

Dont mess 1731

Chapter: 1731

Yu Sheng asked a few more questions in succession, but the other party still didn't react at all. It seems that the other party has made up his mind now and doesn't want to take care of himself.

"Why did Miss Xu stop talking all of a sudden? Is it because there is a ghost in her heart, afraid to say more wrong?" Yu Sheng stretched out his hand and touched his lips, and said faintly.

After hearing this, the girl didn't react at all on the surface, but under the intent of the rest of her life, she still noticed that the girl's fingers trembled slightly, and her face was stiff for a moment.

Although he is a master, but this method is not at home yet! After all, he was still a little uncomfortable.

Yu Sheng whispered in a threatening voice: "Miss Xu, do you know? People who have calculated me before, now the head of the grave should be taller than you, now I think of it a bit sorry for them, who is not good, I want to calculate I?"

Yu Sheng got up from the sofa and walked towards the girl named Xu Jingjing. He walked very slowly, stepping on the tiles step by step, making a slight noise.

This slight noise seemed to hit the girl's heart. The girl's hands were placed on her chest, and she was holding tightly. The whole person was also a little tight, only her face was still strong. Smile.

"What did Miss Xu do so nervously?" Yu Sheng walked up to the girl, looked at her condescendingly, and said puzzledly: "I'm not a scourge, I won't eat you."

"I just heard Xiaoyang call you Mr. Yu, right?" The girl finally spoke, but she still had some stiffness when she pulled her lips. She pretended to be faint and said: "I'm not nervous, but you are too close. Bother me watching TV."

Hearing this, Yu Sheng nodded and broke the embarrassing atmosphere with a chuckle. He said, "It turned out to be like this! I thought Miss Xu was afraid of me."

"Mr. Yu, it looks very gentle, why should I be afraid of you?" The girl moved a little aside and said.

is it? If the other party didn't move so slightly, the rest of his life would probably believe her.

After this brief exchange, the rest of her life can be basically assured that the girl in front of her was instigated by someone, but she didn't know who was behind it.

The girl was a little bit courageous and couldn't stand the explosion, but she was able to calm down quickly. If she didn't meet herself, she might be deceived by the girl's docile appearance if she changed to someone else.

Yu Sheng stretched out his hand and touched his aching forehead. After playing for so long, he was already a little tired. He didn't want to go around like this anymore.

Hurrying to be cruel, Yu Sheng directly locked the girl's throat tightly. Yu Sheng once again said, "Everyone is smart, and it's not the same thing if this continues. Ms. Xu, you might as well be with me.

Tell me, who is this person who sent you here? As for me, I might save you.

After all, I look gentle, and the methods are not gentle at all. I also believe that the other party can send Miss Xu over. It must be that you have read my information first, and you should not pretend it again.

This is not interesting. You should understand what kind of person I am, that's right! "

The girl was locked in her throat, she couldn't breathe anymore, her face instantly turned pale, and she even turned blue because of too much effort for the rest of her life.

The girl was struggling constantly on the sofa, she couldn't say a word now, she could only make an intermittent cough.

If it weren't for her throat locked now, the girl would have to yell at Yu Sheng, without pity and pity at

all, and treat a girl like this.

“What are you doing?”

A female voice suddenly appeared upstairs, disrupting the tense and solemn atmosphere downstairs, and then for the rest of my life heard a rush of footsteps, stepping on the wooden board, clattering.

Yu Sheng looked up and saw Aunt Huang rushing down the stairs. Aunt Huang went straight to the sofa after coming down, and then pushed Yu Sheng away very vigorously.

Aunt Huang pointed at Yu Sheng and shouted angrily: “What are you doing? Isn’t it enough that you killed one of my daughters? Now I want to kill another one?”

“For the rest of your life, do you feel a little bit guilty? When you dreamed back at midnight, did you see the silence on your bedside?”

“I tell you, you are not allowed to hurt her. If you dare to hurt her, step on my body first.”

Aunt Huang had hatred in her eyes, and she gritted her teeth as if she was about to tear her for the rest of her life. As soon as her words fell, her hand was raised high, and then she waved down forcefully.

With a “pop” sound, Yu Sheng felt the hotness on his face, and Aunt Huang gave him a slap in the face. Yu Sheng followed the opponent’s strength and tilted his head aside. He was stunned by Aunt Huang’s curse.

That matter has passed so long, but for the rest of my life it seems to be talked about, but it has been hidden in my heart.

What happened to Xu Jingjing is a pain for Aunt Huang, but is it not for him?

Because of this, he unconditionally tolerated Aunt Huang, this was all due to his guilt!

Chapter: 1732

Yes, he always remembered how Xu Jingjing died and for whom.

Not mentioning it on weekdays does not mean that he really forgot. The pain in his heart is not to be said all the time, but it hurts every time he thinks of it.

Yu Sheng stood a little depressed and said: “Aunt Huang, I was a little dizzy just now, and my hands are a little uncontrollable. Don’t care.”

