

Dont mess 1401

Chapter: 1401

"Put your clothes on, I don't need you to look like this." Yu Sheng said pretendingly, and in his heart he slandered how he always encountered such things? Every refusal is a huge test for him!

"This is my volition, Mr. Yu, I can only repay you with this one. In fact, I still hope you can accept me as a disciple... Forget it." Nebula also feels a little greedy, no There should be so many conditions. Since the rest of her life was staring at her during the day, she had thought of dedication in her heart. As long as Yusheng was willing to help herself with revenge, let alone dedicating her to death, she would not hesitate for a minute.

But the current situation was different from what she had imagined. Yu Sheng unexpectedly didn't touch her abnormally, which made Nebula wonder what to do.

Nebula didn't put on clothes but hugged Yu Sheng directly: "I have made a lot of determination on this matter. Don't refuse me, okay?"

The soft voice was very comfortable in the ears of the person who heard it. Although the appearance of the woman Nebula was not as stunning as that of Magnolia, her every move made people very comfortable.

Now that I am throwing my arms in this way, I don't know what to do for the rest of my life. I want to push her away, but I don't know where to start...

"Let go, I have promised you to go to the Li's house. You don't have to be like this. Now put on your clothes and go back to the room honestly. I will treat this as never happening."

For the rest of his life, his voice was still so cold. Facing the arms and arms of a beautiful woman, it seemed really unmoved, but a careful person could hear unusual places by hurting his breath.

Nebula is the woman with a careful mind, and she can clearly perceive that the rest of her life is not as firm as he is on the surface.

"Mr. Yu, I know what you think, why do you have to suppress the thoughts in your heart? Nebula is standing here, as long as you want, I will be yours at any time!" Nebula said delicately.

For the rest of my life, I wanted to scold myself a bit. The woman in front of me was so embarrassed, she didn't have to pay any responsibility when she slept. What was she afraid of? What are you going to pretend?

But when he thought of Xiao Shui who was unconscious, and Bai Yulan's heartbroken face, Lao Lin called himself a brother and brother, and he couldn't do anything for the rest of his life.

At this moment the door rang again, Yu Sheng's restless heart suddenly calmed down at this moment, and he broke free from the nebula that hugged him, Yu Sheng said lightly: "Put your clothes on."

After leaving this sentence, Yu Sheng planned to open the door, and walked to the door of the room. Yu Sheng didn't open the door directly. He opened the door after hearing Nebula say "Okay".

"Brother Yu, I'm sorry to disturb you. I didn't want to disturb you at first, but there are some things in my heart and I can't fall asleep over and over, so I came to you." Lao Lin scratched his head and apologized.

Yu Sheng turned his head and glanced at the Nebula standing in the room. For a moment, he felt a bit big, and there was an inexplicable feeling of being an adulterer being caught and raped in the bed.

Although Nebula took the initiative to embrace him and he did not agree, Yu Sheng still felt that Lao Lin was very embarrassed at this time.

"Huh? Is Nebula in there too?" Lao Lin stretched his head and looked at the room with some

uncertainty.

For the rest of his life, he didn't speak and Gu Zi entered the room, followed by Lao Lin.

Although Lao Lin usually has some brains that don't work well, the reason for his good heart is not true. Seeing the nebula in front of him in his nightgown, he came to Yu Sheng's room at midnight without thinking about what was between the two.

At this moment, Lao Lin only felt that ten thousand arrows pierced his heart, and he felt uncomfortable in his heart. It was a thousand times more uncomfortable than the death of the fat Anna Zhao Kang. Green hat! Just click on a green hat!

Chapter: 1402

"You are..." Lao Lin's fingers trembled at Nebula, and his heart was as hard to calm down as the waves. The rest of his life helped Lao Lin misunderstand his helplessly. He was disdainful of explaining this to Lao Lin. After all, he didn't do that convenient thing.

"Explain clearly by herself." Yu Sheng coldly dropped these words to Nebula and left. This matter was originally caused by Nebula, and she should explain it clearly by herself.

Yu Sheng came outside, looking at the noisy city with people coming and going, Yu Sheng felt that he was a little incompatible with these. I recalled that since I used the World Bank black card, my life has changed drastically, and my life was originally plain. Also disrupted by all this.

If Yu Sheng were given another choice, he would still choose now without hesitation, even if it was multiple escapes, at least it made Yu Sheng feel that he was slowly growing, strong and unshakable. He took out a lighter and lit a cigarette for the rest of his life, walking aimlessly in this strange city, the night wind blew his coat.

