

Doctor

Chapter 1681

“Why do you want to eat everything! You can’t give this to you!”

Lin Ran said busily, while putting the Spirit Rhyme Fruit away.

“Why!”

Li was upset and asked.

“It’s something to heal and save people, so you can only eat it when anyone is seriously injured in the future!”

Lin Ran explained.

Lizzy smiled but did not do it and said.

“I’m still a child, I’m growing up, wouldn’t it be just right to give it to me to eat! If you don’t give it to me, I’ll make a note to tell Uncle Yan back!”

“It’s useless to tell Mama Yan! You’re a little girl, and you’re telling on me now! You’ve only just finished eating that golden python lining last time! Kids should learn to be good, be careful of your brain stomach if you eat too much at once!”

Lin Ran said as he picked up the fish that was almost baked and handed it over.

“Hmph! Stingy!”

Lizzy didn’t bother to say much when she saw this, and only reluctantly compromised when she saw that she had fish to eat.

“What a child!”

Lin Ran looked helpless as he shook his head and handed one to Xiao Jiu as well, before picking up the last one himself and eating it.

When it came to the skill of grilling fish alone, Lin Ran was absolutely great at it, he had done a lot of cooking on his own in the past when he was in Tanjiang City.

He had even cooked for Song Nuan’s friends when they came to visit him once.

Who would have thought that only a thousand years would have passed since then, and that he would be reborn in this immortal world?

When he thought of these past events, Lin Ran felt mixed feelings in his heart, and he wondered how everyone was doing nowadays.

“Ai!”

Lin Ran sighed helplessly, feeling that the road to find the crowd was so long.

“I still want to eat!”

Thought Lin Ran, just as he was about to take a second bite, suddenly Li who was on the side was looking at himself with bated breath.

“Here you go!”

Looking at the bewildered look on Li’s face, Lin Ran had no choice but to hand it over.

“Thank you!”

Li showed a smiling face and immediately took a bite and ate it.

Lin Ran was helpless, and was just about to lean on a few more, seeing as how no one was afraid that one would not be enough to stuff everyone’s teeth.

But at that moment, suddenly there was a loud noise from the depths of the forest.

“Quickly hide!”

Sensing that something was going on, Lin Ran immediately opened his mouth and shouted.

“Don’t eat it,? Hurry up and go!”

Xiao Jiu saw that Li was still eating the fish and immediately urged.

“Me!”

When Lizzy heard this, she seemed very reluctant to leave the fish behind, and with a ruthless heart she actually emerged with a wisp of black light from her body, directly wrapping the fish.

The next moment, a scene that shocked even Lin Ran appeared, only to see that the fish flesh had actually separated from all the fish bones and fish spines.

Following that, all the fish flesh was swallowed by Lizzy under the wrapping of the black light.

“Holy shit!”

Lin Ran looked dumbfounded, this guy’s black light could still be used like this!

Lin Ran didn’t dare to delay and directly put Li and Xiao Jiu into the space, then turned around and prepared to hide first.

But before he could dodge, suddenly the forest in the distance was filled with a rain of arrows shooting down towards him.

These arrows were magic weapons, and the sound of a sonic boom was faintly heard as they passed through the air.

When Lin Ran saw this, he slapped his palm out, scattering the countless arrows, before dodging behind a large tree.

But just as he ducked behind the tree, a figure suddenly ran past him.

Lin Ran turned his head to look and saw that the person who had run away was a young man dressed in green clothes, whose body was already red with blood.

There was even a clear claw mark on his back, which looked shocking to the eye.

He was very fast, but unfortunately, the sky was full of arrows and even though he was extremely strong, he could not dodge them all at this moment.

“Poof!”

There was a sudden muffled sound, and in an instant the young man was hit with an arrow in his back, and his entire body was directly lifted to the ground and rolled several times!

Just as Lin Ran was considering whether or not he should go up to save the man, suddenly there was a loud laugh from behind.

“Li Yi! I’ll see where you can run!”

As the voice fell, Blood Bat and Chao San also landed almost simultaneously, and beside the two of them was this large group of men who were looking intently at the youth in front of them.

When Lin Ran heard the voice, he couldn’t help but frown slightly and busily collected his aura so that the other party wouldn’t notice, while he also sensed that the person who spoke was probably only at the Heavenly Mansion realm.

“Just don’t get discovered!”

Lin Ran thought to himself, he didn’t really want to get involved, he had caused so much trouble when he had scared Wan Qing to death by mistake in the Beast King Domain, he didn’t want to get involved in this mess at this time.

However, he didn’t want to, but God had to force him.

The voice that rang out the next moment struck him with a start.

“Kid, hurry up and give up your hand, if you delay my big event, you will be killed!”

This voice was incomparably familiar, if it wasn’t Chaosan or who else.

“Chao San? Why is this guy here too?”

Lin Ran was shocked, he had travelled all day to get here, but how could Chaosan be here too?

He had clearly not seen him during the day, there seemed to be only one road coming from the Chao Beast Mountain!

“Could this guy have come here last night? Was it his accomplice who spoke before?”

Thinking of Chao San’s remark about delaying the big event, he had already vaguely guessed something in his mind.

“I’m a member of the Li family, you dare to sneak up on me! Aren’t you afraid of the reprisals of Baki Mountain!”

The youth named Li Yi turned his head to look at Blood Bat and Chao San, his voice filled with anger.

“Yaki Mountain?”

Hearing this name, Lin Ran was stunned, wasn't it the Yaki Mountain that could fight against the Wanshou Mountain in this Yaki City?

"No! This muddy water is a trip!"

Lin Ran's mind immediately made up his mind.

He didn't even know the strength of Wan Shou Mountain until now, and if the Nine-Winged Bat Dragon really had a doppelganger, then he would be in great danger once he was discovered. ,.

So he had been thinking about how he could join Baki Mountain, a sect that did not deal with Wanshou Mountain, so that he would have something to fall back on.

The most important thing was that he had to find Song Nuan and the others, but the Nine Winged Bat Dragon and the Ten Thousand Life Mountain were also scourges, and he had to find out if the Nine Winged Bat Dragon was dead or not.

Because the Nine Winged Bat Dragon knew the coordinates of his home planet, if he brought people to find it in the future, then the planet would be finished.

Thinking of this, Lin Ran did not delay any longer and immediately took action.

At this moment, those men around Bloodbat had already charged towards Li Yi, clearly not prepared to let him go.

Lin Ran saw that Blood Bat and Chao San were also heading towards Li Yi, so if he delayed, they would be too close together and his chances of getting him would be slim. At once, he gritted his teeth and made his move directly.

A black shadow instantly rushed out from behind a nearby tree, followed by a number of sword rays that shot up into the sky and headed straight for Blood Bat and Chao San and the others.

At the same time, Lin Ran had already rushed next to Li Yi.

"Who are you!"

Li Yi was also startled by the sudden appearance of Lin Ran and asked.

"Cut the crap if you don't want to die! Come with me!"

Lin Ran directly carried Li Yi on his shoulders, and then with a flash of white light behind him, instantly the Divine Thunder Purple Qiong Wings emerged, and the next moment he was already rushing up into the sky with Li Yi.

Chapter 1682

"Bastard stop him for me!"

The sudden change of events also made Bloodbat furious, but at that moment, Lin Ran's sword mane had already killed him, so he could only hastily fend it off.

"Bang Bang!"

Several sword mangles instantly struck the Blood Bat as he took several steps back, while he couldn't help but spurt out a mouthful of blood, the Chao San next to him was a little better off, after all, he was? To be one level stronger.

Deflecting Lin Ran's sword mane, he instantly saw the familiar white mane.

"It's him it's him! That's the divine wing under that white light!"

Chao San shouted busily.

At this moment, the blood bat was badly injured and was furious at the sound of his words.

"Bastard! Give me chase!"

If Lin Ran had run away, it would have been fine, he would have only lost his divine wings, but now he had even saved Li Yi, the man he was trying to capture, because of this kid.

When his master came, how could he deliver on this job?

Seeing that the blood bat had revealed itself and chased after him, Chao San did not delay and followed in a flash of his body.

At this time, in front of him, Lin Ran was carrying Li Yi all the way to run wildly, under the terrifying speed of the divine Thunder Purple Qiong Wings, even Li Yi at this time was a bit overwhelmed.

"Hey! Slow down, I can't carry it anymore!"

Li Yi was busy speaking.

"Can't carry on?"

Lin Ran was surprised at his words, and Li Yi was busy explaining when he saw this.

"My true qi has been sealed, that dog bastard Blood Bat has sneaked up on me!"

Lin Ran smiled at this and said in a rush.

"Tell me and the direction to Yaki City, we'll go straight to Yaki City!"

"Just run wild all the way!"

Li Yi was having a very hard time at this point and dropped a sentence without saying more.

At this time, in the back, the blood bat's speed had actually skyrocketed after revealing its original body, and at this time, he was the only one still clinging to the two Lin Ran, while the others, such as Chao San, had already disappeared.

The speed of the divine Thunder Purple Qiong Wing was too fast for Chao San and the others to catch up with, and only this blood bat could barely keep up with the two without pulling them too far away, but it was absolutely impossible to catch up with Lin Ran. But it was absolutely impossible.

