

## Dont mess 1021

### Chapter: 1021

"Children should do more housework. If you are so spoiled and spoiled, you will be a waste person when you grow up. You should do the housework today!" Xu Qianqian returned home and arranged things for Xiao Shui.

Xiao Shui got off the car and looked at Xu Qianqian with trepidation. Xiao Shui didn't dare to resist her orders, and nodded obediently.

Aunt Wang, seeing that Xiao Xian had come back without incident, she was delighted, but fortunately, the lady did not have any cruel attacks on this obedient child.

Xiao Shui did not dare to rest when he returned home. Looking at the clean villa, he didn't know what to do.

Xu Qianqian also discovered this problem. She wanted Xiao Shui to do housework, but there was no housework at all.

So Xu Qianqian turned on the TV, while watching the TV, while licking melon seeds, he deliberately kicked the trash can aside.

"What are you doing in a daze? Didn't you see that this side is dirty? Quickly take the broom and clean it up." Xu Qianqian glanced at it, and Xiao Shui commanded in a daze at the door.

Xiao Shui shrank and walked over, not daring to say a word, very obediently cleaning the melon peel on the ground with a broom.

Aunt Wang on the side didn't know what had happened, so she hurried over, snatched the broom in Xiao Shui's hand, and said, "Young Master, how can you do these things? It's been a two-day holiday and your homework is finished. Do you? Hurry up and do your homework. Aunt Wang can do these housework."

Xiao Shui still stood there with his head down, and he didn't dare to go back to the room. He just went to kindergarten and didn't have too much homework, but the teacher gave him some manual homework and still didn't do it.

"Aunt Xu, I..." Xiao Shui lowered his head and picked his fingers, tears like peas, one by one, he did not dare to say that I wanted to go back to the room to do manual work.

Xu Qianqian glared at Aunt Wang, snatched the broom from her hand and threw it on the ground, and said angrily: "Have you been asked to do these things? Take good care of Yueyue. In the future, all housework at home will be contracted. Yes, you are not allowed to help, if you let me know, you will look good!"

Aunt Wang looked at Xiao Shui anxiously, and then said courageously: "Madam! Young Master, he is just a child. Where did he do these housework?"

My old lady, although I am getting older, there is still no problem with taking care of the children while doing housework. My husband loves the young master so much. If I see him so young, all the housework will be distressed."

Although Aunt Wang has only been in this house for two days, he also has a general understanding of this house and understands that Xu Qianqian is Xiaoshui's stepmother, so she abused him like this.

The reason why I said that just now is to make Xu Qianqian converge a little bit, so that he can treat Xiao Shui better in terms of her husband's face.

But as soon as her voice fell, she was severely slapped in the face again and again.

"What right do you have to take care of so many things? Just saying that is threatening me? If you dare

to reveal half a word to Yu Sheng, believe it or not, I will make your family suffer?" Xu Qianqian angrily waited for the king The aunt threatened.

A babysitter she had hired with money, who even dared to threaten her like this, Xu Qianqian would never have a good face for such inferior people.

Hearing Xu Qianqian threatening her family members, Aunt Wang didn't dare to speak anymore. She still had fear in her heart for such a rich person. It would be unworthy to burden her family for others.

After Xu Qianqian lost his temper, he planned to go back to the room to rest, rest and sleep, but tossed about who didn't write, and unknowingly walked to the door of the study.

After a moment of stunned, Xu Qianqian wanted to open the door and take a look. Maybe he could still see the secrets of the Four Seas Group.

There is nothing more than Yueyue in his hand. If he has some handles for the rest of his life, or a weakness, then he can be firmly held.

Thinking of Xu Qianqian, he planned to push the door in, but suddenly realized that the door was locked.

The more like this, the less Xu Qianqian won't give up. This deepens the thoughts in his heart, there is definitely something shameful in the study for the rest of his life.

Xu Qianqian saw that Yu Sheng's room was turned around for a while, and in a secret corner that ordinary people would not pay attention to, he turned to a key.

Xu Qianqian held the key in his hand and came to the entrance of the study. It went smoothly, so he inserted the key in his hand into the hole and opened the door as soon as he twisted it!

With joy in her heart, Xu Qianqian walked in for a while, and then rummaged in the study for a while with any hesitation.

To her disappointment, she didn't find anything useful, but when he was about to go out, he was attracted by a book.

"Gudian?" Xu Qianqian was attracted by the strange name of this book, turned the book without saying a word, and looked up the content inside. The deeper she looked at her face, the deeper the smile...

