

## Dont mess 1251

### Chapter: 1251

After knowing the real life of this nihility, Yu Sheng didn't have to leave alone, but found Xia Miaomiao and took her along.

This poor little girl has been trapped in this place for so long, and has gone through so much pain and torture. Her appearance can save her from this place.

Following the route Xiao Ningyu said, Yu Sheng quickly found the door of Liu Qun's house, and Yu Sheng grabbed the doorknob and pressed it.

瞬息!

The door opened, and a light came through the crack of the door. Seeing Yu Sheng felt distressed, he came out, and finally came out!

Xia Miaomiao behind him also showed a happy expression, and immediately ran out of the door in front of Yu Sheng, her smile on her face solidified when she saw the scene in front of her.

For the rest of his life, he also came out, and only then found a different place, that is, a corpse hung at the entrance of the corridor.

"I still haven't come out, or I'm still trapped in this place! I want to go out, please don't trap me in this place, okay, please take me out!" Xia Miaomiao saw the one hanging from the corridor. After the corpse, the mood collapsed again.

Immediately after Xia Miaomiao was irritated, she ran upstairs, even if she called her from behind for the rest of her life, she didn't even turn her head back.

For the rest of her life, she was a little speechless, so Xia Miaomiao was very pitiful, but it was annoying that she was not obedient at all.

Looking at the corpse hanging not far away, I felt familiar for the rest of my life, but I couldn't tell where I was familiar. Then my eyes fell on the clothes that the corpse was wearing.

"Why does this dress look so familiar?" Yu Sheng murmured, looking down at his pants, only to find that the hanged corpse at the entrance of the corridor was exactly the same as the clothes he was wearing, and it was also seen from the back. Very similar to his body shape.

Recalling what Xia Miaomiao had said before, Yu Sheng suddenly understood that they were still trapped inside. Xia Miaomiao saw her corpse, and Yu Sheng saw her own.

The only thing I don't understand for the rest of my life is that the people of Longhushan can trap themselves in it. Why is there a Xia Miaomiao?

It's hard to achieve that she used her as a bait to attract oneself in. Even if there is no Xia Miaomiao, as long as the mysterious person in Longhushan sends himself a text message to let himself in for the rest of his life, he will not hesitate.

Unable to figure out the reason, Yu Sheng didn't bother to think about it. As long as he figured out a way to get out of this place first, it would not be too late to ask the person who found Longhushan afterwards.

Yu Sheng walked towards the corpse at the entrance of the corridor. The corpse was turned back to him. He reached out and grabbed the corpse's foot. Just when he touched it, Yu Sheng had a strange feeling for the rest of his life, but he couldn't tell.

Probably he felt his corpse hanged at the entrance of the corridor by himself, and wanted to turn him around.

The corpse slowly turned around. Even though Yu Sheng had been mentally prepared for a long time, he

still couldn't accept it when he really saw the scene.

The same look, the same clothes, the only difference is where the corpse was hung, and the eyes are bright red. The moment the corpse turned around, his red eyes stared straight at the rest of his life.

Don't even mention the atmosphere. How weird.

Yu Sheng walked two steps to the left, and the red eyes of the hanging body stared directly at Yu Sheng, no matter where he went, those eyes kept staring at him.

Now Yu Sheng finally understood why Xia Miaomiao's emotions collapsed so much. An adult in her twenties was a little scared to see this, let alone a 17-year-old girl who had never seen the world.

After all, the rest of my life is not afraid of the corpse hanging in the corridor. If someone else's corpse may be ignored for the rest of his life, but it looks exactly the same as my own, and looks at each other as if looking in a mirror, it would be a bit scary.

This is not as horrible as the most terrifying, there is more than one corpse, there are a total of thirty-two such hanging on the sixteenth floor for the rest of their lives.

## **Chapter: 1252**

The person who can make this formation is sinister enough. In this case, he wants to put people in Liu Qun's room, so he won't let him go.

For the rest of his life, he had to do the opposite. In this case, he might be able to get out of this formation. I don't know how Xia Miaomiao is now.

Since she is going up, then go down by herself, maybe she can find a way out by mistake.

After thinking about it, Yu Sheng glanced at the corpse hanging at the entrance of the corridor and started going downstairs, but the hanging corpse would touch Yu Sheng's shoulder when he went downstairs, and there was no way to avoid this situation.

Every time I touched Yu Sheng, I felt a chill in my back. In order to prevent the corpses from touching myself, Yu Sheng deliberately bent over and walked, but it didn't have any effect.

No matter how hard Yu Sheng's waist bends, the corpse's feet can still accidentally touch Yu Sheng's shoulders.

Since there is no way to avoid this situation, I will not resist for the rest of my life.