"Kid! Stop right there! You dare to offend us at Mount Wanshou! You're simply seeking death!"

Seeing that he couldn't catch up with Lin Ran, Bloodbat couldn't help but roar in anger, if only Lin Ran had run away, he would have been able to give a good account of himself, after all, he was able to possess divine wings and was actually an ordinary person.

But this time, even Li Yi was also saved, which made it a bit difficult for him to give his account. How could he say that he was too stupid to let the enemy get away?

I was afraid that his master would shoot him dead without saying a word.

However, Lin Ran pretended not to hear his shouting, as Chao San might also be chasing after him, and it would be foolish to stop now.

As long as he escaped to the boundary of Baki City, this blood bat would not dare to chase him, Lin Ran's mind was as clear as a mirror.

"Friend, you must not stop, this Wanshou Mountain is full of cunning villains, you just need to send me to Baki City, I will take care of this matter of joining Baki Mountain!"

Li Yi sniffed before Lin Ran could say anything, he himself first made a promise.

"That's what you said!"

Lin Ran said with a smile.

"I said it!"

Li Yi was busy nodding his head.

Seeing this, Lin Ran said no more and hurried towards Yaki City with all his might.

"Stop right there, bastard!"

The blood bat became even angrier at the sight of this.

However, Lin Ran did not even hear his anger, he simply ignored it and rushed straight ahead.

It was already late at night and according to Lin Ran's plan, as long as he reached the mountain peak tonight, he would be able to reach Baki City in the morning in a couple of hours at most.

With the help of the divine wings, a brightly lit city had appeared in front of Lin Ran in just ten minutes on the plain ahead.

"Bastard!"

Seeing the bright lights flickering ahead, Bloodbat finally began to slow down, knowing that if he went any further not only would Lin Ran and that Li Yi not be caught, but he would even get himself into it as well.

The thought of this made the Blood Bat's teeth bite the ground as he slowly stopped his pursuit and took on a new human form, looking at the two Lin Ran in the distance with anger in his eyes.

It was only when Lin Ran had completely disappeared into the night with Li Yi that the blood bat became so angry that he could not help but kick the ground.

With this kick, a deep crater appeared directly under his foot, clearly very furious.

“What’s going on? Where is everyone?”

Just a few moments later, Chao San rushed over, and not far behind him was a group of Bloodbat’s men.

“Where is everyone? You said where is everyone!”

Bloodbat gave him an icy glare in anger, which made Chao San’s heart very unhappy.

“Why are you glaring at me, I told you a long time ago that that boy has divine wings!”

Chao San said irritably.

“Really? Then why did you say he wouldn’t arrive until early tomorrow morning, this is good even Li Yi has run away, if Yaki Mountain knows about this matter it will definitely not rest in peace! When the master arrives at dawn, I’ll see how you can explain!”

The Blood Bat was furious, so he ignored Chao San and turned around and led his men back in the direction he had come from.

“What the fuck are you!”

Looking at Blood Bat’s back, Chao San couldn’t help but curse, but he quickly followed him.

He had to recover the Wanjia treasure pearl no matter what, tonight’s incident was purely an accident, so what if Bloodbat’s master knew about it.

“Humph! How much treasure and wealth does my Chao Beast Mountain give to your Wanshou Mountain in total every year, I really don’t believe Lord Prime will blame this on me!”

Chao San said coldly in his heart.

At this moment, Lin Ran and Li Yi, after flying for almost a few more minutes, saw that Blood Bat and the others were not catching up with them, and only then did they land behind a huge rock.

The flight of nearly half an hour had depleted Lin Ran’s true qi, so he was not in a hurry as he saw that he was close to Baki City.

“Brother, help me undo the seal!”

As soon as he landed on the ground, Li Yi was busy speaking.

“Mhm!”

Lin Ran didn’t think much of it when he heard that,? Immediately, he moved to unseal Li Yi.

However, during this process, Li Yi was always staring at Lin Ran, as if he was afraid that he would plot against him.

Lin Ran naturally saw his little thoughts,? But he didn’t say anything more.

After all, if it were myself in this situation, I'm afraid I would have been wary too, being attacked by Blood Bats and others in the middle of the night, and then suddenly a young man comes out to save him.

It was only when Lin Ran really released the seal on Li Yi's body that the latter breathed a sigh of relief.

Li Yi got up and moved around a bit, seeing that his body was not seriously injured, before he arched his hand at Lin Ran and said.

"Thank you brother, my name is Li Yi I am from the Li family of Baki City, dare I ask you your great name?"

"I can't speak of a great name, Lin Ran!"

Lin Ran laughed.

"Lin Ran? Your surname is Lin?"

Li Yi was visibly stunned at his words, but then he smiled.

"What a coincidence, our Li family has a great relationship with the Luo Ran Merchant Firm in Baki City, I didn't expect that your surname was also Lin, they say that under the guidance of the Luo Ran Merchant Firm, the Lin surname is one in the world, I didn't expect that you would be surnamed Lin today for saving my brother!"

Chapter 1683

Lin Ran smiled at his words, not saying more on the topic and turning to ask.

"Brother Li Yi, I wonder how come you're here? It is rumoured that the Li family in Baki City is a very powerful one, so how come you are the only one?"

Li Yi said with an emotional sigh at his words.

"It's a long story, but technically I'm not alone, it's just that those men were trying to protect me .... All died!"

When he said this, Li Yi couldn't help but have a little red in his eyes, Lin Ran could tell that he was really on it not faking it.

"Condolences!"

Lin Ran said.

Li Yi nodded and without further ado pointed to the Yaki City ahead and said.

"Let's go, I will follow the agreement and arrange for you to enter Yaki Mountain, also those men who died tragically will have to wait until Yaki City, I still have to arrange for someone to take care of the aftermath!"

"Mhm!"

Lin Ran nodded, and then he got up and walked with Li Yi in the direction of Yaki City.

On the way, Li Yi asked.

“Brother Lin Ran, that flying magic weapon of yours is wings, isn’t it? It’s really rare to see such a fast speed!”

“Mm!”

Lin Ran nodded, not saying much, Li Yi saw this and smiled blandly and asked no more questions, shifting his words.

“I wonder if Brother Lin Ran came to Baki City? Is it hard to say that it’s just to join Baki Mountain?”

“No, because of the Ten Thousand Life Mountain!”

Lin Ran said.

“Ten Thousand Longevity Mountain?”

Li Yi was stunned at his words, not quite understanding Lin Ran’s meaning.

“Earlier, I heard Brother Lin Ran say that he should have a problem with Wanshou Mountain?”

Li Yi asked this tentatively.

“Mm! Speaking of which, I would like to ask, have you heard of the Nine-Winged Bat Dragon of the Ten Thousand Life Mountain?”

Lin Ran asked, what he wanted to ascertain most at this point was whether or not there was still a Nine Winged Bat Dragon’s doppelganger at Mount Wanshou.

“Naturally, I’ve heard of it, that blood bat is the guy who was chasing me, it’s one of his men!”

Li Yi said.

Lin Ran couldn’t help but frown slightly at his words and was busy asking.

“Is it hard to say that the Nine-Winged Bat Dragon is still at Mount Wanshou?”

“Or what?”

Li Yi was a little surprised.

“This Nine-Winged Bat Dragon has never left the Ten Thousand Life Mountains, it is said that he has a doppelganger travelling the world for him, and his true self has always stayed at the Ten Thousand Life Mountains!”

Li Yi said solemnly.

Lin Ran’s face instantly turned ugly when he heard the trend, the thing he least expected to encounter had still happened.

“Then I wonder how strong this original daddy of his is?”

Lin Ran asked busily.

“Ao! His strength in this original group is in the middle stage of the Dao Enlightenment Realm, and he possesses precisely one wind path!”

Li Yi introduced.

“Cultivators like them whose essence is a magical beast also cultivate the dao they are familiar with faster than cultivators, it is rumoured that this Nine-Winged Bat Dragon is quite profound in one of the dao of wind, and if it wasn’t for the magical beast’s almost divine enlightenment, I’m afraid he would have already started to strike the Third Dao realm!”

“Three Dao Realm?”

The so-called Three Dao Realm was the realm above the Realm of Enlightenment, which only required the enlightenment of one Dao, while the Three Dao Realm required the enlightenment of three Dao.

One Dao can increase one’s strength tremendously, let alone three Dao.

Moreover, once all three dao are enlightened at the same time, they will add up to each other, and the effect is far greater than one plus one equals two.

“This is really troublesome now, I have to enlighten one dao as soon as possible!”

Lin Ran thought to himself.

He had the Healing Dao Dao Pearl, and although he couldn’t use it at all right now, he was after all someone who had enlightened himself through the Dao, so as soon as he started to focus on enlightening himself, he would be much faster at comprehending the Dao compared to the Dao.

And if he did not comprehend a dao, I was afraid that if he wanted to kill this Nine Winged Bat Dragon’s original dao, it would be very troublesome.

However, it was useless to say anything more at this point, Lin Ran had not long entered the Immortal World, and he still did not know much about it, not to mention the method of Dao enlightenment.

“I hope I can find some fortune in this Baki Mountain!”

