

Dont mess 1671

Chapter: 1671

Seeing Xiao Gang as the car had gone far away, he still stood there blankly, recalling the words Yu Sheng had said to her before, and then subconsciously touched his cheeks with some redness.

He has been bullied since he was a child. At that time, Xiao Zixin's father, that is, his brother, would help him out. Later, when his brother died, his character became even weaker.

He has been bullied by his wife for more than 20 years. Xiao Gang, you know that people outside are all pointing at him, saying that he is a waste of money, saying that he is his wife, and saying that he is not promising.

These words made his ears almost puffed up. This is how he lives in his life and he is being bullied at work. After working in the company for more than ten years, he has to be bullied by a new employee. That's amazing. .

Thinking back to these past events, Xiao Gang really felt that he was a poor life. If, as Yu Sheng said, he was more masculine, those people would really look at him with admiration?

When he thought of this, Xiao Gang had an inexplicable impulse in his heart. When he turned around, he found that the car was already there. His wife and son didn't know when to leave, so they didn't even call him and throw it away. Here it is.

Xiao Gang originally wanted to take a taxi, so he took out his pocket and didn't even have a dollar. The numbers on his mobile phone were also pitiful, and Huang Cuiying was in charge of all the money at home.

In the past, Xiao Qiang was addicted to cigarettes. Later, because Huang Cuiying didn't pay him, he couldn't afford cigarettes and somehow quit smoking.

"Sir, our hotel has a special car, so let's take you home directly!"

When he heard this voice, Xiao Gang turned around subconsciously, only to realize that it was a restaurant staff in a pleasant uniform. He didn't want to eat in such a good restaurant, and now there is a good thing to send people home directly.

.....

"Yingzi, why didn't you tell me when you came back? You also know that I am penniless and almost walked back." Xiao Gang said with a very aggrieved face, crying.

Huang Cuiying seemed to have heard nothing, first, she went through the boxes to find clothes, and finally picked a pink dress and put it on. This was not enough. She sat on the dressing table and dressed up again.

"Yingzi, today is not a special holiday? What are you doing so beautifully?" Xiao Gang was a little curious. He felt that his wife was a little abnormal when he was not eating.

Huang Cuiying turned her head and glared at Xiao Gang directly, and said angrily: "What am I doing to care about you? Didn't you see me take off my clothes? Hurry up and wash the clothes! What are you doing in a daze? Do you want me to wash it myself?"

Xiao Gang trembled all over, not daring to talk any more nonsense, and quickly picked up Huang Cuiying's clothes to turn around and leave.

"Remember to wash by hand!" Huang Cuiying did not forget to exhort her at last.

It was not until the door was completely closed that Huang Cuiying took out the mobile phone from her bag and looked at the mobile phone screen with a smile on her face.

"My dear, I made a special dress up to meet you. I really look forward to seeing you!" Huang Cuiying said

softly, a charming little woman.

In such a gentle tone, he has never told his wretched husband Xiao Gang.

Just after sending a voice, a reply was quickly received over there, it was the voice of a middle-aged man Yixie.

“My little baby, I think you want to die every day, and I am finally able to meet your people. I am a little excited!”

Listening to the tender love, the smile on Huang Cuiying’s face deepened, and she said “disgusting” in a charming voice.

After that, the two chatted with some ambiguous words, until they heard the footsteps getting closer and closer to the room, then they stopped talking.

Chapter: 1672

“It’s getting dark in Yingzi, where are you going?” Xiao Gang, who was washing clothes, saw that Huang Cuiying was going out, so he couldn’t help but asked.

“You useless to wash your clothes, do you care about so many things? Does it matter to you where I go? I have an appointment with my friend to go out to play, today you don’t have to make my dinner.”

Huang Cuiying finished directly. Turned and left.

When Xiao Gang wanted to say something, everyone was gone. In fact, he wanted to catch up and see what his wife was doing at night, but when he thought that if the clothes were not washed, Huang Cuiying would definitely beat him back. A meal.

He sighed helplessly, he could only stay at home and wash his clothes obediently.

.....

“You’re Brother Lei?” Huang Cuiying asked with joy looking at the tall and big middle-aged man in front of him who was slightly handsome wearing sunglasses.

A middle-aged man who looks thirty-five and sixty-six is much younger than Huang Cuiying. In addition, men are generally slower than women. Standing together, they feel like a mother and child.

Guo Lei looked at the 50-year-old middle-aged woman in front of him and couldn’t help but curl his lips. When chatting, Huang Cuiying told him that he was only in her thirties. Now when we meet, she realizes that she is so old, but this is not a problem. Anyway, it’s just a woman.

