Chapter: 1511

Yuncheng Hospital.

The beggar was sitting in front of the bed with an apple in his hand and was peeling it. After being cut, he thoughtfully cut it into small pieces, and personally fed it to Wang Mang's mouth, who was lying on the hospital bed and had just undergone the operation.

Wang Mang was slightly surprised for a few seconds, and finally opened his mouth in compromise and ate an apple. The apple was very sweet and delicious, but the process was so strange that he had never experienced it.

"I didn't expect someone to treat me so kindly. My mother didn't treat me so well. You are the best person I have ever seen!" As he said, Wang Mang, an old man, cried again.

He has been a gangster since he was a child. His father was a drunkard who drank and played cards all day long. He hit her mother when he was drunk. When he was eight years old, his father beat his mother to death.

After being stimulated, Wang Mang immediately ran away from home. He came out on his own at the age of eight. He had suffered from all kinds of hardships, and he also cultivated his current lawless wildness, and he unknowingly became what he hated the most. Man, embarked on the old path of his father.

There is no Wang Mang who has experienced fatherly love and motherly love. Now he is so good to him, he is actually a beggar. If the beggar in front of him is a woman, even if he is an ugly monster or a fat man, Wang Mang will marry her without hesitation.

But the man in front of him was so good to him, it turned out to be a man, which made him wonder what to do for a while.

"I've already paid the hospitalization fee for you, so you can take care of your injuries here! Don't worry about other things." The beggar fed an apple to Wang Mang's mouth and said.

The scene in front of me can be described as weird. Even though Wang Mang thinks this beggar he just met is surprisingly good, he must be unreasonable. Maybe this guy has any purpose, or how could a beggar be so kind. Woolen cloth?

"Just tell me what you want! Anyway, I'm penniless now. If you want to get anything from me, it's impossible." Wang Mang swallowed the apple and said without thinking.

The beggar smiled and put the empty plate aside, and then he said: "I just think you are pitiful and want to help you. I have never thought about getting any benefits from you.

They are all suffering people! This year, I also had a bad situation. I met a female netizen on the Internet. She was very pretty. She ran away with someone when she asked me to meet her. It was fine if she ran away. As a result, the impostor was deceived and jumped by a fairy.

Originally, this matter had nothing to do with me, but the deceived person gave me a call. All the money, mobile phone and clothes were robbed of me. I didn't wear my clothes in a strange city. Here, don't mention how embarrassing it is.

It was just after seeing that your situation was somewhat similar to mine at the time, so I came to help you."

At this time, Wang Mang no longer doubts that beggars have any other thoughts, and there are not absolutely good people in this world, catching up with himself is similar to his experience, others have helped himself, this kind of thing can be understood.

It's just that Wang Mang always feels weird listening to the experience of beggars. He and his wife used to use this method of seeing netizens and then jumping with immortals to cheat others.

"What is your screen name? And what is the name of the female netizen you know?" Wang Mang asked tentatively.

The beggar was a little surprised. He didn't know what the buddy in front of him was asking himself what he was doing, but he just told him his screen name. This is not a secret, and there is no need to hide it.

"I often stay at home and play games. I'm quite narcissistic. I was invincible and the most handsome. I remember that my female netizen was called Tenderness Satsuki. The photos were pretty. I just took a look at it, right!"

Hearing these two names, Wang Mang's mind instantly seemed to be struck by thunder and lightning. He was scorched outside and tender inside.

Chapter: 1512

Invincible was the most handsome looking at Wang Mang with a weird expression, and then curiously asked: "What is it? What is your expression? Do you also know that tenderness Xiaoyueyue? You were deceived by him?"

"Ho ho..." Wang Mang didn't know how to answer the upright beggar in front of him. He couldn't tell him that he was the husband of that female liar, and they depended on this to make a living.

This world is really small enough, and it is obvious that things happened in Qiancheng, and I didn't think that in one day today, all three people who were involved would meet in Yuncheng.

First, he ran into Jia Ming while walking, and squashed him severely. Then he was asking people to break his arms and legs and threw himself on the street. Then this guy who was hurt by himself sent himself to the hospital, and he was considerate. Take care.

Wang Mang felt that this incident was too coincidental, even if it was a novel, he would not dare to write it like that!

He knew this thing well, but he didn't dare to tell the beggar about it, even though the thin and weak person in front of him, if nothing happened, would be able to beat him with only half a punch. Life. But it's different now! His arms and legs were broken. Even if he had an operation, it would not be easy. There would be obstacles in his actions in the future, let alone fights.

All his money was robbed by Jia Ming. There are no brothers in his family, and his only wife was sold by him. Now he can only count on the little beggar in front of him. Although I feel sorry for this buddy, he is not. Destroy the earth for oneself!

