

Dont mess 1301

Chapter: 1301

Although the one in front of him who took advantage of his hand was a beautiful woman, Yu Sheng did not hesitate to withdraw his hand.

Su Hui was taken aback, and then a decent smile appeared on her face. She returned to Xia Feixue's side and said with a smile, "Your friend is very special. Outstanding!"

Xia Feixue touched her best friend with her arm: "Don't talk nonsense, otherwise I will ignore you again!"

Su Hui originally wanted to say something, but seeing that Xia Feixue said so, she could only give up. Xia Feixue has always had a secret love for Yu Sheng, and has never mentioned it to anyone, but just talked to her best friend.

Even she didn't know when she fell in love with Yusheng. She had no way to control this kind of thing. She wanted to let it go but couldn't let it go.

She had also found many reasons for herself to go to the Sihai Group to find the rest of her life, but when she came to the gate of the Sihai Group Building, she glanced at it and then flinched.

Xia Feixue once dared to take on everything, dared to face it, no matter how difficult it is, no matter how difficult it is to solve, she does not back down or give in, but in terms of feelings, she is like a little girl. Know what to do.

During the holiday in the patrol room, she went out to play with her girlfriends, and accidentally ran into a brand store and remembered Yu Sheng, she wanted to come in and buy him a piece of clothing, but she didn't think she would really meet him here.

"Yu Sheng, I really didn't expect to meet you here." Xia Feixue didn't know what to say, and wanted to talk to Yu Sheng in her heart, so she found a topic casually.

"It's very destined. Today, seeing Captain Xia put on a casual dress, it also has a special flavor." Yu Sheng praised from the bottom of his heart.

Knowing what Xia Feixue thought about him, Yu Sheng faced the female captain in front of him, a little restrained, and didn't know what to do, it was because there were too many peach blossoms around him.

"Let's stop standing on this street, it's embarrassing. It's time for dinner. Or this handsome guy invites us to dinner!" Su Hui suggested.

For the rest of his life, he didn't want to get into too much trouble, but Su Hui said so. If she didn't treat guests, she would appear stingy.

To be honest, when I go down the mountain, I don't feel as tired as going up the mountain, but it is also a personal effort, and at this point in time, the rest of my life is a little hungry.

"Well, I remember there is a restaurant here. It's pretty good. Why don't we go there?" Yu Sheng said.

The three of them came to Mujing Hotel, there was a constant flow of people inside, and the decoration inside was also unique, which looked refreshing, except for the sign when they first entered the hotel.

The rice shape carved from jade really attracted the attention of the people present.

"Sit down first, I'll go to the bathroom." Xia Feixue said, got up and went to the bathroom.

Not long after Xia Feixue left, Su Hui stood up from her position and sat in a position closer to the rest of her life.

Seeing Su Hui's move, Yu Sheng thought of the scene of shaking hands with Su Hui for the first time. This woman seemed to have taken advantage of her.

Although the woman in front of her is also a big beauty, but being taken advantage of by a woman, for the rest of her life, she still feels a bit unpleasant, and it feels very weird.

“Brother Yu, can I call you like this? It feels more cordial!” Su Hui looked at Yu Sheng with admiration, blinking her big eyes.

There is no way for a man to refuse a woman to show admiration to him, not to mention a big beauty in front of him.

“This is what you want, after all, I can’t stop what you want to call.” Yu Sheng said indifferently.

Chapter: 1302

“Brother Yu, why are you so cold to me? When I see you talk to Feixue, I am more gentle. Is it that I am so bad compared to her?” Su Hui’s peach blossom eyes have a mist of water on her face. Looking aggrieved at Yu Sheng.

Yu Sheng was a bit speechless and seemed to say nothing, why did he make this little aunt’s grandma cry?

“To be honest, you really don’t have Xia Feixue pretty.” Yu Sheng said directly.

When Yu Sheng said this directly, Su Hui’s face became a little ugly, and she cursed at Yu Sheng in her heart: This man is too straight, right? He has been so obvious, can’t he see his thoughts?

“Although I am not as beautiful as Feixue, I am gentler and more considerate than her. Besides, she works in the patrol room all day long. It’s not like I can do housework and I like it. Cook.”

Su Hui said that Yu Sheng poured a glass of water and put it in front of Yu Sheng: “Brother Yu, you must be thirsty in such a hot day, right? Drink a glass of water.”

Yu Sheng looked at the Su Hui in front of him and didn’t understand what she wanted to do. While his girlfriend was in the bathroom, he went to seduce the man his girlfriend liked. What kind of thing is this? Inadvertently making friends!

He picked up the cup and drank a sip of water for the rest of her life, and then said: “Although Xia Feixue is very busy, she serves the people and contributes to the society. This kind of great thing is not comparable to anyone. A girl can do it. It’s not easy to get to this point.”

