

Dont mess 1431

Chapter: 1432

“All of this was planned from the beginning, right?” Leng Zhuoyun gritted his teeth and looked at the teeth of Yu Sheng Hate in front of him.

The thought that he had lived more than two thousand years old and was turned around by a young man in his twenties was almost mad.

Yu Sheng smiled slightly, and then said: “Senior, you can’t blame me for this! I’m not your opponent at all on the outside. I will die within ten moves. I’m just betting on how greedy you are.

If you just want to kill me and take Ningyu out of my body, then I have no possibility of surviving today, but you not only want to think about Ningyu but also my body, then come to my spirit I still have a glimmer of hope in the world. Now that I have done it, you will be the one who is going to die today!”

“You...” Although Leng Zhuoyun was angry, he had to admire Yu Sheng’s courage and scheming. This time he was indeed planted.

“You can’t kill me, you can leave me behind. I have practiced. The technique that allows the original god to live alone, I can live in your mind like a jade, and of course it can help you in times of crisis. you.

If you agree, I can treat you as my master and follow your arrangements.”

Leng Zhuoyun’s words are indeed very tempting. If there is a sleepy spirit cover for the rest of his life, he will die 100% in his hands, living like an old monster for more than two thousand years. If such a person really obeys his own words, it will be a strong backing.

There are many benefits that can be brought, but it is very dangerous. Because he is strong, there is no way for such a person to submit to himself for the rest of his life. If he comes out of the spiritual hood, then the rest of his life will undoubtedly die.

“Senior, you laughed. I can’t tolerate a person who wants to kill me to live. You have lived for more than two thousand years, and you have lived enough, and you should be on the road!” Yu Sheng said, squatting down. The body slapped towards Leng Zhuoyun’s forehead.

Leng Zhuoyun saw that her pupils shrank violently, and then struggling violently: “No, you can’t kill me, you can’t kill me!”

boom!

Leng Zhuoyun’s forehead was hit by Yu Sheng, the primordial spirit shook for a moment, and then it shattered into stars and dots, and finally his soul was scattered.

Seeing this situation, Yu Changchang took a long sigh. Leng Zhuoyun was still the most powerful opponent he had ever seen. If she hadn’t tried her best in the spiritual world, she wouldn’t have won. Although the battle is not so thrilling, but this time it is indeed an escape from the dead.

Yu Sheng walked in front of Xiao Ningyu and touched his head: “This time he performed very well and deserves praise. What kind of reward is needed?”

Xiao Ningyu laughed twice, then took out the two things in his hand, a big golden net and a black rope. “Master, you don’t need these two things anyway, or give it to me? I can practice skipping rope when I’m bored.”

Yu Sheng waved his hand: “If you like it, then take it! I don’t need it when I get outside anyway.”

As soon as Yu Sheng’s words fell, Xiao Ningyu really jumped up on those black sleepy locks, playing very uncomfortably.

Yu Sheng was speechless, wondering if Xiao Ning really regarded such a treasure as a toy.

He left the spiritual world, and when he opened his eyes again, he saw a man lying on his body crying.

“Master! I’m sorry, my apprentice! I knew I should have stabbed that guy to death with a knife while he was in a coma, and I wouldn’t let you die with him!

Master, I still have no retribution for your life-saving grace to my family! If you go all the way, my Jia family will surely remember your kindness to our family!”

The crying in my ears made Yu Sheng’s brain hurt. When I opened my eyes, I realized that the man he was on him was really Jia Ming. His tears and snot made him all over.

For the rest of his life, he pushed the person away with disgust: “What is a big man crying like? Besides, I’m still alive. Go and get dirty.”

Chapter: 1433

When Jia Ming saw Yu Sheng awake, he was taken aback at first, and then he reacted, with a happy expression on his face.

“Master, are you having trouble? I thought you were dead! Thank God you are having trouble.”

Jia Ming said that he stretched out his hands and walked towards Yu Sheng. In the past, he wanted to give her a big hug, but Yu Sheng didn’t accept his affection at all, and kicked him aside.

