

Doctor

Chapter 1621

“Ah! A ghost!”

Wan Qing was so frightened that his entire body froze in place, not daring to move, and his feet felt as if lead had been poured into them.

Although he was also a cultivator, in the end, he was a young master who had been spoiled by his family, plus his strength was only at the Xuanhuang realm, so he was simply incapable of handling such an unexpected situation.

And now, his only reliance, Uncle Black, was not sure what had happened to him, and facing this situation Wan Qing could be said to have been scared out of his wits.

He had heard earlier that this Beast King Forest was haunted, and he had not believed it, but now he finally believed it, and regretted it to the core.

There was still darkness around him, and after the lightning passed, he could not see his fingers.

“Rumble!”

Suddenly, thunder clouds rolled across the sky and a bolt of lightning struck down, brightening up the surroundings again.

This time Wan Qing could see clearly that the three lonely graves in the middle of the distant hillside no longer had only one palm, but two palms were poking out of the graves.

And Wan Qing could see clearly that underneath those two palms, there seemed to be a head that was desperately trying to squeeze out.

“Don’t kill me! I’m a member of the Wan family, don’t kill me!”

Wan Qing’s entire body was dumbfounded as he stood still and tried to escape, but at that moment his legs were as firmly grasped by those two palms, making him stand still and dare not move.

And this time, it was as if the thunder and lightning had fallen silent and did not appear for a long time.

Wan Qing’s body was wet with rain and he didn’t know how much cold sweat he had shed; every second at this moment seemed to be like a day.

“Rumble!”

Soon, the lightning could not resist striking down again.

And this time, Wan Qing could see clearly that there was no longer a hand on top of the lonely grave.

“Illusion, it must be an illusion!”

Wan Qing admonished himself in his heart, but the next moment he slightly shifted his gaze by less than a metre and his whole body went cold.

He saw a figure standing on top of three lonely graves.

The figure was covered in mud and was standing there quietly looking at him as if it was a zombie.

“Ah!”

Wan Qing couldn't hold back any longer and turned around to run.

But the rain was pouring down and the mud was unbearable, so he turned around and slipped and fell with a loud “ah”.

He got up in a hurry and wiped the mud off his face, and when he looked up he saw a huge, strange face looking at him.

The face looked very eerie in the darkness, and only two bright eyes were staring at him with a deadly gaze.

Moreover, Wan Qing saw that the figure had countless bumps on its face, which was not at all flat as a human face has.

At this moment Wan Qing was completely shocked, and he was busy crawling towards the back, while he was busy shouting.

“I'm a member of the Wan Family, you can't kill me! I'm a member of the Wan family!”

“Where is this?”

Suddenly, a voice came from the back, but it sounded unusually harsh, and was even accompanied by the sound of “creaking” bones as it spoke.

It was like the sound of bones clashing against each other when a clockwork that had not been used for a long time was used for the first time.

“Don't kill me! I'm a member of the Vanguard family, I'm warning you, even if you're a zombie or a ghost, you can't kill me! Otherwise the Wan Family will definitely not let you off!”

Wan Qing said without daring to turn his head back.

At this moment, his entire being was desperate, the thread in his head was taut and he didn't know when it would break.

“The Wan family? Whose family is it? Where is this?”

The voice from the back rang out again, this time still sounding harsh, though obviously much lessened.

However, in the face of the voice's question, Wan Qing was unable to listen to it, and he was so frightened that his soul crawled forward one by one, while his mouth chanted.

“Don't kill me, I'm a member of the Wan family, a member of the Wan family!”

The thing at the back seemed to be a little impatient and came forward and actually slapped Wan Qing's body, followed by mentioning it actually lifted Wan Qing up directly.

He was raised high above his head and looked down at the ghost or the zombie, his face was white with fear and his whole body was shivering.

“Rumble!”

Suddenly, thunder clouds rolled above the sky, and the next moment another shocking thunderstorm struck down.

It instantly illuminated the entire Beast King Forest.

Wan Qing could really see this time, and the one who lifted him up high in the air was none other than a man, only this man was covered in thick mud, reminiscent of the hands that had just poked out from the ground.

At this moment, seeing this person’s face covered with mud, Wan Qing’s entire scalp suddenly tingled, could this be the legendary demon who crawled out from hell?

“No! Don’t Uh!”

The next moment he heard a muffled “bang”, as if something in his mind had suddenly broken.

The next moment, Wan Qing’s eyes closed, his head and arms dropped, and he didn’t move at all.

The man covered in mud was surprised to see this and looked at him with that strange face a few moments closer.

Finally it actually spoke to itself in raw words.

“Dead?”

The thunderclouds were still rolling in the sky, and the rain was falling incessantly.

But in that previous Snake Valley, there was no longer Uncle Black and those underlings of the Wan Family.

At this moment, there was only a large area of blood in the entire Snake Valley, and the pouring rain seemed to exist just to wash away the blood.

In a city far outside the Beast King’s Forest, the plaque of the Wan Family was hanging high in front of a mansion.

It was not raining in this city, for the Beast King’s Forest was too far away.

In the backyard of the Wan Family, there was this forbidden place where no one was qualified to come except the clan chief and elders.

“Wan Shou, this is the third time you have come today!”

Near the forbidden place, an old man sat cross-legged in a gazebo and looked at a black-haired middle-aged man in front of him and said indifferently.

“Elder, I am very uneasy in my heart, could I make a trip to the Beast King Forest myself!”

Wan Shou spoke up, this person was none other than the head of the Wan family, a strong man of the Heavenly Mansion realm.

“No!”

The old man refused without even thinking about it.

“This transmission array is the foundation of my Wan Family, do you, as the clan chief, still want to break the rules knowingly?”

The old man said in a cold voice.

There were only two circumstances under which this transmission formation of the Wan Family could be opened.

One, when the family has suffered a great change and needs to flee to save their lives.

Secondly, when the youths of the family reached the age of sixteen and needed to undergo a test to worship the Mountain Gate.

Wan Qing, Wan Shou’s son, was the second type, and this teleportation array, too, went straight to the outskirts of the Beast King Forest.

“But Qing’er he!”

Wan Shou had some vague unease in his heart.

“Rules are rules!”

The old man said in a cold voice, and then said no more.

Wan Shou looked at the teleportation formation in front of him and froze for a moment, but just as he was about to turn around and leave, he suddenly heard a crunching sound, and the jade pendant hanging around his waist shattered out of thin air.

Immediately, Wanshou’s face turned pale.

“Qing’er! His life pendant has shattered!”

Chapter 1622

“Bastard!”

A cold aura flashed in Wan Shou’s eyes, and he immediately turned around and left the place with quick steps.

Just ten minutes later, within a secret room of the Wan Family, Wan Shou’s entire body froze.

There was a white piece of paper in his hand, and on it was a dark human face, covered in mud, with only two eyes shining in the darkness.

Wanshou looked at this human face, his eyes full of anger.

“You think I can spare you if you cover your face with mud! Come on, men!”

Wan Shou roared, and at once a black shadow came out of the corner of the secret room, none other than the personal black shadow guard of his house master.

“Find the best painter in the city and restore his face for me, I want to see a city-wide manhunt after dawn!”

“But all places adjacent to the Beast King Domain, check all of them for me!”

“Yes!”

The black shadow guard nodded respectfully, and immediately took the white paper and turned around and disappeared into the darkness again.

.....

The moon rose and the moon set, the sun set and the sun rose, and in the blink of an eye it was dawn.

The city’s weather is different from the good weather in the city, far away in the beast king forest, but at this time is still full of fog.

Because the forest was so dense, it was difficult for the sunlight to penetrate the mist in the early morning, but today the weather was indeed good and after only an hour the sun managed to dispel the mist and shine in the Beast King’s forest.

Talking about this sunshine, I have to mention this grave with three lonely graves.

The position of the graves seems to have been deliberately arranged so that the sun shines here every day, whether it is early in the morning or late in the evening, when the sun rises in the east and sets in the west.

Moreover, if the moonlight is good at night, it will also pour here.

At this moment, the sunlight is shining through the gaps in the leaves of the trees on these three lonely graves.

But in front of the middle one, the sunlight was blocked by a figure.

That figure was no other than the guy who had climbed out of the middle-aged grave last night.

It was he who had scared Wan Qing to death last night.

But it was a bit stifling to say the least, because at this moment, after his whole body had been rewashed by the silt, he was actually bare except for his very normal skin, and it turned out that he was actually a human being.

“Ah!”

Suddenly, the man yawned, which woke him up from his sleep.

He rubbed his sore head as his mind recalled the events of last night.

“Did I scare someone to death last night? What bad luck, how could I just wake up and run into this kind of thing!”

The man muttered to himself, while ruffling his hair, helplessly realising that all the hair on his body had actually grown into an unknown number of knots, and had even grown into dead knots in some places.

