Chapter 1601

“Haha!”

When the Chaos Immortal saw Lin Ran’s reaction, he couldn’t help but laugh as he stroked his beard.

“Kid has eyesight! Worthy of being from Earth!”

“Senior such a great opportunity thanks a lot!”

Lin Ran busily got up and bowed at the Chaos Immortal.

“Hm?”

The Chaos Immortal saw this but frowned slightly and said.

“Why don’t you kowtow! I’m accepting disciples! What’s wrong with you!”

“Senior!”

Lin Ran said with some embarrassment at his words.

“Senior, it’s not that I don’t want to worship you as my master, it’s really because I already have a master! It’s not good for one person to worship two masters!”

“Nonsense! How can you have a master for someone who came from Earth! And ....”

Said the Chaos Immortal with a start, only then did he remember that the Nine Heavenly Mystical Maiden back then seemed to have made this kind of trouble before after coming to the Dao Immortal Realm.

After she had worshipped a master, she would not agree to worship anyone else as her master, something he had also heard about.

At this moment, remembering that Lin Ran and the Nine Heavenly Mystical Maiden also came from Earth, and that worshipping a master was like worshipping a father, he couldn’t help but understand a few things as well.

“Say! Who is your master? Really actually as discerning as old me!”

The Chaos Immortal said without good humour.

“You still have vision? Who just said I was too rookie in the first place!”

Lin Ran muttered softly.

“What did you say?”

Immortal Chaos blew out his beard and glared.

“Nothing ..... Nothing, my master is the Nine Heavens Xuan Niang, and my ancestor!”

Lin Ran said busily.

“The Nine Heavenly Mystical Maiden? How is it her?”

The Chaos Immortal frowned slightly at his words.

However, he was soon relieved.

“Ai! No wonder you are also from Earth, your Earth’s heritage really does follow one lineage after another!”

The Chaos Immortal sighed.

“Kid, to tell you the truth I know the Nine Heavenly Mystic Maiden, she was just like you back then!”

“But, from what this little whatshisname says, you are also someone who is going to the Immortal Realm, so it’s better for you to look down on this kind of worship!”

“In the Immortal Realm, anyone who can help themselves can worship a master, and there’s not so much as a rule that a person can only worship one master!!!”

“This .....

Lin Ran sniffed and was a little torn.

“What? Old me is still not worthy of being your master? Do you believe me or not I’ll slap you .....

Said the Chaos Immortal and raised his hand, scaring Lin Ran into saying hurriedly.

“No, no! Worthy! If you’re not worthy, who else is, I’ll just worship you as my master!”

Lin Ran said helplessly.

“That’s more like it!”

Only then did the Chaos Immortal’s face look a little better at this.

Lin Ran quickly performed the obeisance before asking with a sigh of relief.

“Master, are you dead or not dead!”

“Me!”

The Chaos Immortal was so angry that he almost lost his breath.

Realising that something was wrong with his words, Lin Ran hurriedly changed his tone and said.

“I didn’t mean that, I meant that you this is .....

“I’m a wisp of a remnant soul, your master I have long since glorified the Chaos Origin!”

The Chaos Immortal said without good grace.

“Alright, stop being poor with me, you’ve learned the Chaos Devouring Technique, this place will be filled with Chaos Qi every ten days, then you have three days to use for cultivation!”

“After three days, those lava lizards will open the Chaos Stone and allow it to absorb the Chaos Qi, so take your own time too!”

“I just want to remind you that for the last step of this Chaos Devouring Technique, you must choose to be body-based and never choose to be Dao-based, otherwise you will be the same as my master!”

“Of course if you’re in a hurry to come to Master, that’s up to you!”

“No, no! I haven’t lived long enough! And there are still people waiting for me to save them!”

Lin Ran said with a busy smile.

“There’s someone waiting for you to save who?”

The Chaos Immortal asked curiously.

“Friends and relatives! I came in this time to prepare ....”

“Ahem!”

Lin Ran hadn’t finished his sentence when Zhen was busy interrupting and coughing.

“What are you coughing about, say!”

The Chaos Immortal glared at the pillow book and then looked at Lin Ran, he was old enough where he did not know that this pillow book was giving Lin Ran a wink.

Lin Ran saw the situation and said with some confusion.

“Nothing, just came in to get ..... Chaos Stone’s, my friend needs to use ....”

“How dare you!”

The Chaos Immortal directly interrupted Lin Ran’s words and said angrily.

“Do you know what will happen if you fetch the Chaos Stone?”

Lin Ran was also shocked, he didn’t just take the Chaos Stone, and he didn’t ask your old man to join him, why be so angry!

“I ..... I know! But I had to do it, my friend is very important to me!”

Lin Ran scratched his head.

“That won’t work either!”

The Chaos Immortal was furious.

“If you take the Chaos Stone, the entire Chaos World Worm will explode, and the old man is already dead and doesn’t care, but what about you? It will be blown straight to death!”

“I’ve waited for thousands of years to find a catch, and you actually want to go and get killed? Dream on!”

“Master, you’re being unreasonable, as the saying goes, the master leads the way to practice, you can’t stop me from saving people just because you’re afraid that the legacy will be extinct!”

Lin Ran said.

“Otherwise, you can take back this legacy and we can pretend that we have never met!”

Lin Ran said and stood up.

“You bullshit!”

The Chaos Immortal was instantly enraged and said as he lifted Lin Ran up.

“Old man doesn’t care about that, since you let me bump into you, don’t try to run away!”

“I’ll give you two choices today!”

“First, learn the old man’s mantle then leave, and don’t allow to mess with the Chaos World Worm! Even more than that, you are not allowed to fight the Chaos Stone’s intentions!”

“Secondly, I’ll keep you here for a thousand years, but my soul will live for at least three to five days.

“You don’t even have to wait a thousand years, the life span of this Chaos World Worm is at most three to five hundred years, then when he dies, you will find a way to get out!”

“It’s your choice!”

Immortal Lin Chaos looked towards Lin Ran.

“Don’t, Master, I’m really in a hurry!”

Lin Ran said as he was busy looking at the pillow book, but the guy ended up with a stretched out face of impatience.

He seemed to be saying, “I can’t do anything about this, who let your own mouth be uncontrollable.

Lin Ran was helpless and continued to plead for mercy with a sobbing face.

However, this seemed to be the bottom line of the Chaos Immortal, no matter what Lin Ran said, the old man just wouldn’t let go.

“Ai! Master, why are you doing this, since this is the case I can only be an unfilial disciple, I’ll tell you a goodwill lie today!”

Lin Ran thought in his mind and immediately laughed.

“Master is right, I won’t go looking for it that’s all, when I learn the supreme divine skill, I’ll just leave!”

The Chaos Immortal burst out laughing with joy at his words.

“That’s right! A child can be taught!”

This side of the book was busy looking at Lin Ran, not knowing whether this guy was coming for real or not.

Song Nuan and the others were waiting for him to save them, and he didn't believe that Lin Ran was such a heartless person.

Sure enough, as soon as he looked towards Lin Ran, he saw that this guy was scowling at him, clearly hinting at it.

"You kid are ruthless enough to cheat even a Chaos Immortal!"

The pillow said with a mouthful of words.

Chapter 1602

Lin Ran, however, helplessly spread his hands, seeing the Chaos Immortal look at himself and busily said.

"Master Shu is still frozen, Master's legacy has been settled, so why not hurry up and prepare good wine and meat!"

Lin Ran was afraid that Immortal Chaos would make him make some kind of blood oath, so he immediately changed the subject.

"Good wine and meat? Hurry up! I haven't eaten meat in thousands of years!"

Immortal Chaos Reader's eyes immediately lit up at his words.

"Fine!"

Seeing this, Pillowside Book counted his thumbs at Lin Ran, and with a swirl of his hand, good wine and meat were greeted and opened.

When the Chaos Immortal saw the good wine and meat taken out by Pillowside Book, he was like a child, picking it up and stuffing it into his mouth.

Pillow-side Book took this opportunity to busily ask Lin Ran.

"You're crazy, you dare to cheat even him, you're not afraid that he'll crawl out of his grave to find you!"

"I can't help it! I can only be sorry for Master, if I'm not allowed to save Song Nuan and the girls, I'd rather die right now!"

Lin Ran said helplessly.

"You brat is ruthless enough!"

"Come on, don't talk nonsense, hurry up and coax him, don't let him remember to make a blood oath, otherwise I'll be really screwed!"

Lin Ran said busily.

"Hey! How did I end up with such a "cheating master" like you!"

The Pillow Book said speechlessly.

"Hey! What are you two talking about, you're in a good mood today, hurry up and come drink and eat with me, we'll cultivate tomorrow!"

The Chaos Immortal said busily.

“No no, this is coming master, I’ll have the boy prepare more!”

Lin Ran said with a busy smile, while running towards the Chaos Immortal.

