

Doctor

Chapter 1661

“I said I said!”

At this moment, Wan Mu was truly stunned, he couldn't help but gulp as he looked at Lin Ran, his eyes filled with panic as he said.

“Whatever you want to know, I'll tell you!”

“What is the place of trial is, and what is that golden python letter talisman!”

Lin Ran repeated the question.

Wan Mu smiled and was silent for a moment before saying.

“This is the place of trial, it's the place used for testing every time the Chao Beast Mountain recruits new students!”

“As for that Golden Python, it's actually a magical beast used for the test, caught by the Dynasty Beast Mountain, it has nothing to do with me!”

Wan Mu was busy explaining.

“What about the amulet? Also does this place of trial frown have a formation on how to get out!”

Lin Ran continued to ask after him.

“There are formations around this place of trial, but I don't know how to get out, it's my first time participating in a trial too!”

Wan Mu cried out.

It was just this nonsense of his that Lin Ran could so possibly believe.

“Playing tricks with me, are you?”

Lin Ran said as he pressed his palm against Wan Mu's arm, and the next moment, he heard a crunching sound, and immediately Wan Mu's arm was fractured.

The pain was so intense that Wanmu lost all resistance and said.

“Don't do it, I'll tell you, I'll tell you!”

Wan Mu was on the verge of tears at this point, as he covered his arm and looked at Lin Ran, who had an icy gaze, and opened his mouth to continue.

“There are indeed formations in this land of ten or so years, if you want to get out you can only look to rely on a messenger, otherwise if you break hard into the Chao Beast Mountain you will immediately know your location!”

“So if you want to go out, you can only get the amulet, and after you get the amulet the formation will not stop you!”

Wan Mu said everything he knew in one breath, not daring to hold back the slightest bit.

However, Lin Ran was looking at him, clearly not believing it straight away.

“What I said is true, if you don’t believe me anymore there’s nothing I can do!”

Wan Mu cried out when he saw this.

Lin Ran smiled at this but smiled and said.

“I don’t care, anyway, if what you say is true, we’ll know when the time comes!”

“What do you mean?”

Seeing Lin Ran’s smile with an evil twist, Wan Mu panicked, not knowing what this guy was up to, but it was definitely not something good that was being planned behind that evil smile.

“There’s no point, since the only way to leave is to get the amulet, then you can accompany me on my journey!”

After saying that, Lin Ran lifted Wan Mu up with one hand, and then rushed towards the depths of the forest.

“Hey! I’m not going, I’ve told you everything you need to know, I don’t want to die!”

Manmu shouted busily, yet the next moment Lin Ran had already taken out an object and gagged him, and the two soon disappeared into the night.

And just less than ten minutes after the two men left, a large group of men came looking in the distance, holding torches they soon found the two men passed out on the ground.

“Hey wake up! What’s going on?”

Someone stepped forward and shook the two men awake.

When the two men saw that everyone who had taken part in the trial had come, they couldn’t help but feel tight in their hearts, but then they realised that Wan Mu had disappeared.

“Where is Wan Mu?”

“Yes where is he?”

The crowd was busy asking.

The two men were silent for half a day before they said.

“He should have gone to fetch the messenger alone, the Golden Python is too dangerous he is afraid that something bad will happen to you guys!”

“Huh?”

The crowd could not help but feel grateful in their hearts at those words.

The two men were a little helpless, how else could they say at this point, it was hard not to say truthfully that the three of them had run out and ended up being attacked by a mysterious person.

“Brother Wanmu is really righteous, we can’t let him risk his life alone, those who are willing to go should follow me to find Brother Wanmu now!”

Someone soon shouted.

“Go together!”

“Yes, let’s go together!”

The others responded, and a group of people whirled around and also rushed towards where the Golden Python was.

.....

But at this time, in the clan of the Chao Beast Mountain, Lie Shan and Wan Shou had finally arrived here.

After they told Chao San about the situation, the latter couldn’t help but curse out.

“You two fools! How fucking stupid!”

“Sect Leader, I

Lie Shan was full of embarrassment, it wasn’t that he hadn’t thought that Chao San would be furious, but he also didn’t expect to be so furious.

“You stupid bastard! How dare you mess with an existence like the Luo Ran Merchant Firm, where is that person named Lin Ran!”

Chao San asked in an angry voice.

“Ran Ran away!”

Lie Shan said awkwardly.

“Ran away?”

Chao San almost didn’t spurt out a mouthful of old blood when he heard this news.

“Sect Leader, he didn’t run far, he’s in the trial land! There are formations around it, so he must not have escaped yet!”

Lie Shan was busy speaking up when he saw this, he was truly afraid that Chao San would slap himself to death out of anger.

“The place of trial?”

As expected, Chao San’s face instantly turned a little better when he heard this news.

He only pondered slightly for a moment before he immediately chided at the guards at the side and said.

“Go and inform the other two elders to come over!”

“Yes!”

The man immediately led the order and left, and just a moment later, the other two elders also arrived.

Without any nonsense, Chao San directly told them about the situation, and then ordered.

“You three take all of the Dao Foundation realm disciples in the sect and enter the trial place, make sure to capture Lin Ran for me! Dead or alive!”

“Yes!”

The three hurriedly answered.

“Right, Sect Leader, there are still new students in the place of trial, what about them? Should we tell them to leave?”

Lie Shan next to him asked, he was in charge of all the new students.

“No, try not to spread the word!”

Chao San’s face was icy cold.

“Understood!”

Lie Shan then nodded, and immediately left the place with the other two elders.

“You come with me!”

Chao San glanced at Wan Shou before leading him in towards the inner court.

Wanshou didn’t dare to be slow and busily followed.

For Chao San not wanting Xin Sheng to know about Lin Ran, Lie Shan did understand the meaning.

After all, the stakes were high at this time,? If Luo Lue and the Luo Ran merchant firm knew about it, they were afraid that their Chao Beast Mountain would have to suffer an extinction.

Moreover, even if the Luo Ran Merchant Firm had never known, then if word got out that their Chao Beast Mountain had actually been broken into the trial site, it would undoubtedly be like a slap in their face, simply as humiliating as it could be.

Naturally, Chao San did not want to let such a thing happen.

And just as Lie Shan, together with the other two elders, finished gathering the Dao Foundation realm disciples to rush into the place of trial.

In the depths of the trial land, Lin Ran was already leading Wan Mu to stop in front of a huge cliff.

This cliff seemed to be a broken cliff, but it was also covered with gigantic trees, so if one did not really come here, one would not really be able to discover the existence of this cliff.

There was only one lone tree slung over the entire break in the cliff, and I don’t know how it had grown out.

And right next to this big tree was a cave that was more than a man high, with a dark colour leading into it.

“Right There it is, that golden python is in that cave!”

Wanmu said, pointing to the craggy cave, his whole body trembling with fear.

“Now Now you can let me go!”

Chapter 1662

“Let you go? You think so!”

Lin Ran glanced at Wan Mu indifferently, followed by directly waving his hand and striking a stream of true qi towards that mountain wall.

“Bang!”

The true qi hit the mountain wall, and instantly the entire mountain wall shook.

Following this, Lin Ran saw that Wan Mu’s face at the side changed abruptly.

“You’re fucking crazy! That’s a golden python, we’ll all die if you lure it out directly!”

Wan Mu cursed angrily, followed by strength that came out of nowhere, and as soon as he broke free of Lin Ran he turned around and was about to run.

“Stop right there!”

Lin Ran gave a backhanded slap, and a strong wind instantly flipped Wan Mu to the ground, where he lay motionless.

However, the guy’s mouth was still cursing.

“You they are crazy, I don’t want to die, don’t drag me if you want to die”

Wan Mu just finished a sentence, even a breath did not come up, suddenly the whole person froze.

Lin Ran didn’t care to pay attention to him at this moment, because at this moment he had already felt the vibration, which was coming from the distant mountain wall.

“Rumble!”

The sound of a huge tremor was as if an earthquake had occurred, shaking the already calmed cliff back and forth again.

Following this, Lin Ran saw that two blood-red eyes had actually appeared in the cave above the cliff.

The eyes appeared so quickly that they burst out of the cave in the blink of an eye and instantly coiled around the trunk of the large tree on the cliff.

Only then did Lin Ran see clearly that the one that had rushed out of the cave was a giant python.

The python’s body scales were glowing with gold, as if it was forged from gold, except for its two eyes, which emitted a bright glow in the darkness, and were intimidating.

“It’s a golden python! It’s a golden python!”

Seeing that huge python, Wan Mu was so frightened that he almost didn't faint and turned around to run, but it was only when he turned around that he realized that he was still trapped by Lin Ran, and his body couldn't move at all.

