

Doctor

Chapter 1701

“You!”

Han Qiqi was furious, but Lin Ran on the side was too lazy to pay any attention to this demon hater, patting Han Qiqi and laughing.

“Let’s go, what’s there to say to the crowd!”

“Humph!”

Han Qiuxia was furious and turned around to leave with Lin Ran.

On the side, Qiu Mo saw this and his face sank before he sneered.

“What? Was it because this young lady was right and exposed your nature as poor pussies? That’s why you fled in a huff?”

“Qiu Mo!”

Although Han Seventh Year’s character was somewhat cowardly, he was a man who loved and hated people, and when he saw that Qiu Mo wasn’t just talking about himself, but even Lin Ran, he immediately packed up his injustice for Lin Ran.

“We really went to the ninth floor, don’t believe me, see for yourself!”

With that, Han Seventh Year directly took out the books he had picked out.

Qiu Mo couldn’t help but be stunned when he saw the book in his hand, the golden silk binding on it was obviously only available for books on the ninth level.

“You!”

Qiu Mo was stunned and a little surprised, but she then looked at the books in Lin Ran’s hands, and they were clearly from the first level, ah.

“Han Seventh Year himself definitely can’t afford the books on the ninth level, or even go up there! Then it could only be this kid who helped him, but how come he only picked the ground floor ones himself?”

Qiu Mo thought in her mind, and suddenly her entire body was stunned, followed by a laugh.

“Haha! I know! I got it!”

“Your name is Lin Ran, right!”

Qiu Mo looked at Lin Ran before smiling at Han Qiqi.

“Damn fatty, you’re really stupid, can’t you see that this fool Lin Ran brought you to the ninth floor in order to pretend to be rich, and then he ran out of money himself? If he had money how could he only choose on the first level!”

“You!”

Hearing Qiu Mo's words, Han Seventh Year couldn't help but look at Lin Ran, fearing that what Qiu Mo was saying was the truth.

"Brother, are you really"

"Don't listen to her nonsense!"

Lin Ran helplessly said, while glaring at this Qiu Mo, coldly said.

"People are so pretty, how come your mouth is so sarcastic, did no one teach you how to behave when you were young!"

This Qiu Mo really made him a bit disgusted, she was quite pretty, how come she opened her mouth and shut up about being a poor pussy, it was hard to believe that women in the Immortal World were also so snobbish.

"Who are you to be snarky?"

Qiu Mo's face immediately turned gloomy when she heard that, she looked at Lin Ran with a face as frosty as ice.

"Who am I talking about, who believes in themselves clearly, this hidden scripture pavilion your family owns? Whether we can afford it or not is our own business, your family lives by the river? So broad minded!"

Lin Ran said disdainfully, and immediately pulled up Han Seven Years and walked towards the exit.

"What the hell are you! How dare you talk to this lady like that? I want to see how you'll settle the bill today! I want to see how you're going to settle the bill today!"

She wanted to see how Lin Ran and Han Qiqi would pay the bill later.

The two were in the front, one behind, and soon the three reached the exit of the Hidden Scripture Pavilion.

The old man was still at the exit, and when the two of them got close, Lin Ran handed over the quick letter talisman that the two of them had before.

The old man turned out the letter talisman and simply touched it before speaking.

"One heavenly yuan crystal stone and one thousand extremely high quality spirit stones!"

"Goo dong!"

Hearing the fees uttered by the old man, even at this moment, Lin Ran couldn't help but gulp down his spit.

Although he knew that the several bottles of spirit stones he had obtained from the Li family this morning were feared to be tens of thousands of them, he couldn't help but feel a bit of pain at this moment when he heard this thousand.

After all, he had only chosen four books on the first level!

“Brother! Or else let’s not”

On the side, Han seven years already started to beat a retreat, so expensive that he was a little embarrassed.

“I’m afraid it’s too late to back out now!”

As the two were talking, Qiu Mo who followed behind them was sneering.

“You don’t need the 9th level of the technique, but you’ve already been to the 9th level, so you can’t get away with less than 1,000 pieces of extremely fine spirit stones!”

Said Qiu Mo, walking in front of the two people, with a smug smile on his face.

“According to the rules of Baji Mountain, those who trespass into the Hidden Scripture Pavilion without a very high quality spirit stone are considered to be deliberately disruptive, and you are knowingly breaking the rules, so not only will you be expelled from Baji Mountain but you will also have your cultivation ruined!”

Speaking here, Qiu Mo looked at the old man on the side and asked with a smile.

“Senior, am I right!”

“That’s right!”

The old man didn’t even raise his eyelids as he blandly replied.

“Seniors we!”

Han Seventh Year instantly became anxious at his words, he wanted to help Lin Ran at this moment, but the extremely fine spirit stones he had on him only added up to a hundred I’m afraid, so even if he wanted to help, there was nothing he could do!

“Senior, you’ve seen it all, so please step in to defend the dignity of our Baji Mountain!”

Qiu Mo on the other side laughed, with gloating in her eyes, as if to say, “If you want to play hard to get with me, go ahead and do it! I don’t even know how this lady will play you to death!”

“Little girl, do you want to buy something?”

The old man didn’t answer her, instead he asked in return.

“No, I’m not buying!”

Qiu Mo said casually.

“O! Then why are you bothering with words here!”

The old man opened his eyes slightly and gave her a blank look before looking at the two Lin Ran.

“Pay up!”

Qiu Mo's face turned ugly at the old man's words, but she didn't dare to explode, the other party was able to guard the Hidden Scripture Pavilion here, so her strength naturally went without saying, she wouldn't dare offend the other party.

She was not happy at the moment, and when she saw the old man asking for money, she looked at Lin Ran and said with a cold smile in her eyes.

"Pay? I don't think he'll be able to pay, I'm afraid that selling this rotten clothes on his body wouldn't even be enough for a very high quality spirit stone!"

"You!"

Han Xiuxiujing was a bit anxious at this, and was just about to beg his senior to allow him to think of a solution.

But Lin Ran at the side pulled him back, and then with a wave of his hand, a large pile of things appeared in front of the crowd, and it was clearly a thousand extremely high quality spirit stones and a heavenly origin crystal stone.

"You!"

Seeing this scene, both Han Seven Years and Qiu Mo froze, especially Qiu Mo, the shock on her face was quickly replaced by crimson, at this moment she only felt her face burning hot, just now she was mocking people one after another, but in the blink of an eye, she was slapped in the face by someone else.

"Let's go!"

The old man put the things away with a wave of his hand, and then he closed his eyes without any more nonsense.

"You! Where did you get so many extremely high quality spirit stones, and you actually have Heavenly Origin Crystals!"

Qiu Mo was a little annoyed and pointed at Lin Ran and questioned.

"Does my matter have anything to do with you? What? You're not annoyed to see that I have money, are you!"

Lin Ran laughed indifferently, he had no good feeling towards this Qiu Mo at all, the other party's stunning face that was as stunning as it could be when he first saw him looked ugly even now.

"You you! You are obviously so rich, why do you still want to be with this trash? And to bring him up to the ninth floor, are you crazy?"

Qiu Mo was unable to figure it out and pointed at Lin Ran and questioned.

"That's my business, besides I seem to have invited you too, only you refused!"

Lin Ran laughed lightly, he didn't really invite this Qiu Mo, he was just rushing the words here.

"You So is it still okay if I say yes now?"

Qiu Mo's attitude obviously changed for a moment, the Heavenly Origin Crystals and extremely high quality spirit stones Lin Ran had just brought out had really moved her a little.

"No!"

Lin Ran looked at her and laughed.

"I didn't know you before, but now that I do, I find out! You don't deserve it!"

After saying that, Lin Ran greeted Han Seventh Year and turned around to leave.

Chapter 1702

"You!"

Qiu Mo was so angry that her pretty face turned red and she stomped her feet.

But at this moment, Lin Ran had already led Han Seven Years away from the Hidden Scripture Pavilion.

"Bastard!"

She wanted to see what kind of person Lin Ran was, how dare he treat her like this.

"Brother! You're really something, you dare to say that about Qiu Mo! Although she is from an average family, there are many people who support her who are pretty!"

Han Seventh Year said busily as he followed Lin Ran.

"Fortunately, fortunately, it's holiday time now, Baki Mountain is recruiting new students and many of the old students have gone home, otherwise if some of the old students knew about it, they'd be afraid to come after you too!"

"Whatever!"

Lin Ran smiled blandly at his words, he didn't care at all.

"Right, you're familiar with this place, take me to find a place to stay!"

Seeing that it was getting late at this time, Lin Ran said.

"Okay brother, I'll take care of it!"

Han Seven Years laughed, and immediately led Lin Ran to prepare to go to the rest area.

But just as the two of them walked out of the scope of the Hidden Scripture Pavilion, they instantly saw a large group of people at those rings in the distance, and Tian Hu was standing on them.

When he saw Lin Ran and Han Seven Years come out, Tian Hu immediately had a smile on his face as he greeted them.

"Hey! That kid standing next to Han Seven Years, you're new here, right!"