Looking at his eyebrows, which were nearly a metre long, the man was also completely speechless.

“Hey! What the hell have I been through!”

He whispered softly to himself and whirled his fingers like the blades of a knife, quickly slicing through his entire body, his hair breaking off in a single strand wherever he passed, and soon the wild man-like shape changed.

“Give me scatter!”

The man suddenly stood up, his whole body was violently bursting, the dusty and broken hair was actually all turned into pieces, and at once a fair-skinned young man appeared.

If Song Nuan was here, I’m afraid he would have instantly exclaimed out in shock, this person was not Lin Ran? Or who else!

“Where am I! | Lin Ran

Lin Ran moved his muscles and whispered softly to himself, but then he noticed that he was not even half dressed, which made him very embarrassed.

“Although there’s no one else here, if people see me, they’ll think I’m a pervert!”

Lin Ran said helplessly, while he was busy looking inside his body to prepare for the pillow book to get some clothes.

But when he looked inside, he froze in his tracks.

He saw a layer of grey mist lingering inside his body, whether it was his dantian or whatever, it was all obscured by this grey mist, he couldn’t see anything at all.

He could just feel that there was true qi flowing inside his body.

“What’s going on here?”

Lin Ran was so bewildered that he couldn’t help but open his mouth and shout a few words.

“Pillow Book! Master Book! Rascal Book get out!”

However, the voice echoed throughout the forest, and no one actually responded to him.

“Shit!”

Lin Ran couldn’t help but curse, and in the end, he could only pick up a few large leaves from the ground to block off his sensitive parts.

“Leaves aren’t bad!”

Lin Ran looked at his homemade raw stone leaf clothes with satisfaction and was quite satisfied before he turned back to survey his surroundings.

It had rained too much last night and he didn’t know where he was, so he simply stayed where he was.

At that moment, he turned his head and frowned slightly.

In front of him were three lonely graves, but in the distance the man he remembered so clearly from last night had disappeared.

“I was clearly scared to death last night, how come he disappeared in the blink of an eye?”

Lin Ran couldn't be bothered to look at the lone graves and ran over to check.

There were still traces of the man on the ground, but the man had indeed disappeared.

After looking again and again, Lin Ran actually found some claw marks around the man's traces.

The claws were the size of a face plate and were clearly a very large beast.

“Holy shit, last night I”

Resounding with the thought that he slept soundly last night, Lin Ran couldn't help but feel a pang of fear, if that fierce beast had done something to him

“There will be blessings after a great disaster!”

Lin Ran's heart was busy comforting, and did not care who the lost person really was.

In this dense jungle, it is obvious that the other party is not a decent person either, or perhaps a poacher.

It was unlucky for him to be scared to death, who let him come across himself crawling out of the ground last night.

“That's right!”

Remembering that he had crawled out of the ground last night, Lin Ran turned his head to look at the three lonely graves in the distance.

Upon this glance, Lin Ran couldn't help but freeze.

Only seeing the three lone graves, only the middle one had a deep pit, while the ground around it was surprisingly very flat.

“Did I crawl out of the, crawled out of the grave?”

Lin Ran was instantly shocked.

He stood in place for a long time without moving.

His mind was as chaotic as a pot of mush, and his memories were still stuck in the stormy vortex he was in.

“At that last moment, I so wanted to see pressed into the light and also the darkness, did I die later and they buried me here?”

Lin Ran recalled in his mind.

At that time, I was afraid that he had really died, which was why the pillow book had buried him here.

But whose were the two graves on either side?

Lin Ran thought of this and rushed forward to check the tombstone in the middle that should belong to him.

The tombstone was only covered in moss.

Lin Ran raised his hand and pointed, and the moss instantly fell off.

And then a few words that had even lost their colour appeared in front of him.

“Brother Lin Ran’s Tomb!”

Lin Ran’s heart couldn’t help but rejoice as he read these few words, the handwriting he knew, it was Wang Yifeng’s handwriting.

“Looks like they are all alive!”

Lin Ran said to himself in his heart, Wang Yi was able to erect a tombstone for himself, so he was obviously alive, he was alive and Song Nuan and the others were afraid that they were all fine.

Thinking of this, Lin Ran couldn’t help but sigh, his heart relaxed a little.

Chapter 1623

But soon, Lin Ran’s relaxed mood sank again, since Wang Yifeng and the others were all dead, then why were there three lonely graves here?

“No! You can’t think nonsense, they must be alright!”

Lin Ran quickly reassured himself in his mind.

It was true that he was in a situation where he had run out of oil and there was no excuse for burying himself, but why were there two extra graves.

“Master!”

Suddenly, Lin Ran remembered the Chaos Immortal.

That’s right, when he had come out, he was carrying the remains of the Chaos Immortal on his back, so if the pillow had really arrived safely and this was the Immortal Realm.

Then one of them must be the tomb of a Chaos Immortal!

Thinking of this, Lin Ran quickly rushed towards the lone tomb on his right, and with a single finger, he shook the moss off the stone tablet, and immediately a few large words appeared on it.

“Tomb of the former Chaos Immortal!”

Looking at these few large words, Lin Ran couldn’t help but feel more certain of his suspicions in his heart.

“I must be in the Immortal Realm now, but!”

Lin Ran’s heart was both surprised and worried, surprised that he had made it to the Immortal Realm alive, but worried that the last lonely tomb belonged to whom?

Could it be that one of the people who had come with him had died?

Who could it be? Song Nuan? Qin Bing or Leng Zhan and the others?

Lin Ran found that he couldn't stop his whole body from trembling, because whoever it was, it was very difficult for him to accept.

All those people had taken the Chaos Stones in the first place, so why was it that everyone else was fine, but there was one more lonely grave!

"Who the hell is it?"

Lin Ran's heart seized up again.

But some things had to be faced after all, and Lin Ran then gritted his teeth and walked towards the lone tomb.

As long as the tombstones of the lone tomb were cleared, he would be able to see who the owner of this last lone tomb really was.

And just as Lin Ran was walking towards this lone tomb, deep in the depths of the Beast King Forest, Little Nine was carrying a basket of fruits and happily walking down a path.

"Little Nine, you're going to look for your brother again!"

To one side, the little snow-white four-hoofed beast was floating in mid-air as it kept picking at the air with its paws.

And the little green snake which was coiled around Little Nine's arm, also had happiness in its eyes.

"That's right! It's been three days since I went to see my brother, I miss him!"

Little Nine laughed.

"You're really good to your brother, going once every three days and bringing so much fruit each time!"

The little four-hoofed beast, also known as Li, said with envy on his face, especially when he saw that Xiao Jiu's box had a lot of fruits that even he coveted, he couldn't help but leave a harrumph.

"I'm telling you, Li! Don't hit on these fruits, last time that devil jiao stole the fruits I prepared for my brother, I plucked two of his whiskers, if you dare to steal them, I'll chop your tail off and make a toy out of it!"

Little Nine said viciously.

"No eating! I won't eat it!"

Li was so frightened that he took two steps back, he had seen how fierce Xiao Jiu was and would never dare to provoke this little aunt in front of him.

"But Xiao Jiu, I heard from Uncle Yan that your brother has You do so he does not know ah!"

Li timidly said, every time the subject came up, Xiao Jiu would get very angry.

One of the other times their Uncle Yan had talked about it, Xiao Jiu had been so angry that she almost left, but only later did she not leave after Uncle Yan's kind words.

Xiao Jiu was too important to them and even though their Uncle Yan was very powerful, he didn't dare to really make Xiao Jiu angry.

This was because since Little Nine had arrived here, the Beast King Forest had obviously become much stronger, something that even Uncle Yan couldn't do.

"They're all liars!"

Little Nine was in a good mood today, so he didn't get angry and said seriously.

"Uncle Yan may be powerful, but he doesn't understand! My brother isn't dead, he's just asleep!"

"That bastard book promised me that in the first place!"

"I haven't even seen the bastard book you're talking about, and what kind of person sleeps for that long, didn't I only sleep for three hundred years in the first place?"

Lizzy asked as she looked at Xiao Jiu.

"Then I don't care! The bastard book said that the longer my brother sleeps, the more powerful he will be in the future, you've only slept for three hundred years, you're definitely not as powerful as my brother!"

Xiao Jiu insisted.

"Fine!"

Li saw this and didn't say more, at this point they were not far from their destination.

.....

But Lin Ran, at this time, his whole body leaned on the tombstone of the last lonely tomb, looking at the sunrise in front of him helplessly and sighed long.

"I really didn't expect that it would be you who had an accident!"

Lin Ran slowly turned his head and took another glance at the words on the tombstone, as if he was still a bit incredulous.

The words on the last tombstone of these three lonely graves were "Brother Li Sheng's Tomb!"

That's right, this last tomb was Li Sheng's.

"Ai!"