Guo Lei quickly concealed the expression on his face. He stepped forward and hugged Huang Cuiying’s bucket waist and said with a smirk: “I think when you are on the Internet, you call me my dear. Something has gone wrong?”

Listening to Guo Lei’s magnetic voice, coupled with his handsome appearance, Huang Cuiying was addicted to it for a while, on the contrary, his brain was blank like a girl in love.

“My dear, you are a bit more handsome than the picture!” Huang Cuiying praised with a blushing face. You are more than ten years older than the picture. Guo Lei couldn’t help but slandered in his heart. But after all, he didn’t say it. On the contrary, it was sweet and praised Huang Cuiying’s beauty.

“Are you tired from the car? I booked a hotel nearby. Let my friends go to the hotel to rest!” Guo Lei suggested.

Huang Cuiying let out a surprised cry. He didn’t think that the two of them would go to the hotel right after they met. This is too straightforward, shouldn’t you watch a movie? Do you have a meal or something?

In fact, what she didn’t know was that when Guo Lei saw her appearance and cancelled all his original ideas, he really felt that spending a penny more on Huang Cuiying would be a loss, so he could just do

business directly.

“Don’t you want to go back to the hotel with me?” Guo Lei asked instead with Huang Cuiying’s thoughts. Huang Cuiying’s eyes were straight when she saw him. Guo Lei felt that this woman would never ask too much because of her own request, and she was confident that she would be accurate when she turned and left.

Sure enough, although Huang Cuiying feels that the relationship between the two is developing too fast, there is no meal, no movie, it is directly not as abrupt as the hotel, but it does not matter to be able to be with such a handsome guy.

The Guo Lei in front of him is about 1.8 meters tall. Although he is not too handsome in length, he is not bad. The main reason is that his style of dressing can really add points to his looks.

This is better than Xiao Gang who didn’t know how much better. When he was 18 years old, he married that wimpy husband. He was about 1.6 meters tall and he was about the same height as himself. Those wimps were not useful all day long. She looked down upon the wimpy man in her heart.

Therefore, seeing the young and handsome Guo Lei was completely conquered by her masculinity, and she was completely overwhelmed.

“Of course I want to be with you, no matter where you let me go!”

Chapter: 1673

Huh~

After the incident, Guo Lei sat on the bed with a cigarette and started smoking. He glanced at Huang Cuiying who was next to him and showed a sneer at the corner of his mouth: “How is it? Satisfied?” Huang Cuiying blushed with shame and couldn’t help but recalled what happened just now. She was shy and covered her head with a quilt.

An old woman, pretending to be shy, is really not beautiful. She wanted to get up and leave, but she didn’t expect Huang Cuiying in the bed to make a small move now.

The sneer at the corner of Guo Lei’s mouth deepened, and he opened the quilt and pressed it on Huang Cuiying’s body: “Is the smelly watch still full?”

Although Guo Lei’s mouth was filthy, but Huang Cuiying’s ears were all masculine and handsome. He was really conquered by the man in front of him. How she hoped that this was her husband.

“My dear, I really love you so much, as long as I can be with you, you can let me do anything!” Huang Cuiying hugged Guo Lei and said with a confused expression.

“If I want you to give me money?” Guo Lei said tentatively.

Speaking of Qian Huang Cuiying, she was stunned. Although she had a relationship with the man in front of her, she was only just getting acquainted with each other, so she opened her mouth to ask for money, mainly because she was a little abrupt.

Guo Lei, who had originally planned to continue, saw Huang Cuiying revealing that he had to put on clothes and leave because he had just got up this time: “If you don’t give it, I’ll see you bye bye!”

This.....

Huang Cuiying didn’t think that Guo Lei was so decisive. It was time to wipe off and turn around and leave. It was obvious that the man in front of her was so bad, but she couldn’t love it, and she couldn’t see him if she didn’t want to.

Grasping Guo Lei’s hand, Huang Cuiying said, “Don’t go, don’t go, how much do you want, can’t I give it to you?”

Hearing these words, Guo Lei showed a sneer at the corner of his mouth. It was just that he was acting.

He took out a card from his pocket. This card was the one that Xiao Zixin gave Huang Cuiying 200,000. Huang Cuiying was surprised. He didn't even know when his card ran into Guo Lei's pocket, and he subconsciously grabbed it back. As a result, Guo Lei carried the card back behind him.

"Baby, just now you said how much money I want, so you just give it to me? Why do you turn your face and deny it now? Tell me the password of the card, good!" Guo Lei put Huang Cuiying in his arms and said softly.

Although Huang Cuiying is greedy for her current feelings, she is not a fool either! But there are 200,000 yuan in it, and you can't just give the money to someone else for no reason: "Return the card to me, that's mine!"

When the coax was not successful, Guo Lei completely changed the corners of his mouth, and directly drew the belt from his waist and hit the fucking Huang Cuiying.