If it were an ordinary person, those who came and went would be tortured crazy, just like Xia Miaomiao's emotions had basically collapsed.

The rest of my life was okay, but I was a little uncomfortable. I had already arrived on the first floor unknowingly. I didn't know how many pairs of red eyes were staring at me during the process, and how many toes touched my shoulder when I went downstairs. .

Seeing the door leading to the outside, Yu Sheng walked over quickly, but the door couldn't be opened.

For the rest of his life, he tried many methods, and even if it was shaken open with internal force, it was of no avail. The door was harder than the copper wall and iron wall.

Since you are in a big formation, you can find a way to break this formation. External forces have no effect.

After understanding this truth, Yu Sheng inspected the surrounding environment, there was nothing but stairs, and the original location of the elevator became a wall.

There was no way for the rest of his life to glance at the corridor with the corpse hanging. Although there was a thousand in my heart, why I didn't want to go up from this place, but there was no other way to go up.

When going up, it's different from when going down. When going down, the toes of those corpses will

touch Yu Sheng's shoulders. When going up, Yu Sheng still needs to move the feet of those corpses aside with his hands, otherwise he will touch him. Head.

When I came to the second floor, Yu Sheng wanted to see if other rooms could be opened. After a try, it did not open, just like the door below.

Trying layer by layer, Yu Sheng came to the ninth floor where Liu Qun was located. Only his door could be opened. No wonder Xia Miaomiao was wandering around in his home!

Otherwise, there is no other place to go!

Pushing open the door of Liu Qun's house, what the rest of his life saw was the nihility, and if he went in now, he would still be trapped in the formation.

If you stay outside, there are rows of corpses that look exactly the same as yourself, as well as bright red eyes that are about to drip with blood, staring straight at him.

It is not difficult to choose between the two. Those who are close to the tolerance will choose to hide in Liu Qun's house. It is just like this, the more Yu Sheng feels that the rows of corpses at the entrance of the corridor are the real break.

After closing the door, Yu Sheng came to a corpse again. He had just passed, and the red eyes of the corpse stared directly at Yu Sheng.

For the rest of his life, he was a little bit horrified by that strange stare, even if he didn't look at those eyes, he knew it was staring at him.

Yu Sheng relied on the courage to search for clues on the corpse. After searching for a while, he still couldn't find anything, Yu Sheng took off the coat he was wearing on the corpse.

Sure enough, when the jacket was taken off, Yu Sheng looked at a piece of yellow talisman paper pasted on the back of the corpse, and Yu Sheng couldn't understand the things painted on it.

### **Chapter: 1253**

If you don't understand what is painted on the front of the talisman, Yu Sheng plans to take off the talisman to see if it is the painting by the group of people in Longhushan.

Because the corpse was hung a little high, Yu Sheng needed to lift his foot slightly to remove the talisman, touch the talisman with his hand, and Yu Sheng directly peeled the talisman from the back of the corpse.

The talisman had just left the corpse, and in the next second the corpse fell apart into a lot of corpses, each of which was only half the size of the rest of his life's palm.

Just like that, the corpse fell, and the ground was instantly red with blood. Even people who were not afraid of things like this for the rest of their lives were scared to take two steps back.

The mental shock of the scene that just happened was so terrible. It was terrifying to watch someone who was exactly the same as yourself hung there. When I saw myself being divided into corpses of the same size, I fell down. A spot of bright red on the ground.

Yu Sheng calmed down for a while and then turned his gaze on the rune paper. Looking at the rune in front, he couldn't see anything famous.

The only thing that can be determined now is that the clues are on the corpses hanging at the entrance of each corridor.

Ordinary people are so scared to see their corpses hanging at the entrance of each corridor, and even people like Xia Miaomiao who are already dead are forced to have a nervous breakdown.

What the people in the formation want is that those trapped inside dare not touch the corpse, so that those people will always be trapped inside.

Yu Sheng is an exception. Although those corpses have brought a psychological shock to Yu Sheng, these are things Yu Sheng can overcome.

After finding the clues, Yu Sheng walked down layer by layer, taking off the coats of each corpse hanging at the entrance of the corridor. As expected, there were talisman paper behind them.

Yu Sheng took off the talisman paper behind them one by one, and then they turned into corpses and fell on the ground as before.

Having seen this scene once, Yu Sheng was psychologically prepared and not so scared. He kept coming downstairs from the ninth floor, but there was still no clue.

When Yu Sheng was back online, the corpse at the entrance of the corridor was gone, and the bright red patch on the ground was gone.

When I saw this, I was overjoyed. Since the bottom is not an exit, it is very likely to be above.

I thought that Yu Sheng had quickened his pace here, and unknowingly Yu Sheng had solved the corpse on the fifteenth floor and was ready to climb up.

