

Dont mess 1141

Chapter: 1141

Yu Sheng left only Hongxia in the room. She kept screaming while covering her face with her hands. She staggered up from the ground, and pulled out a small mirror tremblingly.

When she saw the word engraved on her face, she was completely emotionally broken, and she threw the small mirror on the ground with force and covered her face with her hands and screamed.

“My face, my face!”

The movement here was already very loud. When the Thunder Sect’s Ren came to inspect, he could no longer see the figure of Yusheng.

There were big black pits one after another in the empty place, and a woman in a room not far away was screaming constantly, as if she had lost her mind.

“Why is there a madman? Come here and blast her out!” A Thunder Sect person ordered the orders. Soon there were five or six young people in the room, carrying Hongxia and throwing her out of Bai’s house.

.....

“Brother Yu, when did you go out for a haircut? Why did you have a bald head, let alone a bald head that suits you well, you look so handsome with any hairstyle.” Wang Zhuangshi smiled honestly. Sincerely praised.

Yu Sheng raised his hand and touched his bald head, a little helpless, not knowing what else to say, and could only silently pray that his hair would grow out sooner.

Grumbling.

At this time, Yu Sheng’s stomach screamed, and he went out in the morning to examine the situation of Thunder Sect, and fought against the two elders again. Now it is noon, so it’s no wonder that he is not hungry.

“Brother Yu, are you still eating? The noodles I just made, you can make do with some cushions!” Wang Zhuangshi brought a bowl of fragrant beef noodles in front of Yu Sheng.

Yu Sheng thanked him, picked up his chopsticks and ate it. As expected, it looked like a bowl of ordinary beef noodles, but it tasted very delicious.

“Brother Yu, where did you go? You don’t know, but something big happened to the Thunder Sect! The lightning flashes and thunder in the sky is terrifying, especially the thunder and lightning. Do you know what’s going on?” Wang Zhuangshi said while peeling the potatoes.

A smile appeared at the corner of Yu Sheng’s mouth, and he didn’t intend to tell Wang Zhuangshi what happened today, and casually said, “Is it really that scary? I went out and did something, I didn’t expect to miss such a wonder.”

“That’s really a shame. It’s the first time I have seen such a shocking scene since I was born. It is really eye-opening. The Thunder Sect is indeed the place where the gods live.” Wang Zhuang said.

“They won’t wait long to get out.” Yu Sheng said after drinking the last sip of soup, got up from the bench, and wiped his mouth very satisfied.

“Brother Yu, what are you going to do?” Wang Zhuangshi saw that Yu Sheng was leaving, so he asked curiously.

“Go back to sleep.” Yu Sheng left this sentence and walked away.

“Sleep in broad daylight?” Wang Zhuangshi murmured. He drank all night of wine last night. Although his head hurts now, he still needs to help the kitchen.

Now he is a little envious of the rest of his life, it's really easy to serve the three elders! You can go in and out of the Bai's house at will and don't have to work during the day.

After Yu Sheng returned to his room and closed the door, he closed his eyes and began to practice. He wanted to see how much of his body had improved after the Five Thunder Tribulation.

About a quarter of an hour later, the rest of his life opened his eyes in surprise, he didn't expect that the Five Thunder Tribulation had brought so much benefit to her.

It strengthened Xiao Ningyu, gave him the power of thunder and lightning, and most importantly, gave him the anti-thunder attribute. This is simply three birds with one stone.

For the rest of his life, he was not afraid of the Sect Master of Thunder Sect at all. Even if the charm of the rest of his life had not been fully restored, he would be able to find him at this time.

Such a big thing happened today. For the rest of my life, I don't believe that the suzerain in Thunder can rest well. Anyway, I have to solve him sooner or later. It's better to sleep and Lei Yuan comes to the door by himself.

Chapter: 1142

"What are the two elders missing?" Lei Yuan got up from his chair when he heard what the disciple of Thunder Sect had reported.

"Yes, after the two elders went out together in the morning, they didn't come back again. The Thunder Sect's ups and downs have been searched, but there are still no traces of the two elders. Sovereign, will the two elders disappear? Is it related to today's Sky Thunder?" said the disciple of Thunder Sect.

Hearing this, Lei Yuan's face slowly sank. Others might not know the Five Thunder Talisman. How could he as the Sect Master not understand?

The reason why the Great Elder was able to use the five thunder talisman meant that the Thunder Sect had come to a relatively powerful existence, which should be at the realm of Great Master, less to say. Even a powerful person in the realm of Grand Master can hardly survive under the Five Thunder Talisman. If both the Grand Elder and the Second Elder are missing, then it is very likely that the intruder overcame the Five Thunder Jie and then killed the two elders.

Thinking that Lei Yuan, who might be the Sect Master of Thunder Sect, couldn't help but sucked in a cold breath, how could there be such a superb person in the world of football?

Could it be possible that after Mo Tianzong's people targeted Haoyuezhong, they also began to point the finger at their Thunder Sect. If this were the case, Song Hao's murderous aura would be too strong.

