

## Dont mess 1681

### Chapter: 1681

“Let’s get a divorce! Go through the formalities now.” After returning home, Xiao Gang sat down and said the first thing to Huang Cuiying was to divorce him.

Looking at the woman in front of him who had lived with him for more than 20 years, she gave him a son, and rescued her from that ravine.

The cheating woman is like a salmon falling in the toilet. It feels disgusting to pick it up, but it is a pity to lose it.

But even if Xiao Gang has been useless all his life, it does not mean that she has the slightest principle. The thought of Huang Cuiying having sex with other men, and also living with the short, dark, and ugly old man Liu. He couldn’t accept it any day.

He felt that there was a green grassland on his head, and she had no way to continue accepting this woman anyway.

Huang Cuiying thought that she had been out of the mountain ditch and this incident was turned over, but it was a good deal that she would apologize to his useless husband.

After all, she has been obedient to her words for decades. Huang Cuiying yelled at Xiao Gang angrily, “What do you mean? When people are confused, I just commit every crime. It’s just a mistake that everyone makes.

Besides, I have been diligent and conscientious over the past few decades. You can’t forgive me just because I did something wrong, right? Xiao Gang, if you dare to divorce me, believe it or not, let me show you! ”

The rest of his life watching all this shook his head helplessly. He really didn’t understand how shameless Huang Cuiying could be?

It was obviously Huang Cuiying who did the wrong thing from the beginning. She cheated and was sold into the ravine. Xiao Gang rescued her, but now she has become more assertive, like the person who did the wrong thing. It’s not her but Xiao Gang, otherwise she would be embarrassed to force her to death.

Not to mention that Yu Sheng is an outsider who can’t stand it anymore, even Xiao Zixin’s chest is constantly rising and falling. I really want to slap her second aunt directly in the past, and I have never seen anyone who can be degraded to this point.

When Xiao Zixin was about to stand up, she was caught by Yu Sheng. She shook her head slightly and said softly, “After all, this is your second uncle’s housework. Let her make the decision by herself!”

With a helpless sigh, Xiao Zixin could only sit down again.

Xiao Gang was a little scared when he heard Huang Cuiying’s death, but after a while he wanted to understand.

If Huang Cuiying was sold into a ravine and chose to commit suicide to end her life, perhaps Xiao Gang would really look at her, but even if Huang Cuiying had no thoughts of suicide, how could she not let her divorce? To force you to die?

“You can’t die? It has nothing to do with me now, anyway, whether you are alive or dead, this marriage and divorce!” Xiao Gangyi said righteously that there is no room for negotiation.

When Xiao Gang said this, a faint smile appeared on the corner of Yu Sheng’s mouth, and he could finally see the man stiff for a while.

It turns out that an honest person cannot be bullied casually. You think he is obedient to you, but if you

do too much, the honest person will turn your face!

It is the first time that Huang Cuiying has seen Xiao Gang look so determined since his marriage. He really knew that he was afraid this time.

On weekdays, I look down on my husband very much. If she is really divorced at this age, what will she find a good home for? Who would be like her? Do you lose your temper?

After leaving this home, she has nothing to do with Xiao Zixin, which is equivalent to losing the opportunity to be relatives with the richest man in Qiancheng.

Huang Cuiying really has no idea. The only thing she can ask for is probably her son. She hurried to Xiao Qiang's side, grabbed the phone in his hand and urged: "My treasure, don't you After playing on the mobile phone, it's my mother begging you. Now your dad wants to divorce me, please persuade him!"

Xiao Qiang has been a favorite of him since he was a child. Huang Cuiying didn't believe that Xiao Gang divorced her again and her son didn't help her intercede.

Who thought Xiao Qiang gave Huang Cuiying a fierce look, his eyes seemed to treat her as an enemy, and without a word, he snatched the phone back from her hand.

"Who told you to interrupt me playing games? My dad divorced you and who you deserve to cheat you? Then find someone younger than you again, I don't know how many times better, get out!"

Good guys.

For the rest of my life, who had been watching the show, saw Xiao Qiang treat his biological mother this way and encouraged him to call a good guy. This Xiao Qiang would fight his half-brother Yu Xuanyou!

## **Chapter: 1682**

In the end, Xiao Gang divorced Huang Cuiying unhesitatingly, even though Huang Cuiying's various requests still had no effect.

These days in the Xiao family, after having been busy with Huang Cuiying's affairs, Xiao's mother didn't have time to get along with the rest of her life before it was time to part.

When parting, Xiao's mother took Yu Sheng's hand and her eyes were filled with reluctance: "Xiao Yu! No matter how busy you are at work, you have to take time to see Auntie!

