

## Dont mess 1391

### Chapter: 1391

The huge pit of the mass grave suddenly looked like a few meters in the countryside, and a monstrous gloom filled the sky. Then they could clearly see the crowd of people in the huge pit, and the wailing in the ears. It all comes from them.

They were waving their hands and struggling constantly. Some people approached the upper position and wanted to climb up, but they were about to climb up, but they were kicked down by the phantom of the human figure above.

The mud is still burying their bodies. There are old and young, young and strong boys, middle-aged people with tough bodies, young children waiting to be fed, and old people with gray hair. Crying and begging for mercy.

But the people in military uniforms didn't show any sympathy. They waved their shovel and buried the soil shoveled from the ground toward their bodies.

The scene in front of them seemed to be repeating. It was the despair they experienced. There were tens of thousands of lives in the huge potholes. War is inevitable, but these ordinary people are the most innocent victims.

Yu Sheng stood there and watched this scene quietly, no matter how strong his mind was, there was still a touch of sorrow and regret in his eyes.

The Lao Lin and the three people on the side were all frightened. Before the fat man was upper body by a ghost, the ghost quickly disappeared underground, so what they saw was not really true. The current scene can be said to have shocked their three views.

"This... this... how can these people be so cruel? That is thousands of lives, why are they buried alive like this?" Lao Lin's tears fell uncontrollably, but he couldn't help it because he was afraid of his body. Is shaking.

Nebula had already covered his eyes, did not dare to look anymore, hiding in Lao Lin's arms.

Anna never got up from the ground, holding the piece of talisman paper that Yu Sheng gave her tightly in her hand. The yellow talisman paper was so crumpled by her, because she was nervous, her palms were still out a lot. Khan, the words written with cinnabar on the above are a bit spent.

"It doesn't matter to me, it's not that I killed you, we have no grievances, who killed you? Who are you looking for revenge? Don't look for me!" Anna closed her eyes and said.

The fat man on the side was upper body by a ghost, his body was very weak, he was unconscious and instinctive, leaning against the tree to fall asleep.

The scene of being buried alive in front of me was still going on. Suddenly the rest of my life saw a familiar person from the crowded crowd, his eyes widened a bit, and he said with some uncertainty: "Zhao Kang?"

Although Yu Sheng didn't speak very loudly, Lao Lin next to him heard it clearly. He let go of Nebula and grabbed his hand. He walked quickly to Yu Sheng's side and asked eagerly: "Brother Yu, just called Is Brother Zhao's name? Did you see him?"

He didn't speak for the rest of his life, and raised his finger to a man at the edge of the huge pothole. His face was pale and his eyes were bright, standing there dementia, unlike those around him who were crying and begging for mercy, he was just like that. Standing, as if losing his mind.

Lao Lin looked at the place where Yu Sheng's fingers were, and he saw Zhao Kang with a happy expression on his face. He stretched out his uninjured hand to wipe away the tears on his face, and ran

towards that place.

“Brother Zhao, don’t be afraid, I’ll pull you up.” After Lao Lin ran to the place quickly, he bent his body and pulled Zhao Kang up from the big pit.

Yu Sheng was also shocked when he saw this. This old Lin had a good heart, but he couldn’t be stupid, right? Zhao Kang is in the pit, which means he is dead, and what he sees now is only his soul.

Lao Lin was just an ordinary person, and coupled with his eagerness to save others, he couldn’t tell that it was just a soul.

Zhao Kang in the big pit saw Lao Lin’s hand extended to him, and the corner of his mouth pulled out a strange arc, he also stretched out his pale and pale hand and was about to grab Lao Lin’s hand.

## **Chapter: 1392**

Looking at Zhao Kang’s hand, he was about to grasp Lao Lin’s hand, and when he was about to touch it, Zhao Kang in the pit let out a stern cry, and then stepped back a few steps.

Lao Lin didn’t know what was going on. He just felt that his chest was a little hot, and it felt like he was about to burn. He quickly took out the Buddha on his chest, threw it away, and threw it aside.