Suddenly a luxury car passed by Yu Sheng, and Yu Sheng only felt that he looked at the luxury car subconsciously.

The window of the car was open. Yu Sheng saw a familiar face but it didn't look very real. The people here were also looking at him. When their eyes were facing each other, a sense of crisis flashed in Yu Sheng's heart inexplicably.

.....

Cloud City.

Li family.

Although it was night in the huge Li family mansion, the courtyard was still brightly lit, and the distant servants were constantly walking around as if they were busy.

One of them was combed with oily hair, and the middle-aged man wearing a brand-name suit showed anxious expression, and his mouth was still hurriedly directing them.

"Hurry up, Master Leng will be here in a while. The things in the room must be the best, and the water temperature of the hot spring must also be at a specified temperature. Are the girls who serve Master Leng ready? They must be beautiful..."

The middle-aged man spit on the stars and kept talking about the things that need to be prepared and the precautions, for fear that there would be a slight difference.

"Patriarch, let us do these things! You have been standing for a long time, so let's rest!" a gray-haired old man beside the middle-aged man said worriedly.

If Nebula were here, he would surely be able to tell at a glance that this middle-aged man Xie was the second uncle Li Zhongcheng who killed her parents with outsiders.

"Young Master Leng's affairs can't be too close!" Li Zhongzheng was still a little worried, and finally

exhorted him.

“Don’t worry about this, there will be no slight difference.” The butler said with a certainty, arching his waist.

Li Zhongcheng nodded in satisfaction, but Steward Li had followed him for so many years, and he was relatively stable and reliable in doing things.

Rubbing his somewhat sore waist, Li Zhongzheng was about to go back to the room to take a rest. The noise came from the door, which made his heart tense, and he didn’t dare to go back to rest. .

Seeing the luxury car parked at the door, Li Zhongzheng knelt directly on the ground, his humble head almost touching the ground.

“Welcome Young Master Leng to come here.”

The door opened and a serious Leng Jue walked out of the car, and a powerful pressure spread.

Seeing this, Li Zhongzheng lowered his head very low, clinging to the ground, humble like a dog that can be commanded casually.

“I feel that this thing is near Yuncheng, so I need to buy it for a few days to live here. Doesn’t it make sense for you?” Leng Jue squinted at Li Zhongcheng, who was crawling on the ground. .

Chapter: 1403

“Don’t dare, this Li family belongs to your Leng Young Master, if you want to be able to be named Leng at any time.” Li Zhongcheng said respectfully.

As the first-class Patriarch of Yuncheng, he looked humble like a pug in front of a young man in his twenties, and he was cautious about doing everything for fear of displeasing the great god in front of him.

Leng Jue’s face slowly sank after hearing Li Zhongcheng’s words, a flash of discomfort flashed across his face, and he thought of Li Zhongzheng on his face.

Unprepared, Li Zhongzheng didn’t even think that Leng Jue would suddenly kick him by himself. This unbiased kick hit his face, and he was kicked a few meters away in an instant. It was also swollen like a pig’s head.

“Think about a Li family who dare to think of a surname Leng, huh! It’s just wishful thinking.” Leng Jue squinted at Li Zhongcheng, who was kicked out by himself, and said in a very disdainful tone.

The Li family servants on the side were all shocked, watching his patron be kicked out but didn’t dare to go up and help.

Li Zhongcheng, who got up from the ground, had his head straight. He always felt that this time Leng Jue seemed a little different from the Leng Jue he had seen before, but his face was exactly the same.

With the lesson just now, Li Zhongcheng became more careful in his work, for fear that Leng Jue would get angry again, if he was killed by a miss, then there would be nothing.

It is strange that Leng Jue, who has always loved money, didn’t even take a look at the money and jewelry that Li Zhongcheng was going to pay tribute this time, and he went straight to his room to rest.

How could his little Yuncheng Patriarch understand that the current Leng Jue is no longer the former Leng Jue, and the soul living in his body belongs to the ancestor of the Leng Family.

The reason why Leng Jue came to Yuncheng this time was because he sensed the existence of Ningyu, so he rushed over all the way, otherwise he would not come to this place.

I thought that one year was enough to find Ningyu, but when he found it, he realized that it was not as simple as imagined.

The worst news is that he has already sensed that Ningyu has recognized the master, and for this

reason, the clues he can perceive are too weak.

He glanced at the ring that was inlaid with a ruby on his finger. The reason why Leng Jue was able to perceive Ningyu's emission was all relying on this ring.

