

Dont mess 1061

Chapter: 1061

Yu Sheng didn't think that Liu Aijuan would punish Gu Yang in this way, and even eat his wandering soul directly. In this way, Gu Yang was really gone, and there was even no chance of reincarnation, so let's talk about it. Say it for a lifetime?

After eating Gu Yang's ghost, Liu Aijuan turned her head and knelt directly in front of Yu Sheng, sincerely grateful: "Thank you, Master, for helping me. By your side, looking forward and backward for you."

Listening to Liu Aijuan's words, Yu Sheng was taken aback, could not help but think, accept a ghost slave? This thought just flashed in his mind, and then he quickly dispelled the thought.

Liu Aijuan has been so miserable in her life, how can she restrain her for repaying her?

Yu Sheng smiled slightly and said: "No need, when the ghost gate opens on the 15th two days later, I'll help you stay overcast."

Hearing this, Liu Aijuan was so excited, a blue crystal came out of her eyes. She didn't notice the blue crystal, but kept kowtow, expressing to Yu Sheng that she was towards him. Of gratitude.

"You don't need to thank me, I will help your family to supersede when the time comes." After Yu Sheng finished speaking, his eyes fell on the blue crystal.

Does a shame shed tears? Yu Sheng bent down and picked up the blue crystal directly on the ground, placed it in his palm, and observed it carefully.

This crystal was crystal clear like a diamond, but it was covered with a hint of coldness, as if it contained some power.

Even in the "Nine Heavens Profound Scripture", there is no narrative about Sha's tears. Doesn't being Sha already have human consciousness? My heart is all replaced by obsession and hatred. How could it still feel like a human? How could it still cry?

Yu Sheng racked his brains, but couldn't figure out why this was happening, and didn't even think about it for the rest of his life.

Holding the blue crystal in his hand, Yu Sheng asked Liu Aijuan: "This thing fell out of your eyes, and it looks like I like it, can you give it to me?"

Liu Aijuan naturally didn't refuse the small condition that Yu Sheng put forward, not to mention that he didn't even know the use of that thing.

Besides, even if that little thing seems to have a huge effect, it can't compare with Yu Sheng's kindness to help herself and her family.

Without even thinking about it, Liu Aijuan said directly: "If the master likes it, just take it. Even if you want my life, I won't have any complaints."

Liu Aijuan said so, Yu Sheng put away the blue crystal without any burden.

What he didn't know was that the blue crystal was not as simple as it seemed. It was a tear of half evil and half devil, at a rather alien extreme.

And Liu Aijuan is the creator of this extreme. If Yu Sheng had a deeper understanding of the evil and evil things, he would discover what is special about Liu Aijuan.

On a tall building near the Gu's house, a man in weird dress had a telescope in his hand and a headset on his head. The sound in the headset was the sound of communication in the Gu's house.

The man put down the binoculars and earphones, took the phone out of his pocket, and then pressed it out, and the phone was connected soon.

The man said anxiously: "Tianshi, there is a problem with Gu's family. The Sha you raised didn't have a

successful demonization, and it was destroyed by a young man who suddenly appeared. The young man's surname is Yu!"

Chapter: 1062

After all these things were over, even Gu Yang's body was dragged on the ground. Old Gu ordered people to find out the information of the girls who were victimized, and then sent a pension of 10 million yuan to the families of those girls.

Although these can't make up for the families who have lost their loved ones, Gu Lao still wants to do something for them within his ability.

"Master Yu, the old man thanked you here." After speaking, Old Gu knelt down towards Yu Sheng. His figure looked a little sad, as if he was still worried about Gu Yang's death. The expression on his face was right. For the rest of his life, he was extremely respectful.

He would be told wherever he went in his life, and others would take him respectfully. Today is the first time he kneels to a young man the age of his grandson.

Yu Sheng hurriedly helped Old Gu up. Although it was only a day's time, he also understood that the old man in front of him was an upright person, and he was a respectable person, so how could he let such a person give him a job? Kneeling?

"Old Gu, please get up soon! I don't have anything to do, so I can't say thank you at all," Yu Sheng said. He just came here to help Gu Yang relieve the pain of being burned by the Yin Fire, and in the end Gu Yang was also punished and died, so he didn't have anything to do with this calculation.

"Master Yu, all the young and old in our Gu family should thank you. If it weren't for you, perhaps our Gu family would have been involved long ago, and even those who went to Beijing would be implicated, so the old man owes you a day. Great favor." Old Gu thanked Yu Sheng from the bottom of his heart. What he said all came from the bottom of his heart.

