

Dont mess 171

Chapter: 171

She was not afraid of what Yu Sheng said to bankrupt the Hu family.

In fact, even Hu Daokun didn't care about this matter.

He knew the identity of the rest of his life, but he was the first son-in-law of the Yang family.

How could he be concerned about the threat of a wasteful meal.

What Chen Xiaomei was afraid of was that Yu Sheng and Xu Qianqian went back and reported the matter to the senior executives of the Four Seas Group. At that time, she said that her remarks that she was going to bankrupt the family might irritate each other.

If the senior members of the Four Seas Group are provoked, the Chen family will not be able to take it anymore.

Not to mention the Hu's family, who leaned on her Chen's family to eat.

"Husband, what do you do now?" Chen Xiaomei asked weakly, hurriedly stepping forward to untie Hu Daokun's rope.

She didn't know how to deal with this kind of thing, and she was a little scared, so she had to rely on Hu Daokun.

"I don't know what to do. I just hope that their high-level leaders will not get angry." Hu Daokun was also flustered.

Because he knew that Xu Qianqian's Xu family was a big family in Shangjing. Xu Qianqian ran to the Sihai Group to work. On the surface, she was just a deputy manager of the marketing department. In fact, she must have great rights in the Sihai Group.

Not only did I give her an aphrodisiac today, but also shamelessly said that she seduce him, and Xu Qianqian was not angry.

Moreover, even if the Four Seas Group didn't get him, Shangjing Xu's family probably wouldn't let him go.

Damn, I blame this yellow-faced woman, if she hadn't come over, I would have cooked mature rice with Xu Qianqian's raw rice.

By that time, I would be able to convince Xu Qianqian with this mouth of Lao Tzu. At that time, he became the son-in-law of the Xu family, and the Chen family would not dare to fart.

Hu Daokun glanced at Chen Xiaomei, and scolded the ugly woman as shit in his heart.

"Or, I'd better call my dad and let him come to help. Let's take the initiative to apologize. Sihai Group should not be so overbearing." Chen Xiaomei suggested.

Hu Daokun thought for a while, and felt that what Chen Xiaomei said made sense.

At this time, only they can take the initiative to admit their mistakes.

“Also, you can make the situation a little more serious, or Dad might not help us.” Hu Daokun said.

“Um.”

Chen Xiaomei nodded and took out her mobile phone to make a call.

At this moment, Hu Daokun’s phone rang first.

It was his father.

“Asshole thing, who gave you the courage to touch the executives of the Sihai Group?” As soon as the phone was connected, the Hu family owner shouted angrily.

Hu Daokun was shocked, “Dad, I...”

“What are you? The Sihai Group has already notified us and gave us half a day to prepare. After half a day, we will let the Hu family go bankrupt. You, you ruining the house, I really want to kill you!” Hu family Patriarch shouted feebly.

“Dad, I immediately asked Xiaomei to call my father-in-law and ask my father-in-law to intercede. The Sihai Group should be able to give some face!” Hu Daokun said.

But whether the Sihai Group gives Chen Guangxing face or not depends on God’s will.

...

It is said that after Yu Sheng took Xu Qianqian downstairs, he got in the car and left the Hu’s company.

Xu Qianqian didn’t speak, so could he say more.

It was just driving, he said that suddenly something was wrong with Xu Qianqian.

Yu Sheng looked back and saw that Xu Qianqian’s face was red, and his body was constantly twisting, twisting and twisting, and couldn’t help but snorted.

“Have you been prescribed medicine by Hu Daokun?” As someone who came over, Yu Sheng immediately guessed Xu Qianqian’s situation.

“Well, take me to the hospital!” Xu Qianqian snorted, feeling ashamed and scared in his heart.

She found that she could no longer suppress the rushing medicine in her body.

Especially there is a man sitting next to him. No matter how he looks at him, he is not ugly.

On the contrary, if you leave his identity aside, you will find that this is a man who is enough to make most women’s hearts moved.

“Oh, good.” Yu Sheng didn’t dare to be careless, preparing to turn around at the intersection ahead.

“I can warn you, you are not allowed to touch me, otherwise I...” Xu Qianqian said with difficulty, but as he spoke, his eyes were completely lost.

She quickly unfastened her seat belt and plunged into Yu Sheng’s arms.

“Give me, give it to me, give it to me, my body is going to explode, please!” Xu Qianqian hugged Yu Sheng and started to tear up Yu Sheng’s clothes frantically.