## **Chapter: 1022**

Xia Feixue, who was staying in the room, also heard outside sounds, mainly because the sound of the helicopter landing was too loud.

After hearing this voice, Xia Feixue's depressed mood eased a little, with a smile on her face looking at the person in the cage and saying, "You don't have to be afraid to come to the rescue. The people in the patrol room are open, and you will all go out safely. of."

"Really? You are not lying to us? Is someone really coming to rescue me? Let me go, I want to go home, I want to go home!"

"Great! Great! Finally able to leave this ghost place, I will never stay in this ghost place again, I want to go home to find my mother!"

"Quickly let me out, I want to leave this horrible place and never come back again!"

Those detained in the cage heard Xia Feixue say that someone was coming to rescue them, and their mood began to become excited.

"You have to be quiet, I will go out and have a look, let them rescue you as soon as possible, don't worry, as long as our police are there, you will never be harmed."

Xia Feixue promised like those people, and immediately took out his mobile phone and made a call with the captain of the elite unit sent from above.

Soon the call was connected, and Xia Feixue explained the matter here in a simple and neat manner, and

also told Wang Mang, the captain of the elite troops, of his specific location.

During the call, the survivors who had been in the riots all miraculously quieted down, and it was not until Xia Feixue hung up the phone that they began to call for help again.

Within a few minutes, there were gunshots everywhere, and random footsteps came from outside, and then the door of the room was kicked.

Xia Feixue was staring at the door with a vigilant look. When she saw the person who came in wearing a uniform, she let out a deep sigh of relief, and a long-lost smile appeared on her face.

“You are finally here, help open this cage!” Xia Feixue immediately asked for help when seeing people coming in.

The lock on the big iron cage is really too big, she can't use her ability to open the lock, otherwise it would have been unlocked long ago, and it won't wait until now.

Wang Mang beckoned to his subordinates, and soon, there was a thinner looking man who walked out of the queue, took out a wire, and came to the iron cage.

After a while, he opened it up, and the arrested people swarmed out, causing chaos in an instant.

Seeing that there was no expression on the face of this situation, Wang Mang took the pistol in his hand and fired a shot at the ceiling.

boom! With a gunshot, those people were all squatting down on the ground, not daring to run around.

The situation stabilized, and Xia Feixue came to Wang Mang and asked: “Has the people outside Captain Wang been resolved? Have you ever seen a young man? He is over 2 years old, wearing a white shirt and black pants.”

Wang Mang was taken aback for a moment, then shook his head and asked: “What? Is that your comrade?”

“All the people who patrolled Fangpai have been killed on duty. Only when I asked foreign aid to save my life.” Speaking of those colleagues Xia Feixue with a trace of sadness on her face, she was soon killed by her. Cover up.

Thinking of what Xia Feixue asked, “Captain Wang, have these gangsters been resolved?”

Wang Mang shook his head: “After receiving your message, we rushed here as soon as possible and solved some of the people we encountered on the road. Is there any other criminals that we don't know?”

Just as Xia Feixue was asking what else, a violent explosion sounded from behind.

Hearing this sound, Xia Feixue's heart was squeezed, as if something bad would happen.

Could it be that the rest of his life was in danger?

## **Chapter: 1023**

“Fuck, old stuff, do you dare to be more mean?” Yu Sheng got up from the ground with difficulty, wiped the blood from the corner of his mouth, and pointed at a middle-aged man not far away.

If it hadn't been for this old thing to suddenly attack him, Yu Sheng would never have been hurt so miserably. In order to avoid his catch, Yu Sheng could only receive a punch from him abruptly.

The reaction of the rest of his life was within the expectation of the middle-aged man, so the force he used on this lap was his full strength.

He flew out Yu Sheng directly, knocked down a wall and then stopped.

“You dare to kill my son, I will let you die!”

The middle-aged man yelled at Yu Sheng. The trees within ten miles of him swayed from side to side because of his monstrous aura. Even Yu Sheng was shocked by the ferocious aura of the middle-aged

man and backed by two steps.

There is no way for a master of the Grandmaster realm to release such a great aura. Could it be that the middle-aged man in front of him has reached the strength of a half-step grandmaster?

Thinking of this possibility, Yu Sheng couldn't help swallowing and spitting, and his heart became more and more bottomed. He was really unlucky enough. A Hu Lie was already difficult enough to deal with, and this came up with the father of a half-step great master. , I just don't want him to live!

For the rest of my life, I want to ask those people at the hidden gate, why do you go to the secular world to commit crimes?