"I don't know, I don't know, I don't know how to play with mobile phones, how could I know Xiao Yueyue?" Wang Mang stammered, sweating on his face.

In the past, he walked sideways wherever he went, relying on the lump in that body, and others had to let him go wherever he went. Now that he is healed, he will be abolished, and he will have to tighten his tail to be a man in the future.

The beggar obviously didn't see the strange expression on Wang Mang's face. Wang Mang, who saw his broken legs and feet, comforted him: "Brother, you want to start it too!"

When Wang Mang listened to the beggar saying this, he remembered what happened to her now. What kind of power the Jia family was like was not something that people like him could afford to offend.

People wouldn't be lucky enough to kill him directly, even with legs and feet. The sound Wang Mang didn't dare to think about revenge, let alone now?

Does he have a future? When the photo was posted on the Internet, he was ashamed to die. He could only starve to death if he had money. Now he has a luxury even to live. At this moment, Wang Mang wants to die!

“Where did I come from? I have broken arms and legs, and now I am completely useless. Thank you, brother, for helping me out of the medical expenses. I’m afraid I won’t be able to pay you back again. This love brother will be in the next life. Give it back to you!” Wang Mang gratefully looked at the beggar in rags in front of him.

This person was the one who reached out to help him when he was in distress. Although Wang Mang was arrogant and scornful, he was very righteous to his brothers. However, he was surrounded by some drunk and meat friends. No.

“Why don’t you follow me to beg! After being robbed, I can only beg if I have money, and then I found out that this industry is quite profitable, otherwise, how can I pay you for medicine?

You see if you have broken your arm and leg, it’s not realistic enough. With your condition, you can get a lot of money when you lie down on the street in minutes! Brother, I can’t even envy you! “The beggar talked eloquently, saying that the spitting stars fly wild.

After working in the industry of begging for a few days, every day with handsome men and beautiful women in their arms, Wang Mang has also practiced a bit of kung fu on his lips. At first, Wang Mang looked down on beggars, but he was a little moved before he knew it.

If you can live, who is willing to die?

Since then, there have been two more beggars in the city of Yuncheng, one who looks thin and weak, and the other who is tall and has broken legs.

Two people begging is not just begging. They also made up a pitiful story. In the story, Wang Mang became the brother who unfortunately had a car accident, and the invincible who dropped out from playing games in junior high school became the most handsome man who gave up reading in order to treat his brother. The good brother of the university.

As for Wang Mang who hid the secret deeply in his heart, he would not be able to tell it if he was killed in his life, so he could live like this with Invincible the handsomest with peace of mind!

Chapter: 1513

“Why are you here suddenly?”

Yu Sheng was a little surprised to see that Magnolia came to Yuncheng, but there was an unconcealable smile on her face, watching Magnolia trot into his arms.

Magnolia nestled in Yu Sheng’s arms and rubbed her head against Yu Sheng’s chest: “I miss you! It’s really boring to be alone at home, anyway, there’s nothing wrong with it, so I’ll follow along and come here to supervise you. To prevent you from meeting other women!”

This time she did not believe in the rest of her life, but simply playing tricks. Two people, you and me, completely regarded Jia Ming who was sitting on the side as air.

Seeing his goddess hugging other men, that man is always his master, Jia Ming still feels uncomfortable in his heart.

Jia Ming couldn’t stand it anymore, so he asked, “Master, have you ever seen that person? What did he say? Do you still insist on marrying my sister?”

When asked this question, Yu Sheng subconsciously thought of what Xi Ma said, using Ningyu for the treatment of Xiaoshui and not allowing Jia Rou to marry.

“This matter is very difficult to handle. You don’t have to ask any more. I will take care of it.” Having said

that, Yu Sheng paused for a while and then added: "Don't think I helped you. You think I agree to accept you. I'm a disciple, a man, he must have a sense of being alone, and he can't always think about eating, drinking and having fun."

Jia Ming buttoned his ears awkwardly, and responded vaguely: "Master, I know, as long as you can promise to accept me as a disciple, I can change everything!"

He didn't want Yu Sheng to continue talking, Bai Yulan was still watching, what happened today has caused her image to drop sharply in front of the goddess, if he shakes out his previous deeds again He has no influence at all.

In fact, Jia Ming didn't really want to grab Magnolia from Yu Sheng. He knew that he would never be Yu Sheng's opponent, nor could he separate two people who truly love each other.

This feeling is like you have an impeccably beautiful bubbling friend of the opposite sex by your side. You know that it is impossible for the two of you, but you still want to leave a good impression around him. This is normal for everyone. idea.

Although it was Jia Ming's only appreciation for Magnolia, Yu Sheng was still a little jealous. If he could prevent Jia Ming from watching, he would not let Jia Ming watch. After the explanation, he took Magnolia's hand and went back to the room.

