Chaos Immortal seemed to be a little too monkey minded as well.

“Kid! Since you’re an Immortal Emperor’s man, I’m not happy with you either!”

“This Chaos World Worm is nearing the end of its lifespan, and if I don’t find an inheritor, my life’s work as a Chaos Immortal will really go down the drain!”

“But Immortal, didn’t you say that he...”

The pillow said awkwardly.

“Yes and yes!”

Immortal Chaos laughed.

“If this kid came from the Immortal Realm, I would have to admit my own bad luck, but he comes from Earth, so that potential is a completely different story!”

“You’ve heard of the Nine Heavenly Mystic Maidens!”

“My junior has heard of it!”

The Pillow Book was busy saying.

“She is from Earth, I even met her back then when I first went to the Immortal World, she was not as talented as this boy then, but what about her achievements later?”

The old man said and laughed.

“I dare to guarantee that as long as this kid doesn’t kill himself and die prematurely, his future achievement will definitely be higher than that of just the Xuan Maiden!”

“Ah”

The pillow book was instantly even more embarrassed at his words.

He was tempted to say that this kid Lin Ran was just looking for death, otherwise who would have nothing better to do than to run inside the world worm!

But he didn’t dare say that, he was afraid that this Chaos Immortal might do something else when he found out.

A person who had waited for thousands of years and finally waited for the inheritor, only to have this inheritor actually have to go to his death, I’m afraid the Chaos Immortal’s died of anger on the spot.

“By the way how did you guys get here?”

The Chaos Immortal seemed to remember this question and opened his mouth to ask.

“Ah! This is a bit complicated to say, we came here by chance too! We didn’t come here on purpose!”

This side of the book was busy finding an excuse to put it off.

“Ao! That’s good, this Chaos World Worm body is exceptionally dangerous, so as soon as you accept the old man’s inheritance, leave quickly!”

The Chaos Immortal said.

“Good!”

The pillow was busy nodding awkwardly.

Leave? He couldn’t make the decision, and with Lin Ran’s character, asking him to give up Wang Yifeng Song Nuan to escape on his own?

There was no need to think about it to know that it was absolutely impossible!

“Well this kid will still take a while to get better, hurry up and tell me about the outside world, I haven’t been outside for thousands of years, I’m curious!”

The Chaos Immortal said busily.

“Good!”

Pillow Book listened to the amount of embarrassment and immediately introduced himself.

And while the two of them were chatting happily, Lin Ran was already completely wrapped up in countless streams of information.

A stream of information kept pouring into Lin Ran’s mind. ,

It made his entire body dizzy.

But similarly, the past of the Chaos Immortal was also being presented to his mind at a rapid pace.

It turned out that this Chaos Immortal had appeared even earlier than the Immortal Emperor, and was the pride of the entire Immortal Realm as soon as he appeared back then.

He was even hailed as the person most likely to achieve the Immortal position in the future.

However, this Chaos Immortal did not like fame and fortune in his life, and was only interested in seeking the Dao.

In order to concentrate on the pursuit of the Dao, he never married and did not even have a descendant in his life.

The focus on the Dao naturally brought great power and honour to the Chaos Immortal.

But equally, it also brought many troubles.

He began to be approached by great sects, rival forces targeting him, conflicts between sects, and other problems.

After all, the rivalry between them disgusted him so much that he eventually chose to wander.

In his wanderings he continued to study his Dao.

Yet another time he strayed into a place, and again that place he was deeply struck.

He found that the people in that place were actually using chaos qi, and had no idea what true qi was.

Those people were also very strong, and the Chaos Immortal escaped from nine deaths.

The rest of his life he then made a vow to focus on the power of Chaos.

But not even a few years later, the Immortal Emperor decided to achieve the Immortal position.

The Chaos Immortal knew that once someone achieved the Immortal Throne, the Immortal World would be in for a catastrophe, so shortly after the Immortal Emperor achieved the Immortal Throne, he drifted away without a trace.

As the saying goes, if the world is united for a long time, it will be divided, and if it is divided, it will be united!

It was precisely because the Immortal Chaos had seen through this that he decided to take a risk for the sake of his own Dao.

With a great war coming up in the Immortal World, there was no longer a place where he could enlighten his Dao in peace.

So he chose to leave the Immortal Realm and came to this endless void.

Yet by coincidence, once he was in retreat on a desolate planet and ended up being eaten by this Chaos World Worm by accident.

By a stroke of luck, the Chaos Immortal discovered the secret within the Chaos World Worm.

So before the planet was completely finished being disintegrated by the lava lizard, he found a way to build such an underground palace!

He hid himself in it to cultivate.

“Ai! It was a few thousand years ago when my cultivation hit a bottleneck, and I was stuck for five hundred years before I finally came to enlightenment!”

“But right after I had reached enlightenment, two paths appeared before me, and I chose the wrong one. One wrong move and I ended up dying here!”

The Chaos Immortal also recounted his past with the Pillow Book.

As he listened, the pillow book was also filled with emotion.

Once an immortal, he had now ended up in this situation, a stone that paved the way for others.

“Come on, I’m not even sad, so what are you sad about? At the very least, the gongfa that I have enlightened will finally see the light of day again!”

Thinking of Lin Ran on the side, the bastard immortal's heart was overwhelmed with excitement.

"Senior, what exactly is the gong method you've spent a lifetime studying!"

The Pillow Book asked curiously.

The Chaos Immortal smiled mysteriously at his words and said.

"A method that allows cultivators to be able to preserve the derivation of Chaos Qi permanently, just like the crowd in that mysterious space!"

"I will call it!"

"Chaos Devouring Technique!"

"Chaos Devouring Technique?"

Pillow Book's heart was shocked at his words.

On the side, Lin Ran, however, had opened his eyes at this moment, only to see two white lights shooting out from his eyes.

At the same time, he exclaimed in shock.

"Chaos Devouring Technique! Good technique!"