I glanced at the wet spots on the clothes on my shoulders. For the rest of my life, I was full of disgust. I can guess without thinking about it. This is definitely Jia Ming’s tears and nose.

After putting on what he felt for the rest of his life, he took off his shirt directly, and his eight-pack abdominal muscles full of power were instantly exposed.

Jia Ming looked silly. A man undressed in front of him and his figure was still so good. Looking at the eight pack abs on Yu Sheng, he subconsciously lifted his voice, his slightly bulging belly was fleshy. Huh, there is no sense of beauty at all, it’s really more than popular!

“Master, you are in good shape!” Jia Ming saw the stitches and wanted to compliment the rest of his life.

Yu Sheng gave Jia Ming a cold look, and didn’t say anything. If the person who said this was a beautiful woman, Yu Sheng might still be happy, but if it was a man, then there was nothing necessary.

“Master, how did you wake up! Is that guy really over two thousand years old? Why look so young? Why didn’t he kill you? Why were you two unconscious just now? What exactly is going on?” Jia Ming asked all the doubts in his heart.

After the war, his body was still very weak for the rest of his life. After all, he was just an ordinary person, and his energy was not continuous.

I glanced at the time 12:35 on the watch, and thought that it had been so long. It seemed that they had really stayed in their minds for too long.

“Some things have been told to you, but you don’t understand, so I will have to rest when it’s late.”

After saying that for the rest of his life, he went straight back to his room, and Jia Ming wanted to stop him and was locked out of the room. .

Now that the old monster of Leng Zhuoyun has been solved, then the so-called backing of the Li family will no longer exist, and it is time to avenge Li Xingyun.

.....

Li family.

boom!

Yu Sheng raised his leg and directly kicked the door of Li’s house. The guards on the side were all dumbfounded. It was the first time he had seen this kind of thing in the Li’s house for so many years. But people kicked the door of your house broken with one kick. People of this kind of strength didn’t

dare to go up and say anything more. They didn't dare to say more in a word, so they just ran to talk. "Where is your second uncle?" Yu Sheng asked.

"I asked about it today. He didn't go to the company. If he is at home, he must be there." Li Xingyun pointed his finger in one direction.

The Li family is very large. If there are no people who are familiar with it to give directions, it is indeed not an easy task to find someone in such a big place.

Following Li Xingyun's direction, he ran into a group of people even when he went there. It must be the credit of the two guards who went before.

The crowd was surrounded by a middle-aged man. He looked in his fifties. His hair was combed and he looked a little blessed, but his face was full of smiles at the moment.

"Xingyun! You have disappeared somehow since the accident at home. You can make your second uncle easy to find! Two years ago, I thought something happened to you outside. Fortunately, you have nothing to come back. Uncle, get ready now and pick up the dust for you!" The middle-aged man is Li Zhongcheng, Li Xingyun's second uncle.

Chapter: 1434

If it were not for him with a group of people behind him, looking at the kind smile on his face and those words, the rest of his life would believe that he was really happy that Li Xingyun returned to Li's house.

"Second Uncle, there are no outsiders here, let's open the skylight to speak up! There is no way for you to pretend like this to cover up the things you have done!" Li Xingyun's face was cold and frosty.

They all said that they would not hit the smiley people with their hands. Li Xingyun watched Li Zhongcheng's hypocritical face, and all the anger in her heart surged. She couldn't control so much. The person in front of her was her father and mother who killed her. Even if she rushed to hit her directly, even if she was well educated.

"Xingyun, is this your attitude when talking to your elders? I'm your second uncle. You left Li's house without saying a word. Now you come back with an outsider and you kicked the door of Li's house broken. Are you going to rebel!" Li Zhongzheng closed his face kindly, and the words were filled with gestures of elders teaching wrong juniors.

"Li Zhongcheng, my second uncle feels sick when I call you. Have you forgotten what you did? In order to be the head of the family, colluding with outsiders to kill your own brother and sister-in-law, and also kill me, now Wouldn't you find it ridiculous to make me respect you?"

Li Zhongcheng, if you want the position of the Patriarch, you can tell my father, how do you know that he is not willing to let you do it?"

