

Doctor

Chapter 1671

“Stop it! Stop it now!”

Chao San saw this and was busy shouting.

Are you kidding? If Lin Ran really detonated these extremely high quality spirit stones, they would probably all die then.

“I’ll ask you one last time, will you listen to me?”

Lin Ran looked at Chaosan and asked indifferently.

Chaosan didn’t speak at his words and was silent for a moment before he said.

“What’s there to listen to or not, you just want to leave, I can promise you to let you leave, how about that?”

“That’s fine too!”

Lin Ran nodded at his words, and then said no more.

Seeing this, Chao San knew that this guy was waiting for him to make a move, so without further ado, he directly folded his hands together following a wave of fluctuations spreading across his hands.

As he slowly spread his palms out, the next moment, the entire chamber rumbled with thunder.

Lin Ran turned his head and saw that a crack was slowly opening in the distant rock wall, and the hole where the rock had closed and been blocked before appeared in front of him once again.

“You can go now!”

Chao San looked at and Lin Ran, his eyes cold.

“Go? How can I leave?”

Lin Ran asked rhetorically with a smile.

“What do you mean?”

Chao San’s eyes were cold and his brows unconsciously frowned.

Lin Ran smiled blandly at his words before saying.

“If I leave now, you’ll lay a black hand on me like this?”

“Then what do you want?”

Chao San asked with a frown.

“It’s simple, make a poisonous oath! Don’t lay a hand on me! Open the formation and send me away!”

Lin Ran laughed blandly.

“You’re dreaming!”

Chao San was instantly furious at his words, making a poison oath was very heavy for them as cultivators.

Cultivators were all about a daoist heart, especially in the Immortal World, so if he made a poisonous oath, it would be fine if he didn’t hate Lin Ran, but if he hated him in his heart this would probably become a heart demon.

If this kind of heart demon appeared, it was a small matter that he would not be able to cultivate in the future, and he might even go off the rails and fall into the demonic path, which was the most dangerous thing for Chao San.

“Then it seems that there is no more to talk about?”

Lin Ran saw this and helplessly stretched his hand, and immediately the true qi on his other palm leaned towards the extremely high quality spirit stone.

“Stop! Stop!”

Chao San became anxious at the sight of this and said busily.

“Fine! I can make a poisonous oath!”

“I can say that you’ll learn from me!”

Lin Ran saw this and then laughed in satisfaction.

“Say it!”

Chao San’s face was icy cold, with a gloomy coldness dancing in his eyes, along with a hint of brightness.

Lin Ran naturally noticed the strange expression in Chao San’s eyes, but he didn’t say much, and instantly told him the contents of the poison oath.

And without the slightest hesitation, Chaosan directly did as he was told.

“Master, this poison oath of his is useless!”

As soon as Chao San had made the poison oath, Qing Zi’s voice rang out in his mind.

“Why?”

Lin Ran asked busily at his words, but his face remained motionless, unable to see the slightest change.

“Any poisonous oaths made in the Immortal Realm must use the Heavenly Dao Stone to be useful, or he just has a great grudge against him! This could also plant a heart demon in his heart!”

“But strictly speaking, he doesn’t have any grudge against you at all, and wants to kill you just because he’s afraid that things will be exposed! So even if he makes a poisonous oath, he won’t have a demon in his heart!”

“But likewise he didn’t use the Heavenly Dao Stone, so this kind of poisonous oath wouldn’t be useful at all!”

Qing Zi busily explained.

Lin Ran nodded at his words before saying.

“I see, he must have seen that I didn’t mention this matter thinking that I didn’t know about it, so he just muddled each other through!”

“But it doesn’t matter, since he wants to play, then I’ll play with him!”

Said Lin Ran, already looking towards Chao San.

“Very well! I hope you can do what you say!”

After saying that, Lin Ran faced Chao San and walked towards the crack in the mountain wall, Chao San looked at him with cold eyes but did not say anything.

At this moment, it could be said that both of them were scheming against each other, and it would depend on their own abilities as to who would be able to outwit them in the end.

As he spoke, Lin Ran had already reached the entrance of the cave in the mountain wall, and just as he was about to enter the cave, suddenly Chao San was the one who moved.

“Give me death!”

The next moment, the lightning light burst forth and blasted towards the cave where Lin Ran was.

In an instant, the cave collapsed, and countless debris came crashing down directly, blocking the inside of the cave.

“You still want to leave? If I don’t kill you today, I won’t be called Chao San!”

Chaosan said angrily, instantly lunging towards Lin Ran.

“You don’t even know about the Heavenly Dao Stone, and you dare to make old me make a poisonous oath, how stupid!”

Chao San sneered as he rushed forward.

However, Lin Ran did not dodge or evade, looking at Chao San with the same cold smile in his eyes.

“You think you’re the only one with the means?”

With that, Lin Ran flipped his palm, and instantly a wave of true qi filled out, followed by seeing him instantly actually clench his palm up

“Bye-bye!”

After finishing his words, Lin Ran’s entire body directly retreated into the cave with a retreat.

Although the exit at the back had been blocked at this point, he still drilled into it at this point.

“Hm?”

Chao San watched with a slight frown, wondering what the hell this kid was up to.

But then it dawned on him.

At the same time as Lin Ran entered the cave, there was a “bang, bang, bang, bang” explosion at Chao San’s side, and Chao San turned his head to look, and when he did, he almost passed out.

It was as if a bomb was being detonated, and it was already spreading towards the middle of the pile.

“Bastard!”

Chao San’s face instantly turned green as he watched,? The entire person ran towards the exit at the back.

But after running just one step, there was a “bang” behind him.

The entire chamber shook violently, and Chao San knew that the pile of top quality spirit stones had been detonated.

There were many treasures in the entire chamber, and Chao San originally wanted to take away some of the most important ones.

But at this moment, he felt the wind behind him and was scared out of his wits, so he didn’t bother to take the treasures and took out the black bead he had received from Wanshou with his opposite hand.

As soon as the bead was taken out, instantly the stone pile of extremely high quality spirit stones behind him was completely detonated.

“Rumble!”

The terrifying power instantly swept away, rushing directly towards all directions.

Chao San saw that the rock wall relatively close to this spirit stone was instantly blasted into pieces, and a huge crack appeared.

It was obvious that this mountain where this chamber had been excavated could collapse at any moment.

Seeing this, Chao San didn’t dare to talk nonsense, so he picked up the black bead and instantly poured a stream of true qi into it, and the next moment the black pillar changed.

The next moment, the black pillar changed. The original black pillar turned white after the infusion of true qi, and there were flashes of lightning on it.

These lightning rushed out quickly, and then actually formed a lightning defence, blocking the shock wave generated by the explosion of the very high quality spirit stones.

Chapter 1672

“What is this thing?”

In the middle of the distant rock wall, Lin Ran stood at the mouth of the Qiankun Violet Qi Vase with shock in his eyes.

The rock walls around him were constantly crumbling, but he didn't choose to leave directly, instead, he hid in Qing Zi's Qiankun Violet Qi Vase to check the situation.

Because there were rock walls crumbling all around, but the original exit of the passage did not appear, so he could only hide in the bottle and let Qing Zi's own defense turn on to resist the falling rocks around.

But it was such a moment of delay that allowed him to see the scene in the distance towards the third.

"That's the bead that was snatched away from Wanshou earlier!"

Qing Zi spoke.

Lin Ran nodded, he naturally recognised this bead, it was the same one that was taken away by Chao San before Wan Shou's death, and he even vaguely guessed that the reason why Chao San had killed Wan Shou was afraid that it was also because of this bead.

But what exactly was this bead? Lin Ran was not clear in his mind.

"Master, this bead is extraordinary, look at the layer of defence in front of Chao San, the source of energy is not his own at all, but that of the bead!"

Qing Zi suddenly spoke up.

Lin Ran frowned slightly as he smiled, it seemed like that was indeed the case.

And soon Lin Ran noticed a more serious problem, this extremely large number of extremely high quality spirit stones by definition the self-explosion of such a large pile of extremely high quality spirit stones would be extremely powerful.

This could be seen by the fact that the surrounding mountains were all blown apart at this moment.

And with an explosion of this magnitude, even Lin Ran had to hide in the Qiankun Purple Qi Vase to avoid it, while the Chao San in front of him was able to block it calmly with the help of the Wanjia treasure pearl in his hand.

It was enough to see that this treasure pearl was no ordinary object either.

"What are you doing, master?"

Seeing that Lin Ran was actually about to rush out of his Qiankun Violet Qi Vase, Qing Zi was instantly startled.

Lin Ran turned his head and smiled.

"Since it's a treasure, we can't miss it, so let's give this guy a blow while he's distracted, we'll grab the item and leave!"