“You’re disgusting!”

Pillowbook couldn’t help but say.

“As long as I can save Song Nuan and the others, even if it’s disgusting I can do it!”

Lin Ran said without caring.

Seeing this, the pillow side book was helpless and had to follow suit.

“You kid have a good heart, you still know to prepare good wine and meat for Master!”

Seeing Lin Ran come over, the Chaos Immortal laughed in satisfaction.

Lin Ran smiled awkwardly at his words and casually asked.

“Master, you’re not even dead, this soul can eat and drink too!”

“Pfft!”

As soon as Lin Ran said this, Immortal Chaos took a mouthful of old wine and sprayed it directly onto his face.

“You kid are a pig, aren’t you, how did I take in such a thing as you!”

“I ..... Drink drink drink!”

Lin Ran was helpless, he was too nervous himself and made one blunder after another.

Good wine and meat greeted him, and very quickly three days passed.

In these three days, Lin Ran did almost nothing, just accompanied the Chaos Immortal to drink and eat meat and greet him.

The Chaos Qi in the space gradually appeared, but according to the Chaos Devouring Technique, at least ten days had to pass before the Chaos Qi reached a certain concentration before Lin Ran could start cultivating this technique.

So he wasn’t in a hurry and just waited patiently.

“It was said that he would only live for three or five days, how come it’s already the eighth day and Master hasn’t left yet!”

Looking at the Chaos Immortal who was huffing and puffing to the side, Lin Ran was somewhat helpless.

“Get lost! You’re the only one who’s bent on your own master’s death!”

The pillow said without good humour.

“Hey, I know it’s not right, but Song Nuan and the others!”

Lin Ran was also bitter in his heart.

If he could find such a master on a normal day, he would definitely be respectful.

But this was a special time after all, and Song Nuan, Wang Yifeng and the others were really too important to him.

“I’m sorry for this, but if I live to go to the Immortal World in the future, I will definitely build a monument for Master!”

Lin Ran said.

“It’s okay that you have this heart!”

Pillowbook sighed.

“Besides, this Chaos Immortal has been seeking the Way all his life, and this last remnant of his soul was able to spend these few happy days, so you’re okay with him!”

“Ai!”

Lin Ran also sighed helplessly at his words.

Two more days soon passed, and the Chaos Immortal still had no intention of leaving.

Seeing this, Lin Ran stopped thinking about it and began to cultivate this Chaos Devouring Technique.

Moreover, it was good for him to have the Chaos Immortal around to guide him.

As for when the latter would leave, Lin Ran still decided to wait and see.

After all, he didn’t know when he would be able to cultivate this Chaos Devouring Technique.

So when his own master, the Chaos Immortal, would leave, he wasn’t really in that much of a hurry.

As long as he was careful to coax it out of him and not remind him of the matter of making Lin Ran make a blood oath, all would be well.

The tenth day!

Lin Ran sat cross-legged on the Genealogy Chart, his entire body glowing brightly and the Qi of Chaos permeating everywhere.

At this point, the Chaos Qi had reached a sufficient concentration, but again, the time left for Lin Ran to cultivate was only three days.

The so-called Chaos Devouring Technique was actually a secret technique that allowed even ordinary cultivators to retain Chaos Qi in their bodies.

The Chaos Immortal had spent his entire life researching and improving this secret art, and had perfected it almost to the extreme.

The group that the Chaos Immortal had found in the mysterious space back then was so powerful that it had caused a huge stimulus for him.

This was what had led to Lin Ran's current opportunity.

"Kid, cultivate well, don't miss the good wine and meat of the old man, I'll have a drink with you when you've practiced!"

The Chaos Immortal gave Lin Ran a brain bounce and laughed this said.

Lin Ran had no choice but to move a few more points further away and continue to concentrate on his own cultivation.

According to the Chaos Immortal's record, this Chaos Devouring Technique was divided into three steps.

The first was the ingestion of Chaos Qi.

This step required Lin Ran to ingest the surrounding Chaos Qi to an extreme.

Only after reaching this extreme could he begin to cultivate the next step.

And the definition of this extreme was to allow him to gather the Chaos Qi around him to reach the bottom of the condensed liquid.

Because Chaos Qi could not be retained within the body, this Chaos Devouring Technique would have to achieve a kind of retention.

As long as the person with Chaos Qi is not foolish enough to consume this mouthful of Chaos Qi within his body himself, then this mouthful of Chaos Qi will never disappear.

But the difficulty lay in how one could retain this mouthful of Chaos Qi.

"No matter, let's follow the first step first!"

Lin Ran knew that he hadn't experienced this kind of thing, so it was very difficult to understand many of the ways of the amount that followed, so at that moment, he didn't think about it anymore, and then he closed his eyes and raised his hand and began to coalesce the chaos qi in front of his chest.

It was not difficult for him to do so, but the difficulty lay in the fact that even Lin Ran did not know how long it would take him to complete this first step.

The Chaos Qi around him quickly converged towards Lin Ran's chest.

The Chaos Qi, which had originally appeared somewhat clear, soon became somewhat solid because it was too cohesive.

This Chaos Qi kept swirling around, absorbing all the other Chaos Qi that surged in around it.

Not much later, a Chaos Qi whirl only the size of a fist appeared.

"The cyclone has already coalesced, the next step is to coalesce the liquid!"

Lin Ran was excited at the sight, and immediately stopped talking nonsense to continue his cultivation.

However, this next step was not expected to take him a whole day to practice.

After devouring an unknown amount of Chaos Qi, Lin Ran was close to wanting to go numb when finally, a drop of Chaos Liquid condensed out of Chaos Qi appeared in the Qi spiral in his chest.

Chapter 1603

“This kid’s talent is not bad, he has already cultivated the first level to halfway in just one day, at this rate as long as there are no accidents in three days it will be enough for him to complete this Chaos Devouring Technique!”

The Chaos Immortal at the side sipped his tittle while looking at Lin Ran and smiled in satisfaction.

“Senior, I wonder why you’ve spent your life studying this Chaos Devouring Technique, what exactly is it for?”

Pillow asked in disbelief next to him.

“Hmph, what do you junior know!”

The Chaos Immortal smiled smugly, before saying.

“To tell you the truth, in the eyes of ordinary people, Chaos Qi is no different from ordinary Heaven and Earth Spiritual Qi! It’s all used for exhalation and devouring!”

“But let me tell you, it’s like some people grow up eating dirt, while others grow up eating real dragons and real phoenixes, it’s the same thing!”

Said the Chaos Immortal, pointing to Lin Ran in the distance.

“Just him do you see, his condition is the bottom of the pecking order when placed in the Immortal Realm!”

“To have no physique, no qualifications, this kind of talent is trash when placed in the Immortal Realm!”

“But he’s from Earth, when he gets to the Immortal Realm in the future his body will naturally change, the talent after this change is his true talent!”

“Back then, when the Nine Heavenly Mystic was going through a talent change in the Immortal Realm, I was present!”

The Chaos Immortal laughed smugly.

“Physical changes?”

Pillow Book was listening in wonder, he really didn’t know about this.

“That’s right! It’s the body change! You can think of it as a change of your own in order to gradually adapt to the environment of the Immortal World!”

The Chaos Immortal said.

“Of course, that’s not even the point! The most important thing is that this mouthful of Chaos Qi will be his greatest capital in the future!”

Said the Chaos Immortal, pointing to his own head.

“Chaos Qi is derived from the Chaos Origin, as long as one hides this mouthful of Chaos Qi in their body and sits in it while cultivating, it can increase one’s cultivation effect by several times!”

“At the same time, because this Chaos Qi comes from the Chaos Origin, one’s perception of the Dao will also improve a lot as long as one cultivates within it!”

“Now do you understand?”

“I understand!”

Pillow Book sniffed and nodded his head busily.

At a glance this Chaos Devouring Technique did not seem to be of much use and would not directly enhance one’s strength.

However, in the long run, this technique was very important to Lin Ran.

After all, he had come from Earth and his physical qualities and talents were already behind those in the Immortal Realm, and at this moment he had this mouthful of Chaos Qi.

In the future, when he arrived at the Immortal World, he would have a capital that could make him stronger.

While the two were exchanging words, Lin Ran on the other side had already started to hold on again.

The Chaos Qi spiral in his chest had already appeared, but the next thing Lin Ran had to face was an even more difficult problem.

The fall of the Chaos Liquid.

The drop of Chaos Liquid within the Chaos Cyclone slowly levitated, but it wasn’t finished.

He still needed to keep sending in Chaos Qi until this Chaos Liquid was completely too heavy and naturally leaked out of the Chaos Qi Whirlwind, then this first step of his would truly be complete.

Time passed by, and under Lin Ran’s unrelenting persistence.

Finally, on the evening of the second day, in the Chaos Cyclone on Lin Ran’s chest, the Chaos Liquid that had been quietly devoured for more than a day transferred itself out of the Cyclone because it was too heavy.