Li Xingyun's eyes widened, because her heart was so angry, her hands were tightly clenched, and her nails were almost sinking into the flesh.

This is the one who killed his own relatives personally by the method of Xia Sanlan, how he fits to sit in the position of the head of the Li family? Li Xingyun wanted to ask him about his second uncle who had done all the bad things, when he dreamed back at midnight. , Will you feel uneasy in your conscience and condemned in your heart?

Perhaps such a person has no conscience at all!

Yu Sheng stood there quietly watching the contest between their uncle and nephew. When it was his turn to take action, Yu Sheng would not fail to help. After all, he had agreed to Li Xingyun.

Li Zhongzheng looked at Li Xingyun angrily, with a bit of anger on his face: "Li Xingyun, what are you talking nonsense here? You even dared to call my name directly. I really don't put my second uncle in his

eyes. NS?

What did I hurt your parents? Obviously they died unexpectedly in an accident, so don't take all these unnecessary charges on me.

I know the reason why you said that is because you want to be the head of the Li family. It looks like you are a weak and weak girl, but you are actually very ambitious. ”

Speaking of Li Zhongcheng's eyes on Yu Sheng, he immediately sneered: “Li Xingyun is the one who was tricked by your appearance to help you get ahead!

Let me tell you that your parents are dead. The head of the family should have been mine. What if you, Li Xingyun, are the only daughter of your parents? After all, she's just a girl who wants to marry someone. The position of the head of the family can't be given to you. Let's die this heart! ”

What Li Zhongcheng said was righteous and righteous. If Yu Sheng really was someone who didn't know anything, he might have believed him.

But Yu Sheng is not a person who can believe whatever he says. When Li Xingyun said that Li Zhongcheng killed her parents, Yu Sheng sensitively caught a trace of anger from Li Zhongcheng's facial expressions, which was a loss of heart. The debunked reaction.

“You...you are talking nonsense, I have never delusional about the position of the Li Family Patriarch. I just want to help my parents avenge their grievances. I want Li Family to fall into the hands of a beast like you.”

Li Xingyun was a little angry when he was said by Li Zhongcheng, and he was in a mess for a while. The rescue gaze looked at Yu Sheng, as if he was afraid that Yu Sheng would believe Li Zhongcheng's nonsense.

Yu Sheng patted Li Xingyun on the shoulder to signal her to calm down, and then comforted: “Nothing, I don't like to talk too much nonsense with him, just leave the rest to me!”

Chapter: 1435

Looking at Yu Sheng's handsome and confident face, what he said just now really calmed Li Xingyun. At this moment, Yu Sheng's image in her heart was constantly enlarged.

Yu Sheng's face was blurred in Li Xingyun's eyes, and it was indeed Li Xingyun's father's face that appeared again.

“Don't be afraid of Nebula. You are father's precious daughter. No one dares to bully you. Father will always protect you and keep others from touching you.”

The face in front of her seemed blurred again, as if she couldn't see clearly after a layer of water wall, a line of tears slipped from her cheeks, and Li Xingyun hugged Yu Sheng in his mouth and whispered:

“Father, father. ”

Yu Sheng was hugged with a look of bewilderment, he didn't know what happened, didn't he come here to help him avenge his parents this time? How come you suddenly hugged yourself and started crying, and called his father...

Although I didn't understand what was going on, seeing Li Xingyun's appearance made Yu Sheng feel a little distressed for this poor man!

She looked soft and weak, and her personality was very docile and reasonable, and she was especially pitiful when she cried.

At this moment an untimely voice came.

“Li Xingyun is not a place where you show affection to the wild guys outside. When you left the Li family without saying a word two years ago, you were no longer from the Li family.

Thinking that you are the door of my dead brother's daughter, I don't care about you as much as you do. Now take this savage man and get out of here! "Li Zhongzheng shouted angrily.

The people beside him seemed to understand Li Zhongcheng's meaning, and surrounded Yu Sheng and Li Xingyun.

How could Li Zhongcheng drive Yu Sheng and Li Xingyun out like this, when this little girl ran over with a person and yelled for revenge. It was a foolish dream.