Chapter: 172

Her eyes were blurred, and she looked like a beast in heat.

For the rest of his life, he almost ran into the guardrail on the side of the road.

Fortunately, his driving skills are not bad, otherwise he would really crash into it.

“You calm down, you will be in the hospital soon.” Yu Sheng freed a hand and tried to push Xu Qianqian away.

But at this time Xu Qianqian’s mentality was almost crazy, and unless Yu Shengsheng used her internal strength, she couldn’t push her away at all.

While watching the car, Yu Sheng didn’t dare to move too much. At this moment, he suddenly noticed that his lower body was cold, and Xu Qianqian opened the zipper.

He was just about to stop Xu Qianqian, and he was immediately grasped.

Yu Sheng was shocked, and slowly drove the car to the side of the road and stopped...

Half an hour later, Xu Qianqian slowly woke up, watching her weight on Yu Sheng’s body, her eyes were very calm, she didn’t have too much anger.

She got up, put on her clothes, and adjusted her hair in the rearview mirror before looking towards Yu Sheng.

For the rest of his life, he puts on clothes quickly.

“You are very brave!” After staring at Yu Sheng for a few times, Xu Qianqian spoke, full of murderous intent under his eyes.

“It can’t be all to me.” Yu Sheng spread his hands. He really didn’t even think about going to Xu Qianqian, which was totally an accident.

“Hmph, I usually look at you quite honestly, but I don’t think you are in your bones, but you are wild. Even I dare to go, do you think about my consequences?” Xu Qianqian coldly stared at Yu Sheng.

“Have you ever asked about my Xu family? If you let my dad know that his precious daughter was taken away by your son-in-law who ate soft rice for the first time, guess what will happen?” Xu Qianqian said more and more angry .

This woman can hold on for so long to get angry. Who is it?

Yu Sheng looked at Xu Qianqian and didn’t know what to say.

Although he was not entirely to blame for this, he was indeed capable of pushing Xu Qianqian away at that time.

After staring at Yu Sheng for another two minutes, Xu Qianqian sat back in the passenger cabin.

She took out her wallet, took out two thousand dollars, and smashed it on Yu Sheng, threatening: "This is a hush fee. If you don't want to die, you'd better put this thing in your stomach."

She snorted and pulled the door to get out of the car.

At this time, she felt sick looking at Yu Sheng.

Originally, her immaculate body was intended to be kept as a bargaining chip for the chairman of the board.

But now, Yi Xue was taken away by Yu Sheng in this way, and she could resist not asking the killer to kill Yu Sheng. She already endured it to the extreme.

Chapter: 173

Picking up the two thousand dollars that Xu Qianqian smashed on her body and counting, Yu Sheng felt a little amused.

This woman is quite individual.

It's a pity that I don't have a cold with her, or something more happens to her, it's not impossible.

Putting away the two thousand yuan sealing fee, watching Xu Qianqian go to the opposite road to take a taxi to leave, Yu Sheng only started to leave.

He didn't have to return to the company, but went to the bath to take a bath and ate dinner before returning to the company.

...

The Hu family panicked completely, and the Hu family father and son begged Chen Guangxing, the head of the Chen family, to ask him to go to the Sihai Group to intercede.

For his daughter, Chen Guangxing had to bring the Hu family, father and son, and others to the Sihai Group in person.

In the reception room, the Hu family's father and son looked frustrated, especially the Hu family's head.

Knowing that this incident turned out to be caused by the idea of his son wanting to beat other executives, he was even more angry and wanted to kill his son.

Several people waited in the reception room for a long time, and the chairman and general manager of the Four Seas Group didn't show up, even Chen Guangxing felt a little confused.

Office for the rest of your life.

"Yu Dong, the three of them are still in the reception room, and Mr. Xia also doesn't show up. What do you think about this matter?" Xiao Zixin asked.

Yu Sheng thought for a while and said, "You call Xu Qianqian to see if she is willing to spare Hu's family."

The victim of this incident is mainly Xu Qianqian, and Yu Sheng is going to see her thoughts.

If she wants the Hu family to go bankrupt, he will let the Hu family go bankrupt. If she wants to give the Hu family a way to survive, she will give the Hu family a way to survive.

Xiao Zixin nodded, took out the phone and called Xu Qianqian.

“Manager Xu, it’s like this. Dong Yu asked if you would spare the Hu family’s life. He said, if you don’t give them a chance, then Dong Dong will let the Hu family go bankrupt within today, if you want to give them If you have the opportunity, just ask them to contact you.” Xiao Zixin said directly after the call was connected.