This is the ruby-like thing on the ring. It is not a ruby in the true sense. Moreover, the blood of the ancient killing god, the first owner of Ningyu was the ancient killing god. Their blood has been fused, so some people can perceive the condensation. Jade's ability.

And Ningyu has already recognized other masters. This is a bad news for Leng Jue. He originally wanted to reply to his strength first. After all, this body belongs to Leng Jue, and Leng Jue is only half of it. The strength of Bu Da Master.

When he was still alive, he was in the realm of the immortal realm above the master master. The immortal was divided into nine levels, and he had cultivated to the third level of the immortal.

However, Ningyu has already recognized the master, which means that the connection between the ring left by the ancient killing god and Ningyu will slowly fade. A month or two months Leng Jue can't make up his mind. All he needs to do now is to quickly find Ningyu. Jade.

Kill his current master, let him take out the jade from his body, stabilize his soul, and completely occupy this ****.

Although Leng Jue had some dudes, his talent and potential were among the best among young people, so the ancestors of the Leng family were still very satisfied with this sex.

Gently stroked some scarlet rings, Leng Jue couldn't help thinking of the vision he had on his way here.

He found that the ring seemed to flash, and he subconsciously looked out of the window, what is the situation of the young man? ?

Chapter: 1404

When Yu Sheng returned to his room in the hotel again, there were no people in the room, and I don't know when Xingyun and Lao Lin will go back.

It's okay if the person is gone, he came to check which hidden family the Li family is clinging to, not to care about the trivial things that happened between their little lovers.

Early the next morning, Yu Sheng was still half awake and heard the knock on the door. It was only 6:30 after a glance. The rest of the busy days of the past few days took a good rest. As a result, others did not give him this opportunity at all. .

I got up from the bed impatiently and opened the door of the room. The person was Nebula. This time I stood at the door for the rest of my life, for fear that she would do anything extraordinary if the Nebula was put in.

"Last night I waited for you in the room for an hour. I will go back to the room if you come back. I'm here to ask you what breakfast you want, and I will buy it for you." A gentle smile appeared on Nebula's face.

, Looked at Yu Sheng with a pair of winking eyes, as if yesterday's things had never happened before.

Even though Nebula said so, Yu Sheng still understood why Nebula came and knocked on his door this morning. Isn't that just because he was afraid that he would not come back last night and left?

"Whatever." Yu Sheng left this sentence and closed the door again.

There was already Lao Lin on the dinner table. Yu Sheng couldn't understand what Nebula said to Lao Lin yesterday. He actually left. Although he was curious in his heart, Yu Sheng did not ask.

After eating, I wiped my mouth with a tissue for the rest of my life, looked at Nebula and asked, "What do you plan to let me do, or what kind of situation do you want to avenge you?

kill? Or do you take the Li family back for you?

It's one thing to help or not, but we still have to clarify the ultimate goal of Nebula first, to enable a girl to dedicate her life, and for the rest of her life if she doesn't believe her, she is willing to let herself take a look and leave.

"I want you to avenge me!"

Sure enough, Nebula didn't hesitate to ask this question for the rest of his life, and said this sentence righteously.

"I want to take back everything that belongs to me, so that those who hurt my parents get the punishment they deserve." Nebula stared at Yu Sheng with piercing eyes.

.....

Yu Sheng followed Nebula to the Li's house. When Xingyun showed up, he didn't need to say anything about the Li's servant who saw his face and went directly to tell the master to go.

Re-seeing the Li family where she had lived for twenty years, Nebula's mind was still a bit complicated. Since she left here, she has no extravagant hopes that she will be able to come back one day.

Thinking of this, Nebula looked at the man aside, and his heart was full of gratitude for the rest of his life, even with a sense of awe.

"What's the matter? Afraid?" Yu Sheng asked lightly.

Nebula shook his head and said in a very firm tone: "I am not afraid to have you with me. I also want to understand a truth in these two days. Rather than staying alive, it is better to face all this bravely, even if you die. Reunited with my parents underground."

Hearing what Nebula said, the disgust of Nebula for the rest of her life has been reduced a bit. To change the concept, Nebula now is like a drowning person, and she is a lifeboat that can save her life. She is so urgent. It is understandable to want to climb up.

With his current strength, it is easy for a family, as long as the hidden family is not in the family, everything is very simple.

Suddenly Yu Sheng felt a powerful force approaching him, and that feeling made him a little uneasy, and Xiao Ningyu in his body also began to agitate.