Jia Ming had been seriously injured, no matter how much his father was also a strong master of the grandmaster level, he still had a pill to treat his trauma. After taking it, Jia Ming has recovered his vigorous nature.

Seeing that Sister Fairy was about to go subconsciously, she wanted to catch up. As a result, she had just taken a step. A look back from the rest of her life was so frightened that she didn't dare to move forward half a step, and she could only honestly retreat.

Magnolia naturally understood Yu Sheng's little move, and she leaned her head slightly to the side with Yu Sheng's arm, and she unconsciously put a sweet smile on her mouth: "Are you jealous? Hahaha! Eat all the jealousy of your apprentice!"

Yu Sheng clicked on Bai Yulan's nose: "That kid always stares at you. When I was in Qiancheng, I wanted to drive him over.

Now he has returned to Yuncheng and you are here again. He stares at you again, wishing that his eyes grow on you. To be honest, I want to dig out that kid's eyeballs!"

After listening to Yu Sheng's remarks, Magnolia didn't know whether to laugh or cry. According to what he meant, others could not stare at him. If they stared at him, they would have to People's eyeballs are dug out, this is simply a madman protecting his wife.

Magnolia unconsciously thought of his suitor Belen and Belen's fiancée Lisa when she was in the United States.

Those two are veritable members of the U.S. royal family because they bullied themselves and were killed by Yu Sheng in such an extreme way, regardless of their background. From this alone, Magnolia can tell that Yu Sheng really cares about her. , Unwilling to let her suffer the slightest grievance.

Magnolia is really content with being able to have such a strong man who loves him. She used to feel that he was surrounded by so many women who admired him. It was annoying and annoying, thinking about how to drive them away. .

Now Magnolia doesn't care anymore. Once this man has spotted a person, he will put all his thoughts on that person, and even if he meets no matter how good he is, he will ignore it?

Fortunately, she was the person Yu Sheng looked for, and Yu Sheng was also the person she looked for. It was a fortunate thing to be able to love each other, and Magnolia was content.

Chapter: 1514

Lonely men and widows live in the same room, and the two people still have a deep love for each other, which inevitably has a strange affection.

Looking at the charming person in front of him, his heartbeat has accelerated a bit for the rest of his life, and his breathing has also begun to become rapid.

For the rest of my life, I looked at Magnolia quietly, admiring her eyebrows, and admiring her eyes. The beauty was impeccably beautiful. Unknowingly, Magnolia's cheeks were stained with red clouds, which seemed to be seen by him. For a long time, shy.

Recalling the crazy scene when Magnolia was boldly pursuing the rest of her life, she appeared so proactive in his room in sexy and revealing pajamas. Now she is shy, and she is just a little girl.

Magnolia nestled on Yu Sheng's chest, holding his hands on her chest, her red lips lightly exhaled like blue: "You want me for the rest of your life!"

This sentence is like igniting the fuse in Yu Sheng's heart. The two people have been together for so long. There has been a lot of progress in their relationship. If it hadn't been for Xu Qianqian, Yu Sheng would even think that the two of them might even have children. , How can you wait until now that nothing happens?

No matter how good Yu Sheng's self-control ability is, he is also of a righteous age and has needs in that respect. Originally, the relationship between the two of them has heated up. Now that Magnolia takes the initiative to say this, Yu Sheng is even more unscrupulous this time.

As a man, he naturally had to take the initiative and kissed the pink and tender scented lips of white magnolia. It was as delicious as he imagined, and his hands subconsciously walked on her body and stroked her. That skin is like condensed jade.

Before they knew it, the two of them had taken off their shoes and lay on the bed. Bai Magnolia was very nervous and her body stretched very tightly, but she was happy and happy now.

Just as everything was happening, the door of the room was knocked awake.

Bang bang bang, bang bang bang.

One after another, Yu Sheng didn't intend to go to the door and wanted to continue, but the knock on the door didn't mean anything to stop.

At this time, the two of them were also deprived of interest by the sound of knocking on the door. Yu Sheng's heart could be described as furious. I don't know which one is not long-eyed. It's good to disturb him at this time.

Helped Magnolia tidy up her clothes, and kissed her on her white forehead for the rest of her life, and said gently: "Wait a moment to go back and see what the matter is."

Wait a moment? What are you going to do later? Magnolia naturally knew what happened, and her cheeks were blushing, and then she nodded obediently, and responded with a "Yeah".

After turning around for the rest of his life, who was still amiable, his face immediately became cold, and the steps under his feet were also fast, and he came to the door in the blink of an eye. He wanted to see which one was not long-eyed? Must pick this time.

