

## Dont mess 1591

### Chapter: 1591

Wang Family.

In a Chinese-style other courtyard, a middle-aged man stood in front of the pond with his hands on his back, watching the orange goldfish swimming back and forth in the water. Don't have a meaning. As the Patriarch of the Wang family, he relaxed when the Wang family was flourishing, and the only thing he worried about now was Wang Ji, who was going to participate in the Great Heaven Conference, and that was his best son.

At the age of 36, reaching the middle stage of the Great Master, this is really a glorious ancestor. He has enough confidence that his son will definitely show the Wang family's demeanor in the Heavenly Conference this time.

The sun at noon was always extremely hot. Wang Hong sprinkled the last bit of bait into the water. After clapping his hands, he turned and left.

When he came to the small courtyard, a cup of tea had been placed on the clock. Wang Hong sat on the stone bench and took a sip of the tea cup. The temperature was right and the tea was full of fragrance. While he was enjoying the proper scenery, a somewhat harsh voice came over, which made Wang Hong frown, who was still tasting tea.

"Cousin, why are you here? You don't know how long I have been looking for you, but I didn't find it."

Yuzhu ran over here.

Seeing his formal posture, Wang Hong's frown deepened. How could the jade bead in front of him have the slightest etiquette posture that only a large family had, and how was it different from a market shrew?

Recalling that she had been self-willed and stubborn since she was a child, coupled with the fact that she was uninhibited, it is not surprising that she developed this temperament.

"Cousin, all this day has passed. I thought you were studying the technique of changing your face. I didn't expect you to have a cup of tea in this leisurely manner. You really didn't put my words in your ears!" Yuzhu complained with him. Said.

In this day, she looked forward to the scene after she exchanged faces with Bai Yulan countless times, and she fascinated thousands of men with her peerlessly beautiful face.

It's just that after Yuzhu didn't even see her saying those words, the anger on Wang Hong's face got even deeper.

In this huge king's house, he is a tens of thousands of people, and no one has ever spoken to him in this tone, let alone urged him to do things for her.

In the past, Wang Hong felt that she owed Yuzhu a little bit, but in the past few decades, she has let her temper, and the kindness owed to her parents should have been over long ago. If such a woman who does not know the heights and depths of the earth and the depths and depths stays in the Wang family, sooner or later Will cause trouble to her.

Back then, our family was not only his son, he also had an elder brother Wang Huai. His eldest brother's talents were much better than him. Whether he was dealing with people or dealing with others, he couldn't find the slightest fault. He was also his own. My father thinks that the next head of our family. His father's eccentricity made Wang Hong feel deeply dissatisfied, but his aptitude was mediocre, and he didn't have any resources to use, so he could only accept his fate.

It was not until Yuzhu's parents came to Wang's house that the unruly and willful Yuzhu almost tricked

the idiot and son of his elder brother Wang Huai into drowning in the river.

It was for this reason that Wang Hong wooed Yuzhu's family to help him seize the position of the family, and even if it was difficult for him to make a move, he asked Yuzhu's parents to help kill his eldest brother.

Of course, things are not as beautiful as planned. There will always be some changes in it. This time it turns out that Yuzhu's parents killed Wang Huai and was killed by the Wang family.

In fact, those two people are also very pitiful in detail. They can have such a domineering daughter, and they are all formed by their doting. The next time Wang Hong can be promised is because Wang Huai personally beat Yuzhu. a slap.

Those two people died when they died. Wang Hong didn't take it seriously, but he didn't think that those two people had left behind. There was evidence in his hands that he killed his father and brother. In his ears, not only did he not even guarantee the position of the head of the Wang family, but maybe even our family would be scolded by everyone because of this incident.

During this period, Wang Hong thought about the methods of many teams Yuzhu, and wanted to kill the last evidence, but the risks that needed to be encountered were too great.

Why should someone who can be attracted to take the risk to kill her? In that case, it would be too much of a loss, and it has been adhering to this principle to let Yuzhu live to the present.

Now this trouble is getting more and more difficult, and it is becoming more and more ignorant. This makes Wang Hong feel resentful in his heart. He doesn't want to raise a useless thing, and it will even cause trouble to the Wang family.

"Cousin, you are saying something, you hear me talking to you? When will you change my face? I'm almost grateful for the flowers I've been waiting for!" Yuzhu saw that she was talking to her cousin.

Brother was there alone in a daze, very dissatisfied, pulling his sleeve to remind him.