As he said, Old Gu turned his head and ordered to the old butler of the Gu family: "Go and bring the family heirloom from the Gu family to Master Yu."

Gu Ming on the side heard that his grandfather was actually going to give the heirloom to Yu Sheng, he asked anxiously: "Grandpa, although Master Yu saved our Gu's family, he should be very grateful to him, but there is no need to take out the heirloom!

This is something that has been passed down from generation to generation. If it is given away like this, will it..."

Gu Ming looked embarrassed, is Grandpa always confused, he really wants to give away his heirloom, this is too generous.

Old Gu stared directly at Gu Ming, and said seriously: "Master Yu's kindness to our family cannot be repaid by a family heirloom. If there were no Master Yu, the Gu family would have been dead and clean. My heart has already been decided. What more!"

For the rest of his life, he didn't even think that Mr. Gu would give him their family heirlooms. Although he didn't know what heirlooms were, they must be very precious.

Just looking at Gu Ming's reaction, you can see it, a well-mannered young man. I didn't care about the image when I heard this.

"I'm not always joking, these things are done voluntarily, so you don't have to spend so much money, I have something to go back first, and see you in the future." Yu Sheng said that he planned to leave.

Xiao Shui is still in the hotel, he will be very boring if he stays there alone. If Yu Sheng plans to end up with things here, he will quickly go back and accompany Xiao Shui.

When Yu Sheng was about to go back, he turned around and saw Gu's housekeeper holding a small black box, and walked towards him.

I wanted to leave for the rest of my life, but when I saw the small black box, I couldn't help but paused and was attracted by what was inside.

"Master Yu, you should take a look at the contents of this box, and then decide whether you want it or not!" Old Gu said as he walked to the front of the housekeeper, took out a small key from his waist and unscrewed it. Lock.

The small box was opened, revealing a black object inside.

Chapter: 1063

As soon as the box was opened, a faint fragrance flowed into Yu Sheng's nose. Upon smelling this smell, Yu Sheng's figure was taken aback, as if the whole person was in a daze, and he sniffed deeply.

For the rest of his life, he thought it was just his own illusion, but he still couldn't help showing a happy expression on his face. Then he quickly walked to the front of the housekeeper and looked at the contents of the box at close range.

Inside the small black box was a piece of red cloth, and on that piece of red cloth there was a pile of black things. As it got closer, the fragrance became stronger.

Probably because of the age, the black thing was a bit dry because of storage, and it looked a little crumpled overall.

After seeing this thing clearly, the smile on his face was utterly clear, his fingers were shaking with excitement, and he carefully touched the black thing.

Immediately, there was ecstasy in his eyes, turned his head to look at Old Gu, and begged: "Old Gu, can this thing be given to me, what do you want? I'll change it with you?"

This black thing is exactly one hundred years of *Polygonum multiflorum*. Yu Sheng was very sure that he had not admitted his mistake. He had no idea that he had nowhere to look for it after breaking through the iron shoes, and unexpectedly encountered it in this place.

If even this century-old *Polygonum multiflorum* can get his hands, then he will be able to cultivate Jidan, and then he will be able to greatly improve his strength, and it is very possible to reach the Great Master Realm.

For the rest of his life, this sudden change made Gu Lao Wei Wei a little surprised, but he was able to accept his family heirlooms as a face to him, so how could he ask for his things anymore?

Old Gu hurriedly waved his hand, took the box from the butler's hand, and handed it to Yu Sheng with a respectful expression: "Master Yu, this item was originally intended to be given to you. Now if you like it, That is naturally the best. How can I ask for your things?"

If it is something else. For the rest of my life, I won't take care of the old, but this is a century-old *Polygonum multiflorum*! For the rest of his life, he no longer thought about rejection, and simply accepted the things.

"Gu Lao, if you have anything in the future, you can call me at any time and I will be there." Yu Sheng did not accept this precious thing in vain, but promised Gu Lao one thing.

In the end, Old Gu wanted to stay for the rest of his life to have dinner at Gu's house, but he was rejected by Yu Sheng. After leaving the Gu's house, Yu Sheng went back to the hotel all the way.

When he came back, it was already around eight o'clock in the evening, watching Xiao Shui Yusheng watching TV in the living room with a look of guilt.