First, the old Qi, and now another monster popped up. It was not a good thing, and he was speechless for the rest of his life.

Knowing Hu Lie's father, when Hu Gang was a half-step great grandmaster, Yu Sheng retired, his own strength was only the latter stage of the grandmaster realm.

Although the difference between each small realm does not sound great, a person with half-step great master's strength can easily deal with ten people in the late stage of the grandmaster realm without any effort. What's more, there is only one person for the rest of his life?

The thought of the gap between the two of them was so big that Hu Gang, an old man, used that kind of despicable means, and the rest of his life was a burst of anger.

"Old thing, today I killed your son, and his body is exhausted. After I have a rest in two days, I will come to clean up you. Then remember to wash your hair and let me take your dog's life." Yu Sheng still said in his mouth. Not forgiving, but the body was very honest and pulled out his legs, without a trace of hesitation.

Seeing Yu Sheng was about to run away, Hu Gang naturally couldn't just watch him run away so easily. This man killed his only son.

He was a proud son, and he did his best to train him since he was a child. Fortunately, Hu Lie was also struggling. He broke through the Grandmaster Realm at the age of 20, and reached the late Grandmaster Realm at the age of 25. .

If he develops at this speed, he will definitely be able to reach the realm of a great master at the age of forty. At that time, he, the great elder of the sect, will be able to go further with his son.

However, although his son has a different talent, he has a flaw in his personality.

That day, Hu Lie had a battle with the suzerain's son Hu Yan. Hu Yan made a mistake and Hu Lie had his arm abolished.

After the Sect Master learned of this incident, he suffered a face blow, and he expelled Hu Lie from the sect in angrily. Hu Lie was the pride of Hu Gang. For his son, Hu Gang gave up his status as the elder of the sect, and those The resources provided by the Zongmen came to the secular world with his son.

Said Hu Gang was lucky. He found a hidden place, a cave was covered with weeds, there was a dead bone in the cave, and there was a cheat book about the method of cultivating the Blood Demon Pill.

With the blessing of the resources of the sect, it is very difficult for their internal strength to improve, so Hu Gang put all his thoughts on the blood demon pill.

Now that his proud son was killed by Yu Sheng, how could Hu Gang just let the rest of his life go.

Without any hesitation, Hu Gang appeared at a place more than ten meters away, turning into a phantom, and quickly chased Yu Sheng.

**Chapter: 1024**

Gradually, the distance between the two people was getting closer and closer, and Hu Gang was only more than ten meters away for the rest of his life.

This distance was just within Hu Gang's attack range. He didn't have the slightest slack in the steps under his feet, and his right hand turned the palm of his hand to hit Yu Sheng's head.

Upon seeing this, Yu Sheng was shocked and hurriedly avoided hiding, knowing that it was no way to hide like this. His speed was impossible to escape from the chase and kill of a half-step great master. Knowing Hu Gang's strength, Yu Sheng broke off his previous ideas, and couldn't solve Hu Gang with people who came to the rescue and hot weapons.

Yu Sheng knew that he had no way to kill him, so he thought of a way to lead him to a hundred meters away from the manor, so that the rescuers could successfully rescue the people who were caught here.

"Run! Why didn't you, a yellow-mouthed child run away? Kill my son. Today, the old man will surely smash you into ten thousand pieces!" Hu Gang's forehead burst into blue veins because of his anger. Yu Sheng gave a white glance, his eyes seemed to be looking at a fool, and he curled his lips and said, "Are you a fool? Seeing that your old man has lived for most of his life, he knows how I can beat you with the strength of the late Grandmaster Realm. Half-step master?"

Hearing this, Hu Gang was blown up with an angry beard. He used to be an elder in the sect. When others saw him, he was respectful.

Now this little yellow-haired boy called him a fool, and it was annoying at him.

"The kid is taking his life!" Hu Gang shouted angrily, and rushed towards Yu Sheng with that monstrous aura, as if he would not give up if he didn't beat Yu Sheng to death.

It was able to avoid the turn of the claws that Hu Gang hit, and for the rest of his life, there was no time to breathe a sigh of relief, and he was punched in the chest.

The strong internal force once again shook Yu Sheng out, interrupting four or five trees and then falling down, Yu Sheng vomited a mouthful of blood as soon as he fell to the ground.

The palm of the hand just shook the silent internal organs and bleeds, standing up from the ground with difficulty, the rest of his life did not intend to shrink.

Because he still doesn't know, have those who came to rescue have successfully evacuated? After all, if there are more than a hundred survivors in the room, it will take some time if they want to leave.