Lin Ran sighed helplessly, there were many people who had come to the Immortal World with him, but he had never expected it to be Li Sheng in any case.

After all, Li Sheng wasn't the weakest by strength, but why would it be him who was in trouble?

Lin Ran had mixed feelings in his heart. The pillow book was late in appearing, and there was no one else around but these three lonely graves, so he was afraid that they had all left.

He didn't know how long he had slept here, and he was afraid that he didn't even know how many people were still alive today.

"Who! Who did this!"

Just as Lin Ran was thinking in his mind, suddenly a childish voice with anger in it came through.

And this voice actually made Lin Ran feel a hint of familiarity.

"Who did it! Why! Ah!"

Xiao Jiu cried like a tearful person, looking at the three graves in front of her, she instantly knelt down with a thud.

"Xiao Jiu!"

Li, who was at the side, spoke up, but she didn't know what to say.

Suddenly, the little green snake on Xiao Jiu's arm suddenly trembled, followed by several lightning bolts, and the next moment it disappeared out of thin air.

When it reappeared, it had already arrived behind the stone monument.

The graves on the hillside were facing inwards, so that the sunlight could shine on the gravestones.

And the direction Xiao Jiu had come from was down the hillside, so once she arrived the first thing she saw was the lone grave in the middle that had been thrown away.

Xiao Jiu didn't bother with the little green snake at this point, she sat down on the ground and cried as if she were a tearful person.

"Brother, I'm sorry! It's all Little Nine's fault, it's Little Nine's fault for not"

Xiao Jiu cried, however, the words only reached halfway, at once her whole body froze.

Only to see a figure actually standing up from the side in front of Li Sheng's tombstone.

He was dressed in clothes made of leaves, and there were tears in his eyes as he looked at Xiao Jiu.

"Brother?"

When she saw Lin Ran, Xiao Jiu froze, she couldn't believe the scene in front of her and was busy rubbing her eyes to look again, but Lin Ran was standing there, smiling at her.

"Xiao Jiu!"

Suddenly, Lin Ran spoke.

Hearing this long-lost name, Xiao Jiu's eyes immediately slipped down in tears, and the fruit basket in her hand fell directly to the ground, and the next moment she lunged towards Lin Ran.

“Brother! Little Jiu knew you’d wake up, you were all asleep before, they’re all liars, they’re all liars! Bastard Book didn’t lie to Little Jiu!”

Little Jiu hugged Lin Ran and cried with pearly tears.

It made Lin Ran look incomparably heartbroken, all the years he had been asleep, he didn’t know what Xiao Jiu had gone through.

Lin Ran only saw that nowadays, Xiao Jiu had grown a lot taller and her person had also grown up a lot.

Chapter 1624

The two siblings wrapped for a long time, and the triangular electric snake hovered back on Lin Ran’s arm, while Li floated aside, looking a little bewildered.

Only vaguely, it seemed that Li found that she had an inexplicable sense of familiarity with the youth in front of her, and seemed to unconsciously want to be close to him.

Lin Ran hugged Xiao Jiu for a few moments before releasing her and smiling as he asked.

“What did you do to the Triangular Electric Snake?”

“Brother knows all about it!”

Xiao Jiu laughed delicately at this, while being slightly embarrassed.

“I didn’t force it, it was its own compulsion”

Xiao Jiu said with her tongue out.

Lin Ran could feel that although he was the master of the Triangular Electric Snake, Xiao Jiu seemed to be very close to it at this moment as well.

Thinking about the fact that Little Nine’s original form was the same demon stone, it dawned on Lin Ran.

“When you were going to sleep, brother, the little green snake woke up once at that time, then I took it away temporarily, and later on, after the little green snake had fully awakened, it kept following me! Then I took it in!”

Xiao Jiu said.

What Xiao Jiu said about collecting it was different from Lin Ran.

Lin Ran had used his own essence blood to identify with the Triangular Electric Snake at first, and this kind of relationship was very common in the cultivation world.

Xiao Jiu’s acceptance of the Triangular Electric Snake was completely different.

If the Triangle Electric Snake died, Lin Ran would not be affected, but Xiao Jiu would also die with it, because she was a Demon Stone.

Once a demon stone is bound to a magical beast, the result is one life for both, but equally, the strong power of the demon stone will also make the magical beast’s strength increase dramatically.

Otherwise, how could that so-called Uncle Yan value Xiao Jiu so much? Although Xiao Jiu had already been bound to the Little Green Snake, as long as she was in the forest with the King of Beasts, then the entire forest of magical beasts would cultivate much faster, and this is what makes the Same Demon Stone so powerful.

In the past, on Earth, there were no magical beasts, and Xiao Jiu's role had been ignored, while at this time, when she arrived in the Immortal World, her greatness was only gradually displayed.

"Right, tell me about where this is? Also where are they people? And who is this little guy?"

Lin Ran's heart was filled with curiosity, and at this moment he was eager to understand what happened after he had lost consciousness in the first place, as well as where exactly he was now.

All these questions puzzled him and made him want to get answers as soon as possible.

"Brother, don't worry, I'll take you to meet someone, the whole person is called Uncle Yan, this is his home, and as for this little guy, he is called Li, he is Uncle Yan's successor!"

Little Nine said.

"Uncle Yan? Li?"

Lin Ran looked at Xiao Jiu, and then at the fey beast named Li, and his heart couldn't help but jump.

"Why do I have a sense of familiarity with you?"

Lin Ran asked as he looked at Lizzy.

"I do too!"

Lizzy nodded her head.

"You can speak?"

Lin Ran was stunned to hear this, it was the first time he had seen a magical beast that could speak.

"Brother, Lizzy is very powerful, it could talk a long time ago!"

Little Nine laughed.

Lin Ran nodded, but in his heart he still didn't understand why he had a sense of familiarity with this Li!

"Don't worry brother, when we meet Uncle Yan, he'll tell you everything!"

Xiao Jiu laughed and busily got up and pulled Lin Ran to leave.

"Wait!"

Lin Ran shouted at Xiao Jiu, and then rearranged the lonely grave he had, filling in the pit, followed by rearranging the fruits Xiao Jiu had brought with him from scratch, and finally gave a bow to the Chaos Immortal and Li Sheng before turning around and smiling.

"Let's go!"

"Mmm!"

Little Nine followed Lin Ran's example and also bowed at the tombstones of Li Sheng and Immortal Chaos before leaving with Lin Ran.

"Brother, why do you need to fix the graves when you're all awake!"

Xiao Jiu asked curiously on the way.

"Someone who has died once, it looks friendly, and it's not nice to have my tombstone stuck in front and a pit at the back, it looks as if someone has thrown a grave!"

Lin Ran laughed.

"By the way Xiao Jiu, what happened to Li Sheng? Why is there his grave here?"

Lin Ran asked busily.

Xiao Jiu smiled but shook his head.

"I don't know, when I first came out, something had already happened to brother Li Sheng!"

"But these things, Uncle Yan must know, he will tell you!"

Xiao Jiu said.

Lin Ran smiled and couldn't help but become a little more curious about this Uncle Yan.

"Who is this Uncle Yan?"

"Uncle Yan is amazing, this huge forest of beast kings all belongs to him!"

Little Nine said.

"Beast King Forest?"

Lin Ran was stunned to hear this.

"Mmm! This forest is called the Beast King Forest, it's Uncle Yan's home, he usually lives in the depths of the forest, there's an area around here that is bounded, people from outside can't get in at all!"

Little Nine said having stopped her pace before laughing.

"But don't worry brother, we were already inside this boundary, but where you were sleeping before, it's a bit tighter from the boundary, so it'll take us ten minutes to get to Uncle Yan's place!"

"Why?"

Lin Ran felt curious as to why his three graves were built at the edge of the boundary.

Xiao Jiu sniffed and looked at Lin Ran before saying.

"That's because, Uncle Yan doesn't like people coming here, especially humans entering the boundaries of his boundary."

"But Sister Song Nuan Qin Bing and the girls would come to see you from time to time, so after finally discussing it, they settled on a location closer to the boundary!"

“Song Nuan Qin Bing?”

Lin Ran was stunned at his words and immediately opened his mouth to ask about them.

However, after opening his mouth, he eventually suppressed the curiosity in his heart, Xiao Jiu didn't seem to know much, and she had also said that when she met that so-called Uncle Yan, the latter would tell her everything.

At this point, Lin Ran was not so anxious to know.

At least, the fact that Song Nuan and Qin Bing and the others would visit him from time to time showed that they were safe nowadays.

Under Xiao Jiu's leadership, the group soon passed through the dense forest and arrived at a lake.

Lin Ran looked around and found that the lake was very large, and in the middle of the lake was a lonely island with a high towering island, which, according to Lin Ran's judgment, should be an extinct volcano!

“Roar!”

Seemingly sensing the arrival of Lin Ran and the others, the volcano on the isolated island suddenly remembered an alarming roar.

