

## Dont mess 1071

### Chapter: 1071

Old Gu was still shocked that Yu Sheng was able to clean up these people so easily. He didn't think that Yu Sheng would even let these people call their Sect Master. It was really different from looking for death.

"Master Yu! Now there is something wrong, you should leave now! Our Gu family should have suffered this disaster, and shouldn't drag you into the water. Go away! I've seen the suzerain take action. His methods are nothing short of it. It's a god who descends to the earth, not something you can deal with." Gu Laoyu said to Yu Sheng earnestly.

Yu Sheng saw that Gu was so badly hurt, still thinking about him for a while, and felt distressed. He took out a pill from his arms and handed it to Gu.

"Gu Lao, you have suffered such a serious injury now, so don't worry about me. Don't worry. I'm sure in my heart. You will take this pill first." Yu Sheng said.

Old Gu took the rest of his life, and the black pill he handed over had a weird look in his eyes, and he didn't understand why Master Yu wanted to take it.

He doesn't think that this pill can heal the injuries he was hit by those people. In the eyes of ordinary people, he thinks that he has to go to the hospital for injuries and illnesses. Even if he is injured, it will take a long time to heal.

And Old Gu understands his current physical condition. He is in his 70s or 80s. He is not as good as a young man in his body or anything else. His bones are broken at the touch of a touch. What's more, those people are so cruel?

The bone on his right leg was kicked off by those people now. Even if he went to the hospital for surgery afterwards, he would spend the rest of the day in a wheelchair.

Old Gu endured the pain, smiled slightly and returned the pill in his hand to Yu Sheng, sighed and said, "Thank you, Master Yu, for your kindness. The old man hurt too much. Even taking this pill is not effective. ."

Yu Sheng didn't even pick up the pill that Gu Lao handed over, but smiled and said, "Gu Lao, do you believe in my ability? Or do you think the medicine I gave you is poison?"

"No, Master Yu, I don't have that meaning." Gu Lao explained quickly, for fear of misunderstanding Yu Sheng.

"Since you believe me, take this pill!" Yu Sheng said lightly.

The rest of his life had said this. If he didn't take it, he would definitely misunderstand him. Gu Lao glanced at the pill in his hand and made up his mind, even if it was poison, he didn't care.

Old Gu directly swallowed the black pill on his hand. He thought that the pill would not have any effect on his injury, but when the pill was in his stomach, he discovered the wonder of the pill.

The place where they had been beaten by those people was still aching, and even some places were bleeding, but after taking this pill, the physical pain disappeared.

Even the broken place on his right leg was slowly healing. After a few minutes, Gu Lao felt that his broken bone was healed miraculously without surgery.

The strange feelings from every part of his body made Old Gu excited. He stood up from the ground, and he felt that his body was much tougher than before.

"Yu Dashen, that little pill has such a great effect, it is like a miracle, it is amazing? I can't believe it, it turned out to be true." Gu Lao said excitedly.

Seeing what happened to Gu Laozhen, Yu Sheng smiled and said, "If Gu Lao likes it, I will give you a few more pills the other day."

Old Gu shook his head quickly. In his cognition, this kind of pill must be very precious. He helped her so much for the rest of his life, so how could he still want something so precious from her? For the one just now, he feels that he has nothing to report, at least he won't have to spend it in a wheelchair in the future.

The pill that Yu Sheng had just given to Old Gu was made by him at will. For a person who is half a step into the realm of a great master, even if he is injured physically, it will automatically heal. This pill does not rise too much. Usefulness.

At this moment, the door of Gu's family opened, and a man in his 50s and 60s came out, his aura like a rainbow, and a few young men followed behind him.

Just after coming out of Gu's house, he took a look at the people lying in the underground, his eyes locked on Yu Sheng's body, and the man asked in a deep voice, "Are these people beaten by you?"

### **Chapter: 1072**

The man in the lead saw his sect master coming, his expression on his face was very excited, pointing to Yu Sheng, and said, "Sect master, you're here, it's the young man in front of you. He not only beat us up, , And don't put you in the eyes."

The visitor was Nie Peng, the lord of the Jiuyou Sect of the Yinmen. Although the name of the Jiuyouzhong sounds very domineering, his sect is only a small sect that cannot be ranked in the Yinmen. Nie Peng has a vicious personality, and his style of action is also a must-have. Seeing that the first son of his sect has been taught a lesson, there is no difference between directly hitting him in the face, so what he said this time has to be severely taught. Young kid.

Yu Sheng looked at Nie Peng up and down, and it was exactly the same as the man said, it was just the strength of the pinnacle of the Grandmaster realm.

