

## Dont mess 1321

### Chapter: 1321

In the hospital.

"You are awake. You have been in a coma for two days. The doctor said that if you don't wake up today, you may never wake up. Do you know that you are going to scare your brother to death?" Zhou Qian's brother Seeing Zhou Qian wake up, the joy and anger in her heart are more worried.

"I...I have nothing to do." Zhou Qian searched in the ward, and finally fell on Wang Qian, only to take a look and then to withdraw her gaze.

"I also said that you have nothing to do. You will be treated honestly in the hospital, and no matter how much money you spend, brother will help you get it!" Brother Zhou Qian was afraid that his sister could not cure the illness, so he promised directly.

After saying this, Zhou Qian's elder brother looked at his wife with a guilty expression on his face. He thought he would be reprimanded, but he nodded his head acquiescently when he thought of Zhou Qian's sister-in-law.

Although Zhou Qian's sister-in-law did not come to make up with Zhou Qian, the main reason was that Zhou Qian was busy with work and didn't care about her daughter, so she complained about her.

And why isn't Zhou Qian a pitiful person? The child died when he was just one year old. The husband worked hard to earn money alone and was unwilling to remarry. He managed to survive the difficult time, and now he has cancer again.

People have long hearts, and Zhou Qian's sister-in-law are kind people. Even if you know that Zhou Qian's disease can't be cured even if you spend money, you can at least have a clear conscience, and you don't need to feel guilty about Wang Qian in the future.

"Brother and sister-in-law, I know that you are very good to me. I know that my disease can't be cured. After Xiao Zhuang goes to college and marries a wife, it will cost money. Anyway, it can't be cured. I need to spend money on me again, let it be my fate!" Zhou Qian said with a wry smile.

Wang Qian, who was listening to their conversation, held her clothes tightly with her small hands, her fingertips were a little white because of her force, and she was struggling in her heart constantly, but in the end she didn't say anything and turned around and left the hospital.

These days, Zhou Qian has been living in the hospital for a period of treatment. She has a little energy. Seeing that her daughter's birthday is approaching on this calendar, Zhou Qian returned home and carefully prepared everything to wait for her daughter to come back.

The door of the house opened. Wang Qian walked in alone and looked a little lonely. Today is her birth, Japan should happily ask her classmates to come home for their birthday, but she is alone.

Zhou Qian glanced at the small snacks that she had prepared and it seemed that she couldn't use it, and she didn't say anything but came to her daughter and smiled and said, "Today is Cici's birthday. Happy, even if there is no one else to accompany Cici on her birthday, there is still a mother!"

Zhou Qian took Wang Qian's little hand, and the mother and daughter sat together. The ugly cake in front of him was made little by little by using the tutorial on the phone.

Zhou Qian lit the candles and lit a total of eight candles to celebrate Wang Qian's eighth birthday, and put down the lighter in her hand: "Make a wish, little birthday star!"

Wang Qian replied and then closed her eyes with her hands folded. Her heart was replaced by bitterness. Although she was only eight years old, she knew that this was the last birthday her mother would spend with her.

Taking a deep breath, Wang Qian suddenly opened her eyes and blew out all the candles on the cake. "What is Cici's wish? Tell her mother, maybe she can help you realize it!" Zhou Qian put her chin in her hands, with a faint smile on her face.

Wang Qian looked at the woman in front of her with a bitter mouth and a sore nose, as if something was about to flow out in her eyes. Wang Qian quickly twisted it and said with some convincing: "I won't tell my mother! Just say it. It's not working."

Zhou Qian clicked on Wang Qian's little nose with a drooling face, and said with a smile: "It's all right, mom just doesn't ask."

Said Zhou Qian took out a small box and placed it in front of Wang Qian: "This is a birthday present my mother has prepared for a long time, but I can't open it now!"

Wang Qian's eyes fell on the box, her eyes full of curiosity and expectation, but when Zhou Qian said this, she pretended to be angry and said, "I don't like it!"

How stiff her daughter is, Zhou Qian naturally understood in her heart, she touched her daughter's head, and her expression was full of dismay.

Cici, this is the only thing mom can give you. I hope you will have a happy life in the future. There are many friends around you.

## **Chapter: 1322**

"Feixue! The rest of my life is good-looking and handsome. The most important thing is that he is so rich. If you don't grasp it, then I'll win the love!" Su Hui said without restraint, in a tone of voice. With a sense of confidence.

When she was in school, there were more people who pursued her than Xia Feixue. Xia Feixue was cold, giving people the feeling of an iceberg beauty, like a snow lotus on the top of Tianshan Mountain. But Su Hui is different, she is lively and cheerful, coupled with a good family background, she also looks like a middle-upper person. Many people pursued her when she was in school, and many people pursued her after work.

Being beautiful is the capital of a woman. With this kind of capital, it is natural to have a very high vision. Therefore, in the past few years, there have been few love affairs, and there are very few people who can be favored by her.