Although Li Zhongcheng never put Li Xingyun in his eyes, in the final analysis, she is also a member of the Li family. If he goes out and talks nonsense, his reputation will be bad. Since it's all delivered this time, then just go straight to it. Yes, it was decided for him to solve it so that he could go down to see his parents as soon as possible!

More than a dozen bodyguards dressed in black surrounded Yu Sheng and Li Xingyun. Li Xingyun was so scared to hide behind Yu Sheng when he saw the battle.

Yu Sheng's complexion didn't have the slightest emotion. How could ordinary bodyguards threaten him, even if there were dozens of people or hundreds of people, he wouldn't care about it.

"Hit me!" Someone among the black bodyguards said, and then a group of people took the sticks in their hands and started to fight Yu Shengsheng, the posture seemed to not stop killing Yu Sheng.

Li Zhongcheng, who watched all this coldly, showed a proud expression on his mouth. He was a little expecting the scene of Li Xingyun being beaten to death.

But the next moment he couldn't laugh anymore, and the expression on his face turned from triumph to horror!

Ten bodyguards who were holding the guy's affairs were solved instantly by the rest of their lives. It was almost effortless, one by one lying on the ground and wailing and rolling.

In the blink of an eye, some of the most proud bodyguards around him were dealt with in this way. Li Zhongcheng was stupid and his faces were unbelievable.

I say nah! How could this Li Xingyun dared to go home with a person and yelled to find him for revenge, but he invited someone with the ability to come over!

Li Zhongcheng looked at Li Xingyun with a vicious look, and then turned and left. This dead girl must die today!

If Li Zhongzheng would be afraid of the rest of his life on weekdays, but today is different. His family's Young Master Leng has come to Li's family. What if this kid has the ability to sit in front of him?

Chapter: 1436

"Mr. Yu, Li Zhongcheng, that beast wants to run!" Li Xingyun quickly reminded Yu Sheng when he saw this.

The purpose of her coming to Li's family is to kill her father and mother with her own hands, so it is absolutely impossible to watch Li Zhongcheng just run away from under her nose.

"Don't worry, he can't run away!" Yu Sheng said without worry.

Yu Sheng took Li Xingyun by the hand and ran after him. Li Xingyun was scared just now because a group of people gathered around. Yu Sheng took her hand in order to comfort her and told her not to be afraid, but now he forgot to let it go. .

Li Zhongcheng naturally heard the words Li Xingyun said just now, and his heart was irritated. This dead girl seemed to be really struggling with him. This was going to drive him to death!

Looking back, Yu Sheng and Li Xingyun were getting closer to him. Li Zhongzheng felt a little more frightened, and accelerated his steps. When he met Li's servants along the way, he would order those

people to stop Yu Sheng. .

But after all, ordinary people are just ordinary people who have no effect at all in front of the rest of their lives. For the rest of their lives, they don't even need to do it. Those people who are overwhelmed by their temperament do not dare to approach.

Looking at the house not far away, Li Zhongcheng was overjoyed and shouted: "Master Leng, help me! Master Leng, help me, someone wants to kill me!"

A black shadow appeared in front of him as soon as his voice fell, and when he raised his hand, he slapped Li Zhongcheng's face with a slap.

Li Zhongcheng was slapped to the ground, his entire face was swollen high, even his teeth were knocked out, but he didn't dare to say a word, he could only look at the middle-aged man in front of him. .

"Sorry, I shouldn't yell, but I really don't have a way. There are two people behind who want to kill me. I really don't have a way. Only then did I beg Young Master Leng." Li Zhongcheng He explained his painful face.

The man in front of Li Zhongcheng is not someone else, but Uncle Mie.

"Young Master Leng is going out for something, he is not here." Uncle Mie said lightly, looking at Li Zhongcheng with cold eyes. That way, I don't want to worry about his nosy at all. It is estimated that even if someone directly treats Li Zhongzheng in front of him If you kill him, you won't make a move.

"Going out? You were there last night, so why did you go out?" Li Zhongcheng muttered unwilling to believe it, and then looked at Uncle Mie, asking for help: "Looking at me giving 100 million yuan to Leng's family every year. For my sake, please help me, those people want to kill me!