Lin Ran thought to himself.

His earliest intention was to find the Luo Ran Trading Firm and contact Luo Qiqi, so that he could find out what they had been doing for so many years.

But according to the current situation, he wasn’t even sure if Luo Qiqi was the owner of Luo Ran Merchant Firm or not, so he could only take one step at a time and rely on himself.

As the two of them spoke they had arrived at the gates of Baki City.

The general guarding the city was from the Li family, and when he saw Li Yi, he arranged for someone to take the two of them into the city.

It was almost dawn by now, and there were not many people on the streets of the city. Along the way, Li Yi enthusiastically introduced the situation of Baki City.

“Look, Brother Lin Ran, this Drunken Immortal House is the best restaurant in Baki City, every year Baki Mountain recruiting will be set here, and today’s recruitment will start after dawn!”

Li Yi pointed to a three-storey pavilion in the distance and laughed, Lin Ran looked only to see a huge plaque hanging on it, Drunken Immortal House!

“The wines in this Drunken Immortal House are all fine wines purchased from the Luo Ran Trading Firm, which you simply can’t drink outside!”

Li Yi laughed and said that Lin Ran couldn’t help but want to go and have a drink, but it was too early in the morning for the restaurant to be open.

“There is no hurry, when we get to my home, I will bring you here to have a good taste when I finish arranging things!”

Li Yi said with a smile.

Lin Ran smiled and said without pretense.

“Then, thank you very much!”

The two of them quickly crossed the street and saw a huge mansion from afar, with the plaque of “Li Mansion” hanging on the front entrance.

“Brother Lin Ran, look at that!”

Li Yi didn’t rush to take Lin Ran inside, instead he pointed to a pavilion next to it and said with a smile.

“This is the branch of the Luo Ran Trading Company in Baki City, if you’re interested later I’ll show Brother Lin Ran in!”

Li Yi said with a smile.

Lin Ran smiled and couldn’t help but look at it twice more, thought for a moment and then asked.

“Brother Li Yi, I wonder how much you know about the Luo Ran Trading Firm?”

“Not much, not much, anyway, I know everything that ordinary people know, and what ordinary people don’t know, I know more or less!”

Li Yi said with a smile.

“Then I wonder if Brother Li Yi can know who the boss behind this Luo Ran Merchant Firm really is?”

Lin Ran was busy asking, he really wanted to determine whether the owner behind this Luo Ran Merchant Firm was Luo Qiqi or not.

“This is really difficult for me, brother Lin Ran, the Luo Ran Merchant Firm is mysterious and unpredictable, I really don’t know about such things, but it is said that a person named Luo Kuo was from the Luo Ran Merchant Firm from Immortal Emperor City two days ago, if you had come earlier you might have been able to ask him!”

Li Yi said.

“Luo Kuo?”

Hearing that name, Lin Ran couldn't help but frown slightly, this guy had suddenly appeared when he was trapped into the Qiankun space by Lie Shan, and didn't know what he wanted, after that Lin Ran just never saw him again!

“What? Brother Lin Ran knows about this person?”

Li Yixiao asked.

“I don't know!”

Lin Ran shook his head, he didn't have any good feelings towards this person, although he had said that he would show him a clear path, but that path was obviously painless, later on, because of the issue of the boss behind Luo Ran Merchant Firm, the two of them had some unpleasant problems, Lin Ran didn't bother to mention him again.

Seeing that Lin Ran seemed to be interested in who the boss behind the Luo Ran Merchant Firm was, Li Yi thought about it and couldn't help but say.

“Brother Lin Ran, if you really want to know who the boss behind this Luo Ran Merchant Firm really is, I know someone who definitely knows, but whether you can meet him or not that's up to you!”

Chapter 1684

“Who?”

Lin Ran asked busily.

“Our Li family's oldest ancestor, the real too-principal behind the scenes of Baji Mountain, if you can meet him you'll definitely be able to ask!”

Li Yi said smugly.

“Why?”

Lin Ran did not understand.

Li Yi saw this but was full of pride to.

“Because my Li family's ancestor, who is friends with the owner behind the Luo Ran Merchant Firm, has met him more than once!”

“Eh?”

Lin Ran was stunned at his words, the owner behind the Baji Mountain Tai Sect's Luo Ran Merchant Firm was a friend? Then if the Luo Ran Merchant Firm was really owned by Luo Qiqi, wouldn't this Eight Qi Mountains Tai Palm be his old friend as well?

Thinking about this, Lin Ran couldn't help but feel that he had made a worthwhile move, and that it would be a good thing if he could join Baki Mountain and meet this Taishang Sect.

While they were talking, they had already arrived at the entrance of Li's residence. Lin Ran stopped thinking about it, if there was really an old friend of his in Baji Mountain, then everything would be clear when they arrived.

When they arrived at the Li residence, Li Yi arranged for Lin Ran to rest in a side parlour and arranged for many beautiful women to wait on him before he left to go about his business.

However, Li Yi was still very considerate, and had specially prepared a copy of the information on Mount Wanshou for Lin Ran, probably because he had heard on the way that Lin Ran was interested in the Nine-winged Bat Dragon.

Lin Ran was not interested in seeing those beautiful women dancing, so he immediately sent them away and read the information himself.

The first line at the beginning was about the mountain lord of Wanshou Mountain, none other than Prime Lick, a name Lin Ran had heard the nine-winged bat dragon say before, so it was not unfamiliar.

However, after seeing the record about Prime Lick, Lin Ran was stunned.

This Prime Dragon was actually not a magical beast in origin, but a genuine cultivator.

As he continued to read on, Lin Ran couldn't help but be even more surprised.

It turned out that apart from Prime Dragon, all the other people in the entire Wanshou Mountain were all magical beasts.

There were a total of three great masters on Mount Wanshou, namely the Nine Winged Bat Dragon, the Dark Origin Musk Eagles, and the Wind and Thunder Red Python!

These three great experts were all at the level of the Dao Enlightenment Realm, while the headmaster, Prime Dragon, was a strong man at the early stage of the Third Dao Realm, and in such places where the Immortal Emperor Domain and the Beast King Domain met, a strong man at the Third Dao Realm was very rare.

After all, this kind of strength could even go to places close to Immortal Emperor City to make a break for it.

The Nine-Winged Bat Dragon was naturally a bat, while the Dark Origin Musk Eagle and the Wind Thunder Red Python were also an eagle and a giant python respectively.

These three were the top forces of the Ten Thousand Life Mountain, and as for the Blood Bats below, they were not worth mentioning, after all, they were not even as strong as Lin Ran.

After reading the records of the Ten Thousand Life Mountain, Lin Ran could not help but feel a great deal of pressure on his body. The Nine Winged Bat Dragon's doppelganger had somehow managed to get to Earth and was killed by himself.

The Nine Winged Bat Dragon's doppelganger had somehow managed to get to Earth and was killed by himself. This guy was bound to hold a grudge, and if he wanted to put an end to it, he had to find a way to get rid of him.

The more information he learned about the Nine Winged Bat Dragon, the more Lin Ran felt that his own strength was insufficient, but there was nothing he could do about it.

Even if he wanted to find a sect to learn from, he would have to wait until he was near the Immortal Emperor City to quickly improve his strength, after all, in such a remote place, he would not be able to learn much even if he did.

This was something Lin Ran knew very well in his heart.

As he was thinking about this, Li Yi soon returned, but when he came back, his face was obviously not too good, as if he had something on his mind.

“Brother Li Yi has a problem?”

Lin Ran asked as he looked at Li Yi.

Li Yi was stunned, then squeezed out a smile.

“Brother Lin Ran is joking, there is naturally no problem with your matter!”

Said Li Yi, who had already fished out a quick letter talisman from his bosom and handed it over.

“This is the guest order of Baki Mountain, later I will take you to the Drunken Immortal House, then you can go up to the mountain as the guest of Baki Mountain!”

Li Yi said, just as he was about to explain the rules of this Baji Mountain, Lin Ran shook his head and said.

“That’s not what I asked!”

Li Yi was stunned at his words, followed by a helpless shake of his head.

“Thank you for your concern, brother Lin Ran, but this will happen sooner or later, and I’m already relieved!”

With that, Li Yi sat down at the table and poured himself a glass of wine and drank it, drinking three glasses in a row before continuing.

“It’s my mother! My mother’s health is not good, when she was pregnant with me there was a time when she went out and was attacked by the An Yuan Thirsty Eagles of the Wanshou Mountain, my mother was seriously injured in order to protect me!”

“Later on, I went to even greater lengths to expend my origin power in order for me to be born safely, which allowed me to be as normal as a human being!” ”

“But after so many years, her health is as bad as ever, last night I went to the mountain range where to find herbs to cure my mother!”

Li Yi said.

“Looking for herbs? Are there any herbs that can’t be bought at the Luo Ran Trading Firm?”

Lin Ran asked busily.

Li Yi shook his head at his words and said.

“Luo Ran Mercantile is not omnipotent, the herbs I need are very remote, and most of them grow in extinct lands. Such herbs are certainly available in Immortal Emperor City, but in a poor country like ours, they are not common at all!”

