

Dont mess 1761

Chapter: 1761

"Miss Bai, look at this Wei Zi, it's very good, how beautiful it is!"

Zhu Xiaoshu only shouted at the white magnolia beside him with Wei Zi joyously in front of him.

Bai Yulan looked in her direction, and there was indeed this beautiful Wei Zi, which was beautiful, but it was a little less meaningful than the same blooming Royal Yellow.

"Yes, very beautiful." White Magnolia faintly praised, and then said: "It's just that I like the royal yellow flower next to it better than this Wei Zi."

As soon as her words fell, Zhu Xiaoshu's whole person was immediately shocked and turned to look at her, with confusion and doubt in his eyes.

She knew that Magnolia liked Wei Zi the most, so she deliberately pointed to the kind of person beside her to please the other party, in order to have a good relationship with her future teacher and wife.

I never thought that this flattery was shot... I wish Xiaoshu was upset that there has never been an error in his intelligence!

Why now Magnolia suddenly likes Yuyihuang and no longer loves Wei Zi, whom she has always loved the most.

Obviously like it for so many years, don't you like it so sudden?

What I saw when Yu Sheng walked over was such a scene. The previous little apprentice stared at Magnolia blankly, and looked at it suspiciously for a long time. The confusion in his eyes and his own feelings in the past few days So fight.

Take two steps forward and pull the white Magnolia aside, Yu Sheng stretched out his fingers and stared at Zhu Xiaoshu: "The stupid girl stares at your teacher and sees what to do?"

When Yu Sheng spoke, he didn't have any taboos. It was clear that the other party was worthy of his righteous fiancée, but in front of his apprentices, he would always call him the apprentice's wife.

He is extremely gentle, and he will always give Magnolia a lot of face.

Bai Yulan looked down at the two pairs of clenched hands, a sweet smile flashed across her mouth, and even when Yu Sheng directly yelled out 'Sister Niang', her face instantly blushed.

The red sunset on the western mountains at sunset probably didn't have the beauty of Magnolia's face at this moment, but the most beautiful was the shy blush of a woman, especially a woman who looked extremely beautiful.

"Master." Zhu Xiaoshu touched the painful head pointed out by the master, stomped and complained: "My wife and I are enjoying the flowers in the garden. It's not just about the interest and looking at the flowers in the forest. Standing so beautiful, I am lost!"

Zhu Xiaoshu has gone to talk about the strange feeling in her heart, because she knows that it is not useful, and it is just her own feeling. The recent things are already annoying enough, and she does not want to worry about them for the rest of her life.

"Xing Ba, but your wife can no longer accompany you to enjoy the flowers, she wants to accompany you, master, and me, how about you? Where are you going?"

Yu Sheng directly took Bai Yulan's hand, left the Zongmen Garden, and walked in another direction.

"Master, you are too much."

The sentence after Yu Sheng was clearly torturing himself as a single dog, Zhu Xiaoshu, who was only 10** years old, turned blue.

"What's wrong? Where are you taking me?" Magnolia walked and watched Yu Sheng pulling her hand,

and then squeezed it back.

Yu Sheng pulled her head without looking back: "Go to a place, I have something to tell you."

"Is there anything you need to avoid that little guy? She is your apprentice and won't reveal it."

In the past few days here, apart from staying with the rest of my life, that is with Zhu Xiaoshu.

Zhu Xiaoshu is simple and cute, speaks carelessly, and has no thoughts, so Magnolia likes it very much when she sees it.

"Hide a shit, I just don't want him to disturb our two-person world."

After hearing this, Yu Sheng paused for a while, then pulled Magnolia into his arms and hugged him forward, his posture was extremely intimate.

Magnolia leaned quietly in his arms, and the two of them walked forward. Magnolia hopes that time can stay at this moment, and she is really happy at this moment.

Chapter: 1762

The two came from the peony area in the garden to the other side of the garden, a peach blossom forest.

Now this season is not a peach blossom, it should be in full bloom, but in Xuantianzong, the peach blossoms are in full bloom.

No, to be precise, the flowers bloomed extremely prosperously in Xuan Tianzong, probably because of the feng shui planting flowers and trees here.

Yu Sheng stopped walking forward, and then directly sat on the land full of peach blossoms, and at the same time pulled the white magnolia down.

"Didn't you call me over to say something to say? Is it just looking at the flowers?" Magnolia looked around, the surroundings were picturesque, and she asked Yu Sheng what she wanted to tell her.

His mouth was repeatedly opened several times, and Yu Sheng just didn't know how to speak about it. He sighed helplessly.

Yu Sheng said, "I don't know what's wrong with you lately. Anyway, I feel so strange. Yulan, Shangjing Bai's family is your family. You are very worried about this. I can understand."