As long as you are willing to save me, I am willing to pay five hundred million yuan to Master Leng every year! "

This time Li Zhongcheng was bleeding heavily to survive! Although the Li family is a first-class family in Yuncheng, the annual income of his industry is only about 500 million yuan. In the past, he was willing to spend 100 million yuan to cling to the Li family and Li Zhongzheng, but now it is really for survival!

What he didn't expect was that Uncle Mie's face didn't show the slightest movement by the number he had proposed, and it was still very cold.

In the past, Leng Jue liked money, so he planted a mountain garden, but when he reached the realm of Uncle Mie, money was already something outside of his body, and no amount of money had any meaning.

Uncle Mie glanced at Li Zhongzheng who was kneeling on the ground, and then planned to turn around and leave, waiting for Master Leng... shouldn't be called Leng Zhuoyun now, they should have left when the ancestors of the Leng family came back.

Just as he was about to turn around and leave, his eyes unintentionally saw Yu Sheng and Li Xingyun who were following behind him.

Uncle Mie's heart couldn't calm down, his body stopped as he was about to walk, and his eyes looked straight at Yu Sheng, as if he was thinking that he was dazzled by the wrong person.

It shouldn't be! I remember the last time I went to seek revenge with the young master, I obviously met this for the rest of my life in Qiancheng, and now I can even meet him in Yuncheng.

But Uncle Mie doesn't want to meet a perverted genius like Yu Sheng, he would rather never see it in this lifetime...

Uncle Mie saw Yu Sheng, Yu Sheng naturally saw Uncle Mie, smiled slightly, Yu Sheng said lightly, "Long time no see!"

Chapter: 1437

“Why are you here?” Uncle Mie asked in surprise.

Li Zhongcheng, who was kneeling on the ground, was taken aback. He never thought that the people of Young Master Leng would know the people brought by Li Xingyun. Then he thought that they are all people with great ability. It is normal to know them. What is not clear is that Are they friends or foes? But in Li Zhongcheng’s heart, it doesn’t matter whether he is an enemy or a friend. If it is Uncle Mi’s enemy, then Uncle Mi will naturally take action to solve Yu Sheng. If it is a friend, it might not be the case for Mr. Leng’s face. Kill yourself!

Thinking of this, Li Zhongcheng’s heart eased slightly.

“Where do I go is my freedom, don’t you care about this? I didn’t think that you actually came with your master, and it happened to solve you.” Yu Sheng said lightly.

When he had just reached the early stage of the Great Master, he was able to gain the upper hand of Uncle Mie, and coupled with the hard work of these days, dealing with Uncle Mie would not be a problem.

“Master, have you met Young Master Leng?” Uncle Mie couldn’t question him. Every time I saw him for the rest of his life, he would be shocked. Uncle Mie never thought that he had already seen Leng Zhuoyun.

Yu Sheng nodded slightly, and then said: “Tell you from the Leng family to go to Li’s house to collect the dead body. It is not good to put the body in someone else’s house. By the way, let the Li family also help you collect the dead body.”

Yu Sheng’s words were neither salty nor light, they sounded light and fluttering, but Uncle Mie had turned pale when he heard this, and his body swayed when he was standing.

“What are you talking about? My young master is dead? It’s impossible that he is the ancestor of the Leng family, and his strength is in the realm of immortals. Even if you can defeat me, it is absolutely impossible to be his opponent.

You don’t want to talk nonsense, you absolutely cannot kill the ancestor of the Leng family!”

Although Uncle Mie didn’t believe Yu Sheng in words, he was not a fool. Leng Zhuoyun said last night that he had something to go out, and he has never returned. Now Yu Sheng has said that he has seen him again.

All these phenomena prove the credibility of the sentence that I have said for the rest of my life, but how is it possible? That’s the realm of immortals! Even if Yu Sheng is a kind of enchanting genius, he still hasn’t fully grown up, and it will never be the opponent of Leng Family’s ancestor for more than a hundred lives.