So for the rest of his life he must hold Hu Gang, no matter what method he uses, he must delay as much as possible to allow those people to retreat successfully. If he can survive then it will be really pitiful for him.

Seeing Hu Gang rushing towards him again, Yu Sheng hurriedly said, "Senior, stop for a moment. I think we still have some misunderstandings before!"

In order to be able to stop Hu Gang, this time Yu Sheng stopped calling him old things like before, but changed his honorific name to seniors.

Hu Gang didn't know that Yu Sheng was dying now, what the hell did he want to do? But he was confident enough that no matter what he did for the rest of his life, there was no way to escape from his hands, so he stopped.

"Huangkou Xiaoer, it is an indisputable fact that you personally killed my son. There is no regret now, and you will die today!" Hu Gang said angrily, saying that he wanted to deal with Yu Sheng.

"Slow down, senior, will you listen to me first?" Seeing Hu Gang rushing towards him again, Yu Sheng quickly spoke to stop him again.

Seeing Hu Gang stopped, Yu Sheng breathed a sigh of relief and said, "Senior Hu, right? I think there must be some misunderstanding between us. Actually, there is a problem that you have thought about.

Your son is not yours at all. of!"

After saying this, Yu Sheng was afraid that Hu Gang would slap himself to death with a slap in anger, and quickly added: "Your son is so burly, but he is short...too low, don't you think it's a problem? "

The question raised by Yu Sheng didn't seem to be nonsense. He had fought against Hu Lie before. Hu Lie was a 1.5-meter tall and looked strong, while the Hu Gang in front of him was only 1.65-meter tall. This is not the most important thing. The point is that the two of them have very different personalities. Hu Lie belongs to the kind of big opening and closing type.

The Hu Gang in front of him has the strength of a half-step great master, and he can obviously crush the rest of his life with a cabinet in the past few days, and he has to be seriously injured by small and despicable means.

Hearing what Yu Sheng said, Hu Gang was taken aback at first, thinking about this question seriously, and immediately reacted, and he exploded with a foul language towards Yu Sheng: "You stepped on a horse, I will kill you!"

### **Chapter: 1025**

Looking at Yu Sheng's serious look before, Hu Gang thought that this person really wanted to tell him something important, so he stopped.

I didn't think that the young man in front of him just wanted to play with himself, saying that his son was not his own. Doesn't that mean that his wife put a green hat on him?

This is the dignity of a man. What's more, Hu Lie still prefers the pride he has cultivated carefully for more than 20 years. For the rest of his life, he has been in direct contact with his inverse scales.

"Senior has something to say so well! Why are you still angry? Could it be true that I was right?" Yu Sheng watched Hu Gang rush towards him and backed away several steps in a row.

Hearing that the kid Yu Sheng even dared to say this, Hu Gang was flushed with anger, raised his hand with a punch, and struck towards Sheng's head. If this punch really hit Yu Sheng's head, it would definitely be Brain splashing scenes.

For the rest of his life, Hu Gang was prepared for his shot. Even so, it was still painful to the face stabbed by the charm that broke out of Hu Gang.

Then he kicked Yu Sheng's stomach again, which was not over yet, Hu Gang grabbed Yu Sheng's shoulder with lightning speed and slammed it to the ground from the air.

boom! There was a loud noise, and a big pit appeared on the ground. For the rest of his life, he lay in the pit like a puddle of mud. There was no movement for a long time.

It took about five breaths before Yu Sheng coughed violently while clutching his chest. Along with his coughing, mouthfuls of blood came out of his mouth.

For the rest of his life this time, he really felt death, as if he was by his side, ready to take away his lingering life.

After all, the strength is too weak, and there is even no chance of being able to face Hu Gang head-on. There is simply no chance of winning.

"Senior... I give up... I can't expect... Cough cough! You let me go, but I still hope you can seriously think about what I said before, maybe your son is really not you..."

Yu Sheng's words were not finished yet, Hu Gang was so angry that he heard it for a moment, and he came to Yu Sheng in a flash, and lifted Yu Sheng out of the pit like mud.

He had just planned to kill this person directly, but this unwilling guy kept talking about it, and he simply didn't put him in his eyes. Hu Gang felt that killing him like this would be too cheap for him.

This brought Yu Sheng up, Hu Gang still didn't speak, and Yu Sheng vomited blood on his face. "I'm sorry, Senior, I found you were so ugly when I was closer, and you just vomited! Senior, you put me down quickly, I really can't stand it anymore, or else I will vomit you again..." Yu Sheng covered his mouth, making a look like he couldn't bear it and was about to throw up.