For the rest of his life, he dared not stay in this place any longer. He always felt that this powerful force was not directed at Nebula, but at him!

Chapter: 1405

"Master, I feel a familiar breath, approaching us, a very dangerous feeling, let's go quickly!" Xiao Ningyu said restlessly.

"Very powerful?" Yu Sheng subconsciously communicated with Ningyu.

"It's very complicated. I can't distinguish the specific forces, but I feel that his soul is really powerful. The owner is getting closer and will soon be released." Xiao Ningyu kept spinning in Yu Sheng's head anxiously, like I am afraid of that person,

Seeing Xiao Ningyu's reaction for the rest of his life, coupled with the uneasy feeling in his heart before, clearly told him that this place cannot be left for a long time, nor can that person discover his own existence.

Without any hesitation, Yu Sheng directly hugged Nebula and disappeared in front of Li's house.

The guard who had been paying attention to them suddenly realized that the two men in front of him had disappeared. He thought he was dazzled and rubbed his eyes. Only then did he find that the man had disappeared, and his mouth opened wide.

"Old horse, did I just look at the flowers? The two people were standing here just now. Why didn't they

stop in the blink of an eye?”

The door guard named Lao Ma also rubbed his eyes, his face was full of disbelief. The two living people disappeared before their eyes. This was the first time this kind of thing happened.

Just before Yu Sheng left the door of Li's house, Leng Jue walked out of the door of Li's house. He just walked out and glanced around as if he was looking for someone.

When Leng Jue really didn't find the person he was looking for, his eyes dimmed and he looked at the ring he was wearing subconsciously, and the light shining slightly on the ring just faded away.

Although the ring is not as red as blood as before, but Leng Jue can be sure that the person who owns the jade has just visited this place.

“Is anyone standing outside the door just now? Or was it passing by?” Leng Jue asked coldly to the two guards.

The two hurriedly knelt down after seeing that the person coming was Young Master Leng. The young man in front of them was someone their family respected so much. How dare they neglect?

“Return to Master Leng, someone has indeed been here just now. One of the women is Li Xingyun, the former eldest of the Li family. There is a young man standing next to him, looking ordinary.

They were standing outside just now! It disappeared in the blink of an eye, and we also know what happened.”

Hearing this, Leng Jue clenched his fists. It seemed that he could feel Ningyu's existence, and they could also feel their own existence. There were pros and cons.

The time is getting shorter and shorter, and you have to find Ningyu for whatever you want, or else he will be the price of the loss of soul.

.....

“Mr. Yu, you... what are you doing?” Xingyun's face blushed, and she still felt a little uncomfortable when she was held in her arms by a man.

But his chest is really wide and strong, and he feels safe and warm in his arms inexplicably.

Yu Sheng glanced at his back and found that the person was not chasing him, and he was relieved. If it wasn't for a quick departure, he would not take the initiative to hug Nebula. Now there is nothing to do. Yu Sheng put Nebula down. .

“Mr. Yu, what's the matter with you? Why did you leave suddenly like this? And still so anxious?” Nebula asked somewhat puzzled.

Obviously, I was standing at the door of Li's house just now, and I could find his second uncle to settle the accounts with my eyes. I didn't expect the rest of my life to leave like this, and Nebula said that it was false that it was not lost.

“That person is Leng Jue, no! He doesn't seem to be Leng Jue!” Yu Sheng's eyebrows wrinkled into Chuan, and for a moment he couldn't understand what was going on.

The person who had just looked back for the rest of his life was indeed Leng Jue, the Leng Jue who had come to trouble him, that Leng Jue was domineering, relying on the fake tiger, and his brain was simple, which was different from the temperament of the man just now. Two people.

Chapter: 1406

There was such a small episode in this incident, and the rest of his life did not dare to pass it so easily. After all, the strength of the opponent is unknown. To know who he brought, there is no difference between blindly stepping forward and looking for death.

“I need to think again about helping you get revenge.” Yu Sheng said lightly.

Originally wanted to examine what hidden family the Li family was clinging to, when it became clear that it was Leng Jue, Yu Sheng had the idea to continue.

Nebula was a little puzzled, and for a while grabbed Yu Sheng's clothes a little anxiously: "Why? Mr. Yu, I know whether you can help me to see your feelings, but I still want to know why?"

You are so amazing, and you carried me to this place in the blink of an eye just now. This kind of ability is not something ordinary people can have. "

"Do I have to help you if I'm good?" Yu Sheng said lightly, with a hint of discomfort in his tone.