At first, as Xia Feixue's best friend, she really planned to find Xia Feixue for her boyfriend. She never planned to dig a wall, but the conditions for the rest of her life are really good. She meets all her mate selection criteria and is a good boyfriend. The best candidate.

"I like him not fake, but he doesn't seem to have my status in his heart, I don't know what to do?" Xia Feixue sighed helplessly, and said with a somewhat lonely expression.

Upon hearing this, Su Hui said a little excitedly: "In this case, am I playing fair with you? I'm not trying to win love! The boyfriend who was thinking about his girlfriend is a bit bad, but now it seems He is not your boyfriend, so I have hope!"

A best friend is a best friend, and a good man is a good man. Su Hui is still very clear about this. If he doesn't take the rest of his life, maybe his stepfather will marry her to an old man by business marriage! This is about her life's happiness. If she really spends a lifetime with an old man, then life is better than death.

Xia Feixue, who was coming to the car, felt sour and uncomfortable, but she didn't know what to say. After all, Yu Sheng was not her boyfriend, and others had the right to pursue it. She couldn't interfere with this.

When Su Hui saw that Xia Feixue didn't speak, she realized that what she just said might make her girlfriend unhappy, but what she said was also what she said in her heart. Make things clear.

"Feixue, I know I'm not good, but I also have the right to like people! What's more, you and Yu Sheng are not together now..." Su Hui's voice became smaller and smaller, and she almost couldn't hear it. .

"Nothing, you can chase it if you like it! Anyway, this is your own, and I don't have a way to interfere.

I...I'm not angry..." Xia Feixue pretended to say calmly, but he was jealous for a long time. flipped.

At this time, Xia Feixue suddenly stepped on the brakes, and Su Hui was knocked forward by the sudden reaction force. Fortunately, she remembered that the seat belt was not injured.

"Feixue, what's the matter?" Su Hui said uncomfortably. Just after she finished speaking, she saw several men standing in front of the car.

The headed man with tattoos sat on the front of the car, reached out and patted the front glass of the car, looked at the two beauties in the car, and said: "Two beauties get out of the car! Don't let us smash your car. That's it!"

Su Hui in the car was shocked by the battle in front of her. There were seven or eight social gangsters surrounding their car and some people still had steel pipes in their hands. If this really fell into their hands, the consequences would be It's really unimaginable.

Su Hui's scared Hua Rong turned pale, and tears were about to fall. She grabbed Xia Feixue's arm as if grabbing the savior, and said eagerly, "What about Feixue? Why did you stop just now? A group of people can't run away after running around!"

Two big beauties were ordered by seven or eight gangsters. Anyone like this would be frightened. Su Hui was an example, and Xia Feixue, who sat down in the driving position, looked very shocked without changing her face. .

睇嚟.

Xia Feixue opened the car door directly. Su Hui who saw this scene was frightened and cursed at this Xia Feixue: "Are you stupid, Xia Feixue? You are just the captain of the patrol room. Not necessarily, do you really think you can deal with them? Come back quickly!"

### **Chapter: 1323**

The headed man with tattoos did not think that the big beauty in the car would come out by herself, which really surprised him.

"Sure enough, this big beauty is a smart person who knows current affairs. In fact, our brothers don't have to embarrass you two beauties. This is not the shortcomings on hand and money. Seeing that you drive a good car, you must be very rich, right?"

Obediently take out the money, brothers will not do anything to you, if you are not obedient, I will shave the little faces of you two and see how you go out in the future. "The tattooed man said with a smirk. Seeing this situation, Su Hui was frightened, covering her face in fear, for fear that people outside the car would rush in and ruin her proud appearance.

At this time, Xia Feixue had a cold face, walked to the tattooed man's side, a flash of hostility flashed in his eyes, then lifted her proud and slender big legs and kicked it off the top of the tattooed man's head.

The tattooed man was kicked to the ground and fainted. Xia Feixue stared at everyone coldly.

She is the captain of the patrol room, if even these little gangsters are afraid of compromise. Then there is really no room for her face.

Several punks told their boss to be knocked unconscious, and a few of them didn't intend to be polite, and rushed over together.

Xia Feixue's agile figure is quick and accurate, and even though those guys are in the hands of a few small gangsters, there is no way to hurt her.

After a while, they lay on the ground all the way, all of them were punks who had just shot Xia Feixue. Su Hui in the car was shocked and dumbfounded. If all of this hadn't been seen with her own eyes, she wouldn't know how.

A woman was able to deal with seven social gangsters at the same time, and she was very decisive, and solved them in a few minutes. It is difficult to find the second one among women except Xia Feixue. Su Hui dared to get out of the car, took a look at the rolling people on the ground, and then set her gaze on Xia Feixue's body, and said apologetically: "I'm sorry, Feixue, I didn't mean to say that about you just now. .

The situation was really too urgent at the time. I didn't want you to take risks, so what I said was a bit awkward. You also know that I am an outspoken person. You don't care about me like that! "

"Will not."