At this time, the blood on Hu Gang's face seemed to be more hideous and hideous. In a day's time, he was insulted one after another by the young man in front of him, and his lungs were almost exploding. He smashed Yu Sheng's body to the ground, kicked his back a few times, and said angrily: "I want to see if your mouth is hard or your bones are hard!!"

The force came from behind, like a sledgehammer that kept smashing towards his body, and he almost couldn't breathe normally, and even the bones on his body couldn't support it and began to break. In the intense pain, Yu Sheng's consciousness slowly became blurred, and the body began to lose consciousness.

I really want to die here... Xia Feixue, have you evacuated?

## **Chapter: 1026**

boom!

Hundreds of miles away, there was a violent sound from the collapse of the trees, and the birds scattered in the trembling jungle.

The members of the elite team just escorted the more than one hundred people who survived to the city. When Xia Feixue was about to leave, listening to the constant noise in her ears, her heart also picked up.

Now the person has been rescued, but for the rest of his life, I don't know whether he is alive or dead. It must be someone who is more difficult to deal with.

Although Yu Sheng said not to let her go with her when he left, how could Xia Feixue let Yu Sheng go on the adventure alone? In the unlikely event that he died, he would be to blame for the rest of his life.

"Captain Wang, can you send a team of people to inspect the place where the noise is made? A friend who came with me, his whereabouts are unknown now, what danger I am going through!" Xia Feixue begged Wang Mang anxiously! .

Wang Mang subconsciously glanced at the direction where the sound was coming from, and then shook his head: "Officer Xia, your friend may have been killed. There is no possibility of survival for an ordinary person in such a big movement. Let's go back first. Bring some more people to come and see when the time comes."

Wang Mang didn't know Yu Sheng. With so many years of fighting experience and judging such a big movement, no one could survive, and the opponent's strength was unknown. If they were adept and dared to go, it would definitely bring them unknowable casualties.

"Go back now? What should I do for the rest of my life? How can he deal with the bad guys alone? No, if we don't save him, then he is really dead!"

Wang Mang could not care about Yu Sheng's life, but Xia Feixue couldn't do it. She couldn't helplessly watch Yu Sheng lose his life like this.

Therefore, Xia Feixue said to Wang Mang in an extremely strong tone: "Captain Wang must now send people to support him, otherwise, you don't want to leave!"

After saying this, Xia Feixue took the AK gun in her hand and aimed it at Wang Mang's head. The seriousness on her face seemed to tell us that if you don't send someone to save the rest of your life today, then I will rob.

Wang Mang didn't even think that Xia Feixue could do so decisively, and even threatened him with a gun, and simply ignored the rules in the patrol room.

"Officer Xia, do you know what you are doing now? You are holding a gun against your colleague. Is this something you can do with your identity?" Wang Mang was not a good-tempered person, but now Xia Fei Xue threatened him with this method again, and his current temper had reached the extreme of anger.

Xia Feixue bit her lower lip tightly, and the hand holding the gun trembled a little. She knew that this was wrong, but she absolutely couldn't let go of the rest of her life like this. She struggled constantly, and finally put the gun down. .

Snapped!

As soon as Xia Feixue put the gun down, Wang Mang slapped his face fiercely. Before he could react, he heard Wang Mang say angrily: "Officer Xia, what you did today, I will look up. Report.

And the slap just now makes you sober, think about what you just did! "

Xia Feixue held her face blankly on the spot, and did not get over for a long time. It was true that what she had just done was too impulsive, but she was also concerned about the safety of the rest of her life. She didn't have any plans to go back like this. She wanted the elite team to help, but there was no Wang Mang's order that the elite team members would not listen to her command.

Once she gritted her teeth, since there was no one to help her, then she went to save the rest of her life by herself!

In her mind, she would think of the dead colleagues in the patrol room again, and when she thought that she might encounter something like that for the rest of her life, her heart would twitch.

Without hesitation, Xia Feixue grabbed a police car and rushed in the direction of the sound.

I kept praying in my heart: For the rest of my life, you hold on, I am coming!

## **Chapter: 1027**

The trees in front of them collapsed more and more severely. There was no way for the car to continue driving forward. Xia Feixue could only get off the car and run forward.

Such a large area of destructive power really shocked Xia Feixue's heart. Wang Mang said that there was no possibility of survival after such a big movement. He also thought of this idea in his heart, but he heard a sound not far away. This confirms the possibility that the rest of his life is still alive now.