This Nebula wouldn't think that everyone was Lao Lin, as long as she said a word, others would be able to die for her, right? Even if she looks more beautiful, she doesn't have this special treatment.

After thinking about it, Yu Sheng realized that this Nebula is also the eldest lady of the Li family. It looks like her parents are like her daughter. Although her personality is very docile, she still has an arrogance in her bones.

Nebula was choked by Yu Sheng's words and couldn't say a word. She also knew that she had said a little too much. It is the freedom of others to help you no matter how good they are.

Just like a beggar on the road, the poor are almost out of food. If a rich man worth hundreds of billions passes by, does he have to give money to the beggar?

It's love to help you, and it's duty not to help you. This is all other people's freedom.

Although the rest of his life had said so, and the matter of revenge had to be said otherwise, Nebula still followed Yu of his life, and seemed to be brooding about his apprenticeship.

Yu Sheng was a little bit in front, and Nebula followed behind. It was weird to look at the two people in tandem. A superb classic beauty with a good-looking appearance would be beautiful if she was wearing a cheongsam. For the rest of his life, he was dressed very ordinary. If you look carefully, you will find that he is quite handsome.

A lot of people's eyes and whispers were attracted along the way, and for the rest of his life, he was not used to seeing them. There were few beautiful women around him. Anyone who brought out one was very similar to Li Xingyun, and a few were more straightforward. Crush Li Xingyun.

The rest of his life felt uncomfortable, so Li Xingyun couldn't stand other people's pointers. Instead of following Yu Sheng, he speeded up his feet and followed Yu Sheng and walked side by side with him.

Yu Sheng walked into a big shopping mall and came out in a hurry. The clothes on his body had been worn for two or three days, and he smelled it carefully, which had something to do with going to the mass grave.

For the rest of my life, I don't care about buying clothes. I usually choose some clothes that are comfortable to wear. It doesn't matter what brand it is.

Two people walked into a men's clothing store, Yu Sheng chose two clothes at random, closed them and threw them away.

Looking back at Li Xingyun, Yu Sheng asked without changing his face: "Do you want to buy clothes too?"

Girls love to be clean, and for the rest of their life they feel a little uncomfortable to wear clothes for a long time, not to mention she.

When Yu Sheng asked, Li Xingyun looked at her clothes entangledly, not knowing what to do for a while, and it was not difficult to guess what she looked like. She was afraid that she was going to change her clothes and left by herself.

She followed so closely along the way, isn't it because she was afraid that the rest of her life would abandon her like this?

“Don’t worry! I will leave without saying a word.” Yu Sheng felt helpless, and led Li Xingyun to the women’s clothing store.

Li Xingyun was overjoyed, and followed with a brisk little step.

Chapter: 1407

Although Yu Sheng was a bit straighter sometimes, he was still more careful. It was normal to think that Li Xingyun was a young lady from a big family like the Li family, and a young lady had a normal temper, and she definitely liked brand-name clothes.

I found a shop that looked pretty good, and Yu Sheng walked in with Li Xingyun, “Choose what you like, I’ll pay for it.”

I feel a little weird when I say this sentence for the rest of my life, but there are some weird things that I can’t tell. It always feels like a little boss taking a little lover to sell clothes.

With a light cough, Yu Sheng concealed the embarrassment on his face and set his eyes on the dazzling array of clothes.

I have to mention that there are too many types of women’s clothes than men’s. Not only are there many types but also the styles are very complete. Sexy, cute, ladies type, retro type, professional wear... etc. There are countless, and the rest of my life I watched for a while is a bit dazzling.

Seeing Yu Sheng’s gaze fell on a goose-yellow cheongsam, and looking at that beautiful cheongsam, Yu Sheng looked back at Li Xingyun, and then nodded in satisfaction.

“Help me get that cheongsam.” Yu Sheng pointed at the cheongsam not far away and said lightly to the salesperson.

“Good sir.”

Seeing that the beauty salesperson responded and went to pick up the cheongsam, Yu Sheng was slightly uncomfortable. He used to be looked down upon when he came to the brand store in ordinary clothes, but now he is a little uncomfortable.

Nebula on the side naturally heard what Yu Sheng said, and a pair of optimistic fox eyes looked towards Yu Sheng, wanting to see what kind of clothes Yu Sheng had chosen for him.

Soon the sales clerk took the yellow cheongsam over, and after a closer look at Yu Sheng, he discovered that the cheongsam is very delicate in both workmanship and embroidery. The light pink lotus on the cheongsam and the above The dragonfly looks very comfortable.