What he didn’t know was that the talisman was hot because it worked. If it weren’t for the talisman on his chest, Zhao Kang’s soul would have pulled Lao Lin into the pit.

“Leave that place quickly!”

Yu Sheng reminded him that he wanted to pull Lao Lin aside when he moved. Lao Lin wanted to pull Zhao Kang out of the pit, so he is very close to the mass grave now.

Lao Lin looked at Yu Sheng with afterthought and didn’t know what he meant? Now that Zhao Kang didn’t have to come up, how could he just leave like this?

Just as Yu Sheng came to Lao Lin’s side and took Lao Lin’s arm, Lao Lin’s other arm was also grabbed by a pale hand, and the owner of that hand was Zhao Kang who had been repelled by the talisman before.

“Brother Zhao, hurry up, and Brother Yu has also come to help. We will definitely be able to rescue you from there, don’t be afraid.” Lao Lin asked Zhao Kang to grab his arm and was delighted.

Zhao Kang grabbed the place where he was bitten by the fat man. Now the wound is hurting but he can’t control that much to save people. If he wants to endure the pain, first pull Zhao Kang out of the hole.

For the rest of his life, Lao Lin’s reaction was almost maddening, and I wondered why this person was so relentless? Now I can’t tell that the one holding your arm is a ghost!

When this situation was not nonsense, the rest of his life didn’t want to bully Lao Lin, and he took a piece of talisman paper from his pocket and pasted it on his pale hand.

what!

Zhao Kang let out a screaming scream again, then let go, grabbing Lao Lin’s hand and stepping back dozens of steps.

Yu Sheng took Lao Lin back a few meters, until he kept a certain distance from the mass grave, and then he was relieved.

“I don’t know what to say about you. Are you really stupid or fake? Your friend is dead. The one who grabbed your arm just now was a ghost. He wants you to die with him. I understand. Already?” Yu said to Lao Lin without a fight.

“Ghost...” Lao Lin, who later realized that the more he thought about it, the more something was wrong. After trying to understand, layers of cold sweat appeared on his forehead. If it hadn’t been for the rest of his life to take action in time and grab him, he must have been pulled in by Zhao Kang now. Inside the

huge pothole.

There are thousands of resentful ghosts buried alive, not to mention their bodies being eaten completely by them, maybe even their souls will be wiped out.

“Thank you, thank you...” Lao Lin thanked Yu Sheng, because his face was white and scary from the experience just now, and he was still feeling scared about what he had just done.

Yu Sheng thought that he had given these people a piece of talisman paper, so that they had the ability to save their lives, but after experiencing the situation just now, he was even more worried about these people.

Even if I don't worry, I don't forget it for the rest of my life. The purpose of coming to this mass grave today is to find out why these wronged souls have stayed here. By the way, I find a way to reincarnate them. As for things like babies, I see this. For the rest of my life, this situation is no longer expected.

Fearing that these four people would encounter any danger after they left, Yu Sheng used the method of avoiding evil recorded on the Nine Profound Heaven Scriptures to draw them a circle of yin and yang, as long as they stay in that circle honestly. Those evil spirits didn't dare to approach, as long as they could hide until the sun came out the next morning, it would be passed.

“You stay here honestly, no matter who you meet or what the situation is, you have to wait until the sun comes out the next day. If you don't obey what happens, then I can't control it.” Yu Sheng said lightly.

### **Chapter: 1393**

“Hey, why are you going there? Why don't you stay with us? I don't want to stay in the circle, I want to go with you,”

Anna was a little worried. Looking at the ordinary circles on the ground, she didn't believe that it had such a powerful power. It was able to avoid those evil creatures, and for the rest of her life, it was the safest to follow him.

Just as Anna was about to catch up with Yu Sheng, Yu Sheng jumped into the mass grave full of grievances and screamed when she saw this situation.

The rest of his life just jumped in like this, so many wronged souls have not torn him to pieces? Anna said that she didn't have the courage to jump into the pit as much as the rest of her life. There was really no way she could only return to the circle honestly.

