

Dont mess 1351

Chapter: 1351

“Patriarch, why should you be so angry? Although the young master is wrong, he shouldn’t be punished so much!” Uncle Mie said helplessly.

Leng Huai stood up from the bed with a serious look: “I used to think that Jue’s talent is indeed good, and he is arrogant and self-willed, and I tolerate him.

But I heard from you today that the young man named Yu Sheng was only in his twenties, but his strength surpassed Jue’s. If he continues to indulge him in this way, maybe he will not be able to become a magnificent person in the future, but he will still be caught by that young man. People are getting farther and farther.

Although the forbidden area was prepared for the death inmates of the Leng family, to be more precise, it should be prepared for every heir to the owner of the Leng family. Only by staying close to the ground for five days, the heart of steel will be broken. , Can lead Leng’s family to glory.

The Lengjia I said, don’t need waste! ”

Hearing Leng Huai’s words, Uncle Mie was completely silent. He taught Leng Jue to martial arts since he was young. He grew up watching Leng Jue, and the two also had deep feelings between them.

No matter how deep his feelings are, he is only a slave of the Leng family. He has never been to the Forbidden Land, but it is not difficult to think of a scene inside. Perhaps this is what Leng Jue must experience now.

Uncle Mie could only pray that Leng Jue could walk out of that place alive, and that was enough.

.....

Lengjia forbidden land.

“I beg you to let me see my father again, maybe he will change his mind?” Leng Jue put down his face as the only heir to the Leng family and begged the two guards beside his father for mercy.

In the face of life and death, everything is not so important, the number of people who have died in the forbidden area is countless, and even those who have reached the realm of the great master are not spared.

He was only twenty-eight years old, the only heir to the Leng family, if he died in this place, he would have nothing.

The two guards didn’t even understand Leng Jue’s struggle, and threw him directly into the dark cave, then turned and left.

Falling from such a high place, Leng Jue was not injured, but he was frightened by the scene in front of him.

As a half-step grandmaster, even if he is in a dark cave, he is still in the same day, and there are no obstacles. It is because of this that he is frightened.

In the cave, the white bones that caught the eye were about to be piled up into mountains. Even his feet were all bones. At least nearly 10,000 people died here.

I used to hear heart-piercing crying and crying for help when I was passing by. At that time, Leng Jue was very disapproving, and I didn’t expect that he would be locked in a forbidden place one day.

The place is so big. There is nothing else for constipation besides the bones. Leng Jue definitely doesn’t believe it is that simple. There are definitely some monsters or difficulties hidden in this place.

Otherwise, how could so many people die? ?

But it has been a few minutes since he came in, and he didn’t encounter anything. Often the unknown

danger was the most terrifying. Leng Jue didn't take it lightly because of his current safety. After two hours of fearful observation, Leng Jue still didn't have any development, even the bones were turned over by him with the nausea, and he couldn't find anything before he let go. There was no danger, Leng Jue let go of his heart, and when he checked his watch, it was already eight o'clock in the evening. If it was placed in the large bathtub that had been lying in the long time ago, there were a number of beautiful servants by his side, where would it be used? Staying in this terrible place doesn't even have a place to sleep. The reason why he would do it himself, all the reasons for the end of the game now are all because of the rest of his life, how could he be punished by his father if it weren't for him. Although Leng Jue hated Yu Sheng, he was locked in this place by his father and he had no way to get out. He could only wait until five days later to go out and find a few more powerful people from the family to kill the rest of his life. Glancing at the white bones on the floor, Leng Jue was helpless and could only lie down at his own expense to sleep today. He was startled just as soon as he lay down. On the wall above his head, big red eyes that were about to bleed were staring at him unblinkingly. Those big red eyes were thousands of white, and beside them, there were small green eyes the size of soybeans anyway. The little green eyes are bigger than the red ones, and there are many more eyes, like the stars in the sky, at least tens of millions.