Xia Feixue left this sentence and got into the car directly, and Su Hui couldn't tell from her tone whether she was angry or not, so she could only sit back in the co-pilot.

After they left, the two men walked out of the corner. If Xia Feixue were still here, they would definitely be able to recognize it. It was Ogawa Ichiro and the man who wanted to fudge him.

"It's really a bunch of useless things, even two women can't deal with it, it's too useless." Ichiro Ogawa scolded angrily while looking at the person lying on the ground.

After scolding these people, Ogawa Ichiro looked in the direction Xia Feixue's car left, and his eyes were full of infatuation. Although the plan just now was not successful, it showed him the heroic side of Xia Feixue, which made him even more so. Is fascinated.

The reason why Ogawa Ichiro liked Xia Feixue was because too many people encountered the thief while traveling. At that time, Xia Feixue grabbed his wallet from the thief.

"Mr. Ogawa, I didn't expect Miss Xia's skill to be so good. I originally wanted to scare these people to frighten her. Let's get rid of these people and come to a hero to save the beauty. I didn't expect Miss Xia to solve it alone. , Don't give us this opportunity at all!" the middle-aged man said helplessly.

When Xia Feixue took action just now, they were really taken aback. The skill and indifferent eyes were more than those of the female agents on TV.

"No shit method is useful at all, billowing, useless things." Ogawa Ichiro kicked the middle-aged man, his tone was impatient.

The middle-aged man hurt when I was kicked by Ogawa Ichiro, but he still accompanied the smiling face, flatteringly said: "Mr. Ogawa, don't be angry, this matter is indeed my negligence, but I never thought that Miss Xia is so good. , Give me another chance, I will definitely be able to make Miss Xia fall in love with you!"

The temptation to make Xia Feixue fall in love with herself is really too great. Ichiro Ogawa didn't intend to believe in men anymore, but when he heard this, he changed the information.

"Really?"

"Really seriously!"

## **Chapter: 1324**

Bang bang bang!

Yu Sheng, who was in the office, heard a knock on the door, put down the file in his hand, and said:

"Come in!"

The door of the chairman's office opened, and a familiar figure appeared. She was wearing a white dress with long black hair scattered on her shoulders, and her face looked pure and beautiful with a little powder.

The person here was Su Hui, Xia Feixue's best friend, and Su Hui's temperament gave people a feeling of first love, unlike Xia Feixue's glamorous and unpretentious.

"How did you get in here?" Yu Sheng looked at Su Hui's doubts differently. The security of the Sihai Group is still very good and generally will not let strangers in, even if it is a beautiful beauty, there is nothing at all possible.

Su Hui gave a smirk and came to Yu Sheng's side and took out her cell phone to show Yu Sheng. She proudly said, "I took a photo with you before I ate with you, and when I came in, I said I was your girlfriend. Want to give you a surprise, they didn't have any doubts when they saw this photo, so they put me in.

How about I am very smart, can I be your girlfriend?"

For the rest of her life, she was a little speechless. This woman had to test herself before, but now she came to test herself. Is this still over?

"This kind of drama is enough once, and it's meaningless to keep doing it again and again. You come to me alone, what is the matter?" Yu Sheng didn't talk nonsense with Su Hui, and asked the point directly. Seeing Yu Sheng's indifferent attitude towards her, Su Hui was a little unhappy. Yu Sheng was still the first man to be indifferent to the enthusiasm she took on her own initiative.

If Yu Sheng had compromised like this at the beginning, and was addicted to her beauty, Su Hui might still feel that Yu Sheng was not a real good match. The more he looked like this, the more Su Hui wanted to take him down.

"Okay, okay, I won't coax you, this time you are not here to test you, I am not so boring, it was Feixue who asked me to call you." Su Hui said.

Xia Feixue?

Yu Sheng looked at Su Hui dubiously. He had seen this woman's acting skills, and it was even better than the acting skills of female artists from the Four Seas Group.

"If Xia Feixue asked you to come and call me, it would be impossible? If she wants to find me, she can call me directly, there is no need to let you run for a day.

Don't waste time with me here, just say it! What is going on, what is your purpose in coming to me?" Yu Sheng said coldly, staring at Su Hui with deep eyes, wanting to see something in her eyes.

"You suspect me? Do I need to lie to you? You know that Xia Feixue likes you? She is rather restrained and shy, so let me call you.

Even if you don't like her, I would trouble you to go there. After all, you are the first person Xia Feixue likes. If you refuse like this, it will hit her too much.

And she also said that if you don't go, she will consider dating Ogawa Ichiro, you know what kind of person Ogawa Ichiro is, in case Feixue gets excited and does something stupid..." Su Hui explained solemnly, The words are full of emotion, not like a joke.

Yu Sheng didn't see any flaws in Su Hui's eyes, but she always felt that there were many flaws in this matter.

Since Su Hui wanted to let herself go so much, Yu Sheng planned to go and see if she didn't know what her purpose was.