"Smelly woman, don't you tell me? If you don't tell me, I will kill you!"

Huang Cuiying was really completely dumbfounded this time. She didn't think of how fast a person could change his face. She was still having a relationship with her in the last second, and she called her baby, but the next second she was going to kill her. Own, what kind of devil is this?

"You...If you dare to hit me again, I'll call the police!" Huang Cuiying really had no way of doing it. She was almost out of breath because the belt hurt her body.

Guo Lei heard Huang Cuiying's words as if he heard a big joke, he couldn't help but laughed loudly:

"Smelly woman, are you really stupid or fake? You wouldn't think I would really like you. Goods, right? Listen to my advice and quickly tell me the password to suffer less, otherwise you don't blame me for being rude!"

As soon as the voice fell, Guo Lei shook the belt in his hand and hit Huang Cuiying continuously. Huang Cuiying had nowhere to escape the pain, so crying father and mother had no effect at all.

Huang Cuiying felt that if this continued, she might be beaten to death alive. She really couldn't bear it anymore. If she was beaten to death, the money would not be spent, so she simply accepted the bank card password and told Guo Lei.

"Woo, why are you doing this to me? You even robbed me of money even after you put me asleep, and I didn't want you to provoke you."

Huang Cuiying burst into tears aggrieved, since she was a child, she had never suffered such a grievance. It was really lard that was blindfolded and deceived.

Two hundred thousand! With so much money, I don't know how many good things can be bought!

Guo Qiang didn't care whether Huang Cuiying was alive or dead, so he put the card into his pocket contentedly, and immediately took out his mobile phone to call someone: "This time, the person's 30,000 yuan is not worth a penny less!"

Chapter: 1674

Xiao family.

After being held in Xiao's house for the rest of his life for two days, at the strong request of Xiao's mother, he and Xiao Zixin were divided into a room.

During the process, Yu Sheng strongly demanded that she live alone in a room, but Xiao's mother used an excuse to say that there is no other room, and it is troublesome to clean now. Anyway, you two are about to get married and live together.

In this way, Yu Sheng actually had to rest in the same room with Xiao Zixin, not to mention the embarrassment of Yu Sheng, even Xiao Zixin herself was too shy, she was the first man to enter her

boudoir during her childhood, and she was the one she liked most in her heart. .

I have to say that the room where Xiao Zixin lives is not very big, but the decor is very warm and pink and very girlish. There are a lot of doll decorations in the room, which should be the best for girls. Looking at the room for the rest of his life, his eyes suddenly stopped on the photo on the bedside table. The person in the photo from the side was a bit familiar, and when he walked in and took a look, he realized that the person in the photo was actually himself.

From the shooting point of view, it should be when Yu Sheng was in the office. Xiao Zixin took the photo from the side with her mobile phone. Serious men are often the most handsome photos. The rest of life is more attractive than usual. I have to say that Xiao Zixin took photos. The level is still very good.

When I saw this photo, Yu Sheng couldn't help but recalled what Xiao's mother had said during the day. Xiao Zixin would often hold her own photo, which showed Xiao Zixin's thoughts about herself.

I was thinking about these things for the rest of my life, and felt that the photos in my hands had been snatched by someone. Only then did I realize that the person who snatched the photos was actually Xiao Zixin.

Xiao Zixin's face turned red, like a delicate rose, almost bleeding from it. It can be seen how shy she is now.

"I let you rest in my room, but that doesn't mean you can flip through my things. If you continue to do this, even if you are my boss, I will be angry!" Xiao Zixin said angrily.

Yu Sheng rubbed his nose with some embarrassment. It was indeed impolite to enter someone else's room and mess with other people's things. He could only apologize, "I'm sorry."

Xiao Zixin got into the quilt herself and covered her head with a quilt and simply isolated from the world, leaving the rest of her life alone in embarrassment in the distance. Is he sleeping?

There is only one bed in this room. Now that Xiao Zixin is sleeping on the bed, he can't squeeze it into bed cheeky, right?

If she ran out to sleep on the sofa, she would definitely be seen by Xiao's mother, and it would not be easy to explain at that time. The rest of his life had a problem for a while, so she simply found a chair and sat down on the chair where Xiao Zixin threw it and fell asleep.

After how long it took, Xiao Zixin slowly poked her head out and found that Yu Sheng was a little distressed when she was sleeping on the makeup table.

Getting up from the bed, took a quilt and slowly put it on Yu Sheng's body, looking at his handsome face, Xiao Zixin was a little confused for a while. This was the first time he observed Yu Sheng up close.

Although he doesn't dress much for the rest of his life, and he wears ordinary and very casual clothes, but his facial features and body are really unbelievable. If he is dressed up, he must be a handsome guy.

