

## Dont mess 1651

### Chapter: 1651

“Yu Dong, you are so busy for tens of millions of minutes, I am just a little secretary of yours, how dare you take the time to see my mother? We are not so lucky.” Xiao Zixin casually found an excuse Just want to prevaricate in the past.

Before that, she was talking too much, and she was inexplicably speaking out the thoughts in her heart. It was true that her mother wanted to see the rest of her life.

At that time, Yu Sheng went to their house in the image of her boyfriend, and her mother was also asking if she and Yu Sheng broke up?

You said that the young man was a nice guy and someone you could rely on. You also told Xiao Zixin to let him live for the rest of his life.

In the past few years, Xiao Zixin’s mother has not seen Yu Sheng’s mouth chattering. In fact, she is already sure in her heart that her daughter has broken up with Yu Sheng, otherwise Yu Sheng should also come to see her during the holidays?

So these days, Xiao Zixin has been forcing Xiao Zixin to go on a blind date, saying that he is also a girl in her 20s. Other girls have married and had children at her age, and she is still single.

Inexplicably, she remembered her mother’s nagging voice. Xiao Zixin felt a headache after thinking about it. Alliance shook her head and waved all the weird thoughts behind her head.

Listening to Xiao Zixin’s yin and yang passage, Yu Sheng felt weird. He even felt that she was ridiculing herself. Her little secretary was a little brave, and it was the first one to ridicule his boss like this.

“If you say these things that don’t make sense, I will be angry. Don’t rely on your beauty and ability to work. I dare not punish you. Believe it or not that I sue you in front of my aunt?” Yu Sheng thought about teasing. I am teasing myself, this little secretary, because the atmosphere between the two people is really too embarrassing.

Yu Sheng was not a fool. Ever since Xiao Zixin appeared when he entered the Four Seas Group Company, he had always kept a straight face. Although what he said was respectful, the dissatisfaction on her face was almost completely written on her face.

The woman’s mind is too profound, even Magnolia can’t touch the car for the rest of her life, so why would she still want to see through Xiao Zixin’s thoughts?

I wonder why Xiao Zixin is unhappy? I didn’t offend her when I just came back! But following her heart, making her happy is not bad at all.

Xiao Zixin was just about to say something, Yu Sheng, she interrupted her directly: “Don’t talk nonsense, the salary matter is already busy, and we just have time to buy something and see Auntie!

Can’t refuse that it’s working time. You are my secretary. I am ordering you, not negotiating with you, okay?”

Xiao Zixin’s open mouth didn’t say a word for a long time, and then closed it again. If Yu Sheng used official business to suppress her, she really had nothing to say.

“I want to remind you now, it’s not what I think of you, it’s my mother who thinks about you. Of course, it’s not the kind of thoughts of sex, but the kind of thoughts that want you to be his son-in-law.

If you really want to see her, you have to pretend to be my boyfriend. If you can’t do it, then it’s better not to go!”

Since Yu Sheng insisted on going, Xiao Zixin simply explained all his interests, saving time when she was caught in the middle and out of the way and was not a human being.

Yu Sheng hesitated when I heard Xiao Zixin say this. It was the juniors who went to see the elders out of politeness. It was good to buy something and talk, but to pretend to be Xiao Zixin's boyfriend, this made Yu Sheng always feel weird.

Can't say what's weird? However, the figure of Magnolia appeared in my mind for no apparent reason. It was just this matter, and it would be no good to let Magnolia know that she was sad.

Yu Sheng just wanted to refuse, Xiao Zixin seemed to see through his mind, with a lost expression on his face, and still said stiffly: "I knew that the chairman would refuse. I'm just a secretary for you. How can I expect you to meet? Where is my mother?"

It was another weird sentence of Yin and Yang. Yu Sheng was uncomfortable after hearing it, and his little secretary was really angry.

Forget it, it's because I insisted on going before and now I am going to regret it. It is indeed a bit bad. Anyway, it doesn't matter if I didn't pretend to pretend to pretend it again.

"Okay! I'll accompany you."

## **Chapter: 1652**

"Yu Dong, can't you talk over and over again for a big person like you? It's good to hear what you promised now. If you temporarily refuse it when you get to the place, it will affect your reputation and let your subordinates. Chill!" Xiao Zixin raised her eyebrows and looked at Yu Sheng, saying meaningfully.

I don't know why, now Xiao Zixin always wants to get tired of Yu Sheng's thoughts. She knows that if Yu Sheng pretends to be her boyfriend, he will definitely disagree. Who makes his heart full of white magnolia!

That's how Xiao Zixin felt very upset. Yu Sheng didn't want to go, so he let Yu Sheng go, and even asked Yu Sheng to pretend to be his boyfriend.

Although a little willful, Xiao Zixin understands better than anyone else that willfulness can only be willful this time, and there will be no such opportunities in the future.

Xiao Zixin said so, Yu Sheng naturally had no reason to refuse, and she sighed slightly: "Okay, let's go, take you to buy something for your auntie and see her old man."