“Are you definitely someone who likes to make jokes? I have to say that Leng Zhuoyun is very powerful, because his strength is not his opponent at all, but he is too greedy, and even wants to choose my body, so he becomes cocooned and bound by himself. I was trapped by my sleepy spirit cover, and now my soul is gone.”

Yu Sheng said so in detail, this time even if Uncle Mie was unwilling to believe, he still had to accept this reality. Originally Leng Jue was dead, and Uncle Mie and Patriarch Leng were also very sad.

But the strength of the ancestors of the Leng family lies there. He can revitalize the Leng family and make the Leng family the leader of those hidden families. Now everything is there, and all of the Leng family has been ruined by this kid in front of him!

“My Leng family has no grudges against you. First, the garden planted by my young master was set on fire, and now my hopes of the Leng family have been destroyed, and the ancestors of the Leng family have been killed. I will let you go!”

A sneer appeared on Yu Sheng's face, and then he said coldly: "Is there any offense? My brother was almost killed by you, and he was so addicted that he almost died on that courtyard. You are so embarrassed to say that you have no grievances with me, and I will not let everyone in the Leng family go. As for the Patriarch you mentioned, I will find him personally sooner or later, but you will go down and accompany your young master first. Bar!"

Yu Sheng squinted his eyes and launched an attack towards Uncle Mie. Uncle Mie was hit by this devastating offensive. There was no power to fight back, and he could only persevere.

Li Zhongcheng on the side was dumbfounded. The battle in front of him was very shocking. He was able to reorganize his three views. He didn't expect people to be able to exert such power, and he didn't even think of the kid and Leng family brought by Li Xingyun. There is still such a deep grievance. Seeing that Uncle Mie had no power to fight back in his hands, and the only backer was there, Li Zhongcheng saw it badly and took advantage of other people's attention!

Chapter: 1438

"Where to go?"

Li Zhongcheng was even more about to turn his head to escape, and a tall figure appeared in front of him, asking him in a cold voice.

"Ahhhhhhhh!" Li Zhongzheng thought that Yu Sheng's blink of an eye would appear before him a year ago, was shocked, and fell to the ground again.

His light left unconsciously to the uncle Mie who was lying on the ground. At this time, Uncle Mie was dead, and his only backing was also there. What awaited him would be the end of death.

"This brother, I really don't know where I have offended you? Me and Nebula are also misunderstandings. You are my niece's friend and also my friend. Why should we hurt each other? What can we discuss? Can't it?" Li Zhongcheng grabbed Yu Sheng's trouser legs and said in an imploring tone. Yu Sheng didn't care about Li Zhongcheng, and looked at Li Xingyun, and handed her a fruit knife casually, which Yu Sheng put on hand when he came.

"The knife is for you, you are up to you to understand your grievances, and it is up to you to decide whether he lives or die." Yu Sheng said lightly, and then stepped back to the corner and looked at it. Li Xingyun glanced at the dagger in her hand and swallowed. Since all her parents were killed by Li Zhongcheng when the Li family was born, the thing she longed for most in life was revenge, but now she holds the dagger in her hand. Hesitated.

"Xingyun! Although the second uncle has been very common to you since childhood, but I have no children, you are my daughter!

I know that you hate me for the death of your parents, but I did not do that thing. If the car had an accident, my driver for more than ten years died too. This was just an accident.

No matter what Nebula said, we are also a family, and I am also your second uncle. Can you really kill me? "Li Zhongzheng looked at Li Xingyun sincerely, he really looked like an elder who was misunderstood by a younger generation.

Li Xingyun tightly grasped the fruit knife in her hand, her fingertips were a little white because of the force, and the hand holding the fruit knife was trembling constantly. It can be seen that her heart is complicated.

However, her eyes were full of anger when she looked at Li Zhongcheng. She would not believe what Li Zhongcheng said. The reason she hesitated was because she had never killed anyone, so she was terrified.

“Li Zhongcheng, do you think I still believe your nonsense? That car was accidentally caused by your hands and feet! Just now you wanted to kill me, you think you have meaning to say this!” Li Xingyun Roaring in her throat, she was even more angry to encourage herself.