Waiting for him this time is not a corpse that can be hung on the wall for him to slaughter. Those corpses are all standing in a row, a full thirty-two directly blocking the path of the rest of his life.

Thirty-two people who are exactly the same as you stand there to give a different visual impact for the rest of your life. If you want to go out, you must get rid of these people.

Yu Sheng had just stepped forward two steps. Those corpses who had been standing still saw Yu Sheng and they moved too. Like Yu Sheng, they only moved two steps and stopped.

Feeling something was wrong, Yu Sheng raised his head and shook in front of them, and those people also raised their hands and shook in front of them.

There was a chuckle on Yu Sheng's face. The people who set up the formation wanted to use this method to make themselves out of trouble!

Since he can imitate his own actions, it is impossible for him to have the same ability as him. If this is the case, it is simply impossible for a person to deal with a group of himself.

Yu Sheng tried to slap a corpse. In order to prevent the corpse from having the same ability as him, Yu Sheng deliberately used a very light force.

Immediately after thirty-two lives, he slapped Yu Sheng with a palm. Even though his strength was light but could not bear the advantage of a large number of people, Yu Sheng was beaten a few meters away by their palm.

If Yu Sheng had just shot with all his strength, those thirty-two people who had come over to themselves with such a crisis would be killed on the spot for the rest of their lives.

Those corpses didn't learn to step back a few meters for the rest of their lives, and stood upright in a row as before and blocked their way.

For the rest of his life, he got up from the ground in embarrassment. Those corpses still had nothing to learn from him. Is it possible that they don't imitate themselves now? The rest of my life thought.

So he stepped forward two more steps, until the corpses moved again when they were nearly five meters away.

#### **Chapter: 1254**

Since those corpses have the same abilities as him, it is very likely that they also have the same weaknesses as him.

Weaknesses, Yu Sheng can't figure out what kind of weaknesses he has. For the present, he can only get out of this place by defeating himself.

Thinking of the talisman paper on the back of the corpses in the corridor, Yu Sheng wondered if there would be talisman paper behind these people, and it would be fine to tear it off as before.

Yu Sheng thought about it and came to a corpse, and then he was surrounded by a group of his own corpses.

Although a little uncomfortable, Yu Sheng restrained the weird feeling in his heart, and immediately went to save a corpse as soon as he gritted his teeth.

The feeling of holding oneself for the rest of my life After so many years, I felt it once again this time, not to mention how unpleasant it was.

He had just hugged a corpse, and the other thirty-one were also hugged towards Yu Sheng. The rest of his life was hugged in it. He had no way to move around, almost no way to breathe.

Resisting the uncomfortable feeling, Yu Sheng put his hand into the man's coat and touched it, and did not feel the existence of talisman paper.

Immediately after that, the corpse in that position was rubbed on Yu Sheng's body for a while, and the rest of his life was frightening!

This is the first time I have eaten tofu in my twenties. I don't know where to go for a reason!

Since it can't find the existence of talisman paper, it is more difficult to do. Only by defeating all these people can you get out.

For the rest of his life, thinking about his own weaknesses desperately, and finally thought of the weaknesses that all men have, which is also the most feared thing.

That's where the kick is. It is said that the pain from there is more painful than a woman's childbirth. I have never felt it for the rest of my life. If you use that method here, it will be 32 times the damage.

In this case, even if he is immortal, he will be abolished. For the rest of his life, he does not want to be a whole-life invalid like Zuo Wenyu.

I really can't think of any other way. I can only try it out for the rest of my life. I have internal force to make a ruler measuring 20 or 30 centimeters.

When you reach the realm of a great master, you will be able to make your own internal forces have the ability to phantom shadows, just like the golden shadows in your palms when Yu Sheng fights with people.

When he was a child, Yu Sheng had been practicing martial arts with his father Yu Zhongtian. At that time, Yu Zhongtian was more strict with Yu Sheng than Xiaoshui.

Every day for the rest of my life, a few years old must get up at five o'clock in the morning to exercise. If you are lying in bed, you will be beaten by those who are Yu Zhongtian.

If things go on like this, for the rest of his life, even if he sees the ruler in his hand, he is still a little scared, as if he can imagine the scenes that happened when he was a child.

For the rest of his life, he was able to use his internal force to change the ruler, but those corpses that were exactly the same as him did not have this ability.

Yu Sheng took the ruler and walked over. When they reached a place five meters away from them, the corpses no longer imitated Yu Sheng and walked forward, but stepped back with some fear.

Sure enough, even if he has the same ability, he still has some inherent fear of this small thing like a ruler.

Without wasting time for the rest of his life, the corpses were pushed aside by the ruler held in his hand, and the corpses were exposed through a door leading to the rooftop.