It stands to reason that Song Hao is not good for Thunder Sect? After all, the reason Shi Lao of Haoyue Sect died was because he opposed Song Hao's letting the hidden door step into the secular world, and their Thunder Sect was now Song Hao's position.

Lei Yuan couldn't figure out how to think about it, what was the matter? Thinking of that horrible existence, as the Sect Master in Thunder Sect, he froze.

"Quick! Call the third elder, I'll discuss something with him!" Lei Yuan ordered the disciple of Thunder Sect.

"Yes, Sect Master." The disciple of Thunder Sect didn't dare to be scornful, and hurried over to the third elder's residence.

Lei Yuan was fidgeting thinking about the mysterious existence, he solved the two elders, then the next step is likely to be directed at himself, and the third elders are likely to be his goal.

It didn't take long before the disciple of the Thunder Sect who went to find the third elder ran back out of breath, kneeled on the ground and reported to the sect master: "The sect master! The third elder is

dead, he died at the hot spring, and watch The body seems to have been killed last night.”

This message was like a bolt from the blue for Lei Yuan. All three elders of the Thunder Sect were killed, so wouldn't that mysterious man be his next target!

Thinking of the cold sweat coming out of Lei Yuan's forehead here, even if he is the Sect Master of Thunder Sect, it's impossible to survive the power of the Five Thunder Talisman. That person can survive the power of the Five Thunder Talisman, not to say Stronger than him?

“By the way, the people who served the third elders have seen that a young man killed the third elders, saying that they were recruited yesterday and called Yusheng!” said the disciple of Thunder Sect.

“Young man? Yu Sheng?” Lei Yuan's thoughts were chaotic. How could the strength of a young man reach the realm of a great master, and he had never even heard the name Yu Sheng.

Now that the three elders are also dead, then his next goal is himself. Instead of sitting and waiting for death, he might as well take the initiative.

“Call on all the disciples of Thunder Sect to capture the rest of your life.” Lei Yuan said with a solemn voice like water.

Within a few minutes, all the disciples of Thunder Sect had received orders, and even Wang Zhuangshi, who had attacked in the kitchen, was attracted by the huge turbulence of Thunder Sect.

Although his size is big, his mind is not turning quickly. She is a good friend for the rest of her life in this huge Thunder Sect, so she plans to go to Yu Sheng to ask what is going on.

After all, the rest of his life served the three elders, and he must know what happened.

Chapter: 1143

“Brother Yu Brother Yu, don't sleep. Don't sleep. Thunder has happened. It seems that the three elders were killed. Do you know the inside story?”

Wang Zhuangshi opened Yu Sheng's door, and saw that Yu Sheng was still asleep and quickly pushed him to wake up. Such a big thing happened in the thunder.

“Such a big thing has happened in Thunder, and the three elders are dead, are you still in the mood to sleep?” Wang Zhuang said.

In Wang Zhuangshi's heart, although he was only a kitchen player in the Thunder Sect, he was also a member of the Thunder Sect, and he was very concerned about this change.

Yu Sheng sighed a little depressed, and said impatiently: “If you die, you will die. How big is it?”

“The Sect Master ordered everyone in the Thunder to capture a person named Yu Sheng. Why is this murderer's name exactly the same as yours? Will it be the same name and the same surname?” Wang Zhuangshi asked anxiously.

The reason why I came to Yu Sheng in such a panic was to ask if this matter had anything to do with him. In any case, it would be no good if Yu Sheng's brother caught the wrong person and killed him.

“The person they are going to arrest is me. I advise you to leave now. I will deal with them and protect you in a while.” Yu Sheng said lightly.

Hearing this, Wang Zhuangshi was completely stunned. He looked at Yu Sheng with an incredulous expression on his face, and asked in surprise: “You said the person they were going to arrest was you? How could it be possible? How could you kill the three elders? , They are like gods!”

Wang Zhuangshi is still unbelievable, this seemingly approachable brother Yu, even if he has some money, can't kill the three elders, right?

When Wang Zhuangshi was surprised, the door of the room was suddenly caught, and the disciples of Thunder Sect broke into the room mightily.

“This person was killed with the party!” The Lei Ting disciples headed loudly shouted.

Wang Zhuangshi saw so many gods, he was frightened for a while, his legs were shaking uncontrollably, and he quickly explained: “This matter has nothing to do with me! I don’t even know what happened to me, too. Just arrived.”

When the disciple of Thunder Sect saw that Wang Zhuangshi’s changes, he was sure that he and Yu Sheng were not accomplices at all, and immediately ignored him.

Yu Sheng didn’t think that Lei Yuan would find him so soon. He felt sleepy. When he got up from the bed, Yu Sheng stretched out boredly, and then he was looking at the people in the room.

“What about your suzerain? Why didn’t he come by himself? It’s a treacherous cunning to let you little fish and shrimps come to death!” Yu Sheng said disdainfully.