Seeing that Yu Sheng was still unmoved, Su Hui turned his eyes and thought of other ways: “Yes, I also know that Feixue’s busy schedule is very great. It’s not something that a little girl like me can compare. I am also very worried about her health for her best friend, and sometimes I really feel sorry for her when I am busy with work until one or two o’clock.”

Having said this, Sophie sighed, then looked at Yu Sheng, and said shyly: “These are very busy on weekdays, and I don’t have time to accompany me. I’m just a friend of hers, watching movies all day long. , It’s all myself, if someone can watch a movie with me and eat with me, that would be great.

How about Brother Yu, let me add your contact information? I think you are also alone, and I can also call you when I watch a movie. It will not be so boring to be a company of the two of us. ”

Do you start asking for contact information? Yu Sheng was a bit speechless. Facing Su Hui, who was in the tea, Yu Sheng couldn’t raise any interest.

“No need, right? My work is very busy and I don’t have time to watch movies. Besides, I am a friend of Xia Feixue, and I am not familiar with you.” Yu Sheng said coldly.

Xia Feixue came out of the bathroom in this gap, but she was a little puzzled when she saw Su Hui sitting next to Yu Sheng.

“It seems that I went to the bathroom. You are having a great time talking now! Huihui, tell me, what are you talking about?” Xia Feixue asked with a smile.

Yu Sheng sighed helplessly. Xia Feixue's IQ was very high, but his EQ was low. I can't tell what kind of friends I have made. Even if I make a boyfriend in the future, she might be digging into the wall by her girlfriend.

Yu Sheng was about to speak to remind Xia Feixue that she had missed Su Hui, but she spoke in advance. "Feixue, this guy you like, I have tried it for you. He has a good character, not like a sea king scumbag. He is a good candidate for marriage, but I don't know what the family environment is like."

Yu Sheng didn't think that Su Hui was testing herself. If he remembers it wrong, it's just that Xia Feixue had an idea for him, and he just regarded Xia Feixue as a friend. Is it necessary to test this way?

Xia Feixue already felt that she had no face to face the rest of her life, and she didn't even think that she would leave this space. Su Hui actually did such a thing, and now it is shameful.

"Yu Sheng, I'm sorry, my girlfriend is so nonsense, don't care about her." Xia Feixue's cheeks were stained with red clouds, Yu Sheng said apologetically.

Naturally, Yu Sheng would not be like a girl, and Su Hui was still Xia Feixue's best friend. Just as Yu Sheng was about to say something, a man's voice came from behind.

"Hey! Miss Xia, what a coincidence! We have met."

Chapter: 1303

It was a thirty-year-old man who was wearing a brand-name suit and two people behind him were very respectful.

After the man greeted Xia Feixue, he didn't plan to leave, but directly sat down at their table.

"Yu Sheng! This Ogawa Ichiro is your rival in love, you must be optimistic about Feixue, maybe he will snatch him away by accident!" Su Hui whispered to Yu Sheng.

Xia Feixue is so beautiful and has a suitor. This is a very normal thing. If you can meet something she also likes, then it is simply a good thing, not to mention a love rival.

"Well, thank you for reminding." Although Yu Sheng thought that way, he still thanked Su Hui.

"This Ogawa Ichiro is a tycoon in the catering industry in the island country. The assets are definitely needless to say. Although you don't seem to be so rich, I still value you more than you two. After all, you passed. My test." Su Hui said and blinked at Yu Sheng.

The reason why Xia Feixue tested the rest of her life before was because Xia Feixue had never been in love, and finally met a boy she liked. As her best friend, Su Hui tried the rest of her life to prevent Xia Feixue from being deceived.

Ogawa Ichiro was still very enthusiastic about Xia Feixue, and asked her about the Chinese culture. Being polite, Xia Feixue still introduced some to Ogawa Ichiro.

While speaking, Xia Feixue found that she seemed to have ignored the rest of her life. What if she wanted to get crooked for the rest of her life.

Thinking of this, Xia Feixue no longer paid attention to Ogawa Ichiro, but instead put all his thoughts on Yu Sheng.

Ichiro Ogawa saw Xia Feixue chatting with other men very happily, so he was so unwilling to chat with him and he was so jealous.

Although he had only seen Xia Feixue a few times, he was completely attracted by the temperament of a strong woman in her.

To reach his current status, you can find any kind of woman, and many beautiful women will take the initiative to embrace him, but Ichiro Ogawa wants to try something different, and Xia Feixue It was the goal he was fancying.

The women of the island countries are generally soft and weak, and they regard their husbands as the heavens and the husbands as the masters, and the heroic temperament of Xia Feixue is something he has never seen in women.