As soon as this sound rang out, Lin Ran felt as if his whole body was being held against the wall, and cold sweat instantly ran down his face.

At the same time, he saw that on top of the volcano, a foreign beast with flames burning all over its body rushed out.

It had four hooves and horns on its head, and was as powerful as a king in the forest, no one dared to infringe on its majesty.

Its eyes, which were burning with fire, burned into Lin Ran, as if it was sizing him up.

“This?”

Lin Ran looked dumbfounded, his heart filled with shock, he was clear that if this fire-flame beast charged at him, he was afraid that he wouldn't even have the strength to resist, the difference between the two was too great.

“Brother, he's Uncle Yan! I heard from the Chaos Book that Uncle Yan's body is a very powerful Zhen Yan Fire Lynx, and this Beast King Forest is all his territory!”

Little Nine was busy introducing him.

“Amazing Fire Lynx?”

Lin Ran was shocked at his words, the Pillow Book had talked to him a lot about the magical beasts in the Immortal Realm before, among which this Amazing Fire Lynx was a very terrifying one, in the ancient times, the Amazing Fire Lynx was even comparable to the Ancestor Dragon and Phoenix Mother.

Chapter 1625

“The Amazing Fire Lynx actually survived! The Immortal Realm is really magical!”

Looking at this fierce flaming fey beast in front of him, Lin Ran’s entire being couldn’t help but gulp down his spit.

At the same time, he noticed a problem, this Amazing Fire Lynx actually had a body shape that was somewhat similar to that fey beast named Li.

“Little Nine, is that Li the offspring of this Amazing Fire Lynx!”

Lin Ran asked busily.

“I don’t know!”

Little Nine shook his head before saying.

“This is a question Uncle Yan doesn’t seem to want to say, but Li also keeps calling him Uncle Yan, so I guess it’s not of the same race!”

“O!”

Lin Ran nodded, things in the Immortal World were too complicated, right now he urgently needed to get this Zhen Yan Fire Lynx in front of him to tell him what was going on, otherwise asking any more would be like a headless wool, cut and torn.

“Roar!”

The Amazing Fire Lynx sized up Lin Ran for a moment, and then one of its hooves stamped violently, and instantly Lin Ran felt the earth beneath his feet begin to tremble.

At the same time, the lake water also began to boil.

Soon there was steam coming out of the lake and within moments Lin Ran saw it.

Underneath the lake, a stream of magma had emerged, spreading from the island at the centre of the lake to the opposite shore.

And then the lava cooled so quickly that it actually formed a bridge made of lava stone that went straight to the isolated island in the centre of the lake?

“Brother let’s go over there!”

Xiao Jiu smiled and pulled Lin Ran up onto the bridge, Lin Ran didn’t say anything and followed Xiao Jiu all the way towards the island in the centre of the lake.

Lin Ran actually had some worries in his heart, Xiao Jiu had said before that this Uncle Yan didn’t seem to like humans, and at this moment he rashly went up to the island, I’m afraid

“Forget it, if he really wants to kill himself, he has no power to resist at all, it’s better to see what he really wants!”

Lin Ran’s heart quickly released, as soon as he arrived in the Immortal Realm he ran into such a powerful Fire Flame Fae Beast territory.

Now he had no choice but to follow what Little Nine had said and meet this Amazing Fire Lynx named Uncle Yan.

Soon, the two of them crossed the lava bridge and arrived at the island in the centre of the lake.

Once on the island, Lin Ran realised that the scenery on the island was as beautiful as a fairyland.

The whole island was very large, but as far as the eye could see, there were only two huge trees, and the rest was just an endless sea of flowers and grass.

Lin Ran saw that the two trees, one large and one small, had a futon underneath the large tree, which should be the place where the Amazing Fire Lynx cultivated on a regular basis, and at his level of strength, he must have been able to take on a human form.

The smaller tree, on the other hand, had a castle underneath it, which was clearly the home of Little Nine.

“This ninny!”

Seeing this castle, Lin Ran couldn’t help but shake his head and laugh.

When he first found Xiao Jiu, he was in the Ten Thousand Treasures Spell Formation, then Xiao Jiu moved into the little world of the pillow book, but he didn’t expect to move here again in a flash, the place had changed quite a lot, but this castle hadn’t changed at all, it was still the same castle with messy stones.

“Here it comes!”

Lin Ran was lost in thought when a voice suddenly came from afar.

Turning his head to look, he saw a middle-aged man dressed in a fiery red robe appearing on a futon under a large tree at some point.

He was sitting there cross-legged, dressed in red robes, with fire flames faintly pulsating in his eyes, and there was also this red flame symbol on his brow, looking mysterious and powerful.

“Junior Lin Ran, meet senior!”

When he arrived at someone else’s place, Lin Ran dared to be reckless and immediately saluted respectfully.

“Hm!”

The middle-aged man seemed to dislike Lin Ran, his attitude was unusually bland.

“Don’t mind, Uncle Yan is just not familiar with you, you’ll find out when you’re familiar, he’s very interesting!”

Xiao Jiu was busy laughing, while rushing at Uncle Yan with discontent.

“What kind of attitude is that, he’s my brother, if you don’t like him, you don’t like me!”

“Hmph! Brother let’s go now!”

Xiao Jiu said and really pulled Lin Ran up and was about to leave.

Lin Ran knew that this nee-san was deliberately doing it to show that middle-aged man, and that middle-aged man seemed to know it too.

But still, he very cooperatively got up and said.

“Don’t don’t little ancestor, I’m wrong I’m wrong! Little brother come over and do it, since you are Little Nine’s brother, then we are considered friends!”

“Eh! Thank you!”

Lin Ran looked a little embarrassed, but still walked over.

“Hmph! That’s more like it!”

Xiao Jiu said in satisfaction at this.

“Yes, yes!”

The middle-aged man was busy smiling, seemingly terrified that Xiao Jiu would leave.

“Come and do it here!”

Lin Ran had just walked over when the middle-aged man waved his palm and immediately two more futons appeared next to him, obviously for Lin Ran and Xiao Jiu!

Seeing that the other party was so polite, Lin Ran didn’t pretend to sit down at once on his knees.

Xiao Jiu waited until Lin Ran had done so, and only then did he follow suit and sit down.

The middle-aged man looked at this scene and shook his head helplessly before saying.

“Little friend Lin Ran, first introduce yourself, my original body as you can see, is the Zhen Yan Fire Lynx, you can call me Zhen Yan! I’m wondering, how did Little Nine become your sister?”

Xiao Jiu was a fellow demon stone, while Lin Ran was a human at first glance, how did this stone and human become brother and sister, he was very curious.

“It’s a long story, but Little Nine didn’t tell you?”

Lin Ran asked, somewhat puzzled.

Zhen Yan smiled awkwardly at his words and? said.

“Little friend, you don’t know, this Little Nine is very protective of you, back then, because your two friends wanted to visit this matter, there was a long time of trouble, originally I wanted to bury you and those two people’s graves outside the boundary, you should also be clear, we magical beasts don’t like people entering our territory!”

“But Little Nine kept asking to be buried inside the boundary, in the end I had no choice but to compromise!”

“Why?”

Lin Ran asked, it didn't seem to matter where it was buried, right?

Zhen Yan smiled as he glanced at Xiao Jiu and said.

"Little friend, you don't know, although the Beast King Forest is my territory, but I'm usually too busy cultivating to keep an eye on the whole forest at all times, humans have become more and more reckless in recent years and often come to the Beast King Forest to hunt magical beasts, so outside the boundary Xiao Jiu is also afraid that it's not safe! Someone will disturb your sleep!"

"Ao!"

Lin Ran smiled as he drifted off, and his heart couldn't help but warm up, it was true that Xiao Jiu was still the best for him.

"Heehee, I knew brother was sleeping, that Chaos Book even lied to me at first!"

Little Nine said happily.

Zhen Yan, on the other hand, shook his head helplessly, before feeling out a brocade box from his arms and handing it to Lin Ran.

"This is?"

Lin Ran asked as he looked amazed.

"This is?"

"This is the Fruit of Divine Thought! Little friend, I'm afraid you've come here this time because you want to understand what happened back then!"

Zhen Yan laughed.

"That's right!"

Lin Ran nodded his head, Little Nine had come precisely because he said that Zhen Yan would tell him everything.

"That's right then!"

Zhen Yan laughed.

"This Fruit of Divine Thought is what your friend left behind back then, it has everything written on it from back then, you will naturally understand after eating it!"

"As for the other questions, I think it's not too late for us to continue discussing them after you've eaten this Fruit of Divine Thought!"

Chapter 1626

Said Zhen Yan who seemed to have thought of something and added.

"Little friend's body is now shrouded in grey mist, this Fruit of Divine Thought can also help you dissolve it, so how about we continue discussing other issues after you eat this Fruit of Divine Thought?"