For the rest of my life, I didn't believe that a woman could still give him what happened.

Following Su Hui all the way, Yu Sheng came to a hotel without knowing it. The longer and the rest of his

life, the more he felt something was wrong. How could Xia Feixue ask himself to the hotel? It seemed that all of this was Su Hui's idea.

"What are you doing in a daze? Go in! Fei Xue is waiting for you inside?" Su Hui retreated when Yu Sheng walked to the door, and Yu Sheng urged.

Sure enough, Su Hui must have moved something in the room, otherwise she wouldn't be so eager to enter this room.

And the rest of her life on the way here specially sent a message to Xia Feixue asking her whether to find herself, and Xia Feixue said that she was busy with work and didn't have time.

Since this Su Hui tried her best to trick herself into coming in, it means that there is something in the room. In this case, Yu Sheng wanted to see what was going on, so she opened the door of the room directly.

### **Chapter: 1325**

Yu Sheng had just walked into the room and didn't have to look at the room carefully. The door behind him suddenly closed when there was any special place.

Looking back, Yu Sheng saw a smug smirk on Su Hui's pure and clean face.

"Get fooled! Feixue didn't ask me to call you at all, I just wanted to trick you over, and then eat and wipe it all." Su Hui bluntly said to Yu Sheng.

There was a moment of speechlessness in Yu Sheng's heart. If I remember that I was wrong, I was just seeing the woman in front of me. There was not much communication between the two, and it was impossible for me to produce any feelings.

When he came, Yu Sheng knew that Su Hui had deceived herself. It must have had another purpose. Yu Sheng had guessed whether this Su Hui was a member of an organization. He deceived herself to kill herself. Now it seems that she has been worrying too much.

"As you are Xia Feixue's friend, I don't care about opening the door as soon as you do." Yu Sheng said to Su Hui coldly, without a trace of warmth in his tone.

"What's wrong? Is it wrong for people to like you? You let me experience the feeling of love at first sight, so I want to pursue you!"

Su Hui sat on the big bed, tilted her head and looked at Yu Sheng provocatively. Just now when Yu Sheng came in, she had already locked the hotel door. If she took out the key, Yu Sheng would have no way to get out.

She didn't believe it anymore. The lonely man and the widow were in the same room, and with the supplementary effect of the things she had prepared in advance, the rest of her life was a vigorous man who could not be indifferent.

Yu Sheng didn't understand that Su Hui saw this woman as a neuropathy in his eyes, and doing things as if she didn't go through the brain. The previous temptations and the present confession made him abnormally disgusted.

When he came to the door and wanted to open it, Yu Sheng realized that the door had been locked by Su Hui.

"Could you not let me go! Let me tell you the truth. Today is my birthday. I didn't call you alone. I have contacted Feixue, but her work is too busy. Time to celebrate my birthday with me, and I don't have any other friends, so I wanted to use a little trick to fool you."

Speaking of this, Su Hui came over and slowly took Yu Sheng's hand, looking at him grievously with a pair of beautiful peach eyes.

“If you don’t believe me, come with me and you will know. Today is really my birthday. Can you accompany me for a birthday after you come?” Su Hui begged the rest of his life.

This trick is Su Hui’s masterpiece, and Bailing has never failed to deal with men. Su Hui will eat everything for the rest of his life.

The chairman of Cosmopolitan Group and Science Park, Qiancheng is one of the top men, these two big companies are worth hundreds of billions, let alone the net worth of the rest of his life? A man like this is handsome, he doesn’t touch the flowers, and he is very dedicated to feelings.

The reason why Su Hui didn’t hesitate to coax Xia Feixue to confess to Yu Sheng was that he took a fancy to his own conditions. If he could marry such a man, it would be equivalent to a step.

In the future, her stepfather will not marry her to an old man for business marriage, and you will also look at her mother directly, and then you will not dare to bully them.

Just as Su Hui had already begun to dream of a better life in her mind, a loud noise suddenly rang in her ears, pulling her back from her thoughts.

“boring.”

This daughter is an Oscar actor, and she will not believe even a punctuation mark for the rest of her life. Speaking of Yu Sheng kicked the door of the hotel directly, who didn’t even turn his head back? He walked directly out of the hotel, leaving Su Hui alone, staring at everything in front of him, dumbfounded.

The door of this hotel is strangely silhouetted, it is difficult to knock him open with external force at all, unless there is a key, but Yu Sheng kicked the door open with one kick, the wall was shaken and almost kicked down. NS.

The occupants in the next room were immediately unhappy when they heard such a big movement.

After all, the people who came to the hotel were doing business, and being disturbed but ruining their emotions, how could they give up like this?

The door beside him opened, and the middle-aged man walked out cursingly, with a beautiful girl beside him.

“Who is this! It’s so noisy to make such a big movement!”

The man walked out and it happened that Yu Sheng passed by at this time. The man saw that Yu Sheng wanted to scold him and took it back.