When the door was opened, Jia Ming's face with blue eyes and swollen nose appeared in front of Yu Sheng. Yu Sheng resisted the urge to punch him and squeezed out a few words from his teeth: "What's the matter? Come to me at night. , Is there something?"

Jia Ming seemed to have discovered the anger that was about to overflow from Yu Sheng, and he still held his head to look inside the room, as if to search for the figure of Magnolia.

"Master, am I not idle and bored? Thinking of coming to see you, do you have any meals? Or I will take

you to eat something delicious! Even if you are not hungry, Magnolia must be Will be hungry.”
Magnolia? ? ? ?

There were ten thousand question marks in Yu Sheng’s mind. Didn’t Jia Ming, a mentally retarded thing, shout at Magnolia’s fairy sister before? How do you call it so intimate now?

I was originally angry that Jia Ming had ruined his good deeds, but now I heard him call Bai Yulan like this, and my heart was very upset, and my teeth were clenching.

Jia Ming unexpectedly pushed Yu Sheng to the side, and he blatantly broke into it. After seeing the white magnolia, his eyes lit up and his mouth sweetly shouted:

“Magnolia, I know you still don’t have a rest. I talked about you with my sister. She said she wanted to see you. I’ll go and I will take you to see my sister, OK?”

Chapter: 1515

“this.....”

Magnolia was caught in entanglement for a while, she didn’t know how to choose, she subconsciously looked at Yu Sheng.

Since I came back, I have been waiting for the rest of my life, so I don’t have to eat in a hurry. It doesn’t matter if I don’t eat a meal. It’s just that Jia Ming kindly invites her to go there. If he doesn’t go, will he be too disrespectful to others? Now, besides, his sister is still there waiting for herself.

But if she does, then the matter between her and Yu Sheng will come to an end again. I don’t know how long she will have to wait when she misses this opportunity and waits for the two people to agree again?

“Magnolia, people are iron, and rice is steel. You can’t stop eating at night, right? Sleeping like that is not fragrant.” Jia Ming looked at Yu Sheng: “Master Yulan listens to your opinion the most, let’s go! Let’s go to dinner! This time I made it to welcome Magnolia, but they are all Yuncheng characteristics. If you don’t go, you will regret it!”

Yu Sheng’s face was still very gloomy, and it was about to overflow. The gaze that looked at Jia Ming seemed to take him alive, and Jia Ming didn’t dare to look at him during the whole process of drifting away.

After explaining these things, Jia Ming said goodbye, saying that he would leave first while waiting for them to have a meal together.

When Jia Ming closed the door of the room, he breathed a sigh of relief and subconsciously patted his chest.

Jia Mingzhen thought that he could walk out without incident, looking at the gloomy face of the master who was about to dripping water, he could kill him in minutes!

In fact, he deliberately disturbed the two of them. Both were in his strange selfishness. As the number one fan of Magnolia, he knew that his goddess had that kind of relationship with other men in his own home, so if he didn’t. To mix things up, Jia Ming is really extremely uncomfortable.

But when he really stirred up, he realized that there was no difference in escaping from the dead. A look from the rest of his life could kill him in seconds.

Jia Ming has made up his mind to hide for the rest of his life for these two days, and never get along with him alone, otherwise the rest of his life will definitely kill himself in minutes.

Thinking of this, he felt a chill in his back, glanced back at the closed door, then trot and turned to leave.

The rest of my life in the room was still surging. Magnolia was so smart that he was in a bad mood. She took the initiative to hold his waist at random, and said with a sweet smile: “We will have a long life in

the future, so why care about it now? At this point in time? To be honest, I am really hungry now!" No matter how much anger in my heart, the look of Bai Yulan disappeared a lot, Yu Sheng's gloomy face also showed a smile, and he raised his hand and touched Bai Yulan's hair: "No matter how big the anger is with you around, it's just that Jia Ming, this stinky boy, is indeed owed. I tell you that he is definitely deliberate! There is more! He won't be allowed to call you Yulan so intimate in the future. Only I can say that, okay?"

Isn't it all the same for a name? Bai Yulan, thinking that she would eat the vinegar of this name for the rest of her life, she smiled helplessly: "Well, well, you are the head of our family. I will listen to you for everything. Isn't it okay?"

"You are the hostess of this house, I don't need you to listen to me, I just want you to be mine!" Yu Sheng gave another kiss on Magnolia's forehead: "I just heard your belly groaning. I called, let's go, and take you to eat! Only when you are full do you have strength..."

At first, I seemed to understand the special meaning of Yu Sheng's words. A red glow appeared on his cheeks. She shyly stretched out her pink fist and punched Yu Sheng's chest twice: "What nonsense? I found you to be so serious!"