“Fine!”

Lin Ran didn't hesitate when he saw this, and since Xiao Jiu didn't even stop him, it was obvious that this Zhen Yan wasn't trying to harm him, so he directly took the brocade box over.

The brocade box only had a very large number of flaming patterns carved on it, so it was obvious that it should be Zhen Yan's personal belongings.

Lin Ran didn't think too much about it and opened the box, and immediately a turquoise fruit appeared in front of him.

The fruit was turquoise in colour and had a glowing light flowing through it, so it was no ordinary object at first glance.

Lin Ran picked up the fruit and swallowed it without any nonsense.

Immediately, a clear spring-like liquid flowed down his body's bloodstream to all his limbs and bones.

At the same time, Lin Ran felt a change in his body.

The inside of his body, which had been shrouded in grey mist, gradually began to become permeable, and the grey mist was melting rapidly, as if the iceberg was melting away.

Soon, Lin Ran was shocked to see that within his own body, the Dantian vortex had actually disappeared!

In the entire Dantian, there was only a Chaotic Qi Whirl coiled up, and the Chaotic Qi Whirl was constantly gathering the True Qi within his body, and then exhaling it out again.

Lin Ran actually found at this moment that his Dantian vortex actually seemed to have been replaced by his entire body.

Countless amounts of true qi had permeated all the limbs and bones of his body, and if the true qi from before was all in the dantian, then at this moment his entire body seemed to have become a replacement for the dantian vortex.

“Hm?”

Soon after, Lin Ran saw a scene that shocked him.

The Dao pearl of the Healing Dao that he had enlightened when he was first enlightened on Earth had actually turned grey at this moment, and no matter how much he sensed it, he couldn't even sense it.

“This isn't right!”

Lin Ran was shocked in his heart, the pillow book had once said that the Dao of Healing was the Great Dao, the Dao of Healing on Earth only was not complete, although he had enlightened himself to the realm of the Dao Pearl.

However, once he came to the Immortal Realm, this Dao Pearl would still turn back into a Dao Book, and only when he had enlightened all the Dao of Healing in the Immortal Realm to great perfection as well, would it become a Dao Pearl again.

But how come the Dao Pearl of the Medical Dao inside his own body was still a Dao Pearl now, only that its colour had turned grey.

“That’s really strange!”

Lin Ran was puzzled in his heart, but no one could help him answer this question at this time.

Moreover, what Lin Ran wanted to know the most right now was not the change in his cultivation only, but what had happened after he had died in the first place, and why Li Sheng had died a tragic death, that was what he was most concerned about.

“Weng!”

Suddenly, clear streams quickly rushed into his mind, and the next countless streams of information rushed into Lin Ran’s mind, a picture flashed before his eyes, and those things he was most concerned about finally presented themselves one by one.

It turned out that after Lin Ran had completely closed his eyes, they had already reached the exit of the storm vortex.

That white light was precisely the exit of the vortex.

It was just that Lin Ran at that time had not been able to last until they came out, and had died completely.

Later, it was Pillow Book who led the crowd out of the passage and appeared in this Beast King Forest.

Although he hadn’t returned to the Immortal Realm for several thousand years, Pillow Book was, after all, from the Immortal Realm, and with a slight discerning release, he discovered that the place he was in was the Beast King’s Forest.

And after more than a year of floating in the void, plus the second half of the journey was almost all Pillow Book’s doing to protect the crowd, so once he arrived at this Beast King Forest he was also very weak.

Having already returned to the Immortal Realm, he was instead in less of a hurry, so he found a fruit for repairing himself in the Beast King Forest, swallowed it and slept for almost ten years.

And ten years later he awoke, only to find that Song Nuan and the others had all woken up in his little world, and even Leng Zhan and Yue Beishan had come to life.

On the contrary, Lin Ran was completely lifeless, and Song Nuan and the others buried him in the little world of the pillow book.

But only later, for some reason, was Lin Ran relocated out.

As for what that reason was, it was simple! That was because, Pillow Book was ready to leave the Beast King Forest.

The matter back then was too involved, whether or not the Immortal Emperor had died so far, and if so where he was, who had murdered the Immortal Emperor back then, who had betrayed the entire Immortal World, countless questions pressed towards Pillow Side Book.

In the past, he could not think about it when he was on Earth, but now that he is back, he has to think about it.

And as soon as Pillow Book was ready to start his revenge investigation into what happened back then, there was bound to be danger, so he found Song Nuan and the others and gathered them all together to discuss the question of whether to stay or go.

Ten years of living in the small world had long since worn out their thoughts about living on the streets, not to mention having to face Lin Ran's tragic death on a daily basis.

The pillow book told them all about what had happened in the void, and the four Song Nuan women immediately decided that they wanted to leave the small world, they wanted to find a way home, even if they could only take Lin Ran's bones back with them.

After finally discussing the matter, they made a decision.

Pillow Book left alone to search for the Immortal Emperor, while the four Song Nuan girls left together with Long Ya Ling Sa, and the three brothers Wang Yifeng Leng Zhan, as well as Li Ba Li Sheng and Yu Chang Wolf Ba!

When they first entered the Immortal Realm, they were unfamiliar with the place, so naturally they had to huddle together to keep warm.

But then there was one more change, and that was the problem of Xiao Jiu!

Xiao Jiu had always followed Lin Ran, and she was unwilling to leave.

Plus she was a fellow demon stone, so staying in this Beast King Forest was best for her too, so the pillow book decided to keep her here.

If Song Nuan and the others found a way to go back in the future, they would come back to pick her up.

And for safety's sake, Pillow Book didn't bring Lin Ran's body with him, so he prepared to bury him and the Chaos Immortal together in this Beast King Forest.

But it was when they were buried that a change occurred.

At that time, first Zhen Yan found them, and for this group of humans who had intruded into his territory, he struck out forcefully, and Pillow Book, who was already weak, was no match for him, and eventually lost.

But luckily Xiao Jiu came forward at this time, and Zhen Yan was surprised to find out that she was the same demon stone. Later on, because of Xiao Jiu's identity, the two parties had a détente.

After bargaining, they eventually agreed to bury Lin Ran and the Chaos Immortal in a location near this hillside.

At that time, Zhen Yan did not come, he was annoyed by the sight of humans, and it was only Xiao Jiu who accompanied everyone to be buried here.

However, who knew that an accident would happen on the way to the burial.

At that time, Li Sheng and the four of them, Leng Zhan, went to the hillside to find fruits for the people to fill their stomachs.

However, a black light suddenly rose up from the mountainside and wrapped Li Sheng directly in it.

When the black light dissipated and Li Sheng appeared, he was already dead!

Faced with the unexpected death of Li Sheng, the crowd was very sad, but people cannot come back from the dead, so in the end everyone buried Lin Ran, Li Sheng and the Chaos Immortal in tears.

As for why they ended up switching to the top of the hill again.

This was because Zhen Yan had appeared and at his request the three were eventually buried on the hillside.

And the memory of the Fruit of Divine Thought was gone by the time it reached here.

Apparently this fruit should have been buried after they were buried, and the pillow book ate one and synced these memories to this Fruit of Divine Thought that Lin Ran ate.

So that was all Lin Ran could see at this point.

Chapter 1627

When Lin Ran opened his eyes, it was as if his whole body had aged several years.

He did not expect that they had gone through so much after his death, the pillow book.

And most importantly, Li Sheng had actually died horizontally by accident! This was something Lin Ran had never expected.

“After that Immortal Weapon named Pillow Book swallowed the Fruit of Divine Thought, he left with his people! Just before he left, he gave me this Fruit of Divine Thought and a purple bottle, saying that if you could survive in the future, he would give this to you!”

Zhen Yan said as he took out a purple bottle, which was none other than the Qiankun Purple Qi Bottle.

“Master!”

Upon seeing Lin Ran, Qing Zi immediately emerged from the Qiankun Purple Qi Bottle with excitement in her eyes.

“Qing Zi!”

Lin Ran’s eyes couldn’t help but redden as well.

“You stinky nun, I knew you were awake, but you didn’t show yourself! Afraid that this king will eat you!”

Seeing Qing Zi, Zhen Yan was dissatisfied.

Ever since he got this Qiankun Purple Qi Vial, he had tried many ways to awaken the spirit, but unfortunately Qing Zi had never paid him any attention!

It wasn't that Zhen Yan wasn't strong enough, but she didn't want to believe that Lin Ran was dead, so she had been waiting.

And strictly speaking, Qing Zi hadn't actually been awake for long.

"I woke up three hundred years ago, but I have a master, don't you dare!"

Qing Zi turned her head to look at Zhen Yan and said.

"You!"

Zhen Yan was furious, but he didn't bother to say more.

Lin Ran and Qing Zi chatted for a few moments, and only then did he learn that back then, in the vast void, Qing Zi had been very badly injured by the Chaos World Worm's self-explosion after she had cast a forbidden technique.