Lao Lin didn't know what happened on Anna's side. When he and Nebula carried the unconscious fat man into the circle, Lao Lin discovered that there was no trace of the rest of his life.

Looking at Anna Laolin who was sitting on the ground, her face pale in fright, asked: “Brother Yu? Didn't you still stand here just now? Why is there a shadow now?”

“He... he jumped in.” Anna stammered, pointing to the big pit not far away.

Lao Lin wanted to step forward to see if it was like what Anna said. Nebula took his hand: “Let's not get out of this circle! That Mr. Yu rescued the fat man and saved you again. People with great abilities come to this place for his purpose.

We are just ordinary people, we don't have his abilities, so we should stay in this place honestly and go back when dawn!”

When Lao Lin heard it, he felt very reasonable. He hugged Nebula and said, “You are right, I am too impulsive, or else Brother Yu would have died a long time ago.

We've been to any place where we did live broadcasts of Spirituality before, and we didn't even meet this dirty thing, and thought that there was no such thing in this world.

If possible, I would rather we didn't come to this place, even if I gave me 100,000 yuan, I would not take

the risk. If we can go back alive, we will honestly find a job and don't do it. This line. ”

Nebula nodded. Her thoughts were the same as Lao Lin's. Everyone liked money, but they didn't want to take their own lives because of money. After all, there was only one life.

Anna on the side looked at the camera not far away, only to realize that the live broadcast was still going on. She took out her mobile phone and saw that it was still live broadcast. To her surprise, the number of people in the live broadcast room reached 200,000 people on an unprecedented scale.

The barrage below also flew up quickly, and the screen was full of gifts, all of which were not special before. Suddenly a special effect of a rocket appeared on the screen. The person who brushed the gift was the local tyrant who suggested that they come to this place. Fan brother Liang.

When seeing Brother Liang continue to brush gifts, Anna's heart was not the pleasure of making money, but the anger in her stomach. It was this way that she experienced a day like a nightmare and almost died here.

Just when she was about to scold someone, a barrage from Brother Liang popped up on the screen of her mobile phone: “I have thought that this place is more exciting than I thought. If you get out of that circle, I will give you another twenty. A rocket.”

You can get 20,000 yuan if you step out of the circle drawn by Yu Sheng, you can get it with just one step. If you have not experienced these things, Anna may not hesitate to go out after seeing this barrage, but now she knows what does it mean to get out of this circle.

Not to mention that Liang Ge promised to brush him 20 rockets, even if he brushed two hundred rockets for her, Anna would never leave this circle for half a step!

“Fuck you, my old lady is about to be killed by you.” Anna, who has always been a goddess, has exploded in front of fans for the first time. And it's still in the case of 200,000 viewers.

#### **Chapter: 1394**

Before, Anna even regarded that Liang Ge as a local fan, thinking that as long as he brushed enough gifts, she would meet him offline. If she could deal with someone, that would be a great thing.

Who would have thought that that guy was here to harm them, cheating five of them to this place for 20,000 yuan, and Zhao Kangming was left here.

Fortunately, they were so lucky that they met Yu Sheng and saved their lives. Now the Liang brother came out and said 20,000 yuan to get them out of the circle, and wanted to harm them. Anna's violent temper cannot be blamed for him.

“Anna, what's the matter with you?” Nebula didn't know what had happened, as she knew that Anna glanced at the phone and immediately became angry.

“It's the fan who lied to us. He now says that as long as we go out of the circle, he will give us another 20 rockets.” Anna's tall chest kept undulating, and her heart was frustrated.

Lao Lin on the side was angry when he heard this, and said to Anna: “You let him die!”

“I just scolded him.” Anna said.

This experience also made Anna understand two truths. One is that she can't offend people casually. She looks low-key like Yu Sheng, but she is a master. The other reason is that she can't be a supernatural anchor, and she often walks by the river. How can I not wet my shoes?

While they were still angry because of what Liang Brother made them appear, there was a movement from the pothole, and several people looked at the place where the movement came from at the same time.