Lin Ran smiled and immediately frowned slightly, this Tian Hu's words were clearly about himself, where could he not see that.

“Something wrong?”

Lin Ran looked up at Tian Hu, his expression bland.

Seeing this, Tian Hu smiled and said.

“It’s not much, it’s just that I’m interested in you, senior brother, and want to see how strong you are as a newcomer, how about that? Do you dare to come up and fight with senior brother?”

“Not interested!”

Lin Ran didn’t even think about it and rejected it!

“Hm?”

Tian Hu hadn’t expected Lin Ran to refuse so simply, going so far as to ignore the gaze of so many people around him at the moment.

Just as he was at a loss, a woman’s voice suddenly rang out from the back.

“Brother Tianhu, don’t make things difficult for such a rustic, just his strength is also worthy to compete with you? I’m afraid that if you give off your breath, this kid will immediately be scared to the ground and beg for mercy!”

As the voice fell, the crowd looked over and saw Qiu Mo walking towards them with a smile on her face.

If it wasn’t her who had just spoken, who else was it?

“O? Senior sister Qiu Mo, what? You know this kid?”

Seeing Qiu Mo, Tian Hu immediately smiled and asked.

The others around also looked at Qiu Mo, only that many of them were not surprised, but rather greedy.

It could not be helped, although Qiu Mo’s character was not great but this look, was really beautiful, at this moment those people around looked at her, each one was close to drooling.

“Brother Tianhu what are you talking about, how would I know this kind of trash, I’m afraid that only Han seven years can be friends with others!”

Qiu Mo laughed, but his words were full of disdain.

“Qiu Mo, how can you say that, we haven’t even”

One side of Han seven years of anger, just want to open his mouth to retort, but before he could finish his words, he was interrupted by Qiu Mo go.

“You guys what? It’s just a couple of stinking money, deceitful what, if you have the ability you let him take the cut of Brother Tianhu, you ask him dare?”

Qiu Mo’s eyes were full of disdain, she didn’t want the crowd to know that she had just been hit in the face by the two Lin Ran.

“You!”

Han Seventh Year was so angry that his face turned red, but he didn't dare to say more, he knew very well what strength Tian Hu had, even he was no match for him, let alone Lin Ran who was just a newcomer.

"You're confident in him?"

Han Seventh Year was at a loss as to what to do when Lin Ran next to him suddenly spoke up.

"What? Not happy? You also match Brother Tianhu than!"

Qiu Mo said in a cold voice.

"Is that so?"

Lin Ran smiled blandly at his words, not bothering to pay any attention to this Qiu Mo, he blandly glanced at Tian Hu who was next to him, before turning around and rushing towards Han Seven Years.

"Let's go!"

"Good Good!"

The first thing you need to do is to get a good idea of what you want to do.

"Stand still!"

Suddenly just as the two Lin Ran were about to leave, Tian Hu next to them spoke up.

"Something wrong?"

Lin Ran turned his head to look at Tian Hu, his expression bland.

"Your name is Lin Ran, isn't it?"

Tian Hu looked at Lin Ran and smiled.

"I don't care what grudge you have with Senior Sister Qiu Mo, but it hurts me as a senior brother to have you treat me so poorly!"

Tianhu said as he gestured to the high platform at his feet.

"Senior brother is looking for you to spar today, just say whether you dare or not! If you don't dare, senior brother naturally won't make things difficult for you!"

"But if you dare, senior brother won't treat you badly either, as long as you win!"

Said Tian Hu with a flip of his palm, and a Heavenly Origin Crystal Stone actually appeared in his hand.

"As long as you win, it will be yours!"

Tian Hu looked at Lin Ran and smiled.

"Brother Tianhu, you think too highly of him! How could he possibly win, even if you let him have no hope with one hand!"

Qiu Mo on the side laughed disdainfully.

Tian Hu was interested in this comment from Qiu Mo, from the beginning the latter had constantly said that Lin Ran was a piece of trash, he would like to know what exactly was trashy about this kid.

“Senior sister Qiu Mo, although senior brother Lin Ran is new, there is no shortage of new arrivals every year, so you can hurt people by saying that!”

Tian Hu laughed, seemingly fighting for Lin Ran, but anyone with a discerning eye could hear that he was digging deeper into the matter.

“Brother Tianhu, you can clearly see that I really didn’t!”

Qiu Mo was busy, and then said.

“I just saw it with my own eyes, he picked his gongfu on the ground floor!”

“The ground floor?”

“Really?”

“That’s too showy!”

The crowd couldn’t help but laugh at these words, each one looking at Lin Ran with disdain in their eyes.

“Brother Tianhu, who doesn’t know that the disciples of Baji Mountain know that the merit methods on the ground floor of the Hidden Scripture Pavilion, that’s for children!”

“Any disciple who joins Baki Mountain now would at least start learning from the first floor, starting from the ground floor! I’m afraid this came out of some small village that doesn’t even have basic stances for the sword dao!”

Qiu Mo sneered, his eyes filled with disdain.

“Yes! Forget about people like Brother Tianhu, he just agreed to spar with you, we don’t agree either, such people are simply here to bring down Brother Tianhu’s status!”

“Yes! This kind of person, even I can’t look at him!”

“Isn’t that so! I’m afraid that even Han Seven Years could beat him up and turn him over!”

The crowd next to him laughed.

“Brother!”

Han Qiuxian looked at Lin Ran, his eyes red, seeing Lin Ran being counted by so many people made him feel very bad, but he was too weak he couldn’t do anything about it.

Lin Ran looked at him and couldn’t help but shake his head before saying.

“Little Fatty, remember this! It’s not awesome for people to have a temper, what’s awesome is being able to control your temper! That’s the skill!”

“Huh?”

Han Seven Years looked at Lin Ran, not understanding what he meant!

Lin Ran, however, smiled and patted him on the shoulder before saying.

“Just remember, you’ll understand later!”

After saying that, Lin Ran looked at Tianhu and laughed.

“I’ll take you up on this cut! Likewise, if I lose, this will be yours too!”

After saying this, Lin Ran actually flipped his hand and took out a Heavenly Origin Crystal Stone as well.

The crowd watching this scene was instantly frozen.

Chapter 1703

“Heavenly Heavenly Origin Crystals!”

“Holy shit, this kid actually has Heavenly Origin Crystals too!”

“This kid dares to be a rich man after all!”

When the crowd saw this scene, their eyes went straight one by one.

That was a Heavenly Origin Crystal Stone, something that could be exchanged for a gongfu on the ninth level of the Hidden Scripture Pavilion with just one, something so precious that many of the people present actually didn’t have.

“Humph! It’s just having two stinking money, let’s see how Brother Tianhu will beat you to your knees and beg for mercy later!”

Qiu Mo said disdainfully.

Lin Ran smiled blandly as he looked at her.

“Are you annoyed and angry? Just because I won’t spend money for you?”

“You!”

Qiu Mo’s pretty face turned red with anger as she said angrily.

“Who needs your money, Brother Tianhu has plenty of money!”

Saying this, Qiu Mo’s whole body couldn’t help but stand a few points closer to Tian Hu, who indeed had interest in Qiu Mo.

It was just that Qiu Mo looked down on Tian Hu from the bottom of his heart, but not many of the truly powerful people in Baki Mountain would care about other people’s looks.

This led to some of Qiu Mo’s petty thoughts not being realised, and in the end, she only ended up in the current situation, where she didn’t reject Tian Hu, nor did she say yes, and just hung on.

Seeing that Qiu Mo looked strangely close to herself at this point, Tian Hu couldn’t help but feel a little uncomfortable in his heart, knowing that this woman was doing it to piss off Lin Ran, but he didn’t care, it was Qiu Mo’s skin he was looking at anyway, so who cared if she genuinely liked him!

Tian Hu smiled blandly and immediately reached out and swept Qiu Mo into his arms, scaring the latter, but at this moment Lin Ran was right under the stage, so she really couldn't react too much, otherwise she wouldn't have revealed that her relationship with Tian Hu was actually not that good.

"Kid! I don't need you to pay for my woman yet! If you dare to take it then come up here!"

Tianhu took advantage of the fire and couldn't help but wipe a hand on Qiu Mo's waist, and even more so, he took advantage of her verbally.

But at this moment, this situation, Qiu Mo really can not say anything, can only break his teeth and swallow in his stomach.

"Humph! When you get beaten down, this lady will see if you can still be arrogant!"

If it wasn't for this bastard, she wouldn't have been taken advantage of so much by Tianhu, and she would have taken it all on Lin Ran's head!

"Brother!"

At the side, when Han Seven Years saw that Lin Ran was really ready to go on stage, she couldn't help but be very worried.

"Don't worry!"

Lin Ran patted Han Qiuxian's shoulder, and immediately walked onto the high stage.

"Quite a gutsy kid, just keep this one Heavenly Origin Crystal Stone, don't cry your eyes out when you really lose later!"

Tian Hu laughed, his eyes did unconsciously sweep over the Heavenly Origin Crystal Stone, it was a Heavenly Origin Crystal Stone where he didn't want it, saying this was just being polite and courteous.