“Sir, what business do you do?” Ogawa Ichiro asked Yu Sheng.

He couldn't bear the appearance of Xia Feixue being intimate with other men, and wanted to crush him in strength so that Xia Feixue knew that he was the most suitable for her.

“Starting a company.” Yu Sheng said lightly.

At this moment, the waiter had already served the dishes, and Yu Sheng looked at the crystal clear bowl in front of him, and his appetite for steaming rice was wide.

“I'm a little hungry, so I'll eat it first!” Yu Sheng picked up the rice in front of him and ate it directly.

During the process, there was no bite of food, so he cleaned up a bowl of white rice.

After eating a bowl of rice, he was still eager for the rest of his life, and said to the waiter: “Thank you for helping me serve another bowl of rice.”

Soon the waiter helped Yu Sheng serve a bowl of rice. Yu Sheng still had no chopsticks to eat the rice in the bowl.

Ichiro Ogawa on the side was dumbfounded. In his eyes, his behavior for the rest of his life was too low, like a beggar on the roadside. He swallowed up food when he saw it. It was no different from a beggar who hadn't eaten enough. .

This kind of person is not comparable to himself. Ogawa Ichiro looked at Yu Sheng with disdain.

Yu Sheng wiped his mouth, then smiled and said to the waiter: “Thank you for helping me serve another bowl, this rice is really delicious.”

Even more? Sure enough, he is a pauper who has never seen the world, even if he wears clothes, he is not comparable to himself, Ichiro Ogawa thought.

“If it tastes delicious, eat more. After all, people like you must have been to such a tall restaurant! No matter this meal, I look at Miss Xia's face and treat you to it. You want the rice here. As much as you want.” Ogawa Ichiro said to Yu Sheng generously.

Chapter: 1304

Yu Sheng didn't think that this Ogawa Ichiro was rushing to pay the bill in order to belittle himself and raise him. Face is always indifferent for the rest of his life, but it would be a big idiot if there is advantage.

“That's all right, since Mr. Ogawa said he wants to pay for me, then I need 500 catties of rice!”

Since someone wanted to pay for her, the rest of his life would naturally not be polite to him, and asked for 500 catties of rice as soon as he opened his mouth.

“I'm going, you are a starving ghost reborn, and your mouth is five hundred catties. Why don't you rob?” the man who wanted to curry favor with Ogawa Ichiro said.

“If I am not mistaken, it is Mr. Ogawa who said that I want as much as I want, but now I say I want 500 catties, don't you want to pay?” Yu Sheng raised an eyebrow and looked at Ogawa Ichiro jokingly. .

Ogawa Ichiro didn't even think that Yu Sheng would be so greedy, but the more he was like this, the more proof he was of how useless he was. Maybe Xia Feixue saw his greedy face clearly and ignored him!

“What I've said already doesn't count. I can afford just five hundred catties of rice.” Ichiro Ogawa looked at the waiter and ordered, “Go and prepare five hundred catties of rice.”

“Please wait for a few customers, I can't do this, and I need to consult our store manager.” The waiter

said and went to the store manager.

“Brother, no matter how delicious the rice is, it’s not worth a lot of money. It’s hard to come to this kind of restaurant once, so let’s eat more!” Ogawa Ichiro pretended to be kind to remind Yu Sheng.

“Thank you, Mr. Ogawa.” Yu Sheng thanked him and said nothing more.

Although Xia Feixue didn’t understand what Yu Sheng was doing, she still chose to believe him instinctively.

“Hey! What the hell is this fellow Feixue doing? Is it true that you are so poor? Even if it’s not that the conditions of the sea king are too poor, they don’t deserve you!” Su Hui whispered to Xia Feixue.

Not good enough for me?

Xia Feixue laughed at this self-deprecating smile. The most indispensable person for Yu Sheng is a woman, who is more beautiful than her, gentler than her, and better than her family. There are many women who are better than her. She is the one who is truly unworthy of the rest of his life. .

If the conditions for the rest of his life as chairman of the Sihai Group and the Science and Technology Park at the same time are poor, perhaps there are no rich people in this world.

“I don’t deserve him.” Xia Feixue whispered, looking at Yu Sheng with a trace of obsession.

Since childhood, because of her outstanding appearance, Xia Feixue lacked suitors the most, but among so many suitors, there was no one that moved her.

Sometimes she still doubts herself, wondering if she is a girl with affection, or how can she be interested in that sweet love?

It wasn’t until she met Yu Sheng that she understood what liking was. She always pretended to be a person in her heart, closing her eyes and thinking about him in her head, opening her eyes as if he was standing in front of her.

Xia Feixue looked at Yu Sheng idiotically, but she didn’t even hear Ogawa Ichiro call her.

