

Dont mess 1371

Chapter: 1371

When returning to Yu's house, Yu Sheng was relieved to see the two children sitting on the sofa in the living room watching cartoons. There were also various snack toys on the sofa table.

"Dad, are you back? Aunt Li took us to play today and bought a lot of food with us." Xiao Shui was very happy to see Yu Sheng back.

Xiao Yueyue on the side also said, "Dad, daddy, daddy..."

Yueyue was only a little over one year old, and she couldn't call anything else, but she was very clear when she called her father, and her heart melted when she heard Yu Sheng's voice.

Yu Sheng walked over quickly and touched Xiao Shui's head. Later, she picked up Yueyue and kissed her little pink cheek.

"By the way, Xiaoshui, your Auntie Li just took you to play. Is there anything strange or strange to say?"

Yu Sheng still asked a little worried.

Little Fruit shook his head brokenly: "No! Aunt Li is very nice, what's the matter, does Dad think Auntie has a problem?"

Du Fei, who came on the back foot, heard that Yu Sheng suspected that Li Honglian was a little unhappy:

"Lao Yu, Hong Lian is very good, I plan to go to him to be his wife, why are you still suspicious of her? In this case, I am Brothers are very chilling."

"God father, you are here too!" Xiao Shui yelled sweetly.

Du Fei touched Xiaoshui's head and exhorted: "Xiaoshui, don't call Aunt Li from now on, just call your godmother, that's your godfather's wife."

Xiao Shui agreed with a smile. Du Fei was very satisfied. He took out a thousand yuan from his pocket and handed it to Xiao Shui: "Give me the fee for the change of my god son."

For the rest of my life, I've become accustomed to seeing Du Fei giving Xiaoshui money. Du Fei is very fond of Xiaoshui. When he is in a good mood, he can give him tens of thousands of yuan. He doesn't treat it as a few years old. Look.

I blocked it for the rest of my life, but gave up after using it.

As for Li Honglian's affairs, Yu Sheng didn't think there was anything wrong with being wary of a little bit. Du Fei was dazzled by love, so he should see it more clearly.

"By the way, Xiaoshui, did your Aunt Li leave after sending you back?" Yu Sheng asked.

Du Fei was a little unhappy. He punched Yu Sheng's arm. Of course he didn't have a heavy hand. He complained, "Lao Yu, I'm a bit too much. Why are you so vigilant about Hong Lian? She's really nice, and if you continue to do this, I'll turn your face against you."

"Du Fei, I think you need to be calm and calm. Some things can't just look at the surface. What's more, you have only known each other for a month. Forget it, I won't talk about it..." Yu Sheng said and found Du Fei. His face was a little anxious, and he wanted to get angry with him when he looked like that. This kind of situation has never happened before.

At this time, Li Honglian walked in carrying a large bag of vegetables and meat, with a kind smile on his face, saying hello to them: "You guys came back so early? I still want to cook the food. Okay, I'll call you guys then!"

When Du Fei saw Li Honglian coming back, Pi Dian'er ran away. He used to take over everything he was carrying: "Hong Lian, just leave the cooking to the nanny. Seeing your hands are red, I will feel distressed."

Li Honglian rubbed the plastic bag's red hand, and said indifferently: "It's okay, it's okay. Brother Yu and I are very close to each other, so I want to make them hide and eat."

Aunt Huang, the nanny at Yusheng's family, didn't really ask Li Honglian to cook, but took the ingredients and went into the kitchen.

As soon as Li Honglian sat down on the sofa, Xiao Yueyue yelled at Li Honglian's milk milkily: "Mom, mother hug!"

Chapter: 1372

Yueyue's words were like a thunderstorm, and what blew up the rest of his life and Du Fei was that the outer Jiao and the Linnen didn't react for a while.

Li Honglian is Du Fei's favorite baby. If Yueyue calls her mother, what would it look like?

Li Honglian's face was also a little ugly, and even after returning to normal, she touched Yueyue's little cheek and said, "Yueyue, I can't scream now, or my aunt will be unhappy."

A little over one year old Yueyue could not understand Li Honglian's words except eating and playing, she still had some of her own temperament, and called her mother to hug Li Honglian.

Du Fei's face turned black into charcoal on the side, and he was so angry that he could only hold back, so he couldn't care about a child.

Xiao Shui crawled in Yu Sheng's ear and whispered: "When I went shopping today, Yueyue kept calling Aunt Li's mother. It was very strange, probably because Yueyue liked Aunt Li very much!"

This sentence seems to have nothing, but it is just a child's innocence, but Yu Sheng keenly feels that things are absolutely not that simple, as if he thinks that Li Honglian in front of him is Xu Qianqian. Even if he felt that he was thinking too much, how could Xu Qianqian have such a great ability to change his appearance, so that he could hold Du Fei to death.