And the marriage between you and Zixin. Auntie really hopes that you can spend a lifetime with Xiao Zixin. You are my son-in-law. Don't let Auntie down, Xiaoyu!"

Yu Sheng's psychological pressure was very great, facing the serious and longing eyes of Mother Xiao, Yu Sheng felt a little guilty in his heart.

Xiao Zixin is a good girl. If she doesn't fall in love with Magnolia, Yu Sheng might consider Xiao Zixin as his wife.

Who doesn't like a woman who can help herself manage the Yisihai Group and is very caring in her life? But now the girl has a white magnolia, and he can't say anything to that woman, even if it's dead.

When leaving, Yu Sheng took Xiao Zixin and returned to the Four Seas Group. When sitting in the car, Yu Sheng sighed and said with emotion: "I knew I would let auntie say anything like this. , I really feel very guilty."

Originally, these words were meant to be held in her heart for the rest of her life, but she couldn't help but said it. Xiao Zixin sighed heavily on the side. Why didn't she feel uncomfortable in her heart?

Xiao Zixin gritted her teeth, and finally said what she was holding in her heart: "Yusheng, is it really possible for you and me?"

Turning his head to look at Xiao Zixin's rainy face with pear blossoms, Yu Sheng opened his mouth and didn't speak any words, God, why do you always let him face these emotional entanglements?

It didn't matter if he was allowed to participate in the Hundred Days Conference and let him fight those opponents for 300 rounds, but facing the woman who looked eager to love him deeply, Yu Sheng couldn't bear to make them sad.

What's wrong with them? It's just that I like to be wrong. People fall in love with myself, and I have done nothing wrong. I just want to treat Magnolia wholeheartedly, but I have to face such a bad thing, my God!

Although there are many unbearables in his heart, Yu Sheng has to make it clear. He really doesn't want Xiao Zixin to waste time on himself. He is also twenty-seven and eighty-eight, and he should put time on it. If you look for a boyfriend, you can't really live alone and die alone. If that's the case, the sin for the rest of your life is really serious.

Seeing Yu Sheng's hesitation, Xiao Zixin already had the answer in her heart. She smiled bitterly and wiped away the tears on her face and stopped speaking, as if he had never mentioned the sentence just now.

Obviously, the feelings in this world are simple and simple, but what is most painful is wishful thinking, right? When you meet someone who loves yourself and you love, you really need to cherish it.

For the rest of my life, whether I can be with you in this life? I will love you forever, even if what I do next will make you hate me, but he hopes to ask you to forgive me!

Yu Sheng didn't know that Xiao Zixin's inner thoughts were still full of guilt. Now she really hopes that the car can be cleaned to the Four Seas Group, so that he can go back to the office and calm down.

When the car really stopped at the Sihai Group, Yu Sheng's heart felt like five thunders, because he suddenly saw a woman with a stunning face standing at the door of the Sihai Group building.

The person standing there is not Magnolia, but who can it be?

### **Chapter: 1683**

"The person in your heart, but found a company!"

At this time, Xiao Zixin had sorted out her emotions, but when she saw Magnolia appearing at the gate of the Sihai Group Building, she couldn't help but feel jealous for the rest of her life, rejecting her for the sake of this woman!

"At this time, you still don't forget to tease me, alas, don't you plan to make things clear for me?" Yu Sheng said a little helplessly.

Xiao Zixin shrugged her shoulders with a sweet smile: "That's a matter between you and her. What does it have to do with me? Please explain it carefully!"

After leaving this sentence, Xiao Zixin didn't return her head. She got out of the car and turned into the Four Seas Group. When she walked past Magnolia, she didn't even say hello, leaving the rest of her life alone in the car, wondering if she wanted to. get off!

At this time, the doctor really wanted to shout in his heart, God, what is this all about?

In fact, it can also be thought of. In the past few days, she did not say hello to her family, and Bai Yulan did not say hello. The company she was looking for was also normal!

If Magnolia left with a man and didn't go home for a few days, she might be more impulsive than Magnolia did for the rest of her life.

With a deep sigh, Yu Sheng still relied on the courage to open the car door, forced a smile on his face, and greeted Magnolia.

"Why did you come to the company? It's not good for you to get tanned outside, let's go in and talk about something!"

Magnolia smiled at Yu Sheng and didn't say anything. After entering the company, the two people were speechless all the way. Magnolia didn't speak until she entered the chairman's office and closed the door.

"Yu Sheng, Yu Sheng, why haven't you gone home these few days? Even if you are traveling with your little secretary, at least you have to tell me, right?" He smiled calmly, but he could also hear his dissatisfaction in his tone.