"Huh? Isn't that too dangerous!"

Qing Zi said busily.

Although the place where they were was no longer free of the shockwave from the explosion of the extremely high quality spirit stones, they were surrounded by chaotic rocks and could be hit by the falling rocks, and although these rocks were not enough to injure Lin Ran, they would definitely slow him down.

In this situation, it would be wisest to leave directly.

“No harm, you forgot that I still have a treasure that I’m not using, later on I’ll grab this treasure pearl and we’ll just leave!”

Lin Ran laughed.

This Chao San had targeted himself so much before, and was so ruthless, Lin Ran didn’t want to let him off so easily.

Moreover, this Chao Beast Mountain had ties to the even more powerful Wan Shou Mountain not too far away, so how could he easily spare him.

The Nine Winged Bat Dragon had even threatened him in order to escape.

If the Nine Winged Bat Dragon only had a single djinn, that would be fine,? After all, it was already dead, but if there was a doppelganger, that was Lin Ran’s biggest worry.

Therefore, he had to go to this Wanshou Mountain sooner or later, and before that, it would be best if he could clean up this Chao Beast Mountain first, so as not to have too many enemies at that time.

He then gathered his entire body’s aura, leaving only a weak energy to protect his body from the surrounding rocks, and then he touched the side of Chao San.

At this moment, Chao San was doing his best to resist the huge explosion in front of him. He had too many extremely high quality spirit stones in this chamber, and the explosion had just reached its most powerful moment, so I was afraid that it would take at least a minute or two for him to survive it.

But further on, as the force of the explosion gradually diminished, his pressure would be much less.

“This treasure of the Wan family is really extraordinary, back then if I hadn’t just gained a shaky foothold in the Chao Beast Mountain, I would have gotten this treasure to collect it long ago!”

Feeling the lightning aura that came with the bead, Wan Shou’s heart became unusually excited, the treasures in this chamber full of secrets were not as precious as this moment of bead in his opinion.

Because back then, he had only slightly checked the beads and what he got made him enlighten for several years.

Originally, he had been playing with the Wan family’s attention to this bead, but he just didn’t expect that it was now being sent to him by Wan Shou on his own initiative.

“When this time is over, I’ll find a place to retreat and make sure to study all the secrets on this bead!”

Chao San had madness in his eyes, what Chao Beast Mountain clan he didn’t care at all, all he cared about was whether his cultivation path could be taken to the next level.

He was afraid that behind this kid, there was also such a big thing as Luo Kuo and Luo Ran Merchant Company, and he could also take this opportunity to go into seclusion to avoid the wind, which was a double whammy.

The idea of this, Chao San couldn't help a smile appearing on his face.

But just as this smile appeared, it froze in an instant.

Only to see that in front of him, the explosive force had begun to weaken, but at some point several sharp sword blades had emerged, and they were wrapped in the storm of the explosion, and had already reached him.

"Bastard!"

Seeing this scene, Chao San couldn't help but curse out, where he couldn't see that this was someone sneaking up on him.

But the other party was hiding too well, hiding his attack in the blast storm, plus he had just been distracted and wandered off, who would have thought that that kid Lin Ran would not run away, but instead kill himself back.

These thoughts in Chao San's mind passed almost instantly, and the next moment those several sneaky sword maces had instantly landed on top of the layer of defensive lightning in front of Chao San.

"Bang Bang Bang!"

In an instant, several terrifying forces rang out, blasting Chao San's entire body back several steps involuntarily, and almost at the same time the lightning-laden defensive layer in front of him instantly broke apart.

With a crunching sound, the explosion from behind shattered the defence in front of him into pieces almost instantly.

The force of the explosion instantly hit Chao San, sending him flying backwards, while the Vanguard Treasure Pearl in his hand was also instantly thrown away.

"Come here for me!"

Lin Ran instantly appeared and grabbed the Vanguard's pearl in the air and directly grabbed it firmly in his hand, before turning around and running towards the outside.

"Bastard! Stop right there!"

Chao San was completely furious at this scene, his eyes were bloodshot and his entire body's aura exploded to the extreme as he turned around and actually chased after Lin Ran as well.

He had even destroyed his own secret room for the sake of this Wanjia treasure pearl, and his countless family assets were all for this one treasure pearl.

But who knew that in the end, the precious pearl that he had managed to get his hands on was actually cut off by Lin Ran.

This simply made him furious and he could not wait to have Lin Ran's skin ripped off and his tendons drawn.

Chapter 1673

"Rumble!"

The sound on the Chao Beast Mountain only shook the sky, and at this moment, Lie Shan Kui Bone as well as Huang Quan and the other three elders had even led all the people to the back mountain.

At this moment, they could only see in front of them that the whole area of the back mountain of the Chao Beast Mountain had already started to collapse downwards, and I was afraid that in a few moments' time at most, the whole back mountain of the Chao Beast Mountain would completely collapse.

By then, it was questionable whether their mountain gate could still be preserved, and such a massive collapse might even cause the entire clan of the Chao Beast Mountain to fall down.

The three elders of Lie Mountain and those old disciples were lucky enough not to despair,? After all, until now their sect master Chao San had not even appeared, and was probably dealing with the current problem.

The new disciples who had just joined Chao Beast Mountain, on the other hand, were all looking helpless, what was this all about? They had only just joined the Mountain of the Beast for two days, and they hadn't even learned anything yet, and the mountain gate was about to be broken!

This was simply a matter of how much grievance one could feel.

The three elders naturally knew that this would have a huge impact on the reputation of their mountain, but there was nothing they could do about it, and what could the three of them do now if the Chao San didn't come.

The mountain ahead could collapse at any time, and they could not risk their lives by going down to check it out.

After all, if Chao San died in an accident, then the future Chao Beast Mountain would have to elect a sect leader among the three of them.

"Rumble!"

As expected, while the crowd was waiting with anxiety and anxiety, the entire back mountain in front of them collapsed.

The whole mountain trembled, as if the earth was about to be blown apart by something.

At that moment, Lin Ran and Chao San both rushed into the location of the previous cave.

Around the two of them countless rubble and debris kept falling, and on several occasions it was even about to hit them. If the two of them were not strong enough, I am afraid that they would have been smashed into the mountain below and slapped into mush.

"Master, what's wrong? This guy has gone crazy and is simply desperate for his life!"

Qing Zi was busy saying, the Chao San behind him was as desperate as he was at this moment, frantically chasing towards Lin Ran.

“Ignore him for now! Look overhead!”

Lin Ran’s face was also very ugly, at this moment, he was using his own power to fly through the air, and it was consuming his own true qi very much.

Although Qing Zi was a divine weapon, it wasn’t the kind of divine weapon that was good at flying, so even if he was hiding in the former Qiankun Violet Qi Vase his speed wouldn’t increase much.

“Master!”

Qing Zi smiled and raised her head to look above, and her face instantly changed.

Only to see that at this moment, directly above Lin Ran, huge chunks of mountain debris had begun to smash down.

This large chunk of mountain debris was extremely huge, obviously because the mountain outside the chamber had been hollowed out by the explosion, causing the entire mountain above to smash straight down.

If the two were to be slapped hard by such a large chunk of mountain later on, I was afraid that even if they didn’t die, they would have to be seriously injured.

“This is the only chance to get rid of him!”

Lin Ran spoke.

“What are you doing, Master?”

Qing Zi asked busily.

“You’ll find out later!”

Lin Ran smiled lightly, the corners of his mouth rising slightly.

Chao San was so mad that it was just because he had robbed him of the Vanguard Treasure Pearl, but since it was already in his hands, there was no reason to hand it over.

“This Vanguard Treasure Pearl, I’ll take it!”

Lin Ran’s eyes were icy cold as he swirled around and actually reversed his direction and charged towards the other side.

“Hm?”

At this moment, he had also noticed the huge mountain above the two of them, and the location where Lin Ran was turning his direction to escape was exactly the middle of this huge mountain.

It was fine to take a detour for a while, but if they delayed too long under this huge mountain, both of them would probably end up being smashed down by this mountain directly.

It would still be him who would be at a disadvantage then.

“This kid is crazy!”

Chao San couldn't help but curse in a low voice, but at this moment, the Wanjia treasure pearl was in Lin Ran's hand, so he could only follow even if he couldn't understand it in his mind.

If he followed him, he would at least have a chance to snatch the Vanguard Treasure Pearl back, but if he didn't, he really wouldn't have a chance at all.

But if he didn't, he wouldn't have a chance. Moreover, Lin Ran was rushing to go, so did he not dare to go because he was even stronger than him?

Chao San held a mouthful of anger in his heart and immediately followed him.

“Master you!”

Qing Zi at this moment looked at Lin Ran actually circling under this huge mountain and couldn't help but get nervous.