"You are their suzerain? As the suzerain of a faction, and tolerate this kind of things by your subordinates, don't you think that your suzerain is a failure?" Yu Sheng said with his hands on his shoulders in a teaching tone.

Nie Pengxian thought that this young man was so ignorant and dared to speak to him in this tone, and his anger became raging for a moment.

"Boy with sharp teeth, today this sect master will teach you how to behave!" Nie Peng stretched out and grabbed Yu Sheng's heart.

He is very confident of his own strength, and does not think that a kid in the world can escape his trick. The corners of Yu Sheng's mouth rose slightly, revealing a playful smile, and one side of his body easily escaped Nie Peng's offensive, and then raised his hand to hit Nie Peng's back with a palm.

Nie Peng is still shocked how Yu Sheng escaped? He didn't expect to get a heavy hand on his back with the move he just made. The force of this hand shocked his internal organs and his internal organs were almost torn apart.

As soon as he stabilized his figure, he vomited a mouthful of blood. Nie Peng looked at the rest of his life in disbelief, panting heavily for a long time, and came over.

He is a master at the pinnacle of Grand Master Jing. Even if he has not reached the realm of Grand Master, he can still be regarded as a top master. He never thought that he would suffer a loss in the hands of a young man.

Illusion This must be an illusion. This young man must have used some low-handed means to take

advantage of him. As long as he is more cautious, he will definitely be able to solve him easily, Nie Peng thought.

Next, Nie Peng launched an offensive against Yu Sheng, but after these few contests, Nie Peng didn't touch Yu Sheng's clothes at all, and he didn't have a way to fight for the rest of his life.

But he was quite miserable. Yu Sheng was beaten into a pig's head on his face. Even Nie Peng himself didn't know how many slaps Yu Sheng slapped him during that contest.

But Nie Peng understood one thing, that is, this young man is not as simple as he imagined. Even though the two played against so many, he still has no way to figure out what kind of master this young man is. I only knew that it was definitely above him, otherwise how could I play with him like a cat and a mouse. Nie Peng, with a big pig face swollen, asked vaguely: "You...what is your strength? Why are you so powerful?"

Yu Sheng sneered, stepped forward and grabbed Nie Peng's collar and lifted his whole person from the ground, and asked in a deep voice: "Let's talk about it, what is the purpose of your hidden door disturbing the secular world?"

### **Chapter: 1073**

Feeling the killing breath radiating from Yu Sheng, Nie Peng felt goose bumps all over his body, and he did not dare to tell a lie in front of Yu Sheng.

In order to survive, Nie Peng told Yu Sheng all the things Song Hao had said before, even the ancient dead.

For the rest of his life, Nie Peng was put aside, and a trace of regret flashed in his affection. There was no time to repay the old man who had killed him.

Nie Peng, who was thrown to the ground, looked at Yu Sheng secretly, and a sly look flashed in his eyes. This young man made him lose his face in front of the sect's children. How could he be so reconciled? Taking advantage of the rest of his life, Nie Peng took out a dagger from his waist, and the dagger exuded a deep cold light in the sun.

Holding the dagger in his hand, Nie Peng's eyes flashed a cold light, and he pierced the position of Yu Sheng's heart. Success or failure was in this one!

If Yu Sheng really died under his dagger, it would be really exhilarating. If he fails, Nie Peng feels that he still has the strength of the pinnacle of the Grandmaster Realm, plus his Nine You Sect's unique light skills will definitely be able to get from it. Escaped on the hands of the rest of his life.

Seeing that the dagger in his hand was getting away from Yu Sheng's heart, the smile on Nie Peng's face was about to overflow.

Suddenly, on the lower side of Yu Sheng's body, Nie Peng rushed into the air, screaming badly in his heart, and when subconsciously trying to escape, he realized that his back was caught by a big hand.

"Want to kill me?" Yu Sheng asked coldly.

Listening to the extremely cold questioning, Nie Peng's whole body was like falling into an ice cave, and his body was shaking constantly. He knew that he could not escape today.

"No, no, no, seniors, I don't dare anymore, please let me leave my life?" At this moment, Nie Peng no longer has the majesty of a sect master. He was completely frightened by Yu Sheng. Begging for mercy. A joking smile appeared on the corner of Yu Sheng's mouth. For those who wanted him to kill him, Yu Sheng had never been merciful. Without any hesitation, he broke Nie Peng's neck cleanly, and left his body casually like throwing away rubbish. Throw it aside.