When the disciples of Thunder Sect heard that Yu Sheng had insulted their suzerain, they also said that they were Xiaoyu Xiaoxia.

“Disciples of Thunder Sect, let’s kill this person together!”

The leader yelled. The other disciples had long wanted to teach the rest of their lives severely, and they went up without saying anything.

A sneer of disdain appeared at the corner of Yu Sheng’s mouth. So many people present were the masters of the Grandmaster realm, so they dare to clamor for him with such strength?

Yu Sheng’s aura spread to the great master realm’s coercion, and those who did not dare to approach the grandmaster realm.

“If you don’t want to die, call your Sect Master over, if you feel that you have enough life, then don’t blame me for the assassin!”

For the rest of his life, his voice was cold, as if Shura killed a god, and a layer of cold sweat appeared behind the people present, and he dared not take a step forward.

The master-level master at the head was also scared enough to think that this young man looked younger than him, and actually reached the terrifying strength of the Grand Master-level.

Such a high manual movement of his fingers could pinch him to death. The man in the lead swallowed and winked at the disciples of the Thunder Sect, and the others immediately retreated knowingly.

At this moment, a man in his sixties walked out of the crowd, wearing a robe sewn with gold thread, looking extremely gorgeous.

As soon as he came here, the disciples of Thunder Sect gave him a way, bowed their heads one after another, and yelled respectfully: “Sect Master!”

Chapter: 1144

“You are Yu Sheng?” Lei Yuan looked up and down the rest of the room. He looked ordinary and looked handsome. The other obvious thing was the big bald head.

After seeing him, he was a lot younger than he thought. If it wasn’t for any great power to have beauty, then the talent would be more terrifying.

“Yes, I am Yu Sheng, why? Did you come here to find death on purpose? Old thing!” Yu Sheng sneered directly.

Sect Master Thunder, one of the four major sects, was actually called an old thing by a young man in his twenties, which simply trampled his majesty on the ground.

No matter how good Lei Yuan’s mentality was, he was irritated by Yu Sheng’s words, but the more he saw Yu Sheng’s unfeared appearance, the less he dared to make a move.

Wang Zhuangshi on the side almost fainted when he heard what Yu Sheng said. This is the Sect Master

of Thunder Sect in front of him! Do you really want to say this for the rest of your life?

But in the current situation, even if the relationship between the two people is good, Wang Zhuangshi was scared by the battle and did not dare to speak, let alone stepping forward to remind the rest of his life.

“Yu Sheng, I don’t know where exactly my Thunder Sect provokes you, so what can I say? Why do you have to use this extreme method?” Lei Yuan held back the anger in his heart and made a good voice Speaking angrily to Yu Sheng.

All the disciples of Thunder Sect thought that Yu Sheng, a brave boy, was dead. There was no expectation of the suzerain who called the whole sect. When he saw this murderer, not only did not arrest him directly, but also spoke to him in this tone.

Yu Sheng glanced at Lei Yuan and understood that he was Mighty’s own strength. Sure enough, when a person is strong enough, he can be defeated without a fight.

“Doesn’t you old guy just don’t want to fight? That’s not impossible, as long as you get out of the Bai family, you will hand over all the businesses that you occupy the Bai family.

If you still want to stay in the secular world, then behave with your tail clamped. Don’t rely on your own strength to dominate other people’s things like this. If you let me know, you will be beaten up!” Yu Sheng said coldly, the attitude in his words did not put Lei Yuan in his eyes at all.

When Lei Yuan heard this, his face turned black with anger. He could tolerate killing the three elders of Thunder Sect for the rest of his life and get along with him in harmony. He still looks like this. Don’t know how to promote.

Asking him to surrender all of the Bai family’s property and get out of the Bai family is not only putting his face on the ground and violently trampling on it, but he also has no way to raise his head in the hidden door in the future.

Lei Yuan snorted coldly, and said angrily at Yu Sheng: “I’m talking to you well. Do you really think I’m afraid of you? Don’t even think about asking me to surrender the property of the Bai family. What is in my hands, That’s mine!”

Lei Yuan’s attitude was also within Yu Sheng’s expectations. Yu Sheng curled his lips in disdain: “Your hidden gates are really no different from robbers. If this is the case, then I will teach you the rules of the secular world. .

If you don’t understand the rules in the secular world, then I will beat you all back! ”

As soon as Yu Sheng’s words fell, his body turned into a phantom and attacked where Lei Yuan was. Lei Yuan, who is also a great master, is naturally astonishingly fast. Avoid the rest of your life’s moves and don’t lead the rest of your life to an open place.

This place is not only small and narrow, but the disciples of Thunder Sect are all unable to use their hands and feet here. The great master and the strong can crush them to death only by the remaining power.

Yu Sheng knew Lei Yuan’s intentions, and did not refuse, and followed Lei Yuan to a wide place.

The distance between the two of them was more than ten meters, and the vigor of the rest of their lives was like a rainbow, which obviously meant to overwhelm Lei Yuan.