"Let me go! Let me go!"

Wan Mu was so scared that he was about to piss his trousers, and his heart was anxious.

It was fine if you wanted to die yourself, but you didn't have to drag yourself along, what the fuck was this.

"Shut the hell up!"

Lin Ran turned his head and glared at Wan Mu, before asking in a cold voice.

"Where's the amulet?"

"The amulet? It's right over there!"

Wan Mu said, pointing at the location of the Golden Python's seven inches.

Lin Ran looked at the golden python and saw that there was a bag hanging from the seventh inch of the golden python.

The bag was hung in a strange way, and there were no horns at the seventh inch of the python, so the rope could not be tied to it.

The bag had been sewn directly into the flesh and blood under the scales of the golden python.

As the saying goes, the seventh inch of a snake is very important, and the bag was tied to the seventh inch of the golden python.

Obviously I tested the strength of these new students, but at the same time this would also make the task more difficult.

After all, to take the talisman from the seventh inch of the golden python, it required not only strength, but also courage and luck.

"Whoosh!"

As Lin Ran was thinking in his mind, the golden python that was coiled up on the cliff was already moving.

In the darkness, its golden scales stood out under the moonlight, but at the same time, its rapid rush was dizzying to the eyes.

Wan Mu didn't even see when Lin Ran moved, the moment before the golden python rushed down this guy had already disappeared in the same place.

"Rub!"

In the darkness, a cold aura appeared out of thin air, instantly bringing up a sharp sword blade straight towards the golden python.

“Bang Bang Bang!”

The sword blade instantly collided with the golden python, however, the destruction that Lin Ran had imagined did not occur, instead, a series of sparks splashed out.

The golden python’s scale defense was actually staggeringly strong.

“This beast’s defence is too strong too!”

Lin Ran frowned as he watched, his heart sinking as he whirled and then slashed directly past it with several more sword maces.

But the result was still the same, the sharp sword mane did not hurt this golden python at all, but only knocked it down a few points from the top of the giant tree.

“What kind of magical beast is this?”

Lin Ran was shocked in his heart and was busy asking Qing Zi.

“I’m not sure about this!”

Qing Zi said with some embarrassment, to be honest she didn’t even know as much as Xiao Jiu about magical beasts.

The latter was an immortal weapon beside the Immortal Emperor, and had been following him since the birth of his spiritual intelligence, and the book only recorded what the Immortal Emperor had seen and heard for most of his life, so he knew far more about all sorts of exotic things than Qing Zi did.

The Qing Zi was only a divine weapon bred from heaven and earth, and she had been following her master since she was found and taken away by the First Master.

That master was not a person who liked to travel, so Qing Zi’s eyesight was naturally much smaller.

Later, when the Great War broke out in the Immortal World, she was even exiled to Earth as a result, so in terms of insight, she was naturally no match for the pillow book.

There was nothing Lin Ran could do about it,? He could only ask Xiao Jiu and Li, both of whom had lived in the Beast King Domain for hundreds and thousands of years, and thought they should know where this golden python came from.

“Brother, this is a bunch of mutated golden pythons, there should be the bloodline of the recluse python in its body, so the skin is thick and flesh normal people can’t even get on it!”

“But this thing also has no poison, kill all rely on great strength, at least the strength is not too much difference, this thing also can not hurt people!”

Xiaojiu busy said.

“Can you and Li hold it down, I just need the letter talisman in its seven inch position!”

Lin Ran said busily, with such a big commotion over here, he was afraid that soon the people from the Chao Beast Mountain would come over, so there wasn’t really much time left for him.

“I’m afraid this won’t work!”

Xiao Jiu frowned and said.

“In fact, in the Demonic Beast Realm and the Human Realm are similar, some people listen to the Immortal Emperor, and naturally some don’t!”

“As long as they are magical beasts, most of them will head to the Beast King Domain, that’s where they live,? can be sheltered by Uncle Yan!”

“But this kind of magical beasts that have left the Beast King Domain are obviously very ambitious, they won’t listen to us I’m afraid!”

Little Nine wondered.

“Alright!”

Lin Ran was not much disappointed at his words, in itself this was his own business, asking was just to see if there was a better solution, since there wasn’t then he had to rely on himself.

After comforting himself in his heart, Lin Ran stopped thinking about finding someone to help him.

If he couldn’t even solve a golden python in front of him, then he could go home.

Thinking of this, Lin Ran’s eyes were steeply cold, and in the next moment the hilt of the Frost Condensation Sword in his hand was put away, and a sharp dagger appeared instead.

It was the Broken Tip!

“Hard skin, I’ll see how hard it is!”

Lin Ran’s eyes snapped cold, and the next moment his speed exploded to the extreme as he charged straight towards the Golden Python.

“Lunatic! You’re a fucking lunatic!”

Seeing this scene, Wan Mu on the ground in the distance was so scared that he pissed himself, and busily closed his eyes not daring to look.

He was afraid that this golden python would swallow Lin Ran straight away and come for himself the next moment.

Chapter 1663

“Roar!”

The golden python also seemed to be enraged by Lin Ran’s actions, and opened its bloody mouth to roar at Lin Ran.

After that, the huge body of the snake fiercely bowed up, as if it was ready for a fight.

Lin Ran looked at the golden python with a wary gaze, and his entire body had also been bowed, so he was obviously prepared for anything.

“Lunatic! Crazy man!”

Wan Mu looked at this man and snake in front of him and couldn't help but feel fear in his heart.

He didn't care if Lin Ran died or not, all he cared about was his own life.

Right now this golden python's attention was on Lin Ran, but later on if Lin Ran died, it would be him right after him.

With fear in his heart, Wan Mu struggled frantically to free himself from Lin Ran's restraints.

Lin Ran's restraint on him was only a wisp of true qi, and although it could suppress him for a while, the restraint would naturally loosen as time went on.

With Wan Mu's frantic struggle, the bonds on him were gradually weakening.

But Lin Ran and the Golden Python had no more patience, and after a few moments of confrontation, they finally moved at the same time.

The Golden Python's entire snake head rushed down from the cliff tree almost instantly, heading straight for Lin Ran.

Lin Ran wasn't stupid either, his entire body immediately shifted as he charged forward, directly dodging it, and then actually collapsed his foot on top of the rock wall and charged up towards the giant tree on the cliff.

“Crazy! Crazy! It's all fucking crazy!”

Seeing this scene, Wan Mu was so frightened that he immediately wet a large area under his ass.

At the same time, he had already broken free from Lin Ran's restraints and got up to run.

But at this moment, the golden python's head that had originally rushed towards Lin Ran came straight towards Wan Mu's direction because it had pounced on him.

“Ah!”

Looking at the huge snake head coming towards him, Wan Mu was so frightened that he fainted directly before his eyes.

The golden python was obviously not interested in him either, and the huge golden snake head fiercely turned and charged towards the craggy tree where the snake's tail was still.

At that moment, Lin Ran had already climbed up the tree and reached the tail of the golden python.

The golden python was huge and very cunning, and its tail never left the tree, obviously fearing that it would be in danger so that it could retreat to the cave behind the tree at the first opportunity.

The snake's head was hanging outside, waiting for an opportunity to move. It was almost impossible for Lin Ran to get the talisman directly, as the snake's head was suspended in mid-air.

If Lin Ran dared to defend himself in the air, it was likely that the snake's head would send him flying.

Therefore, for the sake of simplicity and efficiency, he chose to climb up onto the snake's tail first, and then try to get the amulet.

Sure enough, as soon as he climbed onto the snake's tail, the huge snake's head attacked back directly.

Seeing this, Lin Ran dared not help but have a smile in his eyes, only to see a cold flash in his hand.

In an instant, the dagger broke its tip and stabbed violently towards the golden python's snake tail.

"Bang!"

With a dull sound, at once Lin Ran only felt his tiger's mouth shake, and looking down he couldn't help but be stunned.

He saw that the full force of his dagger's broken tip had only left a red mark on the snake's tail.

Although it had pierced through the snake's scales, it had not been able to penetrate.

"It's really hard!"

Lin Ran gritted his teeth and immediately prepared to do it again.

But at that moment, the Golden Python's head had already come running back, and its bloody mouth was heading straight for Lin Ran's head.

"Good timing!"

Lin Ran's eyes chilled as he saw this, then he didn't bother with the snake's tail, and with a fierce effort, he leapt onto the snake's back.

"Roar!"

Seeing Lin Ran jumping straight at him, the golden python let out a roar, and its huge snake head slammed into the side of the rock wall, trying to knock Lin Ran down from above.

However, it had underestimated Lin Ran's determination. At this moment, Lin Ran was clinging to the huge Golden Python's snake body so tightly that he could even hear the sound of crumbling rocks in his ears.