“Moreover, this herb has to be taken several times every other year, at first we even managed to buy it from Immortal Emperor City, but then this herb became more and more scarce, and I had no choice!”

Lin Ran listened with a frown, although he was an orphan he knew Li Yi’s anxious mood at this moment, he was afraid that he had come to himself all the time worrying about his mother’s safety.

“Brother Li Yi, to be honest I am actually a doctor, if you trust me, I can take a look at the situation for my aunt!”

After thinking about it, Lin Ran still spoke up, the medical profession naturally could not sit idly by.

“A doctor? What’s a doctor?”

Li Yi asked in surprise.

Lin Ran smiled awkwardly at his words, and then thought for a moment before saying.

“It’s the kind that sees diseases and saves people!”

“A physician? You’re a physician?”

Li Yi was shocked at his words, and when he saw Lin Ran nod, he was then surprised.

“Brother Lin Ran, why didn’t you say so earlier, I’ll take you to see my mother right now!”

Li Yi was so excited that he immediately took Lin Ran and left the place.

Lin Ran felt a little strange, and on the way he hurriedly asked.

“Brother Li Yi, is this physician not easy to find?”

He was called a doctor on Earth, and this was called a physician in the Immortal World, but I thought that there shouldn’t be no physicians in the Immortal World if it was so prosperous!

“Brother Lin Ran you don’t know, in the Immortal World nowadays physicians can be said to be rare, even in Immortal Emperor City there are not many, let alone here!”

Li Yi said helplessly.

“Why?”

Lin Ran was puzzled at his words.

Li Yi sighed helplessly and said as he walked.

“Brother Lin Ran, you don’t know, the Immortal World now is no more than it was back then! I have found out a lot of obscure information from some literature!”

“And thus learned of a seemingly serious matter, and it is because of this matter that a part of the entire immortal world’s pattern has changed!”

Saying that, Li Yi then told what he knew and told it out.

#### Chapter 1685

It turns out that back in the days of the Old Immortal Emperor, the cultivation world had not yet experienced a great unification at that time, and it was the Old Immortal Emperor who had initiated the unification.

And in the context of that time, the whole cultivation world could be said to be thriving and prosperous, with all kinds of cultivators popping up all over the place.

Puppet masters, masters of formations, masters of alchemy, wraiths and so on.

But after the fall of the Immortal Emperor, the entire cultivation world changed, and the most serious of these was the disappearance of the physicians.

The physician in question here is not a particular individual, but this category of people all disappeared almost overnight.

Puppeteers, array masters and alchemists were not affected, but it was the healers who healed people that were gone.

"I looked up a lot of information at the time and vaguely learned that the physician's path could not be further cultivated in the middle of the cultivation path for some unknown reason, so many people stopped studying the medical path. As time went on, the healing path fell into complete decline!"

"And now in the entire Immortal World, the only remaining physicians are all taking a different path and changing towards the direction of alchemists, which has led to the fact that in the entire Immortal World nowadays, alchemists are the only ones who are dominant, and they are the ones who almost have to be called upon to save people!"

"It's just a pity, they aren't professional physicians, and the pills they make aren't as accurate as the ones that come from physicians!"

Li Yi said.

Lin Ran smiled but felt as if he had caught something, his own body while the Healing Dao Dao pearl could not be used, could it be that it was because of the change that arose from that great battle with the Immortal Emperor back then?

"Brother Li Yi, what exactly happened back then? Do you know?"

Lin Ran asked busily.

Li Yi shook his head at his words.

"Not to mention me, I'm afraid that not more than a handful of people in the entire Immortal Realm would know, if everyone knew what was going on, there wouldn't be a growing decline in physicians and the entire Immortal Realm would have to rely on alchemists!"

Speaking here, Li Yi seemed vaguely worried and asked busily.

“Brother Lin Ran, are you really a physician and not an alchemist?”

“I am a physician!”

Lin Ran laughed helplessly, without a physician’s certificate or anything in this Immortal Realm, he was somewhat unable to even prove his identity.

“That’s good then!”

Li Yi smiled at this and breathed a sigh of relief.

The two of them had already reached the back of the Li Mansion as they spoke, and the buildings at the back of this were obviously more luxurious, and were obviously where the important people of the Li Family lived on a regular basis.

However, once they entered one of the back gardens, Lin Ran and Li Yi frowned slightly at the same time.

They saw a middle-aged man wearing a daoist robe sitting on a reclining chair, but at that moment there was a female maid sitting in his arms.

The maid seemed to be very reluctant, struggling from time to time, but she could not get rid of the old Taoist priest’s salty hoof.

“Master Xu, what are you doing!”

Seeing this scene, Li Yi was instantly furious.

That Master Xu looked over at his words, but there was some disdain in his eyes.

“What for! I’m tired and looking for a female maid to have fun how come this is also your business?”

The two seemed to be at odds, and this Master Xu didn’t have a good face when he opened his mouth.

“Please behave yourself, this is our Li Mansion!”

Li Yi said angrily.

“So what if it’s the Li Mansion? You think I don’t have beautiful women wherever I go with my status!”

Master Xu said disdainfully, while pushing the female maid in his arms aside, and said in a cold voice.

“It’s your Li family’s blessing that I’m willing to stay with them, your old man didn’t even say anything, do you have the right to speak, you little doll!”

“You bastard!”

Li Yi was furious when he heard that, and immediately charged towards that Master Xu with an arrow step.

He was a genuine Heavenly Mansion realm powerhouse, while this Master Xu Lin Ran had just sensed that he seemed to only be at the Dao Foundation realm, his strength wasn’t that high!

Sure enough, at this moment, when he saw Li Yi charging towards him, that Master Xu's face instantly changed and he was busy opening his mouth to shout.

"Family Master Li, your son is about to hit someone!"

As soon as this voice came to mind, Li Yi's pace couldn't help but crouch for a moment, but he still followed and rushed towards him.

But just then, a middle-aged man's voice had sounded from the other side of the courtyard.

"Li Yi! No rudeness!"

As the words fell, Lin Ran saw that a middle-aged man had rushed over and grabbed Li Yi with one hand.

"Enlightenment realm?"

Lin Ran felt that this middle-aged man's aura was not dissimilar to Chao San's and could not help but feel astonished.

"This Baji City really has crouching tigers hiding dragons, a Li family head is actually at the Realm of Dao Enlightenment!"

Lin Ran said to himself in his heart.

And at this moment, Li Yi had already been caught up by that kind of young man and was so angry that he said in a furious voice.

"Father, this Xu Gu is a liar, why do you still believe him!"

"Don't be ridiculous! Master Xu is a master alchemist, if he is a liar, who else can be trusted!"

Li Nian spoke up and scolded.

"What bullshit master alchemist, is the potion he made even a little bit useful for my mother to take!"

Li Yi chided.

"That's enough!"

Li Nian was obviously also a little angry at his words.

How could he not know that the pills this Xu Gu had refined were useless for his own wife to eat, but he was fine and had no choice.

At least this elixir that Xu Gu had refined could relieve his wife's pain, if even Xu Gu had driven away, then there was really no way that he could save his wife.

"Father, believe me! This Xu Gu is just here to mingle, I've already found someone who can save my mother, it's him my friend Lin Ran!"

"Lin Ran?"

Li Nian couldn't help but look at Lin Ran who was on the side, Xu Gu also looked over.

Both of them could not help but be stunned when they saw Lin Ran's age, and at once Xu Gu laughed.

“Another little doll, asking him to cure a disease? Does he know what a disease is? If he shows your mother a bad time, don’t blame it on me when the time comes!”

“You bullshit! Lin Ran is a physician!”

Li Yi said angrily.

“A physician?”

When this came out, Li Nian and Xu Gu were instantly stunned again, and Li Nian couldn’t help but give Lin Ran an extra look at this point.

While Xu Gu next to him was smiling even wider.

“A physician? Nowadays, who doesn’t know that physicians are extinct in the entire cultivation world, still a physician, I think it’s a piece of shit!”

“Master Xu, little friend Lin Ran is my son’s friend after all, please watch your words!”

Li Nian scolded at his words.

He knew his son, he wasn’t the kind of person who believed what he said, since he said that Lin Ran was a physician, then in all likelihood he really was, but the Lin surname was a big surname that had risen in the Immortal World, there was no need for Lin Ran to risk being spat upon by other Lin surname people to tell this lie.

“Humph! Since Family Head Li is interested, then I will not say anything, but let’s say something ugly first, you know very well how the condition of Your Ladyship is, if this person’s condition worsens after seeing it, then I cannot be blamed for it!”

Xu Gu said in a cold voice.

“That’s natural!”

Li Nian said indifferently, while only then did he put Li Yi down in his hand.

“Father I really didn’t lie to you! Brother Lin Ran is really a doctor!”

As soon as Li Yi landed on the ground, he busily said.

“I will ask myself if it is, but you are not allowed to be rude to Master Xu!”

Li Nian said.

Li Yi snorted coldly and said nothing more, at this moment, as long as he could get Lin Ran to treat his mother, as for that what Xu Gu, he didn’t care at all.

Chapter 1686

And really when Lin Ran cured his mother’s illness, then Xu Gu would have no reason to stay in his house, and then he would just recruit people to blow this guy out!