The door blocked by so many corpses should be the exit to the outside! Since he was about to go out, Yu Sheng hurriedly took back the changed ruler.

If someone saw him as a master at the realm of a great master, he wouldn't be afraid of anything but he would be laughed out of his teeth when he was a ruler.

Yu Sheng just opened the door, and a red phantom floated out ahead of him. This phantom was not someone else, it was Xia Miaomiao.

"I'm free, I'm finally free! Hahahahahaha..." Xia Miaomiao said excitedly, then burst out laughing.

## **Chapter: 1255**

Being able to get out of that ghost place, Yu Sheng also felt relieved, but it was a little scary to laugh like Xia Miaomiao.

After thinking about it, he himself only spent a few hours in this place, but Xia Miaomiao stayed for so long, and it was normal to be happy.

Yu Sheng left, patted Xia Miaomiao on the shoulder and said with a smile: "Okay, you are also out, do you want to take a look at your family again? Or should I send you to reincarnation now?"

"Reincarnation?" Xia Miaomiao said and turned around slowly. The innocuousness on her face disappeared, replaced by a weird smile.

"Are you kidding me for the rest of your life? I was reborn? Hahahahahaha!" Xia Miaomiao smiled incredibly freely, and then a layer of black air burst out of her body and enveloped her.

After Yu Sheng saw this scene, he felt that something was wrong, and after a few steps back quickly, he didn't even think that Xia Miaomiao had a problem.

Xia Miaomiao always gave him a very cowardly image in which formation he was in before, and he was very timid, so he would cry whenever he encountered something.

I never thought that such a seventeen-year-old girl was not that simple at all, she was actually lying to herself.

At this time, Xia Miaomiao's body is still undergoing changes, her temperament is completely different, her hostility has also exploded, and the red skirt on her body has also turned black.

The more I watched for the rest of my life, the more I felt flustered. This kind of change is transforming demons! The Liu Aijuan who was in the Gu's house almost turned the demon before, but she let herself stop it in time, and Yu Sheng knew that this change in Xia Miaomiao couldn't be stopped by herself.

Now even Yu Sheng was stupid and wanted to understand what this happened. He used to think that the Gu family's affairs were strange. It seems that there is someone behind Liu Aijuan's almost turning the scene into the devil.

Now this Xia Miaomiao, the group of people who think of Longhushan let himself come to this place, the rest of his life couldn't figure out the reason for it, but now Yusheng understands it.

The reason why I allowed myself to enter that formation was to let myself release the demons in this formation, and that formation was very likely to be the trapped demons formation.

The reason why the people in Longhushan would act on Xiaoshui was probably because they prevented Liu Aijuan from transforming the demons, so those people wanted to act on themselves.

There is no direct shot against Yu Sheng, just because he is afraid of his strength, so I want to solve him in this way.

"Thank you, Yu Sheng, if you weren't there, I wouldn't have a way to get out of that place, let me think about how I should repay you? Should I just eat your soul or just tear you up? In pieces?" Xia Miao said with a smile.

"I released you from that place. Anyway, I am also your benefactor? I don't ask you to return, but I can't kill me, right?" Yu Sheng said in a negotiating tone.

In the current situation, even if Yu Sheng was in the early stage of the Great Master Realm, he would not give way to those in the middle stage, but it would be somewhat difficult to deal with a demon.

After all, this kind of existence has never been in contact for the rest of my life, and coupled with the records in the Nine Profound Heavenly Scriptures, this kind of thing is very scary and can appear anywhere at will, and the lethality she possesses is not in the realm of his great master. People can compare.

If Xia Miaomiao insists on killing herself, the chance of surviving for the rest of her life is only 20%.

Hearing what Yu Sheng said, Xia Miaomiao seemed to have heard the most ridiculous joke in the world. She laughed loudly, her laughter was strange and harsh, and she wanted to cover her ears for the rest of her life.

“You can really laugh! If it wasn’t for the sake of you letting me out, maybe I would kill you the moment I came out, so why would you tell you so much nonsense?”

At least I let you die now clearly, you should thank me, okay, don’t talk nonsense with you, now it’s your turn to reincarnate. “Xia Miaomiao said, planning to deal with Yu Shengsheng.

### **Chapter: 1256**

Seeing Xia Miaomiao’s expression, Yu Sheng knew that she was going to deal with herself. This was the first time he had dealt with something like a demon.

“Would you like to discuss it? We don’t have any room for negotiation!” Yu Sheng still wanted to continue to delay, and just slip away at an opportunity.

Who ever thought that Xia Miaomiao didn’t care about him at all. For the rest of his life he only saw Xia Miaomiao’s figure suddenly disappeared in front of his eyes, and appeared in front of him the next second, and then for the rest of his life, he felt a pain in his stomach and people flew away. go out. This powerful force directly flew Yu Sheng far away, and it was the first time that Yu Sheng was able to exert such a powerful force with just one punch.