"But, I ask you to believe me. I can solve these things. You just need to live happily and practice martial arts well. Don't have so many ideas, okay?"

As Yu Sheng said, he held Magnolia's hand tightly. He looked at Magnolia firmly. He was telling the other party that he was always behind him, the other party's support, and the strongest backing of the other party.

When Bai Magnolia heard it, her face was extremely stiff, and then there was only a bit of bitterness left, and there was unavoidable envy in her eyes.

Tears couldn't help but fell to her eyes, and Magnolia said dumbly: "I'm sorry, I worried you."

"Don't cry, these words between you and me are not meant to make you sad."

Seeing Magnolia crying, Yulan held her in her arms uncomfortably for the rest of her life, and patted her on the shoulder.

The rest of my life had been troubled by this matter for a while, but I just couldn't think of why Magnolia became so weird.

After much deliberation, probably only the affairs of Shang Jingbai's house can affect her. After all, she came to herself for this matter.

"I'm not sad, I'm crying with joy." Magnolia pushed Yu Sheng's shoulder, crying and laughing. This expression must be ugly on other people's faces, but Magnolia showed a special beauty. .

Tears were as clear as crystals, and the appearance of crying was even more pitiful. As a big man, Yu Sheng really didn't know how to comfort her for a while, and could only spit out a sentence from the side: "Well, you cry for a while, don't cry anymore." Leaning her head on Yu Sheng's shoulder, Magnolia closed her eyes contentedly, it was all worth it, everything she did was worth it, as long as she had this man. This man is so good, so good that people want to be his own. Even if she steals someone else's life, becomes someone else and spends the rest of her life with the man in front of her, and can no longer change back to her previous self, she has no regrets or regrets. When her emotions slowly calmed down, Bai Yulan moved her head and left Yu Sheng's shoulders. She said, "I'm not worried about going to Jingbai's house. I believe you. It's just the first time I have been with you for so long. Happy and panic, I'm afraid that I'm not good enough to look too weird." Speaking of this, Bai Magnolia raised her head, she leaned towards Yu Sheng suddenly, her cherry lips kissed Yu Sheng's cheek and moved away. Obviously she took the initiative to kiss for the rest of her life, but the whole person is now kissed by the rest of her life, and the blush is like the cooked shrimp. "It turns out that this is the case, that's good." Yu Sheng didn't expect that Magnolia would take such an initiative, and he was also dazed for a moment at that time.

Chapter: 1763

Du Fei looked at the file folder in front of him, his lips straightened, and he saw no fewer than a hundred of these kraft paper file folders today. The information given on each file was uneven, but together they were almost the same, Du Fei's frowning brow couldn't help but feel distressed. Who on earth did that guy provoke for the rest of his life? Even with so much power, it is impossible to find the person behind it. All he could get were bits and pieces of information. He reached out and picked up the kraft paper file folder in front of him, and Du Fei turned his eyes intently. After a while, the file folder was smashed heavily on the table by him, with a burst of anger. Touched the phone on the side, Luffy lit the phone screen and operated it a few times, then put it gently to his ear. "Good guy." As soon as the opposite party was connected, there was still no word, Du Fei yelled first. Du Fei said in a calm voice, angrily at the person opposite the phone: "Yu Sheng, who are you offending again? I can't find out no matter how I look it up?" "Every time I look up things for you, it's the most annoying. So many forces are used, but even a bit of the other party's hair is not dug out." "You haven't dug out the least bit of hair. Doesn't it prove that your ability is not good? What's the matter if you call me and yell? Does it show that you are particularly capable?" For the rest of my life, half asleep, he said to the other side that I slept too late last night, and I still haven't gotten up yet, and the whole person's mind is not very clear. When I heard the ringing of the phone, I thought it was someone who called, but as soon as I got connected, I didn't speak, and the other side looked like a mad dog. "Enough of you, don't you want to think about who I did to investigate these things?" After Du Fei was stiffened, his anger disappeared a lot in an instant, and he said to the other side with a slight complaint:

"Brother, get up in the morning to do things for you, don't tell me you are still sleeping!"

"No, I'm still sleeping! There have been too many things recently, and I haven't had a good rest. How are things going? You hit a wall, right?"

Yu Sheng sat up on the bed, stretched out his hand and rubbed his frowning brows, and his voice slowly calmed down.

As long as one of their good brothers shows weakness, the other will never go hard.

The two immediately spoke slowly on the phone about what they had encountered in this investigation.

"I think you have all the information I checked, so I won't talk about nonsense."

The power of the rest of his life means has never been weak, especially when he is paying attention to this matter.