But something abnormal must have a demon, which made Yu Sheng more vigilant towards Li Honglian, and finally used a little trick on Li Honglian.

"Lao Yu, it's a bit too much for Yueyue to call Hong Lian's mother, you must take care of it." Du Fei patted Yu Sheng on the shoulder and exhorted.

Tube?

What to do? A little more than one year old child doesn't understand anything, and everything is due to her temperament. There is simply no way to manage this matter.

Yu Sheng said bluntly, and agreed with full mouth: "Xing Xing Xing, you, as the godfather of the child, how can you even eat the child's jealousy? You have been saved, your soul has been saved by Li Honglian. Go away."

"Yes, let alone the soul, my whole person is Hong Lian, and my life is hers." Du Fei said very seriously, without any joking.

For the rest of his life, Du Fei was helpless, and the two of them made a joke, and Du Fei took Li Honglian back.

Everything was quite normal. A strange thing happened early the next morning. Xiao Shui couldn't wake up no matter how she called, lying on the bed like a dead person, but breathing again.

This incident frightened Aunt Huang, and immediately told Yu Sheng about the incident. Yu Sheng observed it and didn't know the reason. This situation is really strange.

"Aunt Huang, did Xiaoshui eat anything strange yesterday? Or did he meet some strange people?" Yu Sheng didn't have a way, only to figure out the specific reason for this matter first.

Aunt Huang was so anxious that her tears were about to come out, she was very guilty, and it was

naturally her responsibility that the child had a problem.

Hearing Yu Sheng asking her this question, Aunt Huang thought about it carefully: "Mr. Yu, Xiao Shui is the same as before. I prepare everything I eat. It is impossible to have problems, and I have never encountered anything strange. People, it is Miss Li who took her two children to play.

He has such a good relationship with Mr. Du, he can't harm Xiaoshui, right? You will be back after letting it go again."

Yu Sheng's fists were clenched tightly, and the bones creaked because of the force. Ever since this woman appeared, Yu Sheng has always felt strange, but has been unable to find the reason.

Yesterday he felt that the woman was taking his child to play with a kind heart, and Xiao Shui was unconscious the next day. If this matter was said to have nothing to do with her, he would not believe it for the rest of his life.

"Aunt Huang, take good care of Xiaoshui, I will find someone!"

Chapter: 1373

"Li Honglian, come out for me, Li Honglian!" Yu Sheng kicked open the door of Du Fei's house, because the door frame was kicked off by Yu Sheng.

After the two people's relationship progressed, they moved together. Yu Sheng wanted to think of Li Honglian, so he came to Du Fei the first time.

There was a lot of movement here. Du Fei rubbed his sleepy eyes and walked out wearing pajamas. He said with a bit of complaint, "Lao Yu, what are you doing in the morning? I don't know. , I thought you were here to tear down the house."

Xiao Shui didn't know what was going on right now. Yu Sheng was so in the mood to joke with Du Fei. He grabbed Du Fei's shoulder and asked, "Where is Li Honglian?"

"Why are you looking for Honglian? Last night, she said something happened and came back two days later. I asked her what she was doing. What happened?" Du Fei woke up completely when she heard Li Honglian's name. The face looked curiously at Yu Sheng, not knowing what happened.

"I knew it!"

Yu Sheng was angry and kicked against the wall. In this situation, Li Honglian was not at home and Xiaoshui was probably done by her.

Since she was successful, she couldn't stay by Du Fei's side. The woman's scheming was really deep enough, and the rest of her life could not imagine that this woman approached Du Fei for the purpose of fighting against the little underwater.

"The woman you are thinking of has a problem. She made Xiao Shui unconscious!" Yu Sheng said angrily at Du Fei, hoping to wake Du Fei.

Who would have thought that Du Fei completely regarded what Yu Sheng just said as the wind in his ears. If it were before, he would have worried about Xiao Shui's comfort, but now it is all Li Honglian.

"Lao Yu, I know you didn't like Hong Lian from the beginning, but I love her very much, and I hope you can be less prejudiced against her.

There is something wrong with Xiao Shui. How can you blame Hong Lian for this matter? Could it be that someone else did it? Or is it that Lao Yu, you can't see my happiness at all? "Du Fei looked at Yu Sheng, questioning every word.

At this moment for the rest of my life, I feel a little lost. A friend who can kill himself, is now going to turn against him for a woman who has known him for only a month? This is simply ridiculous.

For Du Fei, Yu Sheng cared very much and regarded Du Fei as his own brother. Now he makes Yu Sheng

feel very strange.

"I don't want to quarrel with you, Xiao Shui is not doing well right now, I'm going to see Li Honglian, I hope you will be clearer next time I see you." Yu Sheng dropped this sentence and left directly, with a look in his eyes full of disappointment in Du Fei.