Speeding up the steps under her feet, Xia Feixue quickly saw a middle-aged man, carrying a bloody man, with his fist falling like a raindrop on that bloody man.

Although he couldn't see the appearance of the blood man, Xia Feixue knew Yu Sheng's clothes. At this time, the white shirt he was wearing was dyed red with blood, and it looked so shocking.

Tears in my heart couldn't help but flow down. The middle-aged man was still waving his fist to Yu Sheng. Without any hesitation, Xia Feixue raised the gun in his hand and aimed at the middle-aged man. boom!

With a violent gunshot, the bullet came out of the ak rifle and hit the middle-aged man's head straight, watching the bullet get closer and closer to the man.

The middle-aged man didn't deliberately dodge, allowing the writing to hit him on the head, and then he was bounced to the side without any harm to him.

Xia Feixue was stunned when she saw this scene, and she didn't believe that what she had just seen was the truth. How could it be possible? How could someone ignore the bullet?

Suddenly remembered that when Yu Sheng broke into this place with him, there was no body armor on

his body, but the bullet still didn't hurt. Who were they?

At this time, Hu Gang also noticed that there was an extra woman on the scene, and he just fired a shot at himself.

Facing the gaze cast by Hu Gang, Xia Feixue was cold and stared so hard that she felt that she could not move.

"Let... for the rest of your life!" Although the middle-aged man in front of him brought a strong sense of danger to Xia Feixue, he still shouted to Hu Gang without fear.

Hu Gang sneered and didn't care about Xia Feixue. Instead, he glanced at his hand for the rest of his life after he was beaten half-dead, and then threw it aside like trash.

He had to admit that for the rest of his life, he was beaten as a blood man, his own strength was only slightly inferior to his half-step master.

If this kid were to reach the realm of a half-step master, he would not be his opponent at all.

He is the elder of the Hidden Gate, so he has the opportunity to come into contact with some superior internal force cultivation techniques, but how could this kid from the secular world come into contact with something better than his cultivation technique.

If he can take that exercise as his own, and use it for cultivation, his strength will definitely advance to another level, and maybe he will be able to touch the level of a great master.

Thinking of this, Hu Gang's eyes were shining, and the grief of losing his son disappeared in an instant.

He must get his hands on the exercises he practiced for the rest of his life.

He had searched Yu Sheng before, and there was nothing on his body. In order to allow Yu Sheng to hand over the exercises, Hu Gang's eagle eyes narrowed into a line and locked on Xia Feixue's body.

After shaking her body, Hu Gang's people appeared behind Xia Feixue and caught her without any effort.

"Boy, hand over the exercises you practiced, otherwise this little beauty will suffer!" Hu Gang said testily, and he is sure to get that exercise.

### **Chapter: 1028**

"Who are you, hurry up and let me go! The elite team of the patrol room will be here right away, and you won't be able to escape by then!"

Xia Feixue struggled as hard as he could, even threatening Hu Gang with words, but it didn't have any effect. She couldn't move like an ant in his hand.

Hu Gang is not a good-tempered person either. Hearing Xia Feixue's noise in his ears, he raised his hand and clicked on her dumb acupoints, and then he calmed down.

Suddenly she couldn't speak, Xia Feixue whimpered, still unable to make any noises, she was just an ordinary person, and she couldn't figure out what Hu Gang did to her.

"Boy, since you are already dying today, are you really looking at this beautiful policewoman and dying because of you?"

If you are obedient and hand over that exercise now, I will consider letting her die. As for you, I will also leave you a whole body, what do you think. Hu Gang's eyes looked at Yu Sheng who was like mud on the ground and said.

If it weren't for the half-step master's insight, he could feel the rest of his life's weak breathing, and even he would think that he was killed by himself for the rest of his life. It is really no different between a person lying on the ground and a corpse.

After waiting for a while, Yu Sheng didn't even start to speak. Hu Gang already had patience. He came to

Yu Sheng and kicked Yu Sheng with his foot: "I'll say it one last time, give out your practice, otherwise if you do, I will kill this woman."

Suddenly, Yu Sheng who was lying on the ground coughed violently a few times. Accompanied by the cough, there was a mouthful of blood from his mouth until the small area where Yu Sheng was almost stained red. Only then slowly opened his eyes.

When Xia Feixue saw this scene, a line of tears fell on her face. For the rest of her life in this situation, she couldn't be more distressed, and she couldn't wait for herself to suffer the pain now.

