

Dont mess 1361

Chapter: 1361

After Yu Sheng returned home, Xiao Shui was already asleep. Bored on the sofa, he couldn't help but think of Li Honglian in the restaurant.

I always felt that the woman gave him a very familiar feeling, but it was definitely not the familiar feeling of Du Fei's wife Li Honglianhu. I always felt strange but couldn't tell.

But it seemed that Yu Sheng could also tell that Du Fei liked this Li Honglian who looked exactly like his dead wife. It would be a good thing for Du Fei to be with him if such a person appeared.

Not thinking about this matter, Yu Sheng sat at the desk and examined the Nine Profound Heaven Scriptures, and then studied the Linghui Grass that Du Fei brought back at the risk of his life.

I really didn't see any famous halls, and then I put it aside, planning to have the opportunity to give Zhu Qingshan to Zhu Qingshan with the thousand-year-old ginseng. After all, Du Fei learned about this Linghui grass from Zhu Xiaoshu.

.....

Early the next morning.

Yu Sheng just opened his eyes, the phone rang when he was about to wash, and he took it to see that it was Du Fei who was calling.

Seeing this, Yu Sheng was stunned, and instinctively thought of Li Honglian's strangeness. Is there any danger in Du Fei?

"Hey! Is Lao Yu awake? Please something." Du Fei's voice came from over the phone, his tone was normal, not like something happened.

"Even if I am awake, I was woken up by your phone call. Tell me something!" Yu Sheng helped his forehead and said helplessly, depending on the situation, it has something to do with that Li Honglian.

"Li Honglian has a father. His father has leukemia. He is now in a critical condition. You can tolerate the disease so much. You must be able to treat this disease? Anyway, I have already praised Hong Lian and said that you can cure it. You must not drop the chain with me." Du Fei said.

My good brother, when he is good, he really has nothing to say, but sometimes Yu Sheng really has no way of using this Du Fei.

"It's hard to meet someone you like. As long as I can do it, I will definitely help. Send me the address and go right away."

After a while, Du Fei's address was sent to Yu Sheng's mobile phone. For the rest of his life, he still wanted to send Xiao Shui to school. It seemed that he could only wait until the afternoon when school was over, and then he went home.

After packing for the rest of his life, he went out. According to the address sent by Dong Fei, Yu Sheng came to a relatively remote alley.

The small alleys are relatively simple, and the garbage inside is messy and messy, and the people who come and go look at Yu Sheng with strange eyes.

Seeing that those people didn't talk very much, Yu Sheng didn't plan to go up and ask for fun, but followed the address above, but came to a simple house, he didn't even go in, and heard the voice of Du Fei talking inside.

"Uncle, don't worry, my brother can definitely cure this disease. He is a genius doctor. When your disease is cured, I will take Honglian to buy a house in the city with you. No need to suffer in this house." Hearing Du Fei's voice, Yu Sheng could be sure that he didn't find the wrong place and pushed the door

open and went in. What you saw was a small house with four small rooms and a living room.

“Lao Yu, I’ve been waiting for you for a long time, why are you here? Don’t stand stupidly, come in and help uncle take a look at his body.” Just move forward with the hand.

The rest of her life was a bit speechless. If she remembered that she was wrong, the two of them only met last night, and today they clamored to let Li Honglian’s father see a doctor. This relationship has progressed too quickly, right?

“This disease! It’s not incurable, let me see.” Yu Sheng said.

All the medicines he refines are magical medicines. For ordinary people, as long as there is a breath, the rest of his life will be able to save him.

The white-haired old man lying on the bed heard Yu Sheng’s words with a happy expression on his face. Li Honglian on the side didn’t react too much, as if this incident had long been expected.

Chapter: 1362

“My brother is very capable! What’s the difference with the fairy Xia Fanren, he said that if he can cure, then he can definitely cure, red pity, you can rest assured!” Du Fei said with a smile.

Hearing Du Fei’s words, he obviously closed his eyes to Yu Sheng before, and immediately put on an ecstatic expression on his face, and said with a smile: “If my father’s disease, you will be cured, thank you very much. You, even if you let me be a cow and a horse in the future, you are willing.”

“That’s not necessary.”

Yu Sheng said something more. I came to the bed and looked at the face of the old man. After helping him get his pulse and confirming his condition, he had a plan in his heart.

“The old man’s illness, I will come to help him cure it in two days.” Yu Sheng helped the old man get his pulse and re-covered the quilt for him.

When I walked to Du Fei’s side, he patted him on the shoulder and whispered: “Come out with me, and I have something to tell you.”

Du Fei didn’t know what Yu Sheng wanted to say, and didn’t have any questions, so he went downstairs directly with Yu Sheng and came to an uninhabited place. Then he asked curiously: “What’s wrong with Lao Yu, it’s Hong Lian’s father’s illness. Is it too tricky?”