"Xiao Shui, I'm sorry, Dad is late. See what delicious food I brought you?" Xiao Shui greeted him on the

sofa for the rest of his life.

Hearing his father's voice, Xiao Shui turned his head in excitement, and then trot over with joy, grabbed Yu Sheng's legs, and said with a smile: "Dad, you are finally back, Xiao Shui misses you so much. !"

Yu Sheng touched Xiaoshui's head with a face full of affection, and the father and son came to the living room talking and laughing.

"Dad, Xiao Shui stayed in the hotel for a day. It's really boring! I thought you were going to throw Xiao Shui here and don't want me..." Xiao Shui's voice was a little sad because he was in Yu Sheng's arms. Said.

Yu Sheng touched Xiaoshui's head distressedly, with a look of guilt, and touched Xiaoshui's head comfortingly: "Don't worry, Dad, even if you don't want the world, you must keep Xiaoshui tightly on your own. By your side, Dad will never want Xiaoshui in his life."

Xiao Shui felt much more at ease when he heard Yu Sheng's words like this, and slowly let go of the holding heart, and nestled tightly in Yu Sheng's arms.

Chapter: 1064

For the rest of his life, it was hard to bring Xiao Shui to Beijing once, and naturally he wouldn't just go back like this. He also felt that Xiao Shui had neglected a lot during this period, and he planned to make up for him.

So Yu Sheng took Xiaoshui to play with all the fun places in Shangjing, just to let Xiaoshui relax and relax. Slowly while playing for the rest of his life, I found that there was a very strange sign in Shangjing, that is, there were more and more cultivators.

In the past, there were very few cultivators in Beijing, and there were very few ordinary people who could come into contact with martial arts.

During this period of time, Yu Sheng thought for a while. There were only three masters in the early stage of the Grand Master Realm. It is very rare for a master of the Grand Master Realm to appear in the secular world. Three appearing at this time, how can we not let the rest of my life? Doubts.

In order to be able to investigate this matter clearly, Yu Sheng pushed back the date of returning to Qiancheng.

After all, Xiao Shui is with the child. If you want to investigate this matter for the rest of your life, it is always inconvenient to bring the child, so you can only put Xiao Shui in grandma's house for a period of time.

Settling in Xiaoshui, Yu Sheng began to investigate why so many practitioners suddenly appeared in Shangjing.

At this moment, Yu Sheng's cell phone suddenly rang. It was the call from Old Gu. Without hesitation, Yu Sheng directly picked up the phone to connect.

"Master Yu! I...I..." He stammered at the words of Old Gu, not knowing whether to ask Yu Sheng to help for a while, and then began to be undecided.

In this situation, I didn't need to think about it for the rest of my life to know that there was a problem, so I asked patiently: "Gu Lao, did you encounter something? Just talk about it!"

Old Gu sighed over the phone, and then he spoke in shame: "Master Yu, when you helped me take care of my family, I knew you were a capable person.

But I don't think you can help Gu's family through this power, but I am also desperate, and the person I can think of is you!"

For the rest of my life, I still didn't know what happened from Gu Lao's words, but I could guess it from

Gu Lao's tone. It must have been a very difficult thing and there is no way to solve it.

"Old Gu, you should explain everything to me clearly! Maybe I can help you solve this matter?" Yu Sheng said.

Seeing Yu Sheng said this, Old Gu also knew that he was too hard to do so, and simply told Yu Sheng all this matter from beginning to end.

Suddenly a group of somewhat capable people appeared in Shangjing. Everyone was able to be one, two or three bodyguards at ease, and there were others who were capable of acting like those gods on TV. After these people came to Shangjing, they directly occupied the Gege family in Shangjing, as well as the businesses of those large families, and made those people their slaves to do things for them.

Old Gu's son also has a very large business in Shangjing, and he is considered a top-notch family.

Naturally, he was spared from the disaster, and those people were not targeted.

Those people asked Gu Tiancheng to transfer all of his properties to them and obey all their commands. That is why Gu Tiancheng's industry that he has worked hard for his entire life has finally achieved this kind of results.

Gu Tiancheng wanted to take the security guards of the Gu family and the subordinates who wanted to drive them out, but the strong bodyguards of his family looked like paper in the eyes of those people, and they were simply vulnerable. .

Even Gu Tiancheng was not spared. He was directly beaten and seriously injured by those people, and used a tough method to get them to sign the transfer agreement.

At present, the Gu family can only work under their hands, or fall into the street. There are only two options.