A harsh sound came from his ear again. Wang Hong was pulled back from his thoughts, pushed Yuzhu away and held his hand, and then he said: "I have made arrangements for the face change, and it should be done now. It's almost done, let me go to the secret room!"

## **Chapter: 1592**

The secret room was not damp and dark, but it was brightly lit and the room was built outside. After passing through the passages, Wang Hong and Yuzhu stopped in front of a door.

When the two arrived at the place, Wang Jiaren, who was watching, immediately took out the key and opened the door of the room.

The layout of the room is not like that of the cell, but like an ordinary room, with wardrobes, tables and beds.

The sudden opening of the door stunned the two girls in the room, and they retreated to the corner together, looking at the two who came in with a vigilant face.

Yuzhu saw the second girl in the room with her arms folded and snorted coldly: "If it weren't for the face of you looking for a bitch, do you think you would have such a good treatment?"

Bai Yulan stepped forward and looked at Yuzhu angrily: "Aunty, can you be a little principled? It's okay to snatch someone else's bag, and now you still want to take someone else's face, aren't you afraid of retribution?"

Mother?

Yuzhu has always cared about her age the most. Now, Bai Yulan is still calling her aunt in a provocative manner. This makes Yuzhu no way to accept it, and she slaps her face with one slap.

Yuzhu felt a bit regretful after finishing the application. Seeing the five red and swollen handprints on the white and tender face of Magnolia, she felt a throbbing pain in her heart.

This face is about to become his own. Now it is red and swollen. Isn't it flawed?

Wang Hong stepped forward and quickly grabbed Yuzhu and persuaded, "Cousin, what are you doing now? After the face change is successful, you can hit as many times as you want, or kill if you want. It's not all up to you. Of mind.

Nowadays, the redness and swelling on your face will affect it a bit, maybe you have to push back when you change your face!"

Hearing what Wang Hong said, Yuzhu was a little anxious. While pulling the form, she said, "I really don't want to wait for a minute. Cousin, I was also impulsive just now. As long as you heard it, she called me aunt. This woman is owed!

If it doesn't work, find some ice cubes to put on her, maybe it will be done in a while! Otherwise, cousin, get some medicine for him to rub, anyway, I will change it today!"

Wang Hong, your servant of the royal family, made a color, and soon the two scared people backed away. I rushed back in a short while, holding an ice bag and applying ointment.

At this moment, Magnolia completely understood. The two of them really made up their minds. They wanted her face and couldn't escape even if they wanted to.

Instead of letting such a woman seduce other men with her face, Bai Magnolia felt sick after thinking about it, and even felt guilty in her heart and felt guilty for the rest of her life.

The hand that had been hidden behind his back suddenly lifted up, and there was a piece of porcelain lying in the hands of Magnolia.

Seeing the two guards approaching him, Bai Yulan did not hesitate to grasp the porcelain piece in her hand and put it on her face, threatening: "If you dare to take a step forward, I will take this face. It's ruined, and then you can't even want it!"

When Yuzhu saw the situation, she wanted to stop, but she was afraid that Magnolia would cut her face directly, so she could only stand there and persuade: "Don't don't, don't be impulsive, do stupid things!" Isn't it just a piece of dough? Anyway, you've been topping it for more than 20 years. What if you borrow me to use it? Besides, I didn't want your life, do you think there is still someone next to you? If you want it, I will change her face to you."

Give yourself sister Rou's face? Magnolia has never had this kind of evil thought. He would rather be a monster with no face than snatch someone else's face. This is the principle of life.

"Do you think everyone is like you, a robber? I will never force it if it's not mine. Since you insist on stealing this face, then I won't let you succeed!"

Magnolia's eyes were extremely firm, her gaze stared at the two of them decisively, and then she was about to slide towards her face with the porcelain piece in her hand. She would rather destroy it than give it to others.

The Yuzhu who watched this scene was almost astonished, and didn't know what to do? But Wang Hong beside him watched Magnolia's behavior unchanged, as if he was watching a clown.

Just when Magnolia was about to scratch her beautiful face with the porcelain in her hand, Wang Hong knocked off the porcelain in his hand with a move of his finger.

The guards of the Wang's family were quick to see the situation, and quickly stepped forward to imprison the white magnolia.

**Chapter: 1593**

“You bitch dare to threaten me with disfigurement, your body is not yours in our hands.”

Yuzhu stepped forward two steps and kicked Magnolia’s belly with a kick. If possible, she was still willing to smoke Magnolia’s face.

Jia Rou on the side saw that Magnolia was being bullied again, and rushed up to stop him. She didn’t even walk over, and was pushed to the ground again by the guards of the Wang family.