I don't think Xiao Zixin moved her face closer and closer, and slowly closed her eyes and kissed his lips.

When her lips touched, Xiao Zixin seemed to be electrocuted, indulging in the weirdness. Feeling.

This was the closest contact she had with Yu Sheng, and she was completely unconscious during Yu

Sheng, and kissed him secretly by herself. Even so, Xiao Zixin was already very contented and satisfied.

Obviously knowing that two people may not be together, but having such a memory is enough.

At this moment, there was a rapid knock on the door, which shocked Xiao Zixin, who was still kissing for the rest of her life, and quickly turned around and stepped aside.

Chapter: 1675

The knock on the door is so rapid that even a person who is asleep will be awakened by the movement. If you don't wake up for the rest of your life, it will be unreasonable.

Rubbing his sleepy eyes, Yu Sheng looked at Xiao Zixin beside him and asked in surprise: "Why don't you stand here while you sleep?"

Xiao Zixin turned red after swiping it, and turned her head quickly: "No...what's going on? When I heard something outside, I wanted to see who was coming."

Yu Shengou let out a cry, his eyes stayed on the quilt covering his body for a second, then he stood up and looked at who was knocking outside the door.

In fact, Yu Sheng had been aware of it when Xiao Zixin walked towards him. No matter what, he is also the mid-term strength of the great master. If someone else sneaks on him, it will be the price of life. You can't even have this keen heart. have.

The reason why I didn't open my eyes was because Yu Sheng wanted to see what Xiao Zixin wanted to do to herself? It was unexpected that she secretly kissed herself after she put the quilt on her body, which surprised the rest of her life while pretending to be asleep.

Fortunately, Yu Sheng's exercise vision did not allow Xiao Zixin to realize that he was pretending to be asleep. If it is really clear, the relationship between the two people will really be stiff, but in the future, the Hai Group will not see you. The two of them were also embarrassed, and simply pretended that they didn't know what happened.

Mother Xiao was also awakened by the violent knock on the door, and when she went out to take a look, she discovered that the person here was actually Xiao Gang.

"Xiao Gang! Why don't you sleep at home this night and come to our place?" Mother Xiao put on a coat and went out to open the door to Xiao Gang and asked.

Xiao Gang was sweating profusely and panting heavily. It seemed that he should be running over.

Fortunately, the two were not too far away, or else he didn't know he was going to the Year of the Monkey.

"Yingzi, Yingzi is gone. After I went home and cleaned up after eating, she went out. It's 12 o'clock in the evening. I couldn't get through after several phone calls. I really can't find a way. Now I'm here to disturb you, sister-in-law!" Xiao Gang was so anxious that his tears were about to fall.

"Huh? Yingzi is missing? Did she live at a friend's house? Maybe the phone is out of power. Don't worry, look for it tomorrow. You don't know what friends she has in the evening. Looking for it?"

Seeing that Xiao Gang was about to cry in a hurry, Xiao's mother hurriedly comforted: "Besides, Yingzi is a few dozen years old. What will happen again? Go back to sleep. If we can't find it tomorrow. Go to the police again."

Listening to what Xiao's mother said, Xiao Gang recalled that Huang Cuiying had actually stayed at a friend's house before, and the phone could not get through when the phone was not charged.

"I'm sorry, I really lost my head in a hurry. I disturbed you to sleep at night. That's okay. I'll call the police if Yingzi doesn't come back tomorrow!" Xiao Gang had already said something and went home.

Seeing that Xiao Gang was gone, Xiao Mu Geng Yu and Xiao Zixin greeted twice and then let out a gasp, then went back to the house and went to bed again.

This incident caused both Yu Sheng and Xiao Zixin to be completely sleepy. Yu Sheng continued to lie on the table and pretend to sleep anyway, and fooled the day, and didn't need to stay in the same room during the day. Embarrassed.

"Yu Sheng, don't lie there anymore, or go to bed to sleep?" Xiao Zixin asked tentatively with a flushed face.

Yu Sheng was stunned and looked at Xiao Zixin, facing a beautiful woman, suddenly invited him to a big man who didn't know what to do.

Lonely men and widows live in the same room, still lying on the same bed, no matter how strong the concentration for the rest of their lives? But this one in front of me is a great beauty, so I was afraid that I couldn't hold it, and it would be bad if I let down the Magnolia.

Just about to refuse, Xiao Zixin took the lead: "I know you only have white magnolia in your heart, and I also understand that no matter what I do, I can't squeeze your heart.

Don't worry, just for these two days, I will never pester you again after these two days, I just hope to be able to be well with you in these two days."