Old Gu on the side looked dumbfounded. Is the rest of his life in front of him still the easy-to-go Master

Yu he knows? The moment he attacked Nie Peng, the aura that radiated from his body was like killing a god. Gu Lao knew that he would not attack himself, but he couldn't help but shudder.

The man who called their Sovereign to help him fell to the ground in fright, shaking uncontrollably, and his deep fear reached an extreme.

The reason why the leading man was not afraid of Yu Sheng before was because he felt that their suzerain was supporting them, even if he gave Yu Sheng a hundred guts, he didn't dare to really kill him like them.

But the scene that just happened directly reorganized his three views. The Sect Master they had always admired had no room to fight back in Yu Sheng's eyes, and his neck was broken.

The only faith collapsed. The man in the lead was frightened that he was not possessed. He curled up in a corner, trembling, not letting himself make any noise, for fear that he would notice her for the rest of his life, and then kill her as well.

Yu Sheng glanced at the man in the corner, walked directly over, kicked him in the leg, and said, "Give you ten minutes, if you think you can call someone else, just call. I am here to accompany me anytime, anywhere.

Of course, I still have a second way for you! "

#### **Chapter: 1074**

"Don't dare, I didn't know your abilities before, but now I really know what I was wrong, I'm sorry, I apologize to you." The man knelt on the ground and kept knocking his head towards Yu Sheng, his head was broken with blood. It flowed out, even so, he still didn't dare to stop.

For the rest of his life, he was unorganized. He just watched all this quietly, and knew that the man raised his head again. Then he said: "The second way I said is to apologize to Mr. Gu. If there is no gain from his old man Forgive when the time comes, then don't blame me for hurting you as a killer."

The man who heard this did not dare to be scornful. He crawled up to Old Gu's body and kept kowtow, crying and begging: "Old Gu, I'm really wrong. I shouldn't offend you. Even more shouldn't hit you. There are so many mistakes, all of which are my fault. Please forgive me, can I be a dog?"

Old Gu is a kind person, even if the man in front of him really beat himself before, but now he has taken the medicine given to him for the rest of his life, there is no problem anymore, plus his begging for mercy again, ancient Psychology has produced compassion.

After solving the Gu family's affairs, Gu Tiancheng took over the Gu family's business again, but he did not know when the hidden person would appear again.

No matter how powerful he is for the rest of his life, he is only one person after all. He can't stay here at night as soon as he sees it. The hidden door has already taken action and he can't sit still. He must improve his strength as soon as possible.

After clarifying the turbulence that occurred in Shangjing, Yu Sheng took Xiaoshui back to Qiancheng. Now he must go back and refine the foundation pill, and then rescue his father from the doomsday prison, and then slowly follow him. The people at the hidden door made a break.

Xiao Shui was in a happy mood, but when he returned to the villa, he slowly suppressed it again, as if he was afraid of something.

Yu Sheng was thinking about refining Zhu Jidan and saving his father, and he didn't notice Xiao Shui's emotional changes. After putting Xiao Shui at home, Yu Sheng went out.

Yu family villa.

"Oh, you Xiaoyezhong, you still know to come back! I thought your father would take you to enjoy

Qingfu and won't come back!" Xu Qianqian said strangely when he saw Xiao Shui come back. Staying at home these days, she was already angry in her heart. For the rest of her life, she took the little bunny with her mother and son. It seems that the position of their mother and daughter in the rest of her life is not as good as this little bunny. Xu Qianqian was angry at Xiaoshui when he thought of this. Xiao Shui didn't dare to speak, silently lowered his head, and stood there like a kid who did something wrong.

Seeing that Xiao Shui is like a piece of wood, Xu Qianqian curled his lips in disdain, and said again in a weird manner: "Oh, you have gained weight for a few days after going out. It seems that you are eating spicy food outside!"

Xiao Shui bit her lower lip tightly, never daring to raise her head, for fear that she might have said something wrong and could not save a fight.

After talking for a long time and wasting so much tongue, this little bunny stood there like a wood, Xu Qianqian got angry at the thought of this place, and raised his hand to hold Xiao Shui's ear.

"The pestle is like a piece of wood. When I get home, I don't know how to work? Is there too much leisure time outside? I don't know the rules at home? Do I need to teach you more?" Xu Qianqian pointed his throat. Said.

Xiaoshui tears from the pain, and still obediently said: "Aunt Xu, I know, I know I was wrong, I will go to work, I will go to work!"

Xu Qianqian snorted coldly, and then sent the hand that grabbed Xiao Shui's ear: "I can't finish my work, I can't eat today!"