While Li Yi was thinking in his mind, Li Nian who was next to him was already walking towards Lin Ran.

“Little friend Lin Ran! I am Li Nian! As you heard, the Li family head!”

Li Nian stepped forward and said politely.

“Lin Ran!”

Lin Ran didn't say anything nonsense and directly gave his name.

Looking at how calm and collected Lin Ran looked in front of him, Li Nian couldn't help but frown, his gaze on Lin Ran had changed a few times.

He was an enlightenment realm powerhouse himself, and he could still maintain such a calm demeanour in front of him without deliberately concealing his intimidating pressure? This heartiness was truly extraordinary.

“I wonder if little friend Lin Ran could look at my body for me first?”

Li Nian didn't say any nonsense and asked directly.

“Father!”

Seeing that his father actually didn't trust Lin Ran, Li Yi, who was at the side, was busy speaking up and shouting.

“No harm!”

Before Li Nian could open his mouth, Lin Ran had already waved his hand to interrupt him, and then looked at Li Nian and said.

“The patient is your wife after all, I can understand if Family Head Li doesn't trust me, just show it to you first!”

Lin Ran said, at the same time his gaze had already glanced around Li Nian's body, and in an instant the latter's physical condition was already clear to him.

He knew that when Lin Ran was at the Temperance Hospital, his ability to see people's illnesses could be extraordinary and had conquered many patients, but he never thought that now that he was in the Immortal World, he would still have a place to perform.

He only saw that Li Nian's eyebrows had a heroic aura, but his eyes were slightly dark in the sockets, and he seemed to have signs of mental weakness, while his face was alternately clear and white, not at all like a normal person who is either pale or very red.

Lin Ran only looked at him for a moment before his heart already understood.

“Kid! What the hell are you talking about! What's the point of staring, can't you just look at the Li family head and the ailments in his body will pop out on their own?”

Xu Gu waited a little impatiently and opened his mouth to sneer.

Lin Ran smiled at his words but didn't even look at him and laughed blandly.

“I’ve only been looking at this for a while, the illnesses on Family Lord Li are every popping out, instead there’s an annoying fly buzzing around, does it want to eat shit?”

“Pfft!”

Hearing Lin Ran’s words, Li Yi at the side couldn’t help but burst out laughing.

“Brother Lin Ran, how can Master Xu be a fly when you say that, if he were really a fly he wouldn’t be here, our Li family has a large family this cottage is full of flies!”

Li Yi was frightened, seemingly speaking for Grandmaster Xu, but in reality, he was giving him a good undermining.

“Humph! Oily mouth, if a powerful mouth can see and cure diseases, then there are many people who can see and cure diseases under the sky and earth after all!”

Xu Gu said disdainfully.

Lin Ran saw this and did not bother to pay attention to him,? immediately looked at Li Nian and laughed.

“Li family master come in can there be a poor quality of sleep, the body deficiency fire rise, blood vessels are not smooth positive clothing?”

“No ah, I just this person has been sleeping relatively shallow, this blood veins are not really the case!”

Li Nian busy said.

Xu Gu at the side laughed at that.

“Haha, also blood vessels are not smooth, kid I think you must be a fool, the Li family master is a cultivator, not injured and not in any way, you actually say that his blood vessels are not smooth, really laughing at people!”

“Brother Lin Ran!”

Li Yi at the side was also a bit puzzled at his words.

For cultivators, unless they encountered serious problems, how could their qi and blood not flow smoothly, after all, as long as there was true qi in their bodies, it was very easy to unblock their qi and blood.

“Little friend Lin Ran, I wonder what explanation you have?”

Li Nian looked at Lin Ran, not getting angry, and asked indifferently.

“Explanation? There’s nothing to explain! Clan Master Li can stop your true qi from running and you will know!”

Lin Ran said indifferently.

Li Nian frowned slightly at his words, but then did as Lin Ran said.

However, just as he stopped this True Qi from running, he immediately felt a tightness in his chest, and his entire head just went dizzy.

“What’s going on?”

Li Nian’s face changed greatly and he was busy looking at Lin Ran, while the moment of dizziness he had just experienced was also seen by Li Yi and Xu Gu.

Only in the former’s eyes was worry, while the latter’s eyes were tinged with a hint of surprise.

The Li family head, who was at the Realm of Enlightenment, would actually feel dizzy in his chest after stopping his true qi operation.

“There is no need to be alarmed, Family Head Li, this is inevitable!”

Lin Ran laughed lightly, before explaining.

“Family Head Li you have some dark circles under your eyes, although it’s not very serious, this is already a precursor to bad sleep!”

“Similarly, your face is clear and white this is exactly a sign of poor qi and blood, it’s just that you’re a cultivator, so you can’t see it from the flow of true qi in your body on a regular basis!”

“Plus this isn’t a major illness, so it doesn’t affect you on a regular basis, but if you get older and these illnesses are expected to come down over the years, it will definitely become a big problem then!”

“Brother Lin Ran, then this illness of my father .....

Li Yi, who was at the side, sniffed and asked busily, he was very worried about his father’s health.

“No matter, this kind of minor illness will be fine after prescribing some herbal medicine to take!”

Lin Ran said.

“But before that I need a tome on immortal world herbs, the more detailed the better!”

“Good! I’ll have someone get it now!”

Li Yi said and busied himself with making arrangements.

The herbs of the Immortal World were bound to be far more numerous than those of Earth, and there were times when the names between the two were feared to be different.

So Lin Ran didn’t really know much about the herbs in this Immortal World, if there was a tome on Immortal World herbs for him to look through, he would naturally be able to find the most suitable herbs.

Li Yi quickly brought the pharmacopoeia over, this kind of pharmacopoeia was very common, although physician cultivators had fallen out of favour, but this kind of pharmacopoeia could still be found everywhere.

Lin Ran flipped through the pharmacopoeia and soon had a prescription ready.

Li Nian picked up the prescription and took a look at it, and then he couldn’t help but believe in it!

The prescription Lin Ran prescribed was actually in his family, but in order to verify whether Lin Ran was a real physician or not, so he didn’t say anything about it.

Although physicians had fallen into decline, they were a very powerful profession after all, so many large families in the Immortal World actually had many prescriptions for treating minor disasters and illnesses on a regular basis.

“Little friend Lin Ran, please also follow me to see Madam!”

Li Nian did not delay in extending an invitation at once.

“Good!”

Lin Ran was not pretentious and nodded at once.

And then, under Li Nian’s leadership, he walked towards the bedroom on the side.

“Humph! Stinking liar!”

Li Yi turned back and cursed at Xu Gu on the side before he was busy following.

“Hmph! What the hell, I’ll see how he cures it then!”

Xu Gu was not happy in his heart at that moment, he actually followed him too.

He knew Li Yi’s mother’s condition very well, even he himself couldn’t cure her at all, he was just delaying it, he really didn’t believe that a brat could cure it!

He didn’t believe that Lin Ran was some kind of bullshit doctor.

But even though he didn’t believe him, Li Nian was convinced in his heart.

In the immortal world, there are many prescriptions left, but there are not many people who can really see the disease with a single glance, and what cultivators can see are only minor diseases, while real physicians can see many diseases that ordinary people cannot see!

#### Chapter 1687

The Immortal World is different from Earth in that there are many cultivators of the Immortal World.

But when they do, they are very difficult to cure. After all, for cultivators, if it is a minor disaster or illness, they can cure it themselves.

Li Nian’s wife is a very good example of this. The Li family is a large and powerful family, and it is backed by a huge power like the Baki Mountain.

If Li Nian’s wife’s illness could have been cured by ordinary means, it would not have taken so long.

With Li Nian leading the way, Lin Ran and Li Yi soon arrived at the bedroom and saw a beautiful woman lying on the sickbed from afar.

I said it was a beautiful woman, but at this moment the other party’s face was white and looked like her clothes were terminally ill.

“Little friend Lin Ran, please!”

Li Nian didn’t say any nonsense and directly greeted Lin Ran as he stepped forward.

Lin Ran nodded, and then walked towards the sickbed.

The beautiful woman on the hospital bed was about the same age as Li Nian, but her cheeks were pale and she looked extremely weak, and her eyes were tightly closed as if she was in a deep sleep.

However, Lin Ran was clear that she was afraid that she was not asleep, but simply unable to wake up.

After all, with so many people in the room at this time, if she was merely sleeping, she was afraid that she would have been woken up by now.

Based on this feature, Lin Ran could tell that this beautiful woman's illness was probably very serious.

When he got close, Lin Ran put his hand on the woman's wrist, and then a ray of true qi entered the woman's body along her meridians.

Soon Lin Ran saw that there was a very small wound on the woman's arm, which was peculiar in that it had completely healed on the outside, but there was still a wound on the inside.

Moreover, Lin Ran saw that there was a layer of black substance attached to the surface of this internal wound, which looked very strange.

"What is this black substance?"

Lin Ran looked puzzled and didn't dare to approach without permission, he didn't know much about the Immortal World when he first entered it, even when he had just prescribed medicine to Li Nian he had only seen the Immortal World's medicine recipes on the spot.

The black substance found in Mrs. Li Nian's body at this time is not to mention.