“Hu Jiapo’s failure to go bankrupt has nothing to do with me, but Hu Daokun must go to jail!” Xu Qianqian said.

“Okay, I see, I will tell Yu Dong.” Xiao Zixin hung up the phone and looked at Yu Sheng.

She turned on the amplifier, and Yu Sheng also knew what Xu Qianqian meant.

“You go and tell the Hu family, let Hu Daokun surrender, and you must betray for more than three years, and then pay Xu Qianqian 300 million. This is our company’s bottom line. If they don’t compromise, they will accept our company’s anger.” Yu Sheng said.

“OK.”

Xiao Zixin turned to go out, feeling a little surprised, Yu Dong is really too generous and responsible to the employees.

Xu Qianqian asked the Hu family to lose money, and Yu Dong directly asked the Hu family to pay three hundred million. This Xu Qianqian is really lucky. After getting the three hundred million, I wonder if she still wants to work in the company?

The reason why the rest of his life allowed the Hu family to pay 300 million yuan is to let the Hu family give him the blame.

Today, when he was forced to take Xu Qianqian’s blood, he felt a little sorry.

Just when the Hu family was almost desperate, Xiao Zixin finally came to the reception room.

“Secretary Xiao, what did your chairman say?” Chen Guangxing, the head of the Chen family, hurriedly got up and asked.

Hu family father and son also looked expectantly at Xiao Zixin.

“The chairman of the board said that if you want to keep Hu’s family, Hu Daokun must surrender, and he must be sentenced to at least three years. Moreover, he is still paying 300 million yuan for the injured Manager Xu. Otherwise, he will wait to accept the anger of our company.” Xiao Zixin watched. After a few people’s glance, he relayed Yu Sheng’s words.

As soon as her voice fell, the faces of the Hu family’s father and son changed drastically, and Hu Daokun almost fainted.

Chapter: 174

If he goes to jail for three years, what will he be after he comes out?

I guess the Chen family won't help them anymore, right?

"Dad, I don't want to go to jail, you must help me!" Hu Daokun knelt in front of Chen Guangxing, feeling both scared and worried in his heart.

"Dad, if Daokun goes to jail, what should I do? You must find a way!" Chen Xiaomei also begged.

Chen Guangxing really wanted to kick Hu Daokun downstairs, but when he thought that his daughter would have met this condition, he sighed in his heart and had to look at Xiao Zixin.

"Secretary Xiao, can you let me meet the chairman?" Chen Guangxing looked pleading.

Xiao Zixin also knows that the Chen family is not weak, but thinking of what Yu Sheng had said before, she shook her head and said: "Clan Master Chen, our chairman said that there is no room for maneuver in this matter, and Hu Daokun must be punished."

She paused, and then said: "The chairman also said that he doesn't want to see anyone today, but if the Chen family wants to cooperate with our company, he can invite Patriarch Chen to have a meal someday."

"Secretary Xiao is serious about this?" Chen Guangxing asked in a daze.

"This is what the chairman meant before. You can invite the chairman in person another day. By the way, the chairman has a tight schedule these few days. Patriarch Chen can consider it." Xiao Zixin said.

"Okay, thank the chairman for me. This matter will be handled according to the wishes of the chairman. The next day Chen personally invites the chairman and Manager Xu to apologize to Manager Xu." Chen Guangxing only hesitated for a few seconds before agreeing. .

Obviously, instead of forcing Hu Daokun to completely offend the Sihai Group, he is more willing to send Hu Daokun in, and then get a chance to cooperate with the Sihai Group.

The Chen family has reached its peak over the years, and it is too difficult to go further.

Now that he had this opportunity, he felt that this was indeed an opportunity for the Chen family.

"Dad, I..." Hu Daokun almost fainted when he heard Chen Guangxing's words.

Chen Xiaomei was dumbfounded, thinking that her father, who always loved her, would send her husband to jail.

"Dad, how can you do this? How can you let me live alone!" Chen Xiaomei immediately cried.

"Xiaomei, Hu Daokun is a jerk. If you don't teach him a deep lesson, sooner or later he will have to find another woman behind your back."

Chen Guangxing glanced at Hu Daokun coldly, looked at Patriarch Hu, and said, "Brother Hu, what do you think?"

Patriarch Hu smiled bitterly: "I listen to Brother Chen. This bastard thing is indeed too bastard. It's okay to teach him a profound lesson, but..."