“Kid! Leave the liquid to draw the breath and form a cyclone!”

The Chaos Immortal’s voice suddenly rang out again from the side.

Lin Ran didn’t dare to be slow, and immediately dragged the suspended Chaos Liquid with one hand, but one hand waved, and immediately the surrounding Chaos Qi converged once more.

Only this time, after the Chaos Qi converged, it did not entangle with the Chaos Liquid, but instead formed an opposite spinning Chaos Qi whirl in Lin Ran’s other hand.

“Fusion!”

The Chaos Immortal stopped drinking at this point and got up and watched from the side as Lin Ran commanded it on the spot.

Lin Ran knew in his heart that he was much more certain with his master's guidance, so he did not dare to be sloppy and cautious as he brought the Chaos Liquid closer to the Chaos Cyclone.

The Chaos Liquid and the cyclone spun in opposite ways, and as soon as they got close together, it was as if two suction stones were attracted to each other, and they collided towards each other.

"Manipulate carefully, make sure the Chaos Liquid enters the cyclone vortex!"

The Chaos Immortal spoke, and Lin Ran dared not be careless as he carefully manipulated the two, slowly approaching!

"Weng!"

Soon, as the Chaos Liquid entered the Chaos Cyclone, a buzzing sound rang out.

Lin Ran and Pillow Book saw almost simultaneously that the surrounding Chaos Qi whirlpool was actually continuously having Chaos Qi swept in under the suction and pull of the Chaos Liquid.

But the Chaos Liquid did not expand, instead it seemed to have swallowed its fill and a wisp of Chaos Qi was emitted from above.

The wonderful scene in front of him immediately left Lin Ran dumbfounded.

"What are you still doing, if you don't do something the chaos cyclone will collapse!"

Seeing this, the Chaos Immortal was busy shouting.

Only then did Lin Ran come back to his senses, and with a greeting, he closed his hands together, and Chaos Qi surged around him, forming a sphere to envelop the Chaos Cyclone and the Chaos Liquid.

With the Chaos Qi as a barrier, the Chaos Qi emanating from the Chaos Liquid inside was locked inside, unable to escape.

Eventually this wisp of Chaos Qi was re-engulfed by the Chaos Cyclone, which was gradually engulfed again by the Chaos Liquid, and finally emanated so on and so forth.

"A cycle has indeed formed!"

Lin Ran exclaimed.

"Kid! Looks like you have talent!"

Seeing that Lin Ran had already completed the first step in less than two days, the Chaos Immortal couldn't help but praise him.

"Master, then I can proceed to the second step now!"

Lin Ran busily said.

"Hmm! Be careful, if you fail this time, you'll have to wait another ten days!"

The Chaos Immortal said.

Lin Ran nodded at his words, understanding in his heart that once tomorrow passed, the Chaos Qi around him would be absorbed by the Chaos Stone that the Lava Lizard had opened.

If he failed, he would have to wait ten days before he wanted to cultivate again.

Understanding the seriousness of the matter, Lin Ran did not dare to be careless and hurriedly squeezed out a drop of blood and instantly manipulated it to float towards the Chaos Cluster on his chest.

As it floated, the drop of blood quickly spread and eventually formed a very thin red film, enveloping the entire Chaos Cluster.

“Begin!”

The Chaos Immortal busily reminded.

Lin Ran smiled and carefully manipulated the entire chaos mass to float right towards his open mouth.

The most important and difficult part of the entire Chaos Devouring Technique was the first step.

The second step is the easiest, while the third step is the life and death situation.

Leaving aside the third step, this second step was a great test of Lin Ran’s control of his own strength.

As soon as the chaos mass flew in towards his mouth, Lin Ran felt the true qi in his body instantly become violent.

The feeling was as if there was an alien intruder.

“It’s coming!”

Lin Ran thought to himself, while quickly suppressing the riot of true qi within his body and carefully manipulating the chaos qi to surge towards the dantian within his body.

#### Chapter 1604

The Chaos Devouring Technique has three steps in total.

The first step of ingestion is said to be the formation of a cycle of Chaos Qi within the body, which allows the Chaos Qi to form a stable structure right from within.

From Chaos Qi to Chaos Cyclone, to Chaos Qi and its eventual transformation back into Chaos Qi.

The technique for this process is one that has occupied the Chaos Immortals for a full seventy percent of their years.

After all, this kind of thing had never been done by anyone before, and it was only after endless years of fumbling around that the Bastard Immortal also found this most plus solid way to stabilise the Chaos Qi.

And this second step, the simplest of all, is called entering the body.

To enter the body is to allow the chaos mass formed in the first step to enter the Dantian of one’s body, and once the Dantian is reached the entire second step is complete.

Every practitioner has power within their body, and all of this power is the convergence of the spiritual qi of heaven and earth.

Once Chaos Qi entered, it was like a layer of oil glancing inside water, the two could not be fused.

That was why the Chaos Immortal had asked Lin Ran to wrap himself in his own essence blood, in order to minimise his own rejection of this Chaos Qi.

As for the third step, that was the crucial one, how to make the chaos mass settle in his body.

At this moment, Lin Ran had not yet reached this step, so he would leave it for now.

At this moment, his entire attention was on the Chaos Cluster within his body.

Everywhere this thing passed, it was as if it had caused a mass of anger, causing the true qi within Lin Ran's body to riot and his blood qi to churn continuously.

Before, Lin Ran had absorbed some chaos qi, but that was after all a small amount, and the very qi in his body would not react too much.

But at this moment, after really drawing so much Chaos Qi into his body, he realised how difficult it was to swallow a mouthful of Chaos Qi inside himself.

“Poof!”

Finally, the riot of Qi within Lin Ran's body caused him to spit out a mouthful of blood.

At this moment, his entire body's skin was flushed red, as if it would explode at any moment.

“Seniors!”

The pillow beside him looked worried in his heart, and he quickly spoke up and shouted.

“Don't worry, this second step is the easiest, if he can't even do this step, then there's no need to do the third step after that!”

The Chaos Immortal said confidently.

Seeing this, Pillow Book could not say anything, and had to wait patiently.

But at this moment, Lin Ran was still gritting his teeth and holding on.

The closer this chaos mass came to his dantian, the greater the fluctuation of true qi in his body, so much so that in the end Lin Ran's entire body began to tremble violently, and his expression became incomparably painful.

“Kid hang on, as long as you reach the dantian, you're halfway there!”

The Chaos Immortal was busy speaking.

Lin Ran didn't have time to speak either, he could only clench his teeth silently and hold on.

Time passed by minute by minute, and after Lin Ran had spat out blood twice more, finally the tremors in his entire body had reached an extreme.

And at that moment, the mass of Chaos Qi within his body had finally reached the vicinity of his dantian.

“Kid! This third step is also the most important one!”

“There are two ways this chaos mass can be preserved within the body, the first being to separate from the dantian and become a system on its own!”

“But this way I’ve tried doesn’t work, so you must take the second way!”

The Chaos Immortal spoke at this point.

“Speak!”

Lin Ran bit out a word, his entire body was trembling at this point, he simply didn’t have time to beat around the bush with the Chaos Immortal.

“This second path is to allow the Chaos Cluster to completely fuse with True Qi, this way True Qi can also fuse with Chaos Qi and they will become one, in the future all the True Qi you absorb will be converted into Chaos Qi, by then your strength can skyrocket by a huge margin!”

The Chaos Immortal said.

“How am I going to do that?”

Lin Ran asked through clenched teeth.

Without the slightest hesitation, the Chaos Immortal spoke directly.

“Let go of the Chaos Cluster to suppress it, so that it can absorb the true qi and completely integrate into your body and become one with you!”

“Shit!”

Lin Ran couldn’t help but curse at his words.

At this moment, he was wrapped in the Chaos Cluster and his own body was in chaos, if he were to release his restraints on it, Lin Ran was truly afraid that he would burst into flames in an instant and die.

“Senior, I just remembered something, did you not take this second path back then!”

The Pillow Book suddenly asked from the side.

Lin Ran’s heart instantly went half cold when he heard this.

“Nonsense! If I had walked it now would I be dead? Old me is using my life to rule out a wrong choice for this kid!”

The Chaos Immortal said.

“Then you ..... How can you be so sure that this second path will definitely work?”

The Pillow asked cautiously.

“Nonsense! I’ve researched these two methods, the first one didn’t work, so this second one will definitely work!”

The Chaos Immortal said with no good humour.

“And what if it doesn’t work?”

The Pillow Book asked.

This time it was the turn of the Chaos Immortal to be dumbfounded.

“What if ..... Then if it doesn’t work ..... Then it will only ..... It can only mean that the technique I created is a failure!”

“Pfft!”

A nameless fire rose at Lin Ran’s words, and a mouthful of blood instantly spurted out again.