The pillow book had to leave at that time, fearing that Lin Ran would not know anyone in the Immortal World if he came back to life.

So he left Qing Zi behind, and it was understandable that Qing Zi was still in a deep sleep at that time and did not know how long it would take to wake up.

After chatting with Qing Zi for a few moments, Lin Ran then set his sights on Zhen Yan again.

"Kid, this king has plenty of time, don't be in a hurry, staying on this island for ten or eight years is not too much for this king, let's talk slowly if there are any problems!"

Zhen Yan laughed.

Where was Lin Ran not clear, this Zhen Yan just had his eye on Xiao Jiu, and was afraid that he would rush to go out, because once he went out Xiao Jiu would obviously follow him.

This was something he did not want to see, the same demon stone was simply too important to the magical beast.

With his heart clear, Lin Ran didn't care, if he really wanted to leave, even if the King of Heaven stepped in, the big deal would be a death, it was better than being trapped here.

"This way, let's start with the tragic death of my friend!"

Lin Ran opened his mouth after thinking about it and asked.

"What exactly was that mysterious black light? Why did you have to make us bury me and my friend on top of that mountainside afterwards?"

Opening his mouth, Lin Ran asked two questions.

Zhen Yan frowned and thought about it and spoke.

"First of all, I don't know exactly what this mysterious black light is! But from what I can tell, it should be something left behind from that great battle between the Immortal Emperors back then!"

“As for your second question, I can talk about it, but you must make a vow not to tell anyone else! Especially the people of the Immortal Emperor Domain!”

“Immortal Emperor Domain?”

Lin Ran was confused at his words, not knowing where this was.

“Master I don’t know either!”

Qing Zi was also busy saying, she had just returned as well, and had been kept by Zhen Yan’s side since she woke up, so she didn’t know much about this Immortal Emperor Domain either.

Seeing this, Zhen Yan introduced.

“Nowadays, it is divided into four parts, with large and small forces coexisting, and overall it is a three-legged pattern!”

“The first major power is the Immortal Emperor Domain, which was established by a powerful person who later achieved the rank of Immortal Emperor! It is also the largest territory!”

“The Beast King’s Forest is only one of the areas in the Beast King’s Domain, but we magical beasts can transform, so many of them have established their strength outside the Beast King’s Domain after transforming! The whole is called the Beast King Domain!”

“As for this third major power, it is known as the Anti-Alliance! Inside this Anti-Alliance, most of them are the survivors left behind by the Immortal Emperors back then, and some people who are at odds with the present-day Immortal Emperor Domain have gathered!”

“Many of these people believe that the current Immortal Emperor is the one who murdered the old Immortal Emperor back then, so they have joined forces with those who are at odds with the current Immortal Emperor to form the Anti-Alliance!”

“As for the other places, they all belong to the sphere of minor powers, there’s no need to mention them!”

After Zhen Yan’s introduction, this was added.

“As for not letting you tell the people of the Immortal Emperor Domain, that’s because relationship-wise would be that our Beast King Domain and the Anti-Alliance are closer, and the people of the Immortal Emperor Domain are all very arrogant making people annoying as hell!”

“Ao, I can guarantee that!”

Lin Ran said, this matter didn’t affect him much, he just knew it clearly in his mind anyway.

However, Lin Ran was also curious, he just wanted to ask why so many things were involved when he buried the three of them on the hillside.

Could it be that there were still rules about being buried on a mountainside?

While thinking in his mind, Zhen Yan was already speaking.

“Then I will tell you the reason!”

Said Zhen Yan, with a wave of his hand, the snow-white fey glaze next to him appeared in his hand.

“Uncle Amazing, what are you doing?”

Li looked at Zhen Yan and felt a little baffled for a second, how come there was still something about himself in this thing!

“Don’t talk!”

Zhen Yan said, before pointing at Lizzy and saying to Lin Ran.

“Are you curious as to why it resembles my original body! Both four-hoofed fae with a single horn on their heads?”

Lin Ran didn’t say much at his words and nodded his head.

“Then I’ll tell you! I, Zhen Yan, also had an offspring in the first place, and Li’s body is that of my offspring!”

Zhen Yan’s eyes reddened as he said that.

It turned out that long before Lin Ran and the others came to the Immortal Realm, Zhen Yan had a son who was only the size of a ten year old at the time, the ten year old of a fae beast was no different from the one year old of a human.

Only at that time, Zhen Yan’s son’s fur was red and he was of the fire attribute like him, and the reason he didn’t let Li call him father was because the current Li was no longer purely his son!

Back then, the little one was playing alone in the Beast King’s Forest and also came across the black light that suddenly appeared and took its life.

Zhen Yan Zhi had this one offspring, and it can be said that he broke through almost the entire Immortal Realm, ultimately failing to save his son.

Later he found an old man in the Anti-Alliance who had survived back then, and the latter told him that this mysterious black light was so terrifying that touching it would kill him, but it wasn’t strictly speaking death, but rather a state of being without a soul.

That black light was as if it could snatch someone’s body, and it took away Zhen Yan’s son’s soul and together they snatched the latter’s body.

The old man said, “If your son’s spirit is strong enough, he will be able to resurrect himself, if not then when he wakes up he will no longer be your son!”

It was these words that made Zhen Yan so angry that he returned to the Beast King’s Forest to bury his son in the place where the black light had appeared, until Li Sheng also happened upon it later.

Li, on the other hand, had appeared exactly one hundred years before Lin Ran.

At that time, Lizi also crawled out of the tomb, only it crawled out of the one where Li Sheng was.

Chapter 1628

As a side, Li listened in awe, but it quickly let it go, seemingly too young to understand such things at all, so to soon it was time to play like nobody's business!

"Then why didn't you do anything?"

Lin Ran asked as he looked towards Zhen Yan.

If what the old man said was true, then the mysterious black light that was now inside Li must have been the murderer of Zhen Yan's son.

Zhen Yan shook his head.

"Can't lay hands on it!"

"After Li appeared, I had observed the Qi of the entire Beast King domain, and it had already started to go around him, and I knew that in the future he would be the next Beast King to replace me if he became looking up!"

"Our beast king domain is strong, generally the old beast king will leave there will be two new successors appear, two need to fight for whoever wins in the end, this beast king of the beast king domain is his!"

"The other one, on the other hand, needs to fight for the Beast King domain in all directions and defend against enemies until he dies in battle!"

"But Li's appearance was a variable, and after it appeared, no second successor appeared, so now there is only one successor to it in the entire Beast King Domain!"

Speaking here, Zhen Yan visibly sighed and continued.

"During that time I probed Li's body, and it seems that he possesses three powers!"

"The first power is my Zhen Yan Fire Lynx bloodline, so he is very similar to me in size, except that his fur is white!"

"The second, is the breath of your friend, your human's spirit spirit is very strong, which is why it can fight against our physically strong magical beasts!"

"And the third, is his ability, I suspect that Li has inherited three powers and turned into a Chaos Fae!"

"Chaos Fae?"

Lin Ran was stunned at his words, not understanding what it meant, what it meant to be a Chaos Fae.

"The so-called Chaos Fae are creatures that don't exist in the world at all, such as a group of magical beasts, the offspring of a dragon and a jiao will produce a dragon and a jiao, that's the truth, only they can at least trace their parents, but Lizzy can't, it appeared on its own!"

Saying that, Zhen Yan handed Lizzy to Lin Ran, and immediately that familiar feeling bubbled up again.

"You should have felt it, you have an affinity with Lizzy, and so does Little Nine! So I feel that my deduction wasn't wrong!"

“Lizzy should have inherited your friend’s spirit spirit, my son’s bloodline, and the power of that mysterious black light!”

“As for the word Li on his forehead, it only appeared later, and I don’t know why!”

Zhen Yan said.

Lin Ran couldn’t help but look at Li two more times at his words, not knowing what he was thinking about.

Only after a moment did he speak.

“The ability of the mysterious black light you mentioned, what is it?”

Zhen Yan said after a moment of silence.

“The power of devouring!”

“Devouring power?”

Lin Ran was startled.

“That’s right, it’s the Devouring Power! It can devour any magical beast, and there is a probability that it can gain the power of the other party after devouring it!”

Zhen Yan said, and with that he looked towards the triangular electric snake on Lin Ran’s arm and said.

“Like it! If Lizzy swallowed it, there would be a probability of having the ability to travel through the void!”

“What?”

Lin Ran was stunned at his words, this ability was too strong.

“So now you understand why its appearance would cause the Qi of the entire Beast King Domain to flock to it, with this ability, it is possible to achieve the position of Immortal Emperor in the future, and it is also the biggest card for the rise of our Beast King Domain!”

Zhen Yan said excitedly.