Ogawa Ichiro was a little frustrated. The woman he liked was actually looking at other men, and that feeling didn’t feel good at all.

What’s so attractive about the brat in front of him that made his favorite goddess so obsessed, Ichiro Ogawa was about to be swallowed up by jealousy.

The man who wanted to curry favor with Ogawa Ichiro flattered Ogawa Ichiro: “Speaking of rice, I remember the moonlight rice of the island country is very delicious, and it is not comparable to the rice of China. All three of my family like to eat moonlight rice. Moonlight rice is delicious, and the price is very expensive, dozens of a catty!”

Hearing this, the Chinese people complimented the island country’s rice, Ogawa Ichiro felt better, and then smiled and said to the person: “Our island country’s moonlight rice is indeed very good. If you like it, I will give you a few hundred jin next time. .”

“Really? Then I thanked Mr. Ogawa here.” The man stood up and bowed gratefully to Ogawa Ichiro.

At this time, the manager of Mujing Hotel came and asked everyone, “Are you sure you want 500 catties of rice for these distinguished guests?”

Chapter: 1305

“This brother said that the rice in your restaurant is delicious, so I plan to buy 500 catties for him, so that he can eat enough. Why is the rice ready?” Ogawa Ichiro asked.

“Five hundred catties of rice probably won’t work. There are only five hundred catties of rice in my restaurant. You see, I open the door to do business, so I can’t let the customers have food, right? Many customers also like our restaurant’s rice. Everyone has booked.” The store manager said embarrassedly.

Yu Sheng also understood that 500 catties of rice was too much, and people who opened the door to do business would not buy all of them.

"Then how much can you provide? I want as much as I want, Mr. Ogawa pays." Yu Sheng smiled and looked at Ogawa Ichiro and asked, "Right? Mr. Ogawa."

Ogawa Ichiro glanced at Yu Sheng disdainfully, but nodded in order to maintain a good image in front of Xia Feixue.

As a tycoon in the catering industry in the island country, how could he even care about a few hundred catties of rice with this poor boy? This would damage his image too much.

"Our restaurant can only provide you with a hundred catties of rice. I need you to pay the money first before we can prepare it." The store manager smiled at Ogawa Ichiro with a decent smile on his face.

The man who wanted to curry favor with Ogawa Ichiro said unhappily, "But is it only a hundred catties of rice? You have to pay for it before preparing it. Are you afraid that we can't afford this order?"

The store manager just smiled when he heard the man's words, and then explained: "This must be paid before we can prepare the rice. This is the above rule. In the final analysis, I am just a part-time worker who cannot arbitrarily advocate a change. Regulation."

What else the man wanted to say, Ogawa Ichiro directly reached out and blocked it. It was only a hundred catties of rice. He still didn't care about it. There was no difference between giving money first and then giving money.

"There is 50,000 yuan in this card, just swipe the card! The rest of the money is for you to spend and don't need to look for it." Ogawa Ichiro took out a card and put it on the table, and said with an arrogant expression.

The store manager didn't even pick up this card. He still had the decent smile on his face. He looked at Ogawa Ichiro and reminded: "This gentleman, fifty thousand yuan can't pay the bill this time. The total amount of your spending this time is Nine hundred twenty thousand."

"What's nine hundred and twenty thousand? Boss, this is a robbery, right?" The man next to Ogawa Ichiro slapped the table and stood up, and said aggressively.

Ogawa Ichiro didn't mean to stop him. Even though he was rich, he didn't want to be deceived as a bully. He would even want more than 900,000 yuan to eat a meal and one hundred catties of rice? How is this different from Mingqiu? It's simply a black shop.

"Boss, I remember the last time I ate at your place, I ordered more dishes than this time. It was only 20,000 to 30,000 yuan. How dare you ask for 900,000 yuan? Even if you secretly increase the price, it won't be enough. The rise is so ridiculous, what's the difference between this and a black shop?"

In order to leave a good impression in front of Ogawa Ichiro, the man deliberately questioned the store manager.

"We are a very reputable old store. How can we do such a thing that raises the market price? Your meal is not expensive, mainly because the rice is more expensive, so this is the high price." The manager explained with a smile.

The man snorted and said disdainfully: "No matter how good China's rice is, can it be better than the moonlight rice of the island country? Moonlight rice is only a few dozen yuan per catty. If you eat rice, it will be nearly tens of thousands. That's it! It's just random pricing!"

For the rest of my life, he couldn't listen to the man's flattery of Ogawa Ichiro. The traitors during World War II were already hateful enough. What is the difference between this man in front of him and the traitors during World War II?