"For the people of the Bai family and the sect, their eyesight is very deep, and I can't find any clues by using the forces behind them. Even my people came back and told me that someone was preventing them from investigating."

"The people below sent me several kraft paper files. These files are filled with jagged information. There is not much use. The only information that can be obtained from them is to deal with the Bai family and the sect. People are the same people."

Du Fei stopped here when he said that, after taking a big breath, he took a sip from the water glass on the side, and then continued: "The direction of this matter seems to have come to an end. It is impossible to find out more. What's wrong, but the message from the last file folder is that this time, among the people who dealt with the Zongmen and the Bai family, there was another person who hid the Sejongmen."

"Another hidden Sejong Sect? Don't all of their sects like to hide behind and never show up? They like to engage in some mysterious things. Unless something big happens, how can you be sure that they will participate?"

Yu Sheng listened to these words and subconsciously refuted. After all, the Sejong Hidden Gate really rarely appeared in front of people. Even if the Hidden Gate hadn't known Song Chuyu himself, he probably didn't know their existence until now.

What he said did not mean that he did not believe in Du Fei, it was precisely because he believed in Du Fei that he said such a thing.

There are no air-tight walls in the world, and the eyes of the Sejong Gate are everywhere. He is afraid that the conversation between the two today will be known to others. What is the danger to Du Fei?

"Okay, don't worry about me. I can confirm the last message, but I don't know which sect is the ** sect that shot it.

For the rest of your life, when you established the big cake of Xuantianzong, you should have thought that there will be such a day, although there are temples, but they dare not do anything on the surface, what about it?

If you have something to worry about me, why don't you think about yourself?"

Chapter: 1764

Du Fei sighed as he spoke. The rest of his life worried about him, so why didn't he worry about the rest of his life?

"Wait a minute, I'll let someone send you this file, and you can take a look and think about what you are... Forget it, I won't say who you offend, lest you get angry with me again."

I always love to say who has offended me for the rest of my life? That guy has been angry with himself

many times because of this incident. When Du Fei calmed down, he would try his best to avoid this minefield for the rest of his life.

He didn't know what he was mad about, probably because he was mad at how he was able to cause trouble for the rest of his life.

After all, this matter has caused a lot of trouble, and the real murderer can't be found behind the scenes. What dangers are encountered by that time, what should be done?

He didn't want to watch Yu Sheng die young, and he didn't want to watch his godson, Xiao Shui lost his father at a young age.

"What does it mean that I am angry with you again? It makes me so angry. Okay, don't worry if I wait for the file you sent me." Yu Sheng said with a curled mouth.

After talking about it, he hung up the phone and looked at the phone that Yi completely hung up.

Yu Sheng threw the phone aside, and thought with his arms around him. He was thinking carefully about who had offended anyone or other sects in the near future.

"For the rest of your life, you are awake."

The closed door was pushed open, and a gentle and charming female voice came over, interrupting Yu Sheng's thoughts.

Yu Sheng raised his head and looked at the door of the room, where the white magnolia stood tall, with a food container in his hand.

"Yeah." Yu Sheng nodded, looked at the food box in Bai Magnolia's hand, and hummed: "Are you here to bring me food?"

Magnolia lowered her head and glanced at her food box quietly. She said: "You have been sleeping all morning. I am afraid you are hungry, so I made you sweet and sour pork ribs. Get up and taste it."

Taking the sweet and sour pork ribs and walking to the side table, Yu Sheng urged Yu Sheng to get up quickly.

He lifted the quilt and got up directly from the bed, took the clothes and went to the bathroom. After more than ten minutes, he walked out of the bathroom for the rest of his life.

"Not bad! It's fragrant!" Yu Sheng came to the table. The food had already been prepared by the table. The sweet and sour pork ribs were the most colorful, and the red and shiny syrup was covered in sparkling syrup, which was especially delicious.

Picking up the chopsticks and placing a piece in his mouth, Yu Sheng asked with a bulging mouth: "Don't you like to eat light and make light? How did you think of making sweet and sour pork ribs today?"

"I'm not thinking that you are too busy lately, so I want to get some meat to make up for you." Magnolia said.

Halfway through the meal, the person sent by Du Fei knocked on Yu Sheng's door, because Yu Sheng had said hello in advance, so the other party came unimpeded.

"Mr. Yu, our boss asked me to give you this." The other party respectfully handed the file folder to Yu Sheng.

Yu Sheng glanced at the person who sent the file folder, then took the file folder and sent the person away. Then, he closed the door and went back to the room to open it for inspection.

At this moment, Magnolia leaned forward and hugged Yu Sheng's shoulders, tilted her head to look at the kraft paper file folder in his hand, and asked, "What is this? What did Du Fei give you?"