“Yu...Mr. Yu is such a coincidence!” The middle-aged man greeted Yu Sheng with a smile.

Yu Sheng Bengen didn’t care about him. This middle-aged man was just a man who flattered Ogawa Ichiro in vain, and he ignored him for the rest of his life.

The hot face put a cold buttocks, the middle-aged man’s face was a bit ugly, just as Yu Guang accidentally saw Su Hui, he immediately understood what was going on, and an idea emerged in his mind.

## **Chapter: 1326**

Su Hui’s behavior made Yu Sheng feel extremely speechless. Only then did she know the two sides and took it to the hotel, wanting to do something with herself. Such a woman is too casual and not a good match at all.

Suddenly Yu Sheng thought of Magnolia in his mind. I haven’t seen her for a long time, and now I miss her a little.

I don’t know if Magnolia’s life in the United States is okay? Is it alone? Or is it that she has found her true son?

For the rest of her life, she didn't know about all these problems, and she didn't even know how much her phone number was. There were so many women around her, and Magnolia stood in an irreplaceable position.

Thinking of this, his heart was mixed, and he took out a cigarette, and the smoke in front of him seemed as if the shadow of a white magnolia was in it.

When you have time, let's make time to visit the United States! Regardless of whether her life is good or bad, she always has to meet to make Xu Qianqian clear about this matter.

.....

hospital.

Zhou Qian's condition deteriorated uncontrollably after her birthday with her daughter. This time she really needed to lie in the hospital bed without a way to get out of bed. The sister-in-law has been taking care of her and staying by her side for 24 hours. .

When Wang Qian saw her mother like this, she knew that her time was running out, and she might leave suddenly one day.

"You...you said you want to stay with me all the time, you promised me." Wang Qian grabbed Zhou Qian's hand and said crying.

Zhou Qian sighed helplessly. The things like birth, old age, sickness and death are the things God said. Helping her daughter to wipe away the tears on her face, Zhou Qian said in a weak voice: "Mom won't leave, she will always be with you, even if she becomes a star someday, she will always look at you in the sky and watch you grow up. Seeing you happily, there are so many friends around, and you are no longer alone."

Wang Qian lowered her head when she heard this, because her weird personality and cleanliness made her have no friends in her life.

Even though her mother was about to leave, she still couldn't let her go. The more Wang Qian thought about it, the more guilty she got. Suddenly she got up from her chair as if she was trying to understand something, and said solemnly: "You...you are waiting here. Stay with me, I'll be back in a while."

Zhou Qian didn't know what the hell was going on with her daughter, it was too late when she wanted to reach out to stop her, and Wang Qian ran out of the ward a long time ago.

In the past, it was definitely not a problem to want to catch up when the body had something to do. Now it is very troublesome to move, let alone catch up?

After leaving the hospital, Wang Qian rushed to the hospital. It is better that the school in the hospital is relatively close. Wang Qian returned to the class in more than ten minutes.

At this time, it was time after class. The students were all playing, but when they saw Wang Qian coming over, they took the initiative to dodge a path, like a god of plague, unwilling to have any contact with him.

Wang Qian didn't care about the eyes of the classmates looking at her, and stood at the podium. The classmates couldn't figure out what Wang Qian was doing?

"Classmates, I am Wang Qian. You have a bad physical character and I sometimes make you angry. So I solemnly apologize to you here."

Said Wang Qian solemnly bowed to the students.

The classmates were stunned at this scene. They couldn't understand what Wang Qian's character was before. They were withdrawn, selfish, and unwilling to talk to people. They simply didn't make friends with her.

Now it is an uncharacteristic thing to take the initiative to apologize to everyone.

Wang Qian raised her head and looked at her classmates looking at herself in surprise, and no one had finished saying forgive her, she felt a little frustrated in her heart.

Obviously, she has already achieved this level, but there is still no use for anything. Wang Qian really wants to turn around and leave.

I thought that my mother in the hospital might leave her at any time, and I was worried that I would not have a friend alone in the future.

Wang Qian was heartbroken, saying that she had to make her mother leave without any worries, and she didn't want her to let her go to death.

Wang Qian walked down from the podium, and quickly came to Xiaoya's face, and directly grabbed the yogurt in her hand.

The moment she held it in her hand, she was disgusted, after all, it was something that someone had touched, and there was still someone else's warmth on it.

Xiaoya is a little angry, don't know what the hell is this guy going to do? I drank her sip of yogurt before, but Wang Qian directly threw what she had drunk on the ground. She also said that she was a stinky beggar and drank what others had drunk.

Now Wang Qian has snatched her yogurt inexplicably, what is she going to do?

### **Chapter: 1327**

Seeing only half of the yogurt that others drank in her hand, Wang Qian felt very disgusted, and she wouldn't even touch it if she kept it before.

If you want to get forgiveness from others, you must solve this problem fundamentally, so today she must drink it.