One of his hands was exposed to everyone's sight, as if someone was climbing up. While they were still

wondering who it was, Zhao Kang's voice came from there.

"Lao Lin, Anna, Fatty, Nebula, are you still there? Someone pull me, I can't get up."

Hearing this voice, Lao Lin was overjoyed, and he was about to go to pull Zhao Kang, and then he held him with one hand, and Nebula shook his head slightly at him.

At this time, Lao Lin suddenly remembered. He was deceived by Zhao Kang's soul earlier and was almost pulled into the mass grave. Fortunately, he appeared in time to save him for the rest of his life.

And Yu Sheng also said that Zhao Kang was dead, so now this person called them is probably a ghost, because he is afraid of the power of this circle, so he wants to trick them out and kill them.

Anna was full of words for the rest of her life. He always didn't like to put other people's words in his ears at other times, but this time, to survive, even if the person who just talked to her was her own parents, she would not go out of this circle.

"Lao Lin, are you on it? My leg hurts and I can't climb up. Can you come over and pull me?"

Zhao Kang's cry for help came over again, and they won't go up stupidly, but when they think that this is a ghost, they will find a way to trick them out and kill them for a while.

"Lao Lin, I know you are outside, but I treat you like my own brother. Now I just hope you won't help me if you give me a hand. Are you going to die like this?"

Zhao Kang's voice came over again, with a hint of anger in his voice. Hearing Lao Lin's ears was very uncomfortable, he tightly clasped Nebula's hand, closing his eyes to prevent himself from thinking.

The ghost dressed as Zhao Kang seemed to know that they would not be fooled, and immediately revealed his original appearance. He was a hideous male ghost, and he stared at everyone with an angry face.

Anna was taken aback and shivered, no matter if Nebula was here or not, she hid directly into Lao Lin's arms and shivered.

Suddenly, the male ghost glaring at them screamed as if he had been hit by something, and disappeared from the ground.

When Lao Lin was wondering who had driven the ghost away, a familiar face appeared in front of them. It was the rest of his life that was not someone else.

## **Chapter: 1396**

"What are you doing in a daze? Hurry up! Don't you think I am out of the circle? Isn't there anything wrong with me? Nebula is so suspicious that even Mr. Yu has no conscience at all." Anna has been following the rest of her life at this time. , Said angrily to everyone who was still in the circle.

At this moment, the fat man woke up leisurely, and Lao Lin immediately put the fat man on the ground with joy.

"Fatty, are you awake? How are you feeling, do you want to drink some water?" Lao Lin took the water that Nebula handed over, unscrewed the cap of the mineral water bottle, and handed it to Fatty.

The fat man took the mineral water and drank it, took a long breath, and then asked, "What's wrong with me? Why do I feel so weak in my body? I remember I was looking for Zhao. Brother, I found a dark shadow, and then I turned my eyes and I couldn't remember anything!"

"You are possessed by a ghost, and you continue to eat dirt. It was Brother Yu who helped you get rid of the dirt on your body and you were fine." Lao Lin explained, he said that a fat man bit off a piece of meat on his arm. Thing, I'm afraid he feels uncomfortable.

"Oh, did Brother Zhao find it?" The fat man continued to ask.

When Lao Lin and Xingyun heard Zhao Kang's name, a look of sadness flashed across their faces, but

they couldn't say what they said.

Anna in the distance also found that the fat man was awake, so she trot and walked over and looked at the fat man with joy: "Fat man, you finally woke up and you don't know how long you slept, but you also wake up. It's time, Brother Yu is going to take us down the mountain now!"

"Then Brother Zhao? Why didn't I see where he is? Didn't find him?" The fat man still asked with a puzzled look.

Hearing the question of the fat man, Anna's face was also a little ugly. After a moment of silence, Anna slowly said, "Brother Zhao, he...she was killed by those dirty things."

This small team made up of a few people together, so long together, their feelings are also very deep, and they are all very uncomfortable after the death of Brother Zhao.

"Okay, fat man, don't be uncomfortable. The most important thing is to save your life in this situation. Now that you wake up, let's go down the mountain with Brother Yu, and never come to this place again.!" Anna took the fat man's hand and walked towards Yu Sheng.