"That's not necessary, after all, if I can go from one to two, I'll make money too, won't I!"

Lin Ran laughed.

Tian Hu smiled with a slight frown and sneered.

"The youngsters nowadays really don't know how high the sky is, so let's do it!"

With that Tian Hu's body moved and already rushed towards Lin Ran.

The crowd around them all held their breath when they saw this scene, they knew that they feared Tian Hu would finish off this kid in one move.

However, just as the crowd was watching nervously, Lin Ran on the other side suddenly spoke.

"Wait!"

"Pfft!"

Hearing Lin Ran's sudden words, the crowd almost didn't spurt out.

Qiu Mo even laughed at his words.

“What? Are you scared now? Then you should just roll down from up there, and we can instead one get Brother Tianhu to spare your life!”

“What are you barking at there?”

Lin Ran glanced at Qiu Mo indifferently and said nonchalantly.

“You! Who are you calling barking!”

Qiu Mo’s face turned blue with anger, this brat actually dared to call her a dog, this was unbelievable to her.

Normally, she was the beautiful disciple of Barking Mountain, those disciples with high strength were fine, they were all like wood and only knew how to cultivate.

But which of the other disciples did not have greed in their eyes when they saw her and wanted to curry favour with her, but this brat in front of her dared to scold her directly, which made Qiu Mo’s heart very upset.

“Kid! What do you want? Do not dare to fight directly say!”

Tianhu’s face also turned cold when he heard that, daring to say that about Qiu Mo in front of him was simply not putting him, Tianhu, in his eyes.

“Brother Tianhu, what’s the point of talking to him! Just kill him!”

Qiu Mo said angrily.

Tian Hu smiled but did not say anything, only looking at Lin Ran with an even colder gaze.

“I just want to ask, how many moves to determine the winner!”

Lin Ran looked at Tian Hu and said indifferently.

“A few moves to determine the winner? Who do you think you are! If you can walk through one move in Brother Tianhu’s hands, this lady would count you as capable!”

Qiu Mo said irritably.

Tian Hu, however, was too lazy to talk nonsense and looked at Lin Ran and said!

“One move!”

“Yes!”

Lin Ran nodded, and then said.

“Then let’s get started, I’m in a hurry!”

He was really in a hurry, it was getting dark at the moment, but he hadn’t found his own place yet, so he would have to wipe out the dark to find a room later!

“You’re looking for death!”

Seeing Lin Ran's attitude of not taking him seriously, Tian Hu was also a little enraged, and his whole body's aura shook as he directly exploded out.

He came straight at Lin Ran with an arrow step, and his palm turned into a fist and blasted straight at Lin Ran's chest, the strength of this punch was simply staggering.

"If this punch hits, I'm afraid that kid will be directly ruined!"

"Pretty much, this is Brother Tianhu's strongest strength, but unfortunately it's only a physical fight, if Brother Tianhu used his weapon, then I'm afraid this kid's life would be lost!"

"Who says otherwise!"

The surrounding crowd spoke up, not a single person was actually optimistic about Lin Ran.

"Humph! This brat is only relying on the fact that he's in Baki Mountain, if he was outside, this lady would have ruined him without Brother Tianhu's hand!"

On the side, Qiu Mo also said coldly, her face full of disdain.

The seventh year of Han's life was so strong that he didn't even dare to breathe a breath. He knew exactly how strong Tianhu was, and he was even thinking about which alchemist would be best to take Lin Ran to for a cure.

But at this time, on top of the high platform, in the face of Tian Hu's punch, Lin Ran's face was indifferent, and to everyone's surprise, he also swung out a punch and met it towards Tian Hu.

"Huh? This kid is crazy!"

"I think he's probably scared out of his mind!"

"Stupid? I think he's just looking for death, daring to fight Brother Tianhu hard? What else is it if it's not a death wish!"

The crowd laughed one after another.

And at this moment, Tian Hu couldn't help but have a cold smile in his eyes when he saw this scene.

To their reactions, Lin Ran turned a deaf ear to their reactions, only to see his fist breeze blazing and his aura inward, in a few moments he had already reached Tian Hu.

"Bang!"

In the next moment, their fist winds instantly collided with each other.

A terrifying tremor resounded, and a figure was thrown out directly, cutting an arc in mid-air and hitting the ground with a bang.

"It's over? Brother Tianhu has won!"

"This is too easy, that kid's whole arm will be ruined now!"

"Haha! He deserves to be ruined even if he fights Brother Tianhu!"

The crowd laughed.

Chapter 1704

“Hmph! How insolent, how dare you dare to fight Brother Tianhu, you don’t know what you’re doing!”

Qiu Mo sneered, and immediately walked towards the stone platform.

At this moment, there is still smoke and dust that has not dissipated on the stone platform, just two people collided with too strong,? The two had just collided with each other with such force that they had shaken the stone platform beneath their feet, causing smoke and dust to billow out.

The loser, naturally, no one to pay attention to, only Han seven years hurriedly ran over, as for the others at this time, the eyes fell on the high platform.

The smoke and dust slowly drifted away, and soon the outline of a figure appeared in a blur.

“Brother Tianhu, you’re great!”

By this time, Qiu Mo had already come close, and although he hadn’t yet seen the person in the mist clearly, his voice of praise was already ringing out.

Even at this moment, Qiu Mo had already thought that when she left later, she would deliberately walk up to Lin Ran under the stone platform and mock him properly.

However, the words that the person in the mist spoke? However, it was as if a bolt from the blue had struck Qiu Mo’s entire body.

“Are you blind?”

“Hm?”

The next moment when the person in the mist came out, her whole body was completely dumbfounded, she only felt a “weng” sound in her head, and her whole head instantly became blank.

It was because the person who came out of the mist was not his brother Tianhu, but Lin Ran.

Lin Ran glanced at her indifferently and? whirled and walked past from the side, not even saying a single extra word.

Qiu Mo only felt like her entire body had fallen into an ice cave, even if Lin Ran had taunted her twice, she would have felt better in her heart, but at this moment, Lin Ran acted as if he didn’t see her at all, directly ignoring her existence.

“Why! Why? He’s obviously just a piece of trash with a few stinking dollars, how can he be so powerful!”

Qiu Mo’s entire body froze in place,? unable to react for a long time.

At this time, Lin Ran had already picked up the heavenly yuan crystals on the ring only and put them into his arms.

This scene was seen by all the people below me, and each one of them grew their mouths in surprise!

“He How is he him!”

“Where’s Brother Tianhu?”

The crowd couldn’t believe the scene in front of them, and I don’t know who shouted out, followed by the crowd all having a jolt in their hearts, only then remembering the person who had just been blown out of the ring with a punch.

The crowd turned their heads to look, and when they saw the man that Han Qiqi had helped up next to them, they all froze in their tracks.

He was holding up Tianhu, who was covered in blood and his arm was as if it was broken, hanging down at an unbelievable angle.

His entire body was also frozen in place, unable to react for a long time.

“Ah!”

When Han saw that the person he was supporting was actually Tianhu and not Lin Ran, he was startled and took two steps backwards.

“Ah!”

He turned his head to look at the ring and saw Lin Ran walking towards him.

“You You you what do you want!”

Tianhu was terrified and looked at Lin Ran as he backed up.

“Don’t move! Unless you don’t want this arm anymore!”

Lin Ran said indifferently, while already clasping Tian Hu’s shoulder with one hand.

“You! I’ve conceded defeat, what else do you want!”

Tian Hu was terrified, no one knew the power of that punch just now better than he did, fortunately it was just a sparring match, if the two had just been in a life and death struggle.

He wouldn’t have had the slightest doubt that that punch Lin Ran was enough to blast himself into a cripple.

Lin Ran looked at Tian Hu indifferently, and without saying anything, he directly raised his hand and hit him in the wrist, followed by a “click” sound, and Tian Hu’s face turned green with pain.

“I admit defeat! I admit defeat! Don’t kill me!”

Hearing Tian Hu’s voice, the crowd beside him couldn’t help but feel a cold sweat for him.

However, the crowd then heard Lin Ran speak.

“I’m a doctor, all right the arm is fine!”

After saying that, Lin Ran turned around and greeted Han Seven Years and left.

Dumbfounded at hearing this, Tianhu was busy looking at his arm, followed by moving it twice, and surprisingly found that his arm was actually fine!

“My arm! My arm is healed?”

Tianhu’s entire body couldn’t believe it, sparring within Mount Yaki was common, and breaking one’s arm and leg could only be blamed on one’s own strength.

But this was the first time he had seen someone who had broken someone’s arm and offered to help heal it.

“You! Who the hell are you?”

Tian Hu looked at Lin Ran with bewilderment in his eyes, this kid in front of him was really a disciple who had just joined Baki Mountain?

But how could this strength be so strong.

“Don’t you know? My name is Lin Ran!”

Lin Ran said indifferently, at the same time leading Han Seven Years to leave it was already getting late, he had to hurry and find a place to stay.