“That’s not that I can cure this disease. What I want to tell you is that Li Honglian seems to have a problem. You want a kid. I don’t think she is so innocent.” Yu Sheng reminded earnestly.

He was thinking about this thing last night, what is it weird? When I saw it today, I felt that something was wrong.

There are no photos of Li Honglian in the room, and even the old man with leukemia and Li Honglian have no similarities, and they don’t seem to be father and daughter at all.

When Du Fei heard this, he was very disapproving. He walked over to Yu Sheng’s side and leaned into her ear and said, “Hong Pity, I have known about it yesterday, she is indeed a good girl.”

Speaking of this, Du Fei’s face is a little red, and there is an uncontrollable smile on the corner of his mouth: “Moreover, she is still a big girl, and other girls gave me her body. If I still doubt her, is that still a man?”

Hong Lian is a good girl. I’m sure of this. I’m saying that she was an orphan since she was a child. She grew up in an orphanage. This uncle adopted her and feeds her, feeds her, and feeds her to college, so even it’s because of my face, you must help cure her father’s illness. ”

The rest of his life nodded thoughtfully. On the one hand, he was shocked by the rapid development of the relationship between the two people. In just one day, the two people had a relationship.

On the other hand, I was wondering if I was too worried, because Li Honglian didn't look like his father, because there was no blood relationship at all.

Du Fei finally came across a one he liked, and he wouldn't have to die alone in the future. This is a good thing. If there is a problem with the red pity, he is not willing to take care of it for the rest of his life.

What I have to say is that Du Fei, a kid who usually looks careless and heartbroken, is very careful to take care of Li Honglian.

I really bought a house for the father and daughter in the city. At first, Li Honglian was unwilling, but at Luffy's strong request, he couldn't think about it anymore, and could only agree to it.

When riding in the car, Du Fei would take the initiative to help Li Honglian open the car door, and would take the initiative to help her pull out the chair and pick up vegetables for her when eating. He was extremely careful.

The king of the dignified underground forces, wherever he goes, he is full of wind and cloud, and he even puts an equal sign with the famous adjective licking dog on the Internet.

Yu Sheng saw that Du Fei cared so much about Li Honglian, and he would be happy to find someone he likes, but he had to admire Li Honglian's tricks, which was able to make Du Fei obey him in such a short time.

They had a meal, but for the rest of their lives they ate a full stomach, said goodbye and returned to the company.

As soon as he opened the door of the office, he found a woman sitting in his seat. Looking at the figure from the back, he still felt a little familiar.

Chapter: 1363

"Su Hui, why did you come to my office again without permission?" Yu Sheng said in a calm voice with some non-speaking tone.

I heard that most of his important files are in the computer, and the password of the computer is unknown to others except him, but the security of the company will let outsiders into his office casually. This matter really needs to be done with the people below. Say.

Su Hui stood up from the chair when she heard the movement, with a decent smile on her face: "What's the matter? I'm not a commercial spy? Why can't I come to your office yet?"

Yu Sheng was a little speechless, and didn't have any words to pick up Su Hui, and asked coldly: "You come to my office to find me, what's the matter? Just call me directly?"

Su Hui curled her lips, and said with a hint of complaint in her tone: "You can get it! If I call you on your cell phone, you will probably not answer my call, just to give you a sudden surprise, so you There is no way to avoid me!"

"Miss Su, please be clear about the current situation. There is no relationship between me and you. If you continue to do this, don't blame me for being impolite."

For the rest of his life, he was a little impatient. It was not that he had been liked by other women, but for the first time he felt so disgusted.

For the rest of my life, I can't tell why. It's probably because Su Hui is Xia Feixue's best friend. Knowing that Xia Feixue likes herself, she still wants to use this kind of inverted post to make something happen to herself. He was very uncomfortable, and always felt that this woman had some problems with the three views.

Su Hui couldn't hold back the smile on her face when she heard Yu Sheng's words. Before she could walk in front of Yu Sheng, Chu Chu said pitifully, "How can you reject a big beauty who likes you so bluntly?"

Don't you have to be so disgusted with me? I'm here to tell you something. Mr. Ichiro Ogawa opened a new store and invited Xia Feixue to have a look. You also understand his purpose of Xia Feixue. There must be some conspiracy in it. I think something is wrong. Don't worry, so I plan to ask you to go with me."

There was a sneer at the corner of Yu Sheng's mouth. Ogawa Ichiro naturally understood what Xia Feixue thought, but Su Hui must have found other calculations for herself.

"I'm afraid you have any ideas, right?" Yu Sheng said lightly.

"You guys are really mean, you really don't get in! I like you, is it wrong? Who made you so good? In your eyes, what kind of person do you think I am? Forget it. , I don't care about you, do you like to go? Humph!"

Su Hui snorted coldly, stomped her feet randomly, and left the office without looking back. It seemed that she was really angry.