Du Fei seemed to be stung by Yu Sheng's eyes, and subconsciously covered his head, a tingling sensation flashed away, as if nothing had happened.

"You're going to find Hong Lian, then I'll go with you." Du Fei walked up quickly, and he wanted to make it clear for Hong Lian's innocence.

There was no way to find Li Honglian in Du Fei. For the rest of his life, I didn't mean to be aimless. Fortunately, the mark was left on her body before, and it was not that difficult to find it with a little effort.

After driving the car for several hours, both of them came to Jiangcheng, but they were still some distance away from the destination.

For the rest of my life, I was a little lucky. Fortunately, I suspected that Li Honglian had left a mark on her before. If I went looking aimlessly, it would be impossible to find her.

The car unknowingly walked more and more remotely, came to a mountain villa for the rest of his life and then stopped the car.

"Lao Yu, did you find the wrong place? How could Hong Lian come to this place?" Du Fei glanced at the villa not far away and said in disbelief.

"It can't be wrong, you will understand when you meet people in the place." Yu Sheng got out of the car and walked towards the place where the villa was. In the end, Ningyu's hint was here.

Chapter: 1374

After the two people walked to the place, Yu Sheng had no choice to ring the doorbell, and jumped to the balcony on the second floor with a jump, and sneaked in sneakily.

Du Fei has the ability to do so for the rest of his life. The gate of the villa is two meters high, and most people have no way to go up.

After I sneaked into the villa for the rest of my life, my eyes scanned the surrounding layouts, and they were very uncomfortable. There were some reptiles on the ground, centipedes, scorpions, and some fleshy bugs, many, many kinds of various colors. There are countless varieties...

Those bugs seemed to be spiritual, and when Yu Sheng saw them, they stared at Yu Sheng with their eyes open.

"Master, the person who raises these bugs probably already knows that you are in Europe."

Xiao Ningyu reminded him that even if Xiao Ningyu didn't say it, Yu Sheng knew that he had been exposed.

"Come out, I am looking for you for the rest of my life!"

Yu Sheng yelled, his voice has a strong penetrating power, the insects on the ground heard Yu Sheng's voice, and they all stepped back one meter, as if they were afraid of Yu Sheng's ability.

After a while, the sound of high heels stepping on the ground came over.

Pop pop!

Li Honglian's familiar face appeared in Yu Sheng's sight. All of this was within Yu Sheng's expectations, so he was not too surprised.

The only difference is that before, Li Honglian always put on a pitiful appearance everywhere, which made people feel that she was very simple.

She now has another corner of her mouth, wearing a black dress and heavy make-up on her face. She is charming and charming. The corners of her mouth seem to be smiling, making people unable to understand what she is thinking.

"I didn't expect you to come here, it really surprised me! Yu Sheng." Li Honglian took a sip with a thin cigarette in his hand.

"The purpose of your approach to Du Fei is to start with my two children, right? What method did you use to make Xiao Shui unconscious, and honestly say it, I will spare your life."

Yu Sheng looked at the woman in front of her coldly, obviously she had a trace of internal strength, but she was not afraid of him at all. She was really a strange woman.

At the beginning for the rest of her life, she couldn't figure out that she and the Li Honglian in front of her had no grievances, and she didn't have to go all out to harm her child for what purpose.

When he saw the insects on the ground again, he suddenly wanted to understand, and then he thought of Yueyue calling her mother, could this woman be Xu Qianqian!

"Xu Qianqian!"

Yu Sheng screamed tentatively, staring at Li Honglian, trying to see how she reacted. As expected, when the woman heard her yell out Xu Qianqian, her body trembled uncontrollably, obviously. It is a sign of tension.

"What are you talking about? Inexplicably, let's go to the living room and have a good chat. After all, Du Fei is here, so let's make it clear in front of him!"

Li Honglian pretended not to understand what Yu Sheng said and wanted to get the topic apart. At this time, Yu Sheng was already sure that the Li Honglian in front of him was Xu Qianqian. Since she said so, Yu Sheng wanted to do this too. Explain everything to Du Fei.

"Okay, let's go to the living room."

Yu Sheng was still very confident, after all, he was at the peak of the great master's initial stage, no matter whether the woman in front of him was Li Honglian or Xu Qianqian, she would not run away under her nose.

When he went downstairs, Yu Sheng saw Du Fei looking blankly at all of this. He still didn't seem to believe that Li Honglian would be in this place. When he saw Li Honglian and Yu Sheng coming down the stairs together, the face on his face The expression is shocked.

"Hong Lian, are you really in this place? Didn't you say you went to do errands? Why did you come to Jiangcheng, and your clothes?" Du Fei looked at Li Honglian as if he couldn't recognize it.