For the rest of her life, she let Magnolia sit on her office chair, stood behind her and squeezed her shoulders, and then she said: "My wife, there have been too many things in the past few days. I forgot to tell you. , It's up to you to fight or punish!"

This kind of submissive attitude made Yu Sheng reminded Yu Sheng how similar Xiao Gang was before Huang Cuiying!

Like to meet each other's opponents, love is willing to win!

Even though the rest of his life has the realm of a great master, a talented enchanting genius, but in front of Magnolia, he is just a husband who has done something wrong.

"Wife! Nothing has happened to Xiao Zixin and I in the past few days!" Yu Sheng stretched out four fingers, and said solemnly, "If I make a slight oath in the past few days, I am sorry." The Magnolia matter, let me thunder and thunder for the rest of my life, no..."

Yu Sheng's words were not finished yet, and Magnolia's Qianqianyu hand covered his mouth, looking at Yu Sheng with a reproachful face and said unbearably: "What nonsense are you talking about, I won't let you swear these oaths!" "

Speaking of Magnolia, she hugged Yu Sheng and squatted on his chest and started crying quietly, as if she was a little wronged by the heavens, and she felt distressed when she saw Yu Sheng.

She kissed Magnolia's forehead for the rest of her life and said apologetically: "Okay, I'm sorry, all of my mistakes are my fault. I shouldn't stop telling you, but I'm afraid you will be jealous. You misunderstood, so I didn't tell you, I didn't think it would make you sad..."

The tear of Magnolia just now seems to have fallen on Yu Sheng's mentality. The uncomfortable Yu Sheng is almost unable to breathe. She really can't see the woman she loves crying because of herself. This incident really made Yu grow enough. lesson.

In the future, no matter what happens, Magnolia will not be able to make Magnolia sad and cry, even if it is to let herself bleed!

#### **Chapter: 1684**

"Yu Sheng told me something in my heart, are you interesting to your little secretary? If you really like it, if you want to take it home, I won't have any objections." Bai Yulan looked at Yu Sheng's eyes. , Said suddenly.

Yu Sheng was stunned first, and reacted randomly. He wouldn't foolishly think that this sentence that Magnolia said was really from the heart, but it was more like a dangerous temptation.

I kissed Magnolia's soft and delicate face, and Yu Sheng said spoiledly: "This is already the 21st century. You thought you could have three wives and four concubines just like in ancient times? Besides, I have you. A beautiful and beautiful wife who is already content, why would she want to be with other women?"

Listening to Yu Sheng's answer, Magnolia was very satisfied. Although the words he just said were not sincere, if Yu Sheng really insisted on marrying another one, she would not say that it would only hurt one person.

After all, Magnolia has lived in the environment of a large family since she was a child, and she can understand the family's three wives and four concubines, so she is willing to give Yu Sheng this kind of choice.

I don't know why Magnolia suddenly thought of her mother. Her mother was married to her father because of a business marriage, but she was a poor man after all. She has never been able to receive her father's love in her entire life, but she lost. The women in the entertainment venues I met outside, think about Magnolia, and feel sad for a while.

Suddenly Yu Sheng hugged Magnolia in his arms, and began to wander around her dishonestly with both hands. This brought the magnolia in thought back to reality, and looked at Yu Sheng with a blushing face.

"What are you doing?"

The movements in Yu Sheng's hands have already begun, and they are even more excessive, and even want to take off the clothes on Magnolia's body: "Aren't you asking me knowingly?"

Magnolia was about to struggle subconsciously, but she was so overwhelmed and intrigued by Yusheng that she was soft and weak at the mercy of the rest of her life.

When the whole office was lost and lost, Magnolia asked from time to time, "Yu Sheng, do you often do this kind of thing with your little secretary in the office?"

Three black lines appeared on Yu Sheng's forehead, and even the most primitive thoughts faded away. It turned out that Magnolia was still worried about these things in her heart. She said she didn't care, but she cared more than anyone in her heart.

"If you continue to slander your husband like this, don't blame me for not letting you walk down the ground!" As soon as Yu Sheng's voice fell, he lightly bitten on Magnolia's body as a punishment.

Magnolia was ashamed of finding a hole to bury herself in. The place where Yu Sheng's mouth just now was too much, right? But she inexplicably likes Yu Sheng's bad feeling.

I don't know how long it took, Magnolia lay weakly on the table and poured him a glass of water for the rest of her life, and let her rest. This was the end. If she hadn't seen Magnolia's prostration, she would even want to fight another 300. Round, put this little woman's dressing up.

Looking at the clothes on the ground being torn by Yu Sheng, Magnolia watched Yu Sheng pick up her pink fist and punched Yu Sheng on the chest twice: "You are so annoying that you even tore my clothes. NS!"