Bai Yulan struggled desperately, but it had no effect. She was just an ordinary person, and the Wang family who imprisoned her was regarded as all martial arts practitioners.

After some cold compresses and application, how long did the ointment last before the redness and swelling on Magnolia’s face went down and restored the original smooth and tender skin.

Yuzhu, who had been waiting for a long time, couldn’t wait a long time ago. She took her cousin’s hand and said anxiously, “Cousin, hurry up! Hurry up and change your face to save time for any changes.”

Wang Hong nodded and got up from the chair. This time he chose to indulge this unruly cousin and promised to help her with one last thing.

After doing this, if the weak Yuzhu doesn’t repent anymore, Wang Hong wouldn’t mind using a special method to kill her unconsciously.

The Wang family’s guards had cleaned Magnolia’s face and imprisoned her on the bed. Magnolia knew that this time there was really no escape. She struggled desperately but to no avail, she could only obey the arrangements of fate.

Just as all this was ready, when Wang Hong was about to start his hands, his personal guard suddenly broke in, knelt down on one knee and said: “Patriarch, the shadow warriors from the temples suddenly came to visit, please come to meet them.”

Wang Hong, who was planning to use the secret method to change his face, heard this message and stopped his movements, then looked back at his personal guard: “How come the shadows of the temples suddenly come to visit? Make sure the message is correct?”

“Return that the Patriarch is indeed the Lord Shadow Warrior in the temples. He is already waiting for his home in the Tingfeng Pavilion. Please hurry over.” The guard said truthfully.

Yuzhu was too anxious to see this situation suddenly happened, and she took Wang Hong’s arm and asked: “The cousin, the shadow man, can see him anytime. After all, he is just a dog of the master of the temples. You should help first. I changed my face using the secret technique!”

When something like this happened at a critical juncture, Yuzhu must be unhappy in her heart. A dog next to the shopkeeper of the Temple of Gods, why did she rush to the Wang’s family idly? Really annoying personally.

When Wang Hong heard this, he was immediately angry, slapped Yuzhu’s face with a slap, knocked her to the ground directly: “What kind of bastard are you talking about? Is it possible that you really want to kill the Wang family? Will all the foundations of the ages be destroyed in your hands?

Is the temple of the gods a topic that a woman of you can chew on? Even if the shadow warrior is just a guard next to the master of the temple of the gods, it is not something we can talk about at will. I will not forgive me next time I hear such words. you! ”

Wang Hongyi turned and left without paying attention to the jade beads that he knocked over to the ground, with blood still on the corners of his mouth and swollen face.

Saying this kind of rebelliousness, it’s really too light to just slap her, cut her tongue, and even kill her.

This time, he strengthened Wang Hong’s previous thoughts. In any case, this rich man who doesn’t know the depth must be solved, and the province will cause trouble to the Wang family.

After a long time, Wang Hong arrived at the Tingfeng Pavilion. At this time, the film crew was standing in

front of the window, looking at the scenery outside.

“Wang Hong doesn’t know that Master Cinematography is in a humble home, and there is no hospitality. Don’t mind Master Cinematography!” Wang Hong stepped forward and said quickly. The movie star slowly turned to look at Wang Hong, and asked without changing his face: “I don’t know if the Wang family has arrested someone who shouldn’t be arrested. The two women are both beautiful in their 20s and 30s.”

As soon as the voice fell, the shadow soldier directly took out two photos and threw them on the table. When Wang Hong heard what the movie star said, he subconsciously thought of the two women brought back by his cousin before. They were also in their twenties and thirties, and they were so beautiful that it was impossible for them to be what the movie star said. Are they?

Thinking of this, Wang Hong’s heart squatted inexplicably, and the expression on his face became a little unnatural. He slowly walked up to see the photos on the table. Is it really what he thought?

### **Chapter: 1594**

boom!

Seeing the two photos on the table, Wang Hong’s brain seemed to have been bombarded by a burst of thunder.

How familiar are the two people in the photo, it is Magnolia and Jia Rou who are kept in the secret room by their Wang family!

How could this be?

Aren’t those two cousins Yuzhu, two people captured from the secular world? Logically speaking, it should be just an ordinary person with what ability and background. Why would the shadow masters of the temples also be involved?

The kings of the big clan of the sect of the film sect are not afraid of that, but it is only the TV of the gods, and these sects of the film sect can not offend people.

Wang Hong wanted to conceal it, but when he looked up, he saw the eagle-like eyes of the film and television, staring at her, as if all the things she was thinking in her heart had been seen through.