“I’ll give you another chance. Now take your disciple of Thunder Sect and roll back to the hidden door. I may also spare you. I will really start at that time, but there is no room for regret.” Yu Sheng did. Final advice.

Lei Yuan was also afraid of the strong and young for the rest of his life, but as the lord of the sect, he could never give up for the sake of face.

“Come here! Don’t think I’m really afraid of you.”

Lei Yuan said that he took out a whip from his waist, and the whip was held in his hand.

This is the Nine Thunder Whip, the first fetish of their Thunder Sect.

Chapter: 1145

“Look at the whip!”

Lei Yuan shouted with nine thunder whips in his hand and slammed towards Yu Sheng’s location. The flying electric flowers in the air were no less inferior to the thunder and lightning of the Five Thunder Tribulation.

Yu Sheng leaped forcefully at Tengkong’s feet, and easily escaped the whip that Lei Yuan waved at him. The place where he was just now was dusty, and there was a one-meter deep pit on the ground, and the flowers and plants near the surface were also burned. Become ashes.

“Sect Master, teach this kid who doesn’t know the heights of the sky and earth!”

“The Sect Master killed him and avenged the three elders!”

“Sect Master killed him and let him know how powerful our Thunder Sect is!”

The disciples of Lei Tingzong who watched Lei Yuan and Yu Sheng fight against each other clamored, and every two of them felt that Yu Sheng would definitely die if they fought against their suzerain.

Even Wang Zhuangshi started to worry a little bit about Yu Sheng’s safety, but he couldn’t help the rest of his life. He could only pray silently there hoping that Yu Sheng would save his life.

Lei Yuan was originally a strong man in the early stage of the Grandmaster Realm. He has been in this realm for ten or twenty years. Compared with Yu Sheng, a young man who has just entered the Grandmaster Realm, he has a certain advantage. In addition, he holds nine thunder whips. , It seems that the balance of victory has been silently biased towards him.

The previous whip was entirely because he wanted to test Yu Sheng’s strength, and it was within his expectation that Yu Sheng could escape.

Immediately after Lei Yuan wielded nine thunder whips, his speed accelerated. Although he was very fast for the rest of his life, he was also an individual. After all, he suffered a few strokes.

With the whip hitting his body, Yu Sheng’s body seemed to be half hit by lightning and had a short-term paralysis effect, and this time was a good time for Lei Yuan to make a move.

One whip after another, Yu Sheng’s body quickly became scarred, and Lei Yuan was very satisfied with this situation.

With a cold snort of disdain, Lei Yuan said contemptuously: “Before you were able to survive from the Five Thunder Talisman, I thought you had a lot of abilities, but now it’s nothing more than that. What about the realm? Isn’t it in my hands today?

With such strength, I dare to let my Thunder Sect go back to the hidden door, and also humiliate me, now I will let you die! ”

As soon as Lei Yuan’s words fell, he even took out a few talismans from his sleeves and threw them into the sky. Soon the talismans spontaneously ignited in the sky, followed by dark clouds in the sky and strong winds.

Just as the real estate business was going on that day, the nine thunder whip held by Lei Yuan also changed, and the thunder whip turned purple, which gave people a very fearful feeling at first glance.

“This is the Nine Thunder Whip that absorbs the power of the thunder and lightning. It is the strongest weapon of the gods. You, a young man who knows no good or bad, can die under the Nine Thunder Whip. It is also your blessing.” Lei Yuan said very intentionally, and then waved it. The purple nine

thunder whip hit Yu Sheng's body.

Seeing that Yu Sheng didn't even want to hide at all, the smile on Lei Yuan's face became thicker. The power of this whip was not stronger than before, and he could completely waste the rest of his life if he didn't hide those whips.

Seeing that the whip was about to fall on Yu Sheng, Yu Sheng lifted the right hand and held the Nine Thunder Whip in his hand. When Yu Sheng came into contact with the nine thunder whip, the lightning flashed on his hand and arm, but he looked like Like a messy person.

Lei Yuan was stunned, staring blankly at the scene in front of him, shocked to speak, the nine thunder whip in his hand was almost pulled by Yu Sheng.

"How is it possible? How can you come into contact with Nine Thunder Whip, aren't you afraid of the powerful thunder and lightning power above? You dare to grab it with your hands!" Lei Yuan said in disbelief, his face full of shock.

A joking smile appeared at the corner of Yu Sheng's mouth, and he pulled the Nine Thunder Whip with a force in his hand, glanced at the Nine Thunder Whip in his hand, and threw it on the ground.

"You don't think that you can really kill me? The reason why I killed the three elders of the Thunder Sect and still dare to stay here is to wait for you to find the door!" Yu Sheng said domineeringly, with a certain tone of voice. Despise the momentum of the world.

At this time, Lei Yuan was already pale with fright. Even under the gaze of the disciples of the Thunder Sect, it would be difficult for him to maintain the aura of the lord of the sect, and his fear for the rest of his life reached a peak.

After struggling for a while, Lei Yuan still asked the question he most wanted to know: "You...how did you do it?"