He struggled to stabilize his body, and then without saying a word, he raised the dagger in his hand and instantly stabbed it towards the snake's seventh inch with the infusion of true qi.

"Bang!"

A muffled sound, Lin Ran instantly felt a heat on the back of his hand,? Turning his head to look, this dagger had gone down and directly opened a tiny gash in the seventh inch.

"This place has been made open before!"

Lin Ran's heart was pleased, the bag with the messenger was in this spot, obviously in order to tie the bag to this spot in the seven inches, someone from Chao Beast Mountain had once cut open the scales of this golden python.

And this fiddling with the beast mountain had instead helped Lin Ran, making it a lot easier for him.

“Bang!”

And then there was another dagger, this time Lin Ran saw that the seven inch wound was even bigger, at the same time the entirety of that golden python had gone crazy, obviously it knew that its scales had been slashed by this kid.

“Roar!”

Letting out a roar, the Golden Python’s entire snake head instantly pressed against the wall and headed straight for the giant tree, having been unable to knock Lin Ran off his body, which had obviously caused it to go on an angry rampage.

At this moment, Lin Ran was too lazy to care about that, seeing that the bag of talismans was about to reach him, he was so ruthless that he directly stabbed down another dagger.

This time, the dagger fell, and the entire dagger was instantly buried in the snake’s body.

At the same time, the whole bag fell off and was in Lin Ran’s hand.

But at that moment, the Golden Python went completely crazy because of the severe pain.

Its whole body trembled and it went towards the cave in the wall, obviously sensing that its life was in danger and wanted to bolt.

“Holy shit!”

When Lin Ran saw this, he was also ready to bolt and jump off the snake, but before he could react, his entire eyes went black and the next moment he was dragged into the cave with the golden python on his back.

When he felt himself being dragged into the cave, Lin Ran’s heart sank and he gripped his dagger firmly with both hands, fearing that he would be dropped by the golden python.

At the same time, his whole body was lying on top of the golden python for fear of being touched by the rocks above.

At this moment, the golden python was very fast, so if there was a bump above the cave, even if it was just a touch, even if Lin Ran’s body was strong enough, he would still have to suffer a lot of injuries.

Lin Ran clung to the snake’s body and did not dare to move, but he thought that everything would be fine.

As a result, Lin Ran was thrown backwards, along with the dagger, as he didn’t know what had happened.

Several times, he was almost thrown out, but thanks to his firm grip and constant adjustment of his body shape, he was able to hold on and not be thrown out.

“Bang!”

Suddenly, just as Lin Ran was caught off guard, the entire snake body of the Golden Python actually came to a violent halt.

The huge inertia directly threw Lin Ran out in front of him, and his entire body instantly detached from the snake's body, and even the dagger in his hand fell off the snake's body.

As soon as he landed on the ground, he immediately backed up to the corner of the wall and looked ahead vigilantly.

As his eyes gradually adjusted to the darkness in the cave, Lin Ran then saw that the golden python in the distance was actually lying motionless on the ground.

"Dead?"

Lin Ran was a little puzzled and went forward vigilantly, and soon saw that the entire floor of the cave was actually covered in the Golden Python's blood, this fellow was actually dead.

Chapter 1664

"How did he die?"

Lin Ran looked puzzled, just now this guy was still alive and well, could it be that he had died just because he had cut his seven inches?

Lin Ran was puzzled and immediately went forward to take a look.

He saw that a huge slit had been opened on the huge body of the golden python at some point.

The gash was five or six metres long and had cut the entire back of the golden python, leaving blood flowing all over the ground.

"Why does this gash feel a bit familiar?"

Suddenly Lin Ran noticed a problem, and he was busy going up to the source of the wound and looking at it.

At this glance it suddenly dawned on him.

It turned out that what had really killed this golden python was actually the last dagger he had used.

At that time, the dagger was stuck in the golden python's seven inches, just as the creature fled for its life and returned to the cave.

The Golden Python's scales were indeed exceptionally hard, but that was for attacks from the outside, not including the cut Lin Ran had made earlier.

The dagger was inserted into the Golden Python's seven inches, and Lin Ran's entire weight was pressed against the dagger as soon as this guy carried it.

The golden python's snake skin couldn't resist, which was why it was cut from the seventh inch to the snake's abdomen at once, and it was because of this that Lin Ran felt his body recede before.

"What a wrongful death!"

Lin Ran laughed helplessly, he hadn't expected this golden python to end up in such a way.

He quickly stepped forward and took out the bag of messengers that had fallen to the side, opening it up only to find that the bag was actually filled with jade pearls, which were obviously specially made by this Chao Beast Mountain.

Lin Ran took out two of them and put them into his arms, and then prepared to leave the place.

However, when he reached the abdomen of this golden python, suddenly Xiao Jiu's voice rang out.

"Brother, brother! Give this Golden Python's snake guts to Lizzy!"

"Huh?"

Lin Ran was stunned at his words, and only then did he remember that Lizzy had the ability to devour.

At that time, Zhen Yan had once said that that black light of Lizzy's was very special, granting it an ability to devour.

It was said that after devouring a magical beast, there was also a probability of obtaining the ability of that magical beast, such as the then Triangular Electric Snake, and Zhen Yan had said that if Lizzy devoured the Triangular Electric Snake, then it was possible to obtain the Void Warp ability!

"What abilities does this Golden Python have?"

Lin Ran asked in some wonder as he thought about it, but still moved Li and Xiao Jiu out from within the scroll.

"I'm not of great either, but this guy just said he really wanted to eat the inner guts of this golden python!"

Xiao Jiu said helplessly.

Lin Ran smiled and looked to the side at Lizzy, and sure enough, he saw that this guy was running towards the abdomen of that golden python.

At the same time, on the two small protruding horns on his head, a black light actually emerged.

This ball of black light quickly rushed towards the corpse of the golden python in front of him, and the next moment in the abdomen of that golden python, there was actually a golden bead being rolled out.

That golden pillar was the size of an egg,? Throughout the body emitting golden light, Lin Ran is looking at the fascination, the next moment under the wrapping of black light, the bead is already swallowed into the stomach by Li.

"This This is eaten? Aren't you afraid of poison?"

Lin Ran looked dumbfounded, this way of eating was too brutal, not even washing it.

"It's delicious!"

Li squeezed out a smile at Lin Ran, and immediately the latter saw that a layer of hazy golden light was actually emitted from Li's body surface, and then Li actually fainted.

"Hey! This guy isn't suffering from food poisoning, is he!"

Lin Ran asked as he looked stunned.

“No way!”

Xiao Jiu laughed and picked Lizzy up before saying.

“It’s always like this every time it swallows and plays with a magical beast, Uncle Yan said it’s because it’s too weak, and that it won’t be when it swallows more magical beasts in the future!”

Said Little Nine and put Li into his arms.

Seeing this, Lin Ran said no more and raised his hand to put the two back into the scroll space.

Just as he had sent Xiao Jiu and Li into the scroll space, suddenly there was a loud noise from outside the cave.

Lin Ran’s heart sank and he knew that the people from the Beast Mountain were coming after him, so without saying a word, he lifted the messenger bag and ran out.

As soon as he rushed out of the cave, Lin Ran instantly saw that the ground beneath the giant tree was already filled with people.

These people were all youths, about the same age as Wan Mu, and were all gathered around him at this moment.

Wan Mu had already woken up by now, and when he saw Lin Ran come out of the cave, he immediately pointed to the entrance of the cave and shouted.

“That’s him! That’s him!”

“Him?”

The crowd couldn’t help but look at Lin Ran as they were still a little puzzled in their minds as to what Wan Mu meant by saying that it was him.

Because they had just arrived as well, Wan Mu hadn’t even had the time to tell them that he had been kidnapped by Lin Ran after he had woken up.

It was something he didn’t want to talk about either, because it was too humiliating.

But soon Wanmu noticed that Lin Ran was actually carrying a bag in his hand, not a messenger bag or something.

“This guy refused to actually get his hands on it? How is this possible!”

Wan Mu’s heart was shocked, that was a golden python! Lin Ran had actually even gotten his hands on the messenger bag.

And seeing as the Golden Python seemed to be unmoving at this point, he had already guessed something in his mind.

“He’s the one who stole our messenger, everyone, capture him and grab the messenger!”

With a thought, Wan Mu instantly got up and pointed at Li Linran and shouted.

You are a bully, but can you still be bully enough to fight with so many people of your own?

Moreover, Wan Mu had actually made up his mind that he would be ready to run away later while the scene was in chaos.

He didn't care if these people were Lin Ran's opponents or not, it was most important that he survived.

Lin Ran looked at the group of people beside Wan Mu as they rushed towards him and could not help but shake his head helplessly.