Aunt Huang’s current state looks good, but Yu Sheng still has some concerns about her body. She sensibly told Yu Sheng that Aunt Huang also cares about the girl in front of him. He can’t do anything extreme. Aunt Huang, he can only sigh. He took a sigh of relief and erased the matter lightly.

“It’s best to look like this, or you can show me.” Aunt Huang gave a cold snort, then put down again and said cruelly: “Yu Sheng, if you dare to move a finger quietly, don’t blame me and You are not at odds.”

After she finished speaking, she took the girl who was still breathing on the sofa and left, and the girl followed Aunt Huang away in panic, as she passed the rest of her life.

She also glanced at the rest of her life with the left light, the eyes that were originally without attacking power, at this moment, brought a touch of complacency.

After the two people went upstairs, Xu Yang, who was standing not far away, walked over.

Xu Yang said guiltily: “Mr. Yu, I’m sorry!”

Xu Yang had already walked over when he heard the big noise here, but he hadn’t come forward all the time. After several days of getting along, he knew very well how important the girl was to his mother. So when faced with such a thing, he subconsciously withdrew, because he didn’t stop him, Aunt Huang was scolded for the rest of his life and there was an unpredictable slap in the face.

And if it weren’t for the fact that he was really wrong, and called Yu Sheng over, Yu Sheng would not have encountered such a bad thing.

The more Xu Yang thought about it, the more sad he was, and the more guilty he felt in his heart. "Nothing." Noting Xu Yang's reaction, Yu Sheng smiled indifferently and comforted.

The rest of my life really didn't care about this, all kinds of past experiences have resulted in this extremely powerful rest of my life.

If such a small matter makes him care so much, how entangled and glassy he should be along the way.

Yu Sheng asked: "I asked you to let you go down to the room to clean up. How was the clean up?"

Xu Yang immediately replied, "It's already packed, do you want to go down and rest first?"

Yu Sheng nodded, went upstairs with Xu Yang, and went to rest in the room they had cleaned up.

Yes, the rest of my life is true. I plan to live here for a while. Apart from worrying about Aunt Huang, I also want to see what the girl wants to do.

This was originally the house for the rest of his life, but he didn't come often and gave the house to Aunt Huang and the others, so he was not familiar with the layout and needed Xu Yang to lead the way.

Anyway, everyone is in Qiancheng, and now there is no need to do anything for the time being, then he can play with the people behind the scenes.

The days are not salty or light, and I spend the rest of my life alone in the house, and then talk to the people of the sect about the construction of the sect.

It is not common for Aunt Huang and the others to even eat with them. They are served directly by the servants.

Yes, Yu Sheng deliberately avoided Aunt Huang and the others. He knew that Aunt Huang didn't want to see him, so Yu Sheng deliberately staggered their various meetings.

One day, the girl who was also named Xu Jingjing stopped for a long time in vain when she passed the door of Yu Sheng. She stood motionless, with an inexplicable deep meaning in her eyes.

Her expression kept changing, and finally became a bit of determination. She turned her head and looked at Yu Sheng's closed door, the corner of her lips seemed to be making some plans.

"Today's sun is a bit strong!" The girl said as she left here, her voice was pretty and sweet, but it gave people a creepy feeling.

Chapter: 1733

The girl left Yu Sheng and came to Aunt Huang's door. She knocked on the door and whispered, "Mom, are you there?"

Her voice just fell, and there was an echo in the room: "Yes, it's quiet, please come in quickly."

The girl opened the door and walked in. Aunt Huang was sitting by the bed smiling at her and waving at her.

Walking towards Aunt Huang happily, and then sat down beside Aunt Huang, the girl naturally took Aunt Huang's hand.

She said affectionately: "I didn't see you for a while, I miss you so much! Mom."

There was a deep longing in her voice. Aunt Huang was very distressed when she heard that she quickly touched her head and said, "Mom is here. If you want to be a mother, you can come to see her."

"Hmm." The girl nodded frantically.

The two chatted for a while and then posted their own words. Aunt Huang was so coaxed by the other party that she couldn't stop laughing, looking at each other's eyes as if she were looking at her own daughter.

"Quietly, don't be afraid, mother will definitely protect you."

Aunt Huang looked at the girl in front of her for some reason, and suddenly became a little lost. She

hugged the girl and muttered to herself.

The girl noticed the changes in Aunt Huang, and her whole person immediately became pitiful from being cheerful.

“Mom, I’m so scared that he is still here. He was going to kill me that day. If you don’t show up, I will die. Mom is still here. Does he just want to find a chance to kill me?”

While talking and crying, all the tears fell on Aunt Huang’s shoulder, and the hot Aunt Huang felt extremely uncomfortable.

Aunt Huang hugged the girl and comforted: “I’m still here, I will never let him hurt you, you have to trust your mother, and your mother will protect you.”

The two of them have some names, but anyone who understands knows that they are talking about the rest of their lives.

“Mom, you can’t protect me all the time! Also, look at him that day when he waited for you to go to sleep before coming to trouble me, Mom, we must act first!”