Chapter: 1146

When the Nine Thunder Whip was not strengthened by lightning, Yu Sheng was clearly cleaned up by him. After strengthening, he should be able to deal with Yu Sheng easily! How could it become like this? Yu Sheng didn't intend to conceal Lei Yuan, after all, he still has one thing to do, let him know how good he is.

"In the beginning I was beaten by you because I didn't want to hide. I wanted to try how powerful the Nine Thunder Whip is. I tried it but it was just like that. It's very tickle, otherwise you think you are. Can you meet me?" Yu Sheng said contemptuously.

For the rest of his life, he didn't boast about the big sea. Surviving the Five Thunder Tribulation before, brought unprecedented benefits to Yu Sheng, giving his body anti-thunder properties, so he also wanted to see if these nine thunder whips could also be used. in this way.

After trying it, I discovered that there is no effect at all. If you want to add your own physique, you need to encounter more powerful power for the rest of your life, provided that you can survive!

Lei Yuan, who has nine thunder whips, can basically crush him for the rest of his life, who is also in the realm of great masters. This is the gap in the internal power technique, the gap between the two of them.

As the Sect Master of the Hidden Gate, Lei Yuan manages the large and small matters of the Sect. The reason why he can reach the Great Master Realm is also dependent on the sufficient spiritual power of the Hidden Gate.

The rest of his life is different. Although his strength has been raised to the level of the great master in a short period of time, he faces a much stronger opponent every time, and has experienced difficulties

and escapes several times. Such strength.

Not to mention the disparity in the internal power technique, just the actual combat experience, the rest of his life will be able to easily crush Lei Yuan.

After the two played a few moves, Lei Yuan had already fallen into the wind and had no room to fight back. The rest of his life took advantage of the victory to catch Lei Yuan's neck.

At this time, Lei Yuan had closed his eyes in resignation.

Yu Sheng raised his hand and tapped a few times on Lei Yuan's body. Lei Yuan only felt that the internal force in his body was passing, and the speed was extremely fast. He had no way to stop this situation. In about a few minutes, Lei Yuan felt that he had no internal strength in his body, and his body was also limp like an air-deflated balloon.

Lei Yuan was limp on the ground, unable to exert any strength on his body. Looking at Yu Sheng, Lei Yuan asked with a weak voice, "You...what did you do to me?"

Yu Sheng smiled coldly and said: "If your internal strength is abolished, you will no longer have the possibility of cultivating internal strength, just like an ordinary person."

Lei Yuan had cultivated for fifty to sixty years before he reached the realm of a great master. He didn't expect to be ruined so easily by a young man now. This was even more painful than killing him.

"Why are you doing this? You killed me! You kill me if you have the ability!"

Lei Yuan screamed with his throat and exhausted all his strength, but it was of no use at all. Yu Sheng just looked at him with a smile on his face.

"How could I kill you like this? Let your Thunder Sect surrender all the companies that occupy the Bai family, and then honestly return to the hidden gate and just say something to the person with the most authority in your place.

From now on, I will live in the secular world for the rest of my life. If those people at the Hidden Gate are doing mischief, don't blame me for killing them all!" Yu Sheng said coldly.

"Even if you abolish my martial arts, do I have to help you? I would rather commit suicide than help you spread the word!" Lei Yuan looked at Yu Sheng with spiteful eyes.

Yu Sheng seemed to have expected Lei Yuan to say this a long time ago, so he looked at the Thunder Sect's disciples and said, "I don't have any opinion on the point that Lei Sect Master's character should be strong. If you don't care about these hundreds of Thunder Sect's As far as the children are concerned, you can please."

Yu Sheng's words undoubtedly pinched Lei Yuan's soft underbelly. The heart that still wanted to die could only be suppressed, and he took a deep breath. He knew that he had been pinched by Yu Sheng and had any room for resistance.

Although there are hundreds of people in the thunder congregation's younger brothers, their highest strength is only in the middle stage of the grandmaster. In Yu Sheng's eyes, it is not enough to see them. It is easier to crush them than to crush an ant.

"Okay, I promise you!" Lei Yuan said helplessly.

Chapter: 1147

At this time, the disciples of the Thunder Sect realized that their suzerain was defeated by a young man, and it looked like he was very heavy.

Thunder Punishment is the strongest among the Thunder Sect's disciples. At the age of twenty-five, he has reached the mid-level of the Grandmaster Realm. He is the son of Lei Yuan and the most promising young man in their Thunder Sect.

Lei Xing ran quickly and helped Lei Yuan, who was limp on the ground, up, and asked with a look of concern: "Father, what's going on with you, did this man use any conspiracy against you? Or else he How could it beat you?"

The young man in front of him looks about her age. He is already a very talented person, and he is only at the mid-level of the Grandmaster Realm. When he is usually discussing with Lei Yuan, he can even handle every trick he does. If you can't go on, let alone Lei Yuan is defeated with nine thunder whips in his hand?