How rich Yu Sheng is, Xiao Zixin is perhaps the one who knows the most, even better than Magnolia. Being his secretary for so long has a clear understanding of the value of the Sihai Group and the Science and Technology Park.

So on the way, Xiao Zixin picked some expensive things to buy, what kind of supplements? What kind of jewelry? The things the old people use are the best.

If Xiao Zixin came to buy these things, it wouldn't be impossible to buy them, but it would be painful to spend the money.

What a generous person for the rest of his life, he naturally wouldn't care about these little money. Xiao Zixin was responsible for picking things, so he was responsible for swiping the card in the back.

Originally, the two people planned to drive the car for the rest of their lives, but it was clear that one car would definitely not be able to be pulled, and then they ordered a car to load all the things they bought. The two luxury cars drove into the small town. People in the small town looked sideways. Those who were still eating all put down their bowls and chopsticks and ran out to see what the luxury cars looked like.

With the crowd watching, Yu Sheng's car stopped at the entrance of Xiao Zixin's house.

Over the years, Xiao Zixin has also made a lot of money working in the Sihai Group. It is still affordable to

buy a good house for her mother in the urban area, but Xiao Zixin's mother is unwilling to leave this place.

People who stay in one place for a long time always have feelings. In the past few years, Xiao Zixin has gone to school and studied abroad, and she has no time to spend time with her mother. Xiao Zixin's mother and the folks in the village spend even more time than her time as a daughter. It will take a long time, so they are more emotional.

"Mom, come out and see who I brought to see you?!" As soon as Xiao Zixin opened the car door, she couldn't wait to shout at the small building as soon as she got out of the car.

After a while, I saw a middle-aged woman Yixie pushing open the door and walking out, but she was full of smiles on her face in her 50s and 60s. With this smile, the wrinkles in the corners of his eyes became deeper, but look When I get up, I look a little bit more kind.

As soon as Mother Xiao walked out, her eyes passed by her daughter, she stayed on Yu Sheng's body. After seeing Yu Sheng, her smile on her face became thicker, and the steps under her feet accelerated a bit and came to Yu Sheng's side. Lived the hand of the rest of his life.

"Xiaoyu! You are quite willing to come and see Auntie, you don't know how much I miss you over the years, and you will always whisper in Zixin's ear.

I thought you broke up with my daughter! I have been blaming my stupid daughter for not knowing how to cherish you, a good man. Now I am relieved when I see you here! "

Seeing Yu Sheng's excitement, Xiao's mother said that she had to introduce her daughter's boyfriend to the neighbor who was watching the hot coaxing. The executives of the Four Seas Group Company had the ability to do so!

For the rest of her life who had been mentally prepared, when she really came here, she realized that it was completely different from what she thought in her heart.

Seen as a monkey by the neighbors of Xiao Zixin's neighborhood, even though she praised this young man for being good and capable! Young and promising, but still uncomfortable for the rest of his life.

"Auntie, there are some gifts bought for the folks in the village in the trunk. You can share them with them!"

### **Chapter: 1653**

Xiao's mother watched the two luxury cars in the rear compartments full of luxury gifts Moutai Zhonghua countless, and some luxury health products are also full.

Having Xiao Zixin, a very capable daughter, has given her a lot of blessings as a mother over the years, but seeing this scene in front of her is full of shock.

Seeing Xiao's mother for the rest of his life, she took the initiative to speak, "The car in the back is a gift for the folks in the village, and the car in front is specially selected for you."

Mother Xiao patted Yu Sheng's shoulder in relief, and looked at the envious eyes of the folks in the village, and he felt that he was now worthy of face.

"Come and come, I don't know what you like, what you like, this is what my son-in-law bought specially." Mother Xiao showed a very generous look, and let everyone choose directly.

The folks in the village looked at the good things in this car, and were not so polite. After a few moments, they started to choose what they liked.

After taking the things, I didn't forget to praise Yu Sheng and Xiao Zixin for how capable they were.

"The child Zixin is the one I looked at when I grew up. She is beautiful, has good academic performance, and finds a good job when she grows up. At first glance, she is a person with great abilities. Now it is

even more amazing to find a boyfriend. Children are born with riches and fate!”

“Yeah, yeah! We from Shili Baxiang, Shu Zixin, looks the best, even better than the stars on TV! Now I have found a boyfriend who is a big boss, a talented girl, sister-in-law, You are blessed!”

“I want to have a daughter like Zixin! You can wake up with a smile when you sleep, it’s still your life!”

Listening to the compliments of the folks in the village, Xiao’s mother was so happy from ear to ear that the wrinkles on his face were about to smile a few more.

After the compliments from the folks in the village, it was no good to stay here again, delaying other people’s affairs, and leaving after bidding farewell one by one.

Seeing that after everyone left, Mother Xiao sighed with satisfaction, but today was too comfortable, and he released all the suffocation he suffered in the past two years.