Yu Sheng sighed helplessly. He really didn't know what he did and why he would make so many good girls like him. Sometimes it was really an honor, but for the sake of Magnolia, he had to let down these people.

"You are a good girl!"

Chapter: 1676

In the end, Yu Sheng still had no choice to sleep in the same bed with Xiao Zixin, but continued to lie on the makeup table for a day.

Xiao Gang came to Xiao's house early the next morning, and Huang Cuiying didn't return overnight. This time it might not be accidental, or something really happened.

There is no one in Xiao Gang's family working. Xiao Gang used to have a job, but later Xiao Qiang stayed at home after graduating from university and couldn't find a job. Xiao Gang had no way but to take on the task of serving his son.

Huang Cuiying has nothing to do. She just chats with others and wanders around playing mahjong, but there has never been a situation where she hasn't returned all night and even has a phone call.

"Sister-in-law, did you think Yingzi met some bad guy? What if something happens, then what should I do?" Xiao Gang, a big man who was too anxious, snotted and shed tears.

Yu Sheng had no way to understand Xiao Gang's feelings. If he was Xiao Gang, wouldn't it be better to marry a wife and lose it? Don't be bullied by that tigress.

The person is missing, so blindly looking for it is no different from finding a needle in a haystack. There is no way they can only go to the patrol room to report to the police, and let the people in the patrol room check and monitor, maybe they can find out where Huang Cuiying has gone.

If something happened to the Xiao family, if you weren't there for the rest of your life, then forget it.

As long as Yu Sheng wanted to find it, he would notify Du Fei, and with Du Fei's eyesight, he would be able to find out exactly where Huang Cuiying had gone.

The reason why I didn't do this is because Yu Sheng noticed Huang Cuiying's unusual place when he was eating with their family. It was obvious that Huang Cuiying had intentions of derailment, and it is very likely that this disappearance was also inseparable from her derailment. Relationship.

As for such a woman, letting her suffer for two more days, Yu Sheng also felt that it should be right, and it can be regarded as teaching her some lessons, maybe this incident can still wake Xiao Gang.

About five days after Huang Cuiying's disappearance, everyone was busy looking for people, and Xiao Mu did not continue to match him with Xiao Zixin, and let the rest of her life spend a few days of leisure.

Seeing that it had been five days, and the time was almost gone, only then did the rest of his life call Du Fei and ask him to help find someone.

What kind of character is Du Fei, the king of the underground forces in Qiancheng? He ordered all Qiancheng to come out, whether it was a gangster or a local snake, and found Guo Lei after only half a day.

The reason why Guo Lei would fall into Du Fei's hands was simply asked by a wolf. He took the 200,000 card from Huang Cuiying's hand and he floated away, entering and exiting major entertainment venues. Which of the entertainment venues in Qiancheng are not all Du Fei's industries?

The first time he found someone, Yu Sheng notified all the Xiao family members. When the group arrived, they saw Guo Lei who was tied up by the five flowers.

Xiao Gang, who has always been very cowardly, was going crazy during the five days when Huang Cuiying disappeared. Now he finally saw a person who knew his wife's whereabouts. Without a word, he ran up and grabbed the person's clothes and questioned: "Do you know where Huang Cuiying is? What did you give him? Why doesn't he come home now?"

Since childhood, perhaps at this moment, he was the only one to be hard-hearted, because he usually didn't dare to lose his temper in front of a man with a head of 1.8 meters.

"No, that mother-in-law is your wife? When chatting, she told me that she was divorced!" Guo Lei flushed and watched Xiao Gang swallowed.

What did he do? He actually put the wife of Du Fei's friend's relative to sleep, and put a big green hat on his head. Oh my god, isn't this just looking for death?

Chapter: 1677

"My wife's name is Huang Cuiying, what's the matter with her? Where is she now? Tell me!" What Xiao Gang wants to know most now is the whereabouts of his wife, rather than wasting time with him here. Although he has been treated as a useless person in these years and he can't hold his head up in front of outsiders, Huang Cuiying is the wife he married and gave birth to a son, no matter how much he suffers. The grievance is also a husband and wife.

Guo Lei swallowed. He really didn't know how to answer Xiao Gang's question. He couldn't tell him directly that he slept his wife, robbed his wife's money, and finally sold his wife. Did you give it to a trafficker?

Speaking of this series of things, Guo Lei really does not guarantee that Du Fei will directly kill him, he is still so young and he doesn't want to die!

Now that the social network is so developed, he can find a girlfriend online even if he doesn't go out. In addition, he is good-looking himself. He used this method to meet many women before and sold them to human traffickers.

He can't be blamed for this kind of thing, who makes those women too stupid and naive? Obviously I am a little wary of meeting people just by chatting online, so don't blame him for doing this.