The girl took Aunt Huang’s hand and kept begging, no matter how difficult the rest of her life was, she would let the rest of her life be here, thinking that the girl turned her back to Aunt Huang and showed a certain look.

The girl said, “Mom, you won’t just watch me die, will you?”

“Yes, mom will never watch you go to death quietly, mom wants to kill him, mom wants to save you...”

After hearing this, Aunt Huang mumbled incoherently as if she had been stimulated.

“Then mom, how are you going to save me? I’m so scared...” The girl leaned close to Aunt Huang and said in her ear like a temptation.

Hearing that, for a while, Aunt Huang couldn’t answer the girl’s words. The girl saw this and whispered in Aunt Huang’s ear: “As long as he is allowed to die here, he can’t hurt me or your silence. It’s quiet!” Aunt Huang nodded in agreement while listening, her eyes revealed a little madness. The girl noticed Aunt Huang’s appearance at this time and smiled in satisfaction.

However, there was a bit of bitterness in her smile, because the girl knew that Aunt Huang looked at her to help her, not all because of her.

Aunt Huang worked so hard to help and protect herself, but she was looking at another person through herself. She sneered and murmured: “Maternal love is really great.”

After the chat between the two mothers and daughters, the rest of the rest of their lives was disrupted one after another, such as pesticides in the breakfast, and some dirty things in the milk in the drinking water.

Xu Yang has also been investigating this for a long time, but no matter how he finds it and can’t find out, who did it, he is very distressed.

Yu Sheng was also very distressed. After all, he knew who did it without checking it. It was because he knew who did it and that he was a person who had always been guilty of it, so Yu Sheng was distressed! “Can you stop frowning? It’s ugly!” Du Fei curled his lips while watching the frowning Yu Sheng in the video.

Yu Sheng held the medicated cup of milk and watched it over and over again. He said, “What does a big man want to look good? You don’t understand me at all!”

“I’m not your wife, why should I understand you?” Du Fei rolled his eyes funny when he heard this, and then he patiently analyzed it for Yu Sheng: “However, this matter can’t be indulged anymore. Now, look at the signs of this two days ago, and now they are getting worse. Are they going to rush into your room with a knife tomorrow and stab you?”

“In any case, I find a way to clean up that woman, if it doesn’t work, I’ll come and help you.” Du Fei also knows the situation on Yu Sheng’s side. His temper can’t stand this, so he likes to go straight.

Although what he said was a bit rough, the sentence was reasonable, but Yu Sheng still waved his hand and refused: “No, I just feel that I owe Aunt Huang in my heart, so I have to be more patient. Don’t worry. It will be handled.”

Afterwards, the two chatted a few more words, from the construction of Zongmen to the recent events in Qiancheng City, and they didn’t hang up the video call until late at night.

Chapter: 1734

There were a lot of stars above the sky. After hanging up the phone with Du Fei, Yu Sheng got up from the computer desk and stretched out. He looked around and then looked out the window. The neon lights outside the window showed the prosperous city.

“I miss the small mountain village a bit.” Yu Sheng opened his tired eyes vigorously, but when sleepiness came, no matter how he opened it, he would eventually close it because of that sleepiness.

Yu Sheng shook his head as much as possible to make his mind clearer, and then turned to the bathroom, ready to take a rest after washing.

It’s summer now, and there will always be the sounds of insects and birds on summer nights. The rest of my life is to fall asleep with these waves of insects and birds.

Just when he was sleeping well, suddenly, he felt an extra breath in the room.

An aura that does not belong to him, for their martial arts people, distinguishing the aura of others is also one of the basic skills, and for the rest of his life, he is one of the best in the cover.

For the rest of his life, he was still lying in bed motionless, just as if he were really asleep.

He felt the opponent approaching him little by little, and then stopped by his bed. The opponent stopped for a long time.

For the rest of his life, he didn’t understand why the other party stopped suddenly, but now he was a little curious about who the man who broke into his room was?

Therefore, Yu Sheng slowly opened his closed eyes and looked at the person coming. When he saw the person on the other side clearly, Yu Sheng was stunned for an instant.

The person standing in front of him was Aunt Huang, and the other party was holding a dagger in his hand. In this thick night, the dagger was glowing with extremely cold light.

“Aunt Huang, what do you want to do?” Yu Sheng asked coldly when he got up from the bed and looked at the dagger in front of him.

He feels guilty and has no fault. Because of Xu Jingjing’s death, he has tolerated Aunt Huang infinitely, but... these are not reasons for others to hurt himself, especially if the other party still wants it. Own fate.

Yu Sheng slapped his forehead with a slap, trying to make himself awake, and at the same time cursed secretly from the side: “Die Du Fei, he really said this matter, and now people really stabbed himself with a knife. It’s really a good but bad spirit, this dead crow’s mouth.”

“I blame you, you killed my daughter. I want to avenge my daughter... You will die for me for the rest of your life. Go and funeral my daughter!”