In the past, when the life was hard, the folks from the village would help a group. Later, Xiao Zixin was admitted to university and got a good job. When others saw that his family had become so good, they would be jealous and talk about them secretly from time to time. Niang’s bad words.

Coupled with the fact that Xiao Zixin has always had a boyfriend around her over the years, and everyone else wants to introduce Xiao Zixin to him, all of them are pushed by him.

Some people began to say that Xiao Zixin relied on her good looks to be a junior to other big bosses, and the big boss didn’t give her status.

It must be very uncomfortable to hear this kind of words in Xiao’s ears, but his proud daughter was said by others, and she wanted to tear other people’s mouths, but the other people’s mouths It just grows on someone else, and can’t manage it for a while, and it doesn’t matter for a lifetime. In addition to the fact that the folks in the village bow their heads and don’t see them, they have to take care of their faces when they look up.

Because of all these reasons, Xiao’s mother has always been uncomfortable, always nagging Xiao Zixin by her side to ask her to find a boyfriend. Now the rest of her life has appeared, but it has made him grow a face fiercely. Starting today, she To see who is not long-eyed still dare to talk about her daughter’s gossip.

As soon as the car parked outside, for the rest of my life, there were no children in the house, so I surrounded the two cars. I stretched out my hand to touch it, and swayed here and there again.

Yu Sheng didn’t care how much, Xiao Mu couldn’t stand it anymore. After all, this was a luxury car. If it was drawn and bumped into it, it would cost tens of thousands. She didn’t feel distressed for the rest of her life. She was still distressed!

Mother Xiao stepped forward and drove the children away. After a while, the children ran over to Shenzhen again, and some picked up the pebbles and were about to scrape them into the car.

The bear child is one of the most difficult creatures to deal with in the world, challenging the adults’ bottom line again and again, and there is no way for Xiao’s mother to do it.

“For the rest of your life! Or you should let the two drivers in the car drive the car back first! If you scratch the car, it won’t be worth it.

In fact, in my heart I still want you to live at home for two days and disappeared for so many years, the nanny panicked in my heart! “Mother Xiao took Yu Sheng’s hand, unwilling to look at him like that.

Yu Sheng sighed helplessly, and finally gritted his teeth and agreed. If he really stood in the position of Xiao Zixin’s boyfriend, it would be inappropriate to leave in a hurry if he didn’t come once in a few years. When I came here, I said I wanted to act. Since acting, I have to do my best! The most important thing is to make the elderly happy.

Yu Sheng hasn’t been there since she was a child, and mother and father are obsessed with martial arts

and can give the rest of his life the love of fatherhood. Now I see Xiao Mu Yu Sheng feel the love of her elders for the younger generation from her.

“Okay, Auntie, I’ll take it for two days. I can’t stay with you for too long if there is something in the company.”

#### **Chapter: 1654**

Yu Sheng’s arrival was very warmly received by Xiao’s mother, and she directly gave her daughter Xiao Zixin to Liang, but Yu Sheng was more like her son.

Xiao Zixin was speechless to deal with such a gap, and simply rolled his eyes towards Yu Sheng. He couldn’t lose his temper at his mother, right?

In fact, Xiao’s mother can understand Xiao Zixin’s feelings. These years, she is really too persistent. She doesn’t fall in love and only works. This makes my own mother think that she will be an old nun for a lifetime, and she is always afraid that she will not marry. go out.

“For the rest of your life! You have known Zixin for so long. I heard that you were still college classmates before? They also know each other.

I know that you have been married, but as long as you treat Zixin sincerely, it is not a problem. I only hope that Zixin can have a good home. I will be content as a mother.

You are the young man I like, and you are also my savior. I entrust Zixin to you, naturally, more at ease than anyone else.”

After Xiao’s mother entered the door, she had been holding Yu Sheng’s hand very cordially, and as soon as she sat down, she began to discuss the important matter of the two people’s marriage.

Xiao Zixin was drinking tea. Hearing these words from her mother, the tea suddenly entered her throat, which made her cough violently.

“Mom! What are you talking about? The two of us are still young, so don’t worry. What’s more, she is still busy with her career now, and now it is his career rising period and she has no time to get married!”

Xiao Zixin saw her mother say more and more Going too far, just find a reason to try to prevaricate, for fear that she will say something shocking and weeping again.

Who knew that when Mother Xiao turned her head, she glared at Xiao Zixin fiercely, as if facing the kind face of Yu Sheng, as if they were two people.

“You are my daughter and I know you better than anyone else. Don’t think that I don’t know that you have to take a peek at the picture of Xiaoyu on your bedside table at night.

I know that you want to marry Xiaoyu in your heart because you are afraid of delaying his work. In fact, as long as the two of you truly love each other, you don’t need to have a big wedding.

Our family gathers to have a meal, get a certificate, and we will have a good time in the future.”