"Island's moonlight rice is better than Huaxia's rice. I'm afraid that you don't know what to do. In your

eyes, the shit of the island nation is fragrant?” Yu Sheng looked at the man and asked. “You...you...island moonlight rice is better than Chinese rice. I’m telling the truth.” The man was still stiff. “I feel embarrassed for you as a Huaxia, since you are so insightful, then I will tell you how Huaxia rice crushes the island country rice.” Yu Sheng said coldly.

Chapter: 1306

“The main product in this store is Mujing rice, which is also a specialty of their place. This kind of rice requires a lot of soil, and it can grow only 100 mu of land. The rice is irrigated with mountain spring water. The annual output is no more than a hundred catties.

Besides, Huaxia accounted for seven of the top ten rice in the world, and you have never heard of the moonlight rice of the island country that you are talking about.”

Yu Sheng originally didn’t want to say so much, but he was too uncomfortable with the man next to Ogawa Ichiro himself. This introduction is to let them know how stupid it is to blindly worship foreigners.

“I don’t think this little brother knows more than me, the shopkeeper. That’s right, our Mu Jing rice is 9,000 yuan per catty, and if it’s 100 catties, it’s 900,000, plus your food. The money is nine hundred and twenty thousand in total.” The store manager said with a smile.

Even Ogawa Ichiro felt a bit painful after eating a meal of more than 900,000 yuan. Now it seems that all this is deliberately given to him by the young man in front of him.

If he thinks that more than 900,000 yuan will be difficult for him, it would be too small to look down on him. Ogawa Ichiro gave Yu Sheng a look, and then took out a gold card from his bag.

“Swipe this card!” When Ogawa Ichiro took out this gold card, he unconsciously had his back straightened a lot, and the expression on his face was also very expressive, and he took a special look at Xia Feixue. See if your favorite goddess is also looking at yourself.

He is holding a gold card from the World Bank. As long as he takes out this card, others will treat him with respect. This is a status symbol.

Sure enough, the man next to him who had always wanted to cling to him showed an exaggerated expression, looking yearning at the card in Ogawa Ichiro’s hand.

I was afraid that others would not know what this card represents and asked loudly: “Mr. Ogawa, if I remember correctly, this gold card in your hand is a World Bank gold card, right? What about your assets? Isn’t it more than a billion? My God!”

Ogawa Ichiro was still very satisfied with this man’s reaction, and said complacently: “It’s just a gold card from the World Bank. Give me twenty years. With the development of the Ogawa family in Japan, I can definitely have it. A black card from the World Bank.”

Sitting there watching all this for the rest of his life, the embarrassment is about to be committed. This Ogawa Ichiro is not only poor, but also has a second-degree illness. Seeing their appearance, they almost shouted Ollie.

The store manager doesn’t care about so many, he doesn’t care whether the customer is holding a gold card or a black card, as long as he can pay the bill this time.

Just when the store manager finished swiping the card and was about to leave, Yu Sheng stopped him at this moment.

“Manager, does your branch have island country moonlight rice?”

The shop manager was taken aback and couldn’t figure out what the young man wanted to do. First he bought Mu Jingjin’s Mu Jing rice, and now he asked about Moonlight rice. I didn’t know, but thought they weren’t here to eat, they ran over to the restaurant. Buy rice!

"You customer, if you ask, Moonlight rice has stock in our Mikuli, but it costs a lot of money to ship it from the island country to China, so a pound may be more expensive than the one sold in the island country," the store manager explained.

Yu Sheng smiled faintly, and said indifferently: "How much moonlight rice do you have in Mikuli? I want them all."

"This... there are eight hundred catties!" said the store manager, wiping the sweat from his forehead.

Now the store manager is even more suspicious that the current young man is not here to eat but to buy rice. The most important thing is that he can finish the eight hundred catties of rice?

"I want it all!" Yu Sheng said without hesitation, as if in his eyes what he had just bought was not eight hundred catties of rice, but eight catties.

Chapter: 1307

Ogawa Ichiro and the men around him couldn't figure out what he wanted to do for the rest of his life. Previously, he designed to buy him a hundred catties of Mu Jing rice for more than 900,000 yuan, and now he has to buy another eight hundred catties of rice. Really consider him to be taken advantage of! In fact, what they didn't know was that Yu Sheng didn't have any design to make it difficult for the two of them. The reason they ate three bowls of rice in a row was because Yu's family had been eating Mujing rice here, and suddenly ate it on the mountain for half a month. For the rest of my life, I remembered the taste of the rice at home, so I ate more.

"Boy, what the hell are you doing? Although I said I would pay for you before, it was only for the one hundred catties of Mujing rice. This eight hundred catties of moonlight rice has nothing to do with me. I want to come here to buy goods, there are no doors." Ogawa Ichiro said angrily, and now he is still worried about being played for the rest of his life.

"Don't worry! I will pay for the 800 catties of rice myself." Yu Sheng said, looking at the store manager and asked, "How much is the 800 catties of moonlight rice?"