I thought that what I was doing was secretive enough, but I accidentally provoke the king of the underground forces in Qiancheng. This time I really fell into a big somersault!

"She...she now I don't know where he is! I introduced her to one of my buddies, who took her away, and now my buddy can't get in touch..."

Du Fei couldn't listen anymore. He stepped forward and kicked Guo Lei's face with a kick: "Damn. If I dare to lie in front of Lao Tzu, I really don't want to live anymore, don't you? Mom tells a lie, I cut off your tongue, believe it or not?"

Du Fei kicked Guo Lei's teeth several times and spit out a mouthful of blood. Guo Lei was so terrible with pain, but he didn't dare to cry. He was really afraid that he would accidentally anger Du Fei again.

In the sentence just now, he didn't think Du Fei was joking with him. Guo Lei was here this time and explained all the things she did.

Xiao Gang was unacceptable when he heard Huang Cuiying come out to meet with netizens, or even

have relationships with other people. Even if he was useless all his life, he was still wearing a green hat. This feeling is really uncomfortable!

Even the last bit of dignity of a man is lacking. Is it true that a human being should be bullied by others? "I sold her to a human trafficker. I have tried to call the human trafficker I worked with before but I can't get through! Now even if you kill me, I don't know where the people were taken."

Xiao Gang sat helplessly on the ground. At this moment, his spirit was in a trance, as if he had no way of accepting what had happened.

If Huang Cuiying was killed, perhaps he would feel uncomfortable and hurt for Xiao Gang, and he would not feel betrayed like he does now.

As a man, even if he is cowardly, even if he is useless, he doesn't want to be given a green hat.

Xiao Qiang, who followed him, seemed to have heard their conversation. Generally, silence was incapable of extricating himself from mobile games, as if his mother's life and death had nothing to do with him.

Everyone was silent at this moment. Xiao Zixin and Xiao's mother didn't know what to say, so she comforted Xiao Gang. After all, this kind of thing happened and it would be good for him to be alone.

"On weekdays, Yingzi has done a little too much. It is all relatives and there is no need to generally care about it, but this thing is indeed a bit too much. Forget it, let's find someone first and talk about it!" Xiao Mu sighed, at this moment She was also very disappointed with her sister-in-law.

Xiao Gang's face suddenly became very serious when he heard the message, and he stood up from the ground and said firmly: "Find the person first, and then divorce the marriage!"

Chapter: 1678

Traffickers who can't even be caught in the patrol room are very difficult for Du Fei and the others for the rest of their lives. After all, those people are very vigilant. Risk of shooting.

In the beginning, Yu Sheng wanted to call Xia Feixue to help. After all, she was in the patrol room, but the captain had her help. Everything would be easier. But thinking of the entanglement between the two people, Yu Sheng gave up that idea. .

About three days after this incident, Du Fei's people finally found clues. According to the clues, the group came to a remote mountainous area.

Only after the gang of traffickers were caught did Huang Cuiying's whereabouts be confessed. He bought 30,000 yuan from Guo Lei and sold him 50,000 yuan to an old bachelor in the mountains to be his wife.

According to the address given by the traffickers, the pedestrian found the bachelor surnamed Liu, opened the somewhat old wooden door, and saw a messy and impoverished yard.

"Who are you? What are you doing at my house?" Liu Guanggun was still eating, and was shocked when he saw a group of people rushing into his house. All of the Wowotou he held in his hand fell to the ground.

Yu Sheng looked at the old man in front of him, but he was in his 60s or 70s, so he was so old that he still wanted to buy a wife to live with him. This is also a wonderful thing.

His skin is dark, and he seems to be about 1.6 meters tall, probably because of malnutrition. This has led to his short height, and his body looks thin and thin, almost skinny.

Xiao Gang did not pay attention to Liu Old Bachelor's words, but pushed him away and walked over like a courtyard. Only then did I discover that there was no figure of Huang Cuiying in the yard, but there was a big black dog tied with a rope in the yard.

Why look at this big black dog a little abnormal? Xiao Gang took a closer look and found out where the big black dog is? That is obviously a dark person! Her long hair is obviously a woman.

Xiao Gang still didn't know who this woman was, and saw the dirty woman rushing towards her, but he was shocked. There were mud pits under his feet, and one of them stood firm and thumped. , Fell to the ground unexpectedly.

"Husband, I'm Yingzi! I'm your wife! I finally saw you, I thought I was dreaming!" Huang Cuiying cried and said, wanting to be by Xiao Gang's side, but the dog on her neck The chain is not long enough, I can only stand where I can keep crying.

When Liu Laoguang heard Huang Cuiying's words, I didn't hit me with anger. I picked up the broom on the side and left. In the past, I kept beating Huang Cuiying without saying a word. While beating, I didn't forget to curse:" What are you bitch talking about? Say some more messy things, believe it or not, I will tear your mouth to you?"