“You said.” Chen Guangxing nodded and motioned to Patriarch Hu to continue.

“It’s just a little difficult to come up with three hundred million at a time.” Patriarch Hu said with a wry smile.

“How much can be prepared within today?” Chen Guangxing asked.

“Two hundred million, two hundred million at most.” Hu Jiazhu said.

“Well, I will lend you 100 million first and pay me back within three years.” Chen Guangxing said and looked at Xiao Zixin.

“Secretary Xiao, please tell Yu Dong, just say that at eight o’clock in the evening, we will send the money over, and she will let Hu Daokun surrender.” Chen Guangxing said.

“Good.” Xiao Zixin nodded.

Then Chen Guangxing left the Sihai Group with a few people.

Xiao Zixin returned to the office and told Yu Sheng the result.

This matter was solved satisfactorily.

Chapter: 175

In the evening, Xu Qianqian felt a little warm after learning that the chairman had asked her for a compensation of 300 million yuan.

The only uncomfortable thing in her heart is that she has strictly guarded the perfect body for more than 20 years and saved the waste for the rest of her life.

This incident was also a big trauma to her psychology, and it was difficult to let go of it for a long time.

So far, she deliberately took five days off. For these five days, she has returned to Beijing.

Only when she returned to a place she was familiar with did she feel better.

Besides for the rest of his life, after picking up his son from get off work, he will cook as usual and accompany his son to do his homework.

But Yang Zihuan had booked a private room in Yirenju early on.

She sat in the private room alone and waited until eight o’clock, and no one came to see the chairman.

In the beginning, she never sent any information to the chairman on the grounds that the chairman was definitely not off work.

Seeing that the waiters came several times to urge when the food was served, she finally gathered up the courage to send a message to the chairman, asking when the chairman would come.

After sending the newsletter, Yang Zihuan felt a little nervous.

She didn’t even get divorced from Yu Sheng, so she went out to date with the chairman, feeling a little nervous.

She stared at the phone and waited for the chairman to answer. This wait was half an hour.

Seeing that it was half past eight, and the chairman did not reply to the message, Yang Zihuan felt a little panicked.

She hesitated for a long time, and finally dialed the chairman's number.

At this time, Yu Sheng was teaching Xiao Shui to read, another cell phone suddenly called. He came out to see that it was Yang Zihuan's number, with a sneer in his eyes, and walked aside to pick it up.

"Dong, Chairman, where have you been?" As soon as the phone was connected, Yang Zihuan's tentative words came.

Yu Sheng showed a joke at the corner of his mouth, and said in a hoarse voice: "Oh, sorry, I forgot about it. I'm back home now, or another day, I'm really embarrassed."

He had deliberately disgusted Yang Zihuan today, and of course it was impossible to go on a date with Yang Zihuan.

"Ah? The chairman went back, then, let's make another day." Yang Zihuan said with a smile even though he was upset in his heart.

"Well, let's hang up first, I still have something to do now." Yu Sheng said and hung up the phone.

Looking at the hung-up cell phone on the other side, Yang Zihuan had a bitter expression on his face.

He took the initiative to ask a man, but the other party dropped a pigeon.

But she didn't dare to be angry at all, and she kept making excuses for each other in her heart, which was really ironic.

But Yang Zihuan let the waiter serve the dishes and drank a bottle of red wine alone.

Finally, drunk and unable to drive, he called Yu Sheng and asked Yu Sheng to drive her.

Yu Sheng took a taxi to Yirenju, and came to Yang Zihuan's Che Di, and saw that Yang Zihuan was already asleep in the passenger cabin.

He knocked on the car window for a long time before Yang Zihuan woke up.

Yang Zihuan opened the door, sat in the cab for the rest of his life, and started the car to go home.

"Why drink so much?" Yu Sheng glanced at Yang Zihuan and asked casually.

"Invite the client to dinner, and drank two more glasses." Yang Zihuan lied directly without raising his eyelids.

Yu Sheng twitched at the corner of his mouth, revealing a touch of sarcasm, and said no more.

Soon after returning to the community, Yu Sheng helped Yang Zihuan upstairs and entered the bedroom. Yu Sheng put Yang Zihuan on the bed and was about to go out, but Yang Zihuan suddenly hugged him and refused to let him go.

Yu Sheng was taken aback, and said, "Get a good rest."

As he spoke, he grabbed Yang Zihuan's hand and wanted to break it apart.

"Don't go, okay, we have been in love for a long time, are you really going to be separated from me forever?" Yang Zihuan said drunkly.