Old Gu, this is really desperate. Out of helplessness, he can only call Yu Sheng to see if he can solve this matter.

After listening to Gu Lao's remarks, Yu Sheng was also very shocked. An exaggerated thought came into his mind. Could it be that the hidden people were born?

Chapter: 1065

"Sect Master Song, only this is the only time Lao Zong has just died. Are you too impatient to order the occupation of the secular world?" A white-haired old man stood up from his position and said in a deep voice.

If Yu Sheng was on the scene, he would definitely recognize the person in front of him. It was Mr. Shi.

The old man who took the little stone away from the Sakura Club was also his savior.

If it weren't for Old Shi's move, perhaps there is no such person in this world for the rest of his life, but he would have died in the hands of the three big giants of the Heavenly Killing Organization a long time ago.

The man sitting on the main seat looked very young, about twenty-five or sixteen years old, and he was very disdainful of Shi Lao's remarks.

Now his father is dead, now he is the Sect Master! The Grandmaster of Mo Tianzong, as long as he gives an order, everyone in the school must follow his command. There are still three fires for the new official to take office, let alone Song Hao, a proud young man.

The order he gave would naturally not allow others to oppose it, even if Shi Lao was the Great Elder of the Haoyue Sect, one of the four major sects.

Song Hao put down the small dagger he was playing with, looked at Old Shi with eagle-like eyes, then sneered and said, "Does Shi Lao mean that I am too impatient?"

Facing Song Hao, Shi Lao didn't have the slightest fear. He admired the former Sect Master of Mo Tianzong very much. The two of them often played chess together and talked about martial arts experience.

Old Sovereign Song has two sons, the eldest son is Song Hao, the younger son is Song Xun, and an eighteen-year-old daughter.

The eldest son is suspicious by nature and is quick and resolute in doing things. Although his current cultivation base is very high, he is the top existence of the younger generation, but his character really does not seem to be able to do big things.

But Song Xun is different. Why is he doing things honestly? He has a personality very similar to that of the old suzerain, and he can do things for her convincingly.

Shi Lao and the old Sovereign Lord had heard her inadvertently chatting when they were playing chess. But just a month ago, the old Sect Master died bizarrely, and the poison in it was an unheard of poison, and his youngest son Song Xun was also missing. Let Song Hao take his place temporarily.

As soon as Song Hao took the position of Sect Master, he announced a message to all the forces of the Hidden Gate that he would aggressively attack the secular world and dominate the ancient martial world.

Everyone dare not touch the bad, but Shi Lao, who has an upright personality, does not allow this to happen. Not only is it for the peace of the people in the world, he also thinks that the person who killed the Song Master is Song Hao, and even Song Xun. He also killed it.

How can such a person who kills his father and his brother be able to sit in such a position, and also announced such a message.

"Yes, I just don't agree with the people in the hidden gate occupying the secular world. Our hidden gate has been isolated from the world for so many years, and we have our own way of life in this secret realm. Why do we have to destroy the current peaceful living environment?" Old Shi said solemnly, he and Song Hao's Twilight were tit-for-tat, both of them were of the strength of Grand Masters, and their momentum did not give in at all.

Song Hao had thought that Shi Lao would challenge him in front of so many people. He absolutely would not allow this kind of thing. He suddenly narrowed his eyes, holding the dagger in his hand, as if Shi Lao's direction went to the past.

Chapter: 1066

Everyone in the Hidden Gate present here did not think that Sect Master Song would directly attack the ancients in front of so many people. No matter where the ancient status was placed, he could be regarded as a highly respected elder.

Everyone couldn't help but slander in their hearts: This new suzerain is not as easy to get along with as the previous suzerain. It is an out-and-out ruthless character that cannot be offended, or else you don't know how to die in the future.

Seeing that the dagger was getting closer and closer to his head, Shi Lao didn't care, and he took the tea cup on the table and blew it, then took a sip.

With a swish, the dagger flew over one centimeter from Shi Lao's head, and the sharp blade cut Shi Lao's white hair into two.

Then the dagger passed directly through the wall, if it hadn't left a hole in the wall, it seemed that nothing happened.

"I'm so sorry, Shi Lao, do you think I have improved my flying knife skills?" Although Song Hao has a

smile on his face, his eyes looking towards Shi Lao are extremely cold. If you let him catch an opportunity, he will definitely find a way to kill this old immortal thing.