At this moment, Lin Ran finally understood why Zhen Yan had not killed Li, perhaps there was sentiment for his own son in it, but more than that, I was afraid that it was still Li’s terrifying devouring power.

“Alright, after all that, you have to should understand, what’s the next question!”

Zhen Yan asked.

Lin Ran however did not speak, he needed time to accept the fact that Li Sheng was indeed dead.

But at the same time, he also believed in one thing, if Li Sheng’s spirit spirit had really been inherited by Li, then there was at least the possibility that Li Sheng would still be alive.

Right now his spirit spirit must be sealed in Li’s memory, and if he could awaken Li Sheng’s consciousness in the future, it would be possible to bring Li Sheng back to life then.

Or even let Li Sheng and Li's memories fuse.

Of course, fusion would be best, after all, Li Sheng itself grew out of Li Sheng's spirit spirit, and could be seen as another part of Li Sheng's experience.

In the future, if the two fused, it would naturally not affect Li, or even be much better.

Having thought of this, Lin Ran was relieved, and he looked at Li with fondness in his eyes before smiling.

"I'll give you a name!"

"Hmm? A name?"

Li was stunned at his words and looked at Lin Ran a little confused.

"My friend's name is Li Sheng, and your name is Li, but I would love to see my friend come back to life in the future, so how about I call you Li Sheng?"

Lin Ran laughed.

"Li Sheng? Li? Yes, that's a good name!"

Li smiled and nodded, but Zhen Yan, who was on the side, was not having it.

"No, no! Lixiang sounds too girly, how can our future beast king be called by such a girly name! It's better to be Li!"

"It's just a name, you can keep calling it Li!"

Little Nine said discontentedly.

"Besides, I think Lixiang sounds good!"

Xiao Jiu said.

"That won't work either!"

Zhen Yan obviously had some objections, not really liking the name.

"How about this!"

Lin Ran suddenly laughed.

"In the future, in the Beast King Forest, it will be called Li, and when we go out, how about Li Sheng?"

"Go out? What are you thinking, it's the future of our Beast King Forest, and you want to take it out?"

Zhen Yan was instantly enraged.

"Hold your horses!"

Lin Ran suddenly laughed.

"Since it's the future of the Beast King Forest, don't you want it to accompany Little Nine?"

“I”

Zhen Yan was instantly dumbfounded.

In his heart, he actually knew very well that now that Lin Ran had woken up, Xiao Jiu was bound to leave, so he was most worried about what should happen to Li.

Having the same demon stone with it and without it would have a very big impact on its future.

“We’ll talk about this later, you ask the questions first!”

The more Zhen Yan thought about it, the more he got a headache, so he simply digressed from the topic.

“Yes!”

Lin Ran smiled and nodded his head, before thinking about it and continuing to ask.

“Then next, I want to find out how long I’ve been asleep! In other words, how long have they been gone?”

Based on Qing Zi’s slumber time, Lin Ran deduced that he was afraid that he had slept for quite a long time, and at this point, he also wanted to know how long he had slept for.

“How long?”

Zhen Yan smiled and thought about it, and spoke.

“Almost a thousand years!”

“A thousand years?”

Lin Ran was dumbfounded at his words.

A thousand years! They had been away for a thousand years, so what would it have to be like now?

Moreover, wasn’t this too accurate, saying that it was a thousand years and it really was a thousand years?

Lin Ran was speechless in his heart, remembering that Life Locking Pill that he had been forced to take by Elder Feng back then.

That’s right, it was that Life Lock Pill, and it was this Life Lock Pill that Lin Ran relied on for his resurrection.

At the beginning, in the Sea of Blood in the Fey Demon World, the Life Lock Pill in Lin Ran’s body was lifted for the kind of bondage that would kill him if he betrayed the Mysterious Alliance.

At that time, Lin Ran was still unsure if the efficacy of the thousand-year resurrection was still there, but now it seemed that this Life Lock Pill had not let him down.

“It’s truly a destiny in the underworld, a thousand year period of otherworldly rebirth!”

Lin Ran couldn't help but sigh with emotion, while also remembering the long wait he had experienced during this thousand-year slumber.

Chapter 1629

"My mind is rather scrambled right now, can I wait until I remember to ask?"

Lin Ran asked as he looked at Zhen Yan.

"Yes!"

Zhen Yan laughed, ? Whirling, however, he opened his mouth and said.

"Little friend is new to this Immortal Realm, it's normal for you to be unable to react for a while, why don't I ask you a question first then?"

Lin Ran smiled lightly at his words and said.

"Senior wants to know why I can be resurrected?"

He himself was from Earth, which Zhen Yan obviously knew, but he wasn't very surprised, obviously this kind of thing seemed to be very rare for them in the Immortal World, so I'm afraid that the only thing he wanted to know was the matter of why he could be resurrected.

"Haha, that's right! This matter wasn't mentioned in the pillow book at first, I was indeed curious!"

Zhen Yan didn't hide it and laughed.

Lin Ran smiled at his words and said.

"There's nothing to hide, I can tell you, but before I answer this question of yours, a question comes to mind!"

"That question is, why don't you seem to care very much about the fact that I'm from Earth?"

You know, to the Immortal Realm, Lin Ran was considered an outsider, and this was definitely a big thing on Earth, but in the Immortal Realm no one seemed to care about it.

Zhen Yan smiled at his words and said.

"It's a long story, but the simple fact is that there are too many people from all the small worlds in the Immortal World, so there's nothing surprising about whether or not you're a native of the Immortal World!"

Said Zhen Yan, pointing to the forest in the distance.

"Even in my Beast King Domain, there are still many magical beasts that come in from the small worlds every year! Not to mention the more prosperous Immortal Emperor Domain!"

"You can understand it this way, the sky of the small world is just that high after all, when someone is capable enough to poke through this sky, he will come to the Immortal Realm!"

“And you’ve got to Earth, it’s just a bit further away from the Immortal Realm! So the only Earthlings who have come to the Immortal Realm over the years are actually the Nine Heavenly Mystic Maidens and your group!”

Lin Ran nodded at his words, so that was the case.

It was true that very few people from Earth came here, but there were many people or cultivators from other small worlds, so it caused the Immortal Realm to seem uncomfortable with such foreigners.

“Alright, then I’ll talk about this resurrection thing!”

Lin Ran laughed, and immediately stretched out his palm at once a complex pattern of divine patterns actually appeared on his arm.

“This is?”

Zhen Yan looked shocked.

“I only know that this thing is called the Burning Heart divine Pattern, it is a pill that I was forced to take in order to join a power back then, this pill is called the Locked Heart Pill, the person who takes it must be loyal to that power, but this same pill has a legend that people can be reborn and resurrected within a thousand years after they die!”

“Of course, this matter has not appeared on Earth at all, I think I should be the first person to take this elixir to resurrect!”

Lin Ran said.

“No no!”

Zhen Yan looked but shook his head.

“This isn’t some heart-burning divine tattoo, this is an immortal tattoo!”

“Immortal tattoo?”

Lin Ran was even more shocked at his words.

“What does that mean?”

He asked busily.

“This tattoo is a divine tattoo that can only be comprehended after achieving the position of Immortal Emperor! I had seen it on an old Immortal Emperor back then!”

Zhen Yan said.

“That’s not right, then why doesn’t the pillow book know about it!”

Lin Ran hastily asked, if this divine pattern was unique to Immortal Emperors, then Pillow Book should have known about it, but back then he clearly looked as if he had never seen it before.

“It’s not strange that he didn’t know, because this divine tattoo isn’t important, it’s just a status symbol and doesn’t have any special meaning!”

Zhen Yan explained.

“But even if it’s just a status symbol, the fact that it appears on an elixir is enough to show the value of the elixir!”

“Looks like I know what you’re taking?”

Zhen Yan said.

“What is it?”

Lin Ran was busy asking, he actually had a vague feeling that the Heart Lock Pill wouldn’t be this powerful, I’m afraid that it wasn’t something that the Mysterious Alliance could make, it might be something left behind after the great war back then.

“This kind of thing, if I’m not wrong, should be called the Qiankun One Qi Pearl!”

Zhen Yan said.

“This Qiankun One Qi Pearl is the last potion of Dan Tian Shi, the Pill Master back then!”

Zhen Yan said and recounted.

It turned out that this Dan Tian Shi was a master at the height of the art of pills back in the days of the old Immortal Emperor. He had coincidentally obtained a strand of Chaos Qi in his twilight years and later exhausted himself trying to refine it into a pill.

But Chaos Qi could not be retained in the human body and would inevitably dissipate into the heavens and the earth once it was removed, so he tried to preserve it through pills.

In the end, he found the Immortal Emperor, who helped him and finally helped him to make this potion.

There were only three finished pills in one potion, and seeing the potion but the Immortal Emperor was so satisfied that he passed away.

To commemorate him, the Immortal Emperor inscribed the Immortal Emperor’s divine mark on it.