Wang Qian closed her eyes, her mouth tightened, and she took a strong sip from the straw. She thought that everything other people had touched was full of bacteria and dirty, but the yogurt really sucked into her mouth and was worth drinking with her on weekdays. Are the same and there is no difference.

At this moment, Wang Qian realized that sharing with others is not a bad thing, and that things like cleanliness may also be changed in the face of friendship.

"Sorry Xiaoya, I was too selfish and too much before, now can you forgive me?" Wang Qian said with his head lowered.

Xiaoya didn't immediately answer Wang Qian's question, and took the yogurt bottle back from Wang Qian's hand, touched the empty bottle in her hand, and she re-examined the person in front of her.

Today, the sun came out from the west, Wang Qian did some abnormal things, and this sudden change made her feel a little unaccustomed.

"I... I forgive you."

The reason why Xiaoya was so angry with Wang Qian that she didn't play with her was because of her weird character. Now she took the initiative to apologize to herself. It was not a big deal. It was because her classmates couldn't forgive her.

After obtaining Xiaoya's forgiveness, Wang Qian apologized to Xiaoshui in good faith. Xiaoshui naturally wouldn't embarrass her. Knowing her mistakes can improve her greatly.

At this time, the class bell rang, and the students all returned to their seats. Wang Qian did not go back, and came to the podium.

"There is one thing I want to ask everyone to do me a favor." Wang Qian said to all the students.

.....  
hospital.

“Zhou Qian’s disease is getting more and more serious. If it continues like this, it can last for three days, maybe less than three days...” Doctor Zhang sighed and said helplessly.

He also understands the situation in Zhou Qian’s family. He is less than 30 years old and has such a small daughter. It is a shame to leave at such a young age.

However, this situation of advanced gastric cancer is equivalent to a death notice issued by the king, and there is no possibility that it can be cured. The spread of cancer cells is not a problem that modern medicine can solve.

Hearing what Dr. Zhang said, Zhou Qian’s sister-in-law’s eyes sore and tears flowed, and she grabbed Dr. Zhang’s arm and pleaded: “Dr. Zhang, she is still so young, can you think of a solution? How could it be impossible? Is it possible to be cured? As long as it can be cured, I will spend as much money as possible.”

Doctor Zhang helplessly pushed away Zhou Qian’s sister-in-law’s hand, and said helplessly: “Even if I am the genius doctor Zhu Qingshan, this disease is not something I can treat, so be prepared!

The reason why her condition deteriorated so quickly was because Zhou Qian didn’t follow the hospital’s arrangements to stay in the hospital, or else she could persist for a while. ”

“Thank you Dr. Zhang.”

Zhou Qian’s sister-in-law wiped her face and walked out of the office. Zhou Qian is now in the ward alone. She is too weak to get out of the bed. It would be no good if she was not there if she needed someone around her.

At this moment, her mobile phone rang suddenly, remarking the husband shown on it.

“Where is the wife’s hospital like? Zhou Qian will have to take care of you. There are too many things on the company side, and I can’t take leave. Otherwise, I have to go back.” Brother Zhou Qian explained.

“Please resign if you can’t give up! Come back now, okay?” Zhou Qian’s sister-in-law said in a very cold voice, very different from the image of a gentle housewife in the past.

Brother Zhou Qian was a little surprised to hear that his wife said this. He is the owner and a very good little leader in this company. The salary is still very good. If he resigns like this, it will be difficult to find such a job again. NS.

“Wife, what are you saying stupid? How can you quit this job?” Brother Zhou Qian asked in confusion.

“Please resign if you can’t give up your leave. Now your sister is lying in the hospital. The doctor just said that she has no more than three days at most. Is it important for your sister to be busy at work?” Zhou Qian’s sister-in-law asked with her throat. Originally, the tears on his face were wiped clean, but now his clothes are bursting with tears.

“Well, wait for me, I will go back now.”

## **Chapter: 1328**

In the ward.

“Brother, aren’t you working? Why did you come to the hospital? My sister-in-law took care of me very well. I used to coax her with her, but now I think about it and realize how ridiculous my mistake is. My sister-in-law is the most in the world. Good sister-in-law, my brother is convinced to marry you.”

Zhou Qian’s face was pale, and she lost a lot of weight during the hospitalization period. Gastric cancer was so torturous, so she almost collapsed because of the pain and toss that could not be controlled.

In order to prevent the people who love her from caring and sad, she can only pretend to be strong and pretend to be nonchalant if the body hurts.

“No, don’t talk about it, your body is so weak, so take a good rest!” Zhou Qian’s sister-in-law said and

turned around, not wanting to let Zhou Qian see her tears.

“Since Dr. Zhang didn’t tell me, but I know that, after all, my own body, I know better than anyone else, I haven’t been too late for a few days, and I might even die today.

My brother and sister-in-law, Zhou Qian is really not afraid of death. On the contrary, I am afraid of living like this, like a waste person, exhausting all the money for treatment, and finally getting nothing, and letting my sister-in-law take care of me every day.