"It's some clues about what happened in the Bai family and the Zongmen recently. Du Fei called me and complained that the person behind the scenes was hiding too deeply. He only found such a little information to keep me safe and avoid trouble."

The corners of Yu Sheng's mouth curled up slightly, and he smiled and said to the woman behind him. "Really? He found a clue? It's already very good, at least he can find it, but I can't find anything."

The first half of Magnolia's sentence was joyful, but the second half of the sentence suddenly muttered solemnly: "You tell him not to worry, because when danger comes, I will be the first to stand in front of you."

She has a firm tone, and her eyes are as bright as the stars in the night.

"What nonsense?" Yu Sheng stretched out his hand and patted Magnolia's head, and said angrily and funny: "When danger comes, you only need to hide behind me, understand?"

"Understood." Magnolia lasted for the rest of her life, so she could only reply with a buzzing voice.

Chapter: 1765

Looking through the files that Du Fei had made to order, the information on the files did not deviate from what Du Fei described.

It was indeed the same thing, Yu Sheng's face was dark, he really couldn't understand it, after all, he really hadn't offended any Sejong Sect.

Putting the file folder away, he prepared a few bites of food in his mouth, and then went to the office area of Zongmen.

Magnolia retired when he looked through the file folder and fell into deep thought. She has always been gentle and understanding. When she is busy for the rest of her life, she will not disturb the rest of her life again.

Bai Yulan left her room with Yu Sheng, turned to the right, and went straight to the most remote place of the sect.

After arriving at the destination, she looked around and there were no people around. She took out the phone when she was sure there were no people. After sliding her finger up and down a few times, she stuck it to her left ear.

The familiar telephone rang, and the other side beeps several times before being connected.

"Hello, this is 006." Magnolia said quietly on the other side.

The other side heard this code word, and then he made a voice: "Hello 006, here is 008, what do I want to report to the headquarters?"

"Yu Sheng has found out some clues about the people behind the Bai family and Xuan Tianzong. Is the headquarters going to stop?" Bai Yulan asked the opposite in a dumb voice.

The other side replied after her words fell: "Except for the gun, the bullets are never recovered. Our department asked when 006 will return."

After hearing the reply from the other side, Bai Yulan's expression was still pretty good, but she collapsed in an instant. Those people had clearly told themselves that they just wanted to cause some trouble to the Bai Family and Xuan Tianzong. Now why...

"Are you not talking about credibility?" After hearing this, Magnolia's voice finally brought emotions. She said: "You will definitely stop when you talk to me. Now you say you won't stop. Want me to go back? I'm not going back, I want to be with him."

Bai Yulan was not using honorifics or secret words, she was very angry, and said a dalian string to the other side.

"Sorry 006 doesn't know exactly what deal you have with the headquarters, but this is the order issued by the headquarters, you and I can't change it, please calm down."

The voice of the person opposite was very calm, feeling like a robot, without emotion.

Seeing this, Magnolia also knew that today's call was not of much use, and she didn't want to spend any more time hanging up the phone.

Seeing these busy things on Yu's birthday and her frowning brows every day, Bai Yulan burst into tears and was extremely sad.

How can it be profitable to seek skin from a tiger?

However, if I didn't choose to cooperate with those people in the first place, how could I now become the Magnolia that I am today, and still be able to accompany him by his side.

Sure enough, I really answered that sentence. In the journey of life, no matter which way you choose to go, you will regret it after all.

When I chose to replace the real Magnolia, I was so happy, and now I see Yu Sheng and regret it instantly. This man is so able to affect his emotions.

His sorrow and joy are all from him. His words, his expressions, and his actions all determine his emotions.

"Even if they don't stop for the rest of their lives, what can they do? Don't worry, I will protect you, and at the same time I will protect everything you want to protect."

Magnolia gritted her back molars, gritted her teeth and said, his gaze fixedly looking ahead, there was a raging fire inside.

Reaching out and touching her face, Bai Magnolia opened her lips and said: "I am Magnolia now, yes! I am her now, I want to be gentle, I will always stand by your side, for the rest of my life, I will be with you."

Her state is a bit mad at the moment, and her whole person is exuding a very strange aura.

Chapter: 1766

The sea is calm and waveless, but the sea bottom is surging.

One day, Yu Sheng received a special call, a call from the hidden gate of the Sejong Gate.

"Master, long time no see." The voice on the other side was cold and chilly, but when he called the master, he felt that Nuojiki sounded very good.

Yu Sheng smiled and faintly replied: "It's been a long time since I have seen you, why is the Hidden Door Sect Master free to call me today?"

"What is it, why am I free to call you today? I want to call you every day, but isn't it afraid of disturbing my master? After all, you are a busy person."

The two ridiculed each other, and the person opposite said again: "My dear master, guess where I am now?"