"Isn't it normal to eat and have strength? I suspect that your thinking is evil, do you want to get it crooked?" Yu Sheng nodded Magnolia's little nose, and the wicked first said like a complaint. "you....."

Magnolia was speechless for a while, and she didn't know how to pick up Yu Sheng's words. Her face was as red as a red apple. She was embarrassed to look at Yu Sheng's eyes, and turned around shyly and left.

Chapter: 1516

"Does he really have a fiancée?"

Jia Rou sat on a chair and looked at the table with a dazzling array of dishes. She had a hint of appetite. She looked at her brother Jia Ming with a blank expression on her face and asked.

Jia Ming naturally understands the sadness in his sister's heart, and her thoughts on Yu Sheng, how can he as a younger brother not know? Also mentioned to Yu Sheng.

"Yes, Ms. Bai is a very good person. If she is a bad woman, I will fight for your name if she says anything, but..." Jia Ming sighed secretly.

Originally, he didn't intend to tell his old sister about this matter, but now that Magnolia is here, she can't hide it if she wants to hide it. My sister will know it sooner or later, so it's better to tell her in advance so that she has a heart to prepare.

Hearing Jia Ming's affirmative answer, Jia Rou felt sad for a while. She didn't look down on her for the rest of her life. She only thought of this man when she saw his mighty and majestic figure saving her from the crisis. It's someone she can rely on.

Jia Rou has been very strong since she was a child, and she is even stronger than what men do. She is such a strong, confident and intelligent woman on the outside, but in fact she is really soft inside and needs someone else's. Caring, petting, protecting.

But it won't be for many years. She is facing everyone with such an image. She seems to have become the backing of the Jia family. She will subconsciously go to her when encountering anything, and will take the initiative to shoulder this responsibility.

Until she met Yu Sheng, a man who was very good in all aspects, Jia Rou seemed to have fantasized

about the scene where she was with him, maybe she could be a little woman by his side. Now that Xi's family is forced to marry, Yu Sheng has also taken the initiative to help her solve these issues, without her pretending to be strong and carrying this matter up. But even such a good man has a fiancée, and he can tell from his brother's mouth that he is a good woman.

Jia Rou was a little curious for a while, what kind of woman is worthy of the rest of her life? What about such a good man? She must be the happiest woman in the world!

"Sister, Miss Bai is here!"

Just as Jia Rou was thinking about this matter secretly, Jia Ming's reminding voice rang in her ear, which brought him back to reality from his contemplation.

As soon as he raised his eyes, a man and a woman broke into his line of sight. The hands of the two were tightly clasped together, as if they were going to blend into each other's body.

The man looks a little ordinary, his appearance is considered handsome, but his temperament is more different. If he gets close to her, he will have an inexplicable sense of security.

But a woman is different. She has a graceful posture, a graceful figure, and every move she takes with everyone's ladylike demeanor. She is so beautiful that she can't remove her eyes, even she always thinks. Jia Rou, who is outstanding in her looks, feels a bit ashamed.

The people here are Magnolia and Yu Sheng, holding hands, and the love flowing in their eyes, anyone with a discerning eye can see that they are a pair of very affectionate lovers, like glue and paint, arousing envy.

Seeing this scene, Jia Rou had a illusion in her mind, as if he was the rest of his life, the white magnolia standing next to him, enjoying the pampering he gave, watching for a moment in a trance, or Jia Ming next to him reminded him to return. Excited.

"Sister, what's the matter with you today? See if your complexion is not very good, are you uncomfortable?" Jia Ming asked with concern.

Jia Rou shook her head, with a smile on her face, stood up to greet Yu Sheng and Bai Yulan, no matter what, Yu Sheng was also their family's savior and could not lose courtesy.

Chapter: 1517

"Mr. Yu, Miss Bai, please. I heard my brother mention you a long time ago. I didn't expect it to be faster and more beautiful than him. Just like the fairies coming down from the sky, I was lost in my eyes!"

Magnolia's face was slightly red and still not fading, and it was even more embarrassing to hear Jia Rou praised herself like this: "Why, Miss Jia is really beautiful."

The two concealed each other, and then sat down. Jia Xing had a heart attack because of Jia Rou's affairs, and now only four of them ate for the rest of his life.

The beauty of Magnolia made Jia Rou feel unprecedented pressure, and her heart was extremely complicated when she looked at their affectionate look.

After the meal, Magnolia got up and came to Jia Rou's side, with a kind smile on her face: "Miss Jia, the first time I saw you, I felt that we hit each other, as if we were my big sister. You can accompany you.

Am I going for a walk?"

Jia Rou was taken aback. She didn't expect that Magnolia would take the initiative to invite her. Could it be that her love for Yu Sheng was so obvious that she could see through it? Thinking of this, she felt a little guilty in her heart for some reason.