"A total of 100,000 yuan."

One hundred thousand yuan is not a big deal in Ogawa Ichiro's eyes, but it is not certain whether he can spend the money for the rest of his life.

Just now Yu Sheng also said that he didn't use him to pay the money, but Ogawa Ichiro would have to see how Yu Sheng gave out 100,000 yuan.

Fearing that Xia Feixue would take the initiative to help the rest of his life, Ogawa Ichiro said: "Boy, you said to buy the 800 kilograms of rice, you wouldn't want to ask Miss Xia to pay for you? That's not a man. NS."

Although Xia Feixue didn't understand why Yu Sheng had to buy eight hundred catties of moonlight rice, since he made this decision, she naturally made sense.

Moreover, Yu Sheng is the chairman of the Four Seas Group, worth hundreds of billions of dollars, no matter how she can help and give one hundred thousand dollars.

"Mr. Ogawa, don't worry! I won't intervene in this matter."

Xia Feixue said this, and that was definitely not going to help the rest of his life. The next step was to see how embarrassing this poor boy was. Ichiro Ogawa showed a smirk at the thought of this.

For the rest of her life who has passed these tests, Su Hui still has a very good impression of him. It would be a good match if she can be with her best girlfriends, but the series of things that have happened make her look less and less. Clear the young man in front of him.

Buying eight hundred catties of rice inexplicably, even a family of three can eat moonlight rice for a

year! Not to mention a waste of 100,000 yuan, it is also a waste of food.

The rest of his life did not intend to waste time, so he directly took out a black card and handed it to the store manager, and then said in a very flat tone: "Swipe this card!"

The moment Ogawa Ichiro took out the World Bank black card for the rest of his life, he was stunned. He didn't even believe his eyes. After rubbing his face for several times, he was shocked and stunned.

A few minutes ago, he made a bold statement that he must apply for a World Bank black card in twenty years. He didn't expect the World Bank black card to be taken out from a poor boy who he looked down on.

How could a person who can have a World Bank black card be an ordinary person? No wonder Xia Feixue liked him, because he was so rich for the rest of his life.

"By the way, the manager directly brushed 150,000 yuan and helped me cook the eight hundred catties of white rice. When I went down the mountain, I saw the wild dogs and other things on the mountain. It was so pitiful! It happened to be the moonlight rice from this island country. Feed them." Yu Sheng said lightly, and his eyes swept over Ogawa Ichiro and the man next to him.

Ichiro Ogawa and the man next to him turned black after brushing their faces. For the rest of their lives, they even fed the island country's moonlight rice to the wild dogs. Then they praised the island country's rice so much before. Didn't they treat them as wild dogs?

Although the two of them were very angry, they remembered that they were able to take out the World Bank's black card for the rest of their lives. Their identity was definitely not comparable to them, and they could only swallow the anger in their hearts.

Chapter: 1308

Xia Feixue and Su Hui listened to Yu Sheng's words, and the two big beauties covered their mouths and laughed, Yu Sheng's trick is really a bamboo shoot!

Although Ogawa Ichiro was angry with Yu Sheng, he came to China this time to develop the island country's catering industry in China.

For the rest of his life, he has taken out a black card from the World Bank, which shows that his status in China is definitely extraordinary. If he can cooperate with the young man in front of him, then his plan will definitely go smoothly.

Thinking of this, Ogawa Ichiro had to pull out a smiling face and said respectfully to Yu Sheng: "Mr. Yu, I apologize for my disrespect to you."

Speaking of Koyama Ichiro bowed deeply to Yu Sheng, expressing his apologies to Yu Sheng in his heart. Whether it is a big mistake or a small mistake in the island country, bowing can resolve more than half of this island country's bowing culture. No interest.

"I don't need to apologize to me, because I don't put you in my eyes at all." Yu Sheng said faintly, and there was nothing to save Ogawa Ichiro in his words.

Ogawa Ichiro thought that Yu Sheng's attitude was so bad, the expression on his face was as ugly as if he had eaten a fly. For his future ambitions, as well as the World Bank's black card, he had to bear this grievance.

"Mr. Yu used to be ignorant of me. You and Miss Xia are a natural match. I won't call Miss Xia's attention in the future.

Of course, I also want to talk to Mr. Yu about the catering industry. Working together, the two of us will surely be able to make the island country's catering industry bigger and stronger in China. At that time, we will gain both fame and fortune, and we will achieve a win-win situation together! "Ichiro Ogawa

said ambitiously.

Yu Sheng sneered, no wonder why this Ogawa Ichiro's attitude suddenly became so good? It turned out that I wanted to use my identity to gain a foothold in Huaxia and want to earn money from Huaxia people.