“Stop!”

Suddenly at that moment, Qiu Mo on the ring only finally reacted, she looked at Lin Ran’s back, her eyes were full of reluctance and confusion.

How could she not believe that this person, who she had stepped on half the time, was actually so strong that he had beaten Tianhu in one move?

“Something’s wrong?”

Lin Ran stopped in his tracks, but didn’t turn around, which made Qiu Mo’s heart chill, was her looks that unattractive to him?

“How can you be so strong, who the hell are you?”

Qiu Mo looked at Lin Ran and asked.

“Does it have anything to do with you?”

Lin Ran still didn’t turn around and returned blandly.

“Me!”

Qiu Mo was suddenly blocked from speaking, indeed, Lin Ran was so strong and rich, what did it have to do with her?

But why did one even bother asking? Tianhu had already lost, so what was the point of asking even if one asked clearly?

Qiu Mo knew she was just resigned to the fact that in her opinion, with her looks, every man had to be around her in order to do so, but there were just some who were not interested in her beauty.

“Those powerful disciples of Yaki Mountain are like this, and so are you, who are you! It’s just as well that they have strength and don’t like women, but who are you to ignore yourself like that even for someone who just came to Baki Mountain!”

Qiu Mo was very upset and even a little angry in his heart.

When Lin Ran saw that Qiu Mo didn’t say anything, he took a step and continued walking.

“Stop right there!”

When Qiu Mo saw this, he became a little anxious, but this time Lin Ran didn’t stop, he didn’t even answer!

“Can’t you hear me when I tell you to stand still?”

Seeing this, Qiu Mo directly stepped out of the ring, ignoring Tian Hu’s obstruction, and directly blocked in front of Lin Ran.

“What the hell do you think you’re doing?”

Lin Ran was a little impatient, he really didn’t want to waste any more time.

“What gives you the right to ignore me like that, what gives you the right!”

Qiu Mo questioned as he looked at Lin Ran with resentment in his heart.

Lin Ran saw this but only smiled blandly before saying.

“What do you have that deserves my attention? Eh? What do you have besides a stinky skin? In my opinion, apart from your skin, you are nothing!”

“Being good-looking is luck, not your capital, pretty girl! I’ve seen plenty of them, you’re not the only one!”

Chapter 1705

Lin Ran’s words directly caused Qiu Mo’s entire body to freeze in place as she stared in a daze at the direction Lin Ran and Han Seven Years had left, not speaking.

“Yes! What else does one have but a good-looking skin? There really seems to be nothing left!”

Qiu Mo whispered softly to herself.

In the eyes of others she was as beautiful as a heavenly immortal cultivator, but in the eyes of cultivators? She was just a person of average strength!

“No wonder those powerful disciples can’t look at me, I’m afraid that in their eyes strength is the most important thing, and any beauty is just a fleeting glimpse!”

Qiu Mo naturally said to herself.

“Senior sister Qiu Mo what are you talking about?”

At this moment Tianhu also came over, he hadn't forgotten that Qiu Mo and himself had improved their relationship earlier!

However, seeing him arrive, Qiu Mo was nodding without saying a word, turning around and leaving the place.

"Qiu"

Seeing Qiu Mo leave, Tian Hu's whole person was like a deflated ball, he knew he was always the backup, but seeing the change in attitude before and after Qiu Mo towards himself, even he could not help but be a little angry.

It was late at night, and Lin Ran was quickly led by Han Seven Years to find a vacant room for Lin Ran next to where he was staying in the rest area.

Seeing that the empty room was empty, Lin Ran couldn't help but feel a little helpless, fortunately there was still a bed for people to rest on, otherwise this condition would be too shabby.

"Brother, I'm sorry! It's because I'm too wasteful? So I can only live in a place like this, too? But I'm leaving tomorrow then you can take the things at my house if you don't mind!"

Han seven years said.

"No need, you should hurry back and rest too!"

Lin Ran laughed.

He was curious about what Han Qiuxian meant by leaving tomorrow, but it was already late in the day and it was not convenient to ask, so he let Han Qiuxian leave first.

On his way to the rest area just now, Lin Ran had also probably listened to Han Qiuxian's introduction.

Even in this rest area, it was not possible to live anywhere you wanted, for example, a person of Han Qiuxian's strength could only live at the back of the row, and the ones in front of him were the residences of those who were very strong.

There are also rules and regulations for this residence, the further forward the facilities are, the more complete the facilities are, and the more dense the spiritual energy is.

Lin Ran's place was adjacent to Han's, but the environment and spiritual energy were not as good as they could be.

After sending Han Qiqi away, Lin Ran sat on his bed alone, ready to look through the sword stance foundation and the thunder recipe he had just obtained today.

At this very moment, in another mansion on Mount Baqi, Wang En was smiling and clinking wine with a young man in front of him.

"Older brother Wang En, how come you've given up on coming to see my brother?"

Across from Wang En, a slim young man said, "He is no other than a disciple of Baki Mountain who is very close to Wang En, named Meng Li!"

“Old Brother Meng, I’ve got something for you to do, haven’t I!”

Wang En laughed, while pouring a cup of wine for Meng Li.

“O? What is it? I can’t believe I’ve asked you to come here personally!”

Meng Li asked with a smile.

Wang En smiled helplessly at his words and said.

“It’s not that I brought a newcomer to Baki Mountain today, and this kid didn’t know which tendon was wrong, he had to ask me to come and find you, so I couldn’t help but come.”

“Looking for me? Do you want to do hard work?”

Meng Li laughed, he was in charge of things at Baki Mountain, that’s hard work!

“Haha, more or less, Old Brother Meng this is something you have to do, tomorrow’s departure you can just go and call on him directly!”

Wang En laughed.

“OK! No problem, leave this to me! But the person you brought back should be a guest minister, how come there are still guest ministers who want to do hard work in this year!”

Meng Li wondered.

“Who knows, but since they asked for it, let’s just do it, who told them to be guest ministers!”

Wang En laughed.

“That’s true!”

Meng Li smiled and nodded.

Wang En saw this and said no more, and then he poured Meng Li wine and talked about other things.

The night was getting even darker.

However, Lin Ran in the room was not the least bit sleepy.

Ever since he arrived in the Immortal World, he had been resting for shorter and shorter periods of time, but he found that he seemed to have adapted to the pattern of the Immortal World.

It seemed that everyone in the Immortal World rarely rested, or perhaps because of the different rules of heaven and earth, even without resting Lin Ran did not feel tired.

At this moment, he was sitting cross-legged on his bed, flipping through the book in his hand, the Fundamentals of Sword Dao Stances.

“Master, there are many sword dao stances, divided into slashes, slashes, thrusts, ruffles and so on! For example, the slash and thrust are sword strokes that are offensive in nature!”

“And this ruffle, block, etc., is inclined to defense, so it is said that the sword dao is a great dao, and what kind of sword dao will be cultivated in the later stage will only depend on your own preference!”

Qing Zi explained from the side.

Lin Ran was fascinated as he listened, Qing Zi's words had dissected the basic sword moves of the entire sword dao very clearly.

It was just that even Lin Ran himself was not quite sure what kind of sword dao he was suited for.

"The good thing is that these are just the basics of the sword dao, I can practice them all, so it would be feasible to focus on a certain direction later on!"

This was like nurturing many students, some were suited to attack, others were suited to defence.

And Lin Ran didn't have a clear idea of what path he wanted to take! So his plan was to learn them all first, and then develop them slowly according to his own habits!

After all, these were only basic sword moves, and Lin Ran was afraid that he wouldn't waste too much time in practising them.

Naturally, he was not in a hurry to practise tonight, and he only flipped through it roughly before taking out the Thunder Manual as well.

He had plenty of time to take his time to cultivate his sword moves as his time at Baki Mountain had only just begun, so he had to study the mysteries of the Thunder Manual at the moment.

Flipping open the Thunder Spectrum, Lin Ran immediately saw the records about the divine thunder of the Immortal World, reading through them all, from the beast thunder on the first level all the way to the highest divine thunder.

Lin Ran discovered that these divine thunderbolts could actually evolve.

For example, the most basic one was the thunderbolt in the body of a magical beast, which was the weakest thunderbolt.

If the practitioner's strength increases in the later stages, he can also use other thunderbolts to temper his body, thus increasing the power of the thunderbolts in his body.

The more precious the thunderbolt is, the stronger the effect of tempering the body, and the more powerful the sense of thunderbolt is.

"Thunder is divided into three orders and nine layers, the first three orders of mines are of average power, the middle three layers of heavenly thunder are of extraordinary strength! And the last three levels of divine lightning are even harder to find in the world!"

Looking at the book, Lin Ran couldn't help but have a bit of a headache.

"Where am I going to find this thunderbolt!"

"Master, this matter cannot be rushed, the way of thunder and lightning does not only require methods sometimes it also requires chance, if you really want to cultivate, we can go back and find a magical beast mountain range to start with the most basic beast thunder!"

"Or we can also go to the auction house to find one!"

Qing Zi said.