Originally wanted to lie, and to prevaricate this matter, now it seems that lying is simply asking for death.

“Looking at the expression of Patriarch Wang, I have seen the two in the photo. I don’t know where the two women in the photo are? Are they still alive?” Although the filmmaker’s tone was very plain, he gave people an inexplicable depression. feel.

The strength of the movie star and the Wang Family Patriarch Wang Hong can be considered to be on the same level, but the identities of the two are vastly different.

He is already the pillar of the Wang family. And the movie warrior is just a guard of the temples, but there are shopkeepers of the temples supporting him!

Now Wang Hong is indeed in a dilemma. He can’t think of a countermeasure for a while.

If you tell the film and television lord directly that the two women have been tied back by her, Bai Yulan and Jia Rou will definitely tell the filmmakers that their Wang family will strip them.

I don’t know what kind of relationship the two women have with the temples, but the two of them do have a beautiful appearance. Maybe they are the beautiful concubines of the adults in the temples.

More than the four main generals, when I talked about this, a layer of cold sweat was already emerging from behind Wang Hong.

If it was said that his royal family was not finished with it, even if it was not completely annihilated, but

it was targeted by the masters of the temples, that day would definitely not be any better. If he didn't say it, it wouldn't work. Even though he pretended to be a good one, the shadow master still saw the flaws on his face, and lying would only make things worse. The reason for all of this is all because of her arrogant cousin Yuzhu, who has no money and brains. If she hadn't brought her two daughters back, how could such a difficult thing happen today? "Master cinematic does not hide from you, I have indeed seen the two people in this photo..." Wang Hongzhen has a way to hide that the cinematic can only be recruited truthfully. Hearing this, the movie star stared at Wang Hong coldly: "Did you arrest the two women?" Wang Hong knelt down with a thud in horror, and said quickly: "Master Cinematography is not like that! I did see the second woman in the photo, but I didn't catch it back." Speaking of this, Wang Hong paused and began to think carefully about this matter. Since the movie fighter found here, it means that he has enough confidence that it was their king's family who took the person away. Since this is the case, the sophistry is definitely not enough, Wang Hong simply pushed the whole thing directly to his troublesome cousin Yuzhu. "I did see the two women in the photo. Two days ago, they were caught by my distant cousin. My cousin is in her 50s and she is still stubborn and self-willed. Her parents died early, and it was just my relative, so I never asked her too many things. Everything was due to her temperament. The second daughter in the photo was caught by my cousin in the secret room. , And there is no money for them, I will take you to see it. " Fortunately, Bai Yulan and Jia Rou were not harmed. If they were really to blame, the people in the temples would only vent their anger on the cousin Yuzhu. If he blames him, he will always blame him for inadequate discipline.

## **Chapter: 1595**

When Wang Hong and the shadow warrior came to the entrance of the secret room, they saw Yuzhu coming out angrily. Seeing that the shadow warrior didn't come forward and salute, they went straight to Wang Hong's side.

"Cousin, why did you come for so long? Hurry up, I'm almost dying of anxiety, let's do the face change earlier!"

Yuzhu urged him as he walked, not even noticing that the gloomy face of Wang Hong was about to drip out. If the Lord Shadow Warrior was there, he would even directly strangle the brainless woman.

When I left, I slapped him. I didn't think it was such a long memory. Now I still have such a mouth. If I don't block it, I really want to take the Wang family to be buried with her?

What a movie star! In this sentence of Yuzhu, I naturally heard the strangeness, and then asked:

"Change your face? I don't know who you want to change your face with?"

When Wang Hong saw that something was not right, he quickly started to stop his unobstructed cousin from continuing to speak. If he was allowed to speak, the matter would become very complicated.

Just when he was trying to stop, the movie fighter's hand was on his shoulder, the feeling was as if a hill was directly pressed down, even Wang Hong couldn't bear it, and quickly used his internal strength to resist. .

Would the movie star not understand this move? This is not telling him in disguise, don't bother by venting, otherwise, don't blame him for doing it directly.

Rebelling against the temples and giving Wang Hong 100 courage, he can't do such a thing. He can only

hope that his unabashed cousin can see the current situation clearly and speak less.

Soon all Wang Hong's hopes were lost. Yuzhu came to the two of them, and after looking at the movie star carefully, he said disdainfully: "I'll change faces with two little sluts, and you What does it matter? Why do you ask so much when you are idle?"

In the final analysis, although the shadow warrior is a person respected by the masters of the Sejong family, it is only a guard next to the masters of the temples, and the clothes worn are the clothes of the guards of the ordinary temples. There are some more complicated patterns.