Lin Ran looked at it quietly for a moment and soon discovered a problem.

Madam Li Nian was also a cultivator, but when the true flow of air in her body turned around this wound, it was actually unable to pass through, and instead, it was gradually swallowed up by the black substance on this wound.

The wound could not be healed at all.

"What must this black substance be to be so fierce!"

Lin Ran's heart was greatly alarmed and he hurriedly withdrew his True Qi.

"Little friend Lin Ran, how is my madam?"

When he saw Lin Ran open his eyes, Li Nian was busy going forward and asking, he had never seen anyone see a doctor who only took a person's pulse, and he couldn't help but sweat in his heart at this point.

"You should have seen all the wounds in your wife's body!"

Lin Ran did not answer directly, instead he asked.

“See, that wound I simply can’t help, the black substance on it doesn’t know what it is, I once inquired about many treatments, only vaguely know that it seems to be a kind of poison, but exactly what kind of poison is simply not known!”

Li Nian busy said.

“Hmm!”

Lin Ran nodded at his words, but in his heart he was extremely shocked, poison? What kind of poison would it have to be to be so powerful?

However, although his heart was shocked, Lin Ran had already thought of a way to treat it, there was an essential difference between the way of Chinese medicine and the physicians of the Immortal World.

Chinese medicine was born on Earth, while physicians were a native profession in the Immortal World, and the difference between the two was like the difference between Chinese medicine and Western medicine on Earth.

The reason why Lin Ran used the name Physician was because in the Immortal World, people didn’t even know what a doctor was for, and if you told them that you were the inheritor of the Way of Chinese Medicine, then I was afraid that they would only understand even less.

“Little friend, I wonder if there is a cure for my wife’s illness?”

Li Nian asked.

“Yes! If your wife’s illness continues to drag on, I’m afraid she will be sick in less than a month!”

Lin Ran said.

The true qi in Madam Li Nian’s body was already very weak, obviously caused by years and years down the line, now there was true qi that could still suppress this toxin for a bit, if true qi was once exhausted by this true qi, I’m afraid that by then it would be useless even if the Da Luo Golden Immortal came down to earth.

“One month, boy! Do you think this is a vegetable market? Say whatever you want?”

As soon as Lin Ran’s words fell, Xu Gu’s voice rang out, his face full of disdain as he said.

“And a month, do you believe that I can renew her life for three years with pills!”

“Just your kind of medical skill, how dare you come out to show off!”

“Are you proud of three years?”

Lin Ran didn’t get angry either, he just looked at Xu Gu indifferently before saying.

“If I wanted to, I could help her renew her life for ten years, but that’s not what the Li family wants!”

“Ten years!”

Hearing these words, Li Nian was instantly just happy and Li Yi beside him was even more excited.

What they were happy about was not that Lin Ran could really help renew her life for ten years, but that being able to say this was proof enough that Lin Ran really had a way to cure this disease.

“Believe it or not, ten years! What do you think you are doing! Her injury is more than ten years old!”

Xu Gu said in a cold voice.

Lin Ran did not want to pay him any mind and said blandly.

“All diseases can be cured, you don’t know that only means you’re stupid, besides you won’t be a physician, so don’t just post expressions here!”

“If you don’t want to listen, you can go out!”

“!”

Xu Gu was furious at his words and was just about to open his mouth to retort when Li Nian, who was on the side, spoke up.

“Little friend Lin Ran, since you have a cure for my wife’s illness, please also express it, this is not the time to argue!”

“Besides, little friend, don’t blame me for talking too much, although I have never met a real physician, but I have heard a bit about the methods of healing people in the Immortal World, these methods of yours seem to be a bit different from those of a physician!”

Li Nian voiced out the doubts in his mind.

Lin Ran’s previous method of taking a pulse to see a disease was truly the first time he had seen it, and at this time, although he had heard that Lin Ran could treat this disease, he did not know what methods Lin Ran would use.

The one to be saved was after all his own wife, so he still wanted to understand a little more clearly.

“What I am using is the method of Chinese medicine!”

Lin Ran said directly without hiding anything.

“The method of Chinese medicine?”

Li Nian and the three of them were all stunned at his words, as they had never heard of this kind of Chinese medical method of healing at all.

“It’s my foolishness, I really haven’t heard of the method of Chinese medicine!”

Li Nian laughed awkwardly.

“Humph! What Chinese medicine method, just say who does not know, I have walked in the jianghu for so many years, the physician pharmacopoeia medicine art heard a lot, but really have not heard of body bullshit Chinese medicine method!”

Xu Gu said with a face full of disdain.

Lin Ran smiled and frowned slightly, and then said coldly.

“You can disbelieve in Chinese medicine, but you absolutely cannot insult it!”

With a cold look in his eyes, Lin Ran instantly snapped his fingers and two silver mangles shot out with a “whoosh”.

Li Nian had the intention to see the strength of Lin Ran’s so-called Chinese medicine, so he didn’t stop him, and in an instant the bank of cold arrows had already entered Xu Gu’s body.

Chapter 1688

“What is it?”

Xu Gu took a big jump, followed by his entire face turning pale.

“Haha!”

“Haha! What’s going on how do I .... Ha!”

Xu Gu said and the whole person laughed unconsciously.

“How can I laugh, ha! In the end! Haha”

“Oooh ..... Boy you, what the hell did you do to me! Ooooooh!”

Said Xu Gu the whole person is actually crying again.

At times laughing, at times crying in pain looking just like a madman.

“Little friend Lin Ran!”

Seeing this scene, Li Nian was instantly confused and was busy opening his mouth to ask.

Li Yi, who was feeling amused at the side, ran to look at Xu Gu and mocked.

“Liar Xu, are you stupid!”

“Li Yi!”

Li Nian saw this and was busy speaking up and scolding, while looking at Li Ran, waiting for him to explain.

Lin Ran smiled blandly at this and said.

“The way of Chinese medicine is vast and profound, it is a unique medical technique that is unique to my hometown, isn’t it normal for you guys to have never seen it before?”

“As for him! I just used silver needles to pierce two acupuncture points in his body, the laughing point and the crying point, so that’s how it is!”

“This .....

Hearing Lin Ran’s explanation, Li Nian and Li Yi were both stunned, no wonder none of them had seen this kind of tactic before, it turned out to be unique to someone Lin Ran’s hometown, moreover, at this moment, Xu Gu’s situation was so obvious to them that they couldn’t help but believe it.

“Little friend Lin Ran, please treat my wife’s illness! No matter how much the reward is as long as you ask, I, Li Nian, will definitely not return the price!”

Li Nian said busily.

Lin Ran smiled blandly at his words and didn’t bother to say much, he didn’t need anything himself, after all, he wasn’t familiar with the Immortal World yet, and the fact that Li Nian had promised to help him enter the Eight Qi Mountains was enough.

“I need a Living Human Wood!”

Lin Ran spoke, he had discovered that there was also living human wood in the Immortal Realm when he had previously watched the Immortal Realm Pill Canon.

When he had treated Ling Sa for the Red Cold Poison, he had used this kind of thing, and whatever the poison in Lady Li Nian’s body was, it could be removed by grafting it onto the Living Human Wood.

“Living wood?”

Li Nian and Li Yi were both stunned at the words, but the level of medical skill Lin Ran had previously demonstrated had already won their trust.

So Li Nian didn’t think too much about it, and busily sent someone to fetch dozens of living human logs.

“Have you seen enough, little friend?”

Li Nian asked busily.

“One is enough!”

Lin Ran also didn’t expect Li Nian to get so many, he couldn’t help but be staggered, a big family is a big family, even if they live in a remote place casually taking out something is not something he, a kid with no family and no power, can compare to.

The first thing you need to do is to get the living wood and then turn around and walk towards the hospital bed.

Xu Gu, who was still insane at this time, saw this and was busy shouting.

“Kid! You help me first haha .... This what ..... silver needle out!”

Lin Ran didn’t pay any attention to him when he heard this and just spoke at Li Nian.

“Just shake out the silver needles!”

Li Nian heard the words and understood, and went forward is a slap on Xu Gu’s back, at once two silver needles were shaken out and fell directly to the ground.

The silver needles were the most ordinary ones, and Lin Ran didn’t bother to pick them up, his most precious silver needles were all in the bracelet on his wrist.

“Bastard!”

Xu Gu was furious when he saw that he was indeed alright.

But before he could explode, Li Nian, who was on the side, spoke up.

“Master Xu please behave yourself, little friend Lin Ran can be treating my wife, you should know what to do!”

“Master Li, do you really believe in this boy? From what I see, he is just a godly man, if you believe in him, I don’t care if something happens to your wife in the future!”

Xu Gu said angrily.

“That’s enough, I have my own decision!”

Li Nian said.

“Fine! If that’s the case, then I’ll see what kind of physician you think Li Nian is!”

Xu Gu said angrily.

“I’m not afraid to tell you that I’ve never heard of Chinese medicine. If he can cure your wife’s illness, I’ll get out of your house!”

“You can get out now!”

Li Yi scolded at once at his words.

“Li Yi!”

Li Nian was busy speaking to stop Li Yi, and then looked at Xu Gu and said.