Xiao Shui didn't dare to resist any resistance, so he responded with a rag and started wiping the table.

.....

Yu Sheng looked expectantly at the alchemy stove, several hours have passed, and according to the time, it should have been done.

However, Yu Sheng did not dare to turn on the stove. At this moment, his heart was very nervous, for fear that he had done a little bit wrong in any part of his alchemy, and he would really fall short when he failed in alchemy.

After only hesitating for a while, Yu Sheng dared up, and finally turned on the stove. Looking at the black pill in the middle of the stove, Yu Sheng trembled and took out the pill.

Without any hesitation, I swallowed it for the rest of my life!

## **Chapter: 1075**

Swallowing the pill for the rest of his life, closing his eyes, sitting cross-legged and holding his breath, feeling the power from the pill radiating to the limbs of the body.

Slowly Yu Sheng felt like there was a layer of fire outside, constantly burning his skin, feeling unbearable burning, Yu Sheng's whole face was red, and every skin on his body was red. Red, the rest of my life now looks like a cooked crab.

For about a quarter of an hour, the rest of his life seemed to be fished out of the water, and the clothes on his forehead were all wet with sweat.

Even so, Yu Sheng still didn't open his eyes, and was still working hard to refine the Dantian pill. Only by refining the pill in a spirit of effort can it exert the strongest effect.

The burning sensation at the beginning did not disappear due to the passage of time, but it became more intense. For the rest of my life, I felt like I was alighted.

Every place on his body was like a fire burning, only the place where Yu Sheng's chest was carrying the

jade was cold, as if a clear spring was slowly easing the scorching sensation on his body.

If there is no coolness from that piece of jade on the chest, perhaps the rest of his life would have been unable to hold on for the rest of his life.

For the rest of his life with his eyes closed, he didn't realize that his body was really on fire, and his clothes were burned by the flames.

But this flame does not harm the rest of the skin. The skin pores where the flame passes for the rest of the life secrete black secretions, as if some magazine is discharged outside the body, and then those black secretions slowly evaporate into the air. Among them, it seems that there has never been one before.

"For the rest of your life, are you there?"

At this moment, there was a pleasant female voice outside the door, but for the rest of my life in the practice, I didn't feel any external voices.

The person at the door didn't wait for someone inside to speak for a long time, so his voice increased a bit, "Yu Sheng, are you inside?"

After waiting for a while, there was still no sound in the room, and the woman at the door Gu Zi murmured: "Du Fei clearly said that the rest of his life was in this room! Why didn't anyone respond after calling for a long time?"

Perhaps I was a little impatient while waiting, and the person outside directly pushed the door of the room open, wanting to see if the rest of my life was there or not.

As soon as the door of the room was pushed open, Zhang Wanqiu poked his head in, trying to see if there was any remaining life in the room.

A pair of bright eyes scanned the room. When she saw the naked person sitting on the bed clearly, she was dumbfounded. Her big eyes blinked and blinked, forgetting the difference between men and women for a while.

I have to say that Yu Sheng's figure is still very predictable, coupled with the quenching chain of Jidan, now Yu Sheng has drained all the impurities out of the body, so his skin is delicate and smooth, and it looks like it is peeled. The same as eggs.

And his well-defined muscles are not as exaggerated as those muscular men on TV, but every part of his muscles for the rest of his life seems to contain endless power, which is practiced in battle after battle. That's it.

Zhang Wanqiu stood there blankly, looking silly looking at Yu Sheng for a while, she didn't expect that the handsome Yu Sheng, who looked ordinary and okay, would have such a good figure.

Then Zhang Wanqiu, who has been taking care of the skin that can be broken by blowing a bomb, sighs to herself, and she really wants to wake up Yu Sheng and ask him about his skin care secrets.

Slowly, Zhang Wanqiu's gaze moved down unconsciously, and when she saw somewhere, she flushed with a swipe of her face.

The thing in his hand also fell to the ground with a bang, which awakened Zhang Wanqiu from his nympho state.

Only then did she discover what was wrong with her, and she quickly turned her head shyly, and then wiped the saliva from the corner of her mouth.

For the rest of his life, he slowly woke up from his cultivation, and within an hour, he had completely refined the foundation-building pill.

As soon as I opened my eyes, I found a woman standing in front of her with her back facing him. From

the body shape, Yu Sheng could recognize Zhang Wanqiu as well.  
“Miss Zhang, when did you come?” Yu Sheng asked.

### Chapter: 1076

At this time, Zhang Wanqiu’s blush was like a ripe red apple, and she was about to bleed. Listening to Yu Sheng’s question, she didn’t know how to answer, and her hands were helplessly picking her nails.