Yuzhu saw the clothes she was wearing, which seemed to be worn by a subordinate, so she didn't put her in her eyes at all, and she was not polite.

And Wang Hong was so angry that she almost fainted. She, a brainless cousin, really didn't know how to write dead words?

It's okay to be spontaneous and self-willed in normal times. Why does she want to see who the person in front of her is today? Those are people from the temples, the Wang Family will really be killed by him this time.

There was regret in Wang Hong's heart. He should do everything possible to kill this scourge at all costs after Yuzhu's parents died, so that there would not be so many things.

"Two sluts? What kind of people made you angry?" There was a faint smile on the face of the movie fighter, but his eyes were extremely cold.

I didn't want to mention these things to outsiders, but when I think that I will soon have a beautiful face, it is not impossible to share my happiness with others.

Yuzhu raised her eyebrows with a thick smile on her face: "I passed away a few days ago and went to play in the secular world. I met two slut in a shop. They didn't even look at me because of their beauty. I don't even know how many people I've killed. When I came back, I was directly arrested these two slut. By the way, I killed his guard. I saw two people at the time. A woman's painful expression is really refreshing, and now I think about it, it's endless aftertaste! "

## **Chapter: 1596**

If the death is also divided into realms, the jade bead can be said to be the deserved first place, and the one that grows on the neck can be described as a tumor, which has no effect at all.

Wang Hong who was competing was already desperate. In any case, the Wang family would definitely be rejected by the temples. It is very possible that his proud son would also be rejected by the temples. At today's conference, his son has the possibility of winning the championship. He was really burdened by this jade pearl. Wang Hong even had the idea of swallowing the jade pearl alive, and wanted to cut her flesh piece by piece from his body and let him Feel the pain of Ling Chi.

"Then you are really amazing!" The film actor did not expressly praise Yuzhu, his face immediately became cold recently, and Wang Hong, who looked to the side, said coldly, "Why are you still stunned? Take me Go find two people."

Yuzhu wondered how this person was talking to his cousin? In any case, his cousin is also the head of the Wang family.

Thinking of Yuzhu's mind suddenly flashed a flash of lightning, and suddenly remembered what the guard who had reported before, the shadow warrior of the temples came to visit, it is possible that the person in front of him was the shadow warrior of the temples, because he had offended and suffered. Slapped his cousin.

The tone of my previous speech was indeed a bit too much, but in the face of the Wang family, maybe

the temples would not take her any way? Thinking of the jade beads here, the holding heart was relieved.

But why can't she figure out the shadow warriors of the temples? Why did he come to the king's secret room? Does he want to meet someone?

Yuzhu didn't hold back in her heart to ask what she was thinking about, and she simply asked directly:

"Cousin, and Master Cinematography, what are you doing in the secret room?"

A sneer appeared at the corner of the film's mouth, and then he said truthfully: "Take away the two women you captured."

As soon as she heard this, Yuzhu immediately became displeased, but she was about to change her face, how could someone just take it away like this? No, this thing is absolutely unacceptable.

If you miss such a good two people, it will be difficult to meet such a beautiful beauty in the future. After encountering a character like Magnolia, Yuzhu thinks day and night that she will become that look. She's about to change her face. At this critical moment, how can she let people take her good face away?

"Cousin, please talk to Master Cinematography! That is my person, the person I like, today anyway? No one can take them away!" Yuzhu came to Wang Hong's side and whispered Said.

At this time, Wang Hong couldn't wait to kill Yuzhu. What she had done before was not enough for her to die 10,000 times. Now she is still seeking death in a disguised form. This kind of woman is simply hopeless.

After taking a few heavy breaths, Wang Hong suppressed the anger in his heart and ignored Yuzhu, but walked straight towards the secret room.

The cousin had promised to change his face. Yuzhu could not understand why his cousin was helping an outsider now?

Since the cousin didn't speak, he would stop the movie star by saying anything by himself, and he could not let him take the two women away.

"I said that those two are mine, even if you are from the temples, what can you do? How can you rob someone from others without authorization? Are there any rules for the temples?" Yuzhu He stopped in front of the movie fighter regardless, and said without fear.

Wang Hong never thought that his brain-dead cousin could do this kind of thing. The blue veins on his forehead burst. Just when he wanted to raise his hand to pump this, he heard the shadow warrior next to him. Spoke up.

"If I remember that is wrong, you said earlier that you snatched the two women back from the secular world. Why did they become yours if they snatched the house? You know that they are the wife and friend of a friend of mine, but I am He agreed to his request and took the people back. Do you want to stop this too?"