Huang Cuiying was beaten everywhere, but the old bachelor Liu didn't mean to give up. He still kept lashing on her with a scorpion. It really looked like a person was teaching a disobedient pet. .

Everyone was a little embarrassed when they saw the sight in front of them, but there was no one who wanted to stop him. Even Huang Cuiying's son Xiao Qiang was still playing with his mobile phone and didn't care about the fucking life or death.

Xiao Gang was still in shock on his face, and he did not fully accept what was happening before him. He remembered Huang Cuiying was dressed beautifully when he went out that day. How come he has become like this now?

Is the black woman who looks like a beast in front of him really the one who was inextricably in front of him before?

Not only did he cheat with other men behind his back, but he was also sold to a bachelor in his 60s and 70s to be his wife. Xiao Gang had no way of accepting such things.

At this moment, he even felt that it was right for Lao Liu to beat Huang Cuiying. If he was more cruel, he even wanted to just turn around and leave and let this woman live a lifetime in this remote mountainous area!

Chapter: 1679

After all, Liu Laoguang was old. After playing for a few minutes, he felt a little tired and seemed to faint after seeing Huang Cuiying's pain. Then he stopped his movements.

Throwing the broom aside, picking up the wowotou that had fallen on the ground before, and threw it in front of Huang Cuiying. Only then did the old bachelor Liu walk over to everyone.

"You have admitted the wrong person. This is my mother-in-law. She has mental problems. If you are looking for someone, go to another house! I don't have the person you're looking for." Old Liu bachelor made a gesture of chasing people. I didn't want those people to stay in his house for a quarter of an hour.

That was the savings he had saved all his life. He bought a daughter-in-law for 50,000 yuan. Although Huang Cuiying looked at her age, she was a woman after all. If she was a woman, he could vent his lust. There is no need to hold it all alone, it is better than nothing at all!

Can't you just enjoy it for a few days and let people take people away, right? Then he spent 50,000 yuan at a loss, so who would he go to to make sense if he was taken away?

What's more, the ratio of men to women in this world is seriously imbalanced, and she is a person in a ravine. It is difficult for young people here to find someone, let alone him, an old bachelor? It is a great

blessing to have a woman.

In fact, facing these young and strong boys, he felt a little guilty in his heart, but in order to be able to keep this wife behind, he could only be bold enough to try to drive these people out.

While rushing people, while slandering, the traffickers were not kind, and it was only a few days before they called their relatives. What's the matter?

"Second Uncle, we confessed to the wrong person. We still don't look for it? When we go back to the patrol room and register the missing person, it will automatically be counted as a widow. I will definitely find you a gentler wife when I spend money!" Xiao Zixin Can't stand it, initiatively proposed.

On weekdays, his second aunt is a bit more bitter and mean, and can tolerate his second uncle's face, even if he uses the second uncle to go out to find the mistress and ask him for money, this matter can also be endured.

But this woman really doesn't know what's good or bad. She even took the money to secretly have a tryst with other men. Now she was sold into the ravine. Even if she was beaten to death, she also asked for it. Do it yourself!

Yu Sheng on the side was really relieved to hear Xiao Zixin's words. This little secretary of his own was really cruel. Not bad, and very progressed. He also felt that Xiao Zixin's words were very reasonable and he could adopt this kind of advice. .

Even Xiao's mother, who had always been soft-hearted, felt that her daughter was wrong, and she was standing next to her daughter at this moment anyway.

Huang Cuiying was frightened when she heard Xiao Zixin's words! She was originally beaten and unable to move, she stood up from the ground forbearing the pain, and knelt in front of everyone to admit her mistakes and repent.

The old bachelor Liu on the side thought that this group of people was going to leave. Seeing Huang Cuiying's slight movements, he once again picked up the original broom and walked towards Huang Cuiying, without saying a word, he started to fight again on her body.

A woman like her who doesn't fight and refuses to be submissive should be taught a good lesson. As long as she fights honestly, she will stay in this house properly, and she will not go away if others say anything.

Seeing the old bachelor Liu confront Huang Cuiying's opponent again, Xiao Gang felt very distressed. No matter what, the wife who was beaten in front of her was also the wife who had lived with her for more than 20 years!

It is said that a couple will pay a hundred days of grace a day, let alone more than 20 years!

In fact, what Xiao Zixin said just now, Xiao Gang didn't mean that she had thought about it, but I recalled that Huang Cuiying had a lot of problems, but she also gave birth to a son for herself, and she couldn't just watch him in this place. Being tortured to death.