“I...I...I heard that you are back, so I came to see you.” Zhang Wanqiu said in a voice like a mosquito. Yu Sheng didn’t understand why Zhang Wanqiu was weird today and looked so shy, so he stood up and came to Zhang Wanqiu, patted her on the shoulder and asked, “Why are you so weird today?” Zhang Wanqiu had already lowered her head, Yu Sheng suddenly appeared in front of her, and unsuspectingly saw the place she shouldn’t be looking at. She screamed in fright, turned around and hid on the ground.

Yu Sheng was confused, and he didn’t know what had happened. Du Fei’s voice came from behind him at this moment.

“Lao Yu, you...you...” Du Fei stared at the naked Yu Sheng, then looked at Zhang Wanqiu again, as if he understood something, and quickly said apologetically: “I’m sorry, sorry to bother you, you guys. continue!”

He said that Du Fei directly closed the door of the room and turned to leave.

Thinking of Du Fei’s weird eyes, Yu Sheng looked down at his body, only to realize that there was nothing to wear on his body.

As soon as he opened his eyes, he felt that his whole body was cool and cool. He thought it was the effect of Zhu Jidan exerting the effect of the medicine, so he didn’t even think in that direction.

Knowing that I hadn’t been wearing clothes, I was still standing in front of Zhang Wanqiu. No matter how thick Yu Sheng’s face was, I felt a little embarrassed, so I quickly found a bed sheet to wrap my body.

Turning his head to look at the place where he was meditating before, Yu Sheng saw a circle of ashes and then realized that his clothes were burned.

“Sorry, I don’t know I don’t have any clothes on, I have found something wrapped up now, you can stand up.” Yu Sheng scratched his head, and said to Zhang Wanqiu with some embarrassment.

Zhang Wanqiu, who was hiding on the ground, showed a gap between her fingers covering her eyes. When she discovered that Yu Sheng was really not naked, she put her hand down, but her face was still blushing.

Zhang Wanqiu’s eyes were a little dodge, and he didn’t dare to look at Yu Sheng. Uncontrollable in his mind, he thought of the picture of Yu Sheng wearing clothes, so his face turned red even more.

Seeing that Zhang Wanqiu hadn’t spoken for a long time, Yu Sheng, in order not to make the atmosphere in the room too embarrassing, proactively asked: “Ms. Zhang, is there anything wrong with you coming over to see me suddenly?”

“I heard that you came back, thinking about coming over to see you, and my dad wants to invite you to dinner, there is a dinner right in the evening, so let me invite you to participate.” Zhang Wanqiu said shyly.

After telling Yu Sheng the purpose of her coming, Zhang Wanqiu remembered that her mobile phone had accidentally fallen to the ground before. He picked up the mobile phone from the ground and inspected it. After finding that there was no damage, he was relieved.

“Okay, I see.” Yu Sheng directly agreed. He hasn’t seen Zhang Shengquan for a long time, so it’s okay to

take the time to meet.

Seeing Yu Sheng's agreement, Zhang Wanqiu was overjoyed. He thought of something shyly and asked: "How do you maintain Yu Sheng? Why is the skin so good? And people look much handsomer than before!"

Yu Sheng was taken aback for a moment and looked at the skin on his arm. It was true that the skin on his arm was really much better than the rough skin before, but Yu Sheng was a man and wouldn't care about it.

"I don't know this, it's probably caused by taking the pill." Yu Sheng said lightly.

"Pills?" Zhang Wanqiu's eyes beamed, and he looked at Yu Sheng imploringly: "Yu Sheng, can you give me such a pill too?"

Every girl has a heart for beauty. For the rest of her life, she can understand that the materials needed to build Jidan are too precious. Even if the rest of her life is training to the second lesson of building Jidan, most people cannot take it.

"I'm afraid it won't work." Yu Sheng directly rejected Zhang Wanqiu.

Zhang Wanqiu's original expression of joy was immediately replaced by disappointment. He left unwillingly, and there was only embarrassment besides embarrassment to stay here.

The door closed again. This time there was only one person in the room for the rest of his life, sitting cross-legged for the rest of his life, running the internal force in his body, and wanted to see where his strength had reached after thoroughly refining the Jizhu Pill.

The internal force in the body seems to be continuously used. If it is necessary to describe it, the internal force of a half-step great master is like a lake, but now for the rest of the great master's life, the internal force at this time is a vast ocean. The gap between the two is obvious.<

## **Chapter: 1077**

Yu Sheng's current cultivation base had reached the realm of Grand Master, of course, it was only in the early stage. A small foundation pill, able to make a half-step Grand Master break through a small realm, has shocked Yu Sheng.