“It's no harm, we'll leave later!”

Lin Ran laughed, while turning his head to look at Chao San who was still in hot pursuit behind him.

“Rumble!”

The mountain above the two men's heads was already descending at a rapid rate, and was only just a dozen metres away from them.

Seeing this, Lin Ran knew that it was almost time, so he turned around again and dashed in the direction of the mountain beyond.

“You want to run now? Is it useful?”

Chao San saw this but laughed, he still thought how awesome Lin Ran was, daring to take himself along to be smashed by the mountain, but he didn't expect to admit his weakness so quickly.

Although his heart disdained, but Chao San still vigilantly looked above, he was after all in Lin then face, also have to beware of this kid stuck a time difference, own run out instead is let himself be blocked down by this mountain.

But when he looked above him, he was relieved. According to the position of the two people and the speed of descent of the mountain above him, as long as there were no accidents, not to mention himself, even Lin Ran would not be able to rush out safely.

In other words, unless a miracle happened, Lin Ran and Chao San at this moment would definitely be smashed heavily by the mountain above them.

It is said that people's hearts are strange, if Chao San was alone at this moment, he himself would definitely panic, but just because there was an additional Lin Ran, he instead did not panic so much, as if he knew that even if he was smashed, he would have Lin Ran with him when the time came.

“Rumble!”

The two men had different thoughts in their minds, but the mountain above them would not give them much time to think at all.

With a loud rumbling sound, the mountain above was already no more than three or four metres away from the two of them, and would land on top of them in a matter of moments.

“Now is the time!”

Seeing that it was almost time, a cold aura flashed in Lin Ran’s eyes as he turned his head and sneered at Chao San.

“Sect Leader Chao, we’ll meet again, ah no! It’s no date!”

As he spoke, a white light emerged from Lin Ran’s back, this white light was exceptionally blinding and even had some faint purple light interspersed with it.

“What is this?”

Seeing this white light, Chao San seemed to have thought of something, and he didn’t dare to be slow in raising his hand and slapping it towards Lin Ran.

“So what if you have wings! You want to rush out even with such rubbish wings in such a short time? It’s a fool’s dream!”

Chao San laughed coldly, after he saw Lin Ran’s bottom card, he laughed, he thought Lin Ran had some kind of trick up his sleeve, and this was it.

However, he laughed in triumph, the next moment when the white light completely erupted Chao San’s entire body froze.

The white light was interspersed with wisps of purple light, and the moment it erupted, Lin Ran’s entire body was directly like a stream of light, rushing out towards the front.

Almost in the blink of an eye, he had already rushed out of the envelope of this huge mountain.

“This How is this possible!”

Chao San’s eyes were bloodshot, and his eyes were filled with disbelief.

Chapter 1674

Winged magic weapons are actually quite common in the Immortal World, and here we are talking about magic weapons, not divine patterns.

The difference between magic weapons and divine patterns lies in the fact that the former can be manufactured in large quantities, while divine patterns are impossible.

The power of a divine pattern is much stronger than that of a magic weapon, so how else could the Luo Ran Trading Firm have bid so high without even checking out the divine wing divine pattern, resulting in no one buying it and the auction being aborted?

If Qing Zi didn’t know this item, she wouldn’t have let Lin Ran buy it so easily, after all, if this item came back useless, it would be a loss.

“Bang!”

Seeing Lin Ran’s figure instantly rush out of the huge mountain, Chao San’s heart had gone cold, and the mountain falling over his head even gave an instant explosion, directly slapping his entire body underneath.

“What is that thing?”

“Yeah! What’s that?”

Lie Shan and the others had by now retreated behind the mountain gate of the Chao Beast Mountain, and they were all shocked as they watched a white light rise up in the distance and fly out towards the far side.

However, they did not see clearly what the white light was, plus the speed of the white light was so fast that it was impossible for anyone to see it clearly.

At this moment, they were all standing one by one in front of the mountain gate looking at the mountain that had completely collapsed not far away, and they were all helpless in their hearts.

In fact, it was Lie Shan, whose heart was so complicated that he even wished that Chao San would appear forever, otherwise he would be the one to suffer if he did.

Although there was no proof that this was all caused by Lin Ran, the change of heart at Chao Beast Mountain did occur only after he brought Lin Ran back.

Who could guarantee that he had nothing to do with it?

Moreover, as long as Chao San came out alive, he was afraid that the truth would be revealed to the world, and by then he, Lie Shan

Lie Shan didn’t even dare to think about it anymore.

“Bang!”

Suddenly there was a loud bang in the deep pit of the collapsed mountain in front of him, and instantly a figure rushed out, if not Chao San or who else.

“Sect Leader!”

“Sect Leader!”

Seeing Chao San, the crowd was relieved, if Chao San really died, then this Chao Beast Mountain of theirs would be completely doomed.

“Master Sect Leader!”

The face of Lie Shan could not help but turn green when he saw Chao San, and his body could not stop taking a few steps back, he could feel the strong killing aura emanating from Chao San at this moment.

Chao San did not pay attention to the crowd,? just hovered in mid-air, his gaze cold as he looked at the darkness in the distance.

“Divine Pattern Divine Wings! I didn’t expect a young kid to possess such a supreme treasure, it really makes even my eyes water!”

It was only after a full moment that Chao San spoke to himself, at first he thought that Lin Ran’s white light was just an ordinary magic weapon wing, but after seeing Lin Ran’s terrifying speed he understood that it was definitely not the speed that an ordinary wing magic weapon could achieve.

“Humph! Still colliding with me, wrapping this purple wing with white light, you think that old man can’t see it?”

Chao San’s eyes were icy cold as he raised his palm and actually flipped out an object that resembled a compass.

“It’s heading in the direction of Yaki Castle! Interesting!”

A glint of ice flashed in Chao San’s eyes before he suddenly turned his head and chided.

“Lie Shan! Where are you planning to go!”

The crowd was stunned at the words, and they were busy turning their heads to look at Lie Shan only to find that this guy had somehow retreated to the very back of the crowd, seemingly ready to leave.

“Palm Master, I heard you say that kid went to Baki City and was ready to go catch him back!”

Lie Shan said awkwardly.

“Just you! You are also worthy?”

Chao San’s eyes were filled with anger.

“In order to help the player, you caused our Chao Beast Mountain to get into trouble with a big enemy like Luo Kuo, there caused the Chao Beast Mountain Sect to be almost destroyed, you say so!”

“I I’m sorry, I’m sorry.”

The whole “flop” kneeled down on the ground.

Chao San looked at him with cold eyes, and then slowly walked towards him.

“Sect Leader!”

Lie Shan’s face was ashen as he saw this, he knew that he was really finished today.

Ten minutes later, Lie Shan was completely removed from Chao Beast Mountain, and Chao San then asked Elder Huang Quan to temporarily preside over the affairs of Chao Beast Mountain, and then he himself left in the night to rush in the direction of Baki City.

At this moment, Lin Ran was a bit miserable.

The speed of the divine Thunder Purple Qiong Wings was so fast that Lin Ran’s entire body was like a cannonball, rushing straight ahead.

“Hey! How can this thing stop!”

Lin Ran asked speechlessly, after activating this Purple Qiong Wing he realised that he didn't know how to stop this thing.

Feeling the true qi in his body continuously depleting, Lin Ran was very helpless, did he have to wait for the true qi in his body to deplete and then do a free fall?

"Master, just slowly interrupt your induction with this wing!"

Qing Zi was busy explaining, she had forgotten that this wing divine pattern was not even easy to control when used at first.

But thinking about it, the two of them had only been focused on escaping before, so they hadn't really cared about such things.

"Good!"

Lin Ran heard this before he tried to sever the connection between himself and the Wings of Divine Pattern, and then his speed gradually weakened.

However, his control of the Divine Pattern Wings was indeed a bit lacking, and he ended up finding a lake and stumbling onto it, so that he didn't fall on his face.

When he climbed out of the lake, Lin Ran didn't feel polite, he directly grabbed two fat fish, and then built a campfire at the edge of the lake and roasted the fish on it while taking out the black Vanguard Treasure Pearl.

It was only when he looked at it up close that Lin Ran saw the exquisite features of the pearl.

The entire pearl was pitch black, but if one looked closely, it was easy to see that inside the pearl, there was a tiny lightning bolt flowing.

The whole was like a thunder pearl, very magical.

"Master, first pour your true qi into it and see if there is any mark left by Chao San!"

Qing Zi was busy speaking up and reminding.

Lin Ran nodded at his words and immediately poured his true qi into it.

As expected, just a moment later Lin Ran's brow furrowed as he actually felt the fluctuation of Chao San's aura inside this Wanjia Treasure Pearl.

"This guy! It's really fast, it's only been in his hands for how long and he's actually already refined it!"