For the rest of my life, I didn't care at all, grabbed Magnolia's small fist, kissed it softly to my mouth, and said comfortingly: "Okay, okay, don't be angry, I will let my secretary buy it soon. Two sets of clothes that suit you, won't that work?"

Magnolia thought for a while, then nodded her head. Now it seems that there is only this way, otherwise she can't go home even with her disheveled clothes!

Yu Sheng took the landline and made a phone call. After a while, the office door was knocked to death.

As soon as Xiao Zixin opened the door, she could smell the unusual smell in the office. She randomly saw white magnolia sitting on the office chair disheveled. Even she was stupid enough to guess what happened in the office just now. .

## **Chapter: 1685**

"Yu Dong, do you have any instructions?" Xiao Zixin's face was extremely ugly, and there was a slight trill in her voice when she said this sentence.

What courage does she have to stand here without fleeing?

For the rest of my life, I know you don't like me and you don't love me, but why do you tell me this way, how ridiculous I am in your eyes?

After all, Xiao Zixin couldn't say these words, she really didn't know how to ask, she could only endure the sadness silently by herself.

During the eight days when Yu Sheng went to Xiao's house, nothing happened to the two of them living together. Yu Sheng treated her as nothing, and didn't have the slightest primal impulse.

But how long has the Magnolia been here? That kind of thing happened when the two of them didn't take the occasion into consideration. How could this make Xiao Zixin sad?

Yu Sheng also knew that this situation was a bit embarrassing now. To be honest, he really didn't mean it, but if he went to buy clothes for Magnolia himself, and left Magnolia in the office alone, in case a man with no eyes broke in and saw it. Isn't Magnolia's present situation a big loss?

As for asking Xia Jun to come over, Xia Jun is a man after all, and he must not have Xiao Zixin's eye for buying clothes.

"Help buy two skirts in size s, and send them here soon!" Yu Sheng ordered.

Xiao Zixin answered yes, and took out a bucket of trash in the office.

When the office door was closed again, Bai Magnolia hesitated looking at Yu Sheng, but she still asked, "I saw your little secretary just now crying. Is there anything that irritated her?"

Bai Yulan wondered what was going on with Xiao Zixin? Even if she finds out about herself and Yu Sheng, she doesn't have to be uncomfortable like that. Is it possible that she really has nothing to do with Yu Sheng?

Recalling her previous experience, Bai Yulan seems to be able to understand Xiao Zixin. If it is not a special situation, the rest of her life will generally not do anything to the women who embraced him. If you think about it this way, Magnolia feels satisfied like a general who has won the battle. She really chose the right husband. The man in front of her is not sure how much better than her father. At least the rest of her life will be for feelings. Very specific.

"If something hadn't happened in the middle, you would have been my wife who came in. Why should we care about other people's thoughts in our affairs?" Yu Sheng said indifferently.

Magnolia was a little moved by what Yu Sheng said, and immediately hugged Yu Sheng with her small face rubbing against him like a little cat.

Yu Sheng pulled out a smile from the corner of her mouth, touched her head, and the two of them felt warm again.

.....

Outside the office, Xiao Zixin quietly came to a place where there was no one. After looking around, she found that there was no one trying, and then she kept her eyes on the trash can.

Enduring the nausea, he opened the garbage bag, then gritted his teeth and reached in, took out a small paper ball and put it in his pocket.

She originally wanted to use other means to have a relationship with her for the rest of her life, but the success rate of this method is still low after all. With the skills of rest of her life, how can she be recruited so easily?

Looking at this trash can now made her think, anyway, she wants a child for the rest of her life, so it doesn't matter how she got it.

Xiao Zixin knew that it was impossible for her and Yu Sheng to be together, but after all, loving someone was crazy and impulsive. Now this is the last impulsive thing she does.

If it is really successful, Xiao Zixin will give birth to this child and raise it up by herself. Not mentioning a

word about the rest of her life will not affect his life.

If there is no success this time, Xiao Zixin decides to die for the rest of her life from now on, and never pester her to die alone from now on.

### Chapter: 1686

“Yu Dong, the clothes you want!” Xiao Zixin put the two women’s clothes she bought on the desk, then turned around and left without staying in the office for a while.

Buying clothes for her love rival, Xiao Zixin, so it was enough to take two of them and fool around.

Although the two women’s dresses on the table are not very beautiful, they are not the kind that you can’t stand.

Magnolia hesitated, she picked up the clothes on the table and put them on. Even though she didn’t like it so much in her heart, she couldn’t go back wearing the clothes torn by Yu Sheng!