Zhang Wanqiu had been there before, and Yu Sheng had no way to move his hands and feet in front of him. Now that Zhang Wanqiu is gone, Yu Sheng can't wait to put on his clothes and go out.

Just opened the door of the room, and I saw Du Fei sitting outside after a few steps in Yu Sheng. When he saw Du Fei, Du Fei also noticed Yu Sheng.

With joy on Du Fei's face, he came to Yu Sheng's side as he trot, patted his shoulder and asked: "Lao Yu! You were in my heart before, but you have a very strong image. The matter is resolved, will it be too fast?"

A few minutes, too fast?

Hearing these two words in Yu Sheng's ears, I only felt a moment of bewilderment, knowing what Du Fei this kid was talking about?

Then I thought about it, Du Fei had visited his room once before, and he also saw his naked body. I was afraid that he had misunderstood what was between him and Zhang Wanqiu?

Yu Sheng raised his hand and hit Du Fei's chest with a punch. He was just playing with Du Fei, but he did not think that he just hit Du Fei directly with a light punch, until it was more than ten meters away. This stopped.

Du Fei fell to the ground very embarrassedly, then spit out a mouthful of blood, and said angrily: "Lao Yu, you fucking too cruel? Didn't I just say you are a second man? Do you put such a cruel hand? This

Almost beat me to death with one punch!”

As he said, Du Fei coughed a few times, and vomited blood along with it.

Yu Sheng hurried over to help Du Fei from the ground, took out a pill to Du Fei, and then explained: “A Fei, sorry! I was not sincere just now, sorry, sorry!”

Du Fei wiped the blood from the corner of his mouth, looked at Yu Sheng with a weird look, and asked:

“If you are not sincere, just hit me like this. If you are sincere, you can’t directly kill me!”

What Du Fei said was angry, but Yu Sheng nodded seriously. Seeing Yu Sheng like this, Du Fei was really angry.

“I’m unfamiliar, I can be so cruel to my brother for a few days in Beijing, Lao Yu, I have misunderstood you after all, the big deal is that I won’t say you are the second man in the future.” Du Fei pretended to be sad.

Yu Sheng shook his head helplessly, and said, “I really have nothing to do with Zhang Wanqiu, but I do have a good message to tell you that my strength has improved again.”

As soon as the voice fell, Yu Sheng directly hit the sycamore tree ten meters away, and a golden shadow of a big hand appeared directly in the air and flew towards the sycamore tree.

The shocking power from the big hand directly shook the sycamore tree with the waist as thick as the middle-aged man Liang Xie into pieces, splashing everywhere, leaves flying around and the yard was messed up.

Du Fei, who was standing there watching this scene, almost almost dropped his chin. After a long time, he didn’t have any answers. The first thing he did when he recovered was to rub his eyes to make sure what he saw was true. occurring.

Now he finally believes that for the rest of his life, he did not deliberately beat him out. If he really did, he would have been crushed by his punch, and the four realms would have disappeared.

After swallowing, Du Fei, still not recovering from the shock, turned his head dumbly, looking at the rest of his life as if looking at a monster.

“Lao Yu, are you still a person?” Du Fei asked sincerely.

### **Chapter: 1078**

Yu Sheng patted Du Fei on the shoulder, and smiled: “I’m not a human being, am I a ghost? You can now believe that I didn’t know what to do before.”

“Although you are not a ghost, you are definitely a monster among monsters. Just one palm smashed the centuries-old sycamore tree to pieces. I took it, I took it!” Du Fei said convincingly.

This is really outrageous. One person can exert such great power and directly rearranged Du Fei’s Three Views. He absolutely must even if all his subordinates attack Shengsheng, the rest of his life will be able to kill them directly. .

Although he is a famous and famous person in Qiancheng, he has no chance of winning in Yu Sheng’s hands. Thinking of this, Du Fei’s expression is much lonely.

All day long, he was a brother to Yu Sheng. In fact, he was nothing, and the things that could help him were very limited. The gap between the two was huge, and Du Fei felt that he was not worthy to be a friend for the rest of his life.

“What do you want? So concentrated.” Yu Sheng put Du Fei’s shoulders on his shoulders and asked with a smile.

Looking at his sincere smile for the rest of his life, Du Fei realized that he was thinking too much. The most important thing among friends is sincerity, and strength is second.

“Lao Yu, how come you look more handsome this time than before, and your skin is much better? Have you secretly gone to Beijing for plastic surgery?” Du Fei felt the change in the rest of his life when he took a closer look.