Later, within a few years the great war broke out, at that time these three Qiankun together with the beads are unknown where to go, never thought that eventually there is one appeared in your small world.

“I think this one should have been given by the Immortal Emperor to the Nine Heavenly Mystic Maidens, and it ended up in your hands by accident!”

Zhen Yan said.

Lin Ran’s whole body was shocked at his words, and it was at this moment that he truly felt what it meant to say that there was a heavenly will in the underworld.

There were so many people who had joined the Mysterious Alliance in the first place, but it turned out that this authentic Qian Kun Yi Qi pearl had come into his own hands.

The previous owner of this bead was probably the Nine Heavenly Mysterious Maiden, and it seemed that everything was as arranged, leading Lin Ran in a direction from the underworld.

“Forget it, so what if we knew about it, after all, it’s been a thousand years, if the Immortal Emperor could be resurrected I’m afraid he would have been resurrected already!”

Zhen Yan laughed.

Lin Ran also nodded at his words, indeed, but how great was the origin of this Qiankun One Qi Pearl, but after all, so many years had passed.

He himself had all been resurrected, and if the Immortal Emperor had taken this elixir back then, I’m afraid he would have already killed back!

But everything now seemed to indicate that the Immortal Emperor had really fallen.

“Yes! It’s all in the past anyway, it’s all fate that I’ve survived, thinking about what I’ve been through these thousand years before, I really don’t want to look back!”

Lin Ran shook his head with a bitter smile.

Other people only knew that he had been resurrected after a thousand years, but no one knew what he had gone through in those thousand years.

And how he had managed to persevere through it!

“Although I hate to mention it, but senior has helped me so much, I naturally still have to tell senior!”

Lin Ran laughed and said as he looked to Xiao Jiu who was on the side.

“Where else can you find the Fruit of Divine Thought?”

“There’s one on this island!”

Little Nine laughed.

“Help brother find two of them over!”

Lin Ran laughed.

“Okay!”

Without much thought, Little Nine got up and ran over with Little Green Snake and Li.

“Looks like the process was painful, you don’t even want Xiao Jiu to know!”

Zhen Yan asked with a smile when he saw this.

Lin Ran didn’t deny it and nodded his head.

“I’m afraid she’s heartbroken, so let’s finish this quickly!”

Chapter 1630

As he spoke, Lin Ran recounted his experiences over the past thousand years.

It turned out that back then, after losing consciousness, Lin Ran had been silent for a long time, so long that even he did not know exactly how long he had slept.

It was not until one day when Lin Ran suddenly became conscious again in a haze that he realised that he seemed to have awakened.

But at that time he was very weak, so weak that he was only awake for ten minutes before immediately falling back into a deep sleep.

After being so drowsy for an unknown amount of time, when Lin Ran woke up once more, he found that his divine sense was much stronger.

However, there was still endless darkness around him.

He could not feel the presence of his own body, and his entire being was only a wisp of consciousness wandering in the endless darkness, as if he were a lonely ghost.

But compared to the lonely ghost, he was much more miserable, for the lonely ghost at least had a companion, but he had only himself.

There was darkness everywhere, and Lin Ran soon became bewildered, not knowing what the meaning of his existence was and where he was.

At that moment he even thought he might have died, just a wisp of a soul waiting to be reincarnated.

For an unknown period of time, Lin Ran's consciousness was in danger of collapsing at the worst moment.

But in the end he survived, and gradually a ray of light began to appear in the endless darkness.

The light only appeared a little at a time, but this little light seemed to light up all the hope in Lin Ran's heart.

He began to hold on, hold on!

More and more light appeared, but time passed so quickly that at times Lin Ran even became irritable when no new light appeared for a long time! Anger! Restlessness!

He had no idea how many emotions he had survived, how many times he had despaired.

But those torturous years were passages he would like to recall even now.

While asleep at least he knew nothing, but when consciousness returned, it was the long wait that was the beginning of his torment.

The bright light finally lit up the entire dark space one day, and Lin Ran saw countless rays of light surge and begin to converge.

Those lights converged into an orb that floated right in front of him.

Lin Ran looked at the orb and felt very close to it, but it was impossible for him to get the slightest bit closer.

The reason was that as soon as he got close, the white light would sting his divine sense, and on several occasions he tried to rush over because he was emotionally unstable.

But the result was that it almost wiped out his entire divine sense.

Just when Lin Ran thought that the light mass had nothing to do with him.

Suddenly, one day, lightning appeared.

Purple lightning flashed continuously throughout the space, and with each flash, a ray of lightning would strike above that light mass.

By this point, Lin Ran's hellish torment had only completely cut through its wildest side.

Every time a ray of lightning struck the light mass, Lin Ran's divine sense would feel it, the feeling as if the lightning was striking on top of his divine sense.

Soon his divine sense couldn't carry it any longer and fell into a new drowsiness.

But this time, the heavens did not even give him the right to fall asleep.

The lightning struck down, waking him up from his drowsiness, and then striking him back into a drowsiness from being awake and so on and so forth.

I don't know how long it took, but when Lin Ran came to his senses once again, the lightning in space had already dissipated.

And the ball of light in front of him had changed completely.

The original ball of light had been struck by lightning and turned into a white figure.

Lin Ran looked at the figure that appeared in front of him, and at that moment he cried.

The figure that appeared before him was none other than himself!

After a long sleep and endless lightning strikes, he finally made it through.

Later, a strange force pulled him and pushed him towards the white light figure.

Lin Ran knew in his heart that the figure was his own flesh, and that he had to fuse with it in order to be resurrected.

So he went on his way, but when the fusion began a new round of torture came upon him.

The white light figure and his divine consciousness came into contact, as if two very different forces were trying to fuse.

Once again, Lin Ran's divine consciousness was tortured to drowsiness, then awake, and then through drowsiness.

There were several times when Lin Ran was so tormented that he wanted to give up.

But if he thought about it, I was afraid that if he really gave up, he would not have the chance to see Song Nuan and the others in the future.

In the end, he gritted his teeth and persevered.

Afterwards, Lin Ran wondered whether he had died completely or whether he had really been reborn.

Because the last of him? d completely lost consciousness.

Until one day, he suddenly felt very suffocated and frantically raised his hands to scratch upwards, as if he wanted to climb out of this suffocating place.

Eventually he touched the dirt and finally the ground, which led to the scene that Wanqing saw earlier.

“I originally thought that this process wouldn’t take too long, but I didn’t realize that it would be a full thousand years before I knew it!”

Lin Ran looked at Zhen Yan and shook his head helplessly, laughing.

Zhen Yan was the one looking emotional, while giving a thumbs up at Lin Ran.

“I admire you, all think that resurrection is a thing that excites everyone, but after really listening to you, it seems that this resurrection is not something that anyone can do!”

“Not quite, at least now I don’t want to experience it a second time, that feeling I’d rather just die than experience it a second time!”

Lin Ran laughed bitterly, seemingly speaking in a casual manner, but only those who had experienced it personally would know how desperate it really was.

At that time, I’m afraid that if Lin Ran’s will had been a little bit slacker, and his endurance a little bit worse, he probably wouldn’t have had the resurrection he has now.

“Alright, almost everything that needs to be said has been said, I wonder how exactly this Fruit of Divine Thought is going to be used?”

Lin Ran looked at Little Nine who had already rushed back with Little Green Snake and Li, and couldn’t help but ask with a smile.

Zhen Yan didn’t hide anything when he smiled and said.

“It’s simple, you eat it and then place your soul imprint on another only, later on if a person eats the other one, they will be able to see the memories you are willing to let them see!”

“Just that you have friends coming?”

Zhen Yan was a little puzzled.

At the beginning, Lin Ran’s life and death were unknown, that was why True was leaving behind this Fruit of Divine Thought, but who was Lin Ran leaving it to now?

“I really don’t know if they’ll come back either, so I’ll leave one for now and see!”

Lin Ran laughed, and then got up with a smile and walked over towards Xiao Jiu.

“Here you go, brother!”

Little Nine ran into Lin Ran's arms from afar and handed over the two Fruits of Divine Thought.

Lin Ran took them but didn't eat them straight away, as he still had one more thing he needed to ask Zhen Yan about, and since he was leaving behind part of his memories, Lin Ran naturally wanted to be as complete as possible.

The memories left behind could not be like a pillow book, where one could only see their experiences, but would not be of the slightest help to Lin Ran in how to gain a foothold in this Immortal World in the future.

"Senior!"

Lin Ran rushed at Zhen Yan and bowed before sitting down on his knees and continuing to ask.

"I'm new here, I wonder if I can tell you about the cultivation levels in the Immortal Realm!"

"A small matter!"

Zhen Yan smiled blandly, and then he pointed his finger, and a ray of light entered Lin Ran's mind, and the next moment some things about the Immortal Realm appeared in Lin Ran's mind.