Dare I say that this old man himself wasn’t sure, rather what had been invented as a gong method, dare I say that not a single person had succeeded even now.

And listening to this, Lin Ran already understood that he was being used as a guinea pig.

Whether or not the second path was the right one, who knows! But Lin Ran himself knew very well that if he didn’t succeed, then he would have to rest completely and spend the rest of his life drinking and eating with Chaos now.

“A white rat is a white rat, I don’t have a choice!”

Lin Ran said helplessly in his heart, and immediately forced down the riot of true qi in his body and began to prepare his hand.

“Old man, if he dies, your name will be completely stinky!”

Pillow Book didn’t have a good face at this point, after all these days of messing around, I dare say that in the end, Lin Ran was also the guinea pig being experimented on all this time!

“You bullshit! I have confidence in my own gongfu!”

The Chaos Immortal said discontentedly, as if to express his confidence, he turned his head and shouted at Lin Ran.

“Kid, you need to have information about old me, how could there be a problem with the gongfu that old me has spent his entire life studying! 0”

“Just practice with confidence and boldness, if you die big deal, I’ll make amends for you! Go along with you!”

“Bullshit!” |

The pillow was furious when he heard the words.

“You fucking died a long time ago, okay? I dare say you came here to claim your life!”

“You shut up!”

The Chaos Immortal glared at Pillow Book, startling him.

Pillow Book also came to a temper at this point and disliked him back.

“Old man, Master Book sees that you are a senior that even Immortal Emperors respect, and only then does he treat you with such respect, there’s no need for you to be so harmful!”

“This kid’s daughter-in-law is waiting for him to save her,? You’re not doing him a disservice by giving him a gong method that hasn’t been used yet!”

The Chaos Immortal was stunned at his words and was just about to speak when he suddenly looked in Lin Ran’s direction.

Staring at Lin Ran for a full moment, he then spoke.

“Anything you say now is already played out, this brat has already begun his third step!”

“Furthermore, I still say the same thing, I have confidence in my kung fu method, let’s see if you don’t believe me.”

After saying that, the Chaos Immortal stopped paying attention to the pillow book and returned to the side to continue eating meat and drinking.

Only at this time, he seemed to be drinking bored wine.

Chapter 1605

“Hey!”

The pillow sighed helplessly and followed, also going to continue drinking.

At this moment, the two of them could not intervene at all in this situation, and it was not up to them to decide whether Lin Ran could carry it through or not.

Everything depended on Lin Ran’s own willpower and whether this Chaos Devouring Technique was useful or not.

As time passed, Lin Ran’s entire being had reached the most important time.

At this moment, the chaos mass that was suspended above his dantian had been gradually loosened by him.

The red essence blood barrier that was wrapped around the chaos mass slowly opened.

At the same time, it was as if the entire Dantian had exploded.

Countless amounts of true qi surged like a great enemy, and the qi and blood within Lin Ran’s body became even more violent and restless.

“Ka-ching!”

Suddenly, cracks instantly appeared in the red essence blood barrier that wrapped around the outermost part of the chaos mass, following which it directly shattered apart with a loud bang.

Seemingly sensing the provocation, the Chaos Qi also began to become violent.

As soon as the Essence Blood Barrier broke, the surrounding Chaos Qi filled out and converged in all directions.

The original true qi in Lin Ran's body also seemed to be stimulated, and a strand of it rushed towards the chaos qi.

The two different forces collided so quickly that Lin Ran instantly felt a surge of Qi and blood in his body, and a mouthful of blood spurted out.

At this moment, he could be said to be in a difficult position, as the two forces were colliding within him, and he could not help anyone.

At that moment, he could only mobilise his divine sense to forcefully suppress the riot in his body.

But Lin Ran knew very well that this riot had only just begun, and he was afraid that it would not end in a moment.

Sure enough, soon Lin Ran felt the riot within his body becoming more and more violent.

He had to grit his teeth and clench his hands tightly in an effort to suppress it.

The Pillow Book and the Chaos Immortal had no desire to drink at this point either, and both of them were looking at Lin Ran with burning eyes, praying that something unacceptable to them must not happen.

"Pfft!"

Suddenly, another mouthful of blood spurted out from Lin Ran, followed by the Pillow Book and the Chaos Immortal.

Lin Ran's nose had actually started to bleed under his nose as well.

And soon not only his nose, but also his ears began to bleed, and eventually even blood began to flow from his eyes.

It was obvious that the true qi rioting in Lin Ran's body had reached a point where even he was unable to fight it.

"Could I really be wrong?"

As he watched this scene, a hint of regret flashed through the Chaos Immortal's heart.

In the end, although he had confidence in this Chaos Devouring Technique of his, he had never really succeeded in it after all, so how far he could go was not even clear in his own mind.

But this was really already a method that he had researched out with all his life.

"Ai! If it really fails, then the old man will really be committing a sin!"

Thinking of what Pillow Book had said earlier, the Chaos Immortal couldn't help but have a flash of guilt in his heart.

Only this regret and guilt passed in an instant as he fiercely rose to look at Lin Ran in the distance and spoke.

“Kid, I admit that none of my techniques have succeeded so far, but just because no one has succeeded doesn’t mean that no one will!”

“Think of your friend’s daughter-in-law, no matter what you must persevere, if you succeed in the future your achievements will be limitless!”

The Chaos Immortal spurred Lin Ran on.

However, at this moment, Lin Ran didn’t even care about him.

The riot of true qi within himself had already caused his mind to become blurred.

The two huge forces were colliding with each other and being compressed within his body, if Lin Ran’s willpower wasn’t strong enough, he would have already exploded and died completely.

After the Chaos Immortal finished speaking, seeing that Lin Ran did not respond, he also shook his head helplessly and did not say anything more.

It was useless to say anything at this point, everything that remained was up to Lin Ran himself.

“Flutter!”

Suddenly, both the Pillow Book and the Chaos Immortal in the distance were stunned,? They had actually heard the sound of something ending up in the bottom.

The two of them were busy turning their heads to look at Lin Ran, and immediately the two of them froze.

They only saw that Lin Ran had actually fallen to the ground in a curled up heap, his entire body shaking uncontrollably as he shrunk into a ball.

Blood had already started to seep out from many places on his body, and he was clearly suffering from immense pain.

“Ranzi!”

Pillow Book was worried at the sight and wanted to go over and help him up.

The Chaos Immortal next to him, however, stopped him.

“Don’t go! Can you see that? He’s still holding on, don’t bother him at this point!”

“As long as he holds on and gets through, he’s done it!”

“And what if he doesn’t get through?”

The pillow turned his head to look at the Chaos Immortal and questioned.

“Ai!”

The Chaos Immortal sighed at his words and said.

“If I can’t get through it, then I owe him!”

Seeing that the Chaos Immortal had said so, the pillow book had nothing to say at that moment, except to sit on his butt and wait patiently.

Lin Ran fell to the ground at this point with his entire body trembling, and at this point he had even begun to feel blurry from the intense pain.

The collision of the two forces within his body had almost stretched his entire body to the brink of explosion.

At this moment, he was like a boat waiting for the dawn in the darkness, not daring to make a move, and could only grit his teeth and hold on.

Time passed by minute by minute, and it was not clear how long had passed.

Lin Ran felt as if he was being stretched into a ball, while the excruciating pain coming from his body made him on the verge of collapse.

Suddenly, he still felt that the severe pain inside his body seemed to have diminished by one point, and the intervals of severe pain were gradually becoming greater.

However, at this moment, Lin Ran was not in the mood to pay attention to the changes inside his body, he just knew that the collision of the two forces seemed to be gradually weakening, and this feeling made him feel very comfortable.

And at this moment, inside Lin Ran’s body, a miraculous scene was really unfolding.

He saw that the light red Heaven and Earth Spiritual Qi was still colliding with the white Chaos Qi.

Only it was no longer as intense as before.

Between the two forces, there were wisps of red and white mist floating out.

The mist was swallowed by the Chaos Cyclone and then by the Chaos Liquid.

And when the Chaos Liquid released these breaths again, they had already formed a separate breath, floating quietly to the side.

No one saw this scene, including Lin Ran at this moment.

He didn’t know how long had passed, but Lin Ran felt in a daze that his body didn’t seem to be hurting as much, and only then did he look at the situation inside his body in some confusion.

At once, he saw that a magical scene had actually emerged within his body at some point.

The Dantian vortex within his dantian was quietly suspended, and at that moment, on top of the Dantian vortex, the chaotic air vortex was actually slowly rotating as well, with the same how the chaotic liquid in the centre.

Lin Ran saw that red and white true qi was constantly pouring out of the dantian vortex, which was then swallowed by the chaos qi vortex, and finally swallowed by the chaos liquid, which was finally transformed into red and white true qi again, and finally swallowed by the dantian vortex.

Unknowingly, a complete cycle had formed within Lin Ran's body.

"It's done! I've become!"