As I walked, I noticed that there was no movement behind him. When I looked back, I found that Lao Lin and Xingyun were still motionless in the circle.

Anna became a little angry this time, and said angrily: "I have come out with the fat guy now, and there is nothing to do with us! Besides, if Brother Yu was pretending to be those things, I should have done it with me when I came back just now. Why are you still so stubborn?"

Speaking of Anna's gaze towards Nebula, she immediately wanted to understand, "I said, why didn't Lao Lin go with us? It turns out that it was you who flirted with each other, Nebula, what are you going to do with Nebula! Me and Fatty first gone."

The fat man still wanted to persuade him, and Anna directly grabbed him: "Don't tell me, those two people are hard-hearted, let's leave them alone, let's do what you like!"

"Are you sure you don't follow me down the mountain? If I leave, the role of the universe will disappear. By then, these wronged souls will have to deal with you." Yu Sheng said lightly, his tone was not tepid. Show a trace of affection.

"Don't go!"

Lao Lin still didn't speak, and Nebula's decisive voice rang with an unusually firm tone.

When Yu Sheng just said those words, Lao Lin wanted to go with them, but he didn't expect that Nebula's reaction would be so big.

"Nebula, what's wrong with you?" Lao Lin asked.

"That person is not Mr. Yu. Before the fat man woke up, she didn't say that this universe would disappear because of his departure. Now she suddenly said that, and instinct told me that he is not Mr. Yu." Nebula said with a complex expression.

When Lao Lin heard this, he was shocked. After thinking about it, he felt that what Nebula said was very reasonable, so he shouted at the fat man and Anna: "You guys come back soon, that man is not Brother Yu, he is a disguise."

"How can..."

Anna wanted to say how it was possible, but she hadn't finished her words, she kept her hands bloody hands through the middle of her belly.

## **Chapter: 1397**

"Anna!"

Anna could hear the exclamation of Lao Lin and Xingyun in her ears, did not answer them, twisted her

neck stiffly and looked at the familiar person behind her. She thought she was already saved, but she never thought that the rest of her life was not here to save him. The savior of the world, but the devil who pushed her into the abyss.

Puff!

But the blood-filled hand was drawn from the middle of her belly. At this moment, Anna could no longer feel the pain. Her body seemed to have lost all support points for a moment, and fell forward to the ground.

Yu Sheng showed a weird smile on his face, then licked the blood on his hand, and looked at the fat man on the side with cold eyes.

The fat man was in a coma for a while and didn't know what happened during this period. He was still amazed at why Sheng killed Anna, and for a while he forgot to escape.

"Fatty, come back quickly, that person is not Mr. Yu, he is a ghost who will kill you, fast forward!" Nebula shouted loudly.

The fat man was clever, without any hesitation, and ran to the place where Nebula was. Although he was possessed by a ghost before, he woke up now. But the physique was still very weak, and he fell to the ground with a soft foot.

When he wanted to get up and continue running, he looked up and saw Yu Sheng grinning gloomily at him.

"Little fat man, do you think you ran away?" Yu Sheng said jokingly, and immediately twisted the fat man's head when his eyes were cold, and his bloody head was thrown on the ground casually by Yu Sheng.

The two people who were deceived were all killed by Yu Sheng. Yu's business still looked at Lao Lin and Xingyun in the circle, with deep resentment in his eyes.

"You two are wary enough! If you don't lie to you like this, otherwise that guy will leave a circle, and we would have eaten you two a long time ago."

As soon as Yu Sheng's words fell, Lao Lin and Xingyun felt that the surrounding air became much colder in an instant, and then they saw a crowd of people standing around the circle that Yu Sheng drew.

At this time, the ghost who turned into the appearance of the rest of her life also revealed her original appearance. It is a ghost like the male ghost who was dressed as Zhao Kang before. The two of them cheated out.

And the corpses of Anna and Fatty were the only two bones that were eaten after the evil spirits appeared, and they were no different from the bones they encountered on the way up the mountain.