Chapter: 1352

Leng Jue was shocked by the scene in front of him, his expression on his face was richer than when he saw this kind of white bone, and a layer of cold sweat broke out on his back. No wonder he didn't find any monsters and organs from those bones before. I thought there was no danger in this place, but I didn't think that these dangers were all on top of his head. He hadn't noticed it before. Leng Jue could clearly see that those big red eyes were all bats, and that bat was not a small bat that could be seen outside. It was the size of a dog in the family, with long fangs that bite into a person's neck, and Leng Jue had no doubt that he could bite through a person's neck directly. Anyway, the little green fluorescent eyes are exactly a scorpion, also known as a millipede. These things are not busy all over the walls of the cave, densely packed everywhere. Leng Jue found them, and they were also watching Leng Jue. Leng Jue lay there and didn't dare to move. He was cautious even breathing, for fear that he might make any movement, those things rushed in thinking of himself. To be honest, if he really faced a big monster, Leng Jue wouldn't be afraid to be like this, mainly because these things were too grotesque, and Leng Jue's goose bumps would rise. father! I am your own son! How can you push your son to death? And also use this method. Leng Jue scolded his father thousands of times in his heart. If he really died here today, he would end up with no bones left. Click! Suddenly a scorpion fell off, and it happened to hit Leng Jue's face. He still didn't respond, and the scorpion crawled toward his nostril. Leng Jue was shocked, and directly ran the internal force to shake the scorpion into blood mist.

With the first one, there was a second one. Thousands of scorpions fell from above, all crawling towards the place where Leng Jue was.

Leng Jue has a way, he can only wrap his body with internal force to form a protective cover for internal force. This method is still very useful. Although the scorpion is very poisonous, there is no way to get into his body and it cannot cause any harm. .

Even if it is safe now, Leng Jue did not relax his vigilance at all, because the big bats were still hanging upside down on the wall and there was no attack on him.

This place is a strong man who has died of a great master, and he can do a half-step great master who can wrap his body with internal force. The great master must do better than him.

So now these green-eyed scorpions attacked by him are not really deadly things. Those bats that look like big dogs are the most dangerous existence.

Leng Jue didn't dare to slack off, and he tried his best to kill a piece of scorpion, but these were just useless. Those green-eyed scorpions seemed to attack Leng Jue endlessly.

The inner force shield is surrounded by scorpions. Leng Jue's inner force has already consumed one third at this time. This is just the beginning, and he is almost unable to support it. Those red-eyed big bats still have no attack on her.

"Help! Father, I'm your own son, how can you let me die in this place? Tiger poison still doesn't eat children! Dad, I really can't hold on!"

Leng Jue really didn't have a way, he really panicked, because he clearly saw that the bat hanging upside down on the intestinal wall had begun to agitate.

"Father, my son knows that he was wrong, he will definitely listen to you in the future, practice his internal strength well, and he will never get into trouble again!"

Leng Jue kept begging for mercy, hoping that his father would hear his softness and let him out, but no one paid any attention to him.

The big red-eyed bats fluttered their wings, and several bats had already rushed towards the place where Leng Jue was.

Chapter: 1353

Seeing this situation, Leng Jue really had no idea, he could only strengthen his internal strength and make his shield stronger.

boom!

The inner force shield was directly shattered by the big bat, and a group of scorpions climbed onto Leng Jue's body. Although he was a man, he was very afraid of this kind of bugs with many legs, not to mention the large group now.

Scorpion crawled onto the body, and Leng Jue had no time to intervene, because what he wanted to face now were the more dangerous big bats, and that thing could be lethal by just one.

Leng Jue's legs were densely covered with scorpions. Those scorpions were still crawling up, and some got into his pants. This direction...

Leng Jue didn't want to care about it. Those scorpions wanted to get into his body, so he could only beat them continuously to kill those scorpions.

Just as Leng Jue was distracted by the scorpion, the big bats' mouths with long fangs bite towards Leng Jue.

tear!

A piece of meat on Leng Jue's arm was directly torn off by the big bat. The painful Leng Jue was his

forehead, and cold sweat broke out on his head. This is not the end. Several other bats also rushed towards Leng Jue. That posture was to share Leng Jue directly.

When it was a matter of life and death, Leng Jue couldn't care about that, and now there was no need to calmly think about it, and he was moved to attack the big bat.

However, Leng Jue found that the internal force had no effect on the big bat. They seemed to be immune to the internal force. These Leng Jue were completely desperate. It seemed that he was really going to die here this time.

The meat on the thighs was torn away in large pieces, and the waist and back were filled with blood holes that were eaten by big bats. Those scorpions became excited when they saw the blood and went directly into Leng Jue's wound.

"Ah...ah...daddy...help...help!"

Leng Jue's heartbreaking shouts followed after another, still struggling uselessly. At this time, he was dying, and his body was full of green-eyed scorpions.

The unforgettable pain almost caused Leng Jue to collapse. He felt that those scorpions were gnawing on his blood vessels and damaging his internal organs, trying to hollow him out from the inside out. Leng Jue wanted to live, but he really couldn't bear the pain anymore. He directly raised a palm to hit his forehead. As long as he died, he didn't have to bear such pain.

boom!