Lin Ran was overwhelmed with excitement as he shouted.

"I have a mouthful of Chaos Qi, I've done it! It's a success. ...."

However, before the excited words were finished, suddenly Lin Ran's eyes went black and his entire body fell into a coma.

Chapter 1606

"Holy shit why has this kid passed out!"

Pillow Book, who was sipping on a mulled wine at the side, suddenly saw that Lin Ran hadn't moved and became anxious.

"Haha! Haha!"

The Chaos Immortal was laughing at this moment, smiling incomparably.

Seeing this, Pillowside Book seemed to have thought of something and couldn't help but be delighted, running to feel Lin Ran's nose and seeing that he was still breathing, he was then relieved.

"Boy! Did I bet wrong, I've spent my life researching gong methods for the rest of my life!"

The Chaos Immortal laughed out loud, while drinking the wine in his hand in one gulp.

At this moment, he was frustrated and happy.

Who could have spent his whole life preparing for something and not even see the day of success until he died?

As the saying goes, the yellow sky was not to be missed, and finally, after his death, he saw that what he had done all his life had finally come true in a young man.

"Seniors! I'm convinced!"

Pillow Book ran back and picked up a cup of wine and toasted towards the Chaos Immortal.

"Haha! Come on, cheers!"

Immortal Chaos laughed.

At this moment, he was undoubtedly the happiest, his own legacy could finally be inherited.

"By the way senior, how long will it take for him to wake up!"

The Pillow was busy asking.

"I don't really know about that, it could be a few days or a while! But does it even matter?"

The Chaos Immortal laughed.

“It doesn’t matter anymore it doesn’t matter!”

Pillow Book laughed.

However the Chaos Immortal trend suddenly struck a chord and his face changed.

“Nope! It’s important!”

“What’s wrong senior?”

The Pillow Book was busy asking at this.

“I haven’t left my last words yet!”

The Chaos Immortal said.

“Hey, I take it for what it is, it’s not too late for you to make your last words when he wakes up .....

The pillow said and stopped himself.

He saw that the Chaos Immortal’s body was actually becoming illusory, only slowly.

“Hey! Time’s up!”

Immortal Chaos sighed.

“You, senior!”

The pillow looked truly worried as his eyes filled with worry.

“I said before that this wisp of remnant soul would only live for three or four days at most, but I’m always upset when I don’t see this kid cultivate!”

“After tuning in for so many days in one breath, now that I’ve really seen him succeed, I can’t tune in anymore!”

The Chaos Immortal said despondently.

“Then, senior, isn’t there any way to help you continue? After all, this last word of yours hasn’t even been...”

The Pillow Book asked busily.

“It’s just that!”

The Chaos Immortal shook his head and said.

“My parents left early in my life, and my family had nothing to do with me, so I’ve always been a free man, with no children or attachments! What last words or no last words? Forget it, there’s nothing left anyway!”

“Seniors!”

The pillow book also could not help but be a little moved by the words.

“By the way, I remembered something!”

Suddenly, the Chaos Immortal spoke up.

“What is it you say!”

Pillow Book asked busily.

“No!”

But the Chaos Immortal shook his head.

“It’s useless to talk to you about this, I have to wait for him to wake up and talk to him personally!”

The Chaos Immortal pointed at Lin Ran, who was on the side, and said.

“What’s the matter, it’s so important and you have to talk to him!”

The pillow was a little curious, while at the same time there was some worry in his heart.

Could it be that this old man had remembered the matter of making a blood oath?

Thinking of this, Pillow Book couldn’t help but pray in his heart that Lin Ran had better be unconscious for ten days and half a month, so that he wouldn’t wake up and see that things were about to be completed and end up being crossed by a Chaos Immortal.

As the thought was going through his mind, the Chaos Immortal on the side spoke up.

“I seem to have forgotten to ask this kid to make a blood oath, this won’t work, if he disobeys me and runs off to find some chaos stone again, then I’ll be so angry that the old man will crawl out of the ground!”

“Pfft!”

The mouthful of old wine that had just reached his mouth just as Pillow Book heard this spurted out directly.

What a thing to think about.

He had only just thought of this matter, but he didn’t expect this old man to really think about it.

“That senior, it won’t happen! This kid is very obedient, I think the blood oath or whatever should be dispensed with! What a way to hurt the love between your master and disciple!”

Pillow Book laughed and snorted.

“That won’t do, brothers in arms will settle accounts, I’ve only researched this set of techniques in my lifetime, I can’t let this kid kill me!”

The Chaos Immortal said solemnly, then he stopped drinking and got up and ran to Lin Ran’s side, actually waiting for him to wake up.

“That senior, why don’t we drink while we wait?”

Pillowbook said busily.

But the Chaos Immortal shook his head.

“No, I’ll make a blood oath the first time he wakes up!”

Immortal Chaos said.

“This is the end!”

Pillowbook saw this and slapped his thighs at once, somewhat helpless.

He was still thinking of waiting for Lin Ran to line up and sidetracking the boy himself to make him pretend to be unconscious.

As it turned out, the Chaos Immortal was actually guarding the person directly next to him, so how else could he remind him.

The time passed, and the Chaos Immortal actually stopped drinking wine and eating meat! Straight up, he squatted next to Lin Ran.

In the blink of an eye, it was three days, and the Chaos Qi in the space was gone two days ago.

But this Chaos Immortal was so strong-willed that he had managed to carry on for three days.

However, this was not the most surprising part of the story, the most surprising part was that they stared at each other for another eight days in a row.

It was only when the mist in the space thickened up again that Lin Ran woke up.

“He’s awake! He’s finally done it!”

Upon seeing Lin Ran wake up, the Chaos Immortals immediately jumped up in excitement.

“Master? What’s wrong with you?”

Lin Ran was confused and looked at the Chaos Immortal in front of him, whose body was almost transparent and seemed like it would dissipate at any moment, and busily asked.

“Your master, his old man, has been waiting for you to wake up and for you to make a blood oath, and this wait has been a full ten days!”

“All hanging on by a breath!”

The pillow book was busy telling the story.

Lin Ran was stunned at his words and said without thinking.

“Master, you’re dying in peace!”

“Pfft!”

The Chaos Immortal almost didn’t spurt out a mouthful of old blood at his words, pointing at Lin Ran and saying.

“If I were alive, I would have hung you up and beat you, you really can’t fucking talk!”

“Eh!”

Lin Ran felt very embarrassed and said.

“Master, what kind of blood oath is being made? What’s a blood oath?”

Where he didn’t know what a blood oath was, he was just pretending to be stupid at the moment.

Looking at the Chaos Immortal’s body in front of him becoming more and more illusory, he knew that he had to stall, otherwise if he really did make a blood oath, then he might as well run headlong to his death.

“What? You don’t even know the Blood Oath? You don’t even know it! It’s really stupid, you do as I say!”

He knew he didn’t have much time left, and as soon as Lin Ran woke up, the breath he was carrying would be gone, and I was afraid that he would really be gone in less than a minute.

“I, Immortal Chaos, voluntarily make a blood oath!”

The Chaos Immortal spoke.

“I, Immortal Chaos, voluntarily take a blood oath!”

Lin Ran also said.

“Are you a pig, I asked you to chant with me, why are you chanting my name!”

The Chaos Immortal was furious.

“Are you a pig, I told you to chant with me .....

Lin Ran repeated again.

“You!”

The Chaos Immortal was so angry that he showed his teeth.

Just as he was about to say one side, suddenly his entire body completely disintegrated.

“Bastard brat! If you dare to go for the Chaos Stone, the old man will crawl out of his grave to find .....

Before he could finish his sentence, the Chaos Immortal completely dissipated and drove away.

Lin Ran looked at the suddenly empty front and said sadly.

“Master, I’m sorry! My apprentice really can’t listen to you this time! I’m sorry!”

Chapter 1607

With that, Lin Ran knelt down with a thud and heaved his head three times in the direction the Chaos Immortal had left.

“Kid! You can’t come back from the dead... be sad!”

The Pillow Book also came over.

Lin Ran nodded, and then actually took off his own jacket, wrapped up the remains of the Chaos Immortal, and strapped it to his back.

“What are you doing?”

The pillow was puzzled, wouldn't it be nice for the old man to be buried here properly, why take him out!

“I will go and fetch the Chaos Stone, sooner or later this place will be blown up, Master didn't take me lightly, I can't let him sprawl out in the void!”

Lin Ran said this having tied the remains of the Chaos Immortal to himself.

He once again turned his head to love the entire space and spoke.

“Master, I'm sorry for lying to you in the end, but I really can't not go save them! They're really important to me!”

“I'm sorry!”

Lin Ran said, turning around and walking towards the exit with his pillow.

At this moment, the Chaos Qi was thick in the space, and apparently the Lava Lizard would open the stone wall again in the next two days to invite out the Chaos Stones.