Lin Ran couldn't help but curse before he moved to erase the aura Chao San had left behind.

"Go! We're changing places!"

For safety's sake, after Lin Ran had erased his breath, he picked up his undercooked fish again and found a nearby cave from the new fire before continuing his research.

This can't be said that he is too careful, after all, only by being careful can he make the boat last forever, the Wanjia treasure pearl was left with an imprint by Chao San, this is like being locked into a location,

no matter where Lin Ran goes as long as the distance is not too far he can scout the road, so he will do this.

“Do you know what this is?”

Lin Ran looked at the Vanguard Treasure Pearl in his hand and asked Qing Zi, this was the first time he had seen something like this and he indeed had little experience with it.

Qing Zi smiled and pondered for a moment before saying.

“It’s hard to say, but I feel that it’s likely to be an inherited treasure!”

Chapter 1675

“Inherited treasures?”

Lin Ran couldn’t help but be stunned at his words, and then he heard Qing Zi explain.

“Think about it, if this thing then slept with disposable magic treasures and other things, why would Chao San have cared so much!”

“The Immortal Realm has been cultivation-oriented since ancient times, if we talk about money, the various precious things in Chao San’s secret room would have been enough for him to spend several lifetimes, and he could even take it to buy so many cultivation materials that he needs!”

“But the fact that he gave up on all of them and preferred to take such a fondness for this Wanjia treasure pearl is enough to see the extraordinary nature of this treasure pearl, and to say what would be the most attractive to someone like Chao San, I think it’s only the inheritance!”

“What you say makes sense!”

Lin Ran nodded at his words, before getting up and walking to the entrance of the cave.

“What’s wrong?”

Qing Zi asked busily when she saw this.

Lin Ran smiled lightly at this and said.

“Since it’s an inherited treasure pearl, I must be careful, so that when Chao San comes after me later, I happen to be studying this treasure pearl and get sneaked up on by him again!”

With that, Lin Ran moved a large boulder and blocked the entrance of the cave, and then inscribed multiple formations on the boulder only until it was completely safe for him to return to the campfire.

Lin Ran didn’t rush to study the Vanguard Treasure Pearl, but instead, he ate the fish that had already been roasted and filled his stomach before taking out the treasure pearl again and continuing his study.

He sent a wisp of his true qi into the pearl, and soon Lin Ran felt an aura fluctuation, which was like a vortex, instantly pulling Lin Ran’s wisp of true qi in.

The next moment, when he saw clearly what was around him, his whole body was dumbfounded.

What he saw before him was an endless lake, and he was standing on the only island in the lake.

This island was said to be an island, but it was actually like the palm of a hand, and the whole body was only the size of a football field, and the naked eye could see the range, and this area was not worth mentioning on top of the whole lake.

“What kind of place is this?”

Lin Ran looked around and couldn't help but frown slightly, this place felt extraordinary to him no matter how he looked at it.

“Master, this really is the Inheritance Treasure Pearl, look ahead!”

Qing Zi's voice suddenly rang out in Lin Ran's mind.

Lin Ran turned his head to look, and not far ahead of him, a white mist was quickly coalescing, and at the same time, Lin Ran actually saw that a figure was slowly appearing in the white mist, and it was a person.

“Someone else is here? Kid, are you here to challenge me too?”

The person's illusionary energy stepped out of the mist, while opening his mouth and laughing.

Lin Ran looked and found that this person was dressed in all white and even carried a large iron hammer on his back, ? It looked very racy.

And there was actually a faint black lightning that filled the area around this person's body, the whole person seemed like an expert whose body was filled with lightning.

“Who are you?”

Lin Ran looked at the other person and asked.

“I am the guardian of this Inherited Treasure Pearl, you can call me Lei!”

“Lei?”

Lin Ran was stunned at his words, and then he saw that Lei had actually taken out the sledgehammer on his back, looking like he was about to fight.

“Friend, I just came in for a look, I didn't mean to provoke you, are you building a weapon here?”

Lin Ran said busily.

“Build a weapon?”

Lei was stunned at his words, followed by a dark face.

“Who are you calling a weapon builder?”

“Did I say it wrong? You're holding a sledgehammer, aren't you a weapon builder?”

Lin Ran said in surprise and helplessness, in his opinion this guy was nowhere a Zhen Guardian, he looked like he wanted to fight a blacksmith instead.

“Bastard! I’ve said that I’m the town keeper of this Inherited Thunder Pearl, how dare you call me a blacksmith! I’ll kill you!”

When Lei said he would strike, he didn’t even give Lin Ran time to react, his entire body instantly powered up and lunged towards him.

“Hey! If you don’t want to beat iron, why do you have to do it?”

Lin Ran was speechless and hurriedly dodged.

“Cut the crap! Sooner or later I have to fight, you’re still the first one who dares to look down on me, I want you to look good today!”

Lei said as he waved his huge hammer and smashed towards Lin Ran.

The hammer in his hand was so huge that it even brought up wisps of lightning around it, making it terrifying.

Lin Ran didn’t dare to be reckless, so he quickly dodged and quickly evaded.

But when Lei saw that he had dodged, he didn’t change direction at all and continued to chase after him, still smashing towards the place where he was originally.

“Brother, you’ve been hitting iron too much, why is your brain still not working well!”

Lin Ran asked, scratching his head, could it be that this guy was still a fool? How did this kind of person hold down the treasure pearl!

“Bastard! I’ll beat you to your knees and beg for mercy today!”

Ray was furious when he heard that, but the huge hammer in his hand still didn’t change direction, and instantly hit the ground with a bang.

“What the hell is this guy doing?”

Lin Ran looked speechless, he had only managed to get this Vanguard Treasure Pearl, the guardian inside couldn’t really be a fool, could he?

As he was thinking in his mind, suddenly Lin Ran’s entire face changed as he actually felt a huge force that had landed on him at some point.

“Bang!”

With a muffled sound, Lin Ran’s entire root was directly smashed to the point of flying out.

“Shit! That’s a bull hitting from across the mountain!”

Lin Ran couldn’t help but curse, that guy’s sledgehammer had clearly smashed into the air, but how could it let run onto himself.

This was something that Lin Ran really didn’t understand.

However, that Lei had already struck again, and the sledgehammer in his hand instantly smashed towards the ground again.

“Shit! Stop!”

Lin Ran couldn't help but shout, but Lei didn't listen at all, as the sledgehammer in his hand instantly fell.

The next moment a loud bang was heard and Lin Ran flew backwards again.

Two hammers came down in quick succession and Lin Ran was smashed from the middle of the island to the edge, almost falling into the water.

“Brother, I'm sorry, can you stop, I'm an ironworker, don't hit me!”

Lin Ran shouted busily.

Ray sniffed at the trend of disdain and said.

“I told you a long time ago, even if you don't provoke me I'll still strike! If you want to obtain the inheritance here, if you can't even conquer me, then you might as well go back to wherever you came from!”

“Conquer you? Fuck you're a man!”

Lin Ran was speechless at his words.

“You slick talking brat, I'll send you out now!”

Tired was pissed off enough to raise his hand and slam another hammer towards the ground.

“No, no, no! Let's talk properly!”

Lin Ran said, but Lei didn't bother to talk to him at all, and the moment the hammer fell, Lin Ran fell into the water with a thud.

The lake water around him was extremely cold, and the moment he fell into the water, Lin Ran's whole body shivered, and when he opened his eyes, he found himself sitting in the cave.

“Shit! That guy dared to go berserk too, as far as that goes!”

Lin Ran looked at the Vanguard Treasure Pearl in his hand and said helplessly.

“Can he not be angry when you call him an ironworker!”

Qing Zi covered her mouth and laughed.

Lin Ran scratched his head in embarrassment and said.

“He does look like it with the sledgehammer, but that hand of beating the bull across the mountain is really powerful, no I have to go find him!”

Lin Ran said, and a strand of true qi was once again poured into the Vanguard Treasure Pearl, followed by a blackness before his eyes, and his entire divine sense entered it again.

Chapter 1676

“Hey hey! Don't do it let's have a talk!”

As soon as he entered, Lin Ran saw that Ray was actually about to smash again with his sledgehammer raised.

“Talk nicely? I have nothing to say to you!”

The next moment, Lin Ran’s whole body flew backwards again.

And then we saw that Ray kept dropping his hammer, while Lin Ran kept being blown away, once twice three times Until the end Lin Ran himself did not know how many hammers he had received, how many times he had been blasted out of the Vanguard Treasure Pearl by Lei.

It was only after Lin Ran entered this Vanguard Treasure Pearl once again that things changed.

As soon as Lin Ran entered, without saying a word, Lei raised his hand and brought down a hammer, yet this time, Lin Ran did not fly out backwards, only to see his body slamming to one side, followed by an instant rush of air in front of him, which actually stuck to his side.