"If you want to use me to make money from Huaxia, you should dispel this idea earlier. Besides, I Sihai Group spreads all over China, and it also has its own catering industry under it, and does not require foreign culture." Yu Sheng Leng Said coldly.

Su Hui, who had been sitting there observing Yu Sheng, was completely fascinated by Yu Sheng's domineering words, and looked at Yu Sheng's eyes staring at the stars with an idiot.

"Feixue, I finally know why you like him so much. It's simply too domineering. Like the male protagonist in the domineering president's novel, he is rich, rich, dedicated and handsome. I love it!" Su Hui seized Xia. Feixue said foolishly.

Xia Feixue didn't speak, but looked at Yu Sheng in a daze. Her good girlfriend was attracted to her only the first time in Yu Sheng. Sure enough, this man is the one that attracts the most attention wherever he goes!

After paying the money, Yu Sheng left with Xia Feixue and Su Hui and the others, but Ogawa Ichiro and the man next to him did not follow.

"Mr. Xiaochuan, that person was called Yu Sheng just now. I checked on the Internet. He has married two wives and two children. He used to be a door-to-door son-in-law for the Yang family. I don't know why he suddenly became rich." The man said to Xiaochuan. Ichiro said.

What can a man who has been a door-to-door son-in-law have, is a soft meal, and maybe he has everything he has now is given by other rich and powerful women.

Even if such a man is rich, he is not worthy of his icy goddess Xia Feixue! But Yu Sheng turned a blind eye to Xia Feixue, but Xia Feixue secretly promised him that this is really about to make Ogawa Ichiro jealous.

"Mr. Ogawa, I think your way of pursuing Miss Xia is a bit wrong, or I'll give you a trick!" The man volunteered.

If Yu Sheng had agreed to cooperate with him, perhaps Ogawa Ichiro would no longer have Feixue's idea, but now Yu Sheng has not only humiliated him, but also refused his intention to cooperate. If this is the case, then Xia Feixue should be treated as if he were to say anything. Give it.

Listening to the way the man whispered in his ear, Ogawa Ichiro gradually showed a smile, and then it became more and more brilliant.

"Good idea, you guys didn't even think that you could come up with this kind of method. It's not bad!"

Chapter: 1309

Qiancheng First Central Primary School.

"Did I let you touch my things? The things you have touched are so dirty!" A little girl with a double ponytail like a doll, picked up the pencil on the table and fiercely Threw it on the ground.

"But this and the pencil just fell on the ground, I'm picking it up for you!" Xiao Shui explained to the little girl with an innocent look.

He just helped him pick up the pen that the little girl dropped on the floor. He obviously helped her. Why did she have such a bad temper towards herself? Xiao Shui couldn't understand.

The little girl sat back in her seat and glared at Xiaoshui and said, "No matter what my things fall on the ground, you are not allowed to touch them, and I don't need you to worry about it!"

Xiao Shui was a little sad when he heard this. The teacher taught them to help their classmates, but he was reprimanded for doing a good deed.

At this time, a little girl with naturally curly hair, wearing a floral dress pulled the water back to her seat. This girl is Xiao Shui's tablemate, Xiao Ya. She sat with the girl who scolded Xiao Shui before. The two of them seemed to be good friends. They played well, but they broke up without knowing why.

"Yu Xiaoshui, let me tell you, don't pay attention to Wang Qian, she is a lone star of the gods, no one plays with her, and I'm friends so I don't even have met her parents.

In the past, no one played with her except for me playing with her, because one day I drank a sip of her water and she called me a stinky beggar. Such a person is very bad, even if other classmates bully her. You are not allowed to help, maybe she will blame you!" Xiaoya chattered to Xiao Shui endlessly.

Xiao Shui glanced back at the little girl who had murdered her before. It turned out that she was Wang Qian. Xiao Shui couldn't figure out why her temper was so weird? Why are there no parents?

After school started, Xiao Shui went from kindergarten to elementary school. Because Xiao Shui has a better personality, he quickly became a part of the classmates, but Wang Qian ignored Xiao Shui.

Because of this incident, Xiao Shui became more curious about the classmate Wang Qian. On the one hand, he wanted to know why his temper was so weird? On the other hand, it is probably because she feels that her personality is very cold, completely different from other children, but it is quite cool!

After school, Xiao Shui didn't have a driver's car. He followed Wang Qian, and followed her like a shadow.

Usually Xiaoshui will be picked up after school, either Du Fei or Huang Aunt for the rest of his life. If they are busy, the driver will also pick him up and will not let him go home alone.

When Wang Qian walked, she found that Xiao Shui had been following him and turned her head. She glared at Xiao Shui and asked, "Why are you following me? It's because I murdered you during the day. Do you plan to ask me to settle the account? ?