Lin Ran nodded at his words, but following that he seemed to think of something.

Chapter 1706

“By the way, doesn’t the triangular electric snake also have thunderbolts? What kind of thunder does its lightning belong to?”

Lin Ran asked.

Qing Zi smiled and thought about it and said.

“The Triangular Electric Snake is still a juvenile, and its thunderbolt can be considered a layer of beast thunder before it! It’s considered the weakest kind, but if he grows up, he might be able to break through to the Heavenly Stage!”

“Beast Thunder Tier 1?”

Lin Ran was a little disappointed at his words, it seemed that the only thing he could use at the moment was the Triangular Electric Snake.

“Hey master, I do have an idea!”

Suddenly Qing Zi spoke up.

“What solution?”

Lin Ran asked busily.

“Do you still remember him from the Thunder Dao Pearl!”

Qing Zi laughed as a hint of brightness flashed in her eyes.

“You mean Lei?”

Lin Ran smiled and instantly thought of it as well.

He had been ravaged by Lei in the Thunder Dao Pearl not too long ago, but Lin Ran remembered that the kind of white light black thunder that came out of this guy’s attack was extremely powerful!

“Let’s go and take a look!”

Thinking of this Lin Ran was instantly excited, and with a flip of his palm he directly took out the Thunder Dao Pearl spinning his entire body into it.

It was still the same isolated island, and on the isolated island Lei was already standing there, obviously knowing that Lin Ran was coming.

“Kid! What? Coming to break through the barrier again so soon?”

Lei looked at Lin Ran with a smile in his eyes.

“No need for nonsense, make your move!”

Lin Ran was a little impatient and shouted directly.

“Yoo-hoo? You’ve grown in temper after a few days! Then watch out!”

Lei was also grumpy, and without saying a word, he smashed his hammer directly into the ground.

At once a white light shot out, and the surrounding gang along with a black electric aura headed straight for Lin Ran.

“Yeah, yeah! That’s it!”

Seeing that black electric aura, Lin Ran’s eyes immediately went straight.

This black electric aura was clearly extraordinary, and if he could use this kind of lightning to quench his body directly, it would save him a lot of things.

“Bang!”

The attack quickly fell close, Lin Ran had already been able to resist the second layer of the thunder test before, at this point he was so comfortable with it that he directly blocked the white mane.

Following this, his arm directly probed out to grab on top of one of the black thunder mangles surrounding the white mangles.

“Bang!”

The moment his palm grabbed this black thunderbolt, Lin Ran’s entire eyes just kept going, his entire body instantly became tingly, and his hair strands instantly went to vertical.

“This fucking”

The black lightning that Lin Ran was holding in his palm instantly exploded, sending his entire body flying backwards.

“Kid, you don’t want to die! How dare you grab a divine thunderbolt!”

Lei looked speechless and was busy running over, wondering what the hell this kid Lin Ran was up to.

Lin Ran managed to get up from the ground, only at this moment, he was simply as tragic as he could be.

The whole body hair and sweat hair are standing up, the face is even struck by lightning scorched black can not, mouth is also straight out of the white smoke, just that a split he almost did not directly be split cooked.

“This What is this black divine lightning thing? Why is it so strong?”

Lin Ran wanted to cry, such a strong divine lightning, he simply almost played himself to death.

“Kid are you crazy, this is the one Lord Lei Zun set up to hold down the Lei Zun Dao Pearl, divine lightning! The same as your superb divine thunder, one of the most powerful divine thunder! You’re still tired of trying to catch it alive!”

Lei said without good grace.

“Divine lightning? It shouldn’t be!”

Lin Ran didn’t believe it and was busy taking out his copy of the Thunder Book.

Seeing this, Lei snatched it away and laughed at the mere sight of it.

“Kid, you’re afraid you’re a fool! Haha!”

“What do you mean!”

Lin Ran asked with a black face, while Qing Zi was also a little embarrassed, had he guessed wrongly that the black lightning in this Thunder Dao pearl couldn’t be used to temper his body?

“Kid do you know what this black divine lightning is? And you dare to compare it with this rubbish thunder spectrum!”

Lei said disdainfully.

“What is it?”

Lin Ran didn’t understand.

Lei gave him a disdainful look before saying.

“Even the highest ninth-rank divine thunder recorded on this thunder spectrum of yours is still dregs in front of this black divine thunder of Zun Lei!”

“This black divine thunder is also a Chaos divine thunder that transcends the Thunder Spectrum!”

Lei said disdainfully.

“Although you are uncommonly strong, now that you are cultivating the thunder and lightning path, you can only use at most the third level of the earth realm’s beast thunder, even the heavenly thunder you can’t withstand! And you still want to use Chaos Divine Lightning! If not for this attack limit of mine being comfortably tiger by the Thunder Djinn, you would have been killed the moment you just touched the Chaos Divine Thunder!”

“Ah!”

Lin Ran couldn’t help but gag at the sound of his words, and cold sweat sprang up on his forehead.

“Master me!”

Qing Zi was also startled and couldn’t help but feel a little guilty in her heart.

“It’s alright! It’s alright, you don’t know, I don’t blame you!”

Lin Ran busily persuaded, while looking at Lei awkwardly, and said.

“That since that’s the case, then I’ll leave you alone, I’ll go first!”

With that, Lin Ran got up and was about to walk towards the lake.

“Stop!”

Lei suddenly but reacted and looked at Lin Ran with an unkind face and said.

“Kid, you’re not really being told by me that you’re preparing to cultivate the thunder and lightning path, so you’ve come to fight this black divine lightning of mine!”

“Right! Shouldn’t you be happy that I want to cultivate the thunder and lightning path?”

Lin Ran asked in surprise.

He wanted to cultivate the thunderbolt path, wasn’t the reason he wanted to pass the thunder test as soon as possible so that he could inherit this Thunder Dao pearl, this guy should be happy when he heard that! Why did he look a bit angry.

“Happy, my ass!”

Ray was instantly angry.

“And this you fucking come to steal the thunder!”

Ray was instantly furious.

“Hey hey, you can be clear, what do you mean I’m here to steal the thunder, it’s not like I let you strike out when you attacked me with lightning! I’m called using resources wisely!”

Lin Ran was busy arguing.

Lei, however, couldn’t listen at all and sneered as he drew out the sledgehammer behind his back.

“You’re obviously here to steal lightning, and you’re still talking about using resources wisely, fine! I’ll let you make use of it, so catch it and don’t miss this good opportunity!”

Saying that, Lei immediately swung his sledgehammer towards Lin Ran and smashed over.

“Hey, hey! Brother Lei, let’s talk, I’m also sincere! Hey don’t do it!”

“Ah! You want to chop me to death! Hey

“Puff!”

Lin Ran trailed off with often words as his entire body instantly fell into the lake, he was actually hammered directly into the lake by Lei.

“Holy shit!”

Back in his room, Lin Ran was speechless, didn’t he just want to cultivate the Way of Lightning, how did he become a lightning thief!

And even if he had stolen lightning, there was no need to be so ruthless, he had directly beaten himself out, this life of Ming Ying was really a disgrace.

“Hey!”

Lin Ran also stopped thinking about it, and directly laid down on the bed, a handful of snot and tears.

“Lin Ran, Lin Ran, why are you such a loser when you reach the Immortal World! You want to cultivate thunder and lightning but you’re still treated like a thunder thief, stealing thunder is against the law these days!”

“What an unlucky fate! I’d better find a little magical beast with thunder and lightning to bully some other day!”

Lin Ran was helpless and gradually fell asleep as he muttered to himself.

Chapter 1707

The next morning, Lin Ran was sleeping soundly, but outside his room there was a loud noise that woke him up.

He had only arrived at Baji Mountain yesterday, and apart from Han Qi and the others, Lin Ran had not really seen anyone else, and had only been to the Scripture Collection.

No one had told him what he was going to do after arriving at Mount Baqi, and what he was going to do with the right person.

With curiosity, Lin Ran still got up and walked out of the room, and as soon as he opened the door, he saw that Han Qiqi was carrying a large bag of things, as if he was going out of town.

“Where is this guy going?”

Lin Ran wondered in his heart, he had tried to hear this guy say that he was leaving Baki Mountain yesterday, but he hadn’t traveled in such a hurry, he was actually carrying so many things early in the morning.

“Hey! Where are you going?”

Lin Ran was busy running over and asked.

“Brother, you’re up! I’m leaving, the people who are picking us up will be here later!”

Han said with a smile, while wiping the sweat from his head, obviously this big bag was not light.

“You guys? There are others leaving too? Are you guys graduating?”

Lin Ran asked, looking curious.

“Sort of and not really!”

Han Seven Years laughed.

“After our strength reaches the Heavenly Mansion realm we’ll have to choose whether to leave Baki Mountain to go out and travel or stay and help out, I chose to stay so I’ll have to go somewhere else!”

“Ao! Let’s go I’ll take you there!”

Lin Ran listened helplessly, while taking the two parcels behind Han Qiqi’s back and following him out the door.