The rest of his life was noncommittal, and his life was okay now. He didn't want to mess with any bad peach blossoms. He would not like a scheming woman like Su Hui, nor was he the type he liked.

However, the opening of Ogawa Ichiro's restaurant still aroused some of Yu Sheng's interest. The former islander made an apology for cooperating with him, but Yu Shengyi directly rejected him. He thought he would give up developing in China, but he thought that he would be himself. Opened the restaurant. Thinking of this for the rest of his life, Yu Guang caught a glimpse of a leaflet on the table. Needless to say, I also knew that this leaflet was brought by Su Hui.

Picking up the leaflet on the table, Yu Sheng looked at it carefully, and what was done was pretty good. Now that Xia Feixue was over, Yu Sheng was idle again, thinking about it by himself.

I didn't deliberately dress up for the rest of my life. I didn't even have to change my clothes. I drove directly to the place. I have to say that there were still a lot of people on the scene.

Just as Yu Sheng was looking at the restaurant, a Qianying came over, took Yu Sheng's arm directly, and put her head on his shoulder.

"This soft-hearted guy, I knew you would come!"

Chapter: 1364

"When I was in your office before, I still treated me with a cold attitude. Who persuaded you to change your mind again?" Su Hui tilted her head, and was full of joy when she realized that Yu Sheng had come. Yu Sheng was a little depressed. I just came to this place before, and I didn't have a look at the scene. I was entangled by this woman again. I subconsciously wanted to push her away by holding her hand. Su Hui hugged even tighter just when she had this plan.

"No matter what, I am also a beautiful and beautiful lady, and I am very familiar with you. If you are rejecting me like this, I will say that you are indecent to me." Su Hui sees softly. , Directly threaten the rest of your life.

The threat of a woman will naturally not be seen for the rest of her life. The big deal is that it is misunderstood by the people present. Anyway, this woman cannot be allowed to succeed.

"Yu Dong, I didn't expect to meet you in this place. Fortunately to meet you!"

At this time, a middle-aged Yixie came over to greet Yu Sheng. This person is no stranger to Yu Sheng. He also negotiated a contract with the Four Seas Group a few days ago.

"Happy meeting." Out of courtesy, Yu Sheng also responded.

The man's gaze was quickly placed on Su Hui who was beside Yu Sheng, and he guessed at the close contact between the two of them.

In this situation, if Yu Sheng pushes Su Hui away again, I don't know what moth this woman can make? He has seen this woman's acting skills. If she pretends to be pitiful, most of them will believe him, so let her arm her arm anyway, anyway, her arm will not break.

On the second floor of the hotel, Xia Feixue looked at all this with a tangled face. She watched her best friend come down to pick up the rest of her life. Although what happened just now, she could not hear the conversation between the two people, but the actual situation is already Prove that there is definitely something between them.

Xia Feixue's hands were tightly clenched, and she didn't feel any pain at all when her slender nails were caught in the flesh. At this time, she only felt extraordinarily uncomfortable.

Before, Su Hui talked about pursuing Yu Sheng. At that time, she felt very uncomfortable just listening to these words. She thought that she understood Yu Sheng's temperament, but Yu Sheng could not like Su Hui. She never thought of the relationship between the two. Progress is so fast.

Xia Feixue couldn't understand that she was inferior to Su Hui in the end, she was longer than Su Hui in terms of her appearance, and the two people had known each other for a long time, which made Xia Feixue's heart It's even more uncomfortable.

Just as Xia Feixue was depressed, a man's hand suddenly appeared on his shoulder, and Ogawa Ichiro's voice rang: "Feixue! Don't think about it too much. Both Mr. Yu and Su Hui are enough. Excessively, they are even with each other behind your back. This is simply not taking you seriously.

Fei Xue, I see you being wronged, and I feel uncomfortable. No matter how good Mr. Yu is, I have to go to him for a theory. How can I do such a thing to you? That's too much!"

The more I talked about Ogawa Ichiro's voice, the more excited he became, and he was almost about to go to Yu Sheng to settle the accounts. Seeing him turning around, Xia Feixue was afraid of coaxing him out, and quickly stopped him.

In any case, today is also Ogawa Ichiro's opening day. It is not good to be unsightly because of some of his little emotions.

"Thank you, I appreciate your kindness, and you don't need to stand up for me. Besides, I just love the rest of my life unilaterally. It is his freedom to be with her." Xia Feixue said in a lonely tone.

Seeing this, Ogawa Ichiro knew that his opportunity had come, and quickly stepped forward to comfort: "I dream of having a good girlfriend like you for a good woman like you. If the person you like is me, I will never make you feel wronged."

Hearing Ogawa Ichiro's words, Xia Feixue felt better. Although she always looks like a strong woman, she is still very fragile in terms of feelings.