"There? Shouldn't you be in the hidden gate now?"

This little guy Song Hun Hun is the Sect Master of the Hidden Gate. The Hidden Gate is a smaller sect in the Hidden Sejong Gate. However, he is very busy every day, so this person is definitely busy at the Hidden Gate.

"No, no, no my dear master, sorry for your wrong guess."

The voice on the other side urged Xia Xia to rise, and she said, "Give you another chance, and you can guess again."

"Don't guess, who wants to play this kind of boring girl's house with you."

The martial arts for the rest of his life, because of the recent busy schedule, he was trying to solve the pile of files in front of him, and then he would practice well. If he didn't practice, he would regress.

If I regress, I don't know how many people will say that their good fortune is exhausted.

After all! Some people are incredibly cheap, and when they see the success of others, they say that they are lucky.

If he regressed, he wouldn't be able to confirm their words, and Yu Sheng squinted his eyes, he wouldn't let this happen.

He would use his strength to slap his face. Those people told them that luck and strength coexist.

"Guess it~ You guess it~ It's rare for me to call you and you are just like this~"

When the other side heard Yu Sheng say no to guess, a hard-core act of acting in vain came, and Yu Sheng's hair was horrified.

The master of the hidden gate is a girl who looks enchanting and looks very cold. This kind of coquetry like a soft girl is really not suitable for her. On the contrary, it will make people wonder what she has experienced when she did not know. Bad things.

"Xingba, Xingba, guess guess, where are you now?" Yu Sheng replied helplessly.

He thought he would be happy when he answered such a sentence, but who knows, who knows that the person on the other side of the phone is inexplicably angry.

"I'm asking you to guess, you just ask me, then? I asked you what's the point of guessing?"

The girl's emotions were so weird, and she felt that she might step on the other's thunder in any way. Yu Sheng stretched out his hand and rubbed his face, looking helpless.

"Okay, my dear master, you can't guess it anyway, I won't make it difficult for you. I'm at the gate of Xuantianzong. Come pick me up quickly."

Song Huiyu heard the sigh from the other side, and finally stopped embarrassing Yu Sheng, urging Yu Sheng to go out and pick her up.

She called Yu Sheng's master inside and out, but the way she spoke, she clearly didn't regard Yu Sheng as the master at all, and she greeted her directly.

"You have come to Xuantianzong, why didn't you tell me in advance?"

For the rest of my life, who had just suffered a headache, his energy came in an instant, good fellow, why did this guy come to Xuantianzong?

Is this little place like yourself a treasure of geomantic omen? Two people came in after a while, and they were still two unexpected people.

One is the white magnolia that was supposed to be at the Bai's house in Shangjing, and the other It is Song Hou Hun who should be busy at the hidden gate.

Moreover, these two people still have the same temperament. They didn't say hello to themselves before they came, and they waited until later to call themselves. For the rest of their lives, they didn't know what to say.

Quickly got up from the desk, Yu Sheng walked hurriedly outside the sect, and it has been a long time since the phone call, and I don't know how long the other party has been waiting outside.

It's a bit cold today, the girl's family, I don't know it's too cold.

Chapter: 1767

When I arrived at the door of Xuantianzong, I saw a yellow Maserati parked not far away, with a slender woman next to Maserati.

The woman wore a tight red dress with all her good figure and slightly curly hair, like a dazzling and glamorous female star who often makes the headlines of entertainment.

"Why are you here?" Yu Sheng trot over.

Song Biaoyu smiled at Yu Sheng and said, "Didn't we just say we hadn't seen you for a long time on the

phone? I didn't miss the master, so I came to see the master specially."

Her voice was ridiculous, and her eyes were a bit joking. Her slender hand stretched out towards Yu Sheng, and it was about to wrap around Yu Sheng's waist. As a result, Yu Sheng turned sideways, and the opposite was perfectly empty.

"Master, you are now the Sect Master now, how come you still look like a good wife and man, I am such a peerless beauty, you have to avoid it, don't you think you can't?"

Embarrassed, he returned to his own hand, and Song Huiyu used ridiculous words to conceal the flash of sadness in his eyes.

"What the hell? The girl's family, don't be so poor." Yu Sheng gave her a helpless look, and said: "I can't do it, naturally someone will know, you don't need to worry about this matter."

For the rest of his life, he was very gentle with girls, but the girls who had been by his side for a long time seemed to have some problems in their minds.

It is that the speech is always weird, such as Zhu Xiaoshu, or like today's Song Hunyu.

Of course, all of them like to blow the air together, but with unfamiliar or other strangers, gentleness is their consistent appearance.

No, the guy in front of him may be cold-hearted.