“Hm?”

Ray saw the situation could not help but be stunned, this guy actually dodged his own attack this is only how long?

Ray was surprised and couldn’t help but do some math in his mind.

“It seems like this guy has only received forty-nine hammers, not even fifty, and he actually already knows the subtleties of it!”

“Can we talk properly, brother? Don’t be so rude as to strike at every turn!”

Lin Ran was busy persuading.

Lei smiled but gave him a glance before he was caught off guard and another hammer fell.

“Holy shit!”

Lin Ran saw this and hurriedly dodged, this hammer was actually dodged by him again.

“You’re good, you’ve already understood the mysteries of this hammer after only forty-nine hammers, you’re better than those losers who came before!”

Ray said as he put away the sledgehammer not making a move.

“You can say whatever you want, just don’t do it again!”

Lin Ran said helplessly, he had already formed a conditioned reflex, as soon as this guy raised his hand, he couldn’t help but turn sideways for fear of being blown out by this Lei again.

“Alright, say it what’s your name!”

Ray seemed to have really stopped doing anything and looked at Lin Ran and asked.

Lin Ran saw this and then sighed in relief before saying.

“Lin Ran!”

“Lin Ran? That name doesn’t sound like much of a problem!”

Lei said, and then continued to ask.

“What is your relationship with Wanshou? Is it hard to say that you’re another helper he’s found?”

Said Ray, with disdain showing in his eyes.

“I can tell you, don’t think that just because you’re the helper he found, I’ll be merciful, and to put it mildly, go back and tell Wanshou that his little scheme is useless!”

“This inheritance pearl has been in the hands of their Wan Family for how many years, and so far no one has been able to pass my test, only the first generation of the Wan Family’s family head is still somewhat capable, it took him a hundred years to break through to the third level, see in the end he still failed to pass the test!”

“As for him, Wan Shou has no chance at all! On the contrary, that Thunder Dao practitioner called Chao San is not bad, but this person’s heart is not good, and it’s almost impossible to get the inheritance from my town!”

“Brother, you’re mistaken, I’m not in cahoots with Wanshou!”

Lin Ran laughed helplessly.

“Not a gang?”

Tired was puzzled by his words.

“Wan Shou is dead, killed by Chao San!”

Lin Ran busily explained, and then gave an approximate account of the situation, and it was only then that Lei listened with a sudden sense of understanding.

“So? It’s good to be dead, save them from wasting Laozi’s time by standing around with treasures and not getting anything!”

Ray did not have the slightest bit of sympathy.

“Senior, what exactly is this inheritance you’re holding down?”

Lin Ran asked, unable to hold back the curiosity in his heart.

“Can’t tell you!”

Lei, however, was unforgiving and refused outright.

“Why? Aren’t you here waiting for the right person?”

Lin Ran was busy asking, he wasn’t in a hurry to get this inheritance, he just wanted to know what kind of inheritance it was, after all, if it was a very mischievous inheritance, he wouldn’t even bother learning it.

“You want to know?”

Lei sniffed and looked at Lin Ran with a smile in his eyes.

“Yes!”

Lin Ran nodded busily.

“Yes, as long as you can take one of my moves and not fall into the water, I’ll tell you!”

Lei laughed.

“Huh? How come you still have to do it!”

Lin Ran smiled a little helplessly.

“Nonsense! You think I can get the inheritance here just by moving my mouth!”

Lei said without good humour.

“Tell you honestly! To obtain the inheritance here, you have to go through a triple test!”

“And the name of this inheritance was originally meant to be told to you only after you could take my second test in its entirety!”

“But after all these years, none of them have managed to do so, except for the first master of the Wan Family who wore it out hard!”

“I see your brat’s extraordinary talent, so I’ll make an exception for you, as long as you can block my moves for this second test and not fall into the water then I’ll tell you!”

“But if you want to get this inheritance, you still have to behave and accept the test!”

“Fine!”

Lin Ran nodded at his words, since they had said this, if he didn’t agree, it would seem like he was being a bit timid.

“Good! Take the move!”

When Ray said he would do it, he immediately pulled out the sledgehammer on his back again, and Lin Ran almost reflexively tried to dodge.

Sure enough, the next moment Ray swung the sledgehammer in his hand towards Lin Ran and smashed it again.

This time, however, the black lightning light above his sledgehammer became even more raging, and there was a faint sound of thunder explosions.

“Thunder Chop!”

And then Lin Ran heard a roar from Lei, and a cloud of thunder light faintly emerged from his sledgehammer.

The lightning light was white in colour, but on the outside it had a black thunder light, which looked very powerful.

“Bang!”

In the next moment, the sledgehammer instantly smashed into the ground, followed by the white lightning light that actually shot out directly, heading straight for Lin Ran.

“What a bizarre method of attack!”

Lin Ran frowned as he watched, how did this method of attack look so bizarre, especially the white lightning light that was rushing towards him, the speed was simply staggering.

“Stop it for me!”

Although his heart was strange, Lin Ran had already reacted as he blasted out his fist straight at the white thunder light.

However, he still underestimated the power of the thunder light, as the white thunder light instantly collided with the fist wind only, and in the next moment, it directly strangled Lin Ran’s fist wind to pieces.

“Bang!”

Immediately afterwards, before Lin Ran could react, the white lightning light had already blasted him in the chest, sending his entire body flying out.

The pain in Lin Ran’s chest was excruciating, but he didn’t even care about it and turned his head to look behind him, only to see that he was only two to three metres away from the lake behind him.

“Damn it! Let’s fight!”

Lin Ran gritted his teeth as a white light flashed behind him, his divine Thunder Purple Qiong wings directly unfolded, and the next moment just as he was about to fall into the water, his divine wings flapped and he directly flew into mid-air.

“Hmm?”

Ray watched with an uncomfortable frown and chided.

“You’re cheating!”

Lin Ran couldn’t help but smile awkwardly at his words and said.

“Bro, you didn’t say you couldn’t use your wings! Willingly, I’ll accept the bet! Besides I just want to know exactly what this inheritance is, it’s not like I’m getting it straight away, so what are you worried about!”

“You!”

Ray was furious, but willing to bet he still had no choice but to grit his teeth and say.

“It doesn’t matter if I tell you, you won’t get it anyway, remember that! I’m guarding the orthodox Thunder Dao heritage! This bead is called the Thunder Dao Pearl!”

Chapter 1677

“The Thunder Dao Pearl?”

Lin Ran’s entire body froze at the sound of his words.

Lei Zun, this name was not unfamiliar to him, he had mentioned this person a lot before in the pillow book and Qing Zi, it was said that he was also a great power beside the old Immortal Emperor back then, and his strength was unparalleled.

This divine Thunder Violet Qiong wing of his own, Qing Zi said, was something refined by Lei Zun back then.

“I’m really related to the Thunder Djinn!”

Lin Ran couldn’t help but laugh in his heart.

Lei seemed to have read Lin Ran’s mind and sneered.

“Kid don’t think I’ll show you any favouritism just because you have the Divine Thunder Violet Qiong Wings, I’m telling you you’re not even the bastard son of his old man, the Thunder Zun!”

“Pfft!”

Lin Ran almost didn’t let a mouthful of old blood spurt out at his words.

This Lei was really speaking with a bolt from the blue, but then again, how did this guy tell that his wings were the Divine Thunder Purple Qiong Wings, he could disguise himself very well.

“Hey! How did you recognise that these wings of mine are the Divine Thunder Violet Qiong Wings?”

Lin Ran was puzzled and busily asked.

Lei sniffed but snorted.

“Is it hard to recognise? The aura of divine thunder is so obvious, what else could it be if it isn’t the Divine Thunder Violet Qiong Wing!”

“This hiding method of yours can only fool those at the lowest level of the cultivation world, it can’t be hidden in front of real experts at all!”

“Eh!”

Lin Ran was speechless at his words.

“Master, forget about him, since you have obtained this Thunder Dao Pearl, it is most important that you obtain the inheritance as soon as possible, this Thunder Daoist is no ordinary person, if you can obtain his inheritance, it will be of great use in the future!”

Qing Zi was busy reminding.

“Great use? What do you mean?”

Lin Ran was surprised at his words, wasn’t it just an inheritance? As the saying goes, the master leads one to the door and the cultivation is up to the individual, not to mention the inheritance of the

Thunder Emperor, even if it was the inheritance of an Immortal Emperor, if the cultivator himself did not seek to advance, then in the end it would still be a bamboo basket that would be empty.

“Master you don’t understand, the Thunder Dignity Pavilion that this Thunder Dignity belongs to is a very powerful force!”

Qing Zi was busy explaining.