The keen rest of his life caught Magnolia’s small emotions, although it was only insignificant, but it was also captured by the rest of his life.

Reaching out and holding Magnolia’s little hand, Yu Sheng said indulgently: “Do you not like it? Anyway, I don’t have anything to do now. Take you shopping together, pick a few things you like!

Leaving, I haven’t had a good company to accompany you these few days. I just have a chance today.

Don’t refuse my kindness! ”

Magnolia’s small face unconsciously showed a smile, and she nodded very satisfied. I used to see Yu Sheng with him and thought that Yu Sheng was a straight man, but now, after being really together, I found out that this guy hurts so much. people.

The two people held hands and looked at them with envious expressions except when the office was in Sihai Group.

Magnolia has attracted much attention, and even the chairman of Yu Sheng, who stands by his side, loses its color.

Xiao Zixin, who had just come out of the toilet, felt awkward again when they saw the two of them coming out, but she had no choice but to do other things.

.....

In the mall for the rest of his life, he took Magnolia’s little hand, and strolled aimlessly to look at the left and right, not knowing what Magnolia was going to buy now.

They all said that they could cure all diseases, and for the rest of my life he hesitated, and finally took Magnolia to the luxury bag shop to have a look.

Magnolia’s footsteps stopped and she said she didn’t want to go in. The last time I was buying a bag with Jia Rou when I met Yuzhu, I almost got her face peeled off. Magnolia left a big psychological shadow here. Now look at it. I was a little scared when I went to the bag shop, for fear that I might meet someone again.

For the rest of his life, he looked at Magnolia with some confusion, not knowing what was going on with the panic on her face, and gently helped her straighten her hair, and asked caringly: “What’s wrong? Is it uncomfortable?”

Magnolia shook her head, and recently concealed the panic on her face: “I don’t know, I don’t like asking for bags, let’s change stores!”

Although Magnolia had already said nothing, but for the rest of her life, she was still reluctant. If there were any questions, he would panic in his heart.

“Don’t even your husband have to hide it? If you don’t say anything, I will be punished severely at night.

Are you going to be punished by me, or do you want to be honest?"

Magnolia subconsciously remembered the expression in the office, her face flushed after a brush, unlike Yu Sheng, who shook her head and shook her head to disagree.

"Okay, okay, don't I say it's okay? It's when I came to the bag shop with my sister Jia Rou to buy things, and I met a middle-aged woman who tied us to the Wang's house before. If there is no The film crew came to rescue us in time, maybe my face will be stripped off by them.

Although I hadn't been abused in those few days, it was like a nightmare after all. I am still a little scared when I think about it."

For the rest of her life, she only knew that something happened to Magnolia and disappeared, but she never thought that these things had happened. Hearing that Magnolia said this now, her face became gloomy.

The Wang family is probably the family of the Wang Ji that he was competing with. It is hateful enough that Wang Ji has plunged himself into such a terrible illusion. It is absolutely unforgivable to think that his family has even thought about Magnolia. .

But how to say, that is also a big family hidden in Sejong. With the current strength of the rest of his life, it is too difficult to completely knock down a family. The existence of a family like that must hide more than immortals. realm.

Gently stroking Magnolia's head, Yu Sheng promised rightly: "When I have enough ability in the future, I will definitely help you to ask for justice. I see who else dares to touch you!"

Magnolia chuckled lightly, but a layer of mist appeared in those affectionate eyes, and she was really moved by being able to attach such importance to her for the rest of her life.

In the end, Yu Sheng and Magnolia still had no choice to enter this luxury bag shop, but instead turned to another clothing store.

## **Chapter: 1687**

Looking at the dazzling array of clothes for the rest of my life, I was dazzled, and my eyes were really not flattering, so he usually wore very casual clothes, and even his clothes were regarded as food delivery. Now that Magnolia stays here, he doesn't need him as a rough man to choose and only be responsible for swiping the card.

For the beauty of Magnolia, who appeared to the attention of most people in the clothing store, a person like her was a big customer at first glance, and the shopping guide in the store quickly greeted her.

When the shopping guide lady was about to walk to Magnolia's side, she fell on her feet and sprained her ankle.

There was no way to predict this kind of thing, but it was an accident. The good shopping guide in the store quickly took the shopping guide lady and took her to the hospital.

There were originally three shopping guides in the store, but two suddenly left and the only one left was the shopping guide lady who had her back turned to Magnolia and didn't know what she was doing in the corner.

When Magnolia wants to buy clothes, she has to try them on. Not all the clothes displayed are the same as Magnolia's figure and need a shopping guide to help.

These white magnolias can't do it alone, they can only come to the only shopping guide standing in the corner: "Can you help me find the clothes that have an S code?"