Look at this look, this ignorant young man wearing this temperament, I don't know how many ignorant boys will be fascinated, just a little bit worse than his own Magnolia.

No matter what, Magnolia is the most beautiful, cutest and pure girl in the eyes of Yu Sheng.

"Okay, I won't tell you this." Song Houyu pointed to the door of Xuantianzong not far in front. She said, "I originally wanted to go in directly, but I found that there was a restriction on that door, so I simply entered. No, so I can only call you to pick me up."

"Who got this stuff? It's very good, even I can't get in."

I'm also the Sect Master of the Hidden Gate somehow, okay? It's hard to say that he is a master of martial arts since he was a child, but compared to the group of peers who grew up with him, he was already considered good. As a result, he couldn't even get in.

"Du Fei let someone get it." Yu Sheng said, "Give me the car key. Later someone will drive the car to the parking lot and let me take you in."

Yusheng led the way for her when she said nothing. Sure enough, she was able to lead the way for the rest of her life.

The two were chatting as they walked, Yu Sheng once again asked why Song Xuhui suddenly came to Xuantianzong.

Song Houhou, who had avoided talking about it just now, finally spoke this time: "I heard that many bad things have happened to Xuantianzong. This is the first time you have established a sect. You are not familiar with many things. So, just specially Come and help you! My dear master, do you think I am loyal enough?"

Yes, even though she was so together with the rest of her life, Song Bingyu had been paying attention to the affairs of Xuantianzong. No matter how it was, she had helped her again and again for the rest of her life.

For the rest of his life to do such a big thing, how could Song Houyu turn a blind eye to it?

"Who told you that Xuan Tianzong encountered bad things?" Yu Sheng was moved by these words and asked with a smile.

Song Hun Hun shook his head. Someone said that someone told him that most of Yu Sheng's friends

were gathered in this mysterious sky. Among them, Song Hun Hun also knew some of them. Although Yu Sheng asked this, he didn't have to get an answer. , Because he can guess something.

Chapter: 1768

Taking Song Houhou around to visit Xuantianzong, the two stopped and went all the way, and Yu Sheng would occasionally point to a certain place and tell Song Houhou what was special there.

Looking at the figure of the two side by side, let alone, there is an inexplicable fit.

It was this scene that Magnolia saw when she came out after the call. The handsome men and women were beautiful, one smiled at the other, and answered, like a couple, it made her feel inexplicably painful when she saw it.

"The rest of my life...Miss Song..."

Magnolia whispered behind the two of them, and the two turned their heads when they heard the sound, and they had a tacit understanding.

"I saw you all the way, where are you going? And why did Miss Song come?" Bai Yulan forced a smile to make herself look as happy as possible.

On weekdays, she cares most about Magnolia for the rest of her life, how can she not find this emotional change of the other party.

Although I don't know why the other party was like this, Yu Sheng still subconsciously raised his foot and walked in the direction of Magnolia.

"Huobori came from the Hidden Gate today and came here to help me. I just wanted to take her around. I didn't see you until I thought of it. You came just right, so let's leave this task to you. , I still have to practice martial arts."

He directly hugged the cramped white magnolia there, sticking it to her ear intimately for the rest of his life, talking babblingly.

The eyes were full of tenderness, and the whole thing was explained to Magnolia in the middle of the line.

The back of Song Hun Hun's hand was behind her, and she pressed her hand tightly, her face still smiling, there was no change in her face, but her hand was almost bleeding from her own digging.

Although there is no saying, even though I have not seen the rest of my life for so long, I still like the man in front of me very, very much, her eyes fixed on her feet lonely, but it is a pity that this love can not be declared in the mouth, can only be buried like this. In the bottom of my heart.

Magnolia, who was saddened by this, heard this and understood the cause and effect of this incident, and a smile suddenly appeared on the corner of her mouth. She said, "It turns out to be like this!"

Reaching out and pushing away the rest of her life hugging herself, Magnolia blushed and said: "There are still people here, don't be like this."

"Song Hyun Hyun, the first time I saw her, I was less embarrassed than you."

For the rest of his life, she boldly wrote White Magnolia without letting go. The woman of Sun Ce is his beloved, and he is his righteous fiancée, without any taboos.

Song Hou Hou these two people looked like this, and they rolled their eyes silently: "Didn't you say that you are going to take me around to visit the sect? Look at the way you two look like you and me. When will I be able to visit this place? Sect?"

"How do you drop? Are you envious? You envy you to find one too." Yu Sheng smiled triumphantly at Song Hou Hou, and then said to Magnolia, "I will leave her to you. You take her around and I Go down and practice first."

After talking with Bai Magnolia, he cast a look at Song Houhou, which seemed to tell her to have fun and drink.