A flame ignited in the palm of his hand, and the scorpions lying on Leng Jue's hand stepped back, afraid to get close to the flame in his hand.

Leng Jue burst out laughing when he saw this situation. Just before he opened his mouth, a lot of scorpions crawled into his mouth.

Anyway, they are all dead, Leng Jue doesn't care so much anymore, so let him bury everything in it! Leng Jue ignited the bones on the ground, and the raging fire ignited, but the flame was not red or orange. The flame that was burning was really blue.

The scorpions on the burning ground sizzled, an unpleasant odor was very pungent, and the big bats did not attack Leng Jue when they saw this situation, and they all hid on the wall again.

Those scorpions could not fly, and were not as lucky as bats. Most of them were burned to death, and only a few scorpions climbed back to the wall.

Faced with the fire, Leng Jue didn't squat and walked directly towards the place where the fire was most prosperous. The scorpions in his body seemed to be spiritual. He noticed his thoughts and crawled out of his body in order to survive, but there is still no way to escape the fate of being burned to death after falling on the ground.

There was a burning sensation in his body, Leng Jue didn't care anymore. Compared with the group of bugs just now, these fires were nothing at all.

Just when he was about to burn himself to death, the fire slowly diminished. Even so, the skin on Leng Jue's body was burned, and some places were directly burned.

At this moment the wall suddenly opened, and a corpse-like person walked out, because of his appearance, the fire on the ground was extinguished, and the bats and scorpion stopped rioting.

The corpse who couldn't see his face seemed to be the owner of this place, the one who could control everything.

Chapter: 1354

“Congratulations, you have passed the first test.”

The person who looked like an officer couldn't distinguish between men and women, and his voice was very dry and dumb, like a voice that took a lot of effort to make, and it was very unpleasant.

Leng Jue sat on the ground feebly, and the blood on his body kept flowing down, he looked like a blood man alive.

The former Leng Jue was handsome and handsome, and his appearance was impeccable. Now he looks like a monster. There is a trace of survival in the hollow eyes. It seems that those lively Leng Jue have been eaten by big bats and scorpions. It's clean, and now it's just an empty shelf.

The mummy walked over like Leng Jue step by step, and raised his hand like a dry bone to touch Leng Jue's forehead. During this time, Leng Jue didn't have any dodge, so he let the terrible dry bone touch his forehead.

Suddenly, a pure internal force slowly flowed into Leng Jue's body from the withered hands, and the injuries he had suffered before healed at an extremely fast speed.

Not only that, Leng Jue was surprised to find that his cultivation level had broken through. Now he not only escaped from the dead, but also reached the early stage of the Great Master. Maybe he would be very happy before, but now these are not important to him. NS.

“This is just the beginning. Let the descendants of my Leng family work hard! Try to get out of this place, and then you will have the ability to stand alone, and you can truly have the identity of the heir of the Leng family.” Without any emotion in his tone, he said mechanically to Leng Jue.

The dry bone in front of me is not a monster, and the guardian of this forbidden land is also the ancestor of the Leng family. He has been in this place for thousands of years, because he has been cultivating evil skills beyond recognition and can only stay in this place. If you go out, it will become dust.

He used this method to experience the descendants of the Leng family, hoping that one day the descendants of the Leng family can find a treasure called Ningyu, and then he will be able to recreate the flesh with the power of Ningyu and gain true immortality. .

“I know what you are thinking, have you lost hope for your life? Everyone who comes here should not think about living. Even if you go out alive, you don't live for yourself, but for the entire Leng family. Your lifelong goal is only to make the Leng Family stronger and to find Ningyu.” Gangu said word by word.

Leng Jue didn't speak, but still just listened quietly, his eyes were empty and his face was as gray as death. All this experience was too shocking, and he couldn't digest it.

“I'm not rare to do this, if you want to, then go by yourself! Why let me go through this, I am also a living person, I am not your puppet with my own choice!” Leng Jue suppressed his anger in his heart, All broke out at this moment.

When he was desperate, his biological father didn't help him. Even Uncle Mie, who watched him grow up and counted as his master, did not come. His heart was burned to ashes like white bones on the ground.

“You are a descendant of the Leng family. This is your responsibility. You have no choice!” The mummy's mechanical voice sounded again, his voice hitting the human soul.

Leng Jue snorted and didn't care: “Leng Jue is dead, eaten by those bats, and now talking to you is just a walking dead.