"It's really something to do? How did you and Brother Yu come here first? Why don't you just call me for something?" Li Honglian turned into a look that nothing happened. Came to Du Fei's side and put his arm around him, making a posture of being a little birdy.

Was fooled!

These three words suddenly appeared in Yu Sheng's mind.

Chapter: 1375

This woman thought she was going to clarify the matter in front of Du Fei, after all, her goal had been achieved.

"Xu Qianqian, do you still need to act like this? Honestly go back with me to heal Xiao Shui, or death will be the only thing!" Yu Sheng's face was cold, and everything he said was a bit murderous.

Yu Sheng had just stepped forward. Du Fei immediately protected Xu Qianqian behind him when he saw it. He looked at Yu Sheng angrily and asked, "Lao Yu, what do you want to do? What is Xu Qianqian? By

my side. The person here is Hong Lian, and what's the situation with your appearance that you want to kill? Are you stunned?"

"Du Fei, let me go. Li Honglian is Xu Qianqian. Her purpose of approaching you is to find a chance to poison the little water. She is very dangerous!" Yu Sheng wants to wake Du Fei, and now the devil The startled person was not himself, and Du Fei, he was really taken away by this woman.

Xu Qianqian hid behind Du Fei's face with an intentional smile, as if provoking the rest of his life, as if saying: What if you know that Xiaoshui is my harm? I'm not Li Honglian or Xu Qianqian, so what can I do? You can't kill me anyway!

Yu Sheng's fist was clenched tightly. If the person in front of him is not Du Fei, Yu Sheng would like to blow his head with a punch, but this is the brother Du Fei was born and died for. This kind of kindness is to be kept in mind for a lifetime. Yes, you can't forget.

"There are things I can't explain to you now, and you'll be able to understand them later." After Yu Sheng said the last words to Du Fei, he moved in front of Du Fei and knocked him unconscious.

Xu Qianqian was shocked when she saw this, and the whole person stepped back several steps. It was enough for Yu Sheng to find this place to shock her, she didn't expect the strength of Yu Sheng to improve again.

"You...how can you put such a heavy hand on your brother..." Xu Qianqian was proud from the beginning, but now he can't wait to turn into ashes and fly out.

"Xu Qianqian, you completely angered me!"

Yu Sheng walked over and slapped Xu Qianqian's face with a slap when he raised his hand. This slap hit Xu Qianqian's face with a heavy hand and slapped Xu Qianqian away.

He rarely beats women. Besides, Xu Qianqian is also Yueyue's biological mother. All kinds of affection for the rest of his life is because he is short of breath. If it weren't for Xiao Shui, he's unconscious and can't find it. Method, Yu Sheng can't wait to kill this woman directly!

"Yu Sheng, if you want Xiao Shui to die in a coma, you can kill me!" Xu Qianqian said with angrily holding his swollen face.

"You are not qualified to negotiate terms with me, you choose whether to die or save Xiaoshui!"

Yu Sheng walked to Xu Qianqian's side, pulled her up from the ground, and grabbed her neck with a cold voice.

Xu Qianqian was almost suffocated by Yu Sheng's pinch. He desperately held Yu Sheng's hand that pinched her neck, but in vain.

"I... I said..."

Xu Qianqian squeezed these words out of her throat, and Yu Sheng released the hand holding her neck.

"Quickly, what exactly did you use to make Xiao Shui like this? How can you wake her up?" Yu Sheng asked eagerly.

I thought that Xu Qianqian had been softened just now, but I thought that she had coughed a few times, and laughed after she recovered.

"Yu Sheng Yu Sheng, I think you are ridiculous! Even if you don't kill me now and let me cure Xiao Shui, can you let me go so easily?"

Anyway, there is a dead word on the left and right, why don't I take Xiaoshui to bury it with me? That little bastard should have died long ago. "

Xu Qianqian got up from the ground, leaning against the wall with a pity in his eyes, looked at Yu Sheng and said faintly, "Do you know why I didn't kill Xiao Shui directly, but made him unconscious?"

That would be too interesting. I just want you to watch your own son for the rest of your life, a little bit

of organ failure, and then slowly die in front of your eyes, but you can do nothing.

By the way, I have no antidote to the kind of poison in Xiaohui. No matter how great you have for the rest of your life, you can't even save your own son. It is a very sad thing to think about! "

Yu Sheng was completely angry this time. From the beginning, he knew that Xu Qianqian was a scheming, very deep woman. He didn't think that his mind was still so vicious. As a mother, he could still do such a bad hand on a child. She is a femme-hearted woman.

"Xu Qianqian, I killed you!"