“Sir, your vision is really good. This cheongsam in our shop is made by hand from beginning to end. This fabric is the best silk and it is very comfortable to wear.” The salesman said and put the goose yellow.

The cheongsam was handed to Yu Sheng’s hand carefully.

Yu Sheng glanced at it casually, only to think that this cheongsam was good-looking, but he didn’t understand anything else: “Try it, I think this cheongsam suits you well.”

Li Xingyun took a hesitant look at Yu Sheng. Cheongsam is still very picky for the figure. If the figure is shorter and thinner, it will not be able to support it, and if it is fatter, it will all be exposed.

The reason why Li Xingyun didn’t pick it up right away was that Li Xingyun was not particularly confident in her figure. She had never tried cheongsam before.

For the rest of his life, he didn’t know what Li Xingyun was hesitating. Instead, he was a little impatient and urged: “What are you doing in a daze? Go try?”

Li Xingyun bit his lower lip, and didn’t know how to refuse, and because he had to survive for the rest of his life, he could only barely accept the cheongsam.

During the time when Li Xingyun changed his clothes, Yu Sheng also watched a lot of women’s clothing,

but none of them were more suitable for Li Xingyun than that cheongsam.

After a while, Li Xingyun walked out of the fitting room with a twist. Although it was still a long-haired shawl, it was much better than the simple short-sleeved jeans before.

When Li Xingyun completely let go of her hands and feet, her gentle and clean temperament spread. I have to say that the goose yellow cheongsam really matches her.

The long willow eyebrows, the beautiful eyebrows of the fox's eyes are slightly raised with a little charm, and the small nose is not particularly strong, it seems that the distance between the eyes is a bit far away. This is the perfect combination for her. Pure and charming both, like hibiscus on the water, and red poppies.

"Wow, miss, it's the first time I have seen someone wear this cheongsam so beautiful. This dress looks like a tailor-made dress for you. It's so beautiful. I can't look away even a woman of beauty." The salesman praised with shining eyes.

The rest of my life I was looking at was a little bit, not bad, it seems that my clothing has improved.

Li Xingyun wore cheongsam for a while. Many female customers in the store were very jealous, and they asked people to wear the same cheongsam, but they couldn't wear Li Xingyun's kind of unevenness. feel.

Suddenly a man in the crowd stood up and tentatively called out: "Li Xingyun?"

Chapter: 1408

Li Xingyun looked back subconsciously, Yu Sheng looked at the voice coming from the voice curiously.

He is about twenty-five or sixteen years old, with shiny combed hair, and the whole person is radiant and radiant. His facial features are handsome and he looks like a handsome guy, and he wears an Armani suit. He looks like a dog on the whole. , Just looking at his own clothes is hundreds of thousands, and without counting the watch he wears on his wrist, he is a child of a rich family alive and well.

"I thought I was wrong! I didn't think it was really you! Nebula didn't even see you. I almost forget what you look like. I saw you more beautiful today." The man said. The nympho came over.

This man, Li Xingyun, is no stranger. When there was no turmoil in her home before, the relationship between the two families was still very close. The man's surname was Jia, and the second young master of the Jia family was Jia Ming.

Meeting acquaintances here, Li Xingyun didn't catch a cold, plus this Jia Ming had been chasing her before, and now the rest of her life is still here, she doesn't want the rest of her life to misunderstand anything, after all, there is still something to do for the rest of her life.

"Jia Ming, it's a coincidence that I thought I could meet you here." Li Xingyun said somewhat far-fetched. After all, this is a women's clothing store. It's not a coincidence that I can meet Jia Ming here. Sure enough, Li Xingyun had just thought about it just now, a woman with a hot body, wearing a sexy dress, Gao Song's career ambition reveals a deep gully, heavy makeup is not attractive.

The woman walked straight towards Jia Ming, took his arm in one hand, looked at Li Xingyun vigilantly, and then looked at Jia Ming coquettishly: "Baby, why don't you wait for someone to change your clothes? Run? Almost no one can find you."

The rest of my life, watching all of this, couldn't help holding the corner of his mouth, with a playful expression on his face, as if he were watching a play.

After the hot woman appeared, Jia Ming's face became very ugly, and he wanted to push her away by holding her hand, but just now he broke the woman and hugged herself.