Yu Sheng touched his face, with a delicate and smooth touch from his hand. Although Yu Sheng had never cared too much about his appearance before, it is not a bad thing to become handsome.

“I am naturally beautiful, and I don’t need plastic surgery at all.” Yu Sheng said narcissistically.

The two brothers discussed again, the recent events of the Sakura Club, nothing happened during this time.

Yu Sheng also took the time to look at the science and technology park. The research and development of the chip has gone smoothly, and results will come out soon.

If it can really develop the chips, then Huaxia is also familiar with the source of its chips, and no longer needs to import them from the United States.

There is nothing wrong with the project of the Sihai Group. Everything is proceeding steadily. Xiao Zixin also took the time to renovate the house given to her for the rest of her life. There is no company.

It was night without knowing it, and Yu Sheng drove to the hotel Zhang Shengquan had agreed upon after he drove a car.

This time, in order not to encounter the kind of trouble that people look down on, Yu Sheng deliberately chose more expensive clothes in terms of wearing clothes. This one also costs 10,000 to 20,000 yuan, although it is not as good as the six to seven hundred thousand for a suit. Yes, but the important thing is that I like it for the rest of my life.

Sure enough, the bodyguards at the door were very polite to Yu Sheng when entering and leaving the hotel this time. Yu Sheng was quite satisfied with this situation.

Pushing open the door of the private room, Yu Sheng discovered that there were not only members of the Zhang family in the private room, but also a man who looked like Zhang Shengquan was about the same age. Next to him was a man about twenty-seven and eighteen years old. .

Seeing Yu Sheng had come, Zhang Shengquan hurried over to greet him, and said respectfully: “Master Yu, you are finally here, do it quickly!”

Yu Sheng nodded to Zhang Shengquan, then found a place to sit down.

At this time, Zhang Shengquan introduced the person in the room to Yu Sheng: “This is my distant cousin Hu Hua, who is doing business in Haicheng. This young man is my only son Hu Zhiwen.”

Yu Sheng nodded slightly at the two of them, still not understanding what Zhang Shengquan meant by calling him over this time.

## **Chapter: 1079**

Hu Hua is a middle-aged man with a slightly fat figure. When he saw Yu Sheng only nodded and shook hands with them without being very flattering, his fat face was pulled down.

“This little brother. Where is the highest place? If the job is down, you can go to Haicheng to help me because of the face of my cousin! It just happens that there is still a shortage of people on my side, so the salary is naturally not I’ll treat you badly, after all, I’m a top-ranked person in Haicheng.” Hu Hua’s tone was very arrogant.

In fact, the subconscious mind is still very dissatisfied with Yu Sheng’s carelessness towards him, wanting to tell him how powerful his identity is, and quickly come over to flatter me, and if I am comfortable with flattering, I will reward you with a bite of food.

Yu Sheng put down the cup in his hand and immediately became interested, and asked with a smile: “It

seems that Brother Hu is a very powerful person?

The small place of Qiancheng is naturally not comparable to the big city of Haicheng. I don't know what Brother Hu is here for. "

Zhang Shengquan, who was sitting by the side, smelled the smell of gunpowder in the words of the two, and knew that his distant cousin was upsetting Yu Sheng and wanted to make a round.

Just when Zhang Shengquan wanted to stand up and talk about the topic, he saw Yu Sheng throwing him at him, and Zhang Shengquan immediately knew it and dared not speak any more.

He begged silently in his heart that his cousin should never upset the rest of his life! At that time, even oneself won't be able to help him.

Listening to Yu Sheng calling himself Big Brother Hu, Hu Hua didn't take it seriously, thinking that this kid had gotten around, Big Brother Hu, he was still dissatisfied with this title. It was obvious that this kid knew his identity and deliberately got close to himself.

He curled his mouth in disdain, and Hu Hua put a piece of meat in his mouth. Then he said without rush: "Even though Qiancheng is only a small place, the Sihai Group here is quite famous. I will come here. I want to discuss business with Yu Dong.

You must have heard of Sihai Group in Qiancheng, right? "

Yu Sheng nodded. How could he be the chairman of Sihai Group?

Seeing Yu Sheng nodded, Hu Hua went on to say: "You have heard of the Sihai Group. You must know how powerful the Sihai Group is. I know Dong Yu and I will give me a bit of face even when he meets him. "

Hu Hua said this, just to let this young man know how powerful he is, and how wrong it was to nod before saying hello.