Chapter: 1376

"Kill if you want! Since you can find this place, I don't think I can survive. Anyway, it's enough for Xiaoshui to be buried with me." Xu Qianqian looked indifferent and left the rest of his life. It doesn't care whether it is killing or plucking.

Although she raised a house of worms, there is still a deep gap between the two. Yu Shengming can easily crush her to death with her hands. Not everyone has talent.

In the beginning, Xu Qianqian's plan was really perfect. He approached Du Fei in the same way that Du Fei met his wife, and then slowly contacted Du Fei for the rest of his life, with her two children, and then put things on Xiao Shui's body, and then Retreat all over.

All this was going on perfectly, but he didn't know when he was marked by the rest of his life, and he was found by him after walking so far.

While Xu Qianqian was speaking, Yu Sheng kept looking at her eyes, and did not realize that he was lying. It seems that she has no way of solving the problem of Xiao Shui's coma.

This woman is really mean-hearted. If Xu Qianqian were killed when the two of them got married last time, maybe things would not happen now.

"Even if you are Yueyue's mother, what can you do? You have done all the wrong things now, and you are still practicing evil arts. This time I will definitely take your life." Yu Sheng's tone does not contain any emotion, this woman must die!

"For the rest of your life..."

Xu Qianqian wanted to say something, the lingering internal force for the rest of his life had already hit Xu Qianqian, and Xu Qianqian's internal organs and bones were all shattered with a palm, and there was no movement when lying on the ground.

Seeing Xu Qianqian who had no vitality on the ground, Yu Sheng coldly spit out a word from his mouth:

"You can't live by yourself!"

Just after solving Xu Qianqian, Du Fei who was knocked out by Yu Sheng fainted but coughed. He clutched his chest and rolled continuously. For Yu Sheng, he didn't know what happened, so he didn't dare to touch Du Fei.

Suddenly Du Fei opened his mouth wide, and his expression was very painful, and then a red worm with the thickness of a finger crawled out of Du Fei's mouth. The scene was very good.

The red fleshy bug crawled out of Du Fei's mouth and squirmed a few times, and finally there was no movement, and it appeared to be dead.

Seeing that insect for the rest of his life, he wanted to understand a lot of things. He had always felt that Du Fei was very abnormal. Even if he liked someone, he didn't need to love him to the death. This was not like his style at all.

But from the outside, there was nothing wrong with it. It turned out that Xu Qianqian had fallen in love with her. No wonder she was so devoted to her.

Gu worm crawled out of Du Fei's body, Du Fei was also awake, but when he came over, there was still bursts of pain in his head.

"Du Fei, are you in trouble? Is there any discomfort in your body?" Yu Sheng asked concerned.

Du Fei shook his head. Looking at the red bug on the ground, he felt sick for a while. He still had a certain memory of what just happened, but such a big bug crawled out of his body, which made him a little unbelievable.

"Lao Yu, what's the matter with this bug? But it crawled out of my body!" Du Fei's eyes caught a glimpse of Li Honglian's corpse not far away: "Hong Lian was fine before, what's going on now? Are you dead? You killed him for the rest of his life?"

For the rest of his life, he confessed it generously without any concealment, and Du Fei wouldn't believe it because the three of them said it was someone else's hands.

"This person is not Li Honglian but Xu Qianqian. The reason why he liked him so much before was because he had inflicted love on you. The big bugs on this ground are the hands and feet she used on you. She is now dead. , You are in trouble." Yu Sheng explained lightly.

Although Xu Qianqian is dead now, Yu Maichang just can't get happy, Xiao Shui is still in a coma, and there is nowhere to heal, which makes Yu Sheng into a bigger problem.

Chapter: 1377

"died....."

Du Fei was a little disappointed when he heard that Xu Qianqian was dead. After all, he also wanted to understand that the woman named Li Honglian who had been by his side these days was Xu Qianqian. Like her and loving her, although a large part of it has the influence of affection, Du Fei is not at all interested in Li Honglian's image of that kind woman.

Looking at the woman lying on the ground not far away, who looked exactly like his dead wife, he felt uncomfortable in his heart.

In the next second, Du Fei was stunned. The sadness on his face disappeared in an instant, but some were full of fright. The black and crushed bugs crawled beside Xu Qianqian's corpse, and they slowly climbed to Xu Qianqian's. The corpse began to eat.

Because of the quantity, the speed at which they ate was amazing, and Xu Qianqian's skin was eaten up in the blink of an eye, and the red flesh and blood were exposed.

"Old... Lao Yu, look at the back..." Du Fei's tone was horrified. He was also stunned by the scene before him, who was accustomed to seeing blood and rain.

Actually, I didn't need Du Fei to remind me. I looked back subconsciously after listening to the wind in my ear for the rest of my life. When she looked back again, Xu Qianqian's corpse was only eaten by bones.