"Xingyun, it's not the way you saw her. I don't even know her. This person has admitted to the wrong

person.” Jia Ming yelled at the hot woman, pretending to be angry, “Why did I treat me? Tugging! I don’t know you, let me go!”

The woman didn’t know what was going on with Jia Ming. A few minutes ago, she took a bite of a pear, but now she pretends not to know her, and she is going to make another girl. Isn’t this a real slap in the face?

Not happy for a moment.

“Shao Jia, how can you pretend that you don’t know me?” the hot beauty said grievously.

Jia Mingzhen looked a little bit pitiful, and the woman who pushed him away said angrily: “Don’t talk to me here, I don’t know you at all, okay, get out of here! Otherwise, I will make you look good.”

The woman also knew the identity of Jia Ming, and she didn’t dare to insist on it for fear that it would really anger Jia Ming. After giving Li Xingyun a hard look, she left in despair.

Seeing that hot woman walked away, Jia Ming’s face improved a lot. A gentleman walked up to Xingyun and explained: “I didn’t even know the woman just now. She might be the handsome man who saw me. He is a rich man, so he deliberately posted it backwards.

I’m used to seeing that kind of woman on weekdays. I don’t even take a look at it. I always have you in my heart. Other women are dung in front of me, nebula! ”

These remarks are deep and affectionate. If Nebula doesn’t understand Jia Ming, he might really believe it, but the two of them are so close, and she still has a bottom line about Jia Ming’s conduct.

There was no direct demolition of Jia Ming. Li Xingyun came to Yu Sheng’s face with a hum, and then asked Yu Sheng, “How about? Do I look good in this one?”

Chapter: 1409

“It looks good, it’s just missing a pair of high heels.” Yu Sheng said slowly, not being at the side to gritted his teeth at Jia Ming.

Although Li Xingyun has changed into the goose-yellow cheongsam chosen by the girl for her, she still wears the pair of sneakers used to go to the mass graves on her feet. It is indeed weird to wear cheongsam with sneakers.

For the rest of my life, I can’t help thinking that I’m not going to do anything when I come to Yuncheng, but with this vision, I can become an online fashion blogger.

“I also think that you have such a good eye, help me find out which shoes are suitable!” Li Xingyun smiled and took Yu Sheng’s arm, a little birdy attitude.

Yu Sheng knew that he was being used as a gun, but when he saw that Jia Ming’s eyes were about to come out, Yu Sheng felt funny.

Not to be outdone, Jia Ming always looked for opportunities to chat with Li Xingyun and tried to squeeze the rest of his life back to swear his sovereignty in this way.

“Sir, the total consumption is 365,000, how do you plan to pay.” The beauty salesperson asked Yu Sheng with a decent smile repeatedly.

Seeing this, Li Xingyun hurriedly stepped forward: “He doesn’t need to pay for this, I’ll do it!”

“Are you rich?” Yu Sheng asked lightly.

This sentence was like a slogan. When Li Xingyun was shopping, he thought he was really the former Miss Li, and completely forgot his current situation.

Perhaps three hundred and sixty thousand yuan was not a big sum for her before, but now it is different. She already has this status, just for ordinary people who are still struggling to live, she really can’t get the money.

On the side, Jia Ming jumped out at the right time, looking like a hero rescuing the beauty, looking at Yu Sheng with awe-inspiring expression: "How can a man make a girl pay for it? It really loses the face of a man!"

For the rest of his life, he was speechless. Just now he took the initiative to pay the bill, and said that he did not owe her. This law stipulates that if a man and a woman come out, a boy must pay the bill? Why? "You cowhide, you drive!" For the rest of his life, he won't fight or grab. This guy likes junior high school, so let him pay the bill. Anyway, he is also a stupid man with a lot of money.

Not only was Jia Ming alive, but he was still honored, and he took out the card and swiped it without hesitation.

"Don't say Nebula spends more than 300,000 yuan for you, even if it spends 300,000 yuan for you, I am willing to spend 30 million yuan, as long as it can make you happy!"

Yeah!

This sentence can be said to be touching and touching! If it is not forbidden by conditions, I would like to clap my hands for the rest of my life.

Li Xingyun didn't know how to give Jia Ming's face, but he thanked him with a cold face, and said that the money would be returned to him later.

Jia Ming fainted in an instant, and finally met Nebula, the goddess in his heart, saying that he could not give anything to others like this.

Although the young man in front of him was about the same age as him, he seemed to have no good family background, and he treated Nebula neither lukewarm nor lukewarm, and he didn't know why Nebula was with this man.