Let me tell you, I have learned taekwondo, if you dare to come over, I will beat you to tears!"

Xiao Shui has studied martial arts with Yu Zhongtian for a period of time. In addition, he has good talents. Don't look at his young age. If you really start, it will not be a problem to deal with one or two adults, let alone. What about a little girl of his age?

"No, I just watch you go home alone, afraid that you will meet a bad person on the road, and want to send you home first. If you really meet a bad person, I can help you drive the bad person away."

Xiaoshui explained road.

Wang Qian was stunned, and withdrew her eager fist. She looked at Xiao Shui with a touch of complexity, because her cleanliness was difficult to play with other children, and the little boy in front of him was still caught by him during the day. It's been fierce, and I don't think I would take her home to take her home. To be honest, Wang Qian's heart was a little touched.

"Cici, is this your friend? Come and sit at home together!"

At this moment, the door of Wang Qian's house opened, and a beautiful woman about twenty** years old came out wearing an apron and said very enthusiastically.

Chapter: 1310

When Wang Qian saw the woman coming out of the room, her little face was full of surprises, her face full of disbelief.

Even Xiao Shui was stunned. He remembered that during the day, his deskmate Xiaoya told him that Wang Qian was alone with his parents, and who was this woman in front of him?

“Mom?” Wang Qian yelled suspiciously while looking at the woman.

“What is Cici still doing in a daze? Take your friend to sit in the room. The biscuits I just made just out of the oven taste really great!” Wang Qian’s mother said very enthusiastically.

Xiao Shui originally wanted to refuse, and explained to Wang Qian’s mother that she just wanted to send Wang Qian, and now that she had completed the task, she wanted to go home, but Wang Qian’s mother still pulled Xiao Shui into the house because she was so soft and soothing. .

Wang Qian’s mother helped Wang Qian take off her schoolbag, and when she arrived at two glasses of milk, she said, “Sit down first, and I will bring you some biscuits now.”

Xiao Shui was dumbfounded. He didn’t even think of Wang Qian as indifferent. Her mother was not only beautiful but also so enthusiastic, she was really super nice.

After a while, two plates of biscuits arrived on the table. They were in the shape of cute bears. The smell was so delicious that it made people drool.

When Wang Qian’s mother put the plate in front of Xiaoshui, Xiaoshui attentively noticed that her hand was hot red.

“Auntie, your hand...”

Xiao Shui’s words didn’t even mean that Wang Qian’s mother nervously shrank her scalded hand to the back, and then smiled and said to Xiao Shui: “Nothing is going to happen, it’s not going to get in the way, you should try this little biscuit. good to eat?”

And Cici, you eat more. Last time your aunt said that you ate a lot when you were at their house, Xiao Zhuang even snatched it from you. This time no one will snatch it from you. Mom will make it for you whenever you want. eat. ”

When Xiao Shui, who was eating biscuits, heard these words, he was envious in his heart. If his mother was still around, it would be nice to make biscuits for himself, she would be very happy!

It’s a pity that this kind of maternal love is hard for him to have anymore. At this moment, Xiao Shui is really jealous of Wang Qian, and she is jealous of this little girl who is loved by her mother.

Xiaoshui’s biscuits still didn’t get stuck in his mouth, and a small hand hit his arm. With a lot of strength, he directly knocked the biscuits in his hand to the ground, leaving some red on his arm. Red finger prints.

Xiao Shui let out a pain, and then looked at Wang Qian suspiciously. He didn’t offend her, why did he hit someone?

“Are you a beggar? You can eat whatever other people give you, and my mother made it. I won’t let you eat if I don’t let you eat it, and you get out of my house soon!” Wang Qian cursed at this Xiao Shui, pointing her finger in the direction of the door in a gesture of rushing people.

Xiao Shui didn’t know what to say. Before, I thought Wang Qian was a little cold and cool, but now I think she is really annoying.

Wang Qian’s mother didn’t even think that her daughter would be so excessive and treat her friends like this. If this continues, who would dare to make friends with her in the future!

“Siqian, why are you talking to your friend like this? Hurry up and admit your mistakes, or your mother will punish you!” Wang Qian’s mother said to Wang Qian.

Xiaoshui thought that Wang Qian’s personality would become a little weaker when she heard what her mother said, but she didn’t expect it to be even more excessive. She threw the two plates of biscuits on the table on the ground, and stepped on all of the biscuits with her feet. Become scum.

“Why do you say that to me? You just gave birth to me, and you didn’t take care of me. Don’t think that you are more enthusiastic to me today, and I will forgive you. It’s impossible!” Wang Qian said to this.

His mother shouted.

Subconsciously glanced at the place where Wang Qian's mother had been scalded on her hands, and then went straight upstairs, returned to her room, closed the door and locked it from the inside.