Chapter: 176

"I'm in a very bad mood today, so let's take a good rest." Yu Sheng said, pulling Yang Zihuan's hand away, and walked directly out of the bedroom.

Looking at Yu Sheng's back, Yang Zihuan was stunned on the spot, and he also woke up a lot of alcohol.

After so many years of marriage, Yu Sheng rejected her for the first time.

The ruthless look in her eyes just for the rest of her life made her feel suddenly uncomfortable.

For the rest of his life, she has always been pampered and obedient to her.

But today, she suddenly discovered that the rest of her life who loved her so much had changed.

Become unfamiliar.

Become indifferent to her.

Yang Zihuan sat down on the bed, feeling quite complicated.

When she found that the person who loved herself the most was really indifferent, since she was angry, she was also sad.

I was totally unconscious that I seemed to be doing it more indifferently and ruthlessly during this period of time.

She didn't realize that all of this was because she had betrayed first, which made the rest of her life become indifferent.

"Asshole, rubbish, waste from eating soft food, you die to me!"

Yang Zihuan got more and more angry, grabbed the pillow and smashed it on the bed, but he started to cry.

I don't know how long I cried, but Yang Zihuan, tired of crying, just crawled on the bed and fell asleep.

For the next period of time, life remained the same, and the two were still in a cold war.

Even Yang Zihuan was reluctant to eat the food cooked for the rest of his life for many times.

For the rest of my life, apart from spending time at work, I spend the rest of my life with my son. No one ever took the initiative to care about Yang Zihuan.

As for Gao Qing and Yang Ling, after Yang Zihuan arranged a job for them in the company, the two of them were relieved, and they rarely said that they would spend the rest of their lives.

It's rare to be quiet for the rest of my life.

Love is a thing, when you fall in love, you don't see the dead in one day.

When I don't love, I don't see you every day, and I feel refreshed.

Of course, for the rest of my life, the continuous Cold War really looked away and prepared to give up.

Yang Zihuan was stunned. She just wanted to see when the rest of her life would look for her.

This wait is one month.

But Yu Sheng still didn't mean to have a good talk with her.

After work that day, Yu Sheng just got ready to pick up Xiaoshui when he received a call from Xu Qianqian.

"Where are you now?" Xu Qianqian asked in a cold voice.

Yu Sheng was stunned. I didn't see Xu Qianqian for a month. I don't know why she called herself suddenly. After thinking about it, she said, "I just got off work and I'm going to pick up my son."

"Come here where I live immediately, otherwise you will be at your own risk!" Xu Qianqian's tone was very cold, and he snapped and hung up.

One minute later, Yu Sheng received the mobile phone location information from Xu Qianqian.

Yu Sheng frowned, wondering what Xu Qianqian meant to find him suddenly.

Xu Qianqian's tone was very bad, Yu Sheng thought about it, but decided to go and take a look.

He called Yang Zihuan, and Yang Zihuan took a long time to answer. After connecting, he thought he would have a good talk with her for the rest of his life.

Who knows the next sentence, Yu Sheng said that he had something to do and asked her to get off work early to pick up her son, and she was so angry that she hung up.

Yu Sheng believed that Yang Zihuan would definitely pick up Xiaoshui, so he went directly to Xu Qianqian.

Following the prompts, he quickly found Xu Qianqian's residence and knocked on the door. For the rest of his life, he had no questions. Xu Qianqian raised his hand and gave him a slap in the face.

Chapter: 177

"Why?" Yu Sheng grabbed Xu Qianqian's wrist, of course not letting her smoke.

"Asshole, my elder mother is pregnant!" Xu Qianqian stared at Yu Sheng stubbornly, with anger in his eyes, gnashing his teeth, with a look that he was going to eat Yu Sheng.

What?

Yu Sheng was startled, and he didn't quite believe it. After getting off the car that day, he thought Xu Qianqian would buy medicine by herself, but didn't realize that she didn't even buy medicine.

"Why, are you suspicious?"

Xu Qianqian stared at Yu Sheng angrily, and two lines of tears flowed helplessly: "I've only had a relationship with you when I grow up so old, who owns it if it's not yours?"

"no."

Yu Sheng smiled bitterly, "I have no doubts, I just think, why don't you buy contraceptives?"

"How do I know to be pregnant once? Tell me, what should I do?" Xu Qianqian shouted helplessly.

In this regard, she was both scared and panicked, and she didn't understand a lot of common sense.