After waiting for a while, the shopping guide didn't mean to talk to Magnolia. Magnolia thought that her

voice just now was not too small, and it should be audible.

"Excuse me, help me find that dress that has an S code? Thank you!" Bai Lan felt that she was not polite enough to say it? So I added a thank you.

But the shopping guide who stood in the corner with his back facing her didn't have any intention to turn around. This time, Magnolia really surprised Magnolia. What is going on? Don't those who do business now care about customers so much?

Don't talk about Magnolia, I can't stand it for the rest of my life. I quickly walked to the two of them, raised my hand and patted the shopping guide on the shoulder: "My wife has told you so much. , Why are you still pretending to be inaudible? Does your store treat customers like this?"

For the rest of his life, she took Magnolia out to buy a dress, but she didn't want to ruin Magnolia's mood because of a small incident.

The lady shopping guide trembled when she heard Yu Sheng's voice, and she hesitated for a while and finally turned her head.

When Yu Sheng saw that the language of the shopping guide in front of him was completely different, even the face of Magnolia on the side showed a strange look.

This shopping guide lady is not someone else, but Yang Zihuan, Yu Zihuan's ex-wife for the rest of her life. She hadn't seen her for so long, and it was hard to think of her as a shopping guide in this clothing store.

"Ms. Ms., what's the matter?" Yang Zihuan said in a respectful voice instead of letting his eyes stay on Yu Sheng's body.

Now this situation makes Magnolia very embarrassed. He doesn't know how to answer Yang Zihuan's question. Is it possible to let Yu Sheng's ex-wife help him get the clothes? Wouldn't it be a little bad in this case?

At this moment, a voice rang in Bai Magnolia's ear.

"My wife wants to try on that dress over there, and help find someone with a s size that suits her. By the way, if you still pretend to be inaudible next time, don't blame me for reporting you to the store manager. That's it!" Yu Sheng said coldly.

Yu Sheng was able to say such a thing, which made Magnolia feel very surprised. She thought it was a bad thing to meet Yu Sheng's ex-wife in this place. But there is a son Xiaoshui among them.

But the words that Yu Sheng just said were very cold, treating Yang Zihuan as a stranger completely, leaving no room at all.

Not to mention that Magnolia thought this way, even Yang Zi didn't even think that the rest of her life would talk to herself like this. Hearing the "wife" in his words, he felt uncomfortable. He knew that this sentence was calling another woman not her.

I was his wife before, and I gave birth to a son for him. The family is happy and harmonious. How did it become like this? Yang Zihuan was thinking about it as a mist of water appeared in his eyes.

"Did you hear what I said? Or do you mean that the waiters in your store are at this level of service?" Yu Sheng's voice became even colder, as if he was very dissatisfied with Yang Zihuan's service attitude.

## **Chapter: 1688**

"I... I heard..." Yang Zihuan said with a trembling voice, randomly not daring to stay for a while, and hurriedly came to the dress that Magnolia was pointing at and asked: "Miss, what you said before was this one. Clothes?"

Magnolia has not yet left her life, and her cold tone feels a little uncomfortable to pull on his clothes,

and make a color for Yu Sheng. This is like Yang Zihuan's direction, and she walked over and replied: "Yes!"

How embarrassing this scene is! Magnolia didn't know whether to turn around and leave to go shopping in another clothing store.

Now this situation is not as good as I heard Yusheng go to the luxury bag shop to buy things before, and it will not happen now.

The shopping guide girl in front of me is Yu Sheng's ex-wife! How could Xiao Shui's biological mother tell her something comfortably?

Picking up the skirt Yang Zihuan handed over, Bai Yulan was too embarrassed to try again, and asked him to wrap it up directly.

Yu Sheng rushed over and stopped Magnolia's move: "Why don't you try it? How can I know if it fits if I don't try it? Wouldn't it be too much trouble to take it back and exchange it at that time?"

Yu Sheng had said this. If Magnolia insisted on paying the bill and leaving, it would be too obvious to behave. She could only stare at Yu Sheng with her clothes and then entered the fitting room.

Magnolia entered the fitting room and waited outside. Yang Zihuan and Yu Sheng stayed there and stood there speechless.

For the rest of his life now, seeing each other as a passer-by was so vividly and vividly that Yang Zihuan was hurt in his heart.

Since the divorce from Yu Sheng, the days have been in a mess. My mother and younger brother have never repented very much, just as usual.

After the 100 million squandering, their family is totally insecure and miserable. Even if they all become like this, her mother and brother did not reflect on their own mistakes, but instead blamed all of them.

On the rest of my life.