Mother Xiao is so old, and she has all the blessings she deserves. She is happier than anyone else when her daughter is so upbeat, but Xiao Zixin’s marriage has always been her heart disease.

She is really afraid that one day she will be dead by accident. By then, there will be no one beside her daughter. She doesn’t want her daughter to be so lonely, and she doesn’t want his daughter to live like a man, then. Tired, snuggle up next to others, and be a happy husband and child of a little woman, that’s enough.

Xiao Zixin’s expression was lonely, she originally wanted to stop her mother, and then said his private affairs in Yu Sheng’s face.

But seeing his mother being so serious, after all, he still dare not speak. At this moment, he felt that he really did not fulfill the responsibility of a daughter.

The only person present was the most embarrassing one for the rest of his life. He obviously came here to act in order to reassure Xiao Zixin's mother. Now the unexplainable situation has become a forced marriage, which is a bit outrageous.

The rest of my life didn't dare to speak, I was really afraid that I would not say anything right, and it caused Xiao's mother to misunderstand that the three people were unhappy at the time, which is not good.

Reached out and pushed Xiao Zixin aside, Yu Sheng gave her a color.

Xiao Zixin also understood Yu Sheng's embarrassment, and returned her apologetic look. Recently, she turned her gaze on her mother: "Mom! Don't talk about it. I and Yu Sheng have not eaten all the way, belly. I'm almost hungry."

Mother Xiao slapped her thigh and stood up from the sofa as if she suddenly realized: "You are my brain, so I know I'm happy. I forgot to get you something to eat. Wait. I have to make a meal for you when I go shopping. Hearty."

"No, no auntie, no need to be so troublesome, I have already booked the hotel, then I will ask someone to pick us up and go directly to the hotel." Yu Sheng said quickly.

"That's it? Let's do it! Anyway, I live here for two days, and I have time to cook for you." Mother Xiao looked at Yu Sheng with a look of relief, watching Yu Sheng more and more like it.

At this moment, a car squatted down outside the door. The people in the car didn't get out of the car directly. On the contrary, they were afraid that others would not know, so they generally honked the horn severely twice.

## **Chapter: 1655**

Mother Xiao looked out the door. When she saw the car clearly, she was still smiling from ear to ear, but she pulled it off with a single brush, and her face became a little hard to look at.

"Is my second aunt back?" Xiao Zixin knew when she saw her mother's face that her second aunt was back.

The relationship between the two families has not been very good. The main reason is that Xiao Zixin's second aunt, Ma Cuiying, has a bitter and mean character. The most important thing is that he likes to take advantage of him. Anyway, whoever is next to him will suffer. It is not unusual for him to say hello. It's okay for others not to greet her when they see her! But Xiao Zixin and them belonged to the same family. If the words under one roof reach the ears of others without speaking, it would be polite and disrespectful to the elders.

Huang Cuiying's pungent personality is well-known for the ten miles and eight villages, and the most important reason for her to behave like this is that Xiao Zixin's second uncle is too useless and afraid of her daughter-in-law.

At this moment, the second aunt of Xiao Zixin, Huang Cuiying, hung an lv bag and twisted her waist and walked in. After entering the house, she took off the sunglasses from her face.

She is in her 40s and 50s, and it is a bit weird to dress like this. Her figure is slightly fatter, and she is wearing a tight skirt, exposing all the meat on her stomach.

Even with this appearance, she didn't seem to know it. She thought she was pretty, and the eyes of Xiao Zixin's family were almost as high as the sky.

"Yo-yo-yo, there are really guests at home!" Huang Cuiying caught a glimpse of Yu Sheng, looked up and down, and then snorted disdainfully.

The look just now seemed to treat him as an object. For the rest of his life, he was seen a little strangely,

rubbing his nose unnaturally, thinking that Xiao Zixin's second aunt was a bitter and mean master!  
"This is my daughter's boyfriend, Xiaoyu!"

Although Xiao's mother didn't like Huang Cuiying, her husband was dead, and the years when she was haunted by ghosts, life at home was very difficult. Xiao Zixin still paid her second uncle for the money she went to college. borrowed.

Huang Cuiying naturally didn't know it, she was a veritable miser, and money could only get in and out of her hands. For example, the lv bag she was carrying was snatched from Xiao Zixin.

At that time, she didn't even know about it, until after Xiao Zixin graduated from university and went abroad to study.

Relying on helping their wives in times of crisis, now seeing Xiao Zixin's promise, she began to squeeze them mercilessly, trying to get some money from Xiao Zixin's hands.

Huang Cuiying herself has a son. He was not admitted to the university. He was only allowed to go to the university with money. After graduating from university, he wanted to find a job. After two days of internship, he was rushed back. Others didn't want him at all. , I think he is too lazy and can't do anything.

There is no way! If you can't find a job, you can only stay at home. The second uncle Xiao Zixin has been taking care of all the food and Lazarus, and she was raised as a giant baby. Huang Cuiying treats her only son as a treasure, and no one will listen!