Now I have only these bodies. Take it if you want it. ”

Qianggu wasn't angry at Leng Jue's self-willing depravity this time, and after thinking about it for a long time, he said, “I want you to be willing to give me this body?”

"If you want to take it, Leng Jue is dead." Leng Jue said without hesitation. Although he is a bit more willful, he is very emotional. The person who cares pushes himself into the abyss with his own hands. After despairing, although he has improved his cultivation level, there is no difference between being alive and a dead person.

"Okay, you are mine. It's enough to look for Ningyu for a year!"

Chapter: 1355

"Master, you really came out safely. It's really gratifying." Seeing Leng Jue coming out, Uncle Mie walked over with a smile.

Leng Huai, who had always been unsmiling on the side, saw Leng Jue coming out, and the corner of his mouth couldn't help showing a smile, wondering if his ineffective son could really withstand the test. Uncle Mie just stepped forward, wanting to check whether Leng Jue was seriously injured, his hand was really going to touch Leng Jue, and he was directly beaten to the side.

This.....

Uncle Mie was a little confused, Leng Jue had always respected him very much, and today he was so inexplicably cold, and he didn't have any joyful expressions when he came out.

Leng Jue who came out looked around a little, his eyes were strange, and the eyes of everyone were extremely cold.

"You can't even say a word after you come out?" Leng

Huai suppressed the smile on his face, then put on the zombie face and scolded Leng Jue.

It's been a few minutes since this came out, Leng Jue's eyes just swept over him without any pause, and then he ignored him.

Leng Jue's eyes were cold, and he made a move to the direction that Leng Huai was in. Unprepared by this palm, Leng Huai didn't have any preparations and was hit.

"Is this your junior's attitude when talking to me?" Leng Jue stared at Leng Huai with cold eyes, and said word by word.

Hearing this, he was taken aback for a moment, but he didn't react to it for a while, junior? My son says he is his junior?

Although Leng Jue posted some accounts on weekdays, he still respected his father very much, and he had never encountered such a situation.

The longer Lenghuai felt that something was wrong with his son, it seemed that his temperament changed drastically after he came out, and he became like a different person.

"Who are you?" Leng Jue asked tentatively, telling him intuitively that the person in front of him who was exactly like Leng Jue was definitely not Leng Jue.

"Ancestor of the Leng Family!" Leng Jue said word by word.

.....

The rest of his life in the practice opened his eyes suddenly, and his heart was throbbing and beating, as if something bad was about to happen.

The last time this happened was because Du Fei was arrested by the gang, and some of his life was ruined. This time it is self-evident that something worse will definitely happen.

There is no other situation right now. Only the two people who planted Fu were put back to the mountain by themselves. Then it is very likely that when they come to find themselves again, they will face threats to their lives.

This made Yu Sheng had to be vigilant. After these few days of desperate cultivation, he was only this

line away from the mid-term realm of the Grand Master. Even after this line, there was no way to break through for the rest of his life.

At this moment, someone knocked on the door of the room. Yu Sheng got up from the bed and opened the door. It was Du Fei who came.

When I saw Du Fei, Yu Sheng was a little shocked. I have forgotten that I have been busy practicing for the past few days. Du Fei should have come out in a week.

The person in front of me, although a little thinner than before, but the spirit is still good, Du Fei did not need to speak for the rest of his life to understand, it seems that Du Fei really used his strong willpower to completely get rid of Fu's torture. .

"Good brother, I know you can do it." Yu Sheng patted Du Fei's shoulder with relief, this is the only good news in the past few days.

"Hurt, what a big deal! There is nothing in this world that can hardly hit me Du Fei. If I am stumped by this difficulty, how can I dare to be the boss of the underground forces of Qiancheng!" Du Fei Yang said triumphantly.

Yu Sheng smiled slightly and looked at her so happy, and didn't intend to tease him by telling her what she had previously deleted him.

"Lao Yu, I stayed in that small room and I was going to be bored. I went out and had a drink with me! Brother, I would treat me and beg you something by the way." Du Fei put his arm on Yu Sheng's shoulder and walked along. Say.

Chapter: 1356

"What? You want to practice martial arts too?" Hearing what Du Fei said for the rest of his life, he was shocked to squirt out what he was eating.

Du Fei's calm complexion didn't seem to be joking: "Yes, Lao Yu. You also know that although I can fight, I can only fight better among ordinary people. If you see someone with a gun in your hand, you'll be stunned. NS.

The experience of being locked up in the dungeon this time was indeed very profound to me, and it also made me understand the importance of strength.