“Okay, I’ll entertain Miss Song well, so go ahead.” Bai Yulan waved to Yu Sheng gently, and thoughtfully to Yu Sheng, the collar that had just been blown over by the wind.

The intimate actions of these two people are really enviable! Love is a good thing! Song Hun Hun thought to himself.

After Yu Sheng was gone, Bai Yulan pointed to the front: “Miss Song, the garden of Xuantianzong is not far in front. There is a large area of peony flowers in it. I will take you to see it. Look.”

She speaks gentle and gentle, and between her words and deeds, she has the aura that belongs to the famous lady, so that Song Hyun, who has always been proud to feel that she is the best in the world, feels that only such a woman is worthy of such a good rest of her life. .

“Okay.” Song Huiyu followed Bai Yulan’s side, and she whispered: “I didn’t know it the first time I came here, so I rely on Miss Bai to lead the way.”

The two of them walked together very seductively, especially the two of them are completely different beauties, each with its own temperament, no one has a beauty and another?

Just like two flowers blooming there independently, they are so beautiful.

Chapter: 1769

“How long has it been since Miss Bai came to Xuantianzong?”

Squatting among the flowers, Song Houyu stroked the delicate peony in front of him, looked up at the white magnolia from the bottom up, she asked softly.

“It’s been more than half a month since I came here.” Bai Yulan replied faintly.

They talked for a long time with one question and one answer. Before they knew it, it was almost time for dinner.

Because of the arrival of Song Huhou, Yu Sheng specially organized his two apprentices Zhu Xiaoshu and Jia, and at the same time brought his fiancée Song Huhou to give Song Huhou a small reception banquet.

Although the arrival of the other party surprised him, no matter how much Song Hou Hou came here to help himself, as the host, he still has to do his best.

“It’s almost time to play, let’s go eat.” Bai Yulan stretched her hand over Song Houyu, preparing to take her back to Xuantianzong’s dining hall.

The rest of his life was still there waiting for them, waiting for them to go back to eat.

Not long ago, Yu Sheng sent her a text message, saying that he would go back to eat as soon as he was about to go shopping. They were waiting for the two in the canteen of the Zongmen.

“Well then, let’s go back.”

Song Huiyu held Bai Yulan’s hand back and said with emotion as he walked: “I have seen Miss Bai several times before. Miss Bai, she is gentle and beautiful and considerate, but she always feels a sense of distance. See you now, this distance feels completely. No, Miss Bai has changed a lot during this time!” Song Huiyu said everything from her heart. Although she didn’t touch the white magnolia very much, after getting along like this today, I really feel that the white magnolia this time has changed a lot from the white magnolia last time.

“Really?” Holding Song Huihou’s hand stiff, Bai Yulan asked with a strange expression: “Then do you think this change is good or bad?”

“It’s all pretty good, right.” Song Jinhou did not notice Bai Magnolia’s face, she said to herself: “You look

like this now, no matter who you are playing with you, you can get along, the way you were before. It's a good fit, but it always feels like it's so separated."

The so-called one floor is probably because Magnolia was born in the Bai's family in Shangjing, and the rich and noble spirit that people raised unconsciously did not dare to approach.

"It turned out to be like this." Magnolia nodded clearly. She lowered her eyes and said: "Let's go over quickly, or they will be in a hurry."

If you hide all the strange things in your heart, the current white magnolia is just white magnolia. Even if it changes, it's just because the incident of the Bai family has been hit too hard.

They didn't think about it for the rest of her life. If she kept thinking about it, it wouldn't be good for her to show her feet.

After walking for a long time, the two of them came to the Xuantianzong canteen. Although Xuantianzong is particularly big, they are both martial arts practitioners. With their physique and the speed of walking, they are very much no matter where they go. Fast.

After being replaced by ordinary people, I was so tired and panting for a long time, I found a place to lie down.

"For the rest of my life, we are here." Bai Yulan pulled Song Hun Hun, and the two stepped into the Xuantianzong canteen together. The surroundings were wide and there was no one there.

Only, Yu Sheng, his two apprentices Zhu Xiaoshu and Jia Ming, sat around a table full of food and waited for them.

When she came to sit next to a few people, Magnolia naturally sat next to Yu Sheng, while Song Hunyu was beside Zhu Xiaoshu.

Several people said hello to each other, and for the rest of their lives began to urge them to move their chopsticks quickly.

"This dish is still because of you. I specially asked the chef in the cafeteria to make your specialties. You should try it soon." Yu Sheng said to Song Hunyu who was on the side.

After that, he reached out and picked up a bowl and spoon from the side, and scooped it up at the meatball fan soup not far away. He put the scooped meatball fan soup in front of Magnolia, Yu Sheng said: "Your favorite meatball vermicelli soup."