“Sect Master Song’s flying knives are good for playing, but you must be careful, don’t be too ignorant of the heights, otherwise it will be bad if you hurt yourself.” Shi Lao put down the tea cup in his hand and said faintly.

Listening to this, Song Hao’s eyes were cold to the extreme. If he could, he would like to take action against this old thing now.

But I had to put on a smile and said: “Old, don’t you want to know why I ordered the occupation of the secular world? Then I will tell you now.

Our Hidden Gate has lived in secrets for hundreds of years. The spiritual energy here is more of a martial artist than the outside world, and here is twice as much as in the secular world.

But in these nearly a hundred years, the hidden gate has continued to grow, and all the aura in the secret realm has long been exhausted, and there is no difference between this place and the secular world.

Moreover, this place is small and remote, and the living environment is still at the level of ancient times, and ordinary people outside are obviously weak and can squeeze their fingers to death. Why can they sit on the glory and wealth, all the beautiful things in the world should belong to The strong and the weak should become slaves to the strong. ”

Song Hao stood up while talking, his voice was like a rainbow, as if he had been telling things at this moment.

Many ambitious people at the scene also agreed with Song Hao’s statement, and slowly a large number of people stood up to support Song Hao.

Seeing this ancient scene, I sighed deeply. If the people of the Hidden Gate really come to the secular world, it will bring unprecedented turbulence to the secular reception. The two have maintained a century of peace, and they will also fall apart.

“Even if you are right, but I will definitely not agree with your approach!” The tea cup in the old gripped hand fell to the ground fiercely.

The falling pieces of the cup were splashing everywhere, and the voices of those who were still in high spirits and approve of Song Hao slowly weakened, and they were all shocked by the ancient strength.

All this can be seen in Song Hao’s eyes, that is the ancient public provoking his majesty. As the great sect master of the hidden gate, he can’t just swallow anything if he says, otherwise there will be more people imitating the old ways in the future. .

Turning around, Song Hao Twilight looked at the ancients coldly, a pair of eagle eyes squinting dangerously, revealing strands of murderous intent.

“Old, don’t be stubborn, or don’t blame me for being rude!”

The ancient aura did not give in at all. In this matter, he would never give in half a step, and asked with a cold snort, “Then I want to see how Sect Master Song is not polite today!”

Chapter: 1067

Song Hao grabbed a bright smile and seemed to be very satisfied with the old answer. Since this old man has to fight for death, don’t blame him for being rude.

“All I have done is for the hidden door to have better development. If you have to do this, then don’t blame me for being impolite!” Song Hao said awe-inspiringly.

Looking at Song Hao’s face, the old man felt disgusting for a while, such a man who killed his husband

and his brother, wouldn't he be afraid of flashing his teeth when he said these high-sounding words? He dared to refute Song Hao in public. Gu had already made the determination to die. Anyway, he would never allow the hidden people to enter the world of death in this way.

"The old man wants to see it today, why are you so unkind!" The aura of the ancient body skyrocketed in an instant, and the great master's mid-term coercion spread.

The people present were all shocked by the aura exuding from the ancient body, and they didn't expect that the ancient body had reached the middle stage of the Great Master Realm!

The ancient in the hidden gate can be regarded as a veteran, and it is also the first batch of masters to reach the great master level. There are very few masters of the great master level, and now there are only six people in the hidden gate reaching the great master level. That's it.

The sect masters of the four major sects are Thunder Sect, Lieyan Sect, Qingfeng Sect, and Haoyue Sect. The Sect Master of Haoyue Sect is also a master of the Great Master Realm, but it has been a few years since the current Sect Master is Shi Xing. The only son of the former sect master, although the sect master of the Haoyue Sect had died, there was also a master of the great master realm like Shi Lao. And the masters of the other two great masters were all from Mo Tianzong. When the old Song master was not dead, Mo Tianzong could be said to be one of the three great masters.

Among them, the strongest is Song Tong. He is the strongest man recognized by the Hidden Gate. He reached the mid-term strength of the Great Master more than 30 years ago. Now he has been in retreat for 30 years, and I don't know that he has arrived now. What terrifying strength.

Others are also in the early stage strength of the Great Master Realm, and the lack of aura in the secret realm can provide them with less and less aura for cultivation, so the strength has always been one step closer.

However, in this environment of lack of spiritual energy, Shi Lao unexpectedly reached the mid-term strength of the Great Master Realm, no wonder he dared to challenge Sect Master Song.