Can't I expect you to come out to help me every time I encounter danger? I also hope that whenever you can use me, I can stand alone in front of you! This is what brothers should do. "

Yu Sheng smiled. He still knows Du Fei's character very well. It seems that this incident has indeed changed his mind.

"If you want to learn this, I can teach you too." Yu Sheng said.

Hearing this, Du Fei immediately became amused. He grabbed the girl's neck and said excitedly: "Lao Yu, you see that I am not much worse than you. Is it true that I can reach yours in three to five years? How much?"

If there is no real practice, he is eager for success. For the rest of his life, he is a little helpless about Du Fei's impatience, but he hasn't said it to hurt his self-confidence.

"This thing is hard to say. Some people have good talents. It's normal to learn how to reach the realm of a great master like me now in three to five years. Some people with ordinary talents can hardly reach the realm of a grand master in a lifetime. This kind of thing depends on it. Personal." Yu Sheng explained.

Du Fei rolled his eyes, and then said with a smile: "A person with extraordinary talent like me can learn everything fast. Although it is not comparable to you, it should be able to reach your current state in five

or six years!

By the way, how many people do Lao Yu have better talents than you? Maybe my talent will be better than you by that time! ”

Yu Sheng smiled slowly and searched in his mind. After a while, he said: “In my impression, there are no people who are better than my talent, who can reach the great master in three to five years. Looks like I’m the only one right now.”

Du Fei was a little speechless, this guy boasted himself, he simply didn’t constrain at all! Although the rest of my life is really good, but there is no way to be so good that no one can compare it!

“Lao Yu, I don’t have any development. You are really getting more and more narcissistic. It really makes me feel beyond the reach.” Du Fei ridiculed deliberately.

Yu Sheng didn’t intend to explain anything. After all, the words he just said were facts. Now Du Fei doesn’t know anything about martial arts. When he comes into contact with him, he will be able to understand that he is not narcissistic.

The two brothers had not had such a good get together for a while, plus what happened this time, let Yu Sheng understand how much Du Fei had paid for his brother.

The two brothers had a lot of fun eating their wine and talking.

“Du Fei, have you ever thought of being an underground king in Beijing, if you want to, I will let you take over that place too.” Yu Sheng said suddenly.

This time Du Fei ate too much suffering, Yu Sheng felt a little guilty in his heart, and wanted to use something to compensate him, so that his heart could be balanced.

Men are eager for power, even he is no exception. Although Du Fei is now the boss of Qiancheng, if one day goes to other places, others will not know his name.

It would be different if he became the boss of the underground forces in Shangjing. No matter where he came, others would be courteous when he heard his name.

Whoever thought Du Fei had that kind of plan at all, and waved his hand indifferently: “Lao Yu, I know you are for my good, but I think it’s good to stay in Qiancheng, and I believe it’s yours. Strength can easily help me sit in that position.

But I really don’t have that method. The higher the status, the more things I can manage. I just want to stay in this place to eat and drink, just practice martial arts, and be content if I can help you. ”

Since Du Fei was unwilling, Yu Sheng skipped this topic.

In just a few years, life has changed drastically. A few years ago, he was still the son-in-law of the Yang family. He lived a very useless life. When passing by the canteen, he only spent a few dollars to buy a box of cigarettes.

At that time, he had received the most abuse and cold-eyed by others. Now he has the strength and wealth, but he feels that he has not lived happily before, and there seems to be something missing around him.

Love, love...

This is probably what a person needs to lose in the process of becoming stronger!

Chapter: 1357

“What do you think, Lao Yu! Do you want to take advantage of the trance not to drink?” Du Fei put the glass full of beer in front of Yu Sheng.

His thoughts were pulled back, Yu Sheng’s face pulled out a smile, he took up the beer on the table and drank it, wiped his mouth and said: “These beers can get me drunk? A few bottles of white, today I have

to Put you out sideways!”

“Yo-yo-yo! Lao Yu, you don’t know my nickname. My nickname is not drunk in a thousand cups.” Du Fei said triumphantly, patted his chest, and the smile on his face disappeared as he spoke. , And was replaced by sadness.

For the rest of my life, I couldn’t understand it. It was fine before. How did this change his face in the blink of an eye?

“What’s the matter? Is your body uncomfortable?” Yu Sheng asked with some worry, wondering if the addiction has come back because of the complete abstinence.

“Nothing, just thought of something.” Du Fei said with a wry smile, his eyes red inexplicably.

For the rest of his life, he couldn’t understand what was going on with Du Fei. Du Fei would give him a giggling, heartbroken look no matter what, but now he cried inexplicably.