There is no girl who can be strong and strong forever, and she also needs someone to rely on. She has run into a wall many times for the rest of her life. This is still quite a blow to Xia Feixue.

Moreover, Yu Sheng was suddenly carrying her with Su Hui, which made Xia Feixue jealous, and a bold idea emerged in her heart, wanting to do anything to stimulate Yu Sheng.

Chapter: 1365

At the opening ceremony of Ogawa Ichiro's restaurant, a lot of high-class people were taken. At the level of his restaurant, a meal costs 10,000 yuan, so the specifications are quite big.

The interior is decorated in Japanese style, all made of wood. There are exquisite murals in the private rooms. The waiters who come and go are all geishas with flour-like kimonos on their faces.

The unique culture of the island country is a bit unappreciable for the rest of my life, and there is not even a bench in the private room, and I have to sit there cross-legged, not to mention how

uncomfortable it is.

Seeing that there is no cooked raw meat on the dining table, Yu Sheng feels nauseous for a while, which is a bit repulsive to the island culture for the rest of his life.

“What’s the matter? Are you not used to it?” Su Hui looked at Yu Sheng with a pair of beautiful eyes.

The whiteness of her body turned slightly on her chest came into Yu Sheng’s eyes.

Yu Sheng looked defensively, and coughed slightly, then turned his head to the side, and said in a cool tone: “Su Hui, don’t think you are Xia Feixue’s friend, I can’t do anything to you. If you dare to threaten me no matter how much you are a woman, I will not be able to deal with it!”

Once again, I touched the dust of my nose here in Yu Sheng. Su Hui felt a little uncomfortable at the beginning, and slowly got used to it.

She didn’t like Yu Sheng from the bottom of her heart. It was just the rights and wealth behind him. As long as she could marry into that kind of family, none of this mattered.

“Okay, I was wrong before, I just like you, I want to get along with you more, why are you always cold, people will be sad.” Su Hui pouted her red lips and held Yu Sheng’s arm. Said Jiao Didi.

Yu Sheng’s complexion remained unchanged, and Su Hui’s hand was pushed away without getting in.

“I’m just here to take a look. You stay honestly. If you move again, I’ll throw you out of this room.” go out.”

The hot face and cold butt again and again, even if Su Hui’s mentality is good, she still feels a little unhappy. Seeing that Yu Sheng’s tone is not like joking with her, Su Hui can only withdraw her hand.

At this moment, the door was suddenly opened. Xia Feixue took Ogawa Ichiro’s arm, and the two walked in side by side. The whole body was close together, and it looked like a young couple who was passionately in love.

Yu Sheng was a little puzzled. Before, he remembered that Xia Feixue seemed to have no interest in this Ogawa Ichiro, but now why the two of them are walking so close.

Suddenly he thought of what Su Hui said in his office. The words seemed to say that Xia Feixue took the initiative to participate in Ogawa Ichiro’s opening ceremony, and it seemed that the relationship between the two people had progressed.

Although Yu Sheng didn’t like Ogawa Ichiro very much, but Xia Feixue was able to accept Ogawa Ichiro sincerely, and he couldn’t care about this matter even if he didn’t care about it.

“Wow, Feixue, you are really with Mr. Ogawa! In fact, I think you are a good match standing together. Besides, Mr. Ogawa likes you so much, you will definitely be happy in the future.” Su Hui said with envy. , But also deliberately increased a few decibels.

“Congratulations.”

Yu Sheng felt a little embarrassed if he didn’t speak, so he said congratulations, because he really didn’t know what to say, but to be honest, his heart was sour and uncomfortable.

I always felt that Xia Feixue’s choice was too hasty, and he should be careful to find someone who could really be worthy of him, but he felt that no man was worthy of Xia Feixue.

Hearing Yu Sheng’s congratulations, Xia Feixue’s face immediately became ugly, and she felt a little gaffe, and quickly stopped.

“Thank you, and I hope you will be Huihui for a long time.” Xia Feixue said with a smile.

The atmosphere of the four people sitting there was a little embarrassing. The whole process was Ogawa Ichiro taking care of Xia Feixue, which made Yu Sheng seem to see Du Fei taking care of Li Honglian.

Over time, Yu Sheng felt that his single dog seemed very sad, and was always fed dog food inexplicably.

While she was in a daze, Su Hui picked up an island and beef and placed it in Yu Sheng's bowl. He smiled and said, "If you are not used to eating raw meat, try this!"

"Thank you." Yu Sheng thanked him, then put the meat in his mouth and ate it.

Just after eating the meat in his mouth, Yu Sheng's eyes fell subconsciously on Xia Feixue and Ogawa Ichiro. At this moment, a tender, slippery touch passed from his mouth.

Yu Sheng was shocked and looked at Su Hui subconsciously.

Chapter: 1366

Su Hui stretched out her small tongue to lick the corner of her mouth, the expression on her face was very satisfied, as if she had just tasted something delicious.