He had no friends when he first arrived at Mount Baqi, and he had just met one Han Xianxia who he thought was quite good-tempered, but he didn't expect this guy to leave the next day.

However, there was no such thing as a banquet, and Lin Ran was soon relieved.

"Brother, don't worry I'll be back in a year!"

As he walked, Han Seven Years laughed.

"A year?"

Lin Ran listened in wonder, could it be that this kid was just going out to be busy for a year?

"What kind of place to go to? How come it's only for a year!"

Lin Ran asked.

However, before Han Seventh Year could speak, there was a young man's urging voice coming from ahead.

"Han Seventh Year why the mother-in-law hurry up and come pick up your people have arrived!"

"Good! I'll be right there!"

Han Qiuxian replied, at the same time gesturing for Lin Ran to run quickly so as not to be scolded in the process.

Lin Ran was speechless and had to follow quickly, while his eyes looked ahead, only to see a young man looking at the two of them with an impatient expression, this man was not a disciple of Baki Mountain, but probably also a former disciple who had stayed behind to help out at Baki Mountain like Han Qiqi.

However, his strength was clearly not comparable to Han Xianxia's.

"You are? Lin Ran!"

The youth asked as he looked at Lin Ran with a frown just as Lin Ran and Han Seventh Year ran closer.

"Yeah! You are?"

Lin Ran looked at the other man with some confusion, he didn't know this person.

"I'm Meng Li, the person in charge of this matter, so hurry up too!"

Meng Li said blandly.

"Ao!"

Lin Ran nodded, not understanding what the other party was saying about being in charge of this matter, but at this time, Han Qiqi was in a hurry to go to the assembly, so he couldn't afford to ask more questions, so he immediately helped carry his things and followed behind Han Qiqi.

With Meng Li leading the way, the three of them soon left the rest area and arrived at the square inside the main entrance of Baki Mountain.

At this time, Baki Mountain was on holiday and many of the disciples had gone home to wait for the new disciples to be recruited before they returned.

However, when the three of them arrived at the square, Lin Ran was a little surprised by the scene in front of him.

At this moment, there were almost twenty people standing in the square, thirteen or fourteen of whom were wearing the same disciples' clothing as Han's seventh year, while opposite them stood a row of five men and a general in the shape of a leader.

They were all wearing armour, and Lin Ran noticed that these men's armour clearly had scars on it, obviously left from not many encounters with the enemy!

"Why are they here too?"

Very quickly, Lin Ran noticed that among the crowd of people wearing cadet costumes were actually Tian Hu and Qiu Mo, as well as the very same people who had watched the battle next to the ring yesterday, these people Lin Ran had seen once before and couldn't help but feel a little familiar.

"Why is he here too?"

Qiu Mo also saw Lin Ran, but at this moment her gaze was a little evasive, as if she was afraid of Lin Ran and her staring at each other.

"He should be here to see Han off for seven years!"

Tian Hu said blandly, while pointing at the large bag that Han Seven Years was carrying.

"Kid! You're moving, huh? Don't you even have a storage ring?"

The chief standing next to the armored general in front of him was displeased at the sight.

"There used to be, but then Then I lost to Senior Brother Tianhu!"

Han Seven Years said awkwardly.

That chief could not help but frown slightly at his words and said in a cold voice.

"Rubbish!"

Han Seventh Year pursed his lips without speaking at his words, as if he had long been used to being looked down upon.

Lin Ran at the side could not help but frown slightly at the situation, and then with a wave of his palm the two large parcels in his hands disappeared.

"Brother!"

Han seven years saw this in a daze, but Lin Ran was smoothly picking up the parcels on him as well, and then with the same wave of his hand he also gave them away.

Only then did he finally cancel a ring from his own hand and handed it to Han Qiqi.

"Take it, this time who dares to rob tell me, I beat his own mother do not know!"

Han Seventh Year's eyes instantly turned red at the words.

"Thank you, brother!"

And Tianhu, who was on the side, couldn't help but side-step when he saw this, as if he was afraid that Lin Ran would find him in trouble now.

"All right! Dilly-dally, hurry up and come over!"

Seeing this, that commander also had an unkind gaze and opened his mouth to lol, while glaring at Lin Ran with a disdainful gaze.

"Ao!"

Han Seven Years instantly dared not delay and walked towards the crowd.

At the same time, the commander waved his palm, and in an instant, he heard a loud bang, and a huge thing appeared in front of the square, a magical beast.

The beast had a pair of sturdy wings that spread out to more than ten metres and almost covered the entire square.

What surprised Lin Ran the most was that the beast swept its gaze over the crowd and then let out a roar.

"Brother, this is an Earth Demonic Beast! I didn't expect there to be an Earth Demon Beast in this Baki Mountain!"

Little Nine's voice thought up in Lin Ran's mind.

"Is this Earth Demon Beast very powerful?"

Lin Ran asked busily.

"Average, it's just big and flies fast, Uncle Yan said that very powers hunt Earth Demon Beasts for transport!"

Xiao Jiu said.

"They're all bad people!"

Li also suddenly spoke up, obviously seeing its companion being treated like this made it upset.

While the crowd was talking, Han Seven Years and the others in front of them had already started to get onto the back of this Earth Demon Beast one after another, as if they were going to leave in it later.

Lin Ran sighed helplessly at the sight of this, and was just about to say goodbye to Han Qiqi, when suddenly Meng Li's voice came from behind.

"Hey Lin Ran, why are you still standing there? Hurry up and go up!"

"Go up? Where are you going?"

Lin Ran was stunned, when did he say he was leaving? Why didn't he remember? And it was to where he didn't even know.

Chapter 1708

"What goes where? You don't know you signed yourself up?"

Meng Li was speechless as he listened, it was clear that Wang En had approached him about this last night, so how come this kid seemed to be unaware of it.

"What's wrong with Meng Li? Is this kid going or not? If not I can leave!"

The ruler stood on the back of the earth demon beast very impatient said, he did not like Lin Ran some did not want to take him to.

"Don't play with me, kid, hurry up! Or else I'll have your ass when the elders come back!"

Meng Li urged.

"Me!"

Lin Ran felt baffled, he had only been at this Baki Mountain for a day, when did he sign up? Signed up for what?

Did the elder that Li Yi had brought himself to meet arrange it for him?

Lin Ran guessed in his mind that this dog Wang En had stopped showing up once he arrived at Baji Mountain, making it so that he now knew nothing about the rules of Baji Mountain.

But seeing that Meng Li wasn't joking, and with that commander's unpleasant face urging him on, Lin Ran immediately stopped thinking about it and turned around to follow him onto the Earth Demon Beast.

"You're going too, brother? You've only just arrived at Baki Mountain, right?"

Han Seventh Year was puzzled at this.

"I don't know either, but it doesn't matter where you're going!"

Lin Ran laughed lightly, he had already obtained the Sword Stance Foundation and the Thunder Spectrum, and he could start cultivating the Sword Dao and Thunder Dao, so he didn't care where he went as long as it didn't delay his cultivation.

Besides, it wasn't just one year, so he could take this opportunity to train his sword and thunder dao to the beginning!

Lin Ran thought in his mind and was soon relieved.

"Let's go!"

The armored commander shouted at Meng Li and whistled, and at once the Earth Demon Beast moved.

With a flap of its huge wings its entire body flew straight up, and then it took to the air and flew out towards the distant sky.

With the Earth Demon Beast at full speed, Lin Ran then realised that a layer of formation had actually appeared on the body of the Earth Demon Beast, blocking the howling wind from outside and forming a windless space on its back.

“Where the hell is this sending us? It feels so professional!”

Lin Ran couldn't help but feel a little curious in his heart, such a skilful operation obviously hadn't sent many people there before, could it be that there was another industry in Yaki Mountain?

“Brother, I still can't figure out why you're following us even though you've just arrived at Yaki Mountain?”

As the thought was going through his mind, Han Seven Years ran over to the side and asked with a puzzled look on his face.

And at this time the others all ran to the edge of the wings of this earth magic beast apparently for the first time in this kind of magic beast are very curious about the scenery outside.

“Not first tell me, where are we going here?”

Lin Ran couldn't help but ask, up until now he hadn't even understood this question.

“Huh? Where are we going and you don't even know?”

Han Seventh Year was suddenly even more confused.

“I've only just arrived at Baki Mountain for a day, how would I know where to go?”

Lin Ran was helpless.

Seeing this, Han Qiqi simply sat down on his knees as well and said helplessly.

“Brother, we're going to work in the mine! You You don't know how you signed up!”

“Work in the mines?”

Lin Ran's face turned green when he heard that, didn't Li Yi arrange for him to come to Baji Mountain as a guest secretary? And it said that he didn't have to do anything, so how come he was suddenly on a train that was going to the mines?

And when had he signed up?

“Brother? What's wrong with you?”

When Han Seventh Year saw Lin Ran frozen in place, he was busy asking.

“No! I didn't sign up!”

Lin Ran said busily.

“No way, then how did Meng Li say you had signed up? He's the one in charge of the work in the mine!”