“Take me as a brother? Tell me something about it. Maybe it will make me feel better.” Yu Sheng stepped forward and patted Du Fei on the shoulder.

Du Fei raised his head to restrain his tears, don’t fall, and sighed and said: “I used to drink some white wine when I was eating. At that time, I was narcissistic and said that I was not drunk. She always persuaded me to have less Drink some, now no matter how much I drink, I can’t hear her anymore.”

Only now for the rest of his life did he realize that he was not the only one who experienced this. Isn’t Du Fei the same as him?

Although he is now the underground king of Qiancheng, he loved that woman so much but he died and he can never return.

“Oh! People have to look forward in this life. The dead are already in the past. You have to live well. My younger brothers and sisters in the sky also hope you can be happy.” Yu Sheng comforted.

Even if the person sitting in front of him is Du Fei, he will not comfort others for the rest of his life.

Du Fei didn’t say anything. He picked up the liquor that the waiter had just delivered and drank it to the bottle. Yu Sheng saw this situation and quickly stopped it.

Even if Du Fei is really as he said, a thousand cups are not drunk, but if he drinks like this, sooner or later he will have a stomach perforation and go to the hospital.

“You’re fucking crazy! Okay, don’t think so much, brother I will take you to sing in a while.” Yu Sheng snatched Du Fei’s bottle.

Du Fei did not go to listen to the doctor this time, but raised his hand and beat Yu Sheng’s hand to the side, with a bit of anger on his face: “If it is a brother, return the bottle to me. Today I want to get drunk. I don’t think about anything!”

For the rest of his life, he was a little helpless. Du Fei’s mood was beyond his comprehension. Since Li Honglian’s death, Du Fei has no other woman beside him.

Du Fei is a man of affection and brotherhood. There is no doubt about this, but Yu Sheng also understands that he is sometimes very busy on weekdays and even Xiao Shui will ignore it. Not to mention Du Fei?

You can’t let Du Fei live by himself for the rest of his life, and find someone by his side no matter what, even if you are not busy with him, you can rest assured for the rest of your life.

Yu Sheng had just returned to his senses when he discovered that Du Fei had put down the wine bottle in his hand, his eyes widened, and he was dumbfounded when he looked at the direction behind him.

“Lao Yu, can you help me see if I drank too much? Why did I see Honglian over there?” Du Fei said incoherently, pointing to the direction behind Yu Sheng.

Hearing these words, Yu Sheng also turned his head in surprise. When he saw the woman standing not far behind, he was also surprised.

Chapter: 1358

In the seats not far from Du Fei and Yu Sheng, several men kept drinking wine with a woman who seemed to be only twenty-three or four-year-old.

The woman looks sweet and has fair skin, a standard oval face, big watery eyes, small cherry lips, long hair with a high ponytail, and she is wearing an ordinary white T-shirt and simple jeans. Wear it on her body, but it doesn't have a flavor, it looks very pure and lovely.

I used to buy things in the small shop opened by Du Fei for the rest of my life. I have naturally seen his wife Li Honglian. I have to say that this woman looks exactly the same as Li Honglian, like a mold carved out. Yes, if Li Honglian came back from the dead, he would believe it for the rest of his life.

"this....."

There was no way for Yu Sheng to explain the current situation. Li Honglian was indeed dead. He and Du Fei buried her together at that time. For the rest of his life, he can be sure.

There really is such a coincidence in this world that there are two people who look exactly the same, which is simply incredible.

For the rest of his life, Du Fei was still thinking about things, and Du Fei on the side was excited, not knowing whether he should laugh or cry, covering his face.

"Lao Yu, Lao Yu, is Honglian alive? How else can it be exactly the same?" Du Fei said, standing up, wanting to go over and see clearly.

But he had drunk too much wine before, and when he stood up, his mind was dizzy, and he sat down on the chair again.

Yu Sheng sighed, but he felt happy for Du Fei from the bottom of his heart, whether or not Li Honglian was resurrected? But the appearance of only such a girl may be able to add a bit of color to Du Fei's life. The girl stepped forward and used her internal force to force out all the alcohol in Du Fei's body. Du Fei, who was still confused before, became sober. When she got up from the chair again, she didn't fall down like the last time. .

Three steps and two steps all flew to the table. When Du Fei was closer, he felt that the woman in front of him was exactly the same as his dead wife Li Honglian, she was a person.

"Did you come back for Guren? I miss you so much. Do you know how much I miss you all these years? I dream every day, and dreams are the scenes where we were together before.