There were still bugs crawling down the stairs. Xu Qianqian died and no one restrained them. Such hungry bugs wanted to attack Yu Sheng and Du Fei.

Although there are a lot of these insects in front of them, they are not a climate, and there is no way to threaten the rest of their lives, and they will fly out of the villa for the rest of their lives.

For the rest of his life, he picked up his mobile phone and made a call. After a while, there was a rumbling noise in the sky. A helicopter stopped on top of him. The helicopter did not descend, and it was still raining. , And left after the rain.

This time I was in a hurry. Yu Sheng touched his pocket and realized that he didn't have a lighter. He asked Du Fei next to him: "Take a fire."

Du Fei took out a very delicate lighter with a dragon head engraved on it and handed it to Yu Sheng:
“From Hong Lian...”

After patted Du Fei on the shoulder, Yu Sheng realized that he still had some trouble with this matter in his heart. After receiving the lighter for the rest of his life, he let it out to the villa.

boom!

The sky rushing to the sky instantly ignited, and for the rest of my life he didn't intend to stay and appreciate it and left with Du Fei, so let those bugs be buried with Xu Qianqian!

When she returned home again, Xiao Shui was still lying on the ground with her eyes closed as before.

His face was quite normal, but he couldn't wake up no matter what.

When Du Fei saw this scene, he remembered what Yu Sheng had said to him. Xu Qianqian approached him to attack the child. Seeing Xiao Shui like this made him feel guilty.

Bang bang

Du Fei knelt directly in front of Yu Sheng, and kept slapped himself: “I'm sorry Lao Yu, this matter is all my fault, how could I be so easily given love by the woman Li Honglian? At the beginning, you told me to be careful about her. I still don't believe it. Now that this happens, it's up to me.”

“If you are a brother, stand up, don't use this kind of punishment to apologize to me. I have seen Xu Qianqian's methods. It is a certain thing that you are recruited. It is the most important thing to find a way to rescue Xiao Shui.” Yu Sheng Said lightly.

I have never blamed Huo Du Fei for anything, because Xu Qianqian is so cunning that she actually treats Xiaoxiahui as an antidote to you.

Everything in the world has a relationship of mutual generation and mutual restraint. Xu Qianqian can make Xiao Shui unconscious, and the rest of his life does not believe that there is something that can make Xiao Shui wake up. There is absolutely no antidote as Xu Qianqian said.

“I probably need to go out for a walk, Du Fei helped bring Song Wanwan back from Beijing to let her take care of my family.” Yu Sheng told Du Fei.

He didn't know when he would be able to come back this time. For the safety of his family, it was the safest to invite Song Wanwan over to sit here. She helped her by herself, and she might refuse it because of her personality.

Then I told Du Fei a series of things, and set off for the rest of my life. This time I went to Zhu Qingshan to ask him if he had any opinions on this kind of thing.

Chapter: 1378

When Yu Sheng came to the top of the mountain where Zhu Qingshan was, looking at the long queue, he was able to guess that Zhu Qingshan's name on this mountain had already started, and the people who came to him for medical treatment were also a lot of people.

Just as Yu Sheng was about to go directly in to find Qingshan, a middle-aged woman Yixie stopped in front of Yu Sheng, and said angrily: “Why are you young people so educated? See, we are all queuing for you Why don't you just go in?”

Yu Sheng thought that someone would stop him, and he was also taken aback: “I know Zhu Qingshan, I have something to do with him.”

The middle-aged woman became even more unhappy when she heard this, holding her child with one hand and pinching the waist with the other hand to Yu Sheng reprimanded: “We all come here to find the genius doctor, and everything is going to happen, so why don't you line up? !”

The middle-aged woman deliberately said her voice loudly, and everyone beside her heard it too. For a

while, everyone pointed and pointed and became a target.

“Yeah, yes, honestly queuing up. You know you are from the city by looking at your clothes. How can you not have any quality?”

“Hurry up and line up, or you won’t even want to go in today.”

More and more people talked. Yu Sheng felt that his head was big for a while, and he could understand their feelings. They came to Zhu Qingshan only when they were sick. Others had been in line for so long, and they were not happy to go in like this. what!

Besides, Xiao Shui is in a coma now, and there is no special emergency. Yu Sheng sighed helplessly, and could only return to the last place and line up honestly.

When the middle-aged woman saw Yu Sheng like this, she snorted triumphantly like a general who had won the battle.

“Young people also have qualities. I think your health is so good. Is there something sickness in your family? I can also understand that my grandson’s leg pain was particularly painful at night, like putting his leg in the refrigerator. Terrible.

I am also very anxious in my heart, but this team cannot be left out. I hope that the genius doctor can cure my grandson. “The middle-aged woman touched his grandson’s head with a headache.