Han Qiqi said busily.

“No! It's not right!”

Lin Ran suddenly thought of something and said.

“I’ve never met this man at all, and it was obvious from his reaction earlier that someone had signed up for me, but I’m sure it’s definitely not me!”

“You didn’t sign up for him?”

Han Seven Years instantly rang to something when he heard that and looked at Lin Ran.

“It’s Wang En!”

Lin Ran also reacted and spoke first.

“Brother! Did you offend that Wang En, this guy has a very small heart!”

Han Seventh Year was busy saying.

“Pretty much!”

Lin Ran nodded his head.

Han Seventh Year smiled and considered it completely clear.

“Then it must be him! But he wouldn’t dare to be so blatant, you’re a new trainee, if enough disciples from Baki Mountain were recruited and found out that you were missing, the elders would definitely find out!”

Han Seven Years said.

Lin Ran smiled but shook his head.

“This bastard has exploited a loophole, I’m not a cadet from Baki Mountain!”

“Huh? Then you are?”

Han Seventh Year was instantly confused at his words not a cadet? Then what are you here for?

“I’m here to be a guest at Baki Mountain!”

Lin Ran said.

“Guest Guest Secretary!”

Han Seventh Year instantly became unnerved at his words and hurriedly stood up.

“Brother! You’re the guest secretary!”

“What’s wrong?”

Seeing Han Seventh Year react so greatly, Lin Ran busily asked.

“A guest secretary has a very high status in Baki Mountain, even Meng Li has to bow when he sees you! And there’s never been a guest secretary who would go to work in the mines!”

Han Seven Years was shocked.

Lin Ran, however, sighed helplessly and said.

“Forget it, you can sit down! You’re already in the boat of thieves what else can you do!”

No wonder this guy was in a hurry to leave as soon as he arrived at Baji Mountain, he must have gone to find Meng Li to arrange this matter.

“Brother! Aren’t you angry?”

Han sat down for seven years in a fit of anger.

Lin Ran gave him a glance before laughing.

“Remember what I told you, people who have a temper are not capable, it’s the ones who can control it that are capable!”

At this point, having gained insight into the circumstances, Lin Ran was not in a hurry.

Moreover, he knew in his heart that even if Wang En’s plan was perfect, he had omitted one problem.

That was Li Yi! In a couple of days, when Li Yi arrived at Baki Mountain and found out that he was no longer there, he would definitely investigate the matter, and sooner or later, Wang En’s matter would be revealed.

And to be honest, Lin Ran didn’t care about some things at all, if he hadn’t gone to the Hidden Scripture Pavilion last night, he might have made a fuss about going back at this point.

But at this moment, he already had all the basic techniques of the Sword Dao and Thunder Dao in his body, so whether he went to the mine or not would not affect him much, it was just a matter of changing his place to cultivate.

“Brother! You have such a good heart!”

Han Seven Years couldn’t help but say.

And just as the two of them were talking, Tian Hu Qiu Mo and the others who had been watching the action for half a day from afar came over, each of them looking at Lin Ran in disbelief, not understanding why a disciple who had just joined Baji Mountain would go to work in the mine pit with them.

“Brother Lin Ran! Forgive me for having the audacity to ask, but why are you going to the mine pit as well? Is it hard to be?”

After being cleaned up by Lin Ran yesterday, Tian Hu’s attitude was obviously much better today, and he could see Lin Ran’s situation and couldn’t help but ask curiously.

“Yes! Have you been victimised by someone? Why did you go to the mine pit even on your first visit to Baki Mountain?”

Qiu Mo also asked, at this point her attitude was a world away from yesterday, if it wasn’t for yesterday’s incident, Lin Ran would have thought that this Qiu Mo was a nice and understanding girl!

“My brother was punked by Wang En, he’s not a cadet, he’s a guest of Baki Mountain who just recruited him!”

Han Seventh Year was very upset and got up to look at the crowd.

Chapter 1709

“Guest Guest?”

Hearing these words from Han Seventh Year, the surrounding crowd was immediately confused, especially Tian Hu and Qiu Mo who both looked at Lin Ran’s gaze had changed, with a few more moments of deep awe.

“Han Seventh Year, you’re stupid!”

Suddenly the others next to him couldn’t help but speak up.

“You’re the one who’s being silly, how could Lin Ran be a guest secretary, if he was a guest secretary which one wouldn’t even have to come out to meet the Baji Mountain Elders! And have you ever heard of a guest secretary going to a mine to dig?”

“Yes, your friend’s strength is strong, but I think you’ve trained your brain to be a guest secretary!”

“My brother is the guest secretary!”

Han seven years looked at the crowd and angrily scolded.

“Little fatty, forget it!”

Lin Ran spoke up and restrained Han Qiuxian, there was no point in tangling with these people.

“Brother Lin Ran, are you really the guest secretary?”

Tianhu had been beaten up by Lin Ran yesterday, and at this point he couldn’t help but ask carefully, fearing that this was true.

Lin Ran smiled at him and looked at him without saying anything, but Tian Hu had already guessed what was going on, and was busy rushing towards Lin Ran and bowed while saying.

“Brother Lin Ran, it was my fault for not knowing that you were a new guest, I was wrong about what happened yesterday!”

“And me!”

There was fear in the eyes of Qiu Mo at the side, yesterday she had mocked people so much, but they hadn’t done anything to her in the end, but now they were actually guest ministers.

This status could crush her to death!

“Forget it, it’s all in the past!”

Lin Ran did not want to bring up this matter, although his heart was relieved, but in the end he also felt aggrieved about this matter, but at this time he was already on his way to the mine, he had no choice but to wait and see what Li Yi’s side said.

Even if it’s to the mine, he doesn’t really care, as long as he has a place to train, it’s the same everywhere.

Seeing that Lin Ran did not pursue yesterday's matter any further, this made Tian Hu and Qiu Mo breathe a sigh of relief.

When the other people at the side saw that Tian Hu and Qiu Mo both believed that Lin Ran was a guest, each of them could not help but be shocked in their hearts, knowing that Tian Hu and Qiu Mo were arguably the two strongest among them.

Even they didn't doubt Lin Ran's guest status, so how could those of them who were even weaker have any half-hearted nonsense to doubt.

As the crowd knew Lin Ran's identity as a guest, their attitudes all became much more formal.

Everyone quickly found their own place to sit down and rest.

Lin Ran also stopped thinking about the fact that he had been set up by Wang En, anyway, Wang En hadn't done much to deal with him along the way, so this debt would be settled one by one in the future.

"Little Fatty, if you know you are going to work in the mine, why are you still going?"

Lin Ran was puzzled, so he asked Han Qiqi.

Han Seventh Year sighed at his words and said.

"Being poor, and the fact that if you go to the mine pit and dig well, you can not be bullied!"

"Not be bullied?"

Lin Ran sniffed and looked at the side where Tian Hu and Qiu Mo were, meaning obviously these two guys don't bully you too?

Han seven years saw the situation and laughed bitterly.

"Brother you don't know, compared to the others Brother Tianhu is already considered to have a lighter hand, the others hit harder! But they also will not come to work in the mine, plus my family conditions are not good, so it"

Han seven years said lightly, but Lin Ran could feel the resentment and humility in his heart.

A person who has been bullied for a long time is like him, there is anger in his heart but he is already used to bear being bullied.

"Don't worry, since I'm also going to the mine, no one can bully you!"

Lin Ran laughed.

"Thank you, brother!"

Han Seventh Year laughed.

His cry of brother also really made Lin Ran treat him like a younger brother.

When he was back in his hometown, he had only been able to eat steamed buns and salted vegetables for every meal because his family was poor.

That time was similar to the current Han Seven Years, but all that has passed.

Lin Ran saw a reflection of himself in Han Qiuxian, so naturally he wanted to help him.

The flight of the Earth Demon Beast gradually smoothed out, and there was no telling how long it would take to reach the so-called mine, and the more bored the people were, the more they all leaned together in twos and threes on the back of the Earth Demon Beast to chat.

But suddenly a scolding sound was coming from the side.

“Get up, all of you sitting on the ground as if you were going on a trip?”

The crowd was startled by this voice and turned their heads to see that it was the armored commander who had spoken before.

He was standing not far from the crowd, his face cold and unkind.

When the crowd saw his appearance, they all dared not speak and could only stand up.

“Alright, I will now talk about the pit you are going to!”

The armoured commander said in a cold voice.

“The mine pit, is one of the most important industries of our Yaki Mountain, you must have understood the dangers of the mine pit if you have chosen to go there!”

“Not only do we have to face the magical beasts that exist inside the mine pit, but we also have to beware of the sneak attack from Wanshou Mountain!”

“Therefore, I am now going to choose a captain among you, from now on, all of you will have to listen to him in your actions, and if something happens, the captain will also be responsible!”

The armored commander’s voice was cold and did not allow the crowd to refute in the slightest.

“Now tell me, who among you is the strongest?”

The armored commander swept his gaze over the crowd and finally landed on Tianhu.