Jia Ming couldn't understand, but the eyes that looked at Yu Sheng had a hint of hatred. To get out of it, he regarded Yu Sheng as his rival in love.

With a cross in his heart, Jia Ming took out a delicate little box from his suit pocket, trot to the front of Nebula, and said flatly: "Xingyun has not seen each other for such a long time, this is my plan to give it to you. This is a good gift, let's open it.

I have always been very generous to people I like, unlike some people who come out to pick clothes and ask girls to pay for it, it's a waste of money!"

Yu Sheng raised his eyebrows and scratched his ears. Didn't this mean that he was clearly mentioned?

This girl felt quite indifferent, but he was still curious. What gift did Jia Ming prepare in the box?

Diamond necklace? Famous brand watch? Jewelry?

In the rest of his life and Li Xingyun's curiosity, Jia Ming slowly opened the delicate little box to a bright red like blood, and the crystal clear blood jade leaked out.

Yeah! This second generation ancestor even has this thing, and even used it as a gift? Yu Sheng couldn't help but tease in his heart.

Chapter: 1410

"This is my dad's most precious baby, but he has left it to me now. I gave this to you just to prove that I am truly sincere to you!" Jia Ming said with a serious face.

Yu Sheng didn't know what Li Xingyun thought, but giving the blood jade to someone was really a broken cowhide, and it was still a moderate blood jade.

"Excuse me, is this jade always in your father's collection? Is your father still alive?" Yu Sheng also felt that his words were a bit wrong, but his curiosity was too heavy, and I couldn't help asking these words. Out of the mouth.

Sure enough, Jia Ming's face was pulled down immediately, and he could not wait for the rest of his life to be beaten directly, but due to Li Xingyun's presence, he needed to maintain a gentleman's posture, and he could only suppress the fire pressure in his heart.

"This piece of jade is my father's heart and soul. The reason it is given to me is because my new company is well managed. This is a reward for me. As for my father's good health, you don't have to worry about this!" Jia Ming said with gritted teeth, this sentence seemed to be squeezed out from between the teeth.

"Oh~" After a long sigh of business, I stopped speaking and looked at the two with a bystander attitude. The emotions that Jia Ming had brewed after being interrupted by Yu Sheng's this kind of interruption immediately disappeared, and when he faced Li Xingyun again, his smile was a bit far-fetched.

However, at this time, Li Xingyun's gaze is indeed staring on the crystal clear blood jade. This jade is indeed a treasure, and its value must be immeasurable. The most important thing is that it can make people look at it. It is difficult to remove the eyes.

"As long as you promise to stay with me and be my Jia family's daughter-in-law, this piece of blood jade will be our token of love in the future." Seeing Li Xingyun like it so much, Jia Ming said with his eyes on the blood jade.

For the rest of his life, he wanted to cover his mouth and laugh, and this second generation ancestor's brain was really peculiar. There was no blood jade who had been to the evil spirit before, and his father's death was a strange thing. Even now he even took it out and gave it to others as a token of love. This is a reminder!

But now that the blood jade of Jia Ming is still dead, there is only one possibility, that is, there is no accident or dirty thing when he just took over.

The color of blood jade is indeed better than other jade. It is normal for some people to like it, but few people know how this blood jade is formed.

The wealthy people in ancient times put a piece of jade in their mouth after they died, in order to stop the loss of the last breath of the madman, a piece of ordinary jade stayed in the mouth of the madman for many years, sucking the last breath. , Slowly the condition changed, and then he left. Xueyu said. The ordinary blood jade is also red but not as dazzling as the red one in Jia Ming's hand. It must be some years old, at least for a thousand years, so it's evil. Very deep, this thing is the most capable of attracting dirty things.

Knowing the origin of this piece of jade, Yu Sheng asked if Jia Ming's father was still alive.

Thinking of the Jia Ming in front of me, Yu Sheng couldn't help but think of Zhang Yuandao. These two people are both second generation ancestors, and they both like to treat the dead people's things as treasures. If the two people are arranged to meet each other, if they don't know, they can really agree. .

At this time, Li Xingyun didn't know the danger of this blood jade, she seemed to be bewitched by the blood jade, her eyes were straight at the blood jade, and she subconsciously wanted to reach out for it. Jia Ming was overjoyed. If Li Xingyun took it, wouldn't it mean that he agreed to be with him?

Whoever thought it was when Li Xingyun went to take it for the rest of his life, covering his mouth and coughing, Li Xingyun's loose eyes suddenly woke up, and quickly withdrew his hand.