Yuzhu didn't know what to say. At this moment, he also felt that he was a little bit wrong. After all, the person was snatched by himself. In addition, because the other party was a person from the temples, he was also afraid and did not dare to forcefully arrogant.

Yuzhu then slowly let go of a path to let Master Cinematography and Wang Hong enter the room.

## **Chapter: 1597**

Pushing the door open, you can see that Magnolia's hands and feet are tied to the bed. She presents a line of overcoats. There is a high-heeled shoe on her white dress, and even a hole is punched out of the heel.

How would it feel to be kicked by such a sharp heel? Just thinking about it makes me feel

uncomfortable.

The people who came were the movie star, Bai Yulan and Jia Rou, and didn't have any feelings. He was just acting on orders.

If Yu Sheng came here this time, and I saw that Magnolia suffered such grievances, she would definitely not be so plain as a movie star. If others dared to hurt Magnolia's dividends, then she would definitely hurt Magnolia's people on the spot.

How dare Wang Hong stay for a while, and immediately commanded the guards of the Wang family, and quickly loosened Bai Yulan and Jia Rou.

Jia Rou looked at the movie fighter in front of him and felt a little familiar, as if she had seen it somewhere? Generally, when I think about it carefully, I think that night of that day is the invitation that the person in front of me sent to Yu Sheng from Jia's house in person.

Reminiscing that after he had come, those who kidnapped him were sent to them and tied up, which shows that she came to rescue them.

These two days were in a desperate situation for Jia Rou or Magnolia, and even had the urge to die, because they had no possibility of going out in this secret room.

The main reason was that the opponent was too strong, and Jia Zhong, the guard of the Jia family, was killed so easily. Jia Rou felt that even if his father found him, it was absolutely impossible for him to belong to this group.

Jia Rou is not sure whether Yu Sheng can fight these people, but the only certainty is that Yu Sheng has no way to come back.

The feeling of dying was uncomfortable. When I closed my eyes, I was stripped of my face. The bloody face was extremely hideous and terrifying. Now someone really came to rescue them, Jia Rou couldn't help it. She shed tears and grabbed Magnolia's hand and said excitedly: "He is here for us!"

The two women were so excited that they hugged each other and cried and turned into tears. If there is hope of life, then who wants to die like this in their blooming years? They still have many people who can't let go.

Jade Zhu, who was standing by the door, saw the two girls crying with joy, and she didn't even hit her teeth and rattled her teeth.

How could these two women be so lucky? They were already in their own pockets, and someone came to rescue them at such a critical moment.

It's not enough for God to give them the face of such a character, and to make them so lucky, this world is really not fair at all!

Seeing that the two women didn't have any surprises, the film crew was quite satisfied. As for Wang Hong, he had always been afraid that the temples would have nothing to do with the Wang family because of this.

He was just following the order to take these two people back. Whether to take revenge or not is a matter for the rest of his life. It has nothing to do with the temples and him.

The movie star could see what Wang Hong was afraid of, but he didn't have a clear idea about the relationship, but he took the two daughters and turned around and left the Wang family.

As for the things that Jade Zhu was disrespectful to him before, the film crew had no deliberate arrangements, but he could guess what that Jade Zhu would experience soon.

Will the person who can sit firmly in the position of the head of the huge Wang family, will it be the generation to wait? Such a person must be cruel, capable and intelligent.

After the movie star left, Yuzhu was so angry that he smashed the Wang family again to vent the anger

in his heart.

The room she lived in was messy, fragments such as antique vases were everywhere, and the luxurious clothes were cut into pieces by her with scissors.

After Wang Hong sent the Lord Shadow Warrior away, he immediately came to the room where Yuzhu was, and saw the mess in that room and the crazy dead woman, his face was gloomy as water.

### **Chapter: 1598**

Yuzhu, who was cutting Gu Zizai's clothes, heard it. She raised her head and looked at her cousin. She was so angry that the scissors in your hand hit Wang Hong's feet.

"Cousin, no matter how much you say, you are also the head of the Wang family? How can you be so useless? If you ask people to take people away, let people take people away. If those two bitches are gone, I will change my face. Who will change it?"

Yuzhu shouted hoarsely while picking up another famous painting at random, which was torn to pieces by him.

Wang Hong looked at the scissors at his feet and narrowed his eyes. At this moment, he was really thinking about killing.