Lin Ran couldn't wait any longer, he was going to strike straight away when he saw the Chaos Stone this time.

Following the exit all the way out, Lin Ran was soon back at the same entrance he had found in the first place.

The living thunderbolt comrade of the Lava Lizard was still blocking the entrance.

At this point in time, Lin Ran also discovered a problem, the lava lizard that was blocking the entrance to the crack seemed to have been specially treated by the Chaos Immortal, so much so that it could not fuse with the surrounding lava, so that it could not return to the lava and then regenerate.

“I'm afraid this brother has been standing guard here for hundreds of years, so it can be relieved when I get the Chaos Stone!”

Lin Ran gently pushed this lava lizard away, looked outside at all the Chaos Qi and there was no sign of the lava lizard, and instantly rolled over and jumped out.

“Kid! What are you going to do!”

Pillow asked curiously, this place was filled with lava lizards everywhere, and it was almost impossible for Lin Ran to get close to the Chaos Stone.

Unless he could go invisible.

“Just watch!”

Lin Ran smiled and sold out.

“Che, still selling off, huh? Fine then Master Shu I’ll polish my eyes to see what you do this time!”

Pillow Book laughed.

Lin Ran didn’t answer, he just hurried quickly through the passage, recognizing a direction and constantly moving forward.

The paths within this lava were so well connected that Lin Ran didn’t know where the directions were, to be precise.

But as long as he was within the lava, he had no worries about finding his way, and as long as he found the lava lizard, everything would be fine.

“In the next two days, the lava lizard leader will open the stone wall and invite out the chaos stones.

Lin Ran calculated in his mind.

He hadn’t seen a single lava lizard all the way over here, and remembered that the last time he had come in, the lava lizards had all gathered in the lair waiting for the Chaos Stone to open.

At this moment, Lin Ran had probably guessed something.

“Miso!”

Lin Ran was not polite, since he wanted to lure out these lava lizards, he was bound to make some big noise.

As he spoke, Lin Ran already had an additional Frost Condensing Sword and Divine Dragon Blade in his hands.

He did as he was told, holding the sword in one hand and the blade in the other, and immediately pressed against the rock walls on either side, following which he charged forward.

“Rumble!”

The sound of rocks crumbling directly over the place where the Condensing Frost Sword and the Divine Dragon Blade passed boomed.

As expected, no sooner had Lin Ran’s side rumbled than the lava lizards all moved in a huge space deep within the lava.

Their faces were all ugly as they had been quietly waiting for the moment to open the stone wall, but now they were all burrowing in like ants towards the various holes, obviously looking for Lin Ran.

Lin Ran ran wildly all the way and soon there was the sound of dense footsteps in front of the passage, and he stopped immediately.

“It’s coming!”

“Kid are you crazy, it’s too late to hide and you’re actually drawing them out straight away?”

Pillow asked with great confusion.

In his opinion, Lin Ran’s act was no different from seeking death!

“Don’t worry, I have my own way of dealing with them!”

Lin Ran laughed, before putting away his Frost Condensation Sword and Divine Dragon Axe and walking towards the front.

As expected, under his lure, two Lava Lizards soon appeared in the passage ahead, these Lava Lizards weren’t sure where Lin Ran was, so they were all searching in small numbers at this point.

“Kid! Follow up while the number is still small, let me see how you can muddle through!”

Pillow Book laughed.

Lin Ran smiled and did not explain, the corners of his mouth had a cold smile, and then he walked towards the two lava lizards in front of him.

The two lava lizards also noticed Lin Ran and pounced directly towards him.

However, just as they were about to get close to Lin Ran, they suddenly only heard Lin Ran shout.

“Arise!”

As soon as the words fell, the two fierce lava lizards actually froze.

They looked left and right, as if they couldn’t see Lin Ran, but at that moment, Lin Ran was standing right in front of them.

“How did you do that?”

Although he had heard Lin Ran’s phrase “get up”, he didn’t see anything at all, there was no change around him.

“It’s simple, because I have a mouthful of Chaos Qi!”

Lin Ran laughed.

Pillow Book smiled and was busy looking towards Lin Ran’s body surface, and instantly understood.

He only saw that at this moment, Lin Ran’s body surface actually had a thin layer of white mist on it, and this mist was clearly the Chaos Qi.

Last time when he broke into the lava lizard’s lair with Lin Ran, he found that this kind of lava lizard had very poor eyesight and poor perception.

As long as Lin Ran hid in the Chaos Qi, they would not be able to detect it at all unless they looked at it from close range.

At this moment, Lin Ran covered himself with the Chaos Qi in his body, and in the eyes of the Lava Lizards, the place where Lin Ran was was a mass of Chaos Qi, so it was so impossible for them to discover it.

“Let’s go!”

Lin Ran laughed, not bothering to bother with the lava lizards in front of him, these things didn't know how they were made up, and if they were killed they would melt into the rock, so there was no way to kill them all.

Lin Ran attached his Chaos Qi to his body and hurried in the direction the lava lizards were coming from.

Soon Lin Ran saw that the lava lizards were searching for him in the passage.

If these lizards knew that Lin Ran was standing right in front of them, they would probably die of anger.

Lin Ran rushed straight through the passage, and even when he was hit by these lizards, they simply ignored him as if he was just a rock.

In this way, it only took half an hour for Lin Ran to follow the direction the lizards had come from and reach their lair this time.

After searching for half an hour, the lizards finally started to converge on the nest.

At this time, Lin Ran had already found a perfect spot in their lair and was ready to grab the Chaos Stone at any time.

However, Lin Ran had to be extremely careful, because if the Chaos Stones fell into his hands, the entire Chaos World Worm would burst open in an instant!

Getting the Chaos Stone was easy, but getting it out safely was the hardest part.

#### Chapter 1608

Time passed by minute by minute, and in less than half an hour, all the lava lizards that had gone out to search for themselves earlier had rushed back.

They had gathered here, seemingly because they hadn't found Lin Ran, causing them to be extremely upset, and one by one, they let out a low roar.

The lava lizard leader was still standing at the front, and it swept its cold gaze over its companions, looking extremely annoyed as well.

"Roar!"

Suddenly, the lava lizard leader roared at the group of companions, as if he was venting his displeasure.

One could only see the lava lizards below them all look terrified and prostrate themselves on the ground, not daring to make a sound.

Lin Ran stood by and felt amused, but at this moment he didn't dare to flaunt it too much, after all, this was in someone's lair, if they found out, then he would have to die.

"I wonder when these things are going to open the stone wall!"

Lin Ran turned his head curiously to look at the stone wall beside him.

He had deliberately chosen to stand right in front of this stone wall for safety's sake.

Because of this? When the time came, he would be able to do it as soon as the Chaos Stone appeared.

And there was another advantage, which was that as soon as the Chaos Stone appeared, the Chaos Qi inside the entire space would be sucked in by the Chaos Stone at that time.

Lin Ran was also worried that by then, the Chaos Qi on his own body would also be sucked away by this Chaos Stone.

By then, he would inevitably be exposed.

If he stood in front of this Chaos Stone, there would be countless Chaos Qi coming from behind, so he could also temporarily hide his body and achieve the purpose of hiding.

After Lin Ran arrived here, he had carefully studied the stone walls next to him, and he found that the material of these walls was indeed different from the lava material outside.

The texture was very hard, and the true qi in Lin Ran's body had now transformed into a state of half Chaos and half True Qi, and if he really wanted to, he could also mobilise the power of the Chaos Cyclone.

But doing so was too risky after all, so he was still patient and ready to wait for his chance.

Soon, just as Lin Ran was waiting patiently.

The lava lizard's leader couldn't help but let out a roar.

Following this, it turned around and walked towards the stone wall.

Lin Ran was busy moving out of the way and looked at him with some surprise.

"Is it hard for this thing to open the stone wall now?"

Lin Ran was busy asking in his mind.

"Most likely, you brat just revealed your presence, this Lava Lizard leader is afraid that he is anxious to capture you, so he is ready to open the stone wall early."

Pillowbook said.

Lin Ran nodded at his words, feeling that this was most likely the reason.

But this was good, as it saved Lin Ran from continuing to delay.

Sure enough, the lava lizard leader soon arrived in front of the stone wall, and just like last time that single horn on his head suddenly lit up with a burst of light, which was followed by a burst of light that sank into the stone wall.

"Rumble!"

A series of vibrations suddenly recalled throughout the space, and Lin Ran saw, almost simultaneously, that the wall in front of him had slowly cracked open.

"It's coming out!"

Seeing this scene, Lin Ran's heart was exceptionally excited.

After waiting for so long, finally he was about to see the Chaos Stone.

“Rumble!”

As loud sounds continued to ring out, soon the stone wall in front of him had completely opened up.

A ray of purple light instantly shone out, reflecting the entire space in purple.