“Quiet... quietly, don’t be afraid, mom protects you... Mom is... ah, my daughter!”

Aunt Huang took the dagger and pointed it at Yu Sheng, and her whole body was madly talking about Yu Sheng.

There were only two people in the room, Yu Sheng and Aunt Huang. It was already late, and there was

no sound except for the sounds of worms and birds.

In such an environment, Yu Sheng could feel the difference of Aunt Huang at this time more clearly. At this time, Aunt Huang faded away from the calmness and plainness of the previous few days, and her whole state of madness seemed to be a mentally ill patient.

Yu Sheng reached out and squeezed Aunt Huang's hand and drew the dagger away from her. Yu Sheng shook his other hand in front of Aunt Huang, and kept shouting: "Aunt Huang, how do you know I am? For the rest of your life?"

"You hurry up and sober, Aunt Huang." Yu Sheng kept shouting, and he tried to wake up the crazy Aunt Huang.

The original Aunt Huang was not as crazy as tonight. Although she was in pain because of her daughter's death and occasionally was in a bad condition, she had never looked like this night.

The situation in front of me seemed to have started after the girl named Xu Jingjing appeared.

Thinking of this, Yu Sheng suddenly became murderous towards the girl who was also named Xu Jingjing.

Originally thinking about the appearance of the other party, Aunt Huang had a sustenance, as long as the person behind the other party was found out, then the other party would be threatened, and Aunt Huang could still be left with a consolation.

However, after the events of tonight, Yu Sheng suddenly didn't want to keep this person.

But no matter what Yu Sheng called, she couldn't wake Aunt Huang. There was really no way for Yu Sheng to stun Aunt Huang and then sent her back to her room.

After such an episode tonight, Yu Sheng's original sleepiness was also dispelled. He sat on the balcony alone for the whole night, from midnight to dawn.

Chapter: 1735

The next day, Yu Sheng went downstairs and went to the restaurant to prepare for dinner. This time, he did not deliberately avoid Aunt Huang and wait for the servants to bring them up.

The other party made a move, and he was still hiding there. Doesn't it seem a little embarrassing?

He sat at the dinner table, waiting leisurely for the people upstairs to come down.

Xu Yang went down first, and the girl behind and Aunt Huang walked down with him.

When Aunt Huang saw Yu Sheng, Yan Qing dodged in an instant, and then became extremely fierce and contradictory.

But everyone didn't care about Aunt Huang's attitude. After all, they all knew that the attitude of Aunt Huang and Yu Sheng's grievances was normal.

"Mr. Yu." After Xu Yang took his seat, he politely called out for the rest of his life.

Yu Sheng smiled and nodded, staring deeply at the girl sitting next to Aunt Huang.

He really couldn't understand how such a little girl was so powerful, able to confuse people so much that Aunt Huang could do what she did last night.

Forget it, since I didn't understand it, Yu Sheng didn't want to think about it anymore, his eyes slowly became cold, as if there was a cold blade.

The frozen girl named Xu Jingjing trembled unconsciously, and the girl hurriedly sought comfort as if she tightened Aunt Huang's hand.

And Aunt Huang may be thinking of what happened last night, and she rarely ridiculed Yu Sheng and threatened all kinds of threats. She just patted the girl's hand to make the other party feel at ease.

"Mom, don't be afraid here." Aunt Huang said.

Both of them didn't go directly to pierce this incident, and it was rare to have breakfast together quietly. But for the girl named Xu Jingjing, this is not a breakfast, this is a decapitation meal.

After eating this breakfast, Yu Sheng had been looking for the time when Aunt Huang was away, planning to get rid of the girl, but whenever he wanted to make a move, Aunt Huang appeared next to the girl inexplicably.

Yu Sheng wrinkled his nose, how could there be such a coincidence, every time he took advantage of Aunt Huang to take a nap or when he was away.

Obviously, people were not there when he shot, and people suddenly appeared when he was about to do it. It doesn't seem weird to change to anyone.

Just when Yu Sheng was distressed about this matter, Xiao Ningyu, who hadn't appeared for a long time, suddenly appeared in Yu Sheng's mental mind. Yu Sheng rubbed his forehead and said helplessly: "Why are you suddenly appearing at this time? NS?"

"Because I felt a special breath. It was he who awakened me. It was a long time since I saw my master." Xiao Ningyu's joyous and delicate voice echoed through Yu Sheng's mental mind, and he was even able to do the echoing. kind.

Hearing this, Yu Sheng said perfunctorily: "It's been a long time...but what special breath is it? It can wake you up."

Xiao Ningyu is an ancient magic weapon that is in her own spiritual knowledge of the sea. Generally, if it is a trivial matter or an ordinary aura, she cannot be awakened at all, unless she is personally awakened.

"It's a very special smell, from the girl just now."

Xiao Ningyu was bouncing around in Yu Sheng's spiritual consciousness, but Yu Sheng's heart was shocked when he heard this. Isn't the girl just now the girl named Xu Jingjing?

Yu Sheng quickly asked: "Isn't that girl an ordinary person?"