Song Hao was surprised when he realized that the ancients had reached the mid-term strength of the Great Master Realm, but they had already reached this point. He definitely couldn't back down, or he was afraid of this old thing.

Song Hao squeezed the token in his hand and commanded to the other three great sect masters: "I order you as the great sect master to catch Shi Lao, who keeps ordering, and if he wants to resist, he will kill him.!"

With an order, even if the three masters didn't want to participate in this battle, no one dared to resist, and they could only bite the bullet and walk out.

The three major sect masters and Song Hao stood in a row, and then rushed to Gu Gu, every move they played was fatal.

Although the four masters in the early stage of the Great Master Realm have a sufficient number of advantages, there is still no way to shake a master of the middle stage of the Grand Master Realm.

The ancients didn't have any panic about the four-person offensive. One-to-four is still easy and it has the advantage of taking the upper point. If it continues like this, Song Hao and others will definitely lose. Gu made a single move and directly blasted the four people out for dozens of steps. If Gu wanted to kill these four people, he could directly kill these four people with his full strength just now.

The same person in the hidden door, plus the old kind-hearted person would naturally not be cruel to the same sect, only to force them back.

"Song Hao, the old man doesn't want to deliberately oppose you, but just wants you to understand that this is not the time to occupy the secular world." The old saying said earnestly.

The four of them still can't beat the ancients together. Song Hao's face shows no discouragement or unwillingness. Instead, he smiles gloomily and says: "Old, you said that these have no effect on me. Think about yourself first!"

For Song Hao's remarks, Gu didn't understand why he said this. Suddenly Gu only felt that his heart was tightly grasped by a big hand, almost squeezing his heart directly.

This sudden feeling was too sudden. The ancients had no precautions to cover his heart, and directly spit out a mouthful of black blood.

Chapter: 1068

"You...you despicable villain, when did you poison me?" Gu held his chest, and he felt that his heart was still being eroded by a certain force. It felt like it would make him anytime, anytime. Stop breathing and die immediately.

I thought that I had an absolute advantage in this confrontation, but I didn't think that in the end I would be tricked by the villain. How can the ancients not be angry!

The pain caused by the poison to his body is ancient and can be tolerated, but his internal strength is constantly losing. No matter what method he uses, there is no way to prevent the loss of internal strength.

In just two or three minutes, Gu Gu felt that his internal strength was about to run out, and even standing here was the only period of strength he used to support it.

Seeing the ancient vomiting blood, Song Hao's smile became even brighter, and his tone looked like a villain: "Old, how about the strength of the middle stage of the Great Master Realm?"

But defying my orders is a dead end. If you still want to live, then obediently surrender to me and obey all my arrangements, otherwise there is only death!"

The three sect masters stared at each other, and their gazes at Song Hao were full of fear. Before, they were still not convinced of the newly appointed sect master, after all, they were only young men in their early thirties.

But today I saw that Song Hao was able to subdue the ancients who were much stronger than them so easily, let alone them?

The ancient standing there is still supporting it bitterly. If you look closely, you can see that her legs are trembling constantly, and it is possible to fall directly to the ground anytime and anywhere.

"Despicable villain, I didn't think that the Song family would be like a scum like you, but with this kind of inferior means, your character and your father and younger brother are almost a thousand miles away!"

The ancients clenched tightly. First, the kind of unwillingness to be calculated by others, made him unwilling to give in.

Song Hao's eyes narrowed into a gap, and his intention to kill the ancients had reached a limit. Even if the ancient choice surrendered to him now, Song Hao would rather destroy this master in the middle of the Great Master Realm by himself.

The most annoying thing in his life is that others compare him with his younger brother and say that he is inferior to his younger brother Song Xun.

Recently, I have been better than that younger brother everywhere, so why is it that I am inferior to him in the mouth of others?

His trash brother was clearly the power of the late Grand Master Sutra, and he had already reached the Grand Master at the age of 30. His talent was unmatched in the hidden gate, and he was completely crushing his brother.

But his father still put all his thoughts on Song Xun, taught him the knowledge of managing the sect, and taught him how to behave. In front of his younger brother, his father was a kind father.

But why is it that he always speaks badly in the face of him, and can't say a nice word, even if he has reached the strength of a great master. I didn't get a word of approval from my father,

Song Hao's eyes became more and more cold, and he appeared in front of the ancient in the blink of an eye, and then a dagger with a cold light appeared in his hand.