Thank God for letting me meet you again, this time I am strong enough and I won't let anyone hurt you again. Du Fei said from the bottom of his heart, holding the woman's hand.

The woman who looked exactly like Li Honglian didn't even speak. The men around her couldn't stand it anymore, and threw Du Fei away, grabbing the woman's hand and shouting:

"Fuck, don't you have eyes? Lao Tzu's woman, you dare to move, believe it or not, I chopped your arm for you?"

Du Fei still didn't speak, the lovely-looking woman stood up first and said with tears in her eyes: "That big brother, didn't you let me drink with you? Don't get angry if I drink with you."

Said that the woman cast a wink at Du Fei and whispered to him: "Sir, you have admitted the wrong person. I am not the person you said. You can go quickly. You can't afford to offend these people."

The woman kindly reminded him, but Du Fei didn't want to appreciate it, and there was a sneer on his face. Is there anyone in Qiancheng that Du Fei can't afford to offend?

“Then I want to see who it is? I can’t afford to offend Du Fei?” Du Fei sneered and looked at the men beside the girl.

Looking at the dressing of these men, it is not difficult to tell that they are gangsters. If it is Du Fei who is somewhat capable, it is impossible not to know them. Obviously, these gangsters are just in this street.

The headed man looks twenty ** years old, and the man with a big gold watch is a little unhappy. There are no people who do not know Du Fei on this road, but that is the underground king of Qiancheng.

“You stinky boy, you have to have a degree of bragging, too, Du Fei, can you take it out to pretend to be forced? I will kill you today!” The man with the big gold watch yelled at Du Fei. The spitting stars sprayed Du Fei’s face.

Chapter: 1359

At this time Yu Sheng also walked over, seeing the scene that was happening before him and didn’t have the intention to shoot, just these three or four punks Du Fei could easily solve it.

It just so happened to be able to put the image of a hero to save the beauty in front of this woman who looked exactly like Li Honglian.

“Du Fei, come on!” Yu Sheng took a chair and sat down as if he was going to watch the big show.

At this time, Du Fei also saw that the man with the gold watch was very upset. He had already reported to the celebrity meeting. If these people are still not going out, then teach them a lesson.

Du Fei also kicked the man’s stomach with a single kick, using a lot of strength to kick him a few meters away.

When several men saw this, they all rushed over and attacked Du Fei with a brainstorm. Some even picked up the bench and smashed towards Du Fei.

The woman on the side was so frightened that Huarong was pale, and then she tried to help but didn’t dare to go up. He was so anxious that his tears kept falling, and he shouted helplessly: “You guys don’t fight, don’t fight!”

When Du Fei saw a woman crying, he knew that she was scared, and no longer wasting time, he directly beat these people with three blows.

A few people knew that they couldn’t beat them, and when you looked at each other, you ran away like a piss. In the process, you didn’t even dare to turn your head back, and you didn’t even say a word of cruelty. They were really beaten by Du Fei.

Du Fei clapped his hands and walked in front of the woman, comforting him softly: “Okay, don’t cry, the bad guys have been beaten away by me.”

The woman dared to put down the hand covering her face. After seeing all the punks who had embarrassed her to take advantage of her before, she let out a sigh of relief: “You... are you okay? Thank you for helping me.”

Du Fei didn’t care, waved his hand and said, “There is nothing wrong, you can solve them with your hands. What’s your name?”

“Li Honglian.” Li Honglian blushed with shame, lowered his head and didn’t dare to look at Du Fei’s face, clutching his clothes with both hands, not knowing where to put it.

Du Fei opened his eyes wide when he heard the name, and looked at the woman in front of him with shock. Not only did this woman look exactly like his wife, but the names of the two people were also the same.

Not to mention that Du Fei was shocked, even the rest of his life on the side was shocked. Is there really such a coincidence in this world?

“Your name is Li Honglian?” Du Fei still couldn’t believe it, and asked again.

Li Honglian nodded: “Yes! Muzili, red red, pitiful pity, is there any problem?”

The pity of pity is not the lotus of the lotus. Although it is just a word difference, it makes Du Fei feel that the man in front of him is not his dead wife, but has the same appearance and similar name.

Yu Sheng on the side looked at the tired and crooked two people and felt a little speechless.

“Du Fei, Xiao Shui is still at home, I will go back to accompany him.”

For the rest of his life, he didn’t want to stay here as a light bulb, so he just found an excuse and left.

I thought Du Fei would still be able to keep him in a few sentences, but she wanted to ignore him at all and waved his hand directly at him.

See Sewangyou!