I have seen that girl personally, and I don't have any internal power in her body. Why does Xiao Ningyu feel that the other person is special?

Is there something that I haven't found out?

"That girl is just an ordinary person!" Xiao Ningyu continued, tilting her head inexplicably, "I said that her special smell stems from her special ability, which can confuse people and make those who lose The beloved gets psychological comfort."

"Even, think of her as the one you love."

Chapter: 1736

"There is such a special ability in this world?"

After listening to what Xiao Ningyu had said, he had almost reorganized Yu Sheng's worldview. Of course, he had always believed in the size of the world and there were no surprises, but he had never thought that he still had this ability.

Xiao Ningyu muttered and asked, "Why does the master care so much about that girl? Does she have any relationship with the master?"

"Relationship? It's a relationship that wants my life!" Yu Sheng chuckled his lips helplessly and smiled.

"What? She wants her master's life?"

Xiao Ningyu immediately became irritable when she heard this. She kept stomping her feet, and the whole anger wanted to rush out of Yu Sheng's spiritual consciousness and tear the girl into a mess.

Yu Sheng's brain was messed up because of Xiao Ningyu's current emotions. He quickly calmed down and said, "She just thinks about it. Master, I'm so smart, and my life is not something she can take if she

wants it. ”

“Master, don’t be so indifferent, okay? People will kill you.” Xiao Ningyu said worriedly when Yu Shengbo didn’t care.

“She must be able to afford it!”

Yu Sheng looked at the place where the girl had just left, and now he didn’t want to kill the girl so quickly.

What Xiao Ningyu said to that girl really had a very special aura and abilities, what did the person behind the scenes who sent this girl want to do.

At first I thought that the other party and Aunt Huang were too congenial, and I wanted to sigh for the rest of my life, whether the fate was wonderful, but now it is not just a matter of fate, it comes from a premeditated calculation.

Of course, Yu Sheng always knew that there was a calculation behind this, but at the time, I also felt that the girl and Aunt Huang were really hitting each other.

I didn’t expect it to be an illusion, people are congenial with everyone, after all, there is such a special ability there.

Soothing Xiao Ningyu in his mind, Yu Sheng walked back to his room. After returning to the room, he took out the phone, slid his hand on it, and then put the phone to his ear.

The beep of the phone rang, followed by Du Fei’s voice.

“Why did you call me in the morning?” Du Fei probably didn’t have a particularly soft voice, and he felt a breath of getting up.

Yu Sheng touched his nose, and said embarrassingly: “Are you still sleeping? I need you to check for something on my side...”

Tell Du Fei that girl and her special abilities, and ask Du Fei to investigate this matter for the rest of her life.

As the king in the basement of Qiancheng City, Du Fei had nothing to hide from his eyes. It was the best choice to ask him to investigate this matter.

The other party sent someone to Aunt Huang’s home and approached Aunt Huang. Aunt Huang and herself have this kind of relationship. You don’t need to know that the other party is coming for yourself. If you check it out yourself for the rest of your life, you won’t find much useful.

When others want to mess with you, they will definitely guard you, and they are not fools.

“What the hell?” After listening to Yu Sheng’s words, Du Fei immediately came and exclaimed, “She really stabbed you with a knife?”

“Is this the point? The point is that girl?”

Having said so much about Du Fei, this damaging friend, I only remembered that Aunt Huang stabbed herself with a knife, and for the rest of her life, she was exhausted.

“Haha... I’m sorry, but I was a little excited to think that what I said would work.”

Du Fei heard Yu Sheng’s slightly irritable sound and hurriedly laughed twice and explained.

“It’s okay, let’s not talk about that much, you must help me check it out, and I will wait for your results before going to deal with that girl.”

For the rest of my life, I didn’t interrupt Du Fei’s rest. After speaking, I hung up the phone and sighed deeply. It depends on the situation.

Chapter: 1737

It is not so easy to investigate something. It took about three days for the rest of his life to receive Du Fei's call.

Think about it, Du Fei, as the underground king of Qiancheng, takes so long, let alone other people. When the phone rang, Yu Sheng was practicing martial arts, although everyone said he was a genius, there is no one in a thousand geniuses.

However, he didn't rely on his talents so good, so he didn't work hard, but instead seized the opportunity to practice whenever he had time, in order to be able to climb higher peaks.

Stopping the internal force in the body, Yu Sheng touched the mobile phone not far away, and then opened it to answer the call.

The voice on the other side was a bit noisy. Du Feiren didn't know where the voice was so noisy, and occasionally heard a few swear words.

After a few minutes, Du Fei said, "You asked me to check it. I have found it out. You will be a trouble for the rest of your life. You are too troublesome."

Du Fei's later sentence was obviously complaining, Yu Sheng wanted to refute something, but he didn't know how to refute it.

He really doesn't have any troubles. Every time he finds himself in trouble, he explains it himself, but others don't believe it. It's really exhausting!