Clenching the dagger in his hand, Song Hao directly pierced into the ancient body with the slightest hesitation. Looking at the ancient painful expression, his heart seemed to be satisfied.

As a result, he became even more crazy. He drew out the dagger and then pierced the ancient body with blood, staining Song Hao's clothes red, but he still didn't have any intention to stop.

"Say! Didn't you say that I am inferior to my trash brother? Continue talking! You say! Hahahahaha..."

Song Hao kept stabbing the ancients with the dagger in his hand, looking crazy.

The ancient was dead, and died in Song Hao's hands. His body was thrown aside at random when he was alive. Even the people of Haoyue Sect didn't dare to come forward and collect his body for him.

In the early years, their Haoyue Sect was the head of the four great sects. There were two great masters in the sect. Now that the sect master is dead and the great elder is dead, the Haoyue Sect may be kicked down by the four great sects.

The scene returned to calm again. This time no one dared to fight Song Hao. As for the ancient sudden poisoning, the wise man had already guessed a general idea, looking at the tea cup that was smashed to pieces on the ground...

Chapter: 1069

After hanging up Old Gu's phone, Yu Sheng rushed to the Gu family for the first time. Yu Sheng was eager to figure out if this matter was what he thought it was. The Hidden Man was born.

Without getting off the bus, for the rest of my life I saw a group of people standing at the door of Gu's house looking very noisy, as if they were doing something?

"The old immortal thing, get out! Now this place is no longer your home, this kind of big yard is worth living in this kind of place for ordinary people like you? It's just a violent thing!" said a young man. Old Gu gave a light kick on his body, regardless of whether Mr. Huang was an old man or not.

Another young man was unwilling to show weakness when he saw this. He snatched the phone from Old Gu's hand and said jokingly, "Old man, who did you call just now? You don't think someone will really help you. Right?"

It's just whimsical. Now we are not only hitting you, but when the person you invited comes, we will fight together!"

Said that the young man slammed Gu's cell phone to the ground, punching and kicking him again. In their eyes, there was no concept of respecting the old and loving the young, what they wanted. Only the surrender of the weak.

Even if the old man was killed today, it would be like killing a wild dog or wild cat on the side of the road, without any responsibility at all.

The rest of my life just got out of the car, seeing this scene of anger instantly raged, Gu Lao is now 70 or 80 years old, although his body is tough, how can he withstand the beatings of a few young people!

"Stop it!" Yu Sheng yelled at those people.

The young people stopped when they heard someone talking. They turned their heads to look at the people coming from the beating of Old Gu, who was it? Even dare to manage their nosy.

When they saw that it was just a young man in their twenties, they all showed disdain. Let alone one person, even a few hundred to ten of them can easily deal with it.

They are not ordinary people, but cultivators from the hidden gate. These few of them are martial artists who have mastered internal power. One martial artist has no problem dealing with more than a dozen ordinary people.

The headed young man looked up and down for the rest of his life, and then walked over with disdain, spitting and asking: "Will your kid be the one invited by this old thing?"

You are here alone, is it possible that you still dare to oppose us? If you're familiar with each other, quickly kneel down and yell to our elders. Grandpa is licking our shoes clean. I will consider giving you a life. What do you think?"

Listening to the young man's words, Yu Sheng didn't have any direct action on him, but instead asked, "Did you decide to let me kneel for you to let me go?"

The headed young man said impatiently: "Isn't what I just said is not obvious enough? Or your fucking ears are not good?"

Seeing that things had happened to this point, Gu Lao felt very guilty for the rest of his life. He didn't even think that these people would be so powerful, and now it was a sin for the rest of his life to be burdened.

Yu Sheng is their Gu family's lifesaver, saying nothing can make Yu Sheng feel wronged, Gu Lao no longer cares about face, in order to let these people spare the rest of their lives.

He knelt and crawled to the feet of the headed young man, begging: "Boss, please don't care about him. This matter has nothing to do with him. Call to your grandpa and I will help you lick your shoes clean. , Please let him go, okay?"

The young man in the lead looked down at Gu Lao, and said disdainfully: "You old thing call grandpa, we fucking don't like it! Let this young man kneel down and call grandpa today, or our brother today A few killed him."

Seeing Gu Lao be so humble. These people still refused to let go, and Yu Sheng's eyes slowly cooled down.