Seeing the ghost-eating scene, and the food is not others but their companions, Nebula and Lao Lin's faces were already pale as paper in fright, and they hunched up and threw up.

After the ghosts ate Anna and Fatty clean, they knew that there was no way to trick Lao Lin Xingyun out and disappeared.

I really can't vomit anything, Nebula stopped then, choked up in a low voice, and yelled at him just now, Anna who said she was a good thing, died like this, and the one who worked with her There are no fat people who have been there for so many years.

She did see it just now. That person is not the real Mr. Yu. The reason why she didn't say it was that she wanted to find a way to persuade Anna and Fatty to come back. She didn't expect Lao Lin to call Anna and Fatty so impulsively. Just anger that evil spirit directly, and then what happened now will happen.

"Let's break up!" Nebula wiped away the tears on his face, the expression on his face was unspeakably cold, and he said to Lao Lin word by word.

Lao Lin, who was in sorrow, didn't know what Xing Yun wanted to do, so he didn't care about her, and he was sad alone.

After that, neither of them spoke, and the scene was very quiet, until it was dark, and there was another movement from the pothole.

Yu Sheng walked out from the inside, and when he looked at the universe circle, he found that there were only two people, and the two bones outside, and he understood what was going on.

"Sure enough, I knew there were disobedient people." Yu Sheng patted the dust on his body and said lightly.

### **Chapter: 1398**

"Mr. Yu, thank you for your life-saving." Nebula, who had been silent for a long time, stood up from the ground. When he wanted to step out of the circle of universe, his steps still stopped slightly, but he stepped out.

"Nebula, wait a moment." Lao Lin on the side was still a little worried. After all, there was a ghost pretending to be the rest of his life before. Who knows if he is pretending now?

As soon as Lao Lin grabbed his hand towards Nebula, she threw it away, and Nebula's head was not turned back, and he walked towards Yu Sheng.

Lao Lin was taken aback for a moment. This was the first time he saw Nebula's indifferent treatment. He recalled what he said to himself a few hours ago, and it seemed that he was really planning to break up with him.

For the rest of his life, he didn't care about Nebula, but glanced at the two bones not far away, and then moved his gaze away from the two bones.

After simply burying the bones of Anna and Fatty, Zhao Kang's bones were not found. In this case, there is no way to bring their bones back. Only a message can be sent back to their family so that he can prepare for the funeral.

For the rest of his life, he walked in front and was silent along the way. It was not like talking and laughing when he came. The atmosphere on the scene was very depressing. When I came, there were six people, but when I returned, there were only three people.

The mass grave this time is not as simple as what they saw. The reason why people were buried alive was also purposeful, and the purpose was very depressing for the rest of his life.

Until the three of them went down the mountain together, Lao Lin and Xingyun seemed to be a little scared. They always followed Yu Sheng and felt that it was safest to follow him.

"Why, is this on the way?" Yu Sheng looked back at the two and said lightly.

Both Lao Lin and Xingyun didn't speak, but they lowered their heads. After seeing this for the rest of their lives, they also understood their thoughts. Who can this kind of thing happen to and who can calm it down?

In the past, if you meet a normal ghost, you will be scared, not to mention the thousands of people who are still cannibal. It is normal for them to be afraid now.

"Brother Yu, thank you for your life-saving grace. I don't think you still have such a great ability. Now I don't become an anchor. I don't want to do anything. I want to ask if there are people around you?" Looking at Yu Sheng embarrassingly.

Yu Sheng had already saved his life, and it was a bit too much to ask for this kind of request, but he wanted to follow Yu Sheng in fact to want to repay his favor. On the other hand, he saw Xingyun following, so he also followed.

Yu Sheng didn't answer Lao Lin's question, but looked at Nebula: "You?"

"You seem to have saved me twice!" Nebula said very seriously. Those slender fox eyes looked straight at Yu Sheng, desperately wanting to get this answer.