After hesitating for a while, Jia Rou finally refused. No matter how Yu Sheng is his benefactor, Miss Bai is

Yu Sheng's fiancée. For this reason, she also has no reason to refuse, and they just invited her out for a walk.

The night is good tonight, the moon is high above the ground and the roadside lights are shining like daylight, and the back garden in summer will often come with the sound of frogs and cicadas.

"It always feels good to call you Miss Jia, or I'll call you sister Rou?" Bai Yulan said, breaking the awkward silence.

Sister Rou?

Jia Rou was stunned when she heard this name. Even if Miss Li Jia had a good relationship with her, the Patriarch of the Li Family had never called her so intimately. Is there any purpose for the woman in front of her to say this suddenly? Or is she not as good as what Jia Ming has seen?

At this moment, Jia Rou's mind was thinking wildly, for a while, the reason is that she likes Yu Sheng, and she always feels that Magnolia calls herself out for the sake of asking the teacher.

"It's okay." Jia Rouqiang said with a smile. In fact, her mind had already flown out of the clouds.

Magnolia is not stupid and you can see Jia Rou's unnaturalness: "Sister Rou, are you still worried about your father's affairs, and about the Xi's marriage contract?"

Jia Rou didn't think that Magnolia knew these things, maybe she would be relieved if she married the vegetative Xi family? Jia Rou thought for herself.

Even if Magnolia didn't come over to persuade her, she would fulfill the promise her father had promised. When she marries Xi's family, everyone she likes has a fiancée. It makes no sense to marry any man by herself. It's not as good as a vegetable. It's a great time.

"The Jia family has never been an unbelieving person. What you are willing to promise will be done.

Regardless of whether Mr. Yu helps or not, I will choose to marry."

Jia Rou's tone was unusually firm, perhaps telling Magnolia in a disguised form that she didn't have to worry about robbing her for the rest of her life, and there was no need to run over to remind herself.

Who would have thought that the kind smile on Magnolia's face faded faintly, looking at Jia Rou very seriously, and proactively grabbing her hand: "Sister Rou may be very sudden, we only have one Mianzhiyuan, I just want to say so much to you.

I am the only daughter in the family. Although I have a lot of love, I also have a relative by my side, just like Jia Ming and you, so I really treat you as my sister."

Jia Rou stared at Magnolia blankly, and she was holding her hand. The sudden intimacy made her feel very uncomfortable. She always felt that Magnolia had a different purpose and definitely had another purpose.

But what is her purpose? It was hidden so deep, she couldn't see it at all.

Chapter: 1518

"Miss Bai, what do you have to say? Just say it! Have you misunderstood that Yu Sheng helped me like this for Jia's family? There is no relationship between men and women between me and her. He is the savior of my Jia's family. .

Maybe he agreed to help me deal with this because of Jia Ming's pleading. Jia Rou explained.

She always feels that Magnolia's sudden intimacy is very strange. It's only possible after thinking about it. Maybe it's because Yu Sheng helped him solve this matter. Magnolia was jealous, and then she came over and wanted to give herself one. Get off the horse.

Magnolia smiled faintly. Naturally, she didn't mean what Jia Rou thought. If it is not worth clarifying, maybe there is still a gap between the two, and she may not be able to listen to what she said.

“As a woman, I can see that you have different thoughts about girls. I can understand this feeling. To say a very narcissistic thing, he is very good and has many people like him. I have become accustomed to it. Of course, if he wants three wives and four concubines, I will not stop him, let alone raise objections, as long as he likes you for the rest of his life, it doesn’t matter. ”

Jia Rou was stunned, her eyes were full of weirdness. The generous woman in front of her didn’t expect to be able to say such a thing. Jia Rou could see that Magnolia must love her for the rest of her life, so how could she tolerate other women? Stay with your beloved man?

Perhaps to be able to do this, Magnolia must have been in love for the rest of her life!

“Miss Bai is really magnanimous! Not only is the person beautiful, but also able to make such a regression, I finally understand why Mr. Yu has such a deep love for you.” The strong smile on Jia Rou’s face faded, but a bitter smile appeared. have no choice.

“In terms of relationship, you are in love with me and I am willing to have a good relationship. Others are reluctant to come. The purpose of my calling you out this time is to tell you about your marriage contract.

Women live in the world, in a short span of a few decades and a hundred years, why should they live so depressed? Although you are also a member of the Jia family, you also have your own freedom. You cannot live for your family. You must live for yourself. You must bravely pursue your love and happiness. You will meet the person you love, the person who loves you. . ”

Bai Yulan grasped Jia Rou’s hand with strength, and at this moment she still hoped that Jia Rou could listen to her words and change her mind.