When she looked up and found that everyone was looking at herself, Su Hui was very indifferent. She didn't feel that she had just done something that was so shocking. She said frankly, "Why look at me with such shocked eyes? Ah?

I just saw the sauce on the corner of Yu Sheng's mouth, so I subconsciously wanted to taste it. We are lovers! Is this weird? "

Speaking, Su Huiqi looked at Yu Sheng formally, and blinked at Xia Feixue and Ogawa Ichiro at an angle that was invisible to him.

Being taken advantage of by a beautiful woman, although I felt a little uncomfortable, it was not so angry. In addition, Xia Feixue was inexplicably small and Kawaichiro was together, Yu Sheng felt uncomfortable, so he subconsciously cooperated with Su Hui and did not expose him. lie.

"Well, let's eat! So many people here? Don't be so naughty next time." Yu Sheng said lightly.

Su Hui was very pleased, pretending to be a little woman, she leaned her head on Yu Sheng's shoulder, and said softly: "Okay, I know, I will kiss you again when there is no one else."

For the rest of her life, she didn't speak, let this woman be a demon.

Xia Feixue on the side couldn't do it anymore, her face was extremely ugly, and she would get up and leave after saying that she was unwell.

"Why? Or let me take a look for you!"

Yu Sheng didn't know why, and thought Xia Feixue was really uncomfortable, and actively wanted to help her check it out.

"No, I don't have any major business, just take a rest, you can eat! I will go back first." Xia Feixue dropped these words and left directly.

Ogawa Ichiro said to Yu Sheng and Su Hui, don't leave with Xia Feixue.

Su Hui, the initiator of this incident, didn't feel that she had done anything wrong. She held her chin and stared directly at Yu Sheng with a smile and said, "Actually, I found out that you are not a straight man! The sentence just made me feel better. Don't be naughty, it sounds good to me."

The rest of his life was speechless, and put down the chopsticks in his hand: "Su Hui, the conditions at home must be very superior depending on how you dress and dress up. Your family has not taught you what is courtesy, righteousness, and shame?

I rejected you so clearly, you still have to post it upside down, is this interesting? "

Su Hui's smiling face slowly cooled down, no matter how thick her face was, she couldn't help hearing Yu Sheng's words.

"Is it wrong to like someone? I like you, so I want to pursue you. I just dare to pursue my love. Is this wrong? Why do you want to humiliate me like this?"

There was a sneer at the corner of Yu Sheng's mouth. He didn't intend to leave a trace of face with Su

Hui: "You ask yourself, do you like me because you love me or because of my status and status? I remember when we met for the first time, you still planned to sit for Xia Feixue, but after knowing my identity, a 360-degree transformation occurred. Do you really treat everyone as a fool? For a woman who worships money like you, even if it's an upside-down post, I wouldn't want it. Understand?"

These words can be said to have put all of Su Hui's dignity on the ground and trampled heavily on it. Yu Sheng didn't deliberately want to do things so absolutely. It was Su Hui that was really annoying. "Yes, I just like your position. What's wrong? Xia Feixue is not like me, and chasing you to no avail is not with Mr. Ogawa.

I just want to make my life better. I want my mother not to be wronged in that home. I have no fault. For the rest of your life, your heart is really made of stone. I wish you a lonely and old life, and never meet the person who truly loves you, even if you do, it is impossible to be together." Su Hui said viciously.

After dropping these words, Su Hui got up and left. When she turned around, tears kept falling. It was the first time she was insulted like this since she was a child, and she felt extremely uncomfortable. For the rest of my life, I didn't have to chase after him. I felt a little appetite looking at the food at a table. Maybe it would really be like Su Hui said, I would be alone and die for the rest of my life. Yang Zihuan, whom he had loved for ten years before, still fell in love with others, even Xu Qianqian used him even though he had a child of his own.

What if Magnolia really loves herself? It's not that I've broken my heart and went abroad, but now Xia Feixue is also with Ichiro Ogawa.

All these signs indicate that what Su Hui said is not unreasonable, and she laughed at herself when she left the restaurant for the rest of her life.

I have seen a lot of couples in the past two days, and maybe they have been affected a bit, but this kind of thing is barely possible. If you come, you will be at ease. It will be better if you want to understand everything for the rest of your life.

Just as Yu Sheng was about to drive away, Yu Guang accidentally saw a man and a woman making love in a car. The two people were no strangers for the rest of their lives. It was Xia Feixue and Ichiro Ogawa.

Chapter: 1367

"No... don't..." Xia Feixue's eyes were blurred, and the tone of her speech was light and without strength. It was more like teasing in a man's ears.

Ogawa Ichiro's hands were not honest, and he started tossing to drag Xia Feixue's clothes. If it weren't for dinner, he would put something in Xia Feixue's cup first, and she could not make progress with her skill. So smoothly.