I really don’t want to harass you, and I don’t want to spend all your savings because of myself, but I can’t bear Wang Qian, can you help me take good care of her, and I am willing to be a cow or a horse for you in my next life. “Zhou Qian was a little breathless when she spoke, but she still said everything she wanted to say in her heart.

Even if he knows what Zhou Qian said is true, Zhou Qian’s brother still feels very uncomfortable. He stepped forward and patted her on the shoulder to comfort him: “Okay, you can rest! Don’t say so many frustrating words, you must There will be nothing to do.”

At this moment, the door of the ward suddenly opened, and a group of children swarmed in, headed by Wang Qian.

Twenty or thirty people came in in a bucket and filled the room. They held a big sign in their hands and wrote crookedly on it that Aunt Zhou would get well soon.

“Mom, Cici brought all the classmates here. They can accept me. I have friends and many friends. In the future, there will be many friends who will no longer be alone.” Wang Qian walked to the bed and took hold. Zhou Qian cried with her hand.

“Auntie, you must get well soon.”

“Mother Cici, we are friends of Cici, you have to listen to the doctor’s treatment, you will surely get up early and recover.”

“Auntie, I am Xiaoshui. I have eaten the snacks you made before. They are really delicious. I still want to eat the snacks made by Auntie in the future. You have to recover quickly!”

Listening to the children’s concern, Zhou Qian shed moving tears, or it was not all suffering. There are so many beautiful things in this world that we need to guard, family, friendship...

“Thank you. With your blessings, Auntie will definitely recover soon. In the meantime, I hope you can take care of Cici a lot.” Zhou Qian wiped away the tears on her face and said.

Because it was class time, although I got the teacher’s permission, I still had to go back to school as soon as possible. The students just stayed for a while and left.

In the evening, Wang Qian did not go home, and chose to stay in front of Zhou Qian’s bed. These days, it was her mother who was standing by her window to tell her stories. This time, Wang Qian was holding a story book to tell her mother.

Wang Qian spoke earnestly, Zhou Qian listened earnestly, but her face looked paler and weaker.

“Cici, can you kiss your mother again?” Zhou Qian said weakly.

This time Wang Qian was not disgusted and reluctant, but took the initiative to put down the story book in her hand and kissed Zhou Qian on the cheek twice.

“Mom is so naive.” Wang Qian complained as usual.

At night, the mother and daughter lay cuddling together on a small hospital bed. Wang Qian smelled Zhou Qian’s body and felt the temperature on her body. She tried hard to remember, as if she wanted to remember this to the deepest of her mind. Never forget the place.

**Chapter: 1329**

In the early morning of the next day, Wang Qian woke up very early, and when she found that her mother beside her was still awake, an uneasy feeling emerged in her heart.

Wang Qian's teeth were tightly biting her lower lip, her small hand holding her clothes as if she was trying hard to suppress some emotions, and she didn't want to express it.

After getting out of the hospital bed, Wang Qian put on her clothes and went to wash herself. Wang Qian deliberately made a lot of movement, but there was still no reaction anywhere in the bed.

The anxiety in Wang Qian's heart became stronger and stronger, but she was still comforting herself, her mother was still sleeping.

"Mom is really lazy, she's still sleeping now, Cici is hungry, I will go to my aunt." With these words, Wang Qian rushed out of the ward like she did. When she closed the door, she didn't have the first time to leave. At the door, there are mixed flavors in my heart.

Wang Qian felt that as long as she was the same as before, thinking that her mother was only asleep but not awake, maybe she was just asleep but not dead.

At this time, a group of doctors wanted to come over here, and their steps were very quick. Seeing this situation is undoubtedly more convinced of the speculation in Wang Qian's heart.

It was not until the arrival of these doctors that Wang Qian realized that her mother might really be dead and would never be able to return.

I won't put her in ugly ponytails, make biscuits for her, watch the sea with her, or go to the amusement park with her. Even if it rains heavily in the future, she forgot to bring an umbrella. No one will bring it to her.

Wang Qian's mood completely collapsed, her small body blocked in front of the door, stopping the group of doctors and saying that they would not let them in.

"Don't go in! My mother is still sleeping. You can't disturb her, don't go in." Wang Qian cried and said kindly to the doctors.

Doctor Zhang looked at Zhou Qian's elder brother with some embarrassment, and said with a sigh, "You take the child away! This kind of thing has hit her too much."

Zhou Qian's elder brother nodded, stepped forward and hugged Wang Qian and walked aside. Although the little guy walked and kicked and beat, he still lay directly on his shoulder and bite.

"Let go of me, you put me down, my mother is still sleeping, I can't let them disturb my mother sleep, let me go."

A small piece of the white shirt was dyed red, even though Brother Zhou Qian still didn't have any intention of letting go.

When Wang Qian saw that he hadn't let go, her mouth was even more ruthless, but it still didn't have any effect.

Until Wang Qian was sent back to her house and locked in her room, she slumped on the ground alone, watching the pictures of her mother in her hand and her at the beach in tears.