As a child of a large family, she can fully understand Jia Rou’s situation and feelings at the moment. If she is not so lucky to meet Yu Sheng, perhaps Magnolia’s destiny will also be a business marriage.

The education she received from an early age is that the family’s interests are above all else. Even if she doesn’t like, don’t love, don’t know, people who have just met, or people who have never met, she has no right to refuse to marry her.

Because she wanted to escape from such a cage, Magnolia deliberately went to contact the rest of her life, and then slowly fell in love with this man. From then on, she couldn’t help herself. She escaped from that family’s cage. , She is free and can live for herself, so she also hopes that Jia Rou can be like her, or she has an explanation with Jia Ming.

Jia Rou felt a little moved in her heart. A few minutes ago, she still misunderstood that Magnolia’s purpose was to make a difference. It was not until she heard what she said that Jia Rou repented. It was his villain. The heart saves the gentleman’s belly.

“Miss Bai, I...” Jia Rou has always been a tough and unyielding appearance, but now she shows a touch of weakness.

Jia Rou is the kind of tough and unyielding on the outside, always giving people the feeling of being able to stand alone, while Magnolia looks soft and weak, but in fact, she is very strong in her heart and dare to face problems and find solutions to them.

Two completely different women stayed together, but somehow they felt a sense of sympathy.

Magnolia pulled the corner of her mouth and helped Jia Rou to pull a strand of blue silk behind her ears:

“Be brave once, live for yourself like me. You shouldn’t be an accessory to the family, be brave!

Since the rest of your life has said that it will help you solve this matter, why should you take your life to make a bet?

Guarding a vegetative person, staying alone in the lonely yard, with no one by your side, is such a hard feeling, are you really willing? ”

Listening to Bai Magnolia's words, Jia Rou made up for that picture on her own. The huge Xi family watched her husband lying on the bed day after day, walking in that lonely home even with a speaker. There is nothing but endless loneliness and loneliness.

Do not! This is not the life she wants at all. This is not a day but a few decades. She can't survive it! At this moment, Jia Rou's heart was really moved, she took the initiative to grab Bai Yulan's hand and nodded heavily.

After thinking about these things, Jia Rou was in a much better mood. When the two walked again, they didn't take precautions like before, but talked and laughed.

Magnolia quietly made an ok gesture toward the black shadow hidden in the shadow of the rockery.

Chapter: 1519

At night, I stayed in the room for the rest of my life and wandered incessantly, looking at the time on the watch, every minute and a second passed, still not seeing Magnolia coming back, feeling anxious.

I thought that two women who had never met would go out for a walk. It would not take long. Two or three hours passed, and no one came back.

He also deliberately decorated the room, took time to take a shower, and even sprayed some perfume on the bag, just to prepare for what would happen at night.

At this moment, his mobile phone rang, and when he opened it, it was the text message sent by Magnolia:

"For the rest of my life, I won't go back tonight. Sister Rou and I hit it off right away, and we can talk about many things. I will sleep with sister Rou here. You should rest early, good night!"

After seeing this message for the rest of my life, tears were streaming down my face, as if I had been taken away at this moment, and all my spirits were lying weakly on the soft big bed.

In the final analysis, the reason is all because of Jia Ming. If he didn't make trouble in it, it is estimated that he is lingering on the bed with Magnolia, and it is all because that kid has ruined his good deeds.

The more I thought about Yu Sheng, the more angry I was, but after taking out my phone, he sent a message to Jia Ming:

"As a teacher, there is a mental method that is very suitable for you. It can allow you to successfully use your abilities in a short period of time. Maybe you will be able to catch up as a teacher soon. Come here! I'll be waiting for you in the room."

After the message was sent, Yu Sheng Lin added a death smile with a little yellow face.

This information is still very tempting to Jia Ming. Yu Sheng thinks that 80% of this kid will be fooled and prevent him from creating human beings. Then teach him how to behave!

How long did the message for the rest of my life have passed before the phone rang. It was a text message from Jia Ming:

"Really master? Is there such a good thing?"

Seeing this message, Yu Sheng showed a sneer at the corner of his mouth, as expected, this guy was fooled.

"That's natural. Since I promised to accept you as a disciple, this kind of good stuff is naturally to be taught to you. Come on, don't let the teacher wait in a hurry!"

After sending this message, Yu Sheng thought viciously in his heart, hurry up, and then I will apply all that inner force mental method to you, so that you can feel it deeply.

Jia Ming quickly sent a second message:

"Although the apprentice wants to learn very much, but at this time period, the master should also take

a good rest. Apprentice, how can I disturb the master to rest for myself? Goodnight, master, I will go to bed first.”

After seeing this message, Yu’s angry teeth tickled, and this kid was clever enough, knowing that he told him to be so kind that he would not come. This made Yu Sheng’s thoughts all soaked up, and the anger in his heart was nowhere to vent. He was bored!