"Or, go and kill it." Yu Sheng spread his hands, he believed Xu Qianqian would definitely not be born.

"Asshole, it's all you beasts that caused me to be like this. I hate you to death!" Xu Qianqian said, slapping Yu Sheng's chest continuously.

This time, Yu Sheng didn't stop her.

He was also depressed in his heart, how could he be pregnant once, this is too good for him.

When she was tired, Xu Qianqian stopped. She would definitely not give birth to the rest of her life, so she had to kill her.

In order not to be seen by acquaintances, Yu Sheng took her to a remote hospital.

Before the abortion, gynecological color Doppler ultrasound, electrocardiogram and other examinations should be done.

Yu Sheng lined up for Xu Qianqian. After a few checks, the doctor said that Xu Qianqian's physical condition was not very good. First, Xu Qianqian prescribed supplementary medicine for Xu Qianqian's conditioning, and then came back for abortion a week later.

After coming out of the hospital, Yu Sheng found out that it was past seven o'clock in the evening. He was about to invite Xu Qianqian to have dinner, but Xu Qianqian rejected him disgustingly.

Xu Qianqian said that she would eat tens of thousands of dollars for a meal, and she couldn't afford it for the rest of her life.

Yu Sheng smiled, and after sending Xu Qianqian home, he ate some casually at the roadside shop before returning home.

At night, Yu Sheng lay in bed, not asleep for a long time.

It was an accident with Xu Qianqian, but it was this accident that made Xu Qianqian pregnant.

I don't know why, when he suddenly thinks that Xu Qianqian will kill his child a week later, he always feels inexplicable.

He couldn't explain this feeling himself.

After thinking about it for half the night, he fell asleep for the rest of his life.

The next day, Xu Qianqian called him again, saying that he was worried and had to go to the hospital for an examination.

Yu Sheng asked her where she was. She said that she was in the banking business and asked Yu Sheng to pick her up from the bank.

After hanging up the phone, Yu Sheng had to go to the bank to find Xu Qianqian.

When I arrived at the bank, without seeing Xu Qianqian, Yu Sheng called her: "I'm at the bank, where are you?"

"I'm in the VIP area, you come in." Xu Qianqian said and hung up.

For the rest of his life, he put away his mobile phone and walked to the VIP channel.

"Sir, what help do you need?" A beautiful woman in bank uniform stopped Yu Sheng with a professional smile on her face.

This woman is a good-looking girl, and she has a more chic figure when she comes to dress up.

Yu Sheng smiled, and said, "I'm looking for someone, and my friend is doing business here."

Do business?

Dressed so ordinary, it looks like an ordinary office worker, how can you enter the VIP area casually?

Chapter: 178

The woman smiled slightly, but couldn't hide the indifference in her eyes: "Sorry, this is the VIP area, and most people can't enter it. If you find someone, please wait in the lobby."

Yu Sheng was stunned, raised his eyebrows, and said, "Then I will go in for business."

The woman kept a professional smile on her face and said: "If you do business, you can do it in the lobby, counters, ATMs, and you can also deposit and withdraw money. Our VIP area does not entertain ordinary customers."

She said and looked up and down for the rest of her life.

You must know that the VIP area handles more than one million business, and it is estimated that one hundred thousand will be difficult for the one in front of you.

"I want to withdraw money." Yu Sheng was a little displeased, what kind of look do you look like, of course you are blind?

The woman said impatiently: "I just said, you can withdraw the money in the lobby outside."

She frowned, what's the matter with this person? Is there a brain problem?

I've already said it clearly, but still don't understand?

Just your outfit, standing in front of the counter machine will affect the image of our bank.

Yu Sheng looked at the clothes on his body and couldn't help but smile. Damn, do I have to buy a new one, and wherever I go, there are always people who just say what I wear.

Although the stalls here are cheap, Nima is loose and comfortable to wear.

“Okay, you don’t need to follow me, I can’t go in.” The rest of my life was also quite speechless, the woman was about to roll his eyes to the sky, and he didn’t bother to do too much with her.

As he said, he took out the phone and prepared to call Xu Qianqian, saying that he was waiting for her in the lobby outside.

“Sir, please go out and call, don’t affect our other customers.” As soon as Yu Sheng took out his mobile phone, the beauty stopped him and motioned for him to go out and call.

At the same time, she beckoned to the security guard and said: “Security guard, please ask this gentleman out. Don’t let him stay at the door of the VIP room and affect the VIPs who handle business inside.”