“Master Xu is serious, although it is now Lin Ran who is treating my wife, but if Master Xu wants to leave I, Li, will naturally respectfully send Master Xu away!”

“Humph!”

Xu Gu snorted coldly and did not speak.

Lin Ran, who was in front of the sickbed, however, laughed.

“Master Xu, I’ll remember your words, I’m waiting for you to get the hell out of here after the cure!”

“You!”

Xu Gu was so angry that his face was too pale, but at this moment, Lin Ran had already stopped paying attention to him and turned around to start concentrating on healing the patient.

Lin Ran quickly took out a silver needle from his wrist, and under the rise of his true qi, a wisp of green smoke rose from it.

Then Lin Ran’s palm fell down fiercely and he dropped the silver needle directly onto one of the patient’s fingers.

This move was so quick that Li Nian and Li Yi could not help but be stunned as they watched.

At this moment, Lin Ran gave them the impression that he was not a young man, but an old man who had been practising medicine for a thousand years, and his movements and back were full of the vicissitudes of time.

“This kid! Does he really have the ability?”

Seeing this scene, Xu Gu couldn't help but start to worry a little, if this guy really cured Li Nian's wife later, then he was afraid that his own days of mingling with this talk in the Li Mansion would really come to an end.

Thinking of this Xu Gu was very upset in his heart.

“Humph! A hairy boy, I don't believe that you can have any brilliant tricks!”

Xu Gu coldly snorted in his heart as he continued to wait patiently.

He saw that at this moment, Lin Ran had already placed his hand back on the patient's pulse, and then a strand of true qi entered the latter's body from a new place.

Under Lin Ran's guidance, the black substance on the arm wound soon began to move.

It was as if they had a spirit, and under the lure of Lin Ran's true qi, they actually lunged towards Lin Ran's true qi in a frenzy.

“Hm?”

Seeing this, Lin Ran also got off a line and busily shrank his True Qi back, while the black substances were like hungry cats seeing a mouse, actually chasing after it.

“Good timing!”

Lin Ran snorted coldly in his heart, and immediately directed his true qi to the location of the patient's finger.

Sure enough, the black substance followed.

The next moment it gushed out directly from the place on the patient's finger where the silver needles had pierced.

The black substance dripped down the silver needles and all of it dripped onto the living wood, instantly turning the entire living wood from emerald green to a pitch black colour.

Lin Ran was quick-eyed and after the last drop of the black substance also came out, he immediately mobilised his true qi and pulled out the silver needle, dripping it onto the living wood.

And then he sent a strand of true qi out to sterilise the silver needle and put it away again, before walking over with the living wood that had turned completely black.

“Tell this thing to put away, the living wood is only grafted with these toxins, if it is not necessary it is better not to throw it away!”

Lin Ran reminded.

Li Nian understood Lin Ran's meaning, and immediately nodded and arranged for the living wood to be taken away for safe keeping.

Chapter 1689

At the side, Xu Gu looked gloomy and did not say a word, while Li Yi and Li Nian did not care about him and had already run to the hospital bed at this time.

At this moment, the lady on the hospital bed had gradually woken up, but her body was still very weak, and when she saw Li Nian and Li Yi, she could not help but reveal a smile.

"Mother!"

Li Yi's eyes were red once he saw that his own mother had finally woken up after such a long time.

"Little friend Lin Ran! Thank you so much!"

Li Nian was busy turning his head and rushing towards Lin Ran.

"Lin Ran?"

The madam was a little surprised at his words.

"Mother, it was Lin Ran who cured you!"

Li Yi said busily.

"Is that so?"

The madam also looked at Lin Ran with a doting motherly smile at his words, looking at Lin Ran's heart and remembering his own mother.

"Make sure you thank people properly!"

The madam laughed.

"Don't worry mother, I will!"

Li Yi said busily.

Madam's body was very weak and she gradually fell asleep again after saying a few words.

"Brother Lin Ran, my mother he!"

Li Yi was busy looking at Lin Ran.

"No matter, Madam is just weak, later on I have another thing just for Madam to take and she will be cured within a week!"

Lin Ran smiled blandly and said.

"Heal in a week?"

Hearing these words, not only Li Yi but also Li Nian at the side froze.

“How can we repay the Li family for this kindness, little friend!”

Li Nian said busily.

Lin Ran, however, waved his hand and laughed.

“A healer’s heart is benevolent, there’s no need for that, Li family head!”

“What a kind heart of a healer... I’m ashamed of your generosity!”

Li Nian said busily.

“Brother Lin Ran, then please also treat my mother’s illness!”

Li Yi said busily.

Lin Ran smiled at his words but said.

“There’s no rush, let your mother rest for a while first, let’s settle another matter first!”

“Another matter?”

Li Yi and Li Nian were both in a daze when they heard this, and then they both looked at Xu Gu who was at the side, obviously this matter in Lin Ran’s mouth was talking about him.

“You ..... What do you want, I’m an honored guest of the Li Mansion!”

Seeing Lin Ran looking at himself with a cold smile, Xu Gu immediately panicked a little.

In terms of strength he was no match for Lin Ran, and in terms of importance to the Li family, he was obviously no match for Lin Ran, and nothing was like Lin Ran at this point to really confront Lin Ran.

“Little friend Lin Ran!”

Li Nian at the side saw this and was busy speaking up, Xu Gu was also someone he had invited over anyway, if he was really kicked out, then their Li family’s face would be.

“The Li family head naturally has his concerns, but my Chinese medicine line also has our own dignity!”

Lin Ran said indifferently, clearly not prepared to make nice.

“Moreover, it was me, Lin Ran, who made things difficult for him, Xu Gu, this time, and naturally it has nothing to do with your Li family!”

Lin Ran directly removed the Li family with a single sentence, leaving Xu Gu with no place to look for excuses if he wanted to.

“Besides, shouldn’t people from this Immortal Realm be able to spit and nail? Is it hard to say that there is such a thing as going back on one’s word?”

Lin Ran looked at Xu Gu and laughed.

“You!”

“Good boy, you have guts, I’ll just go!”

Xu Gu was a treacherous man, and seeing that he was no match for Lin Ran, he was ready to bolt.

Being driven out of the Li family this might be a great shame to others, but to him, Xu Gu, it was nothing more than a small matter of changing places and continuing to be a grand master.

He had understood since he became an alchemist that wherever he went, he would be the meat and potatoes, even if he had made no progress on the path of an alchemist for so many years, even if he was at the bottom of the pile, he was still an alchemist.

When he changed cities, he would still be an alchemist master that everyone respected.

“Go?”

Seeing Xu Gu turn around and really want to leave, Lin Ran however laughed.

“Master Xu, were all your words before just farting?”

“What do you mean, I’ve already compromised and left, what more do you want?”

Xu Gu questioned with a cold face.

Li Nian and Li Yi at the side were also stunned by what they heard, not understanding what else Lin Ran wanted.

Could it be that things shouldn’t be as simple as Xu Gu leaving the Li family?

“Master Li Clan, if I heard correctly before, this Master Xu Gu was not talking about leaving the Li House, right, but about getting the hell out of the Li House!”

Lin Ran asked as he looked towards Li Nian.

Li Nian and the three of them immediately understood what Lin Ran meant when they heard this, and Li Yi was busy speaking.

“Yes, yes! You heard it right, it means get out of our house!”

“You!”

Xu Gu had understood Lin Ran’s true intentions by now, and was so angry that his face turned blue and smoke rose from his head.

“A man must do what he says! Don’t you think so, Master Xu?”

Lin Ran looked at Xu Gu and laughed.

“You! You!”

Xu Gu was so angry that he almost didn’t pass out.

“Little friend Lin Ran, this matter!”

Li Nian looked at the side with some difficulty and wanted to make peace.

Lin Ran, however, smiled blandly and said.

“This is not negotiable, the way of Chinese medicine needs someone to uphold its dignity!”

“This!”

Li Nian was in a bit of a dilemma, as Lin Ran had said before that he had something that could cure his wife within a week, and he did not want to offend Lin Ran at this point.

But Master Xu was after all the one he had invited, if he really rolled out of the Li Mansion, it would be to their reputation.

“Little friend Lin Ran, how about this, just let Master Xu roll out of this room?”

Li Nian took a medium and spoke.

“That’s fine!”

Lin Ran smiled and thought about it and nodded his head in agreement.

From here to the entrance of the Li Mansion if he really let this Xu Gu roll away, he was afraid that he might lose his life before he even got out.

“Humph! Kid you have guts, you remember that!”

Xu Gu was so angry that he gritted his teeth and immediately turned around and literally rolled out of the room.

But as soon as he reached the door, he pointed at Lin Ran in the room and threatened.

“Don’t ever leave this Li Mansion if you have the guts, or else I’ll make you look good sooner or later!”

Xu Gu said angrily.

Lin Ran smiled lightly at his words, however, and didn’t take it to heart at all.

Although he was new to the Immortal World and it was not suitable for him to make too many enemies, there were times when he didn’t want to go against his own heart, and people like Xu Gu could be offended if they were offended.

Would he really be afraid of his retaliation? If he was really afraid, he wouldn’t be Lin Ran.

“Alright, Family Head Li, next you will give this to Madam to take!”