After hearing this, Yu Sheng subconsciously looked at the little boy led by the middle-aged woman. The boy looked seven or eight years old and was about the same size as Xiao Shui, and he was eating chubby. It looks so cute.

Because of the summer, the little boy was wearing short-sleeved shorts. For the rest of his life, he could clearly see a patch of purple sauce on the little boy’s left leg.

At this moment, Yu Sheng’s ear again rang the middle-aged woman’s voice: “The young man said before that you are not against you. You can’t take this matter to your heart!”

Yu Sheng indifferently bowed his hand: “Nothing, I don’t mean to blame you, what’s the matter with your grandson’s leg? Did you bump into it?”

Mentioned this incident, the middle-aged woman’s face was sad: “I asked Huzi, and he said that his legs didn’t touch him either. He was inexplicably purple, and it hurts terribly at night. There is nothing in the daytime.

The hospital in the town ran all over and checked everything. The doctor said there was nothing, but at night the tiger was lying on the bed and rolling around in pain. I saw him as if he didn’t look like it was pretending.

I’ve seen it in the hospital. There is no money to spend, but there is no way to do it. This is no way.

Others told me that they wished the genius doctor to be good, so they took the tiger to take a look.”

Listening to the words of the middle-aged woman, coupled with the careful observation of the fish and baby, did not think that the little boy was sick, but it seemed to have caused something.

Unknowingly, it started raining heavily, and some of the people in the queue ran home without anxiousness. They didn’t bring umbrellas and didn’t want to stay here in the rain.

The person in front was almost gone, and the middle-aged woman before the rest of her life held her grandson in front of the rain, still standing there in line.

For the rest of my life, I couldn’t stand it. I used internal strength to shelter the two people from the rain.

“Grandma, why can’t this rain catch me?” Huzi turned around, and asked his grandma’s clothes curiously.

The middle-aged woman was also at a loss, not knowing what was going on, did she think it was

something weird? But after all, it's good not to get caught in the rain.

After a while, the team in front of them was almost gone, and soon it was the turn of the middle-aged women, who followed in the house for the rest of their lives.

Chapter: 1379

"Wish genius doctor, you can help my grandson to see, what is going on with my grandson's leg?" The middle-aged woman took her grandson's hand and walked over quickly.

Wearing this brand-name clothes, Zhu Qingshan didn't match the simple bamboo house. He stepped forward and looked at the purple area on the boy's left leg. While looking at it, he touched his beard and fell into contemplation.

The middle-aged woman told Zhu Qingshan about the specific situation, and Zhu Qingshan became more and more confused when she heard it. This was the first time he had encountered this strange situation.

It hurts at night when things happen during the day, and it's not so painful and it hurts like trying to put the legs in the refrigerator, which is so strange.

"May the genius doctor, you must save my grandson! I feel distressed and panicked every day when I see him like that. I am just his grandson, and you must be cured to save you."

The middle-aged woman saw that Zhu Qingshan looked at Huzi's legs with a sad face and knew that this was not easy, and she was anxious, so she knelt down for Zhu Qingshan.

Zhu Qingshan looked away from the boy's lap and quickly went to help the middle-aged woman. Yu Guang saw the rest of his life at the door.

"It is indeed the first time I have seen this situation with your grandson. To be honest, I am not sure of it and may not be able to cure you." Zhu Qingshan told the truth.

When the middle-aged woman heard this, she almost turned her eyes and fainted. I wish the genius doctor, but her last hope, if he had no way, then her grandson would suffer this kind of sin for a lifetime, maybe one day her legs would be abolished. NS.

"Don't get excited, although I can't cure it, but I know someone can cure it, and he is there now. If you go to him, your grandson's leg will be cured." Zhu Qingshan said quickly.

The middle-aged woman who had almost fainted before became energetic as soon as she heard this. She grabbed Qing Shan's clothes and asked, "Best doctor, don't sell it, and quickly talk about who can cure my grandson's disease. Ah? I'm happy to spend how much money!"

Zhu Qingshan pointed at the middle-aged woman's back and said, "It's him, his ability is much greater than mine. He helped me heal all the hidden illnesses I used to have."

The middle-aged woman turned around half-believingly. After all, in his cognition, Zhu Qingshan was already the most powerful voice. Is it possible that there is someone more powerful than him?

Looking back, I saw the young man who was behind him before, and there was no one else!

"I wish the genius doctor, are you joking with me? There is no one behind me? Don't tease me anymore and heal my grandson quickly. If it comes to night, he should suffer again." Middle-aged woman Pulling Zhu Qingshan's clothes, pleaded.

Zhu Qingshan saw that the middle-aged woman didn't believe Yu Sheng was a little angry, and ignored her and walked quickly toward Yu Sheng.