The most fearful thing about people was that they had no brains and believed whatever others said.

Just as Lin Ran was about to leave, suddenly in the darkness in the distance there was another cacophony of voices.

At the same time Lin Ran heard, a group of youths shouting.

"Elder Withered Bones, that boy is here!"

"Elder Lie Shan, we've found that kid!"

"Elder Huang Quan this way!"

Lin Ran couldn't help but look into the distance with a slight frown, only to see that there was actually a large group of people rushing over in the night behind them at that moment.

At the head of the group was none other than Lie Shan and two other old men who were dressed like him.

"It's really lively! The three elders of the Dynasty Beast Mountain are actually here!"

Seeing these people, a cold smile could not help but appear in Lin Ran's eyes.

Those people around the three elders all had a weaker aura and were not too old, so they should all be disciples of the Chao Beast Mountain.

"Lin Ran!"

Lie Shan also saw Lin Ran from a great distance, and there was an unconcealed anger in his eyes.

"Lie Shan, you really think highly of me, actually calling out so many people, but I'm afraid you're going to be disappointed this time!"

There was a cold smile in Lin Ran's eyes, and the next moment he saw him toss the bag of messengers in his hand directly towards the sky.

The next moment, he tossed the bag in his hand towards the sky, and then slapped it out with his palm, and the messengers inside were scattered all over the sky.

When those disciples who were participating in the trials saw the messengers, they all grabbed them like crazy.

The road in front of them was blocked for a while.

“I’ll see you later!”

Seeing this, Lin Ran sneered, and then turned around and rushed towards the distant night.

“Bastard give me chase!”

Lie Shan saw that he was furious, and immediately his body shot up into the sky and chased after Lin Ran, while the other elders and disciples beside him also chased after him.

Chapter 1665

Under the night, Lin Ran had completely lost his way, originally in this trial land he was just running around.

Later, he ran into Wan Mu and only then did he make his way to where the Golden Python was.

At this moment, he was being chased by Lie Shan and the others, and Lin Ran had no idea where he was.

But none of this mattered anymore, even if he ran into the formation of this trial place, he could still pass through it easily.

As Lin Ran walked along under the night curtain, gradually a light began to emerge from the distant sky.

“It’s almost dawn!”

Lin Ran sighed helplessly, but this was not the time to rest yet, so he had to continue on his way.

Luckily, the trees in this forest were thick and Lin Ran changed directions from time to time, which caused a great impact on Lie Shan and the others’ pursuit.

“Formation!”

Suddenly, Lin Ran’s forward charge stopped blankly, and then he saw a formation barrier ahead of him.

Quickly rushing closer, Lin Ran took out the talisman without saying a word, and in an instant a vortex of light flowed in front of him and appeared straight outside.

“Go!”

Without the slightest hesitation, Lin Ran whirled and dug in, before leaving the range of the formation.

He was smart though, once he left the formation, he didn’t rush towards the front, instead he ran around the formation barrier to one side.

Once Lin Ran had passed through the formation, Chao Beast Mountain would definitely have sensed something to know his position, and if he ran all the way forward he would not be able to escape from Lie Shan and the others at all.

So he made a comeback and ran in a circle around the formation, turning towards the side.

Sure enough, not long after Lin Ran had just disappeared into the night at the side, the three elders, Lie Shan Wither and Bone and Huang Quan, had already killed him at the back, along with many other Dao Foundation Realm disciples following him.

“Keep chasing!”

When they saw this gap in the formation, they already knew that Lin Ran had run away, but at this point, they thought that Lin Ran hadn't run out much further, and the group of people chased after him towards the front.

In the night, Lin Ran finally came to a gradual stop, at this point he could no longer feel anyone else coming after him.

After catching his breath, Lin Ran hurriedly checked his position.

He went up to a giant tree and looked into the distance, but when he did, he was speechless.

In front of him was the clan of the Chao Beast Mountain, and further back was the back mountain of the Chao Beast Mountain.

Lin Ran had carefully looked at the terrain around the mountain before.

Not far behind his mountain gate was a cliff, very steep, so it was almost impossible to escape from behind.

Unless Lin Ran could find a path leading down the mountain, which was all well and good as long as he wasn't asked to jump off the cliff directly.

Finding a tree branch Lin Ran hurriedly rested.

After spending a day and a night in his Qiankun bag, and then fighting the Golden Python in the Trial Land and fleeing for his life all the way over, he was already exhausted.

Although his body was full of true qi, he had come from Earth after all, and if he didn't sleep for a long time, his spirit would nearly collapse.

Lin Ran had also noticed this, but he thought that as he spent more time in the Immortal World, this would gradually change.

“I wonder how that fatty is doing, he usually loves to sleep, maybe he has adapted to the immortal world after all these years!”

Lin Ran couldn't help but ring a bell for Wang Yifeng.

It was just that he was too tired at this time, and he fell asleep leaning against a tree as he thought about it.

This sleep lasted for nearly three hours, and by the time Lin Ran woke up, it was already dawn.

Seeing that there was still no one around to chase him, he thought about finding a way to leave the mountain.

However, before he could get down from the tree, there was a rush of footsteps nearby, followed by two youths actually running past.

Lin Ran could see really well that the two were wearing the robes of the disciples of the Chao Beast Mountain.

“They’ve all come to search the back mountain so soon?”

Lin Ran’s heart sank as he quietly followed them, wanting to see if he could pry out any information.

As soon as he followed, immediately the conversation between the two came through.

“Senior brother, this back mountain needs to be searched as well!”

One of the slightly chubby disciples spoke up, and from the sound of his voice he seemed to be more honest.

“What else? This is what Elder Lie Mountain wants!”

A tall, thin disciple next to him said.

“But the elders themselves don’t even come!”

The slightly chubby disciple was a little dissatisfied.

“Who let them be elders? There wasn’t much of a crowd in this place in the first place, so we’ll go back after a quick look around!”

The tall thin one laughed.

“Senior brother, I don’t think it’s necessary, this night the three elders of Lie Mountain have searched almost the entire Chao Beast Mountain!”

“According to them, I’m afraid they will come back to this back mountain later on to make another trip!”

The fat disciple said.

Lin Ran couldn’t help but frown slightly at his words, this Lie Mountain was too ruthless, sending two disciples over wouldn’t work, he actually had to come over as well.

Thinking about this, Lin Ran couldn’t help but feel a little anxious, if Lie Shan and the others came over, he would definitely be exposed.

It was broad daylight now, and even if he escaped in the forest, he was afraid that he would be followed to death by Lie Shan and the others.

There were many of them, and they could tire themselves out by taking turns to chase them.

Lin Ran followed along while thinking of a way to escape.

Suddenly, he saw the two disciples in front of him jerk to a halt.

Only then did Lin Ran see that there was actually no more road in front of the two of them, and the three of them had already reached the edge of this back mountain.

“Senior brother, should we go down and take a look! I remember that there is a dog hole under this cliff, could that kid be hiding in there?”

The fat disciple spoke up and asked.

“Bullshit! If you want to go, you go, I’m not going!”

The tall, thin man said.

“There is no cover in that place, and the location is remote, if you are not careful, if you fall down, even the corpse can fall to the ground!”

The fat disciple not only took two steps back at his words.

Seeing this, the tall thin man was busy saying.

“All right, let’s go elsewhere, who would want to drill that dog hole, that kid looks like a powerful existence, otherwise how could he let the three elders take action and let us follow him!”

“Such people are powerful,? All have pride in themselves, there’s no way they’d go to a dog hole!”

“That’s right!”

The fat disciple nodded at his words.

In a whirl, the two of them ran towards the side.

“A dog hole?”

Lin Ran didn’t follow him over at this point, he was very interested in this dog hole at this point.

Although it was a bit degrading to drill a dog hole, at this moment, his head was tied to the waistband of his trousers, so Lin Ran couldn’t care less.

As the saying goes, a man can bend and stretch, he was just strategically shifting to deal a heavy blow to the enemy later.

As he was thinking, the sound of a crowd was heard in the forest behind him, and it was obvious that Lie Shan had already led his men to kill him.

When he saw this, Lin Ran was ruthless, and after seeing the situation outside the cliff, he climbed the cliff and felt his way towards the dog hole below.

As expected, just two minutes later, a cave that could only accommodate one person appeared on the cliff.

Lin Ran didn’t care so much at this point and leapt straight in, then wiped the footprints off the cave entrance and crawled inside.

Chapter 1666

Lin Ran had just entered this so-called dog cave not long after, and soon there was a sound of footsteps outside, and the sound of people talking.

“Elder Lie Shan, it’s the end of the line!”

“Yes! Does Elder want to go down into that dog hole and have a look?”