For the rest of his life, Li Honglian and Du Fei were the only ones left. The other guests were scared away because of the fight just now.

“My name is Du Fei, and I can help you solve anything if I have a phone call in Sakura.” Du Fei took out a note with his phone number and handed it to Li Honglian.

Li Honglian took the note timidly and thanked him. He didn’t know what to say to the strange man in front of him. He just felt that he had defeated three or four people by himself just now, and he was a great hero.

“By the way, what happened just now? Why are those people pestering you to fill you with alcohol?” Du Fei asked when thinking of this.

Chapter: 1360

When asked about this matter, Li Honglian felt a little ashamed. He lowered his head and didn’t know what to say? But I’m afraid that Du Fei will misunderstand what kind of improper girl she is? Finally, he said:

“I’m the waiter in this store, and those people are small gangsters on this street. They come here to eat and say that my service attitude is not good, and then they ask me to drink with them, otherwise they would go to the boss to report me.

I also have a sick father in my family who needs to support him and cannot have this job, so so...”

Speaking of this, Li Honglian was a little hard to open her teeth, with her teeth biting her lower lip, looking extremely aggrieved, giving others an urge to step forward for protection.

“Fortunately you showed up, otherwise those people would never let me go today. Thank you for helping me. I don’t know how to thank you yet?”

Listening to what Li Honglian said, Du Fei was lost in memory. He met his wife Li Honglian in a restaurant when he met his wife Li Honglian.

At that time, Li Honglian was also a waiter in a restaurant, and she was rescued by a few small gangsters. The current scene is so similar.

The looks are exactly the same, the names are almost the same, and the way of knowing them is so the same. Is there really such a coincidence in this world? Or is it destined by God?

“No, it’s just a matter of effort. By the way, you said you still have a sick father? What kind of illness did you have? My friend just now can be a genius doctor.” Du Fei said.

For some reason, when he saw this woman who looked exactly like his dead wife, he had a special feeling, he wanted to protect her and solve all the difficulties for her.

Li Honglian was a little excited when he heard Du Fei’s words: “Really? If you can save my father, you can ask me to do anything! Even if it is a cow or a horse, I am willing.”

Du Fei smiled slightly, touched Li Honglian's head subconsciously, and fled away with a little fear when he touched Liu Honglian with a strange man.

After the reaction, I felt a bit too much. The man in front of me said he wanted to help her. She was so repulsive just by touching her head. Welcome people to stop helping her out of anger?

Thinking of this, Li Honglian was a little scared and quickly apologized: "I'm sorry Brother Du, just...I didn't deliberately avoid it just now."

Although Du Fei was a little bit disappointed when Li Honglian escaped, she then thought that she was just a girl, so it was normal for her to touch her head so suddenly and avoid her.

"Nothing, you don't need to be afraid, I'm not a bad person. You look like my dead wife. From now on, you will treat me as a big brother. If you have anything to do with me directly, as long as I can solve it, I will help you," Du Fei said indifferently.

"My dad has leukemia. I have no money. I can keep my dad in the hospital. I can only rely on medicine to keep him alive. I want to earn money to perform surgery on him and make him better!" Li Honglian said as he thought of it again. His father, who was ill in bed, kept falling with red eyes and tears.

Seeing this, Du Fei took a paper towel to help Li Honglian wipe away the tears on his face, and comforted: "It's nothing, I just told you that my friend is a genius doctor, he even has cancer. It can be cured, and your father's abnormality will definitely be cured for you. Don't worry!"

Li Honglian looked at Du Fei incredulously and asked, "Really Brother Du, are you lying to me?"

Du Fei stretched out four fingers to make a swear gesture, and promised: "Don't worry, I will never lie to you. I said that if it can be cured, it can be cured."

Li Honglian nodded: "Big Brother, you are a good person, I will believe what you say!"

It didn't make sense to be regarded as a hero before, and it was natural to be praised by the younger brother, but when the woman in front of him said that, Du Fei felt relieved, and his heart was still a little airy.

This is God pity him, and find someone who looks exactly like Li Honglian and has exactly the same name to accompany him.

Contented, contented!

"Brother Du, you sit here first, I'm here now, I'll change my clothes when I'm off work, and then I'll take you to see my father." Li Honglian said.

Du Fei responded, his eyes unwilling to move away from Li Honglian for a moment, looking at her leaving back, he only felt that the back was so familiar.

What Du Fei didn't know was that after Li Honglian turned around, the innocent expression on his face disappeared, and the red lips lightly picked with a hint of calculation.