Feeling frustrated, for the rest of his life he tapped a few more times on the phone, and then sent the message.

“A brat wait for me. Sooner or later I will teach you a lesson!”

There was no reply this time, and the rest of his life was so bored that he threw the phone aside, and then sat on the bed, closed his eyes and started practicing.

When he came to his mind again, Yu Sheng discovered that Xiao Ningyu was already asleep, and this fellow had a big heart. Didn’t he know that an old monster made a very attractive condition thinking about him? NS?

Xiao Ningyu seemed to feel the breath of Yu Sheng. She woke up from her sleep, fleshy, rubbed her eyes with her little hand and looked at Yu Sheng sleepily, with a lazy breath in her voice: “Master, it’s so late. , Are you still asleep? What is it for me?”

Yu Sheng nodded: “During the day, you said that Xi Ma has a strong mental power and that he is a person who has experienced trade-offs. Now can you tell me more about it? I want to hear.”

Chapter: 1520

For the rest of my life, I wanted to ask Xiao Ningyu to understand this question, but the environment at the time did not allow it. Now I am idle and suddenly think of this question.

Xiao Ningyu obviously didn’t seem to be sleeping well, but facing Yu Sheng, he didn’t dare to lose his temper, stretched his waist and sat face to face with Yu Sheng.

“What I can feel is that the qi in his body is not the same as the qi in his body, and according to his cultivation level, he shouldn’t have such a strong mental power, so he might choose.” Xiao Ning Yunai spoke lazily with a milky voice.

Yu Sheng nodded, thinking repeatedly about how to make Xi Ma come up with the cure for Xiaoshui. It seems that he needs a visit tomorrow.

.....

The temples.

The mountains and ridges seem so abrupt to a magnificent and luxurious hall, and even its existence is so incredible. How to build such a hall between the steep cliffs is always a mystery.

From ancient times to the present, everyone’s understanding of the temples is only a little bit, only know that she is an ancient and mysterious existence, where the most powerful people in China gather. In the main hall, an old man sits on a high seat. Behind him is a peculiar portrait. So it is peculiar because the animal on the portrait is very strange. It has a lion-like head, but its teeth follow There are a total of three layers inside and out like a sawtooth that look hideous and terrifying.

Its body is similar to a bird animal, with big wings and colorful wings. He wears a five-pointed star-shaped thing on his neck with the word “God” engraved in the middle.

“Are you ready for the Huitian Conference?” The one sitting on the main seat looked indifferently and said.

“Hall Master is ready, is there anything else I need to order?”

Pei Tianqing, the lord of the temples, threw down a red invitation card: “Give this invitation card to Yu

Sheng, and let him participate in this Gongtian conference.”

The man was stunned and looked at the red invitation card on his hand in amazement, and then a storm of turbulent waves thrilled in his heart.

For the rest of your life? Who is it for the rest of his life? He had never heard of this name before, and he had never heard of such a person in the Sejong Gates of the Great Hermits, and he had never heard of such a treatment as an invitation from the Palace Master himself.

Although there were a lot of doubts in my mind, I didn't dare to ask a word. I could only withdraw the invitation silently, and then retired.

Just as the movie star in the temples went to deliver the invitations according to the address given by the shopkeeper, he happened to run into one person when he went out.

If the rest of his life were there at this time, he would definitely be able to recognize that this person was the one who came to deal with the Great Protector of the U.S. that day, and he was one of the phantoms of the four great generals of the temples.

The movie star didn't dare to ignore it, so he knelt down and gave a salute: “Master Xu Ying!”

The reason why the ghost came to find the Lord of the Palace during this trip was naturally to ask about the event of the Jontian Conference. The Jontian Conference has not been held for sixty years, and the outside world is about to lose knowledge of this Jontian Conference in the Temples.

I thought that the hall master was going to abandon this form, but I thought of mentioning it suddenly like this, which is even more grandiose than every session, and the hall master also took out his unique knowledge of the gods.

What a treasure is the God of God Record! So far, one of the strongest techniques known to everyone, the people in the martial arts world can set off a shocking wave just hearing the God of God Record, not to mention the fact that the hall master of this conference actually took out these treasures.

Xu Ying couldn't understand, he couldn't figure out why the hall master would do this? So this time I came here to persuade the Lord to change something and ask his thoughts by the way.

Xu Ying nodded, and when he was about to turn around and leave, Yu Guang caught a glimpse of the red invitation card in the shadow of the shadow man.

“Give it to me!” Xuying stretched out his hand and said coldly.

At this time, a large bead of sweat appeared on the forehead of the film warrior, and he was afraid of it. The hand of the invitation card was a little harder, and he didn't know what to do for a while.