A disciple soon spoke up and asked.

“The dog cave?”

Elder Lie Shan was stunned at his words, obviously unaware that there was a dog cave under this cliff.

“There is a dog cave not far below this cliff!”

The disciple was busy explaining.

Lie Shan couldn't help but frown slightly at his words and poked his side out of the cliff to look below.

The location of this cliff was very tricky, so it wasn't difficult for cultivators like them to get in, but no one would find it on a regular basis.

“No need!”

After a moment of contemplation, Lie Shan spoke up and said.

“This dog hole is so tricky, even I don't know it, how can he, an outsider, know it!”

When the crowd heard Lie Shan's words, they all couldn't help but feel that it was reasonable and nodded their heads.

“All right, keep searching! If we don't find it, we're all doomed!”

Lie Shan said in a cold voice.

If Lin Ran really ran away, then not to mention them, I'm afraid that even Chao Beast Mountain would be finished.

This was why he was so desperately searching for Lin Ran, he was truly afraid that he would go back now and tell Chao San that Lin Ran had run away.

When that happened, the latter would slap him straight to death.

Soon after, Lie Shan left with the crowd, and at that moment Lin Ran, who was in the cave below, couldn't help but let out a long breath of relief.

If Lie Shan had really brought his men down to check on him, he would have been completely finished, and the phrase “a turtle in a jar” was the best way to describe him.

As he lay in the small cave, Lin Ran was finally able to breathe a sigh of relief and take stock of his current situation.

Although he was safe for the time being, staying in this cave for a long time was not an option, after all, he had not come to this immortal world for a holiday.

After all, he hadn't come to this Immortal World for a holiday, and as time went on, there was no guarantee that someone would find him.

Thinking about this, Lin Ran couldn't help but feel a headache, he didn't expect to run into this kind of thing right after he dared to enter the Immortal World simply made him want to cry.

“Forget it, let's wait for the night and find a chance to go down the mountain!”

Lin Ran decided after a slight pause.

At this moment, there must be people from the Beast Mountain everywhere outside, so if he rashly went down the mountain, something would definitely happen.

It would be better to wait for the night and find a path to get down while it was dark and windy.

Thinking of this, Lin Ran stopped talking nonsense and hurriedly found a comfortable place to lean against the wall and rested.

Last night was too short, he had only slept for three hours, and he was still very tired at the moment.

This was a comfortable sleep, and when Lin Ran woke up, it was already dark outside.

As soon as he woke up, Xiao Jiu's voice came over.

Lin Ran hurriedly moved her and Li out from within the scroll, and immediately saw that Li had actually woken up.

It had only been a short time, just one night, but he had never expected that Li had already woken up. What surprised Lin Ran was that at this moment, there was a faint golden light on Li's body.

Originally, Li's fur was snow-white and looked very cute, but at this moment, outside of its white fur, there was a faint golden light lingering around it, and the whole looked a little bit more noble.

"Brother brother, look!"

Little Nine was so happy that he slapped a hand towards Li.

Lin Ran couldn't help but be startled as he watched, yet Li didn't dodge or evade, only to see the golden light on its body tremble violently, followed by a layer of golden scaly-like things forming outside his body.

"Bang!"

Xiao Jiu's palm quickly landed on the golden scales, but then it was bounced out, actually failing to break this golden scale defense.

"This?"

Lin Ran looked a little shocked, this golden scale defence was very much like the body scales of a golden python! Could it be that this glaze could even learn the Golden Python's thick skin and thick flesh through devouring?

"This is too terrifying!"

Lin Ran couldn't help but say.

"Hehehe, Li is just that powerful, otherwise why would Uncle Yan think so highly of him!"

Xiao Jiu laughed.

"Alright don't praise me, I'm going to the heavens!"

Li said a little embarrassed.

Lin Ran was about to say something more when suddenly Qing Zi in his mind was the one who spoke up.

“Master, don’t be happy yet, there’s something I need to tell you!”

“What is it?”

Seeing Qing Zi’s gloomy face, Lin Ran was busy asking.

“Just now when you were resting, I heard someone seemingly talking deep inside this cave!”

“Someone was talking? Who was talking?”

Lin Ran couldn’t help but blush at his words, and was busy making a no-sound gesture at Xiao Jiu and Li, before putting the two back into the scroll space.

“I don’t know who it is, but I did hear it!”

Qing Zi said.

Lin Ran nodded at his words, and then cautiously felt his way towards the depths of the cave.

Qing Zi said that she had heard someone talking here, so she was afraid that there might be something fishy inside.

It was not yet completely dark, so Lin Ran was ready to go and see what was going on, in case there were any secrets hidden inside.

A layer of stone walls blocked the cave, and it seemed that this was the only depth of the cave.

The cave was surrounded by rocks, so it didn’t look like anything special.

The most important thing was that he had been very careful all the way here, not to mention the sound of other people talking, and he hadn’t even heard any birds chirping.

Only his own gasps echoed through the cave, which sounded very distinct.

“I refuse to be able to hear wrong!”

Seeing this, Qing Zi couldn’t help but freeze, it was clearly not like there could be other people present in this cave.

The whole cave was such a big place, so it was hard to think that there were people in the rock walls on both sides?

That was impossible! It wasn’t like this was the lair of a lava lizard.

“Forget it, there might be something wrong, or it could be the sound of the wind, after all, this place is a cave, so it could be that there is a wind blowing to form the sound.”

Lin Ran said, Qing Zi smiled but shook her head, if it was really the sound of the wind she wouldn’t have heard it wrong, after all Qing Zi wasn’t a mortal, how could she mishear the sound of the wind and the sound of people talking?

But at this moment, the situation inside the cave was like this, and Qing Zi was a bit confused for a while, not knowing what was going on.

Lin Ran turned his head to look at the outside of the cave behind him, his face had completely darkened by now.

“It’s almost time, it’s time to go!”

Lin Ran thought for a moment and then whirled around, ready to crawl towards the cave exit.

But the moment he turned around, he clearly heard a voice coming from behind him.

“Rubbish!”

That’s right it was the word waste, and he could hear it simply not too clearly.

“Who’s talking?”

Lin Ran’s whole body instantly tensed up as he looked behind him with an icy face and his whole body on alert.

However, it was as if the voice had completely disappeared, it actually did not ring out.

Lin Ran frowned and waited patiently with clenched teeth, but this time he waited for less than two minutes before a voice rang out again.

“To hand over or not to hand over!”

This time Lin Ran heard it clearly, the other party seemed very angry as they spoke.

“Could there be a hidden space in this place? One can only hear it when the other party speaks in a heavy voice in anger?”

Lin Ran thought in his mind.

Chapter 1667

The sound only rang out from time to time, and Lin Ran couldn’t even manage to judge the other party’s position at this point.

So he pressed his ear against one of the walls, and sure enough a faint voice soon reached his ears.

“You can’t do that, this is something that belongs to our Vanguard family!”

“The Vanguard family?”

Lin Ran had just listened when he heard this familiar name, and suddenly his entire body couldn’t help but be stunned.

“Could it be Wan Shan?”

Lin Ran was a little surprised in his heart and busily shifted his position to try which direction the sound could be heard more clearly.

He soon discovered that the sound was actually coming from behind the rocks at the bottom of the cave.

Lin Ran was shocked in his heart, and busily put his ear to it, and soon reached a familiar name.

“Wanshou! Don’t give shame, I want you for this thing because I think of you!”

“It’s really Wan Shou!”

Lin Ran couldn’t help but be even more surprised in his heart.

He was busy putting his ear to it and listening carefully.

“Chaosan! In vain, I respected you so much that I even showed you this treasure back then, but I didn’t expect you to keep thinking about it!”

Wan Shou said angrily, and by now Lin Ran could already tell that this person was none other than Wan Shou.

“But who is the one talking to him? Could it be Chaosan of the Chao Beast Mountain?”

Lin Ran thought in his mind, and immediately put his ear to it again.

But after waiting for half a day to listen, he didn’t hear any more voices coming from inside.

As he waited in his heart, Lin Ran immediately pressed his palm against the wall, and instantly a stream of true qi eroded inside the rock wall.

At first, the rock wall was very difficult to erode, but soon Lin Ran discovered that there was only one layer of rock wall inside the cave, the middle was empty, and only after that there was another layer of rock wall, obviously this place had been blocked on purpose.

Seeing this scene, together with the conversations Lin Ran was hearing earlier, he had already guessed where was behind this wall.

“I’m afraid that behind this wall is Chao San’s secret room, this guy is so sophisticated that he actually gave himself a secret room under the Chao Beast Mountain and left a secret door, this secret door is probably for him to use to escape when he encounters a huge disaster!”