For the rest of my life, I still felt that I had a 20% chance of surviving, but now that chance has dropped to 5%.

The group of people in Longhushan are really sinister, they can’t beat themselves, and they use this kind of crooked way to use demons to deal with him.

Taking Xiaoshui is just a pretense, the real purpose of which is to draw oneself out, and then find a chance to kill him.

Now that I understand that everything is too late, I can only find a way to solve this Xia Miaomiao.

“Why do you have to kill me is impossible? Is there any room for discussion? I have a good thing in my hand. Can I use it as a bargaining chip to let you let me go?” Yu Sheng stood on the ground, clutching his stomach Got up to discuss.

Xia Miaomiao originally wanted to continue to deal with Yu Shengsheng and dealt with him earlier, but immediately became interested when he heard Yu Sheng say this.

“Tell me what is in your hand that can make me spare your life?” Xia Miaomiao said with a smile.

Her smile looked unfathomable, making it hard to see what she was thinking in her heart. If the demon in front of me was exactly the same as Xia Miaomiao in the formation, and Yu Sheng saw her become like this with his own eyes. For the rest of my life, I couldn’t believe that the two were the same person. The gap is too big. Xia Miaomiao in the trapped array looked innocent and harmless. Yu Sheng had thought about all the possibilities, but she had never thought about her problems. This kind of acting skills, coupled with her current expression, Yu Sheng felt like She talked about the conditions, she still

had no chance of surviving.

Originally, I wanted to give Xia Miaomiao the blue crystal I got from Gu's house as a bargaining chip to survive. Now it seems that if I give him that thing, not only will he not survive, but he will also improve her strength, which is not worth the gain.

"Actually, I have a lot of good things. The main thing is that I don't have them with me now. Can you give me some time to let me go home to get them, and then bring them all to honor you." Yu Sheng said with a smile. .

At this juncture of life and death, the rest of my life is too lazy to save face, and I can only see if there are other ways to survive.

"You're playing tricks on me for a long time! I'm going to tear you to pieces, and eat your soul at that time, so that you won't even have the chance to reincarnate!" Xia Miaomiao became angry and she couldn't tolerate lying to her for the rest of her life. .

Yu Sheng didn't think that Xia Miaomiao was angry. Now that there is no use in this situation, I can only think about how to withstand her anger!

Xia Miaomiao's figure disappeared again. With the previous experience, Yu Sheng was very vigilant and carefully observed the surroundings this time, and with the help of Xiao Ningyu, his mental power exceeded his existence in the middle stage of the Great Master Realm.

Even in this way, Yu Sheng still hadn't captured where Xia Miaomiao was, knowing that Yu Sheng felt pain in his shoulder.

His clothes were torn by Xia Miaomiao's claws, and three deep blood stains appeared on his shoulders. The blood left from the scars and soaked the clothes for the rest of his life.

This Xia Miaomiao could directly tear the rest of her life into pieces, but she just wanted to use this method to torture the rest of her life.

Yu Sheng did not show any weakness, and hit the thunder palm at the location of Xia Miaomiao. Xia Miaomiao's reaction was faster than lightning, and he avoided it very easily.

"I wanted to play with you, but now I think you are really boring. I solved you earlier. I want to kill everyone in this city and make it a dead city!" Xia Miaomiao said coldly. write.

This time Xia Miaomiao looked at the position of Yu Sheng's heart, and disappeared in a flash.

Yu Sheng knew that she was really moving, and he knew that he was not Xia Miaomiao's opponent, but he couldn't wait to die.

At this moment, the door to the rooftop was opened, and an old man wearing a Taoist suit came over. Seeing the situation in front of him, he didn't hesitate at all, and the gossip realm in his hands was thrown behind Xia Miaomiao.

## **Chapter: 1257**

"what!"

Xia Miaomiao was smashed behind her by the gossip mirror, and she let out a heart-piercing cry, and looked away from Yu Sheng's body and looked behind her back.

"It's you again a stubborn old Taoist priest, why? Do you still want to trap me in that formation? I will never give you another chance this time. I will tear you to pieces now!"

The black aura on Xia Miaomiao almost covered the entire rooftop. He could tell the direction in the dark for the rest of his life, but in this black aura, he couldn't see anything. There was no difference from a blind man.

Originally, Xia Miaomiao's speed and strength were already against the sky, and coupled with this

ability, this old Taoist priest could not escape.

The old Dao didn't panic sitting on the ground. Since he couldn't see the scene in front of him, he simply closed his eyes, and the flow of Dao power on his body formed a shield composed of Dao destiny.