Xiao Zixin supports her second uncle's family alone, and their family is like Xiao Zixin's assholes, and there is no way to get rid of it.

"Boy friend?"

When Huang Cuiying heard this, her face immediately changed. When she looked at Yu Sheng again, her eyes could not wait to see Yu Sheng from the inside out. Anyway, how unpleasant it is to look inside and out!

"The girl Zixin grew up when I watched. I don't have a daughter. I think of her as my own daughter. How can I find such a boyfriend casually?" The image in her eyes for the rest of her life turned into a pile of shit.

Xiao Zixin must have been upset when she saw her second aunt talking to Yu Sheng like this, and she immediately laughed angrily by his second aunt: "Second aunt, there is something wrong with what you said!

I remember when I was playing in your yard when I was a child, your family cooked pork ribs, and I didn't even take a look. You just said I was a gluttonous Nizi, and you just threw a bone you gnawed away in front of me and said Losing money like me is only worthy of bones. "

When Huang Cuiying heard Xiao Zixin say this, her face became a little ugly: "How many years ago this happened, I don't remember anymore, anyway, I don't think this is worthy of you for the rest of my life. You should consider Huang Shuai! That's me. Your mother's family, you will never suffer a loss if you marry in the past!"

## **Chapter: 1656**

Huang Shuai, the son of Huang Cuiying's brother, is thirty-four years old this year. It was probably Huang Cuiying who mentioned this to him during the New Year. Huang Shuai even went to their home to pay a New Year greeting to Xiao's mother.

If it is said that the person is good, and if the conditions are fair, Mother Xiao would not say that once she heard the name, her face would be ugly.

“Her second aunt, if you say this again, don’t blame me for turning your face and not acknowledging people. Your nephew, you don’t have any points in your heart, why are you rushing to let Zixin marry my family?” Mother Xiao said, holding back his anger. .

Huang Cuiying immediately became displeased when she heard this: “Sister-in-law, what you said is wrong, what’s the matter with my nephew? How energetic is that young man!

Although he had a failed marriage before him, he would love others after this lesson! I don’t know how many times better than this hairy boy, and I’m still Zixin’s second aunt. If the two family affairs really come to fruition, wouldn’t this be a kiss? ”

What kind of person Huang Shuai is a big drunkard who likes to drink, and he likes to gamble on two things when he is idle.

His previous daughter-in-law divorced her because he was drunk and liked to beat others, so he beat his daughter-in-law away.

It was such a scourge, Xiao mother felt that this kind of person would feel extremely disgusting when touching her daughter’s hand, if she let her daughter marry such a person, it would be better to let him die!

The more I thought about it, the more angry, Mother Xiao panting heavily, holding her heart in her hands, she almost had the tendency to be angered.

Although the days have been good in these years, Xiao’s mother is still very old, and she will always get some diseases when she is older. She has some heart diseases, and now she is offended by such a heart attack.

Upon seeing this, Xiao Zixin hurriedly took out the medicine and handed it to Xiao’s mother. After seeing her mother took the medicine, she passed the water over.

After seeing his mother’s face slowly improving. Only then did Xiao Zixin look at Huang Cuiying’s body, and said without anger: “I call you second aunt because of my second uncle, and I regard you as my elder.

If you are so my second uncle is not in the family, I would have slapped you with a big mouth long ago. Do you want to be mad at my mother?

Do you have any points on your nephew’s broken problems? Didn’t letting me marry push me into the fire pit? Isn’t it enough for me to support your family? Still want me to raise your natal family together? ”

Xiao Zixin was really anxious. Her second aunt was bitter and mean to their family. Now she even has to intervene in the important matter of her marriage. This hand is really too long.

And just now, he almost gave Xiao’s mother a qi sickness. It was really strange that he, a daughter, didn’t lose his temper.

Huang Cuiying didn’t think that Xiao Zixin, a dead girl, would dare to bump into her like this, and she also shook all the little purpose in her heart.

She wanted Xiao Zixin to marry because she wanted Xiao Zixin to raise her natal family together.

Anyway, he was so capable and could earn so much money in a year, and raising her family would not be exhausting.

In addition, my nephew had lost everything after seeing Xiao Zixin, and he had to say that except for Xiao Zixin, he would not marry in this life.

How can this kind of thing work? The Huang family is just his nephew, who has no one and a half sons and a half at the age of 34. You can’t watch their Huang family cut off children and grandchildren, right? That’s why Huang Cuiying is so worried about this matter.

Huang Cuiying, who was frustrated and frustrated, really wanted to slap Xiao Zixin with a big mouth, but was afraid that it would make the relationship too anxious, and if Xiao Zixin didn't give them money for the family, it would really outweigh the gain.

"Okay, okay, I won't mention this matter. My second aunt has finally come here, and I don't want to be awkward with you. Anyway, we are also a family, and we are better than an outsider!" said Huang Cuiying. A meaningful look at Yu Sheng.