The security guard heard this and walked over, “Sir, you can’t stay at the door of the VIP room. Please go out.”

The security guard’s voice was a bit loud, and immediately attracted the attention of a group of people who withdrew and saved money, and everyone looked over.

“Hahaha, where’s the poor boy, dressed like that, and want to go to the VIP area, it’s really funny.”

“I guess he doesn’t want to line up outside, he wants to take shortcuts, but he doesn’t shit and take pictures of himself. Just like him, can he take shortcuts?”

A group of people laughed, their eyes full of gloat.

“You don’t recognize him, isn’t this guy the son-in-law of the Yang family?”

“Lying on the grass, it turned out to be a waste of soft rice, no wonder it’s so shameless.”

Xu Tingting, the previous beauty, looked even more contemptuous when she heard this.

It turned out to be a waste of soft rice. I guess there are no worms in even the class.

“Security, hurry him out, you think it’s affecting other customers.” Xu Tingting said directly.

“I said I want to withdraw money!” Yu Sheng was a little angry.

Xu Tingting glanced at Yu Sheng disdainfully, is she mentally ill.

She snorted coldly and said, “How much do you want to take? Ten thousand or twenty thousand? Bring the card and I will take it for you!”

“I want to withdraw ten million!” Yu Sheng took out his diamond black card and handed it to Xu Tingting.

After receiving the diamond black card, Xu Tingting was startled. She had never seen such a bank card.

Does this really mention bank cards?

Everyone smiled and bent over when everyone saw that Yu Sheng took out a black-and-white card to withdraw money.

This Nima is so funny, too funny.

Want to take 10 million?

Be suffocated in the Yang family!

However, at this moment, the manager who had just come out of the VIP area looked at the black card in Xu Tingting's hand, but was suddenly shocked and hurried over.

Chapter: 179

"Sir, is this diamond black card yours?" Manager Wu Xiyan took the black card in Xu Tingting's hand, but looked at Yu Sheng, his eyes full of respect.

This is a special black card of the International Amethyst Bank. There are only one thousand in the world, and less than one hundred in China!

"Yeah." Yu Sheng looked at Wu Xiyan and nodded lightly.

Wu Xiyan was shocked, almost scared to pee. This master is too low-key. With this level of black card, he wears the same clothes as an ordinary office worker. Is this going to pretend to be a pig and eat a tiger?

"Sir, I'm Wu Xiyan, the manager here, what do you need, I will handle it for you!" Wu Xiyan said hurriedly, making others dumbfounded with respect.

Lying on the grass, what's the matter?

Why does the bank manager Wu have to be so respectful to the door-to-door son-in-law of the Yang family?

Could it be because of the black card that he held?

Xu Tingting was scared to pee!

At this time, if she could no longer see the importance of the black card that she took for the rest of her life, she wouldn't deserve to work here.

She looked at the rest of her life who was not worth hundreds of dollars all over her body, thinking that she had been embarrassing the other person just now, she was so uneasy that she felt a little bit weak in her legs.

It's over. I actually offended such big people. I guess it's the best day to go to work here today!

"No, I'll take some money and let her do it." Yu Sheng said, looking at Xu Tingting, a joke was drawn from the corner of his mouth.

"Sir, it is my honor to serve you!" Wu Xiyan said hurriedly.

"I said I don't want you to do it, just do it for her, don't you understand?" Yu Sheng frowned slightly.

Wu Xiyan trembled, and hurriedly nodded and saluted: "Okay sir, I will let Xu Tingting handle it for you!"

She said that she handed the black card to Xu Tingting and motioned her to handle the business for Yu Sheng, but she was envious in her heart.

Xu Tingting tremblingly took the black card and said respectfully: "Sir, please follow me!"

With that said, respectfully invite the rest of my life to the VIP area.

Seeing the change of Xu Tingting's attitude before and after, everyone took a breath.

This Yang family's door-to-door son-in-law is too good!

"I'll wait for you here, you can fetch it for me." Yu Sheng simply sat down on the lounge chair next to him.

Xu Tingting had no choice but to ask: "Sir, do you take ten million?"

"Yeah." Yu Sheng nodded.

Xu Tingting stepped on high heels and twisted Xiaoman's waist and walked towards the VIP area.

Soon, Xu Tingting came out carrying a black suitcase, and she looked a little unmoving.

Also, ten million in cash is a lot, but it's still a bit heavy.

"Sir, this is your ten million." Xu Tingting brought the black leather box to Yu Sheng.