Although Yang Zihuan didn't want to stay with her mother and brother for a moment, it was really impossible for her family to ignore it, so she became the pillar of the family, looking for a job to support the family. .

During this period, Gao Qing also blatantly found a rich man for Yang Zihuan to marry. Although Yang Zihuan was married and had children, she was there, looking for someone with a little bit of money is not to be found. .

But Yang Zihuan rejected all of these, and scolded Gao Qing angrily that she didn't need her to blend in with her future marriage.

In fact, Yang Zi still has his own plan in mind. Even if he is divorced and gave birth to children, where can he get rich even if he finds a rich person?

Who is really rich who would like a divorced woman like him? At most, find a BMW driver with an eight hundred and eighty-thousand one that is against the sky.

How can those people compare with the rest of their lives? Yu Sheng is a truly top rich man with assets of more than 100 billion in the hands of the chairman of the Sihai Group and the Science and Technology Park. Once he was able to own Yang Zihuan, thinking that he had a son with him, no matter what, there is a chance.

During this period, Yang Zihuan also came to the Yu's villa to try to have a chance encounter with Yu Sheng, but Yu Sheng seemed to know him not at home, or deliberately avoided her, every time he encountered Yu Sheng.

The air became more and more embarrassing, Yu Sheng's face was normal, but Yang Zihuan was

uncomfortable, and finally couldn't help but ask: "Yu Sheng, are you really being so cruel to me? Anyway, I am Xiao Shui's. Mother, I have known you for ten years!"

### Chapter: 1689

"When I met you, you were only for the rest of your life, not the chairman of the Four Seas Group, not a rich man but just a door-to-door son-in-law of the Yang family.

At that time, our family was still living in poverty and happily, but no matter how we went from university to the palace of marriage, we were also a truly loving couple! "

Listening to Yang Zihuan talking about their past, the corners of Yu Sheng's mouth pulled out a curve, and it was already where it is now. She was so embarrassed to play any emotional cards in front of her, really think it was useful?

"Ms. Yang, did you make a mistake? It made me the real bad guy. I remember that when I was divorced, I asked you in all kinds of ways. You have no hesitation and still say these are useful?" Yu Sheng He said in a flat tone, as if he was talking about other people's things.

Yang Zihuan was dumbfounded. When she got divorced, she and Yu Sheng really wanted to divorce after listening to Gao Qing's opinions. Since I divorced, she has been silent every day in endless regrets. .

"Yu Sheng, are you really not afraid of my sadness when you say this? Anyway, I am also a person who has been suffering with you, saying that a husband and wife are good for a hundred days. How can you be so cruel to me? Is it only worthy to be with you? Is it not worthy to be with you?

Don't you think that woman is pretty, what can you do? If you were a pauper, would she still love you? What she loves from beginning to end is only your money! "

Magnolia in the fitting room, when she heard these words, she wanted to rush in and have a good theory with Yang Zihuan, but in the end she endured it because he wanted to hear what Yu Sheng would say.

Yu Sheng's indifferent expression suddenly changed and became very serious and serious: "You can't help but slander Magnolia until now, she doesn't know how many times better than you.

At the very least, he will not promise to dedicate himself to the family in the marriage, nor will he abandon his husband, abandon his son for a person who has not even met each other, and say that sharing happiness and suffering is not arrogant after the divorce. Directly asked for 10 billion, and now it is all your own fate!

Soon my wife will come out and stop saying such things, and then let her be panicked when she hears it, then don't blame me for turning my face and denying people! "

Yang Zihuan took two steps back because she couldn't accept it. She knew that all of this was her own self-inflicted feeling, but it was especially uncomfortable to hear this sentence from Yu Sheng's mouth. Yu Sheng's love for Magnolia made her go crazy with jealousy. It should belong to her!

"No, Yu Sheng is not like that. The reason why I fall in love with the chairman of Sihai Group is because she is also you. I have not cheated on it, I have never done it!

Even for such a long time, my mother has been introducing rich people to me, but none of me agreed, because I am waiting for you, waiting for you, and I will follow you without hesitation, just like the Yang family at that time. If you don't agree with us getting married, I haven't hesitated to follow you! "

Yang Zihuan started crying while talking about Pear Flower, holding Yu Sheng's hand, and said nothing to let go.

Seeing what Yang Zihuan looked like now, Yu Sheng's original determination was inexplicably softened. What I have to admit is that he has indeed fallen in love with two women in his life. The first is Yang

Zihuan and the second is Magnolia.

People who have truly loved each other can hardly meet each other even if they don't love each other. Now Yang Zihuan is still deliberately mentioning the past, which also made Yu Sheng feel a little bit of uncomfortable emotion in his heart.