It turned out that when the Great War broke out back then, the Thunder Djinn followed the Immortal Emperor in the Great War and eventually fell.

However, Lei Zun’s disciples were numerous, but whenever just one of his disciples did not die, the Lei Zun Pavilion that Lei Zun belonged to could be reborn.

Why?

It’s simple! Because the Thunder Zun Pavilion is different from other powers, other powers talk about masters passing on their disciples, the eldest and youngest in an orderly manner, such a power inheritance can certainly pass on the legacy from generation to generation, but there will also be a situation where there is an open struggle within the strength.

After all, this way, the master disciple within the sect belongs to too obvious, each master taught out of the disciple will have a comparison between each other, and even and weight, certainly can enhance the competitiveness, but at the same time will slow down the development.

Unlike the Thunder Dignity Pavilion, the Thunder Dignity Pavilion all refer to each other as brothers, and everyone who can join the Thunder Dignity Pavilion is also bound to have received the Thunder Dignity Dao Pearl inheritance, so everyone’s cultivation techniques are the same.

“The head of each Lei Zun Pavilion became Lei Zun, back then Lei Zun died in battle, this Lei Zun Dao Pearl was probably left in the cultivation world after his disciple inherited the position of Lei Zun later on.”

Qing Zi introduced, and only then did Lin Ran understand.

It turned out that the Thunder Dignity had a very special way of accepting people, after each Thunder Dignity inherited the position of Dignity, he would make the inheritance of the Thunder Dignity Pavilion into a Thunder Dignity Dao Pearl and distribute it.

Only those who could eventually obtain the recognition of the guardian inside the Thunder Dao pearl could be considered to be truly a member of the Thunder Dao Pavilion.

Even if you are just an ordinary person, as long as you are recognised by the guardian, you are still a member of the Thunder Dignity Pavilion.

Therefore, in the face of this special way of accepting people, the Lei Zun Pavilion can often rise more quickly.

And it was also more cohesive to call each other all brothers.

“Do you understand master? As long as you can get this guy’s approval, in the future, you will have a backing in the Immortal World!”

Qing Zi said.

Lin Ran had basically understood everything when he heard this, and he nodded his head before laughing.

“What you say is certainly reasonable, but relying on others is not a long term solution after all, and this Lei Zun Pavilion doesn’t know how to test the heart when accepting people, so I’ll just let everything go!”

“This master can completely rest assured, the Thunder Dignity Pavilion naturally has their own criteria for selecting people, historically the people of the Thunder Dignity Pavilion have not heard of any evil disciples!”

Qing Zi explained.

“Well, that’s naturally best!”

Lin Ran laughed.

While the two of them were talking, Lei outside was already waiting a little impatiently and opened his mouth to ask.

“Kid, what’s the matter? Do you want to break into the second level or not, if not, hurry up and get out, I still have to sleep!”

“Barge in! Why not!”

Lin Ran laughed, and immediately put away his Divine Thunder Purple Qiong Wings and landed on the ground.

“Good boy, then I won’t be polite!”

Lei laughed, and immediately pulled out the sledgehammer on his back, about to strike at once.

“Wait!”

Lin Ran said busily when he saw this.

“What are you doing again? What are you doing?”

Ray said impatiently.

“I want to ask, you shouldn’t be killing people!”

Lin Ran asked, scratching his head, he was really afraid that this second level would be too difficult to break through and that if he turned around and died here, it would be too much of a mistake.

If he died outside, at least Luo Qiqi and the others would still be able to find him in the future, but if he died in here, unless he was really lucky to the point of explosion, he was afraid that he would never be found by Luo Qiqi and the others in his life.

“Nonsense!”

Ray sniffed in anger and said angrily.

“If Laozi could lay a deadly hand, the Wan family would have been destroyed by Laozi long ago! How else could it be your turn?”

“Erm that’s good!”

Lin Ran laughed awkwardly before waving his hand and taking out his own Frost Condensation Sword and said.

“Let’s do it!”

“Good boy! I won’t be polite then!”

Lei laughed at this, and then his entire body instantly copied the sledgehammer in his hand and flung it towards Lin Ran.

According to Lei’s words, in order to gain his recognition, one needed to pass through a total of three levels, the first of which was the one where Lin Ran had been blown into the water by Lei.

As long as he could understand the mystery of the first level, he could easily pass through it.

The second level, on the other hand, was the mysterious and unpredictable power of thunder and lightning. At that time, Lin Ran wanted to know the name of this inheritance, so Lei made a bet with him, and the move of this bet was the second level.

“Bang!”

As Lei dropped his hammer, a white light shot out around the black greatsword wrapped in thunder and lightning coming straight at Lin Ran.

“It’s that move again!”

Lin Ran’s heart sank at the sight of this move, and he hurriedly waved the Frost Condensation Sword in his hand and flung out several sword maces.

However, although these sword maces were fast and their strength was already considered to be Lin Ran’s strongest move.

However, in the face of this white light’s swing, they were of no use at all, and were instantly blown into pieces the moment they collided.

“Bang!”

The white light black lightning instantly blasted at Lin Ran, this time without the slightest surprise, sending him flying backwards straight away.

It was a good thing that Lei hadn’t intended to blast him down this time, and Lin Ran wasn’t so shameless as to be using his divine wings.

“How on earth can this second level be considered a win!”

Lin Ran said helplessly as he got up from the ground in fear and exhaustion and patted the dust on his body.

“Want to win? Beat me and you win!”

Ray laughed blandly.

Chapter 1678

“Beat you?”

Lin Ran almost cried when he heard that, this second move of Lei’s was extremely powerful and had a very fast speed, Lin Ran couldn’t block it at all.

I was afraid that the only way to block it was to use the power of the Chaos Cyclone within his body.

But that was only blocking, to win he had to defeat this guy.

“Are you kidding, right? How is it possible to defeat you!”

Lin Ran said helplessly.

“What’s impossible, it’s not like I have a rule that you have to promise me before how old you are, you can fight for the rest of your life!”

Lei laughed.

Lin Ran smiled but was a little speechless.

“That’s not really necessary!”

After saying that, Lin Ran’s eyes chilled as he whirled towards Lei and charged forward.

“Not bad! You still dare to come, so watch out!”

A smile flashed in Lei’s eyes as he whirled and slashed out with another hammer.

This time Lin Ran learned to be much more astute, and at the same time as Lei struck out with the hammer, Lin Ran’s entire body flickered, readying himself to dodge in advance.

The white black lightning that burst out really pounced on an empty space.

However,? What Lin Ran didn’t expect was that although the white black thunderbolt had pounced on an empty space.

However, it was followed by the same thick thunder and lightning force that had hit his chest at the beginning.

If he hadn’t held onto the ground at the last moment, he might have been hit again in the surrounding lake.

“How can this second move be related to the first one?”

Lin Ran said, covering his chest.

“Did I tell you it doesn’t matter?”

Lei laughed.

“Me!”

Lin Ran almost didn’t cry out when he heard that.

“Good! You have guts, let’s do it again!”

Lin Ran was furious, and immediately got up and copied the Frost Condensation Sword and lunged towards Lei again.

Seeing this, Lei smiled blandly without any nonsense, and immediately smashed another hammer on the ground.

And then the whole space was filled with the sound of “thump, thump, thump” and the screams of those who were blown away.

Lin Ran didn’t know how many times he had been blown away, and only when he felt too humiliated did he mobilise the Chaos Cyclone power within his body, and met another attack from Lei with his sword.

“Bang!”

There was another blast, only this time it was unbelievably loud.

“Hmm?”

Lei stood at a distance, looking at the explosion, and couldn’t help but frown slightly.

This was because this time he actually didn’t see Lin Ran fly backwards out of the room.

The white light from the explosion soon dissipated, followed by Lin Ran revealing himself, except that at this moment, his hair was standing backwards and his entire face was black, but he had managed to deflect this strike from Lei.

“Good boy! Come again!”

Ray could not help but be pleased at the sight and was about to continue.

“No, no! No more fighting, no more fighting! That’s all for tonight, if I fight again I’ll have to be killed alive by you!”

Lin Ran was busy waving his hands and said.

“What a bore!”

Ray was helpless at the sight, but the smile on his face was noticeably more.

Lin Ran ran off to wash his face before walking back in, and when Ray saw that he had no intention of leaving, he couldn’t help but laugh.

“Kid tell the truth! I’ve got my eye on you!”

“Huh?”

Lin Ran was stunned at his words, not understanding what this family meant.

“To tell you the truth, you’re the first person to resist my second move in such a short period of time once I’ve been here for a long time!”

Said Lei, who had actually done the same next to Lin Ran, before saying.

“You know that Chao San, right! He was the only one who was able to carry off Laozi’s second move in a year’s time, only that the rank hasn’t seen him since!”