Originally, Ichiro Ogawa was planning to send Xia Feixue to the room. Who would have thought that Xia Feixue would not be willing to go, and he couldn't coax him anymore, yelling to go home.

There is no way, Ogawa Ichiro is afraid that Xia Feixue will be angry and leave him alone. Then it might not be cheaper for that person? So it can only come from her temperament.

When I got in the car, I was about to start the car to send Xia Feixue. When I got home, the effect of the medicine broke out. Ichiro Ogawa was thinking about this big beauty. Naturally, he was very impatient and didn't bother to send people to the room again. Just do the Fa-rectification on the spot directly in this place.

"A friend of mine in Huaxia told me that Huaxia women's mouths are dishonest. They say they don't

want them, but they actually want them in their hearts.

Feixue, don't worry! I will be able to satisfy you, you will follow me in the future, and I will definitely bring you happiness. "Ichiro Ogawa said and kissed Xia Feixue on the neck.

Smelling the faint scent of her body, Ogawa Ichiro's actions became even more crazy. He didn't even think that the beauty he had been fond of for so long was so clean and self-conscious, so that it could fulfill him.

Just when all this was about to uncook rice and cook mature rice, the door of the car was suddenly opened by someone, and the way of opening was very savage, and the car door was pulled off directly. Ichiro Ogawa was completely confused. His car was a car made in the island country, but he couldn't say enough about the quality of the car. Then how much manpower should he pull off the door with his bare hands?

Anxiously, he suddenly encountered this situation, and his thoughts were faint. He looked at the person who broke his car. After seeing the person who came, he swallowed the dirty words again.

"Yu...Mr. Yu, why did you appear in this place? Shouldn't it be time to have dinner with Miss Su?" Ogawa Ichiro said with a guilty tone, but he forced himself to calm down. I don't want to leave any footwork in front of the rest of my life.

Yu Sheng didn't care about Ogawa Ichiro, but instead focused on Xia Feixue's body. Seeing his unconsciousness, he immediately thought of what she should have eaten.

No need to think that all of this must be Ogawa Ichiro's hands and feet, Yu Sheng's face became cold, and he raised his hand and pulled the half-lengthed Ogawa Ichiro out of the car.

The movement here was very fast, and it attracted people who came and went. When they saw a naked man, they all took out their mobile phones to take pictures.

Ogawa Ichiro was a little anxious, covering the important part in a daze, yelling not to let them shoot, but no one listened to him.

On the other side, Yu Sheng took off his coat and put it on Xia Feixue's body, and carried her out of the car.

"Ogawa Ichiro, it seems that I was too kind to you before, just wait! Soon everything you have will be gone!" Throwing down these words for the rest of your life, holding Xia Feixue, turned and left.

How could it be so simple for Ogawa Ichiro to just let Xia Feixue take away for the rest of his life.

Besides, the current Xia Feixue was planted with that kind of medicine. If something happened between the two of them, it would be a big loss.

Ogawa Ichiro stepped forward to stop him. He still didn't speak, but Yu Sheng was kicked out, and the crowd of onlookers shot him again.

By the time Ogawa Ichiroichi was sober, there was already no sign of Yu Sheng and Xia Feixue.

Chapter: 1368

Yu Sheng hugged Xia Feixue and watched her face have an unnatural blush, but she had a special beauty that could make a man want to ruin her impulse.

This situation was not the first time I had encountered this situation in my life, so I was very familiar with things, and directly knocked Xia Feixue out, for fear that the two men geared up to pick him up again.

Because Xia Feixue is indeed so beautiful, there is no need to mention her figure, her tall chest and long legs, she is so beautiful, she is not tempted at all, she is naturally fake.

Yu Sheng knew that it was definitely not possible to take advantage of others, and Xu Qianqian was the best negative teaching material.

Sending Xia Feixue to the hotel, Yu Sheng used some small means to force out the effects of the medicine in her body, and she would be able to wake up soon.

For the rest of his life, he didn't have to leave, but chose to stay with her in the hotel, after all, after Xia Feixue woke up. Still have to tell him what happened and tell him what kind of person Ogawa Ichiro was. It took about an hour before Xia Feixue woke up leisurely.

"My head hurts! For the rest of my life...Why are we in the hotel?" Xia Feixue rubbed his head with a painful expression on his face.

Immediately she fell into contemplation, and then lifted the quilt, and then she was relieved after seeing that her clothes were still on her body.

"I remember Ogawa Ichiro said he wanted to take me home. Then I felt a little uncomfortable, and I felt hot and uncomfortable all over, and then he treated me..." At this point, Xia Feixue felt a little hard to tell, and finally got her mouth. He swallowed his words again, looked at Yu Sheng questioningly and asked, "What happened in the rest of my life?"