Maybe she wouldn't think about this until she had the ability to see Yu Sheng's so great, but after so much experience, she looked back and felt that she was rolling down the cliff, and she was about to bump into it. The big rock was on, but there was a strange force that reduced her cushion, which saved her surname.

Just one life is also a lifesaver, and saving two lives is also a lifesaver, but Nebula wants to know if it is the rest of his life.

Lao Lin looked at Nebula with a baffling face. If it was normal, he might even say a few words, but the relationship between the two is very embarrassing, so he chose to keep his mouth shut.

Yu Sheng gave a faint hum, and then said coldly: "I don't know what the two of you think. Maybe I want to repay my life-saving grace to you. I now clearly tell you that I don't need it. Don't follow me where you should go."

Seeing that Yu Sheng said so resolutely, coupled with his great ability, they are just ordinary people, even if they want to repay their kindness, they have no chance, and following the rest of their lives is not just a drag on him.

After trying to understand, Lao Lin thanked Yu Sheng and planned to leave, while Nebula was still standing motionless and didn't mean to leave.

"Mr. Yu, can you accept my apprentice? I want to learn from you." Xingyun said, knelt down.

### **Chapter: 1399**

Looking at the nebula kneeling on the ground, Yu Sheng's eyes narrowed. When he saw this girl for the first time, he felt that this girl was not an ordinary person.

Regardless of looks, temperament and behavior, they all give people a kind of girls who have received special education from large families, and it is impossible for Duan who comes from such large families to be supernatural anchors, so the rest of his life has a little more defense against this Nebula.

This kind of unknown person is absolutely impossible to stay by his side for the rest of his life and act as a time bomb.

"No apprentices." Yu Sheng refused directly.

Nebula was very persistent and knelt two steps forward and came to Yu Sheng, begging: "Before I met you, I was about to give up revenge, but you showed me hope.

I don't believe that just let the group of my parents who treated others kill me take over me. I know you saved my life. I made such a request too much, but I still hope you can help me."

The old Lin on the side was completely blinded, wondering what Nebula was doing? Since he knew Nebula, he had never heard of Nebula's home in the past two years, and he didn't know what happened.

Yu Sheng believes that he is not the savior of the world and has no responsibility to save the world. He only wants to save Xiaoshui now, and does not intend to take care of other people's affairs.

"I don't know you before, and there is no reason to help you. I still have very important things to do." Yu Sheng left this sentence and left.

Who would have imagined that Nebula, which looked like a gentle lady, lay directly on the ground and hugged him for the rest of his life. A line of tears slipped from his cheeks: "Please help me, as long as you are willing to help me, even if it is for me. I am willing to be a cow and a horse!"

“No need.” Yu Sheng still spit out these three words faintly, and now Nebula’s approach has completely made Yu Sheng a little angry.

Lao Lin knelt down to Yu Sheng in the same way: “Brother Yu, help Nebula. I know we are doing too much now, but I still hope you can help her.”

At first, Yu Sheng had a good impression of these two people, but now these two people completely disgusted Yu Sheng, both of them are so greedy.

Just as Yu Sheng was about to leave directly, Nebula spoke again: “Mr. Yu, please listen to my story. If you insist on not helping me, then I won’t bother you.

My family is a first-class family in Yuncheng. My father Li Zhongyi is the head of the Li family. My second uncle has always been unconvinced. My grandfather passed the position of head of the family to my father, so he focused on all aspects.

My father thought of being brother-in-law with my second uncle, so he never cared about anything with him, but the contradiction between the two was getting bigger and bigger, and then my second uncle clung to a family named Leng.

Those people are so strong that I can’t describe them. They helped my second uncle to brutally kill my parents. I was lucky enough to get through. They were so powerful that I didn’t dare to think of revenge.

When meeting you, Mr. Yu, I am really unwilling to let my parents die like this, but I can do nothing.”

Yu Sheng was stunned, and couldn’t help wondering if something was done by the hidden family, otherwise it would be impossible for other forces to easily kill the Patriarch of the Yuncheng first-line family.