Xiao Gang got up from the ground, and stepped forward and grabbed Old Man Liu's broomstick: "Don't hit me. If I hit me again, I'm going to turn my face with you!"

Chapter: 1680

"Why, you want to turn your face with me? You can see clearly, this is not your daughter-in-law, this is my daughter-in-law, don't believe you ask her!" Liu Laoguang couldn't give in to the middle-aged daughter-in-law, even in the face Those who are younger than him in the past will not work either. Speaking of the old bachelor Liu breaking away from Xiao Gang's hand, she hit Huang Cuiying a few times, and asked angrily: "Who is your wife?"

Huang Cuiying was beaten by the old bachelor Liu, and there was a place under his body that didn't hurt. She looked at the old bachelor Liu with a shudder, dare not to go against her thoughts, and honestly said: "I am my wife. ..."

Seeing her solitary appearance, Xiao Gang has no way to imagine why Huang Cuiying, who is usually arrogant and arrogant, has become like this? How much has she suffered during these eight days?

"Yingzi, don't be afraid. He dare not beat you when I am here. I will take you back today anyway!" Xiao Gang said as a big man shed tears.

Sniffing his nose, Xiao Gang wiped away the tears on his face, his face became serious and glared at Old Bachelor Liu. At this moment, he really looked like a man, not the silly Xiao Gang before. .

"If you stand on my wife and hit you, I'll hit you ten times. If you don't believe me, you can try it. As long as you dare to touch her hair, I will never spare you!" Xiao Gang continued to stare completely. Liu Lao Bachelor said word by word.

I don't know why the old bachelor Liu is a little timid at this moment. He feels that if he continues to fight like this, not only will there be no daughter-in-law, maybe people will be beaten to death. If you think about it this way, it's really too great. Not a bargain.

After swallowing, Old Man Liu courageously said: "She... I bought her from a human trafficker. If you want to take it away, it's not impossible, but you have to give me fifty thousand. Yuan, or you will kill me!"

This is the last bachelor Liu's concession. If those people really took away his wife and didn't give him money, it would really be a waste of money and wealth. What's the point of living in this world? Ah? Xiao Gang was overjoyed when he heard Old Man Liu say this, and looked back at Yu Sheng subconsciously. As she said, as long as he was hardened, he would really be different from before. At that moment, he really did it!

"Okay, I'll give you fifty thousand yuan. You take the key to untie the chain on my wife's neck, and that's all!

By the way, I kindly remind you that trafficking in human beings is against the law. If you dare to do this kind of activity again, be careful to be caught by the people in the patrol room and go to prison for a lifetime! "At the end, Xiao Gang did not forget to remind him.

Seeing that her second uncle had made up her mind, Xiao Zixin was too embarrassed to say something, she directly took out 50,000 yuan and handed it to Xiao Gang.

Xiao Zixin understood how wretched this second uncle was in his house. Maybe it would be difficult for him to spend five yuan. If she doesn't give it, who can help him?

When the rope around Huang Cuiying's neck was opened, she subconsciously rubbed her neck, and even raised her hand to pinch her thigh. When she realized that this was not a dream, she cried and turned into tears.

In the past eight days, she really realized what hell on earth is. When she was sold to Old Man Liu's house, she tried to resist, but the resistance was ushered in a more intense beating, even almost. He was directly beaten to death.

When I was at home before, I didn't eat the delicacies of mountains and seas? But there are also four dishes and one soup with fish and meat.

Isn't it in this place? When Liu Laoguang is in a good mood, he will throw a wowotou at dinner. If he is in a bad mood, he can only be hungry for a day. If he dares to raise a little objection, then he will be beaten up. .

For these eight days, she prayed in her heart every day, praying that her useless husband would come to

rescue her, but she was completely desperate waiting for her one or two days.

Huang Cuiying even thought that she was going to stay in this ghost place for a lifetime, and it would be better to live a lifetime, but she didn't think that he would really wait, she really didn't have to suffer like this anymore.

When the rope around her neck was untied, Huang Cuiying threw herself into Xiao Gang's arms for a moment. Even though the pain in her body was not good, she still refused to let go of her hand holding Xiao Gang.

In the past, Huang Cuiying always felt that her husband was very spineless. She was a woman who had been calling and calling for decades to beat and scold Xiao Gang. Not even she herself looked down upon Xiao Gang from the bottom of her heart.

At this moment, she realized how outrageous she was in the past. The way Xiao Gang bravely confronted Old Bachelor Liu for his decision just now is still vivid.

In fact, that man is really good to himself! If she were to be replaced by anyone, she would definitely not be able to forbear her as she did, and she would have brought her back to her natal family directly a long time ago.

But now, let's take a look. I have been missing for eight days. All the people who came to look for me were from the Xiao family, and no one from my natal family came. What an irony!