I want to say something to Yu Sheng, sorry, she pulled him into such a dangerous place, but now she can't say anything, can't do anything, and now she has to be threatened by this person for the rest of her life.

"Let go... let go of her..." Yu Sheng's voice was weak, and the bones of his body were broken and he couldn't move at all, so he could only watch Xia Feixue being caught by someone like this.

"Hand over your cultivation technique!" Hu Gang saw that Yu Sheng was still able to speak, so Hu firmly pinched Xia Feixue's neck and threatened.

"I...I can come up with the exercise...The premise is that you let her go first, I want to say a few words to her." Yu Sheng said weakly.

Hu Gang thought for a while, and finally let go of Xia Feixue. He didn't believe that an ordinary person and a dying person could escape from his hands.

Xia Feixue was sent, and came to Yu Sheng's side for the first time. Looking at Yu Sheng who was red on the ground with blood, she cried again, not knowing where to start with her hands, for fear that it might hurt Yu Sheng for the rest of her life.

"I...I... didn't you let you follow? What a silly woman, don't cry and help me up." Yu Sheng said to Xia Feixue, and then faced Xia Feixue from an angle that Hu Gang could not see. Winked.

Xia Feixue was taken aback, not knowing what Yu Sheng wanted to do, but still obediently put her hand in his pocket and took out a round thing.

Without any hesitation, Xia Feixue put the red pill directly into Yu Sheng's mouth.

Xia Feixue's body covered Hu Gang's sight, so he didn't know what he had eaten for the rest of his life.

The pill entered the throat, a strong bloody smell permeated the mouth, and then spread along the throat to the lower abdomen and dantian, and slowly reached every part of the body.

The broken bones and bleeding internal organs that had been beaten by Hu Gang were recovering at an extremely fast speed, and even the previously exhausted internal energy was slowly recovering.

At this time, Hu Gang realized that something was wrong. The breath for the rest of his life had been very weak, and almost disappeared, but now he is slowly recovering.

"You're playing me? You're looking for death!" Hu Gang was fooled by this kid again, and Hu Gang clenched his fists in anger and smashed them towards the two.

## **Chapter: 1029**

Seeing that Hu Gang launched another attack, Yu Sheng directly pushed Xia Feixue aside. She was just an ordinary person, and there was no way to withstand the internal force of a half-step great master. Even if she didn't hit her, it was strong. Internal force will also break his internal organs.

Pushing Xia Feixue away, it was too late for Yu Sheng to dodge, and he abruptly took Hu Gang's angry punch.

It was just that Yu Sheng found that his skin was covered with a red blood mist, which blocked Hu Gang's attack, and he didn't have anything to come up.

At this time, there was a faint red light around Yu Sheng's body, and the whole was wrapped by that red light. The blood on the surface of his skin was actually absorbed by the skin.

In a moment of effort, the shirt that was stained red with blood became white again, and even the blood on the clothes was absorbed by the skin.

For the rest of my life at this moment, I feel that there is a huge ability in my body that is constantly running, and every pore of my body will feel like alive.

Hu Gang watched all the changes in the rest of his life, and saw that he was shocked and stayed in place. He stretched out his fingers like withered trees, tremblingly pointed at Yu Sheng, and asked in shock: "You just took it. Is the blood demon pill?"

Blood Demon Pill! That was the pill he made with great effort, killing more than a hundred people, and the pill made from the internal organs. Because it was too precious, Hu Gang gave the only one to his son, just thinking In case he encounters any danger, he will be left behind.

Unexpectedly, it occurred to Yu Sheng that this only pill fell into Yu Sheng's hands and was eaten by him. Hu Gang was shocked by the powerful resilience of the Blood Demon Pill and the enhancement of his own strength.

But more of it was anger, and for the rest of his life he took the pill he had worked hard to make.

Yu Sheng's sudden palm hit him directly on the chest. When Yu Sheng waved to Hu Gang's chest, a big red hand also appeared, passing through Hu Gang's body like a special effect in a movie.

Hu Gang was severely injured by the red palm phantom just now and lost his fighting ability.

After seeing this, Yu Sheng was taken aback, and he retracted his palm to look at his hand, wondering why a red palm phantom appeared just now. Could it be that he was wrong.

Hu Gang noticed the situation just now. Yu Sheng didn't understand what the red palm phantom was, but Hu Gang couldn't be more clear in his heart.

It is because he understands that his mood at the moment is extremely shocked. The boss with his mouth open is enough to put an egg in.