Right now, in front of Lin Ran, there was a purple stone emanating a bright light from the wall, what else could it be if it wasn't a Chaos Stone.

“Chaos Stone!”

Lin Ran's heart pounded as he watched, unable to resist the urge to strike, but he knew that this was not the right time, he had to wait and wait for his chance to come.

Soon, the lava lizard leader was bending down and bowing towards the Chaos Stone, his mouth chanting something else without knowing what it was.

Those Lava Lizards behind him even prostrated themselves on the ground one by one, looking extremely pious and respectful.

“Roar!”

Suddenly, the lava lizard let out another low roar, and instantly Lin Ran saw a flash of light above the Chaos Stone, and instantly a terrifying suction force swept towards Lin Ran.

“Not good!”

Lin Ran wanted to dodge but it was already too late.

In the next moment, the suction of the Chaos Stone instantly acted on Lin Ran's body.

Almost the next moment, the Chaos Qi on his entire body was sucked in, and even the Chaos Qi spiral within the Union was trembling slightly.

Lin Ran was scared and exposed, and he turned his head to look, and only after this look did he breathe a sigh of relief.

Sure enough, just as he had expected, the Chaos Qi in the entire space and in the channels outside was attracted and all of it surged towards him.

Only then was it sucked in by the Chaos Stone, and for a while a dynamic balance was formed, with Lin Ran's figure still wrapped in the Chaos Qi.

Only, at this moment, if someone was standing here, they could clearly see the shape of a man formed by the Chaos Qi.

The lava lizard leader and a group of lava lizards also noticed this strange phenomenon, but they could not see Lin Ran and were merely a little surprised.

Lin Ran looked at these lava lizards and had a pang of guilt in his heart as he said to himself.

“Sorry friends, there's nothing else I can do!”

After saying this, Lin Ran turned around with a grit of his teeth and thrust his hands into the rocks surrounding the Chaos Stones.

He knew he couldn't wait any longer, there wasn't much time left for him, if he couldn't get the Chaos Stone before the Chaos Qi was absorbed, he would definitely be exposed by then.

And the consequence of that exposure would be to be consumed alive by these lava lizards.

"Bang!"

With two loud bangs, Lin Ran's palm immediately plunged into the stone wall next to the Chaos Stone.

The surrounding lava lizards were all dumbfounded at the sight of this.

They couldn't see Lin Ran, but they could see the strange changes happening around the Chaos Stone.

At this moment, they were all lying on the ground, not daring to move, and even the lava lizard leader at the front of the room changed his face when he saw this scene.

His entire body was also busy crawling on the ground, looking very pious.

Lin Ran couldn't care less at this moment, and with a fierce force of his palms, he instantly grabbed the Chaos Stone firmly from both sides.

As soon as the Chaos Stone was grasped, Lin Ran felt a huge suction force that sucked the entire Chaos Stone into the wall, as if the entire Chaos Stone was growing inside the wall.

"No way! This Chaos Stone seems to have grown with the wall, it's impossible to pull it out!"

Lin Ran was busy saying in his mind.

"Then you'll blow it out, you're grasping at straws, the chaos Qi around it is already starting to weaken!"

The pillow book was busy reminding.

Lin Ran couldn't help but feel more anxious in his heart at his words, he was busy turning his head to look.

Sure enough, the Chaos Qi in the entire space had already started to become a little thinner!

And those lava lizards also seemed to have sensed something,? One by one, they tilted their heads and looked in Lin Ran's direction.

The leader of the lava lizards had even gotten up from the ground and groped in the direction of Lin Ran's location.

"Bastard! Let's fight!"

Lin Ran saw that if he didn't do something, he would really be exposed, so he gritted his teeth and instantly exploded with power on his hands.

"Bang! Bang!"

Two crisp explosions instantly rang out, followed by Lin Ran feeling a lightness in his hands as the Chaos Stone was actually really dug out of the wall by him.

Chapter 1609

But almost at the same time, the Chaos Qi sweeping around him instantly listened down, and his entire body directly lost the wrapping of the Chaos Qi, exposing him to the crowd of Lava Lizards.

“It’s over!”

Two words bubbled up in Lin Ran’s heart, and the next moment he saw all the lava lizards’ faces change before they pounced directly towards him.

“Run!”

Seeing this, Pillow Book was busy shouting.

Lin Ran didn’t dare to slow down, and immediately leapt towards the exit and rushed straight over.

At this moment, he was in a very awkward situation, there was no Chaos Qi around, and even if he mobilised the Chaos Qi in his body, it was useless.

It was as if he was a drop of water blending into the ocean, and the Lava Lizard could not tell where Lin Ran was among all the Chaos Qi.

But now, even if he mobilised the Chaos Qi, it was still useless.

The Chaos Qi in the real passage had all been sucked clean by the Chaos Stone,? If he mobilized his Chaos Qi at this moment, he would be a living target.

Running away became Lin Ran’s only option at this moment.

However, there were too many lava lizards here, and as soon as Lin Ran’s body moved, the lizards already saw his intentions, and a large group of lava lizards blocked the entrance to the cave, making it impossible for him to enter!

“Bastards!”

Lin Ran’s eyes glowed with a cold light when he saw this, and with a swipe of his palm the Frost Condensing Sword instantly exploded into a seven-coloured sword aura that directly split the large group of lava lizards in front of him into scraps.

He took this opportunity to run towards the inside of the cave.

“Roar!”

Seeing his clan members injured, the lava lizard’s leader was instantly enraged, and the light from the horns of his head shot straight up at Lin Ran with a burst of light.

“Watch your back!”

The pillow book saw this and quickly warned.

Lin Ran felt the wind at his back, so he dodged the lava lizard leader’s strike with a flash of his body.

However, he was leaning against the wall and could see it clearly.

As soon as the light from the lizard's head struck the stone wall next to him, the wall changed.

From the original stone wall that was the same colour as the surrounding area, it soon turned into an earthy grey, actually becoming the same colour as the stone wall protecting the Chaos Stone before.

"This thing can actually change the structure of the rocks here!"

Lin Ran was shocked as he watched.

He had previously probed the stone wall protecting the Chaos Stone before he had even struck, and the texture was extremely hard, not realising that these hard textured stones were actually all created by the Lava Lizard Chief.

"If that light had just fallen on me, would it be possible that I would have turned into stone as well?"

A thought suddenly popped up in Lin Ran's mind, and it made him shudder to think about it.

"What are you still staring at! Get out of here!"

Before he had time to think more, the urging of the pillow book sounded again.

When Lin Ran saw that the lava lizard leader was already leading the charge towards him, he dared not speak nonsense, turned around and ran.

Behind him, the lava lizard leader and his men all went crazy, chasing after Lin Ran without a care in the world.

"Rumble!"

Suddenly, at that very moment, the entire lava passage began to tremble violently.

Countless cracks began to appear in the lava passage, and the ground beneath their feet trembled violently.

"Not good! The Chaos World Worm's body is going to start collapsing, kid you have to hurry and leave, or else this guy's self-destruction will definitely swallow you up instantly later!"

Pillowbook busily said.

"I know!"

Lin Ran replied back without a word of good humour.

He wanted to run, but where could he run at this point?

This lava passage was like a maze, and Lin Ran had no idea which direction was the exit.

"First, identify a direction to rush in and find the boundary of this lava before talking!"

This side of the book said.

Lin Ran nodded at his words, that was all he could do at this point.

He drew out his Condensing Frost Sword and opened up a path in front of himself, charging all the way towards the front.

Since he was looking for the boundary of this lava, Lin Ran absolutely could not be following the existing passages.

These passages were all dug out by the lava lizards themselves, and they obviously wouldn't go near the barriers of this lava, so if Lin Ran wanted to get out, he would have to make his own way.

Luckily, his strength had now been fully restored, and although leaving the Earth had some effect on his use of the Dao, his own strength was not greatly affected.

Under the skin of the seven-coloured sword aura of the Frost Condensation Sword, a passage was soon carved out in front of Lin Ran.

Not being able to make his own way was always still something that affected his speed, and by now the lava lizard leader behind him was already catching up again.

“Weng!”

The passage buzzed, and Lin Ran instantly saw that there was a light instantly shooting over from behind.

Lin Ran didn't dare to be slow, ? He hurriedly slashed his sword towards the top.

A loud “rumbling” sound was heard, and the lava rocks above his head instantly fell down, blocking the light shot by the lava lizard leader.

However, just as Lin Ran's surprise was not easy, he did not expect that the stone blocks would not be able to block the entire light.

One of them actually had this small piece of light instantly land on Lin Ran's arm.

“Not good!”

Seeing this ray of light, Lin Ran's heart was instantly startled, but it was already too late to say anything at this point.

The ray of light had already landed on his arm.

In an instant, Lin Ran felt a hot pain on his arm.

The next moment he was busy looking, only to see that a layer of rock-like stuff had grown on his arm.