Hearing what Hu Hua said, Zhang Shengquan was speechless for a while, covering his face in shame, he had to say that his distant cousin was really capable of bragging.

It's okay to brag, he's bragging, and he's really bragging. If Yu Sheng's identity is exposed, I don't know how ugly it will be!

The rest of his life was able to nod their heads to greet them because it was on his face.

Although his distant cousin is doing business in Haicheng, he is only doing all small business. This time he came to Qiancheng because he knew that he had something to do with the chairman of Sihai Group, so he asked him to help introduce him. I hope Able to cooperate with Sihai Group.

Hu Hua took another piece of meat and put it in his mouth. All he ate was oil, but he hadn't noticed it himself.

"By the way, little brother, we talked for a long time, I still don't know what your name is?" Hu Hua put down his chopsticks and asked Yu Sheng.

Yu Sheng smiled and said: "Brother Hu, my surname is Yu, just call me Yu Sheng."

## **Chapter: 1080**

When he heard that Yu Sheng was surnamed Yu, Hu Hua's face changed obviously. He remembered that the chairman of Sihai Group seemed to be more than enough. Moreover, today's meal was to invite the chairman of Sihai Group. It is possible that the kid in front of him is Sihai Group. Of directors?

Thinking of this possibility, Hu Hua swallowed, his fat body sat up a little bit, and cautiously asked Yu Sheng, "Brother Yu, your surname is Yu! I remember that the chairman of Four Seas Group seems to be too. Surnamed Yu, is it possible that you are alone?"

Yu Sheng chuckled and said, "Of course I am not the chairman of the Four Seas Group. How could such a

big figure be me? I just have better luck and have the same surname as him, yes! Brother Hu, you Are you not good friends with Chairman Yu? Is it possible that you haven't even seen her look before?" When Hu Hua heard this, he knew that he had just missed it, and he quickly raised the cup in front of him to toast Yu Sheng: "I haven't seen him for many years. Have people changed? It's normal for me to admit my mistakes. "

After the toast, Hu Hua whispered to Zhang Shengquan, who was sitting next to him, "Cousin, didn't you invite Chairman Yu over? How come this has been so long? Even a character at home. Can't you be so late?"

It doesn't matter if Chairman Yu has come, why is there a winking young man, you see that his clothes are only ten thousand dollars, and it's so new, you don't need to guess and you know it's just to meet The big man bought it specially, maybe he spent all his savings! "

At this time, three black lines appeared on Zhang Shengquan's forehead. He was so speechless to this cousin. Now he finally understands why this cousin's business has been tepid, and he can do a great job with his mind. Strange?

Chairman Yu Zhengzhu had been sitting here for a long time, but his cousin didn't even recognize him. If it wasn't for Yu Sheng to wink at himself and not let him say anything, Zhang Shengquan really wants to tell Hu Hua loudly that the poor boy you look down on is the chairman of the Four Seas Group you want to cheat.

Yu Sheng's six senses were different from ordinary people. He had heard all the words that Hu Hua had just said for the rest of his life. He didn't even think that even if he was dressed better, he would be looked down upon by others.

Isn't he just so poor? Or do you mean that you have a sour temperament on your body?"

In the process of their conversation, Hu Zhiwen on the side had been talking to Zhang Wanqiu, most of the time it was Hu Zhiwen looking for a topic, and Zhang Wanqiu was just a polite reply.

Anyone who is smarter knows that Zhang Wanqiu's attitude does not want to say too much to him, but Hu Zhiwen inherited his father's fine genes, and he did not realize that this issue was still chattering. Zhang Wanqiu deliberately moved the chair in the direction of Yu Sheng, and Hu Zhiwen also moved his own chair, and leaned forward with a blank face.

"Cousin Late Autumn, are you shy? I never thought that my charm is so great. It is my honor to be able to make the beautiful and beautiful late Autumn cousin like it." Hu Zhiwen said with a smile, he thought Zhang Wanqiu This series of reactions is because she likes herself!

Zhang Wanqiu was speechless for a while. She had never seen someone as stupid as Hu Zhiwen, and she was half-dead by the words he just said.

Not knowing how to pick up his words, Zhang Wanqiu simply kept picking up vegetables for dinner, pretending not to hear Hu Zhiwen being ignored.

"Cousin! Look how good Wan Qiu and Zhiwen are! They are a natural match for a talented girl!" Hu Hua patted Zhang Shengquan on the shoulder and said with a smile.

Hearing this, Zhang Shengquan's face went black all at once. After a long time, his distant cousin not only wanted to use his relationship to flatter himself for the rest of his life, but also wanted to beat his precious daughter.