Lin Ran didn’t say anything, and when he saw Xu Gu leave, he directly took out a fiery red fruit from his arms, which was clearly none other than the Spirit Rhyme Fruit.

“This is the Spirit Rhyme Fruit!”

“It’s really a Spirit Rhyme Fruit!”

Seeing this fruit, Li Nian and Li Yi’s eyes immediately went straight.

Even in the Luo Ran Trading Firm, Spirit Rhyme Fruits could only be seen in the imperial capital, and they were basically priced at market prices, so whenever they appeared, they were definitely grabbed like crazy!

But now Lin Ran had actually taken out a Spirit Rhyme Fruit.

“Little friend Lin Ran, what do you want me to do?”

The Spirit Rhyme Fruit was so precious that for a moment, Li Nian was at a loss as to how to thank Lin Ran.

“Brother Lin Ran, a great kindness is no thanks, if there is a need in the future, I, Li Yi, will definitely go through fire and water!”

Li Yi arched his hand and said.

Lin Ran smiled and didn't say much, he directly handed the Spirit Rhyme Fruit to Li Yi.

Li Yi took it and immediately gave it to his mother.

Li Nian, on the other hand, rushed to the housekeeper at the side and instructed him twice before he was busy running over to check the situation.

Chapter 1690

Just a few moments after taking the Spiritual Rhyme Fruit, Madam woke up again, and this time her face looked significantly better.

It was just that her body was too weak and she was awake for just a few moments before she fell asleep once again.

“Little friend Lin Ran, this way please!”

In order not to disturb Madam's rest, Li Nian led Lin Ran and Li Yi directly to the adjacent living room, before handing over a ring.

“Little friend Lin Ran, a small token of appreciation please don't return it!”

“Many thanks!”

Lin Ran saw this and accepted it without any pretense, he only had some Heavenly Origin Crystals that Zhen Yan had given him when he first entered the Immortal Realm, so to be honest it was indeed a bit insufficient.

Moreover, he had given away all the Spiritual Rhyme Fruits he had just obtained this time, so this was nothing in return.

Seeing Lin Ran accept it Li Nian couldn't help but say with a smile on his face.

“Earlier, I heard Li Yi say that little friend wants to join us at Baji Mountain?”

“That's right! I have some problems with Wanshou Mountain and I want to join Baji Mountain!”

Lin Ran didn't hide it and said directly.

“Little friend, don't worry, I'll take care of this matter, in addition I will recommend you to be the guest secretary of Baki Mountain, then not only will you be free but you can also get the shelter of our Baki

Mountain, in our Baki Mountain's place, Wanshou Mountain definitely won't dare to do anything to you!"

Li Nian said with a smile.

"Then, thank you very much!"

Lin Ran said with an arch of his hand, all he wanted was freedom, being this guest secretary seemed quite good.

"By the way, I would like to ask the following, as the guest secretary of Baki Mountain, can I cultivate the techniques on Baki Mountain?"

Lin Ran was busy asking, what his heart lacked the most was gong methods, his own realm could be cultivated slowly, while gong methods were the most tightly wound.

The Pillow Book had swallowed the Xuan Yang Pill Canon, and now that it had left, his Medical Dao Dao Pearl was also unusable, so if he wanted to improve his strength he would inevitably have to choose another Dao to start cultivating first.

Naturally, this was something that had to be found from Baki Mountain.

"Of course!"

Li Nian laughed.

"We at Baki Mountain are all very polite to our guest ministers, it is like being a guest of honour, you have done me a great favour this time, I will recommend you, little friend, the highest specification guest ministers!"

"At that time, you will be able to look through all of the school's great teachings!"

"Many thanks!"

Lin Ran was delighted at his words, but he was also clear that there was obviously a reason for Baji Mountain to be so enthusiastic, and as for that reason he was afraid that he would not understand until he got to Baji Mountain.

"Alright father, I'll explain the rest to brother Lin Ran, I'll take him to the Drunken Immortal Building first!"

On the side, Li Yi had already been waiting a little impatiently.

"Fine, you guys go ahead!"

Li Nian saw this and said no more, as long as it was better with Lin Ran whether it was himself or his own son, it was actually the same.

A few moments later, Lin Ran left the Li residence under Li Yi's leadership and headed to the Drunken Immortal House.

According to what Li Yi had said when he entered the city earlier in the morning, today was the day that Baji Mountain was enrolling students at the Drunken Immortal House, so if he went there now, he would be able to enter Baji Mountain directly.

The school had a letter of recommendation from Li Nian, so it would go smoothly.

It was just past ten o'clock, and Li Yi took Lin Ran straight to the Drunken Immortal Building.

And at this time on the mountain range outside of Baki City only.

Blood Bat, Xu San and the others had finally rushed back to the mountain range where they had ambushed Li Yi earlier.

“Master!”

As soon as they returned to the mountain range, the group saw a figure dressed in a blood-red robe standing not far away, his whole body emitting a terrifying fierce aura, the whole person standing there without anger.

When Blood Bat and the others came close, they all fell to their knees with a thud, their faces terrified.

“Master, we didn’t catch him! Please punish him!”

The Blood Bat was the first to speak.

The blood-red robed figure turned around and revealed a very familiar face, if it wasn’t the Nine Winged Bat Dragon!

“What’s going on? Did you send the Bat Order all night just to get me to come over and tell me this?”

The Nine Winged Bat Dragon said in an angry voice.

“Master it’s not!”

The Blood Bat was busy explaining the situation, and then told the story of what had happened.

Chao San, who was on the side, was also busy adding.

“Brother Bat Dragon, this kid is too cunning, if not for his divine wings and Li Yi of the Li Clan we would have caught them all!”

“Divine Wings? You said divine wings?”

The Nine Winged Bat Dragon was completely disinterested in Li Yi at this point and questioned Chao San.

“It is indeed God Wing, it is so true that even the Blood Bat could not catch up with it even if it manifested its original body!”

Chao San said busily.

“Yes master, that kid definitely possesses divine wings!”

The Blood Bat was also busy saying.

As long as the Nine Winged Bat Dragon was not pursuing Li Yi's matter, he was willing to not mention this.

"Divine Wings?"

The Nine Winged Bat Dragon looked into the distance with greed in his eyes.

What he longed for most in his life was to obtain a divine wing, but it was a pity that those who possessed divine wings were not disciples of great powers, he simply did not dare to provoke them,? Nor could he afford to do so!

But at this moment, he actually heard that a kid from the Heavenly Mansion realm actually possessed divine wings, which was simply specially prepared for him.

"What's that kid's name?"

The nine-winged bat dragon had already moved on and asked directly in a bellowing voice.

"Lin Ran! His name is Lin Ran!"

Chao San said busily.

"What?"

Hearing that name, the nine-winged bat dragon's face instantly changed.

"You said his name is Lin Ran?"

"It's .... Yes!"

Seeing that the Nine Winged Bat Dragon's face didn't look right, Chao San busily said, while his entire body unconsciously took two steps back, fearing that he had said something wrong.

"Lin Ran! Lin Ran!"

The nine-winged bat dragon chanted the name twice, and the killing intent in his entire body became even more overpowering.

"There's a way in heaven but you don't want to go, there's no door in hell but you want to barge in, it's been a thousand years and I thought you had died in the void, but I never thought you'd really reached the immortal world!"

"Well, well!"

There was frenzy in the eyes of the Nine-Winged Bat Dragon.

"The Heavenly Mansion Realm! Haha you have your day too!"

The more the Nine-Winged Bat Dragon thought about it, the happier he was.

His doppelganger was not a match for Lin Ran back on Earth, but now his original doppelganger was overpowering Lin Ran.

The reason for this was very clear to him.

Back then, after the Old Immortal Emperor's battle, the whole pattern of the Immortal World had changed, and he, the Nine-Winged Bat Dragon, was originally an expert in the use of poison, except that his body's understanding was the Dao of Wind.

So he let his body cultivate the Way of Poison.

This way of poison also belongs to the way of physicians, but later in the Immortal World, the way of physicians could not be used, so his doppelganger went to Earth.

As a result, he did not expect that his thousand-year plan would be ruined by Lin Ran's hands.

And now that Lin Ran had come to the Immortal Realm, then his path of healing was bound to be unusable as well.

"No wonder it's the Heavenly Mansion realm, your dao can't be used, haha!"

There was frenzy in the eyes of the nine-winged bat dragon, and then his eyes chilled as he looked at the blood bat and said angrily.

"From immediately dispatch everyone to check his location for me, I not only want his divine wings, but also his life!"

"Yes master!"

Blood Bat was relieved to see that his master didn't mention Li Yi in the slightest, and busily led his men out to start scouting for information.

"You still have something to do?"

Blood Bat looked at Chao San who was on the side, his voice cold.

"No .... No, it's not that I haven't been to Wanshou Mountain for a long time, I'm going to meet Lord Dark Origin Musk Eagles!"

Chao San said busily.

He had actually come over this time to seek help from the Dark Origin Musk Eagles, only that he had bumped into the Blood Bats halfway and had no choice but to claim that he was here to find the Nine Winged Bat Dragon.

The one who had the best relationship with him at Mount Wanshou was also the Dark Origin Musk Eagle.