Yu Sheng explained the matter to Xia Feixue, patted her on the shoulder and comforted him: "I know you are a strong person, and I hope this matter will not leave you any shadow, don't worry, Xiaochuan Ichiro, I will definitely let him be punished as he deserves.

You just woke up and get a good night's sleep! If you are really scared, I will stay with you here. "

Xia Feixue nodded, but there was still a trace of grievance in the eyes of Yu Sheng. Although Yu Sheng has treated her very well now, it has always been Su Hui's boyfriend. There is no possibility for the two of them.

"For the rest of my life, let me ask you a question?"

Yu Sheng originally wanted to pour Xia Feixue a glass of water, but when he heard Xia Feixue say this, his steps stopped again: "You tell me."

"Why do you like Su Hui and don't like me? It's because I don't look like a girl when I'm in contact with some fights and kills all day long. Isn't she as gentle and considerate as her?"

This has always been Xia Feixue's curiosity. She wants to know what the reason is, why the rest of her life will skip her to like Su Hui.

Yu Sheng didn't know what to say, so he couldn't tell Xia Feixue that he was jealous, so he was acting with Su Hui, right?

After thinking about it for the rest of my life, I didn't have to say that sentence: "No, you are excellent, and you also have the unique charm of others that can't be compared. Okay, you just woke up, don't think about it so much. I will pour you a glass of water."

Xia Feixue only felt lost for a while, and she understood everything she said so clearly, Yu Sheng was still unwilling to answer her questions face-to-face. It seemed that he really didn't have her status in his heart.

Sad and sad Xia Feixue felt uncomfortable when she saw Yu Sheng and finally said that she wanted to be alone and let Yu Sheng go back.

After leaving the hotel, Yu Sheng called Xia Jun with a gloomy face, and hung up after giving him a series of orders.

.....

In the hospital.

Ichiro Ogawa had just finished examining his body, and his rib was kicked and broken by Yu Sheng. He died from the pain. Not only did the rest of his life rob his woman, but also injured him, which made

Ogawa Ichiro angry. .

Just as he was thinking about how to get out of this anger, the phone rang one after another.

Chapter: 1369

“What? The restaurant has been sealed?” Ogawa Ichiro sat up in shock when he heard the message, and almost passed his back when he accidentally encountered a pain in his waist.

The restaurant was sealed off as soon as it opened today. Is this too unlucky? Hasn't he spent money to manage relationships before? How could this happen?

Ichiro Ogawa couldn't understand. Just as I hung up the phone here, the cell phone rang again, and an unknown premonition came to my mind.

“Mr. Ogawa, the island country has encountered a lot of problems, can you go back?” This time I called Ogawa Ichiro, who is in charge of the Japanese catering industry.

“I'm in the hospital with a physical problem now. I have something to say clearly now!” Ogawa Ichiro held the phone tightly, and the depression in his heart could no longer be expressed in words.

“Ogawa Ichiro, all the food suppliers that we worked with in the past refused to cooperate with us. Even the money borrowed from the bank was frozen. Now the capital turnover is not open, and many restaurants are forced to close, so you need to come back to host. The big picture.”

Ichiro Ogawa didn't think that there was a problem with the restaurant just opened in China. He didn't think that even the island country's enterprises were greatly affected. All this is definitely not a coincidence but a man-made situation.

It's not over yet, and all the bad news came through. Even the things he had done before were turned up and published in the island's largest magazine.

It is difficult to be innocent behind a successful businessman. Ogawa Ichiro has also done a lot of bad things. He thought that he would never see the sun again in his life, but he did not expect that all of them would be used as weapons against him.

One by one, and with someone deliberately adding fuel to it, Ichiro Ogawa is described as a level of innocence and no one is screaming and beating.

As soon as Ogawa Ichiro hung up, another call came, one after another, each with a bad message. boom!

Ogawa Ichiro couldn't stand it, he smashed the phone directly on the wall and fell to pieces. He sat on the bed decadently and lost his soul like the sky, his face like ashes.

“It's over! It's all over...” Ogawa Ichiro whispered quietly.

In one day, all the financial resources he possessed fell apart. Not only that, he also had a bad name on his back, and there was no place for him when he returned to the island country.

A young figure flashed in Ogawa's mind, and he seemed to hear the words he said to himself again: “You wait! Everything you have will soon cease to exist.”

He did it. In just two or three hours, the rest of his life easily destroyed the industry he had worked so hard to manage for a lifetime.

Obviously he knew he was strong, but Ogawa Ichiro was still obsessed with provoking the women next to him. He didn't get the one he liked, but he didn't know anything.

Ogawa Ichiro was not reconciled. He had to go to Yu Sheng when he got off the hospital bed.

As soon as he opened the door, the nurse stopped him.

“Your ribs have just been connected, and you need a good rest, you can't get out of bed.” The little nurse persuaded.

"I'm leaving the hospital now!" Ogawa Ichiro now has no company, so what else is there to be hospitalized? I just want to quickly find Yu Sheng and beg him to let him go.