"You found out, so what's the matter?" Yu Sheng didn't want to worry about so much anymore, went straight to the subject, and asked about the results of Du Fei's finding.

Du Fei's voice passed through the electric current to Yu Sheng's ears. He said, "That's not because you killed someone's son when you participated in the Hengtian Conference competition. Now they are doing little tricks behind your back and making trouble for you. , Want your life?"

"Who?" Du Fei said that Yu Sheng couldn't remember at all, and even felt that there were some inexplicable things. There were too many things that happened and many people died in his own hands. He really couldn't remember at all. .

Du Fei was irritated again by the stimulus: "You asked me who you killed the person? You are really enough for the rest of your life."

"I have so many things every day, and I die in my hands, you know, how can I remember him?" Yu Sheng ignored the violent voices opposite, said his own way, and stood on the blanket by the way. stand up. He had been sitting on the blanket for a long time because of the practice of martial arts. After sitting for so long as an ordinary person, his legs must be numb and unable to move.

For him, his body is much lighter. For the rest of his life, he tilted his neck and moved his muscles and bones. He asked, "Okay, don't bend around any more, just tell me, who is it?"

"It's Wang Hong, the head of the Wang family. You killed his son Wang Ji last time when you participated in the Houtian Conference competition. Do you remember it?" Du Fei sighed and stopped worrying about why the rest of his life was so important. Things have been forgotten.

After all, it is definitely oneself who will be injured at that time, it is better to tell what has been found so far, and quickly resolve the matter.

After Du Fei said, Yu Sheng only then remembered that there was such a person, and at the same time he thought of another person in his mind.

That person was Wang Hong's nephew, silly, stupid, and very tough, and he was still a good friend of his own. He had met at the Huangtian Conference at the time, and he didn't know how the other party was now.

His character, don't know if he has been bullied?

“So according to you, the person behind this girl is Wang Hong, the head of the Wang family?”

“Yes, it’s the Wang Family Patriarch. He doesn’t know how to deal with you, so he can only find another way out. After all, you also know that the Lords of the temples now value you very much. Who would dare to get angry easily?”

Du Fei whispered over there, “According to Aunt Huang’s actions that night, what the other party wanted to do was probably to kill you and avenge his son. I heard that he loved his son very much.”

“In addition to this, what else did you investigate?” Yu Sheng asked with a smile indifferently.

“Nothing.” Du Fei replied and asked: “Since the result is clear, what are you going to do with that girl?”

While Du Fei was investigating, he heard that the king’s patriarch asked God to worship the Buddha and adopted various methods to make the rest of his life unlucky.

Chapter: 1738

What to do with this girl? Yu Sheng thought of Aunt Huang and frowned in distress and said, “What else can I do? Of course it solved her!”

“Solved her?” Du Fei on the phone asked Yu Sheng.

He knew that Yu Sheng was especially concerned about that Aunt Huang, and that Aunt Huang was bewitched by the girl and followed her like a demon, protecting the girl all the time.

Yu Sheng wanted to solve the opponent directly, always feeling like he had heard a joke.

“Are you questioning me?”

The ending of Du Fei’s words is obviously ridiculous. Does he not believe in himself, afraid that he has the benevolence of women?

When did he give people this illusion for the rest of his life?

Du Fei chuckled and explained, “No, I’m just a little worried that you might be confused by your worries.”

What kind of person is Yu Sheng as his best friend, is he still unclear? But just because of being a best friend, I worry about the other party’s affairs.

It’s for the rest of my life to be afraid of accidental injury in the middle.

“Okay, don’t be numb, now that I know the cause and effect, then I will solve it myself.”

“You! Don’t always be busy, remember to check Xiaoshui.”

Yu Sheng and Du Fei had a few conversations and then hung up the phone. The space became silent again. Yu Sheng sat alone in a daze for a long time until he heard Xu Yang’s cry downstairs.

Checking the time on the phone, it was already 12 noon, Yu Sheng walked out of the room and slowly went downstairs.

The table in the restaurant downstairs was full of various meals. There should have been three people on the table originally, but for the rest of my life I only saw Xu Yang sitting there alone.

Yu Sheng walked into the dining table and asked, “Aunt Huang and them?”

“My mother and the girl went out early this morning, as if they were talking about going shopping.”

Xu Yang picked up the soda from the side and took a sip, annoyed between his brows.

His mother is like this, the girl always clings to his mother, and he doesn’t even have the opportunity to talk to his mother. Every time they go out, Xu Yang is afraid.

“Are you out?” Yu Sheng stared at a place thoughtfully when he heard the words, and said: “Whether you go out for a stroll, hurry up and eat.”

Aunt Huang and the girl wandered for a long time, and didn’t come back until after dinner was over.

The other party recently either went shopping or couldn’t eat in the room. This behavior is like hiding

Aunt Huang for the rest of his life a few days ago.

It has been in this state since the last time Aunt Huang broke into Yu Sheng's room with a dagger.

For the rest of my life, I figured out why the two of them had this behavior? I probably wanted to kill myself, so I could only avoid myself and look for another opportunity.