The guard next to him seemed to understand Wang Hong's meaning, and immediately grabbed Yuzhu. Yuzhu didn't think that his cousin would treat her like this. She took a slap inexplicably, which made her hate her. Now she is still being arrested. Isn't he really afraid that he will treat her like this? Did you tell me all the sorrows of killing your father and your brother?

In this hidden sect, how many brothers are fighting for the position of Patriarch! Even the princes of the ancient emperors killed their own brothers for a throne, and it was quite normal to even kill the father. Of course, those history books are all written by victors, and they can write whatever they want. As long as these secrets are hidden, nothing happened.

Wang Hong is no exception. Naturally, he wants to hide all the ugly things he has done. This has become the handle that Yuzhu has been holding in his hand.

"Cousin, you dare to do this to me. Are you not worthy of the things you have done? Are you all shaken by me?"

If you let me go now, I know that today's things have never happened before, provided that you kill this dog that dared to catch me!"

Yuzhu's eyes were fixed on the guard who was holding him. Just now, this guy used too much force and made her arm hurt. That's why she made such a request.

Yuzhu didn't even think that what she said just now, while angering Wang Hong, this is not an ordinary guard, it is someone who has been with Wang Hong for more than 50 years, so how could it be possible to kill he.

"Kill him for you? I'm afraid you are dreaming. The only person who will die today is you!" Wang Hong pinched Yuzhu's chin and said word by word. They were almost swallowing the jade beads with the resentment in their eyes. Nothing.

There was originally a moment when the jade pearl was holding no fear, but I felt scared inexplicably. The terrifying eyes looked at her and it was terrifying. Is this person in front of her cousin who follows her heart everywhere? How can you be like a devil?

Holding back the fear in her heart, Yuzhu begged for mercy: "Cousin, I am your cousin, how can you bear to kill me? If you don't go back in two days, the Yu family will do everything you have done. To make it public, do you really want to coax it so hard?"

How could Wang Hong not understand this truth? As long as Yuzhu does not die of old age, all special deaths will be blamed on him, and the people of the Yu family will also disclose all his secrets to the world.

Because of this, Wang Hong didn't dare to kill her, but now he was not afraid, because he thought of a perfect idea.

A mocking smile appeared at the corner of Wang Hong's mouth, and he reached out and patted Yuzhu's obviously aging face: "My silly cousin, you reminded cousin that there is still a face-changing technique in this world!

If I peel off your skin and put it on someone else's face, she won't have the same look as you, enough to replace you! And I believe that person will be very obedient, unlike you always thinking about how to die, if you want to die so much, then I will fulfill you! "

### **Chapter: 1599**

Yuzhu wanted to change her face with Bai Yulan. Now that Bai Yulan's face has not been changed, her face will be peeled off by others.

If the cousin really replaces her skin on someone else's body, it can really replace her completely. In this way, there will be a second jade bead living for her in the world. The things that Wang Hong did naturally Nor will it be made public.

This possibility is practicable. Thinking that Yuzhu feels the crisis of life here, she is no longer as pretentious and domineering as she used to be, letting her cousin's handle be in her hands and not focusing on him.

thump.

Yuzhu knelt on the ground in horror, grabbing Wang Hong's clothes and crying and begging for mercy: "Cousin, I was wrong. I was really wrong. I shouldn't let you kill your guard. Everything is my ignorance, you Don't kill me!

Have you forgotten? My parents died for you. You owe us great kindness to the Yu Family! I am the only descendant of my Yu family, how can you bear to let my Yu family die? "

Kindness?

Thinking of this, Wang Hong sneered. He even dared to kill his father and brother, so would he care about the kindness of others to him?

"Cousin, don't talk about the bad ones. Didn't you make all kinds of urging before, let me change your face? Okay, I will change you now!" At the end, Wang Hong's tone was extraordinarily insidious.

Seeing that it was useless to beg for mercy, Yuzhu stepped back dozens of steps, and looked at her cousin who she loved very much in fear with her face full of fear, as if she looked at Shura who was deadly.

She kept shaking her head, always unwilling to believe that what happened before her was really a nightmare.

Yuzhu kept shaking his head, expressing his own rejection: "No, you can't treat me like this! No, no!"

Wang Hong stopped talking to Yuzhu, and directly gave his personal guard a color. The guard immediately understood what he meant, and immediately grabbed the Yuzhu and sent it to the secret room.

It was still the brightly lit, and there was still a two-meter-long bed, and the sheets on the bed were a bit messy, which was caused by the previous Magnolia being tied up and struggling with both hands and feet.

In fact, there was another woman lying on the big bed, who was about 50 years old, and she was wearing the clothes of a servant of the royal family.