In the next two days, Wang Qian went to school normally. When Zhou Qian was not mentioned by her uncle and aunt, Wang Qian also consciously did not ask. Everyone was very deliberately concerned about this topic.

After school this time, Wang Qian still stood at the gate of the school watching other students leave one by one, but he didn't take a step forward.

It rained again, and it rained heavily, and the rain was pressing down like small stones, and it hurts when it fell on people's skin.

This time, someone reminded her that she had to take an umbrella when she went out in the rain, and

her uncle's work was very busy, and her aunt was going to pick up Xiao Zhuang, and she didn't know when she would come back to pick her up.

Maybe you have to wait for an hour, or two hours...

Wang Qian is very anxious. She can't wait any longer and plans to go back directly under the rain. Just as she was about to take a step out, a familiar figure appeared not far away with a petting smile on her face. Hold her.

Wang Qian was shocked, and she should think that the figure in front of her was not a human being, but a ghost!

Even in this way, she was happy to see her mother again. She couldn't restrain the excitement in her heart. Wang Qian rushed over and ran to Zhou Qian to save Zhou Qian's waist.

"Mom, I miss you so much, I really miss you!"

### **Chapter: 1330**

"Mom misses Cici too. I knew that you would definitely forget to bring your umbrella when it rains today. Isn't this coming to pick you up?" Zhou Qian touched Wang Qian's head with a happy smile on her face.

Wang Qian was taken aback, then she remembered that the mother in front of her was a ghost! Even if it is not a ghost, it is an illusion that appears by himself.

Even though she was only seven years old, she also checked the Internet and asked in detail from Doctor Zhang. There was no possibility of cure, so Zhou Qian died that day.

However, if the mother in front of me is hallucinating, why can I hug her? Why is there a warm body on her body, or asked so familiarly, that is what Wang Qian asked in the depths of her mind.

Wang Qian can be sure that the person in front of her is her mother, a mother who has the temperature to touch.

Raising her head, Wang Qian looked at Zhou Qian in surprise, staring at her carefully, the facial features and even every pore was very careful.

When Zhou Qian saw her daughter like this, she naturally knew what she was thinking. If she hadn't really experienced it, perhaps she would not believe that a dying person in the world who can cut the advanced stage of gastric cancer to the spread of all cancer cells in this world will save her. live.

But Yu Sheng did it. His abilities are amazing. It took only two days to cure the illness that the hospital couldn't handle, and Zhou Qian now feels that his body is much better than before.

"Mom is a human. My mother's illness was cured by Xiao Shui's father. My mother promised that Xi Qian would never leave. How could she be Shi Yan?" Zhou Qian smiled and hugged Wang Qian tightly. Looking at her, it seemed that she wanted to melt the little person in front of her into her body.

"But, aren't you obviously dead? Why do you still appear here? Could it be that my mother met the gods and made her come back from the dead to accompany Cici." Wang Qian stared at her innocent and innocent eyes. Looking at Zhou Qian.

Zhou Qian squeezed her daughter's small fleshy face and said, "You really guessed this. Mom just met the god, and he cured his mother's illness with his spells.

The god said that Cici was still so young and couldn't take care of herself. She was afraid that you might cause some serious disaster, so she asked her mother to come back to take care of you."

Wang Qian pouted, pretending to be angry, and said, "Cici is very obedient! Recently, I have been getting along well with my classmates so that I won't cause any major disasters!

And uncle told me before that there are no gods in this world. Mom tells me the truth, what is going on?

Otherwise I won't go home with you. "

Zhou Qian did not intend to conceal Wang Qian, and told her all about the incident.

After Wang Qian got up and left that morning, Dr. Zhang walked in with a group of doctors. Zhou Qian at that time was actually almost dead. She was still hanging, and her body had lost any sense.

It was all because Zhou Qian's sister-in-law took out the business card that Yu Sheng gave Zhou Qian to get through the phone, and called Yu Sheng over.

On the day when Yu Sheng gave Zhou Qian's business card, Zhou Qian was also reconciled with her sister-in-law, so she inadvertently raised the matter to him.

Zhou Qian also didn't think that her unintentional act was the key to pulling her life back from Hades.

Then Yu Sheng came to the hospital. Zhou Qian's sister-in-law kneeled down and asked him to save Zhou Qian. Yu Sheng had a heart to save others, so Zhou Qian stayed there for two days before using Jiu Xuan Tian. After the acupuncture and moxibustion method recorded above, coupled with his ability as a great master, Zhou Qian was cured in just two days.

"Is Xiao Shui's father really that powerful? Is he a god? Is that Xiao Shui also a god? Then I have bullied the gods before?" Wang Qian was afraid of what he had done before. Fortunately, Xiao Shui has a grudge against her mother.

Zhou Qianzhong touched your daughter's head and said with a smile: "There is no such thing as a fairy in this world, but Mr. Yu and Xiao Shui are our benefactors, you must always remember!"