He didn't believe that the girl who didn't succeed once would give up. After all, as Du Fei said, the head of the Wang family, Wang Hong, had a grudge against him and had to pay for his son.

The people he sent will definitely persevere and let himself be killed.

Originally, Yu Sheng was still worried about how to find a chance to get rid of the opponent. Now, Yu Sheng doesn't want to shoot so quickly. If he wants to fish, the wisher will naturally take the bait.

If I had been seeking opportunities to get rid of the opponent, Aunt Huang would definitely appear again inexplicably like the last few times.

So now, all we have to do is to wait calmly.

The girl naturally noticed the changes in Yu Sheng and stopped staring at her all the time. The girl thought Yu Sheng knew about the personal protection of Aunt Huang. He could not move himself, so she became more proud and arrogant every day. Stay away for the rest of your life.

I don't say anything about swaying in front of Yu Sheng every day, and sometimes even provoking Yu Sheng with his eyes.

"Mr. Yu, what's wrong with her."

Everyone gets along with each other every day, Xu Yang naturally also noticed the girl's transformation.

The other party completely lost her usual meekness when provoked, which made Xu Yang puzzled.

Yu Sheng glanced at Xu Yang and said, "I don't know what's wrong with her, maybe my eyes cramp?"

Chapter: 1739

Maybe it was really because of eye cramps, Xu Yang thought. After all, the other person's recent eyes are indeed weird.

The night came again, and for the rest of my life, when everyone was about to fall asleep, they quietly called the servant.

The servants here are their own for the rest of their lives. They were specially arranged to take care of Aunt Huang, and they were very loyal to him.

Yu Sheng looked at the servant in front of him and asked, "Did Aunt Huang rest?"

"There are still no. She will have to drink the milk before taking a break. We still don't have to send it there." The servant replied respectfully.

Aunt Huang must drink a glass of milk every night when she goes to bed, otherwise she will have trouble sleeping, and the servant will deliver it to her every night.

"Milk..." Yu Sheng murmured these two words lightly, then took out a small packet of medicine from the table on the side and handed it to the servant. In the milk you drink late, send me a message after he sleeps."

The servant hurriedly took it, nodded and lightly left the room for the rest of his life.

He has been waiting for a while, but the girl hasn't taken any action, and the Zongmen has been urging him to go back, it seems that Jia Ming has encountered something he can't solve.

I have already called Yu Sheng several times for help. Yu Sheng wants to settle the matter on Aunt Huang's side as soon as possible, and then go back. Therefore, he didn't want to wait for the girl to take action anymore, he wanted to solve the matter tonight, and could leave early for the sect tomorrow.

Zongmen was in the early stage of establishment, but suddenly encountered troubles, which even Jia

Ming couldn't solve.

Yu Sheng was very worried about this. The establishment of the 'Xuan Tianzong' was the top priority in Yu Sheng's heart, and he could not tolerate any destruction.

After a few minutes, the phone's SMS ringtone rang.

'Ding Dong Ding Dong' Yu Sheng quickly picked up the phone to check it, and saw the message sent by the servant.

"Mr. Yu, Aunt Huang is already asleep."

In a very brief sentence, after receiving this message, knowing that Aunt Huang will not come to interrupt him again tonight, she got up from bed and walked outside the room for the rest of her life. He walked towards the girl's room, and finally stopped at the girl's room door, Yu Sheng stretched out his hand and knocked on the door politely.

Then I heard a lovely voice inside, so I waited a while, accompanied by the sound of da da da footsteps. It was the sound of slippers rubbing against the floor, and the other party was rushing over to open the door.

Yu Sheng turned aside, he was afraid that the other party would wait to see him and close the door directly.

"Who is it?" The door was opened with a loud noise, and the girl looked around to see who was knocking on the door?

When I looked to the left, I just saw Yu Sheng leaning on the side and grinning at her with a grin. The girl always felt that there was a bad intention hidden in this smile.

The girl took a step back, trying to close the door immediately, but when she still couldn't react, Yu Sheng had already pulled her into the house.

"Miss Xu, are you afraid of me?"

The door had been closed, Yu Sheng looked at the girl who was visibly trembling behind him, the whole person was terribly scared, and there was a strange provocation in his eyes, which was really contradictory.

The rest of my life approached each other step by step, and smiled contemptuously: "Don't look at me with such eyes, I'm afraid I can't help but dig it out, and tell you a good message, Aunt Huang tonight, I won't come to save you. Of course, it's good news for me, but not necessarily for you."

The more he took a step forward, the more the girl took a step back, and at the end she couldn't retreat, and she was stuck on the wall.

The girl kept shaking her head and said: "You talk nonsense, she will definitely come to rescue me, she will show up later, wait and see."

"Okay, let's wait and see." Yu Sheng smiled indifferently.

He asked the servants to give Aunt Huang a sleeping pill, and drinking it with the milk would definitely give him a good night's sleep, and he couldn't wake up if anyone shouted.