Helping Mr. Gu from the ground, Mr. Gu refused to say anything because he was afraid of these people's revenge for Yu Sheng, "Yu Sheng, I'm sorry, it's me, an old man, I'm so confused. That's why you are tired of this matter."

You can rest assured that even if I die here today, I won't let them hurt you. "

After Yu Sheng listened to Gu Lao's words, his heart warmed. He didn't expect Gu Lao to be able to achieve such a place, and then he said, "Gu Lao, don't worry! I don't care about these little fish and shrimps. "

Small fish and shrimp?

Why did the young man see that Yu Sheng called them "Little Fish" and "Little Shrimp", so he greeted the brothers: "Brothers, this young man looks down on us. Today we will let him see and see us." It's amazing, just feed the dog to death!"

Chapter: 1070

The voice of Yu Sheng just spoke was not small, and they all heard them. Yu Sheng called them Xiaoyu Xiaoxiao, and didn't put them in his eyes.

In these days, they can be said to be kings and hegemony in the secular world, and they are all treated as uncles. When have they suffered this kind of grievance?

One by one, wiping his fists and grind his palms, looking at Yu Sheng with his eyes as if looking at a dead person, everyone with killing intent in their eyes, and then they rushed towards Yu Sheng together. The head of the man raised his mouth and looked at his helper. The next swarm rushed over like Yu Sheng. He basically expected that within a few minutes, this arrogant boy would turn into a corpse. But things didn't happen as she imagined, and the next scene was dumbfounded to see the man headed.

His group of brothers had no one who could hold on to two seconds in Yu Sheng's hands. Almost all of them were beaten to the ground by Yu Sheng and lost their ability to fight as soon as they took over from Yu Sheng.

In less than a minute, there were more than a dozen people lying on the ground, one by one, wailing in pain, and rolling incessantly.

The leading man who has been watching all this doesn't know what methods he used for the rest of his life. The only thing that can understand is that this man who suddenly appeared is not as simple as they thought.

No matter how they are all masters who have cultivated their internal strength, and being so easily subdued by others, there is only one possibility, that is, the man in front of him is also a person who has cultivated internal strength, and his strength is much higher than them.

When thinking of this, the young man in the lead already had a layer of cold sweat on his forehead, subconsciously swallowed, and did not dare to hesitate and knelt directly at Yu Sheng's feet.

The arrogant arrogance on his face has disappeared. Now the leading man has a humble face in front of Yu Sheng, begging for mercy: "Senior is offended, I really don't know that you have such great abilities. For the sake of someone in the hidden door, don't care about us."

In the eyes of the leading man, for the rest of his life, some people with such great abilities must also be hidden people, and the world is lacking in spiritual energy. How can there be people with such a high level of cultivation?

For the rest of his life, he was amused and bent over to look at the man on the ground and said: "It seems that you are really the people of the hidden door? You are not staying in the hidden door. Why do you run into the secular world to do evil?"

The man in the lead was stunned. Originally, he thought Yu Sheng was also a member of the Yehmit, but when he heard this, he realized that Yu Sheng was not a person at all.

In this case. Then there is no need to be afraid of him, a person in the world, even if he has the ability to compete with them in secret?

The leading man got up from the ground, patted the dust on his knees, pointed at Yu Sheng and said angrily: "You fucking dare to hit us, it's too impatient! Lao Tzu is a hidden person, waiting for us. Sect Master is here, I can never spare you!"

For the rest of his life now, he is a half-step great master, even if he encounters a person at the level of the master of the hidden gate, he can fight for it.

Besides, Yu Sheng didn't encounter any opponents when he was promoted to the half-step Grand Master. He also wanted to try his current strength. What point has he reached?

So Yu Sheng asked the man headed: "You said your suzerain. Is it possible that your suzerain is in this place now?"

The leading man snorted coldly when he heard Yusheng's words, and the old man with his chin up said: "Even if you are a little capable, it is impossible to be the opponent of our Sect Master. Our Sect Master is a master at the pinnacle of the Grand Master Realm. This little character is pinched to death."

Speaking of his suzerain, the leading man has a lot of confidence, and he has forgotten how to deal with his brothers for the rest of his life.

“Since you are so confident, I will give you a chance to call your Sect Master over.” Yu Sheng said lightly. The person in the lead was immediately happy when he heard this. He didn’t think that Yu Sheng would be so unsure of good or bad. Now this kind of behavior is nothing different from looking for death. Without any hesitation, the leading man directly took out the phone and called their Sect Master.