This incident was unpleasant. Huang Cuiying was also a wise man when he turned the story straight when the timing was bad. With such a relative, Yu Sheng felt that his head was inexplicably big when he saw it. She didn't know how Xiao Zixin got through these years?

### **Chapter: 1657**

"Oh, what do you do for work? Look at your outfit, just like that, wouldn't it be a takeaway for others? If you really do the dirty work of delivering food, don't want to marry Zixin. I won't agree to anything." Huang Cuiying looked at Yu Sheng with a disdainful face, and now the young man didn't even wear a famous brand, showing a sour taste.

For an hour like this, Huang Cuiying really couldn't understand how Xiao Zixin's silly girl fell in love with him, maybe he was deceived by his rhetoric!

Yu Sheng didn't care that others couldn't stand up to him. When the strength was so strong, others tended to have less vision, because for someone like Huang Cuiying, Yu Sheng had no need to put it in his heart at all.

It's just that she was full of contempt for the takeaway brother, which made Yu Sheng feel a little uncomfortable. No matter what, other people are eating by their ability, unlike their family who all counted on Xiao Zixin to raise them.

"I don't think it's shameful to be a takeaway. I earn money by my ability and work regardless of high or low." Yu Sheng said lightly with a decent smile on his face.

When Huang Cuiying heard this, she burst into laughter, and Yu Sheng's words made her even more accurate. This poor boy is a takeaway.

"Your boy's mouth is quite eloquent, just like you, can you afford to marry Zixin? It depends on your conditions, but my nephew's conditions are not good!" Huang Cuiying said, subconsciously moved back, fearing the poor sourness on her body for the rest of her life will stick to her, and the disgust in her eyes is about to overflow.

Xiao Zixin is too angry! I just wanted to argue with her second aunt, that this family depends on her to support her, and now she is making irresponsible remarks about her life.

Still not speaking, Yu Sheng grabbed Xiao Zixin and asked her to help her to speak. He didn't care about others' guidance for the rest of his life. He could also see that Huang Cuiying would make Xiao Zixin and her son uncomfortable because of herself. That would be stupid.

Anyway, I just came to live here for two days. After these two days have passed, there is no intersection with these people, so why bother to be unpleasant?

"Second aunt, you are right, then I may really be inferior to your nephew in your eyes, but Zixin just likes me, there is no way to do this, right?" Yu Sheng said in a mild manner.

If Xiao Zixin came forward to argue with her second aunt, the unreasonable second aunt might even teach Xiao Zixin a lesson, but Yu Sheng's words played a big role.

Huang Cuiying brushed her face and pulled it off, her heart frustrated, but there was no way, Xiao Zixin, that silly girl didn't know what she was fancying this rubbish.

Glancing at Yu Sheng, Huang Cuiying randomly found a reason to go to the bathroom and helped you to the bathroom. Without saying anything, she took out her mobile phone and called his nephew Huang Shuai.

“Hey! Is it Xiaoshuai? Let me tell you, if something big happened here, come here!”

“What’s wrong with Auntie? Can you do anything? Could it be sister Zixin’s business?”

“That’s not it! That silly Nizi doesn’t know where to find a man, or a takeaway. I didn’t even say a few words about that man, she will always protect him, if you don’t come again, yours Sister Zixin is going to be tricked away by others!”

“Damn!” The sound of the wine bottle suddenly being broken came from the phone, followed by Huang Shuai’s angrily yelling: “Damn, I want to see which kid who doesn’t have long eyes even connects me to mine. Women dare to touch him, and see if I don’t interrupt his leg. Auntie, wait for me there, and I’ll go right away!”

After dropping these words, Huang Shuai hung up the phone. Huang Cuiying could only swallow everything he wanted to say, and then slowly explain to him when he came.

Xiao Zixin, a silly girl who can make money so much, if she marries someone, she must give the money to her in-laws. How can she care for her family?

It would be different if Xiao Zixin were to marry her natal brother’s son. In Huang Cuiying’s eyes, this is a field that does not flow to outsiders. By the way, it can also help her brother improve her living standards.

## **Chapter: 1658**

Mother Xiao had a heart attack because she had been pissed off by Huang Cuiying. For the rest of her life, she wanted to send her to the hospital, but Mother Xiao refused, saying that it would be fine if she sleeps.

The old man insists on staying at home and does not want to go to the hospital, saying that the hospital is a bad place to go, maybe it will be difficult to come back, and a lot of problems may be detected. It’s normal for ordinary people to have this kind of thought. Besides, by Xiao’s mother’s age, her body is inherently weak, and her body was weaker than those ordinary people because of her being haunted by ghosts.

Xiao Zixin didn’t mention it to him, and there were more things for the rest of her life and she didn’t have to ask specifically. Now this time, she discovered that although there are no major problems, there are still many minor problems.

My little secretary kept the company in order when he left. I am very grateful for such a good employee for the rest of his life, so I still have to help if I can help.