Therefore, this girl with the ability to deceive people can no longer wait for the Aunt Huang who will save him anytime and anywhere.

Yu Sheng took out everything about the guy. He shook the whip in his hand and said, "Tell you something, you can't wait for Aunt Huang tonight, but if you treat you obediently Tell me if you know, you can save yourself a lot of pain!"

When the words were over, Yu Sheng smashed a whip not far away, and the tiles that had been laid on the floor broke immediately, and dust overflowed.

For the rest of his life, he was obviously threatening the girl named Xu Jingjing with force. As expected,

the girl saw the cracked tiles on the ground, and sweat came out of her forehead. Originally, it was just a slight tremor that turned into a violent tremor.

Chapter: 1740

“Miss Xu, I am not gentle, but I am not a bad person. Why are you so afraid of me every time you see me?”

“I clearly remember that you just gave me a provocative look in the morning! It’s pretty good like you did in the morning, especially exciting.”

Yu Sheng said with emotion on his face, he still remembered the first confrontation with the girl in front of him, and he was scared of himself.

In the back, it was such a girl who was afraid of herself, but was able to provoke Aunt Huang to pour various pesticide poisons into her food, and even kill herself with a dagger.

It’s really hard to understand, the human character is really too contradictory.

The leather whip was thrown at the girl’s feet again, the tiles on the ground broke again, and the whip of the whip carried a lot of rivets.

The tiles can be broken by hitting it on the ground. If it hits a person, it will probably end up with hemiplegia.

The girl fell to the ground and kept shrinking back. She whispered: “I don’t know anything. I can’t do anything. Just let me go.”

She was holding her head in her hands, and she was begging for mercy for the rest of her life, and she was crying with tears, which formed a sharp contrast with when she provoked herself in the morning.

“Don’t do this, I don’t want to do anything to you.” Yu Sheng shook the whip in his hand, and he said:

“As long as you tell me who the person who sent you is behind the scenes, and who you are on this trip. What is the ultimate goal, I will let you go.”

Du Fei had found out these things a long time ago, but for the rest of his life he wanted to ask, who knows if the girl in front of him is a double agent?

At that time, if another person is asked from her, isn’t the direction of the whole thing more interesting?

“I don’t know, I don’t know anything...” The girl shook her head incessantly, saying nothing except that she didn’t know.

Yu Sheng asked several times repeatedly, but she still didn’t say anything, she cried loudly at the balcony, “Mom...Where are you? You hurry to save me, he will kill me... Yu Sheng He is going to kill your quiet...”

The girl’s scheming is so deep, she has reached this point, and she is still stirring Aunt Huang.

Especially the latter sentence obviously stirred up Aunt Huang’s memory of her dead daughter Xu Jingjing.

Although Aunt Huang took sleeping pills at night, she must have been sleeping soundly now, but Yu Sheng still felt angry when she heard the cry of the other party.

“It seems that I am too gentle with you, and I still have the strength to shout outside.”

Yu Sheng once again raised his rivet-worn whip and hit the girl. This time he didn’t hit the tiles next to the girl to intimidate her.

But the whip that really went to the girl fell on the girl’s body one after another.

The girl also cried in pain, one after another, louder than one, until she couldn’t cry anymore and turned into a silent murmur.

She lay there motionless, covered in blood and flesh, and for the rest of her life walked closer, lifted her

chin, and asked, "Isn't she able to shout? Why don't you shout now?"

"Then shout... shout louder... Maybe Aunt Huang was really woken up by you?"

The girl numbly glanced at Yu Sheng. Just now she really thought Aunt Huang would come, because every time she was on the verge of danger, Aunt Huang would appear to be a normal state.

But now after such an event, she has completely believed Yu Sheng's words, and Aunt Huang will not come.

I don't know what method Yu Sheng used to make Aunt Huang, who has been protecting herself, lose the chain at this critical time.

Staggering the other's eyes, Yu Sheng patted her pretty face that was flushed from crying too hard, and he said, "How about? Are you thinking about it now? Do you want to tell me who sent you here?"

The other party closed his lips and still refused to say a word, and in the end he took out the same torture tool for the rest of his life.

She shuddered in fear and said, "It is Wang Hong, the Patriarch of the Wang Clan...he sent me here. The reason why I came this time is to kill you."

She exhausted all her strength, roared out these words, and then fainted in pain.

The rest of his life was really terrible, even more terrible than what the information said. She treated a woman with such ruthless methods and didn't show any pity at all. If she had known that this man was so terrible and killed her, she would not come. .

This is the girl's thoughts after passing out.

Yu Sheng put down the torture instrument he had just taken out, and curled his lips: "Why are you so unbeatable? What a shame!"

It seemed that this matter was indeed the same as what Du Fei found out. Yu Sheng looked at the man lying on the ground, his eyes cold as if he was looking at a dead person.

He took out his mobile phone and swiped it a few times before making a call. Yu Sheng said to the people over there, "I am sending a car to pick me up from Aunt Huang's villa. By the way, there is a personal need. You solve it."