Xia Miaomiao kept slapping the golden light with his claws, trying to break the shield of the old Taoist priest, and then tear him to pieces.

"The kid, you released this thing, you can't just watch the show there, find a way to cooperate with me to solve her, otherwise we will both die here." The old Taoist said to Yu Sheng.

In this situation, he must work with the rest of his life to solve Xia Miaomiao. Don't look at Xia Miaomiao's current method to hurt him, but this shield won't last long.

"Senior, even if you say there is anything I can do, I will try my best to cooperate with you." I still respect this old Taoist for the rest of my life. If it weren't for him, I might have died in Xia Miaomiao's claws.

Down.

After listening to the conversation just now, Yu Sheng could also understand that the reason Xia Miaomiao was trapped here might be the actions of the old Taoist in front of him.

Help a demon break through this formation yourself. If you really let Xia Miaomiao run away, it would really be the equivalent of harming people in this city. Xia Miaomiao's strength has been seen for the rest of his life, and it takes less than a day to live in this city. It is possible to be slaughtered by her.

The veteran Taoist used a special method to communicate with Yu Sheng, so Xia Miaomiao couldn't hear it at all. She was still slapping the golden light shield vigorously.

"Find a way to lead her downstairs, as long as you bring her to the eyes of the array, and then paste the talisman paper." said the old Taoist priest.

This matter sounds simple, but it's not that easy to do. Xia Miaomiao's skill is very likely to go downstairs and she might be beaten to death.

"Senior, do you have any other ideas? I'm afraid that this method is not feasible! I'm afraid I will be killed by her if I get somewhere!" Yu Sheng said helplessly.

Under Xia Miaomiao's attack, the old Taoist's golden light shield was about to be broken by him. Seeing this situation, the old Taoist was too anxious.

So angrily said to the rest of my life: "I really have lost my eighteen lives. I met you. Last time, to solve her, I almost even got my old life in, trying to do everything possible. I just trapped her in that formation. I didn't think that it was only a week, but it was broken by your kid!

I fucking wanted to kill you, you still dare to make terms with me, and quickly lead her away, or I'll explain it here!"

Listening to the voice of the old Taoist morale, Yu Sheng was a little helpless, it seems that there is really no other way.

Since this matter was caused by oneself, we must take this responsibility and not be able to harm the people in this city.

Taking a deep breath, Yu Sheng said loudly to this Xia Miaomiao: "Xia Miaomiao, I have a half-devil and half evil tears in my hand. I wonder if this thing will let you be our life?"

## **Chapter: 1258**

As soon as Yu Sheng's words were spoken, Xia Miaomiao's movements stopped, and immediately looked at Yu Sheng, and asked: "What are you saying is true? Where is it? Give me the thing faster!"

Xia Miaomiao sneered, looking at Yu Sheng with murderous intent: "You are lying to me again, how could you have such a thing? Do you think it's fun to play me?"

“You really blamed me for this. I really didn’t play you this time. I really have that thing. The blue crystals are very beautiful and they are cool in my hand.” Yu Sheng was afraid that Xia Miaomiao didn’t believe in herself, so she hurriedly did it again. It’s a little bit more detailed.

Listening to Yu Sheng’s words, Xia Miaomiao immediately showed a smile of joy on her face, seeing that this kid really has that thing, if she can get it, it will greatly enhance her strength.

In this case, don’t talk about this small city, even if you occupy a few more cities, no one can deal with her.

“Quickly, give me something like that. If you give it to me, I’ll let you two go.” Xia Miaomiao’s attitude was much better than before, and his eyes were full of desire.

“Will you really let us go? I’m so young and I don’t have enough to live, so don’t lie to me!” Yu Sheng said deliberately.

He was moving slowly while speaking, because Xia Miaomiao wanted that tear, so the black air around him also dispersed.

Yu Sheng was slowly moving towards the edge of the rooftop, because the old Taoist said that the formation that could trap Xia Miaomiao was downstairs.

“That’s natural. As long as you give me that thing, I will let you go now and I will definitely not go wrong. Since I have promised you, can you take that thing out and let me see.” Xia Miaomiao smiled. Said, the attitude of speaking is also very good.

The old Taoist priest on the side believed that Yu Sheng had deliberately lied and tried to hold Xia Miaomiao. After all, the existence of half devil and half evil is rare. He has been a Taoist priest for 80 years and has seen demons. Mo Bansha really hasn’t seen it before.

What’s more is the tears of half evil and half evil. It is a question of whether this kind of thing exists or not. It stands to reason that the dead already have seven emotions and six desires, but have been replaced by the desire to kill, since there is no such thing. How can we shed tears when we have seven emotions and six desires?

Just listened to Yu Sheng’s description of the head being Taoist, even the old Taoist priests thought that this kind of thing seemed to exist.