Lei Yuan sighed and said nothing, he only felt that his old face had been lost, and there was no point in saying anything.

Seeing that his father was not speaking, Lei Xing thought he was right, so he asked Yu Sheng angrily:

"You villain, even those shameful conspiracies and tricks were used against my father.

Don't think that you hurt my father. There is no other person in my Thunder Sect who can deal with you. Today, let you see how good I am!"

Lei Xing wanted to attack Yu Sheng as he said, he didn't believe that this young man could defeat himself if he didn't use conspiracy tactics.

When he was about to make a move, he was dragged by his clothes behind his back. He turned to see that it was his father Lei Yuan.

Lei Xing asked incomprehensibly: "Father, what are you doing? Whatever you say today, I want to teach this brave guy a good lesson!"

He slapped his face as soon as his words fell.

Thunder Punishment covered his face, looked at his father in disbelief and asked, "Father, I just want to speak out for the Thunder Sect. Is it possible that he bullied us like this?"

"Bastard! Do you think your strength is really enough in her eyes? People defeated me with his own strength, not a conspiracy, if you don't listen to advice like this, in the future I don't have your son!" Lei Yuan said angrily.

If he hadn't stopped Thunder Punishment just now, maybe Thunder Punishment is already dead, and even the hundreds of disciples of Thunder Sect will be affected.

The strength of the rest of his life was terrifying, and it was not something that the Thunder Sect could contend with. Perhaps the only elder of the Song family who could clean up this young man was the elder of the Song family.

"Remember what you promised me and tell the people at the hidden gate that I will give them a month for the rest of my life to return all the companies they occupy. Be an honest person.

If I don't follow these rules, I will come here one by one for the rest of my life. A month later, I will hold a ring for the rest of my life in Shangjing, when you can challenge me!" Yu Sheng said domineeringly, with a tone of contempt for the world.

In this battle, Yu Sheng understood a truth. Only when the strong were in crisis, he could improve his own strength faster.

So this time he has to challenge the entire hidden gate, on the one hand, for these people in the secular world, on the other hand, to improve his own strength.

Because Yu Sheng didn't know the people in the Doomsday Prison knew if Yu Zhongtian would send a stronger person back to him after he escaped. At that time, no one would be able to protect his weak strength, so Yu Sheng thought eagerly. To improve their strength.

After solving the Thunder Sect, Yu Sheng came to Wang Zhuangshi, patted him on the shoulder, and said, "I've said that I'm going to mess with me before, let's go!"

Chapter: 1148

Wang Zhuangshi was still in shock, there was no reaction at all, he was stunned for a while before he recovered, looking at the rest of his life standing in front of him as if he was looking at a monster. After swallowing, Wang Zhuangshi asked, "Brother Yu, who are you and why are you so good? Originally I thought I knew you well, but after this incident, I found that I treat you all the same way. I don't know, and I said I want to mess with you..."

Yu Sheng smiled and deliberately teased: "Why, do you think I am too complicated? Or do you regret it?"

Wang Zhuangshi shook his head quickly, sighed a long sigh, and waved all the wild thoughts in his head back.

"I just think you are quite powerful, much more powerful than those gods. I really don't know what a waste like me can do for you by your side?"

Yu Sheng smiled calmly and said: "I like your cooking skills. Will you come to my house as a chef in the future? You can just mention the salary."

"This is naturally not problematic. I may not be confident about other things, but I am serious about cooking!" Wang Zhuangshi confidently patted his chest and assured Yu Sheng.

After solving the Thunder Sect's affair, Yu Sheng planned to return to Qiancheng to accompany his father and son well. The phone rang as soon as he arrived home.

I took it out and saw that it was the call from the old man Bai. The rest of my life didn't answer the phone and knew that he had come to thank him. It seemed that the people of Thunder Sect had already returned all the properties of the Bai family.

"Yu Sheng, thank you for what you did for the Bai family this time. If there is anything I can help with in the future, please mention it. As for the Xu family, I promise not to target them again." Old man Bai was grateful over the call. sound.

"This matter is just a matter of effort for me, and there is no need for Mr. Bai to do anything. Magnolia is not by your side to take care of you. I hope your elderly will take care of your body." Yu Sheng said.

As soon as his voice fell, the call came from Mr. Bai with a heavy sigh: "Perhaps it was really my Bai family who blamed you before. As for the investment in the science and technology park, my family is willing to continue to invest 30 billion yuan. ."

The wedding was not successfully held that day. The Bai family divested 30 billion. Now Yu Sheng helped them take your hands to take the Bai family back. For the Bai family, they have the grace to rebuild. The only thing the old man can think of.

"No, the fund on the science park has always been normal, and there is no need for a lot of money for the time being.

As for Magnolia, please help me to tell her and let her take good care of herself. He is a very good girl, and I won't have this blessing for the rest of my life. "Yu Sheng said lonely.

After this incident, the strength of the father's heart for the rest of his life is something ordinary people like them have no way to imagine. If they can marry their granddaughter to such a person, then his Bai family will be equivalent to having a strong backing. Don't worry about the Bai family's fall.