Lin Ran calculated in his mind, and immediately used his true qi to erode towards the layer of walls inside.

The rock wall inside was not very thick, and in just a few moments, his true qi had made a small hole in the rock wall.

Lin Ran quickly withdrew his true qi and then sent a ray of divine sense in to check the situation inside.

As his divine sense quickly poured into the small hole, the situation inside was soon clearly shown to Lin Ran.

Behind the rock wall was a huge chamber, which was filled with all sorts of treasures, including magic weapons, weapons, pills and scrolls, and Lin Ran even saw a large pile of very high quality spirit stones stacked in one corner.

There were so many of those extremely fine spirit stones that it was like a small mountain, filling that one corner to the brim.

“It’s really a secret room! I’m afraid that the items in here would be worth a lot of money if they were sold!”

Lin Ran couldn’t help but lament that he had only spent a single Heavenly Origin Crystal when he bought a Divine Thunder Purple Qiong Wing.

But in this Chao San’s secret room, these items could probably be exchanged for a very large amount of Heavenly Origin Crystals.

“A power is indeed a power, I didn’t expect a small Chao Beast Mountain to be so rich!”

Lin Ran said to himself, while also seeing that in one corner of this secret room, two figures were standing face to face, one of them facing his direction, if it wasn’t Wan Shou or someone else.

“It’s really him! Then the one opposite him is Chaosan who didn’t get away!”

Lin Ran muttered to himself, while his gaze couldn’t help but glance at this Chaosan’s body.

Although Chaosan’s back was turned to him at this moment, the burst of aura fluctuations emanating from the other party’s body was very clear, causing Lin Ran’s heart to sink as he looked.

He felt a very familiar fluctuation on Chaosan’s body, and that fluctuation was none other than the fluctuation of the Dao.

Ever since Lin Ran had woken up in the Immortal World, he had never felt the fluctuations of the Dao.

The Dao of Healing that he had originally cultivated was at least usable in the Immortal Realm, although it would return to an incomplete state, according to the pillow book.

However, after he was really resurrected in the Immortal Realm, what awaited him was that the Dao of Healing could not be used at all. He had tried many ways along the way, but the Dao of Healing was always grey, as if it had been completely forgotten.

At this moment, when he felt the Dao fluctuations on Chao San’s body, Lin Ran couldn’t help but feel some envy in his heart, these fluctuations could have been his too!

“Are you serious! Let me go as long as I hand over something?”

While his heart was truly thinking, Wan Shou inside the secret room was speaking again.

“That’s natural!”

Chao San nodded his head and said.

“Nowadays, you know the situation well, if we don’t use the power of the treasure, even if we find that kid, I’m afraid we won’t have a chance to kill him, so it’s for the good of your Wanshou family to let you hand over the stuff!”

Wan Shou’s face looked ugly at his words, his palm firmly grasping an object, the whole person did not say a word seemingly hesitating.

“Don’t hesitate anymore, time waits for no man, if you are still stubborn, then don’t blame me for not being polite!”

Chao San said and his face gradually went icy cold.

Lin Ran looked a little puzzled from outside, wondering why these two people were facing each other, which wasn’t surprising, after all, he didn’t know anything about the so-called Wanshou family treasure in Wanshou’s hands.

“Fine! I promise to do just that!”

Finally, after a moment of thought and seeing Chao San’s face getting worse and worse, in the end Wan Shou agreed.

“Bring it!”

Chao San looked a little impatient and instantly extended his palm.

Wanshou looked at him, but eventually gritted his teeth and handed over the object in his hand.

As the two handed it over, Lin Ran could see clearly that the thing Wanshou held out was actually a bead.

The bead was black in colour, but when he saw it, Chao San’s eyes were glowing with greed.

“What the hell is this thing?”

Lin Ran’s brow furrowed slightly as he looked at it, not understanding what the hell these two were up to.

But just as he was wondering, Chao San, who had taken the beads, suddenly sank, and the next moment, his entire body’s aura surged, followed by a wave of his palm, and a cold aura instantly cut across Wan Shou’s neck.

“You!”

Wan Shou didn’t even react, just spitting out a word, the next moment his whole body instantly flew backwards, blood splashed all over the entire chamber.

“Ah!”

Lin Ran looked shocked, and his entire body was instantly confused.

How had Chao San suddenly struck out at Wan Shou?

However, before the confusion in his heart could be understood, the next moment a change occurred abruptly.

The next moment, Lin Ran saw that Wan Shou’s head had directly hit the wall where he was.

I don’t know if it was a coincidence or if the heavens were playing with him, but Wan Shou’s head had just smashed a hole in the wall inside the chamber, and his head was stuck in the gap between the two layers of rock walls.

“Not good!”

Sensing that the situation was not right, Lin Ran immediately withdrew his divine sense and turned around to run.

But even so he was still a step too late, the Chao San inside the chamber had already cast a glance across the gap and seen him.

“What a man! Seek death!”

Chao San let out a furious roar and instantly charged towards where Lin Ran was.

Chapter 1668

“Bang!”

With a loud bang, the rock wall behind Lin Ran instantly crumbled, and Wanshou’s entire body was thrown directly out of the way right next to him.

When Lin Ran turned his head, he instantly saw that the rock wall behind him had been completely blown apart, and Chao San had already rushed to the entrance of the rock wall.

But what made Lin Ran differ was that this guy actually didn’t rush in, instead he was standing at the entrance of the rock wall looking at himself with icy eyes, not knowing what he wanted to do.

“Whatever! Hurry up and go!”

Lin Ran only paused slightly, and immediately ran towards the cave entrance in front of him again.

The cave was not deep, and after just a few moments the entrance could already be clearly seen.

However, Lin Ran’s heart did not relax much because he knew very well in his heart that Chao San did not come after him because he must have other plans.

He knew very well that Chao San had other plans, and since he had spied on his killing of Wan Shou this time, he was afraid that this guy would not let him off easily.

Sure enough, as Lin Ran was thinking in his mind, the whole passage began to tremble violently.

Lin Ran turned his head and saw that in the chamber behind him, Chao San had placed his hands in front of his chest and slowly closed them towards the middle.

As his palms closed towards the middle, the tremors within the cave became even more violent, and Lin Ran was even unable to keep his footing.

“Master, look ahead!”

Suddenly Qing Zi’s voice rang out in Lin Ran’s mind.

Lin Ran turned his head to look at the exit, and with this look, his entire body was immediately confused.

He saw that the exit of the cave in front of him was closing rapidly.

At first Lin Ran couldn’t believe his eyes, after all this was a whole mountain wall.

This cave opened on a craggy cliff, how much strength would it take to close it together.

But at this moment in front of him the exit of the cave was indeed closing fast, from the original roughly the size of a washbasin, it had gradually become only the size of a basketball.

“How could this happen?”

Lin Ran looked with a stony expression on his face, and busily raised his hands to support the rock walls on both sides, and immediately he felt that the rock walls on both sides were actually closing together rapidly towards each other, although not at a fast pace, there were indeed signs of closure.

“Bastard! I knew it!”

Lin Ran couldn't help but curse, and then he turned his head to look.

He only saw Chao San, who was standing in front of the chamber's rock wall at this moment, with a cold smile on his face filled with disdain.

“If you want to live, then get your ass back here!”

Chao San looked at Lin Ran and sneered.

Lin Ran looked at him with a cold face and clenched his teeth.

He knew very well in his heart that although Chao San's words were maddening to hear, they were also true.

At this moment, Fang Tang was in this cave, if he really waited for the cave to close, it would be a small matter if he was injured at that time.

Once he was trapped, what awaited him in the future would be a disaster of extinction.

Not to mention how strong Chao San was, just one mouthful of spittle from the three elders of Chao Beast Mountain and a large group of disciples could drown him.

Regarding his immediate situation, Fang Tang was actually very clear in his mind, so he merely thought about it slightly and his entire person instantly rushed out towards the front.

“I'll go back when you tell me to? You really think I'm a soft persimmon!”

Lin Ran sneered, and with a cold flash in his hand, the Condensing Frost Sword instantly cut through a cold aura and headed straight for the passage in front of him.

You, Chao San, can close this cave, then I will open a passage myself.

With Lin Ran's strength it wouldn't be difficult to open a cave on his own.

Although it would be a bit troublesome, it was better than being forced back by Chao San and then being in the same chamber with him, then there would really be no way to run away.

“Want to run away? You're too naive!”

Chao San didn't get angry at this, he still kept his hands closed towards his chest.

“Rumble!”

The hole in the mountain wall in front of him was already healing rapidly, and in the blink of an eye, it was already going to be invisible.

At this moment, Fang Tang’s sword maneuver had also reached the front, and was about to collide with the closed hole.