After a moment of effort, Hu asked in disbelief just now: "How could it be possible that you were only the strength of the later stage of the Grand Master Sutra, but the one you just swung out showed the strength of the Grand Master. It is impossible not to possible!"

Obviously, it was only the strength of the late Grandmaster Realm. How could he break through the two realms to give full play to the strength of the Grandmaster, Hu Gang didn't even dare to think about this kind of thing.

But Yu Sheng really did it. The red palm phantom just now was definitely not a mistake. Only those who reached the realm of Grand Master could transform their internal force into shape.

It's Blood Demon Pill! It was the Blood Demon Pill that raised a person in the late Grandmaster stage to the strength of a Grand Master, but the blood demon pill he had just taken for the rest of his life made him furious when he thought of this: "Boy, you return the Blood Demon Pill to me!"

After listening to Hu Gang's words, Yu Sheng also understood that the reason why the red palm phantom could appear is because his current strength has reached the realm of a great master.

Although it took medicine to reach this level, he was also a great master. For the rest of his life, he had a repressive chance of winning against Hu Gang, a half-step master.

### **Chapter: 1030**

"I have eaten it in my stomach, how do you want me to pay it back? Is it possible that you want me to pull something out? But you won't survive that time." Yu Sheng said coldly.

For Yu Sheng, the blood demon pill was still very repulsive. The reason why he snatched the blood demon pill from Hu Lie's hand was completely because he didn't want Hu Lie to take it.

When Xia Feixue didn't come, Yu Sheng had committed to the death, and didn't plan to take this kind of pill made by taking the lives of others.

However, Hu Gang used Xia Feixue's life to threaten him to surrender the "Nine Heavens Profound Scripture". Yu Sheng couldn't bear to see Xia Feixue, a good policeman, died because of himself, so he had the mentality of betting. I took a pill.

Yu Sheng didn't even think that the pill will increase his own strength so much, which really exceeded his expectations.

"Looking for death!" Hu Gang was about to hate the young man in front of him. Even if he knew that his current strength could not beat the rest of his life, he still rushed forward without hesitation.

"Hmph, it's you who is looking for anger!" Yu Sheng snorted, now it's time for him to take revenge. At this time, Yu Sheng was as light as the wind under Yan's feet, and the speed was like lightning, watching Hu Gang rushing towards him like a turtle crawling.

Effortlessly evading the punch that Hu Gang hit him, Yu Sheng began to fight back against Hu Lie brutally.

Looking at Xia Feixue from the side, she was dumbfounded, and it was hard to imagine that there would be such a violent side for the rest of her life. Looking at it, she became more and more unbelievable, and she didn't even dare to look at it.

The scene was too bloody. Yu Sheng grabbed Hu Gang's arm and pulled his arm off with force. The blood was splashed and the broken limb was thrown aside mercilessly by Yu Sheng, and it happened to fall on Xia Feixue. By the feet.

The scared Xia Feixue was eclipsed by Huarong. After being dropped by Hu Gang, the dumb point had no way to make a sound. She wanted to tell Yu Sheng to stop, but she couldn't talk. She could only watch it like this. Anxiously, she scratched her heart and scratched her liver. .

The more I looked at Xia Feixue, the more he felt that his back was chilling, and he didn't even believe that the person who attacked Hu Gang that way was the rest of her life she knew.

I really thought it was too cruel when Yu Sheng did it, and even Xia Feixue, who was used to seeing bloody face, turned pale in fright.

For the rest of his life, he didn't directly beat Hu Gang to death, and directly mutilated him... he forcibly pulled his limbs off and threw him on the ground at random.

Hu Gang wailed and begged for mercy for the rest of his life without stopping, but there was an expression of enjoyment on his face. The feeling of intoxication was like hearing the best music in the world.

Even though the current Hu Gang had been turned into a stick by Yu Sheng, Yu Sheng had no plans to let him go, and a fist struck Hu Gang directly.

After groping for a while, Yu Sheng pulled out the organs in Hu Gang's stomach. After seeing the red kidney, Yu Sheng's expression became even more excited, and his eyes turned red.

Then the liver, heart, intestines...

Seeing this picture, Xia Feixue couldn't resist, bending over and retching. She really couldn't figure out why she suddenly became like this for the rest of her life.

Unknowingly, Yu Sheng had tore Hu Gang to only a pile of minced meat, and even his bones were crushed by Yu Sheng.

Just when Xia Feixue felt that this matter was over, Yu Sheng's blood-red eyes looked at her, with an interesting smile on the corner of her mouth...