Yu Sheng planned to give Xiao’s mother some pills after going back this time, so that she could take care of her body so that she could live a few decades longer. At least it would not be difficult for her to be a centenarian.

“I didn’t even think that my second aunt would come. I’m sorry, I didn’t think about it. I shouldn’t have forced you to come.” Xiao Zixin said here, lowering her head in shame.

Xiao Zixin just selfishly wanted to take over the rest of her life for the last time, thinking about being able to come into contact with this opportunity to experience the time she was close to him, but she didn’t expect so many things to happen in the middle.

For the rest of his life, it doesn’t matter. Who has nothing to do now? Every family has a hard-to-read book, whether it is the poor or the rich.

He raised his hand and touched Xiao Zixin's head. Now it's not in the company that the relationship between two people doesn't need to be so blunt. Instead, for the rest of his life, it's like a big brother comforting his little sister: "This is nothing. At least I can help. You are fine.

In fact, there is one thing I don't know whether to say or not, you are always like this..."

There was no time to finish Yu Sheng's words. Xiao Zixin was already able to guess what he wanted to say, and got up directly from the sofa excitedly, and shouted at Yu Sheng, "You shouldn't say it!"

Being reminded by a man you like to find someone, who can feel this kind of feeling in his heart? Xiao Zixin has liked it for the rest of her life for several years.

If you really can't marry Yu Sheng in this life, Xiao Zixin is really likely to choose not to marry for the rest of your life, except for Yu Sheng, it is really difficult for him to fall in love with a man again.

For the rest of her life, she chose to turn a blind eye to all kinds of inverted posts before. Xiao Zixin really didn't want to lose her value anymore. As a human being, she always had to give herself some dignity. Sometimes humble into the mud, it is not able to grow flowers, but it becomes a mass of mud.

"Yo yo yo, I'll say that you two are not suitable! You see that I haven't left for a while. You two quarreled. If it doesn't work, just break up, why bother?"

Huang Cuiying came back at this time, and when she didn't even enter the door, she heard Xiao Zixin say something not to say. She instinctively thought that the two young people had quarreled, and she was naturally happy when they quarreled.

Seeing her annoying second aunt, Xiao Zixin sorted out her expressions, then sat back on the sofa and pretended to be nonchalant: "I don't need to worry about the affairs between me and Yu Sheng.

If I remember that I was wrong, Xiao Qiang is still single now. He is two years older than me. Auntie, if you have nothing to do, you might as well find yourself a daughter-in-law."

Xiao Zixin said Huang Cuiying's choking words, her mouth opened and closed, and the smile on her face disappeared.

Why is this dead niece so speechless? Huang Cuiying could only curse a few words in her heart when she found a food delivery person who was so reasonable.

But to be honest, her son did become Huang Cuiying's heart disease...

## **Chapter: 1659**

Xiao Qiang is almost 30 years old, and now even a girlfriend can't worry about Huang Cuiying. His nephew has to rely on her, and his son also has a wife. Sometimes Huang Cuiying can't figure out why she lives better. Are others tired so much?

Although his son is not very handsome and has a little fatter body, he is a blessed man! Even if he doesn't have a job, his son has a bachelor's degree! College students ask for more girlfriends, isn't it too much?

At the very least, the girl's family has a car and a house. If it's an only child, it's even better. If you have an older brother or younger brother, then you don't think about it. The kind is Voldemort, maybe you can give her family money with their family's money. flower.

But the only child is different. The money earned by the parents-in-law and the mother-in-law is not enough. It is his daughter's, and her daughter's is not theirs!

Huang Cuiying thinks that her son has a college degree, so the woman can't be worse? It is great to have a stable job iron rice bowl.

In order for her to not be too short in the future, she must find a tall girlfriend. Xiao Qiang's 173 wife must be above 165, and the girl below 165 is not considered at all. The skin cannot be too dark, and the

long one cannot be too ugly, otherwise. In the future, grandsons will also follow the ugliness, and the most important thing is to obey and honor their parents.

Huang Cuiying feels that her son was brought up by her, so this request is not excessive, as for the bride price! It's enough to give a person with thirty or twenty thousand yuan, or else is someone else's family selling their daughters or marrying their daughters?

An adhering to this principle, Huang Cuiying, who is looking for a daughter-in-law, spends a lot of money at the marriage agency every year, but she hasn't found a daughter-in-law who is satisfied.

It's also said that in this era, it's not like they were at that time. Women don't know what is good or bad, and they have never considered their own reasons.

Thinking of these annoying things, Huang Cuiying felt that her head was big for a while, and then she thought that Xiao Zixin's eyes lit up, and then she asked: "Zixin! Don't you work in the big group like Sihai Group?"

I heard that it is the secretary of the chairman of the board. There are girls in your company who are not single to help introduce your brother! It would be best if you have a long beautiful only child! "

If your son can find a girlfriend who works in the Sihai Group, then they will really enjoy the good fortune in the future. Those who can meet the big companies like the Sihai Group must have a high degree of education and ability.