But just when Lin Ran thought that his sword was bound to break through the opening, a ripple suddenly appeared outside the opening.

The ripple appeared swiftly, with a surge of formation fluctuations, instantly scattering Lin Ran’s sword.

“A formation? How could there be a formation here!”

Seeing this formation ripple, Lin Ran’s face instantly changed, he clearly remembered that there was no formation at all when he had entered before, how come before he had even gone out, there was suddenly an additional formation.

“Master, this formation is afraid that it is the great sect protection formation of the Chao Beast Mountain, which was only activated by Chao San when you were exposed just now!”

Qing Zi busily explained.

Lin Ran instantly understood when he heard this, the major mountain sects that were able to open their mountains and establish their sects were bound to have their own sect protection formations.

It was impossible to open these formations on a regular basis, and to be called a sect protection formation was very expensive.

Except for the top sects, this kind of small mountain sect could not keep the sect protection formation open all the time, and the situation right now was probably what Qing Zi said.

“Whatever, let’s fight!”

Lin Ran’s mind only thought about it roughly for a moment before he immediately waved his Condensing Frost Sword and slashed several times towards the ripples of the formation in front of him, but every time the sword touched but, it was like a mud bull entering the sea, and in the end, there was no movement.

“I can’t! This formation is too hard, unless it blows itself up!”

Qing Zi said busily.

Lin Ran had felt it by now, and his heart couldn’t help but sink, it seemed that he was really being forced into a desperate situation this time.

Either he could wait inside this cave and be trapped, or he would have to rush into the secret room at the back to fight Chao San to the death.

“Hey! This journey is really backwards!”

Lin Ran sighed helplessly and eventually turned his head to look at Chao San in the secret room behind him.

Seeing Lin Ran turn around, Chao San couldn't help but smile.

"What? Figured it out? Then come over here! If there's a way in heaven, you won't leave, but there's no way in hell, you have to come. You can't even stop luck when it comes!"

"How can you be called a territory? You're not even a bull's head or a horse's face!"

Lin Ran said disdainfully, and then his feet lashed out, lunging directly towards Chao San.

"Bull Head and Horse Face? What the hell!"

Chaosan was indeed stunned at his words, not understanding what Lin Ran was saying at all.

Lin Ran couldn't help but laugh at this.

"Want to know? You'll know when you're dead!"

"Just you? You're also worthy!"

Chao San laughed coldly, while his hands were already crossed from his chest, and a fist wind blasted straight at Lin Ran's direction.

Looking at Chao San's fist wind, Lin Yan's eyes were equally cold, but he did not open his mouth to speak, instead, he also threw a fist towards Chao San.

"I'd like to see how strong the Realm of Enlightenment really is!"

Lin Ran said to himself in his heart, he was once someone who possessed the Dao, and although his Dao was now completely unusable, he also wanted to know whether his current strength was stronger than that of the Dao Enlightenment Realm or not.

Or what exactly was the difference between himself and the Dao Enlightenment Realm.

After his own Dao could not be used, was he really weaker than an existence like Chao San?

Chapter 1669

"Seeking death!"

When Chao San saw that Lin Ran was actually prepared to fight him hard, he couldn't help but have disdain in his eyes.

At this moment, he had no choice but to fight hard purely because he had no other way out.

So even if Chao San's punch was even more powerful, he could only take it with a hard head, if he didn't then he would really be finished.

The fist winds clashed, and in an instant the two men's fist winds clashed directly against each other.

"Bang!"

A muffled sound resounded throughout the entire chamber and cave, and because of the closed space the power of this explosion was even more terrifying.

The moment the explosion rang out, a white aura instantly came from the place where the explosion had occurred, and instantly Lin Ran saw that his eyes were directly filled with white light.

The next moment a huge force instantly swept towards him.

“Not good!”

Lin Ran didn't expect the clash between the two to be so powerful, so he hurriedly raised his hands to resist.

But at this moment, the rocks on either side of him were already beginning to collapse, unable to withstand the tremendous force of the explosion.

Seeing this, Lin Ran gritted his teeth and rushed towards the chamber below the crumbling rock wall on one side.

The chamber was at least a little more spacious, if he had been in this cave, his situation would have been even worse.

At this moment, Chao San was no better off than Lin Ran, he also did not expect Fang Tang's punch to be so powerful, and his whole body was shaken back several steps, leaning against the far wall, not daring to come over at all.

The explosion from the two men's fist winds was so powerful that even at this moment he did not want to be in the eye of the storm.

The explosion was so powerful that it came and went so quickly that it dissipated after only a few moments, but left a lot of smoke and dust around.

Chao San waved his hand to disperse the smoke and dust, and instantly saw where Lin Ran was standing in front of the wall not far from the secret room, ? looking at himself warily.

“You really do have two tricks up your sleeve, no wonder those fools didn't find you after searching for a day and a night!”

Chao San looked at Lin Ran and said in a cold voice.

“Good to know! I advise you to let me go, if we really fight for our lives, it's not known who will die!”

Lin Ran said in a cold voice.

Only when he said this, his palms were unconsciously trembling a little.

The punch just now seemed to be an even match, but Lin Ran knew very well in his heart that he had actually suffered some hidden losses in that clash just now.

Although he had not fallen into a disadvantage in terms of strength and true qi, he had suffered a big loss in terms of his comprehension of the Dao.

This Chao San's comprehension was probably the Dao of thunder and lightning, so there was a terrifying thunder and lightning power hidden in his fist wind.

It was this thunder and lightning power that had caused Lin Ran to suffer a hidden loss in that punch clash just now, and even now, there was still a faint lightning glint on his body.

"Humph! You still want to leave after arriving at Laozi's territory?"

There was an icy coldness in Chao San's eyes, and with an instant wave of his palm, a white weapon with a thunderous glow actually appeared in his hand.

The weapon was white and flawless, looking as if it was carved from jade, but there were flashes of electricity all over its body, causing Lin Ran's heart to sink as he looked at it.

"What is this thing?"

Lin Ran was puzzled in his heart, having never seen such a weapon before.

"This is a Purple Thunder Jade! A precious jade that can only be found on high mountain cliffs!"

Qing Zi spoke up and explained.

"Purple Thunder Jade? What's the use?"

Lin Ran busily asked.

"Purple Thunder Jade is Yang in nature, and because the terrain where it grows is usually very high, it is easily struck by lightning!"

"After being struck by lightning, the Purple Thunder Jade will contain lightning all over its body, making it a favourite magic weapon for practitioners of the lightning path... not enough for him, this Purple Thunder Jade is very ordinary, he should have bought it at an auction house!"

"Because no one would take out a truly good Purple Thunder Jade to sell, they would all choose to barter for it!"

Qing Zi explained.

Lin Ran couldn't help but frown slightly as he listened, this Chao San was originally from the Realm of Enlightenment and was somewhat more powerful than himself in terms of realm.

He didn't expect to have a handy magic weapon like the Purple Thunder Jade in his hand, but from his magic weapon, Lin Ran could also confirm what he had presumed in his mind, that this Chao San was really cultivating the lightning path.

"Kid, prepare to die!"

Chao San looked at Lin Ran with icy cold eyes, then he waved his palm, and instantly a white mane ran straight at Lin Ran.

Lin Ran could see it clearly, the white aura only carried wisps of lightning that flashed with electricity, and was incredibly powerful.

Not daring to be slow, Lin Ran instantly swung his sword out straight at the white mane.

“Bang!”

The two collided and instantly a terrifying wave erupted, Lin Ran’s entire body was instantly blasted backwards and crashed into the wall, while Chao San also retreated several steps backwards in quick succession.

“What a strong force!”

A hint of shock flashed across Lin Ran’s eyes, his own full strength strike had still taken a loss.

Up until this point Lin Ran had to accept the fact that without the augmentation of the Dao, his strength was only equivalent to the peak of the Heavenly Mansion realm.

Facing a genuine Dao enlightenment realm powerhouse like Chao San, he really couldn’t beat him.

“Master, what should we do now?”

Qing Zi could not help but be a little anxious even when she saw this.

“I don’t know! Let’s take one step and see what happens!”

Lin Ran said helplessly.

He was no match for Chao San, so he could hold out for a round or two, but it was only a matter of time before he lost.

Surrounded by the great sect protection formation of the Chao Beast Mountain, and at this moment, the said no-go Lie Shan and the others had already gotten the news and were waiting outside the secret room.

This situation is simply desperate for Lin Ran, no way forward and no way back.

Although his mouth said so, Lin Ran’s heart was very reluctant.

After all, he had once possessed the Dao, but now he was unable to draw on the power of the Dao at all.