This kid’s deceptive skills are quite powerful. With this mind, no wonder he can get out of the trapped circle, he is not an ordinary person! The old way is a slander in my heart.

It’s a coincidence that Xia Miaomiao wanted Yu Sheng to take out the tears, and Yu Sheng happened to take it with her. Because of its small size and good-looking, she always carried him with him, otherwise he would not have regarded this thing as before. Bargaining chips and Xia Miaomiao negotiate terms.

“Okay, I’ll show it to you now, but let’s say it’s OK, if I give you something like this, you will let us go.” Yu Sheng emphasized again at last.

Xia Miaomiao nodded impatiently: “Hurry up and show it to me, otherwise I will tear this old Taoist to pieces now.”

“Why the little girl has such a temper? Don’t worry, I will show it to you now.” Yu Sheng took out a small box from his pocket and opened the small box to reveal a crystal clear blue crystal. come out.

Xia Miaomiao’s eyes straightened when she saw the blue crystal, and the expression on her face was full of longing.

Although the old Taoist priest had not seen the tears of half evil and half evil, and he didn’t know if the thing in Yu Sheng’s hand was real, Xia Miaomiao’s reaction would not be deceiving. He didn’t know that the demon was very clear about those things.

Upon seeing this, the old Taoist said badly in his heart. Before he thought he was lying and deceiving Xia

Miaomiao for the rest of his life.

This young man not only released Xia Miaomiao from the formation, but now also took out that thing to enhance Xia Miaomiao's strength. He was really a pig teammate.

"You stinky boy, my grandmother!" The old Taoist couldn't help it anymore, and he yelled at Yu Sheng for a while. If he didn't scold him, he wouldn't have this chance.

## Chapter: 1259

Listening to the insults made by the old Taoist priest, Yu Sheng felt speechless for a while, did this old Taoist who looked like a fairy-style curse open his mouth?

After all, people who are capable should pay attention to their own image!

"Senior, what do you scold me for? The reason why I took this thing out was to save the lives of both of us? Are you still saying that I am not avenging revenge?" Yu Sheng said somewhat innocently.

Xia Miaomiao saw that Yu Sheng looked like he was really planning to give himself what he was holding. For fear that the old Taoist priest would spoil his good deeds, he warned the old Taoist priest.

"You old thing, if I dare to ruin my good deeds, I will kill them now. Don't you not know what is good or bad?"

After threatening, the old Taoist Xia Miaomiao turned to look at Yu Sheng and said with a smile: "Can you give me that thing now? Don't worry, I will definitely let you two go."

With her own speed, Xia Miaomiao was able to snatch the tears from Yu Sheng's hands, but the crystal was so fragile that she couldn't afford to gamble, so she negotiated with Yu Sheng like this.

Xia Miaomiao would kill them all without hesitation when they got the things.

"I promised to give it to you. I won't lie. Come and take it!" Yu Sheng said lightly, and stretched out the hand holding the box.

The old Taoist was speechless for a while, and his heart was extremely disappointed for the rest of his life. He had lived for so many years, and it was the first time he met such a stupid person. Not to mention that this city would suffer the rest of his life.

"Little brother, when you did this, you thought about how many people will suffer if you give this thing to this demon. Do you think you can really survive if you give it to him?"

Not only will you die at that time, thousands of lives in this city will also be affected by you, tens of thousands of lives! Have you ever thought about it? "The old Taoist scolded Yu Sheng angrily.

Xia Miaomiao saw that the old teacher dared to continue to destroy her good deeds, and directly broke the golden light shield that the old Dao was a body protector with force.

The golden light shield was broken, and the only guarantee for the old Taoist priest was in place. Xia Miaomiao had long been grudges against him, and kicked him in the chest with a kick.

Her speed was too fast, the old Taoist did not have any room to resist, he was kicked directly against the wall and then stopped.

When Yu Sheng saw this scene, he sighed helplessly, and said, "Older, we are not Xia Miaomiao's opponents. Since we can't beat her, it's better to submit to her. As long as I give her what I have in my hand, we won't be able to die. NS?"

As for this city's tens of thousands of lives, what does it have to do with us? I'm not a big hero, so I need to care, right?"

During Xia Miaomiao's shot at the old Taoist priest, and the delay in speaking, he has been quietly walking towards the edge for the rest of his life.

In this short time, Yu Sheng had walked several tens of meters, and it was still under the circumstances

that Xia Miaomiao hadn't found it at all.

If he ran over and jumped downstairs for the rest of his life at the beginning, even if he was a great master, it would still be impossible to complete it under the ability that Xia Miaomiao could transfer instantly.

Xia Miaomiao kicked the old Taoist priest, and when he looked back at Yu Sheng, he realized that his position had changed a lot.