"I don't know!" Xiao Zixin didn't say that there was no such thing. After all, it must be impossible for a single girl to have such a big company, so she just said that she didn't know.

Introducing someone to the giant baby Xiao Qiang, just like his brother, with so many conditions to find a girlfriend, Xiao Zixin wouldn't be so stupid that she would really introduce a girlfriend to her! For a person like that to be single for a lifetime, that would benefit mankind.

When Huang Cuiying heard that Xiao Zixin was unwilling to help, she immediately became displeased: "Zixin, how can you be like this? You can now join the Four Seas Group as a secretary to such a big boss. It was not because my family paid you to go to college. money.

What if you can't go to college? Where can I go to study abroad? Maybe where are you still working as a waiter now?

At the very least, people know the kindness, and besides, the second aunt doesn't ask you to do anything, so why is it so difficult for you to find someone for your brother? "

"Second aunt, what you said is wrong. At that time, my second uncle gave me 5,000 yuan, but I have spent more than 500,000 for you over the years! Just talk about the one that you drive outside. The BMW car is only 300,000 yuan, and the lv bag you carry is also 30,000 yuan.

I paid for the rebuilding of your house. You know how much it is, right? I won't talk about it. I thought about the 5,000 yuan graciousness. Should I pay it back too, right?" Xiao Zixin said frankly.

## **Chapter: 1660**

"We are all a family. Is it necessary to make things so clear? Help me, I help you, only then can we be peaceful and beautiful this day! You little girl, too real!"

Huang Cuiying still refuses to be subdued. She always feels that everything Xiao Zixin owns is because of their family, so she should give them peace of mind as a tool for making money.

Seeing that these two people are about to quarrel again, and Xiao Mu is still resting in the next room! Yu Sheng stopped Xiao Zixin from letting them continue to quarrel.

"Second aunt, don't you know what is wrong with you coming here specially today? If I find someone for Zixin, then forget it. If there is anything wrong, second aunt will go back!"

I'm afraid that Zixin and I have other things to do that will neglect you. "Yu Sheng said it politely, but after all, the meaning of putting on makeup is still rushing people.

As long as Huang Cuiying is gone, the world will be quiet, and for the rest of her life she will not be caught in all kinds of uncomfortable feelings. There is such an elder who looks at Xiao Zixin unhappy, how can Yu Sheng feel better?

Huang Cuiying glanced at the time on her watch, pinched her nephew and Huang Shuai is coming soon. It's impossible to go at this point!

"I just came here to see Zixin. I haven't seen him for so long. My second aunt also worries about it. Besides, his second uncle doesn't know. Did he raise a mistress by doing something outside? I owe 200,000 yuan to the account. I really have no idea, so I came to Zixin for help." Huang Cuiying pretended to be aggrieved, tearing her nose and tears.

Huang Cuiying always finds all kinds of reasons to ask Xiao Zixin for money, such as building a house, buying a car, finding work for Xiao Qiang, and finding a relationship with Xiao Qiang. There are countless things like her family's illness.

Presumably, the reasons that can be found are almost used. Now he has made up a fallacy that his second uncle is looking for a mistress outside. Does Xiao Zixin still don't know what his second uncle is? To be alive is to be strict with a wife.

The famous wimp in Shili Baxiang, the only bold thing he has ever done in his life is to steal 5000 yuan from his home for Xiao Zixin to go to school, ask him to find a junior outside, and give him 1,000 courage. .

I remember that once Xiao Zixin went to his second uncle's house and watched Huang Cuiying chasing his second uncle with a broomstick. Everyone was bruised and swollen, and the nose was still bleeding, and I didn't see it stopping again.

"I don't have money!" Xiao Zixin was furious after hearing the excuse Huang Cuiying had made, and she refused to give her any more money.

Huang Cuiying cried even more fiercely with her nose and tears: "Zixin! You have always been a very filial child in my eyes. How can you not be saved? Just help me out at the end. I will never ask you for any more money in the future."

Ghosts believe!

Xiao Zixin's ears are almost puffing up when she hears such words. If she really doesn't believe it, her brain is really kicked by a donkey.

Xiao Zixin was upset watching Huang Cuiying crying there, and her voice was so loud that she deliberately wanted to wake Mother Xiao, she just felt that Mother Xiao was soft-hearted and easy to talk.

The more this happened, the less Xiao Zixin didn't want to follow his thoughts, and wanted to go back to the room when he was pulling Yusheng. Huang Cuiying knelt directly in front of Xiao Zixin.

This sudden action really frightened Xiao Zixin. She immediately thought of helping Huang Cuiying up. Xiao Zixin said very speechlessly: "What are you doing, auntie!"

Yu Sheng on the side shook his head helplessly when he saw this place. The biggest reason for being able to have a relative of a vampire was because he was too soft-hearted. This indulged those people and allowed them to suck blood even more recklessly.