Lin Ran nodded at his words, thinking that that one year should have been a long time ago, after all, it was only after he came to the Immortal Realm that he had messed with the Wan Family to have what happened behind him.

“By the way, can you tell me what this third level is like? I can also prepare for it in advance!”

Lin Ran suddenly asked.

This Thunder Dignity Inheritance was of great interest to him, and he wanted to get his hands on it no matter what.

“The third level?”

Lei was stunned at his words? However, he seemed to be looking at Lin Ran a few times more favorably, and immediately laughed.

“There’s no harm in telling you, this third level is still something you have to promise me, but there’s an additional condition!”

“Additional condition? What additional condition?”

Lin Ran asked busily.

Lei’s face suddenly sank as he said in a cold voice.

“That is, you have to kill someone for me, or rather, kill someone for the Thunder Zun Pavilion, as long as you can kill him and defeat me at the same time! Then you can get this Thunder Zun Inheritance!”

“Kill someone? Kill who?”

Lin Ran asked busily.

“I can’t tell you who they are right now, in case you’re a spy sent by them!”

Lei looked at Lin Ran and said.

“I

Lin Ran was a little speechless.

“Then when can I say?”

Lin Ran asked.

“After you kill that person and defeat me at the same time, I will tell you who the other person is!”

Lei said.

Lin Ran nodded at his words and didn't ask any more questions, he knew in his heart that Ray was already giving himself face for being able to tell him this.

If he didn't know what to ask, he was afraid that it would strain the atmosphere that the two of them had just seen easing up again.

"Alright, in that case I'll go back first, I'll come back to you later when I'm sure!"

Lin Ran said as he got up and was about to leave.

"Kid, don't keep me waiting, or I won't be soft next time we meet!"

Lei said irritably.

"Sure!"

Lin Ran smiled and arched his hand before he turned around and jumped into the lake to the side, the coldness soon hit him and Lin Ran only felt a blackness before his eyes, the next moment he was already out of the place.

Lei looked at the lake that was gradually returning to calm, the corners of his mouth couldn't help but rise slightly.

"After all these years, I've finally come across a kid who can top things, I hope you don't die too early!"

After saying this, Lei smiled blandly, and then dissipated into this space.

Lin Ran returned to the outside and was ready to take a rest, but when he actually reached the cave, he realized that the campfire he had built had long since gone out.

Even the coals left by the fire were cold.

"Shit, how long have I been in there!"

Lin Ran couldn't help but curse out a shout before running to the entrance of the cave, and immediately saw that there were rays of bright light filtering in from outside the cave, and it was actually already dawn outside.

"This"

Lin Ran was somewhat helpless, and at that moment, he no longer rested, although he had spent constant time in the Thunder Dao Pearl, he did not feel tired himself, and at that moment, he took out the map and studied it.

The whole night, Chao San did not come after him, or did not find himself, and did not know where this guy had actually gone, or had given up?

All this Lin Ran did not know, and he did not bother to think too much about it, looking at the map to determine his location and thinking about where to go next.

Lin Ran's location was in the middle of the Beast Hunt City and another city, which was close to the direction of the Beast Hunt City and towards the Beast Mountain.

And on the other side, it led directly to the nearest of those cities.

"Yaki City!"

Looking at the nearest city, Lin Ran couldn't help but blush a little, a mixed blessing of sorts.

Because this Yaki City was considered a large city, and there was also a Luo Ran merchant company within its period, so perhaps news of Luo Qiqi could be found here.

And the sad thing was that not far outside this Baki City, there was a force coiled up, and this force was no other than Wanshou Mountain!

Chapter 1679

"Wanshou Mountain! I never thought that one day I would actually come to the sphere of influence of the Ten Thousand Longevity Mountain!"

Looking at the location marked on the map, Lin Ran couldn't help but feel helpless.

Lin Ran had thought that he would never come to the Immortal World, but who knew that he would come here by mistake.

And now, he had arrived at the land of other people's Wanshou Mountain, so it was really a matter of fate.

"Hey! If the Nine Winged Bat Dragon still has a doppelganger, I should take the opportunity to get rid of it!"

Lin Ran said to himself, while putting the map away and preparing to leave the cave.

"Master, you have to be careful about this!"

Suddenly Qing Zi but spoke up and warned.

"Be careful of what?"

Lin Ran asked.

"That Nine-Winged Bat Dragon you're afraid you won't be able to beat right now!"

Qing Zi said awkwardly.

"Why?"

Lin Ran was puzzled and busy asking, he had destroyed the Nine Winged Bat Dragon's original body back then, how could he not be able to defeat him now!

"Master you forgot, back then there was a medical dao augmentation, but now"

Qing Zi said.

Lin Ran was stunned when he heard that, it did seem like that was the case, his current healing dao couldn't be used at all.

"If that's the case, then if the Nine Winged Bat Dragon really still has a distraction, its strength should be at the lowest possible level of the Dao of Enlightenment realm I'm afraid!"

"And I'm only at the Heavenly Mansion realm right now, so I'm indeed a step behind!"

Lin Ran analyzed.

Previously, the Nine-Winged Bat Dragon couldn't defeat himself, while he couldn't use his medical dao right now.

According to the previous fight between Lin Ran and the Nine-Winged Bat Dragon, it wasn't like the difference in strength between this fellow and himself was too great, not like the Heavenly Mansion realm.

Then there was only one possibility, this guy was the real deal at the Dao of Enlightenment realm.

"Whatever, this is all my guess, what if this guy doesn't have a doppelganger!"

Lin Ran laughed, until he saw the Nine-Winged Bat Dragon, nothing could be said.

Thinking of this, Lin Ran stopped talking nonsense and raised his hand to blast the cave open with a fist, before walking out.

He did not rush to leave, but returned to the lake where he had rested last night.

Seeing that there was no sign of anyone coming around, Lin Ran was relieved to be sure that Chao San hadn't come after him last night.

But this guy didn't come after him last night, was he really ready to give up?

Lin Ran's heart was puzzled,? He had robbed him of the Vanguard Treasure Pearl, this guy looked quite angry at the time, how come he wasn't chasing after him now?

It didn't work, Lin Ran didn't bother to think about it, he discerned the direction and immediately hurried in the direction of Baki City.

The mountain range was long, but not too steep, and at Lin Ran's current speed, he would be able to cross it in just one day.

And once he crossed the mountain range, he would definitely be able to reach Yaki Castle by early tomorrow morning.

While Lin Ran was on his way to Yaki City, at the foot of the mountain range outside Yaki City, a group of people were searching around for something, and occasionally exchanged words.

In the middle of the group, a young man dressed in green robes had a stony face, seemingly hiding something on his mind.

"My lord, this kid has really brought someone to collect medicine today, should we make a move!"

On the hillside only, in a hidden deep pit, a youth in black robes rushed to another person next to him and asked.

“No need! There are too many people now, we’ll do it at night!”

The middle-aged man in dark red robes spoke with a cold smile.

He was dressed in dark red robes, but his bare hands were very deformed, saying that they were hands, but they looked more like claws, as he only had three fingers on his hands.

“Understood!”

The man nodded in response.

“By the way, my lord, I have just received information that Chao San is here!”

“Chao San? What is he doing here?”

The dark red robed middle-aged man’s face sank at his words, but after a moment he said.

“Let him come to see me! This time he may have come to our Wanshou Mountain to ask for help again, the Sect Master is in a bad mood lately, don’t let him go! Bring me here first!”

“Yes, my lord!”

The henchman sniffed and received his orders, and left immediately.

It wasn’t long before a cheerful voice came from afar, followed by Chao San’s appearance.

“Brother Bloodbat, it’s been a long time since I’ve seen you! I’ve missed you so much!”

“Missed me? You must have missed my master again!”

The Blood Bat said coldly, not giving Chaosan a good look.

However, Chao San seemed to have seen it long ago and was not angry, laughing.

“What are you talking about, Old Brother Bloodbat, I’ve come here this time to tell your master about a great opportunity, how about it? Take me to see him?”

Chao San laughed.

The blood bat could not help but give Chao San an extra look at his words, because the blood bat was born with the wood attribute while Chao San was a thunder attribute, so the blood bat was very uncomfortable with him and did not even want to get close.

However, it could not be helped that Chao San’s Chao Beast Mountain was a subordinate force of their Wanshou Mountain, and the two of them would meet at some point.

But this Chao San was a two-faced man, so if he really had a chance, how could he find his master to share it with him?

Seeming to see what Blood Bat was thinking, Chao San was busy laughing.

“Old Brother Bloodbat, I really have a good thing for your master this time, you’d better not delay, otherwise I’m afraid that good thing will get away!”

“Good thing? What good things can you have? What good things do you have in a poor town like Beast Hunt City, apart from more magical beasts?”