Although he was asking the crowd, he had been given the list given by Meng Li before he came, and the strength of each person had almost been described as well.

He had read that only this Lin Ran was not introduced in terms of strength, the introduction just said that he had just arrived at Baki Mountain.

When the crowd heard this from the armoured commander, they all looked at each other and finally their eyes fell on Lin Ran, if it was before they would have looked at Tian Hu and Qiu Mo.

But after just knowing Lin Ran’s status as a guest minister, they couldn’t help but look at him at this moment.

“Hm?”

Seeing that the crowd’s gazes were not in line with his own ah, the armored commander could not help but frown slightly before looking over as well.

Upon realising that the crowd was looking at Lin Ran, he couldn't help but blush a little harder.

Previously, when he had scolded Han Seven Years for being a waste, Lin Ran had stood up for the latter, which made him a little upset, and he had never thought that the crowd would look at this guy when he chose a captain.

But the information Meng Li had given himself earlier stated that this Lin Ran was clearly new, how could he be strong.

"You guys are playing with me?"

The armored commander scolded angrily.

"I dare not! The one with the strongest power among us is him!"

Tianhu was busy saying.

"Yes, my lord, the strongest of us is him!"

The men next to him were also busy saying.

"Bullshit! Meng Li has given me your information again, how can he, a disciple who has just joined Barking Mountain, be the strongest among you? Are you all trash?"

The armored commander said angrily.

"My lord, we have lied!"

Tian Hu stood out and said.

"Brother Lin Ran is indeed the strongest among us, and it is also true that he has only joined our Barking Mountain for a day, the reason he is here is because he has been passed over for a small shoe, he is actually"

"Actually what?"

The armored commander just couldn't hear others say Lin Ran was good, and just now he even contradicted himself, which made him upset in his heart.

"The others are the ones who just came from his Yaki Mountain Guest Secretary!"

Tianhu said.

Chapter 1710

"Guest Secretary?"

Hearing Tianhu's words, the armored commander wasn't calm this time, as his gaze sized up Lin Ran's body and he said in a cold voice.

"Are you really the new guest secretary of Baki Mountain? How come I've never heard of you before!"

"You've said you've just arrived, isn't it normal to not have heard of me?"

Lin Ran looked at the armored commander and said in a bland voice.

“You!”

A sentence was blocked back by Lin Ran, and the armored Commander couldn't help but say with a sunken face.

“You say you're the Commander, what proof do you have?”

Lin Ran felt amused at his words and said.

“Have you grown a brain? I've already said that I was put in small shoes by others, otherwise what guest secretary would have to go to the mine on their first day?”

“You!”

The armored commander was so angry that his fists clenched and he said angrily.

“Sharp-tongued, you want evidence without proof, all based on a single mouth?”

“Then I wonder what evidence you want?”

Lin Ran looked at the commander's voice blandly, he didn't have a good impression of this guy either, opening his mouth to call others trash as if he was of a high status.

In the end, we were all from Baji Mountain, and he really wasn't used to the other party being so dog-eyed.

“Do you have the guest jade talisman?”

The armored commander said in a cold voice.

“No!”

Lin Ran replied directly without even thinking about it.

This guest jade talisman was an indication of his identity, but where did he have one, since Wang En had run away after arriving at Baji Mountain, not to mention the guest jade talisman, he didn't even know where the guest jinns' were living now.

“Really no then no, what proof do you have that you are the guest secretary!”

The armored commander said nonchalantly.

“There's no proof, it's up to you to believe it or not!”

Lin Ran said indifferently, he was too lazy to bother with this person.

“You!”

The armored commander choked on Lin Ran three times in a row, and he couldn't help but feel some anger in his heart, but we were all from Baki Mountain, so it wouldn't be good to take out his anger if his division had no name.

After a moment of contemplation, suddenly the armored commander spoke.

“How about this! Let me see your strength, if you can be the commander of Yaki Mountain, you are not weak! If you dare to show it, I can judge it!”

“Yes!”

Lin Ran smiled blandly at his words, and then his entire body’s aura directly exploded out, and it was clearly the strength of the Heavenly Mansion realm.

“Hm?”

Sensing Lin Ran’s strength, the armored commander could not help but frown slightly, and even Tian Hu and Qiu Mo and even Han Seven Years’ faces at the side changed.

“Brother! How come you only have the strength of the Heavenly Mansion realm?”

Han Seventh Year couldn’t help but ask.

“You, brother Lin Ran!”

“You!”

Tian Hu and Qiu Mo also looked incredulous, yesterday Lin Ran had defeated Tian Hu so easily, but how was it that his strength was only at the Heavenly Mansion realm.

“What? There’s a problem with the Heavenly Mansion realm?”

Lin Ran looked to the crowd somewhat puzzled.

“There’s a problem? There’s a big problem!”

The armored commander sneered.

“Who doesn’t know that the strength of those who can be guest secretaries at Yaki Mountain is at least at the Realm of Enlightenment! You, a Heavenly Mansion realm brat, actually dare to claim that you are the guest secretary of Baki Mountain!”

“You are simply looking for death!”

The armored commander’s face had gone icy cold as he spoke, clearly believing that Lin Ran was impersonating him.

“Brother!”

Han Seventh Year was also anxious at the sight of this and busily blocked in front of Lin Ran.

“Don’t worry, I’m fine!”

Lin Ran pushed seven years of Han out of the way before looking at the armored commander.

“It’s true that I only have Heavenly Mansion realm strength, but I’m also indeed the new guest secretary of Baji Mountain, whether you believe in this matter or not is your business, and you can choose someone else for this captain, I wasn’t really interested in the first place!”

Lin Ran said indifferently, and then turned around and prepared to go back to his position to rest.

“Stand still!”

The armored commander suddenly shouted at Lin Ran.

“Kid, I’m afraid you don’t understand the situation yet! Daring to impersonate our Hakkai Mountain’s guest secretary, you can actually not explain yourself if you want to!”

“Then what do you want?”

Lin Ran looked at the armored commander and said in a bland voice.

The armored Commander smiled coldly at his words and said.

“It’s simple! Either produce proof that you’re the Guest Secretary, or you’ll go to Bastard Mountain with me with your hands tied and explain yourself clearly!”

“Obviously, you have no proof! So just give me your hands and go!”

After saying that, the armored commander’s face chilled violently, and immediately his palm swung out violently, a black leather whip had actually been pulled out at some point, and he swiped it straight towards Lin Ran.

“Hm?”

Lin Ran’s eyes chilled at this, and he stepped forward and directly grabbed the other end of the leather whip into his hand.

“How dare you resist!”

Seeing this scene, the armored commander was instantly enraged, and he was immediately seen fiercely trying to rip Lin Ran straight through the leather whip.

However, as his palm yanked, the man was staggered, while Lin Ran stood still.

The surrounding Tian Hu and Qiu Mo were shocked by this scene. How could he not defeat Lin Ran in a contest of strength with him?

“Good boy! Some strength then I’d like to see how much strength you have!”

Seeing this, the Armored Commander’s eyes chilled and he instantly threw the leather whip in his hand to the ground, and his entire foot lashed out towards Lin Ran with a fist.

His fist blast immediately brought forth a sound of breaking air, both the speed and power of the fist wind had reached the peak of the Heavenly Mansion realm.

“Brother!”

Seeing this scene, Han Seven Years at the side became anxious, but his strength could not even defeat Tian Hu and the others, so how could he do anything to this armored commander.

“Tian Hu!”

The Qiu Mo at the side couldn’t help but look a little anxious as well.

But Tian Hu shook his head.

“There’s nothing we can do, behind the armored commander is the Li family elder who sits in the mine, we can’t afford to offend him!”

The surrounding crowd shook their heads as they watched, obviously feeling unworthy of offending the armored commander, fearing that after being captured by the other party, it was questionable whether Lin Ran would be able to leave the mine alive in the future.

However, just as the crowd was feeling sorry for Lin Ran, the armored commander suddenly came to a halt and then flew backwards with a loud “ah”.

The crowd was shocked and looked at Lin Ran, only to find that Lin Ran had unknowingly thrown a punch that sent the armored commander flying.

“Bang!”

The armored commander’s entire body crashed heavily into the surrounding Earth Demon Beast formation, bringing the entire Earth Demon Beast to a stagger. Fortunately, his men hastily controlled the Earth Demon Beast, which prevented a bigger incident from occurring.

“You Who the hell are you and how can you be so strong!”

The armored commander looked at Lin Ran with panic in his eyes.

The punch he had just clashed with the latter had made him feel fearful, he had been completely crushed, but this kid was clearly only at the Heavenly Mansion realm and himself too.

He was really a little confused.

Lin Ran looked at the armored commander who had risen from the ground with a fresh start and said blandly.

“Who did you say I was!”

“You!”

The armored commander was stunned at his words, and followed as if his entire being had thought of something.

Could it be that this Lin Ran in front of him was really a guest of Baki Mountain?

But

Although there was some doubt in his heart, the armored commander thought about it and still spoke.

“My subordinate Chen Shan, I have met Lord Guest Secretary!”