Otherwise, with his Dao achievements, for the time being, not to mention whether or not he would be able to crush Chao San to death, his terrifying recovery power alone would be able to consume Chao San to death.

However, at this point, it was over to say anything, his own medical dao could not be used, this was a fact that even he himself could not change.

“What should we do!”

Lin Ran’s mind quickly thought of countermeasures, nowadays, the only card he could use was the Chaotic Qi Spiral within his body.

But without the augmentation of the Dao, even if he used his Chaos Qi Spiral, he was afraid that he might not necessarily be a match for Chao San.

The most crucial thing was that the two of them had only exchanged two moves, and Chao San's reserve card had definitely not been used either.

If he used his bottom card now, he was afraid that he would only be more passive then.

As Lin Ran was thinking about this, the distant Chao San was already killing him once again.

In his desperation, Lin Ran didn't care about anything else and his true qi surged wildly within his body as he blocked against Chao San.

"Bang Bang Bang!"

The two clashed and instantly exchanged several blows, Lin Ran did not use his Chaos Qi Spiral, but still used his True Qi.

This time, Chao San's attack was a little more violent, blasting out three white lights in quick succession, actually instantly sending Lin Ran flying backwards and landing heavily on a corner.

"Damn it, just one dao away, how come the gap is so big!"

Lin Ran couldn't help but curse.

"One dao short? Do you know how many years I've cultivated for this Dao! Just one dao short of this one, and I can easily kill you!"

Chao San slowly walked over, his eyes filled with disdain.

Chapter 1670

Lin Ran saw the anger in his eyes, but he really did not want to use the chaos cyclone, if he used the chaos cyclone now, then I am afraid that it would really

The first thing you need to do is to get a good idea of what you're doing.

The first thing you need to do is to get a good idea of what you are getting into.

The white light was so terrifying that Lin Ran didn't dare to be reckless, if he was reckless he would be finished.

Seeing that the situation was not right, Lin Ran raised his hand to block his chest, and at the same time, the power of the Chaos Cyclone within his body was directly mobilised by him.

"What a strong force!"

Feeling the Chaos Cyclone Force enter his body, Lin Ran's entire body felt his strength soar by a large margin.

The Chaos Cyclone was filled with Chaos Qi, and no matter how strong or powerful it was, it was not comparable to True Qi.

"Bang!"

With the blessing of the Chaos Cyclone, Lin Ran threw a punch straight at the white mane that was sweeping towards San.

The next moment the two collided, only to see that Chao San's white mane was actually blown away in an instant.

"Hm?"

Seeing this scene, Chao San's face was stunned, he had been pressing this kid with every move before, how come all of a sudden this kid's power seemed to have skyrocketed.

"It seems that you kid is not honest either, there are heavy treasures hidden in your body with soft feet!"

Chao San sneered, with greed in his eyes.

There were only two kinds of sudden increases in strength, one of which was burning the very life essence, but at this moment Lin Ran's state was clearly no different from that of a normal person, so it obviously wasn't burning the life essence that did it.

Then it could only be the second, that there was an important secret treasure hidden in his body, and it was this secret treasure that had increased his combat power.

Chao San was obviously very clear about this, and the greed in his eyes at this moment was enough to explain everything.

"Hand it over! I can consider not killing you!"

Chao San looked at Lin Ran and said in a cold voice.

"You're dreaming!"

There was an icy coldness in Lin Ran's eyes as he swirled around and slapped the ground as he stood up directly before charging towards Chao San.

Since he had already used the Chaotic Cyclone in his body, he didn't bother to hesitate, and directly mobilized the power of the Cyclone to run towards Chao San.

"Humph! Not measuring yourself, huh? I'd like to see how long this secret treasure of yours can last!"

A very busy look flashed in Chao San's eyes, and in an instant, the Purple Thunder Jade in his hand actually spun rapidly, forming a white defence around him.

Lightning flashed above this defense, wrapping him tightly, not leaving a single gap for Lin Ran.

"Bang Bang Bang!"

Lin Ran swung out three swords in quick succession, but each sword burst out, but when they touched the lightning defence on Dao Chao San's body, they were all blocked.

Seeing this scene, Lin Ran couldn't help but frown, his heart already half cold.

"The Chaos Cyclone is certainly powerful, but the Dao's suppression is too great! I'm defending or, at this point, if I switch to this Chaos Three's defence, I won't be able to break his defence at all!"

Lin Ran calculated in his mind, knowing very well that even if he could break through Chao San's defences, he was afraid that there was no way to kill him at all.

Without the augmentation of the Dao, he could only manage to defend himself in front of Chao San, and that was still temporary.

If he fought Chao San at all costs, as long as he waited for the Chaos Qi within his Chaos Cyclone to be depleted, all that awaited him would be death.

Thinking of this, Lin Ran heart on this helpless, the most critical is still their ability to run around the formation of the great sealing formation.

But he came to take Chao San's own defense can not be broken, let alone the whole Chao Beast Mountain sealing.

Thinking of this, Lin Ran couldn't help but feel a little desperate.

"Die!"

When Chao San saw that Lin Ran actually had the presence of mind to distract himself at this moment, his eyes chilled, and the Purple Thunder Jade in his hand instantly actually drew towards this Lin Ran.

"Not good!"

Lin Ran was also taken aback by Chao San's sudden attack.

The whole person even hard at the first time made a resistance,? But still, he was directly jerked backwards by Chao San.

"Bang!"

There was a loud sound, and instantly Lin Ran's entire body actually crashed directly into a corner to the side.

That place was originally stacked? s were all extremely high quality spirit stones, at this moment, Lin Ran smashed over and instantly his entire body was drowned in extremely high quality spirit stones.

"Poof!"

Underneath the stone pestle of extremely high quality spirit stones, Lin Ran couldn't help but spurt out a mouthful of blood, this strike from Chao San came too fierce,? Lin Ran hadn't even been fully prepared to defend himself, and his entire body had been jerked backwards.

"This is no way to go on, I'll be consumed by him sooner or later!"

Lin Ran couldn't help but curse, he was very clear about his immediate situation, it was himself who would be disadvantaged if he continued to consume.

"I have to think of a way out!"

Lin Ran quickly thought of a way to get out of the situation, but at that moment a "rumbling" sound came from above his head.

In his heart, he knew clearly that it was probably Chao San moving the extremely high quality spirit stones he was carrying.

“Very high quality spirit stones, yes! Extreme quality spirit stones!”

Lin Ran suddenly thought of something,? He was busy turning his head to look and instantly saw those extremely high quality spirit stones pressed onto his body.

The amount of extremely high quality spirit stones in this corner was simply staggering.

And seeing these extremely high quality spirit stones, Lin Ran instantly felt as if he had caught something.

“There’s a way out!”

Lin Ran suddenly laughed, following his kennel’s breath as it soared, instantly rushing out of the pile of stones of extremely high quality spirit stones from the other side.

As soon as he rushed outside, instantly Chao San spotted him,? The purple thunder jade in his hand was flung towards Lin Ran and he drew over again.

This time, Lin Ran didn’t even bother with his Purple Thunder Jade attack, his entire body quickly took a few steps back and stood directly in the pile of extremely high quality spirit stones.

Seeing this scene, ? Chao San could not help but be stunned, followed by a busy wave of his hand to direct his attack to the other side, not daring to really attack Lin Ran.

Just kidding, at this moment, behind this kid was the extremely high quality spirit stones, and it was still a big pile, once so many extremely high quality spirit stones were detonated, the consequence would be too much to think about.

You have to know that what is contained within the very best spirit stones is heaven and earth true qi.

One or two of them were fine, but there was a large pile of them here.

I’m afraid that in an instant, the very finest spirit stones would be detonated, and the terrifying power would instantly collapse the entire chamber.

It was not something he could stop just by trying to stop it, the explosion of so many extremely fine spirit stones, and from inside.

I’m afraid that even Chao Beast Mountain’s great sect protection formation might not be able to withstand it.

Thinking of this, Chao San couldn’t help but open his mouth to scold.

“What the hell do you want!”

“What do I want? You say eh?”

Lin Ran smiled when he saw that his move was really working, following which he directly raised his hand and picked up one of the extremely high quality spirit stones and smiled at Chao San.

“Tell you what, I don’t want to do anything, but from now on you’ll have to listen to me! Or I’ll detonate this thing!”

“Don’t you scare me here! You know the consequences if you detonate it, and I don’t believe you’re stupid enough to ignore your own life!”

Chao San said in a cold voice.

“O? You want to try? Then I’ll play a big one for you?”

Lin Ran smiled and directly picked up the extremely high quality spirit stone, while a stream of true Qi had already emerged from his other hand.

In the next moment, Lin Ran directly touched the two palms towards each other, and the face of Chao San instantly turned pale at this scene.