When Lin Ran touched it with his hand he found that the skin on the surface of his body had actually become as hard as iron as if it were stone.

“Run first!”

Pillow Book shouted when he saw this.

Lin Ran knew that this was not the time to stop, so he got up and ran, not bothering about the injury on his arm.

“Boom!”

There was a sudden explosion behind him, and the lava rubble blocking the passage was blown to powder.

Lin Ran didn't dare to delay and ran wildly while occasionally throwing a few swords upwards to stop the lava lizards from chasing after him.

At first, the lizard leader was still in hot pursuit.

But soon he seemed to realise that this was not the way to go, as the vibrations around him were becoming more and more violent, and it was obviously not far from the time when the Chaos World Worm would explode itself.

The Lava Lizard Leader was very reluctant, and at that moment, he actually turned around with his clan members and instead of going after Lin Ran, he ran in towards the passage they had opened up before, not knowing why.

Lin Ran ran for a while, and when he saw that no lava lizards were coming after him, he couldn't help but feel happy in his heart, and immediately turned his mind to looking for an exit.

With his strategy, soon the frost-casting sword ahead of him had cleaved into the hard stone wall, unable to advance even a fraction.

Lin Ran knew that he had reached the boundary of the lava range, so he immediately began to turn his direction and followed this stone wall all the way to the front.

When he had entered the Chaos World Worm's mouth, he had been confronted by the lava.

So at this point, if he wanted to get out, Lin Ran could only follow the defense of this lava to feel his way, and if he was lucky enough to find the mouth of the Chaos World Worm? Maybe he would be able to rush out.

And just as Lin Ran was grasping for an exit, on the other side, the Lava Lizard Commander was leading those of his clan through the passage quickly, not knowing where they were rushing to.

## Chapter 1610

Time went by, and half an hour passed by as soon as it was said.

And at this point Lin Ran no longer knew how far he had run along the stone wall.

He only knew that the hope he had in his heart was dashing little by little.

The vibrations around him were becoming more and more violent, and it was obvious that the Chaos World Worm could not take it anymore.

With its huge body, it would not be able to self-destruct in a moment.

But for half an hour, the Lava Lizard had not been able to retrieve the Chaos Stone, so it was obvious that the Chaos World Worm could not take it anymore.

“I'm afraid this is really going to be wrapped up by this Chaos Worldworm!”

Lin Ran stopped and looked at the endless lava in front of him, not knowing when it would end, and couldn't help but feel some despair in his heart.

"Ai!"

The pillow also sighed, not knowing what to say.

All the way over, Lin Ran had used all the methods he could, but he still hadn't been able to find the exit.

And looking at this situation right now, I'm afraid that in less than two minutes, this Chaos World Worm would have to explode itself.

"Ka-ching!"

Suddenly, just as Lin Ran was feeling a bit desperate, a crack appeared in the molten rock in front of him.

The wall of lava in front of Lin Ran collapsed with a loud "boom".

Lin Ran saw a passage carved by a lava lizard in front of him.

To Lin Ran's surprise, the passage was not long, and about a hundred metres away, there was a darkness about the size of his fist.

There were stars in the darkness, if not a vast void or somewhere else!

"The exit, that's the exit!"

Seeing the exit that was only the size of his fist, Lin Ran's entire being was completely excited, after all this time he had finally found the exit.

"Rumble!"

The tremors around him intensified a few more, Lin Ran knew in his heart that time waited for no one, if he didn't get out, he wouldn't be able to resist the World Worm's self-explosion later on no matter what.

"Let's go!"

At that moment, Lin Ran no longer hesitated and rushed straight into the passage, heading towards the exit ahead.

However, the heavens always seemed to love jokes.

Just as Lin Ran was about to rush out of the passage and immediately enter the mouth of the Chaos World Worm and then leave.

Suddenly, several figures appeared in front of him.

Upon seeing these figures, Lin Ran was instantly frozen.

"It's them again!"

Lin Ran stopped in his tracks, with despair in his eyes.

He saw that the exit was already in sight, but who knew that he would run into a Lava Lizard again, and the one leading him was the Lava Lizard leader.

“Roar!”

The lava lizard leader roared at Lin Ran, and then slowly extended one of its claws.

Its claw was facing upwards, as if it was a man asking for something.

Lin Ran looked stunned and understood in his heart that this Lava Lizard leader was also in a hurry, at this moment the Chaos World Worm’s life was already at stake and it did not want to waste time grabbing it with Lin Ran.

At this moment, it only wanted to get the Chaos Stone so that it could stabilise the Chaos World Worm’s self-destruction.

However, Lin Ran had to go through so many trials and tribulations to get his hands on the Chaos Stone, not to mention the fact that the Chaos Stone also concerned the lives of Song Nuan and the others, so he would not give it up.

With his heart in his hands, Lin Ran did not say anything, but merely looked at the lava lizard leader in front of him and shook his head.

“Roar!”

The other party seemed to understand Lin Ran’s meaning, and with a roar, the next moment, his whole body was already lunging towards Lin Ran.

“Roll!”

Lin Ran’s heart was equally anxious, and with a flash of coldness in his hand, the Frost Condensation Sword instantly charged out directly with a wisp of coldness.

“Rumble!”

Lin Ran was so strong that even the Lava Lizard leader at this moment was no match for him.

When the cold aura rushed at it, it immediately turned around and used the scaly armour-like skin on its back to fight it hard.

However, while it was able to resist with its thick skin, the other lizards around it were unable to stop it at all.

After Lin Ran’s sword, only four or five of the lava lizards that had blocked the passage were left alive, including the lava lizard leader.

“Sorry! I have to go now!”

Lin Ran looked at the lava lizard leader and said with a slight apology.

If it wasn’t for the sake of Song Nuan, he wouldn’t want to deprive these things of their lives, or even their homes for survival.

However, now that it was up he had no choice.

“Scuff!”

Another sword was swung out, and Lin Ran’s entire body at the same time charged straight ahead.

“Roar!”

The lava lizard leader was furious, but in the face of Lin Ran’s harsh attack, he didn’t dare to resist, and could only choose to use his strong back to resist.

But just as he turned around, Lin Ran had already rushed past him and headed straight for the exit.

“Roar!”

The lava lizard leader also saw this scene, and immediately let out a furious roar in haste, the unicorn horn on his head all starting to flicker violently at this moment.

“Hm?”

As soon as the unicorn horn began to flicker, immediately Lin Ran sensed that something was wrong.

He was busy turning his head to look down, only to see that the lava lizard leader’s unicorn horn was flickering with an eerie light, and at this moment Lin Ran clearly felt that something had suddenly tugged at his shoulder.

Lin Ran turned his head to look at it, and immediately his whole body froze.

He saw that a long stone had grown out of his shoulder, and the other end of the stone had already grown into one with the lava next to it.

“How is this possible!”

Lin Ran was shocked in his heart.

He was just about to raise his hand to break the stone on his arm, but suddenly the lava lizard leader in the distance was already rushing over.

His one horn flashed quickly, and then he shot out several white lights towards Lin Ran’s arm and thigh.

Lin Ran’s arm had changed at this moment, so he had no room to dodge.

Almost the next moment, the white light had already landed on him.

Lin Ran only felt a pain all over his body, and then new stones actually grew out of the place where the white light had hit him, fusing towards the rock walls on both sides.

“Human! If you don’t hand over the Chaos Stone, we’ll all die together!”

Suddenly, a ripple was actually remembered within the passage.

Lin Ran turned his head to love it and found that the one who had spoken was none other than the Lava Lizard Chief.

“Kid!”

The pillow was also anxious at this point, the Chaos World Worm's tremors had stopped at this point, which was not only not good news, but very bad news.

Because as soon as the Chaos World Worm stopped trembling, it meant that he was going to blow himself up!

"Kid! There's a give and take, it's your turn to choose exactly how!"

The pillow said.

There were only two ways before Lin Ran now, hand over the Chaos Stone and break the stone yourself to hurry away.

Number two, don't hand it over! Everyone waited together inside the Chaos Stone World Worm for the latter to explode itself.

"To me, there's nothing left for me to give up except my life!"

"If you want the Chaos Stone, then collapse over my corpse!"

There was an edge in Lin Ran's eyes, and in the next moment his entire body's aura skyrocketed as he knew he couldn't break free of these stones from the lava lizard leader.

At that moment, he simply did not run, his whole body's aura soared and quickly formed a layer of defensive light shield around himself.

And then the Frost Condensation Sword even had countless ice crystal lotus flowers blooming on it, directly wrapping Lin Ran in three layers.

"Rumble!"

Almost as soon as Lin Ran had done all this, a loud sound instantly came from the depths behind him.

At this moment, all of the Lava Lizards' faces changed, including the Lava Lizard leader, as they all slumped to the ground and actually didn't move at all.

It was clear in Lin Ran's mind that this was because the Chaos World Worm, had exploded itself!