When Yuzhu really saw this scene, she completely collapsed, sitting on the ground feebly, as if she could imagine what was about to happen.

Her cousin would really peel off his face and replace her with the face of a member of the Wang family.

Wang Hong walked to Yuzhu's face step by step, gently tidying up the messy hair on her head, and said in a very pampering voice: "Don't be afraid, cousin's face changing technique is very good."

When Yuzhu wanted to continue struggling, Wang Hong clicked a dumb acupuncture point and it was difficult to say another. She desperately opened her mouth, one by one, but she couldn't make any sound.

Without that harsh sound and crying, Wang Hongdu's face-changing technique went very smoothly, and how long did Yuzhu's annoying face change on the face of the man who was serving by the Wang family. It's just that the face of the man lying next to Yuzhu's face is bloody and bloody, it is completely a monster with a face, very hideous and terrifying.

There was no cheeky, Yuzhu, after waking up, she touched her face subconsciously. The unforgettable pain that touched her face with her hands almost made her faint.

At the same time, Wang Hong also installed four-walled mirrors in the room very intimately, which can be described as 360 degrees without dead ends. Let her beauty-loving sister Yuzhu look in the mirror, so that she can appreciate it, and she has no skin. What is your self like?

## **Chapter: 1600**

"Thank you Lord Cinematography, for your help!" After the two women left the Wang family, they bowed to the Lord Cinematography to express their gratitude to him.

But the movie fighter didn't have any reaction, his face still had that cold look, as if he hadn't heard the words of the two women.

Seeing him like this, Bai Yulan and Jia Rou didn't know what to do for a while, and couldn't make up their minds after looking at each other.

"Master Cinematography, we are not unforgettable for your kindness, there is nothing we can thank, and we hope to invite you to Jia's house and let us treat you." Jia Rou said with a smile.

"I'm afraid you made a mistake, right? I am not simply trying to save you. If you can go back alive, it depends on whether the rest of your life can win the Grand Tournament. If he loses in the competition, don't even think about it. Go back alive." The filmmaker said lightly, grabbing the figure of the two women at random, and disappearing outside the door of the Wang family.

.....

The moon was cold and the stars were sparse. For the rest of her life, leaning on the big tree, Gu spontaneously looked at the few stars in the sky. Unknowingly, there seemed to be a familiar phantom in the sky, just like Magnolia, and she was smiling at herself.

When Yu Sheng wanted to reach out and touch it, the picture turned into a little water lying on the hospital bed, his face became paler, and even a layer of unnatural gray was faint.

The smile that appeared at the corner of Yusheng's mouth suddenly disappeared because of seeing Magnolia Yusheng's mouth, and some were full of worries and self-blame.

On the side, there is a sleeping Jia Ming who sees his master laughing and crying from time to time. He is really a little scared. I don't understand why he behaves like this?

What he thinks in his heart now is that he hopes that the Hundred Days Conference can be held soon

and get rid of this place where birds do not shit, and by the way complain to his old sister, how bad the place is here, and how bad the people here are. .

In fact, it has been so long since I saw the fairy sister, Jia Ming also missed it very much in his heart, but he knew in his heart that after all, it was a feminine tone that she would never get. It's better to be realistic and chase Li Xingyun honestly. There may be some hope.

Thinking of Li Xingyun's goodness in Jia Ming's mind here, what a docile little girl, it's a beautiful thing to think about spoiling it when you marry home.

As for the martial arts, after these few days of the Jade Tournament, Jia Ming also has the meaning of yearning. He is very jealous when looking at someone else's ability to make people shocking. Only the strong will be affected by others. Respect, so he has to work hard to become stronger.

After these few days of hard practice, Jia Ming has been able to faintly release a trace of internal strength. The power of please is equivalent to standing 1.5 meters away, fighting an empty plastic bottle, and knocking down the plastic bottle. It won't work if there is water in it.

Even if this internal force is so insignificant, it is more real than this to have the time to punch the opponent, but this still makes Jia Ming stunned, and at least his efforts have paid off.

Being able to cultivate internal strength in such a short period of time also shows that Jia Ming's own talent is not too mediocre.

It is a bit late for him to start practicing martial arts when he is almost 30 years old, and not everyone has such a talent that is as good as Yu Sheng.

However, following this trend, the pseudonym is still very promising, surpassing his father Jia Xing. After all, his talent is better than Jia Xing, not to mention the guidance of a powerful master like Yu Sheng?

While in a daze, Yu Sheng suddenly saw a familiar figure, and quickly got up and chased after him.