Even in this way, Yu Sheng would not choose Yang Zihuan again, because he had no way to care that she had divorced herself for the sake of other men. This is an unchangeable fact.

What's more, now that I have a white magnolia who loves me so much, how can I have the heart to make this good woman sad?

After making up his mind, Yu Sheng pushed Yang Zihuan away silently, grabbed his hand and even stepped back two steps, pulling a certain distance from her.

I don't know when, Magnolia has come out of the fitting room, holding Yu Sheng's hand with a smile, and said, "The clothes don't fit, I don't want to buy them, let's go back!"

### **Chapter: 1690**

When Yang Zihuan saw that Yu Sheng and Bai Yulan were about to leave, he subconsciously vented all the cruel words Yu Sheng said to him on Bai Yulan.

Angrily glared at the gorgeous woman in front of her, how could she look better than herself? What she loves is only the money for the rest of her life.

"Miss, you said that you want the s size, and the s size I gave you is also the s size. I think you wear it well, why do you want to lie?" Yang Zihuan said nonchalantly.

Magnolia, who had already walked to the door, had no idea that Yang Zihuan would show it to herself, a scornful smile appeared on the corner of her mouth, and she turned around and looked at Yang Zihuan.

"Only the person who tries on the clothes knows that the clothes don't fit. How can you know if they fit just by looking at them?"

Even if the clothes don't fit well, I insist on buying them home, but I won't run into them because they are uncomfortable to wear!"

Although Bai Yulan's remarks were talking about clothes, they sounded to Yang Zihuan's ears as if they were taunting her. It was obvious that she had refused her again and again for the rest of her life, and she was still begging.

"I don't like people who talk about circumspsect, maybe it's that girls like you like to engage in some conspiracies to play around for the rest of their lives, right?"

What you deliberately and deliberately wants to get close to her love is his money. If he has nothing, would you still follow him?"

Yang Zihuan seems to have forgotten that he is now a salesperson in the clothing store, but has begun to reason with Magnolia reluctantly.

If possible, which woman would be willing to have her husband become a billionaire after divorcing herself, and then be with other women, let other women sit back and enjoy the benefits, and she is just worthy of suffering?

The last thing I want to see in my life is that these two women quarrel, one is that he once loved, and the other is that he is now in love, really tired!

Yu Sheng just wanted to say something to Magnolia, but Magnolia reached out to stop him from telling him not to interfere with the two of them.

Anyway, this kind of thing is hard to say for the rest of my life, just listen to Magnolia and see how she solves Yang Zihuan.

Yu Sheng only hopes that Magnolia will not suffer a loss in this matter. After all, everything Yang Zihuan has experienced now is all self-seeking, but Magnolia is innocent.

“You said I love his money? Then please ask yourself, if you were the son-in-law who was with you for the rest of your life, would you still beg him to come back to you like this?”

Please, Miss Yang, you kicked him away. If you mistake pearls as fish eyes, you will have to pay a price. Ask yourself whether you are the chairman of the Four Seas Group or the rest of your life, you only love his money. “Bai Yulan said these words word by word to Yang Zihuan.

It seems that these words have all poked Yang Zihuan’s heart. The one fact that he is most reluctant to admit is indeed very reasonable when thinking about Magnolia’s words. Is she really such a vain woman? Is she only rich people from head to toe?

Thinking of this, Yang Zihuan was a little crazy while crying and laughing. It seemed that she was irritated by Bai Yulan’s words. She thought of the time when she had been useless for the rest of her life. She looked down on all kinds of things and even felt that there was such a husband. shameful.

At this moment, she no longer continued to pester her for the rest of her life, but squatted down in the corner alone and sobbed, until Magnolia and Yusheng completely left the clothing store, she still did not feel relieved.

After walking out of the clothing store, she gave Magnolia a thumbs up silently for the rest of her life. I have to say that this little woman still has some skills, and that arrogant attitude is not the style of a big family eldest lady at all.

Magnolia reached out and pressed Yu Sheng’s thumb down, and looked at Yu Sheng with a smug look: “You guys who like to get in trouble outside, if I don’t have any means, wouldn’t I be soon to be caught by something else? Does the woman compare? That won’t work!”

What?

For the rest of his life, he was in a daze. He didn’t want to understand the meaning of Magnolia’s words. How could he become a man with flowers and grass for some reason?

I always abide by my duty, okay? It’s just so good that it has caused so many love debts.

Yu Sheng liked the adjective of white magnolia, and immediately stretched out his hand to scratch the itchy place of white magnolia. White magnolia didn’t react and smiled as the flower branches trembled and begged for mercy.