The reason for the withdrawal at that time was because the old man Bai felt that he had been refuted and humiliated in public, and he was only angry for a while. Now I feel a little regretful thinking about it. Even if Yu Sheng had divorced and had a child, let alone one child, it didn't matter if there were two, even if it was three wives and four concubines, now Grandpa Bai wants to drive, as long as his granddaughter can be by Yu Sheng's side, That is the great blessing of the Bai family.

When he wanted to say something, Yu Sheng had already hung up the phone, and the old man Bai could only give up.

Go to Beijing.

Mo Tianzong.

In a manor with a magnificent decoration like a royal palace, the young man sitting in the main seat grabbed the cup on the table and slammed it to the ground.

“Are you all from the Thunder Sect? A few hundred people still can’t deal with a young man in his twenties in the secular world. It really loses our hidden face to talk about it.”

Seeing Song Hao’s anger, Lei Yuan, who was kneeling on the ground, couldn’t wait to bury his head in the soil. He was just an ordinary now, and the skin stabbed by Song Hao’s body was aching.

“Although he is only in his twenties, his strength has reached the realm of the early days of the great master, and the exercises he cultivated are very magical. I can’t stick to the ten tricks in his hands. The most important thing is He is immune to thunder and lightning, so I really can’t do anything at all!” Lei Yuan said helplessly.

Listening to Lei Yuan’s words, Song Hao didn’t believe it at all. The secular world simply doesn’t have the spiritual energy needed for cultivation. Where can he be strong even after he has cultivated his internal strength?

In the realm of a great master in his twenties, he would never believe this kind of nonsense, and the mysterious technique ignores thunder and lightning. These are simply nonsense.

Looking at Lei Yuan, Song Hao felt that it was a waste spicy chicken that was useless at all, a trace of killing intent flashed in his eyes, and he slapped Lei Yuan’s head directly.

boom!

In a flash of blood, Lei Yuan’s head was directly exploded by the palm of his hand, and the ground was red and white.

“Come here, clean up here.” After the command, Song Hao turned around and left without looking.

Chapter: 1149

“Dad, these days when you were away, grandpa taught me a lot of things, and I will show it to you now!” Xiao Shui said braggingly to Yu Sheng.

Yu Sheng nodded and smiled: “Okay! Dad also wants to know what grandpa taught Xiao Shui?”

Xiao Shui stood up from the sofa, the expression on Xiao Shui’s face became serious, and immediately began to raise his fists, every move looks decent, but Xiao Shui is still too young to play. The momentum in the punch and hair.

These moves are not unfamiliar to Yu Sheng. This is the unique boxing technique of the Yu family, but he also practiced it when he was a child.

As the eldest young master of the Yu family, Yu Xuan should naturally study too, but at that time he was spoiled and couldn’t bear the hardship, so Li Hongsu didn’t let him learn.

“Dad, Xiao Shui is only six years old now. Wouldn’t it be too early for him to touch these at such a young age?” Yu Sheng asked Yu Zhongtian.

Yu Zhongtian waved his hand indifferently, and said: “Xiwu must be taken from an early age, and Xiaoshui is already six years old. It’s time to learn something, otherwise he would suffer from fighting with other children. Cry!

Besides, in the past few days, I think Xiao Shui’s potential is not worse than yours! If you start learning from a young age, you might be able to surpass you by then! ”

For the rest of his life after listening to this, he didn't know what to say. His father had just come back and he should have followed his father's wishes, but he had never considered Xiaoshui's martial arts. If he was allowed to take the path he was taking, the road in the future would be difficult and dangerous, and he might even encounter fatal danger anytime and anywhere.

For the rest of his life, I just want Xiao Shui to live a carefree life like other ordinary children, acting as his big tree to shelter him from wind and rain.

Yu Zhongtian seemed to have seen Yu Sheng's thoughts, and said a little displeased: "What? Is it possible that you have to protect him for the rest of your life?"

"This..." Yu Sheng was still a little hesitant, not knowing how to choose, so he set his eyes on Xiao Shui and touched her head, and asked: "Xiao Shui, do you want to learn martial arts?"

Xiao Xiaoxia consciously glanced at Xu Qianqian, who was sitting aside with a gentle smile on his face, and said with certainty: "Yes, I want to learn martial arts, so I can protect my father, grandpa, and sister in the future."

Listening to Xiao Shui's innocence, Yu Sheng didn't know what to say. Since his father agreed, Xiao Shui wanted to learn martial arts, so let him learn it!

I can protect him for a while, but he cannot protect him for the rest of his life.

"Xiaoshui must study martial arts hard to protect grandpa in the future." Yu Zhongtian touched Xiaoshui's head lovingly, then looked at Yu Sheng and said with a serious face: "Come to the study with me."

Yu Sheng didn't know why Yu Zhongtian was suddenly serious, but his intuition told him that there must be something very important, and his heart started to think about this.