Li Zhongcheng’s existence like an old fox naturally saw what Li Xingyun was doing now, and then slowly walked over to her.

“Xingyun, I won’t take the seat of the Patriarch. It should belong to you. This family is the closest to the two of us. After putting down the knife, our uncle and nephew will take care of Li’s house.

If you insist on killing me, your parents will be chilled in the spirit of the sky, Nebula, let go of the knife if you are obedient!” Li Zhongcheng had already walked in front of Li Xingyun unknowingly. He gently patted and supported Li Xingyun’s shoulder, trying to persuade her to put down the dagger.

Puff!

Li Zhongzheng looked at his lower abdomen in disbelief, a sharp fruit knife had been inserted into it, and the clothes on his lower abdomen were stained with blood in an instant.

“Li Zhongcheng, you killed my parents. It’s a fact that people like you are not worthy of living. Go and redeem for my parents!” Li Xingyun’s eyes were scarlet, tears fell involuntarily, and her voice was full. Angered.

Li Zhongzheng shook his body, his mouth gurgled twice but he couldn’t say anything, but his eyes were still staring at Li Xingyun.

Li Xingyun gritted her teeth and pulled the fruit knife out of his body, and then stabbed it in again. This time she bit out the crown of her teeth, which was even more cruel than last time.

Puff!

The dagger was pulled away from Li Zhongzheng’s body again, his body seemed to have lost the center of gravity in his heart, and then he fell backwards and fell straight to the ground without any movement.

Chapter: 1439

Li Xingyun’s hand was still holding the fruit knife full of blood tightly, and her hand was also flushed with blood.

At this moment, Li Xingyun no longer has the strength to use the knife before, and the whole person is sitting on the ground as if he has lost his vitality, looking at the fruit knife in his hand with empty eyes, and muttering in his mouth: “Killed.” People...I killed my second uncle...”

“No, you did kill someone, but the person you killed was your father and mother who killed your enemy. What you killed was a beast, and that was a damn person. Why do you look like this?” Yu Sheng stepped forward. He patted Li Xingyun on the shoulder and comforted.

Understandably, the first murder is indeed unacceptable, let alone a weak and weak little girl.

“Damn it? Yes! He’s damn it, he’s damn it!” At first, Li Xingyun’s tone was still a bit confused, but his eyes became firm in the end.

“It’s fine if you figure it out. Since the grievances can be avenged, then you can live a good life. Goodbye bye bye!” Yu Sheng waved his hand at Li Xingyun, saying that he was about to leave.

Seeing this, Li Xingyun instinctively didn’t want to leave for the rest of his life, and immediately hugged the girl from behind: “Without you, I have no chance of revenge. Thank you for saving my life and helping me with revenge.

As long as you are willing to accept me, Mr. Yu, this whole family belongs to you. I am a girl who belongs to the family. After all, I can’t be the head of the family. You have such courage, and the ability is more than enough for the head of the Li family.”

Look at the attractive conditions! Presumably, no man would refuse to be present. Such a beautiful woman gave up her people and billions of nearly tens of billions of assets.

Yu Sheng did not hesitate to push Li Xingyun away, and said faintly: "I promised to help you, but it's not what I am doing? Now that the grievances have been avenged, and Li Jia has regained control of Li Jia, then I will manage it properly. Whether it's prosperous or defeated, it all depends on your own destiny. I still have something to do. I really have to leave first!"

There were tears in Li Xingyun's eyes, and he looked pitiful, and his face was full of reluctance; "Don't go? I really like you.

I like your composure and calmness, like you to do things vigorously, and being by your side makes me always feel safe and practical. You are the only person who can give me this sense of security besides my father.

Mr. Yu, I really don't know how you look down on me, but I really like you and want to stay by your side. Now that the vengeance has been paid, I don't care about the position of the head of the Li family. I just want to follow you. "

A charming girl must have taken a lot of courage to speak out her emotions. If the rest of her life is not so anxious to leave, perhaps she will keep this secret in her heart forever.

But for the rest of her life, he is leaving. If she doesn't say it now, she won't have a chance to say it.

Li Xingyun's eyes looked longingly at Yu Sheng, expecting him to keep her by his side.