"Doctor Yu, why didn't you tell me when you came here? Seeing that you are soaked, you won't be in a long line outside, right?"

Yu Sheng shrugged helplessly: "I didn't think that your reputation would soon become famous here.

There are so many people who come to see you for medical treatment. I don't think it will work if you don't queue up!

It's very hard to be able to see you now. I wish I came to you this time to ask you something. Have you ever heard of it?"

"Doctor Yu, if you have anything you can say, I will definitely tell you everything I know."

Yu Sheng recounted the situation of Xiaoshui with Zhu Qingshan.

"Doctor Yu, the old man has never met, I'm sorry I won't be able to help you this time." Zhu Qingshan said somewhat disappointed.

Zhu Qingshan's words, the rest of my life had anticipated it, the reason for this visit was to have a try-and-see mentality. If it can't be cured, I can only think of other ways.

The middle-aged woman listened to the conversation between the two of them. At this time, her face was green and white, and her heart was mixed.

Chapter: 1380

"You... are you the genius doctor who is better than him?" The middle-aged woman stunned as she watched Yu Sheng's words in a daze.

Although the two people said two sentences when they were in line, she took the lead in saying that this young man jumped in the line, which caused him to be pointed and scolded by so many people.

Everyone in the world has a three-point anger. This young man is sure in his heart. I blamed myself, how could he treat his grandson to his grandson regardless of previous complaints?

The middle-aged woman was a little anxious, but she didn't know what to say. They did come to see the genius doctor Zhu for something, so she delayed it, and got caught in the rain in vain. The crime was too serious...

"Yes, he is the one I told you before that can cure your grandson's illness." Zhu Qingshan responded.

"This...this..." The middle-aged woman stammered red and white. She didn't know what to say. Should she apologize first or ask for the rest of her life to save her grandson?

When Yu Sheng saw the middle-aged woman like that, she knew what she was thinking in her heart.

Now Xiaoshui's affairs are not anxious. It is a kind of fate to come and meet. If he can be cured, there is no reason for him to die.

"Your grandson's illness is not a disease, and it's entangled by dirty things. He still needs to explain this matter to me." Yu Sheng said lightly.

When he saw the purple color of the tiger's leg injury, Yu Sheng guessed it, plus what the middle-aged woman told her must make him sure it was.

As soon as the middle-aged woman heard this, her face showed ecstasy. The young genius doctor said that it would be ignorant of the past, and forgive them for being willing to treat the tiger.

There was a plop.

The middle-aged woman took her grandson and knelt directly in front of Yu Sheng and knocked three heads against him: "Thank you, sir, for not considering the villain. If you can cure my grandson's disease, let me be a cow and a horse for you. , I am willing."

For the rest of his life, he helped the man up, and then he checked the little boy's legs, and after a closer look, he became able to guess a general idea.

"Does your leg feel better at night? It looks like it's been pinched by something?" Yu Sheng asked the little boy.

The little boy nodded immediately: "Uncle, how did you know? And what is the dirty thing you just said?"

I take a shower every day, it can't be unclean."

When seven or eight-year-old children are naughty, especially young boys, they jump up and down in the mountains, maybe they will run away from a grave or kick something.

People got angry and entangled him and made him suffer a bit. If he burned a piece of paper in time to admit his mistake, it would have passed.

If this thing is allowed to entangle the tiger, the yang qi on the tiger will be affected and the body will become weak over time, and then the body will be wrapped around the body with serious illness or minor illness, and people will not live long after being tossed like this.

"Did you little guy go to someone else's grave to play, otherwise this thing won't get entangled with you? Tell me what is going on!" Yu Sheng said lightly.

As soon as Yu Sheng said this, the middle-aged woman couldn't sit still. She got up from the bench and asked with the little boy's ear: "Huzi, are you going to the mass grave on the back mountain?" Going to play?"

The little boy didn't speak, but the dodging eyes had admitted that he had indeed played from that place.

When the middle-aged woman encountered this situation, she immediately became angry. She took off the cloth shoes she was wearing, and licked the tiger's buttocks. She cursed, "I've told you so much, that place is dark. You can't go, you're just disobedient, now you're entangled in it!"

The little boy called Huzi screamed in pain, and kept begging for mercy: "Grandma, stop beating, I know I was wrong, I will never go again, grandma, I hurt my ass!"

Seeing that Huzi's buttocks were swollen, Yu Sheng hurried up to stop him, and persuaded: "The kid is ignorant and will not go if he has a long memory this time. I can treat him with this."

Seeing Yu Sheng, the middle-aged woman had persuaded her, but now she was asking for help, and was too embarrassed not to give him face, so she threw her slippers on the ground and put them on.

The middle-aged woman sighed and said, "Genius doctor, you don't know! What an evil side of the Houshan Mass Burial Post!"