After closing the door of the study, Yu Sheng asked Yu Zhongtian, "Dad, what's the matter?"

Yu Zhongtian looked at the garden outside the villa through the glass from the window of the study room.

"In the days I spent with Xiao Shui, I found a problem. Xiao Shui didn't seem to like Xu Qianqian and seemed to fear her very much. Moreover, I think this woman is not as simple as it seems on the surface. Deep!

If you can, Yu Yue can avoid it. Don't grow up next to her. It turns out that I don't want to care too much about your affairs, but this matter is related to Xiaoshui, so I just said this. "

Yu Sheng listened very seriously. In fact, he also vaguely felt that Xiao Shui didn't like Xu Qianqian. Yu Sheng also specifically asked Xiao Shui and Xu Qianqian if there was any problem, but Xiao Shui hesitated, he didn't say anything. There is a way.

As for Yu Zhongtian's saying that Xu Qianqian had a deep heart, she knew it for the rest of her life, but what did she say to give birth to a daughter, she couldn't drive both of them out, right? This is too unhuman.

"Dad, I know." Yu Sheng replied. He knew that his father had specifically called him into the study not for this simple matter, and there were definitely more important things.

At this moment, Yu Zhongtian suddenly turned his head and said with an extremely serious expression: "Yu Sheng, I have been here for a while, and there is one more thing I must do."

Chapter: 1150

"It feels good to accompany Xiaoshui to eat and play these days, but it is not what I am after. My current strength is far from enough. I want to know what exists above the realm of the great master. ."

Yu Zhongtian's eyes were full of longing. He has been pursuing martial arts all his life, so he is destined

to have no way to live such a stable life.

“Dad, you have just come out of the doomsday jail, and your son still has no filial piety by your side. Otherwise, you can stay for a few more days and accompany Xiaoshui well. Can Yu Yue, okay?” Yu Sheng said to stay. .

These days, Yu Zhongtian and Xiao Shui had a deep feeling between them. If he left without saying goodbye, Xiao Shui would be very sad, thinking that Yu Zhongtian’s heart was a little shaken.

Yu Sheng clearly captured the subtle changes in Yu Zhongtian’s expression, so he struck the iron while it was hot and said, “Dad, Xiao Shui has never experienced the happiness of grandpa by his side.

I know that you have pursued martial arts all your life. If I want you to stay in this home for another month, one month will be enough. ”

Yu Zhongtian sighed helplessly, and finally agreed to Yu Sheng’s request.

In the evening, Wang Zhuangshi deliberately cooks a table of meals. Although the presentation is not as gorgeous as the restaurant, the taste is needless to say.

After Song Wanwan ate a piece of braised pork, she licked the soup at the corner of her mouth contentedly. The lingering fragrance in her mouth made her memorable. Then she suddenly opened her eyes and looked at Wang Zhuangshi with surprise, and asked urgently: ” Brother Wang, how do you make this dish? Will you teach me later?”

Wang Zhuang actually saw a big beauty who looked like a fairy talking to him, her face flushed with shame, and scratched her head nervously. Then he said, “If you want to learn, I am of course willing to teach you.”

Seeing Wang Zhuangshi’s agreement, Song Wanwan was full of excitement, and immediately looked at Yu Sheng with a pair of winking eyes, and said softly, “Master, I will make it for you when Wanwan learns.”

Yu Sheng was a little helpless and could only respond at will. It seemed that there was no way for Song Wanwan to change the title of Master.

Xiaoshui has Yu Zhongtian to take care of him, and the rest of his life has time to visit the Science Park. When I came to the Science and Technology Park, there were still a lot of people on the elevator side.

For the rest of my life, I was planning to take the second elevator. At this time, a takeaway came.

“Sir, can you do me a favor? I have another order that is about to be overtime. Can you send me to the eighth floor? Please.”

Because of the rushing back and forth, coupled with riding an electric bike in the summer of 30 or 40 degrees, the head of the delivery staff was hot and sweaty, and even the clothes were about to be soaked with sweat.

Seeing the takeaway looking at him pleadingly, Yu Sheng finally had the heart to refuse. After all, he was also going to the eighth floor, so he had to help her on the way.

“Okay, I’ll go to the eighth floor anyway.” Yu Sheng said the result, and the deliveryman was carrying the lunch box in his hand.

Seeing that Yu Sheng was really willing to help himself, the takeaway brother thanked Yu Sheng and was anxious to send an order.

At this time the elevator opened again, Yu Sheng walked into the elevator carrying the takeaway, and soon the elevator opened when it reached the eighth level.

Yu Sheng looked at the name on the takeaway, and asked, “Who is Xu Qian?”

Yu Sheng called out the name and found out where he seemed to have heard it, and for a while, he couldn’t remember it.

At this moment, a man in a suit and glasses came over and walked in front of Yu Sheng and didn't have the first time to take the takeaway away. He picked his eyes with his fingers and looked carefully. For the rest of his life.

"Yo! Isn't this my old classmate for the rest of his life? Long time no see!"