Yu Sheng just sighed helplessly. He glanced at Li Xingyun but didn't know what to say. Rejection was indeed cruel to her, but now he must tell her clearly.

"Li Xingyun, when I first helped you, I didn't think you were pretty or pitiful, but you begged me with deathly.

I have never tried to avenge you. I don't have any ideas about your so-called Li family, or even yourself, so stop talking about it, I'm leaving now! "

The words of the rest of his life can be said to leave no affection, what he wants is that Li Xingyun is completely devoted to his emotions.

Yu Sheng just turned his head and saw a group of people coming not far away.

Yu Sheng frowned: "Why are they here?"

Chapter: 1440

The people here are the Jia family, Jia Xing, Jia Rou, and Jia Ming. They really want to say a few words about that Jia Rou Yusheng. Although this name sounds good, it really doesn't suit her.

The temperament that Jia Rou exudes from her appearance and in her bones is the feeling of a strong woman, and she can be alone when she goes out, and she is not at all marginal with weakness.

Thinking of Yu Sheng's mind, he also helped her with two names. Jia Ying and Jia Shengnan are very suitable for her. If she is a man, Jia Jia will definitely become bigger and bigger under her leadership.

Li Xingyun felt bad just now, and for the rest of his life he didn't know why he thought so much when he saw Jia Rou.

Looking back at Li Xingyun, he had just been so mercilessly rejected by him. Now Zheng Lihua is wiping her tears with rain, and it looks like she is pitying me, contrasting with Jia Rou.

"Mr. Yu, we came here on purpose when we knew that you went to the Li's house. Mr. Yu has never come to thank you before because my father's injury is not good. Now I come here to thank you for your help!" Jia Rou Said emphatically bowed to Yu Sheng.

Jia Xingzai took a closer look, and still felt that the rest of his life was unfathomable and could not see

clearly, and then he said sincerely: "Mr. Yu is afraid that he has reached the realm of great master in his twenties, right? A wizard that is rare in a century.

Jia is nothing compared to you. When I first saw you, he was so scornful of you. You don't even think about saving my Jia's family. Jia doesn't know how to thank you anymore. "

Yu Sheng waved his hand indifferently: "I didn't want to save your Jia family, but those three people happened to be my enemies too. I just tried to solve my enemies, and there is no need for you to thank you."

Jia Xing's face changed when he heard Yu Sheng's words, and he was used to flattering words. Suddenly hearing what Yu Sheng said was so straight, it was still a little uncomfortable.

"In short, you saved my Jia's family. I won't say anything else if you are grateful. You can accept this thing!" Jia Xing took out an exquisite box and looked in front of Yu Sheng.

Yu Sheng really didn't like to hear some words of gratitude very much, and he didn't give it to him directly. He didn't expect Jia Xing to be so good.

Of course, I don't need everything for the rest of my life. For example, some money, shares, etc., I don't have much interest in the rest of my life. I don't hesitate to raise my cultivation base, pill, or rare herbs for the rest of my life. Accepted.

Looking full of expectation, he looked at the delicate little box, and spent the rest of my life thinking about what is in this little box? It must be a treasure to make Jia Xing so cautious.

When the exquisite little box was completely opened, Yu Sheng was full of expectant eyes, and it dimmed in an instant. The box contained not the treasure Yu Sheng wanted, and the crystal clear blood jade.

"Ho ho, the gift is really good~" Yu Sheng said in a calm manner, and there was no other meaning in his tone.

Jia Xing didn't hear it. What Yu Sheng said just now was an irony, but he said complacently: "This piece of jade is a treasure I tried to make a sharp heart. At an auction, I paid a lot of money to shoot it. .

I usually have a hobby, and I like to collect some antiques. This piece of jade is the best quality I have ever seen. Just looking at it will make people love it. I am grateful to you for saving us Jia Jiayu. Among them, I specially present the baby to you! "

"Master, please accept it quickly! To be honest, I am reluctant to give you this jade, but you saved my family's life. Such a treasure is too suitable for the master!" Jia Ming He said, the eyes looking at Xueyu still had a trace of reluctance.