While Xia Miaomiao was still thinking about Yu Sheng, what he wanted to do, Yu Sheng jumped off the sixteenth floor.

"Asshole, you dare to fool me!" Xia Miaomiao said viciously, and then disappeared in place.

The old Taoist priest was kicked by Xia Miaomiao's kick, but he was shocked to see the scene in front of him.

In my heart, I wonder if that kid is stupid? Jumping down from the sixteenth floor, isn't this different from looking for death?

Even if he had a high level of Taoism, he didn't dare to have any defenses and jumped directly from the height of the sixteenth floor?

### **Chapter: 1260**

The old Taoist tremblingly got up from the ground and walked to the edge of the roof to look down. He thought he would see a bloody corpse, but he didn't expect that he would be alive for the rest of his life. From such a high place, you can see two small black dots and two small black dots fighting together. One of them is hereby passive. No need to guess, the old Taoist understands that the one who was beaten is very miserable. It must be the rest of his life.

Now the old Taoist also understands that what Yu Sheng said before was just to lead Xia Miaomiao downstairs. He is not a pig teammate but a very smart young man.

Now that he had guessed Yu Sheng's thoughts, the old Taoist priest couldn't just watch Yu Sheng be beaten to death by that demon like this.

Taking a look at the height of the sixteenth floor, no matter how strong his Taoism was, he couldn't jump down like Yu Sheng and Xia Miaomiao.

"You guys are awesome, I'll take the elevator honestly!" The old Taoist said and ran downstairs.

It's almost twelve o'clock now. For people living in big cities, the night life at this point is just beginning, so there are still some pedestrians on the road.

"Oh, let me go, what do you see? Are these two people making a movie?" A girl in a short skirt passing by said to her companion, pointing to the location of Yu Sheng and Xia Miaomiao.

"No! There are no people shooting here. How could it be a movie!" said another girl.

The miniskirt girl pulled her companion and said, "Then what are they doing! Let's go and take a look, maybe there is something fun!"

Although he jumped from the 16th floor for the rest of his life at this time, he did not have any influence as a great master, except that Xia Miaomiao in front of him was the most difficult to solve.

This had just arrived downstairs, and Yu Sheng had already been beaten a lot by Xia Miaomiao, otherwise his physical fitness might be very strong, he might be dead now.

Seeing Xia Miaomiao disappear into his sight again, Yu Sheng knew that she was about to attack herself again.

"Ben Lei Palm!" Yu Sheng also had no plans to sit still, and hit the strongest attack directly behind him, the huge golden palm phantom, mixed with the power of purple thunder and lightning.

After suffering so many beatings from Xia Miaomiao, Yu Sheng had already found the rules. He guessed that Xia Miaomiao would definitely attack its back this time, so he launched an offensive in advance. Sure enough, Ben Lei's palm hit Xia Miaomiao, purple lightning is still very useful for this evil thing. Xia Miaomiao let out a heart-piercing cry, because the black on her body shot by Ben Lei's palm was a little less.

When Yu Sheng saw this, he was overjoyed. Before, there was no way to harm Xia Miaomiao in the eyes of the formation. Maybe it was because of the special effects of the trapped magic formation. Now that he came out of the formation, Xia Miaomiao didn't have a way to deal with it.

Taking advantage of the gap where she was hit by Ben Lei's palm, the paralysis effect attached to the thunder and lightning should be able to make Xia Miaomiao no way to dodge, and the rest of her life wants to continue to attack.

Yu Sheng underestimated Xia Miaomiao's ability. Ben Lei Palm was Yu Sheng's strongest attack, and the effect it could achieve was very impressive, but Xia Miaomiao suffered only a small injury.

Because she was not a human being, but the wounds of the devil could repair by herself, basically it could be said that she was an immortal existence.

So Yu Sheng's next palm fell to nothing, Xia Miaomiao's figure disappeared again, and when he reappeared, he already appeared on Yu Sheng's right side.

Xia Miaomiao grabbed a paw directly on Yu Sheng's arm. She was still very vengeful, because just for the rest of her life, she was injured by Ben Lei's palm from the right hand.

It was too late when Yu Sheng wanted to evade. Xia Miaomiao's reaction was too fast. She almost tore off his right arm. Even if it was not torn off, he also tore a piece from his arm for the rest of his life.

Meat.

Xia Miaomiao grabbed the piece of meat in his hand and smiled incredibly freely, like a victor in a battle. "Hurry up and give me your tears. If you dare to have any resistance now, you will definitely die miserably." Xia Miaomiao said coldly, and immediately stuffed the piece of meat that was torn from Yu Sheng's arm in her hand. In his own mouth, he chewed with enjoyment.

Her top is full of red blood, her original pure and lovely appearance now looks extremely hideous and terrifying.