This made Yu Sheng a little bit of interest. After all, Xiao Shui’s affairs couldn’t be anxious, to see if the people in Xingyun’s mouth were from the Hidden Family.

It’s not that Yu Sheng’s sympathy is overwhelming. He always doesn’t want to care about other people’s revenge, but he is still quite curious about the rest of the hidden family.

The one who started Du Fei before was done by a hidden family. I don’t know which hidden family that Nebula is talking about.

“Get up! I can go and see, but I need to see more about revenge.”

## **Chapter: 1400**

“Thank you, thank you Mr. Yu.”

Nebula knocked his head several times to Yu Sheng with gratitude, and when he raised his head, his pretty face could not be concealed with excitement.

Yu Sheng looked at Nebula a little fascinated. This was the first time he saw Nebula smile. She laughed very beautifully, as if she had some magical abilities, it made people feel relaxed and happy. No wonder they all liked to see beautiful women.

Xingyun was a little shy when Yu Sheng saw her, her face was stained with red clouds, and her shy appearance looked even more alluring.

The old Lin on the side felt very uncomfortable. Although Nebula had already told him that he had broken up while on the mountain, it was still very uncomfortable to watch other men look at his former girlfriend in this way.

Yu Sheng discovered that he was a little uncomfortable and quickly coughed twice, and quickly shifted his gaze.

The appearance just now is like a woman who hasn’t seen her before, although others who are good-looking can’t be seen in this way, after all, it’s how rude other people’s girlfriends are!

Since Yu Sheng had promised to help Nebula, he would naturally go to Yuncheng. Lao Lin followed Nebula in a lifeless manner and quarreled with him. The gentle girl was also very fierce.

Lao Lin was finally defeated, but he was not at ease seeing Yu Sheng being alone with Nebula. After all, Nebula was so beautiful that he would definitely be tempted to be a man.

“Then you go to Yuncheng, I will not follow you, but I have a relative who is also in Yuncheng, you can’t control if I go to my relative?” Lao Lin casually found an excuse.

“Why haven’t I heard that you have a relative in Yuncheng?” Xingyun said with air.

“I have known you for two years and still don’t know the situation in your family. Isn’t it normal for me to have a relative in Yuncheng?” Lao Lin said unconvinced.

Xingyun was so speechless by Lao Lin. The reason why he chose to be with Lao Lin before was because he was kind to her, coupled with the plan to live a plain life and not want to worry about things, so he agreed so hastily. Stay with him.

But in the past two years, although the two people are lovers, they have no substantive behavior. In addition, Lao Lin is so honest, and Nebula does not dare to take the initiative without mentioning it. This is the first time he insists on doing something without a planetary cloud. Things,

When the three of them came to Yuncheng, it was going to be dark. There was a strange atmosphere along the way. Yu Sheng felt that since he took a look at Nebula, he had become a destroyer of their relationship.

At night, I found a hotel and stayed in. I plan to go to see the current situation of Li’s house during the day.

After opening three rooms, everyone returned to their own room with their own thoughts. For the rest of his life, he wondered whether that cold hermit family would be the one who started Du Fei, and whether he could deal with it later.

After eating and taking a bath for the rest of the night, when I was lying on the soft bed and going to bed, I suddenly heard a knock on the door.

Bang bang bang.

Yu Sheng had no choice but to get up from the bed and opened the door, only to see that the person knocking on the door turned out to be Nebula, but the clothes she was wearing really surprised Yu Sheng.

This time, Yu Sheng just glanced at it and turned his gaze away. Even if Yu Sheng was an honest gentleman, he couldn’t stand the temptation.

Nebula came in and wore a nightgown. When Yu Sheng opened the door, he immediately untied the nightgown on his body and showed his naked body directly in front of Yu Sheng.

Seeing Yu Sheng not to visit her during the Chinese New Year, a flash of surprise flashed on Nebula’s face, and he explained: “Mr. Yu, I have been strict in tutoring since I was a child and haven’t done anything unusual, and I’ve already broken up with Lao Lin.

Thank you for saving my life twice, and for being willing to help me, as long as you want Nebula to be yours at any time.”