Bloodbat said disdainfully.

“Hey! See you still don’t believe me, then I’ll tell you, this time, the item is a divine wing with a divine pattern!”

Chao San said busily.

“What? A divine pattern divine wing?”

The blood bat’s eyes immediately went red at his words, his original body was a blood bat, if he could obtain this divine pattern divine wing, his speed could definitely make a qualitative leap.

The temptation of such divine wings was simply too great for a cultivator like him, whose original body was that of a raptor.

“You’re not joking?”

The Blood Bat looked at Chao San and asked in a cold voice.

“I dare to make such a joke?”

Chao San said without good humour.

“But let me remind you, if you don’t hurry up and inform your master, I don’t care if that kid runs away then!”

Chao San then said.

“Humph! Forgive me, you don’t have the guts to do that!”

The blood bat coldly snorted, and immediately came out with a bat that was all black in colour, and then flung it towards the sky, and this bat directly flew out.

“This place is not close to Wanshou Mountain, even if the master himself comes, I’m afraid it will be tomorrow morning!”

The blood bat said.

Chao San smiled and thought for a moment before saying.

“No matter, I’m afraid that kid will be able to come here tonight, we will ambush him here, if we can kill him directly, I won’t steal the credit for this divine wing divine tattoo dedicated to your master from you, old brother Bloodbat!”

“Are you so kind?”

Blood Bat looked at Chao San and asked in a cold voice, he didn’t think Chao San would be so generous.

Chao San smiled awkwardly at his words and was busy saying.

“It’s like this, that kid has robbed one of my treasures by virtue of having the divine wings, when the time comes to kill him, this treasure will hopefully still be given to me, that divine wings I will naturally pretend not to know!”

Chapter 1680

“Oh! Is that so? That’s something to think about!”

Bloodbat smiled coldly at his words.

Chao San’s treasures, what treasures could he have, Blood Bat couldn’t even look at them, in his opinion, Chao San telling himself about the divine wings was just because he couldn’t grab them himself, so he backed off and told himself about the divine wings, so that when the time came, he could help kill that kid, and this guy could get back what he had.

It’s just that what he has from Chao San, Bloodbat really can’t see!

“That’s right!”

Seeing Blood Bat agree, Chao San then sighed in relief, and then continued.

“By the way, old brother Bloodbat, how did you get here? It’s not that far from Yaki City, is there some kind of mission?”

“It’s for that kid!”

Bloodbat didn’t hide, pointing to a group of people at the foot of the mountain and said.

Chao San sniffed and looked, and when he saw the dress of these people, he couldn’t help but frown slightly.

“Isn’t this someone from the Li family of Baki City? Why are you guys making a move on him?”

Chao San asked busily.

The Li family of Yaki City was not an existence to be trifled with. In Yaki City, the largest family was the Li family, not because the Li family’s backing was the Yaki Mountain.

There are two forces around Yaki City, one of which is the oldest local force, the Wanshou Mountain.

One of them is the long-established local power, the Wanshou Mountain, while the other, which emerged three hundred years ago, is the Yaki Mountain.

It is said that the head of this mountain is a member of the Li family of Yaki City, so the Li family can call the shots in Yaki City, and most importantly, it is said that the Li family has an unusual relationship with the Luo Ran Trading Firm in the city, so this Yaki City is almost dominated by the Li family.

Even if the Wanshou Mountain was powerful, it did not dare to come to Baki City easily.

“A few days ago, Baki Mountain destroyed a stronghold of our Wanshou Mountain, causing the sect master to become very angry, and when the master saw this, he asked me to come out and capture a disciple of the Li family to relieve his anger!”

Blood Bat said.

“So, then this kid is unlucky enough, why don’t you do something about it?”

Chao San asked with a smile.

“What do you know!”

Blood Bat smiled with disdain and said coldly.

“Now in broad daylight there are a lot of people and eyes,? We’ll do it at night, this kid is not an ordinary person, if Baki Mountain knows that it was us who captured him, I’m afraid that he will directly become furious and start a war with us, Wanshou Mountain!”

“Then open it, who is afraid of who

Chao San didn’t finish his sentence before he felt the Blood Bat cast a gaze as if it was going to kill him and hurriedly shut up.

“If you have nothing to do, just go and stay aside, if you dare to delay my business, you’ll have a good time when the master arrives!”

Blood Bat said in a cold voice.

“Yes! Yes!”

When Chao San saw this, he was busy smiling, while walking towards the distance.

However, as he gradually walked away, his face gradually became cold.

“Hmph! What the hell, all the time rotten bat if not for your master’s greatness, I would have fucking killed you long ago!”

Chao San cursed in his heart.

He himself was a real enlightenment realm, only because he was not a magical beast origin, so he had never been able to get the respect of Wan Shou Mountain, while this blood bat was only at the Heavenly Mansion realm strength, yet he was able to do this to himself, just because this guy was the body of a magical beast and his master was also at the enlightenment realm.

“Forget it, what’s there to be angry about with this bunch of beasts, when I kill Lin Ran at night and retrieve my own Wanjia treasure pearl, I’ll find a place to retreat, and when I rise to the top in the future, I’ll come back and destroy your Wanshou Mountain!”

Chao San thought to himself, a smile unconsciously appearing at the corner of his mouth.

The time passed, and the blood bats really didn’t make a move until the sky was getting dark, and only then did they start to get restless.

The Li family members did not seem to be prepared to go back tonight, so when they saw that it was getting late, they set up camp on a nearby hill and built a campfire.

When Blood Bat saw that it was almost time, he greeted all the people and began to arrange the specific division of labour.

Lin Ran, after a day's journey, had finally reached the foot of the mountain range, but seeing that it was not yet too dark, he went straight up the mountain and prepared to rest when he reached it.

From the foot of the mountain to the top of the peak, it took almost half an hour.

When he got to the peak, he did not continue his journey, but found a relatively wide place to start living and roasting fish.

That's right, roasted fish, the dry food he had brought out of the Beast King domain really made him desperate to eat, so he simply went to the lake and touched several more big fat fish when he set off in the morning.

It seemed that Lin Ran had been craving when he ate them last night, and this time Lin Ran had just set up the fire when Xiao Jiu and Li came running out impatiently.

One man and one beast looked at those big fat fish with bated breath, just about drooling.

"Lin Ran, you're ungodly, you didn't even call out to us for such delicious fish last night!"

Li said, upset as soon as he came out.

"Oops, wasn't brother running for his life last night! Now isn't it already prepared for us too!"

Xiaojiu said busily.

"That's more like it, I'm following you out, you can't abuse me!"

Li expressed her while dissatisfaction, like a child at this point.

Lin Ran saw this and smiled helplessly, before saying.

"Tell me earlier if you want to eat, I'll prepare more for you later!"

"I want to eat, I want to eat!"

Li saw this and busily said.

Lin Ran laughed and said no more, and immediately began to grill the fish.

However, just then, the triangular electric snake that had been coiled around Xiao Jiu's body suddenly trembled all over, following which it disappeared in place.

"Little Green?"

Seeing the triangular electric snake suddenly leave, Xiao Jiu couldn't help but feel a little anxious.

"Don't be nervous, it's afraid it's found something!"

Lin Ran laughed.

The Triangular Electric Snake was naturally fond of treasure hunting, and Xiao Qing was willing to follow Xiao Jiu's side peacefully because the latter was its master, as well as being a fellow demon stone.

At this moment, it had suddenly left, fearing that it had found some treasure on this mountain peak.

But this mountain was nothing but trees and grass, what kind of treasures could there be, I'm afraid it was probably some precious herbs!

Lin Ran thought to himself.

As expected, just a few moments later, a fluctuation in the space around them, followed by the appearance of the triangular electric snake.

Only to see that it was currently holding a bright red fruit in its mouth, which was so blood red that it looked as if it was made of blood.

"This is?"

Lin Ran looked stunned, although he had never seen this fruit before, the tantalizing fragrance and aura fluctuations emanating from its entire body were fantastic, and it was no ordinary object at first glance.

"Master, this is the Spirit Rhyme Fruit!"

Qing Zi suddenly spoke up.

"Spiritual rhyme fruit? What's it for? Can I eat it?"

Lin Ran's mouth watered a little and he busily asked.

"Yes you can!"

Qing Zi said busily.

"But it won't do you much good if you eat it, this Spirit Rhyme Fruit is for healing and restoring your body!"

"If you're seriously injured, eating this Spirit Rhyme Fruit will at least restore a large portion of your injuries!"

"So miraculous?"

Lin Ran was dumbfounded as he listened, and immediately took the Spirit Rhyme Fruit over.

"Lin Ran, I want to eat it!"

Lin Ran had just gotten his hands on it when Li, who was on the side, spoke up.