Obviously he cared about two people during this period, but his attitude was completely different. Song Hunyu had some injuries, but her expressions of injuries were all hidden by her.

Looking at the two people sitting on the main seat, Song Hyun-jin couldn't help but envy. Yes, there was only envy, not jealousy.

She envied the happy pair of wall men in front of her, envious of the girl in front of her, who can have the one she loves.

Chapter: 1770

The sudden arrival of Song Hun Hun really relieved a lot of pressure for the rest of his life, and gave him some more free time, who could not be released under this pressure.

These free time can be used to see his good brother Du Fei. Yu Sheng remembered the irritable appearance of Du Fei when he called himself. I don't know what he encountered when investigating those things, so he was angry. Be like that.

Worrying about his anger and heart disease, he decided to see him as well, and told Bai Yulan that she would stay in the sect obediently.

Yu Sheng took the car key, and drove by himself to the Bauhinia Mansion in the center of Qiancheng

City.

The 29th floor of Bauhinia Mansion is as usual.

Yu Sheng nodded at the staff who came and went straight to Du Fei's office, listening to what the staff had just said, Du Fei was in the office.

"The relationship between Mr. Yu and our Mr. Du is really good..."

"Isn't it, the two of them are brothers!"

"It's enviable. When did I have this kind of two-sided brother."

On the way to the office for the rest of his life, he occasionally heard the staff whispering behind the back, which was particularly interesting, all envying the brotherhood between him and Du Fei.

Hooked her lips, Yu Sheng thought to herself, what's so envious of this?

He and Du Fei kept fighting each other day by day, and occasionally yelled at each other at every turn.

That was nothing to save the other side's face! What are you envious of?

However, they were right in one sentence. He and Du Fei could indeed help each other's ribs.

When I arrived at Du Fei's office, I reached out and knocked on the door, but after a while I heard a male voice from inside, low and hoarse, he was yelling: "Come in."

He opened the door and walked in, looking at the person who was working hard on the desk, Yu Sheng said, "Mr. Du, what a busy man!"

"Report something quickly, and get out if something happens." Du Fei raised his head. He still stared at the work in front of him. He thought it was someone from the company who broke in and said some nonsense. if.

Unexpectedly, a slender hand was blocked in front of his file in the next second. As soon as he looked up, he saw his hurt friend for the rest of his life.

"Good fellow, why are you here?" Du Fei returned to his senses and smiled slightly.

Yu Sheng sat down by the chair in front of him, curled his lips, rolled his eyes and said, "Can't I come? But I shouldn't be able to come, or you just told me to get out."

He knew that Du Fei didn't mean that, but Yu Shengfei grasped this sentence.

Du Fei stretched out his hand and patted his forehead, and explained helplessly: "There is such a thing, I just misunderstood that you are someone else."

"Misunderstand that I am someone else? You are so busy that you can't even hear my voice." Yu Sheng smiled and pretended to complain.

"Enough! Don't be poor, okay?"

Du Fei grasped the file in front of him, and smashed it at Yu Sheng without even thinking about it. Yu Sheng stretched out his hand to stop the file to prevent it from hitting himself or falling to the ground, neatly sorted the file and returned it to the table.

The other party was so angry that he couldn't keep teasing for the rest of his life. He became serious and asked, "The last few times I called me so irritable? What happened during your investigation?"

"What else can happen? Isn't it all your bad things?" Du Fei rolled his eyes. How could they encounter something when those people were hiding behind?

However, it was all because of the inability to find the person behind, and the worry for the rest of his life, that a sulky sigh hit his forehead and said something that was not controlled by the brain.

Du Fei got up from the desk, grabbed Yu Sheng's collar, and dragged him out of the office.

There was no struggle for the rest of his life, so let him drag it. After a while, the two came to the boxing ring area of Bauhinia Mansion.

Du Fei is the king of the underground city of Qiancheng. He has a ring area here. This kind of thing is not

strange for the rest of his life. What is strange for the rest of his life is that he drags himself here to do something.

Du Fei fiercely pushed Yu Sheng into the ring, and couldn't help but say that his fist was like Yu Sheng smashed over.

Yu Sheng turned back and quickly hid on the side, annoyed by this inexplicable behavior, and shouted, "What are you inexplicably mad?"

"What am I going crazy? I just want to tell you that you have so many things a day, so many dangers around you, and if you want to die, it is better to die in my hands now."

Du Fei also yelled at Yu Sheng. His glasses were red and looked angry. In fact, his eyes were full of worries for Yu Sheng.

Originally, I was very angry for the rest of my life to see him like this, his anger disappeared in an instant, and he lay flat and let the opponent hit with a hammer.