Seeing Ogawa Ichiro's persistence, the little nurse was not good at saying anything: "That's all right! You can pay the hospitalization fee and you can be discharged."

Ichiro Ogawa directly took out his World Bank gold card and went to the toll collection office. The hospital staff glanced at his card in surprise.

If it was before, Ichiro Ogawa would proudly explain the power of his card. Now that the time is urgent, he is not in the mood to say so much.

"Mr. has insufficient balance."

Ogawa Ichiro was stunned, and asked incredulously, "How could the balance be insufficient? I am a gold card of the World Bank, but there are hundreds of millions in it!"

The staff in the hospital didn't say anything, but asked Ogawa Ichiro to see the balance on it in person.

Ogawa Ichiro looked over and almost fainted when he saw that the balance was zero.

He remembered that this card was tied to an island country's enterprise, and the industry there closed down and owed a debt. How could he still have money in this card?

Chapter: 1370

"Yu Dong, I have done everything you confessed. As for Ogawa Ichiro, I have already let someone solve it." Xia Jun reported to Yu Sheng on the phone.

Yu Sheng hummed in his head and hung up the phone.

In the past, he was too benevolent to give him a chance, but he didn't know how to cherish, he had to provoke himself one after another, and he did something to Xia Feixue, this kind of island country's garbage, what he didn't want to do for the rest of his life in the island country. Although, but if you provoke yourself, there is only one dead end.

After solving Ogawa Ichiro's matter, Xia Feixue did not come to see Yu Sheng since then, and even stopped making calls.

Yu Sheng couldn't understand the complicated thoughts of women, and he didn't have time to think about it. After all, that Leng Jue was still a problem, and they would definitely come to them.

This incident made Yu Sheng dare not relax in the slightest, but after a month of waiting for those people to come to the door, Yu Sheng was relieved.

Although I don't know the reason, it's a good thing for those people not to trouble themselves. It's not that he doesn't avenge Du Fei, but that he wants to improve his cultivation first, and then he can take revenge if he is confident enough.

On the way home, the phone rang.

"Lao Yu, I want to inform you of a good message." Du Fei pretended to be mysterious and finished.

"What good news?" Yu Sheng couldn't guess what the good news was, but he could guess that it probably has something to do with Li Honglian.

Since meeting Li Honglian, Du Fei has put all his thoughts on the woman. He used to say that he would practice martial arts with himself, but in the end it was because of a woman that he left all this thing behind.

I finally met my own happiness, and for the rest of my life it was hard to say anything, I just hope my brother can be happy.

"I plan to marry Hong Lian." Du Fei said excitedly, even the tone of his speech was filled with happiness. Love really stuns a person's head. Du Fei has been like a different person since he met Li Honglian. His IQ

is almost zero, and his head is the woman.

I have only known each other for a month, and now I actually said I want to marry Li Honglian, which left Yu Sheng a bit speechless, and I couldn't understand what Du Fei thought.

"Where are you now? I'm going to find you." I didn't understand a lot of words on the phone, and Yu Sheng had a good talk with Du Fei about his plans.

It was already more than two o'clock in the afternoon when the cherry blossom meeting arrived. Du Fei was sitting on the sofa alone, holding in his hand the kind of handmade bags bought online.

It is hard to imagine that Du Fei, the king of the underground forces in Qiancheng, a character who is shocked by the situation, is actually weaving bags by hand.

"Du Fei, are you really eye-opening to me? Are you still the Du Fei I know? How do I feel like you have changed since you met Li Honglian." Yu Sheng's jaw was about to fall in shock. .

Du Fei didn't take it seriously. He glanced at Yu Sheng and said: "You don't understand, all I want is Hong Lian to be happy. As long as she can be happy, I can do anything."

Yu Sheng had no idea what to say. If the conditions were right, he really wanted to split Du Fei's head to see what was inside?

"The red pity you are thinking of? Why don't you be with you?" Yu Sheng asked.

"She bought some things and watched Xiao Shui go with Yueyue." Du Fei put down his work and said to Yu Sheng.

When Yu Sheng heard these words, his heart was tight. At the beginning, he felt that there was something wrong with that Li Honglian. He always felt that he was not as simple and pitiful as he seemed. Now suddenly looking for Xiaoshui must have some purpose.

"I went to see."

The rest of my life was full of Xiao Shui's safety, got up and trot directly and went out.

Du Fei didn't understand what was going on with Yu Sheng. When Hong Lian went there, he also told him that Yu Sheng helped his father cure the illness. There was nothing to be grateful for, so he bought something and planned to give it to the two children. past.

In Du Fei's eyes, all of this was very reasonable and reasonable, and I didn't understand why Yu Sheng was so anxious, it was too much to make a fuss.

"I'll go with you." Du Fei got up and chased after him.