Everyone looked over curiously, and when they saw Yu Sheng opened the black suitcase, there were piles of red sun exposed inside, all drooling enviously.

Ten million!

They won't be able to make so much money for a lifetime of struggle!

"Take it and save it, and then get me five thousand." Yu Sheng closed the box and said to Xu Tingting.

Xu Tingting smiled bitterly, knowing that the other party deliberately made things difficult for her, but she still didn't dare to be temperamental.

Had to carry the black leather suitcase into the VIP area.

Everyone is also a little speechless, this local tyrant can really play, this is deliberately punishing the bank girl.

Chapter: 180

A few minutes later, Xu Qianqian came out of the VIP room and saw Yu Sheng at once.

"Let's go." Xu Qianqian said indifferently.

"Wait two minutes, I will get some money." Yu Sheng said.

Xu Qianqian had something to say, so he stood beside him and waited for him.

When everyone saw Xu Qianqian such a beautiful woman waiting for the rest of her life, they thought it was his wife.

Looking at Xu Qianqian one by one, they all looked straight.

Soon, Xu Tingting came out with five thousand yuan.

“Sir, this is the five thousand yuan you want to withdraw.” As she said, she handed the money and the card to Yu Sheng with a respectful attitude.

In my heart, I was praying to the sky, hoping that the uncle would stop tossing her.

She also asked in the VIP room just now, this black card deposit is at least tens of billions.

For the rest of her life, she had to take another one hundred million, one billion, or something, she really couldn't move it.

After Yu Sheng took the money and the card, Xu Qianqian asked in surprise: “You will take five thousand yuan, and I will go to the VIP area to get it for you?”

She just came to handle business, but she said clearly that only business with more than one million yuan can be handled in the VIP area.

This is a bit unreasonable for the rest of my life.

Yu Sheng collected the card and money, and said with a smile: “The staff in the bank has a good service attitude, especially this little beauty, who insists on going to the VIP area to get it for me personally. I have no idea.”

He looked at Xu Tingting sarcastically, and Xu Tingting's face turned red.

“She has a good service attitude?”

Xu Qianqian looked at Xu Tingting and immediately sneered, “She told me just now that I need to handle more than one million business to go to the VIP room.”

Seeing the coldness in Xu Qianqian's eyes, Xu Tingting was scared to urinate and hurriedly lowered her head to apologize: “I'm sorry, I, I, I...”

“You didn't look down on me before your feelings?” Xu Qianqian snorted coldly.

“No, no, I'm sorry!” Xu Tingting almost cried anxiously.

The manager Wu Xiyan gave Xu Tingting a fierce look, but he stepped forward to resolve the crisis.

“Mr. Madam, I'm really sorry. Xu Tingting only came to work yesterday. She didn't understand a lot of rules. She didn't know how to work well. I hope that the two adults will have a lot...” Mo Xiyan stepped forward to apologize to Yu Sheng and Xu Qianqian. .

“Okay, go ahead with you, we are still busy, and we are coaxing emotions with a small employee.” Yu Sheng waved his hand and was about to go out with Xu Qianqian.

At this moment, a tall and fashionable big beauty walked in.

The big beauty has a rigorous temperament, wearing a pair of wide-brimmed sunglasses, a hot body, and a pair of long legs comparable to a fashion model, which immediately attracted everyone's attention.

But the next moment, when the big beauty saw Yu Sheng, she took off her sunglasses and smiled in surprise: “It's you, thank you so much last time.”

The rest of my life was startled, and soon remembered.

This beauty was Xia Feixue, the captain of the criminal investigation brigade trapped by those tomb robbers when he accompanied Du Fei to bury his wife in Xiuwen County last time.

“You’re welcome, I just raised my hand.” Yu Sheng smiled, and to speak of it, he thanked Xia Feixue for his tender voice last time.

Otherwise, he won’t get the Nine Profound Heaven Scriptures.

“My name is Xia Feixue, what is your name? I still don’t have to thank you very much.” Xia Feixue looked at Yu Sheng, she really wanted to thank Yu Sheng.

If it wasn’t for the rest of her life last time, she had fallen into the hands of those gangsters, and it would definitely be her lifelong nightmare.

Just as Yu Sheng was about to answer, at this moment, only a few black-clothed and masked bandits rushed in and shouted: “Climb down if you don’t want to die!”

Everyone was shocked, looking at the ak47 in the hands of the culprit, one by one screamed and squatted to the ground in a hurry.
